Odd Bits Salvaged
At Random

(By Aaron Edgar)

How much money is your child's life worth?

Silly question, isn't it, when you consider that most parents would not take a million dollars for their child?

Yet, children's lives in Munday are endangered daily—and probably for lack of a little precaution and safety measures upon our part.

The "danger situation" exists on our local school grounds, according to teachers and parents who have made a study of the situation and have seen near-accidents occur too often.

And the danger comes about because of we drivers, you and I, who term ourselves "good drivers" but who get in too big a hurry sometimes.

School children must cross the street going to and from school; they must cross from the elementary school to the lunch room at the noon hour; they are crossing the street at most all times during school hours, and many times they are almost in an accident with passing automobiles.

One of the primary needs is for some sort of light at the school zone to slow down traffic. The P. T. A. the Jaycees and interested teachers are making a move to have a light installed.

Their idea seems to be for a signal light—a flash system that will warn motorists of the danger ahead. The matter is being taken up with proper authorities in the near future, with the hope that such a light can be installed.

Some question is whether the "flicker" light or stop light should be installed. To some, the idea of a stop light seems to be the answer—one that would bring motorists to a complete stop and lessen the danger of hitting a child.

Be that as it may, the danger is there, and it needs to be done away with by some means or other.

Despite all the safety measures taught in the local school, a sort of junior police patrol during noon hours, school zone signs placed in the middle of the street, etc., the danger still exists.

Children aren't expected to have the forethought of grownups. And if grownups don't have the forethought to slow down in a school zone, they can't very well expect the child to always wait and wait until there's no traffic to try to cross his classes.

Reports come that some teachers take the tiny tots by the hand and guide them across the street. Yet, we can't expect a teacher to personally supervise the safety of each child to that extent.

If the expense of one light saved the life of only one child, it would be money well spent.

During the icy flurry last Monday a local citizen reported a narrowly avoided accident at the school.

A car was going too fast and couldn't be stopped quick enough on the icy pavement. Two children were crossing the street. They attempted to run out of the car's path. They slipped on the ice and fell. The accident didn't happen, but what if it had?

Yep, we need a light, and we need motorists who use the highways who need to realize that they're not on the "open road" the minute they leave the business section of town, headed west.

These are things for you and I to think about. Let's make our town, and especially the school zones, safer for our children.

"Death waits in the street for your child," says the Texas Safety Association. "See that your children play away from traffic."

But let us here in Munday see that traffic makes the school zones safer for our children.

Knox County Hospital Notes

Patients dismissed since January 20, 1948

Nickie Leverton, Knox City.
Earnest Flanders, Jr., Knox City.
Mrs. Lo Bo Baty, Gilliland.
Mrs. Paul Jones, O'Brien.
Mrs. Zona Guffey, Abilene.
Rev. J. Price, Knox City.
Margaret Wright, Goree.
Mrs. Jerry Tomaneck, Truscott.
Mrs. Larry Wilson, Munday.
Mrs. W. A. Hatfield, Rochester.
Baby Girl Hatfield, Rochester.
Mrs. Elmer Roe, Seymour.
J. D. Ethridge, Guthrie.
Eulugia Garcia, Goree.
Mrs. M. E. Herald, Aspermont.
Mrs. Ben Tuggle, Munday.

Mrs. A. R. Conner, Munday.
Gwyneth Thomas, Megargel.
Mrs. E. G. Parkhill, Sr., Knox City.
Mrs. Frank J. Woodall, Knox City.

Baby Boy Woodall, Knox City.
Mrs. T. J. Mitchell, Munday.
Mrs. Denny T. Gibbons, Aitua, Okla.
Mrs. Ida M. Barnett, Knox City.
Mrs. Curtis McGregor, Benjamin.

Freddie J. McGregor, Benjamin.

Mrs. J. D. Hood, Plainview.
Baby Girl Hood, Plainview.
Mrs. W. G. Welburn, Munday.
Mrs. W. F. Shannon, Knox City.
Baby Boy Shannon Knox City.
Mrs. Maggie Cagle, Knox City.
W. D. Johnston, O'Brien.

Deaths
Nick Banda, Munday.
Mrs. M. Perry, Munday.

Births Since January 13

Mr. and Mrs. D. M. Stone, Rochester, a son.
Mr. and Mrs. Carilla, O'Brien, a daughter.

Mr. and Mrs. C. Mata, O'Brien, a son.

Mr. and Mrs. F. J. Woodall, Knox City, a son.
Mr. and Mrs. Johnny Tidwell, Munday, a daughter.

Mr. and Mrs. W. A. Hatfield, Rochester, a daughter.

Births Since January 20

Mr. and Mrs. W. F. Shannon, Knox City, a son.
Mr. and Mrs. Wade Lewis, Munday, a daughter.

Mr. and Mrs. T. L. Wilson, Munday, a daughter.

Mr. and Mrs. Jesus Garcias, Goree, a daughter.
Sylvester and Ruby Durham, Munday, a daughter.

Openings For Vets' Schooling Are Announced

Veterans if you have not used up all of your "schooling" under the G. I. Bill, you should read the following fine lines:

The Knox County Vocational School announces that there are openings in the carpentry class in Munday, some openings in the electricity class in Knox City and in the business class in Benjamin.

Any veteran interested in any one of these courses should contact the office of the Knox county vocational school, located west of the city hall in Munday.

You may go full time which means you will be in school five days each week for five hours each day. The veterans administration helps the school furnish you good facilities for training, they will give you hand tools necessary for training and in addition to this, you will receive \$90 per month subsistence.

If you choose to go half time, you will be in school twelve and one-half hours each week with the same training facilities as for full time and the veterans administration will allow you \$45 per month subsistence.

Come to the Munday Vocational School office for details.

Recognition Service is Being Planned

A Coronation-Recognition Service will be held at the Rochester Baptist Church, Monday night, Feb. 2 at 8 o'clock. All the boys and girls of Girls' Auxiliary and Royal Ambassador Chapters who have attained steps or ranks in recent months will be recognized in this service. Mrs. E. L. Redden and Mrs. J. H. McClain will be in charge of this service, which will be given by candlelight. All are invited to attend.

Walter W. Rice of Fort Worth, former county agent of Knox county, was here last Saturday, visiting with friends and attending the 4-H calf show.

Fire Destroys City Cafe Here On Thursday

Munday's largest fire in many months occurred on Thursday night of last week, when flames destroyed the City Cafe, which is located about a block south of the signal light.

The fire was discovered at about eleven o'clock and firemen spent some time combatting the flames and keeping them from spreading to near-by buildings.

Fire broke out sometime after the business was closed for the night, and it had gained considerable headway before being discovered. Origin of the flames have not been discovered.

Both the building and fixtures were partially covered by insurance, and it was stated Tuesday that an adjuster placed the fixtures at 100 per cent loss.

Bill Smith, one of the co-owners stated Tuesday that plans for re-establishing the business had not been completed.

Weather Man Cuts Up Here All This Week

Old Man Weather has been raging in all his fury all this week, giving us 10 and 14-degree temperatures, snow, sleet and freezing rain.

So far as is known, no one has suffered greatly from the low temperatures, although there have been minor automobile accidents on slippery streets which were coated with ice, and pedestrians have experienced trouble in keeping their lower extremities firmly established under them.

Several local people have felt sprawling on the ice, but no one has suffered great injuries.

Lowest temperature of about 10 degrees was reported Tuesday night.

Reports came Wednesday that the Lone Star Gas Company had asked a halt in industrial use of gas here, so plenty of fuel would be available for home use.

Anyway, after giving us nearly "everything in the book," local people are ready for the weather man to show some moderation. That didn't seem very likely Thursday, as snow was peppering down at nine o'clock.

Tom Morton visited his parents, Mr. and Mrs. S. R. Morton of Seymour last Sunday.

Basketball Tourney To Open Here Monday; Sponsored By Local Jaycees

A basketball tournament which will see some of the top teams of this area in action will open here on Monday night, February 2, under the sponsorship of the Munday Jaycees, who will have their own independent team entered in the tourney.

Two games will be played each night next week, Monday through Saturday, with the exception of Friday night, February 6, when no games are scheduled. Tourney finals will be Saturday night. Play will begin at eight o'clock each night.

At least twelve of the best teams of this area will enter the

Officers Of Munday C. of C. Named Recently

At a recent meeting of the Munday Chamber of Commerce, new officers were elected for another year. They are as follows:

J. Weldon Smith was named president of the local organization. He succeeds Leland Hannah, whose term expired.

J. L. Stodghill was elected vice president, while Harvey Lee was re-elected as secretary.

Due to lack of time, the members postponed election of directors. These are expected to be named in the near future.

March of Dimes Drive To Close On Wednesday

The "March of Dimes", as all other business, has felt the hand of weather this week and as a program it has had to shut down for a spell. At the request of Mrs. George H. Pittman, State Representative of the Foundation for Infantile Paralysis, of Dallas this county will continue the drive on through Wednesday of next week to catch up with the lost days if possible. Merchants and school children along with the public have shown a wonderful spirit of cooperation thus far. At the Calf Show here in Munday last Saturday nearly seventy dollars was received. Broach Equipment Co. and J. L. Stodghill bought three chickens at \$37.50 which was given to the March of Dimes by Dewey Davis.

If you want the comfort of knowing that in case your child becomes a victim of this dread disease, then think up some way to help get this campaign over the top in these next few days. Winston Blacklock, the local director, will welcome suggestions from any citizen about this work.

COMPILING HISTORY OF KNOX COUNTY

The Knox City study club is writing a history of Knox county. We are anxious to have a short sketch of the families who came to the county before 1905-06. Won't you help us by sending us this information about your family? Please send this to Mrs. C. C. Hoge, Knox City, Texas.

Joe Kelly, Mr. Earl Pander, will be present with four fifth and six grade boys and girls on each night

Weather report for the period of January 22 thru Jan. 28th, 1948 as recorded and compiled by H. P. Hill, Munday U. S. Cooperative Weather Observer:

Funeral For Mrs. Perry Is Held Wednesday

Funeral services for Mrs. Mollie A. Perry, mother of Mr. R. F. Suggs of Munday were held from the First Baptist church at one o'clock Wednesday afternoon. Services were conducted by Rev. W. H. Albertson, pastor, who was assisted by Rev. Don Davidson and Rev. J. R. Bateman.

