"What a Man Does For Himself Dies With Him—
What He Does For His Community Lives On and On."

"SOMEONE WAS CARELESS"

Good advice to the nation came over the air waves when Edward J. Hickey, State Fire Marshal of Connecticut, spoke on a country-wide broadcast sponsored by the National Board of Fire Underwriters.

"I want to warn you about a disaster that might strike any one of you—the disaster of fire," he said. "Throughout our nation the toll of lives and property from fire is mounting to an unprecedented, all-time high. . . .

"Most of those lives were lost because some one was careless. We here in America must realize now that each year we are destroying—largely through our own carelessness—the lives of 10,000 of our people and almost \$600,000,000 in homes, business properties, commodities and natural resources.

"No nation, not even ours, can afford to be so wasteful. No nation is rich enough to squander its human and material wealth as we are doing today."

The tragedy of fire lies not only in its ghastly toll, but in the fact that it is needless. Not more than one fire in ten can honestly be said to be "unpreventable." The human factor is the cause of the other nine. And that human factor means you and your neighbor—every one of us.

GOVERNMENT BY EDICT

In a welter of strikes and other headline-claiming events we are in danger of forgetting one of the principal barriers to full production—the enormously swollen Federal bureaucracy.

Over a period of many years, we have become more and more government of boards and bureaus. The war period greatly intensified the trend, as new administrative agencies were created almost daily to meet real imagined problems. A few of these parasites on the body politic, such as the OPA, have just about passed into the limbo of forgetting things. But the vast majority of them remain—and their employes hang tenaciously onto their jobs—whether there is any need for them or not.

These agencies have a mania for issuing confused and often irreconcilable orders and directives and rulings. They are a constant thorn in the side of industries which are trying to get rid of red tape and return to the business of producing goods. On top of that, they are a gigantic and unnecessary expense to the taxpayers. They specialize in government by edict, and no one knows from day to day what the edict may be.

Clearing the government of the dead wood should be one of the first jobs of the next Congress.

A woman's promise to be on time carries a lot of wait. — Reader's Digest

THE EDISON CENTENNIAL

Next February 11th, the Centennial of Thomas Edison's birthday will be celebrated throughout the country. Magazines, newspapers, radios and the motion pictures will devote space and time to the life and achievements of the man who made the electric age possible.

In this country, where industrial, farm and home electrification have progressed far beyond the rest of the world, our debt to Thomas Edison is immeasurable. Nothing ever devised or discovered by man has done so much for all the people as electric power. It is both the most efficient and the cheapest of servants. It has enormously increased the productivity and the earning power of the worker. It has revolutionized the techniques of agriculture.

Thomas Edison's living monument is found in the great industry which his work brought into being. Courageous individuals pioneered electrical development in the days when many a skeptic thought it an impractical fad. They provided electric service for every section of the country. Year in and year out, the industry they founded gave us more and more power for less and less money. It created enormous taxable assets for all units of government. It became a great civilizing agency as well as a great economic agency. And today, instead of resting on past laurels, it is looking forward to new horizons, to more and greater achievements. As an example, it recently announced a \$3,000,000,000 rural electrification program designed to bring practically all farms within easy reach of power lines.

The Edison Centennial is fully deserving of the elaborate observance it is to receive. It memorializes the most amazing era of economic progress and human betterment in the long sweep of world history.

Some people think of the depression as the good old days when there was only a shortage of money.

Inventory Of Registrations And Classifications In County Compiled

J. A. Wilson, clerk of the Knox County Local Board, last week compiled an inventory of Selective Service Registration and Classification for Knox county, from the initiation of the program in 1940 to November 30, 1946. The breakdown is as follows:

Registration
1st Registration, October 16, 1940. Persons born on or after Oct. 17, 1904 and on or before Oct. 16, 1919; White, 1351; Col., 53; total, 1404.

2nd Registration, July 1, 1941. Persons born on or after Oct. 17, 1919 and on or before July 1, 1920; White, 75; Col., 4; total, 79.

3rd Registration, February 16, 1942. Persons born on or after July 2, 1920 and on or before Dec. 31, 1921, and persons born on or after Feb. 17, 1897 and on or before Oct. 16, 1904; White, 629; Col., 33; total 664.

