

Kracker Krumb's

Odd Bits Salvaged At Random

(By Aaron Edgar)

It's right quick coming to the "sixty-four dollar" question—our drainage problem, we mean. And as the nigger says, the question before the house now is "is you is, or is you ain't."

The town of Munday has been engineered, and engineers have made their report. The costs have been estimated, using a more expensive route and a less expensive route to solve our drainage problem.

Our town officials kinda "lean to" the cheaper route which will keep the out-of-town water out of town and let the town take care of what falls within her limits.

And this can be done, engineers say, at an approximate cost of \$20,000.00.

Sounds like a heap of money, doesn't it? But, wup, before you kick plumb over the traces, do a little bit of pencil figuring.

Munday has a tax valuation of a million dollars, which is a heap of money, when you start to figuring percentages.

So you take what percent \$20,000 is of a million; then figure it down to how much it would cost per \$100 valuation; then jot down what your city property is rendered at, and then you can figure out what it will cost you to have the town drained.

Then divide the total by five, cause the cost can be extended over a five-year period, and you have what it will cost you each year to keep the overflow water out of you from here on out, and you'll be through paying in five years, maybe.

We started out to figure it for you—but we weren't smart enough. Then's when we concluded that a million dollars is a heap of money.

Trouble is the only figuring we've been doing lately is on how to keep our bank balance out of the red and pay off the note each month. So we figured you could figure as easily as we could, provided you had something to start from. So start with the million dollars.

So, dear people, that's what it will cost you—if you've completed your figures. Now here's the plan:

It is to start out yonder south west of town somewhere, and come due east with a ditch. The ditch would cross the railroad out south of town, where the sales barn is located.

Then it would take on down that road, east; thence possibly north-eastward to hit what we know as the Throckmorton road, or the road that leads us to the golf course.

It'll take a pretty deep ditch, or canal, to carry the water through that hill out by Chester Bowden's place, but that's where the engineers want it to go by this cheaper route.

Once you get it to the golf course road, then the water would be directed right on down that right-of-way into the creek known as Lake Creek.

Where it goes from there, we ain't interested, 'cause it will plumb away from our doorstep by then, and it will be the worry of Lake Creek.

That, so the engineers say, will carry off all the Thorp water so it won't come through town. And, they say, too, it won't interfere with terraces, etc., farmers have put up in that area and they won't be on our necks about ruining their farming plans.

Then, too, that hasn't taken care of our town water, that which falls within the city limits—but they think the town will kinda take care of its own water if this surplus water is taken around town.

The other drainage route costs around \$45,000, which, to us nearly as much as a million, so we're Continued on Page two

Bumpas Asks Re-Election As Assr-Collector

M. A. (Buddy) Bumpas, Jr., has authorized the Times to announce his candidacy for re-election to the office of tax assessor-collector for Knox County, Texas, subject to the action of the voters in the July primary. His statement to the voters follows:

I am announcing for re-election for a second term to the office of tax assessor-collector of Knox County, Texas. It has been a pleasure to serve you as your tax assessor-collector; and whatever measure of success I may have had, I owe much of it to the fine cooperation of the people of this county.

With the assistance of my deputies, I have endeavored to render efficient and courteous service, and to discharge the duties of the office in keeping with my oath of office and the law.

I believe that the experience I have gained has better qualified me for the office. The office belongs to you, and it is only at your hands that I can expect to continue my service. If you feel that I am worthy and that the record I have made merits my continuance in office, I will greatly appreciate your vote and influence in the coming primary.

If elected and if it be God's will, I will continue to give the very best service of which I am capable.

New Officers Of Rotary Club Named Monday

Among business transacted by members of the Munday Rotary club in their meeting last Monday at the Hotel Coffee Shop was the election of officers for the ensuing year.

Wade T. Mahan was elevated from vice president to president of the club, succeeding J. C. Harpham. C. R. Elliott was elected vice president, and M. L. Wiggins was re-elected secretary and treasurer.

Directors for the new year are: J. C. Harpham, E. W. Harrell, Joe Bob Stevens, Aaron Edgar and Robert Green.

The new officers will take over their duties in June.

New Rail Head

R. Wright Armstrong, newly elected vice president of Fort Worth and Denver City Ry. Co., with headquarters in Fort Worth, effective March 1st, succeeding C. D. Peckenpaugh who has announced his retirement to become effective on that date.

CONFER WITH ARCHITECT

Rev. Don Davidson, W. R. Moore, J. A. Caughran and G. H. Beatty spent last Monday in Fort Worth, conferring with Mr. Crowmaster, architect, on plans for the new Methodist church building in Munday.

Miss Josephine Cerveny, who has been employed in Dallas, is here for two weeks visit with her parents, Mr. and Mrs. Frank Cerveny.

V. F. W. Post To Be Organized Here

A meeting has been called for Friday night, February 13, at 7:30 o'clock in the city hall in Munday for the purpose of organizing a post of Veterans of Foreign War here in Munday.

At this time, offices for the incoming year will be elected.

Joe Searcy of the Department of Texas will be here to tell veterans about the \$4,500 national bonus bill that the VFW is now preparing to introduce in Congress. Some very able lawyers are working on this proposed bill, and they are of the opinion that it stands a good chance of passage.

"Yes, we have other bills," Searcy said, "much as trying to get the veterans of the first World War \$75.00 per month pensions, also better hospital service and non-service disability claims and many other rights and benefits you as veterans are entitled to."

"VFW is an old organization, being organized in 1899. Be out to the meeting, and let us tell you how you can get these benefits. In unity there is strength."

Free Show Is Slated Here For February 19

A free motion picture show of interest to all farmers of this area is being sponsored by Blacklock Home and Auto Supply, and will be held at the Munday school gym on Thursday evening, February 19, at eight o'clock.

Two big features will be shown "Liberia, Africa's Only Republic," and "The New Champion."

"We cordially invite all farmers to come and bring their families as our guests," Winston Blacklock, owner, stated "Refreshments will be served and several prizes will be given away. We assure you an evening of good entertainment."

Gordon Employed As Service Manager At Chevrolet Shop

Jim Gordon, formerly of Seymour, has been employed as service manager in the service department of Niel Brown Chevrolet Co. here, Mr. Brown announced last Monday.

Mr. Gordon has had many years of experience as a mechanic, and has been employed in Seymour for some time. He invites the motorists of this area to visit the Chevrolet house when in need of any type of repair work.

Mr. Brown stated that new equipment is being added to the shop, some of which has arrived since the firm moved to its new location. Other equipment is due within the next ten days, and both Mr. Brown and Mr. Gordon expect to have the service department fully equipped within the near future.

County's Voting Strength Placed At Approximately 3,000

Voting strength of Knox county is estimated to be around 3,000 for 1948, based on the number of poll taxes issued by Buddy Bumpas, tax collector, prior to the deadline, February 1.

Bumpas reported that his office issued a total of 2,758 poll tax receipts and 54 exemption certificates for under. This, with the addition of "overs" who need no exemption certificates, will bring the voting strength up to or above 3,000.

Bumpas also stated that around 95 percent of taxes were collected up to February 1.

New Ag. Teacher Begins Duties With Veterans School

Willie Phillips of Hale Center has accepted the position as agriculture teacher with the Knox County Vocational School. He will hold classes at Gilliland on Monday and Wednesday nights.

Mr. Phillips entered Texas Technological College in January, 1944, and finished in July, 1947, with a degree in Agronomy and farm machinery. He is very active in his work and will be a great help to the veterans.

COTTONLAND'S CHOICE FOR 1948 MAID

Cream of the 1948 crop of cottonland beauties are the three gorgeous girls who came out on top in the Maid of Cotton contest held in Memphis recently. In the center is the 1948 Maid, vivacious Matilda Nail, of Fort Worth, whose blonde loveliness and gracious manner captivated judges and spectators. On either side are the beauties who ran a close race for the coveted title: left, second alternate, Elizabeth Ann Stollenwerk of Waxahatchie, Texas; right, first alternate, Catherine Hamrick of Gaffney, S. C. Matilda, the first Texan to make the international tour as cotton's fashion and good-will ambassador, is 19 years old, 5 feet 8 1/2 inches tall, and was a sophomore at the University of Texas when she was selected Maid of Cotton.

Geo. Nix Asks Another Term As Commissioner

George Nix, county commissioner of Precinct No. 4, Knox County, Texas, has authorized the Munday-Times to announce his candidacy for re-election to this office, subject to the action of voters of this precinct in the July primary.

Mr. Nix has worked faithfully toward the betterment of his precinct, and the county as a whole. He stated he has received good cooperation from the people of his precinct, and he is appreciative of this splendid spirit.

Due to scarcity of equipment and parts, it has been hard to keep the county and precinct road equipment going in many instances; yet, this had been done and some noted improvements have been made on the roads of this precinct.

