

Kracker Krumb's

Odd Bits Salvaged
At Random

(By Aaron Edgar)

We took a chew of tobacco once!
They say sea-sickness is the sick-
est sick a fellow can have. Having
never been a seafaring man, we
don't know about that—but we do
know that tobacco sick is sure a
sick sick.

We lived neighbors a family, and
there was a boy some two years
older than we were. We were six,
going on seven, if our memory
serves us correctly. This particular
boy must have had a special pocket
put in his pinafore—if they wore
pinafores then—in which to carry
his Star Navy. We think he cut his
first teeth on a plug of that partic-
ular brand.

Anyway, we headed down the
pasture fence, beside the garden,
when he suggested that we join
him in a chew. We selected a limb
high up on a big mesquite tree, and
perched there to begin our chew-
ing operations. We wanted to see
the spit travel downward to the
ground.

It was quite a bit of fun, at first,
watching the brown fluid drop and
splatter on the ground below. But
pretty soon our stomach began to
feel like the Atlantic Ocean just
ahead of a big tidal wave—it was
disturbed!

We decided we'd better come out
of that tree before we fell out.
Our partner-in-crime noticed we
had begun to turn pale around the
gills, and he knew better than we
did what was about to commence
to happen!

He suggested that if we would
eat raw onions, we wouldn't get
sick—at least not quite as sick.
So we headed, lickety-split for the
garden.

The more onions we ate, the sick-
er we got, but we kept on munch-
ing them, without benefit of bread
or water. Then we got too sick to
eat any more!

The boy friend then began to
worry about the whipping that was
in store for both of us—the whip-
ping we'd get for taking the chew,
and the one he'd get for directing
our thoughts along that line.

But the whipping didn't worry
us a particle. We were worried
about whether we were going to
live, or die!

The best place for a sick boy to
be is home, so there's where
we headed. We thought the best
place to be was where someone
knew what to do for tobacco sick-
ness.

It didn't take Mom long to dis-
cover we were sick; in fact, just
one glance at us revealed the true
facts. And it didn't take her much
longer to wring the bitter truth
out of us. Her first question was:
"Have you been chewing some of
Jesse's old tobacco?"

We replied in the affirmative,
because that really was the only
answer. Mom threatened us with
wholesale murder, but treated us
with kindness because her diagno-
sis showed that a spanking right
at that particular time wouldn't
do our stomach a bit of good.

She fixed us a pallet on the cool-
est bedroom floor, where the soft
summer breezes would blow gently
through the window and over our
fevered brow. That was comfort de-
luxe, but our stomach kept turning
somersaults inside, and we couldn't
enjoy the comfort.

But after a while, things began
to quiet down inside us, and we
began to think about what Pop
would say and do when he came
in from the field for dinner.

We pretended sleep when he
reached the house, but we were
listening intently when he inquired
about what our trouble was, and
Mom told him the details. "Well,
here it comes," we thought, and
wondered if it wouldn't have been
better if we had gone ahead and
died.

Through the open doorway came
Pop's voice again. "The little ras-
cal," he says, "I ought to go in
there and just wear him out. And
if he wasn't so trifling sick, I'd
do it, too."

Goree Boy Is At Cavalry Post Tokyo, Japan

WITH THE EIGHT ARMY IN
TOKYO—Pvt. Floyd L. Reed, son
of Mr. L. J. Reed of Goree, Texas,
is now serving with the famed
fighting First Cavalry Division
which is on occupation duty in the
ten prefectures of the Tokyo-Yoko-
hama area. The First Cavalry
Division fought all the way from
Australia in the Pacific Campa-
igns of World War II, it was 1st
in Manila and 1st in Tokyo.

Stationed at Camp Drew with
the 99th Field Artillery Battalion
"1st. of the First to Fight", Reed
is in the communications section of
Headquarters Battery.

A 1946 graduate of Munday
High School, he entered the Army
an September 6, 1946 and received
training at Fort Knox, Ky.

Open Privies Are Cited As Health Menace

Citing the "open privies" in
Munday as an outstanding menace
to public health, members of the
City Council last week took steps
to have them cleaned up and se-
curely screened against flies.

A notice was ran last week,
pointing out that these privies are
in violation with city ordinances
and the State's health code.

Mayor W. R. Moore has an-
nounced that a survey will be made
soon to determine where such
health menaces are located in the
city, and then owners will be cal-
led upon to put them into sanitary
conditions.

"These open privies are by far
the one greatest health menace to
our city," stated the county health
officer. "It's not so bad to have
flies in summer if they do not have
access to such disease breeding
places."

A quick move to clean up these
places will avoid possible prosecu-
tion for law violations, it was stat-
ed.

MRS. A. J. KUEHLER IS HOME FROM HOSPITAL

Mrs. A. J. Kuehler has returned
home from the Knox county hospi-
tal, where she underwent treat-
ment for an attack of rheumatic
fever. She is reported progress-
ing satisfactorily, and wishes to
express her thanks and apprecia-
tion to all who were so kind and
helpful during her stay at the
hospital; also for the many greet-
ings, gifts and visits, especially
the spiritual bouquet by the Mothers
Society.

Mrs. W. A. Harris left the first
of this week for Little Rock Ark.,
for a visit with relatives. She
went at this time because of the
death of a cousin.

Mrs. L. L. Hendrix of Lubbock
visited Mrs. A. L. Horde and other
relatives here over the week end.

Heads Cancer Drive

Houston, Texas.—Former Gov-
ernor Coke Stevenson has been
named honorary chairman for the
financial drive of the Texas Divi-
sion, American Cancer Society,
by Frank C. Smith, Houston,
president.

April has been officially named
cancer month by an act of Con-
gress and a drive is being con-
ducted in 48 states to raise \$12-
000,000 for education, service and
research. The Texas goal is
\$12,210,000.

Cancer deaths have been on the
increase in recent years and it
is estimated that cancer is now
killing Americans at the appal-
ling rate of one every three min-
utes, 21 every hour and 184,000
every year.

Ex-Students Invited To McMurry Building

Abilene—County residents who
are members of the McMurry Col-
lege Alumni and Ex-students as-
sociation have been invited to re-
turn to the campus April 10 to
meet for the first time in a build-
ing which they sponsored and saw
opened this spring—the \$135,000
Iris Graham Memorial Dining
Hall.

It will be the annual spring
meeting for the association, and is
expected to attract several hun-
dred McMurryans, Dr. Bruce John-
son, Lorraine physician, and presi-
dent, said this week.

The new structure, said by edu-
cators and builders to be the fine-
st of its kind in Texas, handles a
peak load of 1,500 persons an
hour for meals, and seats 400 at
one time.

