

Kracker Krumb's

Odd Bits Salvaged At Random

(By Aaron Edgar)

Last one in's a nigger baby!

We heard that statement dozens of times when we were a kid, and it was always the signal to begin coming out of our clothes.

Someone usually yelled that as we got within about 100 yards of the ole swimmin' hole. And of all the shucking of clothes you ever saw, it took place. Usually by the time we reached the water's edge we were completely void of wearing apparel.

During sure enough good swimmin' weather, about the only items of wearing apparel we had on was a blue shirt and a pair of overalls. It didn't take long to skin out of those. We'd anticipate someone making the above remark, and would usually have one gallus loose before the signal was given.

But if it was the first swim of Spring, we usually slipped away from the house to do it because the older folks thought it too cold to swim without taking pneumonia. In this case, we were more fully garbed. When the signal was given, shoes, stockings, overalls and undersuits would be strewn for 100 yards around the swimmin' hole.

Poets and other writers have told about their ole swimmin' holes, but they didn't have one like ours. It was every bit of 15x25 feet and was at least waist deep. That wasn't very big, but Mom thought it was too big for kids that didn't know how to swim.

We overcame that handicap, though. The nearest we ever came to owning a pair of waterwings was to look longingly at them in the mail order catalogue. Pop turned thumbs down on the water jugs, because he needed all of them to take water to the field, and he wasn't going to have them broken at that danky hole down the canyon.

We devised another scheme. We took two syrup buckets, pressed the lid down tight, made the balls secure and fastened a piece of rope to each ball. With the rope across our chest, we had just about as nice a pair of waterwings as could be made at home.

We splashed around with those syrup buckets until we got up enough nerve to discard them.

Along about the middle of the afternoon on a July day was a good time to quit chopping cotton and go swimming, especially if it was one of those times Pop had denied us the privilege of going to town on Saturday.

We'd start in sometime in the morning with the swimming idea, and after we'd worried Pop all day about the idea, he'd usually give in about the middle of the afternoon. We'd have to have a bath on Saturday night, anyway.

So off we'd head to the swimmin' hole. That experience was the next best thing to taking the entire day off and going to town.

Yes, our swimmin hole was small but it would hold an awful lot of kids when we and the neighbors would go together. If one of us happened to dive too straight down and bust our noodle on the rocky bottom, the privilege of swimmin' would be denied us for a while.

Occasionally we would talk Pop into going swimmin' with us. Then was when we thought we had a real Pop, a sure-enough partner, a real sport. But we can now see why Pop didn't go swimmin' with us more often—our swimmin' hole was just too small.

Pop never did tell us about winnin' any swimming prizes, so we guess he didn't, but when he went with us it just seemed he was the best swimmer in the world. With a slight kickoff from the bank and one mighty stroke, he could travel our swimmin' hole end to end.

We often thought we'd love to be as great a swimmer as our Pop. We knew we wouldn't, though, because we didn't have the Sabine River to swim in when we were a kid. Why, it just looked like Pop would pull himself plumb out of the water with those powerful strokes!

Later we found a larger swimmin' hole, but it was so much larger that Mom usually took the

Al Williams Is New Agent For W. V. Railway

Al Williams, a veteran of 26 years of service with the Burlington lines, has been appointed depot agent here for the Wichita Valley railway, succeeding Nelson M. Baird, who goes to Abilene.

Mr. Williams has served the Burlington in various capacities, being stationed at Childress, Wellington, Turkey and other points. He comes to Munday from Turkey where he served as agent for two years.

Mr. and Mrs. Williams and little daughter came here the first of this week, and Al started his duties here Tuesday morning. They are living at the Munday Hotel until they can establish a home here.

Baird plans to take his vacation before going on the job at Abilene, but the family is making plans to move to Abilene soon. Mr. Baird has had 31 years with the Denver Lines, and has been serving as agent here for about two years.

Mr. Williams stated he is here to serve the customers of the Wichita Valley lines to the best of his ability, and he invites the people to call on him at any time he can be of service to them.

Tests On Bang's Disease Sponsored By Local Vets

The veterans enrolled in Vocational Agriculture in Knox County realizing the seriousness of Bang's Disease of cattle from both an economic and health standpoint, sponsored a Bangs test Wednesday and Thursday of last week.

The veterans and their neighbors had a total of 227 head of cattle tested. Those 227 cows represented in most cases the source of the family milk supply. When the results came back that old "bossy" was free from the disease, parents felt secure in the knowledge that their children would not contract undulant fever from a contaminated home milk supply.

Of the 227 cows tested, 67 were in the Gilliland Community, 86 in the Vera Community, and 74 in the communities of Munday, Goree, and Knox City.

930 Books Now In Memorial Library Shelves

Members of the Knox County Home Demonstration Council appreciate the recent interest shown in the Memorial Library, established by this organization.

The library now has a total of 930 books for circulation. This number has been built up by gifts, and by addition of new books regularly, bought by Council funds. The goal for 1947 is to add 200 books to the shelves.

Recent contributions have aided in the Council members toward achieving this goal. Mr. Charlie Hamilton made a gift of 50 books recently. This number included two sets of leatherbound reference books, historical books about this area of the county, and books on subjects of current interest. Mrs. J. E. Stover, of Truscott, gave the library 19 books. These, too, were especially welcome, as among them were many books for children and the library has a small supply of books of this type.

The library is located on the second floor of the court house, and is open on Friday afternoons from 1:00 to 5:00 p. m. Help us to show our appreciation of these books by coming in and checking them out.

Cox Attends Education Meet Held In Dallas

An educational meeting was held in Dallas the latter part of last week for the purpose of inaugurating a method of measuring values of high school systems over the state.

Supt. W. C. Cox of Munday was among the school administrators to attend this meeting. Various committees were formed to work on the elimination of out-moded methods and working in practical methods with the old fundamentals of high school education.