"I pledge you my continued cooperation and work toward the betterment of conditions in our county, if re-elected," Mr. Nix said. "You know my qualifications and my desires to be of service, and if you see fit to return me to this office, I will show my thanks by giving you another term of faithful service. Your vote and influence during my campaign will be greatly appreciated."

IN KNOX HOSPITAL

S. W. Reeves, pioneer resident of Munday, was taken to the Knox county hospital last Sunday for treatment for heart trouble. His condition has been very grave, but he shows some signs of improvement.

Uncle Sam Says

If you don't mind blending romance and good business sense, Leap Year Day, February 29, offers the opportunity to take a look at the growth in value of United States Savings Bonds. For example, here is what happened to the value of Savings Bonds as measured by the Leap Year: \$25 Savings Bond — 1940, \$18.75, purchase price; 1944, \$20.00 and 1948, \$23.00. \$50 Savings Bond — 1940, \$37.50, purchase price; 1944, \$40.00 and 1948, \$46.00. \$100 Savings Bond — 1940, \$75.00, purchase price; 1944, \$80.00 and 1948, \$92.00. Buy Savings Bonds through the Payroll Savings Plan where you work, or the Bond-A-Month Plan where you bank if you are self-employed. Watch your nest-egg grow, safely, surely, profitably. U. S. Treasury Department

Pete Knight Asks Voters For Second Term

O. L. (Pete) Knight, who is serving his first term as commissioner of Precinct One, Knox County, Texas, has authorized the Munday-Times to make public his announcement for re-election to this office.

Mr. Knight stated that if returned to this office for a second term, he will always be found trying to do his best for his precinct, and will co-operate with the Commissioners Court in every move for the betterment of the county as a whole.

"I have tried to perform the duties of office faithfully, and to see that affairs of my precinct are carried on in a business manner," he said. "I believe my experience entitles me to a second term, and I earnestly solicit your vote in the July primary."

"I will try to see as many voters as possible between now and the election; in the meantime, I ask you to take my announcement as a personal solicitation of your vote and influence. Everything you do in my behalf will be greatly appreciated."

Sunset Team In Cage Finals

The Sunset basketball team has won the district championship of their district, and are pitted against Woodson in the Class B bi-district playoff.

The first game of a three-game series will be played at Woodson at seven o'clock tonight (Thursday); the second game will be at the Sunset gym at 7 p. m. Saturday.

Should each team win one of these two games, the third and deciding game will be played on a neutral court, possible at Seymour it was stated.

Basketball fans are cordially invited to see these play off games.

March of Dimes Drive Is Good At Rhineland

This year's collection for the March of Dimes was the most successful ever in the Rhineland community having exceeded last year's total by \$22.15. A social entertainment given in the community hall on Sunday, January 25th at which a radio donated by the Rhineland Union Gin was given away, netted a total of \$111.35. Personal donations and coin collectors amounted to \$61.45 and the school children contributed \$12.20, making a grand total of \$185.00. The local chairman wishes to thank all who helped her make this campaign a success and also everyone who gave to this worthy cause.

Knox County Hospital Notes

Patients in Hospital February 10: Mr. S. H. Maddox, Truscott. Mrs. J. D. Reddell, Munday. Mrs. Mary Sharp, Rochester. Mrs. S. W. Reeves, Munday. Mrs. Cameron Biffle, Knox City. Mr. Hugh Burnison, Munday. Charles Burton, Truscott. Bill Cummings, O'Brien. Margaret Guerro, Gilliland. Mr. Lee Coates, Knox City. Marilyn Hester, Knox City. Mr. J. C. Collier, Rochester. Mrs. G. B. Reed, Knox City. Glenn Myers, Munday. Mrs. Earle Benedict, Knox City. Mrs. Sammy White, Haskell. Mrs. Bill Goode, Goree. Baby Goode, Goree. Miss Lela Harland, Bomarton. Mrs. J. E. Smith, Knox City. Baby Boy Smith, Knox City. Mrs. L. E. Baty, Jr., Gilliland. Baby Boy Baty, Gilliland. Mr. R. L. Condron, Throckmorton.

Patients dismissed since Feb. 3, '48: Mrs. E. L. Yarbrough, Benjamin.

Mr. Otis Cash, Knox City. Mrs. Ernest Hughes, O'Brien. Jerry Qualls, O'Brien. Mr. W. B. Farley, Goree. Mr. A. F. Homer, Munday. Mrs. W. G. Welborn, Munday. Baby Boy Welborn, Munday. Mrs. R. L. McLeroy, Munday. Britt Moon, O'Brien. Mrs. W. L. Capps, Truscott. Baby Boy Capps, Truscott. Freddie McGregor, Benjamin. Mr. McGregor, Benjamin. Buddy Urbanczyk, Munday. Mrs. C. E. Durham, Knox City. Mrs. Grady Hudson, Benjamin. Mrs. Ralph Weeks, Munday. Mr. O. L. Knight, Knox City. Mrs. Tom Browning, Munday. Baby Girl Browning, Munday. Juana Posey, Knox City. Doris Webber, Munday. Baby Girl Webber, Munday. Elizabeth Napper, Munday. Bonnie Bell Hooker, Munday. Baby Girl Hooker, Munday. Billy Ray Golden, Benjamin. Mrs. W. N. Bishop, Knox City. Mrs. D. R. Walsworth, O'Brien. Brooks Parker Denton, Jr., Knox City. Leon Groves, Munday. Johnny O'Dell, Throckmorton.

Births: Mr. and Mrs. W. L. Capps, Truscott, a son. Mr. and Mrs. Tom Browning, Munday, a daughter. Frank and Doris Webber, Munday, a daughter.

Mr. and Mrs. L. B. Baty, Jr., Gilliland, a son. Mr. and Mrs. Ross Walsworth, O'Brien, a daughter. Mr. and Mrs. I. F. Holder, Knox City, a son. Hosea and Bonnie Bell Hooker, Munday, a daughter. Mr. and Mrs. Bill Goode, Goree, a daughter. Mr. and Mrs. J. E. Smith, Knox City, a son.

Munday P. T. A. To Have Fathers Night Feb. 19

The Munday P. T. A. will meet in the school auditorium on Thursday evening, February 19, at 7:30 p. m. in a special Father's Night program with Jim Reeves as director. This program features men of the school and community in "Your Government is You." What kind of school and government would we have if all parents and citizens were just like me?

The P. T. A. is an educational organization affiliated with the State and National Congress, founded in 1897, that seeks to unite the forces of home, school and community in behalf of children and youth.

May we as parents, teachers and interested citizens support this organization in everything it tries to do for the betterment of our school and community.

ATTEND FUNERAL

Mrs. H. C. Bradley, Mrs. Argie Cranfield and daughter and Mr. and Mrs. W. B. Lewis spent several days last week in Bradley, Okla., having gone to attend the funeral of Mrs. E. M. Bradley, 90-year-old grandmother of Mrs. Cranfield and Mrs. Lewis.

Melton Seeks Re-Election As Knox Sheriff

Homer T. Melton, Sheriff of Knox County, has authorized the Times to announce his candidacy for re-election to that office, subject to the action of the Democratic Primary.

Mr. Melton has served one term as sheriff and asks that the voters return him to the office for a second term on the basis of his record and qualifications.

He states he has done his best to make a fair and impartial officer and to see that the law was enforced fairly and justly to all alike, and that he will continue to discharge his duties in that manner.

The sheriff is a native of Knox county, and has resided in the county all his life except for the time he was in college, in the Navy and eight months spent with the border patrol of the U. S. Immigration Service.

Mr. Melton stated that he would make an active campaign and will make every effort to see all the voters of the county before election day. He asks your careful consideration of his candidacy and will greatly appreciate your vote and influence.

Parker Seeks Re-Election As Commissioner

L. A. (Louis) Parker last Tuesday authorized the Munday Times to announce his candidacy for the office of Commissioner of Precinct Two, Knox County, Texas, subject to the action of the Democratic primary in July.

In making his announcement, Mr. Parker stated that he deeply appreciates the splendid cooperation given him by the people of his precinct during the time he has held this office, and he asks your vote, influence and continued cooperation.

"I have tried to do my best for the people of my precinct, always desiring to work and cooperate for the best interests of the precinct and county," he said. "If re-elected, you will find me ready and willing to work untiringly for these interests."

"I will contact as many voters of the precinct as I can. In the meantime, I solicit your vote and influence in the coming primary."

New Car Tags Now On Sale

Buddy Bumpas, tax collector, stated last Saturday that the new 1948 auto license plates have arrived at the tax collector's office in Benjamin and have been placed on sale.

