VOLUME 46

MUNDAY, KNOX COUNTY, TEXAS, THURSDAY, AUGUST 3, 1950

NO. 1

Kracker Krumbs

Odd Bits Salvaged
At Random

Ah, me! Another long year has passed, and all but too quickly.

Last Thursday, we were lamenting the fact that we had to "hit the grit" so staid on our own birthday.

It wasn't any different from any other Thursday. The fact that some 46 years ago we happened to make our appearance on that day of the month had not altered things one whit.

It just as well hadn't been our birthday or anyone else's, so far as being able to shirk any duties or responsibilities were concerned.

And then we made another discovery!

We looked up there at the top of the front page of the paper and discovered The Times was having a birthday, too.

There in black type was Volume 45, No. 52.

Which means that if there's 52 weeks in a year, and we published a paper each week, it was time for a change.

So this week we've started our forty-sixth year of publication for the Munday Times.

Time does pass quickly, and events happen, then as time continues to go by, the events are all but forgotten.

It would be useless to try to review all of the events that transpired during the year just closed for this publication. They have become history, anyway, so we won't review or recall them, but just keep on trying to record the events as they happen, day after day and week after week for the next year.

Needless to say we enjoyed bringing you the paper each week for the past year. We've enjoyed it because it has been our means of livelihood—of paying the bills, paying off the notes—our means of existence. But there's been other enjoyments.

A fellow who has a job just because it's a job and a means of existence, has a pretty poor job after all.

Our other enjoyments come from associating with you, our friends, from sharing with you your joys and sorrows, etc., as we've tried to record them in our paper as news.

So we'll keep on doing so during the next year, and when times comes to haul down the banner of "Volume 46" and stick up the forty-seventh, we hope it, too, has been the most enjoyable year we've had in the newspaper game.

So now we'll get back on something that needs to be done and done right.

That's the forthcoming clean-up drive. The thing is to begin next Monday. Are you ready?

The "whereases" of the mayor's proclamation are contained in this issue, so it looks like everything has been done toward a clean-up campaign except the work.

That's where you come in—and us, too.

Even the weatherman appears to be cooperating during the past few days. It looks like a truck might be able to go most anywhere anyone wants it to—that is, if our alleys are cleaned away so they can get down them.

Our fogging machine ran Saturday night to try to get rid of some of the mosquitoes. During the clean-up we ought to get rid of some breeding places.

The weeds continue to grow large and unsightly on our vacant lot—and on many of yours.

Our alleys are grown up in weeds, littered up with cuttings from our lawn and cleaning up from last winter's accumulation.

(Continued on last page)

Class Of 1930 Holds Reunion Here Sunday

On Sunday, July 30, at 11 a. m. in the First Baptist Church of Munday, thirteen classmates and one teacher, along with their families, started an event long looked forward to by the graduates of 1930—a class reunion.

Class members, the teacher, and their families, totaling 38, were present to hear one of the classmates bring the morning sermon, it being delivered by Rev. Olin Frasure, of San Angelo, who has been preaching some 15 years.

After the church service, a bountiful picnic lunch consisting of fried chicken, roast beef, potato salad, cake and other trimmings was served to this happy group in the lovely fellowship hall of the church. The hall was decorated with red and white crepe paper, the class colors. Bouquets of red roses, class flowers, and a white cake decorated with red roses made the centerpiece for the lunch tables. On the wall was a large sign in red letters, "Seniors, 1930". After all had eaten, talked and visited, a business meeting was started.

Chan Hughes, who was president of the class during the four years in high school, presided at the meeting and was elected president of the 1930 reunion. Mrs. Joe Bailey King was elected secretary and treasurer. After transacting business, old and new, the class voted to hold its next reunion on the same date next year; the last Sunday in July. Talks were given by each one present, telling of their family and life since they parted twenty years ago. Regrets were read from the ten classmates and four teachers who were unable to attend the reunion.

Everyone went to visit old class rooms in "dear ole" Munday Hill. While at the school building class pictures and family pictures were made on the same steps where the class made pictures in their caps and gowns 20 years ago.

From the school, the class went to the home of Mr. and Mrs. Chan Hughes, where they were refreshed with cold drinks. Then came the parting, about 5 p. m. Each expressed his thanks and appreciation for a lovely time, and all are looking forward to 1951, the last Sunday in July, for another reunion.

Classmates present for the reunion, along with their families are: Mrs. Joe Aycock (Fern Hogan), Menard; Mrs. Hamilton Hefner (Bonnie Millam) Breckenridge; Mrs. Mooreland Herring (Lucille Price) Waxahatchie; Rev. Olin Frasure, San Angelo; Rev. Gene Horn (Vela Phillips) Ardmore, Okla.; Mrs. Tom Dawson (Lorene Smedley) Fort Worth; Miss Helen Phillips, Munday; Mrs. Freddie Morrow (Freddie Hutchinson) Munday; Weldon Floyd, Munday; Chester Jones, Weinert; Mrs. Lonnie Offutt (Sara Smith), Munday; Mrs. Joe Bailey King (Ruth Womble) Munday; Chan Hughes, Munday and the teacher, Alton B. Lee, registrar at Hardin-Simmons University, Abilene.