Mrs. Perry, who had been ill for some time, passed away at 11:30 p. m. Sunday, January 26, just a short time after being taken to the Knox county hospital for treatment. She was born May 29, 1873, and was 74 years, 7 months and 6 days of age.

Mrs. Perry was married to Charlie Good in 1890, and several children were born to this union. Mr. Good passed away in 1918. She was married to A. L. Perry in 1932, and he passed away in 1943.

She was a christian mother and a member of the Methodist church. She had resided in Knox county for the past three years.

She is survived by three sons, Homer Good, Waurika, Okla.; Elmer Good, Clarksville, and Clifton Good, Anson; two daughters, Mrs. W. A. Hopper of Burneyville, and Mrs. R. F. Suggs of Munday; 19 grandchildren, 19 great grandchildren, six sisters and three brothers.

Palbearers were C. R. Suggs, George Hopper, Russell Brantley, J. C. Reagan, Curtis Howard and Jack Suggs.

Burial was in the Old Glory cemetery under the direction of Mahan Funeral Home.

Baptist Young People To Meet

The Haskell County Youth Rally will be held in the Rochester Baptist Church, Sunday afternoon, Feb. 1, at 3 o'clock. All young people are urged to attend this meeting; adults are also invited to attend.

"Fun For You," With Local Talent To Be Presented On Thursday and Friday

The American Legion's amateur show "Fun For You" will be presented at 8:03 p. m. in the Munday School Auditorium tonight and also Friday night, for the purpose of re-decorating the Legion Hall.

A program of laughs, fun, variety and comedy has been arranged with local people taking part as the impersonators of famous radio, stage and screen stars.

Let's have been coming in with nominations of the good, good neighbor of Munday. The good neighbor will be featured on both nights of the show, but a different neighbor will be chosen for each night. This will be featured on the Tom Bronneman part of the show. Tom, who will be portrayed by Jimmy Harpham, will also award a prize to the lady present each night with the craziest hat, will award a wishing ring, and present a corsage to his eldest guests.

Another feature will be our "Dr. L. Q." who will be none other than Mr. Charles Baker. He will give away silver dollars to those present with the correct answers.

Joe Kelly, Mr. Earl Pander, will be present with four fifth and six grade boys and girls on each night

Weather report for the period of January 22 thru Jan. 28th, 1948 as recorded and compiled by H. P. Hill, Munday U. S. Cooperative Weather Observer:

Rainfall to date this year, .42 inches. Rainfall to this date last year, .60 inches.

Texans Named On Advisory Committee

Nine prominent Texas farmers, editors and educators were named by Secretary of Agriculture Clinton P. Anderson to comprise the State Advisory Committee of the Farmers Home Administration.

They are Herman H. Bennett, Greenville; Eugene Butler, Dallas; Walter Cardwell, Luling; Ozro Eubanks, Santa Anna; William Oscar Irvin, Daingerfield; Ervin B. McLeroy, Carrizo Springs; Edgar B. Smith, Lampasas; Olin Stark, Quitaque, and Ide P. Trotter, College Station.

Farmers Home Administration is successor to Farm Security Administration, which began 15 years ago this month extending financial loans and technical assistance to American farmers. Approximately 123,000 farm families are in the program at present in Texas according to L. J. Cappiean, State Director.

Poultry Bring Fancy Prices As Prize Winners

Fancy prices for the prize winning poultry shown here Saturday at the annual 4-H Calf Show, were paid by local people who purchased the birds.

The boys released the pen trials to the Munday Chamber of Commerce and they were turned over to C. R. Elliott, auctioneer.

Roy Baker of Knox City paid \$15 for the first trio; J. L. Stodghill, \$20 for the second pen; Atkinson's Farmer's Market, \$21 for the third trio, and W. E. Braly, \$20 for the fourth trio.

Munday Sanitary Hatchery purchased the fifth pen for \$24, then released them to be sold again for benefit of the "March of Dimes". In the second sale they brought \$37.50, selling to J. L. Stodghill and Broach Equipment. Harvey Lee purchased the sixth trio for \$16.

Pulls' reserve winner was also first in the junior class. Other placements in order were Tom Bush Craft, Knox City; Buddy Crenshaw; H. C. Chaffin, Knox City; Donald Jackson, Vera; Tommy Shaw, Gilliland; Dale Jackson, Vera; Charles Williams, Goree; Ray Baty, Gilliland. All received cash awards.

F. W. Martin, Haskell County agent, judged the poultry. Ray Mowrey of Texas Technological College, Lubbock, judged the livestock show and Rip Collins, Knox City, was in charge of the boys judging.

Bidding was brisk in the auction sale of calves which followed the judging, with the First National Bank of Munday buying the highest priced calf, paying 68 cents a pound for a 930-pound calf fed by Tommy Shaw of Gilliland and bred by the League Ranch. The other eight calves sold at auction their feeder, their weights, breeder, buyer and price per pound are as follows:

Charles Williams, 780, League Ranch, J. E. Reeves for group of local merchants, 37 cents.

Dennis Walling, 980, League Ranch, C. P. Baker for group of merchants, 40 cents.

Billy Cammack, 1070, League Ranch, J. K. Jackson for drug store, 41 cents.

Randel Walling, 840, League Ranch, J. L. Stodghill, 42 cents.

Donald Jackson, 960, Nichols Ranch, R. L. Ratliff, 42 1-2 cents.

Jerrell Myers, 1100, League Ranch, Reid's Locker of Knox City, 50 cents.

Dale Jackson, 780, Nichols Ranch, Munday Cotton Oil Co., 62 cents.

George Ray Geaty, 760, League Ranch, J. L. Stodghill, 59 cents.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Lowry Wilson are the proud parents of a 7 lb. 11 oz. girl which arrived at 7:30 Monday morning, January 26. The little girl has been named Frances Katherine.

Mr. and Mrs. V. E. Moore of Abilene spent last Sunday with Mrs. Moore's parents, Mr. and Mrs. J. C. Campbell. Mrs. Moore will be remembered as Miss Dorothy Campbell.

Miss Ann Atkinson of Fort Worth spent the week end here with her parents, Mr. and Mrs. R. D. Atkinson, and other relatives.

Want to know a Leap Year proposal you can accept whether you are single or married and have a dozen children? It's the proposal to join the Payroll Savings Plan for buying United States Savings Bonds, or the Bond-A-Month Plan at your bank if you are self-employed. Millions of your nieces and nephews have learned from experience that a growing nest-egg built by regular buying of United States Savings Bonds is the best personal guarantee of a happy future.

NOTICE TO THE PUBLIC: Any erroneous reflection upon the character, standing, or reputation of any person, firm or corporation which may appear in the columns of this paper, will be gladly corrected upon due notice being given to the publisher, at the Munday Times office.

MUNDAY'S NEEDS FOR 1948

1. A modern and up-to-date high school building, to care for the present and future educational needs of our children.
2. A waterworks system that meets all requirements of health, sanitation and supply.
3. A street sweeper that will keep our pavement clean enough to be recognized as pavement.
4. A clean-up campaign of lasting effect; yes, one that extends even across the tracks.
5. Completion of our drainage and paving program, which will probably be accomplished this year.
6. More activity among our civic organizations, looking forward to, and planning for, a better Munday in the future.

ANOTHER PAYROLL TAX?

The proposal that an additional payroll tax be imposed on the income-earners of this country to start building a fund for national, compulsory health insurance, poses a number of important questions.

The initial tax would be set at one per cent of individual income up to \$4800 per year. That is admittedly insufficient, and would have to be increased to at least 4 per cent and perhaps more. This levy, coming on top of all other payroll deductions for income tax and social security, would be a heavy burden on families which are having a tough time making both ends meet now. It would largely offset whatever income tax reductions are now in sight.

Going further, is there any real need for compulsory health insurance? The fact that something like 40,000,000 people now have low-cost, voluntary protection, and that the membership is in the Blue Cross and other plans is rapidly growing, certainly indicates that the answer is negative—and that the wage earners of the country are perfectly able to solve medical care problems for themselves without creating another paternalistic bureau with a legion of tax-eating employees.

Last, despite the denials, the verdict of his-

OUTLOOK FOR SMALL RETAILING

Some years ago, it was widely feared that the small retail store was on its last legs, due to the growth of the chain systems. This led to a rash of proposals for levying punitive taxes against the chains as a means of destroying them, on the theory that this was necessary to keep the independent in business.

As everyone now knows, the fear was groundless—the good small store stayed open, grew and prospered and held its share of the trade. The future for small retailing, according to a study recently made by Paul H. Nystrom, Professor of Marketing at Columbia University is excellent. The failure rate among beginners in retail business is still high—but it was much higher a generation ago than it is today. The sales increases of independent stores, taken as a whole, have been fully as large as the increases registered by chains, mail order houses and department stores. In Dr. Nystrom's own words, "The future of small retailing looks bright, as bright as any business I know of and much brighter than many other that might be named. Whatever the general outlook for business, retailing, small retailing, is certain to go on and to grow as population and income increases."

This doesn't mean that all small retailers will succeed. The man who lacks proper capital, training, experience and real management ability cannot make the grade in retailing or any other business. What it does mean is that the soundly established retailer, with a flair for the business and a willingness to work hard will hold his own against the chains and all other types of merchandising. And from the small, one-man stores of today will come the great stores of tomorrow. If one method of retailing cannot succeed without legislation to restrain a competitor, its existence is not justified.

It is that compulsory health insurance is just a prelude to the eventual socialization of medicine and related services. Bureaucratic government never goes half way—it operates on the all or none principal. And political medicine is always inferior.

the nose and throat. To protect yourself and others from such diseases here are some of the things to remember:

Influenza is highly infectious. Practically everybody is susceptible to it. No matter how many times you have had the disease you may contact it again. Therefore keep away from people who are coughing, sneezing, or who are actively ill with colds, influenza, or pneumonia. Keep away from crowded places. Have your own towel; always wash your hands before eating; and sneeze or cough into your handkerchief.

Keep fit by drinking plenty of water, eating simple nourishing food, and taking some exercise each day out of doors. Dress according to the weather; get plenty of sleep in a well-ventilated room; and keep the bowels regulated.

Disastrous results may ensue

from this disease if influenza cases are allowed to get about too soon. Persons convalescing from this disease are particularly susceptible to other infections; so, if you are just getting over some illness, return to your normal routine of life gradually.