Tags may go on automobiles during February this year, he stated, whereas they were prohibited before March heretofore. They must, however, be on all vehicles by April 1, 1948.

Numbers for passenger cars run from A J-1050 to A J-3249.

Bumpas said he would be at various community centers in the future to issue car tags, but he will announce the dates prior to his visit.

Don Estes of Hobbs, New Mexico visited Mrs. Don Estes, Jo Ann and Donnie the latter part of last week.

Weather Report

Weather report for the period of February 5th thru February 11th as recorded and compiled by H. P. Hill, Munday U. S. Cooperative Weather Observer:

Table with columns: Temperature, LOW, HIGH, 1948-1947, 1948-1947. Rows: Feb. 5 (32, 29, 37, 57), Feb. 6 (30, 32, 39, 63), Feb. 7 (38, 34, 43, 48), Feb. 8 (23, 24, 38, 39), Feb. 9 (17, 19, 44, 39), Feb. 10 (29, 23, 59, 44), Feb. 11 (14, 31, 51, 61). Rainfall to date this year, 1.18 inches. Rainfall to this date last year, .60 inches.

 the Munday Times office.

MUNDAY'S NEEDS FOR 1948

1. A modern and up-to-date high school building, to care for the present and future educational needs of our children.
2. A waterworks system that meets all requirements of health, sanitation and supply.
3. A street sweeper that will keep our pavement clean enough to be recognized as pavement.
4. A clean-up campaign of lasting effect; yes, one that extends even across the tracks.
5. Completion of our drainage and paving program, which will probably be accomplished this year.
6. More activity among our civic organizations, looking forward to, and planning for, a better Munday in the future.

PAST THE EXPERIMENTAL PHASE

The indications from Washington are that Congress will look coldly upon any compulsory medical insurance measure brought before it. There are two obvious reasons why this should be so. First, the costs would run from four to six billions or more a year, and would require another heavy tax on top of all other taxes. Secondly, there is no need for it, due to the remarkable progress made by the voluntary prepayment plans.

There are a great many of these plans in operation, and they vary in detail. But in principal they are all much the same. Their purpose is to make it possible for people to prepare for the expense of an illness by paying small sums at stated intervals—precisely, for example, as one insures against the possibility of fire. The cost is usually only a few dollars a month for an entire family.

Further, the scope of the service has been constantly broadened. The plans had their problems—the usual growing pains that accompany any venture into uncharted waters. There have been financial and administrative difficulties. But these have been solved for the most part with admirable efficiency, and prepaid medical care has definitely passed from the experimental to the firmly estab-

lished phase.

The work is not done. The goal is to make the service available to every American who desires it. Those who are in closest touch with the plans are convinced that the goal will be reached within a reasonable time. The American people are again proving their ability to solve a real problem voluntarily—and without governmental decree.

FIRE IN THE FACTORY

Last year, this country suffered 800,000 destructive fires. The toll in property was more than \$500,000,000. Over 10,000 lives were lost.

Half of this waste was in business and industrial establishments—the places where people work and produce. And the dollar loss, as W. E. Mallon of the National Board of Fire Underwriters has said, "was only a fraction of the total destruction caused by fire. The indirect losses in medical costs, in jobs, wages and production lost, savings reduced and business failures, were probably two or three times greater."

The factory owner and the factory worker have an identical interest in fire prevention. If the plant burns, both will suffer, and so will the community which it serves and where it pays taxes and meets payrolls. A gutted plant is a dead loss to the American production machine. And losses of this nature are often especially serious in the smaller communities, which depend on one or two establishments for their economic life.

It is the duty of management to make factories, stores and all other places of business as safe from fire as human knowledge will permit. It is the duty of workers to cooperate in observing the rules which will prevent most fires. It is the duty of all to know what to do if fire does strike.

The National Board has issued a booklet, "Stop Fires—Save Jobs," which goes thoroughly into industrial fire prevention and protection. It will be sent free on application to the Board at 85 John St., New York City 7. If the basic principles it describes are observed, loss of property and life from fire will drop sharply.

AIN'T IT THE TRUTH

BY CHESTER KLOCK

115 of the 44th Legislature of the State of Texas, and as such is subject to the provisions of said House Bills. No provisions herein are intended to be in conflict with the provisions of said Acts.

In accordance with provisions of said House Bills, the State Highway Commission has ascertained the wage rates prevailing in the locality in which this work is to be done. The Contractor shall pay not less than the prevailing wage rates shown in the proposal for Group 3 for each craft or type of "Laborer," "Workman," or "Mechanic" employed on this project.

Legal holiday work shall be paid for at the regular governing rates.

Plans and specifications available at the office of H. T. Cunningham, Resident Engineer Munday, Texas, and Texas Highway Department, Austin. Usual rights reserved.

(Continued from Page One)

not going to explain it. Truth is it wasn't explained to us so we can explain it to you.

Anyway the leaning is toward the \$20,000 proposition, and there's going to be some cussin' and dis-

cussin' among the city officials, the Chamber of Commerce, the Jaycees, the Rotary Club and the individual citizen to see about getting this done.

Then, when the pumpkin is ripe, the proposition will be acted, one way or another; by vote of the people, by city mandamus, whatever that is, or whatever method it takes for concrete decision on "yes or no."

So there's the package, as best we can wrap it. If your home is rendered at \$3,500, it'll likely cost you \$70 or \$75 to get the town drained, or maybe \$14 per year

QUICK RELIEF FROM Symptoms of Distress Arising from STOMACH ULCERS DUE TO EXCESS ACID

TINER DRUG CO.

for five years. Oh! but you're figuring it too, aren't you?

If we can spend \$20,000 for drainage, then we ought not to pooh-pooh at the idea of buying a street sweeper to keep the dirt off our pavement.

But, as a fellow remarked Sunday, wish they'd strike oil on the golf course so the city could do some things that need to be done.

They're drilling out on Dr. Smith's place, too.

Rev. Don Davidson spent Tuesday in Plainview, where he attended a meeting of the Ceta Canyon park board.

Miss Louise Speigelmier of T. C. U., Fort Worth, and Hubert Carson of McMurry College, Abilene, were guests in the home of Mr. and Mrs. Lee Haynes over the week end.

From where I sit... by Joe Marsh
Will's Proud of His Big Ears
 Will Dudley's mighty proud of his big ears! Best crop of corn he's grown since '38. And Will, like so many other farmers, has plenty of reason to be proud of what he raises.
 The farmer has always been a keystone in our economic life, and the key to our national well-being. But from where I sit, he's more important now than ever. He's not only feeding America—but friends of America overseas—building good will for this country at a time when friendship for democracy is most important.
 And farmers have willingly shouldered that responsibility. Will spends extra hours in his cornfield... comes home tired to a temperate glass of beer and early bed, to be ready for the next day's work.
 From where I sit, America can be mighty grateful for her five million farmers... for their productivity, hard work, and temperate living—of which Will's moderate glass of beer is proof!

Star Cafe

Jacksboro, Texas

We have bought the Star Cafe in Jacksboro, two blocks south of square on Fort Worth highway, and we want our friends from West Texas to come by and see us when going through town.

We give 24-hours of good service and fine food every day.

Carlton And Pauline Mooney

Yes, Sir, They Sure Are . . .

Going Good!

We've had a good supply of pick-up (power lift) and drag godevils, but they have been going good the past few days. If you need one, better see us quick!

See our new butane gas range, now on display. It's a beauty.

Paint With Pittsburgh

We have a good supply of Pittsburgh paints, and in the most popular colors for exterior and interior painting. Let us contract the paint job.

Knox Prairie Philosopher Thaws Out, But Is Frozen Again By An Odd Idea Of Farming From England

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek probably is a little unduly alarmed as his letter this week reveals.

Dear editor;

I finally thawed out here on Miller Creek and it was a good thing as I was about out of wood and ex-cuses both and my wife was motion in toward the ax with a look that meant business, and got down to the creek and right off fished

J. A.

out a copy of the Wichita paper which showed the effects of frost bite but was still readable, that is, you could see the print all right, and I went back to the south side of the barn and sat in the sun and read where in England, according to a lecturer from there, only good farmers are allowed to use the land.

"Eventually," the lecturer said, "America will permit only good farmers to use the land. Since 1939, Britain has had no room for the slack farmer."

When I read that it was like havin a bucket of cold water thrown in your face in freezin weather.

You mean to say some folks is advocatin we destroy the last refuge of reflective man and turn farm in into the mad house of a assembly-line manufacturin plant? As far as I'm concerned, if England is gonna swap that kind of ideas for the money she's borrowin from us, she can keep the ideas and we'll keep the money.