4th Registration, April 27, 1942 (not included).

5th Registration, June 30, 1942. Persons born on or before Jan. 1, 1922 and on or before June 30, 1924; White, 217; Col., 12; total, 229.

6th Registration, persons born on or after July 1, 1924 and on or before Dec. 31, 1924 were required to register during the period of Dec. 11 and Dec. 31, 1942. All others register on any day subsequent to Dec. 31, 1942 as they attained 18 years of age: White,

A note from Frank Baldwin, colorful Waco, editor: "If you ever get in trouble, call me collect. Get in trouble, too. My experiences has been that it's a lot of fun."

Fact of the matter is, controversy appeals to me, especially when there is an opportunity to render public service, along with the joy of a good scrap. As an illustration:
Winding through the great East Texas oil field is the Sabine River. Under that riverbed, nature stored a vast amount of oil, which belongs to the State Permanent School Fund. The State invited bids from oil companies so that leases might be awarded, the oil produced and the schools receive the royalty. The bidders offering the highest royalty were given the leases.

But after a number of wells had been drilled, some of the companies wanted the royalty reduced and the State agreed. That was the situation until, as a newspaperman studying public affairs in Austin, your columnist found out about it and, through the press, revealed the story.

School leaders, school trustees and the public joined in, and we insisted until the original royalty was reinstated and thereby the schools have benefitted, and will benefit, to the extent of millions of dollars.

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Creomulsion blends beech wood creosote by special process with other time tested medicines for coughs. It contains no narcotics. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

The old-time writers, in sketching the life of some great man, would write, "He was born of poor but honest parents." Why "poor BUT honest?" Most folks are poor and honest, too. The fact that a man is poor is a pretty good sign he's honest—because if he was dishonest and stole very much, he wouldn't be poor, would he?

Pep Squad Honors Football Team At Annual Banquet On Monday Night

Highlighting the unusually successful football season for the Munday Moguls was the annual football banquet sponsored by the pep squad last Monday evening in the school auditorium. The occasion may well be called one of the most festive and gala of the school year.

The effect of the very attractively decorated hall was striking, making this probably one of the most decorative banquets ever given to the Munday team. The Christmas theme was carried out by touches of cedar, mistletoe and a beautifully decorated tree. Colored lights were hung across the room, giving it a glowing effect. The Christmas motif was also carried out at each plate and in the brilliantly colored centerpiece found at the main table.

Principal speaker of the evening was Madison Bell, athletic director and head coach at Southern Methodist University. His speech, which dealt with various experiences in his work as director of athletics, was of great interest to the football boys and their coach. Likewise, it was of great significance to the many citizens of Munday, since the speaker himself was a one-time resident of the town.

Of interest also was the scholarship offered by the Rotary Club, represented at the banquet by its president, Winston Blacklock. This award is to be given each year to a senior student who is an active participant in some athletic event and who at the same time holds the highest rating for scholarship in his class.

To the students the big moment

came when Patsy Campsey was crowned football sweetheart by Kelton Tidwell while Nedra McCready sang, "Let Me Vell You Sweetheart," accompanied by the Knox City orchestra.

The pep squad leaders and football captains were announced for the next year. Pep leaders are: Ruth Browning, main leader; Mildred Lavell and Jo Nell Mullican, assistants.

Football captains are Billy Bouldin and Gene Brown.

The evening was closed with the singing of the school song.

The Knox City orchestra rendered soft music throughout the banquet.

Former Munday Girl Married At Levelland Nov. 25

Miss Dorothy Chamberlain, a former Munday girl, was united in marriage to Mr. Herman Starns on November 25 at 4:30 p. m. in the First Methodist church at Levelland.

The young couple left immediately for Childress, where they are now making their home.

Mrs. Starns is the daughter of Mr. and Mrs. H. L. Chamberlain of Stephenville, and a granddaughter of Mrs. A. J. Smith of Munday.

Mr. and Mrs. Orville Wilson of Fort Worth spent the week end with relatives and friends here.

For quick results, use a Munday Times classified ad.

Wesleyan Service Guild's Christmas Dinner Held Tuesday

A number of guests were included last Tuesday evening when the Wesleyan Service Guild held its annual Christmas dinner and program at the Methodist church. The rooms were decorated with mistletoe, cedar and red candles, and candles also lighted the dinner table.

