VOLUME 45

MUNDAY, KNOX COUNTY, TEXAS, THURSDAY, JULY 13, 1950

NO. 54

Kracker Krumb's Odd Bits Salvaged At Random

Munday is welcoming a new doctor into its midst.

Not that he especially needs any welcome—for he's at home in Munday. He was reared here and he's always been welcomed back since he graduated from Munday High School and entered insitutions of higher learning.

He is Dr. Ben W. Bowden, son of Mr. and Mrs. J. O. Bowden; who, with his wife, has returned to cast his lot among us.

We hope his stay here is a long one—and so does he—but with the Korean crisis looming big, and with Ben in the U. S. Naval Reserves and the desired age, he might find himself back in the Navy.

Ben is associated with Dr. D. C. Eiland, who has assured him there is plenty of work in their profession for another man in Munday.

Munday needs another doctor, and we predict that Ben will fill that need—in excusis—a call into service—in a creditable manner.

And speaking of Munday's needs brings up a whole parcel of them.

One of these is being met at times, and there's the statement that more will be done as soon as weather conditions as to rain and wind, etc., are suitable. That's the operation of our fogging machine. We're told that the wind and moisture have to be just right for the fogging to do the most good. And when it'll do the most good is when it should be operated.

This business of spending a hundred bucks a night to operate it is discouraging when you find it hasn't had the desired effect.

We need our street sweeper fixed up—if it can be fixed—and operated. But we're going to need a shovel crew to work ahead of the sweeper before said sweeper will do any good.

But this is not our primary need. Our city officials are aware of our primary need, and plans are going forward toward meeting it.

That is the need for an expanded sewer system in our town.

It's almost imperative, too, that our sewer system be expanded to meet the needs of our town.

A drive is under way—and should be encouraged by all citizens—for eliminating as many outdoors, open type, toilets in our town as possible.

The mayor has requested the cooperation of Munday's people in this matter.

It is the desire to eliminate all open privies—every one of them—where it is possible to make sewer connections.

This presents problems. In some instances you'll find where those who occupy some homes are not financially able to connect with the sewer system.

But those who own rent property that does not have sewer facilities, could make such facilities possible.

We have people who want sewer service right now, but it's hardly possible to make such connections.

Take that portion of our town called "The Flats". That's where many of our colored people live.

Many of them want sewer connections and are requesting them. And our present sewer system is almost at its peak capacity.

Some have mentioned calling a bond election for expanding our system so as to take in such projects as "The Flats" and to take on other customers to (Continued on last Page)

Knox County Boys Win \$235.00 In Sears Swine Foundation This Year

Knox County 4-H Club members have received a total of \$235.00 from the Sears, Roebuck Foundation in prize money was won on swine demonstrations and was used to purchase material to improve their projects.

Winnings by the boys on their swine projects include:

Champion gilt at the Knox County Show and Area show at Iowa Park won by Roy D. Day, of Knox City, in 1949.

Champion pen of 3 fat hogs at the County Show and Area Show at Iowa Park in 1949, won by Charles Atkinson of Goree. Second place in this event was won by Dale Jackson, of Vera.

Third place boar in the Sears Division at Iowa Park was exhibited by Gary Cure, of Gilliland. Recently Gary was awarded second place in the District for Boar Demonstrations.

District placing in the Heavy Litter Contest concuded in June were James Robin Jensen, Knox City; 16th, and Roy D. Day, of Knox City, 22nd.

Boys who won pigs in the Annual Essay Contest this year and who will compete on both a County and District basis during 1950-1951 are as follows: Registered Duroc Boar Pig: Joe Swearingen, Knox City.

Registered Duroc Gilts: Bob by McBeth, Knox City; Kenneth Hubbard, Knox City; Kenneth Day, Knox City; J. T. Rutherford, Gilliland; Doyle Dodson, Knox City; Randolph Barnett, Benjamin; Donald Hill, Sunset; Truman Brown, Benjamin.

Knox County Hospital Notes

Patients dismissed from the Knox County Hospital since Monday, July 3rd:

Mrs. J. A. Watson and Baby, Munday; Mrs. Travis Burt and Baby, Rochester; W. L. Chamberlain, Goree; Mrs. A. K. McGaughey, Vera; Mrs. R. J. Banner and Baby, O'Brien; Mrs. Preston Mitchell, Levelland; Luis Lasoya, O'Brien; Mrs. Manuel Quintana, Gilliland; Mrs. Juan Gonzales, O'Brien; Mr. and Mrs. Ollie Iseng, Gilliland; Edd Flournoy, Rochester; Mrs. Mary Schumacher, Rhineland; Mrs. A. J. Stephens and baby, Rhineland; Mrs. Gene Floyd, Munday; David Ellis, O'Brien; John Fruewirth, Munday; S. L. Faylor, Knox City; Jo Ann Brazzell, Munday; Joe Simmons, Knox City; John Dutton, Knox City; Mrs. E. J. Zagorala, Jersey City, N. J.; Johnny Scoggins, Rochester; Gay Bartell, O'Brien; Bob Lesley, Rochester; Mrs. Juan Gonzalos and Baby, O'Brien; Mrs. G. H. Taylor, Rochester.

Patients in the Knox County Hospital Monday, July 9th:

Mrs. Lucy Condron, Throckmorton; Lee Covington, Seymour; Jerrilyn Kane, Munday; Mrs. Bettie Wilson, Munday; T. C. Merrill, Munday; Mr. S. P. Keller, O'Brien; Mrs. Elmo Stevens, O'Brien; Mrs. J. W. Hickson, Knox City; Mrs. J. M. White, Munday; O. B. Stoker, Truscott; Mrs. Sam Leverton and Baby, Benjamin; Sue Leverton, Benjamin; Royce Reddell, Munday; E. B. Littlefield, Munday; Mrs. O. M. Olson, Gilliland; Mrs. H. B. Maddox, Truscott; Mr. Tom Loper, Rochester; Mrs. Marsh Coffman, Munday; R. L. Thompson, O'Brien; Huey Bell Anthony, Rochester; Mr. and Mrs. Dick Carney, O'Brien; Mrs. M. B. McGaughey, Benjamin; H. L. McNulty, Knox City; Pete Rocha, Knox City; Rube Davis, Rochester; Mrs. J. W. Cox, Knox City; Mrs. Frank Driver, Benjamin; T. C. Bevel, Rochester.

Babies born since Monday, July 3rd:

Mr. and Mrs. G. H. Taylor, Rochester, a son; Mr. and Mrs. Travis Burt, Rochester, a daughter; Mr. and Mrs. A. J. Stevens, Rhineland, a son; Mr. and Mrs. Quantora, Gilliland, a daughter; Mr. and Mrs. Sam Leverton, Benjamin, a son; Mr. and Mrs. Juan Gonzalos, O'Brien, a daughter.

DEATHS
Lester Lee Weeks, Munday
Roger Dale Taylor, infant son of Mr. and Mrs. G. H. Taylor, Rochester.

Drive carefully—the life you save may be your own!

Revival Opens On July 16 At Vera Church

The summer revival meeting will open on Sunday morning, July 16, at the First Methodist Church in Vera, it was announced Tuesday by Rev. J. P. Cole, pastor. The meeting will continue for about two weeks.

Rev. H. F. Dunn of Lorenzo, Texas, will do the preaching, and large crowds are expected to hear him during the meeting.

Bank Deposits Continue High

Deposits in the First National Bank of Munday remain at a high peak, although they showed a drop from April 24, the time the last financial statement was issued.

However, the statement issued at the close of business on June 30, 1950, showed deposits in the local bank remaining over five million dollars.

This was a drop of some \$68,000 from April 24, which is possibly due, in some measure, to farmers' expense in getting the 1950 crops started.

Deposits on June 30, 1950, were \$5,004,945.16 as compared to \$5,073,205.57 on April 24, 1950. Total assets of the bank are \$5,184,628.77, according to the statement published in this week's issue of The Times. This speaks well for the financial condition of the bank, as well as of the community which it serves.

Golf Meet Is Slated July 30 At Seymour

The Seymour Golf and Country Club is making big plans for the annual Tri-County Golf Tournament, which will open there on Sunday, July 30, and continue through August 6.

"It looks like we will have one of the biggest and best tournaments in the history of the organization," club officials said. "The new grass green will be a pleasure to play on."

Qualifying rounds for the tournament will begin on Sunday, July 30, and continue until 6 p. m. August 1, it was stated.

The driving contest will be held August 1, preceding the Calcutta pool which is slated for 7:30 p. m. on that date.

First and second matches will be played August 2 and 3; third matches on August 4 and 5, and all final matches will be run off on Sunday, August 6. The course is open for practice for the convenience of all golfers of the tri-county association.

1,005 Texans To Be Taken In Draft Quota

Texas, and Knox County, is soon to feel the sting of another draft call. It was announced Wednesday that 1,005 Texans will be included in the draft quota to be furnished not later than September 30.

