

## 32 Moguls Are Candidates For 1946 Squad

Thirty-two members of the Munday Moguls football squad are making regular practice periods in an effort to rate a berth on the 1946 lineup. Coach Clyde Latham announced last Friday.

Munday's prospects for a strong team are bright. Sixteen of last year's lettermen are back in training with the Moguls liking only one letterman lost last year. Returning letter are as follows:

Kelton Tidwell, captain and guard; John Spann, fullback; Joe Spann and Lloyd Haynie, ends; R. L. Trammell, Joe Yarbrough and Jackie Moore, tackles; Delbert Montgomery, Donald W. A. H. e. e. d., John Brown, Gene Brown and Clifton Swain, halves; Billy Bouldin, quarter; Wayne Rodgers and D. B. Chamberlin, guards, and Harold Green, center.

Others reporting for practice regularly are: Floyd Reid, Roy Boulding, Norvil Johnson, Don Weaver, Don Reynolds, Arledge Suggs, Durwood Scott, Darwin Avery, Clarence Searcy, Charles Morrow, Howard Gray, Herman Franklin, Billy West, L. C. Searcy, Troy Lee Lowrance and James Smith.

## Two Boys To Show Steers At Dallas Fair

The Two Knox County 4-H Club members, Donald Ray Pults and J. G. Pults, brothers, and sons of Mr. and Mrs. Jim Pults of Benjamin, Knox County, will exhibit their 4-H club steers at the Dallas Fair, October 5th to 8th. The Pults family live on the League Ranch, and Mr. Pults is farm foreman and is equally interested in livestock and his sons 4-H Club steer feeding demonstration. The older son, J. G. Pults, 14, has been a club member for three years, and has exhibited fat steers in the local county show and in the district show at Wichita Falls for the past two years. The calf that will be exhibited by J. G. now weighs 940 pounds, and is 12 months of age, and was bred by the League Ranch near Benjamin in Knox County. Donald Ray Pults, 11, is feeding a calf bred by Hardy Grissom, of Taylor County. The calf now weighs 1140 pounds, and has been on feed for the past 15 months. This is the first time that Donald Ray has fed out a fat baby beef steer and all indications are that he will make a very good account of himself and the steer in his show ring with other 4-H club members who have had many more years of experience.

Both of these calves are now showing considerable finish and the predictions of breeders and feeders, who have visited the Pults boys, express themselves as believing that these two calves will be well up in the money when exhibited at the Dallas Fair.

## Haskell, Rule To Host Masons Of 91st District

The Masonic Lodges of Haskell and Rule will be hosts to Masons of the 91st Masonic District on Tuesday evening of next week, when members meet at Haskell. The organization has been meeting every two months this year.

An interesting program is being planned for this meeting, and a large number of Masons from over the district are expected to attend. A supper will be served prior to the district meeting.

The 91st district is composed of lodges of Woodson, Throckmorton, Seymour, Gore, Munday, Benjamin, Knox City, Rochester, Rule and Haskell.

A pit barbecue dinner will be served at 6 p. m., and the meeting will be continued at the high school auditorium. Dr. Floyd McCaughey of Dallas will be the principal speaker.

### LEAVES FOR SCHOOL

Raymond Carden left last Saturday for Alpine, Texas where he has enrolled in Sul Ross State Teachers College for the school year.

## Knox County Hospital Notes

Patients in the Knox County Hospital, September 10, 1946.

Mrs. Peter Herring, Munday.  
Mrs. Z. T. Butron, Rochester.  
Mrs. W. M. Burkett, Munday.  
Mrs. A. T. Halcomb, Knox City.  
Mrs. A. D. Carmack, O'Brien.  
Miss Dolores Roberson, Vera.  
Frank Rois, Munday.  
Arthur Brasher, Lubbock.  
J. B. Gore, Vera.  
Mrs. J. H. Isabel, Rochester.  
Baby Isabel, Rochester.  
Mrs. Walter Clower, Benjamin.  
Mrs. J. L. Kidwell, Rochester.  
Baby Kidwell, Rochester.  
Mrs. C. D. Straley, Benjamin.  
Mrs. Laura McMahan, Knox City.

Mrs. H. L. Maxwell, Aspermont.  
Bob Avery, Aspermont.

Mrs. W. A. Propes, Rochester.  
Thomas Brown, Rochester.  
W. W. Clark, Truscott.

Patients Dismissed since Tuesday, September 3, 1946.

Beth Simons, Rochester.  
M. G. Nix, Munday.  
Mrs. Jesus Garcia, Knox City.  
Baby Garcia, Knox City.  
Mrs. Bob Guffey, Munday.

Baby Guffey, Munday.  
Michael Waldron, Benjamin.  
James Albert Postel, Knox City.

Mrs. Alphas Burleson, Munday.  
Baby Burleson, Munday.

Mrs. Glen Egan, Knox City.  
Mrs. J. D. Tomlinson, Munday.  
Baby Tomlinson, Munday.

Randall Walling, Munday.  
Jimmy Hatfield, O'Brien.

Mrs. Eugene McDowell, Peacock.  
Baby McDowell, Peacock.

Mrs. L. H. Humphries, Munday.  
Mrs. M. J. Reeves, Knox City.  
Baby Reeves, Knox City.

Cap Etheridge, Benjamin.  
Carlene Smithwick, Olney.

Mrs. M. L. Dearman, Munday.  
Baby Dearman, Munday.

Anell Waldrip, Knox City.  
Mrs. Eugene Michels, Munday.  
Baby Michels, Munday.

M. F. Medley, Weinert.  
Mrs. Jack Emerson, O'Brien.

Mrs. H. R. Tackitt, Munday.  
W. E. Ballard, Spur.

Mrs. Clyde Nelson, Munday.  
Mrs. O. A. Barker, Mabelle.

Births:

Mr. and Mrs. J. L. Kidwell, Rochester, a Daughter.

Mr. and Mrs. Jesus Garcia, Knox City, a Son.

Mr. and Mrs. Bob Guffey, Munday, a Daughter.

Mr. and Mrs. J. H. Isabel, Rochester, a Daughter.

Mr. and Mrs. Alphas Burleson, Munday, a Son.

Mr. and Mrs. J. D. Tomlinson, Munday, a Daughter.

Mr. and Mrs. Eugene McDowell, Peacock, a Boy.

Mr. and Mrs. M. J. Reeves, Knox City, a Daughter.

Mr. and Mrs. Eugene Michels, Munday, a Boy.

## Auction Sale Has Good Run

The Munday Livestock Commission Co. reports a good run of cattle for last Tuesday's auction sale. Prices held steady throughout the sale.

Canner and cuttre cows sold from \$6.50 to \$8.75; butchers cows, \$9 to \$10.75; fat cows, \$11 to \$12.50; butcher bulls, \$9 to \$10.75; fat bulls, \$11 to \$12.50; butcher yearlings, \$9.50 to \$13; fat yearlings, \$13.50 to \$17.25; rannie calves, \$8 to \$9; butcher calves, \$9.50 to \$13; fat calves, \$13.50 to \$17.00.

Several head of plain cows and calves sold from \$85 to \$100.00 a pair, and some good cows and calves sold from \$115 to \$130 a pair.

### THERE'S NOTHING FEMININE ABOUT THIS YOUNGSTER!

Gene Michels was in Friday and said his newly born baby had set up a bawl about his sex mistake. The Munday Times said last week the youngster was a girl, and the fact is he's very much a boy—and show promise of growing into manhood.

We humbly apologize to Gene and Mrs. Michels—and to the boy, too. That's a mistake that's easy to make, and hard to explain. Anyway, we're glad it's a boy. Aren't you, too?

## For Greek War Relief

**PEDIGREED JERSEYS "FLY" TO GREECE**—Three aristocrats of CBS's "County Fair" program—two Jersey heifers and a Jersey bull—enter a Veterans' Air Transport at Newark, N. J. Airport for their flight to Greece. The prized stock, valued at more than \$10,000 and donated by the Borden Company, are winging their way overseas as part of the Greek War Relief Association's "Give An Animal" campaign, which calls for the re-stocking of Greece's small farms now. Until these animals can bring farm production back to pre-war levels, the Greek War Relief is urging all America to send pennies or dollars to the Association that a \$1.75 thirty-five pound food package may be "telegraphed" today to the heroic but starving people of Greece.

## Area Auditor Coming To Aid Compensation

Unemployment compensation taxpayers in the Munday area will have a chance to consult a field auditor from the Wichita Falls Area Office of the Texas Unemployment Compensation Wednesday, September 25, 1946.

The Fort Worth Office has announced that Mr. Joe K. Manahan will be available for consultation that day for employers in Munday and the surrounding area.

Mr. Manahan will be at the City Hall, from 2:00 P. M. to 4:00 P. M.

This service is offered employers so they will not have to go to Wichita Falls to get answers on their tax problems. Employers now subject to the Texas Law, or those who think they may become subject, are invited to see Mr. Manahan.

## Eamesway Man To Give Lecture

M. L. Sharpe of the Eamesway School of Poultry Technology, East St. Louis, Ill., will give a lecture tonight (Thursday) on culling, feeding and disease of poultry. The lecture will be at the agriculture department of the local school during the regular class period of the veterans' school.

Mr. Sharpe will use live chickens to demonstrate his lecture, which will be of interest to everyone who are interested in poultry raising.

This is a free lecture, and the public is cordially invited to attend.

### TEXAS FOOD LOCKER PLANTS

There are now 402 frozen food locker plants doing business in Texas. A survey by the Farm Credit Administration showed that Texas was among the seven states in the nation that have as many as 400 locker plants in operation. A nation-wide count showed 8,025 food plants in the United States. There were only 2,870 in 1940.

Mrs. Bob Melton of Houston, Mrs. Leland Hedrick, Mrs. Loyd Hastings and Mrs. George Billy Wilkerson of Stanton visited with Mr. and Mrs. Gill Wyatt and other relatives in this area several days this week.

