Odd Bits Salvaged
At Random

(By Aaron Edgar)

We have a note coming due, and there's a little matter of interest to be taken care of, too.

If sixty of our good readers—we doubt if this column has that many—will come in and pay up their subscriptions within the next 30 days, we can take care of that obligation. We know where we can get the remaining \$3.33.

And that goes for next month, and the next, and the next, etc., ditto, and-so-forth, as long as you wish.

Take a "gander" right up at the top of this page, where your name is printed, and look at the date. If it says 4-5-47, your subscription expired last Saturday, and you are reading this on credit! If that's the case, fork over that two bucks and help us out on the above-mentioned detail.

As Pop Davy says, "Are you going to do something—or are you going to act a rascal?"

Folks have been cleaning up considerably lately. Most every person was out in his front yard last week, cleaning, and raking, and digging and burning—maybe cussing a little, too!

As we went home the other evening, smoke from smoldering fires could be seen almost everywhere. Kinda reminded us of when a freeze threatened and smudge pots were lighted all around a fruit orchard.

We're making some progress on cleanup. The front yard burning activities are showing results. Let's keep it up until we've done a thorough job at cleaning up this year.

A visitor from a neighboring town was here several days ago—right after the boys at Munday Truck and Tractor Co. had cleaned the dirt from around the curb at their place. "By George," he says, "that pavement does extend on down to the curb!"

Wouldn't it be wonderful if visitors to our town could make that discovery in front of all our business houses? It would help their opinion of our town, and would help our drainage situation, too. That dirt stacked up curb high obstructs what little drainage we do have.

The above was plumb good reading last Saturday when it was written and put in type. Dad burn! How did we know that Doyle Pyett was going to bring his workers over here and clean up our curbs for us?

Our alley up home has our nomination for the worst residential alley in town. But the boys who operate the city truck did decide last week that hauling off our cans would help the situation some. It did!

Now we need to do a little hoe and shovel work out there, and most of you need to, too.

Some more "smudge pot" fires on the trimmings from our hedges and trees, or maybe a lot of hauling off, will help the situation. Once everything is cleaned up, it wouldn't be so hard to keep that way. But we do need to "gird our lions" and get at the job.

"Our Vanishing Schoolteachers" is an article in April issue of Readers Digest that everyone should read. It deals with those who love school teaching as a profession but who can make gobs more money in other lines. It's a pretty good smack at what's wrong with the teaching profession in Texas.

We know some legislators down at Austin who should read it, too.

It's true that raising teachers' pay would likely cost us in taxes, but the chances are that we'll be paying dearly in a few years for our failure to pay our teachers a living wage.

Congratulations to the 31 people who voted in the city election!

Supervisors Of Hog Improvement Are Selected

Jack Idol, Pitzer Baker, C. C. Browning, and Russell J. Penick have volunteered their services as supervisors in the Knox County Hog Improvement Program sponsored by the Sears Foundation. Under this program a group of eight registered gilt pigs and one registered boar pig will be given to 4-H boys over the county. To qualify the 4-H boy must have written an essay to show his knowledge of proper care of swine and his interest in the improvement program. He and his father must have signed an agreement stating that they are willing to care for the gilt or boar and will give the best sow pig from the gilts first litter to another 4-H club boy next year. Also the 4-H club boy agrees to show his gilt in the County Show this coming fall. In 1948 the club boys will select three of the pigs from the litter and feed them as fat hogs, and show them at the County show that fall. The winners in the County Show, in 1947 and 1948, will exhibit their swine in the District Show, to be held at Wichita Falls, Texas.

Prizes will be given by the Sears Foundation in the Fall of 1947 in the form of money to be used in the purchase of hog lot equipment, to each of the boys declared winners to receive one of the registered pigs.

When the pigs of each gilt's first litter reach the age of 56 days a prize will be given the boy whose litter weighs the most. In 1948 the boy having the best group of three fat hogs will be given noteworthy prizes in the county as well as the District Show.

The boy receiving the boar pig will service the boys receiving the gilt pigs free of charge; then the boar pig becomes the boy's own property for use as he sees fit. Prizes will be given to each boy, according to his placing in the District Show at Wichita Falls.

4-H boys over the county are now getting in their final agreements for the contest, and the prize winners will be announced by the committee in the very near future.

4-H Tractor Clinic Held

Jim Puts who recently received a trip to College Station to study farm tractors with expenses paid by Standoline Oil Company, held the first of a series of meetings in Munday on Wednesday, April 2. 4-H boys from Sunset and Munday attended this tractor maintenance clinic from 4:00 to 5:30 p. m. at the Munday Truck and Tractor Company Equipment lot.

Exercise set up by state headquarters on safety, use of the tractor manual and the fuel system were studied.

The boys reported that they liked this type of open-air instruction with the equipment before them to check as the program was studied, and are looking forward to the completion of the ten planned studies.

Coffee Shop To Close Monday For Repainting Job

Sam Luster, who operates the Hotel Coffee Shop, announced Wednesday that the cafe will be closed one week, April 14 through April 20, for repair work and repainting.

The interior of the building will be thoroughly gone over during this period, giving it a cleaner and more attractive appearance.

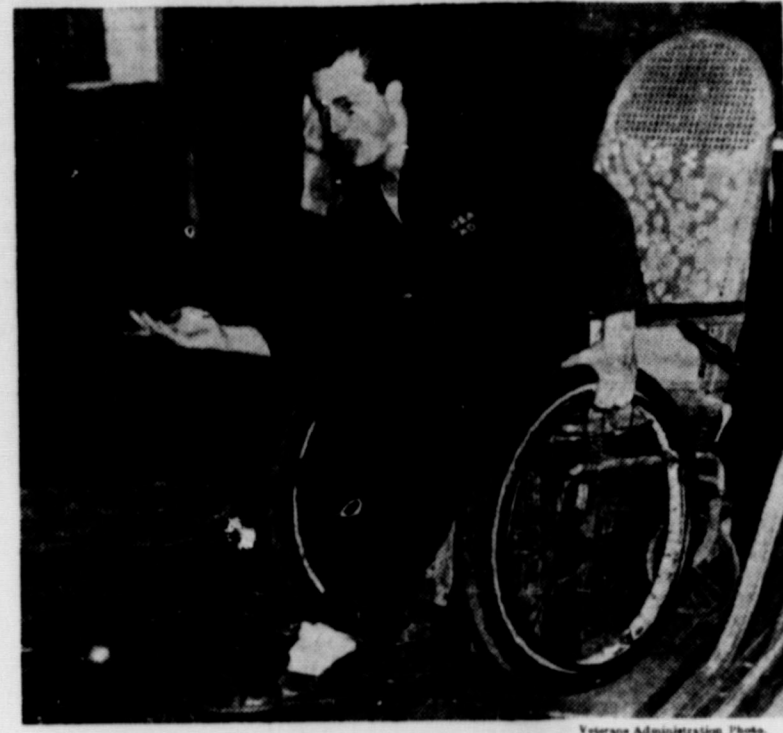

Mr. Luster said that good foods and efficient service will be continued when the cafe opens again on Monday, April 21.

COMMISSIONERS IN CONFERENCE AT AUSTIN ON ROAD MATTERS

Knox county commissioners, L. A. Parker of Benjamin, O. L. Knight of Knox City and George Nix of Goree, left last Tuesday for Austin on business matters pertaining to the lateral roads of Knox county.

They expect to spend about a week in conference with the Texas Highway Commission and other highway officials.

Wheel Chair Bowler

Although paralyzed from the waist down, Jim Tomlinson of Comins, Kans., has developed into a star bowler at Winter Veterans Administration Hospital in Topeka, Kans. Here he demonstrates how he brakes his wheel chair at the end of his approach to the alley. Several other paraplegic patients at the hospital bowl regularly.

County Vocational School For Veterans Sets Up Office In Munday

The Knox County Vocational School moved its headquarters from Benjamin to Munday, April 3. The Veterans Administration and the county Vocational board felt as though it would serve more veterans, as 80 per cent of the Veterans are in this area. The Veterans Administration feels as though their first obligation is to the Veteran, and the Vocational School deals directly with Veterans.

There are now two hundred veterans enrolled in the Vocational School with nine full time instructors and co-ordinator.

April 1, a new class was started in Gilliland, Texas. Mr. Penick, who had been at Vera, is teaching the Gilliland class at present. Mr. J. C. Shockey of Munday, is handling the Vera class temporarily.

Mr. Shockey is a graduate of A. and M. and Ex County Agent.

