VOLUME 43

MUNDAY, KNOX COUNTY TEXAS, THURSDAY, JANUARY 15, 1948

NUMBER 25

Kracker Krumb's Odd Bits Salvaged At Random

(By Aaron Edgar)

We hope all those predictions Wade made last week come to pass—especially the one about our note—and everything works out nicely for all of you.

And speaking of the note, there are quite a few of you who could help us out right at this time, judging from your expiration date. Look at the date on your paper, then let us have your subscription. Don't wait until we mail you a card—which we'll likely do pretty soon.

Those predictions led us to think briefly along the lines of Munday's needs for 1948, and we're sticking a mere half-dozen of them on our editorial page, where they'll stay all year, unless the need is met.

That's just a few, but as the need is met, we'll take that one out of the space. Let's see how many of them remain there next December. For further exploitation, we'll review them briefly.

Heading the list; and, we think, properly so, is a modern high school building. We understand plans are being formulated toward that end, and none too soon.

A school man said recently that our high school building is a disgrace to the town and community. It was further said that we're as far behind in our present facilities as the farmer who used a team of mules and a one-row cultivator.

First, we need a building to properly care for the children now in high school. And we need one big enough to care for future needs, when children on the rural communities continue to come to Munday for the better educational advantages our school offers.

And if we don't offer them, the children will go where they are available.

Our second need listed is the waterworks system. We waged forth long and strong about this some weeks ago. Everyone would be made happier, including various state departments, if our water supply was moved out of that hole and made to meet all necessary requirements of sanitation and good health.

Number Three: A street sweeper. We debated whether to place it at the top, but decided education was more valuable than cleanliness, provided it was clean education.

Yep, we need a sweeper that will pick up the dirt into a receptacle, hauled away and dumped out. We don't think one that sweeps the dirt up into windrows—like a binder dumps bundles—is what we need.

That roll of dirt would remain there until a shovel gang came along and picked it up—which probably wouldn't be.

Our broom and shovel activity didn't last long, so now our streets are in such shape that a car going as fast as 20 miles an hour creates a regular dust storm.

We'd be nearly as proud to see a street sweeper as we were that new Mack fire truck. We hope to remove that need from our list this year.

Then comes the clean-up campaign. Brother, did you ever see such accumulation of tin cans, bottles, dirt and trash as we have now?

The barrels up in our alley have been running over for weeks—and so have yours, and yours.

We're paying good money for the use of some land southeast of town as a dump ground. And from the looks of things now, we need to haul about half the town out there and dump it!

The paving program is self-explanatory.

That clean-up campaign which flunked out on us last year needs to be resumed with vim, vigor and vitality this year—and the folks across the railroad tracks have

Knox County Hospital Notes

NOTICE TO VISITORS

Visitors will not be permitted to stay with patients longer than the first or second nights after operation if the patient's condition is good.

Visitors must not visit other patients without permission from the head nurse.

Visitors must leave the hospital promptly at 9 p. m. and will not be admitted until 9 a. m.

Mr. and Mrs. Ben Wilde, Munday, a daughter.
Mr. and Mrs. W. W. Roberts, Goree, a daughter.
Mr. and Mrs. Pete Meinzer, Benjamin, a daughter.

Mr. and Mrs. W. C. Cunningham and children of Muleshoe spent the week end with Mr. and Mrs. W. G. Gaffard.

Miss Catherine Rogers spent the week end with her parents, Mr. and Mrs. Clyde Rogers of Goree.

Mrs. Truman Cypert, Mrs. Dave Jetton and Mrs. Clyde Warren were business visitors in Haskell last Monday.

Campaign On "March of Dimes" Opens In Knox

In a meeting in Knox City on Tuesday of this week, the Knox County Chapter of the National Foundation for Infantile Paralysis set up the program to carry the campaign from January 2 through January 31st. Rev. Don R. Davidson of Munday, is County Chairman of the campaign and local chairmen will be appointed this week.

In those seventeen days every person in the county will be given opportunity to express gratitude for the kindness of Providence by making a gift to this nation-wide project so worthwhile and also so popular.

The real value of the Foundation was brought home to us this year when we were called on for local help and rejoiced over the fact that Knox county was ready to come to the rescue of its polio victims. Some counties were not so fortunate, either because they had not given real support to the campaign or because they had unusual numbers of victims and thus could not finance aid for all. This dread illness is so expensive that families of more than moderate means often have difficulty in paying the bills.

Public meetings, clubs, fraternal orders, churches, theatres, schools and individuals will all join in an effort which has no quotas and no competitive basis but simply the desire to be able to help our neighbors in such depressing need. One half of all money raised stays in the county treasury of the Foundation for our own people who become victims and the other half goes to counties who have unusual numbers of victims and to provide research seeking improved methods and better preventives. Join the "March of Dimes".

Success Shown By Benjamin Boy In Poultry Work

J. C. Patterson, Poultry demonstrator of Benjamin, Texas, has had outstanding success with his lark cornish birds this year. Patterson's success began when he showed the champion cock bird, first hen, first pullet and third cockerel in the New Mexico State Fair in 1947.

After adding a meeting of English birds hatched in England to his flock, Patterson showed his birds at the State Fair of Texas; here he walked away with the first cock bird, best type male, sixth hen, sixth pullet and sixth cockerel ribbons.

Still not being content, he sent one of his cocks, not yet shown, to the recent Madison Square Garden Poultry Show where it placed fifth.

Patterson tells county agent, Carpenter, that years ago he began the show bird business by purchasing ten eggs for five dollars. Since that time he has gradually built his flock up. He states that although he has sold only a small percentage of last year's production his sells have already totaled over \$17.00.

HAS OPERATION

Mrs. T. J. Mitchell, who operates Elizabeth's Beauty Shop in Munday, underwent a major operation at the Knox county hospital last Tuesday morning. Reports coming from the hospital are that she is resting nicely.

NATION'S NO. 1 ICEMAN

ST. JOSEPH, MO. — M. J. Garvey, Jr., president of Artesian Ice & Cold Storage Co. here, is the new president of the National Association of Ice Industries. Named the "No. 1 Icedman" of the nation at the association's 30th annual convention in Chicago, Garvey pledged his industry to "greater service to the health and welfare of America through new developments and expanded facilities."

THE AMERICAN WAY

New Dry Goods Store To Open In Near Future

Kennedy (Casey) Nedhut, who will serve as manager of the firm, stated this week that The Hub Store, Munday's newest dry goods store, will hold its formal opening within a few days. The opening has tentatively set for Friday, January 23.

This new store will occupy the new building which C. L. Mayer has just completed, and which is located on the north side of the square. Work of installing shelving and fixtures is being completed this week.

Owners of the firm are R. A. Noret and Alton Middleton of Haskell, who have operated the Hub Store in Haskell for the past five years.

Mrs. Nedhut will also be employed at the store and will assist her husband with sales and management. The owners expect to have a nice stock of merchandise for the formal opening.

Benedict Motors Of Knox City To Hold Open House

The first public showing in Knox County of the new 1948 model Ford trucks will take place Friday, January 16 at an "open house" to be conducted by the Benedict Motor Company of Knox City, Texas.

With the streamlined new trucks, the first post-war products of the Ford Motor Company, as the main attraction, the Benedict Ford House will welcome the public to its showrooms, service, parts and accessory, and used vehicle departments.

"We arranged an 'open house' program for public announcement of the 1948 truck line because we feel that this is the most important new truck showing in Ford history," said H. G. Benedict. "We expect to receive trucks during the coming months in quantities increased sufficiently to permit us to meet the heavy demand."

Weather Report

Weather report for the period of January 8, through January 14, as recorded and compiled by H. P. Hill, Munday U. S. Cooperative Weather Observer:

	Temperature	
	LOW	HIGH
Jan. 8	41	26
Jan. 9	42	34
Jan. 10	42	36
Jan. 11	44	37
Jan. 12	44	30
Jan. 13	25	39
Jan. 14	22	38

Rainfall to date this year, .26 inches. Rainfall to this date last year, .60 inches.

Acres of winter wheat seeded or to be seeded in Texas for harvest in 1948 is estimated at 6,980,000 acres, 48 percent greater than the 10-year average.

Old Fire Truck Overhauled; In Tip-Top Shape

Munday now has fire-fighting equipment that should get the job done in quick order and give the town ample fire protection at all times.

Work of overhauling the old fire truck, the American LaFrance, that had seen service for almost twenty years without major repairs, was completed a short time ago, and now the town has a fire truck that are in first class shape.

The old truck underwent repairs on the motor, a new pumping apparatus was installed, and other necessary repairs made. A factory engineer came to Munday and did the repair work.

This work cost the city approximately \$400, but members of the city council feel it was money well spent by giving us ample fire protection.

Weinert Methodists Have New Building

Weinert—Weinert's new \$10,000 Methodist church, of which the Rev. C. M. Curry is pastor, was recently initiated into service when the Stamford District Conference with 200 guests attended services and ate in the youth's recreation hall.