Misses Julie Massey and Doneita Davidson served coffee and hot rolls, as the delicious dinner was enjoyed by the following members and guests:

Mmes. Don Davidson, Oscar Spann, John Scott, Joe Bailey King, Dan Billingsley, C. P. Baker, Bill Billingsley, J. C. Rice, Joel Massey, S. E. McStay, Gill Wyatt, Robert Green, Travis Lee, Aaron Edgar, H. H. Bledsoe and Misses Ruth Baker, Florence Gaines, Johnny Maud Hendrix, and Merle Dingus.

During the social hour which followed, the group received presents from a lovely Christmas tree and enjoyed singing Christmas carols. Mrs. Baker brought the Christmas scriptures and poems to the accompaniment of soft organ music.

Sunset H. D. Club Has Business and Social Meeting

Members of the Sunset Home Demonstration Club met in a business and social meeting on December 5 in the home of Mrs. Don Davidson.

The house was called to order by the vice-president, Mrs. W. E. Pack. After the business session, Mrs. Davidson gave a demonstration on a rag doll for a Christmas gift. Mrs. Joe B. Roberts showed the ladies how to make a foot stool from a nail keg.

Refreshments were served to Mmes. Gill Wyatt, W. E. Pack, Jerry Nix, Bob Hicks, T. J. Partidge, Charlie McAfee, Joe B. Roberts, Layne Womble, Walter Moore, Mother Tooley, and the hostess.

The next regular meeting will be in the home of Mrs. Jerry Nix on January 16th.

Mrs. Grover Coffman of Vera was a business visitor here last Tuesday.

Elzah F. Moore Wed October 5 To James B. Stricklin

Mr. and Mrs. A. M. Moore of Munday are announcing the marriage of their younger daughter, Elzah Francis of Fort Worth, to James B. Stricklin of Wichita Falls.

The wedding took place in Jacksboro on October 5, after which a reception was given in their honor in the home of the bridegroom's sister, in Fort Worth.

Mrs. Stricklin finished high school in Munday with the class of 1941, and was active in athletics. She was a member of the high school band and a popular member of her class.

In that same year, she became connected with the bookkeeping department of the American National Insurance Co., in the home office at Houston. She later worked at Consolidated Aircraft in Fort Worth.

Mr. Stricklin, son of Mrs. Lavada Stricklin of Denton, is a graduate of Denison high school and resided there until he entered the Navy in January, 1941. He served four years in the Navy, two of which were spent as pharmacist mate first class with the fleet marine force, serving in Samoa, Guadalcanal, New Zealand, Siapan and Fiji.

After his release from active duty, he entered college of mortuary science in Nashville, Tenn., graduating in September, 1945 as valedictorian of his class. He is now employed at a funeral home in Wichita Falls.

The couple are making their home in Wichita Falls, where both are employed.

Denton, Tex.—La Verne Timberlake, daughter of Mrs. M. L. Timberlake of Vera and a student at North Texas State College, has been named among the 25 students initiated into the Alpha Lambda Sigma, library service organization.

Miss Timberlake, a senior library service major, is a member of the Press club and the Current Literature Club at the college.

Bobby Haymes and Harry Cowan, who are attending N. T. A. C. at Arlington, visited with home folks here over the week end. They came at this time to attend the Munday-Seymour bi-district football game.

Munday Study Club Has Enjoyable Program Friday

A thoroughly enjoyable program, "Woman In Post-war World" was given last Friday afternoon when members of the Munday Study Club held their regular meeting at the club house. Mrs. Wade Mahan was hostess for the meeting.

Mrs. J. R. Burnison was director of the program. "Women's Responsibility in World Affairs" was given by Mrs. Burnison; "Club Women of Alaska and the Philippines" was the topic discussed by Mrs. J. C. Harpham, and Miss Maud Isbell gave "The Story of Soviet Women."

A delicious refreshment plate was served the members following the above program.