The Vocational School and board want to thank the County Judge and Commissioners, and the other county officials; the Munday Chamber of Commerce; the public schools of the county; and the Merchants; and business men of the county for the fine co-operation they have given the school.

Mr. Ray Willis, County Service Officer will be in Benjamin, Monday, Wednesday, Thursday, and Friday. On Tuesday he will be in Munday. If you want to put in a claim of any type, insurance, leave pay and all other problems, Mr. Willis will be glad to handle it for you.

Annual Muster Of A & M Club Is Slated April 21

The A. and M. Club of Haskell, Jones, Stonewall, and Knox Counties will hold its annual muster April 21 at 6 p. m. at the Bunkhouse of the Texas Cowboy Reunion grounds at Stamford.

Tickets may be obtained from the muster program committee: J. B. Reneau, Jr., Munday; G. C. Carothers, Jr., Stamford; R. B. Dooley, Aspermont; J. Weldon Young, Haskell. The music will include a barbecue supper. All ex-Aggies from the four counties are cordially invited to attend and help make definite plans for the organization and future meetings of the club.

Local Druggist Goes To Hospital

Leland Hannah, well known local druggist who has operated the Eiland's Drug Store here for over 20 years, was taken to the Knox county hospital last Monday night, suffering from internal hemorrhages.

Mr. Hannah's illness was quite sudden and came as a surprise and shock to his many friends here. Several blood transfusions were necessary to save his life.

Doctors report that the hemorrhages have been stopped, and Mr. Hannah is reported to be resting well. His friends wish him a speedy and complete recovery.

County Council Meets Friday At Benjamin

The Knox county Home Demonstration met at 2:30 p. m. Friday, April 4, in the assembly room of the county courtroom at Benjamin.

Roll call was answered by six clubs, and all representatives from the club present except one reported they were continuing with the programs and demonstrations as outlined in the yearbook.

Mrs. R. M. Almanrode asked for the history of each club, as she is writing a history of all home demonstration club work in Knox county.

An auction sale is planned for the council meeting in May, and each club member is invited to come and bring, or send, an article to be auctioned.

Haskell county home demonstration clubs have asked Knox county's clubs to meet with them at Leuders, Texas, for the annual encampment.

Hefner club furnished entertainment for this meeting. A reading was given by Gloria Murdock, and two piano selections were rendered by Delores Mobley. The marketing chairman, Mrs. Lee Snailum, reported pineapple will be about the same price as last year, and orders may be sent in after May 25.

Country Club Members To Meet Friday Night

Wade T. Mahan, president of the Munday Municipal Country Club, has called a meeting of all club members for Friday night of this week.

The meeting will be held at the Mahan Funeral Home, beginning promptly at 7:30 o'clock. Officers for the new year will be elected at this time, and plans will also be laid for summer golf tournaments and other activities. All members of the club are urged to be present.

Miss Mary Francis Howard visited with relatives in Cisco last Sunday.

School Board Cites Need For More Money; Election Called For April 22

At a recent meeting of the Munday school board, a number of school patrons and heads of some of the town's civic organizations met with board members to discuss the present and future financial needs of the school.

Due to the greatly increased costs of operating the schools, it was decided by a unanimous vote to petition the school board for an election to increase the tax rate from \$1.00 to \$1.50 on the hundred dollar valuation.

It was decided that the rate raise would benefit the school more than raising the valuation, due to the fact that the school would get to keep only 50 per cent of each dollar gained by raising the valuation, but by raising the rate the school would benefit 100 per cent on the dollar gained.

The date for voting on this important decision has been set for Tuesday, April 22.

If voters favor this change in rate, the local board has pledged itself to use this additional revenue for three definite things: To retire an additional amount of old high interest rate bearing bonds; to purchase a new school bus, and to buy some needed equipment for the school rooms.

Over 200 schools in Texas have already voted this rate increase, it was explained, and several of the larger taxpayers in this district have already indicated this is the practical thing to do. Some expressed regrets that it had not been done several years ago, as they thought the school had suffered through lack of funds.

The school board is very anxious for all of the voters to have all facts concerning the present financial condition of the school, as well as those concerning the proposed rate change. The individual members welcome any question regarding these matters.

Softball Team To Open Season

The Munday softball team, sponsored by the Munday Junior Chamber of Commerce, will open its 1947 season next Monday night at 8 o'clock, when they play the Seymour team on the Munday diamond.

The local field has been improved during the past few weeks, with new lighting system installed over the field and new grandstands added that will furnish seats for all who desire them.

A softball league has been organized, which is comprised of seven teams at the present time. They are: Munday, Seymour, Knox City, Goree, Vera, O'Brien and Rule.

Two games will be played each week during the season, and it is expected that a full schedule of the league will be published in next week's paper.

Blacklock Begins New Brick Building

Excavation and foundation work was started this week on a new brick building which, when completed, will house the Blacklock Grocery.

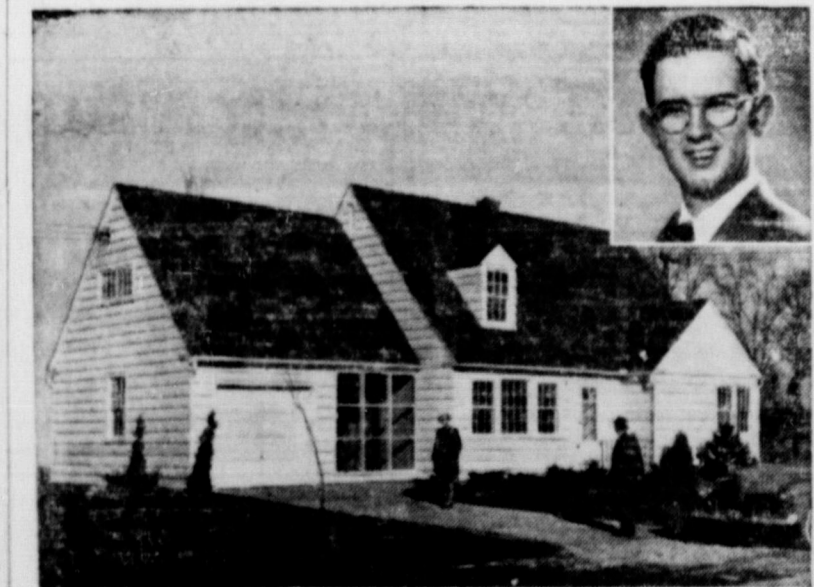

The building is being erected on lots just south of the present location of Blacklock Grocery. The structure will be of brick, with plate glass front. The building will be 50x60 feet.

Mr. Blacklock stated Wednesday that the new structure will afford him about one-third more room than his present location. Construction work will be rushed to completion as rapidly as possible.

MUNDAY CLUB TO HOLD FOOD SALE SATURDAY

The Munday Home Demonstration Club will hold a food sale on Saturday, April 12, at the Reid's Hardware Store. Pies, cakes, butter, eggs and chickens will be the main items for sale.

This sale will begin at 1 p. m., and the public's patronage is cordially invited.

THE HOUSE THAT JACQUES BUILT—One veteran's answer to the housing problem—he built his own home, and didn't pay a cent for his materials! Lucky Jacques Brownson (inset) of Aurora, Illinois, was furnished plans, instructions and all materials by the editors of Popular Mechanics Magazine to help them prove a pet theory—that any man who can build a table lamp or a bunk-bed could build his own house if given simple step-by-step directions. Now the magazine is publishing a book which the editors claim will enable anyone to build the same house, Jacques and his bride moved into the house on March 29.

Seymour To Be Firemen's Host

The spring meeting of the West Texas Firemen's Association will be held at Seymour on Thursday, May 22, Fire Capt. Dick Phillips of Wichita Falls, vice president of the association, announced last week. He stated that from 10 to 20 Wichita Falls firemen would likely attend.

Firemen from over this area will attend, some representing their departments as delegates.

Olin Culberson, Texas railroad commissioner and secretary of the Texas State Fire Fighters Association, is scheduled as one of the principal speakers for the one-day meet.

Clark Gresham of Burkburnett is president of the group, and John E. Robinson of Archer City is secretary. Seymour was host at a semi-annual meeting in 1942, while the last meeting was in September, 1946, at Olney.

Grid Schedule For Moguls Announced

Supt. W. C. Cox announced Wednesday that the 1947 football schedule for the Munday Moguls has been completed. Games scheduled are as follows:

- Sept. 12, Coleman at Coleman.
- Sept. 19, Seymour at Munday.
- Sept. 26, Rule at Rule.
- Oct. 3, Throckmorton at Throckmorton.
- Oct. 10, Anson at Anson.