It is hoped an adequate standard will be established among the state high schools.

Among educators present were Dr. Roemer of George Peabody College, and Dr. Umstadt of Texas University.

Seymour Rites Held Sunday For A. J. Glasgow

Funeral services were held at Seymour at four o'clock last Sunday afternoon for A. J. Glasgow, 82, who died Saturday morning in the Baylor county hospital, where he had been a patient for nearly a year.

A pioneer resident of West Texas, Mr. Glasgow was in the real estate business in Munday for many years. He also served several terms as mayor of Munday, and a number of improvements were made to the town under his administration.

Rev. J. R. Baich, pastor of the Seymour Baptist church, was in charge of the services. He was assisted by Rev. C. C. Elrod and Rev. W. J. Speen. Interment was in the Masonic cemetery in Seymour.

Survivors include Mrs. J. M. Ligon and Mrs. Kate Rutherford of Fort Worth; Mrs. Roy K. White-side of Seymour; Mrs. E. B. Ezell of Alvarado; G. J. Glasgow of Bryan; eight grandchildren and nine great grandchildren.

Goree Legion Names Officers

The American Legion of Goree met in regular meeting July 15 and elected the following officers for the coming year.

Tom Weber was elected commander; Ira Stalcup was elected first vice-commander; J. A. Jolly, Second vice-commander; W. W. Coffman Jr., Adjutant; Louis Blankenship, finance officer; Homer Moore, Historian; A. W. Akins, Chaplain; Cotton Fitzgerald, Service officer; S. R. Hudson, Civil welfare; Bill Hudson, Sargent-at-arms.

A motion was made to decorate the American Legion Room at the Memorial building and secure pool tables, magazines, furniture and dominoes tables. The room will be ready by the first of September. However, infestation warranting control measures are numerous.

Examination revealed from 10 to 20 leaf hoppers per 100 terminals of cotton plants should be dusted with 12 to 15 pounds of dusting sulphur. Infestations twenty five percent or more, should be dusted with a dust containing 5% D. D. T. and at least 75% sulphur.

For further information contact the County Agent.

Jeff Graham Is Named Postmaster

It was learned last week that Jeff T. Graham, 29, had been nominated as postmaster for Knox City, and his appointment has been sent to the Senate for confirmation.

Graham has been employed at the Knox City post office for seven years, and has been serving as active postmaster. He succeeds Benton C. Anderson, who resigned as postmaster to take a rural route vacated by the retirement of George Stubbs, veteran mail carrier.

Graham, who was reared in Knox county, had about two years of naval service during the war. He was assistant postmaster before being named acting official.

O. L. Malone Is Buried At Weinert Sunday Afternoon

O. L. Malone, about 75, and brother of Mrs. L. E. Hunter of Goree, passed away at Grandfield, Okla., at 12:30 a. m. Friday, July 11.

Mr. Malone is a former resident of Knox county, moving from here to Oklahoma in 1912.

Funeral services were held at Loveland, Okla., at eleven o'clock last Sunday morning, and the body was brought to Weinert, where burial services were held at three o'clock Sunday afternoon.

Junior Boys To Train For Boxing Tournament Soon

The post commander of Lowry Post No. 44, American Legion, has ordered boxing gloves for the junior Legion boxing team, and plans are under way to begin training for a boxing tournament which will be held soon.

Any of the boys who would like to participate in the boxing tournament are requested to contact Raymond Carden, who will serve as boxing instructor.

The junior Legion boys take this means of thanking the people for the nice turnouts to their softball games.

Miss Joanne Young of Nashville, Tenn., was a recent visitor in the home of Mr. and Mrs. W. A. Jungman.

Mr. and Mrs. Clarence Elland and Bob Crayley of Lamesa visited with relatives and friends here over the week end.

The driver of this car was killed because he was driving "too fast for conditions." Rounding a curve on damp, slippery pavement, his machine skidded off the road and rolled over and over down the side of a steep embankment; finally came to rest right-side-up with the driver crushed in the wreckage. Stated speed limits apply only to average conditions, and a safe speed at ordinary times can be a very dangerous speed in bad weather. The law has a right to expect motorists to drive below stated speed limits when special conditions demand it.

Flea Hoppers Are Reported On Knox Cotton

The past week cotton Flea Hoppers began their annual invasion of Knox County. This insect is one of the most injurious to the cotton plant, since large infestations will prevent squares from being formed, and cause the cotton plant to shoot up and become whip like.

The insect spend the winter as an egg in weeds and in cotton land that has not had the stalks turned under. The eggs hatch early in the spring and the young population increases rapidly on tender weeds until cotton has time to develop. After the cotton's active squaring season is over the hopper returns to the weeds.

Inspection of fields this last week, by the County Agent, has revealed that quite a number in the county are already infested. Highest infestations was encountered on the farm of Bill Townsend, located between Vera and Goree.

However, infestation warranting control measures are numerous. Examination revealed from 10 to 20 leaf hoppers per 100 terminals of cotton plants should be dusted with 12 to 15 pounds of dusting sulphur. Infestations twenty five percent or more, should be dusted with a dust containing 5% D. D. T. and at least 75% sulphur.

For further information contact the County Agent.

Goree Church To Dedicate Baptistry Sunday Night

On Sunday evening, July 20, the First Baptist church of Goree will use and dedicate the new and beautiful baptistry, according to Rev. S. E. Stevenson, pastor.

"An appropriate service will be held in connection with its dedication," he said. "If you have an appreciation for the beautiful, come Sunday evening at 8:15 o'clock."

The new baptistry was completed this week, and it is one of the most beautiful scenes ever placed in a house of worship, according to those who have seen it.