The dining hall was a project
of the association, and is part of
the \$1,750,000 building and endow-
ment campaign now nearly com-
plete. It was the first of five per-
manent buildings from this fund
to be completed on the campus.
President Hall, dormitory for wo-
men, will open this fall, and a
\$300,000 dormitory for men hono-
r-

in the Methodist men of West Tex-
as and New Mexico who died in
service, has been ordered to start
this month by the board of trust-
ees. Mrs. J. M. Radford, widow of
the late J. M. Radford, West Tex-
as merchant, recently announced her
intention to build a \$350,000
Student Life Center on the campus
this summer, the fourth of the
structures planned for the college.
The fifth, a fine arts building, has
not progressed beyond the archi-
tect's stage. Of the total cam-
paign, only about \$200,000 remains
uncollected on pledges, college of-
ficials said.

Munday Omitted From Schedule Of VA Representative

L. T. Nance, contact repre-
sentative of the Childress office, Veterans
Administration, was in town last
Thursday and stated that this was
his last trip to Munday. The town
has been omitted from the sched-
ule through curtailment of federal
funds.

Mr. Nance stated he is limited to
servicing only one town in the
county, and he will be in Knox City
on the fourth Thursday of each
month, from 9 a. m. to 3 p. m., for
the purpose of contacting veterans.
It was explained that Knox City
was more centrally located for
veterans of this area who might
want to contact the representative.
Curtailment of funds also limits
Mr. Nance to only one visit per
month to each county.

"Veterans whose National Ser-
vice Life Insurance has lapsed may
now re-instate this insurance by
paying only two monthly premiums
and without physical examination
if accomplished before August 1,
1947," Mr. Nance said. "This ex-
tension was made possible by Con-
gress now in session, which passed
a law February 21, 1947, extending
the above-named conditions."

Veterans having insurance prob-
lems may see Mr. Nance at Knox
City on the above-mentioned date
and hours. Any assistance to vet-
erans will be gladly given.

School Held On Maintenance Of Tractors

Jim Fuels, local 4-H Leader who
recently attended the tractor
Maintenance School at College
Station, Texas, held the first of a
series of schools in Knox City at
the Egenbacker Implement House
on March 28th in Knox City.

Attending the school was John-
ny McGaughey, president of the
Benjamin 4-H club with members
of the Benjamin club over twelve
interested in farm tractors and
Tom Buß Craft, president of the
Knox City Club with interested
Knox City 4-H members.
The boys reported to the County
Agent that they thought the meet-
ing a success and are looking for-
ward to the completion of the ten
exercises set up by the state head-
quarters for study.

KNOX LODGE WILL HAVE DEGREE WORK ON MONDAY NIGHT

Knox Lodge No. 851, A. F. &
A. M. will hold its regular meeting
next Monday night, beginning at
7:30 o'clock. Work will be done
in both the Fellowship and Mas-
ter's degree.
Refreshments will be served. A
cordial invitation is extended to
visiting Masons, and all members
are urged to be present.

ATTEND FUNERAL

Mr. and Mrs. R. L. Ratliff were
in Westover last Saturday after-
noon to attend the funeral of E. W.
Hamby, who died after a short ill-
ness. Mr. Hamby was a regular
attendee at the Munday livestock
auctions and was well known by
many local people.

County Men Go To Meeting Held At Paducah

L. W. Graham, Farm Labor
Coordinator, of Knox City, J. M.
Carpenter, County Agent, and Elda
Purl Laird, Farm Labor Clerk, at-
tended a district meet at Paducah,
Texas, on Wednesday morning,
March 26th.

District personnel heard speak-
ings by J. B. Kidd, Farm Labor field
Assistant, of Plainview, who spoke
on co-ordination of labor, trucks
and combines for the future wheat
harvest, which promises to be one
of the greatest in the nations
history. Following Mr. Kidd, Mr.
C. Hohn, State Farm Labor Super-
visor, of College Station, addressed
the group on policies to be followed
in the Farm Labor Program, and
final speaker Mr. J. A. Scofield,
District Extension Agent, of Dis-
trict III, told how Extension
Agents could help foster this pro-
gram in the big job ahead, of
what seems to be a record in both
wheat and cotton.

High Priest Of Texas To Visit Local Chapter

Jesse D. Cox of Melvin, Texas,
grand high priest of the Grand
Royal Arch Chapter Masons of
Texas, will pay an official visit
to this district on Wednesday
night, April 9, it was announced
here Tuesday.

The meeting will be held at the
Munday Masonic Lodge, with the
Knox Chapter No. 260, R. A. M.
being host at a district meeting.
Other chapters in the district are
Knox City and Haskell.

A cordial invitation is extended
for all Royal Arch Masons to at-
tend this meeting. You will enjoy
hearing Mr. Cox and associating
with Masons.

A local committee is preparing
refreshments for the occasion.

Auction Sale Is Active Tuesday

The Munday Livestock Commis-
sion Co. reports a good run of cat-
tle for last Tuesday's sale, with
all classes selling on a good, ac-
tive market at prices ranging from
steady to 50 cents higher than a
week ago.

Canner and cutter cows sold

SINGING CONVENTION IS SLATED FOR GOREE

The Knox county singing con-
vention will be held at Goree, at
the First Baptist church, on Sun-
day, April 6, at 2 p. m.
A good program of songs and
specials will be rendered, and the
public is cordially invited to at-
tend this song fest.

Last Rites For John B. Broach Held Thursday

John Burch Broach, well known
farmer and rancher of Knox coun-
ty, passed away at 12:10 a. m.
Tuesday, April 1, at the Knox
county hospital. Mr. Broach suf-
fered a heart attack a few hours
earlier. He had been in poor health
for some time and had received
hospitalization recently for a heart
ailment.

Born in Haskell county on March
19, 1904, Mr. Broach had resided in
this area all his life, and had been
a resident of Knox county for 41
years. He was 43 years and 12
days of age.

Although engaged in farming
and ranching all his life, Mr.
Broach also worked for a number
of local business firms.

Surviving him are his wife, Mrs.
Nora Broach, and two sons, John
Burch, Jr., and Edwin Broach,
all of Munday; his mother, Mrs.
P. B. Broach, Sr., also of Munday;
a sister, Mrs. Louise Ingram, Mun-
day, and two brothers, Fred S.
Broach, Munday, and P. B. Broach,
Jr., Paso Robles, Calif.

Funeral services were held from
the First Baptist church in Mun-
day at 2:30 Thursday afternoon,
conducted by Rev. W. H. Albertson,
pastor. Burial was in the
Johnson cemetery by the Mahan
Funeral Home.

Pallbearers were Revelle King,
Oscar Spann, J. L. Stodghill, Ray-
mond Ratliff, R. D. Atkinson, E. H.
Nelson, Joe Patterson and J. B.
Scott. Named as honorary pal-
bearers were Grover Jones, Jim
Reeves, Oates Golden, Bruce Camp-
bell, J. L. Ford, M. F. Billingsley,
Alex Jones, Ura Wilson, Chan
Hughes, Walter Coody, Alvin Reed,
Epp Wilson, and E. E. Akers.