CONGRESS CAN'T SEE THE FORREST

There is an old French proverb which concerns man's inability to see the forest because of the trees. That has happened to Congress in its dealings with proposed labor legislation. It sees the need for handling details of the problems, such as the jurisdictional strike and the secondary boycott. It certainly has almost completely missed the one great basic issue—which is the closed shop.

So long as the closed shop exists, labor abuses will exist. So long as the closed shop exists, the tyrannical power possessed by ruthless union heads over union members will exist. So long as the closed shop exists, men who do not wish to pay tribute to a union, and men who do not agree with policies laid down by a union, may be turned out of their jobs, by union edict to the employer.

Senator Ball, who is certainly no enemy of labor nor friend of rapacious capital, summed up the issue when he said: "The closed shop in American industry is about the most reactionary and unilateral institution that we have ever developed. . . . If a man isn't free to earn a living by working, the other freedoms aren't likely to last very long."

It has become an established principle that every man shall have the right to join a union if he so desires—and that employer shall not tamper with that right under pain of severe penalties. It must become an established principle that every man shall have the right not to join a union if he so desires, and still keep his job—and that any labor group which tampers with that right shall be subject to equal penalties. A government which protects workers against the abuses of industrial management but does not protect it against the abuses of union management is doing only half the job. That is the real labor issue which confronts the country now.

A SORRY BARGAIN

Proponents of Federal compulsory sickness insurance, as projected by the pending Wagner-Murray-Dingus Bill use as one of their principal arguments the fact that some 30 nations have comparable plans in effect, some of them of long duration. But, as A. M. Simons has pointed out in the Christian Science Monitor, "No favorable evidence drawn from the working of such systems is ever presented. No unprejudicial visitor returns from any of these systems with praise for its operations or vital statistics of its accomplishments in improving the health of the people insured."

A great many experts have studied the operation of compulsory sickness insurance abroad, notably in England. Practically all of them have reported that doctors are overworked and are unable to give the ordinary patient the degree of individual attention he should have. And some English authorities have themselves come up with unfavorable testimony. For example, the Regional Medi-

THE TRAGIC RECORD

Each month the National Board of Fire Underwriters issues factual reports on fire losses. And each month the facts recorded in these reports become more startling—and add a new and inexcusable chapter to the history of carelessness and ignorance.

In February, for example, fire loss set a new high record of \$64,247,000. This marked an increase of almost a quarter—24.1 per cent—over the same month in 1946. It was 12.4 per cent above the January loss. And it is the highest figure recorded by the National Board since it began tabulating monthly figures in 1929.

This, it should be emphasized, is direct, calculable loss only. The indirect loss is far greater. It is found in lost opportunities, in the destruction of critical materials which are difficult to replace, in reduced business, in interrupted employment. These factors have a blighting effect on the whole economy.

Worst of all is the toll of human life which fire takes. Each month, on the average, close to 1,000 human beings die in fire or from burns resulting from fire. No death is more horrible—none is more unnecessary.

The President's conference on fire prevention, which is to meet in the nation's capital in May, will deal with facts like these. It will attempt to arouse the people to the dangers and their solutions. And it will be working for the health, safety and security of us all.

cal Officer of the Department of Health for Scotland has observed that it was felt that England's National Insurance Act would "have some effect not only in diminishing the amount and duration of disabling illness," but would prove to be "an important preventive element." Instead, he found that both the number of cases of illness and their average duration had increased.

Compulsory government health insurance, in short, would cost our tax-burdened people four to six million dollars a year—and in return for that would get a system of bureaucratized which has not been successful for anywhere it has been tried. That would be a sorry bargain indeed.

The rising business mortality rate indicates that the time when any kind of enterprise could make money is about over. A great many fields have been over-crowded, and badly financed outfits just can't hang on. The experts think the rate may go much higher.

Paster (to Sunday School Class): "What are the sins of omission?"

One little girl timidly raised her hand. "I think they're the sins we should have committed and didn't, sir."

Washington News Letter

By Congressman Ed Gossett

Washington—The House is in virtual recess from now until Wednesday since many members wished to return home for Easter.

Among bills passed in the House this week was the so-called First Deficiency Appropriation Bill. Included in this bill were two items involving controversial programs, to-wit—the School Lunch Program and the Crop Insurance Program. Six million dollars was appropriated to make up a deficit in the school lunch program until June 30. The bill carried \$20 million to make up a deficit in the crop insurance program. Most of this money to cotton farmers in Texas in settlement of last year's contracts. Most members of Congress think it impossible to work out a sound crop insurance program. The present crop insurance program is sure to be drastically changed and probably discontinued altogether. Under existing law, the responsibility for the school lunch program will gradually be shifted entirely to the States.

While one cannot always believe everything he reads or hears, I was distressed this week to see a

report from Manila saying that military supplies stored there in the amount of \$623 million had been looted and stolen until only \$100 million remained. In 1944 I offered an amendment which was written into the Surplus Property Act which made the destruction of surplus property unlawful. Thereafter we began to receive numerous reports of the destruction of much good equipment, particularly in the overseas theaters. Numerous officers of the Army and Navy were summoned before our committee

and all of them denied that any such destruction had taken place or was taking place. The Committee then insisted that overseas surpluses be either sold or brought back. This the services promised to do and displayed specific orders to that effect. Captain Lydell Hart, an eminent British military critic, once said, "The only thing harder than getting a new idea into the military mind is getting an old idea out." He might have added, "or to get a military mind to admit fault or error."

In the so-called Philippine Rehabilitation Act of 1946, passed in the last Congress, we appropriated \$400 million for the payment of compensation to Philippine residents for war losses. In addition to this, we authorized an outright gift to the Philippine government of \$100 million in surplus property then located in the Philippines.

Now it appears that neither the armed services, nor the War Assets Administration, nor the Philippine Rehabilitation Administration are complying with the Acts or the intent of Congress but instead have permitted the loss to thieves of most of our surplus now in the Philippine Islands. Perhaps we should give the rest of this stuff to the Philippine government and call our account settled. Furthermore, American officers who have made money out of this situation should be sent to the penitentiary for long terms, and I shall so demand.

I am just in receipt of clippings from the Daily Texan, published at the University of Texas, reporting that 200 students in that school have formed a chapter of the NAACP—National Association for the Advancement of Colored People. This is further evidence of how easy it is to sow the seeds of dissent and radicalism in the minds of youth, especially college youth. The NAACP is well infiltrated by Communists. Instead of serving the cause of the negro, this association is now hurting the cause of the negro. Its true character is revealed by the activities of the negro, Marion Sweatt, who has been seeking to enter the University Law School. When the Texas legislature recently created a separate negro university law school with a faculty and opened it for admission, M. Sweatt did not appear. He and the NAACP are still insisting on the right of himself and other negroes to enter the main University. Their program is to stir up strife and discord. There are many organizations in our colleges of today that cooperate with

such programs. A sage once said, "If a boy is not a socialist at 19 something is wrong with his heart; if he is a socialist at 40 there is something wrong with his head." But even at 19 most boys should have more judgment than some of these college students seem to display.

And That Ain't Hay —Or Is It?

I guess all of us secretly hanker, from time to time, for the good old days and the good old-fashioned pleasures. Leastways, Buddy Richards done a thriving business reviving the thriving hayride.

With a team of horses, and a stout straw-bedded rack, Buddy can take as many as thirty adults—at fifty cents a head!

Two or three times a week they start from Town Hall, and go out along the river; stop for a friendly glass of beer at Shoreside Tavern;

and come home by way of Pound Ridge . . . nine miles in all.

Not very exciting, you might say. But from where I sit it's not excitement that we need these days—but those simple country pleasures that are part and parcel of America—the old-fashioned hayride, with its song and jollity; the horseshoe game; the friendly glass of beer; and the good companionship that they engender.

Some Advantages of A Co-operative Stock Ownership

Stock ownership is the keystone of our system. It has made the Land Bank and National Farm Loan Association possible. It has supported this type of credit through 30 years of dependable service for the specific benefit of farmers and ranchers.

The purpose of the Land Bank farm and ranch loans are not a side line to some other activity, but has its one reason for existence—the opportunity and obligation to furnish credit trimmed and tailored for this one purpose.

The member-owner influence dictates the type of loan which shall be made and the type of service which shall be given it while it exists.