SPANN WELL WAS DRY ALL THE WAY DOWN!

Reports this week are that the Texas Pacific Coal and Oil Co. No. 1 J. C. Spann well, an offset to the Louis Cartwright well, was "dry all the way down" through the Strawn formation.

A slight showing was encountered at around 1900 feet, it was reported, but drillers ran an electric log at this depth Sunday with no show. The well is being abandoned as a dry hole, with the possibility that it might be drilled on down to the Ellenburger later.

The rig is being moved north of the present Cartwright well for drilling another offset to the Louis Cartwright land.

Mr. and Mrs. J. R. Burnison visited in Houston last week in the home of their daughters, Mr. and Mrs. A. D. Thompson, and Mr. and Mrs. M. L. Hipple. They returned home Tuesday night and Mrs. Hipple returned with them for a two weeks vacation.

Winner In Recent Contest

—Photo by Zelma Haskell

Randy Graham, above, son of Mr. and Mrs. J. B. Graham, is a winner in a recent "Pick a Star" contest in Fort Worth. This is a state contest sponsored by the theatres of Fort Worth. Randy was one of the lucky eight who were picked by judges of Hollywood, Calif. He appeared on 4th stage of Parkway Theatre on Saturday, July 15, and received his loving cup. He will appear again August 17 at the Worth Theatre with the other winners. From these four boys and four girls, one boy and girl will be selected as winners. Judges will be those who judged in the other contest.

Knox County Hospital Notes

Dismissed since July 24th: Mrs. L. J. Abernathy, Aspermont; Mrs. James Ussery, Knox City; Mrs. W. T. Barnes, Casa Grande, Ariz.; Utah Hawley, Rochester; Jimmy Jones, Munday; Mrs. C. V. Ashley, Weinert; Mrs. Stella Kendrick, Benjamin; Mrs. R. E. Bernard and Baby, Lubbock; Mrs. S. H. Wade, Rochester; Elton Floyd, Munday; Mrs. Allen Davis, Rochester; Mrs. A. C. Sprayberry and Baby, Munday; Mrs. L. C. Conner, Munday; Herbert Ford, Munday; John Albert Hayes, Knox City; L. A. Strickland, Jr., Knox City; Mrs. Dee Powers, Thalia; Mrs. C. F. Anderson, Knox City; Mrs. C. G. Hudson, Rochester; Miss Bernice Stubbelfield, Munday; Juanita Sepeda, Knox City; Mrs. Q. A. Hughes, Vera; Mrs. Dale Graham, Rochester; Mrs. Luke Birkenfeld, Munday; Mrs. L. N. Wright and Baby, Munday; Mrs. J. A. Boyle, Rochester; Mrs. Joe Acosta, Knox City; J. M. Farrar, Rochester.

Patients in the hospital: George Zachery, Knox City; Mrs. A. K. McGaughey, Vera; S. P. Keller, O'Brien; Mrs. Gene Floyd, Munday; Cecil Coats, Knox City; Mr. and Mrs. Bill Clarke, Knox City; Mrs. Dan Booe, Munday; Thelma Oliver, Munday; J. A. Rutledge, Munday; Mrs. Opal Guffy, Munday; Claud Barnard, O'Brien; Mrs. J. B. Moorhouse, Benjamin; Joan Feemster, Vera; Buzzy Thorp, Throckmorton; Mrs. H. H. Gore, Vera; Mrs. Edd Trainham, Vera; Mrs. J. B. Hendrix, Knox City; J. A. Rea, Rochester; E. E. King, Munday; J. B. Duke, Munday; Mrs. A. Carmack, Rochester; J. L. Walker, Munday.

Births: Mr. and Mrs. N. L. Wright, Munday, a daughter. Mr. and Mrs. A. C. Sprayberry, Munday, a daughter. Mr. and Mrs. C. L. Conner, Munday, a daughter.

Deaths: Conner baby girl, Munday.

Mrs. Morrow Opens New Hi-Way Cafe

Announcement was made Tuesday that Mrs. Joel Morrow has opened the Hi-Way Cafe, which is located just north of the Bendix Laundry. She will specialize in serving sandwiches, short orders and special orders. She invites the patronage of this area.

Local Golfers Taking Part In Tri-County Golf

Quite a number of Munday's golfers have entered the annual Tri-County Golf meet, which is being held on the all-grass green course of the Seymour Country Club. The Tri-County Association is composed of golfers of Haskell, Knox and Baylor counties.

Qualifying rounds started last Sunday when several from the Munday club played their qualifying rounds. These rounds continued through Tuesday, and in the evening the driving contest and Calcutta pool were held.

Matched play started on Wednesday and will continue through the remainder of this week, with the finals slated for next Sunday.

Bleachers At Football Field Near Complete

The new all-steel bleachers at the Munday football field are nearing completion, according to members of the C. D. A. athletic committee who are in charge of their construction.

The steelwork has been erected and welded, and the wooden seating is just about installed. It is planned to completely paint the steelwork, too.

The committee reported that a number of reserved seats are still available. "We need to sell them," they said, "to complete paying for the expense of the bleachers."