What's more, if you'll think a little bit, you'll be right up alongside me in this matter. As I understand it, only the farmers that worked the hardest, plowed the longest, stayed up the latest, got up the earliest, would be allowed to use the land, and while I ain't too easily taken in and imagine there is farmers in England right now who is sittin in the sun when they ought to be plowin or is slippin off to town when there's work to be done, still the idea has horrible implications. What if it was applied to other lines? Say to lawyers, and only the lawyers that worked all the time was allowed to practice? Or to business men, and the business executive who slipped off every two hours for coffee was turned out of his business? Or to politicians, and only the office-holder who stayed

on the job constantly was allowed to serve and we had to hold elections every two weeks in a constant replacement program? Or, gettin straight to home, to editors? I thought that'd make you squirm.

If England wants you and me to go on her note, she better keep such ideas at home.

Mr. and Mrs. Tommy Roe and Mrs. Henry Thompson were visitors in the home of their mother and grandmother, Mrs. G. P. Burns and other relatives over the week end.

Mr. and Mrs. H. F. Jongman spent the week end in Fort Worth where they attended the Southwestern Exposition and Fat Stock Show.

Those who visited in Fort Worth and attended the fat stock show last week end and the latter part of last week were: Mr. and Mrs. Dewey Melton, Mr. and Mrs. J. B. Graham, Mr. and Mrs. Ardele Spelee and Kenneth, Mr. W. M. Naylor, Miss Jerry Polster, B. J. Henslee, Wayne Payne, Charlie Reese, Merle Weaver, Misses Wirges, Joy Guffey, Burnice Stubblefield, Florene Mitchell, Marilyn Bowden.

Mr. and Mrs. Roy Renner visited friends and relatives in Seymour last Sunday.

PIMPLES

DON'T SQUEEZE THEM! Instead break on KLEEREX and see how amazingly fast it hides ugly pimples as it dries them—often on first trial. Not a greasy salve that pimples thrive on, but a soothing medicated liquid that relieves itching—drives redness out. **49c**

Library Of Films Soon Available To Veterans School

Andrew Jones of San Angelo, regional supervisor of the State Board of Vocational Education, and Fred H. Brownlee, regional supervisor of Amarillo, met in the office of the Knox County Vocational School in Munday last Thursday and made plans for setting up a circulating library of films for educational use in the Lubbock area, which includes Knox county.

Mr. John Inman and J. D. Slack assisted the two supervisors in the selection of films and will go to Lubbock in the near future for a preview and final selection of the films.

Mr. Jones was accompanied to Munday by Elmer Star, instructor from the Haskell county vocational school, and accompanied Mr. Brownlee, who is T. and I. supervisor of the Lubbock area, on visits to trades and industrial classes in Munday. These men made favorable comment on the progress of these local classes, and the manner in which they are being conducted.

Rev. Clarence Bounds, pastor of Kings Memorial Methodist Church of Childress, visited in the home of Mr. and Mrs. M. O. Billingsley last week.

Mrs. Francis Thompson of Seymour visited in the home of Mr. and Mrs. D. D. Clough last Sunday.

Mr. and Mrs. W. O. Loving and daughter, Shirley, of McCamey visited with Mr. and Mrs. W. G. Welborn and son last week end.

"Ma" Eiland left last Wednesday for Galveston where she spent a few days with her daughter and family, Mr. and Mrs. B. F. Hood.

Mr. and Mrs. W. H. Bratcher of Levelland spent last Sunday with Mr. and Mrs. C. M. Thompson, Jr.

Mr. and Mrs. Ardell Spelee and family and W. W. Naylor spent the week end in Fort Worth, where they attended the Southwestern Exposition and Fat Stock Show.

Pink Boll Worms

Can Be Controlled By Kemgas Delinting and Grading Methods.

The Kemgas Process is the only Method that can delint and at the same time sterilize Cottonseed to comply with the regulations of the Bureau of Entomology and Plant Quarantine for the shipment of planting cottonseed from Pink Bollworm Quarantine Areas.

Pink Bollworms, their eggs, and larvae are sterilized, and infested cottonseeds culled out by Kemgas delinting and grading Methods.

In Pink Bollworm quarantine areas, Kemgas delinting plants sterilize planting cottonseed at 140 degrees F. instead of the 150 degree temperature required by the USDA of Gins, Oil Mills, and seed breeders who sterilize Cottonseed.

Bridge Club Has Meeting Thursday With Mrs. Haynie

The bridge club met Tuesday evening, February 3, in the home of Mrs. Chas. Haynie, Jr.

During the business meeting, Mrs. J. K. Jackson and Mrs. Don L. Ratliff were joined with the club as new members. After the business and social hour and several games of bridge, the hostess served chicken salad sandwiches, lemon nut cookies and coffee to the following members: Mmes. E. B. Littlefield, Bill Goods, Nard Boone, A. E. Richmond, Doris Dickerson, Buddy Bumpas, Earl Nichols, Chalmer Hobert, B. B. Bowden, J. K. Jackson, Don L. Ratliff, and a guest, Mrs. John R. Rayburn.

The next meeting will be held at the study club on Tuesday, February 17, with Mrs. Doris Dickerson and Mrs. Chalmer Hobert as hostesses.

Gilliland Club Meets February 4th With Mrs. Cash

The Gilliland H. D. Club met in the home of Mrs. Monroe Cash Wednesday, February 4. The meeting was called to order by Mrs. O. R. Miller, president. After each member answered roll call "A Garment I Have Restyled Since Last Meeting," a short business session was held.

Miss Butler gave a demonstration on "Planning Your Wardrobe."

Delicious refreshments were served by the hostess to Mmes. O. R. Miller, Grady Duncan, George Solomon, Bob Winstead, Wiley Cook, Jim Cash, Evelyn Abshire Omar Cure, the agent, Miss Butler, and two new members, Mrs. Charles Meeks and Mrs. Homer Martin.

Our next meeting will be in the home of Mrs. Wiley Cook February 18. All members are urged to come.

Mrs. Bobbie Barton Honored At Shower Last Thursday

A shower was given last Thursday, February 5, in the home of Mrs. Tom Price, honoring Mrs. Bobbie Barton, the former, Dorothy Fisher.

Mrs. Forrest Yancy greeted the guests at the door while the bride, Mrs. Cecil Barton and Mrs. Fields, mother of Mrs. Bobbie Barton, were in the receiving line.

Guests were registered in the brides book by Mrs. A. D. Walton. The hostesses served refreshments of cake squares and punch to guests that called between 7 and 9 o'clock.

Wesleyan Service Guild Meets In C. P. Baker Home

The Wesleyan Service Guild met last Monday night, February 9, at the home of Mrs. C. P. Baker. The meeting was called to order by Mrs. Robert Green, president. During the short business meeting, Mrs. Don Davidson brought the first part of the missionary study course, "Committed Unto Us." She was assisted by Mmes. C. P. Baker, Bryan Cammack, Robert Green, Chas. Baker, Joel Massey, Buddie Gafford and J. Weldon Smith.

During the social hour, a refreshment plate consisting of sandwiches, cookies and hot punch was served by the hostess, Mrs. C. P. Baker and Miss Ruth Baker to the following: Mmes. J. Weldon Smith, Oscar Spann, Chas. Baker, Robert Green, D. F. Swindall, Buddie Gafford, Joel Massey, Dan Billingsley, J. H. Bardwell, Bryan Cammack, Don Davidson, I. V. Cook; Misses: Florence Gaines and Merle Dings and two guests, Mrs. E. C. Henry and Mrs. Niel Brown.

The next meeting will be February 23 in the home of Mrs. Buddie Gafford.

Girls' Party Dress

A FULL, full skirt and rounded shoulder line reflect the new look in girls' clothes. The fabric is pretty rayon faille-crepe, made of Avicco rayon yarns. It wears beautifully and drapes into graceful folds which young girls love. The unusual print combines five pastel colors.

Munday Study Club Meets On Friday At Club House

Members of the Study Club met last Friday, February 6 at the Munday study club house. Mrs. M. H. Reeves and Mrs. Jimmy Hapham were in charge of the program. The study club is the sponsor of the essay contest that is being held and students of the Munday high school who won first and second place in the contest, read their essays to the club last Friday. Miss Gwynna Lee Smith won first place. Her essay being on "American Citizenship—Our Heritage" and John H. McClanahan, second place winner, read his essay also.

The program was attended by sixteen members and two visitors. The next meeting will be February 12.

Mr. Pete Barnett and Mr. Lewis Floyd were in Munday Tuesday of this week on business.

THANKS TO OUR GOOD FRIENDS AN NEIGHBORS

On Tuesday, February 3, 1948 our good friends, neighbors and acquaintances came flocking in to plow and put up the land which Glenn and Howard Myers work. Glenn had a serious accident recently while plowing and is still in the hospital at this time. There were twenty two tractors with plows, chisels, and one-ways and they worked in three groups on three different farms to put up 240 acres of land by three in the afternoon. Some workers furnished their own tractors and plows and some of the plows were furnished by Broach Implement Company of Munday. The gasoline was furnished by Don L. Ratliff and P. V. Williams of Munday. Lunch was furnished by the J. T. Harber family and the Munday Coffee Shop.

