

Kracker Krumb's Odd Bits Salvaged At Random

(By Aaron Edgar)

Prediction: You'd better get ac-
customed to saying President
Dewey!

While the big world champion-
ship fight was being rained out
two nights in succession in New
York, it was all Dewey in Phila-
delphia!

The Republican "stop Dewey"
movement failed to even slow up
speed of the Dewey band wagon
during the G.O.P. convention, and
Dewey became the standard bearer
for the second time in a row.

Dewey will carry the standard
further this time—in fact right
into the White House, in the
humble opinion of the Krumbler.

The G.O.P. gained control of
Congress in the last election—and
they'll be in complete control, come
November. Even the Democratic
donkey's "stop Dewey" movement
will not halt the G.O.P. band
wagon this time, to our notion.

Howsomever and notwithstanding,
we'll vote the Democratic ticket
in November. That's intelligent
voting, isn't it?

Prediction: Oh, no! You'll not get
us to stick our neck out in the
local election!

We don't mind having the nation's
Democrats on our necks, but
we ain't gonna predict nothin'
locally.

All the local candidates are our
friends, we hope, and we don't
want them on our neck. But when
it comes to national politics, we
sometimes think that a Democrat
is nobody's friend.

Anyway, begin practicing up on
saying: President Dewey. Then
you'll be in better shape to say it
after November!

Prediction: The town will be
sprayed with its own fog machine
before another week has passed!

The move to buy one for the
City of Munday is completed. We
could have already had one if,
when Stamford did that spraying
for us, someone had grabbed a
sheet of paper and started taking
public donations.

But many folks didn't want it
that way. Some 50 or more people,
mostly business firms, would have
stood the expense—and the whole
town would benefit.

A plan is now in the making
whereby them what benefits will
have a little slice in paying for
the machine. This is as it should be
—and now, a fog machine is being
bought in the name of the City of
Munday.

Prediction: Munday's garbage
disposal plan will meet with enthu-
siasmic approval of many local
people. The plan being announced
this week.

It'll be along the same line as
the fog machine plan. Them what
has garbage to be disposed will
pay the cost of the disposing.

But we haven't had our garbage
disposed of in so long that
most of us will be more than glad
to kick in with the costs.

Any plan different from our
present way of not doing it will
be a change for the better and will
be worth some of our money, at
least.

It'll take time for the plan to
clean up the town. One man, or
two, can't do it in a week or two
weeks. There's heaps of piles of
rubbish and garbage to be dis-
posed of, and we doubt if there's a
tin can container in town that
isn't running over—and has been
for weeks on end.

But with our garbage disposed
of, and our town fogged regularly
with a fog machine, it ought to be
unhealthy for Mr. Fly or Mr.
Mosquito, and more healthy for
us humans.

Then we won't be so scared of
typhoid, polio, and them other dis-
eases that result from unsanitary
conditions. As we said about a
year ago, it's a sort of miracle
that a town so dirty can have such
healthy people!

And just as we complete that
(Continued on Last Page)

CITY SETS GUARD AGAINST 'POLIO'

Gigantic Clean-Up Drive Slated For Next Wednesday And Thursday

Get ready for cleanliness! Get
your new garbage can! Get your
premises clean, including your
alleys, and have every thing ready
for the pickup trucks to get.

"Cause one of the greatest clean-
up drives Munday has ever seen
is coming on Wednesday and
Thursday of next week—July 7
and 8. And after that the garbage
collector will be ready for weekly
visits to your place.

Working in conjunction with
the City Council, the sanitation
committee of the Community De-
velopment Association has set the
above dates for cleaning up the
town. The committee is composed
of R. D. Atkisson, C. R. Elliott
and J. C. Borden.

Mayor W. R. Moore has pro-
claimed the above dates as clean-
up days, and he calls on all citi-
zens to cooperate in this drive
against polio. Help make the town
clean!

Citizens are requested to clean
their premises, clean their alleys,
cut down trees in alleys, cut the
weeds, too, and get the alleys so
they can be kept clean and travel-
ed by the garbage truck.

The business district will also
clean-up, and get everything in
tip-top shape. The city will mow
weeds and grass along the streets,
but property owners must keep
their premises clean beyond the
street right-of-way.

A garbage collector will be hired,
and he'll be ready to start his
rounds after the two gigantic
clean-up days. Daily pickups will
be made in the business district,
while weekly visits will be made
to residences to gather up garbage
and trash.

Several trucks will be available
for the clean-up drive Wednesday
and Thursday, and your trash will
be hauled off!

This is Munday's real opportu-
nity—the best one in years—for a
real, honest-to-goodness clean-up
drive. Let's cooperate! Let's get
rid of trash, debris, tin cans and
other things that harbor disease
breeding insects. Let's clean up
the town! Let's go!

Funeral For Mrs. Wardlaw Is Held Wednesday

Mrs. Minnie Wardlaw, well
known resident of this section,
passed away at 11:20 p. m. Tues-
day at the Knox county hospital.
Mrs. Wardlaw suffered a stroke
Saturday morning and was taken
to the hospital for treatment.

A native Texan, Mrs. Wardlaw
was born April 7, 1878, in Bosque
county. She was 70 years, 2 months
and 22 days of age. She had been
making her home with her child-
ren for several years, and suffered
the stroke at the home of a daughter,
Mrs. A. L. Smith.

Eight children survive her. They
are: Clint Wardlaw, Bert Ward-
law, Mrs. J. A. Hill, Mrs. A. L.
Smith, all of Munday; Homer
Wardlaw, Hubert Wardlaw and
Joe Wardlaw, all of Blythe, Calif.,
and Mrs. T. W. Searcy of Goree.
Other survivors include 23 grand-
children and six great grandchild-
ren; a brother, R. M. Cash of Post,
and a sister, Mrs. Belle Permenter
of San Marcos.

Funeral services were held from
the Church of Christ in Munday at
five o'clock Wednesday afternoon,
being conducted by Minister D. L.
Ashley. Burial was in the John-
son cemetery, with the Mahan Fun-
eral Home in charge of arrange-
ment.

Pallbearers were Otis Simpson,
Clarence Swope, Lewis Wallace,
Elmer Dean, Cecil Burton, Men-
yard Smith, Claude Hill and Lloyd
Jacobs.

HAS APPENDECTOMY

Little Miss Sandra Luster, daugh-
ter of Mr. and Mrs. Sam Luster,
was taken to the Knox County
hospital last Monday morning
where she underwent an appendec-
tomy. Latest reports are that
Sandra is doing nicely.

Mrs. C. D. Hopkins of Artesia,
New Mexico, came in Tuesday
this week for an extended visit
with her brother and family, Mr.
and Mrs. Lee Haymes.

Poison Available To Fight Ravages Of Grasshoppers

The Commissioners Court an-
nounced this week that they have
opened the County Poison Bait
Station for grasshopper control at
Benjamin.

Large numbers of grasshoppers
have been reported at scattered
points over the county, with heav-
iest infestation so far, in the south
west portion where fields border
pastures.

Farmers from this area have al-
ready received 5,300 pounds of poi-
son bait. Being distributed at 25c
per sack through the Bureau of
Entomology and Plant Quarantine
in cooperation with the County
Agent's office.

Farmers are advised to begin
fighting the grasshoppers while
they are still along the fence rows
to avoid damage as the pastures
dry up and the grasshoppers move
into the fields.

Knox County Hospital Notes

Patients in hospital June 28, 1948.

- Sandra Kay Luster, Munday.
- Flora Dial, K. C.
- Mrs. C. M. Howard, Munday.
- H. E. Bawley, Rochester.
- Inez Gonzalez, Rochester.
- Michael Decker, Haskell.
- Mrs. I. A. Cumba, Munday.
- V. R. Terry, Benjamin.
- Mrs. Minnie Wardlaw, Munday.
- Mrs. R. B. Howell, Knox City.
- Baby Girl Howell, Knox City.
- Mrs. Oran Chamberlain, Goree.
- J. L. Dagley, Lockney.
- J. L. Dagley, Lockney.
- Mrs. Pete Whitten, Knox City.
- Mrs. Manuel Quintana, Truscott.
- Mrs. C. E. Howeth, Munday.
- Albert E. Thompson, Seymour.

Patients dismissed since June 21.

- Peggy Corronsey, Knox City.
- Margaret Carliss, Knox City.
- Sulberro Bossos, Rochester.
- Mrs. Joe Smith, Rule.
- Mrs. M. J. Michael, Rochester.
- Ronnie White, Knox City.
- William Stevens, Knox City.
- Loyd Welch, Knox City.
- Wanda Beth Welch, Knox City.
- Mrs. M. L. Hester, Knox City.
- Janic Tankersley, Gilliland.
- O. O. Putman, Munday.
- Mrs. Walter Malone, Knox City.
- Baby Boy Malone, Knox City.
- Sonja Hertel, Benjamin.
- Kirby Lynn Hertel, Benjamin.
- Billy Warren, Munday.
- Mrs. Hershell, Tankersley.
- J. R. Steedman, Benjamin.
- Phillip McAfee, Munday.
- Mrs. James Carden, Munday.
- Baby Girl Carden, Munday.

BIRTHS:

- Mr. and Mrs. James Carden
Munday, a Daughter.
- Mr. and Mrs. Rufus White,
Knox City, a Son.
- Mr. and Mrs. Walter Malone
Knox City, a Son.
- Mr. and Mrs. R. B. Howell Knox
City, a Daughter.

DEATHS:

- Mrs. C. H. Williams, Knox City.

Knox City Lions Name New Officers

The annual election of officers of
the Knox City Lions Club was
held recently, with the following
being elected for this year:

- Jimmy Branch, president;
- Joe Averitt, vice president;
- Dale Graham, second vice president;
- John W. Price, secretary and treasurer;
- Carl Cagle, lion tamer, and Jeff
Graham, tall twister.

Two Ball Games Slated At Weinert

The Weinert all-star ball club
will play the Horace Holly Motor
Co. team of Abilene on the Wein-
ert field Saturday night, July 3,
it was announced here Tuesday.

Weinert and Honeycutt will
play a league game on Friday
night, July 2, on the Weinert
field. Games will start at 8:30 p. m.
The public is cordially invited to
attend these games.

Stephens Asks Second Term As County Atty.

County Attorney James A.
Stephens has authorized the Munday
Times to announce his candi-
dature for a second term to that
office, subject to the action of the
Democratic primary, July 24. Mr.
Stephens' statement follows:

I am using this method of ask-
ing the voters of Knox County to
give me a second term as their
county attorney.

