

Kracker Krumb's Odd Bits Salvaged At Random

Towns increase and counties decline!

That's about the way things are going in those places where the "nose count" has been made public for the 1950 census.

Meanwhile, we've had not a word in regard to the population of Munday and Knox County.

And some people are getting very anxious to know.

If Knox County follows the pattern of other counties, "there will be some changes made."

And that's what worrying some of our people.

Ten years ago, the population of Knox County was 10,090 persons—and that was counting all the "old soreheads" too, to borrow that phrase out Stanton way.

If the county follows that decline pattern, she'll likely have less than 10,000—and that's bad. It'll likely mean that changes will be made in and around the county court house.

Under the setup in Texas, the offices of sheriff and county tax assessor and collector will be combined.

Some people have voiced some concern about that, but if our census takers have done all over the county what they said they did in Munday—counted everything that looks like a human being—then that's all that can be done.

Our neighbor to the south showed a decline. Haskell County lost 1,214 persons, according to Tuesday's papers. She showed a total of 13,691 against 14,905 in 1940.

Figures for the city of Haskell also disappointing, the district supervisor reported. 1950 census gave that town 3,832 persons, as compared to 3,051 in 1940, an increase of 782 persons.

The town of Weimert showed a decline, from 510 persons in 1940 to 223 as of today; Rule jumped from 1,195 to 1,239; Rochester increased from 611 to 767.

Figures for Munday are going to be disappointing, too, or we miss our guess.

If not to anyone else, to some of the boys who have been indulging in our little guessing game.

A game which has proven to be quite interesting.

Some think the town has just about doubled in population. Those 1,545 persons in 1940 have been increased to around 3,000 in their opinion.

We've gotten guesses from various parts of the county. One particular person divided his guess into three categories, if people fall in categories.

His guess was: 500 colored, 450 Latin Americans, 2,050 whites—a total of 3,050.

Our lowest guess has been 1,773, and our highest so far is 8,000.

And it won't be long until we will know.

Figures are supposed to be released around June 1, and our wondering will be over. Our guessing game will end with the release of those figures, too.

Quite a few persons have joined this game, just for the fun of it, and for a chance to receive the Munday Times for three years.

If you haven't guessed, yet, and want to, better hurry.

LEAVE FOR PITTSBURG

Mrs. Paul Pendleton and daughter, Jan, left last Monday for Pittsburg, Texas, to spend about two weeks with Mrs. Pendleton's mother, Mrs. S. O. Spencer, and with other relatives.

J. B. Barnett, New Minister, Arrives Here

Mr. and Mrs. J. B. Barnett and daughter arrived here Wednesday from Springfield, Mo., and Mr. Barnett has taken up his duties as minister of the local Church of Christ. He will preach his first sermon as pastor of the local church next Sunday.

Mr. Barnett succeeds D. L. Ashley, who left this week for Cherokee, Okla. He has served as pastor of the Church of Christ in Springfield, Mo., for several years, going there from Louisiana.

He became acquainted with the local congregation last spring, when he did the preaching for their spring revival meeting.

The program of the church is expected to continue as before, and much advancement is expected under the new minister.

WEST TEXAS PRESS ASSOCIATION TO BE GIVEN BARBECUE IN STAMFORD

The Texas Cowboy Reunion will be host to the West Texas Press during their meeting in Abilene, August 10, 11 and 12th. A real old fashioned barbecue will be served to members of the Press Association on one of the days they are present in Abilene. The exact time will be designated in the near future.

Crimm To Celebrate 37th Anniversary Of Tent Revivals

Rev. B. B. Crimm, widely known in this section, is holding a tent meeting in Paducah. On Tuesday night, June 6, he will celebrate his 37th anniversary in tent revivals. He is inviting all of his friends throughout this section to be in that service.

In these 37 years, he has worked in 37 different states, has seen over 130,000 people saved and has the names and addresses of 525 persons who are now preaching and who have been converted under his ministry.

New Minister

Pictured above is Minister J. B. Barnett, formerly of Springfield, Mo., who arrived here Wednesday with his wife and daughter, to take up his duties as pastor of the First Church of Christ of Munday. Mr. Barnett did the preaching for the local congregation in their spring revival last March.

County Council Meets May 26th

The Knox County Home Demonstration Council met in regular meeting May 26, with Mrs. Walter Mooney presiding. The meeting was opened by singing a song. Roll call was answered by 11 women representing the five home demonstration clubs of the county.

All clubs reported having had both meetings in May, and also a party for their 4-H girls.

The Truscott Home Demonstration Club is sponsoring the Cancer Drive in their community.

Munday Home Demonstration Club had voted to send one girl to District Camp, since a girl from their 4-H club is going they will send her.

The council agreed that all orders for pineapples must be turned in to Mrs. Arnold Navratil, by June 10.

Mrs. Broach and Mrs. Almanrode of the Munday and Sunset clubs respectively, are planning to visit the State Hospital at Wichita Falls the last week of May to deliver the things their clubs have collected. The County Council voted to pay for Mrs. Broach's gasoline for the trip.

Delicious refreshments were served by the Gilliland Home Demonstration Club.

J. W. Barker Named On Draft Board

AUSTIN—J. W. Barker, Benjamin, Texas, has been informed that he has been appointed a member of Local Draft Board No. 82, Benjamin, Texas.

Mr. Barker was appointed by President Truman after being recommended by Governor Allan Shivers. He was advised of his appointment by Brigadier General Paul L. Wakefield, state director of Selective Service.

"I am sure your membership on this board will reflect great credit to yourself and the Selective Service System of Texas," General Wakefield wrote Mr. Webb.

Selective Service local board No. 82 consists of the Knox, King, and Baylor counties.

First Aid Course Being Taught Here

A first aid course is being taught in Munday each Tuesday and Thursday night for six weeks beginning at 8:30 p. m. at the grade school gymnasium.

The first course in first aid was held last Tuesday night and taught by Dr. D. C. Eiland of Munday. It is sponsored by the Munday Home Demonstration Club.