FIRST BAPTIST CHURCH

Last Sunday we began our annual campaign to raise funds for the new church building which we hope to erect as soon as materials and labor are available. Though many were absent for one reason and another, we got over half way to the goal. Quite a number have come already stating that they were kept away from the service Sunday, but that they wanted to do their part in the offering. They showed their faith by their works in leaving a check. That's the spirit. Don't wait for us to look you up. If we all will do what we can and that is all the Lord wants us to do—we will win in a great way. If I could give five cents, and that was all that I could give, I would do it gracefully and joyfully. "What shall I render unto the Lord for all His benefits toward me." His benefits have been many. The returns are not what we hoped the middle of September; but think of what the prospects were in the middle of August.

We appreciate the fine cooperation and response which has been manifest so far. May it continue until we all have the joy of knowing that we have done our best.

All services at the regular hours next Sunday.

Sunday night December the twenty second we are to have a special Christmas program.

Next Tuesday, Dec. 17th we have our regular monthly Workers Conference convening with the O'Brien church.

W. H. Albertson.

1947 Looks Like A "Cotton Year"

For two reasons, unfavorable weather has reduced the acreage and yield of cotton in most parts of the Belt.

Lack of labor and equipment cut production throughout the war and 1946.

As a result, supplies of all cotton and cottonseed products are scarce; and prices are favorable.

It looks like a good year to produce more cotton per acre by using good seed, plenty of fertilizer, controlling diseases and insects and following other practices that have proved their ability to increase yields.

It also looks like a good year to plant more acres of good land in cotton, the "key" cash and feed crop in your balanced farming and livestock program.

This May Be Your Best Chance In Years To "Cash In" On Cotton

POSSUM FLATS... "GRANDPA CUTS THE PIGEON WING"

By GRAHAM HUNTER

Veterans' News

Schools and colleges that must provide additional facilities to train disabled veterans may ask the Veterans Administration to pay more than their usual tuition charges for these veterans, VA announced this week.

The adjusted rate, VA said, must not total more than the school's teaching supply costs.

New regulations providing for adjustments in tuition payments for disabled veterans enrolled under the Vocational Rehabilitation Act apply only to non-profit, tax-supported institutions, VA said.

VA has provided for the adjustments because it recognizes that many schools do not have a flexible income from taxes, endowments and other sources to cover additional expenses incurred during the present rush of thousands of veterans to college.

VA has made similar provisions for adjustments in tuition of students under the GI Bill.

Application for adjustment in the rate to be made to the VA regional office having jurisdiction before the beginning of the semester for

which the adjustment is asked. VA is allowing all schools until December 3, however, to submit their requests for adjustments for the present semester if the term began on or after September 1.

But jobs pay is "so much money in the bank" and should not be consumed indiscriminately, General Omar Bradley told veterans this week.

The Veterans Administrator who has always cautioned veterans to use their various benefits efficiently, was referring to Readjustment Allowances of \$20 per week allowed unemployed veterans up to a maximum of 52 weeks.

General Bradley, at a conference of state directors for veterans affairs, also warned that many veterans buying houses on today's markets will lose them "when the boom ends."

"We feel many of the loans just won't pan out," he stated. "Veterans are very much in need of counsel which can be given to them in their own communities."

Questions and Answers

Q. If a disabled veteran completed his on-the-job training and is unemployed can he draw unemployment compensation?

A. Yes. Under Public Law 346 (G. I. Bill), he may be entitled to readjustment allowance up to a maximum of 52 weeks provided he is able to, and available for work at any time. Any prior periods used for such purpose would be deducted from his maximum eligibility.

Q. May the wife or child of a veteran be granted hospital or domiciliary care by Veterans Administration because of the relationship to the veteran?

A. No. Admission to a Veterans Administration hospital or home is based on the service of a person in the armed forces and may be granted only to the persons who served.

Q. Is Veterans Administration issuing prosthetic service cards to amputee veterans?

A. Yes. Veterans wearing artificial limbs and who are entitled to repairs at Government expense may obtain a prosthetic service card. The card enables the veteran to obtain immediate repair service up to a limit of \$35 without prior approval from Veterans Administration.

Q. Is it possible for a disabled veteran taking vocational training under Public Law 16 to make a small loan from the Government?

A. Yes, but loans cannot exceed \$100 and they are made only to veterans approved for vocational

rehabilitation when the need is shown.

Q. Am I entitled to an increase in compensation if my service-connected disability has increased since compensation was allowed.