Reserved seats are being sold for two seasons, then giving the purchaser an option on the same seats for a longer period. Those desiring seats should contact some member of the committee within the near future.

Cpl. Whitworth To Enter Training In Officers School

AUSTIN—Corporal Richard W. Whitworth, on duty with the Texas Military District Headquarters, has been accepted for Officers Candidate School. It was announced here by Colonel Oscar B. Abbott, Chief of the Military District.

Corporal Whitworth made application and passed the necessary examinations for the school. He will report to Fort Riley, Kansas August 4th, for Class No. 27.

Whitworth, a native of Munday, Texas, served 29 months in the European Theater. The Corporal, his wife and two children, Yvonne, Patricia and Richard W. Jr., have resided in Austin at 3313 Hollywood Avenue.

IN SUMMER SCHOOL

Troy Denham and Patricia H. Denham of Munday are attending the summer session at Pittsburg State College in Pittsburg, Kans. Mrs. Denham is the daughter of Mr. and Mrs. Leiland Hannah of Munday.

Mr. and Mrs. Marvin Warren and son, Jerry, of Plainview visited in the home of Mr. and Mrs. S. J. Warren several days last week.

CLEAN-UP PROCLAMATION

WHEREAS, filth and unsanitary conditions abound within the city limits of the City of Munday, Texas, and

WHEREAS, continued rains have increased such conditions by hampering individual efforts and causing rank growths which are harboring places for mosquitoes and flies, and causing breeding places for such insects, and

WHEREAS, the need is great for a general clean-up in each and every section of our town,

NOW, THEREFORE, I, W. R. MOORE, mayor of the City of Munday, Texas, do hereby proclaim the week of Monday, August 7, through Friday, August 11, as Clean-up Week in Munday, requesting all citizens to cooperate fully by cleaning their property during this time.

I FURTHER proclaim Friday, August 11, as "Truck Day" and ask all people with available trucks, pick-ups or trailers to put them into service on that day to haul off the trash and rubbish. I ask all citizens to have such rubbish on their premises available for the trucks on the above day.

Signed: W. R. MOORE, Mayor, City of Munday.

ARE THERE PROSPECTS FOR A FACTORY?

It seems that Munday has excellent prospects for obtaining a factory—a pickle factory!

John C. Spann was lamenting, and kidding about, his great oil losses the first of the week when it seemed apparent there was a complete failure in the well being dug on his place out by the country club. Finally, one of the drilling crew spoke up.

"It need not be a complete loss," he said. "We have an excellent salt water well here. We'll go ahead and bring it in and run the water out there in that low place. Then you plant cucumbers out there—and you'll have yourself a pickle factory!"

Fine Revival In Progress At Goree Church

A splendid revival meeting is now in progress at the First Baptist Church in Goree under the leadership of Rev. John Osten of Baytown as preacher and Max Copeland, ministerial student in Baylor University, as director of music.

"We are having good attendance, and a fine spirit is being manifested in the meeting," Rev. S. E. Stevenson, pastor, said. "Services are being held at 10 a. m. and at 8:15 p. m., and we urge everyone to attend all remainder services. The meeting will close Sunday night. Up through the morning service Wednesday, we've had ten additions to the church."

Sunday morning has been designated for the Sunday school attendance drive, and an effort is being made to have everyone enrolled in the Sunday school present. All teachers have been urged to contact every person on their rolls and urge them to be present Sunday. An attendance of 175 is expected.

Connor Infant Is Buried Monday

Mary Ann, infant daughter of Mr. and Mrs. C. L. Connor of Munday, passed away at the Knox County Hospital last Sunday morning, living only about 24 hours after birth.

Funeral services were held at three o'clock Monday afternoon from the graveside at Johnson Memorial Cemetery, with Rev. Huron A. Polnac, pastor of the First Baptist Church, officiating. Burial was in charge of the Mahan Funeral Home.

Besides her parents, she is survived by a sister, Nelda Jean; a brother, Arnold Vernon Connor, and her grandparents, Mr. and Mrs. C. C. Warren of Seymour and Mr. and Mrs. O. F. Connor of Shamrock.

Golf Club Members To Meet On Friday

An important meeting of members of the Munday Municipal Country Club will be held at the C. D. A. office on Friday night at eight-thirty, it was announced Monday by M. L. Wiggins.

Improvements to the local golf course will be discussed at this time, and it is important that all members be present. A good attendance is expected.

Be careful. Observe state and local traffic laws.

Weather Report

For the period of July 27th through August 2nd, 1950, as compiled by H. P. Hill, U. S. Weather Observer.

Precipitation since Nov. 1, 1949		24.28 in.
Precipitation for July, 1950		5.51 in.

C. D. A. Pushes Clean-Up Move For Next Week

Thirty-two members were present to enjoy the delicious dinner at the regular luncheon hour of the C. D. A. on Wednesday.

The principal matter of business was the urging of full co-operation of everyone in the clean-up drive next week. E. B. Littlefield, president, stated the C. D. A. and City of Munday are cooperating in this move and asked that this be the biggest clean-up move ever held.