The old Thorp church building was moved from that community, 12 miles northwest of here, its salvaged lumber used for the new auditorium. The Rev. Hugh Hunt, Chillicothe pastor, made the architectural design for the choir loft and chancel. The new building has auditorium, youth recreation hall, kitchen well equipped and five Sunday school rooms. The old church bell has been placed in a cupola.—Abilene Reporter-News.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Gene Shackelford are announcing the arrival of a seven and one-half pound boy which arrived at 10:30 Saturday morning, January 10.

Remains of Cletus Donoho, War Hero To Be Interred In San Antonio

Funeral services for Pvt. Cletus W. Donoho, who was killed in action in Germany, November 29, 1944, will be held at the graveside at the Fort Sam Houston National cemetery in San Antonio, January 19 at 3 p. m. with the pastor of a Baptist church officiating.

Young Donoho, son of Mr. and Mrs. Dennis R. Donoho of Goree was born June 30, 1925 in Fort Worth, Texas. He attended high school in Bomarton and went into service April 3, 1944. He finished his basic training at camp Roberts, Los Angeles, Calif. and went overseas in October 1944. He served in the infantry and was killed in landing action in November 1944.

Calf Show Is Slated For January 24th

Youths Injured In Accident On Saturday Night

Miss Louis McNellie, 19, of Knox City, and K. P. Russell, 18, of Rochester, remained under treatment at Knox City Hospital in Knox City Monday for injuries suffered in a highway mishap near Knox City early Sunday morning.

Capt. George R. Morahan of the district highway patrol office said the accident occurred a half mile east of Knox City, two automobiles collided head-on. The two remaining in the hospital and Billy Dale Lee, 17, were occupants of one of the cars. It overturned and burned.

Miss McNellie suffered a hand injury and bruises and Russell suffered deep face cuts, the highway patrol captain reported. Lee was given emergency treatment for lacerations of the ear.

L. W. Lester, 26, of Munday, driver of the other car, escaped injury, Captain Morahan reported. Occupants of the car which overturned and burned got before the fire reached them.

Hearing Set On Paving Costs

Notice is given this week by the city council of the City of Munday of a hearing to be held on the proposed costs of the city's paving project. This hearing is set for 10 o'clock on the morning of January 30th.

Proposed costs of each project on each street to be paved are set out in the city's notice of hearing, which appears elsewhere in this issue of The Times.

Property owners are urged to determine what unit affects their property, and if they believe the costs unjust, to appear before the city council on the date of said hearing.

The paving project is expected to get under way soon after this hearing.

H. L. Brewer Of O'Donnell Dies

H. L. Brewer, 77, retired farmer and well known citizen of O'Donnell since 1919 and former resident of Munday, died at his home in O'Donnell recently.

Funeral services were conducted by Rev. E. H. Crandal, former O'Donnell pastor, in the O'Donnell Methodist church on Friday afternoon, January 2, and burial was in O'Donnell cemetery.

Survivors include his wife, Mrs. Martha Brewer; four sons, E. A. Brewer of Watsonville, Calif.; W. H. Brewer of Seagraves; E. E. Brewer of Los Angeles, Calif.; and J. D. Brewer O'Donnell; three daughters, Mrs. M. C. Sweatt of Lovington, N. M.; Mrs. Elva Hopper of Mentone, Texas, and Mrs. Mattie Thorp of Capitan, N. M.; four brothers, W. E. Brewer of Tahoka, P. P. of O'Donnell, Jim of Fort Worth and M. M. of Hobbs, N. M.; 19 grandchildren and 13 great grandchildren.

C. R. Elliott, chairman of the "Hoof and Horn Committee" of the Munday Chamber of Commerce, working with C. P. Baker, Lyle Stodghill, W. R. Moore, J. B. Stevens, R. D. Atkinson, R. L. Ratliff, E. C. Ponder and J. M. Carpenter, announced initial plans of the annual Knox County Fat Steer Show at a meeting held at the P. C. A. assembly room, Monday.

Following a meeting of the Rotary Club, at which colored movie film of the 1946 and 1947 calf shows were shown, the committee met and set January 24th as the date of the show. On this date Munday will be host to Knox County's 4-H feeders and their twenty one calves.

Scheduled events for the day include 4-H and F. F. A. Judging Contest for the morning in which the Texas Tech Livestock Judging Team will participate for practice. At 1:00 p. m. the feeders will bring out their junior fat steers for judging by Mr. Ray Mowery of Texas Tech Animal Industry Department. Following placing of these steers the boys will show their senior steers for the various awards. And for grand event of the day first and second place winners in the junior and senior classes will compete for the Grand and Reserve Championships.

Following this the judge will select the ten outstanding calves to compete in the District Show. An open air auction will follow for those boys wishing to sell their calves.

The committee voted to record the show on colored movie film, so that it can be shown at later dates.

Final plans and announcements of the show will be forth coming.

Bank Officers And Directors Are Re-Elected

At the annual meeting of the holders of the First National Bank in Munday, held last Tuesday morning in the directors' room of the bank, all officers and directors were re-elected for another year.

Officers are: W. E. Braly, president; M. L. Wiggins, vice president; J. Weldon Smith, cashier, and Paul B. Pendleton, assistant cashier.

Directors are: R. D. Atkinson, J. C. Borden, W. E. Braly, Homer Lee of Wichita Falls, C. L. Mayer, J. Weldon Smith and M. L. Wiggins.

Auction Sale On Tuesday Has Active Market

The Munday Livestock Commission Co. reports a good run for cattle for Tuesday's sale with all classes selling on a good active market from 25 to 50 cents higher.

Canner and cutter cows, \$11.00 to \$15.00; butcher cows, \$15.50 to \$18.50; fat cows, \$19.00 to \$21.50; butcher bulls, \$16.00 to \$18.50; fat bulls, \$19.00 to \$21.50; rannie calves, \$13.00 to \$16.00; butcher calves, \$16.50 to \$22.00; fat calves, \$23.00 to \$28.00; butcher yearlings, \$16.00 to \$22.50; fat yearlings, \$23.00 to \$28.50.

Some plain stocker calves, \$19 to \$23.00; good stocker calves, steers and heifers mixed, \$24 to \$26.00.

P. T. A. TO MEET ON NEXT WEDNESDAY

The P. T. A. will meet next Wednesday, January 21 with the Home Economics department in charge of the program. The time is 3:15 p. m. and everyone is urged to be present.

Mr. and Mrs. Guy Holley and little son, Richard of Grandfield, Okla. spent the week end with John McMahon and his mother, Mrs. W. F. McMahon.

Niel Brown was a business visitor in Dallas the first of this week.

Legal Notice

SPECIAL ORDINANCE

Notice
TO ALL PERSONS, FIRMS OR CORPORATIONS OWNING OR CLAIMING PROPERTY OR ANY INTEREST THEREIN ABUTTING THE STREET HEREIN-AFTER NAMED:

Your are hereby notified that the City of Munday has contracted for the improvement of the hereinafter described street or Avenue, by excavating, grading, filling and paving the same with eight (8) inch compacted gravel and Triple Asphalt Surface, as necessary work in connection therewith, in accordance with the plans and specifications approved by the City Council, on the hereinafter named street or Avenue. The remainder of the cost of said improvements, and the estimated amounts per front foot proposed to be assessed against the owner or owners of abutting property and such property, and the estimated total cost of such improvement on each said street or avenue or portion thereof, is as follows:

Unit No. 1, 36 ft. width pavement face to face of curb to be assessed \$3.60 per Ft. Ellen Avenue from the South line of Bryant Street to the South line of Rudd Street.

Estimated total cost of improvements on such street or Avenue or portion thereof—\$2750.88
Unit No. 2, 36 ft. width pavement face to face of curb to be assessed \$3.60 per Ft. Ellen Avenue from the South line of Rudd Street to the South line of Baker Street.

Estimated total cost of improvements on such street or Avenue or portion thereof—\$2750.88
Unit No. 3, 36 ft. width pavement face to face of curb to be assessed \$3.60 per Ft. Ellen Avenue from the South line of Baker Street to the South line of Lee Street.

Estimated total cost of improvements on such street or Avenue or portion thereof—\$2650.00
Unit No. 4, 36 ft. width pavement face to face of curb to be assessed \$3.60 per Ft. Ellen Avenue from the South line of Lee Street to the pavement on Earnest Street.

Estimated total cost of improvements on such street or Avenue or portion thereof—\$2298.26
Unit No. 5, 36 ft. width pavement face to face of curb to be assessed \$3.60 per Ft. Shelly Avenue from the North line of Haskell Street to the center line of Knox Street.

Estimated total cost of improvements on such street or Avenue or portion thereof—\$2539.98
Unit No. 6, 36 ft. width pavement face to face of curb to be assessed \$3.60 per Ft. Shelly Avenue from center line of Knox Street to the South line of Bryant Street.