The announcement came from Brig. Gen. Paul L. Wakefield, state director of selective service. He said it will be several days before the quota can be apportioned among local draft boards.

This apportionment will be made on the basis of available 1-A registrants. It was stated.

HERE FROM OHIO

Mr. and Mrs. Henry Jungman of Cincinnati, Ohio, came in the first of this week for a visit with relatives in this area. They spent two days in the home of Mr. and Mrs. H. F. Jungman, then went on to Pep for a visit.

Wheat Farmers Fight Seed Disease

Across the winter wheat belt, hundreds of seed cleaning and treating plants are at work preparing for the 1950 planting. Grain elevators and seed houses are processing seed through cleaners to take out weeds and broken kernels, and through treaters which mix "Ceresan" seed disinfectant on the seed to destroy the spores of stinking smut and disease organisms which cause seed rot.

Treating with "Ceresan" not only destroys all surface seed-borne organisms like smut which may be on the seed, but also remains effective even after planting to protect the seed from rotting in the soil.

Experiment stations in every grain-producing state recommend seed treatment to control seed decay and seedling blights on wheat, sorghums, rye and many other crops.

Colored Girl Causes Death Of Young Brother

Mary Lee Weeks, 10-year-old girl is facing trial in juvenile court, charged with the death of her four-year-old brother, Lester Lee Weeks.

Lester Lee died at about 6:30 o'clock Friday of head injuries, which investigating officers said were inflicted by his 10-year-old sister. According to officers, the girl said the children were playing at their home when she became mad at her brother and hit him on the head with a rock.

The children's parents, George and Monnie Bee Weeks, are employed on the farm of H. D. Matthews, Jr., north of Sunset school. They were working in the field at the time, and only the children were at home.

Mr. Matthews took the injured child to the Knox County Hospital for treatment and he lived between four and five hours. Officers were called, and they questioned the girl and obtained her story of the incident. Doctors said Lester Lee suffered a fractured skull and died of a brain concussion.

The body was taken to Howland, Texas, near Paris for burial last Sunday. The Mahan Funeral Home was in charge.

Mary Lee was released in custody of her parents pending trial in juvenile court on charges of slaying her brother.

Dr. Ben Bowden Begins Practice In Home Town

Dr. Ben W. Bowden, who was reared in Knox County, returned to his home town of Munday, last week to begin the practice of medicine. He is now associated with Dr. D. C. Eiland in practice at Munday and in the Knox City Clinic and Knox County Hospital.

Dr. Bowden, son of Mr. and Mrs. J. O. Bowden of Munday, returns home fully qualified by education and experience for his chosen profession.

A 1942 graduate of Munday High School, he later attended Hardin-Simmons University in Abilene and completed his pre-medical work in T. C. U., Fort Worth, receiving his B. S. degree there in 1945.

He then served in the U. S. Navy under the V-12 training program, then entered Southwestern Medical College in Dallas, where he received his medical degree in 1948. He has just completed a year of active duty in the U. S. Navy, being stationed at the Naval Air Training Command at Pensacola, Florida. He entered the Navy after completing a year of internship at the Shreveport Charity Hospital, Shreveport, La.

He and Mrs. Bowden, who is a trained nurse, are occupying the apartment of Mrs. W. P. Farrington.

Goree Mother And Daughter Killed In Car Accident Sunday

J. R. Wooley, 83, County Farmer Dies Sunday

James Reese Wooley, 83, prominent retired farmer of Knox County, died Sunday morning at his home in Knox City.

Mr. Wooley was born in Baton Rouge, La., in 1866, and in 1888 married Miss Mannie Swanner. He came to Knox County in 1902 from Falls County.

Funeral services were held from the First Baptist Church in Knox City at ten o'clock last Tuesday morning, being conducted by Rev. N. L. Hundley, pastor of the Primitive Baptist Church in Lubbock.

Survivors include five daughters, Miss Kate Wooley of Knox City, Mrs. Mary Evans of Marlin, Mrs. Evie Turner of Marysville, Calif., and Mrs. Grave McKeen of Lindale, Calif., and a son, Luther Wooley of Pueblo, Colo.

A Goree mother and her 19-year-old daughter lost their lives in a traffic accident near Wichita Falls last Sunday night. They are Mrs. Nonnie Stephens, 45, and Miss Joyce Stephens, 19. Two other Stephens children, Troy, 16, and Leatrice, 24, also of Goree, sustained light injuries. The accident occurred at 6:20 p. m. Sunday at the intersection of State Highway 258 and Farm Road 268, about 11½ miles from Wichita Falls on the Kamay road.

Highway patrolmen who investigated the accident said the collision could be attributed to failure of one of the cars to stop before entering the intersection.

The cars hit almost in the center of the intersection and both were thrown more than 75 feet away from the point of impact, patrolmen said. A passing woman motorist came upon the scene immediately after the accident and called ambulances from a nearby residence.

Joyce Stephens was dead upon arrival at a Wichita Falls hospital. Reports were that she was killed instantly when she was thrown out of the auto, striking a wooden fence post about 15 feet away.

Mrs. Stephens talked briefly with the ambulance driver when enroute to the hospital. She passed away a few minutes after entering the emergency room.

The Stephens family had lived in Goree for 10 years. Mrs. Stephens was employed in the Goree school lunch room, while Joyce was an employee of the Lone Star Gas Company in Seymour.

Funeral services for Mrs. Stephens and daughter were held at three o'clock last Tuesday afternoon from the First Baptist Church in Goree. Rev. S. E. Stevenson, pastor, officiated and burial was in the Goree cemetery under the direction of Laningham Funeral Home.

Pallbearers for Mrs. Stephens were Melvin Cooksey, Mason Harlan, Roy Mayo, Jeff Smith, George Foster, Bill Wright, Calvin Robinson and Rebus Guess. Pallbearers for Joyce were Brooks Thiabaud, Mackie Murdock, Bobbie Graham, Kenneth Roberts, Charles Williams and Don Coffman.

Survivors include another son of Mrs. Stephens, W. C. Stephens of California; two other daughters, Dorothy and Odett, both of Goree; three brothers, Raymond Davis, Wichita Falls, Roy Davis of Hamilton, J. H. Davis of Hico, four sisters, Misses Lois and Clarice Davis, Mrs. Ruby Wilson and Mrs. Carl Mosman, all of Fort Worth.

County Is Short Of Bond Quota

Knox County was short of her Independence Bond Drive quota at the end of June, according to a report from the Treasury Department's savings bonds division in Dallas. Sales during the first of July are expected to bring the county over the top.

The accounting period ending June 30 gave Knox County's sales at \$23,381.25 against the quota of \$27,800 or 84.11 percent of the quota.

Bond sales continued through July 4, and it is believed Knox County's purchases will exceed her quota in the final period.

Homecoming For Audubon Old Timers Set August 13th

As has been the custom for several years, the old timers of Audubon, as well as the young, will gather there on the second Sunday in August for their annual reunion and homecoming.

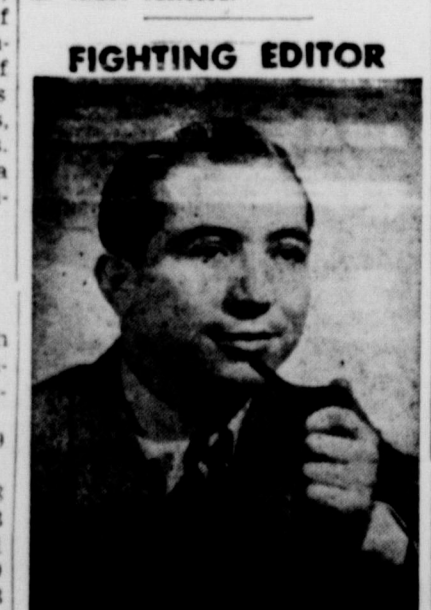

Everyone will bring a basket lunch, which will be served under the old brush arbor that is being recovered for this event. A program is being arranged for the meeting. You will meet old friends you have not seen in 25 years or longer. Plan to be there Sunday, August 13.

Suggs Is Selected As Cadet Captain

LUBBOCK — Arledge W. Suggs, Texas Technological College student from Munday, has been chosen cadet captain and squadron adjutant at the Air Force ROTC encampment at Kelly Air Force Base, San Antonio.

Suggs is one of eleven Texas Technological College students to receive recent appointments as cadet officers.

FIGHTING EDITOR

CHRISTOPHER, ILL.—The campaign of Victor C. Leiker, 33-year-old editor of the weekly Christopher Progress here, against irregularities in relief administration has brought gratifying results. Four townships were notified they will lose their state grants if they show evidence that the irregularities have been cleared up. Leiker pruned his campaign against boss rule despite the loss of substantial advertising accounts.

Trades Teachers Attending Summer School At Austin

Sixty-seven trade and industrial teachers in Texas high schools, junior colleges and apprentice-training and evening school programs are attending summer school at the University of Texas.