Trucks Are Needed Several members present pledged the services of trucks or pickups for moving the trash away on Friday, which has been designated as "truck day" for the clean-up drive.

Littlefield stressed the fact that all available trucks and pickups are needed for this day and has asked that everyone having trash to be moved call the C. D. A. office during next week.

Plowing of vacant lots and other moves were also urged in getting rid of enormous growth of weeds and Johnson grass.

The clean-up drive officially starts Monday and runs through Friday.

Littlefield reported that the C. D. A. made a contribution of \$75 to the Salvation Army, thereby eliminating solicitation of funds among Munday's business houses.

Open Drive For Upkeep Funds For Cemetery

The annual drive for funds for the maintenance and upkeep of the Johnson Memorial Cemetery at Munday was opened this week. Members of the cemetery committee are R. L. Ratliff, J. O. Borden and John B. Reneau, thereby eliminating solicitation of funds among Munday's business houses.

According to the committee, around \$1,200 is needed to carry on the cemetery work for the remainder of the year. The annual costs of the cemetery's upkeep is around \$1,600, they said.

Many people have expressed approval of the way this work has been carried on. Since the installation of the fence and archways, the cemetery is much more attractive and under the present setup, it's kept cleaner than ever before.

Those having loved ones buried in Johnson Memorial Cemetery are urged to contact a member of the cemetery committee and make their contributions. Those residing outside the Munday area may mail their contributions to any member of the committee.

Sister Of Vera Woman Passes At Archer City Home

Mrs. Callie Gatlin, 76, sister of Mrs. Sam Doss of Vera, passed away at the home of a daughter, Mrs. Bella Lewis of Archer City, Tuesday morning.

She was born in Grayson county on May 9, 1874, and had resided at Archer City for many years.

Funeral services were held at 2 p. m. Wednesday at the home in Archer City, with Rev. J. R. Naylor officiating. Burial was at Truce, Texas.

Other survivors include two brothers, C. C. Wainscott of Vernon and Bob Wainscott of Temple, and five grandchildren.

KNOX SINGERS WILL MEET AT KNOX CITY

The regular Knox County Singing Convention will be held at the Methodist Church in Knox City at 2:30 p. m. next Sunday, it was announced here Wednesday.

A good program of songs is being planned, and the public is cordially invited to attend.

Mr. and Mrs. A. B. Warren, and Mr. and Mrs. Joe Duke visited in the home of Mr. and Mrs. Lewis Warren of Abilene last Sunday.

Mrs. Al Barone and children attended their annual family reunion at Leuders over the week end.

 Entered as second class matter January 4,
 1919, at the postoffice in Munday, Texas, under
 Act of Congress, March 2, 1879.

OUR NEEDS FOR 1950

1. Completion of our portion of the Throckmorton road, giving the farmers of that area an all-weather outlet.
2. A farm-to-market road to the north and east of Munday, possibly connecting with the Hefner road.
3. A U. S. Federal building. Munday needs a new post office home.
4. More homes in Munday. We did a good job in 1949, but there's still a housing shortage.
5. A new telephone system, giving the town adequate telephone service and tapping the rural area surrounding the town.
6. Greater cooperation of business man, farmer, and citizen toward long-range development for our community.

THE COUNTRY PRESS SAYS

EVERETT, PA., REPUBLICAN: "The thing that has for a long time kept the electorate behind the planners and speechmakers has been the promise of gain without work—of something for nothing. It is nothing more than just a promise. Westerners are told that they will have new power plants, new irrigation systems and so on, all free at government expense. Farmers are given heavy subsidies, all free at government expense. New and beautiful highways, airports, harbors, and so on become realities, all free at government expense. The unemployed are given relief and the aged supported. Veterans receive huge benefits, all free at government expense. It's wonderful. But not one penny of it is free."

CROSBY, MINN., COURIER: "The proposed Columbia Valley Administration, a plan which Newsweek magazine calls 'a menace in welfare disguise', would be several times as large as that of the Tennessee Valley, and would be under the direction of a monopolistic government corporation. The administration of the project would be done by directors under national, not state jurisdiction, as well as scores of workers, also exempt from state control."

"The CVA would ultimately become the owner of a great deal of land as well as be the final authority on almost every activity carried on within the radius of the Valley."

NEWTON, N. C., OBSERVER: "As other countries have found out, we can't surrender just a little bit of our independence! In this world of nations, you are either grown up or you are a child. Your Government is either your hired servant—or it is your boss! It may be a kind boss at first, but there is never any guarantee, human beings being what they are, that it may not be a very severe boss later on—when it is too late to do anything about it."

ELWOOD, INDIANA, CALL-LEADER: "Politics has never yet remedied any kind of a situation and it never will because the ramifications of greed, selfishness, graft and dishonesty are too strong to accomplish any worthwhile end."

SUBSCRIPTION RATES

In first zone, per year . . . \$2.00
 In second zone, per year . . . \$2.50

The Munday Times is Democratic, yet supporting only what it believes to be right, and opposing what it believes to be wrong, regardless of party politics, publishing news fairly, impartially.