## S-sh-h! He Won't Tell Ingredients, But It's Death To The Boll Weevils

Columbia, S. C.—An accountant here is guarding carefully the secret of a mixture which is being studied as a possible answer to the boll weevil, bane of the South.

A. C. Matthews, who won't tell what's in it, has applied his spray to an acre of cotton near here, and observers note that insects there have been completely wiped out. Furthermore, they say, the cotton has grown twice as large as an adjoining crop on which the mixture has not been used.

Matthews claims that he has used the treatment before, and that in every case the yield has more than

## Moguls Open Grid Season On Friday Night

Following some weeks of practice, and a practice scrimmage with Crowell last Friday night, the Munday Moguls will get into action next Friday night on the local field, opening the 1946 football season with the Rule Bobcats.

This will be a non-conference game, but will give local and visiting fans an opportunity to see that is in prospect for the Moguls this year. Rule is reported to have a strong team, and the opening game promises to be an interesting one.

With 16 lettermen returning this year, Coach Clyde Latham is building up hopes for a strong team—one that will give others in the district some real competition.

Another non-conference game is slated with the Panthers at Seymour on September 27; on open date September 27 is yet unfulfilled, and the Moguls begin conference play on October 4, when the Throckmorton Greyhounds invite the local field.

A large crowd of fans is expected to turn out Friday night for the opening play.

## New Books Are Added Library

Eight new books were added to the Munday Public Library during the past few days, it was announced Monday by the library committee. They are as follows:

For Whom The Bells Tolls, by Earnest Hemingway; The Prodigal Woman, by Nancy Hale; The Razor's Edge, by W. Somerset Maugham; Congo Song, by Stuart Cloete; David, The King, by Gladys Schmitt; The Rains Came, by Louis Bromfield; The History of Rome Hanks, by Joseph S. Pennell, and Nana, by Emily Zola.

The library is open on Saturday afternoon of each week from 1 to 4 o'clock.

Woody Burny of Evant, Texas, former manager of the Farm Machinery Co., was here Tuesday, visiting with friends and attending to business matters.

## City Will Vote Tuesday On \$50,000.00 Bond Issue

### 21 Teachers Are Employed In School System

Supt. W. C. Cox announced Wednesday that a total of 21 teachers are employed in the Munday Public school system this year. Of this number, two are serving as substitutes until regular teachers can be employed.

Teacher assignments were completed last week, and registration of students was held on Wednesday and Thursday. Regular class periods opened Monday morning.

The lists of teachers and the subjects they teach are as follows:

W. C. Cox, superintendent and mathematics; Jack Qualls, high school principal and social science; James H. Bardwell high school science; Miss Billye Elliott, high school English; Mrs. Frances Baker, home making; Mrs. R. B. Bowden, high school mathematics; Mr. Merle Jenkins, music and Spanish; Mr. Samuel B. Martin, vocational agriculture; Mrs. Samuel B. Martin, commercial work.

Mr. Rex Newsome, grade school principal and history; Mrs. James H. Bardwell, science in grades; Mrs. Jerry Kane, English in grades; Mrs. Rex Newsome, fifth grade; Mrs. Mauray Blacklock, fourth grade; Radie Boone, third grade; Miss Lucy Stogner, second grade; Mrs. Bronza Cox, first grade; Mrs. Chester Bowden, to be assigned; Clyde Lathma, athletic coach.

In the colored school, Mrs. Mable Wellington is principal and teacher of the upper grades, while Alzata Williams is teaching the lower grades.

### Hall Of State Seeks Histories Of Knox County

DALLAS.—The Texana Reference Library in the Hall of State, Dallas, wants materials on the History of Knox County, and officials of Dallas Historical Society are appealing to citizens of the county to help locate the needed items.

"Copies of these books and pamphlets are in the hands of pioneer citizens and their descendants," Director Herbert Gambrell said, "but they are not to be found in bookstores. Placing them in this great shrine of Texas History for the use of the public, will not only be a permanent memorial to the donors, but a genuine service to those seeking accurate information about the country."

Information regarding available county materials should be addressed to the Director, Hall of State, Fair Park, Dallas 1, Texas.

Biographical directories, booklets on the histories of towns, churches, schools and other institutions, are also desired for the library, along with histories of the county itself. Special anniversary numbers of county newspapers are also wanted.

A special museum display of Texas County Histories is planned for the Hall of State during the State Fair of Texas in October. The Hall of Texas occupies the center of the Fair Park, and will be open daily, free of charge, to visitors.

### FARM REAL ESTATE ON RISE

Farm real estate prices climbed another four per cent during March, April, May and June, the U. S. Department of Agriculture reports. This recent increase brings the real estate prices to 13 per cent rise since July of last year. Prices now are 77 per cent above the 1935-39 average and only 14 per cent below the 1920 inflationary peak.

### BIRTH ANNOUNCEMENT

Mr. and Mrs. J. B. Tomlinson are announcing the arrival of a daughter on September 5, at the Knox County Hospital. Mother and little daughter are doing nicely.

Mr. and Mrs. Jiggs Thompson of Wichita Falls visited with relatives and friends here over the week end. Jiggs has enrolled in Hardin Junior College for the school term.

### Dunkle Named County Agent of Young County

### Wichita County Man To Assume Duties On October 1st

Announcement was made this week that County Agent R. O. Dunkle is being transferred to Young County, where he will take up his duties as county agent. Mr. and Mrs. Dunkle will move from Benjamin to Graham within the near future, Dunkle assuming his new duties there on October 1.

Mr. Maxwell Carpenter, assistant county agent of Wichita County, has been named to succeed Dunkle in Knox County. Mr. Carpenter is a graduate of Texas A. and M. College, having his B. S. degree from that institution. He has been employed in the Extension Service for the past six months.

All extension work in this county is expected to be continued without being hampered through the change, it was stated.

Dunkle came to Knox County from King County about five years ago, succeeding Walter W. Rice when Rice went into the service. He has made a good record in Knox County in agricultural, ranching and 4-H Club work and has had many years of experience as a county agent.

Many citizens of the county regret losing Mr. and Mrs. Dunkle and their son, Glen, as citizens, but they wish them every success in their new home.

### Father, Son Killed, Goree Man Injured

Jessie C. Parker, 34, and his son, Jessie Bird Parker, 11, of Glen Rose, Texas, were instantly killed and Virgil J. Peek of Goree was badly injured in a collision of a heavy cattle van and a light truck Wednesday night at about eight o'clock at the intersection of Federal highway 281 and state highway 199, about seven miles west of Jacksboro.

Patrolmen who investigated the crash reported that the cattle truck, driven by Peek, was headed toward Wichita Falls when the collision occurred. Both vehicles left the highway, and the lighter truck containing Parker and son, was demolished after being dragged about 75 feet from the point of impact, it was stated.

The bodies of Parker and son were taken in charge by a Jacksboro funeral home, while efforts were made to contact relatives.

Peek was admitted to a Jacksboro hospital for treatment.

### PICK IT CLEANER. COTTON BELT URGED

Memphis, Tenn.—All over the Cotton Belt, farmers are being urged constantly this year to pick cleaner for a better income.

The National Cotton Council, agricultural extension agents, and ginners are campaigning on a four-fold platform for cleaner cotton. They are telling the farmer: "Pick the cotton as dry as possible; keep the trash out; don't let the weather damage it; keep good cotton separate from inferior grades."

A farmer can gain as much as \$16 a bale, for example, by raising his cotton one grade from low middling to strict low middling, says Claude L. Welch, Cotton Council director of production and marketing. He says there is such a demand for better grades of cotton that the limited stocks in the United States cannot meet it.

"Extra Care Means Extra Cash," is the Cotton Belt slogan this season.

Mr. and Mrs. Lloyd Waldron and son, Lloyd, Jr., of Hattiesburg, Miss., spent the week end here with Mr. Waldron's parents, Mr. and Mrs. J. E. Waldron, and other relatives. Lloyd, Jr., has just been discharged from the Army, and will enter Texas University on September 16 for the school term.

Whether Munday will "come out of the mud" by means of paving a number of principal streets and by means of issuing \$50,000.00 in bonds, will be decided next Tuesday by qualified voters of the City of Munday.

The question of whether or not the city will issue bonds in the above amount for the proposed paving and drainage program will be decided at that time. All resident qualified taxpayers voters, who own taxable property in said city and who have duly rendered them for taxation shall be qualified to vote.

The proposition to be decided upon is:

"Shall the City Council of the City of Munday, Texas be authorized to issue bonds of said City, in the amount of \$50,000, maturing serially within twenty years from their date, bearing interest at the rate of not exceeding 3 per cent per annum, for the purpose of constructing street improvements in said City of Munday, Texas, and to levy a tax on all taxable property in said City of Munday sufficient to pay the interest on said bonds and create a sinking fund with which to pay the principal thereof at maturity?"

Those who have studied the proposal and the city's financial status believe that the bond issue would raise tax valuations only about 15 per cent.

A plat of the City of Munday, showing the proposed street paving, is in the city secretary's office and is available to anyone desiring to study it.

It is the desire of the City Council to have a representative vote of all citizens in the election, so that whichever way it goes, it will be the desire of a majority of the tax-paying citizens.

### Estimate For '46 Cotton Crop Shows Decline

Cotton crop prospects for this year declined 119,000 bales, or about 1.3 per cent, during August to the below-average estimate of 9,171,000 bales, the Agriculture department reported the first of this week.

A crop of this size would be slightly larger than last year's very small crop of 9,015,000 but sharply under the 1935-44 average of 12,553,000 bales.

This year's indicated and export demands expected in the year ahead, but reserves from previous years will provide a total supply in excess of requirements.

Decreases in prospective production from a month ago in Texas, Oklahoma, Alabama, Missouri and Tennessee more than offset gains in Arkansas, South Carolina and North Carolina.

The department said that in Texas and Oklahoma crop prospects declined 135,000 bales because of dry weather. Late-planted cotton in these states was said to have been severely stunted.

The department said abandonment of cotton in cultivation on July 1 was expected to be around 2.9 percent, the same as during the unfavorable 1945 season.