The voters elected me county
attorney of this county two years
ago; and I am now serving my
first term, this is the only time in
my life I have ever held public
office of any kind either by elec-
tion or appointment.

Any lawyer who practices law
for any time has an ambition to
serve his country as a public at-
torney or as a judge, it is an honor
to any lawyer that some time be-
fore his practice of law ends to
serve as prosecuting attorney or as
a judge. I will always remember
and cherish my service in the of-
fice of county attorney.

I am now asking the people of
my county for the traditional De-
mocratic second term, and will
promise you that if elected I will
continue to serve you to the very
best of my ability.

I wish it were possible for me
to see each of you personally and
solicit your vote and influence,
but the duties of my office and
law practice makes that impos-
sible, so I am taking this means to
say to you I want, and sincerely
believe, I deserve a second term,
that I will always appreciate this
first term, and that from the very
bottom of my heart I will always
remember and cherish to my dying
days the honor of being returned
for a second term.

Sincerely yours,
James A. Stephens.

Heavy Rains Visit County

Many farmers were making pre-
parations to replant this week,
following heavy rains Sunday
night and Monday which destroyed
many acres of young crops.

The rain started around eight
o'clock Sunday night and contin-
ued through most of Monday, bring-
ing a total of 3.35 inches to Munday,
according to records of H. P.
Hill, U. S. weather observer. He-
avier rains were recorded in
other sections of the county.

Water coursed through Munday's
streets, almost reaching flood
stage, and giving evidence of a
needed drainage program. Unpaved
streets were water-logged, with
jeeps and wreckers having a flour-
ishing business as motorists stuck
in the mud and mire.

CAKE AND PIE SALE TO BE HELD SATURDAY

The young people of the Meth-
odist Church of Goree are spon-
soring a cake and pie sale Satur-
day afternoon, July 10th, at the
Community Building. The pro-
ceeds will go for work that is being
done on the parsonage. All
members who will contribute a
cake or pie, will be greatly appre-
ciated.

Clean-Up Proclamation

Whereas it is very necessary to the health of the community
that the city be thoroughly cleaned up and that an earnest ef-
fort be made to eliminate all garbage and trash that would
furnish breeding places to flies and mosquitoes, and

Whereas, all state health officials are urging all communi-
ties in Texas to clean up to prevent the spread of polio and
other contagious diseases,

Now, therefore, I, W. R. Moore, Mayor of the City of Munday,
Texas, do proclaim Wednesday and Thursday, July 7 and
8, to be designated and set aside as two days for a thorough
clean-up of the City of Munday.

I urgently request the cooperation of the entire citizenship
to make this the greatest clean-up campaign ever entered into
by the City of Munday, and it is my hope that this clean-up,
together with our new fog machine, will make our fair city one
of the cleanest and most attractive spots in our entire state.

W. R. MOORE, Mayor.

Transferred

Pictured above is County Agent
Max Carpenter, who leaves Knox
county soon to become agent of
Wichita County. He started with
the extension service as assistant
agent in Wichita County, coming
to Knox county in 1946 to succeed
R. O. Dunkle, now county agent of
Young county.

Scout Work To Be Resumed In Munday Area

Promise of increased activities
and a rejuvenation of Boy Scout
work in Munday came as a "shot
in the arm" this week for many
local youths who have been want-
ing a good Scouting program.

Dr. Joseph M. Croley and L. A.
Allison, both of whom are exper-
ienced in Scouting, are taking
over activities of the local troop,
and plans are under way for a
program of interest to all boys of
Boy Scout age.

Dr. Croley is an Eagle Scout,
while Mr. Allison is a Life Scout.
A program of full activity is being
planned under their leader-
ship.

These men are interested in get-
ting Scouting re-organized in
Munday, and they have called a
meeting for Wednesday night,
July 7, at 7:30 o'clock for all
former Boy Scouts, the present mem-
bers and anyone who is interested
in seeing a valued program put
over in Munday. The meeting will
be at the Boy Scout hut.

An interesting Scouting pro-
gram has been arranged for that
date. So come on, Boys—and men
—and let's get things re-organ-
ized in a big way!

Don't Shoot! You May Bag A Fine!

Following numerous complaints
from citizens that guns are being
fired within the city limits, D. E.
Whitworth, chief of police, has
warned that such practice is un-
lawful.

A city ordinance forbids the
shooting of any type of firearms
within the city limits, and those
who make this practice are violat-
ing the law. Whitworth warned
that steps will be taken to prose-
cute those who shoot firearms
within the city of Munday.

Horan Seeks Prect. Office Of Constable

R. F. (Shorty) Horan this week
announced his candidacy for the
office of constable of Precinct 6,
subject to the action of the voters
in the July 24th primary.

Mr. Horan is well known to most
people of this precinct, having re-
sided in Munday for a number of
years. He is a veteran of World
War I and was a member of the
famous Lost Battalion. He has had
considerable experience as a law
enforcement officer, in the Nation-
al Guard and other capacities.

"If elected to the office," Mr.
Horan said, "I will do my best to
make you a good officer. I believe
in enforcing the law and treating
all with fairness and consideration.
I earnestly solicit your vote and
influence in the coming election,
assuring you that these will be
deeply appreciated."

Vera 4-H Boy Winner Of Field Crops Contest

Paul Laws, Vera 4-H member,
was announced this week as Co-
county Winner of the Field Crops
Contest, and was presented with a
gold filled medal of honor by the
International Harvester Company.
Paul was one of several 4-H mem-
bers who last year planted the new
variety of milo maize, 7078. Paul
planted seed directly from the Ex-
periment Station, and tilled the
land properly. Neighboring farm-
ers watched the experiment with
interest.

Although it was a dry year, Paul
thrashed 1500 pounds of maize per
acre. Surrounding farmers aver-
aged only eight to nine hundred
pounds. After harvest seed was
distributed to farmers of the area.
Paul did a fine job in introducing
a very profitable variety into the
county.

Johnny McGaughey was declar-
ed the County Leadership Winner,
and was presented a gold filled
medal of honor by E. F. Wilson.
Johnny has been a club reporter
and club secretary as well as a
president of his local club in Ben-
jamin.

Along with other members he
has given demonstrations on pro-
per hog feeding over the entire
county. Also he was a member of
the County Livestock Judging
Team, which won first place in the
county and second in District.
Johnny has shown outstanding abili-
ty in the field of leadership and
has set a worthy example for fu-
ture 4-Hers to follow.

More Activity Gets Going At A. A. Smith Well

It's liable to be an oil well after
all—that British American No. 1
A. A. Smith which folks began to
think was being abandoned. Ac-
tivity this week seems to be center-
ed in making a producer of it.

The well was "doctored" during
the week end with an additional
10,000 gallons of acid. Unofficial
reports were that she spouted oil
again as the "head" was taken off
in preparing to acidize. Oil spout-
ed all over the place before they
could shut her down again.

Since acidizing, swabbing had
been under way for several days,
but Wednesday it was reported
they were "placing the sucker
rod" to determine strength of the
well. Latest swabbing operations
showed oil with very little water.
Soon they'll know, but estimates
are that the well will produce
around 50 barrels daily. The show-
ing is in the top Caddo.

BIRTH ANNOUNCEMENT

Mr. and Mrs. M. L. Sharpless of
Fort Worth are the proud parents
of a daughter, Linda Sue, who
made her arrival on Thursday,
June 24. Mrs. Sharpless is the
former Miss Mary Helen Waters and
is the granddaughter of Mrs. R. L.
Brownfield of Fort Worth, former
Munday resident.

Fog Machine Due To Arrive In Few Days

Ordinance Passed To Govern Garbage Disposal Plan

Coming as a result of an all-day
meeting of the City Council and
members of the Community Devel-
opment Association, and as a re-
sult of a petition being presented
the City Council signed by many
local people, a move has been
completed to purchase a spraying
machine for Munday and for in-
augerating the proposed garbage
disposal plan.

Expense of these two moves for
the betterment of Munday will be
met through increased water rates
within the town.

This method was deemed by the
Community Development Associa-
tion and the City Council as the
most equitable way to finance
these two projects.

In the residential districts on
one-family meters, the increase
will be \$1.00 per month on the
minimum rate, making the mini-
mum water and sewer rate at
\$4.50 instead of the present \$3.50.
For down-town stores, cafes,
hotels, etc., the increase will be
on a sliding scale up to \$3.00 per
month depending on the amount of
garbage, tin cans, etc., to be dis-
posed of.

The cost of the fog machine
which is being purchased is \$2,000,
and the expense of spraying the
town will run around \$50 for each
spraying, it was stated. The
machine is due to arrive this week,
with Munday getting its first
spraying "on its own" by the latter
part of this week or the first of
next week.

Cost of the garbage disposal
plan, which will be placed in oper-
ation soon, will run in the neigh-
borhood of \$350.00 per month, ac-
cording to officials, and the in-
creased water rate will increase
the revenue around \$500.00 per
month. This additional revenue
will be used for the purchases of
the fog machine, D.D.T. for spray-
ing, and for entering into a con-
tract for garbage removal in both
the business and residential dis-
tricts.

Local health officials, including
Munday's doctors, have long advo-
cated such a move, expressing
themselves as being very anxious
that such a move be made from a
sanitary standpoint and to keep
down the increasing threat of an
epidemic of polio. The move was
started from their insistence that
something be done, as well as from
ever-increasing requests from
Munday's citizens.

Information will appear in the
Times as to how to prepare trash
and garbage for collection by
proper sanitary ordinance, with
penalties, which must be complied
with.

Many Firms To Observe Monday As July 4 Holiday

Indications this week are that
many Munday business houses will
be closed Monday, July 5, in ob-
servance of Independence Day,
July 4, which falls on Sunday.

In a meeting of directors of the
Community Development Associa-
tion last Monday night, the follow-
ing resolution was passed:
"Monday, July 5, has been desig-
nated as a holiday in Munday,
inasmuch as July 4th falls on Sun-
day this year. The Community De-
velopment Association requests
that all business houses that pos-
sibly can close in observance of
this day."

Lockney Couple In Car Accident

Mr. and Mrs. J. L. Dagley of
Lockney were in a car accident
eight miles west of Benjamin at
8:30 p. m. Thursday of last week.
Both were taken to the Knox co-
unty hospital, where they are re-
ported to be doing as well as can
be expected.
Mrs. Dagley is a sister of E. V.
Shackelford of Goree. Mr. Dagley
is president of the Old Age As-
sistance Association of Texas.

Congress, March 2, 1879.