Ryland Gleaton of Stamford was here last Thursday, attending to business matters pertaining to the local P. C. A. office.

From where I sit ... by Joe Marsh
Are You "Hobby Happy?"
Funny thing about hobbies... When Ed Carey started making a model of the "Flying Cloud," it was only to rest his eyes from reading. But now he spends every spare moment ship modelling!
Some wives might have resented a husband suddenly shutting himself in the attic every night. But not Ed's Prudence. When she found him working late, she brought him up some beer and crackers... showed a real interest in his hobby... until finally Ed had her helping with the rigging.
Wasn't long before they were working side by side on Ed's bench, sharing a common interest. Instead of keeping them apart, Ed's hobby brought them more together.
From where I sit, a husband's hobby can often be a wife's as well. In fact, I've got the missus interested in tying trout flies—and, along with that mellow glass of beer, it makes the evenings go by mighty pleasantly.
Joe Marsh

Gilliland Club Meets In Home Of Mrs. Burgess

The Gilliland home demonstration club met in the home of Mrs. Orville Burgess on Wednesday, January 21. The meeting was called to order by Mrs. O. R. Miller, president, and each member answered roll call with "a color combination I like."

Mrs. Miller gave an interesting demonstration on the "tie and dye process." Delicious refreshments were served to Meses. Omer Cure, Buel Gibson, Floss Capps, Richard Winstead, Grady Duncan, John Jamison, Wiley Cook, Pete Mayberry, O. R. Miller, John Thompson, George Solomon, Bob Winstead, Monroe Cash, Jim Welch, Arthur Hseng and Jim Cash.

The next meeting will be in the home of Mrs. Monroe Cash. All members are urged to be present.

Jimmie Silman, Miss Nadine Salem Wed In Washington

In a very impressive wedding ceremony on Sunday, December 28, Miss Nadine Salem became the bride of Mr. Jimmie Silman, Jr. The wedding took place in the Broadmoor Hotel at 3601 Connecticut Ave. in Washington, D. C. with the Rev. C. H. Richmond, pastor of the Chevy Chase Methodist Church, officiating.

The bride, given in marriage by her father, wore a white slipper gown with yoke and long sleeves of chantilly lace. Her illusion veil was held with a coronet of pearled orange blossoms. She carried a bouquet of white roses.

Alva Salem, sister of the bride, was maid of honor. She was attired in a dress of peacock blue taffeta with a sweetheart neckline and a pioneer skirt. She carried a bouquet consisting of red roses and sweetpeas. Other attendants were Misses Polly Silman, Mabel Ameen, Janerose Salem, and Zoe Sadok. They wore frocks of american beauty taffets with sweetheart necklines and pioneer skirts. Their flowers were of carnations and sweetpeas.

Ferris Sadok was best man and Camell Ameen, Eddie Richards, Don Wuehd, Ken Kattar, Julian Showkeir, and Buddy Richards were ushers.

The brides mother wore a peacock blue crepe dinner gown while the grooms' mother wore a black and white dinner gown.

The brides is the daughter of Mr. and Mrs. George Salem of 22 East Bradley Lane, Chevy Chase, Md. She attended the American University of Beirut, Lebanon, Southern Methodist University at Dallas.

The groom is the son of Mr. and Mrs. Jimmie Silman of Siginaw, Michigan, formerly of Lubbock, Texas and attended Texas Technological College at Lubbock.

Following the wedding, a reception was held at the Broadmoor Hotel.

For traveling costume the bride wore a light beige wool suit with

Interior Modes... by Reno

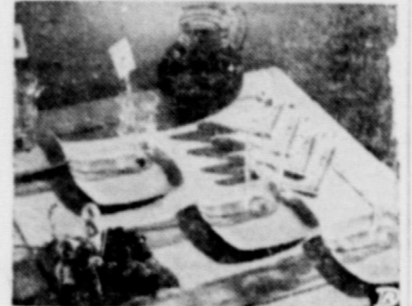

A bobby-soxer's bedroom need not be an incongruous collection of pictures, costume dolls and prom invitations. It can be made feminine and organized by a few simple and clever arrangements. Here, shelves were added to one wall to accommodate a collection of favorite dolls and tea cups. A window seat was built under the recessed window to make still more storage room. The grown up touch is developed in the dressing table and mirror. As a final touch of femininity, fluffy dotted-swiss curtains on the windows and a matching ruffle was attached to the lower part of the window shade.

matching hat and carried a green reptile bag with shoes and gloves. Her corsage was a brown orchid.

After a wedding trip to New York, the couple will be at home at 171 3rd Ave., Sharon, Pa.

One-fourth of the rain falls in the forest is caught by tree leaves and branches and released back into the air.

NOVEL CARD PARTY TABLE

This attractive table setting for your bridge or gin rummy party is as pretty as a picture yet requires no lavish expenditure of either time or money. The table covering is of natural linen to accent the gaily colored square pottery plates, and the miniature playing cards carry out the party motif. The cards are cut and mounted atop the glass straws. Side dishes may hold nuts and raisins or assorted thin-cut sandwiches. To add interest to the refreshment menu, Pineapple Nectar is an ideal beverage. Easy to prepare and serve, it is made according to the following recipe:

PINEAPPLE NECTAR
4 cups unsweetened pineapple juice
2 cups Rona Claret
2 cups lemon juice
2 cups sparkling water

Chill the pineapple juice, wine and sparkling water. Combine in a water pitcher or punch bowl. Add the lemon juice, and sugar to taste. Garnish with lemon slices. Fill glasses ¾ full. Serves 8 to 12.

Benjamin Club Meets Jan. 23rd In Assembly Room

The Benjamin Home Demonstration Club met in the assembly room at 2:30 p. m. Friday, January 23 with seven members present. Each answered roll call with the color combination they liked best.

Mrs. W. H. Logan, club president, asked each member to give an idea on how to increase our club membership. A valentine party was voted as the most interesting idea. The party is to be held in the home of Mrs. Lee Smailum, February 13. Invitations will be sent to each person.

The club project at present is a city dump ground. Anyone with information pertaining to this dumping ground project, see Mrs. W. H. Logan. All suggestions will be appreciated.

Miss Butler gave a very interesting demonstration on tying and

Dressy Rayon

This two-piece fashion made of Avisco rayon will come in handy for a week-end party or any dress-up occasion. It emphasizes the long torso and big box pleats—new style notes of the season.

dying scarfs and restyling clothes.

After the club adjourned, refreshments were served to the following: Meses. W. H. Logan, Lewis Parker, Earl Sams, E. A. Darwin, Miss Eugenia Butler and the hostess, Mrs. Jim Pelts.

The next meeting will be February 13 in the home of Mrs. Lee Smailum for the Valentine party.

NOTICE TO KNOX COUNTY HOMEMAKERS

One of the important points in the conservation of grain and essential foods is the control of destructive insects. According to Eugenia Butler, County Home Demonstration Agent, the following

suggestions come from the Department of Agriculture:

It's just as important for the housewife to control and prevent insects that destroy grain and cereal products in the kitchen and pantry as it is for the farmer to protect grain in storage. Here are some things you can do: Clean pantry shelves thoroughly after moving packages of food, then spray the interior with five percent DDT. Destroy heavily infested packages of food. You can sterilize the foods by heating them in the oven to 140 degrees Fahrenheit for half-hour. And be sure to always store uninfested food in metal or glass containers with tight-fitting covers.

A STITCH IN TIME SAVES NINE

How true is ever so many cases. Months and even dollars have been lost for lack of visiting your Doctor in time.

FIRST: See your Doctor at the onset of colds or minor ills. Infections spread fast but usually can be arrested if attended to in time.

SECOND: Have your prescription filled by dependable Pharmacist who make it their service to you to protect your health.

Two Registered Pharmacist at The Rexall Store hold it as their Public Service to see that you are protected when filling your prescription.

Knox Prairie Philosopher Opposed To Grain Speculation, Which Is The Reason He Won't Plant Any

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek seems to have the wrong notion about grain speculation as his letter this week reveals, but it's not the first time he has been wrong.

Dear editor:

It was so cold out here on Miller Creek this week it was all I could do to get up from my chair by the stove at dish-washing time and get down to my neighbor's mail box to borrow his paper, which he won't miss no way as he ain't got no intellectual drive and frequently ignores his mail to feed his cattle or cut wood, but a good newspaper, or even a copy of yours, is the ideal company on a cold day, and I was readin this week about them grain speculators and how President Truman is opposed to it, in a theoretical sort of way as he didn't know ahead of time his own White House physician was doin it too and maybe some of his other officials, but I want you to know I am opposed to grain speculation with all the energy I got, which is the reason I don't plant none.

As I see it, there ain't no bigger gamble for example than growin corn or oats or wheat, a man can work all year if he can't figure out nothin better to do workin his land and fightin Johnson grass and cocklebur and wishin it would rain when it's dry and stop rainin when it's wet and hopin for warm weather when it's cold and gettin mad when it gets too hot and freitin over the chance

of a hailstorm and when he gets to the end of the year and his speculatin has turned out all right to the extent he has a crop of grain made, all he does is take it to town to get whatever they'll pay him for it and discovers some birds in New York has been buyin and sellin his crop four months before the crop was made and has made ten times as much money off of it as he has and has done it from a steam-heated office.

That's what I call a gamble, and I'm here to tell you I'm gonna lead a righteous life this year and if any corn comes up on my place it'll be voluntary. President Truman may not be able to handle his personal physician but him and me see eye to eye on grain speculation and I for one will hold the line and fight off inflation by not speculatin on a grain crop this year, and I may go all-out and do the same by cotton.

Yours faithfully,
J. A.

Uncle Sam Says

What would you say if you saw a groundhog emerge from his hole this month with a stack of Savings Bonds in his paw? Millions of my nieces and nephews, who own Savings Bonds and are adding to their bond holdings regularly through the Payroll Savings or the Bond-A-Month Plans, would say that Mr. Groundhog has at last acquired common sense as a prophet of an early spring. There is no better harbinger of a bright, happy future is there than the growing, safe, profit-making financial reserve of United States Savings Bonds.