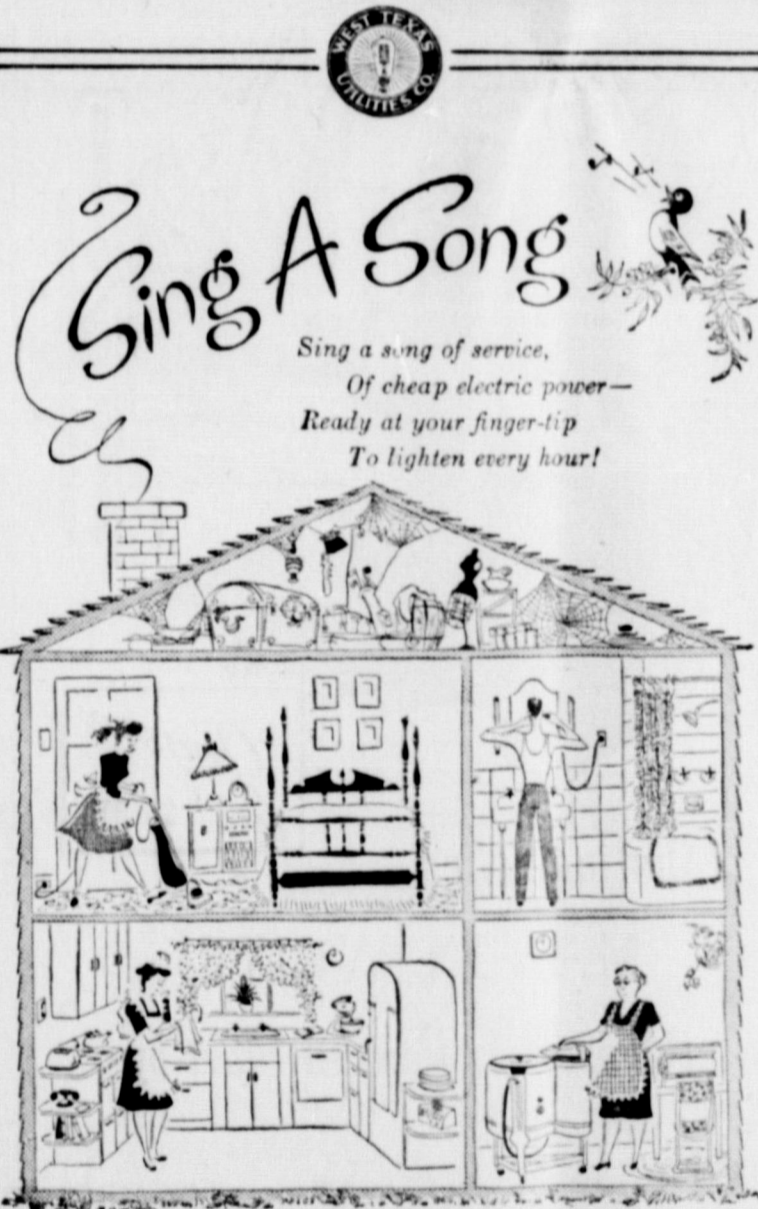

The associations own all the stock in the Federal Land Bank of Houston, and this co-operative ownership should be pointed out as the greatest single asset of this system, and in so doing we add strength and dignity to those who serve through the years as directors, members, and officers of the Baylor-Knox N. F. L. A.

In 1946 the stockholder members received 10% in dividends, which reduced interest paid on loan balance to 3.38%.

MOTHER'S in the kitchen, dreaming up a meal. Grandma's in the laundry, busy washing clothes. Dad plugs in his razor, and whisks off his whiskers. Lights shine, the radio plays merrily, and Sister skims the cleaner across the bedroom rug.

This is a house with dozens of servants—dependable, willing electric servants—ready day and night to make work easier and life more comfortable. This is living the modern way—the electric way!

Yet how little it costs! Grandma can spin the dirt from six heaping tubs of wash—for only a penny! A few more pennies get Mother through her meal and Father through his beard, too. Sister can clean that rug and five others like it before her cent's worth of electricity is used up.

Dollar values for penny prices—that's the story behind every electric switch in your home. That's our song of service!

West Texas Utilities Company

Announces Details of \$20,000,000 Price Reductions

Details of the recently announced International Harvester policy of making price reductions to save users of our products approximately \$20,000,000 a year have now been worked out.

We have reduced prices on 163 models. These cover 12 basic models of farm tractors, 123 basic models of farm machines, 16 basic models of industrial tractors and engines, and 12 models of motor trucks, as well as certain motor truck attachments. The new lower prices are effective as of March 10, 1947.

These reductions were made not because of any decline in demand, but because we believe nothing is more important to this country than to lower the prices of the goods people buy.

While prices have not been changed on all products, we have made reductions wherever possible, in the amounts possible. Prices of many of our most popular products have been substantially lowered.

Altogether, more than half of the company's customers will be benefited by the reductions, which range from 1% to 23.8% and from \$2.50 to \$300 per item, based on list prices, F.O.B. Chicago.

Since the people have demanded that the government withdraw from price control in peacetime, the responsibility to keep prices in check is back where it should be—in the hands of business and industry. The business outlook makes it possible for us to move toward the goal of lower prices, and we have felt a duty to act as promptly as possible.

Our ability to maintain these lower prices will depend on the supply and price of materials we buy from others and on uninterrupted production at reasonable wage levels.

The prices listed here carry out our announced policy that "Any price is too high if it can be reduced."

Announcement Of Wedding Of Miss Anna Mulroy Made

Announcement was made recently of the marriage of Miss Anna Mulroy, daughter of Mr. and Mrs. M. E. Brockner of Rhineland, to Mr. Joseph Simonz.

The wedding took place February 4 in St. Anastasia church in Waukegen, Ill., with the Rev. Joseph Garrity officiating. Attending the couple were Mr. and Mrs. Clarence Hoff.

Mrs. Simonz was reared at Rhineland and attended the Rhineland schools. She completed her high school work in Austin, then entered nurse's training. She has been employed as a nurse in a Waukegen hospital for the past 19 years.

The couple are making their home at 618 S. Elmwood ave., Waukegen, Ill.

Mr. and Mrs. R. M. Almanrode and daughter, Barbara Jane, visited with Mr. and Mrs. L. S. Partridge and with Mrs. Almanrode's mother, Mrs. W. A. Horton, at Gainesville, over the week end.

Mr. and Mrs. J. B. Grauman were business visitors in Dallas the first of this week.

Rosemary Hertel Urban Bellinghausen Wed On Tuesday

A beautiful post-Easter affair at St. Joseph's church in Rhineland was the wedding on Tuesday morning at eight o'clock, uniting Miss Rosemary Hertel and Urban J. Bellinghausen.

Rev. Thomas Buerger, O. S. B., pastor, read the double ring ceremony, as the couple stood before an altar which was beautifully decorated with Easter lilies and other lovely flowers.

Mass servers were Eugene Kuehler, William Hertel and Morris Joe Homer.

The bride was beautiful in a white slipper satin wedding dress with sweetheart neckline. Her hair was in a white satin cap with sequence in net, and she wore a floor-length veil of illusion. Her single strand of pearls was a gift from the bridegroom, and she also wore the traditional "something old, new and borrowed," and carried a lovely bouquet of Easter lilies.

Her attendants were her sister, Miss Dorothy Hertel, as maid-of-honor, and Miss Mildred Michels and Katherine Bellinghausen. Each was dressed in white slipper satin with necklaces and wristlets. The head dress, Miss Hertel carried a bouquet of red roses while the bouquets of Miss Michels and Bellinghausen were of pink carnations.

The bride and her attendants carried beautiful lace handkerchiefs that came from Germany.

Wilfred Bellinghausen, brother of the bridegroom, was best man, and ushers were Alvin and Herbert Bellinghausen.

A reception was held for the many relatives and friends of the couple at 4:30 p. m. Tuesday at the home of the bride's parents, Mr. and Mrs. T. B. Hertel. Center of the attraction on the lovely dining service was the three-tiered wedding cake, which was topped with a miniature bride and groom.

Closing the festivities was a wedding dance for the couple given at Rhineland community hall at eight o'clock Tuesday evening.

Mrs. Bellinghausen, daughter of Mr. and Mrs. T. B. Hertel, was reared in this county and is a graduate of the Sunset high school. She was employed in the Munday Times office for about 18 months, leaving her work here last October.

Mr. Bellinghausen is the son of Mr. and Mrs. H. L. Bellinghausen of Rhineland. He, too, was reared in Knox county and is graduate of

the Rhineland schools. He served in the U. S. Marine Corps for 26 months, and spent about two years in the Pacific area, receiving his discharge last summer.

Following a short wedding trip, the couple will make their home northwest of Munday, where Mr. Bellinghausen will be engaged in farming.