NOTICE TO THE PUBLIC: Any erroneous reflection upon the character, standing, or reputation of any person, firm or corporation which may appear in the columns of this paper, will be gladly corrected upon due notice being given to the publisher, at the Munday Times office.

ation and it never will because the ramifications of greed, selfishness, graft and dishonesty are too strong to accomplish any worthwhile end."

PERMANENT DESTRUCTION

In a recent editorial, the New York Times said: "The issue is sometimes clearly drawn between an immediate benefit to a locality and the long-range, intangible interest of the nation. Such a case arises in connection with a scheme to construct in the Dinosaur National Monument on the Utah-Colorado border, two dams which would destroy forever much of the scenic beauty and natural grandeur which were the very reasons for setting aside this area 12 years ago as permanent and inviolate possession of the American people."

The Times then described the vast scientific and scenic values of the region and said, "If these dams are constructed, the entire character of this area will be permanently destroyed. The river bottoms will disappear; the rising waters will be stilled; the canyon walls will be half-covered; the horrible scars of a fluctuating reservoir will disappear . . . in short, the unique beauty and interest of this area will be irretrievably wrecked." Finally, the Times urged that Congress thoroughly investigate every possible alternative of this destruction before authorizing the dams.

Here is just one more case of how the "dam craze"—which is, very largely, part of the effort to establish a nationwide Federal electric power monopoly—is destroying irreplaceable natural resources. Places of scenic splendor, farm lands, wildlife—all go under when the huge dams are built. The delicate balance of Nature is disturbed, and the nation is made permanently poorer.

It is certainly not too much to ask that Congress carefully weigh each proposal on its merits—and turn a searching eye on the potential debits as well as the possible credits.

"The national Congress is a great body and I can count in its membership scores of warm personal friends and fine patriots, but I sincerely feel that there ought to be much more of a spirit of national security rather than of local urgency in its activities."—James A. Farley, Former Postmaster General.

"Could anything be more stupid than capitalism subsidizing socialism to prevent communism?"—Clarence Larkin.

"The man who lets well enough alone is making success surer for some other man who does not."—Luke McLuke.

When your sins find you out, it's just about as bad as when the collector finds you in.

Uncle Sam Says

It usually takes a substantial bundle of money to start your own business. So, if you're looking forward to the great day when your name will be up there on a store front or on a shingle, now is the time to think about the cash you'll need. There is one sure way to be ready for that time, to take the plunge if you want to, and that is by investing regularly in U. S. Savings Bonds. Then at the end of ten years you'll get back \$4 for every \$3 you invest today. An investment of \$18.75 in Savings Bonds every week will bring you \$16,828.74 by 1960. Enroll today for the Payroll Savings Plan where you work or the Bond-A-Month Plan at your bank.

Perhaps the most unusual reason ever known for buying a herd of steers was related in the Amarillo Times. The story goes away back and is credited to B. C. D. Bynum of Amarillo, who then had charge of a store at Canyon and associated with him was Nola Oliver, later of Roswell, N. M.

Two ranchers had their ranches close together and decided to throw their herds together and drive them to the railroad. It was a rainy, sleety fall; the ground was so boggy that it was hard pulling for the chuck wagon, and the cattle were hard to handle and they were delayed so that the two cattlemen had to go into Canyon for additional supplies.

Now one of the men was a native of Scotland. The other was from Missouri; he was calling off the items and, when he came to the notation, "syrup" he asked Oliver what kind he had and Oliver replied that there was sorghum at 50 cents a gallon, ribbon cane at 75 cents and maple for \$1.25. The cowman ordered two gallons of maple syrup, whereupon the other objected but the first came back with, "Them boys have been mighty faithful; they have guarded that herd in the rain and mud and we haven't been able to give them much, and so, by George, I'm going to send them some maple syrup."

When the other still objected, his colleague said, "How many steers you got in that herd?" The other replied, "About 1,200."

"What are you holdin' 'em

LOCALS

Mrs. A. G. Pierce of Pyatt, Ark., is spending an extended vacation in the home of her sister, Mrs. Tom Phillips, Mrs. Phillips' brother, Charles Tuttle of Salina, Okla., is also visiting in the Phillips home.

Ronald Foshee of A. & M. summer school at Fort Hood, is now spending the remainder of the summer with his parents, Mr. and Mrs. R. E. Foshee.

The Scotchman named a price and his associate said, "I'll buy them." And, having done so, he turned back to Oliver and said, "Now, Nola, you send out that maple syrup."

The steers were marketed and, afterward, the ranchman said, "I figure that maple syrup cost me about a thousand dollars."

A few facts about Texas:

The first movies in Texas were shown in Dallas in 1897.

San Jacinto corn originated from seed distributed by Gen. Sam Houston shortly after the battle of San Jacinto.

When Texas won her independence in 1836, its population was 35,000.

In 1884 Dallas had one store, the stock of which consisted of a barrel of whiskey and three bolts of calico. The calico sold for 50 cents a yard, and the whiskey sold for about 50 cents a gallon.

There were 12 newspapers in Texas in 1840, one of which was a daily.