U. S. Treasury Department

R. C. Stevens, who is attending school in Abilene, spent the week end with his parents, Mr. and Mrs. J. B. Stevens.

James Dyke of Abilene spent the week end with Mr. and Mrs. W. V. Tiner. Mrs. Dyke returned home with her husband after spending the past week with her parents.

Women, Children Are Protected By Social Security

"The Social Security Act places emphasis on the importance of the family and gives special protection to women with young children," said Erton F. Tate, manager of the Wichita Falls social security office.

"Some women callers," Tate continued, "think that benefits are paid onl yto 65-year old widows. When a qualified worker of any age dies and leaves a widow who was livin with him at the time of his death, she is immediately eligible to receive:

1. Monthly payments for herself and their unmarried children under 18, or

2. A single cash payment if there are no children."

Many women seem to think that in the vent of their husband's death that they can get back only the few dollars paid in social security premiums. It should come as no surprise to a widow to learn that she and her minor children are eligible for regular monthly payments. Many such benefits are now in force. These monthly benefits frequently mean for children the difference between going to work and going to school. Monthly benefits to widows have been the means of keeping many families together and homes intact.

J. E. Reeves, Jr., and Miss Dixie Atkeison Married In Home Ceremony

A double ring ceremony was read Sunday afternoon in the Atkeison home to unite Miss Dixie Nell Atkeison and James Ely Reeves Jr. in marriage. The bride is the daughter of Mr. and Mrs. R. D. Atkeison and the groom is the son of Mr. and Mrs. J. E. Reeves all of Munday, Rev. Don Davidson, pastor of the First Methodist Church was the officiant.

Pre-nuptial numbers, the wedding march and recessional were provided by appropriate recordings. Perry Reeves, brother of the groom, and Billy Huskinson, cousin of the bride lighted the tapers, arranged in the decorative scheme, featured in the nuptial setting.

R. D. Atkeison gave his daughter in marriage. She was a lovely picture attired in a beige charmeuse gown with which she wore sable mist accessories. Her only jewelry was an heirloom pin, belonging to her grandmother, which she wore as the traditional "something old". The bride carried a corsage of yellow-throated white orchids atop a white Bible.

Miss Agnes Ann Atkeison, Fort Worth, attended the bride as maid of honor and was attired in a lovely green two-piece crepe frock. She wore black accessories and carried a nosegay of Tulliaman roses with chartreuse ribbon shawl.

The groom was attended by his father, J. E. Reeves, as best man. The bride and groom were honored with a formal reception held in the bride's home with Mr. and

Mrs. Atkeison as host and hostess. Miss Jean Reeves, sister of the groom, attended the bride's book to secure signatures of the guests calling.

The beautifully appointed refreshment table featured artistic groupings of white sweet peas with maiden hair fern placed around the three-tiered wedding cake. Tall tapers in crystal holders were noted flanking the central arrangement and the large cut glass punch bowl and other appropriate appointments completed the setting. Mrs. Bruce Burnett attended the punch bowl and Mrs. W. M. Huskinson, Wichita Falls, presided at the bride's cake. Also Mrs. Travis Martin, Seymour, assisted in the house part.

Immediately following the reception Mr. and Mrs. Reeves left for a honeymoon trip to San Antonio and other points of interest in South Texas. They plan to return to Lubbock to establish residence.

The young couple is well known in Munday. After completing her high school work, the bride attended the University of Texas, Austin, and later trained as an X-Ray technician in the Parkland Hospital in Dallas. Recently she has been employed as a technician in Colorado Springs, Colo. The groom served with the merchant marine and in the United States Navy and is now holding the rank of lieutenant in the naval reserve. He is attending college in Lubbock at Texas Technological College.

Out-of-town guests to attend the wedding were: Miss Frances Withers, Fort Worth; Mr. and Mrs.

Cowboy Fashion Judges

Shades of Billy the Kid, "Bat" Masterson, "Wild Bill" Hickok and other fabled he-men of the wild and woolly west. Instead of riding romantically toward the purple sunset, cowboys are now frequenting New York's Stork Club to serve as judges of women's fashions.

Attired in the traditional ten-gallon hats, and without even a sheepish glance, they trooped into the Stork Club to serve as judges of Cosmopolitan magazine's male-tested fashion show.

Shown above as pictured in the January Cosmopolitan are, from left to right, Toots Mansfield, champion calf roper; Dick Griffith, champion bull rider and trick rider; Joe Walsh, rodeo judge; Gene Autrey, movie cowboy star; Bill McMackin, saddle bronc champion; and Carl Dossey, bareback champion.

Henry Atkeison and daughter, Haskell; Mr. and Mrs. Ike Huskinson and son, Wichita Falls; Mr. and Mrs. Bruce Burnett, Benjamin; Mrs. Lillian Little, Fort Worth; Mrs. J. W. Berry and son Shelton, Ropesville; Mr. Roy Boone, Seymour; Mr. and Mrs. G. M. Griffin, Miss Martha Lewis and Miss Nancy Wilson all of Lubbock; and Mr. Kenneth Lewis of Jayton,

and groom.

At 9:00 in the evening, a wedding dance was given in St. Joseph's Hall.

Out-of-town guests present were: Joe Birkenfeld and son Harry; Mr. and Mrs. Tom Wethinton, Mr. and Mrs. Walter Warren, of Nazareth, Mr. and Mrs. Lawrence Birkenfeld, Happy; Mr.

John Stengel and daughters, Blanche and Clara, Summersfield; Mr. and Mrs. John S. Birkenfeld, Teresa Birkenfeld, Jack Haggard, Amarillo; Norbert Homer, Groom; Mr. and Mrs. Homer Ledbetter, Wichita Falls; Mrs. Ella Hall, Fort Worth, and Mr. and Mrs. Edwin Albus, Vernon.

The couple will make their home in the Rhineland community.

Bridal Shower Given To Honor Mrs. Birkenfeld

A surprise bridal shower honoring Mrs. Joe Birkenfeld, the former Miss Ethel Stengel, was given on January 11 in the home of Mrs. A. F. Homer.

Mrs. Julius Vita presided at the bride's book, where seventy-eight guests registered. Many nice gifts were on display.

Refreshments of cake squares with initials of the bride and groom jello and coffee were served. A yellow and aqua theme was used in the decorations.

Mrs. Vita presented a corsage of red roses to Mrs. Birkenfeld.

Goree 4-H Girls Club Has Recent Meeting Program

The Goree 4-H Girls club met on its regular meeting day. The president, Nellie Jones had charge of the business meeting with eleven members present. One new member, Eddie Ruth Huffman, joined the club.

Program for the day was given by the agent, Miss Eugenia But-

ler, on Beginning A Skirt. This included how to shrink and straighten material before cutting out the skirt. The agent suggested hanging the material over a door to dry, to prevent hanging crockedly. Members are to have their skirts ready to put in the zipper at the next meeting.

Joseph Birkenfeld, Miss Ethel Stengel Wed At Rhineland

On January 23 at 8 a. m., a nuptial high Mass was read by Rev. Fabian Diering in St. Joseph's church at Rhineland uniting Miss Ethel Stengel, daughter of Mr. Chas. J. Stengel, and Joseph H. Birkenfeld, son of Mrs. A. F. Homer, in marriage in a double ring ceremony.

The couple exchanged vows kneeling before a beautifully decorated altar.

Mrs. Francis Albus, organist, played the processional and recessional selections. She was accompanied by the choir during High Mass.

Mrs. Julius Vita, sister of the groom, was matron of honor, and Miss Clara Stengel, cousin of the bride, was bridesmaid. They were attired respectively in aqua and yellow brocade satin gowns with matching headpieces. Each carried a bouquet of chrysanthemums with contrasting aqua and yellow streamers.

Julius Vita, brother-in-law of the groom was best man, and Clarence Stengel, brother of the bride, was usher.

The bride wore a white brocade satin gown with a lace neckline, fitted bodice, bouffant skirt with a floor-length tunic, and long sleeves fitted in points over the wrists. Her finger-ring, lace edged, double illusion veil fell from a tiara of seeded pearls and sparkles.

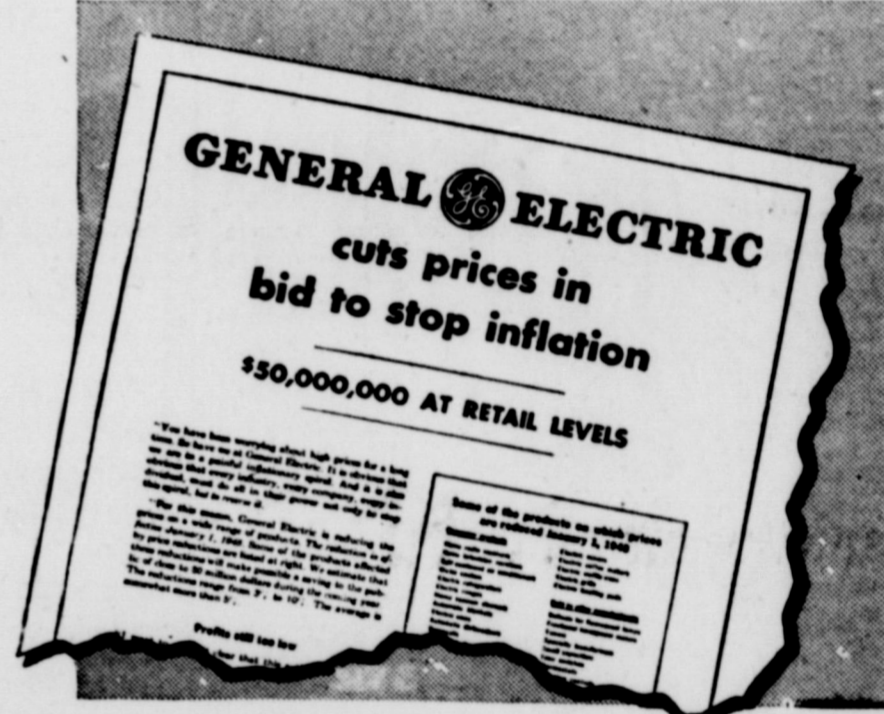

She wore a single strand of pearls and carried a bouquet of white carnations, from which fell white velvet streamers. She also carried a white prayer book and white linen handkerchief, a gift from the groom's mother.