Each is seeking a permanent state teaching certificate from the school, sponsored by the Texas Education Agency's Vocational Division and conducted jointly by the University's and Texas A & M. College's extension divisions. Six courses in instruction techniques are required for a permanent trade and industrial certificate. A student may take three courses each summer.

Among those currently enrolled is John W. Inman of Munday.

Cotton Dusting Service Announced

E. E. (Ebb) Lowe and son, Sargent Lowe, have announced the opening of a cotton dusting service for this area. They are located on the highway, just across from Strickland Radio Service.

These men stated that airplanes will be available for dusting cotton and a supply of cotton insecticide will be available at all times. Mr. Cook, well known entomologist, will be on hand to give free service to farmers of this area. They ask that you contact them for cotton dusting service.

Entered as second class matter January 4,
1910, at the postoffice in Munday, Texas, under
Act of Congress, March 2, 1879.

OUR NEEDS FOR 1950

1. Completion of our portion of the Throckmorton road, giving the farmers of that area an all-weather outlet.
2. A farm-to-market road to the north and east of Munday, possibly connecting with the Heffner road.
3. A U. S. Federal building. Munday needs a new post office home.
4. More homes in Munday. We did a good job in 1949, but there's still a housing shortage.
5. A new telephone system, giving the town adequate telephone service and tapping the rural area surrounding the town.
6. Greater cooperation of business man, farmer, and citizen toward long-range development for our community.

"PREVENT FIRE, SAVE LIVES"

A new poster for Fire Prevention Week--which will be observed nationally next October--has been chosen by the National Board of Fire Underwriters. It shows a mother playfully lifting her young child above her head and is captioned: "For their sake--Prevent Fire, Save Lives."

There, in a few words, is a vital message. Fire kills some 11,000 human beings every year in this country and at least three-quarters of those deaths occur in home. Among children, fire continues to lead the causes of accidental deaths at home. On top of that, fire is responsible for horrible burnings and maimings. In many cases children are crippled for life.

Fire Prevention Week comes only once each year. But the spirit that motivates the week should remain in force every day and every night. There is no end to the job of fire prevention--unless we are constantly on guard, new dangers will appear. Safety in the home demands year-round vigilance. Rerouting heating systems, worn and defective wiring, improperly stored paints and varnishes and cleaning solvents, litter of trash in basements, closets and attics, carelessness with smoking materials and matches--these are all prime causes of home fires, and the house that is relatively safe today must be a menace tomorrow.

Remember that simple motto--"Prevent Fire, Save Lives." And act on it.

A TWO-WAY STREET

We cannot rehabilitate Europe, the East, or any other section of the world by simply pouring out dollars. True rehabilitation can be attained only by helping to place the needy nations on a sound and productive economic basis. That was the idea of General Marshall when, as Secretary of State, he made his famous speech at Harvard in which the basis of his plan was first

laid down. One of the major economic problems of the world is that our exports now far exceed our imports. Under these conditions, the gold and dollar credits of the nations flow inexorably toward our shores. As soon--as happened in England--the money just runs out, and new economic rises inevitably follow.

International trade is a two-way street. If we are to sell abroad, without impoverishing our customers, we must buy abroad. Something resembling an even balance of trade must be reached. That is, as everyone knows, an exceedingly difficult problem. The adjustments will be many and hard. But, in the long pull, it is the only salvation for those nations which look to us for leadership and assistance--even as it is the only way to cement the military alliance of the Western world. A country which is economically hungry cannot be strong militarily.

The Marshall Plan, and the related policies, will succeed or fail as we succeed or fail in offering a market for the products and resources of other nations even as they offer a market for ours. We will not long be able to sell if we do not buy. And, from the selfish point of view, a breakdown in international trade would have the most serious adverse effect on our own employment and production, and our economy as a whole.

TAXES THAT HURT EMPLOYMENT

A recent report by an economic institution said that proponents of repeal of excise taxes were greatly exaggerating the situation. This has been strongly challenged by the head of the National Retail Dry Goods Association.

He observed, "An increase of 20 percent in the price of merchandise is enough in itself to stop women buying, but when they know that 20 percent is a tax set up by an extravagant government from which the purchaser is likely to get nothing she regards as important, it would take 20 institutes and many more scientific investigators to prove that sales are not affected." He then took the report on Federal Tax Collections for Massachusetts, the only pertinent figures available, covering excise tax collections on furs, jewelry, luggage and toiletries. These indicated that, for a four-months period, sales in that state of these items were down \$4,000,000.

The people who should know the most about the excise tax problem are the manufacturers who produce the goods, the retailers who sell them and the labor unions whose members work at making them. These groups are virtually unanimous in saying that the taxes have hit sales hard, and prevented industrial growth and employment.

From the moral point of view, continuation of these taxes is indefensible. They were strictly a war emergency measure. Yet years have gone by since hostilities ended and they are still on the books--and still hurting the consumer, the manufacturer, the retailer and the worker.

A pig once changed the history of Texas. Back in the days when Texas was a republic (after winning its independence from Mexico), other nations sent ambassadors, or ministers as they were called to Austin. France sent M De Saligny as its diplomatic representative. De Saligny owned horses which he fed corn. A pig belonging to an inn-keeper named Bullock got in and ate some of the corn and so the Frenchman's servant killed the pig.

This made Mr. Bullock mad

Political Announcements

The Munday Times is authorized to announce the candidacy of the following, subject to the action of the voters in the 1950 Democratic Primaries:

For District Attorney:
ROY A. JONES
D. J. BROOKRESON, JR.
First Elected Term

From where I sit... by Joe Marsh

There it Was-- Right in The Middle!

Easy Roberts mowed his lawn early last Saturday. Then he sat on the porch, and watched Handy Peterson cutting his grass. The Roberts' property and the Peterson's border each other--with no hedge or fence between them. So, when Easy notices Handy had left about a four-foot strip unmowed along the boundary, he walks over and asks why. "That's your land," says Handy. "Mine ends here. See, it lines up with that oak tree across the road!" Easy didn't think so, so they went up and down looking for

the surveyor's marker. Where did they find it? Right in the middle of their "no man's land!" Well, they both grin and take turns finishing the job and then retreat to Easy's for a friendly glass of beer together. From where I sit, a little searching around for the truth of the matter often shows that the other fellow is as much right as you are--at which point the whole thing doesn't seem as important anyway.

Joe Marsh

LOCALS

Mrs. Addie Layne returned home this week from Wichita Falls where she had been attending the bedside of a sister, Mrs. Ivy McNeese, who underwent surgery some two weeks ago. She was accompanied home by Mrs. McNeese's grandbaby, Jackie Shirley, who is visiting Mrs. Layne and Mr. and Mrs. A. U. Hathaway.

Mr. and Mrs. R. C. Stevens and Mr. and Mrs. Norman Spears, all of Slaton, visited in the home of Mrs. J. B. Stevens over the weekend.

Mrs. C. O. Layne and daughters of Beaumont visited with Mrs. Addie Layne and other relatives here several days last week.

Mr. and Mrs. D. H. Montgomery visited his parents, Mr. and Mrs. H. M. Montgomery, in Morton over the week end.

the knees. His face may show signs of a second day's growth and the dinner pail may be full of dents. But don't call him the "old man"--he's your father.

For years and years, he has been rustling around to get things together. Never once has he failed to do the right thing by you. He thinks you are the greatest boy on earth, bar none, even though you plaster your hair back, wear smart clothes and fail to bring home a cent.

He is the man who won the love and life partnership of the greatest woman on earth--your mother. He is "some" man and not the "old man". If you win as good a wife as he did, you will have to go some, boy.

and he horse-whipped the servant.

And this made M. De Saligny mad so he filed charges against Bullock--but the inn-keeper was freed, so M. De Saligny was so angry that he resigned as minister to Texas.

Now the young Republic of Texas was having financial troubles and was trying to get a loan of several million dollars. France was about to let Texas have the money but M De Saligny was mad and he made such an unfavorable report that Texas didn't get the loan, which would have put the Republic in good shape and would have helped develop the country.

So Texas applied for admission to the United States and joined the Union.

Texas might have kept on being a republic all of its own and might still be a separate nation if it had not been for that pig.

A scrapbook selection, entitled "Dad"-- He may wear last year's straw hat, his finger-nails may need manuring, his vest may hang loose and his pants may bag at

State Accepts 3 4-H Programs Of Interest To Girls

Three national 4-H awards programs of special interest to rural girls have been accepted for the current year by the Texas State Club office, it is announced by the National 4-H Committee. They are Girls' Record, Canning and Dress Revue.

County winners in each will receive honor medals, and the State champions will get educational trips to the National 4-H Club Congress in Chicago next November.

National awards are \$300 college scholarships in Girls' Record and Canning and leather-cased scissors in Dress Revue. Donors of awards in the respective programs are Montgomery Ward, Kerr Glass and Simplicity Pattern Company. The programs are conducted under the direction of the Cooperative Extension Service.