MUNDAY'S NEEDS FOR 1948

1. A modern and up-to-date high school building, to care for the present and future educational needs of our children.
2. A waterworks system that meets all requirements of health, sanitation and supply.
3. A street sweeper that will keep our pavement clean enough to be recognized as pavement.
4. A clean-up campaign of lasting effect; yes, one that extends even across the tracks.
5. Completion of our drainage and paving program, which will probably be accomplished this year.
6. More activity among our civic organizations, looking forward to, and planning for, a better Munday in the future.

GOODBYE, GAS

THE FRANTIC SEARCH FOR NEW oil reserves to keep the nation's motor vehicle supplied and take care of national defense needs is seriously handicapped by the steel shortage. Pipe is especially scarce, and many drillers are paying sky-high prices for what little they are able to corral.

Nevertheless, it was announced a few days ago that a new high-pressure natural gas pipeline costing \$140 million and using up a lot of steel, would be built from Texas oil fields into the eastern states.

For some time it had been rumored that some of the Texas gas being piped east was being used to re-pressure some of the broken-down fields of older oil-producing areas. Commenting on the new pipeline, the New York Times observes:

"The Appalachian and Midcontinent fields must be integrated for economic and military reasons . . . This means the depleted areas of the Appalachian field must become storage reservoirs for gas piped from the Midcontinent field. The Federal Power Commission is clearly right in insisting on the provision of storage at a time when the national security is foremost in the country's mind."

The Times then goes on to speak comforting words to coal miners, who have opposed the building of gas pipelines to the east. Never mind, the Times says, this natural gas won't last long enough to do any real harm to the coal mining industry. "It is dead right here, at least," comments the Dallas Morning News.

Nobody in Texas, and particularly the legislature, seems excited about the ruthless draining off of the Texas natural gas supply to compete with coal elsewhere. When it's gone, every Texas industry and every Texas household using natural gas will be left holding the sack. This irreplaceable natural resource is going away from Texas without even the comfort of knowing that it has first been made to yield an adequate tax return.

Using Texas gas to re-pressure dead oil fields to compete with Texas petroleum is adding insult to injury.—San Angelo Standard.

What has become of all the disaster that was to befall this country when the national debt got three-quarters of its present size?

There is a very narrow margin between keeping your chin up and sticking your neck out.

DON'T BLAME PROFITS

A short time ago a survey was made of the way families are attempting to meet current living costs. Heavy majorities reported that they were buying only necessities, doing without things, and trying to make food and clothing go farther. They also reported, generally speaking, that it was necessary to spend a higher proportion of their income for food.

This is the inevitable consequence of an inflation which has not yet spent its course. Some groups have managed to increase their earnings sufficiently to offset price increases. Some have bettered their positions. Millions of people, on the other hand, have been forced to steadily reduce their purchasing, and there is no relief in sight.

It is easy and perhaps natural to blame business for creating this problem. From various quarters, we hear ominous talk of the size of industrial profits. Retail stores have been picketed by people with angry banners protesting the going prices of food, clothing and just about everything else. Natural or not, this attitude is based on serious misconceptions. For the truth is that the net profits of industry, the money which can be retained by the owners of the tools—millions of investors who have put their savings in industry—are one of the smallest items in the cost of doing business. And surveys of retail trade, show that most stores earn a profit of only one to five or six cents, according to type of goods sold, out of each dollar they take in. Certainly, there is no margin there that will permit price cutting.

Business of all kinds is as worried about high prices as any consumer. It knows that mass production and mass distribution cannot survive if people cannot afford to buy. Prices have gone up in spite of its efforts to hold them down.

COURAGEOUS OPPOSITION

Twelve labor leaders could bring this nation to a standstill "in just half an hour," said Cecil B. DeMille, motion picture producer, in testifying before the House Labor Committee, which is reviewing labor laws. He urged laws guaranteeing "the right to work." He is the central figure in a four-year-old dispute with the union over his refusal to pay a one dollar political assessment for which he was suspended by the American Federation of Radio Artists. Since then, Mr. DeMille has not been allowed to work on the air for any employer.

In testifying before the Committee, the witness said: "We have seen the danger to the right to work from employers, but the unions have now broken that, and . . . the pendulum has swung the other way . . . the unions have gone too far."

Mr. DeMille urged the Committee to consider a law declaring a "fundamental right to work," and stated a Constitutional amendment might be necessary to guarantee it. He blamed both labor and management for "battering" at man's right to work when and where he pleased. "A Federal right-to-work law backed up by stiff criminal penalties and substantial civil damages would go far to clarify the just limits of the right to strike and discourage use of goon tactics on American citizens who want to exercise their right to work."

The Veterans Administration has inaugurated a comprehensive follow-up program designed to enhance and prolong the efforts of hospital treatment among the thousands of veterans suffering from tuberculosis.

More than 13,000 veterans suffering from tuberculosis now are under the care of VA. A total of 80,763 veterans are receiving compensation or pensions for tuberculosis.

Cooperating in the program are all of VA's 126 hospitals and 70 regional offices.

VA's follow-up program is designed to discover relapses among tuberculosis sufferers early so that further treatment may be instituted promptly.

It further is designed to help prevent advanced disease and thus contribute toward the safeguarding of others through the control of communicable tuberculosis.

Seventy national and state organizations now are authorized to present and prosecute claims against the Veterans Administration in behalf of veterans and their dependents.

They have been recognized by the Administrator of Veterans Affairs under section 200, Public Law 844, 74th Congress. Under the law, organizations' representatives may not charge for services rendered.

VA generally may recognize only state or governmental services, or organizations granted a charter or recognition by an act of Congress.

Questions And Answers
Q. My brother was blinded while in service during World War II. Is he entitled to anything to help him overcome his handicap?
A. A blind veteran entitled to compensation for a service-connected disability may receive, at Government expense, a guide dog and various other devices necessary to assist him overcome his handicap.

Q. If I go to a private physician to determine whether I need hospital treatment or domiciliary care, will the government pay the cost of the examination?
A. The Government will pay the cost of examinations by private physician only if Veterans Administration has given the physician prior authority for such examination.

Q. How much time do I have in which to complete my education under the provisions of the G I Bill?
A. Your education, under benefits provided in the Servicemen's Readjustment Act (GI Bill) must be completed 9 years after July 25, 1947.

Q. What is the maximum period of training a disabled veteran may receive under the provisions of the Vocational Rehabilitation Act?
A. Four years is the maximum, but Veterans Administration may extend the time if factors in any case warrant an additional period for the rehabilitation of the disabled veteran.

Mr. and Mrs. Donald Jolly of Fort Worth, Mrs. Blanch Calhoun of Amarillo and Mr. and Mrs. W. O. Jolly and Shirley of Abilene were guests in the home of Mr. and Mrs. Lee Haymes over the week end.

From where I sit . . . by Joe Marsh

Pampered Farmers

If the folks in our town were less tolerant, they'd be really burned up over that nationally circulated article on "pampered farmers," describing them as living off the fat of the land.

From where I sit the farmer is anything but "pampered." If he's better off today than twenty years ago it's because he's worked hard to improve the quality and quantity of his production.

Take Bert Childers, for example. Bert is up at four in the morning, to get the milking finished—and

ploughing or harvesting, depending on the season, until sundown. In the evening he finally relaxes with the missus over a moderate glass of beer.

And the farmer today's not only temperate in his habits, like Bert's evening glass of beer . . . but tolerant in his opinions. So he'll probably say of that article, "somebody got the facts wrong," and just let it go at that.

Joe Marsh

Youth Program Would Help To Curb Juvenile Delinquency In This Area

(By Duck Bee Bee)

In the past few years we have heard a lot about juvenile delinquency and that we should do something to try to help control it. So often we hear that before it can be controlled, we must work with the parents of children.

In years past, I have worked with youth and tried to work with parents in different types of youth organizations. When talking with fathers of children and trying to get them to help with the

work, I have tried to get them to lend a helping hand in work they are particularly adapted to. I usually got the answer that "they were just too busy and didn't have time to leave their business or work" to give an hour or two a week to help promote a program which would be of great benefit to their children.

They had rather let John or Dick do it; and yet, these are the very men who would benefit most if that particular program made a success. They are the ones who have time to run out to the golf course and spend the afternoon, or go spend the evening with Sallie and Tommie playing bridge on the nights the youth meetings are to be held. Many of them never know where Little George is from 8 to 12 p. m.

Yet I have heard these same men sit around and say the youth is going to the dogs. If all parents would get behind some type of youth work that Little George likes and would like to attend, and Father would show some interest, we parents would be surprised to see the difference it will make with George.

There is no boy who does not like to be with Dad, and do things with that Dad of his. If Dad would only give him a little help and show an interest in him, there is no end to the accomplishments which George will attain. There is no end to the enjoyment and pride Father will have because he had helped George to grow and develop his interests in the right direction in order to make these ac-

complishments, and here is the boy that very seldom, if ever, is known to the Juvenile Courts.

The youth of today is growing up in a much faster old world than when we parents came through the adolescent stage of life. We parents must keep up with this fast pace if we are to be guideposts to our youth. If we continue to set back and say "I think the program is fine, but you go ahead for I don't know much about it" and "I'm afraid I couldn't be of much help to you" and besides "I don't have the time" and "When I get in from work at night I'm just too tired to do anything" then some of us are going to be mighty disappointed in the outcome of our children. Too, I'll lay you odds that our juvenile problem will continue to grow.

I know of no better way of parents to help with this than to read and study and put into practice the following, which was taken from an article entitled "Our Rejected Children" by Albert Deutch, and published in the July, 1948, issue of Woman's Home Companion: "How can parents help prevent juvenile delinquency? First, by making a good home for their children. How can they make a good home? What formula can they follow? The committee on Home Responsibility of the National Conference of Juvenile Delinquency is on record with the 14-point definition:

A good home for children may be a one-room apartment, a trailer or a twelve-room house, but it is a good home for a child if . . .

1. He is loved and wanted—and knows it.
2. He is helped to grow up by not having too much or too little done for him.
3. He has some time and some space of his own.
4. He is a part of the family, has fun with the family, and belongs.
5. His early mistakes and "badness" are understood as a normal part of growing up; he is corrected without being hurt, shamed or confused.
6. His growing skills—walking, talking, reading, making things—are enjoyed and respected.
7. He plans with the family and is given real ways to help and feel needed throughout childhood.
8. He has freedom that fits his age and his needs; he has responsibilities that fit his age, abilities and freedom.
9. He can say what he feels and talk things out with out being afraid of ashamed; he can learn through mistakes as well as success, and his parents appreciate his successes rather than dwell upon his failures.
10. As he grows older, he knows his parents are doing the best they can; they know the same about him.
11. He feels his parents care as much about him as they do his

Murray Seeks Aid For Butane Users

Railroad Commissioner William J. (Bill) Murray, above, is pleading in Washington for larger allocations of steel with which to prevent another butane shortage next winter.