Out-of-town relatives here for the wedding included Mr. and Mrs. Henry Bellinghausen and daughter, Happy; T-4 Clarence Bellinghausen, Camp Hood; Mr. and Mrs. A. G. Jungman and daughters, Paul, Christene and Wilbert Albus, all of Pep; Mr. and Mrs. Louis Klein, Mr. and Mrs. Lawrence Klein, Mrs. Cliff Evans and daughters, all of Henrietta; Mr. and Mrs. Henry Duesterhaus and children and Steve Duesterhaus, all of Pampa; Miss Clair and Dale Wilde, Dallas, and Miss Bernadine Homer, Fort Worth.

Party Given On Wednesday To Honor Glenda Sue Bell

A party was given on Wednesday afternoon, April 2, honoring Glenda Sue Bell on her third birthday.

Games were played, and pictures were taken. Refreshments were served to the following:

Virginia Raye Hargrove, Patricia Wilburn, Billy Newkirk, Louis James Newkirk, Mary Ione Tidwell, Roger Bell, Donna Kay Bell and the honoree.

Mr. and Mrs. J. C. Ussery and little son of Haskell were guests of relatives here last Sunday.

Melton-Searcey Marriage Rites Read On Sunday

The Methodist church in Goree was the scene of nuptial rites performed Sunday afternoon to unite Miss Zona Melton, daughter of Mr. and Mrs. B. L. Melton of Weinert, and Fred Searcey, son of Mr. and Mrs. A. M. Searcey of Munday. Rev. Ray Copeland, pastor of the church, read the marriage vows in the presence of relatives and close friends of the couple.

White iris combined with greenery decorated the church. Mrs. Milton Thompson provided music for the wedding march.

The bride was given in marriage by her father. She was a lovely picture in a smart white wool suit designed with cut-away peplum and gold trim. She wore a white blouse, white gloves and hat, with other accessories of black. She wore a corsage of purple orchids.

Miss Alice Cypert attended the bride as maid-of-honor, and she was attired in light blue with black accessories. Her corsage was of red carnations.

Toby Yates attended the groom as best man.

The couple left immediately after the ceremony on a brief honeymoon trip to Fort Worth. They will make their home near Munday.

Miss Martha Hannig of Abilene spent the Easter holidays in the home of Mr. and Mrs. Frank Knapp.

Charles Baker And Betty Golden Engagement Told

One of the loveliest Easter social affairs in Munday was Saturday, April 5, from 3 to 5 p. m., when Mrs. Oates Golden was hostess at an announcement tea honoring her daughter, Betty Jean, bride-elect of Charles P. Baker, Jr., of Munday.

In the receiving line were Mrs. Golden, the bride-elect, Mrs. C. P. Baker, Sr., mother of the groom; Miss Johnnie Douglas of Shamrock, Texas, and Miss Marjorie Bradford of Waco. Completing the house party were Mrs. W. A. Baker, the groom's grandmother; Mrs. W. A. McKensie, the bride's maternal grandmother, and Mrs. A. H. Golden of Seymour, her paternal grandmother, and Mrs. Emmet Golden of Seymour.

Assisting hostesses were Meses, J. C. Borden, R. D. Atkeison, Misses Juanita Golden, the bride's sister, and Dixie Atkeison, and Mrs. Jimmie Ward of Wichita Falls.

The color scheme of green and white was carried through all the reception suite. In the living room, the fireplace was banked with fern, while on the mantle tall, white tapers burned on either side of a crystal bowl of pansies. Bowls of pansies, potted lilies and iris were placed about the room.

The dining room was lovely, featuring the table covered with a handsome cut-work linen cloth and centered with an artistically arranged bowl of lilies, snapdragons and candy tuft.

Miss Juanita Golden and Mrs. Jimmie Ward served frosted cake

squares and mints, shaped as leaves and lilies. Dixie Atkeison poured the fruited punch.

Tea napkins carried the message in silver lettering: "Betty and Charles, June 15, 1947."

Approximately 80 guests signed the bride's beautiful register.

Gilliland Club Meets Wednesday With Mrs. Ellis

The Gilliland Home Demonstration Club met Wednesday, April 2, in the home of Mrs. Dud Ellis.

A demonstration on the cooking of meats was prepared and given by Mrs. T. B. Masterson, Jr., of Trussett. She prepared and cooked a roast with vegetables, all in one roaster. This dish was especially recommended for wash days and Sunday dinners, as it can be put in the oven and forgotten until the allotted time it takes to cook.

Club members feel honored and appreciative of the fact that Mrs. Masterson took the time and trouble to meet with them and hold such an interesting demonstration.

Two new members, Mrs. L. E. Baty and Mrs. Sellers, were welcomed into the club.

The next meeting will be with Mrs. O. R. Miller. Every member is urged to bring a pie and the recipe for making it.

The hostess served lovely refreshments buffet style.

Jiggs Thompson, Bud Phillips, Aubrey Roden, Wayne Russell and James Cadwell, all of Hardin College, Wichita Falls, visited home folks here over the week end.

Ain't it a shame how we cuss the city government all the year, and then fall to go to the polls to elect our officials? We're guilty, too. We forgot to vote!

A fellow asked us Friday if we had any "Star Navy" in our pocket, and we told him we were fresh out. Fact is we've been out for nigh onto 40 years.

Engagement Of Bill Dingus To Miss Robbins Told

Mr. and Mrs. Frederick Parker Robbins of Newgulf, Texas, has announced the engagement and approaching marriage of their daughter, Patricia Ann, to Mr. George Williams Dingus of Freeport, son of Mr. and Mrs. G. W. Dingus of Munday. The wedding will take place on Saturday, May 17, 1947, at Newgulf.

Miss Robbins was named honoree on Saturday, March 29 at a tea of lovely appointment given by her parents. The Robbins home was decorated throughout with arrangements of spring flowers, and the tea table was laid with a hand drawn linen cloth. Pink and white sweepstakes in crystal sherbets formed interlocking circles, each of which surrounded burning white tapers in crystal holders.

During the tea hour Miss Robbins' engagement was announced.

House party members who alternated at the silver service included Mrs. Travis C. Dodd of Sugar Valley, Mrs. Thos. M. Dodd of Markham, Mrs. H. M. Nelson, Mrs. H. A. Swem, Mrs. Roy C. Brown and Mrs. B. O. Stone. Mrs. Earl Key of Huntsville registered the guests and those who assisted in receiving were Mrs. C. C. Cookenboo, Mrs. J. R. Brigance, Mrs. E. P. Robbins, Jr., of Lake Jackson, Mrs. R. H. Rudin, Jr., and Misses Marcella Dodd, Marie Cookenboo and Angelee Prather.

The guest list numbered about 100 and included visitors from Bay City, Freeport, Sugar Valley, Boling, Markham, Wharton and Newgulf.

Mr. and Mrs. Levoyn Burton and daughter, Nancy, of Fort Worth visited relatives here over the week end.

Mr. and Mrs. Howard Collins were business visitors in Dallas and Fort Worth over the week end.

R. B. Bryant, Billy Bryant and Johnny Bryant, all of Stamford, visited with friends here a while Monday.

James V. Reeves, Miss Velta Speer Wed At Alpine

Alpine—The First Methodist Church was the setting for the wedding at 10 a. m. Thursday, April 3rd in which Miss Velta Speer, daughter of Dr. and Mrs. J. H. Speer became the bride of Mr. James V. Reeves, son of Mr. and Mrs. Victor Reeves, of Goree, Texas. The church was decorated with tall white baskets filled with white stock, blue delphinium and maiden hair ferns tied with large bows of maline. Large sword ferns filling in for a lovely background for the setting. Tall white standards decorated with ferns and white maine bows held tall tapers that lent a soft glow for the service. Reverend Austin Dillon read the double ring ceremony. Preceding the wedding Mrs. Austin Dillon played the traditional wedding music. Mrs. Fred Williams sang "Because" and "Oh Promise Me." The bride, given in marriage by her father, wore a light weight powder blue suit with white accessories. Her corsage was white orchids. For something old and "Borrowed" she wore hand carved pearl buttons on her suit, belonging to the groom's grandmother, Something Blue" she wore a blue garter, that was given her by her sister-in-law, Mrs. James B. Speer, Jr.

Miss Elvia Speer, sister of the bride was maid of honor, wore a dusty pink wool suit with white accessories and her corsage was white carnations. The bridesmaids were Mrs. James Crawford and Miss Ruby Nell Cooke, Mrs. Crawford chose a grey spring suit, and grey accessories, Miss Cooke wore a suit of winter white, with black accessories, their corsages were of white carnations. James Crawford was best man, and Carl Schütz and Jack Scudder were ushers. The bride's mother chose a two piece gold suit of raw silk and wore black accessories, her corsage was gardenias. Mrs. Perry W. Cartwright aunt of the groom chose a duobrown suit and wore white accessories, with a gardenia for her corsage.