MOVE TO BORGER

Mr. and Mrs. Joe Giddens and children moved to Borger the first of this week to make their home. Mr. Giddens, who has been employed in Pampa, has been made manager of the Dunlap store in Borger.

Be careful. Obey state and local traffic rules.

Recreation, Play Program Started At School Grounds

Registration started today (Thursday) for Munday's playground and recreation program for the summer months. This program, sponsored by the C. D. A., is under the direction of Coach David Green.

Various games, such as tennis, croquet, ping pong, volley ball, archery, etc., will be included in the program, which is for all youngsters from 6 to 18 years of age.

Registration Thursday morning indicated that a large number of Munday's youth will participate in the program. Open hours will be from 9 to 12 a. m. and from 3 to 8 p. m., and all activities will be under supervision.

Coach Green stated he hopes to have a boys' softball league organized within the near future.

Ashleys To Move To Cherokee, Oklahoma

Mr. and Mrs. D. L. Ashley and their foster children, Virginia and Jimmie Thorn, left last Monday for Cherokee, Okla., to make their home. Mr. Ashley will serve as minister of a newly-organized Church of Christ there.

The Ashleys moved here from Stamford three years ago, and Mr. Ashley has had three years of successful ministry for the local Church of Christ congregation, during which time the new church building was completed.

Their many friends in this area wish them much success in their new home. Mr. Ashley was to begin his duties at Cherokee on June 1.

Mrs. Ashley, a graduate nurse, has been supervisor at the Stamford Sanitarium most of the time for the past 14 years, continuing this work while they lived in Munday.

Baby Photo Contest Opens Here Friday

A baby photo contest will be held at the Corner Drug Store in Munday on Friday and Saturday of this week. It was announced by Rozell Studio of Fort Worth.

Prizes in the contest will be a \$25.00 oil painting as first prize, a \$15.00 gold tone portrait as second prize, plus portraits as courtesy of the Corner Drug.

Settings for photos will be from 9 a. m. to 5 p. m. Friday and from 12 to 9 p. m. Saturday. No appointment is necessary, it was stated.

The contest is expected to create quite a bit of interest in this area.

MRS. TOM PHILLIPS IS INJURED IN FALL

Mrs. Tom Phillips, well known Munday resident, was painfully injured in a fall on Wednesday of last week, receiving a broken hip. After receiving medical attention here, an ambulance from the Mahan Funeral Home took her to a Wichita Falls hospital for treatment.

She is reported to be improving and is expected to be returned home the later part of this week.

Local Princess

Miss Charlotte Williams, above, daughter of Mr. and Mrs. F. V. Williams, has been entered by the Munday C. D. A. as Munday's princess in the National Wheat Harvest Festival, now under way at Wichita Falls. The girl which wins the contest as Queen of the Wheat Harvest will receive prizes valued at \$1,500, reign over an elaborate queen's ball and lead the mile-long parade.

Parade Saturday To Feature Wheat Harvest Festival

A mammoth parade will wind through Wichita Falls streets Saturday, June 3, as one of the spectacular events of the first annual National Wheat Harvest.

The royal court is to be a prominent parade feature and will be led by the Queen riding on a throne. The princesses and escorts will follow in convertibles.

Visiting Hollywood stars Robert Cummings, Constance Moore, Gene Autry, Jack Dempsey and Dennis O'Keefe are to be presented in the parade also.

Albert W. Klose of Haskell, who brought to Wichita Falls the first load of marketable wheat in 1950 and collected the \$250 bonus, will share parade honors with the royal assembly. He will ride on an appropriately decorated float.

Scores of combines are to fill in the procession—the huge pieces of equipment that make possible modern harvest which the parade celebrates.

Sheppard Air Force Band is to set the musical tempo at the head of the parade. Several string bands are to intersperse the harvest equipment, floats, Hollywood stars and beauties that will comprise the exhibition.

The largest parade crowd in Wichita Falls' history is expected to see this giant display.

Elliott's Resignation Becomes Effective

Beginning June 1st, the resignation of C. R. Elliott with the Stamford Production Credit Association will be come effective. It was announced Wednesday.

Mr. Elliott has been with the association for nine years and nine months to this date. He will continue to work with his farm and cattle in Munday and will have an office over the First National Bank building.

SUMMER IS COMING!

It's grass mowing time again—a sure sign that summer is practically here. Another sure sign of summer is canvas awnings going up. This attractive home gets a summer face-lifting with canvas awnings—but they are there for a practical purpose as well. Canvas awnings prevent so much as 85 per cent of the sun's heat from entering a room, tests made by heating and ventilating engineers have revealed. On dark, rainy days, this type of awning is easily raised to admit a maximum of light.

Munday Girl Is Chosen To Attend 4-H Round-Up

Shirley Jo Patterson of Munday was chosen May 25 at the Annual Knox County 4-H Girls Dress Revue to represent Knox County at the Texas 4-H Round-Up in College Station in June.

The Style Show was held at the American Legion Hall, Knox City, and was given by 16 girls from 10 to 15 years old who modeled garments they made themselves.

Mrs. Omar Cure, 4-H Leader from Gilliland was commentator.

Miss Patterson was winner in the senior dress class. Other winners were Peggy Jo Cure, of Gilliland, junior dress class; Janice Johnson, of Munday, play clothes class; Gene Ann Guinn, of Munday, Skirt Class.

The 4-H leaders and the Home Demonstration club women and Miss Ida Belle Allen shared the responsibility of the Dress Revue. The Judges were Miss Jimmie Lou Wainscott, County Home Demonstration Agent of Childress County and Miss Thelma Jo Wylie, County Home Demonstration Agent, of Collingsworth County.

Around 75 Attend Goree C-C Banquet

The best way to bring prosperity to a community is to have a market for the things it produces. Cotton George Moffett, state senator of Chillicothe, declared last Tuesday night at the Goree Chamber of Commerce banquet held in the Goree memorial building.