REUNION HELD RECENTLY

The annual Perryman reunion was held in the home of Mr. and Mrs. Press Phillips on July 5 and 6. Over 55 guests and relatives from various cities in Texas, Oklahoma and Arizona attended.

Mr. and Mrs. W. B. Jones of Floydada visited in the home of Mrs. Olive Keene several days this week.

Sheriff Homer T. Melton and District Atty. Joe Reeder Jr., of Benjamin were here last Monday, on official business.

13th Annual Stockholders Meeting Of Stamford P. C. A. Slated For July 25th

A large attendance from among the 1600 members of the Stamford Production Credit Association is expected at the 13th Annual Stockholders Meeting to be held in Stamford, Texas, on July 25th, beginning at 10:00 a. m. As in the past, registration will begin at 10:00 a. m. at the Bankhouse on the Texas Cowboy Reunion grounds.

Following a chuck wagon dinner, 11:30 to 1:00, a brief business session will be held in the grandstand of the arena, also on the Texas Cowboy Reunion grounds. In this business session will be heard re-

Mrs. W. W. Kimsey Dies On July 8th At Knox City

Mrs. W. W. Kimsey of Crowell passed away at the Knox county hospital on Tuesday afternoon, July 8, at about three o'clock, following a short illness. She had been taken to the hospital on Sunday before her death for treatment for a heart ailment, which grew worse until her death.

Mrs. Kimsey was the mother of Lawrence Kimsey of Carrollton, former Munday resident.

Funeral services were held from the Methodist church in Crowell at three o'clock last Thursday afternoon, with the pastor, Rev. D. D. Demison, officiating.

Other survivors include her husband, a daughter, Mrs. Joe Brown of Crowell; three grandchildren, Miss Bette Kimsey of New York City, Larry Kimsey of Carrollton and Jay Don Brown of Crowell. One sister, Mrs. Ed Rettig, and three brothers, Arthur Bell, Sam Bell and Zeke Bell, also survive.

Mr. and Mrs. S. E. Morton of Seymour spent last Sunday with their son and daughter-in-law, Mr. and Mrs. Tom Morton.

L. A. Allison Is New Pharmacist At Rexall Store

A. L. Smith, owner of the Rexall Drug Store announced this week that L. A. Allison, formerly of Dallas, has accepted a position as pharmacist at the local Rexall store and the store is now staffed by two registered pharmacists.

Mr. Allison served four years as pharmacist with Myers and Rosser, pharmacists of Dallas, and he comes to Munday highly recommended in his profession.

Allison is known to a number of Munday people, having visited here a number of times. His wife is the former Floy Nelson, daughter of Mr. and Mrs. E. N. Nelson of Munday.

Mr. Smith also stated that the prescription department at the Rexall has been completely remodeled and restocked since the fire several months ago.

"It's bigger, it's new, and it's now staffed by two registered pharmacists," he said. "We guarantee you purity, accuracy and dependability on your prescription, regardless of where they originate."

Knox Women To Order Cherries Co-operatively

The Council of the Knox County H. D. A. made plans Friday for pooling orders for Colorado Cherries. These late sour cherries may be purchased from C. D. Haffa, Rocky Ford, Colorado, for 3.20 per 20 pounds carton. The cherries will be shipped by dry express to Benjamin, and there will be a small additional charge to cover this item. Plans are for shipments to reach here either on July 28 or August 4. Orders, accompanied by the money, must be in to Mrs. Lee Snullum, Council Marketing Chairman by July 20, 1947. Turn your orders in locally to the following chairmen:

Benjamin H. D. Club, Mrs. Grady Hudson, Benjamin, Texas. Gilliland H. D. Club, Mrs. Amar Cure, Gilliland, Texas. Hefner H. D. Club, Mrs. Homer Lambeth, Goree, Texas, Rt. 1. Munday H. D. Club, Mrs. J. B. Brouch, Munday, Texas. Sunset H. D. Club, Mrs. Gil Wyatt, Munday, Texas. Truscott H. D. Club, Mrs. T. M. Westbrook, Truscott, Texas. Union Grove H. D. Club, Mrs. J. C. McGee, Knox City, Texas. Mrs. Wesley Trainman, Vera, Texas.

If you are interested in these canning cherries, get in touch with your local marketing chairman. Our aim in this phase of the Home Demonstration program, is to help you secure the products you want as economically as possible.

Rebus Guess To Operate Grocery Store At Sunset

Announcement was made Wednesday that Rebus Guess is re-opening the Sunset Grocery and Service Station. The business will be opened on Saturday, July 19.

Guess, who was reared at Matton, is completely restocking the store with quality groceries, canned goods, tobaccos, cigarettes, etc., and will carry well known brands of gas and oils.

He invites the patronage of all former patrons of the firm.

With a final payment to the U. S. Treasury recently from the St. Paul Land Bank, all of the 12 land banks in the U. S. became completely owned by the farmer and ranchmen patrons.

The next event on the program will be a matched calf roping contest between Sammy Baugh of Roton and Fred Albright of Benjamin, both nationally known calf ropers. Baugh is a member of the Association, having holdings in Stone-wall County. This feature, beginning at 2:30 p. m., is open to the general public. As a closing feature, a large number of attendance gifts will be awarded to PCA members and their wives.

Elmer B. Wilde Found Dead Of Gunshot Wound

Youth Is Buried At Rhineland On Wednesday

Elmer Wilde, son of Mrs. Anna Wilde of Rhineland, was found dead early Monday morning in a pasture about 100 yards north of the Wilde home west of Rhineland.

Wilde went after the cows late Sunday evening and failed to return. His brother was notified Monday morning, and his body was found by the brother Charles. He had been shot once between the eyes with a .22 rifle and a gun was found beside his body.

Sheriff Homer T. Melton, Justice of the Peace John Rice and Chief of Police D. E. Whitworth investigated and said the wound was apparently self-inflicted.