Immediately following the service a reception was held at the home of Dr. and Mrs. Speer. The home was a bower of spring flowers, and in the dining room the table laid with a white embroidered Chinese linen cloth was centered with a three tiered wedding cake, with white tapers in crystal candlebra. After the bride had cut the first slice, Miss Elvia Speer served the guest, Mrs. Glenn Davis presided at the coffee service. Miss Ruby Nell Cooke was in charge of the guest book. The couple left for a short wedding trip, and will be at home at 307 E. Avenue "C" in Alpine.

There's EXTRA VALUE in the Tire that OUTWEARS PREWAR TIRES

It's time to measure what you get for what you pay. No matter what you buy, the measure of true worth is in performance . . . how long it will serve you. In tires there are several yardsticks . . . mileage, protection against bruising and road shocks, resistance to skidding. In all of these, the B.F. Goodrich Silvertown gives you extra value. Its wider, flatter tread which covers more road area, spreads the wear more evenly. The more tire in contact with the road also means more tread to grip . . . to prevent skidding. Be-

neath this better tread is a 35% stronger cord body built with sturdier cords and more of them to give better resistance to road shock and bruising. All this Extra Value adds up to today's big tire buy . . . the postwar B. F. Goodrich Silvertown — the tire that OUTWEARS PREWAR TIRES.

Weekly Health LETTER

Issued by Dr. Geo. W. Cox M. D., State Health Officer of Texas

Austin—By proclamation of President Harry S. Truman, the month of April is Cancer Control Month throughout the nation. Dr. Geo. W. Cox, State Health Officer, is asking each citizen to consider the danger signals and secure medical advice at the first appearance of any suspicious symptom. There are many causes of cancer; the most common form of which is chronic or prolonged irritation. One of the questions often asked is whether or not cancer is hereditary in human beings. Tendencies to form cancer may possibly be inherited; however, since the method of inheriting such tendencies is obscure, the presence of cancer in one or both parents should be merely a cause of greater alertness in looking for and recognizing suspicious symptoms on the part of family members. There is no need of a fatalistic attitude. The fact concerning heredity do not justify them. At the first warning signs recognized, consult your physician. The early symptoms are any sore that does not heal, particularly about the tongue, mouth, or lips; a painless lump or thickening, especially in the breast, lip, or tongue; irregular bleeding or discharge from any natural body opening; progressive change in the size or color of a wart, mole, or birthmark; persistent hoarseness or difficulty in swallowing; and any change in normal bowel habits. See your doctor about any of these signals. Early recognition of cancer symptoms will lead to early diagnosis and treatment, and in many cases the victim can be entirely cured and live out a normal life span.

CHURCH OF CHRIST
 Morning Bible study, 10 a. m.
 Preaching and Communion, 11 a. m.
 Young people's meeting, 7:15 p. m.
 Evening preaching, 7:45 p. m.
 Bro. D. L. Ashlet of Stamford will preach for us next Sunday. Everyone is invited to hear him.

"MEMBERS WHO SHIRK"
 "Let I to myself," as I grumbled and growled,
 "I'm sick of the church," and then how I scowled.
 "The members are not friendly, the sermons' too long—
 In fact I think the preacher's all wrong.
 I don't like the singing; it's all a disgrace,
 And signs of neglect are all over the place.
 I'll quit going there, I won't give a dime.
 I can make better use of my money and time."

Then sez my conscience, "Alas! sez he,
 "The trouble with you is, you're too blind to see.
 That the church reflects you, whatever it be.
 Come now, quit talking, and serve cheerfully.
 Stop all your fault-finding and boost it strong;
 You'll find yourself happy and proud to belong.
 Just pray for your brethren, and sing as you work.
 For churches aren't built by MEMBERS WHO SHIRK."
 —Copied from "The Reminder."

Clogged Drain Likely Means You Are Wasting Fats

When your sink drain becomes clogged by grease in the pipes, it's a pretty good bet that your dishes and pans are not being carefully scraped before washing, and also that fats, are being wasted.

Louise Newman, county home demonstration agent, says, that every good housekeeper knows that grease should never be poured into a sink or drain, but some of us forget to scrape every bit of fat from frying pans, platters and plates before washing dishes. Some of the fat left over from cooking can be saved and used again for cooking and the rest should be strained into cans and turned in for salvage.

Chemists and household equipment specialists of the U. S. Department of Agriculture, recommend keeping your sink drain in good condition by pouring boiling water down it every few months. This softens and carries away clogged grease. Whenever your drain begins to clog, use boiling water at once, and pump out the pipe with a plumber's friend.

Before using the drain cleaners on the market, you should understand the action of the lye in these preparations. Soda lye combines with grease to form hard soap, potash lye forms soft soap, the soda lye forms so much hard soap that it will close the pipe entirely and cause more difficulty than the grease. A drain cleaner made with potash lye is better, because the soap it forms when it hits the grease is soft and can be flushed down the pipes more easily.

LEEMULSION

And its use

Chicks are easy subjects to Breathing Troubles: Bronchitis, Chilling and Pneumonia, being the most common. These usually appear between hatching time and four weeks of age.

BRONCHITIS: the most common is caused by a specific virus, and is very contagious.

CHILLING: Results from too sudden or too great a change in temperature from that which is normal for chicks. Too much heat will cause as much trouble as not enough heat.

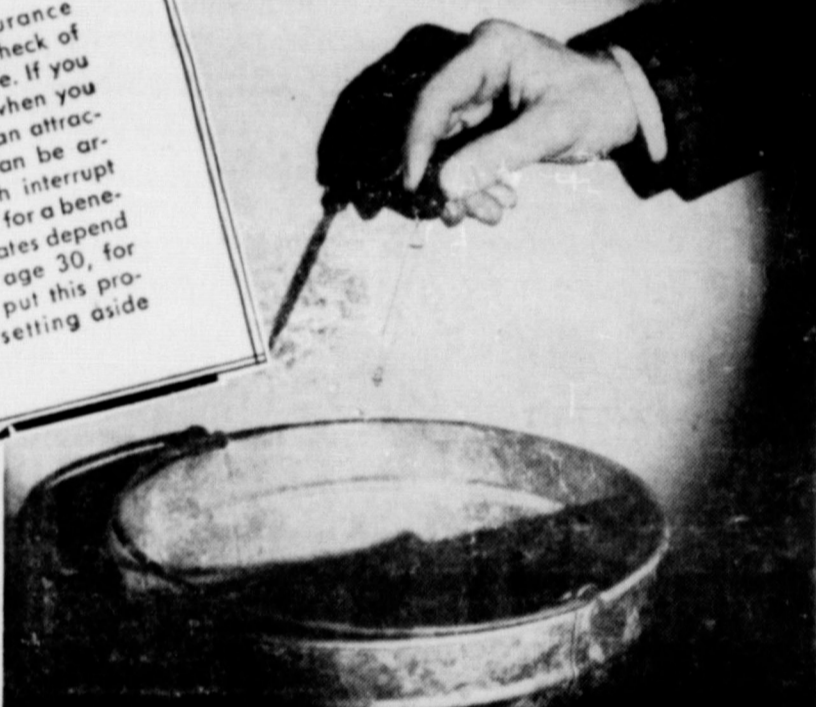

PNEUMONIA: A general name where the lungs are effected. It is sometimes caused by Pullorum infection, sometimes by molds, sometimes by other germs. What to do under these conditions:

Raise the temperature of the brooder house about five degrees, and give LEE-MULSION in the drinking water or mash. In the LEE-MULSION treatment use a tablespoonful to a quart of water or milk with which to moisten the mash or a tablespoonful to a gallon of drinking water.

You may use Germozone and Lee mul-sion at the same time.

\$10,000 of Income Insurance will provide a monthly check of \$100, as long as you live. If you don't want the checks when you reach retirement age, an attractive cash settlement can be arranged. Should death interrupt your plans, protection for a beneficiary is provided. Rates depend upon your age. At age 30, for example, you can put this program in effect by setting aside \$6 a week.

Just a Drop IN THE BUCKET

That's the way Jim always referred to the cost of his Southwestern Life Insurance. "From my pay check," says Jim, "I set aside ten per cent every month. It was just a drop in the bucket. I never missed it—less than a dollar a day—less than I'd spend on something I didn't need. But it created something real for me!"