A. Probably. The rate of increase of compensation depends upon the increase in disability as shown by proper examination by a VA physician and evaluation under the rating schedule.

FEDERAL ALL-RISK CROP INSURANCE

Texas cotton farmers can help stabilize their 1947 income by applying at county ACA offices now for federal all-risk crop insurance, B. F. Vance, state director of the Production and Marketing Administration has announced.

All-risk insurance, which protects the cotton crop from all unavoidable hazards from the time that is planted until it is ginned, gives the farmers protection on up to 75 percent of the average farm yield. Insurance on cotton seed can be included at a 20 percent premium increase, Vance says.

"Every year farmers suffer enormous crop losses due to hazards over which they have no control," says the PMA director. "All-risk insurance gives them protection and assures cash income in case of crop failure."

During 1945, Vance explains, 57 different hazards caused crop losses to farmers. Cotton losses led the list with 42 different hazards taking their toll of crops.

While insured farmers collected indemnities, many farmers suffered total losses because their crops were not protected," Vance says.

Closing dates for signing applications are January 31 in the Gulf Coast, Panhandle, and South plains areas; February 15 in the Central Texas and El Paso areas; and March 15 in North Texas.

LIVESTOCK SHIPMENTS

Livestock shipments in Texas soared to 12,388 carloads in October with the end of meat price control, according to reports received by the bureau of Business Research of the University of Texas. The gain over September was 54 per cent with interstate shipments edging up slightly more than interstate shipments.

Compared with October 1945

Alice Reinheart, leading lady of the popular "Life Can Be Beautiful" serial, heard weekdays over NBC, was a concert pianist at 12, stage ingenue at 15, and now a young veteran of Broadway and radio drama. A radio headliner for fifteen years, she has been portraying Chichi in "Life Can Be Beautiful" since 1938.

total shipments of livestock last month were still down 9 per cent. Interstate shipments, however, were 5 per cent higher than a year ago while interstate shipments fell 12 per cent.

With the exception of sheep all types of shipments were heavier in October than in September of this year. Cattle shipments rose 86 per cent, shipments of calves 95 per cent, and hog shipments 145 per cent. Shipments of sheep were off 46 per cent for the month.

For the 12-month period from October 1945 to October 1946 total hog shipments showed the only increase, a gain of 8 per cent. Shipments of cattle were down 8 per cent, calves 10 per cent, and sheep 14 per cent.

Interstate cattle shipments declined 14 per cent last month from last year's total but interstate shipments of cattle went up 23 per cent.

BIRTH ANNOUNCEMENT

Mr. and Mrs. W. B. Tolbert have announced the arrival of a baby daughter, Judy Bernice, on Wednesday, December 4. Mr. and Mrs. Tolbert reside in Houston, and Mrs. Tolbert is the former Neva Gray of Munday.

Weekly Health LETTER

Issued by Dr. Geo. W. Cox
M. D., State Health Officer
of Texas

Austin.—The common disease, popularly known as athlete's foot, is said to be the third most common disease seen by skin specialists during the summer, and the fifth most common disorder in winter. It is due to a little mold-like growth or fungus which thrives best where there is moisture and warmth. Therefore the feet make an ideal place for the growth of this germ.

"To have athlete's foot, the infection must be gotten either directly or indirectly from someone else," states Dr. Geo. W. Cox, state health officer. "The most common places to contact the infection are around shower rooms, baths or bath houses, locker rooms, and other public places where persons go barefoot. And it is possible that at least one-half of all adults suffer from the infection at some

time." Dr. Cox suggested the following as some effective measures for preventing and avoiding recurrent attacks of athlete's foot:

1. After bathing, dry carefully and thoroughly the spaces between the toes.
2. Liberally apply a plain, un-scented talcum to those areas and sprinkle it freely in socks, stockings, and shoes.
3. Wear properly fitting hose,

that are absorbent but not too coarse.

4. Wear shoes that are not too high, nor too large. They should fit the foot comfortably.

The new tax medicine being mixed in Washington won't be as palatable, but do you know of a better country?

From where I sit... by Joe Marsh

A Grand American Tradition

The Cuppers had a grand old family reunion last week—for the first time since the war.