After a thorough investigation Justice of the Peace John Rice returned a verdict of accidental death.

Wilde had suffered a leg injury in a train wreck while he was in the service.

A native of Knox county, he was born at Rhineland on August 19, 1922, and was 24 years, 10 months and 24 days of age. He was engaged in farming.

Surviving him are his mother, Mrs. Anna Wilde, and nine brothers and sisters, who are: Charles Wilde, Rhineland; Leo Wilde, Albuquerque, N. M.; George Wilde, Wichita Falls; Mary Wilde, Hot Springs, Arkansas; Mrs. Herman Friske and Arnold Wilde both of Rhineland; Ben Wilde, Munday; Mrs. John W. Jackson, Hot Springs Ark.; and Geneva Wilde, Rhineland, and his grandfather, Joe Bechschel of White Deer.

Funeral services were held from St. Joseph's church in Rhineland at nine o'clock Wednesday morning, being conducted by Father Mosler, pastor. Burial was in the St. Joseph's cemetery in Rhineland, with the Mahan Funeral Home in charge of arrangements.

pallbearers were C. J. Albus, Francis Redder, Philip Redder, Weldon Herring, Walter Schumacher and Leonard Brikenfeld.

Canner and cutter cows sold from \$9 to \$12.25; butcher cows, \$12.50 to \$14.50; fat cows, \$15 to \$18.25; butcher bulls, \$12.50 to \$14; fat bulls, \$15 to \$16.50; butcher calves, \$12.50 to \$18; fat calves, \$18.50 to \$124; butcher yearlings \$18 to \$24.50.

Several cows and calves sold by the pair at prices ranging from \$100 to \$160.00.

Scouts Make Trip To Wichita Falls

The Green Bar Patrol of Boy Scouts, which is made up of patrol leaders, scribes, senior patrol leader and the scoutmaster, Walter Massey, made a trip to Wichita Falls last Saturday to buy new scouting equipment.

The boys reported a very nice trip, and stated that they bought some useful equipment which will be used in carrying on their work.

Livestock Specialist Will Visit County

District Agent, J. A. Scofield, advised J. M. Carpenter, County Agent, that Mr. A. L. Smith, extension Animal Husbandman, will visit Knox County on the morning of July 24th, to check on 4-H club beef calves and other livestock problems. Mr. Smith will inspect some of the feeding projects now being carried on by 4-H boys in the county.

His tour is expected to cover 4-H livestock projects near Benjamin, Sunset and Knox City, and possible others, if time permits.

ON VACATION TRIP

Mr. and Mrs. M. L. Barnard left last Sunday on a two-week's vacation trip. They are visiting with relatives at various points in Arkansas.

Mr. Hub Spick of Los Angeles, Calif., has been visiting her brother, U. B. Willis of Goree.

WHAT ABOUT OUR FOOTBALL FIELD

America's most enjoyed sport—football—will be back with us in a few weeks, and the fact brings the thought that something should be done to our football field.

Some ten years ago, a concerted drive was made to give Munday a football field that was on par with others of the district. At this time our present lighting system was installed and other needed improvements made.

Nothing substantially has been done since, with the exception to work done last year by the Munday Junior Chamber of Commerce, when additions were made to the bleachers, and a few other items added. Through neglect, the present fence around the stadium has been allowed to deteriorate, and now much of this is laying flat on the ground.

A number of local people are interested in improvements being made to the local field, and a little action at this time would bring these interests into fruition.

With the successful season we had in this favorite sport last year, there is evidence all around that our present setup is none too good at its best. We have difficulty in getting important games scheduled here simply because we cannot accommodate the crowds.

We'd like to see our football field placed in tip-top condition for the coming season, and there are many others who want this done, too. The Munday Jaycees are ready with their full cooperation. Let's help to get this important job done.

IT PAYS TO ADVERTISE

OUR RECORD WHEAT YIELD

The wheat harvest has been over for several weeks, but we of Knox county are still enjoying making a review of the county's record crop. Perhaps there'll never be a time when production and prices were both at such high level.

A total of 176 carloads of wheat were shipped out of Munday by rail, according to the records of N. M. Baird, local agent for the Wichita Valley Railroad. Also two carloads of oats were shipped.

This was for the Munday area alone, and does not include wheat shipped from other points in the county. Munday, of course, received some Haskell county wheat, and shipped points outside the county received some Knox county wheat. It would be a hard job to determine just how much wheat was shipped from Knox county alone.

"According to the Communists, the only solution to the labor problem is to toss the boss out, and let the workers run the plant."

"This . . . idea certainly makes no sense in the America of 1947. Modern, high-speed, mass-production economy cannot operate, much less maintain high living standards, without cooperation among all groups—workers, farmers, businessmen, government."—Stuart Chase.

Facts About Munday Revealed By Visit Here Of The Roving Reporter

Hamilton Wright, the "roving reporter" of the Abilene Reporter-News, must have paid one of his visits to Munday last week. The following story appeared in Sunday's issue of the Abilene publication:

MUNDAY SEEKS SEWER PIPE

Munday city officials would like to know where they can secure 2,296 feet of sewer pipe to make extensions of the system in the extreme west part of Munday, now without service, according to E. Y. Johnson, water and sewer superintendent.

"Septic tanks are used there now," he said. Proposed pipe would be six-inch type.

The "scare" over pollution of city water several weeks ago has passed, Johnson said. "It was a

sort of freak case. You see water is shallow here—can be found with a post-hole digger. Heavy rains had come and probably some of the water ran into the wells and we treated the water heavily. But it's all right."

Johnson said Munday has an abundance of water. It is 39.7 per cent hard, but palatable. The pumps are worked automatically and the city reservoir maintains 50,000 gallons for fire reserve.