Jim is retired now. He quit work at 65. And now he's "living the life of Riley," playing a bit of golf now and then, hunting, fishing—doing the things he always wanted to do, and never found enough time to do before. His Southwestern Life policy made that possible.

You can get the same kind of insurance through Southwestern Life, and you can start your program today. It will take care of your family, should you suddenly be taken out of life's picture—and it will take care of you when you are ready to quit work. You can retire at 55, 60, 65, or at any age of your choice. Now, while you are earning, is the time to start your program. You'll never miss the funds you set aside out of the surplus income for this protection. Some day, they'll seem like "a drop in the bucket." Without obligation, ask for a descriptive outline covering your needs.

Munday's Grade School Library Has Many Books

The students and teachers of the Munday Grade School are proud of their library facilities. There are probably a few schools of this size that have larger collections of books, but it is not often that the books have been selected with greater care as to grade placement level and content or that they are handled more efficiently than are those of the local grade school. As

sponsor of the library the P. T. A. has presented the elementary grades with approximately 140 new books during this present school term. These were selected by the home room teachers, each choosing with care the books for her own particular group. The selection of books for the upper grades (6th through 8th) were departmental work is done, was made by Mrs. Bardwell, school library chairman, and Mrs. Ferguson, assistant librarian and English teacher.

While the books for grades one through five are kept in the home rooms, those for these upper grades are in a room which has been arranged and furnished for library purposes with shelves, book-

cases, filing cabinets, reading tables, and chairs. Here are some 300 books including books of fiction, history, geography, biography, art, and science. In addition to these are a new set of reference books, an unabridged dictionary and leading current magazines and newspapers of interest and educational value to teen age girls and boys. A modification of the Dewey Decimal system is being used by Mrs. Ferguson and her English students in classifying and cataloging the books. The library is run by students from the three grades, who work in pairs as librarians. The library is open eight thirty-minute periods daily with a different pair of student librarians in charge during each period. In order to be eligible to serve as librarian, a student must be making grades of B or better in all subjects. These students are benefiting from their experiences as librarians, while all students are learning how to use a library for both information and pleasure.

Legal Notice

CITATION BY PUBLICATION The State Of Texas

To: Israel Goldberg, and to his unknown heirs and legal representatives whose names and residences are unknown and the unknown heirs and legal representatives of the above named parties and unknown owner and owners of the hereinafter described property and their heirs and legal representatives whose names and places of residence are unknown and all other persons, owning, having, or claiming any interest or lien in the property hereinafter described Defendants, Greeting:

You are hereby commanded to appear before the Honorable District Court of Knox County at the Court House thereof, in Benjamin, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 19 day of May A. D. 1947, then and there to answer Plaintiff's Petition filed in said Court, on the 1 day of April A. D. 1947, in this cause, numbered 4523 on the docket of said court and styled City of Benjamin Plaintiff, vs. Israel Goldberg, his unknown heirs and legal representatives, all unknown owner or owners, their unknown heirs and legal representatives and all other persons, having, claiming any interest or lien, Defendants.

A brief statement of the nature of this suit is as follows, to wit: Suit to collect taxes interest, penalties and cost of the following described property, all of Block 160, all of Block 213, and all of Block 215, Original Benjamin, Knox County, Texas. The amount of taxes alleged to be delinquent, due, owing and unpaid for the respective years and in the respective amounts for said plaintiff on the above described property is as follows: City of Benjamin Block 160 Taxes due \$12.75, years delinquent 1929 through 1945; Block 213, taxes due \$15.30, years delinquent 1929 through 1945; Block 215, taxes due \$12.75, years delinquent 1929 through 1945; To Whom Assessed Israel Goldberg, together with interest, penalties, cost, charges and expenses of suit, which have accrued and which may legally accrue thereon. Each party to this suit shall take notice of and plead and answer to all claims and pleadings now on file or thereafter filed in said cause by all parties therein. Plaintiff, intervenors and defendants that are taxing units also seek the establishment and foreclosure of the lien securing payment of such taxes as provided by law as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and Seal of said Court, at office in Benjamin, Texas this 1 day of April A. D. 1947.

Attest: Opal Harrison Clerk, District Court, Knox County, Texas (Seal) 38-4-4c.

In order to be eligible to serve as librarian, a student must be making grades of B or better in all subjects. These students are benefiting from their experiences as librarians, while all students are learning how to use a library for both information and pleasure.

They are also learning to appreciate books and care for them properly in order that they may be preserved for others to use. The books in this library may be checked out by an individual student for a week at a time and may be re-checked one time, but for every day a book is overdue a 5c fine is collected. At present there is a balance on hand of \$3.50 from fines, 70c having been spent on repairing a steel filing cabinet which is used in the library. Fine money may be spent for new books, for repairing damaged books, and for necessary library accessories.

Both students and teachers of the upper grades are indebted to Mrs. E. W. Harrell for the use of two sets of book shelves which were badly needed.

The following students deserve special mention for having done outstanding work in the library, often giving up play periods and holidays in order to get the books catalogued and the library ready for use: Adriene Strickland, Sue Iising, Billie Jean Tuggles, Nancy DeBusk, Tommy Powell, and Evalyn Ford.

Librarians are changed from time to time, which gives each student who is eligible the opportunity to act as librarian at some time during the school year. Present librarians are:

Head Librarian: Betty Blacklock. Assistants: Joyce Marie Michel, Julie Massey, Shirley Roberts, Clea Jo Trammel, Betty Stodghill, Sylvia Baird, Ann Nelson, Pasty Morrow, Nancy DeBusk, Evalyn Ford, Billy Joe Brown, Coy Phillips, Shirley Hill, Sue Hallmark, Betty Carolyn Morrow, and Marilyn Davis.

Veterans News

A sharp upward trend in World War II veteran enrollment in Southwestern colleges and universities for the 1947-48 school year is predicted by both Veterans Administration and school officials.

Veterans studying in Texas, Louisiana and Mississippi colleges now number approximately 58,000. Veterans enrolled in higher institutions of learning throughout the nation number about 1,100,000.

The peak of veteran enrollment in colleges and universities is expected during the next school year, according to VA surveys. After that, a gradual decline is predicted.

Laws under which veterans enroll for education specify that the program must be concluded nine years after the formal termination of World War II.

Nearly half of the blinded veterans of World War II either are

working or in training for employment, a Veterans Administration survey shows.

The survey, made by VA's Vocational Rehabilitation and Education staff, included 1,133 blinded veterans who had been discharged by the Army and Navy up to November 30, 1946.

Twenty-eight percent were working. Another 20 per cent were in vocational rehabilitation training.

Professional and scientific courses, particularly social work, teaching and law, accounted for the largest number of veterans who were going to school. Agriculture was second.

Nearly half the blinded veterans with full-time jobs were in industrial occupations, chiefly as machine operators and assemblers. Another large group was in business and sales work.

Self-employed blind veterans were found to be engaged in such occupations as general farming, chicken raising, citrus farming, fishing, bartending, business operator, magazine agencies, gift shops, trucking business, mechanics, musicians, clerks and tourist cabin operators.

More than 49,000 veterans of World War II were among the

Typographical Errors Cause Of Nation's Greatest Guffaws

The nation roared when Mrs. Roosevelt's syndicated column carried the line: "After supper with the men, we went back to dress."

Ever since the invention of the printing press, typographical errors and printed statements susceptible of different interpretations have been the cause of universal merriment, to say nothing of a great amount of personal distress.

A compendium of ludicrous typographical errors and embarrassing printed statements is contained in an article by Morton Sonthheimer in the April issue of Good Housekeeping magazine. A few of the more glaring ones, culled from the press of the country, follow:

"Only one of the old bloc will be missing—pretty Winifred Stanley of Buffalo. Her seat disappeared in the New York re-districting."

"The members of St. John Baptist Church met with the pastor in bed . . . and had a lovely meeting; reports were good; amount \$37.80."

"Sheer stockings designed for dressy wear. But so serviceable that lots of women wear nothing else."

"Attractive room—Everything furnished. Venetian blinds."

"Dewdrops on freshly blown noses."

"She had tight bridesmaids at the ceremony."

"Glen Collins was bent man."

"No date has been set for the bedding of the couple."

"Congress probes high cost of loving."

"The picture was posed by his two-headed son."

"The rain descends with the force of water from a fire horse."

"And them asses (the masses) believed him."

Then there was the literal minded printer who received an order over the telephone ordering a ribbon for a funeral wreath.

"I want it to read 'Rest in Peace' on both sides," the customer directed.

And that's just what he got. When the ribbon was delivered it read: "Rest in peace on both sides."