Testifying before a joint meeting of the U.S. Senate's Small Business Committee and the steel industry's advisory council, Murray, a graduate petroleum engineer, said "People in Texas will be cold again next winter unless we get more steel with which to store butane during summer months."

Murray's appearance before the steel-use conference last week was in answer to an urgent invitation for Texas representation at the hearing sent to Gov. Jester by Sen. Kenneth Wherry, senate committee chairman.

brothers and sisters.

12. The family sticks together, and the members help one another.
13. He is moderately and consistently from infancy, his limits set for his behavior and is helped to take increasing responsibility for his own actions.
14. He has something to believe in and work for, because his parents have lived their ideals and religious faith.

CAMERON'S

Evolution of a Tire

Firestone's new Super-Balloon tire is displayed with two of its historic predecessors by Lee R. Jackson, President of The Firestone Tire & Rubber Company. At the left is an early straight-side tire in which Firestone featured the first all non-skid tread. In the center is the balloon tire of the 1920's, first developed by Firestone. And, at the right, is the new Super-Balloon tire of 1948 which offers motorists more comfort and greater safety than any other tire development since the introduction of the original balloon tire.

The Meaning of Peace

(By Maud Isbell)
Peace is the result of Christian temper; it is the kindness which our religion does for us, bringing us a settledness of mind and a consistency within ourselves.

It brings to us a state of tranquility; it brings quietness and order as guaranteed by the laws.

During times of peace, we have no hostilities with private, civil or foreign enemies, hence we dwell in harmony and have freedom from war.

When we are a peaceful people, we have no internal disturbances, and so we are more apt to live peaceable with all nations.

But, without peace in our hearts, we are lost; without peace in our homes, our lives are wretched, and without peace in the world, destruction is inevitable.

Shakespeare reminds us that peace is "of the nature of a conquest", for through peace, both parties are nobly subdued and neither party a loser—how wonderful that would be if we realized that in all human relationships.

Just here I may say that after all conquests we may not have peace, for often the strife leaves wounds that have not the right treatment, as it were, and we have left a festering sore that may become malignant, and the result of the conquest is worse than the trouble at its inception.

Petrarch names the five great enemies of peace as follows: avarice, ambition, envy, anger, and pride. Without these, we would enjoy perpetual peace.

How many of us have seen avarice rear its ugly head in our mid-

est; have seen ambition carry one past the portals of worship; have seen envy cause a great heart to shrivel and make bitter enemies, have seen anger wound when kindness would have made a lasting friend, and pride is ever before a fall.

Great things happen only in times of peace, for that is the natural, happy state of man.

In times of peace, art, music, poetry, and religion flourish, whereas war is mans corruption and disgrace.

That man is great indeed, who desires peace and all men love and to whom enmity is death for the victories of peace are no less renowned than those of war.

As individuals, we surely desire the love of our neighbors and feel the shadow cast by his unwillingness to dwell in peace with us.

In Isaiah 11, 4, we find this scripture that speaks of Universal peace: They shall beat their swords into ploughshares and their spears into pruning-hooks, nation shall not lift up sword against nation, neither shall they learn war any more.

While war clouds hang over our neighboring countries, and we yet have memories of the one before, we should look into our own lives and say, "How much will I be willing to do for peace?"

For a nation is as strong or as peaceful only as its people may be. When we as Christian peoples wake to the fact that strife is abroad, that the enemies of peace are battering at doors, we may go out like David, and win the world to peace.

Longfellow gave us this:

Down through the future, through long generations, The echoing sounds grow fainter, and then cease; And like a bell with solemn, sweet vibrations, I hear once more the voice of Christ say—"Peace"

LOCALS

Mr. and Mrs. Lester Mead and two children of Benton Harbor, Michigan and Mr. and Mrs. Anthony Masecaiz of Chicago, Illinois, have returned home after a week's visit here in the home of Mr. and Mrs. James Carden. Mr. and Mrs. Masecaiz are parents of Mrs. Carden and Mrs. Mead is her sister.

Mrs. James Carden and little daughter, Mary Ann, returned home last Sunday from the Knox County hospital.

Mr. and Mrs. A. C. Harper and daughter of Edinburg visited in the home of Mr. and Mrs. Wade Mahan the first of this week.

Mr. and Mrs. B. L. Blacklock spent the first of this week with relatives in Cisco and Ranger.

Mr. and Mrs. J. L. Hammett of Wink visited with Mr. and Mrs. G. B. Hammett and daughter, Marguerite, last Friday.

A. T. Iseng, Jr., son of Mr. and Mrs. A. T. Iseng, Sr. of Munday, who has been attending school at S. M. U. in Dallas since his discharge from the army, has accepted a position as postal clerk with the U. S. post office in Dallas.

WHAT NEXT?

What they won't think of next! This time it's a flour sack-apron combination. The National Cotton Council reports that the printed cotton flour sack is made so that a seam can be ripped out, and presto, the housewife has a fresh, new apron. She doesn't have to do a thing—even the strings at the corner of the bag turn into ties for the apron. Modeling the sack apron is pretty Rita Lynch of Little Rock, Ark.

Baylor Exes To Meet July 9 At Seymour

Waco—A round-up of Baylor ex-students of Northwest Texas will be held at Seymour, Texas, on Friday, July 9, Jack Dillard, executive secretary of the Baylor Ex-Students Association announced here today.

Dr. W. R. White, who was recently inaugurated as Baylor's ninth president, will make the principal address following a barbecue at 6:30 p. m. in the Municipal Park in Seymour.

The Baylor ex-students will be guests of Seymour alumni at the barbecue.

Horace K. Jackson of Gatesville, grand master of the Masonic Lodges of Texas and member of the Baylor board of trustees, and Dillard will also appear on the program.

Baylor ex-students who plan to attend the barbecue are requested to make reservations with Clyde Whiteside at Seymour.

A Seymour committee composed of Whiteside, W. A. Melear, Rev. J. R. Balch, O. H. Harrison, Judson Balch, O. C. Harrison, L. D. Jones, Jr., Mrs. Donald Dickson, Mrs. Henry Arledge, D. J. Balles, Sr., Mr. and Mrs. George Morris, S. B. Wallace, George Sims, Jr., and F. H. Bunkley is making arrangements for the meeting.

Miss Janie Spann and David C. Link attended the wedding of Miss Betty Smith and Dr. Charles Buey in Lamesa last Friday evening. Mrs. Buey and Miss Spann attended Texas Technological College together the past year.

Mr. and Mrs. M. C. Hallmark and children visited with relatives in Merkel and Abilene last Sunday.

ALLEN D. DABNEY
OF EASTLAND
FOR
Court of
Civil Appeals

Miss Martha Ann Reynolds, Miss Janie Haynie and Miss Janie Spann visited with Mr. and Mrs. Elvis Hutchinson in Knox City last Sunday.

Miss Martha Ann Reynolds returned to Wichita Falls last Monday after spending her two weeks vacation here with her parents Mr. and Mrs. W. E. Reynolds.

Judge Wm. Griffith of Benjamin was a business visitor here last Saturday.

Knox Prairie Philosopher Says He's In The Class With President And Congress; He's Worst Farmer

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek claims congress and the president have nothing on him, his letter this week reveals.

Dear editor:
I have been reading copy after copy of newspapers which have been turning up out here on Miller Creek with the regularity of a hand-shakin politician, and they have all been full of the argument over whether the present congress is the worst congress in history and whether Truman is the worst president in history. The president says the congress is the worst, congress says the president is the worse.

J. A.

Now I ain't goin to take sides in this matter, don't make no difference if my neighbor from across the creek says both of em is right, but I would like to say I can sympathize with both groups. For years I have been referred to by any number of people in this vicinity as the worst farmer in history, and I am proud to know this puts me up in the congressional and presidential class.

I don't know what all the requirements is for the worst president, worst congress, or worst farmer, but I have noticed a good many of the neighbors who have referred to me as the worst farmer ain't farmin here no more. Moved off, went to town, tried barberin or workin in a cannin factory or clerkin in a store. But I'm still here.

Farmin is easy when you do it from the front seat of a car while drivin along the road lookin out over the land and can point out this and that which ought to be done, looks like any dumb farmer would do it, but your perspective changes when you look at your farm from behind the steerin wheel of a tractor or the swishin tails of a pair of mules after a ten-hour grind and you realize if anything gets done you'll have to do it yourself and in my case you're already four or five years behind and feelin like if you can just make it through supper without fallin asleep you'll be doin pretty good.

At least that's what my neighbors say, as personally I discovered long ago ain't no farmer never gonna catch up and if you're gonna be behind anyway you might

as well be behind comfortably and in the shade and there ain't much sense goin to the field now to plow Johnson grass you should have plowed in 1918.

Me and Truman and congress may be the worst in history, but we ain't losin much sleep over it and there ain't no tellin, the next bunch may be worse'n we are. Ain't this the land of unlimited possibilities?

Yours faithfully,
J. A.

"F" And "G" Bonds Being Offered In Larger Amounts

Dallas—For the first 15 days in July certain types of investors will be permitted to buy a maximum of \$1,000,000 in U. S. Savings Bonds of the "F" and "G" series, Nathan Adams, chairman of the Treasury Department's advisory committee for Texas, announced today. Normally the limit is \$100,000 per year.

Mr. Adams said that he had received notification from Secretary Snyder of the Treasury Department that the following kinds of "institutional" investors would be eligible, providing their purchases are made between July 1 and July 15: insurance companies, savings banks, savings and loan associations, co-operative banks; pension and retirement funds, including those of federal, state and local governments; fraternal benefit associations, endowment funds, and credit unions.

"Series F and G savings bonds are especially suitable for investments by institutions," Mr. Adams said, "because they combine maximum safety with a comparatively high yield and are free from market fluctuations."

"To pension, retirement and endowment funds whose spendable incomes derive from interest on investments, the Series G bond has always been highly attractive because it draws 2 1/2 per cent in-

Vetch Proves Valued Crop For Soil Building

The Vetch Seed Testing Laboratory of the Texas Agricultural Experiment Station at A. & M. College is now operating, Dr. E. B. Reynolds, laboratory director announced today. Germination and purity tests are being run on seed from the crop now being harvested.