In the role of Munday fire chief, Johnson says the department expects arrival by Sept. 1 of new Mack "500" truck. It should have been delivered last October.

The fire department has 36 members. J. L. Stodghill is president, R. B. Bowden, marshal, Dave Jetton, secretary-treasurer.

Johnson said that no plans had

been made for development of the city park in the east part of Munday. Golfers are using some of the grounds.

Kidneys Must Work Well

For You To Feel Well
24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood. If more people were aware of how the kidneys must constantly remove surplus fluid, excess acids and other waste matter that cannot stay in the blood without injury to health, there would be better understanding of why the whole system sags when kidneys fail to function properly. Burning, scanty or too frequent urination sometimes warns that something is wrong. You may suffer nagging backache, headaches, dizziness, rheumatic pains, getting up at night, swelling. Why not try Doan's Pills? You will be using a medicine recommended the country over. Doan's stimulate the function of the kidneys and help them to flush out poisonous waste from the blood. They contain nothing harmful. Get Doan's today. Use with confidence. At all drug stores.

From where I sit, the time that a man and wife can spend with each other in this busy world today is all too precious. And the more things they can do together, the better.

to the ball park in time to participate with the Democrats in a baseball game against the Republicans. These games used to be annual affairs before the war. Chief Justice Fred Vinson of Kentucky will throw out the first ball in today's game. A good many years ago when a congressman from Kentucky, Chief Justice Vinson was the pitcher for the Democratic team.

A great deal is being said in Washington and elsewhere these days concerning the contract negotiated by John Lewis for the United Mine Workers. It is generally understood that U. S. Steel a great many of whose furnaces were closed down for lack of coal, brought pressure upon the coal operators to agree to the terms of John Lewis.

The United Mine Workers have secured between 35c and 45c per hour increase in wages. The royalty paid by mine owners to the health and welfare funds of the workers has been doubled. Instead of \$11.85 for a 9-hour day, the

miners will now receive \$13.05 for 8 hours which will include one hour travel time plus one-half hour lunch time. In other words, the miner will get \$13.05 for 6 1-2 hours actual work. In addition to health, accident, and insurance funds, the miner also receives a paid vacation.

When prices were held down, wages were held down, wages could not go up with out cutting into industrial profits. Now wage increases are simply added on to the cost of the commodity and passed on to the consumer. This all adds up to a statement I have been making for years, to-wit: As between gigantic industrial monopolies on one hand and gigantic labor monopolies on the other, the consuming public has little protection. The function of government is to write the rules of fair play and then to enforce those rules. One of the biggest and most important jobs government now has to do is to protect the public from gigantic monopolies. Anti-trust laws of this country should be strengthened and enforced. Trust-busting is a big job that must be done if small business men and small people generally are to continue to have their rightful place in the American economic picture. How to avoid too much regulation on one hand and too little on the other hand is a serious problem.

The House this week passed a new tax bill by a vote of 392 to 112. The only substantial difference between the bill just passed and the one vetoed by the President some weeks ago is the effective date of the act. The new bill starts tax reduction on January 1 of 1948 instead of July 1, 1947. In my opinion all tax reduction bills should begin in the future and should not be retroactive. Again, it seems important that tax bills should be enacted in a time and manner to give people adequate notice of what their liabilities will be. Where and how much to reduce taxes, how and where to reduce government expenses, are problems with which Congress and the country must continue to struggle.

In 1940 and again in 1946, Congress passed so-called "Reorganization bills" authorizing the President to reorganize the Executive Branch of the government and to reduce conflicting and duplicating functions. Very little reorganizing was done under either of these bills. Congress has now sought to take a hand in the matter itself. A bill has been passed setting up a congressional commission to make a scientific study of government reorganization. The commission will compose of two Senators, two Representatives, two officials appointed by the President from the Executive Branch of the Government, and six civilians, two to be appointed by the President, two by the President Pro Tempore of the Senate, and two by the Speaker of the House of Representatives. The purpose of this commission is to bring about economy and efficiency in the Executive Branch of the government.

The Republicans still contend they will adjourn congress on July 26. The calendars of both the House and Senate are clogged with bills. The pro-adjournment rush and confusion is on. Many important measures will doubtless be

Knox Prairie Philosopher Comes Out In Favor Of Taft-Hartley Bill, Especially One Section

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek probably has misinterpreted the Taft-Hartley bill, due to the heat, as the following letter from him reveals.

Dear editor:

I was out here on Miller Creek Monday afternoon sweltering in the hot July sun and debating whether I'd get cool enough if I got into the creek to off-set the effort of easing down the bank, when a copy of the Dallas News floated by and while this paper ain't particularly noted for its air-conditioning effect it generally has some light-weight summer reading in it and since all I had to do was straighten out my arm I went ahead and straightened it out and picked up the paper and when it got shady enough where I was sitting so I could read without no glare from the sun I opened it up and I wish to say I can't understand now why labor is so mad at the Taft-Hartley bill which I have heard so much about lately.

As I understand the bill from the article I read about it, when labor gets mad and decides to strike, the new law requires a eight-day cool-in off period before the strike begins, and while eighty days seems like a long time to cool off in, I guess it may get hotter in some parts of the country than others and while I personally ain't never stretch, especially when what I

left on the calendars of both the House and the Senate.

Butane Tanks

To be safe during winter months, you are urged to get larger butane tanks and store your winter gas before cold weather. Get tanks large enough to store your entire winter supply.

The heavy demand on refineries producing butane gas makes it impossible for them to produce enough during winter months. Heavy consumption in winter makes a heavy burden on them, and on your distributor.

Chevrolet Reaches Half Million Mark In '47 Production

Detroit—Chevrolet today became the first manufacturer in the auto industry to announce production of a half a million vehicles in the calendar year 1947, according to a statement made here by Nicholas Dreystadt, general manager of this largest General Motors division.