On behalf of Glenn we take this means of thanking you, one and all, who in any way had a part in this neighborly, Christian deed which will be cherished in our memory as a blessing we do not deserve. May God prosper each and every one of you to the fullness of His blessings. "In as much as ye have done it unto one of these, the least of my brethren, ye have done it unto me," said the Master. We don't know how to express our gratitude but we do want to give thanks where thanks is due, so here is a big hearty thanks to you.

Glenn Myers, along with the Myers and Harber families.

County Grain Dealers Go To Wheat School

R. B. Howell, Ernest Robinson and J. M. Carpenter, County Agent, attended a special school conducted by the Texas-Oklahoma Wheat Improvement Association at Haskell, on February 6.

The school, conducted by Fred Dines, Wheat Identification Spec-

SPRING'S IN THE AIR

It doesn't take a weatherman to predict that spring's just around the corner, for violets are in bloom again and spring's in the air, says this romantic formal gown created by Emma Domb. Though the air may be a bit nippy and Jack Frost still at work, there's no scarcity of violets on this charming young lady's enchanting dress and flowing scarf of Flugelman's "Her Ladyship" cloquay organdy.

alist, K. E. Soder, Director of the Association and Dr. I. M. Atkins, Grain Specialist at the Denton Experiment Station, covered the identification of the four main groups of wheat in this area and their yields at Experiment Stations for the past eight years.

The school began with pointers on how to identify wheat by checking the wheat kernels. Then slides were projected on a screen. Later actual samples of wheat were placed before the individuals to help them determine just how much they had learned.

After a thorough explanation of the work being done by the Denton Experiment Station, the yields in their tests at Iowa Park and Chillicothe and the likelihood of sown rust in this area, Dr. Atkins returned the meeting to Mr. Soder for adjournment.

Mr. and Mrs. G. H. Beaty and Mr. and Mrs. J. L. Stodghill spent the week end in Odessa, visiting in the home of Mr. and Mrs. John Brown.

Kidneys Must Work Well
For You To Feel Well
24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood. If more people were aware of how the kidneys must constantly remove surplus fluid, excess acids and other waste matter that cannot stay in the blood without injury to health, there would be better understanding of why the whole system is upset when kidneys fail to function properly. Burning, weary or too frequent urination sometimes warns that something is wrong. You may suffer nagging backache, headaches, dizziness, throbbing pains, getting up at night, swelling. Why not try Doan's Pills? You will be using a medicine recommended the country over. Doan's stimulates the function of the kidneys and help them to flush out poisonous waste from the blood. They contain nothing harmful. Get Doan's today. Use with confidence. At all drug stores.

Clarence Jones was a business visitor in Wichita Falls last Monday.

News From The Munday F. F. A.

The Monday chapter of Future Farmers of America attended the Houston Fat Stock Show. The trip was made an educational trip and for that reason was well worth while in time and money. We started out by going by way of Abilene when we drove around each of the three colleges located there, namely, McMurry, Abilene Christian College and Hardin Simmons University. Then we went to Coleman and on to Brownwood where we saw Daniel Baker College and Howard Payne College. From there to Georgetown where we saw Southern University. We spent Thursday night in Austin and that night we went to the Immense Gregory Gymnasium at the University of Texas and saw Tech high school, then Texas A&M high school, then San Antonio University, which is rated as one of the best basketball teams in the nation, defeat Southwest Texas State Teachers College in a fast

CHICAGO, ILL.—Although American public education is the finest in the world, most people in the nation are without religious instruction. And teaching religion is the work of the Church School.

For its mid-winter project in the Crusade year of Church School increase, The Methodist Church is, with other Churches, inviting school authorities, if favorably disposed, to cooperate in conducting a "religious education census" in public schools of the nation to determine the students' religious preference, and help lead them to the Church of their choice.

moving basketball game.

Friday morning was spent going through the capital building, which is an immense structure and is the tallest building in Austin, 31 feet high. The University tower which we saw to the north was 206 feet high. We went to the top of the capital building and looked out over the city of Austin. We met the judges of the court of civil appeals, court of criminal appeals, and the judges of the supreme court. Judge Tom Beauchamp of the court of criminal appeals and a friend of Mr. Ponder's, introduced us to the others. Both the governor and the lieutenant governor were out of town and so was the state superintendent, Dr. L. A. Woods.

We went through the museum on the capital grounds and then through the big Texas University museum where we saw so many interesting things.

Friday we arrived at Houston about six p. m. and spent the night in the San Jacinto Gymnasium, the headquarters for F. F. A. boys attending the show. Saturday we attended the show seeing the stock, poultry, hogs and other interesting things. Part of the boys saw the rodeo in the afternoon. The others saw it that night. Saturday morning we went to the San Jacinto Battlefield and monument. The museum there contained so many interesting things to see. The places where the different groups fought and where Santa Anna was captured and the Mexicans were defeated. Also where Texas gained her independence was interesting. While here, some of us saw our first steam boats on the Houston ship canal.

Sunday we went to Galveston, took a boat ride up and down the ship channel, saw the large ships loading at the docks, saw ships in dry docks being cleaned and repaired.

On the way home, Monday, we came by College Station and saw A. and M. College, then on to Waco where we saw Baylor University. Many of the boys expressed themselves by saying they would not take anything for the trip.

So we went to thank the school board and Mr. Cox for allowing us to make the trip in a school bus. We tried to make it worth the time and money.

Billy Brown, reporter.

James and Raymond Carden, Mrs. Bob Guffey and Mrs. Emily Carden went to Childress last Sunday to attend the funeral of Mrs. Geo. Gibson. Mrs. Gibson was a niece of Mrs. Carden.

The Colonel could find oil and he couldn't keep it; he thought money was made to spend.

So he had plenty of ups and downs.

One day, I saw him in the Hotel Texas lobby in Fort Worth and he told me he'd hit a gusher in a negro cemetery in East Texas. So, because we were good friends, I made bold to say:

"Colonel, you are older than I; you have done many big things; you've made more money in a single year than I ever saw. But I'd like to offer you a little suggestion, if you won't resent it but recognize that it is sincerely made."

He said, "Go ahead."

"Well," I continued, "you can't take care of everybody who is up against it. You owe some consideration to yourself and your own security in your declining years, as well as the security of your family."

The Colonel nodded agreement. "But what can I do?"

I replied, "When one of these hard luck boys, that you have helped time and again and he's never paid it back, gets ready to hit you for what he calls a 'loan,' you can tell the touch is coming by the gleam in his eye—so beat him to it; ask him for a loan."

A few weeks later I was out in the West Texas oil fields and ran into a friend of mine, a happy-go-lucky shoe-stringer. He said, "Boyce, I saw the Colonel in Fort Worth the other day and he must be up against it. Why, he tried

to borrow \$50 from me!"

It was all I could do to keep a straight face. The Colonel was using the system I'd suggested.

I've worn out two "lifetime pens"—you know, the kind that "write under water." That's the best place to use 'em—in fact, it's the only way to keep from getting ink stains all over your fingers.

The Assembly of God church in Knox City is sponsoring a radio broadcast over K. D. W. F., Stamford, each Sunday morning from 7 to 7:30 a. m. The public is cordially invited to hear this broadcast.

As a fire prevention measure, inspect stored hay regularly for odors, smoke gas and heat, all warning signals.

When Your Back Hurts

And Your Strength and Energy is Below Par

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly weary people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.

You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and smelly urination with burning and itching is another sign that something is wrong with the kidneys or bladder.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won countrywide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

Sunset Senior Play Is Slated Here Feb. 18th

The Sunset Seniors will again present the play, "The Campbells Are Coming", this time, in the Munday grade school auditorium, Wednesday, February 18th, at 7:30.

This three act hillbilly comedy centers around Ma Brannigan, a shrewd, energetic country woman of sixty and her three grandchildren. The flower of the family, Kay Brannigan, jilts her childhood sweetheart to marry a scion of society, Kingston Campbell. When it is learned that the scion and his dowager mother are to visit in the Brannigan home to see if the Brannigans are socially elite enough to warrant the marriage, the Brannigans devise a hilarious scheme to discourage the Campbells.

Carlyne Jones plays the part of Mrs. Brannigan.

Catalpa Tapp, a genuine Ozark Hillbilly girl of sixteen, is the Brannigan maid. She is tall, skinny, stands pigeon-toed, and speaks in a shrill mountain drawl. Maxine Hill portrays Catalpa.