Vetch is one of the best and most widely grown legumes used in Texas for soil improvement. It furnishes protection against erosion, adds nitrogen and improves the physical condition of the soil. Production of high quality vetch seed has become an important source of farm income in the West Cross Timbers and adjacent farming areas.

An appropriation for experiments with vetch and seed testing was made available by the State Legislature at the request of individual vetch seed producers and grower organization, Dr. Reynolds said. Services of the laboratory will include germination and purity tests on seed produced by Texas growers.

Mr. and Mrs. Chester Bowden were visitors in Abilene last Sunday.

interest, payable semi-annually by Treasury check."

Methodist WSCS Enjoys Study Of Women's Work

The W. S. C. S. met at the First Methodist church June 21 for a study of World Federation of Methodist Women's Work. Mrs. D. E. Holder was leader of the program.

Mrs. J. C. Borden and Mrs. David Crockett gave interesting articles on federation. The highlight in this program was a report on the training school for colored people in Amarillo. This report was given by Mrs. Luvena Veal, who attended the school. Mrs. Veal displayed a lot of her work and was very enthused about the school. She thanked the members of the W. S. C. S. heartily for making it possible for her to go.

On June 28, the W. S. C. S. met at the church for a spiritual life program. Mrs. J. C. Rice was leader and gave the devotional.

Mrs. W. R. Rodgers discussed spiritual conditions in America and Mrs. W. G. Barr talked on Missions in China. The program was very interesting and a number of ladies were present to enjoy it.

We will meet only once each month the rest of the summer.

Mrs. Lloyd Waldron and family of Mobile, Ala., and her mother, Mrs. Peavy of Woodson, spent several days during the week with J. F. Waldron and with other relatives here.

Carla Mae Booe Honored At Party On Her Birthday

Miss Carla Mae Booe was honored with a birthday party on Friday, June 25, at the home of her parents, Mr. and Mrs. Carl Booe. The children played several enjoyable games. After the gifts were opened, refreshments of ice cream and cake were served to the following:

Tommy Ruth Harlan, Patricia Ann Jacobs, Lee Ann and Judy Green, Gerri Marie and Judy Boggs, Wynona Ford, Anita and Maurice Tidwell, Marilyn Searcey, Elouise and Jean Gesham, Mike and Jerry Meers, Edward Melton, Robert Wayne Elliott, Jerry Gaines, and the honoree.

Herbert Stodghill, Catherine Rodgers Marry In Goree

On Wednesday, June 23, at 7:15 p. m., Miss Catherine Rodgers became the bride of Herbert Stodghill in the parsonage of the First Baptist Church in Goree with the Rev. S. E. Stevenson, officiating the double ring ceremony.

The bride wore a gray linen suit with red accessories and had a red carnation corsage. For something old, she carried a handkerchief belonging to her mother. Her costume was new, and as something

PARS THE COURSE!

Some gentlemen golfers may not be able to keep their eyes on the ball when this attractive young lady tees off. The striking brunette wears a golf dress done by Mayflower in cotton chambray. She's equally at home on the links or on a shopping spree downtown in the versatile shirtwaist style cotton.

borrowed, she wore a watch belonging to a cousin. The brides only attendant was a cousin, Miss Mary Poe of Munday. She wore an aqua linen dress with black accessories.

Mrs. Stodghill is the daughter of Mr. and Mrs. C. R. Rodgers of Goree, and the groom is the son of Mrs. Lucille Stodghill and J. L. Stodghill of Munday.

The bride is a graduate of the Bonmarton high school with the class of 1946 and has been employed by the Eiland Drug Store until a short time ago.

The groom is a graduate of the Munday high school with the class of 1945. He has been associated with his father in the tractor and implement business.

Both Mr. and Mrs. Stodghill are well known among the younger and older set.

The couple plan to make their home in Munday, where Mr. Stodghill will continue to work with the Ford house.

Mrs. John Lindsey Is Honored With Surprise Dinner

Mrs. John Lindsey, who suffered a stroke on February 9, was honored by relatives on June 22 when they gathered in her home for a surprise covered dish dinner. An enjoyable day was spent by those present, and pictures were taken during the afternoon.

Those attending were: Mrs. Zen Moon of Paducah, Mrs. Lucille Anderson of Houston, Mrs. Newman Jones of Anson, Mr. and Mrs. J. R. Shipp of Lubbock, Mrs. Clyde H. Jones of Post, Mrs. W. T. Lindsey, Mrs. Ebb Watts, Mrs. Sallie Holloway, Mrs. R. B. Moss, Mrs. Viola Bennett, Mrs. J. W. Black and son, Darrell, all of Stamford, and Mrs. Troy Lindsey and Jerry of Munday.

Mr. and Mrs. Gene W. Harrell and daughter, Natalie, visited with relatives in Stillwater, Oklahoma, over the week end. They were accompanied by Stillwater by Gene's grandmother, Mrs. Ida Davis, who has been visiting in Wichita Falls.

Miss Mary Poe spent last week end with her parents, Mr. and Mrs. Lonzo Poe of O'Brien.

Mr. and Mrs. Elton Wyatt and children of Abilene visited in the Lee Haynes home last Saturday.

Felton Raynes And Frances Yost Are United In Church Rites Monday Evening

Miss Tommie Frances Yost, daughter of Mr. and Mrs. Virgil Yost of the Sunset Community, became the bride of Felton Raynes, son of Mr. and Mrs. M. L. Raynes of Munday at eight o'clock Monday, June 28th, in a very impressive double ring ceremony, performed in the First Baptist Church in Munday. The Rev. Max Copeland of Hardin-Simmons University, Abilene officiated.

For the exchange of wedding vows, the couple stood before an altar just behind an archway decorated with crepe myrtle and greenery with large baskets of white gladiolas on either side flanked by lighted tapers in branched candelabras.

Misses Tommie Ruth Harlan and Nell Beecher were candle lighters. Flower girl was little Miss Phillis Yost attired in a white organdy dress with blue sash, and ring bearer was David Harlan.

Mrs. Max Carpenter of Knox City sang "Always" and "Because", accompanied by Mrs. Victor Pyatt of Knox City, at the piano, who also played the traditional wedding march and played softly during the ceremony.

The bride, given in marriage by her father, was attractively dressed in a white satin floor length gown with yoke of net and fitted bodice with long sleeves which came to a point at the wrist. The full length veil of white net was fastened to the fitted cap by tiny blue satin ribbons. She carried white carnations atop a white Bible with a shower of white satin streamers, spring flowers and fern.

The bride wore the traditional something old, something new, something borrowed, and something blue. For something old, she wore a wedding band belonging to her mother's great grandmother. Her costume made up the some-

thing new. For something borrowed, the bride carried a white Bible belonging to Joyce Beecher of Goree. And as something blue, she wore the tiny blue satin ribbons on the headress of her veil. The bride also wore the six-pence in her shoe, given her by her great aunt, Mrs. Ana Thiebaud of Goree. Her only jewelry was a string of pearls, a gift of the groom.

Attending the bride as matron of honor was Mrs. Earl Tayntor, sister of the groom. She wore a blue net gown with a corsage of white carnations and a headdress of red roses. Miss Betty Yost, cousin of the bride, served as bridesmaid. She was attired in a blue chiffon gown with white carnation corsage and a headdress of yellow spring flowers.

Attending the groom as best man was his uncle, Bruce Edwards of Weinert. Ushers were Elbert Owens and Dick Thirwanger also of Weinert.

The brides mother wore a flay blue dress of peek-a-boo mesh with white accessories and a white carnation corsage. And the groom's mother was attired in a black bemberg with green accessories and a corsage of white carnations.

After the wedding ceremony, a reception was held in the home of the brides parents. Guests were greeted at the door by Mrs. Virgil Yost, mother of the bride and in turn greeted the newly weds. The guests were served from a table covered with a lace cloth over a pink cloth and beautifully decorated with pink and white carnations and large white candles. The first of the three tiered wedding cake, with miniature bride and groom atop it decorated with pink roses was the inscription "Tommie and Felton", was cut by the bride and groom. Mrs. Loy Dutton of Lubbock, aunt of the bride, presided at the punch bowl while Mrs. Earl Tayntor, served the cake. Miss

Telephone 182

Betty Yost secured names for the brides book. After being served, the guests were shown to the bedroom where the many lovely gifts were on display. The room was decorated with baskets of white gladiolas.

Following the reception, the bride and groom departed for a wedding trip to Colorado. For a going away frock, the bride wore a haze-gray linen dress of Kara Kool by Dora with white accessories.

The couple plan to establish residence in Munday where Mr. Raynes is employed by his father in the Piggly Wiggly Grocery.

Out-of-town guests to attend the wedding were: Mr. and Mrs. Loy Dutton and Mrs. Jeff Morgan of Lubbock; Mr. and Mrs. Ernest Chifton of Haskell; Lila Jo and Beth Beecher of Shallowater; Mr. and Mrs. H. A. Gentry and daughters, Seymour; Brooks Thiebaud, Ray Harland, Mr. and Mrs. Mason Harland and family and Mr. and

Mrs. Pete Beecher and family, all of Goree. Mrs. C. W. Boyles and sons of Bisbee, Arizona and Mr. and Mrs. Jack Bartell of O'Brien. A number of friends and relatives were present from Weinert and surrounding communities.

HERE FROM CORPUS

Mr. and Mrs. J. W. Roberts of Corpus Christi spent several days here over the week end, visiting with friends and with relatives in Haskell. They came by way of Dallas, where they visited their daughter and family, Mr. and Mrs. A. C. Prendergast and children.

Mr. and Mrs. D. C. Swindle and family of Alpine, Texas, spent the week end with relatives and friends here.

Mr. and Mrs. A. M. King of Abilene and Mrs. O. G. King of California spent last Sunday in the home of Mr. and Mrs. Joe Bailey King.

Home Ec Teachers Go To Conference Held Recently In Minneapolis, Minn.

The "land of 10,000 Lakes" was visited by Miss Irene Havran, Weimer Home Economics teacher, daughter of Mr. and Mrs. Adolph Havran, Route 1, Knox City, Mo., accompanied by Miss Jamie L. Anders, Rochester Home Economics teacher. They attended the American Home Economics Association annual meeting from June 21 to 24 in Minneapolis, Minnesota.

A well planned, high quality program representing all phases of home economics—education, business, homemaking, social service, extension, and every other—was presented to those attending.