Between 60 and 75 persons attended the banquet including guests from Munday, Benjamin and Seymour.

Barton Carl, president of the organization, was master of ceremonies. Invocation was by Rev. S. Y. Allgood, pastor of the First Methodist Church. A delicious feed was served by ladies and girls of the community. Piano music was furnished during the meal by Charlene Robinson and Alpha Ann Coffman.

Mary Catherine Coffman entertained with a musical reading, and an enjoyable vocal number was rendered by Charlotte Robinson, Shirley Mae Blankenbrin, Mary Catherine Coffman, Dolores Mobley and Alpha Ann Coffman, accompanied by Carol Coffman at the piano.

The speaker, introduced by Walter Coffman, praised the community spirit of Goree people in erecting the beautiful memorial building by public subscription rather than by a bond issue.

"All agricultural areas are up against hard problems," he declared, "and every community needs a centralized organization or agency, to help solve the community's problems. These problems increase with progress, and the fact that there is a bright prospect for development of an oil field will bring new problems to this community."

He said the principal problem of any agricultural area is to have a ready market for its products, and pointed to his years of efforts to bring about research for more uses of cotton, the principal product of this area.

Ledbetter's Open New Washateria

Mr. and Mrs. J. C. (Runt) Ledbetter announced Wednesday that their new washateria will be open for business next Monday morning, and they invite the patronage of the people of this area.

The washateria, located just west of the C. R. Elliott residence, is housed in a new building, has eight new washing machines and plenty of soft water and hot water. Runt stated the business will be operated strictly on a helpy selfy basis—no bundles—making all machines available for his customers.

Open hours will be from 7 a. m. to 5:30 p. m. Mondays through Fridays, and from 7 a. m. to noon on Saturdays.

Cottonseed supplies nearly one-half of the major edible vegetable oils in the United States.

Rev. R. L. Butler Is Returned As Pastor Here

"You've had a good year! You're going back to complete the new church," said the district superintendent.

"You betcha life!" replied the pastor.

This conversation reportedly took place between Rev. J. H. Crawford, district superintendent, and Rev. R. L. Butler, pastor of the Munday Methodist Church. And with that it was pretty well settled that Butler would return to Munday for his second year and again take up, with enthusiasm, the work with the local congregation in building a new church building.

The pastor returned home and filled his pulpit at both services Sunday—something a little unusual for a pastor to come back before the closing sessions of Annual Conference—but the local pastor wouldn't say it was a "cinch" he was coming back to Munday. "Read your papers in the morning," he said. The congregation and community welcomes Rev. Butler and his wife back to Munday.

The Northwest Texas Conference, held at Big Spring, closed Sunday with the reading of appointments. Many changes were made in pastorates throughout the conference, and several affected the Stamford district.

Former Pastors Assigned
Some of the former pastors of the Munday church received appointments as follows:

Rev. Luther Kirk, returned as superintendent of the Perryton district; Rev. D. Davidson, back to Hereford; Rev. H. A. Longino, O'Donnell; Rev. W. G. Barr, returned to Claude.

Appointments for the Stamford district, which includes Munday are:

District superintendent, J. H. Crawford, Avoca; W. M. Wilkerson, Benjamin; to be supplied; Elbert, Bernard F. Seay; Goree-Bomarton, S. Y. Allgood; Haskell-Paint Creek, T. G. Craft; Jayton, H. R. Bennett; Knox City, C. W. Parmenter; Leuders, Oran D. Smith; Munday, R. L. Butler; O'Brien, A. N. Motos; Roaring Springs, W. J. Knoy; Rochester, Cecil Fox; Rule, J. B. Baker; Sagerton-Tuxedo, C. Bourdon Smith; Seymour, J. O. Quattlebaum; Spur, Cal C. Wright; Spur circuit, J. M. Morrison; Stamford, Charles E. Fiske, Jr.; Throckmorton, Tilden B. Armstrong; Vera, J. P. Cole; Weimert, L. W. Tucker; Westover, Alfred P. Ahlman; Woodson, S. M. Boan.

5 Local Scouts To Attend Natl. Scout Jamboree

Five Boy Scouts of Munday are to attend the National Scout Jamboree which will be held at Valley Forge the latter part of June and the first of July. According to past records, such a meeting of Boy Scouts will be held in the U. S. for the next 13 years, unless the present policy is changed.

Boys who will attend are Jerry Groves, Robert Lynn Bowden, Wayne Searcy, Stanley Wardlaw, and Jerry Lindsey. They will leave Wichita Falls on June 25 and arrive home on July 10.

During the jamboree they will spend one day in New York, one in Washington, D. C., and one in Niagara Falls.

Under the original setup, only two Scouts from each troop were allowed to attend but vacancies which have occurred in the area have permitted more of the Munday Scouts to go.

The cost of the trip is \$190 for each boy, and the boys are bearing a portion of their expenses. A large number of citizens, realizing the value of this trip to the boys, have contributed funds toward the expense.

GOES TO LOWINGTON

Marion Phillips, son of Mr. and Mrs. Press Phillips, and recent graduate of Texas Tech, Lubbock, has gone to Lowington, New Mexico, where he has accepted a position as geologist for an oil company.

OUR NEEDS FOR 1950

1. Completion of our portion of the Throckmorton road, giving the farmers of that area an all-weather outlet.
2. A farm-to-market road to the north and east of Munday, possibly connecting with the Heffner road.
3. A U. S. Federal building. Munday needs a new post office home.
4. More homes in Munday. We did a good job in 1949, but there's still a housing shortage.
5. A new telephone system, giving the town adequate telephone service and tapping the rural area surrounding the town.
6. Greater cooperation of business man, farmer, and citizen toward long-range development for our community.

THE COUNTRY PRESS SAYS

KINGSTREE, S. C., COUNTY RECORD: "We hear a lot about socialization of medicine. But we are already well on the road to socializing the power of industry in this country. Tax free power plants are built with taxes, to compete with taxpaying power companies. Part of the costs are often allocated for some high sounding purposes, the benefits of which fail to materialize."