Texas State winners in the programs last year were: Laverne Goertz, of Red Rock, in canning; Lucille Ownen, of Kirkland, in dress revue; and Mary Keith, of Whiteface, in girls' record.

County extension agents will furnish full information on these programs.

Fred N. Warren of Lubbock spent the week end here with his sisters, Mrs. L. W. Hobert, and Mrs. Jo Mae Davis, and with other relatives.

Carlos Cross of Brownfield spent the week end here with his brother, C. G. Cross, Jr. He was enroute Vernon where he has accepted employment.

Mrs. R. M. Kinard of Stamford was a guest in the home of Mr. and Mrs. J. D. Crockett over the week end.

Experts Present Some "Hot Tips" On Keeping Home Cool In Summer

Now that warmer weather is here, heating and ventilating engineers are reminding home owners that keeping the house at a comfortable temperature is a year-round job.

Modern houses, with their low ceilings and small rooms, are easier to heat than were their outsized predecessors. For the same reason, more precautions are needed to keep them pleasantly cool in the summertime.

If summer air conditioning isn't practical, engineers list three other ways to keep the house comfortable in warm weather. They are: ventilation, insulation and the cooling effects of exterior trimmings and surroundings.

Attic Ventilation Needed
Natural attic ventilation is one way of cooling off the top of the house, where the heat is most intense. Attic windows should be kept open three or four inches. If the attic is windowless, each end doorway may be kept slatted openings or louvers can be installed at each end for ventilation.

Another help is to install an electric ventilator in the kitchen. A fan-type kitchen ventilator usually is powerful enough to exhaust stale, hot air from an entire floor while accomplishing its primary purpose of removing steam, grease and cooking odors.

The most efficient night cooling suggestion offered by the experts is to install an attic fan. When properly selected and placed, an attic fan can mean as much as 20 degrees difference.

Insulation Is a Big Help
Wall and ceiling insulation is another way of reducing the inside summer temperature of your house. Homes already built can be insulated in a variety of ways. For summer coolness, one of the most effective steps is to insulate the upper part of the house, either at attic floor level or in the roof.

When the attic is unfinished it is easy to insulate the attic floor. This can be done by nailing board over the floor joists or by filling the space between the joists with an insulating material.

If the attic is floored, the attic may be insulated by nailing insulating board to the underside of the roof rafters. Or, going a step further, insulating board may be used to convert the attic into a playroom, den or extra living quarters. The ceiling and sidewalls can be built, insulated and decorated this way in one

August 15th Is Deadline On Cotton Improvement Setup

Nearly all cotton improvement groups of farmers in this area have filed their applications for cotton classing and market news service they will receive under the Smith-Dokey Act, according to H. J. Matejowski, who is in charge of the local cotton office of the U. S. Department of Agriculture's Production and Marketing Administration.

"Farmers should see to it that the application for their group is filed at once so they will not miss any of the advantages of this program," Matejowski said.

Deadline for the filing of applications in this area is August 15. Applications should be sent to P. O. Box 2001, Abilene, Texas.

Mr. and Mrs. Homer Hediger and daughters of San Antonio visited in the home of Mrs. Hediger's parents, Mr. and Mrs. Lewis Floyd of Knox City, and other relatives and friends several days last week.

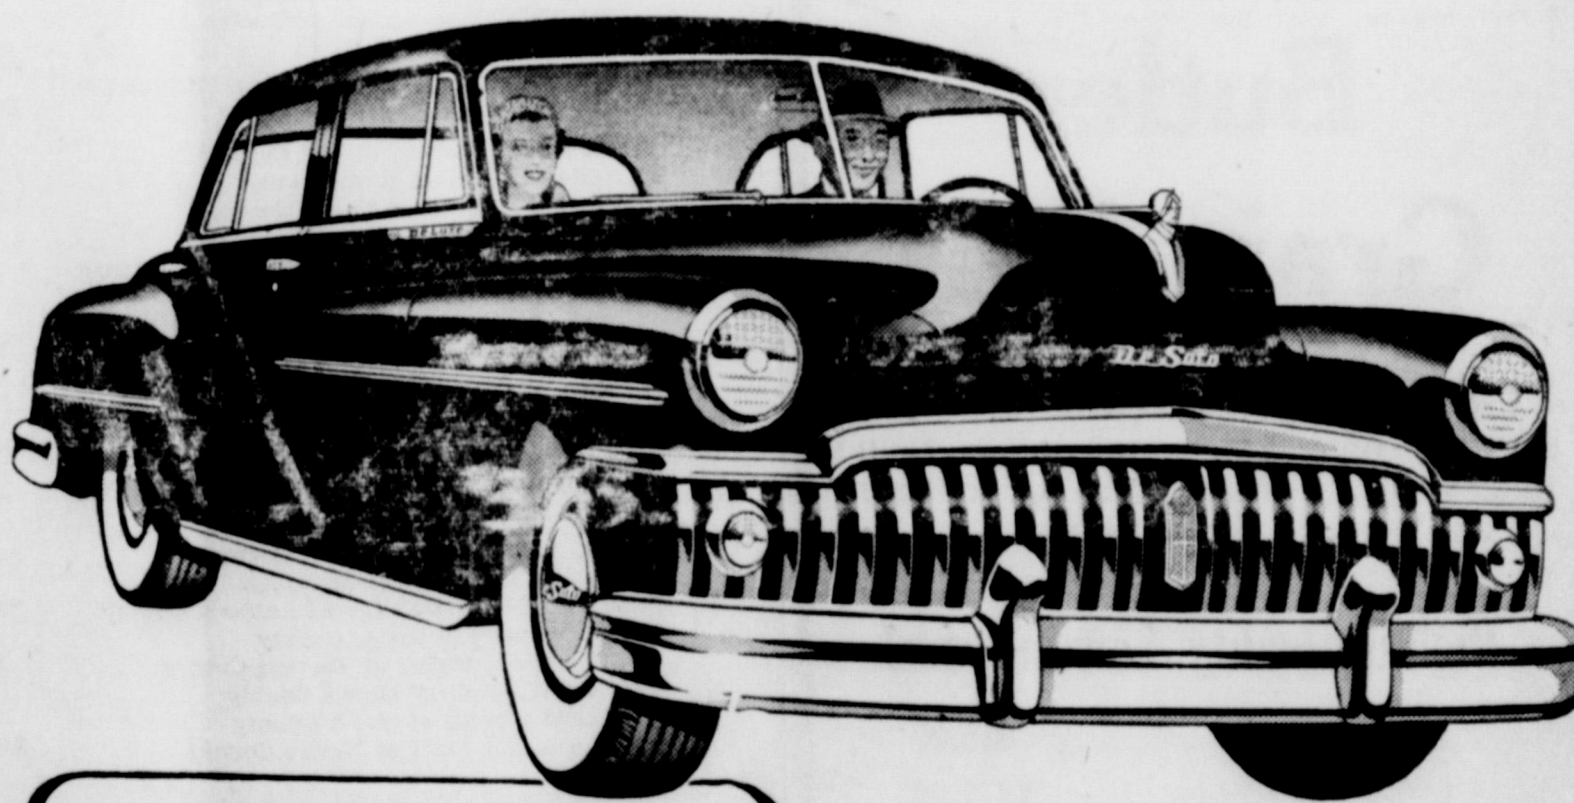

Mr. and Mrs. J. C. Rice spent last Tuesday in Amarillo, where Mr. Rice attended a meeting of the Farmers Union Insurance board.

A Sunny Home for Sunny Living

Photo—American Home Magazine

Building a home around the sun isn't hard with this plan from American Home Magazine. It's a south-facing ranch house with an overhanging roof which permits the short winter sun to penetrate the deep living room. In summer, the same angled roof keeps out the almost perpendicular rays. Three spacious, easily accessible bedrooms; closet space to hold everything without crowding; and a more than 29-foot living-dining room area that has window-walls, a fireplace and decorator-perfect wall space, make it a prize-winning domicile at a moderate price.

Quality Eggs In The Summertime

In many areas in Texas this summer, egg producers will have an opportunity to take advantage of the better prices offered for quality eggs. According to F. Z. Beانبlossom, extension poultry marketing specialist of Texas A. & M. College, the egg grading programs in these areas are showing just how important environment, especially heat and humidity, are to the production and marketing of quality eggs.

The temperature of the freshly laid egg, he says is above 100 degrees Fahrenheit and if quality is to be maintained, rapid and thorough cooling of the fresh eggs is a must. Beانبlossom points out that eggs will cool from 100°F to 50°F in three hours when they are spread out on a wire tray. It will take five hours for them to cool, if held in a wire basket, twelve hours when held in solid pails and eighteen to twenty hours when held in an egg case.

Here is what excess heat does to egg quality. He says eggs 100 days old may be better than

some eggs that are only three days old because eggs held at 99.6°F. drop to "B" grade in three days or less. Eggs held at 77°F. will usually hold up for at least eight days, when held at 45°F. they were still tops at 65 days and when they were held at 37°F. they retained their top quality for 100 days. This, he says, clearly indicates that age does not affect the quality of eggs as directly nor as rapidly as does the environment the egg receives.