Mozell Booe plays the part of Mrs. Brannigan's younger granddaughter.

Tommy Joe Richardson is Dick

Brannigan, Ma's grandson, a clean cut American youth of seventeen. Joe Lynn Yost portrays the part of genuine hillbilly, Bildad Tapp, a tall, gaunt hillbilly in his early fifties, hard faced and shifty eyed who makes a strong brand of moonshine.

Gerald Freeman plays Cyrus Schudder, a short, stout but pleasant looking uncle of the hero, Jeffrey Scudder. He has a loud voice, breezy manners and a heart of gold.

Jerry Jones plays Jeffery Scudder, young medical student who is about to loose his sweetheart to playboy, Kingston Campbell.

Ina Ruth Hardin portrays Kaye Brannigan, beautiful, vivacious brunette of twenty, who causes all the conflict when she decides the life of a country doctor's wife is not romantic enough for her.

Society's gift to the ladies, Kingston Campbell, is played by Weldon Mansfield. He is more concerned about the financial condition of his fiancée than he would have her know.

His pretentious, ostentatious mother, Mrs. Augusta Campbell is a typical dowager who is frantic for her son to marry wealth and social position. Nadine Butler plays Mrs. Campbell.

The Sunset Seniors promise an evening of good entertainment, and urge you to attend.

Weekly Health LETTER

Issued by Dr. Geo. W. Cox
M. D., State Health Officer
of Texas

Austin—The production and distribution of milk is a business requiring great care in the handling of the product, as it is highly subject to contamination. Inasmuch as milk can be readily contaminated, control of production and distribution is necessary in the form of sanitary regulations. Milk that is produced and handled from farm to consumer, where sanitary pre-

People; Spots In The News

OOPS—Poised 20 feet above the street at Los Angeles Union Terminal, this engine—on route to the roundhouse—"just didn't stop," according to the engineer. No one was injured in this unusual accident.

PROTESTING against grain restrictions that threatened jobs of workers in towns like Lawrenceburg, Ind., Mabel Lutherbeck, of Distillery Workers Union, and H. F. Medema, Jr., right, Lawrenceburg Chamber of Commerce secretary, present Rep. Earl Wilson of Indiana with 9,700 signatures opposing government allocation.

NOT TWO BUT ONE CAR was involved in this accident near London, Ohio. The vehicle wrapped itself around a tree after skidding on the highway. Driver was critically injured.

cautions have been taken to make it a clean, wholesome product, is designated a Grade A milk, said Dr. Geo. W. Cox, State Health officer.

In the production of Grade A milk, it must come from clean and healthy cows. It is produced under conditions that will insure freedom from dust, dirt, and fly contamination in both the dairy barn and milk house. The dairy barn construction is such that it can be easily cleaned. Facilities are provided in the milk house to wash and sanitize utensils and equipment easily and quickly, and to store them in place protected from contamination. Adequate cooling facilities are provided in the milk house so that the temperature of the milk can be lowered immediately after milking. It is the bacteria in milk that indicate the care with which it is produced and handled.

Water supplies should be safe in order that no harmful bacteria may be introduced into milk

RECEIVES DISCHARGE

A. T. Ihseng, Jr., son of Mr. and Mrs. A. T. Ihseng of Munday, received his discharge from the U. S. Army on December 22, 1947, and is now attending school at Southern Methodist University in Dallas.

Mr. and Mrs. E. W. Harrell spent several days' visiting in Dallas last week.

Secretary Anderson Stresses Need For Farm Program

Planning for the long view in agriculture will be neither easy nor unopposed, Secretary of Agriculture Clinton P. Anderson recently warned farmers. But, he pointed to the Department's recent testimony to Congress on long-range policy, to indicate that agriculture at last has a chance of developing a permanent policy that will make the land safe and provide at the same time a healthy abundance.

Speaking about the Triple-A program, Secretary Anderson said: "I would certainly admit that Triple-A was, in the beginning, primarily an effort to improve the farmers economic position. I do not know who anybody should be expected to apologize for that. But I am certain that its conservation activities have been administered, at all levels, with a sincere conviction of the importance of conservation. Otherwise, I doubt that the thousands of committeemen—who are independent farm operators—would continue to sacrifice their time for less than they have to pay a hired man in order to serve their neighbors in operating program."

"Think back to the days before 1933. What was happening to the wheat lands—in the wheat belt of the Great Plains? Dust storms of appalling magnitude—Think now of the millions and millions of bushels of wheat harvested from these same lands during the past 5 years—Nature helped, of course. Those very dry years passed. But production was aided by conservation practices. I believe, and the Department of Agriculture believes, that the Agriculture Conservation Program deserves a lot of credit for introducing conservation farming in the area."

"Any precise estimate of the amount of conservation progress

in this country that owes itself to the financial assistance given under the ACP is, of course, open to debate—I would venture the opinion, however, that—it would be nearer right to say that the country got back at least a dollar for every ten cents it put out on the ACP.—our land has been under great pressure for the better part of a decade. It has lost a lot of fertility, not because farmers were careless, but because of the demand for food and fiber year after year. Farmers have used their land unsparingly for the benefit of the nation. I believe that the nation has a responsibility to help restore that lost fertility. I am convinced that no better investment of public money can be made than an investment that safeguards our most important natural resource.

"The committee system, where in the practical experience of leading farmers in the community is combined with the technical knowledge of the Land Grant Colleges and of the USDA in the formulation and operation of action programs, has proven to be a most flexible and efficient way of mobilizing agricultural resources and bringing them to bear on any enemy, be waste, want, wind, or

weather. "By holding firmly to the progress made in the past 15 years agriculture will be better able to use its present advantageous position to plan for the future."

Veterans' News

Veterans are not required to pay attorneys or agents for representing them in monetary claims against the Veterans Administration, VA said in answer to numerous recent inquiries.

Fees for such services, VA said, are payable only by the agency itself and are deducted from the monetary benefit due the veteran

at the time the claim is allowed. Fees are fixed by statute at \$10 for an original claim and \$2 for a claim to obtain increased benefits.

Any agent or attorney who charges or attempts to charge any veteran for such services is subject to penal provisions of the law in addition to loss of his accreditation, VA said.

Veterans going to school under the provisions of the G-I Bill cannot transfer to another institution without prior approval from veterans Administration and still expect VA to pay tuition and subsistence, VA said.

Veterans who plan transfers and still wish to receive educational benefits of the G-I Bill must contact their appropriate VA Regional office or VA training officer to obtain a proval for the change and to insure their continuance on the subsistence rolls.

VA emphasized that in most cases there is no objection to veterans changing schools. In order to prevent delays in payment of subsistence allowances and to eliminate unnecessary paper work, VA must be notified in advance of any contemplated change.

Blind veterans, who have been issued equipment by Veterans Administration to aid them in overcoming their handicap, may now obtain minor repairs to this equipment without prior VA approval, Dr. Paul B. Magnuson, chief medical director, announced today.

Approximately 6,400 blind veterans are eligible for the new service. They are receiving VA prosthetic service cards, similar to those used by amputees to obtain immediate minor repairs to their artificial limbs.

By presenting their cards to any repair shop in any section of the country, blind veterans will receive, without delay, repair service up to a limit of \$20, without VA's prior approval.

Questions and Answers
Q. My daughter of 19 is attending school and I would like to know if she is entitled to participate in my estranged husband's compensation?

A. She is entitled to participate in your estranged husband's compensation until she is 21 if she continues in an approved school until that time.

Q. I was wounded in World War II and would like to know if my compensation check is subject to seizure by creditors?

A. No.
Q. How are places of job-training approved under the G-I Bill and how does a veteran find out

European Check-Up

By **GEORGE S. BENSON**
President of Harding College
Searcy, Arkansas

Looking Ahead

HOW WOULD YOU like to be able to take a five-weeks' trip to Europe to see if what you've heard is true? Mr. Ernest T. Weir, chairman of the National Steel Corporation of Pittsburgh, did just that. He made informal contacts with people of all sorts. Then he had opportunity to interview outstanding men of finance and industry in each country.

Because of Mr. Weir's nationally recognized leadership, and because I consider him a far-seeing and capable observer, I want to give you some of his conclusions.

English businessmen he interviewed think England must work out her own salvation. They said more U.S. dollars poured into England would be harmful. Our \$4 billion loan to them has been wasted, they told him, and has kept England from facing problems squarely. "England's greatest need is for better government, more hard work and greater production."

Follow-up FRANCE, except the money! ing war-torn areas, was in about the same physical shape as England. "The most serious condition in France is the black market in money," he added. The black market offers twice as many francs for a dollar as the government allows officially. "The great problems of France are bad government, encouragement of the people to believe they can live without working, and the consequent failure of the people generally to produce."