The yield of lint cotton per acre was estimated at 247.6 pounds, or 3.4 pounds above last year but 4.4 pounds above the ten-year average.

The census bureau reported meanwhile that 531,503 bales of cotton from this year's crop were ginned prior to September 1 compared with 461,896 bales to the same date in 1945 and 576,999 to the same date in 1944.

### ENTERS SCHOOL

Dwaine Russell, son of Mr. and Mrs. Henry Russel of Munday, Weldon Walling, son of Mr. and Mrs. Regional Walling of the Sunset community and J. B. Walling, son of Mr. and Mrs. W. H. Walling, also of the Sunset community, left Wednesday for Wichita Falls where they plan to enter Hardin Junior College there.

Fred Broach, Jr., local dealer for the Kaiser-Frazer automobiles, was in Wichita Falls last Monday, where he attended a showing of the two news cars.

# EDITORIAL PAGE

"What a Man Does For Himself Dies With Him—  
What He Does For His Community Lives On and On."

**NOT CHARACTERISTIC OF AMERICA**  
The characteristics of the Wagner-Murray-Dingell Bill and other national health insurance programs which date back as far as Bismark, fail to come up to American standards of freedom for the individual—both patient and doctor.

As Marjorie Shearon, PH.D., words it, "We can presently be philosophical about government red tape in connection with controls over industry, consumers goods and prices. We look forward to the day when such controls will be removed. There is something grimly humorous about interminable forms in triplicate. One can even believe—albeit with difficulty—that one still has a court of vast resort when one is told that if dissatisfied with the ruling of the administrator in a regional office, one may, within ninety days, appeal to the authorities in Washington by filing the appropriate official forms (seven copies, please). If one is still dissatisfied there is a modicum of comfort in knowing that one may finally appeal to the Supreme Court of the United States. This routine may have elements of humor when inanimate goods are concerned. There would be nothing humorous if a life were at stake. Nor can it be argued that analogies are far-fetched."

Miss Shearon's statement that, "there would be nothing humorous if a life were at stake," is truly spoken when it is realized that a patient may wait indefinitely to be proven sufficiently ill to deserve hospitalization. Such technique is not characteristic of American freedom of action which seeks results in the shortest time.

### THE RECORD SPEAKS

Recent accusation to the effect that the railroads overcharged the government in handling war freight are categorically denied in a statement issued by the Association of American Railroads.

The statement quotes Brigadier General W. J. Williamson of the Army Transportation Corps as saying: "The Railroads made numerous voluntary readjustments of rates with the result that the government received in most instances rates as low as or lower than would be prescribed by the Interstate Commerce Commission on the same commodities. These readjustments have materially reduced the over-all cost of the conduct of the war. Differences... have always been satisfactorily resolved and at no time have the carriers ever failed to do that which is clearly in the military interest."

It has also been claimed that railroad men in the military service were responsible for a lack of zeal in dealing with the railroads on behalf of the government. The Association points out that no officer in responsible control of matters having to do with railroad freight rates went from a railroad service, or has come from Army service to a railroad. There were, of course, many capable railroad men in the Army—but these were mostly operating personnel with no authority of any kind over rates. High-ranking officers, who did not have that authority, were for the most part members of the regular Army.

The charges cited seem to be an irresponsible attack, without factual substantiation, on an industry whose contribution to the war effort under the most difficult operating conditions in history was unequalled. The great war record of the rails speaks for itself.

### "CHEAP POWER MYTH"

"It is a well known fact that socialized power, even if given away, will not build a town or nation. It may kill private incentive; it will kill taxpaying industries, and it will load taxes from which it is exempted onto remaining taxpayers who maintain government."—Newberg, Oregon, Graphic.

## THE MUNDAY TIMES

Published Every Thursday at Munday

J. W. Roberts . . . . . Editor, Owner and Publisher  
Aaron Edgar . . . . . News Editor

Entered at the Postoffice in Munday, Texas, as second class mail matter, under the Act of Congress, March 2, 1879.

**SUBSCRIPTION RATES**  
In first zone, per year \$1.00  
In second zone, per year \$2.00

The Munday Times is Democratic, yet supporting only what it believes to be right, and opposing what it believes to be wrong, regardless of party policies, publishing news fairly, impartially.

**NOTICE TO THE PUBLIC:** Any erroneous reflection upon the character, standing, or reputation of any person, firm or corporation which may appear in the columns of this paper, will be gladly corrected upon due notice being given to the publisher, at the Munday Times office.

### COAL AND THE AMERICAN ECONOMY

In a speech before the House, Representative Ellis of West Virginia described the contribution made by the coal industry to the economy of this country.

Coal is a billion-dollar industry in that state alone. It is the state's largest taxpayer, its largest employer of labor, and its largest consumer of electric power. Looking at coal from a national point of view, is essential to almost all other basic industries. It takes 14 pounds of coal to make one pound of aluminum. It requires 18 tons of coal to make the steel for a truck of the 4-ton Army size. And coal powers 94 percent of all railroad locomotives, and heats four out of seven American homes.

During the next three years, the industries of this country will require 1,000,000,000 tons of bituminous coal. That, viewed as an excavation project alone, involves a job four times as big as the entire Panama Canal.

These are some of the reasons why coal's problems, whether they be those of prices, taxes, labor or anything else, are national problems. The welfare of workers is directly or indirectly identified with welfare of the coal industry. It is a genuinely basic industry.

### AVOIDING PITFALL FOR VETERANS

In an address before the American Retail Federation, Commander Ralph A. Sentman, National Director of Veterans' Affairs, stressed the importance of retailer-veteran activities whereby experienced counsel returned soldiers in the conduct of retail business.

A sample survey made some time ago indicated that more than 500,000 veterans planned to establish their own businesses. A very large percentage of these, of course, were interested in retail trade in one field or another. In a normal year, two out of three new enterprises fail and only one out of five live more than ten years. As Commander Sentman said, "Should these ratios hold true in this large group of veterans establishing new businesses, most certainly the economic reaction to such identified failures would be tragic."

Many and perhaps most of the veterans who wish to establish retail stores are without adequate experience. They know relatively little of the pitfalls that lie ahead. Retail-veteran conferences are designed to open the prospective operator's eyes to the problems that he must face.

Commander Sentman offers the opinion that these activities should be extended whenever possible. For the most part, the work has been under the leadership of the chain store system of the country, and their participation has been enthusiastic and sustained. It is essential that the job be continued, and that all merchants contribute to it in the decades to come.

## People, Spots In The News

**IT'S FUN** going to the store for mommy as Lesley Nobie of Australia does, with her tricky bike. It carries a shopping basket and a trailer for her dog.

**N-N-N-ICE** and cool is Angela Greene, movie star, after the thermometer hit one hundred in Hollywood.

### Tiny Sparks In Cotton Causes Losses By Fire

More than \$3,000,000 worth of automobiles are owned by the State government—and the expense of operating this tremendous fleet of cars is just about equal to the entire cost of running the State government when Pat M. Neff was Governor.

An editor sent out the following reminder to delinquent subscribers:

"There is a little matter that some of our subscribers have seemingly forgotten. Some of them have made us many promises but have not kept them. We are very modest and do not like to speak about such remissness."

One of the most impressive sights of Texas: the ancient oaks hung with moss, in Columbus. Some of these huge trees are said to be 600 years old; they were cast in a shade and furnishing a haven for birds a century and a half before Columbus set sail. One stands in awe before such antiquity as he realizes the fleetness of human life.

A few definitions by a cynic: A co-ordinator is a man who brings organized chaos out of regimented confusion.

A conference is a group of men who individually can do nothing but as a group can meet and decide that nothing can be done.

A professor is a man who tells students how to solve the problems of life which he himself has tried to avoid by becoming a professor.

A statistician is a man who draws a mathematically precise line from an unwarranted assumption to a foregone conclusion.

Memphis, Tenn.—The raw cotton industry has declared war on a tiny, furtive spark of fire that costs the nation eight million dollars a year.

This insidious destroyer hid away last year in enough cotton bales to send up in smoke and flame more than 85,000 bales of the American cotton crop! It creeps like a germ into the heart of the bale, and when 12 to 48 hours later it has grown big enough to burst through the outside of the bale, the damage is already done.

Fire loss at cotton gins and compresses last year was the greatest in American history. It has reached the point at which insurance companies have had to suspend entirely some fire policies. Fire destroyed a million dollars in gin property and ten million dollars in cotton last year.

Most of the destruction was caused by what ginners and warehousemen call "fire-packed" gin bales, the means through which the verminous, vicious little spark secretes himself in cotton.

Fire is an ever-present menace in the gins, where the fluffy lint may pick up a spark struck from static electricity, or from a stone, a match, or some other foreign matter. The cotton seldom flames. It catches and slowly nurtures the tiny spark with a glow that may not be detected by the gin worker. The little speck of fire may go on

An efficiency expert is a man who knows less about your business than you do and gets paid more for telling you how to run it than you could possibly make out of it even if you ran it right, instead of the way he told you to.

# FARM NEWS

(This is the thirteenth of twenty-two articles that will appear in this newspaper on the need for soil conservation, the amount of soil conservation being carried out, crop insurance, commodity loans, marketing quotas, and other programs of interest to farmers.)

## Marketing Quotas

Marketing quotas were in effect during 1945 on only one crop, namely, tobacco, and limited to the burley and lute-cured types. The quota for any individual farm is the actual production from the farm's allotted acreage.

Marketing quotas were made applicable to the 1944, 1945, and 1946 crops of burley and lute-cured tobacco without regard to the reserve supply, by joint resolution of Congress approved July 7, 1943, and March 31, 1944. In referendums held July 21 and October 23, 1943, producers of lute-cured and of burley tobacco had voted 87.6 per cent, respectively, in favor of marketing quotas on the 1944, 1945 and 1946 crops. Quotas cannot be used unless approved by at least two-thirds of the eligible growers voting in a referendum.