WALDBORO, ME., PRESS: "The boys up in Washington are jumping around like grasshoppers on a hot stove, regarding a policy on China, Russia, India, etc., and can't seem to agree on one for any of them. However, when they start getting dizzy, they can always take time out and get in agreement on one thing and that is to spend more money, and create more Bureaus."

CLAYTON, ALABAMA, RECORD: "Until the American people realize how costly it is for the government to do things, and begin to refuse the largess, subsidy, etc., offered by the Government we cannot expect much reduction in government expenses."

ARCADIA, LA., BIENVILLE DEMOCRAT: "Most of us in the older generation—but not so very old, at that—can remember when neighbors came from miles around to see the first bulb turned on and marvel at the light it gave, hanging there at the end of the cord from the center of the ceiling. Farm life has become lighter in more ways than one since the private utilities and the co-ops started extending their lines down the rural roads and across the fields to the farm home."

HARTLEY, IOWA, SENTINEL: "Beware of and scheme that advocates additional Federal control, increased spending and increased taxes. We in the United States have taken our freedom for granted, but must do so no longer. There are many who under the guise of 'Security for All' would take it away forever."

FLAMMABLE!

A can or a bottle of paint or cleaning fluid innocuous. And so it is—if properly used. Improperly used, it may become one of the most lethal weapons.

When a container of liquid is marked "Flammable" or "Keep Aaway From Flame" it means that the contents give off vapors at ordinary room temperature. These vapors usually cannot give off vapors bkgk bkgk bkgk bkgk bkgk not be seen but as they flow away from the surface they mix with the air and form a mixture that may burn or explode if it comes in contact with any spark or flame. Whenever flammable paints or cleaning solutions are used it is essential that good ventilation be provided to carry away the vapors, and that all flames, sparks and hot surfaces are kept well away from the work.

Failure to follow such safety rules may result in tragedy. As an example, in one case four workmen were applying special paint to the interior of an open-top steel tank. When one of the men lighted a cigarette the tank filled with flames. They lasted only a minute but killed three of the workers and severely burned the fourth.

In still another case a young couple used gasoline to clean a waxed floor. The vapors became ignited. The young couple went to the hospital with severe burns, their baby was killed, and the house was destroyed.

These liquids, in other words, are a major fire and explosion hazard. If possible, paints and cleaners which do not present a fire hazard should be used. When this is not possible, strict precautions should always be taken.

"Senator Kenneth S. Wheary, Nebraska Reputry or call a halt and get onto free highway," which "the grand jury of the people will decide on whether America is to go farther down the road to spendthrift socialism and national bankruptcy or call a halt and get onto free highway. The cord shows that that choice cannot be safely left to Washington's bureaucrats and politicians. The job of stopping the spenders . . . is a job for the average citizen."—Stanley High in Reader's Digest.

"The governors of the various states can . . . cause the people to realize that when a dollar is taken from them in taxes, only a small part of that dollar trickles back to the state in Federal aid. It makes big government in Washington and beggars of the states."—James F. Byrnes.

One of the easiest things in the world to meet is expenses. You run into them every place you go.

Texan Who "Makes 'em Pretty" In Hollywood Is A Native Of Munday

Editor's Note: The following article by Jerry Ross, Hollywood correspondent for the Houston Chronicle, is being reprinted for the interest it may have for the readers of The Times:

He's not an actor, but the folks around the R-KO movie sets in Hollywood will tell you that Texan Layne (Shotgun) Britton is certainly a "star" in his field.

Shotgun is a make-up artist. And as any celluloid charmer will tell you, Shotgun and his professional brethren are mighty important guys. They're the ones who make the performers glamorous by the mere expedient of skilled manipulations of beautifying tools.

Without the trained cosmetic callisthenics of Britton and his ilk, well, you'd be surprised how many of Hollywood's so-called beauties would resemble Tugboat Annie. On occasion they do. But that's when the picture calls for specialized "character" make-up.

Born in Munday, Texas, but educated in the schools of Stephenville, Texas, Layne Britton

actually is a well-known name, particularly to the football fans whose gridiron memories reflect to the year 1928. It was then that Shotgun, a scampering quarterback for the Hardin-Simmons University eleven in Abilene, gained honorable mention on the Grantland Rice all-American team. As a matter of fact, it was because of this honor that the jolly, wisecracking Mr. Britton got his initiation into the Hollywood scene.

Together with another Southwest gridiron great of that era, Halfback Billy Banker of Tulane University, Shotgun came to Movieville via an invitation to portray a football player in a Warner Bros. picture, "Maybe It's Love" with James Hall. Shotgun took a liking for Hollywood and, after his graduation from Hardin-Simmons and a short sojourn into professional football in San Francisco, he moved to Movieville determined to "get into some phase of motion picture work."

Thanks to Joan Crawford and a mutual friend, Shotgun caught on as an apprentice in

the make-up department at Metro-Goldwyn-Mayer. For three years, under the guidance of Jack Dawn, top-notch make-up man, Shotgun learned the rudiments of facial landscaping. Among the stars he "made pretty" in those days were Norma Shearer, Bob Taylor, Spencer Tracy, Jeanette MacDonald, Douglas Fairbanks, Jr., and, of all things, the late Rin Tin Tin.

Recently, for the R-KO's "The Wal Outside," Shotgun patted the pancake make-up on such familiar faces as Jane Greer, Liz Scott, Denis O'Keefe and Fay Baker. Ava Gardner and Bob Mitchum also display the grease paint, powder and routine "touching up" look applied for them by Shotgun in the R-KO vehicle, "Carriage Entrance." And, if that weren't enough responsibility, the ex-Texan did the make-up chores on Faith Domergue, Howard Hughes' promising star, in "Where Danger Lives."