Mr. Weir thinks the German people must have full liberty in the reconstruction of their country. He branded the Morgenthau plan, as applied in Germany, "one of the great crimes of history." America should stop loaning or giving money without

proper planning and full investigation of the use of the money. At the same time, he believes Germany is a safe place to put funds for reconstruction, with proper plans.

Need For THE INDIVIDUAL-LEADERSHIP ISM of the people in England, France and the United States makes communism an unreal danger. He believes the people in these countries will never, for long, permit "the iron heel on their necks." It is his belief that a program financing foreign nations so they will not go communist is without justification. "People who will stand for Communism will go in that direction irrespective of what we may do to the contrary."

Europe is loafing on the job of genuine recovery, he believes. "The day they roll up their sleeves and go to work, recovery will begin." Visitors find the English and French, supposedly starving, working only 40 hours a week. Mr. Weir asks: "Why don't they adopt a six-day week, which would greatly increase the production of all materials?" There are enough resources and manpower, "Given the right kind of leadership and adequate incentives . . . the peoples of Europe would work harder and more productively."

Mr. Weir's phrases "right kind of leadership" and "adequate incentives" suggest the key to this entire puzzle of European difficulties. Take away the profit motive and people lack incentive to work. Then add tax oppression and all the decay of leadership that Europe has had to put up with. The result is unrest and economic chaos. Grabbing the nearest "ism" will not bring prosperity, nor freedom of any kind, for anyone. That is the way to shackles that bind men's hands feet, and ideals.

Pointers Given On Taking Care Of Baby Chicks

This year, more than ever before, we want our money invested in baby chicks to pay off. This means we must put out special effort to have healthy chicks. Miss Eugenia Butler, Knox County Home Demonstration Agent, has the following suggestions to be passed on from Ted Martin, Extension Service poultry husbandman, of Texas A. and M. College. You've sent your order in for those baby chicks, so now's the time to get the brooder house ready for them.

He says the number one job is to clean the brooder house thoroughly, and that means scrub and disinfect the house and equipment. If the brooder house is movable, skid it at least 20 yards to cleaner grounds.

The number two job is to close up the cracks in the walls and floors that might cause a draft. Then two days before the chicks arrive, begin the brooder operation to see if the temperature holds.

Then, just before you put the chicks inside, put litter, feed hoppers and water fountains inside the wire guard in the house and put out the chick starter. The chicks will be hungry after their long ride and will want feed as soon as they arrive.

Mr. and Mrs. O. Pollard of Lubbock spent the latter part of last week with Mr. and Mrs. W. G. Welborn and small son,

C. R. Elliott was in Samford last Friday afternoon, in conference with officers and filed men of the Stamford Production Credit Association.

TINER DRUG

"JUST A GOOD DRUG STORE"

It's a-MAZE-ing!

Husbands, please note! The average housewife performs 70 different tasks in her normal day's work! (Frankly, most women will think that figure is far too low, but it comes from the U. S. Government's Office of Education!)

Yes, home-making is a big job—but the housewife is spared one task . . . you don't have to shop and wait days for the delivery of electric service.

Dependable, time-and-labor-saving, Reddy Kilowatt, your electric servant, is always ready to help a housewife skip through her maze of tasks. Electric service saves her steps, lightens her work, gives her more leisure, makes life healthier and happier for her and all her family!

And it costs so little! In an era of sky-high prices, a kilowatt hour of electric service costs that same average housewife 17% LESS than it did ten years ago!

West Texas Utilities Company

Two Local Students Enrolled At A. C. C.

Abilene Christian College, Abilene, Texas, opening its '48 spring semester Feb. 2, has enrolled a total of 1,595 students from 37 states, making the largest enrollment of any spring semester in the college's history.

Included among the students in Abilene Christian College are Jo Ann Whittemore, daughter of Mr. and Mrs. Ed Whittemore, route 1; and Gordon Tidwell, son of Mr. and Mrs. Buck Tidwell, route 2, Munday.

What Establishments are Approved?

A. Training establishments are approved by State approving agencies for job-training under the Servicemen's Readjustment Act (G-I Bill). All VA offices maintain a list of approved establishments in the area in which they are located.

Q. My employer has dismissed me from my job-training position and I would like to know what I can do so that I can continue to receive subsistence?

A. Your training status was terminated and your subsistence allowance ceased when your employer dismissed you. It is now up to you to seek another place of employment with an approved on-the-job training program.

Q. Have I any recourse to civil courts if I do not like the decision of Veterans Administration on my claim for compensation.

A. No.

More than 1,260,000 quarts of food were conserved by Texas 4-H club girls in 1947.

Gwynna Lee Smith Winner Of Essay Contest Sponsored By Study Club

The essay written by Gwynna Lee Smith, Munday high school student, was adjudged the best entered in the essay contest which was sponsored by the Munday Study Club. The winning essay was read at the club's regular meeting last Friday, and is being printed below. Next week will appear the second place winner, written by John H. McClaran.

Relief At Last For Your Cough

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, or you are to have your money back.

CREOMULSION
for Coughs, Chest Colds, Bronchitis

AMERICAN CITIZENSHIP-OUR HERITAGE
(By Gwynna Lee Smith)
"What is American citizenship?" one might ask. To answer that question I would reply that it is the happy privilege one has of becoming a member of the large society which we call the United States. A person may become a citizen of our great nation regardless of his color or of the nationality of his parents if he has been

born within the boundaries of this country; or if born on foreign soil, he may become a naturalized citizen. This privilege of citizenship was given to us by our early forefathers, who fought courageously for their beliefs of freedom—one of the prime factors which makes America the proud country it is. These words quoted from the "Declaration of Independence" best express the principals of democracy upon which our government is based:

"We hold these truths to be self evident; That all men are created equal; That they are endowed by their Creator with certain unalienable rights; that among these are life, liberty, and the pursuit of happiness. That, to secure these rights, governments are instituted among men, deriving their just powers from the consent of the governed."

Our citizenship in these United States includes innumerable rights and freedoms for which men had fought and died. Among these are the famous four freedoms, namely: freedom of speech, freedom of religion, freedom from fear, and freedom from want. In our land, a person can give his opinion of his government publicly if he so desires; he is also free to choose the church in which he wants to worship. The newspaper that he reads contains items which otherwise have been omitted, if it were not for the article granting freedom of the press. A person may vote openly for whoever he thinks is best suited to govern. This fortunate citizen of America likewise has the right to hold a political office himself; moreover, as an intelligent people who believe that we need an educated people for a strong, successful government, we have guaranteed for those who want it a high school education in free public schools, and colleges are always open for those who seek higher learning.

Since it is impossible for anyone to have a very strong loyalty for something about which he knows little or nothing, we need to have some knowledge of the country in which we live. We love our nation because of its traditions and its history, for they stand in our world as a force for good and as a symbol for liberty; thus the study of the history of our country increases the love and loyalty we should have. In this way we come to know the ideals of our own great men and can more clearly foresee the destiny of a nation such as ours. These things being true, we young Americans of today and the voters and political leaders of tomorrow should study diligently to understand the democratic principles that gave birth to our government "of the people, by the people, and for the people."

Such a government as we have makes us, no doubt, the envy of people of other lands. We have always had a government that protected us as citizens to the extent that we have never known any great want such as those who have suffered in other countries, and we have enjoyed comforts, luxuries, and abundances in living that no

Firing Up the Farm by BURTON WILLIAMS

Cart Eases Work
THERE'S an old saying that the easiest way to do a thing also is usually the best and most efficient way. That certainly holds true of many a laborious and time-consuming farm chore. Despite our modern mechanization, there still are various little jobs around a farm that can be made easier by taking a leaf out of the book of that worthy ancient who first struck upon the idea of the wheel.

A home-made cart like that pictured below, for example, can save

you much time and effort in moving heavy loads from one location to another; or for carrying milk cans, small machines, tools, bags of feed and so on.

The cart is simply and inexpensively constructed. It consists of a plain wooden crate equipped with a handle or trace and mounted on two rubber-tired wheels from an old automobile. The crate, made of 2 x 4's, may have a gate at one end. Getting a sow into such a vehicle should not be difficult. If she balks at entering, put some grain in the front of the cart and entice her in. If she persists in her refusal, put a basket over her head and back her in.

other country knows. I am proud to be a citizen of the United States of America and will be justly proud when I become a voter. This power to vote, which will be entrusted to me as to thousands of other young Americans, is something I shall consider a privilege. I want to be capable and worthy of using my right to vote in a way that will be helpful to my government and to the future generation coming after me; furthermore, I want to be able to contribute my part to the upholding of the ideals of a truly democratic American citizenship, our greatest heritage.