In line with the Department's establishment policy of bringing supplies and demand into balance, individual acreage allotments for both lute-cured and burley tobacco had been increased by 20 per cent for the 1944 crop.

Individual acreage allotments generally were the same for 1945 as for 1944. However, two program provisions permitted some adjustments: (1) An amount not in excess of 5 per cent of the national acreage allotment was made available for establishing allotments for farms on which no tobacco had been grown in the past 5 years; and (2) all acreage not exceeding 2 per cent of the total acreage allotted to all farms in 1940 was made available for adjusting inequitable allotments.

The 1944 crop of lute-cured tobacco amounted to 1,089,783,000 pounds, the second largest crop of record; the 1944 crop of burley a-

mounted to 591,760,000 pounds, the largest crop of record. These amounts were sufficient to enable domestic manufacturers to maintain record output of tobacco products and, at the same time, to increase inventories and meet export demands.

In administering the 1945 marketing-quota program, duties of the country and community AAA committees included establishing acreage allotments and normal yields for 461,037 farms, notifying producers of their allotments, determining the acreage planted on each farm, estimating the production on each farm where the acreage harvested was in excess of the planted acreage, issuing to farm operators marketing cards for use in identifying the tobacco marketed from the farm, and reviewing records of marketings from each farm.

Producers of lute-cured tobacco were asked to report planted acreage, and at least 5 percent of the reports were verified by field visits.

Congress provided special funds for making actual measurements of all acreage of burley tobacco grown in 1945. This work was done by community committees, with the help of other persons employed for this purpose by the county AAA committee.

## Ownership Proof Requested On Used Car Purchases

AUSTIN.—Buyers of used cars were warned Thursday to secure from the seller acceptable proof of ownership as the State Highway Department moved toward wiping out traffic in stolen and mortgaged motor vehicles in Texas.

"All County Tax Collectors have not received instructions to hold the line in requiring proof of ownership on all applications for vehicle titles," E. J. Amey, Director of Motor Vehicle Registration announced. Applications for Texas titles are made through local Tax Collectors under the present law.

"Properly assigned certificate of title from any of the thirty States having a title law similar to Texas is the best evidence of ownership. The purchaser should insist upon receiving a release of any lien recorded on a Texas title or a title issued by any state," Amey stated.

Outlining minimum acceptable ownership proof of vehicles brought into Texas from any of the seven non-title States, which includes Louisiana, Amey announced, "We will accept a 1945 license receipt from Louisiana or other non-title State and the current receipt if both are in the name of the person applying for the Texas title."

"Bills of Sale showing all changes in ownership must supplement such 1945 license receipt, if applicant for a Texas title is not the same person in whose name the receipt is issued," he added.

Strict enforcement of the Texas title law was endorsed at a recent meeting of our car dealers, enforcement officers, tax collectors and

## Hungry World Means 3d War Cardinal Spellman Declares

New York, N. Y.—In a poignantly moving plea for the 800,000,000 starving persons in the world, Francis Cardinal Spellman today warned that food in the hands of a dictator may become the weapon of a new war.

"We must save and share to feed the hungry, not as a matter of charity, but for justice and our self-preservation against dictatorships, which thrive upon the bodies and minds of the hungry," Cardinal Spellman declares in an article in the September issue of Good Housekeeping magazine.

"Do we not know that starving men are the first and sharpest tools for the dictator who feeds them? Do we not know that we must save the world's children lest they listen to the lies of those who teach them to hate 'hypocritical hands' stretched across the seas in the name of a 'despised democracy' to offer them an empty peace? Do we not know that a desperate mother will carve the hand that feeds her hungry baby, that a helpless boy will follow the hand that feeds his hungry mother? And bread in the hands of new dictators may become the weapon of a new war?"

Cardinal Spellman declares that the obscene evils perpetrated by the Nazis against the Jews, the Poles and the conquered people of other countries are now being practiced by the victorious Allies. Without specifying Russia by name, the Cardinal states: "The obscene evils perpetrated by the Nazis against helpless Jews, against their neighbors, the Poles, and the profane peoples of other conquered countries, will always live as a loathsome memory. It was to eradicate such a system from the world that men were called to take up arms, to slay and to destroy."

"But it is a shameful symbol of the peace under which we are living that the horrors perpetrated by the Nazis are now being practiced by the victorious Allies on the Poles, on neutrals like the Balts, who wished only their independence, on the people of Ger-

many and on satellites unwillingly forced into the German and Russian orbits." Soviet Russia's practice of having its soldiers live well off the conquered countries while millions of subject people starve is described by Cardinal Spellman, when he declares: "In Poland alone, the first nation to take up arms for the principle of freedom, there are today almost a million orphans, and thousands of her war-ridden, hunger-bitten old and young each day die from the plague of tuberculosis. While a million soldiers of the Red Army live well on Polish soil, a million of Poland's innocent children die of starvation, and the Slavs who fought Communism are being hunted and starved and will perish from the earth unless we give them immediate help."

"From Lithuania, Estonia and Latvia, at least a quarter of a million people, many of them hardy farmers, were deported to Siberia, where the average length of life is five years. And while children in Vienna die from starvation, the Russian armies lead from their pastures the milch cows of Austria."

"Unless we share what we have, we surrender our right to have it, according to Cardinal Spellman, who asserts, 'for it is as clear to see as the stars in the skies that if we love God we must give to save humanity, else we are headed toward the day of doom when man and all man's works will vanish from the earth.'"

representatives of finance and insurance companies. The meeting had been called to determine if present requirements for title were meeting with the approval of all concerned.

"Numerous stolen and mortgaged cars bearing license plates from non-title States have been sold in Texas," Amey stated. "Purchasers of such vehicles are unable to obtain valid titles in Texas and the vehicles are subject to seizure by their lawful owners."

The National Automobile Theft Bureau has estimated that the current requirements of the Highway Department have reduced sales of stolen cars in Texas by half.

Mr. and Mrs. Pete Watkins and son of Fort Worth visited in the home of Mrs. W. E. Hammack over the week end.

Lee Haymes and son, Bobby, went to Arlington last Sunday, where Bobby enrolled in North Texas Agriculture College for the coming school year.

Misses Nadine Salem of Dallas and Alva Salem of Washington, D. C., are visiting their parents, Mr. and Mrs. George Salem, this week.

Mr. and Mrs. James Dyke of Abilene came in last week for several days' visit with Mrs. Dyke's parents, Mr. and Mrs. W. V. Tiner. They visited with Mr. Dyke's mother, Mrs. Glenna Dyke of Walters, Okla., over the week end.

Mr. and Mrs. A. V. Kemletz of Stamford spent the week end with Mrs. Kemletz's mother, Mrs. Louise Ingram, and with other relatives.

Sidney Lee of Fort Worth visited his mother and brother, Mrs. O. W. Lee and Harvey Lee, the first of this week.

Prseton Ingram returned to College Station last week to resume his studies in Texas A. and M., after a visit of several days with his mother, Mrs. Louise Ingram, and other relatives.

Mr. and Mrs. R. T. Parramore and daughter, Traphine, of Dooan, spent the week end with relatives and friends here.

C. R. Elliott was in Stamford last Friday, attending to business pertaining to the local office of the Production Credit Association.

Mrs. Frankie Tate and son of Haskell spent the week end in the home of Mr. and Mrs. M. L. Barnard.

Mrs. V. V. Tiner and Mrs. James Dyke were business visitors in Wichita Falls last Friday.

J. C. Campbell and Miss Dolores Campbell spent last Sunday with Mr. and Mrs. Varnie Moore of Abilene.

## Egg Grading Program Would Aid Poultrymen

Texas has a great deal to gain by adopting a voluntary egg grading program, since it has large numbers of producers and large numbers of hens, and produces much of its own feed, in the opinion of F. Z. Beanblossom, poultry marketing specialist of the Texas A. and M. College Extension Service.

He says at a recent meeting of representatives of the state's poultry industry, leaders agreed that grading of poultry products would be beneficial to producers, handlers and the consumers alike. The consensus was that it is highly important to maintain trade and brand names along with grades, Beanblossom reports.

Conferees agreed that the trend in Texas is toward asking for a voluntary egg grading law. Beanblossom points out that pricing must be based on grades, before a grading program could be successful unless producers have an incentive for taking better care of eggs, they can't afford the extra trouble and expense of grading," he says. He also emphasizes the need for increased consumer education on egg buying.

In a recent study in which Beanblossom cooperated with the Texas Agricultural Experiment Station, College Station buyers, given free choice, bought twice as many eggs marked "fresh and infertile" in preference to the better quality Grade A eggs offered at the same price.

Along with grading and consumer education, the need of the industry is for more attractive packaging and adequate refrigeration of poultry products from producer to consumer, he believes.

J. B. Draper and son of Brownfield visited with relatives and friends here over the week end.

Mr. and Mrs. R. T. Parramore and daughter, Traphine, of Dooan, spent the week end with relatives and friends here.

C. R. Elliott was in Stamford last Friday, attending to business pertaining to the local office of the Production Credit Association.

Mrs. V. V. Tiner and Mrs. James Dyke were business visitors in Wichita Falls last Friday.

J. C. Campbell and Miss Dolores Campbell spent last Sunday with Mr. and Mrs. Varnie Moore of Abilene.

## Weekly Health LETTER

Issued by Dr. Geo. W. Cox  
M. D., State Health Officer  
of Texas

Austin.—Discussing the food requirements of a child enjoying maximum health, Dr. Geo. W. Cox, State Health Officer, has stressed the importance of a well-rounded diet and stated that healthy and well-nourished child enjoys life and goes well in school because he is physically fit.

Dr. Cox stated further that when a child is in good health, his appetite is good, elimination is regular and sleep is sound and untroubled, all of which contributes to his progress in school.

"A child's appearance can usually help parents to judge the state of his nutrition. A well-nourished child has good skin color and there is a moderate padding of fat over the bones and muscles of the arms, legs and body. Muscles are well developed and strong. Teeth are good and the gums are firm and light pink," Dr. Cox said.