Production of its 500,000 unit July 7 contrasts with 1946, when Chevrolet, because of a prolonged strike and material shortages had not attained so high a mark until mid-November. The figure includes 360,947 passenger cars and 140,688 trucks.

The current Chevrolet record, established in virtually six months despite a new car change-over period and limited truck production due to the model change-over that preceded announcement of the division's new "advanced-design"

truck line for 1947, was made with only negligible output from its newly opened Flint (Mich.) assembly plant.

ALL RIGHT,

maybe Bert the Barber doesn't know a kilowatt from a cable, but that does not stop him from being one of our bosses, just the same.

Surprised? Didn't you know your electric light and power company is owned by Bert, and a lot of people like him—and like you, too?

People from all walks of life—doctors and industrial workers, teachers and farmers, mechanics and milkmen—have put some of their savings into our company. Those people are direct owners.

But there are countless indirect owners, too—many (like Bert the Barber) who haven't an idea that they have a stake in the electric industry. Those are the people who have savings accounts or life insurance policies. Nowadays, that means practically everybody!

Here's how it works: When banks and insurance companies accept your money, they must invest it wisely—and soundly. And because business-managed electric companies have a long record of faithful service, much of this money is invested in their securities.

So you, too—like Bert the Barber—are very likely to be one of our bosses.

A Want Ad in The Times Pays

Joe T. Nelson And Miss Varina LeBeau Mary In Denton

The mid-summer wedding of Miss Varina LeBeau, daughter of Mr. and Mrs. E. P. LeBeau of Denton, to Joe T. Nelson, son of Mr. and Mrs. Clyde Nelson of Munday, took place on Saturday at 8:30 p. m. in St. Barnabas Episcopal church in Denton.

The couple exchanged vows before an altar decorated with carnations in copper bowls and with lighted tapers in copper holders in double seven-branched candelabra. Flanking the altar were potted ferns and palms. Other church decorations were tall baskets of gladioli and daisies. Solomnizing the ceremony was the Rev. Homer F. Rogers, rector. Hugh Lee Kirkpatrick, Jr., of McKinney was organist. The pre-nuptial solo was "The Lord's Prayer" sung by R. B. Neale, Jr.

The bride wore a gown of white slipper satin made with basque bodice decorated at the oke with beaded orange blossom design. The deep neckline was cut with scalloped detail and wide V at the yoke. The sleeves were fashioned with petal points edged with Chantilly lace, and the full skirt with circular grain was worn over a hoop. The full-length veil of imported illusion was edged with wide Chantilly lace and attached to a tiara of pearlized orange blossoms and seed pearls.

The bride carried a bouquet of carnations and stephanotis centered with a white orchid and showered with ribbon streamers knotted with stephanotis. She wore a single strand of pearls, a gift of the bridegroom.

Given in marriage by her father the bride was attended by Miss Waneese Mackey, maid-of-honor, and by Miss Marjorie Vanderhoff of Denton and Miss Evelyn Pyle of Kaufman, bridesmaids.

They wore identical gowns of blue faille designed with bustle back and basque waist accented with a gathered fold at the puffed sleeves and at the waistline.

Jack Ellis of Dallas was best man and also attending the bridegroom were Millford of Denton and Bob Wyche of Fort Worth. Ushers were Frank Enamett LeBeau of Dallas and Glen L. Taylor of Denton, who also lighted the tapers. Ring bearer was Allen Y. Neale of Denton.

A reception was held after the wedding at the home of the bride's parents.

Mrs. N. H. Davis of Lexington, Kentucky, greeted guests at the door. The guest register was presided over by Miss Helen Craig. In the living room house party were Miss James Ellen Stiff of Dallas, Mrs. G. Emery Taylor and Mrs. R. B. Neale Jr. The bride's table in the dining room was laid with a white chinese grass linen cloth and centered with a low arrangement of white gladioli, marconi daisies and feverfew in a crystal bowl. The wedding cake was three-tiered, and iced in white with bride and groom figurines on top. Frosted pineapple punch was served by Miss Sara Neale of Denton and Miss Elaine Connelly of Trenton. Mrs. James T. Schuessler of

Seguin served the cake, assisted by Mrs. John M. Brooks of Denton and Miss Wanda Nelson.

The couple left after the reception for a wedding trip to New Orleans.

Attending the wedding from Munday were Mr. and Mrs. Clyde Nelson and family and Mr. and Mrs. Paul Nelson.

Recent Bride Shower Honoree At Rhineland

Mrs. Everett Kuehler, the former Earleen Brewer was honored with a lovely bridal shower on Sunday afternoon at the Rhineland community hall.

Eighty-five guests were greeted by one of the hostesses, Mrs. Cecil Fitzgerald, and were directed to the register, which was the bride's book presided over by Miss LaVerne Albus.

For the party, the hall was beautifully decorated in a color scheme of pink and green. Gladioli, dahlias, crepe myrtle and shasta daisies were used in floral arrangements throughout the hall.

Mrs. Barney Fraizer presided at the gift display tables, where many beautiful and useful gifts were displayed. The tables were covered with white cloths and trimmed with streamers of pink and green crepe paper caught at the center with pink bows.

Mrs. Wilburn May and Mrs. Boyd Moore, assisted by Misses Lorene, Lewellyn and Dolores Kuehler, Wynell Albus, Mary Pearl Massey and Wynell Fitzgerald, served delicious refreshment plates.

Weekly Health LETTER

Issued by Dr. Geo. W. Cox
M. D., State Health Officer
of Texas

Austin—The fact that dental decay may occur in the mouth of the average person, despite proper home care given the teeth, does not lessen the importance of brushing the teeth and massaging the gums daily, nor does it minimize the need for a cleaning and inspection of the teeth twice a year by the family dentist. Dr. Geo. W. Cox, State Health Officer, says that the lack of these measures gives added power to germs that attack the enamel of the teeth and gum tissues.