Miss Havran and Miss Anders made the tour of the fascinating business center which was helped to make Minneapolis queen of the lake region. Following this tour they attended a reception at the Radisson Hotel, where they met the officers of the thirty-ninth annual meeting of the AHES.

This was only one of the tours made by the home economics teachers. Others made were to St. Paul, Minneapolis's twin city, the

week end visiting relatives and friends of Turkey, Texas. Mr. and Mrs. Kenneth Jefferies and family of Matador, were visitors in the home of Mr. and Mrs. Jim Jefferies, Sunday.

Mr. and Mrs. John Dutton of Knox City visited in the home of Mrs. W. A. Barnett and family Sunday of this week.

Mrs. Jack Coy and daughters, Frankie Lee and Linda Kay, of Abilene are visiting this week in the home of Mr. and Mrs. Frank Hill. Mrs. Coy is the daughter of Mr. and Mrs. Hill. Mr. and Mrs. Cecil McGraw and Mr. Jack Coy, all of Abilene were visitors in the Frank Hill home over the week end. Mrs. McGraw is also daughter of Mr. and Mrs. Hill.

Mr. M. D. M. Gaughey, Knox County School Superintendent, was in Austin the first part of the week on business.

Mrs. P. W. Laird was in Jackboro Tuesday of this week to attend the funeral of Corp. Dan Sewell, son of Mr. and Mrs. H. B. Sewell of Jackboro, who was a member of the "Lost Battalion" from Texas, captured on Java and died in September 1943. He was buried with military honors after services at the Memorial Christian Church.

Bob Burton of Knox City was in Benjamin visiting with friends Tuesday of this week.

Mrs. M. L. Swainer and children of Jenkins were visitors in the home of Mrs. Myrtle Meinzer and family the past week. Mrs. Swainer is a daughter of Mrs. Meinzer.

Helen, Evelyn and Sharon Harrison, daughters of Mrs. M. H. Logan, spent the past week visiting with Mr. and Mrs. W. H. Wampler and Mr. and Mrs. Irvin Wampler and family, all of Ralls. Mr. and Mrs. Irvin Wampler and family visited in the home of Mr. and Mrs. Logan and family during the past week end.

Mrs. J. H. Redwine, Mr. and Mrs. Ed Earl Brown and small son

and Mr. and Mrs. J. D. Redwine and son, James were in Cisco Monday of this week attending the funeral of Mrs. J. H. Redwine's father, Mr. Bill.

Visitors in the home of Mr. and Mrs. Charlie Macpherson this week are Mrs. Dew Beatty Smith, of Atlanta, Georgia; Mrs. Emmye Kirkpatrick of Galveston and her son, Eugene Kirkpatrick of Houston who is attending Medical school and Mrs. Vernon Brewer and son of Tahoka.

Believe it or not, the girl wearing this glamorous cotton chambray dress is starring in a picture named "Valdigger." She is lovely Janis Paige, popular Warner Brothers star. The National Cotton Council says the strapless cotton formal has a bodice of silvery, changeable tulle with the full, floor-length skirt of maroon and white tulle.

Opening ceremonies of the \$2,000,000 Burrus Feed Mills plant—one of the largest feed mills in the world—will be climaxed July 22 at Fort Worth when Governor Beauford Jester of the Lone Star State (upper right) presses the button which will set the machinery into operation. Wiley Akins (upper left) manager of Burrus Feed Mills will be host to the leading business men of 12 Southwestern and Southeastern states and to outstanding citizens of a dozen Latin American lands where Texo feeds are sold.

Of special interest was the fashion style show presented by Doris Miller, a leading stylist from New York who has just returned from Paris the day before the show, bringing with her the newest fashions that will be on the market this fall. Another leading stylist attending was Nellie Don.

The week was of great educational value to all attending the AHEA Convention as well as a stimulant toward higher ideals in the field of home economics.

Miss Havran and Miss Anders have been asked to speak at the State Meeting of Homemaking teachers to be held in San Antonio in August, reporting to the group on the various phases of the program presented at the AHEA Convention in Minneapolis.

Mr. and Mrs. E. J. Patton and children of Salome, Arizona, are here for an extended visit with Mr. and Mrs. R. D. Perdue and other relatives and friends in Goree.

C. S. Ameen of Lubbock visited with Geo. Salem last Sunday.

Mrs. Leonard Pedneau and two children of Pasadena spent the week end here, visiting with Mr. and Mrs. J. W. Massey. Mrs. Pedneau and Mrs. Massey are sisters.

Mr. and Mrs. Skeet Norrett of

Lamesa were visitors here last Tuesday.

Mr. and Mrs. Karl Harbin and children have returned to their home in Abilene after several days' visit here with Mrs. Tom Wood and other relatives.

For quick results, use a Munday Times classified ad.

CARD OF THANKS

I take this means of expressing my sincere thanks for every kindness extended me and my family during my operation and stay in the hospital. The many cards and visitors, and your help in taking care of the children, is greatly appreciated. We thank you sincerely, and pray God's blessings on you all.

Mrs. John Lambeth, 174.

MUNDAY LOCKER PLANT

Declaration of Independence!

He's on his own. It's a wonderful feeling. He can go places now. And he'll keep on going places all his life—as long as he keeps his sense of independence.

That's America's richest resource—not forest, field or mine, but the spirit of her people. Ambition, energy, self-reliance are the reasons why individuals—and industries—grow great from small beginnings.

Take the electric industry—this company, for example. A few practical dreamers opened up an "electric frontier" when in 1915 they strung the first transmission power lines in West

Texas. People of faith and vision risked their savings. Other folks combined skill and hard work to produce better and better service—at lower and lower costs—creating more and more jobs—and carrying the benefits of electric living to more and more West Texans.

That's the American way of progress. Free enterprise, vision, and hard work. They are what built America and the American way of life, which is the highest standard of living in the world.

No nation has ever found a satisfactory substitute for that combination. No nation ever will.

FOR SALE—4-room house in fair condition. See Hersehel Thomas, Bomarton. House located in Bomarton. 1tp.

Weekly Health LETTER

Issued by Dr. Geo. W. Cox
M. D., State Health Officer of Texas

Austin—An increase of more than 18 per cent in Texas cancer deaths during the five years between 1943 and 1947 has been announced by Dr. Geo. W. Cox, State Health Officer.

Texas mortality tables compiled by the Texas State Department of Health show 1943 cancer deaths at 5,567, as compared to 6,770 for 1947.

"The greater part of this tremendous increase in cancer deaths is attributable to needless delay in seeking treatment, once a person has reason to suspect he has a cancerous growth," Dr. Cox said. He added his belief that advertising of patent medicines and so-called cancer quacks puts dangerous and misleading information before the public, thereby adding to the cancer mortality rate. This is because people are lulled by such propaganda and do not receive proper diagnosis and treatment until too late.

Dr. Cox said that almost two-thirds of all cancer cases rely on surgery to remove the cancerous tissue, while the other third may respond to X-ray or radium treatment.

"These three methods are the only means of which the disease can be treated," he said. "Self-medication, serums, colored lights, pastes, and diets are absolutely useless."

The Health Officer pointed out that the greatest defense against cancer is an early diagnosis and competent treatment by a reputable physician. He urged special attention to any unnatural bleeding from any body opening, lumps in the breast, and skin sores which fail to heal normally.

BOYCE HOUSE

Gives You Texas

Like everything else, oil rushes these days are "streamlined." One of the "hottest spots" on the map of Texas today centers around Eastland.

You can walk out of the Connelley Hotel lobby, step into a car and, in a few minutes, glide over a paved road to the northwest part of the county where old wells of the big boom of 30 years ago are being deepened to a new pay or you can drive over a modern road in the other direction to the southeastern part of the county where there are some two dozen wells in the new Kirk pool.

How different to the travel conditions in the Eastland County rush of 1918-20! Roads were blinding with dust or deep in mud and traffic moved along at a snail's pace much of the time because of the long lines of wagons loaded

with pipe.

In those days, Jess Willard was the world's heavyweight champion. He and Frank Day who is still active in the oil business in Eastland were partners. They set out to drive to one of their wells and me: a wagon that would not pull over and give them part of the road so Day, who was driving the car, slightly side-swiped a mule.

With a bellow, the teamster and his two husky companions piled off the wagon. Willard and Day likewise alighted. Day was a powerful man—200 pounds of brawn and sinew—but the gigantic Willard waved him back and advanced to fight all three, single-handed. Willard was "much of a man"—six foot, four and 240 lbs. Suddenly, the leader of the trio stopped and asked, "Ain't you Jess Willard?"

"Yes."

The other exclaimed, "Good heavens, boys, it's the world's champion!" And they jumped back on the wagon and pulled clear into the ditch.

Gone now are the alternate mud and dust, when it sometimes took eight hours to travel 30 miles. The oil rush in Eastland County today is streamlined.

IT PAYS TO ADVERTISE

People, Spots In The News

FASTER THAN SPEED OF SOUND, this is the XS-1, the U.S. Air Force's rocket-driven plane which exceeded 660 miles per hour at Muroc, Calif.

BABE RUTH wore No. 3 for the last time recently in a ceremony observing the 25th anniversary of Yankee Stadium. Babe's uniform will be hung in Baseball's Hall of Fame at Cooperstown, N. Y., and the No. 3 will never again be worn by a Yankee player.

TRIPLE CROWN winner, Citation, romps home six lengths to the good in the \$100,000 Belmont Stakes.

CHICKEN-OF-TOMORROW earned a hearty vote of approval from Senator John Williams of Del., Willis Robertson of Va., and Herbert O'Connor of Md. (l to r), in the Senate cafeteria. The senators were served special meat-type birds like those competing for \$7,000 in prizes offered by A & P Food Stores in 1948 Chicken-of-Tomorrow Contest.

Renew 4-H Meat Animal Program For 19th Year

For the 19th consecutive year, the National 4-H Meat Animal awards program is being continued in Texas under the direction of the Extension Service.

Since the program's inception, 1554 4-H Club members in this state have received county medals of honor for superior records of achievement in meat animal projects.

The program is designed to encourage 4-H'ers to learn the part played by meat animals in the utilization of products of the soil; how to protect them against diseases and parasites, and how to handle and to market without injury.

As heretofore, the state winner gets a 17-jewel gold watch provided by Thomas E. Wilson, of Chicago. Eight state winners selected for sectional honors will each receive a Chicago 4-H Club Congress trip. Four of the sectional winners will be named national champions;

each will get a \$200.00 college scholarship.