The State Health Officer stated that a delicate, hard-to-please appetite or a tired feeling after a little exertion indicates possible malnutrition or the beginning of an illness, and the child should be seen by the family physician.

Required as a diet or the preschool child and those of school age, Dr. Cox listed milk, fruit, vegetables, eggs, meat, fish or cheese, cereal and bread and added that cod liver oil and other vitamin preparations may be useful in winter and early spring, but they should always be prescribed by the family physician.

Mr. and Mrs. Jack Newman and baby of Baird were here over the week end to visit with Mrs. Newman's mother, Mrs. W. W. McCarty, and other relatives.

Grady Thornton of Amarillo visited his parents, Mr. and Mrs. W. L. Thornton of Goree, and with friends here over the week end.

**Take a Taxi Driver's word for it!**

"MORE RUGGED... EXTRA SAFE!"

"For safety's sake," says Mr. R. W. Thompson, driver of Yellow Cabs, Louisville, Ky., "I want the protection of the new B.F. Goodrich Silvertown. No prewar tires I ever rode on could match them for ruggedness and traction. It's a swell feeling to know you've got that extra margin of safety."

See us for the tires that

**OUTWEAR PREWAR TIRES**

A taxicab is a machine to get you places... and translates miles into money. Delays are costly... That's why taxi drivers are so fussy about their tires. Before B.F. Goodrich offered the new Silvertown tire to the public, over 17 million miles of tests were run on taxi fleets, police cars, and on the B.F. Goodrich test fleet. From these tests, came proof that the new B.F. Goodrich Silvertown was a superior tire that outperformed, outran, outlasted, and outwore prewar tires—even at high speeds.

How? The tread itself was broader, flatter... covered more road surface... reduced the wear at any

one point. To hold this tread, a better cord was used and by using more cords per tire, a stronger tire body was perfected.

Supplies of this new tire are still limited. However, we'll do our best to keep your car rolling until we can get new tires for you.

## Munday H. D. Club Meets Wednesday With Mrs. Simpson

The Munday Home Demonstration Club met Wednesday afternoon, September 11, in the home of Mrs. Otis Simpson in a regular business and social meeting.

Mrs. J. B. Broach, president, was in charge. Roll call was answered, and the minutes of the former meeting were read and approved.

During the business session, it was decided to have a party to entertain the husbands on Thursday night, September 19, at the home of Mrs. J. B. Scott. All club members are urged to bring your husband.

The next meeting will be in the home of Mrs. J. B. Scott, on September 25, when the program will be on table service.

The meeting was turned over to Mrs. Simpson and Mrs. Coy Phillips, who showed some ash trays she had made from shells she picked up while on her vacation.

Refreshments were served to the following members and visitors: Meses. Raymond Hargrove, E. J. Cude, Ralph Weeks, A. M. Searcey, Coy Phillips, R. E. Foshée, J. C. Gollehon, Louis Cartwright, L. L. Bowley, J. B. Scott, J. B. Broach, J. O. Tynes, D. C. Swindle, H. D. Henson, Mrs. Simpson, Virginia Raye Hargrove and Bobby Swindle.

Holder, Abilene; Mr. and Mrs. Mike Parker and family, Munday, Mr. and Mrs. Curtis Seale and boys, Goree; Miss Billie Mayrene Thompson, Mr. and Mrs. Ruben Richards, Vera; Mr. and Mrs. Grady Brooks, Lubbock; Oran Brooks and Joreda, Portales, N. M.

Mr. and Mrs. Odie Brooks and family, Mr. and Mrs. A. A. Brooks, Goree; Mr. and Mrs. LeRoy Brooks and girls, Mr. and Mrs. R. L. Lambeth, Mr. and Mrs. Edwin Brooks, Wichita Falls; Mr. and Mrs. Homer Lambeth, Goree; Mr. and Mrs. Vernice Lambeth and family, Mr. and Mrs. Mearl Lambeth and daughter, Mr. and Mrs. Oris Lambeth and family; Mr. and Mrs. Clem Wilde and daughter, Mead, Calif.; Mr. and Mrs. Felton Lambeth and Curtis Roy, Mr. and Mrs. Roy Barron, Munday, Mr. and Mrs. Carl Fincannon and son, Hamlin; Lewis Brooks, Graham, and Mr. and Mrs. Jim Burns and family, Eliasville.

Rev. and Mrs. Johnson, Goree; Miss Claude Jones, Mr. and Mrs. T. H. Jones, Mr. and Mrs. John Lambeth and family, Dr. and Mrs. E. F. Heard, Mr. and Mrs. Charles Heard and son, Abilene; Miss Louise McClure, Portales, N. M.; Mr. and Mrs. Ira Owens, Anton; Mr. and Mrs. Rudolph Shockley and son, Sam Jordan, Ft. Belnap, Mr. and Mrs. J. T. Walton and baby, Marquez;

Mr. and Mrs. J. R. Walton, Portales, N. M., and Mr. and Mrs. Edgar Tanner and daughter, Midland; Mrs. Ross Walton, Haskell; Mr. and Mrs. L. F. Evans and Carl Eliasville; Mr. and Mrs. Lewis Hutchens and family, Goree; Mrs. Margaret Samuels, Mr. and Mrs. Jack Ford, Plainview; Mrs. Paul Broden and family, Goree; Mrs. W. A. Harris and Avis, Miss Emma Cooksey, Mr. and Mrs. Harper Cooksey, Mr. and Mrs. T. B. Hertel and son, Munday; Mrs. Bud Dickson and son and Miss Mike Holmes.

A total of 164 persons were present.

## County Council Hears Reports Of Club Work

The Knox County Home Demonstration Council met in the Assembly room at the Court House at 2:00 p. m., Friday, September 6th, with six Clubs represented, and 15 members present.

It was "Guest Day" for the Sunset club and five of their members were there.

The club girls, Barbara Jane Almanrode, Ieta Hughes and Patsy Kinnibrough were present, and Presidents from all Clubs present reported on their most outstanding work, and some of the members who attended the Haskell-Knox County Encampment at the Munday Park reported a good meeting.

Mrs. Wesley Trainham, Mrs. Lee Snallum and Mrs. W. E. Paek, delegates to the State Meeting at Amarillo, gave interesting reports on the three day meeting up there, and Mrs. Trainham, Council Chairman arranged a program consisting of 3 songs by Patsy Kinnibrough and Ieta Hughes, accompanied at the piano by Mrs. Thelma Coulston; a poem, "Friendship" by Mrs. Snallum and a Musical reading by Mrs. Trainham, honoring Mrs. R. M. Almanrode, our newly elected vice chairman of District 3.

The delegates presented Mrs. Almanrode with a gift and served refreshments consisting of punch and cake after the program.

## Camp Fire Girls To Start Drive For Members

Camp Fire Girls in West Texas area will join with more than 350,000 other members throughout the country in launching their membership march on Sunday, September 15, it was announced by Mrs. Fred Stockdale of Haskell, area executive.

The membership campaign will extend through November 30. Mrs. Stockdale said that Dr. Bernice Baxter, president of Camp Fire Girls, Inc., has sent a message to members, encouraging them to extend benefits of the camp fire program to larger numbers of girls in the community who are not enjoying the advantages that a youth-serving agency offers.

"America has always used the past to build for the future; it is a nation that looks to tomorrow," Dr. Baxter said in her statement. "The youth of today that will carry on the spirit of our nation, must be grounded and trained in those principles which make for better living—for it is youth who will decide whether we continue to build or whether we fall back to the past."

Camp Fire Girls in the area have planned special activities in an effort to non-interest members in the aims of the organization. Many of the groups will hold "open house" during the drive so other girls who do not enjoy the

wide range of activities that Camp Fire offers may see the program in action.

Highlighting the activities to be sponsored during the membership march will be camporee on September 21 at Hamlin. Fun for all will be the order of the day with Mrs. Lou Williams Polnac, nationally recognized recreation leader, in charge of the fun. A council fire will close the day of music, games and stunts. Council fires will be held in Rule, Rochester and Jayton. Knox City Horizon Clubbers will present the program October 19 for their sponsors, the Knox City Study Club, while Anson girls will have "grade" parties to include others in their camp fire fun. Albany, Stamford and Haskell girls are making plans for city-wide programs which they will put on to assist in their respective community chest drive. "Give Service" is still the watchword in Camp Fire Girls circles.

On September 28, at the American Legion hall in Stamford, Horizon Clubbers and teenagers will have an evening of fun. Come for fun, and bring another one.

## LOCALS

Raymond Mitchell, who has enrolled in Hardin Junior College, Wichita Falls, spent the week end with his parents, Mr. and Mrs. D. W. Mitchell.

# At The Churches

## METHODIST CHURCH

Don R. Davidson, Pastor.

10:00 Church School: A place and a welcome for all.  
 11:00 Morning Worship: The greatest opportunity the church has to minister to you. A service in which you have a part.  
 6:30 Methodist Youth Fellowship. A place for training in Christian living for our youth.  
 7:30 Evening Preaching Service: An informal service of singing and helpful meditation directed by the pastor's message.

## FIRST BAPTIST CHURCH

Regular services at the usual hours next Sunday. Sunday School at ten and preaching service at eleven in the morning, and at 7:45 in the evening.

The training service at 7:00 P.M. We had 221 in Sunday school last Sunday, and still there is room. Make your plans to come next Sunday. Three more Sundays until Promotion Day. May we push our attendance, not for the sake of numbers, but for the good that may be done.

In the absence of Mr. Blacklock, our regular choir director, Mr. Merle Jenkins, the new music teacher in our schools, will direct the choir next Sunday, both morning and evening.

We give you a cordial invitation to any or all of our services. We appreciate the fine spirit that is being shown.

W. H. Albertson.

## PRESBYTERIAN CHURCH

Preaching services will be held at the Munday Presbyterian Church next Sunday at eleven o'clock. Rev. Alva Mullen, well known preacher in this denomination, will preach at this time.

All members are urged to be in their places. Visitors will find a hearty welcome.