Estimated total cost of improvements on such street or Avenue or portion thereof—\$2885.93
Unit No. 7, 36 ft. width pavement face to face of curb to be assessed \$3.60 per Ft. Shelly Avenue from the South line of Bryant Street to the South line of Rudd Street.

We are Happy to Announce Enlargement of Our Sales And SERVICE Staff

Mr. Edward Barrett, a young man of broad experience in the sales and service field, has joined the staff of the Bob Worthington Motor Co. as sales and service manager. He brings to his work here several years of experience in automotive servicing and sales assignments, including an intricate knowledge of general automotive mechanics. You will soon learn to have confidence in both his ability and judgement—and he hopes to have you bring your service problems to "Ed". We commend him to you as a man in whom we can recommend highly.

In addition to Mr. Barrett, several other highly competent men have recently been added to the staff of our "Service Center". Each of these men have been chosen for his particular ability, and for his training experience. Our policy of guaranteeing every automotive service job we do can only be maintained by using mechanics of highest skill, and by providing the men on our "line" with the finest in precision tools and machinery with which to work. That is the type of service you will receive when you bring your automotive needs to us.

Bring Your Car, Pickup or Truck In Now--We Are Ready to Serve You

We appreciate the patience and cooperation that patrons have shown, and our purpose in enlarging the sales and service staff is to give the maximum in attention to your every need. Our aim is to build a service center for the future in which you will have confidence, and which will earn and deserve your patronage.

Any Make or Model

Our staff and equipment are so arranged that we are in position to render every automotive service on any make or model of car. Our mechanics are schooled constantly on every mechanical operation and precision instruments aid this service.

GUARANTEED SERVICE

Our business, throughout a long career in the automotive field, has always been built on the principle of customer satisfaction. It is for that reason that we guarantee every job we do to satisfy the customer — whether it be a minor adjustment and tuneup, or a complete overhaul. This builds confidence in the minds of customers in us.

Estimates Gladly Furnished

We are always glad to furnish estimates on any work you need, at no obligation on your part.

Mr. and Mrs. Walter Price Are Honored On 50th Wedding Anniversary

Mr. and Mrs. Walter Price were honored on their golden wedding anniversary when their children, Mrs. Ralph McMeen of Breckenridge, Mrs. June Beckell and Norris Price of Dallas, were entertained in the family home at Go-

ree with open house December 21 from 2 to 5 p. m. Guests were greeted by Norris Price who presented them to the receiving line, that consisted of the honored couple and Mrs. Becknell and Mrs. McMeen. Entertaining rooms were decorated with arrangements of gold mums. Guests were registered by Mrs. Norris Price.

Inviting callers to the dining room was Mrs. A. H. Golden of Seymour, sister of Mr. Price, who served the cake while Mrs. Doree Bowles, also sister of Mr. Price, presided at the silver service.

Assisting in duties of serving were granddaughters of the honored couple, Mrs. Jo Marie Henderson of Gainsville, Mrs. Margaret Rainey, Weinert and Miss Wilma Lou Price of Dallas; and great granddaughters, Wanda Sue and Helen June Henderson. Other family members helping with entertaining guests were Ralph McMeen, June Becknell, Walter Carlton McMeen and Billie Tom Price. Gifts presented to the honorees were on display.

MR. AND MRS. WALTER PRICE

Mrs. Price was formerly Miss Willie Hardin, she and Mr. Price, son of the late M. Price, a pioneer settler of Knox and Baylor counties, have spent all but two years of their marriage in Go-ree. Mr. Price was formerly engaged in farming and stock raising until the couple moved to town a few years ago.

Approximately one hundred guests called during the afternoon. Those attending from out of town were: A. H. Golden, Mr. and Mrs. Emmitt Golden, Westley Harrison, Mr. and Mrs. Charles Johnson, Mr. and Mrs. Deaton Green and Mrs. Frank Davis, Seymour; Mr. and Mrs. S. W. Boone, Mr. and Mrs. Nard Boone, Mr. and Mrs. Paul Josslett, Eula Rainey, Weinert; Mr. and Mrs. Tom Price, Mr. and Mrs. Gill Wyatt, Mr. and Mrs. M. L. Barnard, Mrs. P. B. Broach, Mrs. Theodore Jones, Mrs. Alex Branch and Mrs. Hattie Sessions, Munday; Mr. and Mrs. J. W. Moore, Jackboro; and Mr. and Mrs. E. B. Hudsph, Caddo; Mrs. Mattie Gordon, Breckenridge; Mr. and Mrs. Walter Rogers, Haskell; Mrs. N. E. Manuel, Throckmorton; Mr. and Mrs. F. H. Newson, Wichita Falls; Thurman Price and Jerry Don Farren, Odessa; Mr. and Mrs. J. P. Polson, Colb, Spring, Colo.; and Mrs. Carrol Parks, Los Angeles, Calif.

Jimmy Walker spent the Christmas holidays in Mountain Park, Okla., visiting his parents, Mr. and Mrs. J. E. Walker. He also visited in Oklahoma City.

Mr. and Mrs. J. C. Mills and children of Abernathy, Mr. and Mrs. A. D. Thompson and Sandra Lee of Austin, Mr. and Mrs. H. E. Thompson of Seymour, Mr. and Mrs. Elvis Hutchinson of Knox City and Miss Billie Fern Thompson of Abilene were guests in the home of their parents, Mr. and Mrs. T. L. Thompson over the Christmas holidays.

Mr. and Mrs. C. J. Smajstria, Betty Lou and Jerry spent the Christmas holidays in Houston visiting their daughter and family, Mr. and Mrs. B. W. Klypas. Betty Lou and Jerry remained in Houston for an extended visit.

Candied Fruit Made At Home Is Less Expensive

Perhaps you were like a lot of us, and in spite of your good resolutions, let the holidays arrive and find you unprepared. When you got ready to make the fruit cake you found the ingredients very expensive to buy, and there was no time left in which to make them. Let's start the new year off right—now is the time before you lose the holiday spirit, suggests Eugenia H. Butler, Knox County Home Demonstration Agent. Home candied fruit and fruit peel in your holiday boxes, and will subtract a noticeable amount from the cost of your fruit cake.

Thick peel of bright color is especially suited for crystallizing. The method is simple enough, for it is just a matter of cutting the peel into strips about 1/2 inch in width, and boiling in three different waters.

Miss Butler says to grate the peel lightly on an ordinary grater to break the oil cells before cutting. Then for each quart of peel, add 3 pints of cold water and boil 10 minutes. Fresh water is used for each of the 3 boilings to remove the bitter flavor.

Dry the fruit between folds of cloth and cook in boiling syrup until the peel becomes transparent. Make your syrup by boiling together 1 1/2 pounds of sugar and six ounces of water. You can add

coloring or flavoring before the peel is placed in the syrup. (A mixture of red and green pieces makes an attractive candy jar.) Boil the peel in the syrup until sufficiently flavored — Remove from syrup and roll in granulated sugar.

She cautions that cooking too long will make a hard crystallized peel. The red pieces will work in very nicely or Washington's brith-

day specialties, but store what you are not going to use right away in clean containers and seal. You will find it saves you time and money later on.

PROFITABLE WAYS TO SAVE GRAIN

THE JEFFROY "SOIL CONTROL CULTIVATOR"

The Plow of the Past REVOLUTIONIZED for TODAY!

The chisel-type cultivation of the Jeffrey "Soil Control Cultivator" is not new! In fact, the first plows of this type were made over 3,000 years ago by the Egyptians for farming along the Nile River. They used a sharpened stick, while in the Jeffrey machine, silicamanganese steel is required to stand present-day speeds and uses. Down through the ages many plows have been used and discarded, but the chisel-type plow has proved to have less draft, control erosion, and conserve moisture more effectively than any other plow invented!

- ★ Plows and cultivates the natural way. ★ Conserves the moisture. ★ Prevents blowing. ★ Stops erosion. ★ Cuts plowing cost in half. ★ Constructed to last a lifetime. ★ Pre-war prices. ★ Made in 4 sizes to fit your power: 7 ft. - 10 ft. - 13 ft. - 16 ft.

Hughes-Dayton Imp. Co.

MOISTURE

Moisture penetrates farther, does not run off. Stubble and trash are worked into fapsoil for more effective refertilization of the land.

MOISTURE

Disc-type cultivation leaves a smooth surface that quickly soaks and causes water run-off.

Society

Weslyan Service Guild Meets In Rob't Green Home

The Weslyan Service Guild met last Monday night in the home of Mrs. Robert Green. Mrs. J. W. Massey was co-hostess.