During the afternoon a reception was held at the home of the bride's father, where many relatives and friends were served. In the center of the table was a beautiful three-tiered wedding cake, decorated with a miniature bride

WHY

GENERAL ELECTRIC PUT LOWERED PRICES AHEAD OF OTHER THINGS

General Electric lowered prices because we wanted to do our part to stop the present spiral of inflation.

General Electric lowered prices on electrical appliances in greatest demand—because that is where lowered prices on General Electric products will do the most good and have the greatest effect.

General Electric lowered prices regardless of the fact that G-E profits are not high—are not at present levels high enough.

We did this because we know that in the long run General Electric can prosper only as the people of this country prosper. We believe that producing more goods for more people at less cost is the soundest way of running a business. And we feel that inflation in this country has reached a dangerous level—for the wage earner, for the man with savings, and for industry alike.

Do you know what inflation can do to you?

As money buys less and less, your savings lose their buying power. Life insurance policies dwindle in value. Money saved to take your wife to the hospital won't pay the bill when the time comes. Pay checks buy less and less. Retirement money won't pay for retirement.

This applies to the man who brings home a weekly pay check, to the man with a little savings in the bank or a life insurance policy, and to companies that have to build new plants and buy new machines to fill future needs and provide future jobs.

Inflation is a sinister thing. It steals up on a country and its economy in a gradually accelerating two-step of prices and wages—each trying to get one step ahead of the other—and there is no red line to show when the danger point has been reached.

Inflation is like a fire. Once it gets well under way, it can never be checked until everything is destroyed.

Self-restraint by industries and individuals the best check

You as an individual can do most by buying less and saving more—thus avoiding bidding up the prices for scarce goods. Business and industry can do much by lowering prices whenever and wherever possible—voluntarily.

General Electric put lowered prices ahead of other things because we believe it is a step towards licking inflation.

We Must Destroy Inflation or It Will Destroy Us

New Tire for Dodge Cars

THE NEW SUPER-CUSHION TIRE is now standard equipment on all Dodge passenger cars. The principle of the Super-Cushion tire is more air volume at a lower pressure. This provides a softer and more comfortable ride, increased tire mileage, reduction of car wear and tear resulting from road shocks or bumps, and safer stops and better starts. The possibility of blowouts or punctures is reduced because the new tire runs cooler than its predecessor. The new Dodge tire is designated as size 7.10-15, which is one size larger than the Super-Cushion size corresponding to the conventional tire size previously used by Dodge. This represents a double jump in size and increases the benefits derived from the new tire.

Step Forward Made in Cotton Improvement

Cotton improvement work took a step forward in Texas in 1947, and figures from Smith-Doxey classification records help prove it. F. E. Lichte, extension cotton gin specialist for Texas A. and M. College, that 1,034 applications from 148 counties, covering 97,134 producers and 6,783,068 acres of cotton were received for the free classification and market news service offered under the Smith-Doxey Act of 1937. Eighteen varieties of cotton and 1,414 cotton gins were involved. About 1,243,600 bales of cotton ginned so far this season, representing about 45 percent of the

estimated crop, have been classed for farmers in Smith-Doxey cotton improvement groups in Texas, John L. McCollum of the southwest area cotton branch of the USDA's Production and Marketing Administration, reports. This total does not include cotton classed for Commodity Credit Corporation loans, cotton futures, the Army, and farmers and ginners not in improvement groups who sent samples to the branch office. The Lubbock office where 747,972 bales already have been classed for improvement groups, leads the state, McCollum says. Location of other offices and number of bales classed are: Abilene, 154,668; Austin, 66,898; Corpus Christi, 133,164; Dallas, 96,442; and Galveston, 40,400. Cotton produced in the El Paso irrigated district is classed by the western area cotton branch at Bakersfield, California where about 269,000 bales already have been classed. These figures compare favorably with past years, Lichte says, and he expects an increase in the number of applications for 1948, as more and more farmers realize the benefits to be obtained from cotton improvement organizations. The Smith-Doxey Act provides free classification and market news service to cotton farmers who organize into improvement groups, adopt a variety of cotton, file application, arrange for sampling, and meet certain other requirements. Red squill is the safest rat poison and properly used will give excellent results. Thoroughly cover the area where rats harbor with one application. Wait at least two weeks before spreading poisoned bait again.

BENJAMIN NEWS

(Elda Purl Laird, Reporter)

Miss Louise Brown of Munday visited Miss Eugenia Butler and other friends here Thursday of last week.

Marvin Bryant of Vernon, F. H. A. Supervisor, was in Benjamin Thursday of last week.

Mr. and Mrs. Floyd Nunley and children of Crosbyton visited relatives and friends here the past week. Mrs. Nunley is the daughter of Mr. and Mrs. Lee Snailom of Benjamin and Mr. Nunley is the son of Mr. and Mrs. Alpine Nunley also of Benjamin.

Miss Omilene Barnett and Mrs. Wanda Kistenmacher and small son, were business visitors in Munday, Saturday.

Among the Benjamin visitors at the annual Calf Show held at Munday, Saturday were Mr. and Mrs. Jim Fults and family, Mr. and Mrs. Fred Crenshaw and family, Mr. M. D. McLaughy and John, Mrs. P. W. Laird, Elda Purl and Bryson Laird, Miss Eugenia Butler, and Mr. and Mrs. W. C. Taylor and sons.

Mrs. Doyle Wyatt is visiting her parents, Mr. and Mrs. Lee of Lubbock this week.

Visitors in the home of Mrs. W. A. Barnett and family Sunday of this week were Mr. and Mrs. Carl Howard and Mr. and Mrs. Wallace Howard and daughter of Lubbock; Mr. and Mrs. Jack Sumner and son of Ralls, Texas, and Mr. and Mrs. John Dutton of Knox City.

Bozo Melton, son of Mr. and Mrs. L. C. Melton is spending a few days with his parents and relatives during the mid-term holidays. Bozo is now enrolled at N. T. A. C.

Mr. M. D. McLaughy, Knox county School Superintendent, was in Haskell Tuesday of this week on business.

Mr. J. R. Steelman, Benjamin School Superintendent, was in Haskell, Tuesday of this week on business.

Stamford P. C. A. Members Proud Of Progress

Houston—Nine production credit associations in Texas have voluntarily returned their last dollar of government capital to the U. S. Treasury and the other 27 associations expect to pay out in the next year or two, according to Virgil P. Lee, President of the Production Credit Corporation of Houston. "During the past four years capital stock held by the government in the associations in Texas has been reduced from \$6,560,000 to a nominal figure of \$135,000," he said. "They are now 98 per cent owned by some 32,000 Texas farmers and ranchmen who own \$7,073,285 in capital stock backed by \$4,315,144 in surplus." Mr. Lee stated that farmers and ranchmen now hold about \$4,000-

1948 Chevrolet is Massive

The over-all simplicity and massiveness of the new, 1948 Chevrolet is well shown in this three-quarter view of the Fleetmaster Sport Sedan. Fenders, hood, body and door panels all blend; and the crease moulding, below the windows, is wider than that used in previous models. Note the new T-shaped chrome center bar on the radiator grille.

900 more capital stock than is actually required in connection with their loans, about half of which was voluntarily purchased in order to hasten full member ownership of the associations.

The 36 associations loaned more than \$100,000,000 to finance Texas farm and ranch production during 1947 and collected approximately the same amount, leaving them with \$31,190,865 in loans outstanding at the end of the year.

Mr. C. G. Burson of Haskell, President of the Stamford Production Credit Association, says that farmers and ranchmen in this area are proud of the progress they have made in retiring their government capital and that they plan to pay off the last dollar in the next year or two. He says the association now has \$392,009 paid in capital and earned surplus. The Stamford Association serves Dickens, King, Knox, Stonewall, Haskell, Jones, Shackelford, and part of Kent Counties.

The directors of the association, in addition to Mr. Burson, are: J. F. McCalloch, Stamford; J. Spurgeon Reeves, Hawley; Clark Fortis, Afton; and J. B. Pamphrey, Old Glory. J. L. Hill, Jr., is manager.

Mr. and Mrs. Cecil Cheek of Fort Worth were guests in the home of their mother, Mrs. G. P. Burns, over the week end.

Miss Betty Walker of Fort Worth spent the week end in the home of her parents, Mr. and Mrs. T. A. Walker.

C. R. Elliott was a business visitor in Stamford last Friday.

U. S. farmers grow 92 percent of all the peanuts in North America.

IT PAYS TO ADVERTISE

with the nation-wide campaign conducted by the American Heart Association, New York, the only national organization devoted exclusively to combatting diseases of the heart and circulation through scientific research, education and community service.

The association is appealing directly to the public for funds for the first time this year to help support vitally needed research in heart diseases.

See your community chairman for

information concerning this campaign. More details will be published in next week's paper concerning how to become a member of both "The American Heart Association" and the "Texas State Heart Association."

Community chairman for Monday is Mrs. Louise Ingram, and for Goree, Mrs. S. G. Hampton.

The annual loss from wounds in the U. S. has been placed at \$3 billion.

Program For National Heart Week Announced

In a declaration of all-out war against America's "No. 1 Killer," heart disease, Mrs. Q. B. Lee of Wichita Falls, campaign chairman, announced Saturday a broad area program for National Heart Week, February 8-14.

Mrs. Lee pointed out that the fight against heart disease, which is responsible for one out of every three deaths in the United States, requires the cooperation of every citizen.

The program will be tied in

Your Fuel Supply

A WORD FROM LONE STAR GAS COMPANY

You have read, perhaps, newspaper stories and listened to radio newscasts about this winter's "fuel shortage." The government is recommending rationing and restriction of use for some areas.

Because of these circumstances those of you who depend on Lone Star for Natural Gas Service probably would like some reassurance about your own fuel situation.

There is no shortage as far as Lone Star customers are concerned. Lone Star has plenty of natural gas to serve all homes now depending on it.

Lone Star Natural Gas System is fortunately located in that most of its sources of supply in 75 different gas fields form somewhat of a circle around the area served. The transportation system is designed to take advantage of this fact with pipelines criss-crossing the area so gas can be routed from at least two different directions to most communities.

We expect to handle, barring pipeline breaks or washout by floods, the fuel needs of homes on Lone Star system, no matter how cold the weather. Should there be any instances of low pressure areas they will be extremely isolated and result from unusual shortages of material over which we have no control.