"If, despite the practice of proper oral hygiene, decay is suspected or pain is injured in any way, the thoughtful person will seek the dentist's office promptly for the necessary corrective work," Dr. Cox said.

"It is surprising, though, even in these days of comparatively gaudy dentistry, that so many persons neglect to have their dental defects corrected, because they foolishly fear the discomfort they might experience in the dentist's chair. "There are others who having lost a tooth or several teeth make no effort to obtain replacements. Apparently they believe they can get along without them. Reduced masticating power, the annoyance and sometimes actual discomfort of chewing hard substances on the exposed gums, and crooked teeth are some of the possible consequences of gaps in the teeth."

Dr. Cox advised those who are interested in experiencing the best dental and bodily health possible, give daily attention to their mouth and visit the dentist twice each year, and promptly seek the dentist's services should decay or other suspicious conditions arise between the periodic visits.

"In short," Dr. Cox declared, "successful mouth hygiene means not only intelligent personal daily application of prophylaxis but complete and timely cooperation with the family dentist as well."

8 P. M. Evening Worship
The hot summer weather is having no effect on our church attendance, last Sunday night we had one of the largest attendance and one of the best services that we have had for quite some time. If you like to hear the Gospel of Christ preached, showing favors to no one, attend the Services at our Church.

Our Revival will begin Friday night Aug. 8th, we are not able to announce as yet who will do the Preaching, but will be by next week. The singing will be under the direction of the pastor. We invite the public to attend this Revival.

C. R. Copeland, Pastor.

H. T. Cunningham spent last Saturday in Henrietta, visiting with his mother, Mrs. George Cunningham.

Mr. and Mrs. Carl Mahan of Abilene visited with relatives and friends here the first of this week.

G. H. Coody and Ronald Seth Coody are visiting with relatives in Throckmorton this week.

Mrs. Dave Griffith returned home last Saturday from Fort Worth, where she had been visiting with relatives for about two weeks.

Mr. and Mrs. Walter Coody attended the rodeo in Truscott last Friday and Saturday.

Mr. and Mrs. W. C. Cox visited relatives in Wimsboro over the week end. They were accompanied home by their niece, Kay Spivey, who is visiting in their home this week.

HEFNER NEWS

(Mrs. E. J. Jones, Correspondent)

The weather has been very hot, and rain is needed in parts of the uplands on crops and gardens. Early corn is now in roasting ears and

is being enjoyed by many families. Mr. and Mrs. Felton Jones and daughter, Sandra Ruth, of San Angelo returned home Monday after visiting in the T. H. Jones home and in Dallas, Grand Prairie and Goree with other relatives.

Mr. and Mrs. J. C. Lambeth and children of Nevada are visiting the Ben Holder family and other relatives and friends here.

Mrs. D. G. Jones was on the sick list a few days last week.

Mrs. Ed Jones is now expecting a visit from her son, Paul A. Jones, and wife and baby boy from California.

Mrs. Jim Jackson has returned from a trip to the plains country, where she visited a sister at Lamasa and also attended the funeral of an old friend, Mrs. Lee Westerman of Slaton, who lived in Hefner many years before moving to Slaton.

Mr. and Mrs. Billy Hutchens and children have Mother Hutchens of Fort Worth to visit them a few days last week.

Mr. and Mrs. Reuben Bates attended church at Goree last Sunday. They have just returned from a trip to California.

Elder R. Guthrie will preach at the Baptist church next Sunday and Sunday night.

negative side when we mentioned going swimming. By that time we'd discarded our waterwings and convinced the older boys we really could swim. So they'd set up a plea for us to go along, but they didn't want the younger ones who could not swim. . . . This hole was much farther away

than the smaller one, so we couldn't frequent its banks as often. We would have to pick a day when all the horses were idle, so we could go horseback. But, boy! It was worth the wait, we thought, once we hit the cooling water a belly-buster!

We like the public swimming pools nowadays, but they're not like the ole swimmin' hole, where we went swimmin', sans-clothing! It was close enough to the pub-

lic read that you'd have to "hit the water" when someone passed on their way to town.

Yes, we've spent many a happy time at the ole swimmin' hole—and come home with the carache because our head had become "water-logged"!

Guess this hot July weather is what made our mind wander back to the days when we used to go swimmin', in the raw.

Photographs

Our representative, Mr. Hugh M. Davis, will be available to serve your Photographic needs through Friday and Saturday 18 and 19 July.

Mr. Davis will be located in the lobby of the WARDLOW HOTEL (over the HALLMARK AUTO SUPPLY STORE) at which place the following services will be available to you:

Portraits of adults and older children, Commercial Photos of all types (buildings, store fronts, store interiors, parties, weddings, churches, etc.)

Children

Appointments will be taken to photograph younger children in your own home. (Experience has taught us that small children are best photographed at home).

Aerial Photographs

Aerial photos for record, or survey purposes can be made through special arrangements with our home plant. Mr. Davis will be happy to discuss your needs with you.

Jacksboro Man Buys Drug Store At Knox City

The Frizzell Drug Store, which was in operation in the same location on main street in Knox City for 38 continuous years, was sold July 1 to Wesley E. Marr of Jacksboro, who as a former employee lived in Knox City from 1936 to 1941.

The sale was made by the daughter, Mrs. Roy A. Baker, and Dr. T. P. Frizzell, Jr., son of the founder who passed away on February 14, 1947.

Roy Baker had served as manager for the store for the past 13 years, with the exception of a time spent in the service. He also served as mayor of Knox City for two terms, declining to seek re-election this spring.