Last year's state winner in Texas was Howard Altenhof of New Braunfels, who went on to win sectional and national honors. He is the state's seventh national winner in this program.

There were 127 county medal winners in Texas last year. County Extension Agent Max Carpenter will furnish complete information regarding this program.

Mrs. Oscar Spann, Janie, Bera Faye and Geroge, and Mrs. S. A. Bowden and Mrs. Erin McGraw were business visitors in Wichita Falls last Wednesday.

Mr. and Mrs. Wallace Reid and son, Jimmy, returned home last Saturday from Colorado Springs, Colo., and Eagle Nest Lake, New Mexico, where they spent a few days vacationing.

Mrs. J. A. Marable and son, Opal Dion and Deanne Melton of Plainview spent the week end in the home of Mr. and Mrs. Harper Cooksey.

Mrs. Clayton Wren and her mother, Mrs. Mary D. Sherill, visited friends and relatives in Merkel, Texas the first of the week.

Mr. and Mrs. A. A. Reagan left Friday on return to their home in Westbury, Long Island, N. Y., after spending their vacation with Mr. Reagan's parents, Mr. and Mrs. C. A. Reagan of Vera, and with other relatives and friends.

The Plow of the Past REVOLUTIONIZED for TODAY!

The chisel-type cultivation of the Jeffrey "Soil Control Cultivator" is not new! In fact, the first plows of this type were made over 3,000 years ago by the Egyptians for farming along the Nile River. They used a sharpened stick, while in the Jeffrey machine, silicamanganese steel is required to stand present-day speeds and uses. Down through the ages many plows have been used and discarded, but the chisel-type plow has proved to have less draft, control erosion, and conserve moisture more effectively than any other plow invented!

- ★ Plows and cultivates the natural way. ★ Conserves the moisture. ★ Prevents blowing. ★ Stops erosion. ★ Cuts plowing cost in half. ★ Constructed to last a lifetime. ★ Pre-war prices. ★ Made in 4 sizes to fit your power: 7 ft. - 10 ft. - 13 ft. - 16 ft.

Hughes-Dayton Imp. Co.

Texas Leaders Plan Visit To Cowboy Reunion

When Texas Cowboy Reunion members meet at the 18th annual Texas Cowboy Reunion in Stamford, July 2, 3 and 5, there will be many distinguished guests and members on its roster. Ernest O. Tompkins, Bill Murray and Olin Culbertson, Texas Railroad Commissioners, will be among the guests at the annual affair.

The Texas Cowboy Reunion Association was first organized at the original Texas Cowboy Reunion June 28, 1930, and is now incorporated. It is the largest cowboy organization in the world, and membership is made up of cowboys required to be fifty years of age or over, and to have been actual cowboys for 10 to 15 years prior to registration. Its roll at one time listed fifteen hundred fifty. Widows of deceased members have the right to succeed to the membership of their husbands, and many take advantage of that privilege. Several of them have served on the Board of Directors. Many distinguished ranchers, colorful trail drivers, authors, artists and professional men who rode the range for years, have graced the Texas Cowboy Reunion rolls.

Tex Moore, official Texas cowboy artist, now a resident of Wichita, Kansas, will return for this year's reunion. From Los Angeles, California, will come Frank King, cowhand author, and

ranch editor of Western Livestock Journal, 8114 Holder, California rancher, will accompany Mr. King.

The organization was among the first to revive the square dance, schottische, heel and toe polka, new shoes, and other old time dances, and holds its own dances July 1, 2, 3 and 5 at its Round-Up Hall.

Judge Charles E. Coombes, Stamford, who has served as the Association's Secretary since 1931, has announced that the Association is expecting five hundred of its members for the Reunion this year. G. C. Carothers, prominent Stamford rancher, is the Association president, H. C. Coffey Pampa is first vice president, and J. Eric Swenson, Spur, second vice president.

A. C. Humphrey, mayor of Stamford, and Cecil Eager, president of the Stamford Chamber of Commerce will welcome the old-timers at their opening meeting Saturday, July 3, at 9 o'clock, at the Bank House. There will be an election of officers at the same meeting, and Sunday a memorial service will be held.

Members who have already notified Judge Coombes that they plan to attend the 18th annual reunion include F. M. Greer, Roosevelt, Arizona; Ashel Arnold, Fort Stockton, Texas; Mrs. W. R. Chapman, Abilene, Texas; R. E. Cleveland, Portales, New Mexico; E. W. Cow-

Uncle Sam Says

As you drive along country roads you will see one of America's most familiar scenes—farmers pitching hay. From this scene has come a phrase you have used many many times—making hay while the sun shines. Well, niece and nephew, that's exactly what you are doing when you stack up United States Savings Bonds. You're making plenty of future security when the going is good, when a few extra dollars has been added to your take-home pay through the new income tax law... and when you should be acting for your future security.

U. S. Treasury Department

Legal Notice

AN ORDINANCE
DEFINING THE VARIOUS KINDS OF GARBAGE, REGULATING THE KINDS AND SIZES OF RECEPTACLES IN WHICH TO PLACE SAME, THE MANNER OF ITS PREPARATION AND WHERE IT MUST BE PLACED TO BE COLLECTED BY THE CITY GARBAGE DEPARTMENT; PROVIDING REGULATIONS FOR COLLECTING SAME AND PROHIBITING THE PLACING OF GARBAGE OR ANY ARTICLE OR MATERIAL IN THE

STREETS AND ALLEYS OF THE CITY OF MUNDAY; PROVIDING FOR SERVICE CHARGES; PROHIBITING THE MEDDLING, SCATTERING OR JUNKING, WITH GARBAGE CANS, TRASH OR RUBBISH RECEPTACLES; PROHIBITING JUNKING OR CARRYING OFF THE PREMISES OF THE DUMP GROUND ANY ARTICLE OR JUNK; PROHIBITING THE COLLECTING OF GARBAGE, TRASH OR RUBBISH BY OTHERS THAN CITY POLICES WITHIN THE CITY LIMITS; AND PRESCRIBING A PENALTY AND DECLARING AN EMERGENCY.
BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF MUNDAY, TEXAS:

Section 1. This ordinance shall be known as the "garbage ordinance" of the city of Munday. The word "premises" as used in this ordinance shall be taken to mean business houses, boarding houses, offices, theatres, hotels, restaurants, cafes, eating houses, tourist camps, apartments, sanitariums, rooming houses, schools, private residences, vacant lots and all other places within the city limits of the City of Munday, where garbage, trash or rubbish accumulates in ordinary quantities. The various kinds of garbage shall

be defined as follows:
 (a) By the term "kitchen garbage" as used in this ordinance is meant, dry kitchen refuse, all meat, vegetable and fruit refuse, small dead animals and dead fowls, from any premises within the city limits.

(b) By the term "dry kitchen refuse" is meant the solids after the liquid or slop has been drained off.

(c) By the term "trash" as used in this ordinance is meant paper or all kinds, rags, old clothing, paper containers, old rubber, pieces of wood, boxes, barrels, crates, feathers, weeds, grass, tree limbs from any premises within the city limits.

(d) By the term "rubbish" as used in this ordinance, is meant tin cans, bottles, glass, scraps of iron, tin, wire, or any other metals from any premises within the city limits.

Section 2. It shall be the duty of every person, firm or corporation owning, managing, operating, leasing or renting any premises, or any place where "kitchen garbage" accumulates, to provide a portable garbage can constructed of galvanized iron, tin or other suitable metal, with two handles and a tight fitting cover of a capacity not less than five gallons nor over thirty gallons and the daily accumulation of kitchen garbage and dry kitchen refuse shall be placed in this garbage can. It shall also be the duty of every person, firm or corporation owning, managing, operating, leasing or renting any premises to place all trash and rubbish from said premises in boxes, sacks or barrels or other receptacles of reasonable size, provided that the gross weight does not exceed 100 pounds. Garbage cans, boxes, sacks or barrels of trash and rubbish and tree limbs (which shall be cut into lengths not exceeding four feet), shall be placed inside of property line at the edge of the alley, where there is no fence; where there is a back fence with alley gate, garbage can, boxes, sacks or barrels of trash, rubbish and tree limbs (which shall be cut into lengths not exceeding four feet) shall be placed against inside of fence below top of fence so that garbage collecting vehicles can drive close up to fence and lift the garbage, trash and rubbish over the fence; and where there is no alley, kitchen garbage, trash and rubbish shall be placed inside curb line of street, to be collected by the city garbage vehicles.

Section 3. The places of wholesale accumulations, such as killing and dressing plants for fowl, wholesale fruit and vegetable houses, storage and other places, where the daily accumulation of kitchen garbage, trash and rubbish is more than the ordinary quantities, are not included in the service furnished by the City Garbage Department and such places are required to remove same to the city incinerator at their own expense, in the manner and by the method directed by the official designated

by the governing body of the City. Section 4. Heavy dead animals, such as cows, horses and mules shall be delivered to the city incinerator at the expense of the owner or person having same in charge in the manner and by the method directed by the designated official. Section 5. Heavy accumulations such as brick, broken concrete, lumber, ashes, clinkers, cinders, dirt and plaster, sand or gravel, automobile frames, dead trees, and other bulky, heavy material shall be disposed of at the expense of owner or person controlling same under the direction of the designated official.

Section 6. Manure from cowboys, horse stables, poultry, yards, pigeon lofts, and waste oils from garages or filling stations shall be disposed of at the expense of the party responsible for same under the direction of the designated official.

Section 7. The City Garbage Department will not make collection of Kitchen garbage, trash or rubbish or tree limbs where same is not prepared for collection and placed as designated by the terms of this ordinance and failure to comply with this provision will be an offense and each day's failure to comply will constitute a separate offense.

Section 8. The placing of kitchen garbage, trash or rubbish or any article, thing or material, in any street or alley within the city limits is prohibited.

Section 9. The disposal of kitchen garbage, trash or rubbish and that designated under Sections 4, 5 and 6 of this ordinance or any kind of rubbish in any place within the city limits, except at the city dumping ground or incinerator, is prohibited.

Section 10. The meddling with garbage cans, trash or rubbish receptacles or in any way pilfering, scattering contents or junkings in any alley or street within the city limits is prohibited.

Section 11. Employees of and city officers directing operation of the City Garbage Department and persons delivering garbage or other rubbish to the city incinerator are allowed on the incinerator grounds, all other persons are prohibited.

Section 12. All junk and other material of the Dump Ground at the incinerator is the property of the City of Munday, and no person is allowed to separate and collect, carry off or dispose of same except under the direction of the designated official.