Homes have first call on Lone Star Service. On extreme days, as in past years, it may be necessary to discontinue service to large industrial users so all our vast pipeline capacity may be used for supplying fuel to homes. Industries contract for service with this understanding. We sincerely appreciate their cooperation.

Lone Star is in midst of vast expansion and improvement program for the thousands of new customers that are being added each year. \$40 million are being invested in new facilities. Last year, the first of this program, 100 major projects were completed over the system. They greatly strengthened Lone Star service for the benefit of over 400,000 homes.

We also have a complete line of chick brooders, founts, and remedies — and that good Red Chain Feed.

THE JOFFROY "SOIL CONTROL CULTIVATOR"

The Plow of the Past REVOLUTIONIZED for TODAY!

The chisel-type cultivation of the Jeoffroy "Soil Control Cultivator" is not new! In fact, the first plows of this type were made over 3,000 years ago by the Egyptians for farming along the Nile River. They used a sharp-edged stick, while in the Jeoffroy machine, silicemanganese steel is required to stand present-day speeds and uses. Down through the ages many plows have been used and discarded, but the chisel-type plow has proved to have less draft, control erosion, and conserve moisture more effectively than any other plow invented!

MOISTURE

Moisture penetrates farther, does not run off. Stubble and trash are worked into topsoil for more effective fertilization of the land.

Disc-type cultivation leaves a smooth surface that quickly seals and causes water run-off.

- ★ Plows and cultivates the natural way. ★ Conserves the moisture. ★ Prevents blowing. ★ Stops erosion. ★ Cuts plowing cost in half. ★ Constructed to last a lifetime. ★ Pre-war prices. ★ Made in 4 sizes to fit your power: 7 ft. - 10 ft. - 13 ft. - 16 ft.

Cotton Crop Insurance For '48 Announced

Cotton producers in Knox county will again have the opportunity of crop insurance protection in 1948. This county has been selected as one of the 56 counties over the nation in which the cotton crop insurance program will operate. The county A. A. A. Committee has been furnished the necessary applications and are launching a county wide sales campaign to inform all cotton farmers of the provisions of the program and give them an opportunity to insure their cotton crop in 1948.

Crop Insurance is a farmers program—with each insured producer paying a small amount for protection against unavoidable production risks in order that none of them may suffer a complete loss. Since the cost of administering the program is paid from funds appropriated by Congress, the premiums charged farmers for crop insurance protection are used only to pay losses. These premiums represent the risk of loss of producing a cotton crop in the county.

No one knows better than farmers how uncertain is the production of a cotton crop. Although he may prepare his land in the best possible manner, plant the best seed obtainable and give his crop the best of care—drought, hot winds, hail and other causes over which he has no control can quickly rob him of the results of his years work and his investment. Crop Insurance protects farmers against such losses and guarantees a fair return for his efforts.

The closing date for filing applications for cotton crop insurance for 1948 is January 31. Farmers are urged to contact a committee man, an authorized crop insurance salesman or the county A. A. A. committee office in Benjamin to learn details of the program and file the necessary application before the last day of January.

Pink Boll Worms
Can Be Controlled By Kemgas Delinting and Grading Methods.
The Kemgas Process is the only Method that can delint and at the same time sterilize Cottonseed to comply with the regulations of the Bureau of Entomology and Plant Quarantine for the shipment of planting cottonseed from Pink Bollworm Quarantine Areas.

Pink Bollworms, their eggs, and larvae are sterilized, and infested cottonseeds culled out by Kemgas delinting and grading Methods.

In Pink Bollworm quarantine areas, Kemgas delinting plants sterilize planting cottonseed at 140 degrees F. instead of the 150 degree temperature required by the U.S.D. of Gins, Oil Mills, and seed breeders who sterilize Cottonseed.

Accomplishments Of 1947 Listed In Report of Brazos Soil Supervisors

The Wichita Brazos Soil Conservation District Board of Supervisors, with headquarters at Knox City, at their all day meeting last week compiled the accomplishments for 1947. Their annual report, according to Jack Idol, Chairman, showed that 238 farmers and ranchers comprising 185,061 acres in 49 conservation groups have joined the Soil Conservation District in applying a coordinated soil and water conservation program. The Wichita Brazos District includes all of Knox county and the upper half of Haskell county.

The 1947 annual report also showed accomplishments for the District co-operators on some of the major soil conservation practices. These acreages are newly applied practices.

16,547 acres of contour planting, 1,693 acres of cover crop (legumes such as vetch and peas).

14,883 acres of crop residue management, which includes making use of stubble and stalks in protecting land from wind erosion and adding organic matter to the soil.

313.9 miles of new terraces, 94,000 linear feet of diversion terraces were built.

In range conservation program ranchers have improved grass by rotation grazing, deferred grazing and proper use of grazing land

on 19,797 acres thereby controlling erosion and increasing production of beef. 76 acres of land have been established to native grasses for erosion control and additional grazing this year by various ranchers. More would be seeded but grass seed is still scarce. 8 additional stock water tanks were constructed on ranch units for better water distribution and for more even utilization of range grasses.

A large number of farmers have planted soil improving crops such as vetch, peas and clovers in the district the past year. Hairy vetch is showing much promise, especially on sandy land and a number of farmers have harvested vetch for the first time in the District.

Madrid clover and biennial sweet clover were grown successfully and approximately 4,250 pounds were harvested the past summer for seed increase. Many farmers plan to seed an additional acreage this year. Hobam clover is also being tried as an annual soil improving crop.

Austrian winter peas have been grown successfully for the past two years and a large acreage was seeded this fall.

Weeping love grass is being grown very extensively in the district for erosion control, grazing and seed increase. Approximately 4,000 pounds of weeping love grass

People, Spots In The News

FLYING AUTOMOBILE on its first test flight at San Diego, Calif., remained in the air for more than an hour but crashed several days later on its second test hop, injuring the pilot.

3 Unions Block Labor Peace—Refuse Wage Boost Already Accepted by 19 Other Railroad Unions!

The Brotherhood of Locomotive Engineers, Brotherhood of Locomotive Firemen and Enginemen and the Switchmen's Union of North America, representing 125,000 railroad employees, have refused to accept the offer of the Railroads of a wage increase of 15 1/2 cents an hour.

This is the same increase awarded 1,000,000 non-operating employees by an arbitration board in September, 1947.

This is the same increase accepted by 175,000 conductors, trainmen and switchmen by agreement on November 14, 1947. Agreements have been made with 1,175,000 employees, represented by nineteen unions. But these three unions, representing only 125,000 men, are trying to get more. They are demanding also many new working rules not embraced in the settlement with the conductors and trainmen.

Incidentally, the Switchmen's Union of North America represents only about 7% of all railroad switchmen, the other 93% being represented by the Brotherhood of Railroad Trainmen and covered by the settlement with that union.

Strike Threat

The leaders of these three unions spread a strike ballot while negotiations were still in progress. This is not a secret vote but is taken by union leaders and votes are signed by the employees in the presence of union representatives.

When direct negotiations failed, the leaders of these three unions refused to join the railroads in asking the National Mediation Board to attempt to settle the dispute, but the Board took jurisdiction at the request of the carriers and has been earnestly attempting since November 24, 1947, to bring about a settlement. The Board on January 15, 1948, announced its inability to reach a mediation settlement. The leaders of the unions rejected the request of the Mediation Board to arbitrate. The railroads accepted.

What Now?

The unions have refused to arbitrate, the Railway Labor Act provides for the appointment of a fact-finding board by the President.

The railroads feel it is due shippers, passengers, employees, stockholders, and the general public to know that throughout these negotiations and in mediation, they have not only exerted every effort to reach a fair and reasonable settlement, but they have also met every requirement of the Railway Labor Act respecting the negotiation, mediation, and arbitration of labor disputes.

It seems unthinkable that these three unions, representing less than 10 per cent of railroad

employees, and those among the highest paid, can successfully maintain the threat of a paralyzing strike against the interest of the entire country—and against 90 per cent of their fellow employees.

The threat of a strike cannot justify granting more favorable conditions to 125,000 employees than have already been put in effect for 1,175,000, nor will it alter the opposition of the railroads to unwarranted wage increases or to changes in working rules which are not justified.

A glance at the box shows what employees represented by the Engineers and Firemen make. They are among the highest paid in the ranks of labor in the United States, if not the highest.

Compare these wages with what you make!

| Type of Employee | 1947 Average Annual Earnings | | 1947 Average Annual Earnings with 15 1/2% Cost per Hour Added |
|------------------------------|------------------------------|------------------------------|---|
| | 1947 Average Annual Earnings | 1947 Average Annual Earnings | |
| ENGINEERS | | | |
| Road Freight (Local and Way) | \$3,966 | \$6,126 | \$6,757 |
| Road Passenger | 3,632 | 5,399 | 6,025 |
| Road Freight (Through) | 3,147 | 4,684 | 5,169 |
| Yard | 2,749 | 4,081 | 4,539 |
| FIREMEN | | | |
| Road Freight (Local and Way) | 2,738 | 4,683 | 5,268 |
| Road Passenger | 2,732 | 4,544 | 5,165 |
| Road Freight (Through) | 2,069 | 3,460 | 3,891 |
| Yard | 1,962 | 3,136 | 3,553 |

Railroad wages computed from Interstate Commerce Commission Statement M-300. Full year 1947 estimated on basis of actual figures for first eight months.

Federal Insured Farm Loans Made To Farmers Of Area

The first insured loan in Texas was made to Mr. and Mrs. Alfred Churchwell in San Saba County on December 9, when the check for the loan was delivered to Mr. Churchwell by Mr. Dofflemyer, President of the San Saba National Bank. The new federally insured farm mortgage program of the Farmers Home Administration is now in effect throughout the country, Mr. Marvin P. Bryan, County Supervisor, said today.

Mr. Bryan explained that this new program supplements rather than substitutes for the agency's direct farm purchase loan program in operation for the past ten years. The insured loans are advanced by private lenders.

Applications are accepted from qualified veterans and from tenants, sharecroppers, farm laborers and owners of inadequate or underimproved farms—provided they cannot obtain needed credit in any other way. The applicant must have farming experience and

be of good character. He must know of a suitable place he can buy at a reasonable price, and be able to pay down at least 10 percent of the price of the farm and of the cost of any needed improvements. This 10 percent investment gives him an equity in place. He borrows the remaining 90 percent from a private lender such as bank, insurance company, investment firm or individual, and the Farmers Home Administration guarantees the loan's repayment.