Knox Prairie Philosopher Finally Finds out About The War, Explains Just Exactly How It Got Started

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek has found out about the Korean war, his letter this week reveals. It just shows how far behind a person can get when he depends on chance to turn up his newspapers for him.

Dear editor:

I been through two wars already without rushin into town and subscribin to a newspaper, not to mention buyin up sheets and pillow cases and shirts and nylon hose and sugar and pepper and automobile tires, and I figure I can get through the present one the same way, consequently I am frank to say I was a little late finding out this Korean conflict had started, but yesterday afternoon I found a stack of newspapers a couple of weeks old which the wind had blown against some weeds which had been blown against a fence earlier, maybe last year for all I know, and I took them home and read up on the war.

A s I now understand it, the Russians are claimin the North

Korean Reds, with plenty of tanks and guns and airplanes was first attacked by the South Korean democrats, who didn't have a tank to their name and 60 aviators but no planes.

I know exactly how it was. My neighbor's pasture is always attackin my cows.

Many's the time my neighbor has come over and accused my cows of breakin in his pasture, but he's so thick headed he can't understand this modern world. It's his pasture that's clearly to blame. You can't see no cows breakin in my pasture. If he'd keep his in the shape I keep mine, he wouldn't be bothered

People, Spots In The News

WING TANKS are attached to P-80 fighter ready to leave Japan base for Korea mission.

FRIENDLY—Philip R. Shays, labor relations executive of Schenley Industries, Inc., holds scroll received from N.J. Union Label Council for "friendly treatment of union relations."

BAZOOKA MAN—Pfc. Mervin Humphreys of Story, Ark., stands atop Korean hill looking for enemy tanks.

TWIN FANS—Boston's Ted Williams, in hospital recovering from fractured elbow sustained in All-Star game, receives gift from twins, Mimmy and George Clancy.

with my cows. If there ain't no better pickins across the fence than there is at home, very few cows will take the trouble of leavin home.

Now this may not make any sense to you, in which case you clearly ain't got no international mind.

However, since I found out

about this new war, I been keepin up with it pretty close and I ain't very excited. It's gonna take time, it always does, but Stalin ain't the only dictator who won a lot of quick victories at the start. I can think of two in the last ten years, but you don't hear much out of em these days. One got strung up

New Plants Program Begun For Texas

The Texas Agricultural Experiment Station has launched a "new plants" program and already more than 2,000 foreign introductions and collections from the wild flora are included in the program.

Plants have been collected from practically all corners of the earth, except Russia and her satellites. Many have come from Central and South America, Africa, India, Turkey and the Philippines.

The purpose of the program is to find out if the crops under investigation can be grown commercially in Texas or if they can be used in the plant breeding work being done by the Station. Many of these plants may be resistant to diseases and the plants breeder will try to breed this resistance into new or improved varieties of our basic crops.

The program is being handled by a committee composed of Dr. R. G. Reeves, professor of agronomy and genetics, who is chairman; Dr. R. C. Potts, department of agronomy; Dr. O. E. Sperry, department of range and forestry; E. Mortensen, horticulturist, Winter Garden Experiment Station and Dr. H. T. Blackhurst, department of horticulture.

Substations and field laboratories of the Texas Station are studying each crop that the specialists feel may be adapted to the area in which the substation is located.

At Texas A. & M. College the departments of agronomy, horticulture, range and forestry and floriculture and landscape architecture all have work underway under the program. Field units at Chillicothe, Sonora, Weslaco, Winter Haven, Stephenville, Montague and Yoakum are conducting investigations with crops that may be adapted to those areas.

Under study are many species of oilseed crops that have not previously been produced commercially in Texas. Among the

by the heels, the other took poison.

Yours faithfully,
J. A.

horticultural crops are new peaches, cucumbers, cantaloupes, avacados and other tropical and sub-tropical fruits. Many of the introduced plants consist of new types of old crops while others are either uncommon in Texas or entirely new. Some are obviously not adapted to Texas agriculture, but are being studied because they may have characteristics that will prove valuable to the

plant breeders. This new crops research program in the United States is organized on a national, regional and state basis and Texas was the first state in the Southern region to get its project going. Director R. D. Lewis of the Texas Station, is the administration adviser for the Southern region.

We Now Have in Stock the Speedy Sprayer "America's Finest All-Purpose Sprayer"

The Speedy Sprayer is compact, durable, versatile and efficient. Takes eight rows at a time. Four and six-row sprayers available.

- Fits Any Tractor
- Good for Years of Hard Service
- Made of All-Aluminum

It's the spraying machine you've been looking for. Come see it--get all the details.

Munday Truck and Tractor Company

The FARMALL House

BEAR

SAFETY SERVICE

GIVES YOU

Triple Protection

Bring your car in today, and get the benefit of these three protecting services...

1 GREATER SAFETY.....

Correction of Steering Difficulties eliminates the chief causes of shimmy, road-wander, wind-diver, tramming, and accident-breeding fatigue.

2 LONGER TIRE LIFE....

Detection and Correction of Static and Dynamic Un-balance, Mis-Alignment of Wheels and Bent Frames. This removes the principal reasons for excessive tire wear.