## GOREE CHURCH OF CHRIST

You are invited to attend morning and evening services at the Goree Church of Christ on Sunday, September 15.

Everyone is invited to each service of the church. will receive a hearty welcome.

W. O. Batten, minister.  
 Mrs. W. F. Rabe and Mrs. Bessie Hobbs of Vera were business visitors here last Friday.

## CHURCH OF CHRIST

Bible study, 10 a. m.; preaching and worship, 11 to 12; young people's meeting, 6:45 p. m.; preaching and worship, 7:45 p. m.; mid-week service, Wednesday, 8 p. m.

Hebrews 10:25—Not forsaking the assembling of ourselves together, as the manner of some is; but exhorting one another; and so much the more, as you see the day approaching.

We have made preparations for holding all evening services in the open. Attend these services. You'll be more comfortable.

Gordon Clement, minister.

## Rhineland News

Mr. and Mrs. Anton Kuehler have received word from their son, Sgt. Bernard Kuehler, that he has landed in the states and expects to be home the latter part of this week. He has been serving in the U. S. Air Forces on Santa Maria Island, in the Azores.

Mr. and Mrs. Edwin Albus of Vernon visited in the home of Mr. Albus' parents, Mr. and Mrs. John Albus, over the week end.

Visiting in the home of Mr. and Mrs. Albert Andrae over the week end were their son-in-law and daughter, Mr. and Mrs. Jimmy Stennett of Abilene; and their son, Pfc. Albert Andrae, Jr., and two buddies of Camp Hood, Texas.

Mr. and Mrs. George Petrus and son visited here the first of this week.

Mr. and Mrs. Louis Homer received word from their daughter, Katherine who is employed with Western Union in Chicago, Ill., that she is spending a weeks vacation in New York City, N. Y.

Mr. and Mrs. George Steinbach and family spent the week end in Pep, visiting relatives and friends.

Mrs. L. Loran and daughter, Helen, left last week for Morilton, Arkansas. They attended the bedside of their daughter and sister, Sister Austin, who underwent a major operation last week. Helen remained there to enter school.

Out-of-town guests here to attend the marriage of Henry Franklin and Miss Elnora Kuehler were: Mr. and Mrs. Albert Sokora and family, Rhine Kuehler, Mr. and Mrs. Jerome Decker and family Mr. and Mrs. Alvin Homer, all

## Hold the Line

By GEORGE S. BENSON  
 President of Harding College  
 Searcy, Arkansas

THE OFFICE of Price Administration died officially on June 30, 1946. Before it had been in operative ten days, everybody whose life and work were affected by it knew the nation had sustained no serious loss. Calamities that were supposed to fall upon the consumers of America did not happen. Some prices rose a little; others fell. The law of supply and demand was still working. It had not been on vacation.

In the building industries, among real estate and lumber people, timid home seekers had predicted the wildest of run-away prices because of the unprecedented housing demand. Everything necessary to make prices sky-rocket was present, but the crepe-hangers were disappointed. Industrial leaders went into huddles and resolved for moderation, regardless of pressure from eager buyers.

Returned THE DEAD bureau to Life was resurrected on July 25 by political pressure. One powerful factor was the influence of thousands of bureaucrats whose easy jobs were all but lost. Lame and weakened by legislative modifications, the opa lives and has certain functions. But those 25 inactive days proved something: The longer we lived without the opa the more useless it appeared.

Increasing production may be depended upon to hold most prices down. Some will advance in spite of anything the opa can do. While natural laws control, and industrial leaders "hold the

price line," channels of trade are filling up steadily with new production and growing stocks hold prices down. Meat is only an example. Livestock hurries to market. Steaks and chops are on the menu again.

Exceptions PROBABLY the inevitable human race will never be free from opportunists ready to profiteer when there are no restraints and crafty enough to run black-markets when restrictions are in force. Maybe there actually was an unhappy couple in California on July 2, whose sandwiches advanced in price from 15¢ to 40¢ while they were being toasted. Anyway it was a good story.

We, the American people, are heirs of a dearly bought liberty. We have an opportunity to prove that we are worthy to inherit it. We can do this by a fair approach to every price problem. Whether we are manufacturers, marketers, or consumers, we have a part to play. We do not need anyone to take the role of dictator. Truly no price was ever fixed successfully by statutory law.

Consumers themselves can keep prices right by shunning racketeers who play their customers for suckers and by patronizing merchants who appreciate their confidence. We should be slow to retaliate against price rises that are needed. If workers, especially, will let growing production adjust prices before calling for higher wages, it will go far toward hastening recovery.

## Farm Wife Has 64-Hour Week

COLLEGE STATION.—Pity the poor farm housewife who works a 64-hour week, with no added rewards for over-time!

At least, this was the report of 183 farm housewives interviewed in a study by the Vermont Agricultural Experiment Station. And Florence Low, associate specialist in home management for the Texas A. and M. College Extension Service, says she expects the average farm or ranch women in Texas spends every bit as much time on housework.

The Vermont farm women found the time they spent on housework figured about 59 per cent of their waking hours, and the hours of housework varied with individuals all the way from 54 to 120 hours. Those who spent the most time with household tasks had large families and young children, while those who spent the least time had hired help or family aid.

Three jobs—preparing meals, house cleaning, and dish washing—required the lion's share of housework hours. Preparing meals required a fourth of the total time, house cleaning almost another fourth, and dishwashing about a sixth. Other household jobs included: Care of children and the sick, nine per cent of the time; laundry, cleaning, mending and sewing, nine per cent; canning and preserving, six per cent; marketing and household business, three per cent.

Since preparing meals, house cleaning and dish washing not only required most of the homemakers' time but also were described as "most tiring" and "most disliked," Mrs. Low advises Texas homemakers to study these three jobs for short cuts. Greater efficiency, sometimes easily achieved, cuts down on drudgery and will leave more time for recreation and pleasure, she points out.

The 4-H Club section of the Youth United for Famine Relief program has already made its first contribution—a check for \$1382, presented to the Famine Emergency Committee.

About 40 per cent of all foods are back under price control since the new OPA Bill went into effect.

About half of the world's population was undernourished even before the war.

## LOCALS

Mrs. Lucile Stodghill returned home last Saturday from a weeks' visit at Waco and Marlin.

Miss Sula Bell Cox, who is employed in civil service in Washington, D. C., is spending her vacation with relatives and friends here.

Sept. 11	71	91

Rainfall to date this year 14.14 inches; rainfall to this date last year 16.11 inches; rainfall since Nov. 1, 1945, 14.81 inches.

## IT PAYS TO ADVERTISE

Rip Van Wrinkle wakes up to a bargain!

What day is it? I mean, what year is it? My word, I've been asleep 15 years!

Yes, sir. I see lots of changes since 1931, but women's hats are as silly as ever! and the high cost of living is enough to send me back to sleep for another 15 years!

Gosh, look at all the new electric gadgets! When I dozed off back in the Thirties, we had electric lights and an iron and a vacuum cleaner at our house! Now we've got a refrigerator, a couple of radios (my last one was a crystal set), clocks, toaster, washer—why, everything you touch has a switch on it!

It's funny, too, with all those gadgets perking away, my electric bill isn't much more than it was 15 years ago, while everything else has gone up a lot!

(Yes, Rip Van Wrinkle, you're getting twice as much electricity for your money today as you did 15 years ago. It took increased usage plus plenty of skill and planning—under sound business management—to make electricity the bargain it is right now!)

West Texas Utilities Company

# Attention Music Lovers

We are finally able to offer you music by the best artists of today, on famous Columbia records.

We have waited a long time in order to have this quality of records.

We have received some of our opening stock. Approximately 225 popular records, and a number of albums with such artists as Frank Sinatra, Harry James, Woody Herman, Lily Pons, Nelson Eddy and Eddy Duchin.

**Veterans' News**

The Veterans Administration today reminded veterans in education or training of the changes in subsistence allowances necessitated by recent alterations in servicemen's legislation.

The following changes were emphasized:

1. Subsistence limitations apply only to non-disabled veterans, training under Public Law 346, and not to disabled veterans training under Public Law 16.

2. The limit on subsistence allowances applies to Public Law 356 veterans pursuing a standard apprentice course or taking on the job training, as well as those in school.

3. Each P. L. 346 veteran must give his training officer or regional office, not later than Nov. 5, a statement of his earning during August, September and October. After veterans have turned in this notice, VA will start making adjustments in any subsistence allowances that require changes.

If the veterans need to refund to the government any money they have received in August, September and October subsistence checks they will be notified of the amount.

The "Nurses Wanted" sign is still on display at VA hospitals in Texas, Louisiana and Mississippi, which are short 400 nurses. Salaries for VA nurses range from \$2345 to \$5995 a year. In addition, VA offers retirement pensions, recreational facilities and other benefits for nurses.

Bicycle riding—as a wholesome form of recreation and exercise—will become a phase of the recreational and entertainment program in Veterans Administration hospitals and homes of the Southwest. VA's Washington Office has ordered 1,000 bicycles, which will be distributed among the 110 hospitals and homes of the VA.

### QUESTION AND ANSWERS

Q. If I have obtained a Veterans Administration guaranteed loan to purchase a farm, am I still eligible

to receive the self-employed veteran's readjustment allowances?

A. Yes. You may obtain the monthly allowance, depending on the length of your military service, up to a maximum of 10 2/5 months. The payments guarantee to the farmer a minimum net income of \$100 a month during the period of his entitlement.

Q. I have had no farm experience, but I believe I could learn quickly to operate a farm successfully. Is there any way I can get training under the GI Bill so that I could later qualify as a good risk with a lender?

A. Under both Public Laws 16 (vocational rehabilitation) and 346 (GI Bill) eligible veterans are entitled to both on-the-farm training and institutional education which give them a practical and a scientific knowledge of agriculture.

Q. If I obtain a real estate loan to purchase a farm and it is guaranteed by VA, may I also obtain a VA guarantee on a loan to purchase machinery, livestock, seed and other farm equipment?