The farmer has 40 years to pay off the land, if he needs that long, and he pays 2 1-2 percent interest. In addition he pays 1 percent mortgage charge at the beginning of each year, including the first, to the Farmers Home Administration. The farm he selects to buy must be appraised on the basis of long-time average prices for farm products, to be sure it is worth what it costs.

"We lean heavily on county committeemen for advice and assistance in insuring loans," Mr. Bryan said, "just as we do in making loans."

VISIT IN REEVES HOME

Miss Jean Reeves, who is attending T. S. C. W. in Denton; Mrs. J. W. Berry of Ropesville, Shelton Berry of Sundown and Mrs. Lillian Little of Fort Worth were guests in the home of Mr. and Mrs. J. E. Reeves over the week end. They came at this time to attend the wedding of J. E. Reeves, Jr., and Miss Dixie Atkisson.

TO HARDWARE MEETING

Mr. and Mrs. Gene W. Harrell and daughter, Natalie, left last Sunday for Dallas, where they attended a convention of hardware dealers the first of this week.

The production credit associations in Texas have made loans for nearly \$700 million in the past 14 years. Total losses since organization of the associations have been about 1-40 of 1 percent of the money loaned.

TEXANS TALK TIDELANDS TO TRUMAN

Apparently pleased with their conference with the President on state ownership of submerged lands, Robert Lee Bobbitt of San Antonio, chairman of the Texas State Bar Tidelands Committee, Attorney General Price

Daniel and Senator Tom Connally leave the White House. The Texans explained their state's annexation agreement with the US and the importance of submerged land revenues to the Texas Public School Fund. They asked Mr. Truman for another hearing before he takes action on pending legislation.

Daughter Is Born To Mr. and Mrs. Dalton Jones

Mr. and Mrs. Dalton Jones are proudly announcing the arrival of a daughter, who was born on Thursday, January 22, in the Seymour hospital. She has been named Linda Ann. The little lady is getting quite a bit of attention, since she is the first grandchild of the maternal grandparents, Mr. and Mrs. H. D. Arnold of Goree, and the paternal grandparents, Mr. and Mrs. Marion Jones of Munday.

Dorse Rogers attended the funeral of an aunt in Dallas last Monday. His mother, Mrs. U. S. Rogers of Munday, accompanied him to Dallas last Sunday.

Mr. and Mrs. A. E. Coffman of Lubbock spent last Thursday night and Friday visiting with Mr. and Mrs. F. G. Daniell and other relatives. They also attend the funeral of Miss Lillian Ernest in Seymour Thursday.

Mrs. W. M. Taylor and Mrs. Maggie Madole were visitors in Haskell last Saturday. Porter Fitzgerald of Seminole spent last Sunday with home folks

here.

Mr. and Mrs. Sam Hampton and Jack were Wichita Falls visitors last Saturday. Naomi returned home with them for a few days between semester vacation from Jordan College.

Mr. and Mrs. Gene Payne returned home Friday from Post, where they were called to the bedside of Mrs. Payne's father, E. E. Trimble. He was reported to be improving at this time.

Mrs. J. E. Fritz and mother, Mrs. J. E. Patton of Seymour, were Goree visitors on Wednesday of last week.

Billie Joe Roberts, who is in the army air corps and has been sta-

tioned at Cheyenne, Wyoming, came in last week for a visit with his parents, Mr. and Mrs. Cannon Roberts.

Mr. and Mrs. E. N. Miller of Abilene were business visitors in Goree last Saturday.

Mr. and Mrs. Hoyt Davis and son, Billy of Olney have returned home after a visit with Mr. and Mrs. W. J. Tidwell and Mr. and Mrs. Cliff Moorman.

Mr. and Mrs. Foye Bain Barnett and Becky of Moran were Sunday visitors in the W. O. Barnett home.

Those from Goree who went to Seymour on Thursday, January 22, to pay their last respects to Miss Lillian Ernest, who passed away suddenly Wednesday afternoon, were: W. W. Coffman, Mr. and Mrs. John Coffman, Mr. and Mrs. Ernest Moore, Dr. W. M.

Taylor, Dr. and Mrs. E. F. Heard, Mrs. John Goode, Miss Berniece Goode, Mr. and Mrs. Luther Williams, Mr. and Mrs. J. J. Williams, Mrs. F. G. Daniell, Mrs. S. G. Hampton and Mrs. Ernest Robinson.

Dowell Accepts Position With The Luling Foundation

Editor's Note: The following letter from G. S. Dowell, former Munday resident, is self explanatory and is being published for whatever interest it may hold for our readers:

Mr. E. C. St. Clair, Coordinator, Knox County Vocational School, Munday Texas. Dear Sir:

The Luling Foundation has made me an attractive offer which I have accepted and we will live in Seguin, Texas.

You don't know how much we appreciate the offer to work in the Veterans School there. We

really would like to work in Munday again but it seems best that we accept the other offer. We shall always hold our friends in Munday in the highest esteem and will always be glad to return there to live and work if circumstances ever permit.

I hope you are successful in securing the necessary personnel for the school and wish you and all the people of Munday a happy and prosperous 1948.

Respectfully,
G. S. Dowell

Sam Salom returned home this week after a week's visit with his wife and daughters in Dallas.

Mr. and Mrs. C. R. Elliott were business visitors in Wichita Falls last Thursday.

To prevent reinfestation of rats, all piles of rubbish, trash, and brush should be burned; feed concentrates should be protected, barns and cribs should be rat-proofed.

Kidneys Must Work Well -

For You To Feel Well

24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood. If more people were aware of how the kidneys must constantly remove surplus fluid, excess acids and other waste matter that cannot stay in the blood without injury to health, there would be better understanding of why the whole system is upset when kidneys fail to function properly.

Burning, stinging or too frequent urination sometimes warns that something is wrong. You may suffer nagging backache, headaches, dizziness, rheumatic pains, getting up at night, swelling. Why not try Doan's Pills? You will be using a medicine recommended the country over. Doan's stimulate the function of the kidneys and help them to flush out poisonous waste from the blood. They contain nothing harmful. Get Doan's today. Use with confidence. At all drug stores.

Veterans' News

Although farm management training under the GI Bill ordinarily is limited to one veteran on a single farm, the Veterans Administration this week announced three conditions under which two veterans may take this training on the same farm.

- They are:
- (1) The approved training institution and VA must find that conditions on the farm will assure successful training and subsequent self-employment on the same farm for both veterans.
 - (2) The training of both veterans must meet all requirements specified in Public Law 877 which established the institutional on-farm training programs.
 - (3) The two veterans must furnish documentary evidence that they have formed a bona-fide partnership with equal authority in the management and operation of

the farm. Under no circumstances will VA permit a veteran to enter training as an employee-trainee on the farm of another veteran enrolled for farm management training.

Almost 87 percent of the 203,000 World War II veterans enrolled for institutional on-farm training under the GI Bill are training on farms under their control. The remainder are training as employee-trainees on farms approved by the training institution.

Nearly 2,500,000 able-bodied veterans were in schools and on-the-job training establishments under the GI Bill near the close of 1947, the Veterans Administration has revealed. All but a half million were in educational institutions.

Twenty-five national veterans' and welfare organizations are serving Veterans Administration hospitals on a voluntary basis as member agencies of the VA Voluntary Service National Advisory Committee.

Questions and Answers
Q. Why is it that I can't get a reply to a letter I wrote Veterans Administration several months ago?

A. In all probability, your letter is one of many that does not give sufficient information to identify you. In many instances, research must be made before the writer is identified, the claim acted on, and reply sent out. It is estimated that about 20 per cent of all letters received by VA do not give sufficient information for identification.

Q. Can veterans studying overseas under the provisions of the GI Bill qualify for benefits of the Fulbright Act?

A. World War II veterans studying overseas under the Servicemen's Readjustment Act (GI Bill) may receive benefits under the Fulbright Act because funds used to administer the letter were not secured from U. S. Government appropriations. The Fulbright Act is administered by the State Department.

Pocket Classic

RAYON gabardine is a good bet for school and office because it is serviceable and easy on the budget. Naturally it comes in this season's smart new fashions. This classic type dress made of Avisco rayon is modified to fit the new rounder silhouette by its large panier-like pockets.

Q. May I change the beneficiary to my NSLI by a last will or testament?

A. No. A change of beneficiary must be made by written notice to the VA over the signature of the insured, and shall not be binding on VA unless received and indorsed on the policy by VA. An original designation of beneficiary may be made by last will or testament.

Gas Supply Is Adequate For Home Demand

Lone Star Gas Company has assured its domestic consumers that it will have sufficient gas to supply all their fuel needs no matter how cold the weather, barring unforeseen mechanical difficulties. This information was contained in a prepared statement issued by officials following current government recommendations for rationing restrictions in the use of natural gas and other fuels in some sections of the United States.

Lone Star, which serves this territory and 332 other cities and towns in Texas and Oklahoma, pointed out that some of its large industrial consumers may be cut off temporarily at times to protect the gas supply for homes.

"There is no shortage of gas as far as Lone Star Gas Company customers are concerned," the statement said. "We expect to handle, barring pipe line breaks or washouts by floods, the fuel needs of homes on Lone Star System, no matter how cold the weather. Should there be any instance of low pressure areas, they would be extremely isolated and result from unusual shortages of material over which the company has no control."

"Homes have first call on Lone Star service. On extremely cold days, as in past years, it may be necessary to discontinue service

to large industrial users so all our pipe line capacity may be used in supplying fuel for homes. Industries contract for service with this understanding.

"Lone Star Gas Company is in the midst of a forty-million-dollar expansion and improvement program for the thousands of new customers that are being added each year. In 1947, the first year of this program, 100 major projects were completed over the system to protect and strengthen gas service for more than 400,000 homes."

It was pointed out that Lone Star's pipe line system contains more than 5,000 miles of transmission mains which bring gas from more than 1,200 gas wells in about seventy-five widely scattered fields in Texas and Oklahoma.

E. O. Tuggle of Fort Worth spent the week end with Mr. and Mrs. Dee Mullican, Mr. and Mrs. Ben Tuggle accompanied him back to Fort Worth.