The importance of humidity in the egg holding room is reflected in the fact that only 31% of the top grade eggs will be maintained when the humidity in the room drops below 75 percent and the temperature rises above 65°F. The failure of egg producers and handlers to pre-cool egg cases, packing eggs before the animal heat is removed and marketing eggs less twice weekly greatly affects the percentage of high quality eggs marketed, says Beانبlossom.

Here is another item that is mighty important in handling eggs. Beانبlossom says that research studies show that when eggs are given a ride to town

Crisis Seen In Seining Of Bait

AUSTIN—Varied and at times conflicting local regulations on seining and possessing bait apparently are bothering some Texas fishermen.

This is indicated by requests for information from the game department and its field men and by occasional arrests for violations.

The basic state law permits the use of a 20-ft. minnow seine but forbids taking any variety of game fish for bait. There are

on the big end instead of the little end, five and one-half cents per dozen is lost due to loss in grade. Here is the way it works out; only 73 eggs out of 200 improperly packed eggs graded "A" or better out of 200 when packed and transported with the large end up.

Beانبlossom concludes that egg producers can do something about the quality contained in the eggs they market, and he adds, an egg grading program will make it possible for quality producers to cash in on the better prices offered for the top quality eggs.

so many special county laws that fishermen are advised to obtain a complete set of fishing laws or to check with their local game warden.

Most counties permit seining of bait. Many counties forbid seining of bait for sale. Many set a limit on the number that may be taken. The maximum ranges from 125 to 500.

Fishermen, many of whom usually catch their own bait, become agitated by reports conflicting with the law. Recently a rumor circulated that Lake Travis, near Austin, had been closed to seining for bait. Several calls were received by the game department.

Some anglers, possibly through carelessness, are caught with game fish they have taken with their minnow seines. They are reminded that game fish fingerlings have much the same characteristics as the adults. That applies, for instance, to bass and crapple fingerlings. Fishermen familiar with the appearance of the different adult species seldom have any difficulty determining what is legal and what isn't. The authorities suggest that persons in doubt had better return the fish to the water.

Men's Footwear In Fashion News

For a change, the fashion experts have come up with some advice to MEN. Here's what they have to say about the newest designs in men's summer socks.

There are some handsome plaids, and argyles for sportswear, while for dress wear the plain and ribbed cotton socks are best. One of the sportswear favorites is a four-color cable pattern against a contrasting background made of soft, combed cotton. Another popular style is a colorful plaid design in combed cotton twist all-over argyle stock.

For ball players, golfers, and fishermen, there is a cotton "crew" sock with a ribbed top. Other sportswear designs are a chevron pattern, a large check, and four-color plaids. Cotton socks are especially popular this summer because they are cool, lightweight, and absorbent.

A trim English rib cotton sock with an embroidered clock design is suggested for business and dress wear. Another neat English rib design in cotton is woven to make a check pattern.

LOCALS

Mr. and Mrs. A. J. Stevens are announcing the birth of their son, who arrived July 8, in the Knox County Hospital. Mother and son are reported to be doing nicely.

off my neighbor's tractor seat where he had left to keep the seat from gettin hot while he went to the house for a drink of water, a thick newspaper is hard to get along without in these days of mechanized farm-in, and went on into the pasture out of sight, don't mind my neighbor gettin mad but it's better to have him mad in general than made at me in particular, can't say as much for a mad woman though, she ain't good for nothin and is dangerous besides, and sat down under my favorite tree and read where the experts in Washington are now worryin about how they're gonna keep up Europe's purchasin power after the Marshall Plan ends in 1952.

Now of course you might argue the experts could spend their time worryin about my purchasin power right now and wait till 1952 to worry about Europe's, but I'm perfectly willin to give Europe the edge just so I'm included.

As I understand the problem, we got to keep up Europe's purchasin power in order to have continued good business in this country, and while I don't want to disturb the international scene, don't want to horn in on Europe's racket, but couldn't I help business out too by havin my purchasin power increased? I ain't sayin I can help it as there ain't no ocean between me and the goal.

Right now I can think of two or three dozen major items I could use, which are waitin in town in the stores ready to be sold, provided the government would stimulate my purchasin power.

I'm in favor of helpin business, but I'd like to oget in on the helpin a little myself. Lack of purchasin power ain't no exclusive European problem, I've had the same trouble out here for years.

Yours faithfully,
J. A.

New Fishing Law Is Explained Again

AUSTIN, June 24—Reported misunderstanding of the state-wide fishing law prompted the Executive Secretary of the Game, Fish and Oyster Commission to restate some of the principal provisions Saturday.

The law, passed by the last regular legislative session to replace many conflicting local statutes, permits persons to fish without a license in their home counties and to fish in streams separating the county of their residence and adjacent counties unless they use artificial bait. Fresh water fishermen who use artificial bait are required to have a license regardless of where they fish.

The act also permits Texans to fish in counties adjoining their home county without a license unless they use artificial bait or use live bait. Licenses are required of persons fishing for commercial purpose regardless of where they fish.

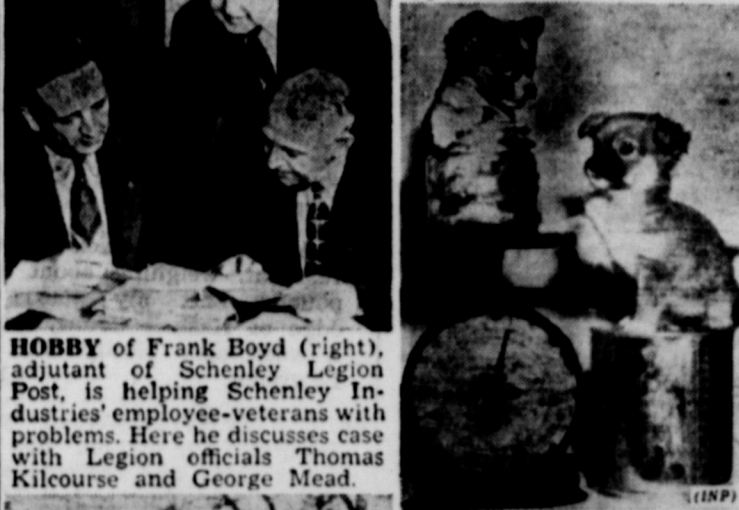

There also has been some misunderstanding about the trespassing law which was amended by the last regular legislative session. The law which was amended by the last regular leg-

Society

Methodist WSCS Meets Monday In J. C. Borden Home

Mrs. J. C. Borden and Mrs. Bruce Barnett were hostesses to members of the Woman's Society of Christian Service last Monday at 4 p. m. in the home of Mrs. Borden.

Mrs. H. A. Pendleton was director of the program. She read the second chapter of Isaiah for the meditation, and Mrs. J. C. Rice gave the prayer.

Mrs. R. D. Atkinson gave a very interesting talk on Israel, of the establishment of that state and of the interrelation between Israel, the Jew in America and the Christian in America in the struggle for peace among the nations. Mrs. J. D. Crockett told of the new state of Israel. The meeting was dismissed by members repeating the Lord's Prayer in unison.

A delicious refreshment plate was served to Meses. Gill Wyatt, Worth Gafford, G. R. Eiland, R. L. Ratliff, W. R. Rodgers, R. L. Butler, D. E. Holder, T. C. Merrell, J. S. Shannon, J. C. Rice, Mae Bowden, J. A. Caughran, W. A. Baker, J. D. Crockett, H. A. Pendleton, R. D. Atkinson and Oates Golden.

Joanne Loffler And Charles C. Bass Are Married July 8th

Miss Joanne Loffler, daughter of Mrs. S. A. Loffler, and Charles C. Bass, son of Mr. and Mrs. J. S. Bass, all of Munday were married in an informal ceremony in the Loffler home at 8 o'clock, Saturday, July 8. The ceremony was performed by J. B. Barnett, minister of the Church of Christ.

The bride wore a light blue organdy street length dress with gold accessories. Her corsage was of white gladiolas.

Mrs. Herman Franklin, sister of the bride, was matron of honor, and Hermon Franklin served as best man.

A number of close friends and relatives attended the wedding.

Mr. Bass is employed at the Gulf station, and they are at home in an apartment at the Browning residence.

Drive carefully—the life you save may be your own!

Wesleyan Service Guild Meets In Bardwell Home

The Wesleyan Service Guild met Monday evening at 8 o'clock in the home of Mrs. J. H. Bardwell with Mrs. Levi Bowden co-hostess. Mrs. I. V. Cook had charge of the program with each officer telling her duties. A song, "He Leadeth Thee", was sung, and Mrs. O. H. Spann led the group in prayer. Pledges were made for a new year.