County's Rural Property Shows Huge Valuation

Farm property in Knox county is worth more than \$15,810,000, and rural homes here and throughout the state are in the best condition in history, according to a report just released by the Tile Council of America. More than 75 per cent of farm dwellings in Texas and the South are in excellent condition or need only such minor repairs as painting or general maintenance, the

report revealed. Only 61.1 per cent were in good repair in 1940. The report was based on Bureau of the Census surveys.

"The rise in farm incomes and property values since 1940 has been accompanied by a great increase in the number of rural homes equipped with such modern conveniences as electric lights, tiled bath rooms and showers and running water," said F. B. Ortman, chairman of the Council's residential construction committee.

Electricity, for instance, has gone into hundreds of thousands of the nation's rural dwellings since 1940, Ortman noted. More than 59 per cent of all farm homes now have electric lights, in contrast to 31.3 per cent in 1940.

More than 32 per cent of rural dwellings in the United States today have running water, and 20.1 per cent have private baths, according to the Tile Council report. In 1940, 17.7 per cent had running water and only 10.6 per cent private baths.

Joe Bob Stevens spent the first of this week in Temple, where he went for examination of his left limb, which was broken several weeks ago.

Mrs. M. L. Barnard left last Tuesday for Greenville, where she is visiting with relatives for several days.

Mr. and Mrs. Lewis Warren of Friona, Texas, spent the week end here with Mr. Warren's parents, Mr. and Mrs. A. B. Warren, and other relatives.

D. G. Chamberlain of McMurry College, Abilene, spent the week end with home folks.

THE JEFFROY "SOIL CONTROL CULTIVATOR"

The Plow of the Past REVOLUTIONIZED for TODAY!

The chisel-type cultivation of the Jeffrey "Soil Control Cultivator" is not new! In fact, the first plows of this type were made over 3,000 years ago by the Egyptians for farming along the Nile River. They used a sharpened stick, while in the Jeffrey machine, silicemanganese steel is required to stand present-day speeds and uses. Down through the ages many plows have been used and discarded, but the chisel-type plow has proved to have less draft, control erosion, and conserve moisture more effectively than any other plow invented!

- ★ Plows and cultivates the natural way. ★ Conserves the moisture. ★ Prevents blowing.
- ★ Stops erosion. ★ Cuts plowing cost in half.
- ★ Constructed to last a lifetime. ★ Pre-war prices. ★ Made in 4 sizes to fit your power: 7 ft. - 10 ft. - 13 ft. - 16 ft.

Hughes-Dayton Imp. Co.

The chisel opens the way for moisture to go into the subsoil for storage.

MOISTURE

Moisture penetrates farther, does not run off. Stubble and trash are worked into topsoil for more effective reabsorption of the land.

MOISTURE

Disc-type cultivation leaves a smooth surface that quickly seals and causes water run-off.

Whose Hands?

Gas men's and women's.

By the work they do they are joined to bring natural gas from deep in the earth to the burner tip of gas appliances in your home.

In this era of rapid agricultural, industrial and community growth in the territory, served by Lone Star Gas Company, these hands are working in a great expansion program.

They're busy in 333 communities and along 5,000 miles of pipeline pushing forward \$40,000,000 worth of improvements to keep Lone Star Natural Gas Service ahead of demand in a rapidly growing territory.

Building pipelines and compressor stations...drilling wells...building new town distribution plants...and a wide variety of other projects—that's the work of the Lone Star team, more than 4,500 pairs of hands strong.

This is the second year of this system-wide program in which more hands than ever before will be working to continue supplying dependable natural gas service to you and to bring service to new homes and communities not yet enjoying natural gas service.

LONE STAR FOLKS ARE Busy

These hands represent seven of 189 different skills employed to bring natural gas from wells to the burner tip of gas appliances in your home.

Crowell Downs Munday Jaycees To Win Tourney Here Saturday Night

Tourney Team Selected; Many Awards Given

(By Wade T. Mahan)

It could not be done but it was, and Crowell did it. They beat the Munday Jaycees 86 to 45 to win first place in the Munday Jaycee Invitational Basketball tournament Saturday night and took home the marbles, the marbles in this case being \$75.00 in American money. The Munday team received \$50.00 for their second place standing.

The Jaycees definitely had an off night. This is not to detract from the Crowell victory, however, because it is this writer's opinion that they would have lost had they been on. But a team as good as Crowell is not good enough to hold that Munday bunch to one point in one quarter, which is exactly what they scored in the third period. That pretty well gives you the picture of the game—Munday couldn't get the ball through the hoop and Crowell could. Gus Russell was high point man for Crowell with 32 points and George Crouch dropped in 13 points to lead the Munday team.

In the semi-final game Saturday night the popular Knox County Geeks defeated Knox City for third place in the final standings by a 68 to 48 score. Voss was high point man for the Geeks with 19 tallies and Hewitt of Knox City led his team with 16. This boy Hewitt, with a big "zero" on his shirt, also won the trophy given

for the most free throws made by an individual during the tournament. Every time you looked up Saturday night "Johnny Zero" was dropping on an eye. He wound up with a total of 15 for the tournament.

An all tournament team was selected composed of Ronald Bowen and George Crouch of Munday, Gus Russell and Cotton Owens of Crowell, and Jim Rawls of the Knox County Geeks. The best defensive player award went to Harold Jones of the Munday team. This lad was unfortunate in getting a fractured leg early in the tournament and you can attribute a big part of that Crowell margin of victory to his absence from the final game. Dwayne Russell of the Knox County Geeks was awarded the trophy for the "best sport". You can figure he really deserved it when you realize that the three hard fought games the Geeks played he had only one foul called against him in the entire tournament. Gus Russell of Crowell won the "most valuable player" award and when you realize that he scored more points in only two games of play in the tournament than any other player did in three you understand that he was slightly above luke warm.

The entire Munday Junior Chamber of Commerce organization is to be commended for the splendid manner in which the tournament was conducted, and for so faithfully doing the many different jobs necessary for the tournaments success. Coach Joe B. (for bicycle) Stevens, who was largely responsible for the tournament coming to Munday, deserves the praise of the sport loving public. We couldn't ask for a better tournament, but we will ask for repeat performance for next year.

There are 210 farmers' cooperatives in Texas, engaged in handling almost every agricultural product in the state.

COTTON TALKS

It's a far cry from holding the seeds that burst forth into fluffy white fibers to incasing the girth of a radio that bursts into song or speech at the flip of a wrist, but that's just what cottonseed hulls are doing now. University of Tennessee freshman Shirley Schroll shows one of cotton's new products, a mahogany-colored radio cabinet made of cottonseed hull plastic.

Moguls Down Chillicothe In 9-A Cage Game

The Munday Moguls won the right to meet Seymour in District "A" championship games last Friday night when they swamped the Chillicothe Eagles by a score of 60 to 16, here.

Most of the scoring came in the second half. The count at half-time was 24 to 12.

Montgomery was high point man for the locals with 12 field goals and one free throw, a total of 25 points. Morrow of the Moguls was second high scorer with 13 tallies.

BIRTH ANNOUNCEMENT

Rita Ann, a cute little baby girl who weighed seven pounds and eight ounces, was born to Mr. and Mrs. Lamoine Blacklock on Thursday, February 5, at the Haskell hospital. Mother and little daughter were brought home by the Mahan Funeral Home last Monday, and are reported to be doing nicely.

CHURCH OF CHRIST

Church Calendar

Sunday: Bible Study 10:00 a. m. Worship 10:55 to 11:45 Young People's Class -- 6:30 p. m. Worship 7:00 Monday: Ladies' Bible Class 3:00 p. m. Singing School 7:00 Tuesday: Singing School 7:00 p. m. Wednesday: Singing School 7:00 p. m.

People do not need the Bible to make them religious. They are religious where they have never heard of the Bible. But they do need the Bible to teach the right kind of religion. Neither do men need the Bible to cause them to worship, for the heathen lands are full of worshippers. But we need the Bible to teach us whom to worship and how to worship; otherwise our worship is vain. The Church of Christ teaches and practices nothing for doctrines and acts of worship that the Bible does not teach. Come and worship with us.

D. L. Ashley, minister

Texas 4-H club boys sold more than 4,000,000 pounds of beef in 1947.

Jaycee Team Wins In Leuders Game

The Munday Jaycee basketball team entered the invitation tourney at Leuders this week, and won their first game, 38 to 34, over the Abilene Christian College B team on Monday night. This was the closest game of the night, with the two teams being tied twice in the three minutes of play.

The locals are without the ser-

vices of Harold Jones, who is out of action with a sprained ankle. The tournament will continue through Saturday night, with the local Jaycees engaging the Barnes Ramblers in their second game on Thursday night.

Motor trucks and tractors have replaced horses and petroleum products have replaced enough oats, corn and hay to release some 55 million acres of cropland for market production since World War I.