A. Yes, you may obtain a combination of real estate and non-real estate loans. However, the percentage of the guarantee maximum used by a veteran in obtaining one type of loan reduces by that percentage, his entitlement to guarantee of another type loan.

For example, if a veteran obtained a farm real estate loan guarantee of \$2,000, his non-real estate guarantee maximum would be \$1,000.

Q. I am planning on going into business for myself with the aid of a GI loan, but I don't intend to make this move for another three or four years. Will it be too late for me to apply for a government loan then?

A. No. The time for loan applications is now ten years after your separation from the service or ten years after the end of the war, whichever is the later date.

## PLANES FOR FARMERS

WASHINGTON — The airplane will benefit the farmers of the United States as much in the near future as did the railroad in the last half of the 19th century and the automobile in the 20th century, according to surveys reported by the Air Transport Association of America.

The Department of Agriculture estimates that at least 3,000 post-war surplus planes may become air trucks to transport produce. Already air delivery of several varieties to markets over long distances has proved feasible. Present plans of the airlines call for the encouragement of farmers in all sections of the country to raise vegetables and crops which heretofore have been confined within a market radius of 200 miles. Henceforth distances are likely to become a secondary factor.

Air parcel post, if and when adopted, as provided in a bill before Congress, will greatly increase the rural value of the airplane, not only to ship produce, but also to bring back manufactured articles, including machinery parts. The extension of parcel post to the airlines would mean that more than 42,000 postal offices would be added to the 23,000 express offices now delivering air express.

Possibilities appear limited only by individual ingenuity. Uses foreseen for the airplane include the transportation of flying doctors and medicine, and of patients to hospitals; the flying in of grain and feed to farms isolated by floods or blizzards; spreading of germicides, dusting, inspecting and checking crops, cattle, sheep and fences, shooting coyotes, wolves and other pests, fertilizing, and seeding.

### BIRTH ANNOUNCEMENT

A baby girl was born to Mr. and Mrs. Bob Guffey on Sunday, September 8, at the Knox County Hospital. Mother and little daughter are reported doing nicely.

N. A. Shactain visited with relatives and friends in Spur, Texas, over the week end.

Mrs. Ed Richardson of Rhome, Texas, visited Mrs. W. E. Hammack and other relatives here over the week end.

## TRAFFIC TOLL DROPS FROM PRE-WAR PEAK

The nation's traffic picture is brightening for the first time since V-J Day, the National Safety Council reported today in announcing the traffic toll for the first half of 1946.

Although 15,750 were killed and 540,000 injured during the six-month period, the total was 8 per cent lower than for the same period in 1941 the last pre-war year. Thus a steady rising trend in the traffic toll which began with the ending of wartime driving restrictions was curbed in May and June, so far as a comparison with 1941 is concerned.

During the first four months of the year the traffic toll ran neck-and-neck with the all-time high reached in 1941. But by May, the toll took a sudden dip from 21 per cent below the May total of 1941 and stayed down with a 19 per cent drop in June.

But traffic deaths and injuries

for 1946 still remained 40 per cent higher for the six-month period than in 1945, when wartime restrictions held drivers to low speeds and limited driving.

Mr. and Mrs. T. J. Partridge went to Arlington last Sunday to take their son, Wendell, who enrolled in North Texas Agricultural College for the school year.

Mr. and Mrs. L. L. Williams and son, Kenneth, of Ballinger spent the week end with Mr. and Mrs. Clayton Wren and family.

Mr. and Mrs. Bill Norwood and Mr. and Mrs. Newsom of Vernon were visitors in the home of Mr. Mrs. George Salem last Sunday.

Mrs. Nell Hardin returned home last Saturday from a week's visit in Waco and Marlin. She was accompanied home by Mr. and Mrs. Guy Hardin and baby daughter of Waco, who visited relatives and friends here over the week end.

### EDITOR'S COMMENT

Although Sunset High school publishes a weekly here in our school, we have had numerous requests for the appearance of our regular school news in the Munday Times, for the benefit of those who do not have access to our weekly. We enjoy furnishing this news and hope our readers will be pleased to see the GLOW in the Munday Times again.

### First Grade News

Felix had the ear ache Monday. Glenn's grandmother and grandfather came to visit her Sunday. Carol went to Church Sunday. Glenn has a new permanent. Mary's relatives visited her from Wichita Falls. Jo Ann visited her grandmother in Munday, Sunday. Tommie's relatives from Fairfield visited her Sunday.

### Second Grade News

Larry's brother returned from the

hospital Saturday, where he spent most of last week with a throat infection.

Betty Jean's grandmother from Knox City visited her Sunday.

Jo Ann is going to Wichita Falls Friday and is coming back Sunday. She also has a new tricycle.

Our merry-go-round broke down this week, but we got it fixed again. Patricia Partridge went to Dallas to take her brother to school. She will have her eyes refitted for glasses while she is there.

### Third Grade News

Sue Voss spent the week end in Abilene.

Loye Marie, and Joyce Lee Voss spent Sunday in Abilene.

Our school work is progressing nicely. The children are interested in their work.

Several of this grade are making advantage of the hot sandwiches and cool drinks which they purchase

at the school lunch room.

A few of us are absent today probably to pull bolls. Enrollment for the first three weeks has reached twenty-six in number.

One mother, Mrs. Newbrough came to school for a few minutes last Friday.

The boys and girls know their parents are interested in what they are doing in school, when the parents visit school. We are inviting you to visit our room any time you can.

### Fourth and Fifth Grade News

We regret very much to lose Ruth Bruton and Mildred Gideon in our class. Ruth transferred to the Rule school and Mildred has gone to Knox City.

Pasy Wilcox is our new pupil. She comes from Knox City.

Jerry Groves says his uncle and aunt are visiting them. They are from San Antonio. They brought their fox terrier dog and he has been taught to shake hands with people.

Jeanette Draper reports her aunt and uncle from California are visiting them.

Loretta Floyd's aunt and uncle from Caribad, New Mexico are visiting her family. She reports her uncle is to receive his discharge from the Navy after serving five years.

Jose Leija says that his cousin is getting married soon.

Claude Larry Hill's mother, aunt and uncle arrived from Dallas last Saturday. Howard, his brother, has been receiving treatment at a hospital there.

Charles Parker visited his grandfather at Haskell this week end.

### Sixth Grade News

This is our fourth week of school and we are all settled and in our regular routine of work for the year.

We think our new arithmetic books are rather interesting.

Goldie Reeves' sister, Mrs. Ruth Davis, from Dallas is visiting here this week.

Louise Bales and Barbara Jo Johnson spent the week end together.

Emogene Hill's little brother, Howard, was brought home in the Children's hospital in Dallas, Saturday. We wish for him a speedy recovery.

### Eighth Grade News

We received our new arithmetic books today and like them very much. We will take our final test on Texas History tomorrow.

Gloria Michels visited in Colorado while school was out. Jeanette Hawkins visited in Alabama.

We sure miss Shirley Yost and also J. L. Walker, who have moved away.

### Freshman News

Pat went home with Joann, Sunday and had a nice time taking pictures. We hope they will not be out of a repair bill on their camera.

Ethel Hodges' niece from O'Brien spent the week end with her.

We are all gradually getting better in writing our essays in English grammar. We are trying to learn to become philosophers, to refine and cultivate our thinking habits through writing these essays, but it is difficult for our adolescent minds to see any philosophy in a cluster of butterflies on a turf of moist earth as Thoreau did, years ago. We are too concrete in our thinking habits. We can not spontaneously give flight to fancy yet. When we do you will read some of these essays in our paper, if the editor will publish them.

### Sophomore News

Today we started out on our fourth week of school. We are just wondering if we will be able to finish the weeks to come with as much pep and energy as we began with.

Our essays keep drifting in to

Mrs. Partridge one by one. We begin the one essay a week assignment on Monday, and by Friday Donald gets his in. Donald says he likes to dream too much, and effort requires energy, and his energy is all used to turn the Ford tractor when he gets home from school.

Our new history teacher, Miss Cash, is really impressed by the way we study our history. If Margie Lee answers a question with the correct reply, it is because she just happened to have her book open.

Part of the freshman and sophomore enjoyed the skating party last Wednesday night. Everyone thrilled to the soft, graceful falls he received.

### Junior News

If you want an example of an eager, aspiring literary group just take a peek in to the junior senior Literature class the last period of the day. Mrs. Partridge only has to stop five minutes of each day to wake some avid snorer. Can we help it if those eighteenth century writers of England were so soothing and languid in their literary style of writing? Now if we were reading Edgar Rice Burrough's "At The Earth's Core with Tarazan" our hair would probably stand on the edge.

Teacher insists our literary taste and sense of appreciation for good literature must be developed however, we must learn to thrill to Shakespear, Bryon, Keats and Shelly instead of snoring to them.

Even if we do sleep part of the time we get enough out of class to master the process of writing essays. Although we have not quite mastered Lamb's or Swift's Technique yet, we may end up being the author of a comic book.

In civics we argue so loudly on politics we have no time for naps

You would think we were born and reared in the Bronx. Some of us do not know the real difference between the Republicans and the Democrats.

### Senior News

This week we were very glad to see our old classmate back with us. Randall Walling was in the hospital four days last week with an infected throat.

Civics is getting a little more complicated than it was at the beginning of the year. I guess that is because we do not study at night.

We now have Mrs. Bowden teaching us three of our subjects. She has been nice to us and we all seem to have taken a liking to her. We are hoping she likes all of us.

## LOCALS

Mr. and Mrs. J. C. Harpham were business visitors in Dallas last Monday and Tuesday.

A. L. Smith was a business visitor in Abilene the first of this week.

Mr. and Mrs. Hoyt Gray spent the week end in Big Spring, where they called to attend the funeral of a relative.

Mr. and Mrs. Arthur Barker and son, Barry, of Floydada visited in the home of Mr. and Mrs. C. P. Baker last Sunday.

Mr. and Mrs. Doyle Jones of Lubbock spent the week end with Doyle's parents, Mr. and Mrs. C. C. Jones.