Those present were: Meses. E. R. Ponder, Bill Gaither, I. V. Cook, Joe B. King, Bob Hicks, J. C. Harpham, Joe Massey, O. H. Spann, C. P. Baker, A. Mitchell, J. W. Smith; Misses Merle Dingus, Ruth Baker, Florence Gaines, a new member, Mrs. Erin McGraw, and the hostesses, Mrs. J. H. Bardwell and Mrs. Levi Bowden.

Gilliland Club Meets On July 5; Demonstration Held

Twelve members of the Gilliland home demonstration club were present at the regular meeting held on Wednesday, July 5.

Miss Allen gave a very interesting demonstration on how to select quality furniture. "Do not go by the appearance," she said, "but by the substantiability of the furniture." She also gave a brief demonstration on upholstering furniture.

Refreshments were served to Meses. W. T. Cook, Emil Navratil, O. R. Miller, W. H. Hollis, Arnold Navratil, Elton Carroll, Omar Cure, John Thompson, Grady Duncan, Elton Scott, Miss Allen, Dannie Groves and Joyce Welch. Mrs. Arnold Navratil was hostess.

FLIES TO EL PASO

Miss Jimmie Del Peysen, daughter of Mr. and Mrs. John R. Peysen, left Sunday for El Paso, to visit her grandparents, Mr. and Mrs. W. N. Brewster, for a few weeks. She made the trip by plane from Abilene.

Mrs. T. M. Anderson and daughters of Wichita Falls spent the week end in the home of Mr. and Mrs. Mack Tynes.

Joy Kay Morton is spending her vacation in Hollidale, Calif.

Color Tricks with Dye

Transform glass curtains, draperies and faded apparel from drabness into colorful summer hues by tinting or dyeing them at home. Dyeing washable fabrics is simple and the results are rewarding if an all-purpose dye is used and if the directions are followed with care. A porcelain enameled dishpan or kettle is recommended for the dyeing because its glossy finish is the easiest to clean.

MISS MILDRED COFFMAN LEAVES FOR MINNESOTA

Miss Mildred Coffman, accompanied by her parents, Mr. and Mrs. Orb Coffman of Goree, went to Dallas last week, where she joined Miss Bernie Rea, a former teacher in the music department of Hockaday School in Dallas, to go to Duluth, Minnesota where they both enrolled in Master classes in piano, taught by Professor Vendenheimer for the next eight weeks.

WILDCAT SCHEDULED

D. J. "Bill" Brookreson

Present District Attorney
For First Elected Term

I regret that the duties of my office have prevented me from seeing each and every voter in this county. Nevertheless, I do want your vote and will appreciate it very much.

Very sincerely,

D. J. (Bill) BROOKRESON

CARD OF THANKS

We wish to thank our friends for the many deeds of kindness shown in our recent sorrow.

Especially do we thank you for the beautiful floral offerings, the lovely meals that were served, and also the pallbearers for their efficient service to our loved ones.

The family of Mrs. Nonnie Stephens and daughter, Joyce.

Mrs. John Davis and daughter of Throckmorton were visitors here Monday.

A Times Want Ad Pays

Mr. and Mrs. Damon Lewis of Houston are here for a visit with Mrs. Lewis' parents, Mr. and Mrs. Walter Bevers, and other relatives.

Ledbetter Washateria

We invite you to pay us a visit in our new washateria, 8 blocks north of Yarbrough Hotel.

We have eight new square Maytags. Each machine and motor grounded to eliminate any danger of getting shocked. Under each machine there is a trap in our drainage system. This prevents any odor from escaping from the sewer line. Machines and tubs are scalded after each wash.

Due to requests we are now observing the following hours:

Open 6 a. m. Close 5:30 p. m.
Close at 12 on Saturdays

SEE US FOR YOUR

Cotton Poisoning!

We have a stock of Plainsman cotton insecticide, with 5% and 10% DDT. This has been used in this territory for three years.

We have airplanes available for dusting and will have a supply of dust on hand at all times.

Mr. Cook will be with us to give free entomology service to farmers. Contact us for your dusting. We will be glad to serve you.

CHURCH OF CHRIST

J. B. Barnett, Evangelist Munday, Texas

OUR SOURCE OF AUTHORITY IN RELIGION

In our previous article we pointed out that, God only has Primary authority and he has the power to delegate authority to others. Since he has done this he rules through them or his representatives. First we note that he delegated authority to Christ, "God who at sundry times and in divers manners spake in time past unto the fathers of the prophets, hath in these last days spoken unto us by HIS Son, whom he hath appointed heir to all things, by whom also he made the worlds." (Heb. 1:1,2). Christ recognized his authority for we read, "And Jesus came and spake unto them, saying, all POWER (authority R. V.), is given unto me in heaven and earth." (Matt. 28:18). Second, Christ in turn delegated authority to his apostles, saying, "Go ye therefore, and teach all nations, baptizing them in the name of the Father, and of the Son, and of the Holy Ghost." (Matt. 28:19). Now let us notice the scale of authority, both Primary and Delegated. God, with Primary authority Delegated authority to Christ. Then Christ with Delegated authority, having received ALL AUTHORITY from God. (God excepted I Cor. 15:27), delegated authority to the Apostles. Well, says one, I thought the Holy Spirit has a part in it, that is true and here is where he comes in. In making the transfer from Christ to the Apostles, inspiration or miraculous power (Luke 24:49), was needed to insure against mistakes. Thus the Holy Spirit was sent, "To guide them into ALL TRUTH." (Jno. 14:26; 16:12-14, please read). Hence, all the above being true Christianity is divine, and has a DIVINE plan. Human authority has no place in God's plan. No one today has the right or authority to teach or preach anything other than what Christ or the Apostles taught. (Read Gal. 1:6-9). The Apostles did not pass this authority down to other men, for they had no successors, but they left us the inspired Word to govern us as our source of authority in religion, the New Testament. We urge you to accept no other source for your authority.

**Laqueta Joy Loffler,
Cp. Herman Franklin
Marry On July 1st**

Miss Laqueta Joy Loffler, daughter of Mrs. Dovie Loffler of Munday, became the bride of Cpl. Herman Franklin, son of Mr. and Mrs. Jack Franklin of Munday, on Saturday evening, July 1, at eight o'clock. The single ring ceremony took place in the home of the bridegroom's

parents. J. B. Barnett, minister of the Church of Christ in Munday, officiated in the service. Jo Anne Loffler of Munday, sister of the bride, served as maid of honor, and Charles Bass, son of Mr. and Mrs. Samuel Bass of Munday, served as best man.

The bride wore the traditional "something old, something new, something borrowed and something blue." Cold drinks, sandwiches, ice cream and candy were served to approximately fifty guests after the ceremony.

A luncheon was held the following day at 12:30 in the home of Mr. and Mrs. Jack Franklin in honor of the newlyweds.

The couple plan to make their home in Wichita Falls, Mr. Franklin being stationed at Sheppard Field.

**Mrs. A. C. Boggs Is
Honored At Shower
Monday, July 3**

Mrs. A. C. Boggs was honored with a stork shower on Monday night, July 3, from eight to ten o'clock at the club rooms of the Munday Study Club.

Guests were welcomed by Mrs. Terry Harrison and Mrs. L. W. Hobert, while Mrs. Tom Martin presided over the "baby book", where names were registered.

Mrs. W. G. Welborn served refreshments of punch and cake from a lovely lace-laid table, and gifts were shown by Mrs. Chalmer Hobert, Mrs. John Inman and Mrs. Leslie Phillips.

Hostesses included Mmes. L. W. Hobert, Chalmer Hobert, Terry Harrison, Leslie Phillips, Lewis Cartwright, John Inman, Clifton Vaughn, Tom Martin, W. G. Welborn, Clayton Wren, Manlon Boggs, Lonnie Offutt and Worth Gafford.

Around 60 guests attended during the evening.

Mr. and Mrs. John F. Nixon visited in the home of his parents, Mr. and Mrs. H. H. Nixon, in Vernon, over the week end. On the way home they stopped and visited her parents, Mr. and Mrs. E. W. White, in Seymour.

Engagement Announced

Mr. and Mrs. John Caldwell of Rochester have announced the engagement and approaching marriage of their daughter, Miss Ruby LaVerne Caldwell,

to M. M. Booe, son of Mr. and Mrs. Dan Booe of Munday. The wedding has been set for September.

**Little Woman
Ribs "He Men"**

AUSTIN—The hunting widow's dilemma is adroitly presented by Marian M. Goodrum, formerly of Denton and now of Atlanta, Ga., in a satirical article "Look Before You Leap" in the June issue of Texas Game and Fish. She described the futility of wives accompanying husbands on field trips.

Mrs. Goodrum relates how she participated in "the wonders of harvesting the wild." Then, after listing the torture of climbing fences and struggling through weeds, Mrs. Goodrum writes:

"Finally toward the end of the day one poor creature is felled and the dog brings you a poor limp thing still warm with life, whose feathers are rumpled somewhat by the shot but whose beauty is still apparent to your tired eyes. You think of its mother and fathers and brothers. Maybe it had some little ones or even a wife. You think of the joy it must have known in the freedom of the wild. Then and there you decide that harvesting such a thing is definitely in the world of the outdoorsman and not in yours."