At 7 o'clock, supper was served which consisted of a spanish dish with coffee and home made candy, to the following: Mmes. Joe B. King, Bob Hicks, J. Weldon Smith, Buddie Gafford, Bob Billingsley, Dan Billingsley, Don Davidson, J. H. Bardwell, P. L. Ferguson, Hugh Beaty, C. P. Baker, Chas. Baker, J. B. Scott and Bryan Cumback. Misses Ruth Baker, Florence Gaines and Merle Dingus. Rev. Don Davidson and the hostesses, Mrs. Robert Green and Mrs. J. W. Massey.

Following the supper, officers were installed for this year's work with the Rev. Don Davidson being in charge of the installation. Mrs. Robert Green was elected president; Mrs. J. W. Massey, vice-president; Mrs. Dan Billingsley, secretary; Mrs. Joe Gafford, treasurer; Miss Merle Dingus, Committee chairman; Mrs. C. P. Baker, Missionary education; Mrs. R. H. Hicks, Christian social relations and local church activities; Mrs. Aaron Edgar, supplies and recreation; and Mrs. Joe B. King, reporter.

After installation of the officers, Mrs. Joe Gafford was in charge of a very impressive Pledge Service which was followed by a short business meeting. Prospects for this year's work of the Guild are well in mind.

Mrs. Norine Arnold and daughter, Joan and son Pat spent the Christmas holidays with Mrs. Arnold's parents, Mr. and Mrs. Walter Patton and brothers, Floyd and Jack Patton and family.

Announcement Tea Given Saturday For Miss Dixie Atkeison

The approaching marriage of Miss Dixie Atkeison, daughter of Mr. and Mrs. R. D. Atkeison, to Mr. J. E. Reeves, Jr. was announced by her mother on Saturday afternoon, January 10th at an informal tea in the Atkeison home.

Upon arrival, the guests were asked to register in the brides book, after which, in the dining room, they were served refreshments from a lovely lace covered table. Dominating the scene was a large attractive chattrouse wedding ring, topped with two blue bells caught with streamers of chattrouse, carrying the announcement; date, January 25th.

At the base, was unique floral arrangement of pink tinted calla, lilies and asters. Pink flowers with accents of the brides colors of blue and chattrouse were used throughout the reception rooms.

Members of the house party, aside from the hostess and honoree were: Miss Ann Atkeison of Fort Worth, sister of the bride-elect; Mrs. J. E. Reeves, Sr., mother of the groom-elect; Mmes. Henry Atkeison of Haskell; W. M. Huskinson, Wichita Falls; Bruce Burnett, Benjamin; Travis Martin, Seymour; J. C. Borden, Oates Golden, Charles Baker all of Munday and Miss Frances Withers of Fort Worth.

Mr. and Mrs. Jos D. Grossman of Asbury Park, New Jersey, have gone to California on a vacation after spending the week end with Mrs. Grossman's sister and husband, Mr. and Mrs. Walter Patton. Mrs. Grossman will be remembered as Miss Ruth Phillips of Ample, Texas.

Miss Eugenia Butler spent the week end with her parents, Mr. and Mrs. R. A. Butler of McAdoo.

Last Rites For Henry Jones Are Held In Ariz.

Henry Jones passed away at his home in Globe, Ariz. at 11 p. m. apparently in good health until December 26 when he suffered a heart attack and died after the third attack.

Henry Jeffers Jones was born November 7, 1877 in Hunt county, Texas. He came to Haskell county in 1888 with his parents, the late Mr. and Mrs. Stanley Jones. The family settled on Lake Creek near the Knox and Haskell county line where he lived until he was about thirty years of age, at which time he moved to Arizona where he engaged in the cattle business. He continued to live in Arizona until his death with the exception of the years 1936 to 1941 when he lived in Munday.

He was married to Miss Mary Laway, July 5, 1932 at Globe Arizona.

Immediate survivors are his wife Mary Jones, Globe Ariz.; Theodore Jones, Weimert; Pat Jones, Sierra Blanca, Tex.; Alex Jones, Munday; Johnny Jones, Holbrook, Ariz.; Grover Jones, Goree; Mrs. Cam J. Sullivan, Greenville; and Mrs. Clem J. Wilson, Roby, Texas. He is also survived by three nephews and thirteen nieces.

Relatives attending the funeral were: Johnny Jones, Mr. and Mrs. Caswell Mahan and children, Joan, Jack and Henry of Holbrook, Ariz.; Mr. and Mrs. Clyde Allred, Mrs. Joe Foster and daughter, Joan of Phoenix, Ariz.; Rose Jones, Denton; Mr. and Mrs. Marby T. Wilson, Roby; Pat Jones, Sierra Blanca, Tex.; and Mr. and Mrs. Curry Jones of Holbrook, Ariz.

Funeral services were conducted by the Rev. E. O. Gallagher, rector of St. John's Episcopal Church, and were held from the Goto-Memorial Chapel. Mrs. Jennie Jenkins sang "Rock of Ages" and "Nearer My God To Thee", accompanied by an organ.

Burial was in the Globe cemetery overlooking the picturesque and beautiful little city of Globe. Regular pallbearers were: Guy Goar, Pecos McFadden, Mark Hicks, A. C. Webb, Emmett Ryan and John H. Armer.

Honorary pallbearers include: Louis Walliman, Louis Moun, Jack Jones, Roland Jones, Da. Goar and Alfred Devose.

BIRTH ANNOUNCEMENT

Mr. and Mrs. John Brown of Odessa are announcing the birth of a daughter, Nellie Ruth, who arrived on Friday, January 2. Mother and daughter are doing nicely. Mrs. Brown is the former Cammie Beaty, daughter of Mr. and Mrs. G. H. Beaty of Munday.

D. C. Chamberlain of McMurry College, Abilene, spent the week end with his parents, Mr. and Mrs. M. T. Chamberlain.

Benjamin Couple Entertain With Buffet Supper

Saturday evening, January 10th, Mr. and Mrs. Jim Jefferies entertained several of their friends with a buffet supper.

Guests present for the evening were Mr. and Mrs. J. B. Moorhouse, Mr. and Mrs. George Jefferies, Mr. and Mrs. Tom West,

Worth. A very pleasant evening was enjoyed by all.

DANCE

There will be a dance Tuesday, January 20, in the St. Joseph's Hall at Rhineland. Music will be furnished by the Miller Brothers of Wichita Falls. Everyone is cordially invited to attend.

BEHIND THE SCREEN

Although service to the community is its keynote, the prescription department of a drug store is really a thing apart. It is a place where years of scientific training and experience are applied. Here the pharmacist works, weighing and measuring the ingredients that enter into your prescription; here he compounds with painstaking care the medicines your physician has ordered.

The partition behind which your pharmacist compounds your prescription symbolizes the basic function which distinguishes a pharmacy from any other store in the community.

Statistics For 1947 Show Need Of Expansion For Knox County Hospital

In the year 1947 Knox county Hospital handled its just share of surgical, obstetrical and straight medical cases. Statistics for the year were as follows:

Total admissions, 1,978; Deaths, 28; Charity or Counts Cases, 43; Surgical Procedures, 456; Births, 269; Stillbirths, 8.

These preceding figures show that a hospital with a 29 bed capacity is often overcrowded and unable to meet actual patient need in regards to rooms, or even beds. With the ever increasing interest of the public in quicker and more satisfactory medical attention, the buildings and equipment provided for such must also be expanded.

This expansion has begun for Knox county hospital with the initial phase in the construction of

the new wing.

BABIES CLOTHED DURING STAY AT HOSPITAL

Prospective mothers will be interested to know that the hospital now clothes the babies during their nursery stay. The only articles of clothing necessary to be brought to the hospital are those which the infant will wear home. This practice has been in effect for approximately one month and has been found helpful for both the nursing staff and the families.

Actual construction on the new hospital unit was begun on January 3, 1948. At present the foundation is being laid.

Mr. and Mrs. Dale Williams of

JUST COMMUNISM, AGAIN

By GEORGE S. BENSON
President of Harding College
Searcy, Arkansas

THINGS HAVE not been going well in France and Italy. Press reports speak increasingly of Communist-inspired rioting. These riots, in which people are being killed and many injured, are in perfect keeping with the well-known methods of the Communists. They work with peaceful ways until they think they are strong enough to win with violence. Then they use violence — showing their real colors.

When I visited Communist headquarters in Paris last year, it was clear from their own talk that they were building chiefly upon hate. Events that have come to pass therefore are not surprising. Where the individual is not respected, violence may be expected. They had gone as far as destruction, and chaos still stalking the earth may be laid at the door of those bitter and false philosophers who have denied human rights and liberties!

Builders OF SUCH is Communism, both in theory and in action. In the recent French elections, when the De Gaullists (anti-Communists) gained ground, the French Communists were ready to go into action. They had gone as far as they could by peaceful action, so the Communists used violence to take the great port city of Marseilles. American and British flags, hanging in Armistice celebrations, were torn from the city hall. Confusion was rampant.