Mr. and Mrs. Worth Gafford were visitors in Mineral Wells, Texas, several days this week.

Alicia Dell Peek of Seymour spent the week end with her grandparents, Mr. and Mrs. Ed Lane.

Mr. and Mrs. A. H. Jungman of Lamesa visited relatives and friends here over the week end.

Buddy Gafford, who is attending barber school in Fort Worth, spent the week end with his parents, Mr. and Mrs. Worth Gafford.

Chas. Moorhouse of Benjamin was here Saturday, visiting with friends and attending to business matters.

## Gin Your Cotton In Goree . . .

Both gins in Goree have been thoroughly repaired and are ready to operate. The concrete gin is now in operation and the other one will be ready to go as soon as the volume of cotton is sufficient to justify its operation.

We appreciate your business in the past and invite you to try us again this year. We will give you the best price possible for your cotton and seed. The first year following a war, farm prices usually hit their peak and this may be no exception. Gin with us where you can sell your cotton on grade cards or actual sample, and where you will always receive top price for your cotton.

The Pendleton Gin buildings have been dismantled and the material was used to construct the La Paloma courts for housing cotton pickers. We have living quarters for 150 hands as it consists of five large buildings with a total of forty five rooms. We have one large crew here now and several more will be here as soon as our cotton is open. If you need cotton pickers, come to see us and we may be able to help you.

## Provide Automatic Central Gas Heat

Anything so important to health and comfort as house heating deserves first consideration in your new home or remodeling plans. And when it is planned as part of house and included in its cost, even the builder of a modest cottage can afford automatic central gas heat as supplied by closet type furnace.

It cleans, heats and balances the air with right amount of moisture before circulating it through house. It is completely automatic, maintaining just the right temperature you want. Turn it on in the fall. Turn it off in the spring. In between it keeps the house like a May morning. Remember, a house is no more modern than its heating system. Plan it wisely with vented heat.

Closest Type

Central Gas Furnace

For the cottage where space is limited this closet-type furnace is ideal for installation in small space. It provides clean, warm air throughout the house. It is completely automatic. It is quiet, efficient and costs little to operate. It is vented to a flue.

## 189 School Children Slated For Traffic Deaths, Director Warns

Austin.—If the rapidly increasing rate of traffic fatalities is not retarded, 189 school-age children are slated for death by automobiles during the coming school year, according to George Clarke, managing director of the Texas Safety Association.

Another group of approximately 700 youngsters are marked for death by other types of accidents. Most of the school-age traffic victims will be first-graders, representing a generation who does not remember prewar traffic, and many of whom have not been taught at home to obey traffic signals. The next greatest number will be third-grade youngsters; the fourth grade holds the greatest probability to lead in bicycle

vehicle deaths. Last year in Texas 883 school children were killed by accidents of all kinds, and many more injured, some of them disfigured and crippled for life. In the traffic accident category, they were struck down going to and from school, for the most part; twelve were killed in school bus accidents. These deaths and those occurring on the school grounds and in the school buildings accounted for 450; 433 children were killed in home accidents and in accidents away from home and school.

This year traffic accidents generally have shown a sharp increase over 1945. From January through July, 1,024 people were killed—a total 49 per cent

greater than that for the same period last year. Old cars, old tires, deteriorated highways and inadequate policing have teamed up with the most important factor—carelessness—to rasp a red harvest that is only slightly below the record toll of 1941.

There can be effective protection for children in rural areas. The only legal protection they have is the Texas law that requires every motorist to come to a full stop when the school bus stops and which forbids him to start up or proceed in any direction until the school bus closes its doors.

In towns and cities many street crossings will be guarded by the police or by school patrols. Many more will not, for only the more dangerous crossings close to school can be given full protection.

Because this mass movement of school-age youngsters is concentrated into a few short periods, school days bring increased danger of traffic accidents. This is especially true during the first weeks, when motorists must again learn to watch out for carefree groups of children enroute to and from school.

Parents, teachers, state and city officials, civic organizations and individual business men are fighting side by side to reduce the traffic hit parade of children. The Texas Safety Association and the depart-

ment of education are sponsoring driver education courses in approximately 286 high schools of Texas; college workshops are being held for teachers who wish to integrate safety education into their classes in public schools; institutes for teachers of driver education courses are being conducted; and training classes for school bus drivers to upgrade their knowledge and skill are being held. In other accident fields, the Association and the department of education offer the free services of competent engineers to inspect school buildings, so that another New London disaster may not occur; an instructor's course in home safety has been completed in Houston and may be conducted in other areas of Texas.

Chairman of the school safety committee of the Texas Safety Association are R. B. Rooper, chief safety engineer of Humble Oil and Refining Company, Houston; Oscar Burton, Texas Telephone Association, Tyler; and M. E. Brock, Gulf Oil Corporation, Houston. Advisory members are Dr. J. C. Matthews, North Texas State Teachers College, Denton; Dr. D. K. Brace and Dr. H. J. Otto, University of Texas, Austin; W. L. Dodson, superintendent of Kigore Public Schools; W. T. White, superintendent of Dallas Public Schools; Dr. Joseph Griggs, superintendent of Huntsville Public Schools; Mrs. R. D. Bell, Texas Congress of Parents and Teachers, San Antonio; Irby Carruth, superintendent of Waco Public Schools; Captain J. O. Musick, Department of Public Safety, Austin; C. L. Yarbrough, superintendent of Port Neches Public Schools; and Mrs. Roy C. Owens, Tyler High School.

## HEFNER NEWS

(Mrs. E. J. Jones, Correspondent)

Rev. Raymond Guthrie of Leveland preached at Friendship Church Saturday night and Sunday. Baptismal service was held at four o'clock Sunday.

A. W. Atkins filled an appointment at the Gorie Baptist Church at the eleven o'clock service Sunday.

The annual Holder family reunion was held at the Ben Holder home last week end. Many relatives and old friends attended.

Charles Cooper Haskin has entered Texas Tech at Lubbock. His parents took him there for enrollment.

Ray Jackson has returned home from the service. He was stationed on Guam for some time.

Mrs. J. R. Manly is visiting with a granddaughter and family in East Texas.

Prof. Joe McElhannon of Waco, who is teaching in Baylor University, has returned to his home after a visit with his mother and with a sister, Mrs. A. L. Haskin.

Mr. and Mrs. C. B. Warren and Mrs. J. C. Newsom visited with friends in Fort Worth over the week end.

Mrs. John Cure has returned from Sweetwater, where she visited her son, Elmo Cure and family a few days.

Miss Mary Jo Arnold of Gorie spent last Sunday with Miss Betty Jean Jones.

Mmes. A. S. Haskin and Flora Westerman of Seymour attended church services here last Sunday.

Mr. and Mrs. Edwin H. Brooks of Wichita Falls were here over the week end to attend the Holder reunion; also Luther O. Brooks and Grady Brooks and wife of Lubbock. Mr. and Mrs. Clem Wilde and daughter have gone to Mercedes, Calif. to make their home.

Mrs. John Parks of San Angelo, Mrs. Jimmy Parks and son of Bonmar were visitors in the J. H. Cooksey home and with old friends in Gorie over the week end.

Mr. and Mrs. T. H. Jones attended a workers' meeting at Rule on the 6th. Many others were in attendance, and several fine sermons were heard.

Mr. and Mrs. Rudolph Chockley of Anton were visiting relatives

and old friends here recently. Miss Vida Holder, daughter of Bob Holder of Wichita Falls, has returned home after visiting relatives here. Mr. and Mrs. J. H. Cooksey and Miss Emma Cooksey have returned from a trip to Durant, Okla., where they visited with Mrs. Dee Jones and family. Mrs. George Risener of New Mexico has returned home after a visit with her sister, Mrs. L. Jackson and family. Mr. and Mrs. Clifton Moorman of Gorie attended church services here Sunday.

Mrs. J. Hill entered the hospital at Wichita Falls for treatment for major cuts over the eye.

## "DOC" RUSSELL IS HOME FROM TRIP

A. B. "Doc" Russell was in the Times Office Wednesday and reported that he had just returned from a trip to East Texas, where he found good crops and "dandy" prices, and people seemed to be getting along fine.

"Doc" said he was back home and ready to go to doctoring those old sick cows. "I can do the job just as well as I ever could," he said, "in spite of the fact that I'm almost blind."

If the nation's fire losses continue to mount at present rate, an all-time high in fire destruction will be set. Farm fire losses are keeping pace with the general increase.

## Activities of Colored People

Dunbar School has opened for another session. The enrollment is past 32, and we are still looking for others to enroll at a later date.

We are taking this method to thank the different patrons and organizations for contributing money for the completion of our school. The two organizations which contributed were: the community chest, \$10, and the Charity Organization, which is not functioning, an amount of \$10.

Rev. and Mrs. Watson conducted a revival in Knox City and visited friends here in Monday. They were guests of Mr. and Mrs. Arthur Dean and Rev. and Mrs. S. L. Sanders. They left for home

## 236 Old Persons Of Knox County Get August Assistance

Between August 1 and 10, 236 persons in Knox County received \$5,580 in old age assistance checks which averaged \$23.64. Mrs. Eula R. Russey field worker of the State Department of Public Welfare for this area, reported Friday.

Due to limited funds each payment was prorated less \$2.30 the recommended amount. According to Mrs. Russey, the number on the rolls and payments in an increase over July, 1945, as there were only 202 persons receiving an average payment of \$22.99, with no reduction in payments.

In ten counties of Area 27, 4,687 persons received \$111,379, an average of \$23.73 per check. Checks averaging \$28.29 were given to seven needy blind recipients for July, 1946, total of \$198.00, while in July, 1945, checks averaging \$25.50 were given to six needy blind persons for a total of \$153, it was announced.

Aid to dependent children was given four families, totalling 14 children, in checks averaging \$34.38 for a total of \$173.52 in July, 1946, as compared with July, 1945, figures of two families totalling six children receiving average payments of \$24.00, for a total of \$48.00.

This year's increase of \$10.38 per check was made despite a 28 percent cut in this category, he