Big and little Cuppers came, by car and train, from as far west as Nebraska and as far east as Vermont. They crowded Dee and Jane's house, set up quarters in the barns, or stopped with neighbors—and a jollier gathering you couldn't have imagined!

I was asked to their final Saturday night supper, when they sang old songs, drank beer and cider, reminisced. Dark Cuppers and

blonde ones—Vermont accents and Alabama drawls—doctors and farmers... all with their differences of taste and politics, yet as close and harmonious in spirit as a group could be.

From where I sit, it's a great American tradition—not just family reunions, but the ability to get along as one harmonious family, regardless of differences of taste—whether it's taste for politics or farming, beer or cider.

Moguls Win—

(Continued from Page One)

except on the touchdown plays. Johnny Spann, who received a broken left leg in the Hamlin game on November 1, was on crutches with the Mogul reserves, rooting for his teammates in their victorious battle.

The starting lineups were as follows:

Munday: Joe Spann, left end; Jackie Moore, left tackle; James Cadwell, left guard; Howard Green, center; Kelton Tidwell, right guard; Joe Yarbrough, right tackle; Lloyd Haynie, right end; Bill Bouldin, quarterback; Gene Brown, left half; John Brown, right half; Clifton Swain, fullback.

Seymour: Buddy Powell, left end; Kenneth Keck, left tackle; Jerry King, left guard; John Badgwell, center; Manford Elliott, right guard; C. B. Plummer, right tackle; Bud Whitten, right end; Brian Hatter, quarterback; Terey Sam-sill, left half; Bob Harris, right half; Joe Vandever, fullback.

Mr. and Mrs. Chas. Moorhouse of Benjamin were here last Tuesday, visiting with friends and attending to business matters.

Mrs. G. R. Elland, Sr., returned home last week after an extended visit with relatives in Fort Worth, Dallas and Lamesa.

Mrs. Bob Jarvis left last Sunday for Brownfield for several weeks' visit with Mr. Jarvis, who is employed there.

Carl Mahan of Abilene was here the latter part of last week, visiting with relatives and friends and attending to business matters.

Mr. and Mrs. James A Rayburn of Seymour visited in the home of Mr. and Mrs. Paul Pendleton last Sunday evening.

Banquet Honors Football Team At Knox City

Knox City—To honor the football team of Knox City high school the mothers of members of the team hosted a banquet in the assembly room of the Baptist church Thursday evening. The team won district and bi-district championships.

Tables were decorated with footballs fashioned of cork burs. Plate favors were miniature football players with a football background. Programs were shaped like footballs.

Chad Wilson was master of ceremonies and invocation was by the Rev. Vernon Henderson. Mrs. C. B. Cape gave the welcome and Bob Hackfield responded. Music was by the Knox City high school orchestra and arranged by E. G. Parkhill.

Rudolph Hackfield, Ken Clonts, Donald Claussey, Richard Buckley and Jack Teaff spoke on, "The Game I Enjoyed Most," and Coach M. J. Schofield gave a short talk. The Rev. Vernon Henderson gave an address and benediction was by Supt. T. E. Holcomb.

Others attending were William Roy Baker, Bob Edwards, Hardy

Day, O. L. Knight, Donnie Carr, G. C. Cogburn, Tom Reynolds, Charles Coates, Jimmie Robinson, Robert Jones, Paul Green, Margaret Jackson, Clara Dean James, Betty Sue Teague, Virginia Buckley, Mary Bea Woodward, Jessie Brannon, Roxana Leonard, Gloria Gray, Carol Ann Armstrong, Laquita Hackfield, Patsy Yarbrough, Norma Whitten, Bertha Bailey, Mary Lou King, Mrs. Schofield, Mr. and Mrs. Chad Wilson, Mr. and Mrs. T. E. Holcomb, Mrs. Vernon Henderson, Mr. and Mrs. Charles Cape, Mr. and Mrs. Harper Knight and Mr. and Mrs. E. R. Carpenter.

Mr. and Mrs. A. V. Kemletz of Stamford spent a while here Saturday, visiting with Mrs. Kimletz' mother, Mrs. Louise B. Ingram. N. A. Chastain spent the week end in Spur, visiting with his wife and son, and attending to business matters.

Mr. and Mrs. Boyd Meers and Mr. and Mrs. Elmer Cude were business visitors in Wichita Falls