Communist-led unions in other cities began to strike, to add to the confusion. Coal miners and auto workers struck. The Communists have called for "committees of defense," to resist the peaceful election victory of the

followers of De Gaul. France continues to call up soldiers, anticipating continued trouble. Civil war could develop.

Don't Help IT IS noteworthy agitators that French Communists hold labor captive. So powerful is the Communist-led Trade Union Central Committee, that apparently whenever it says so, a general strike is begun. It is a pity that, as desperately as France needs peace and production, its workers are misled into contributing to the political chaos. In Italy, the Communists also failed to win an election and adopted methods of violence in an attempt to start a civil war.

These things are not surprising. They are just the ordinary, well-established tactics of the Communists. But to Americans, these events must serve as warning. If we want to preserve peace, harmony, and prosperity, we should keep our own people well-informed. When Americans see through these tactics with understanding, it will be impossible for us to have enough Communists and "fellow travelers" to create such violence in America.

We should pay attention to trends, lest we give our Communist agitators the assistance they want. 1. Regulations on industry that would limit production and add to shortages of goods. 2. High taxes of a nature that limit capital flowing into tools of production, to make it appear the government should produce goods. 3. Industrial confusion, creating misunderstanding and suspicion between workers and employers. The agitators just love those things!

Munday were the proud parent of Knox County Hospital's New Year's baby. The baby, a boy, was born at four p. m., January 1, 1948.

MANY USES MADE OF DRIED FRUITS

Dried fruits add flavor and sweetness to cereals as a breakfast food, a supper dish or a pudding.

Dried fruit and bread crumbs or cooked cereal may be combined in a stuffing that dresses up the cheapest cuts of meats.

Hot stewed apricots spread over plain or coffee cake increases appetite appeal.

A little lemon added to dried fruits will increase flavor appeal. A short soaking and slow cooking will produce the perfect dried fruit sauce.

Jaycee Team Wins Tourney; Gets Uniforms

The Jaycees basketball club of Munday won the O'Brien basketball tournament which was held on January 2nd and 3rd at O'Brien. In the first game on Friday night, Munday won over Avoca and in the Saturday afternoon game, the Jaycees beat the Wichita Falls Geeks. A score of 27 to 23, in favor of the Jaycees was the result of the final game of Saturday night.

Individual gold basketball awards were awarded to each member of the team. Two men were placed on the all tournament team, Jones as guard and Walling as forward.

Last Monday night, January 5, the Munday Jaycees met Benjamin in the Knox City gymnasium and tied with a score of 34 to 34. Then on the following Friday night, the team played Benjamin at Benjamin and won with a score of 34 to 17.

The boys have entered a tournament at Hamlin and played their first game at 8:30 Tuesday with the Panhandle Oilers. The Jaycees won with a score of 26 to 23. Awards will be given to the all-tournament teams, with \$75 as the first place award. Second and third prizes will be cash, clothing and food donated by the merchants of Hamlin.

The new basketball uniforms have arrived and are white satin with red numerals; these making two complete uniforms.

A trophy, that was won last year by the same team is on display at the City Grill in Munday.

Coach Joe Bob Stevens had a freak accident in which he suffered a broken leg, but so far he has made all the basketball games and is still able to coach the boys.

Uncle Sam Says

How would you like to write a check for \$2,498.94 to yourself dated New Year's Day 1958? You can do exactly that by signing your name any time in January to an authorization form at your bank which will permit them to take \$18.75 a month from the funds you have on deposit and buy one U.S. Savings Bond for you every month for the next 10 years. The Payroll Savings Plan—which is the partial payment way to buy Savings Bonds where you work—is equally powerful in producing a sizable nestegg out of regular savings. U. S. Treasury Department

New Tire Design Aimed At Greater Safety On Curves

A new kind of tire, designed for added safety on curves, swerves, and turns, has been developed as a result of surveys of the National Safety Council and other safety groups which have pointed out the high ratio of automobile accidents on curves.

This sensational new type of tire, known as the Davis Curve Safety, has been developed by Davis Tire engineers, and will be available to the public in Western Auto Stores and Associate Stores beginning the week of January 25.

Information from the National Safety Council and other groups emphasized these three important facts concerning curve safety:

Each year 183,000 persons are killed or injured in accidents on curves and turns.

Each year accidents on curves kill six times more people than blowouts.

Each year dangerous skids are involved in 24 per cent of all highway accidents.

This new "Curve Safety Tire" has nine engineered features for greater safety, all designed to aid in the national campaign for safety on curves, turns and skids.

Recognizing the fact that the wet side tire ribs become the important gripping ribs on curves and swerves, Davis Tire engineers concentrated their research on this all-important rib. From this research and development emerged a system of "curve grippers". These patented curve grippers are near-invisible perforations in a side rib. Each tire contains 1036 of chevron arrangement on the outside "invisible curve grippers".

The curve-grippers are closed tight on straight roads to insure long normal-tire mileage. On a curve or turn the grippers automatically open to scrape off moisture and slick road film, thus leaving a dryer path for tread grip.

Laboratory tests showed that on a 250-foot radius curve at 40-miles-per-hour the outside rib alone suffers a grueling sideways force of approximately one ton. The patented curve grippers are designed to retard skidding caused by this sideways pressure even on wet or

low the sale of the Davis Curve key road surfaces.

Mass production economies allow Safety Tire without a premium price and each tire is sold on a written two-year guarantee.

Activities Of The Colored People

Service will be held Sunday at the Church of God in Christ, Pastor Robinson will bring the message.

Mrs. T. V. Scott and brother Walter Jr. Ivoy returned from Bellville, Texas where they visited

their parents. Miss A. Williams and Prof. Williams spent the week end in Waco, Texas visiting their sister. Mrs. Aline Johnson accompanied them to Waco and spent the week end in Hearne, Texas where she visited her relatives.

Mrs. Zeffia Lee Johnson is visiting her parents at Fair Field, Texas.

Plain, bread, muffins, cakes or cookies become something "extra special" with dried fruits mixed in the batter or dough.

Prunes roasted with any kind of meat makes the meat taste better and will take on a delightful flavor that cannot be duplicated.

B. F. Goodrich gives you MORE—FOR YOUR OLD TIRES MORE—IN YOUR NEW TIRES

10th New Natural Gas Town Distribution Plant Completed by Lone Star in First Year of Expansion Program

In 1947, the first year of our current Five Year expansion program for which \$40,000,000 will be invested, Lone Star Natural Gas distribution plants were completed in Chandler, Brownsboro, Caldwell, Farmer's Branch, Pottsboro, Thorndale, Bogata, Eustace, Navice, and Killeen, Texas.

This one phase of our extensive expansion program brought Lone Star natural gas service to 1,981 homes. These homes can now enjoy more healthful living and many conveniences for an average cost of less than fifteen cents a day.

In 1948 we hope to build more than double the number of new town plants built in 1947.

New town plants, new pipelines, new compressor stations, thousands of service lines for new customers, new gas wells—and many other things new, are our work to keep abreast of the demand for more natural gas in the 325 growing communities we serve.

Ditching machine is major unit of highly mechanized teams who build new distribution lines in towns and cities on Lone Star Gas System.

Meet Charles Tunnel—World War II veteran, married and father of three children, "lead man" in our Transmission Division welding shop. He has this to say about Lone Star's expansion program:

"More equipment and more men—busier than ever before... that's the welding shop's story in our company's current expansion program. Recently, after receiving new equipment we tripled our production. This speaks for itself to describe what we've done to 'gear up' for this big expansion job."

Munday Sanitary Hatchery

PURE BRED QUALITY
CHICKS

Why We Can Assure You, Of Healthy Baby Chicks:

1. Because each and every bird in our hatching flocks are individually blood tested for p. litorum (BMD) and reactors are removed.
 2. We hatch from our own eggs, obtained only from our controlled breeding flocks.
 3. Eggs must be clean, large, uniformly shaped, and of good shell texture before they are acceptable for hatching.
 4. Chicks are hatched in Robbins all-electric incubators in which the important factors of temperature, humidity and ventilation are automatically controlled.
 5. Our hatchery is clean and sanitary, and incubators are cleaned and fumigated before and after each hatch as a disease precaution.
 6. All chicks hatched are individually hand picked.
 7. All chick orders are given our prompt attention, and booked as ordered.
- We also have a complete line of chick brooders, founts and poultry remedies.

Banner Produce

Mr. and Mrs. R. T. Morrow

as a safety program, upkeep and improvement of building and grounds, improvement of social conduct at school, at home and before the general public, the production of assembly programs and the organization of hobby clubs.

Membership consists of students of the 6th, 7th and 8th grades. Officers are members of the eighth grade, while a student council is composed of two boys and two girls from each of the classes.