The next step of preparing the game for cooking is described: "I am sure that girls brought up in the country are well aware of the fact that even chickens in their natural state come equipped with feathers and insides, and that they have had enough experience with such things to be able to cope with them. On the other hand to less fortunate girls whose poultry comes from the market, craws and gizzards come as more or less a shock. Do not be discouraged. If you do a thoroughly bad job of it, your outdoorsman will soon learn the necessity of doing it himself."

Doug. Doshier and son, Kenneth of Childress were here last Tuesday, visiting with friends and attending to business matters.

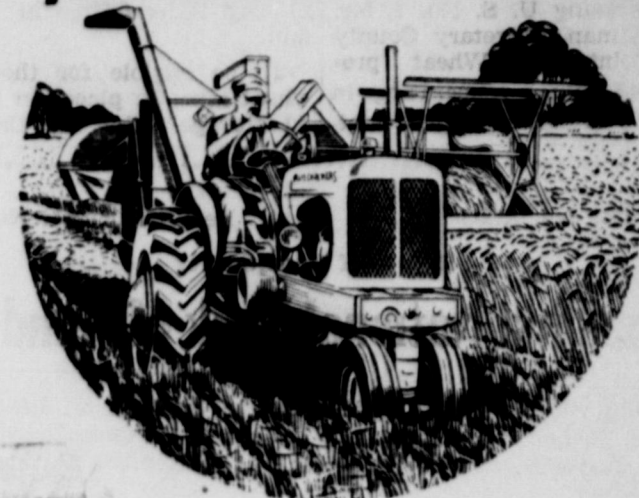

Mrs. A. E. Bowley returned home the first of this week from Abilene, where she had been visiting relatives. She was accompanied home by Mrs. Clarence Mitchell, who is visiting here for several days.

Mrs. Roddy Griffith and Miss Ruth Stodghill were Plainview visitors Monday.

Mrs. J. O. Tynes visited relatives in Wichita Falls several days last week.

With Mrs. Wyatt**

The Sunset Home Demonstration Club met on Thursday, July 6, in the home of Mrs. Gill Wyatt with four members present. Mrs. R. M. Almanrode acted as secretary for the meeting, and Mrs. Wyatt gave a report of the January 23 council meeting. The business session, consisting of a discussion of the encampment which will be held at Leuders on August 10 and 11, and of ways and means of raising money for the club.

Miss Allen, home demonstration agent, gave a demonstration on "Selecting Well Constructed Furniture." Refreshments of ice cream, cookies and cold drinks were served to Mmes. J. S. Shannon, R. M. Almanrode, Jerry Nix, Miss Allen and the hostess. The next meeting will be on Thursday, July 20, in the home of Mrs. R. M. Almanrode. All members are urged to be present.

**Moore Reunion
Held At Goree
On July 9th**

Eighty-one relatives and friends attended the annual reunion of Mr. and Mrs. W. L. Moore and family on Sunday, July 9, in the home of a daughter, Mrs. Buel Claburn, of Goree.

All of the children, five sons, and five daughters, were present. They are: Roy, Jack, Johnny, Billie, all of Goree and Nealie Moore of McCamey; Mrs. Jodie Perdue, Mrs. Buster Chamberlain, Mrs. Buel Claburn, Essie Mae Moore, all of Goree, and Mrs. Ira Loving of Seymour.

Nineteen grandchildren and thirteen great-grandchildren were also present.

Others present from our town were: Mr. and Mrs. Marvin Sparger, Mr. and Mrs. Glenn Parmeter and Pat of Fort Worth; Mr. and Mrs. Joe Henry and Larry Joe Hall of Hemleigh; Mrs. Nettie Davis of Tahoka; Mrs. Davis of Marlin, Mr. and Mrs. Elvis Moore and son, of Rising Star; and M. T. Chamberlain of Munday.

Mrs. Carl Jungman and children of Vernon visited Mrs. Jungman's parents, Mr. and Mrs. H. M. Michels last Sunday.

FARM NEWS

From the County PMA Committee

KNOX COUNTY WHEAT LOAN RATE IS \$1.96

A basic loan rate for 1590 crop wheat produced in Knox County of \$1.96 per bushel was announced this week by the Production and Marketing Administration County Committee. Last year's rate was \$1.92 per bushel.

The basic rate applies to wheat grading U. S. No. 1, Mr. B. P. Haman, Secretary County PMA points out. Wheat produced on farms cooperating in the 1950 wheat acreage allot-

ment program grading No. 3 or better, or No. 4 or No. 5 because of test weight or because it contains wheat of the classes durable for Commodity Credit Corporation loan or purchase agreement. The Secretary says that a schedule of premiums and discounts for the various qualities of 1950-crop wheat will be issued at an early date and will be available for inspection at the County PMA Office in Benjamin.

To be eligible for the loan, wheat must be placed in approved storage either on the farm

Science and Nature Work Together To Make Better Tree Rubber

Bud-grafting a young rubber tree in Southeast Asia to produce a higher yield.

Modern civilization has been nourished on the milk of the rubber tree. From baby nipples to giant truck tires, from girdles to garden hose, life today depends on rubber.

Over 90% of all the rubber that is grown comes from Southeast Asia where millions of people make their living by planting, cultivating and tapping the billions of acres of rubber trees.

Not satisfied with Nature's product, researchers are constantly at work to improve it. At the Rubber Research Institute of Malaya, high-yielding strains are developed

and bud-grafted to rubber trees, insecticides and fungicides are developed to keep trees healthy, and the quality of the rubber itself is continually tested in laboratories.

Today natural rubber is used in thousands of products that serve mankind, and many new uses are being discovered every year.

For a free booklet showing how rubber is grown in Southeast Asia, entitled "Natural Rubber and You," write to the Natural Rubber Bureau, Dept. N500, 1631 K St., N.W., Washington 6, D.C.

or in a commercial warehouse or elevator, according to the Secretary. He points out further that storage allowances will be continued for 1950-crop wheat on the same general basis as last year.

Mr. Haman explains that the County rates is based on a national average rate of \$1.99 a bushel to farmers for No. 2 wheat as announced by PMA on June 30. The equivalent national average rate for U. S. No. 1 wheat is \$2.00 per bushel.

The Agricultural Act of 1949 requires that the price of 1950 crop wheat be supported to farmers at 90 percent of the parity price on July 1, 1950, the beginning of the marketing season. Mr. Haman reports that the July 1 wheat parity price was \$2.21 a bushel. For the same date last year the wheat parity price was \$2.17 per bushel.

Loans and purchase agreements will be available for CCC through the County PMA office in accordance with the program provisions, from time of harvest through January 1951. They will mature on April 30, 1951 or earlier, on demand.

NO MARKETING QUOTAS FOR 1951 WHEAT

There will be no marketing quotas for the 1951 wheat crop. This announcement by the Secretary of Agriculture on June 26 is based on provisions of the Agricultural Adjustment Act of

1938 as amended. B. P. Haman, Secretary of the Knox County Production and Marketing Administration committee explains.

The current wheat crop is estimated at 845 million bushels and the carryover from last year is estimated at 450 million bushels, a total of 1,295 million bushels. This is 18 percent more than the normal supply—the estimated amount needed for domestic consumption and export. Marketing quotas for wheat must be proclaimed when the total supply exceeds the normal supply by more than 20 percent.

Wheat possibilities for the July 1, 1950-June 30, 1951 crop year are estimated at about 325 million bushels. Domestic consumption for the current year is estimated at 700 million bushels—490 million for food, about 130 million for feed and 80 million for seed.

An announcement on wheat acreage allotments for the 1951 crops will be made by the Secretary of Agriculture on or before July 15.

Bob Vadney of Albany, N. Y., who is in the aviation cadets and stationed in San Antonio; Jake Branner and Jim Branner of Odessa and Bill Ondechek of Wichita Falls spent the fourth of July visiting Mildred Gloria and Lois in the home of Mr. and Mrs. John Michels.

C. H. Boyles, of Anadarko, Okla., is visiting with his son and daughter-in-law, Mr. and Mrs. Don Boyles and Jimmy.

Mr. and Mrs. H. F. Jungman were business visitors in Dallas the latter part of last week.

City Woman's Hobby Brings New Outdoor Beauty To Homes

CHICAGO—More than a hundred thousand 4-H homes will be enhanced with new outdoor beauty this summer because a city woman took up gardening as a hobby 20 years ago. Interest in growing flowers and plants began when she moved to a home in the country and saw the native beauty of so many rural homes scarred and neglected. She longed to do something about it. She particularly wanted to do it through the farm boys and girls so they, too, could experience the joys of restoring nature's handiwork and add a bit of their own.

This resourceful woman—who has since become a renowned horticulturist, is Mrs. Charles R. Walgreen of Chicago. She reached these rural young folks with the help of the National Committee on Boys and Girls Club Work, of which she is a member. The Committee and Extension Service cooperated and a plan was worked out. The result was the National 4-H Home Grounds Beautification program now being conducted by the Extension Service in Texas and 45 other states.