"It's interesting work," says Shotgun, who also did the highly specialized make-up on Orson Wells for "Citizen Kane." Actually, we don't have too many problems with anybody. That is, they're all pretty good-looking people already. But by touching up certain lines here and there, we're able to enhance their final reproduction on the screen. Naturally, we work hand-in-hand with the cameraman, because our work has to be done closely co-ordinated."

Asked if he had any beauty hints to make to moviegoers, Shotgun, who once spent his school vacations hauling cotton for the Anderson-Clayton Cotton Company in Houston, answered "The most important practice to observe is to keep the face clean. That way, the visage remains in a healthy condition and therefore helps to bring out the natural beauty. Soap and water are two of the best cosmetics anyone possibly could use."

Applications May Be Secured For The Smith-Doxey Plan

Cotton farmers can now secure their applications for 1950 Smith-Doxey benefits, according to H. J. Matejowsky, in charge of the Abilene cotton classing office of the cotton branch, Production and Marketing Administration, U. S. Department of Agriculture.

Applications are available at gins, County PMA offices, County Agricultural Agents' offices, and at the Abilene cotton classing office, 1407 South First Street.

Matejowsky points out that the farmers belonging to organized cotton improvement groups under the Smith-Doxey Act can get their cotton classed by U. S. Department of Agriculture without cost. Also, they can get free market news service.

Groups should file their applications for Smith-Doxey benefits as soon as their cotton is planted to make sure of getting them approved in plenty of time to get first bales classed.

Applications must be filed with the Abilene cotton classing office before August 15, 1950.

PONTIAC

Character is written all over it!

It's a wonderful feeling to take the wheel of a magnificent new Pontiac convertible—to feel the pride of driving a car with character in every line and action.

Naturally, the convertible is the sweetheart of the Silver Streaks, a car with a manner all its own. But character is a basic Pontiac in-

gredient—one that adds greatly to the pride and pleasure of owning and driving any Pontiac model you choose.

Every new Pontiac has character written all over it and stamped deep into its background. That's an important reason why dollar for dollar, you can't beat a Pontiac!

Miss Agnes Redder, Fidelis J. Loran Marry May 30th

In a double ring ceremony performed at 8:00 a. m., Tues-

day, May 30th, in St. Joseph's Church, Rhineland, Miss Agnes Redder, daughter of Mr. and Mrs. Joe Redder, became the bride of Mr. Fidelis J. Loran, son of Mr. and Mrs. L. Loran.

Rev. Herman Redder, pastor of Scotland parish, performed the marriage of his niece during the nuptial high mass. He was assisted by Rev. Fabian Dier-sing, pastor of the Rhineland parish.

The bride was lovely in a long-sleeved gown of her own creation, fashioned of white embroidered organdy over taffeta. The high net yoke was outlined with soft ruffles above a basque bodice. Corresponding ruffles effected a peplum accenting the rounded highline which complimented the full skirt. Her fingertip length veil was softly caught in place by a halo of lily of the valley. The bride's bouquet was of white carnations.

Miss Gertrude Redder, cousin of the bride, was maid of honor. Miss Ruth Loran was bridesmaid, and Little Miss Lucille Redder was lovely flower girl for her sister in marriage. Their short-sleeved gowns were fashioned along the same lines as those of the bride's in colors of sky blue, pink, and white organdy respectively. Each wore a white hand crocheted crown-less bonnet trimmed with ribbons in colors corresponding to their gowns. White hand crocheted frills formed the basis for nosegays of pink, yellow, and white carnations carried by each.

Mr. Daniel A. Loran attended his brother as best man, and Mr. Phillip Redder, the bride's brother, was also in attendance.

Mrs. Lena Albus, organist, played "Wedding March" by M. L. Nemmers as the wedding party entered the church and approached the altar. The altar was colorful with bouquets of pink gladioli and sweet peas above the lighted tapers in the golden candelabra. Arrangements of pink and red roses graced the bases of the candelabra.

The bridal pair knelt at a lace and rosebud covered pew during the nuptial mass sung by the choir in honor of St. Aloysius. During the offertory, the choir sang "Ave Maria," arranged from F. R. Hosky by George W. Sommers.

A reception was held during the even evening in the home of the bride's parents followed by a dance in the parish hall. Mr. and Mrs. Loran will be at home in the Rhineland community where he is engaged in farm-

Gloria Jo Smith, Marshall O. Brenner Wed On May 19th

Miss Gloria Jo Smith of Munday and Mr. Marshall Otto Brenner of Abilene were united in marriage May 19th, at six p. m. in the home of Rev. and Mrs. A. J. Jones of Abilene. Rev. Jones performed the double ring ceremony.

Tall baskets of gladioli were used as decorations. The bride wore a blue crepe dress featuring a full skirt, fitted bodice with blue accessories. She wore a white orchid corsage.

Miss Sammie Smith of Munday, sister of the bride, was maid of honor. She wore an orchid organdy dress with orchid and white accessories. Her dress featured a full skirt, fitted bodice and scalloped neckline. Her corsage was of white carnations.

Mr. Brenner of Waco, brother of the bridegroom, was best man. After a short wedding trip, the couple will make their home in Abilene where Mr. Brenner is employed with the West Texas Utilities Co.

Mrs. Brenner is the daughter of Mr. and Mrs. S. G. Smith of Munday and is attending Draughn's Business School.

Mrs. Ida Bryan Leslie Holloway Marry Saturday

Mrs. Ida Bryan of Munday and Leslie Holloway of Haskell were united in marriage last Saturday, May 27th, in the home of Mr. and Mrs. S. M. Claburn of Goree.

The ceremony was performed by S. M. Claburn.

Mrs. Holloway wore a gray dress with navy blue accessories.

Only a few friends and relatives attended the ceremony. Those attending were Miss Jo Ann Bryan, Miss Carolyn Bryan, Kenneth Owens and Mr. and Mrs. Buel Claburn.

Mrs. Holloway has been employed by the Baker McCarty Store and Cobb's Department Store for the past several years.

The couple plan to make their home in Haskell where Mr. Holloway is engaged in farming.