Only 31 Votes Polled Tuesday

Three city aldermen were elect-
ed here Tuesday in an un-contest-
ed election, in which less interest
was shown than in any election in
recent years. Only 31 votes were
polled during the day.

Candidates for the post of alder-
men were: P. V. Williams, Travis
Lee and Wade T. Mahan. The
vote was: Williams, 31; Lee, 31,
Mahan, 30.

Election Judge C. L. Mayes re-
ceived one vote as a write-in.

HELP IN PROGRAM

Miss Barbara Jane Almanrode,
daughter of Mr. and Mrs. R. M.
Almanrode and student in Mc-
Murry College, Abilene, and Miss
Elizabeth Willis, also a McMurry
student, were in Rule last week
end, where they assisted in a re-
creational program at the Rule
Methodist church on Sunday.

Mr. and Mrs. Almanrode went to
Rule for the program and were
guests in the home of Rev. and
Mrs. Lloyd Hamilton.

Addition To Harrell Building Being Constructed

Work is progressing nicely on
the addition to the Harrell build-
ing in Munday, and it is expected
to be completed just as rapidly as
possible.

This brick structure is being
constructed on the rear of the
building in which Harrell's Hard-
ware and Furniture store is locat-
ed. It will house the John Deere
tractors and implements, the parts
department, and service depart-
ment.

This will make the Harrell build-
ing complete in every respect.

Munday Boy Win Scholarship In Contest

Randell E. Walling, son of Mr.
and Mrs. R. J. Walling of Mun-
day, was one of the five young
men engaged in 4-H Club work
who have proved themselves out-
standing in cotton production ef-
ficiency and have been certified as
winners in the 1946 statewide con-
test conducted by the Texas Ex-
tension Service and sponsored
since 1937 by Anderson, Clayton &
Co.

Each of the winners will receive
a \$100 scholarship in agricultural
education to be used at one of six
Texas colleges: Texas A. and M.
Texas Tech; John Tarleton Col-
lege, N. T. A. C., Arlington; Texas
College of Arts and Industries,
Kingsville, or Sam Houston Teach-
ers College, Huntsville.

The club member's record of
achievement is rated on the follow-
ing points:

1. Fitting cotton into a balanc-
ed farming program.
2. Practicing soil improvement and
conservation.
3. Selecting a proven and tested
variety.
4. Utilization of labor.
5. Increased production by con-
trolling diseases and insects.
6. Harvesting and ginning for
high grade.
7. Selling on grade and staple
and variety value.
8. Yield average production per
acre as compared to similar land
on the same or adjoining farm.

Regarding Walling's achieve-
ment, the March issue of Acco
Press says:

Randell Walling is a veteran cot-
ton grower, and won his scholar-
ship with the fifth consecutive
crop grown as a 4-H Club project.
A member of the Sunset 4-H Club,
Randell lives on a 400-acre farm,
is a senior in the Sunset high
school, and finds time for partici-
pation in football, basketball,
baseball and track.

His cotton project last year was
five acres on upland sandy loam,
wheat land which was flat broken
deep and early, then disked before
planting; Acala cottonseed was
planted, and the yield was approxi-
mately three-fourths of a bale to
the acre. Expenses were low,
since no fertilizer was purchased
and it was not necessary to poison
for insects, and \$4.20 for seed,
\$4.00 for gasoline, and \$28.00 for
ginning were the only expense
items, a total of \$36.20.

Receipts from 2,000 pounds of
lint cotton were \$440.00, and cot-
tonseed brought in \$87.50, giving
a total receipts of \$527.50. Ran-
dell received a net return on his
labor of \$491.50 with his award-
winning crop. E. O. Dunkle, Knox
county agriculture agent, says that
"this boy has practiced the improv-
ed methods of cotton production."

Local Youth To Hold Special Easter Service

The local Methodist youth will
hold a sunrise Easter worship ser-
vice at the Munday Methodist
church next Sunday morning. The
service will be held on the church
lawn.

In addition to having parts in
the regular services of the day, the
youth will close the day's activi-
ties with a fellowship hour at 7:30
p. m. Sunday in the church base-
ment.

A number of young people who
will be home from college for
Easter are expected to be present,
and visitors are welcome to the
social hour.

GOREE AUXILIARY TO GIVE PIE, CAKE SALE

OPEN PRIVIES MUST GO!

Open privies in Munday must go—they should have been gone a long time ago.

These open, unsanitary privies are by far the greatest menace to the health of Munday people than any other one thing. This is not our opinion, merely, but a statement made a few days ago by our county health officer.

The City of Munday ran a notice last week that all outdoor privies must be made to comply with the city's ordinance governing same. This notice is going to be backed up by action.

Notice is being given that those who have such unsanitary conditions on their premises must begin to "put their house in order". Soon a survey will be made to determine just where these health menaces are.

If an outdoor privy is necessary, local officials urge that they be completely screened against flies and made as sanitary as possible—and just as soon as possible.

Action will be taken soon. It's up to all of us to help do away with such conditions that menace our health!

WHY FIRE LOSS IS RISING

The National Board of Fire Underwriters recently analyzed the causes of the disgraceful and menacing increase in fire loss in the United States—a loss that came near the \$600,000,000 figure last year. The following principal reasons were cited:

1. The increased value of property, merchandise and large inventories.
2. The use of substandard housing.
3. Overcrowding of buildings, with a resulting strain on electrical circuits and heating plants already in disrepair because of wartime shortages.
4. A tendency to build factories and other high-value properties in outlying areas where water supply for fire fighting purposes may be inadequate.
5. Shortages of fire department equipment.
6. A great increase in carelessness at the end of the war.

Most of these causes of fire are correctable. Substandard housing must be prevented by local building and safety ordinances. Communities will soon be able to obtain needed fire equipment. Adequate repair and maintenance of electrical and heating facilities can be obtained now. The last cause, human carelessness, is probably the most important—and it is likewise the most indefensible. So long as we take chances with this great destroyer, lives and property will continue to be needlessly sacrificed. That is the message which must be brought home to all the American people.

Many experts in the automobile industry are scolding down past estimates of potential consumer demand for cars. Reasons are: First, high prices are driving buyers out of the market; second, the

MEDICAL CARE AND THE PUBLIC HEALTH

There is confusion in many minds as to the relationship of medical care to the public health—and this confusion is undoubtedly responsible for considerable public support of incredibly costly government "health insurance" schemes which would force everyone to pay for it whether the service was desired or not. One authority described that relationship in these words: "Medical care is only a part; and by no means the most important part of the problem of health. Medical care is the care of the sick and injured. Health consists in not being sick or injured, and depends almost entirely upon sanitation, hygiene, safety factors, health education, good nutrition, good housing, adequate clothing, sound working conditions, and the control of patent medicines and the cults."