All authority, rights and privileges are delegated to the club by the grade school principal. Officers are: Gerald Morrow, president; Glen D. Henson, vice president; Myra Sue Hseng, secretary, and Nancy DeBusk, treasurer. The student council is composed of Gerald Morrow, Myra Sue Hseng, Nancy DeBusk, Glen D. Henson, Paul DeBusk, Jolie Massey, Joy Moran, David Eiland, Wayne Smith, Betty Stodghill, Bera Faye Spahn, Jerry Hayes and Walter Owen.

Some of the accomplishments of the various committees thus far in the school year are:

Social Conduct Committee: Study and round-table discussions of what constitutes good manners and right conduct is carried out by committee chairman under the guidance of Mrs. Ferguson. Recommendations are made and put into practice of the improvement of manners and conduct in halls, lunchroom, and on playground. Students were selected from each class and given honorable mention for their good manners and improvement of conduct in general.

Safety Committee: A careful study is made of safety rules to be observed on school grounds, on street and highways, and at home. Safety patrols are organized to serve at highway crossings at noon to direct children who are going to and from lunchroom. Supervision of all fire drills, including election of a fire chief and the appointment of two captains and alternate for each room, with student's serving in each room. Safety instruction is given in connection

with health classes under the leadership of Mr. Fox.

Building and Grounds Committee: Building, including classrooms, halls, and restrooms, and the playgrounds are kept clean under the supervision of committee members. This includes daily inspection, recommendations for improvement, and the actual work necessary to carry out the program.

Program Committee: Two assembly programs have been presented, one a Thanksgiving program sponsored by Mrs. Ferguson, and the other a Christmas program sponsored by Mrs. Bardwell.

Other activities consist of the elimination of much of the noise and confusion in halls during the passing of students to and from classes and study halls, the planning and carrying out of a joint social as a part of the regular Christmas activities, operation of the junior high school library, a Christmas donation of \$30 to provide three \$10 CARE boxes for overseas, improvement of general atmosphere in the school, development of a feeling among the students that the school belongs to them and that they are responsible along with the teachers for its success.

This feeling of responsibility, according to the sponsors, has found expression on numerous occasions when individual students, as well as those in groups, have cooperated with teachers in bringing to their attention matters which the students felt were not in harmony with the best interests of the school. Without an exception, students have shown a willingness to correct their own mistake when these had been called to their attention, and have cooperated in the most admirable way with everyone in their efforts to make their school one of the very best anywhere.

Such is the success of the club that predictions are that it will grow until it includes all classes of the entire school system by another school year.

Munday Man Shows Interest In Good Permanent Grasses

A. A. Smith, Jr. of Munday, is very interested in planting new permanent pasture grass. Mr. Smith has planted approximately 25 acres recently and plans to plant about 40 acres more in the future. Mr. Smith, with the help of the Wichita Brazos Soil Conservation District and Soil Conservation Service Technicians at Knox City, has planted Canadian Wild Rye, crested wheat and Buffalo grass seed to date, and plans to plant Blue grama grass soon. This seed is being planted on land that Mr. Smith is retiring from cultivation due to erosion and frequent overflow.

Lee Smith, of Knox City, is also planning to plant more grass seed this year. Last year Mr. Smith has excellent results from plantings made in the last winter. He harvested the seed and plans to plant them as soon as he can get things ready.

The District Supervisors believe that the only way to get pasture grasses planted is to harvest as much seed as can be from the grasses that are known and common to our own locality, and to plant those grasses when conditions and land preparations are right. The seedlings made and being made are part of the conservation plans worked out by the Rancher with the help of the Soil Conservation Service Technicians and the Wichita-Brazos Soil Conservation District.

Francis Tidwell Is Cited For His Safe Driving

Technician 5th Grade Francis D. Tidwell, 22, of Munday, Texas was recently presented a letter of appreciation by Brig. Gen. Clarence P. Townsley, Commanding General Stuttgart Military Post, for driving 15,000 miles without an accident. Tidwell is a member of the 539th Military Police Service Company located in Stuttgart, Germany.

General Townsley stated, "The fact that you drove 15,000 miles without an accident is evidence that you used skill, care and sound judgement while driving your vehicle, elements which are essential and important to the Safety Program of this command, and especially important to Military

Do "Plate-Sores" Bother You?

Police duty.

Tidwell entered the Army in September 1945 at Fort Sill, Okla., where he underwent basic Field Artillery training. He came overseas in February 1946, and after having been assigned to several different units, was eventually assigned to the 539th Military Police Service Company in January 1947. He has been awarded the World War II Victory Medal and the Army of Occupation Ribbon.

Cpl. Tidwell is the son of Mrs. Mary E. Tidwell of Rural Route No. 2, Munday, Texas.

Arthur Lawson and Weldon Brown of Seymour were business visitors here last Tuesday.

Mr. and Mrs. Aaron Edgar visited in the home of Mr. and Mrs. Grady Roberts of Wichita Falls over the week end.

Mr. and Mrs. David Williams of O'Brien and Mr. and Mrs. Clyde Warren of Goree visited in the home of Mr. and Mrs. Truman Cypert last Sunday.

Norman Alexander, who is on leave from Germany, is visiting here with his parents, Mr. and Mrs. W. I. Alexander.

Ronald Foshee, a student at A and M. college, returned to College Station after spending the holidays at home with his parents, Mr. and Mrs. R. E. Foshee.

Mr. and Mrs. Levi Bowdin and family of Fort Worth were guests in the home of Mr. Bowden's mother and other relatives during the holidays. Mrs. Erin McGraw accompanied them home to Fort Worth for a few days visit.

RHYMES OF REASON

By

A. A. SMITH, JR.

Uncle Sam Says

What would you do if you learned that the worker next to you at the office or in the plant was taking home extra pay every payday and you could do the same? Your Uncle Sam needs only one guess. Well, the Payroll Savings Plan for Savings Bonds actually provides extra pay because it accumulates Savings Bonds for you which pay off at the rate of \$4 for every \$3 in 10 years. All you have to do is to authorize your employer to hold back a stipulated amount which he will hand back to you in a better form of money—money which earns interest—U. S. Savings Bonds. Savings Bonds are extra pay. For example, if you take part of your pay in Savings Bonds at the rate of \$3.75 per week, the Bonds become \$2,163.45 in 10 years. U. S. Treasury Department

Gilliland Club Begins Its Work For New Year

The Gilliland H. D. Club entered their New Year's work in the home of Mrs. Hewitt Simmons, Wednesday, January 7. The meeting was called to order by Mrs. O. R. Miller, president. After each member answered roll call with "Why I Belong to the Club," a lengthy business session was held.

Miss Butler gave an interesting demonstration on how to lengthen old dresses to give them "The New Look."

Delicious refreshments were served by the hostess to Meses. Bill Hollis, Pete Mayberry, John Jamison, Jim Welch, O. R. Miller, Deville Burgess, Slim Capps, Arnold and Emil Navratil, Grady Duncan, George Solomon, and Charlie Groves. Our agent, Miss Butler and one visitor, Mrs. Dugless Mayberry.

Our next meeting will be in the home of Mrs. Orville Burgess, January 21. All members are urged to come.

Sunset H. D. Club Meets Thursday in Yost Home

Sunset Home Demonstration Club met in their first meeting of the year, January 8, in the home of Mrs. Virgil Yost.

The club accepted the resignation of Mrs. Bob Jarvis as council representative and Mrs. R. C. Partridge was elected to that office. Meses. R. M. Almanrode, W. E. Pack and Joe Voss were appointed by the president to attend the training school in Benjamin, January 26.

The new yearbooks were distributed and the THDA fund for six books paid to the secretary. The January and February meetings were changed so that the women attending the training school at Benjamin will be able to give the demonstration in February.

Our agent, Miss Butler, gave a demonstration on "Remodeling and restyling my Wardrobe." She displayed a number of dresses, coats, drawings, etc. showing ways of restyling clothes to meet today's demands for length.

Refreshments of sandwiches, cookies and spiced tea were served to Meses. R. C. Partridge, R. M. Almanrode, T. J. Partridge, W. E. Pack, Joe Voss, Miss Butler and the hostess.

The club meets January 22 with Mrs. R. C. Partridge at which time the program on "Construction of Accessories" will be given.

Mrs. Boyd Meers Honored At Surprise Birthday Party

A group of local people gathered in Munday last Wednesday night, January 7 to journey to the home of Mr. and Mrs. Boyd Meers where a surprise birthday party was to take place honoring Mrs. Boyd Meers.

After several enjoyable games of "42" were played, refreshments of cake and punch were served to the following: Meses. and Meses. Elmer Cude and family, R. T. Morrow and family, Grady Howry and family, E. H. Mallin and children, Steve Kubena, Mrs. Dee Mullickan and Mrs. Irene Meers.

Mrs. Henry Estes Honored Jan. 8th At Bridal Shower

Mrs. Irene Meers and Mrs. D. A. Yarbrough were hostesses to a bridal shower given last Thursday night, January 8 at the home of Mrs. Irene Meers. The honoree being Mrs. Henry Estes, formerly Miss Vera Norman.