Vacation Bible School Will Open Monday At Goree

Beginning on Monday morning, June 5, at 8:30 and continuing through June 11, the Baptist Church of Goree will conduct a vacation bible school. Clarence Powell is the principal, and he has a fine group of teachers and workers to assist him.

There will be hand work, Bible teaching, singing and lots of fun. The educational annex will be used. "We will have more room than we have had heretofore, Rev. S. E. Stevenson, pastor, said.

Children from 4 to 17 years of age are eligible to attend, and every child in the community is invited to come.

Miss Ruth White of Houston is here spending a week visiting in the home of Mr. and Mrs. A. H. Mitchell.

Baptist W. M. U. Honors Seniors At Banquet Recently

The W. M. U. of the First Baptist Church honored the Munday High School seniors, their parents, and faculty, at a banquet held in the fellowship hall, May 11, at eight p. m.

This is an annual banquet the W. M. U. gives each year to the senior class. Special hostesses for the occasion were Mrs. A. L. Smith, Mrs. Joe Patterson and Mrs. R. B. Bowden.

Table decorations were dolls dressed as graduates with bouquets of roses and bluebonnets. To complete the decorations, greenery was run down the center of the tables. Place cards were graduating invitations with names on cards and the program.

The program for the evening was as follows: Invocation, J. H. Bardwell; special music, solos by Sue Hallmark and Patsy Morrow, accompanied by Char-

lotte Hannah; welcome, Mrs. A. L. Smith, educational chairman; response, Bobby Winchester; address, Dr. Fred L. Fisher, who is on the faculty at Hardin-Simmons University at Abilene; a solo, "Blest Be The Tie That Binds," by Sue Hallmark, accompanied by Charlotte Hannah; benediction, E. L. Goolsby. Toastmaster was Rev. Huron A. Polnac and pianist was Miss Shirley Yost.

The mild weather of the past winter is causing Texas peach producers much concern. Peach trees have not leafed out because there wasn't enough cold weather to give the trees the needed rest period. Orchardists should give the trees the best of care for the existing conditions may cause heavy tree losses.

Others in the house party were Mrs. W. E. Braly, Mrs. W. R. Moore, Sr., Mrs. P. V. Williams and Mrs. C. P. Baker.

How to Park.

A survey of high school driving instructors by the Chevrolet Motor Division discloses parking as the toughest maneuver for students to master. The above photo-diagram illustrates correct procedure. First, stop close and approximately even with the car ahead. Next, cut your wheels sharply right, and back up until your front right bumper just clears the rear left bumper of the car ahead. Then, cut your wheels sharply left, backing slowly until alongside of curb.

From the County PMA Committee

'51 WHEAT QUESTIONS COMING UP

Important questions affecting the growing and marketing of the next wheat crop must be decided within the next few weeks, B. F. Vance, Chairman of the State Production and Marketing Committee, said today. Notice has already been given that the Secretary of Agriculture is preparing to determine whether marketing quotas are required to be proclaimed for the 1951 wheat crop, to determine and proclaim the national wheat acreage allotment, and to apportion the allotment among States, counties, and farms.

Mr. Vance explained that the decision on marketing quotas must be made by July 1 and that the national acreage allotment must be announced by July 15. As by law, marketing quotas on the 1951 wheat crop must be proclaimed if (1) the total supply of wheat for the 1950-51 marketing year exceeds the normal supply by more than 20 percent, or (2) the total supply for the 1949-50 marketing year is not less than the normal supply and the average farm price for wheat for three consecutive months of that year does not exceed 66 percent of parity. "Normal supply" of wheat is the estimated domestic consumption of wheat for the preceding marketing year plus exports during the marketing year for which normal supply is being determined plus 15 percent.

The national acreage allotment must be that acreage which the Secretary determines will, at average yields, produce an amount of wheat which, plus the estimated carryover and imports, will make available a supply equal to the normal year's domestic consumption and exports plus 30 percent.

A total of 72,750,000 acres has been reported seeded for 1950, 14 percent below the record 1949 seedings of 84.9 million acres, and little below the 1950 national wheat acreage allotment.

EXTENSION OF CCC FARM STORAGE FACILITY LOAN PROGRAM ANNOUNCED

The Production and Marketing Administration of the U. S. Department of Agriculture announced today that loans to farmers to finance the construction or purchase of suitable farm storage facilities for grain and certain other storable crops will be available through June 30, 1951.

Under the original program announced by Secretary of Agriculture Charles F. Brannan on June 7, 1949, loans were to be available only through June 30, 1950. Extension of the program for another year, however, is now deemed necessary, because of the heavy out-turn of crops in 1949 and large carry-overs into the 1950-51 storage period.

The farm storage facility loan program is open to producers of wheat, corn, oats, barley, grain sorghums, soybeans, dry edible beans and peas, rice, peanuts, cotton seed and flax. Through this program, the Commodity Credit Corporation makes loans to farmers for the purchase or construction of farm storage facilities in an amount not to exceed 85 percent of the cost of the structure. These loans, bearing interest at the rate of 4 percent per year, are payable in five annual installments, or earlier at the farmer's option. The first installment on loan applications approved prior to July 1, 1950 will become due and payable January 31, 1951. On loan applications approved during the period July 1, 1950-June 30, 1951, the first installment will become due and payable January 31, 1952.

Social Security Cards Needed For Checking Earnings

To lose credit for the wages you earn under the Social Security Act means that you actually throw away good hard earned dollars. This, according to Mr. Erton F. Tate, manager of the Wichita Falls social security field office, is what many persons do when they fail to show their social security account card to their employers. The employer then reports the wrong number or name, and the worker does not receive credit on his social security account.

Almost every day that passes according to Mr. Tate, some employer calls and states that one of his employees has left his employ without furnishing his social security account number. And, in almost every case, this worker does not receive any credit for his earnings. At a later date his entitlement to benefits may be affected because he has not received proper credit for his earnings.