So far as medical care is concerned, it is available to almost everyone. Voluntary prepayment plans bring first class service, in which the patient may choose his own doctor, within the reach of workers and families at a cost which is usually less than \$5.00 per month. There is undoubtedly a relatively small group of completely indigent people who are not able to obtain sufficient care now—but this deficiency may be corrected through government aid without creating a gigantic bureaucracy which would cost four to six billions a year, create a medical monopoly, and place political appointees in positions of sweeping power over the practice of the healing arts.

The public health can be improved only by preventing those things which cause sickness and accident. It is a delusion to suppose that bureaucratic domination of medicine, which is the first step toward socialization of medicine, would do anything except undermine the initiative and will of doctors to learn.

"UNLIBERAL INSTITUTION"

"In principle, the closed shop in American industry is about the most reactionary and unliberal institution that we have ever developed. No liberal who believes in individual freedom can regard it as anything else because it turns over to an outside agency—the union—absolute control over an individual's right and opportunity to work at his chosen occupation and earn a living for his family. . . ."

"If a man isn't free to earn a living by working, the other freedoms aren't likely to last very long."—Senator Joseph H. Ball, Minnesota.

estimates were probably excessively optimistic in the first place.

Some think you will be able to buy just about any new car you want by the end of the year, without waiting. Others place the return of the buyers' market a little later. The selling prices of used cars are shrinking, and overstocked dealers are definitely worried.

Elegant Fashions

HOLLYWOOD, CALIF.—This is a season of lavish and elegant fashions with every woman taking great pride in her appearance and working out the details of her wardrobe with care. Along with her grand manner clothes, she finds precious jewels a necessary accent. Frances Gifford, MGM player, with her diamond necklace set in precious white palladium typifies this fashion note. A narrow band goes across the back with two bands enclosing the throat at the front with an additional loop of diamonds caught at intervals by five graduated teardrops. A perfect adornment for a decollete gown.

Some Advantages of A Co-operative Stock Ownership

Stock ownership is the keystone of our system. It has made the Land Bank and National Farm Loan Association possible. It has supported this type of credit through 30 years of dependable service for the specific benefit of farmers and ranchers.

The purpose of the Land Bank farm and ranch loans are not a side line to some other activity, but has its one reason for existence—the opportunity and obligation to furnish credit trimmed and tailored for this one purpose.

The member-owner influence dictates the type of loan which shall be made and the type of service which shall be given it while it exists.

The associations own all the stock in the Federal Land Bank of Houston, and this co-operative ownership should be pointed out as the greatest single asset of this system, and in so doing we add strength and dignity to those who serve through the years as directors, members, and officers of the Baylor-Knox N. F. L. A.

In 1946 the stockholder members received 10% in dividends, which reduced interest paid on loan balance to 3.38%.

**Derald G. Gray,
Miss Elma Lowe
Marry Saturday**

Announcement was made this week of the marriage of Derald G. Gray and Miss Elma Alene Lowe, who were united in marriage last Saturday evening at 7:30 o'clock.

Rev. J. R. Bateman read the marriage vows at his home in Munday.

Both young people were reared here and are well known in this area.

Mrs. Gray is the daughter of Mr. and Mrs. E. E. Lowe of Munday. She completed high school with the class of 1945, and attended Texas Tech at Lubbock for one year where she was a member of the Los Vivi sorority.

Mr. Gray is the son of Mr. and Mrs. R. D. Gray. He also attended the local schools, and is now employed at the Munday Truck and Tractor Co.

The young couple plan to make their home in Munday.

**Bob Billingsley,
Juanita Jackson
Marry Wednesday**

Mr. and Mrs. C. B. Jackson of Throckmorton are announcing the marriage of their daughter, Juanita, to Mr. Bob Billingsley of Munday.

The marriage ceremony was performed on Wednesday afternoon, April 2, at 4 o'clock in the home of the bridegroom's parents, Mr. and Mrs. M. F. Billingsley of Munday. Rev. Don R. Davidson, pastor of the First Methodist church of Munday, read the marriage vows.

Mrs. Billingsley came to Munday recently from Throckmorton and has been employed at a local cafe.

Mr. Billingsley was reared in Munday and attended the local schools.

The newlyweds will make Munday their home.

Earl Sams of Benjamin was a business visitor in town last Monday.

Mrs. George Martin and little son, Jerry, visited with relatives in Lamesa several days last week.

Miss Jeanette Campbell of Fort Worth and Mr. and Mrs. Gordon Stone of Stanton visited with relatives and friends here the latter part of last week.

Local W. S. C. S.**

The Methodist women met last Monday morning at 10:30 o'clock in the church for an all-day spiritual life program. Mrs. Gill Wyatt, who gave "Welcome to Fellowship", was the leader.

The Lord's Prayer was repeated in unison, after which "Our Father" was rendered by Mrs. Oscar Spann. Prayer for the world was led by Mrs. M. B. Bounds, and Mrs. P. V. Williams gave "Forgive Our Sins."

Mrs. D. E. Holder, Sr., gave "Thy Kingdom Come," followed by a solo, "Open My Eyes," by Mrs. T. C. Merrell. Intercessory prayer was led by Mrs. Davidson.

The pastor gave "Opportunity for Sharing", and as Mr. Bellinghley played soft music after each member signed a prayer covenant.

At noon a covered dish luncheon was served, being followed by a pleasant social hour.

Present were Miss Shelly Lee and Meses. Bob Morris, T. L. Thompson, Don Davidson, S. A. Brown, J. C. Rice, M. B. Bounds, W. F. Phillips, T. C. Merrell, S. E. McStay, D. E. Holder, M. F. Billingsley, G. S. Wyatt, Oates Golden, Oscar Spann, David Crockett, J. C. Borden, P. V. Williams and J. R. Bateman.

Mr. and Mrs. Edgar Beecher of Shallowater spent the week end here with their parents, Mr. and Mrs. E. Beecher, and Mr. and Mrs. J. O. Bowden.

Mrs. Roy Jones, nee Edith Trimble, of Woodson has returned home after visiting her sisters, Meses. Charles Kallsback, C. E. Jones, E. F. Payne, and with old friends here.

Polka-Dot Favorite

POLKA DOTS are always good for spring . . . and here's a two piece rayon crepe mix-match outfit that will be a favorite. It's smart, serviceable, and easy to care for. Wash by hand in lukewarm water and mild soapsuds and rinse until water is clear. Helpful tips on getting long wear from the clothes you like are included in the free leaflet, "How to Care For Rayon Fabrics." Get your copy by sending a stamped, self-addressed envelope to the woman's department of this paper.