Introduced 13 years ago on a nation-wide scale, participation has grown from a few thousand 4-H Club members to nearly 150,000 annually. Activities range from planting a small flower bed to a landscaping program extending over a period of years.

For outstanding accomplishments in the program, Mrs. Walgreen offers incentive awards to county, state and national winners. They are medals, watches and trips to the National 4-H Club Congress for eight top-ranking 4-H'ers. Last year Doris Rudolph, of Flashing, won

the State award. Another personal touch which Mrs. Walgreen gives to this program is the dinner party at her home each fall for the national champions. She corresponds with many of them afterwards and also receives letters of appreciation from 4-H parents who enjoy the outdoor beauty brought to their homes. Due to knowledge gained in the program, reports Mrs. Walgreen, a number of former 4-H'ers now are engaged in their own nursery business or in specialized fields of horticulture.

Be careful. Observe state and local traffic laws.

Weekly Health LETTER

Issued by Dr. Geo. W. Cox
M. D., State Health Officer
of Texas

AUSTIN—State Health Officer Geo. W. Cox has turned the bright light of optimism on the heretofore dark picture of polio in Texas.

Observing that the state's 1000 cases of polio since the year's beginning has occurred among a population of 7 1/2 million people, the health official Thursday deplored "the attitude of hysteria that polio creates in a community."

That didn't mean people should not be concerned, the doctor commented, for a case of illness in any form is good

reason for great concern.

"I'm talking about the fear that keeps a person or a whole community from thinking straight. Of course each case of polio is an individual tragedy for the family involved, but wholesale public panic simply is not justified."

He doesn't want to encourage complacency either, the state health officer said, adding:

"Every clear-thinking effort must be made to keep every home, every community, every vacation camp consistently clean and sanitary. Briefly, elimination of fly and insect breeding places, personal cleanliness, and getting milk, water and food from safe, approved sources will aid in preventing a number of communicable diseases."

National statistics, Dr. Cox asserted, show good reason for optimism in most cases of polio. According to the figures, from 40 to 60 per cent of all victims

recover completely and can do any thing they choose.

From 25 to 40 per cent recover with only minor disability, and can, within very wide limits, lead perfectly normal lives. From 15 to 20 per cent are more severely handicapped, and 5 to 10 per cent terminate fatally.

"It all goes to show that polio is actually a minor cause of illness, and an even less significant cause of death, when compared to certain other communicable diseases," the health officer concluded.

Mr. and Mrs. R. G. Tooms and Mr. M. E. Perry of Merkel visited J. H. McAfee over the week end.

Cotton Machines Cut Labor Needs Ninety Per Cent

Less than 90 percent—that's the almost incredible story of reductions in labor requirements for producing an acre of cotton which will be unfolded in demonstration and discussion at the National Cotton Council's fourth annual Belt-wide Cotton Mechanization Conference at Greenville and Stoneville, Miss., July 13-15.

From every state in the sprawling Cotton Belt and from the industrial cents of the middle west and east will come more than 600 cotton machinery authorities to hear and see the latest development in mechanizing cotton's kingdom.

Experimental Machines
Conferees are scheduled to see actual field demonstrations of machines—many still in experimental stages—which lower

man-hour labor requirements per acre of cotton in the rich Delta lands from 150 to about 14.

Of key interest to conferees, say Cotton Council officials, will be late developments in the chemical control of weeds. Chemical weed control, they point out, will do away with the last barrier to complete mechanization of cotton farming in many areas of the Belt.

Key leaders of government, industry and agriculture will detail to the conference what mechanization means to cotton's competitive position at a time when synthetics, paper and

other substitutes are pushing hard on cotton's traditional markets.

Medium-Sized Farms
The delegates likewise will explore means of hastening mechanization for the medium-sized cotton farm, though estimates show that during the short span from 1947 to 1951 the part of the cotton crop produced entirely by mechanization means will increase from 3 to 10 percent.

"Cotton's future in the markets of the world is inextricably entwined with our success in mechanizing," a Council official states. "Through this conference we hope to speed the day on maximum mechanization of the farms of the Belt."

Seersucker and other crinkle cottons are ideal for summer clothing because they wrinkle less and require minimum pressing.

No Increase Is Contemplated At Present For Texas Draft Boards

Texas draft boards, 137 in number, will not be increased at the present time, Brig. Gen. Paul L. Wakefield, state director of Selective Service, said today.

General Wakefield said that a message which he received from Selective Service national headquarters Friday night did not authorize any increase in the number of local boards.

State Selective Service headquarters has a plan on file at national headquarters to increase the number of local boards in Texas to 438, but no increase will be made until national headquarters gives the authorization.

General Wakefield said that the present 137 local boards will

continue to have jurisdiction over their present areas.

The message from national headquarters received Friday night has authorized Texas State headquarters to increase the clerical personnel in local boards, General Wakefield said. He pointed out that details of this increase would not be worked out until "sometime next week." He said he hoped some details could be made available Monday or Tuesday.

"This increase in the case of many of our local boards will take the form of having clerks work longer hours," General Wakefield said.

"For about a year some of our clerks have not worked a full 40 hours a week simply because we

did not have sufficient funds to pay them," the state director explained. "Therefore, many of our local boards have been open for business anywhere from 8 to 30 hours a week. Some have been open the full 40 hour week, but the number of clerical personnel in these were cut.

"It's likely we will increase the number of hours many of our local boards will be open," General Wakefield continued.

Texas has received no call for the induction of men and has received no authorization to have men examined by the armed forces; the state director pointed out. He said the message he received Friday night indicates that a call for induction can be anticipated in the indefinite future.

General Wakefield urged men registered with draft boards and the general public not to swamp local boards with telephone calls. He called up registrants to notify their boards of changes of address or status by mail, if they have such matters to report.

The Selective Service director issued a warning to those required by law to register who have not registered. He said that registration of all delinquents would be accepted at the present time without report for violation of the law.

The director said that more than 425,000 men between the ages of 18 and 25, inclusive, registered in August and September, 1948, and that approximately 135,000 men have registered since that time as they have reached the age of 18.

"These men are registered properly under this law, and they do not have to register," General Wakefield said.

General Wakefield pointed out that tall men, with a very few exceptions, who fill the following requirements, are legally required to register: Any man born in 1922 after August 30th of that year. Any man born in 1923, 1924, 1925, 1926, 1927, 1928,

1929, 1930 and 1931. Any man who has reached the age of 18 born in 1932. Males are required to register on their 18th birthdays or within five days thereafter.

"It makes no difference if a man has ever been in the armed forces," General Wakefield said, "no matter when he was in, if he was born during the times stated, he MUST register under the draft law."

General Wakefield, for the information of the public, released the following Selective Service qualifications and their meanings:

1-A—Available for military service.
1-A-O—Conscientious objector available for non-combatant service only.

1-C—Member of the armed forces of the United States or the Public Health Service and certain registrants separated from these services.

1-D—Member of reserve component, National Guard, or student taking military training.

2-C—Deferred because of civilian employment (except agri.)

2-C—Deferred because of employment in agriculture.

3-A—Deferred because of dependents.

4-A—A registrant who completed enough active service in

World War II to be exempt from service under the terms set forth in the draft law; and registrant who is the sole surviving son or daughter of a man whose sons or daughters died in service during World War II.

4-B—Official deferred by law.

4-C—Aliens.

4-D—Minister of religion or divinity student.

4-E—Conscientious objector opposed to both combatant and non-combatant military service.

4-F—Physically, mentally or morally unfit.

5-A—Registrant over the age of liability for military service (any registrant who has reached his 26th birthday. Such a registrant is not liable for service under the Selective Service law.)

Grass Judging Contest Is Held Last Saturday

The grass judging contest, sponsored by the Soil Conservation Service, was held at the American Legion Hall in Knox City last Saturday.

Representatives from the Knox and Haskell County 4-H Clubs, and Knox City, Benjamin and Haskell F. F. A. chapters competed in the contest.

Ernest McCaughey and Dale Jackson of Vera, representing the 4-H Club of Knox County, and Harry Cox and Vellie Russell, both of Benjamin, represented the Benjamin F. F. A. chapter.

Harry Cox, son of Mr. and Mrs. Earl Cox, was fourth place winner with 166 points. Smith from Haskell was top winner

with a total of 202 points. Medals for the occasion were purchased by Walter Davis, owner of the League Ranch, and were presented by Jack Idol, ranch manager. The purpose of the contest was to show Oklahoma men how a grass judging contest is operated.

Mrs. M. L. Joyce and son, Joe.

of Albany, spent the week end with Mrs. Joyce's mother, Mrs. J. B. Bowden, and other relatives.

Mrs. Bill Hertel and daughter, Henrietta, and Mrs. H. F. Jungman were visitors in Wichita Falls on Wednesday.