Mr. Tate explained that every employee should have his social security account number card with him and show it to his employer when he first goes to work. Also, the worker should check his card against the W-4 income tax form at the end of the year. If for some reason there is an error, the worker should contact the nearest social security field office immediately.

her daughter, Mrs. Rhea Merritt, of Austin, returned home Monday of this week, and Mrs. Merritt came with her for a few days visit.

Mr. and Mrs. B. P. Haman and family had as their guest during the past week an uncle, Mr. Arthur Tate, of Ashburn, Georgia.

Washington News Letter

By Congressman Ed Gossett

WASHINGTON, D. C., May 26 — In a newsletter of sometime ago, I promised to tell you of at least one reason why our China policy was not successful.

Today's newspaper carries a story that a Senate Committee has called upon Secretary of Commerce, Sawyer, to fire Michael J. Lee, (real name Lieberman) chief of the Department's Far Eastern Division. This man Lee, is a Russian Jew and was born in Harbin, Manchuria. He was reared by a Chinese communist family, his foster father, in fact, being a Chinese Ambassador to Moscow. Lee came to this country in 1934 or 1935 under the Chinese quota for white persons. Three times he was refused American naturalization. However, in 1941, he did secure his naturalization papers. In 1943, Henry Wallace, then Secretary of Commerce, gave Michael Lee a big job and placed in charge of the Far Eastern Division desk in the Commerce Department. No material could be shipped to China without an export license approved and granted by said Lee. Last year, China's Nationalist Military Mission in this country bought from the City Service Company, and paid for in American dollars, a large quantity of aviation gasoline. When they called on Lee for an export license, he demanded details on ships, planes, and other vital military information. He kept the Chinese generals waiting for months until he drained out of them every bit of data he could, which presumably he sent to the communists. He then finally denied them an export li-

Just North of Post Office

Two Sure Signs of Open Weather

Two 100 per cent-guaranteed harbingers of summer are paint-up time at amusement parks and the increasing appearance of top-down Chevrolet convertibles.

Mr. Lee's record in Commerce reminds me of the record of the late Harry Dexter White, Economics professor who was Assistant Secretary of the Treasury under Morgenthau. White's name had been changed from Weiss. He too, was of Russian-Jewish ancestry. According to incontrovertible evidence gathered by the House Committee on Un-American Activities, he was a big cog in the Hiss-Chambers Communist group. Dr. White, alias, Weiss, was the father of the so-called Morgenthau plan, announced about a year before the war was over. The Morgenthau plan, as you recall, was an announcement that we would insist on unconditional surrender of the Germans and would see to it that Germany was reduced to a pastoral country. The Morgenthau plan undoubtedly prolonged the war many months and has been a big reason why we have thus far been unable to win the peace. We are now trying to rebuild German factories which we helped destroy pursuant to the Morgenthau plan.

This week many papers carried a story of the arrest in Philadelphia of one Harry Gold who admits being a collaborator of the Britisher, Fuchs, in supplying atomic secrets to the Russians. Harry Gold's name was Golonditsky—doubtless also of Russian-Jewish lineage.

Let's name blame the Jews for this perfidious record. Most American Jews, like most of us, are good citizens. Russian Jews are of a different breed. Most Russian Jews are non-Semitic

and have little or no Hebrew blood in them. They are of Mongolian origin. This, however, is too long a story to relate at this time.

My biggest objection to the extension of the DP-Act is that it is being done primarily to facilitate the admission to this country of many thousands of Russian Jews who came from behind the iron curtain and into our DP camps, with the connivance of the communist governments, one year after the war was over.

Reports of progress in collaborating with Atlantic Pact Nations is extremely encouraging. However, there are many obstacles to our making a real democratic ally out of Western Germany. First, is the Morgenthau plan above mentioned. Secondly, is the old problem of the French hatred and suspicion of the German people, and their reluctance to agree to the actual rehabilitation of Germany. Again, same tactless Americans have left the impression with the German people that we would not try to stop the Russians short of the Rhine. Intelligent Germans probably say to themselves—"if we are to be abandoned to the Russians immediately, perhaps we should have a communist party card in our pockets."

Mr. and Mrs. Loy Dutton and children of Lubbock spent last week end here visiting with relatives.

Date Is Set For The World's Greatest Cowboy Show

The Texas Cowboy Reunion, situated in Stamford, Texas, announces its 20th showing on July 1, 3, 4. New attractions have been added and improvements have been made. Several hundred seats have been added to the chuck wagon facilities in order to accommodate guests and visitors.

The Texas Cowboy Reunion is one of the oldest rodeos in Texas. Here each year gather the world's largest group of amateur cowboys and cowgirls. The participants are ranch people from all over the western area and at the Stamford rodeo visitors may see the authentic picture of ranch life.

46 whooping cough deaths. So far in 1950, an average of 323 cases have been reported every week.

Whooping cough is spread through droplet infection—that is, by breathing air contaminated by a sneeze or cough of an infected person. You can get it from using the personal things of an infected person, too. It is communicable from about 7 days after exposure until three weeks after the coughing starts.

The important thing about whooping cough is that vaccination may protect against it. It's the only thing that will. If an unvaccinated child gets the disease, he will thereafter have what is called a "definite and prolonged immunity." But the fact of the matter is that second attacks have been known to occur.

Vaccination of all pre-school children is the answer to control. "Booster" shots may be advisable within a year after the initial vaccination. Your family doctor will make that decision.

Weekly Health LETTER

AUSTIN—How many people do you know that still cling to the old-fashioned idea that the sooner children catch the so-called disease of childhood, the better off they'll be?

Take whooping cough, for example. Isn't it ridiculous for children to have to suffer with it when it may be prevented by simple vaccination?

Whooping cough goes by the scientific name of pertussis. Regardless of what you call it, it still means violent, painful wracking cough that takes the breath and tears at the chest and throat walls.

Pertussis is prevalent among children everywhere. About 15 out of every 100 cases are in children under two. North America, from time to time, seems to have more than its fair share of cases.