Easter Clearance Sale

In order to make room for a large shipment of finished monuments arriving within the next few weeks, we are forced to move some of our present stock. Therefore, effective April 15, we are giving a TEN PERCENT discount on all finished marble and granite monuments, markers and coping shown at our display yard on the Wichita Falls Highway, two miles east of verson.

Present market conditions do not justify this sale. All indications point to higher prices later this spring, but we must make room for shipments arriving soon.

Make your selection early—while our stock is complete. This is your opportunity to make a double saving on that memorial work you plan to have erected before Memorial Day—May 30. If you are not ready to have your work delivered, a deposit will hold it for you.

Our representatives in Munday are Mr. & Mrs. A. U. Hathaway, Telephone 69.

An editorial, "Politicians and Glass Houses," from the Nolan County News:

Some state officials, in and out of Texas, continue to talk about the bureaucrats in Washington. They overlook the fact that there exists in Austin—or in the capital of any state—bureaucracies probably as vicious as those they condemn in Washington, only those operating in state capitals may be on a lesser scale than those existing in the national capital.

Nearly every community in the state has had some experience with the bureaucrats that exist in their state capitals. Any project planned by a community which may rely on and require state participation, usually requires the community to engage in a bit of political feigning to attain.

Too often the accepted practice has been for a community to send a delegation to the state capital to see the particular department involved in the proposed plans. The delegation is made up of the most influential persons in the community. They go armed with a "brief" to back up their requests. If the delegation is "influential" enough, their "brief" will be given "Favorable" or "due" consideration.

No matter how well known the community's problem may be—nor how beneficial it may be to the entire state, chances are that the particular state department's interest in the program will be in proportion to how much political influence the community, or its delegation may have.

There are few instances of a community receiving substantial financial aid from state departments without requests are made by a delegation of citizens. Before we can cast stones at the bureaucrats in Washington, we ought first to consider those living in

glass houses in our own state capitals.

HEFNER NEWS

(Mrs. E. J. Jones, Correspondent)

The Fifth Sunday meeting of the North Colorado Association convened at Friendship Baptist church here on Friday night, March 28, and continued through Sunday afternoon. Several church representatives discussed business of the association.

The editor of "Baptist Progress", Dallas, was here, renewing subscriptions and getting new ones for the paper.

Good singing and fine sermons were enjoyed, and three deacons were ordained in Friendship church, namely: A. L. Haskin, Paul Brogden and C. M. Railsback. The old ones are: C. E. Haskin, A. S. Haskin, Joe Tidwell. The Hefner community is encouraged by these good services.

The Hefner home demonstration club met at the home of Mrs. J. T. Murdock on Tuesday afternoon for their regular business

session. Spring is here, which is welcomed by everyone. Early feed and gardens are getting along nicely now.

MUNDAY LUMBER CO.

Weekly Health LETTER

Issued by Dr. Geo. W. Cox
M. D., State Health Officer of Texas

Austin—Some timely advice to vacationists concerning the proper precautions to be used in water sports now that swimming pools are open, was released from the State Health Department today by Dr. Geo. W. Cox, State Health Officer.

Vacation days are apt to include excursions and picnics at nearby lakes, rivers, and ponds of unfamiliar depths and currents, and sometimes without the usual lifeguard supervision associated with bathing beaches and commercial swimming pools.

"Swimming and water sports are beneficial to good health provided one's physical condition justifies this type of exercise," Dr. Cox asserted; "nevertheless, they possess dangerous possibilities if the rules of safety, through carelessness or thoughtlessness, are disregarded."

The State Health Officer outlined the following simple rules for bathing and swimming in safety: when swimming, be alert and careful of unknown depths and currents; at least one hour should elapse after a meal before entering the water; upon the first indication of fatigue, come ashore and call it a day; if you become chilled, leave the water immediately; do not enter the water when overheated; learn to float, this is most important; never attempt to rock a boat in a spirit of fun; never swim in water that may be polluted. Swimming close to or even a few miles below sewage outlets is inviting the possibility of acquiring disease.

"Excursions, picnics, and swimming parties contribute much to a healthy, happy, normal life, which is always desirable," Dr. Cox said. "It is by no means advisable to illuminate these excursions from our summer program, but it is important that they prove beneficial and not disastrous."

A nickle alloy wire, 1-3 the thickness of human hair, is so fine that a pound of it will stretch more than 80 miles.

Number of livestock on farms in the United States declined during 1946 for the third successive year.

Silage Is Good Feed Insurance

College Station—Some of the best feed insurance a West Texas farmer can have is a few tons of good silage, says Bailey County Agricultural Agent D. W. Sherill.

The type insurance the county agent is talking about is well-illustrated by the eye-to-the-future policy of Herschel L. Thomason, former of the Pettit community, Bailey County. Last fall, Thomason bought 200 tons of hegari from a neighbor and dug a trench silo that would hold it. Over-all cost of the silo full of good feed was \$1,000.

Feed prices being what they are now, Thomason estimates his "feed insurance" silage to be worth at least \$2,000, or \$10 a ton. County Agent Sherill says that the stockman has the choice of selling the feed at a good profit, or buying more cattle and feeding it out. At any rate, he has the hegari where it won't spoil, won't burn, he eaten by rates nor peppered with West Texas sand.

Sherill believes that more farmers "would do well" to plan a feed crop that will give them a silo full of insurance next fall.

"My Pop knows when everybody gets up!"

No, Tommy's Dad is not a snooper. It's part of his job to know what time you and your neighbors start turning on lights, ranges, shavers, percolators and toasters in the morning. For these all call for more electricity, and he's the man who tells the power-plants when to send more current through the wires.

TRAFFIC COP OF THE ELECTRIC LINES
If a bad storm breaks, Tommy's father detours your electricity, so storm damage won't black out your community. If tomorrow will be colder, or cloudy, you'll need more current . . . he'll have it ready. Whenever you and your neighbors and the factories in your town are using a lot for lights and heat and appliances, he sends more into the wires. When the town sleeps, he orders less. As a **Load Dispatcher**, he holds one of the most important jobs in your electric company.

NEXT-DOOR NEIGHBORS TO EVERYBODY
are these helpful men who see that you get all the low-cost electricity you want, when you want it. They have to know the hour-by-hour needs of every neighborhood . . . and that's where they draw on the intimate knowledge of the community that the electric company has gained over many years. It's the skill and experience of electric company people like Tommy's Dad—and the common sense business methods they use—that have built up for Americans the most and the best electric service in the world.

The Methodist Church
Sunday:
10:00 Church School
 A class for everyone with a prepared teacher and a friendly fellowship.
11:00 Morning Worship.
 Good music and enough ritual to dignify the service and yet leave you freedom to worship in your own way.
5:45 p. m. Youth Fellowship
 A meeting for Youth with informal program but a chance to learn of Christian Living and Christ.
6:30 Vesper Service
 An informal preaching service for the strength and blessing that comes to those who "go a little father".
 It is our earnest desire to minister as Christ leads us to do. Your life will be richer if you will seek the ministry of your church. We will be happier to know that you are getting that ministry. We offer you the service of the most important business in town but we have nothing to sell.