Guests were greeted at the door by Mrs. E. C. Browning. Miss Jerry Polster presided at the brides book, registering the guests that called during the evening.

After seeing the many lovely gifts that were on display, refreshments of cookies and hot chocolate were served to the following: Meses. Fedlia Maylette, Tom Price, Elmer Brown, Dave Crockett, Bertha Melton, Berry Norman, Melvin Norman, Toby Winchester, Sidney Winchester, E. C. Browning, Cecil Honeycutt and John, and Meses. Jerry Polster, Ruth Baker and Lura Wallington, the honoree, Mrs. Henry Estes and the hostesses, Mrs. Irene Meers and Mrs. D. A. Yarbrough.

Mr. and Mrs. I. W. Mayes and family and Mrs. M. S. Plummer of Seymour spent the week end with Mr. and Mrs. J. B. Scott.

Seven Students Of Knox County In McMurry College

Abilene—Seven McMurry College students are from Knox County, according to a recent report from college officials. Twenty-two states are represented in the student body at the Abilene school.

Taylor county leads all others with 207 students. Other high counties and the number of students represented are: Jones, 33; Mitchell, 22; Fisher, 21; Lubbock, 17; Callahan, 16; Nolan, 16; Dallas, 12; Haskell, 12; Kinnel, 11; Dawson, 10; and Potter, 10.

New Mexico tops the list with out-of-state students, sending 14 students to the McMurry campus. Other states sending more than one student include California, 7; Oklahoma, 4; Tennessee, 3; Indiana, New York, and Virginia, two each. States represented by one student are Arkansas, Arizona, Florida, Kansas, Maryland, Massachusetts, Mississippi, Michigan, Missouri, Montana, New Jersey, North Carolina, Ohio, and Pennsylvania.

Students from Knox County are: Margie Lowrey of Knox City; Barbara Almanrode, Helen Haynes, Gilford Chamberlain, Wayne Rodgers, R. C. Stephens, and Billie Fern Thompson of Munday.

Mr. and Mrs. U. J. Bellinghausen, Munday, a son.
Mr. and Mrs. Dale Phillips, Munday, a son.

News Happenings At Goree

Mr. and Mrs. Wallace Roberts are the proud parents of a baby daughter who made her appearance, January 12th. She was named Ina Ruth. The paternal grandparents, Mr. and Mrs. Cannon Rebers, especially welcome this little lady since they have a family "all boys".

Mrs. J. T. Lawson has gone to Dallas where she will visit her sons, Joe Bailey and Lowell Lawson for awhile.

Mrs. Orb Coffman and daughter, Mildred visited Mrs. Lucille Marlow and daughter, Hortense over the week end.

Rev. S. E. Stevenson left Monday for Dallas where he will attend a Bible Institute being held this week.

Mrs. Ed Jones and Mrs. Elkin Warren were Sunday visitors in Wichita Falls in the home of Mrs. Tom Williams and Mrs. Roy Jones.

Frank Hill of Benjamin was in Goree on business Monday.

Mrs. Merle Lambeth, who underwent a major operation in the Knox City hospital last Friday, is reported to be doing nicely at this writing.

Mrs. Dorothy Mae Segler and small son have returned to Dundee after a visit with her parents, Mr. and Mrs. Jack Moore.

Miss Doris Ruth Stevenson, who is now employed in the tax collectors office in Benjamin, spent Sunday in Goree.

Barton Carl is in Dallas this week buying merchandise for his store. Mrs. Carl and Jane have as their guests Mrs. Billie James of Abilene. Mrs. James is a sister-in-law of Mrs. Carl's.

Sam Hampton attended a meeting of postal employees in Rule Monday night.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Urban Bellinghausen have announced the birth of a son, who arrived with the new year. He was born on Wednesday night, December 31, just ahead of the new year. Mother and son are doing fine.

Mr. and Mrs. Joe Tom Nelson of Houston, Mary Lou Nelson of Mary Hardin-Belton college and Wanda Sue Nelson, who is teaching at Rule, spent the holidays with their parents, Mr. and Mrs. Clyde Nelson.

GIVE NATURE A LIFT

Kidneys Must Work Well—

For You To Feel Well

24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood.

If more people were aware of how the kidneys must constantly remove surplus fluid, excess acids and other waste matter that cannot stay in the blood without injury to health, there would be better understanding of why the whole system is upset when kidneys fail to function properly.

Burning, starchy or too frequent urination sometimes warns that something is wrong. You may suffer nagging headache, backache, dizziness, rheumatic pains, getting up at night, swelling.

Why not try Doan's Pills? You will be using a medicine recommended the country over. Doan's stimulate the function of the kidneys and help them to flush out poisonous waste from the blood. They contain nothing harmful. Get Doan's today. Use with confidence. At all drug stores.

DOAN'S PILLS

Our Building Completed, We'll . . .

Soon Be Moving

Work on our new "Chevrolet Home" is being completed this week, and our plans are to move our shop equipment, parts, etc., into our new home early next week.

We will be located "on the curve", just north of town, on the Seymour highway.

We believe we will be in better position to serve you in a much greater capacity in our new location, giving you genuine Chevrolet sales, parts and service at all times.

We invite you to come by and inspect our new home, and visit with us at any time.

Knox Prairie Philosopher Comes Out With A Plan For Eradicating Johnson Grass By Using Radar

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek is entering 1948 in a typical manner, hunting for an easier way to farm, as his

letter this week reveals. Dear editor: With the new year already dawned and everybody feeling like they are on the eve of a new era with atomic energy gonna be available to run everything from a sewing machine to a locomotive to an egg beater, it seems to me, as I been contending all along that there ain't enough thought been expended on the problem of farmers.

Big companies is spendin time and money improv'n tractors and addin all kinds of gadgets which is nice to have if you're interested in them, but ain't none of em spendin no time figurin how to eliminate tractors altogether. Comfortable tractors is all right, but tractor-less farmin is the real goin'.

What I have in mind, and I been intendin to write Congress about it, is some method of farmin from perch. I know this ain't no new idea, in fact I've tried it for years but my experience ain't been what you'd call uniformly successful. I got the front porch angle whipped, but don't have no trouble sittin there, but it's the results out in the field that's the bottleneck.

Now it seems to me, in view of the fact they are now navigatin the Mississippi River with radar, them mysterious beams that go out and discover mud banks and return to let the pilot know about it, and are flyin airplanes with it, navigatin ocean liners, detectin bad rails on the railroads, in-

PANTI-DRESS IN KNIT DOTTED SWISS

Something to "write about" is Carter's newest white dotted swiss panty-dress twosome, made of fine knit cotton fabric. Beautifully smocked in pink or blue across front and back yoke and feather-stitched around neckline, sleeves and leg bands.

Good news for busy mothers because Carter's panty-dress twosome whisks on and off easily, and needs no ironing. Just suds it out and it is ready for another busy day.

The trunk length matching pant is made with band front and elastic back waistline. The set is made in sizes 6 months, 1 year, 1 1/2 and 2 years.

investigatin the planets, etc., that some smart bird ought to be bale to figure out a way to eradicate Johnson grass with radar riggin up a gadget to hold in your lap in your rockin chair on the front porch and bombardin the life out of the stuff with them handy beams while you listen to the radio or read the paper.

And if they can get that far with it, wouldn't be any reason why they couldn't get the thing equiped to plant the seed also and handle the pickin later on.

Atomic energy for eradicatin cities is all right I guess if it appeals to you, but personally I ain't near as interested in eradicatin cities as I am in eradicatin Johnson grass, provided they'd provide me some way as easy to do it as they now have for wipin out London or Paris or New York.

Yours faithfully,
J. A.

Mrs. Billie Mitchell spent Friday night and Saturday in Seymour with her parents, Mr. and Mrs. Ira Loving.

Mr. and Mrs. Irey Belcher and family spent the holidays in Greenville and Wolfe City visitin with friends and relatives.

If you develop symptoms of cold or influenza, consult your doctor early and follow his advice.

Haven't seen Judge Elzo Been in a long time but, now and then, I recall a political campaign he took part in, many years ago, and get chuckle.

It was out in Eastland County and he was running for district judge. Elzo—everybody called him by his first name because he's the kind of fellow that you just naturally want to call by his given name—Elzo was born in Eastland County and he had picked cotton in every precinct in the county or, if he hadn't picked cotton there, he had taught school there or had a brother or uncle living there.

His opponent was a rather dignified attorney of Eastland. They were having joint debates every night.

One morning, a friend saw the opponent on the street and said, "Well, how did you do last night?" He said, "Not very well; we spoke in another one of Elzo's birth-places."

Of course, Judge Been won the race, by a wide margin.

L. C. Kirgan passed away recently. He was a home town editor for half a century and never once did he fail to bring out the weekly issue of the Fairfield Recorder regardless of storms, fire or sickness.