Sometimes it's fatal, especially to very small children. About 85 out of every 100 whooping cough deaths are among two-year-olds and less. And, strangely enough, most deaths are among girls. In 1949 Texas had

Knox Prairie Philosopher Favors Banks Lending Money Every Time It Rains, But Finds Bankers Don't

Editor's note: The Knox Prairie Philosopher on his Johnson farm on Miller Creek has another odd idea about finances his letter this week reveals.

Dear editor:

A while back when it rained right when things was gettin serious and it looked like we was in for a real drought and the newspapers hailed the rain as a million dollar one, I was in town because it was Monday which is wash day out here and any man who can't think up a good excuse to get into town on that day ain't capable of thinkin, well, when I got into town feelin fine after the rain, when life takes on a brighter look and you can almost hear the grass growing and the seeds sproutin, I expected to find a

similar feelin. "How's things?" I asked a business man. "Fair," he said. "Fine rain, wasn't it?" "Sure was." "Worth a million dollars." "Yeah, I guess so. But it ain't helped business none yet," he complained. As I understood it, he expected us farmers to hit town the

minute it stopped raining and start spendin.

Thunder Them business men ought to be patient and recognize that while they gonna get most of my money and I'm perfectly willin to spend it with em just as long as it or my credit hold out, they got to recognize that one of the hardest things on earth to do is to convince a banker one rain is worth a new loan. Borrowin money on good prospects is one of the most evolved jobs there is.

I ain't never seen a farmin year yet when some time or other in it my prospects wasn't pretty good, but there ain't much market for corn or cotton or wheat or rice at that stage. There may be bankers who loan money on good farmin pros-

pects, but either I don't know the right bankers or the bankers know too much about the history of my prospects.

I'd be perfectly willin to borrow money ever time it rains and spend it all in town the same day, but the financial structure of this country just ain't in tune with that system. It sure would make business boom, though.

Yours faithfully,
J. A.

3,438 Men Are Added To State's Military Pool

AUSTIN—State draft boards, operating under the Selective Service Act of 1948, added 3,438 men in April to the state's pool of manpower for available military service in case of war or emergency.

This brings the group of manpower acceptable for military service in Texas to just under 60,000, Brigadier General Paul L. Wakefield, state director of Selective Service, reported today.

"These are the men of our state between the ages of 19 and 25 who have been placed in I-A up to the end of April," General Wakefield said. "There are thousands of others classified in a deferred status who would be available under the law if Congress should declare an emergency."

The draft boards—137 in Texas—made 8,756 new and original classifications during April. Of these new classifications, 5,318 were in a deferred status.

Local boards at the end of April reported the registration of 5,424 youths who reached their 18th birthdays during March. From 5,000 to 6,000 18-year-olds register each month in Texas.

These registrations brought totals on draft board registration lists to 546,136. Of this number, local boards had classified 401,027 by the end of April.

COTTON PROVIDES JOBS FOR EUROPE

Probably no other single commodity has contributed more to Western European employment than cotton, ECA officials reported as the European Recovery Program passed its second anniversary recently.

As one of the leading industries in ECA countries, cotton textiles now give employment to at least five million people, they said.

Cotton ranks third among the commodities shipped under the Marshall Plan, accounting for approximately 11 percent of the total dollars approved by ECA. In dollar value, ECA cotton is valued at 964 million dollars.

Four countries—France, Germany, Italy, and the United Kingdom—have received 90 percent of the ECA-financed cotton is valued at 964 million dollars of cotton have been purchased through ECA.

Mrs. Almanrode Nominated For T.H.D.A. Office

The Sunset Home Demonstration Club of Knox County, has unanimously nominated Mrs. R. M. Almanrode, of Munday, Texas, for the office of President of the Texas Home Demonstration Association. The other clubs of the county join in enthusiastically endorsing this farm woman who has served us so faithfully as a leader.

Mrs. Almanrode has been an active member of the Sunset Club since 1925, and will celebrate her 25th anniversary on July 8 of this year. In this period she has held every office in the club and has discharged her duties completely, and willingly. She has participated in every phase of the program, and has won a number of trips to the Short Course at College Station.

She has been a member of the County Council since its organization in 1927, except for one year, and has served in each official position, being chairman two two-year terms. She is now serving as Secretary of Council.

Mrs. Almanrode served as Vice-President of District III for two years, and is finishing two years as Secretary of THDA. She has attended all Board Meetings, and has discharged the duties of her office in an efficient manner. Her interest in the Texas Home Demonstration Association dates back to August 1926, when she was present at the meeting held for the purpose of organizing. She has attended eight of the state meetings, and five of the Short Course meetings. She attended the National meeting in Tulsa, Oklahoma; and was a delegate to the National in Colorado

C. D. A. Claims 143 Members, May Soon Have Place For Membership Feed

Taking in a large majority of business firms and a number of farmers and individuals, the Community Development Association now has a membership list of 143. Several new members have been added recently.

Plans are under way for a regular meeting place for the membership, with regular meetings being held every other week. Details of this plan will likely be announced in the near future.

The following are members of the C. D. A. as of May 30, 1950, as reported by Miss Bobby Price, secretary:

Spring, Colorado, last October. Mrs. Almanrode takes an active part in all civic movements in her community, having served as Chairman of Women's Clubs of the county in the March of Dimes two years, and was Red Cross Chairman in her community for two years. She was responsible for the T. B. Chest X-Ray machine being brought to Knox County in 1949. She has worked faithfully in her church, taught an Adult Sunday School class for fifteen years, and was choir director for eight years.

When the Almanrode home was burned in June of 1947, the family bought a home in Munday, but Mrs. Almanrode continues her club work in her community. Through her efforts and wide sphere of influence, Home Demonstration Club work has reached many homes not otherwise touched.

Mrs. Almanrode has one daughter who finished her college work in January, and is now teaching English in the Goree High School, six miles from her home. She is at home with her parents.