The brick building housing the drug store is retained by the Frizzell interests and will continue to be used for the business.

Mr. Marr took charge of the store on July 10. Mr. Baker said his plans for the future are indefinite, but that he and Mrs. Baker and son, William Roy, would probably travel for several weeks.

The business institution was founded in 1919, and is one of the oldest in this section.

Veterans News

The Veterans Administration has advised World War II veterans in Texas, Louisiana and Mississippi to pay their insurance premiums by draft, personal check or money order rather than direct cash remittances.

Remittances by draft, check or money order should be made payable to the Treasurer of the United States. Premiums may be mailed to Collections Unit, Insurance Service, VA Branch Office No. 10, 1114 Commerce Street, Dallas 2, Texas.

An oil emulsion designed to immobilize bacteria in tuberculosis wards and hospitals is being studied in an intensive "pilot" test in

Veterans Administration hospital.

The test is a follow-up of observations made by the Army and Navy in experimental studies carried on during the World War.

Blankets, bed linens and floors have been treated with a highly refined mineral oil, trapping settling bacteria and preventing their recirculation by air currents within patients' rooms, VA said.

The oil must not be perceptible to sight or touch, or produce skin irritation, laundering problems, VA said.

VA also is studying methods of killing trapped bacteria with chemicals and drugs. Results so far, have been generally disappointing, it was said.

Paralyzed and tubercular patients in VA hospitals may now study educational courses while they are bed-ridden by flashing microfilm pages of textbooks on the ceilings over their beds with special projectors.

The new program is a feature of VA's Educational Retraining, Med-

ical Rehabilitation Service. VA has microfilmed 32 manuals from the 200 courses used in the educational therapy program to launch this project.

The subjects range from grammar through physics and electric refrigeration. A number of books on the establishment and operation of small businesses also are included.

Questions and Answers

Q. Does my right to obtain a guaranteed loan continue indefinitely?

A. No, but you have until 10 years after the official termination of World War II.

Q. Are there any charges for guaranteeing or insuring a G. I. loan?

A. No Commission, brokerage and similar charges may not be legally made against the veteran for securing a guaranteed or insured loan. Of course, customary out-of-pocket fees usually borne by the borrower, such as appraisal, title examination fees and other costs and expenses incident thereto, may be charged against the veteran by the lender, the same as against all borrowers.

Q. What will happen if I do not make my loan payments?

A. That depends upon the terms of your loan, the attitude of the lender and the laws of the State where the veteran and security

are located. If payments are not made when due, the loan is in default and the lender may take such action as is provided in the loan agreement and is permitted by the law and by the regulations for guaranty and insurance of loans.

Q. Does Veterans Administration make loans or find a lender for me?

A. Veterans Administration does not make loans, nor does it find a lender for the veteran. VA is not permitted to make loans. Within the limitations established by law, it guarantees or insures the repayment of a part of the loans made by lenders to veterans. In addition, Veterans Administration pays the lender as a credit on the 4 per cent of the guaranteed portion of the loan. The veteran is not required to repay this amount.

Benjamin, delinquent 1929 through 1946 in the amount of taxes delinquent of \$446; Lots 7, 8, 9, 10, 11 and 12 in Block 121, Original Benjamin, assessed to W. E. Together with interest, penalties and costs, all charges and expense of suit, which accrued and which may legally accrue thereon.

Each party to this suit shall take notice of and plead and answer to all claims and pleadings now on file or thereafter filed in said cause by all parties therein, showing cause why judgment shall not be rendered condemning said property, ordering sale and foreclosure for said taxes, penalties, interest and cost of suit, etc.

Plaintiff and impleaded defendants that are taxing units also seek the establishment and foreclosure of the lien securing payment of such taxes as provided by law, as is more fully shown by Plaintiff's Petition on file in this suit and any other pleadings that might be filed by any other parties to this suit.

Issued this 12 day of July, 1947. Given under my hand and seal of said court, at office in Benjamin, Texas, this 12 day of July A. D. 1947.

Synthetics And Man-Made Fibers Cotton Competitors

The production of synthetic fibers, as opposed to the "natural" fibers—cotton, wool, mohair, silk, and flax—is showing a big increase.

Up until around 1935, according to the USDA Southern Regional Research Laboratory at New Orleans, rayon was the only manufactured fiber in commercial production in the United States. It is made of Cellulose. After a couple of false starts rayon production got under way in 1911 and has increased so rapidly that today it runs second only to cotton as a textile fiber. Production is still climbing: 482 million pounds in 1940 to 875 million in 1946.

Before 1940 the consumption of synthetic fibers other than rayon was very small, and even in 1941 totaled only 4.5 million pounds; by 1946 the figure had increased to 53.3 million pounds and outranked silk and flax.

Some of the man-made fiber that are coming up fast in the synthetic field are:

Glass fiber; commercial production began in 1936 but the output was very limited during the first three or four years.

Vinyon, a fiber made of synthetic resin, first made in 1938. Production is still small.

Nylon; commercial production began in 1939, after a short period of experimental operations.

Aralac and saran, casein fibers, were introduced commercially a-

round 1940. And a synthetic fiber made of soybeans is coming up.

GAYLE LITTLEFIELD HAS LITTLE BROTHER

Mr. and Mrs. E. B. Littlefield presented their daughter, Gayle, with a baby brother at 10 p. m. Wednesday at the Knox county hospital. The boy weighed six pounds and eight ounces, and E. B. says the boy is so important that a name hasn't been decided on that will give the youngster due credit.

Mother and little son are reported to be getting along fine.

Mrs. Cassie Lansford and daughter, Nettie, returned home Sunday from Weatherford where they visited with relatives for several days.

The long-time value of legume crops is the fertility that they add to the soil, and the fact that they prevent erosion by holding the soil in place.