3 FEWER REPAIR BILLS...

Checking and Correction of Excessive Car Vibration and Looseness of Parts—two of the most common reasons for high repair bills—which saves you money, increases driving pleasure and safety.

BEAR the Banner of SAFETY

A. H. (Lush) Jungman is now employed in our service department. He has attended the Bear school and is licensed by the Bear Manufacturing Company for operating this machine. He can give you prompt and efficient service.

Munday Truck & Tractor CO.
Your Chrysler-Plymouth Dealer

Beauty Queen... King Size!

Long, low, lovely yet sensibly designed with extra room for your head.

Rear seat passengers ride ahead of the rear wheels for greater comfort.

Wider door openings than any other luxury car... easier to get in and out!

Foam rubber seat cushions and backs exceptionally wide... extra room for your shoulders and legs!

Once you step from this car relaxed and fresh after a long day's drive... you'll know why people who can afford any car in the world are choosing the Chrysler New Yorker. Just take the wheel and learn the secret of effortless driving! Sit in the wonderful normal chair-height seats! Examine the quality of Chrysler materials... see the difference in Chrysler craftsmanship... feel the benefits of Chrysler engineering... and you'll have the proof of built-in value all the way through, unequalled today. Once you drive any Chrysler... once you own any Chrysler, we're sure you'll want to drive Chryslers for the rest of your life.

THE NEW YORKER 4-DOOR SEDAN

See it—drive it... there's built-in value all the way through!

The Beautiful CHRYSLER with Fluid Drive

Advantages of Chrysler's Fluid Drive

Advantages of Chrysler's High Compression Spitfire Engine!

Chrysler's Advantages in Comfort and Safety

Automatic Gear Shifting—with full control of your car! Better traction—safer on slippery roads. Convenience of clutch for easier parking. Slower Engine Speeds—reduced noise, wear. Saves gasoline! Drive in high while others drive in low in traffic.

Waterproof Ignition—prevents stalling in rain or high water! Chemically Treated Cylinder Walls—for greater wear. Floating Power—helps eliminate vibration. Superfinished Parts—reduce friction, last longer. Exhaust Valve Seat Inserts—reduce need for valve grinding! Full Flow Oil Filter—keeps oil clean!

Functional Design—full room for your head, legs, shoulders. Easy to enter and leave! Safe Guard Hydraulic Brakes—smoother stops, less pedal pressure. Cyclebonded linings for double the wear. Electrically Operated Windshield Wipers—constant speed all the time! Chair Height Seats—no crouching, you sit naturally! Safety Rim Wheels—won't blow tires after blowouts at normal speeds. Double-width Arm Rest—for arm chair comfort.

Munday, Texas

**Miss Irene Havran,
Marvin C. McAfee
Marry July 15th**

Miss Irene Theresia Havran, daughter of Mr. and Mrs. Adolph Havran of Knox City, became the bride of Marvin C. McAfee, son of Mr. and Mrs. C. L. McAfee, in an impressive ceremony on Saturday evening, July 15, at the First Baptist Church in Munday.

Rev. R. L. Butler, Methodist minister read the double ring ceremony. The candle-lighted altar was decorated with white gladioli in baskets, with a background of woodwardia fern.

Mrs. J. F. Cadenhead, Sr., of Haskell, was organist and accompanied Mrs. Cadenhead, Jr., soloist. Music included "Clare de Lune", "I Love You Truly", and the solos "Because" and "The Lord's Prayer".

The bride, given in marriage by her brother, Edward Havran, wore a princess style, fitted white marquisette dress with a high neckline outlined with a Peter Pan collar. Trimmed with bands of satin, the close fitting bodice was fashioned with self-covered buttons. The fingertip veil of illusion was outlined with imported Belgian lace caught by a tiara of seed pearls.

The bridal bouquet was of white gardenias, topped an ivory prayer book, which was carried by the bride's mother at her wedding.

Mrs. William Chambers of Florence was matron of honor. She wore blue marquisette, fashioned identically with that of the bride's. She had matching gauntlets and carried a yellow bouquet of gladioli with matching flowers for her hair.

MR. AND MRS. MARVIN C. MCAFEE

Dressed in yellow organdy was Susan Diane Havran, niece of the bride, of Denton, who acted as flower girl. Her frock was designed with short puffed sleeves and tied in the back with a sash. She carried a basket trimmed in blue, filled with white and yellow daisies.

Eldric James McAfee, brother of the bridegroom, of Fort Worth, was best man. Wendell D. Partridge, Gaylon L. Hord of Munday, Glenn L. Myers of Abilene and William S. Chambers of Florence were groomsmen and ushers.

A reception was held in the Havran home. In the house party were Mrs. Wendell Partridge, Mrs. A. L. Patton of Pampa, Mrs. Elwood Hackney of Knox City, Mrs. E. T. Partridge of Munday and Eugenia Robertson of Wichita Falls.

Following a wedding trip to Colorado and the Yellowstone National Park, the couple will reside in Munday. For traveling the bride wore a white pique suit with navy Irish linen blouse and matching accessories. She wore a gardenia corsage.

The bride taught home economics at Weinert High School. She is a graduate of North Texas State College and has done graduate work at Colorado A. and M. The bridegroom is engaged in farming near Munday.