Have Your Planting Cottonseed

Kemgas Delinted Recleaned, Graded and Treated With Ceresan At The Munday Kemgas Plant

This method is recommended by the Texas Experiment Station and the USDA for controlling the germs of cotton diseases on seeds and insect pests in seeds; saving chopping expense; reducing losses from root rot; improving and hastening germination and increasing yields.

Kemgas Delinted Seed Are Planted With Corn Plates At the Rate Of 5 To 7 Pounds Of Seed Per Acre.

Tractors plant more per acre as there are few stops to refill with seed and no fuzz and trash to choke planters, cause skippy rows, and delay planting operations while the boxes are being cleaned.

Kemgas delinted seed come up quicker and grow off faster enabling cultivation a week earlier.

Questions and Answers

Q. Can the beneficiary or the family of a veteran make premium payments on his National Service Life Insurance if the veteran does not care to do so?

A. Yes, but the insured veteran has the right to change his beneficiary or beneficiaries at any time without consulting with or receiving the approval of anyone. He may also surrender his permanent NSLI policy for cash at anytime.

Q. I am drawing retirement pay at present. Can I receive subsistence allowance while going to menschool under the Servicemen's Readjustment Act?

A. You are entitled to draw retirement pay and still receive the full amount of subsistence allowance.

Legal Notice

CITATION BY PUBLICATION The State Of Texas

To: W. C. Reed, his unknown heirs and legal representatives, whose names and places of residence are unknown and the unknown heirs and legal representatives of the above named parties and unknown owner and owners of the hereinafter described property and their heirs and legal representatives whose names and places of residence are unknown and all other persons, owning, having or claiming any interest or lien in the property hereinafter described, Defendants, Greeting:

You are hereby commanded to appear before the Honorable District Court of Knox County at the Court House thereof, in Benjamin, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 19th day of May A. D. 1947, then and there to answer Plaintiff's Petition filed in said Court, on the 31 day of March A. D. 1947, in this cause, numbered 4519 styled City of Benjamin Plaintiff vs. W. C. Reed, his unknown heirs and legal representatives, all unknown heirs and legal representatives and all unknown lien holders Defendants.

A brief statement of the nature of this suit is as follows, to wit: Suit to collect taxes, interest, penalties and cost on the following described property. Lots 1 and 2, Block 200 Original Benjamin, Knox County, Texas. The amount of taxes, alleged to be delinquent, due, owing and unpaid for the respective years and in the respective amounts for said plaintiff on the above described property is as follows: City of Benjamin, taxes due, \$8.10; years delinquent, 1929 through 1946; To Whom Assessed: W. C. Reed. Together with penalty, interest, cost, charges and expenses of suit, which have accrued and which may legally accrue thereon. Each party to this suit shall take notice of and plead and answer to all claims and pleadings now on file or thereafter filed in said cause by all parties therein. Plaintiff, intervenors and defendants that are taxing units also seek the establishment and foreclosure of the lien securing payment of such taxes as provided by law, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Benjamin, Texas this 31 day of March A. D. 1947.

Attest:
Opal Harrison Clerk, District Court, Knox County, Texas (Seal)

Vets Are Taking Agriculture Work And Field Trips

The Veterans Administration requires that all veterans taking Agriculture spend 4 and 1-2 hours per week in a field trip. This 4 1-2 hours may be spent observing an improved practice but usually the veterans select a field problem where they can do the job and thereby learn by doing.

Monday, March 31, a group of the veterans did some elementary veterinary work for William Pack in the S-nest community. From there, they went to visit the Ancil Waldrip farm south of Knox City.

Mr. Waldrip showed the veterans that alfalfa can be grown successfully in this part of the country where runoff water can be made to flow on the alfalfa pasture. He stressed the importance of pasture in raising hogs for profit. Then, he showed them the nitrogen filled nodules on the roots of Austrian Winter Peas. A soil auger was used to check the difference in the depth of soil moisture where peas were growing and where no vegetation had been allowed to grow.

The veterans attending this field trip were Clifford Cluck, Geo. Backer, Cecil Gully, Utah Dan Cross, Ottest Howell, Howard Myers, William E. Pack, Roy L. White, Novelle Wright and E. C. R. Clair, instructor.

Monday, April 7, another group of veterans went to Boyd Meer's place and observed his hog raising methods. After seeing his hog pasture, some of the fellows built some gates while other got some experience with a paint brush.

When the 4 and 1-2 hour field trip was over, a certain section of Boyd's place looked decidedly different.

The veterans attending this field trip were Wilfred Bellinghausen, William T. Boggs, Joe Butler, Wayne Harris, James A. Hill, Phillip Homes, George Hunt, Orin Lambeth, Boyd Meers, N. G. Varner, C. A. Williams, and E. C. St. Clair, instructor.

Plant Bed Tips

Garden plants like tomatoes, cabbage, pepper, lettuce, and eggplants can be started in plant beds six to eight weeks before time to plant them in the garden.

Lettuce and cabbage plants can be moved directly from the plant bed to the garden when they are two or three inches high but tomatoes, eggplants, and pepper need to be thinned and hardened before transplanting into the garden. The plants left in the plant bed should be thinned to a spacing of two to three inches apart and those thinned out moved into another box to grow three or four weeks more until they are sturdy enough to set out in the garden.

Transplanting the vegetables into small paper cups or similar containers given the gardener the advantage of a good mold of soil around the roots. These added weeks of protected growth will make the plants grow off more quickly and set fruit earlier than when small plants or seed are used.

FELLOWSHIP MEETING

An all-day fellowship meeting will be held next Sunday at the Holiness church in Munday. Everyone is cordially invited to attend.

Mrs. G. W. Hawkins and daughter, Jan, of Sweetwater and Mr. and Mrs. M. L. Joyce and son, Joe, of Cisco were guests in the home of Mrs. J. B. Bowden over the week end.

A bright young Seattle ex-aviation cadet, Dale B. Lamb, after checking American birth statistics, opened a nursery furniture factory with the aid of a GI loan. Lamb, left, here operates the shaper on a popular product, the high chair. His father, Benjamin H. Lamb, center, and brother Berkeley, another ex-GI, are partners in the enterprise.

John T. Cowsars Are On Visit Here

Mr. and Mrs. John T. Cowsar and son, John D., and daughter, Fommie E., of the Rio Grande valley, between Del Rio and Eagle Pass, visited friends and relatives here last Friday and Saturday.

Mr. Cowsar is a nephew of the late "Uncle Tom" Cowsar, and a World War I veteran from Munday. He is a farmer and stockman. Mrs. Cowsar is a sister of C. R. Voss, Mrs. Jim Lewis and J. F. Voss. Their son, John D., is attending Sul Ross college at Alpine, while Tommie finishes high school at Eagle Pass this term.

This is the first time Mrs. Cowsar and Mrs. Lewis had been together in ten years, and this visit was a happy 23 hours for them.

DANCE AT RHINELAND

A dance will be held at Community Hall in Rhineland Tuesday evening, April 15, beginning at 8:30 o'clock. Music will be furnished by Ted Price and his orchestra. Everyone is cordially invited to attend.

My friend, John Gould, wrote in the Wichita Daily Times:

There ought to be a symphony of Texas, wrought by one with the art and the affection to compose it, and he could put into it the howling of coyotes and the swish of the baffled sea against the granite wall at Galveston, and the tramp of marching feet and the industrious clatter of an oil rig and the bright music of a mockingbird singing in the rain, and the plaintive bellow of a newly branded calf, and the crunch of Sam Houston's men gnawing raw corn after San Jacinto and the voices of children repeating the pledge to the flag, and the sound of an old hymn at a brush-arbor revival and the whirr of airplanes, and the cry of a tamale-vendor calling his wares to the passers-by.

Mr. and Mrs. Joe Duke and Mr. and Mrs. John Phillips were visitors in Wichita Falls over the week end.

Mr. and Mrs. Truman Cypert and daughter and Mr. and Mrs. Dave Jetton and children visited their sister and husband, Mr. and Mrs. David R. Williams of Abilene, over the week end.

Mr. and Mrs. Kenneth Johnston of Henrietta were business visitors here last Saturday.

You should know, too the smells of Texas, the smells of saddle leather and chili and pine forests

and sheep-dip and wild plum blossoms and gasoline and sweat.

But when you have learned all this, not yet will you know Texas as she would ask to be known. Not even her own sons and daughters know her as they should; not even they have caught all her moods and her mystries, her shadings and her overtones.

But they know that there is something that draws men to her and makes them Texans partaking of her heritage. They know that wherever, under the flag, whether in Iceland or Rangoon, there is one called Tex, he is one of whom men know that he will not fail in the crucial hour.