Section 13. The collection of garbage, trash and rubbish or of any kind of junk within the city limits is prohibited except as provided for in Sections 3, 4, 5, and 6 of this ordinance.

Section 14. Garbage cans shall be kept in sanitary condition and closed tightly, lime must be used at places where receptacles for the garbage, trash and rubbish are located to be collected by the City Garbage Department to keep down odors and flies. The contents of all receptacles shall be so protected that the wind cannot blow out and scatter same over the streets, alleys and premises of the city.

Section 15. In the business district and from hotels, restaurants, cafes, boarding houses, sanitariums, and tourist camps, daily collecting will be made. In the residential districts kitchen garbage shall be prepared for collection to be made two or three times per week, or as often as may be necessary to comply with sanitary regulations of the city, trash and rubbish shall be prepared for one collection per week, the time of such collections to be announced by the designated official.

Section 16. There shall be appointed for such term, and upon such salary as the City Council may deem just and proper, some person to act as garbage collector, who shall serve at the will and pleasure of the City Council.

Said Council may employ some person, firm or corporation to

FIESTA!

The small fry enjoy fiesta time every bit as much as the older generation, says this young lady who shakes her maracas and indulges in a bit of fiesta frivolity. For her playtime frolic the little girl wears a gaily printed fine wale cotton pique play suit by Juniors of California with a ruffle for a make-believe skirt.

ordained. Passed and approved on this the 25th day of June, A. D. 1948. Approved: W. R. Moore, Mayor. ATTEST: Harvey Lee, City Secretary. 49-2tc.

Uncle Sam Says

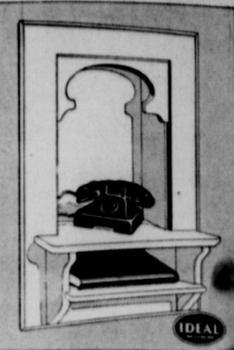

How about making Flag Day this year Security Day for you and your family? The two observances go hand in hand because your security is inseparable from the country's Security. What ever you do for your own future good, such as buying United States Savings Bonds regularly through the payroll savings plan where you work, helps to stabilize America's economy. Help keep Old Glory flying over the land of the free and the home of the brave for your children and your children's children. U. S. Treasury Department

When Your Back Hurts -

And Your Strength and Energy Is Below Par
 It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood. You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with a burning and itching is another sign that something is wrong with the kidneys or bladder. There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won countrywide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

81 Persons Sign Petition To City Requesting Garbage Disposal Plan

A total of 81 Munday citizens signed the petition to the City Council of Munday requesting the city to take steps to improve the sanitary conditions. This petition resulted in the city's purchase of a fog machine and the passing of the "garbage ordinance" published elsewhere in this week's Times.

The petition and its signers follow:

HONORABLE TO THE CITY COUNCIL

CITY OF MUNDAY

We, the undersigned resident citizens of the City of Munday, hereby petition the City Council to take immediate steps to improve the sanitary conditions of said City in that such City does not have an adequate garbage removal, which in connection with the rain has caused the breeding of flies, mosquitoes and other vermin, which effects the health of the citizens of said City by reason thereof. We further petition your honorable body to take such steps for the dusting of such City from time to time as may be necessary to kill off all flies, mosquitoes and other vermin and to provide for the payment of such expense in some equitable manner and ask that such steps be taken immediately to that end.

Respectfully submitted,
 R. L. Newsom, M. D., M. L. Wiggins, J. Weldon Smith, Clara Bouldin, Paul B. Pendleton, Freddie Morrow, W. E. Braly, E. R. Pender, Christine Burton, J. C. Borden, Rex Howell, A. L. Smith, J. C. Harpham, Mrs. Howard Collins, Shelly Lee, Worth Gafford, Joe L. Gafford, J. C. Campbell, R. L. Ratliff, John C. Spann, Mrs. Grace McMahon, J. W. Massey, M. C. Hallmark, D. E. Holder, Sr., A. B. Warren, W. W. Warren, J. E. Reeves, J. H. Kane, Joe B. King, Mrs. A. E. Bowley, Fred Broach, Jr., R. H. Lain, John R. Peysen, A. C. Boggs, N. A. Chastain, A. A. Smith, Jr., H. D. Warren, R. B. Davy, Elizabeth M. Mitchell, C. E. Elliott, Mrs. Aaron Edgar, Mrs. Earl Tayntor, Oates Golden, W. V. Tiner, Aaron Edgar, M. L. Raynes, Mrs. A. A. Smith, Mrs. Effie Alexander, Litt Lemley, Emmett Branch, H. A. Beaty, C. W. Fitzgerald, E. C. St. Clair, Mrs. Elmer Cude, Carl Green, I. V. Cook.

A LAME BACK

Often shows your kidneys are not functioning correctly. Pain, burning, sore, aching back muscles, lumbago can usually be corrected quickly by bringing back to normal the body fluids with CIT-ROS, gives you relief and comfort. \$1.00 at your druggist. For sale by CITY DRUG STORE

Mrs. Maude Hamilton of El Paso visited her brother and sister-in-law, Mr. and Mrs. Len Hay, for the past three weeks. While here, Mrs. Hamilton and Mrs. Hay visited with relatives in Wichita Falls and Fort Worth. From there, Mrs. Hay continued her trip to Houston and Austin where she spent some time with Mr. and Mrs. Terry Harrison. On her return home, Mrs. Hay visited relatives in Abilene.

Mrs. Ida Calloway visited last week in the home of her son-in-law and daughter, Mr. and Mrs. Ben Tuggle, and other relatives and friends.

Niel Brown was a business visitor in Dallas the latter part of last week.

Kraker Krums—

(Continued from Page One)

startment Friday, when this was written, along came Mose Wiggins with a petition for us to sign. It was a petition requesting the City Council to put into action our garbage disposal plan. It's coming, folks, it's coming!

Prediction: Munday will have a street sweeper some of these days!

Our fog machine has been termed a health measure "must". Cleaning up our dirty alleys and garbage pails is another "must" as a sanitary measure.

People are getting tired of living among dirt and filth, flies and mosquitoes. They don't aim to move to a cleaner town—they aim to clean up this town and make it a cleaner, healthier place in which to live.

Then when all our paving is completed, which won't be many weeks, we'll have enough "hard topping" to justify a street sweeper.

It's coming, too, folks, it's coming! (end of predictions, and "30" for this week).

Doctors Commend Move Of Council On Sanitary Measure

In a statement issued last Friday, Munday's physicians have commended the move of the City Council for its action in providing more sanitary conditions within the city, as follows:

For many months, we have been somewhat alarmed at prevailing unsanitary conditions within the City of Munday and have known that something needed to be done. Our alarm has been increased by the recent spread of polio in some sections of the state of Texas, knowing that this disease thrives on unsanitary conditions.

The only known effective fight against polio is the elimination of flies and mosquitoes, and we have felt that measures should be taken locally to minimize this health hazard.

Realizing that this takes money, we feel it just that the City of Munday has at last taken measures to enforce and encourage sanitation even by placing the costs on our water rates, since it seemed apparent that this was the only equitable way to distribute this expense.

We therefore want to commend the City Council of Munday for its action in passing a "garbage ordinance", purchasing a dusting machine and other measures in their efforts to eliminate all possible health hazards. We also call upon the citizens of Munday to give their full cooperation to this move to minimize the possibilities of an epidemic that might cost us many dollars, and possibly the lives of some of our people.

SIGNED:
 R. L. Newsom, M. D.
 D. C. Eiland, M. D.

Mrs. James A. Walker and children of Ft. Worth are here visiting her mother, Mrs. G. R. Eiland.

Morrow Wins Top Honors In Golf Tourney

The top-notch top-flight boys drew the gallery, but there was good golf in other departments as the tri-county golf tournament went through the finals here last Sunday. As the top boys were battling a little over par, Neal Chastain was hitting right at par as he downed Buck Everett of Haskell, 6-5, to win the first flight.

It was the "home team" in the championship flight, as Joe Morrow, medalist, and Winston Blacklock "teed off" early Sunday morning. Morrow soon took the lead and had Blacklock down three holes as they rounded the curve Sunday morning. From then on it was a nip-and-tuck battle, but Winston never completely overcame that lead.

The match went through most of the four rounds before Morrow won out on the 33rd hole, and he won his first golf championship, 3-2, and the tournament which saw golfers from Knox, Baylor and Haskell counties in action, was officially over.

In the consolation bracket of the championship flight, Charles Richmond of Seymour defeated Buel Gibson of Gilliland, 3-2. Other results were as follows:

First flight—Neal Chastain beat Buck Everett of Haskell, 6-5. Consolation—Curtis Thurman, Seymour, won over Weldon Smith, 2-1.

Second flight—R. C. Couch, Haskell, won from I. V. Cook, 5-4. Consolation—Editor O. C. Harrison, Seymour, downed J. C. Harpham, just a mere 1 up.

Third flight—Jack Pippin beat Thurman Bynum, Haskell, 2-1. Consolation—Carl Maples, Goree, won from E. B. Littlefield, 5-4.

Fourth flight—W. W. Warren,

Class Of 1928 Holds Reunion Here Sunday

Conversation went back to 20 years ago last Sunday, as the 1928 graduating class of Munday high school held a reunion at the American Legion hall in Munday. Those present enjoyed renewing acquaintances with classmates and learning of their activities 20 years after receiving their diplomas.

Only 11 of the 21 surviving members were present for the reunion, but in 1950 they hope to have a larger representation of the class present.

Guy Scruggs of Abilene acted as temporary chairman for the election of officers. Truman White of Paducah was elected permanent president of the group, while Miss Bertha McNeill was elected secretary.

The class members voted to hold another reunion on the last Sunday in June, 1950, after which they plan to meet each five years.

Thanks were extended to the American Legion for the use of the hall, West Texas Utilities Co. for use of fans, and to Melvin Strickland for the radio and record player.

Chemicals that kill insects of plant diseases are poisonous to some extent. All chemical sprays and dusts must be handled intelligently, and stored in safe containers, clearly identified and labeled.

Haskell, defeated J. K. Jackson, 3-2. Consolation—J. A. Bynum, Haskell, won from A. E. Richmond on a forfeit due to illness.

Fifth flight—Charles Roden beat Keith Cartwright, 2-1. Consolation—O. H. Spann defeated Lyndol Smith, 5-4.

Goree News Items

Mr. and Mrs. Dorse Rogers and son, Bill, left Sunday for a few days' visit in Cane Hill, Ark. Mrs. E. L. Jones, who has been visiting them, returned with them.