On this Easter Sunday our Morning Worship service will offer parents an opportunity to dedicate their babies to God in the first part of the program. Long ago Hannan took her babe to the House of the Prophet of God or Jehovah. Later Joseph and Mary took their God-given child to the temple for dedication. This is a service where parents acknowledge before God and man their obligation to their child and to which parents can refer with pleasure when talking with their children after they are old enough to understand it. Then the child is glad that he or she was dedicated to God even as a babe.

WHOLESALE—RETAIL

Rev. J. R. Bateman Expresses Thanks

Just a very few of the many things I have to be thankful for: Cooperation in the church work. We have had two good days of late. On March 20, we had Bro. Butler, our pastor from Throckmorton, to give us a lecture on the Holy Land, and refreshments were served in the basement of the church. It had a good report and was helpful and enjoyable.

Then last Sunday, March 30, we had our pastor from Munday to hold our quarterly conference and preach for us after dinner was served in the basement of the church. This was a great day, and we hope will be of lasting good.

Monday, March 31, I was called to the Baker-McCarty store and dressed up from head to toe by the men's Sunday school class of the Munday church. If you fail to recognize me when I come out wearing this, I will tell you who I am.

There are the few things I have to be thankful for. May I take this privilege to say that I am indeed thankful to each and every one who had any part in bringing these things to pass.

Church school at 10 a. m.; preaching at 11 a. m. each Sunday at Union Chapel church.
 Respectfully yours, as of yore,
 J. R. Bateman.

How Many Is a Million?

The nation's Methodists are trying to visualize a million. The 16 months emphasis on evangelism of their "Crusade for Christ" has surpassed its goal, having brought into the churches 1,950,889 new members; 567,233 on confession of faith, 483,656 by transfer.

During the same period 894 new churches have been organized and declining church (Sunday) school enrollment trend has been reversed, showing a gain of 458,896.

Here it is! Your beautiful ultra-modern new Gas range that gives you the best in cooking results with no old-time cooking cares.

No clock watching—complete oven dinners cooked automatically by a simple clock control.

No guesswork—automatic thermostat sets and keeps any oven temperature from 250° to 550°.

No "half-baked" cakes—oven is ventilated so that heat circulates evenly on every level.

No "stewed" steaks—a Gas broiler really broils...flame-seals rich red meat flavor.

No lingering after-heat—cooler top-of-stove cooking with the flame that's out the second you turn it off.

No waiting around—top burners instantly light to high heat.

No messy cleaning—burners won't clog from boilovers. Pan bottoms stay brighter.

And remember! The one sure way to get all these advantages of modern Gas cookery . . . is to look for this "CP" seal on any "make" Gas range before you buy!

Veterans' News

The National Retail Lumber Dealers Association and its affiliates are sponsoring 30-day courses in 14 colleges and universities to train veterans under the G-1 Bill for positions in the retail lumber and building material fields.

Purpose of the training program is to gain critically needed replacements for thousands of employees who left lumber and building material yards during the war for the armed forces and war industries.

The 30-day course covers four main topics: building products, general business procedures, construction and estimating, and miscellaneous subjects.

New sessions will begin April 7 at Southern Methodist University, Dallas, and Louisiana State University, Baton Rouge, La. Other schools beginning courses at that time are Massachusetts State College, Michigan State College, Ohio State University, Georgia Tech and College of Pacific.

Other schools already holding classes and planning to repeat them later in the spring are University of Illinois, New York State College of Forestry, Purdue University, University of Washington, City College of New York and University of Southern California.

Veterans wishing to enter can write either to the school or to the nearest state or original association of the National Retail Lumber Dealers Association.

Three hospitals in the Dallas Branch Area of the Veterans Ad-

ministrations have been designated as Plastic surgery centers, Dr. Lee D. Cady, Branch Medical Director, has announced.

They are VA hospitals at McKinney, Texas, and New Orleans, El Paso, Texas. The latter is available when VA's facilities are overtaxed, Dr. Cady said.

Some of the finest plastic surgeons in the country are available to veterans at these centers through agreements with Southwestern Medical School, Dallas, and Tulane and Louisiana State University medical schools.

Dr. Cady said it contemplated that the center at McKinney will be moved to the VA hospital in Dallas at a later date for the convenience of both veterans and plastic surgeons engaged in the VA medical program.

FIXING UP the HOME
By Diane Greeter

Kitchen Is Food Laboratory
I LIKE to cook, but all the joy is taken out of this most interesting of household tasks if I don't have the proper equipment and tools to do the job. Then, too, I must have everything within easy reach and the kitchen has to be so arranged that I can keep every working surface clear and clean without too much trouble.

I clean things and put them away as I go along. It's no fun to finish the interesting part of the job and then have to buckle down to wash-

ing up a lot of messy pots and pans, dishes and bowls.

I like to look upon my cooking as laboratory work and each recipe an experiment in chemistry. A good cook knows what chemical reaction takes place in a mixture with the addition of each ingredient and it is fun to work out new combinations. When proper mixtures are achieved, it is an easy step to convert them into palate teasing foods by the application of what the chemists call "thermal treatment." This means heat and heat means cooking.

Cooking with gas is easy, whether you are in the city or country. The country gas is even richer and hotter than the city gas. It is delivered in cylinders (bottled gas) or in a tank truck just as it comes from the refinery. They call it LP-Gas, but dealers all over the country have it under a wide variety of their own trade names.

They are VA hospitals at McKinney, Texas, and New Orleans, El Paso, Texas. The latter is available when VA's facilities are overtaxed, Dr. Cady said.

Some of the finest plastic surgeons in the country are available to veterans at these centers through agreements with Southwestern Medical School, Dallas, and Tulane and Louisiana State University medical schools.

College Station—Present record high prices for most farm products and continuing cool, damp weather over most of Texas may prove a tough combination for farmers in making decisions on planting this spring, according to C. H. Bates, farm management specialist of the Texas A. and M. College Extension Service.

Bates points out that many farmers will likely aim at early crops to take advantage of high prices and in doing so may sacrifice thorough seed-bed preparation and miss good stands of early grains, cotton and other crops.

Although farm labor and machinery are somewhat more plentiful this spring than last, says Bates, some items are still scarce, including good planting seed and fertilizer. Crop and livestock production costs will be higher this year than at any time on record—fifty

per cent greater than in 1920 and two and a half times as high as 1938 costs. And the experts are predicting that a decline in prices is "most likely" by late summer or early fall.