Pink Boll Worms

Can Be Controlled By Kemgas Delinting and Grading Methods.

The Kemgas Process is the only Method that can delint and at the same time sterilize Cottonseed to comply with the regulations of the Bureau of Entomology and Plant Quarantine for the shipment of planting cottonseed from Pink Bollworm Quarantine Areas.

Pink Bollworms, their eggs, and larvae are sterilized, and infested cottonseeds culled out by Kemgas delinting and grading Methods.

In Pink Bollworm quarantine areas, Kemgas delinting plants sterilize planting cottonseed at 140 degrees F. instead of the 150 degree temperature required by the USDA of Gins, Oil Mills, and seed breeders who sterilize Cottonseed.

FORD

Bonus* Built TRUCKS

BUILT STRONGER TO LAST LONGER!

THEY'RE here — the great new Ford Bonus Built Trucks for '48 . . . greatest truck line ever! And they're new all through. Three new engines—a Six and two V-8's—with up to 145 horsepower! New axles . . . frames . . . steering . . . brakes! New Million Dollar cab with living room comfort! Models? Over 115 . . . five new series . . . two new Big Jobs—the biggest Ford Trucks in all Ford history!

And every one of these great new Ford Trucks for '48 is **Bonus Built**—built with *extra strength* in every vital part. This *extra strength* provides **WORK RESERVES** that pay off for you in two important money-saving ways! Here is how—

- **FIRST:** These **WORK RESERVES** give Ford Trucks a greater range of use by permitting them to handle loads beyond normal duty. Ford Trucks are not limited to doing one single, specific job.
- **SECOND:** These **Bonus Built WORK RESERVES** permit Ford Trucks to do their jobs "relaxed," with less strain, less wear. Thus, Ford Trucks last longer because they work easier!

Come in today—see the *only* trucks that are **Bonus Built**—built stronger to last longer. No wonder there are more Ford Trucks in use today than any other make!

* Webster says Bonus means, "Something given in addition to what is usual or strictly due."

Legion's Comrade Meeting Is Well Attended Tuesday At Rhineland

Approximately 70 people attended the American Legion's fellowship and comrade meeting which was held last Tuesday night at St. Joseph's hall at Rhineland. The meeting was sponsored by Lewis Post No. 44 of Munday.

A delicious dinner was served to all who attended, and enjoyable music was furnished by the Lone Star Band of Rhineland, directed by Rev. Fabian Diarsing.

Following the dinner, enjoyable talks were made by Father Fabian and Peter Loran, pioneer of this

country, on the subjects of communism and the Marshall plan.

Both speakers pointed out that Legion members should support the Marshall Plan 100 per cent, even if it cost a hundred million dollars. Even at that, they stressed, the cost isn't worth one American life.

In his talk, Mr. Loran stressed the fact that communism would not breed if everyone was more friendly and sociable to his fellowman.

Father Fabian expressed the

hope that the American Legion would maintain strength and even greater strength in years to come, holding together what we have already paid dearly for. "People don't realize how much their loved one mean to them until they are reported missing on the battle field," he said.

Several new members were added to the post at this meeting, and quite a number of Legionnaires paid their current dues. Father Fabian was voted an honorary member of the American Legion.

METHODIST CHURCH

10:00 Church School—
Eighty percent of all our church members today come from our Church Schools. Four out of five boys and girls in America today do not attend. What About Your Children.

11:00 Morning Worship—
A timely message on "The Greatest Wealth in America" which every mother and father ought to hear. This is not a time for easy choices and careless loyalties. If we sleep at the job now there will be no tomorrow for our children.

5:45 Junior Church—
A place for young people to find help in making up life's important responsibilities. Don't turn away from a blessing.

6:30 Vesper Services—
For some time we will be preaching on the heritage and the meaning of Methodism. Methodist people are urged to attend and visitors of other faiths will find a warm welcome and Christlike consideration both in the fellowship and in the messages. You will enjoy these services.

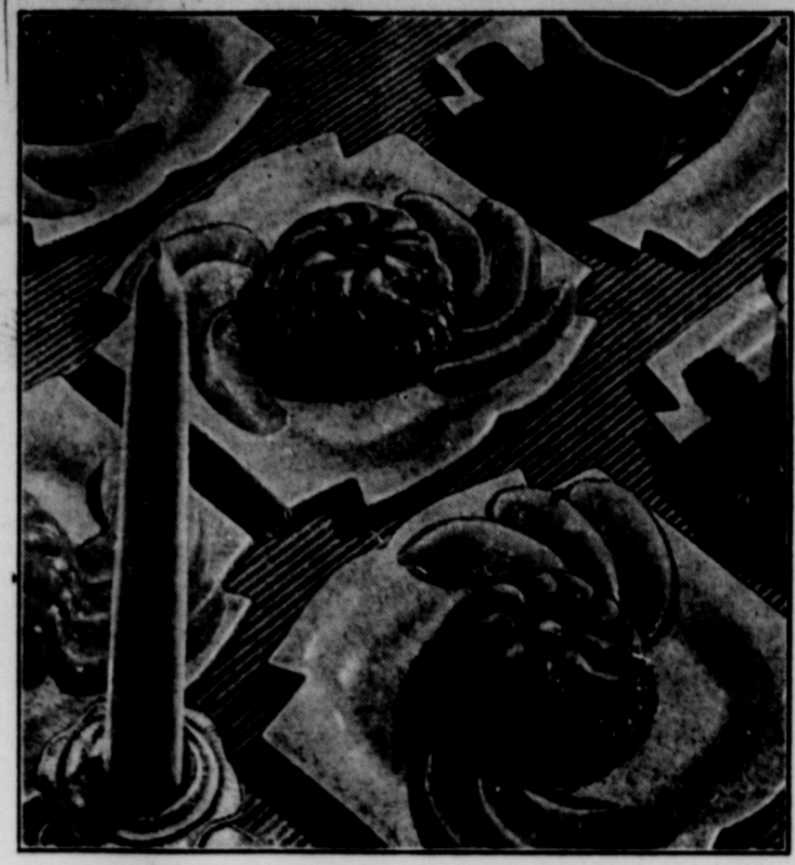

Many of our people often speak of the fact that they ought to be regular in these places of spiritual help but too many keep putting off changing their habits. Dear Friend, time waits for no man and eternity is made every time you say "no" to the call of God and Heaven.

Rainfall Gauges New 4-H Projects

Ten 4-H Club boys of Wilbarger county are off on a new project.

On the 1st of January, these ten boys were issued a simple rainfall gauge and entry sheet on which to keep a record of the rainfall in his community. After each measurable rain, the boys will telephone a report to George H. Veteto, assistant county agricultural agent, who will, in turn, relay the report to local newspaper.

Coffee Spanish Cream

SOFT and smooth as candle glow, so is the taste of Coffee Spanish Cream. Light and delicate, it is a year-round dessert that can be served as a fitting climax to a repast or as a fitting accompaniment to a simple meal.

Easy on the eye, easy on the palate, this easy-to-make dessert fulfills the dream of every hostess. After a hearty dinner, Coffee Spanish Cream is easy to take. You can vary it by serving with whipped cream or chocolate topping instead of peaches. Accompany it with fragrant cups of well-made coffee, and every face will glow with satisfaction.

Coffee Spanish Cream
2 cups milk
1 cup double-strength coffee
1 envelope (1 tablespoon) unflavored gelatine
1/2 cup sugar
1/4 teaspoon salt
1 egg yolk
1 teaspoon vanilla
2 egg whites
Sliced peaches, canned or quick-frozen
Combine milk and coffee in top of double-boiler; sprinkle gelatine over mixture; cook over hot water, stirring occasionally, until gelatine dissolves. Add sugar and salt. Beat egg yolks; add hot milk and coffee mixture to beaten yolks. Return to double-boiler; cook, stirring constantly, until slightly thickened. Add vanilla. Chill until syrupy. Beat egg whites stiff; fold in. Pour into individual molds which have been rinsed in cold water. Chill until firm. Unmold on serving plates. Surround with sliced peaches. Yield: 10 individual molds.

Even Repairs Of Small Nature Are Cause Of Comment

You don't have to go in for repairing in a big way to get favorable comments, especially if the building is occupied by the U. S. Post Office.

Some repair work was done at the post office building in Munday last week, and here's some of the comments which postal employees heard from their patrons:

"Well, they finally fixed that hole, after 25 years. Someone deserves a brass button!"

"Well, they finally fixed that dad-gummed front walk. I came blame high breaking my leg last night!"

A little 6-year-old boy looked at the fresh concrete and asked, "Daddy, what is this?"

"Looks like your landlord has finally shook loose from his pennies!"

"They fixed that port hole in front of the door!"

"I saw water coming out of that hole the other day and thought they had dug a well!"

Many other comments were heard, but, shucks, we doubt if any of the above is really news!