Students home for mid-semester and the week end were: Jiggs Thompson, Raymond Mitchell, Joseph Borden, Dwayne Russell and Dickie Owens of Hardin College, Wichita Falls; Wayne Rogers, O. H. Spann, Jr., D. G. Chamberlain, Miss Billie Fern Thompson and Harry Cowan of McMurry College, Abilene; Wayne Blacklock, and Miss Carolyn Hannah, Hardin Simmons University, Abilene; and Alonzo Cartwright of A and M College, College Station.

IT'S JUST PLAIN HORSE-SENSE!

It's just plain common sense to take your John Deere Farm Equipment to those who service it best... your John Deere representative in this community.

We've equipped our shop with the latest precision tools to do the work the way it should be done. Our trained mechanics, with factory "know-how", will give your equipment a thorough going over... making all necessary adjustments, replacing worn-out parts with only genuine John Deere Parts, and returning your equipment to you looking and running just like new.

Come in the next time you're in town and let us estimate the cost of your reconditioning requirements. You'll be surprised at the completeness of the work we do at a mighty economical price.

SEE THE NEW 1948

CHEVROLET

ON DISPLAY

NOW

CHEVROLET You'll see new luxury in America's No. 1 Car—the car that has been first in number of cars produced for 12 out of the last 13 car-production years. You'll find new smartness in America's No. 1 Choice—now, as for years past, more people drive Chevrolets than drive any other make—as official nation-wide registration figures reveal.

You'll discover greater value in America's No. 1 Buy—Chevrolet now brings you an even fuller measure of Big-Car Quality at Lowest Cost!

Yes, Chevrolet for 1948 is newer, smarter, finer! Come in at your first opportunity and look it over. We'll be looking for you!

CHEVROLET - and ONLY Chevrolet - IS FIRST!

NIEL BROWN CHEVROLET COMPANY

MUNDAY, TEXAS

Fun For You —

(Continued From Page One)

Marguerite Hammett, Loyce and Joyce McGraw, Betty C. Morrow, Wanna A. Johnson, Marjorie Campney, Patsy Monow, Patsy Whitworth, and Mary Pearl Massey.

Joe Kelly will also be master of ceremonies of the Barn Dance Scene which will feature Mr. K. Fitzgerald as the Duke of Paduke, Miss Clara B. Byrd as Minnie Pearl and Joe Lane as Uncle Ezra. This number will also feature the old barn dancers with Carl Green doing the calling, Mr. M. F. Jacobs, Mr. E. C. Orsak, as the musicians.

Prizes will also be awarded to the man with the balded head, the couple with the most children present, the couple married the longest, and the lady present with the most children, grand-children and other descendants. There will also be five prizes given each night to the people with the lucky ticket stubs. These prizes have been donated through the Hub, Conner's Florist, Holder's Grocery, Weck's Grocery, H. N. Class Grocery.

One of the most stirring scenes you've ever seen will be featured on the Finale Scene which will portray the history of the Freedom of the United States. Many of the "freedom people" will be dressed in period costumes. These are the people appearing in this scene: Steve Harrison, Lawrence

Wilde, Fred Shaw, Robert Guffey, Jane Griffith, J. T. Newkirk, Ura Wilson, Charlotte Williams, William Latham, Dorse Dickerson, Bonner Barton, Raymond Phillips, Raymond Carden, James Carden, Roddy Griffith, Jesse Latham, Cecial Fitzgerald, Mary Fitzgerald, Mildred Fitzgerald, Mary Johnson, Joe Lane, Kirby Fitzgerald, Charles Reese, Latree Lane, Junior Grimes, Toby Lane, Don L. Ratliff, and Charles Haney.

Miss Shirley Yost will be pianist, Joe F. Boley, Jr., will do a singing commercial, Mr. H. F. Haymes will be Harry Von Zell, the announcer, while Cecil Fitzgerald, J. T. Newkirk, Roddy Griffith, Ed Johnson, Utah Groves, and Hank Matthews will provide one of the funniest laughs as they portray famous Hollywood Beauties.

On Friday night the Tiny Tot Popularity contest will be featured. The King, Queen, Prince, Princess, Duke, and Duchess of Toyland will be crowned and presented gifts donated by Richmond Jewelry, and McCarty's Jewelry stores. This contest will end Friday at 4:00 p. m. Pictures of the following children are on display in Baker-McCarty's window and votes are a penny a vote; hurry and vote for your favorite child: Jan Pendleton, Claire Harpham, Judy L. Green, Genger Montgomery, Sandra Montgomery, Sandra Stubblefield, Judy Massey, Susan Mahan, "Chi-Chi" Suggs, "Cathy" Soggs, Natalie Harrell, Jerrilyn

GOVERNMENT AND RAILROADS

By **GEORGE S. BENSON**
President of Harding College
Searcy Arkansas

Looking Ahead

THE AMERICAN railroads are being put increasingly on the spot. They had tough times during the depression years of the Thirties. Some of them went bankrupt and remain that way, despite the tremendous volume of wartime business. Times are good on the railroads now, too. They are hauling all the freight they can haul. Well, then, asks the public, if business is so good, why can't the railroads keep on granting wage increases?

Folks coming to our town ride the Missouri Pacific. Although it went bankrupt in 1933, this railroad now has on order \$35 million worth of new cars and locomotives. That's an example of how a bankrupt railroad has to pay out money. And that's not all. Its gross revenues were up 54 per cent in 1947 as compared with 1929, and net income was up 40 per cent. But here's the catch: Its taxes have gone up 173 per cent!

Government AS A MATTER OF Trouble in fact, payrolls and payroll taxes took more than half the gross revenue of the railroads in 1946. At the same time, the rate of return for stockholders, based on property valuation, has dwindled to around 3 per cent. Not more than 3 1/2 per cent is the estimate by the Interstate Commerce Commission for 1947, and this does not include wage increases. That's mighty poor investment!

Everybody seems to be unhappy about the railroads. The various unions are usually ready to complain about wages. Yet management finds wage increases coming, with no profits to absorb them. And sometimes the public gets sore. Pretty soon somebody

gets the bright idea. We'll just let the government take the railroads over, and that'll settle everything. They just think it will. That's what the trouble is now Government trouble.

Some On IN MY opinion, the The Rocks extensive government regulations are fundamentally to blame for the railroads' failure to make ends meet despite the greatest volume of business they ever had in peace time. American railroads are probably regulated by government more than any other major industry. In years when railroads see that profits are too small, or even non-existent as in 1946, they may petition the government for rate increases.

These may be granted or they may not. Some relief was granted the railroads early this year. But these prospects were at once swallowed up in wage increases, and additional increases are being asked even though many railroads are already on the rocks. If things go on for another decade in this manner, we shall see a great important industry fold up completely.

The future of our industry depends much upon the future of our railroads. Yet, unless railroad credit can be restored, unless the lines are permitted to earn enough money to pay fair dividends and attract new investment, to keep equipment and properties in good condition, then it will not be possible to keep paying good wages to employees. In this critical period, wage increases may be the burden that breaks the railroads. If the railroads are crippled, or if government ownership comes, the public will pay and pay again.

Buy your tickets at Griffith Oil Co, now to avoid any delay at the door.

Mr. Scofield of the Texas A. and M. Extension Service was among visitors here Saturday for the annual 4-H Club calf show.

Sewing Machine Clinic Slated For February First

Miss Eugenia Butler, Home Demonstration Agent, wishes to announce that Mrs. Tucker, Representative of Singer Sewing Machine Company in Abilene was unable to be in Benjamin on January 26 for the demonstration on Care and Cleaning of Machines, and Use of Attachments.

This meeting will be held on February 1, 1948, in the assembly room of the county court house at Benjamin. Club representatives who are coming for the demonstration have a pre-training meeting at 1:30 p. m., and the demonstration begins at 2:00 with Mrs. Tucker in charge.

Anyone wishing to see this demonstration on the Care and Cleaning of Machines is invited to attend. No time has been allowed for discussion of individual machine problems, but it is possible to work out such a meeting at a later date for those interested.

Munday Methodist Church

10:00 a. m. Church School
This is an important part of the making of any character or life. Your presence here makes for a better country and a better home for you and for your neighbors.

11:00 a. m. Morning Worship
A service planned to help you pray and thank on your relationship to God and to find Him present in your own heart and life. The message will on the theme of "Faith" this week.

5:45 p. m. Junior Church.

FOR SALE—One good Poland China brood sow. Will farrow 1st of March. See Clarence Peck 1 1-2 miles south of Munday. 27-1tp.

FOR SALE—Two 4-row stalk cutters. See E. H. Nelson, 27-2tp.

Uncle Sam Says

You don't need New Year's Day to make one resolution which will make your future more secure. In fact, this February day is as good as any day for this resolution: All you have to do is sign up for the Payroll Savings Plan for buying Savings Bonds. Just write your John Henry once. After that, your money is invested for you every payday automatically. In just 10 years you get back \$4 for every \$3 invested. If you are in a business or profession and the Payroll Savings Plan is not available to you, ask for the Bond-A-Month Plan at your bank. U. S. Treasury Department

Mr. and Mrs. Jack Idol and son of Benjamin were here Saturday to attend the calf show.

Also suade dressing in black. A complete line of all personal needs. Come in and see our stock, well worth the money.

Expert shoe and boot repairs. Complete line made to measure handmade western style cowboy boots, any size. Also handmade Giffolds to order.

BABY CHICKS MAY BE HARD TO GET

"You can get baby chicks this year, but it may be hard to get them when you want them" is the warning issued by extension poultry husbandmen of Texas A. and M. College.

They base their prediction on the December hatchery production report of USDA's Bureau of Agricultural Economics office in Austin. The report shows that commercial hatcheries in Texas produced 1,100,000 chicks during the month, which is just about half of the production of a year ago, and 28 percent below the 10-year average.

Hatcheries are generally start-

ing their main hatching season later than last year, the report says. The egg-feed price ratio is not as favorable for egg production as last year, and most hatcheries are setting eggs according to orders placed with them. The exception is broiler chicks, as the demand for them has been fairly stable.

With such a situation, orders for baby chicks should be placed well ahead of the delivery date desired, the poultry husbandmen say. Otherwise, there may be an unexpected delay in delivery.

W. H. Hart of Lampasas is here for a visit with Mr. and Mrs. John Hart, and with friends.