What does all this mean? The farm management specialist says it means that each acre of crops must produce as high as possible in 1947, so farmers can cut down costs per bushel, per bale, or other crop unit. This, in turn, calls for good stands from best adapted crop varieties, use of the best fertilizers available, and proper tillage and harvesting methods.

Bates believes it will be the wise farmer who has enough seed on hand for planting, if necessary, but who has his seed-bed in condition to save high price seed and ferti-

lizers.
More and better machinery for crop production and harvesting is appearing on the market, says Bates, and use of these usually aids in getting profits, especially when margins may be narrowing, as appear certain for this year.

Washington News Letter

By Congressman Ed Gossett

Washington, D. C., March 28—The House this week passed two major bills that were bitterly debated. First, an appropriation bill for the Labor Department and the Federal Security Agency was passed which \$79,000,000 from the bud-

get request of \$1,068,000,000. Funds for the National Labor Relations Board were cut in half.

On Friday the House passed H. R. 1, the Knutson tax reduction bill, by a vote of 274 to 137. The bill provides a 30 per cent reduction in taxable income up to \$1,000; 20 per cent in incomes up to \$302,000, and a graduated reduction ranging to 10.5 per cent on still higher incomes. Representative Knutson says it will reduce government income by \$3 and one-half billion, while Senator Taft contends it will reduce Federal income by \$5 and one-half billion. It seems to me the bill's worst feature is one making reductions retroactive. If the bill becomes law, the Treasury Department will have to issue millions of checks refunding billions of dollars. One democrat declares the Republicans plan to have these checks in the mail about election time in 1948.

Our sub-committee has been flooded with hundreds of private bills which seek to stay the deportation of various aliens. We sat for several hours this morning and disapproved all such bills presented. Among bills rejected this morning were the

following: A bill by Mr. Peterson of Florida to legalize the entry of four migrants known as the Singer Midgets, who came here from Czechoslovakia many years ago and who have been acting in circles ever since (they have been here under visitors permits); a bill by Mr. Hefferman of New York to legalize the entry of a Rumanian couple who came here in 1940, and who came in—as have many other—by paying \$130 to a boatman to slip them across the Niagara River just above Niagara Falls in the dead of night; a bill by Mr. Walter of Pennsylvania to legalize the entry of two Chinamen who came here from a torpedoed freighter just off the Virginia coast in 1942; a bill by Mr. Shafer of Michigan to legalize the entry of an Italian who came here at the age of eleven and who was convicted of selling narcotics when he was eighteen, who has been twice deported but has twice returned, is married to an American, and has his own business in the City of Detroit.

We have had to turn down numerous bills to legalize the entry of seamen who jumped their ships and remained in this country. Other bills rejected would permit stowaways to remain in the country. We must not reward or encourage illegal entries into the country. Under existing laws merchant seamen who have served on American vessels, or vessels flying the American flag, for as long as five years are permitted to enter this country over and above quotas. A committee of the Maritime Union (one of our most radical and troublesome organizations) has been bringing in thousands of these alien seamen because they are not chargeable to immigration quotas. I will introduce a bill on Monday which seeks to plug up this hole in the immigration dike.

Many religious and charitable organizations are now joining in a high-pressure campaign to bring into this country hundreds of thousands of additional refugees. Their misguided patriotism could be very harmful to America. We do not want our country infiltrated with those who will become a drain upon her resources or who might

The following incident is related by way of comic relief. I was flying into Washington this week on a big four-motored plane operated by American Air Lines. Thirty minutes out of Washington the weather became exceedingly bad and the ship began to buck. Most of the passengers became ill. Just behind me was an old grey headed negro who obviously was making his first flight. He lost his breakfast and was quite agitated. After a few minutes I asked him how he was feeling. He just shook his head and said, "Mighty pore pilot, mighty pore pilot." He will doubtless stick to automobile hereafter.

M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 19th day of May A. D. 1947, then and there to answer Plaintiff's Petition filed in said Court, on the 31 day of March A. D. 1947, in this cause, numbered 4519 styled City of Benjamin Plaintiff vs. W. C. Reed, his unknown heirs and legal representatives, all unknown heirs and legal representatives and all unknown lien holders Defendants.

A brief statement of the nature of this suit is as follows, to wit: Suit to collect taxes, interest, penalties and cost on the following described property. Lots 1 and 2, Block 200 Original Benjamin, Knox County, Texas. The amount of taxes, alleged to be delinquent, due, owing and unpaid for the respective years and in the respective amounts for said plaintiff on the above described property is as follows: City of Benjamin, taxes due, \$8.10; years delinquent, 1929 through 1946; To Whom Assessed: W. C. Reed. Together with penalty, interest, cost, charges and expenses of suit, which have accrued and which may legally accrue thereon. Each party to this suit shall take notice of and plead and answer to all claims and pleadings now on file or thereafter filed in said cause by all parties therein. Plaintiff, intervenors and defendants that are taxing units also seek the establishment and foreclosure of the lien securing payment of such taxes as provided by law, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs. Issued and given under my hand and the Seal of said Court, at office in Benjamin, Texas this 31 day of March A. D. 1947.

Attest:
Opal Harrison Clerk,
District Court, Knox County, Texas
(Seal) 38-4tc.

Kemgas Delinted Recleaned, Graded and Treated With Ceresan At The Munday Kemgas Plant

This method is recommended by the Texas Experiment Station and the USDA for controlling the germs of cotton diseases on seeds and insect pests in seeds; saving chopping expense; reducing losses from root rot; improving and hastening germination and increasing yields.

Kemgas Delinted Seed Are Planted With Corn Plates At the Rate Of 5 To 7 Pounds Of Seed Per Acre.

Tractors plant more per acre as there are few steps to refill with seed and no fuzz and trash to choke planters, cause skippy rows, and delay planting operations while the boxes are being cleaned.

Kemgas delinted seed come up quicker and grow off faster enabling cultivation a week earlier.

Soil Analysis Made Recently

Wichita-Brazos Soil Conservation Supervisors were recently informed that a limited number of soil samples will be taken in the district for complete laboratory analysis to determine the kind and amounts of fertilizer to use under soil improving crops for best results. Soil Conservation Service technicians assisting the district will take these samples in the near future to enable them to make definite fertilizer recommendations to land owners.

the kind of fertilizer needed, but will also determine the organic present needed. The organic matter analysis is as important, if not more so, than the amount of fertilizer that is needed. Analysis already received indicate some very interesting things that possibly we have not given much thought to heretofore.

For the present, samples will be taken in eight groups of soils. Much more is needed, but at the present time facilities are limited for doing this work. Numerous requests have been received for such assistance by the District Office.

Rites Of Pioneer Merchant Held At Knox City Saturday

J. H. McLain, 92, pioneer merchant of Knox City, passed away at the home of his daughter, Mrs. Cora Forman, at Corpus Christi last Thursday.

Funeral services were held at the First Christian church in Knox City at three o'clock last Saturday afternoon, conducted by Rev. Ralph Underwood, pastor, assisted by Rev. Vernon Henderson, pastor of the Methodist church. Burial was in the Knox City cemetery.

Mr. McLain was born in Arkansas on July 29, 1855, moving to Texas at an early age. He moved to Knox City in 1907, where he became one of the first merchants of the town.

Survivors include four daughters: Mrs. Forman, Mrs. Zuma Weaver of Corpus Christi; Mrs. Alice Gound, Wilaco; and Mrs. Roy Smith of Knox City; two sons, John of Texas City, and Rufas McLain of Weslaco.

Conally And Jester To Speak Jefferson Day

U. S. Senator Tom Conally and Governor Beauford H. Jester will be the principal speakers at the Jefferson Day Democratic rally and banquet in Dallas April 6.

High state officials and members of the 50th Legislature have been invited to be guests at the banquet which, according to State Campaign Chairman Robert L. Clark will be the largest in recent years.

Democratic National Committeeman Col. Myron C. Blalock declared the people of Texas are rallying to President Truman "who has proven by positive action in recent crises that he is a true champion of Democracy."

Col. Blalock said many county chairmen already have raised their quotas of the fund with which to finance the committee's activities pointing toward the 1948 presidential campaign.

Mr. and Mrs. Philip Jones and family of Grand Prairie have returned to their home after a week visit here with the J. H. Lambeths and with relatives at Gorse.

Miss Dixie Atkeison of Lubbock visited her parents, Mr. and Mrs. R. D. Atkeison, over the week end.

Mrs. E. A. Jones and Mrs. C. E. Jones were business visitors in Wichita Falls last Monday.

Mrs. Pauline White is visiting her father, W. A. Harris, this week.

DANCE AT RHINELAND

A dance will be held at the Community Hall in Rhineland on Tuesday, April 8, beginning at 8:30 p. m. Music will be furnished by the Dixie Playboys. Everyone is cordially invited to attend.

FIXING UP the HOME

Educational Material Available
IF YOU are thinking of moving to the country (and most city folks seem to be in that frame of mind today) you'll be interested in a booklet that came to our house a few days ago. It has no advertising and tells in straightforward way the story of how a home in the country can have the same modern gas cooking, gas refrigeration, automatic gas water heating and gas room heating as is used and enjoyed by city dwellers.

For the benefit of farm families, it also tells how gas can be used on the farm for poultry brooding, milk house sterilization and other farm production jobs. The name of the book is "The ABC of LP-Gas." LP-Gas is the general name for the liquefied gases, butane and propane, which most of us know as "tank" gas or "bottled" gas. The booklet can be obtained, free, by writing the industry's headquarters, Dept. B.M., the Liquefied Petroleum Gas Association, 11 South La Salle Street, Chicago.

If you are planning on building, or remodeling, a home in the country, I suggest that you get this booklet and read it while making your plans. Many associations and manufacturers are producing similar educational material. For the cost of a few penny postals you can get them. They may give you a lot of money saving ideas.

Bugs In the Budget

By GEORGE S. BENSON
President of Harding College
Searcy, Arkansas

DID YOU KNOW that income of the federal government for the next fiscal year will be nine times, maybe ten times, what it was in the boom period of 1929? It will be at least seven times the receipts the federal government had in 1939. Weak nation it would be, indeed, that could not balance a peacetime budget with the receipt side of the ledger at enormous peacetime highs.

Just to balance the budget during boom times, however, is not enough. We must retire debt and reduce taxes. Looking at another angle, the federal government wants to spend more than four times as much as it did in any year of the Thirties, when deficit spending was in the habit-forming stage. Has it now become fashionable for our government to spend all it can get? Have we forgotten that the more we spend the more we shall have to tax?

Begin IF WE CAN'T, under At Home favorable conditions of high employment and prosperous trade, get hold of ourselves long enough to retire our national debt and cut our taxes, at what future time do we expect to do so? Is our budgeting so out of hand that Congress cannot gain control over it? Or is the public thus unmindful of the trouble we're in for under a tax load required by the spending of \$37,500,000,000 annually?

Both the President and the Congress have given evidence of honest desire to keep the expenditure side of the budget down. But the pressures that are applied from every direction call for spending more money. As a people, we shall have to exert great moral fortitude at this time if we expect an about-face in a spend-

ing philosophy grown almost traditional. We need not complain to the government for being spendthrift, if at home we insist upon being spendthrift about our pet projects. Economy begins first at home.

Examine ALTHOUGH the war Everything has been over nearly two years, your government wishes to spend more in the next fiscal year alone than was spent during the whole of World War I. Of course, this is a dangerous era, and no one wants to hamstring our national defenses. The whole nation wants the occupation program to succeed. But more efficiency and the least possible waste of manpower and money should be the order of the day.

As late as November the War and Navy Departments were still employing more than a million civilians. Spending in every department, military or non-military, should be studied carefully. Everyone knows it is easier to keep on spending government money than to retrench. This is just as true of the national defense. Despite warnings of what may happen, Congress will do well to examine these expenditures.

Trimming down expenses is not an easy task for Congress. Snail's progress will be made unless the people make themselves heard. A big and wasteful budget now, carrying with it a tax penalty upon the enterprise of our people, could do much to start us down hill toward the kind of economy Russia has. Most Americans, I believe, would rather be allowed to spend their own money than have the government spend it for them.

Activities Of The Colored People

Service was well attended Sunday at the Church of God in Christ. Five were added to the church. Rev. T. L. Young of Wichita Falls is lecturing and preaching this week at the church. Everyone is invited to come and hear this great speaker.

Rev. Young has written a book of the colored race, "A New Day and a New Negro."

Service is also being held a few nights at Scott Chapel Methodist church, with Rev. Kinney of Colorado, Texas, doing the preaching; also the pastor, Rev. J. L. Taylor, is present.

An Easter program will be given Sunday morning at West Beulah Baptist church, also Sunday night at Scott Chapel.

We had an interesting meeting last Thursday night at P. T. A., and plans were made for the closing program on April 14.

The Munday colored community chest is going to give a banquet on April 8 at the colored school, which has been in operation since December, 1945, yet has a good treasury, and asking for more members. Come to the school and get the details of it on April 8.

Mrs. G. R. Eiland returned home last Saturday from several day's visit with relatives in Dallas and Fort Worth.

Mr. and Mrs. John M. Edwards, Jr., of Seymour were Sunday guests in the home of Mr. and Mrs. Dan Gillingsley.

Mr. and Mrs. A. B. Warren visited with Mrs. Warren's mother, Mrs. J. W. Medley, in Haskell last Sunday.

Mr. and Mrs. M. J. Jones and family of Sunset attended church here Sunday and visited with friends in the community.