Guests attended from Fort Worth, Denton, Florence, Haskell, Pampa, Knox City, Weinert, Abilene, Wichita Falls and Stamford.

**Betty Hendrix
And Wilfred Welch
Marry July 19th**

Announcement was made last Saturday of the marriage of Miss Betty Hendrix, daughter of Mr. and Mrs. Frank Hendrix of Munday, to Wilfred Welch, son of Mr. and Mrs. Elmer Welch of Gilliland.

The couple were married on Wednesday, July 19, at 5 p. m. at the First Methodist Church in Seymour, with the pastor, Rev. Quattlebaum, officiating.

The bride is well known in this area, having been reared in the county and attended Munday schools. The groom is well known in the Gilliland community.

The young couple are making their home in San Marcos.

**Munday H. D. Club
Meets July 26th
With Mrs. Hargrove**

Mrs. Raymond Hargrove was hostess to members of the Munday home demonstration club on July 26, when it was learned that Mrs. Joe Patterson will be T. H. D. A. chairman of Knox County for 1951-52. All county officers are elected to serve two terms of one year each.

The program chairman was asked to appoint one or two members to give a demonstration at the second meeting of each month, these being the meetings when the agent can't be present.

Beautiful new samples of all-occasion greeting cards have been received. These cards are lovely and need to be seen to be fully appreciated. Club ladies help defray expenses of the club by taking orders for these cards.

Refreshments were served to Mrs. Joe Patterson, Lain Simpson, Bowley, Weeks, Gollehon, Mooney and the hostess. The next meeting will be August 9 at 2:30 p. m. in the study club rooms. All members are urged to be present.

Mr. and Mrs. W. C. Hertel and children, William and Henrietta, and Mr. and Mrs. H. F. Jungman were visitors in Dallas last week. From there they went to Buckholt for the annual Jungman reunion, returning home Friday.

Mr. Link Robinson, 519 Lindsey, is the most content and satisfied man in Newport, Ky. In fact, he says there isn't a thing in the world that can irritate or upset him now that he is on the HADACOL band wagon. If there ever was a man who thought HADACOL is the most wonderful thing in the world, it is Link Robinson, since he learned that his system lacked Vitamins B, B₁₂, Iron, and Niacin.

Here is what Mr. Robinson has to say about HADACOL, which is now supplying liberal quantities of these essential elements: "I have been a steel worker for over twenty years. When you are a steel worker, you have to do plenty of good, hard work, and you need lots of good, substantial food. But when a stomach is in as bad a shape as mine was, I couldn't eat. I had gas pains, stomach bloating and nervousness; well, I just couldn't eat the proper foods I needed. My boss told me about HADACOL and I started taking it immediately. After the second bottle I could tell a definite improvement. Now I can eat the foods I need to eat to really be on the job. In fact, I can eat anything I want to. I am not nervous anymore, either. Best of all, I haven't got those terrific gas pains and no more stomach bloating. HADACOL is the best ever. I recommend HADACOL to everyone."

HADACOL is Different
Countless thousands are benefiting from HADACOL... even hundreds of doctors are recommending HADACOL to their patients whose systems lack Vitamins B, B₁₂, Iron, and Niacin. HADACOL is so wonderful because HADACOL helps build up the hemoglobin content of your blood (when Iron is needed) to carry these precious Vitamins and Minerals to every organ, and every part of your body—to the heart, liver, kidneys and lungs, even to the eyes, hair and nails.

Give remarkable HADACOL a chance and if you don't feel better with the first few bottles you take—you get your money back. Only \$1.25 for Trial Size—Large Family or Hospital Size, \$3.50.

CHURCH OF CHRIST

J. B. Barnett, Evangelist Munday, Texas

UNCONDITIONAL SURRENDER

There has been so much said about the above subject, in military terms, in the last decade that we are all well acquainted with it. However, have we ever stopped to think that this has been God's demand of the human race since the transgression that took place in the Garden of Eden and plunged mankind into the chaos of sin?

Unconditional Surrender means that one party surrenders (without plea of suggestion) to the demands of the second party. This would be an unwise move should party number two not be a justice-loving being, competent of dealing with the vanquished in a fair and impartial manner.

From the transgression God has always demanded FAITH unconditionally on the part of man. No substitutes have ever been accepted by him and today there is no exception. He demands that we believe on Christ, not that Christ was just a man, a great teacher, a great leader, but that Christ is God's Son. (John 3:18; 8:24, 20:30, 31). God's terms relative to REPENTANCE are unconditional. It is either repent or perish. Turn or burn. (Luke 13:3; Acts 17:30). No plea nor suggestion is accepted with him regarding the CONFESSION that one must make of Christ before men. (Matt. 10:32; Rom. 10:10). Furthermore, God demands that a man be BAPTISED, or as Christ put it, "Born of water and of the Spirit." (John 3:5). Said the Christ, "He that believeth and is baptised, shall be saved." (Mark 16:16). To the above mentioned injunctions there are no alternatives, one must meet the demands or else suffer the consequences eternally. God is not going to argue the question with man; we can either accept the foregoing, obey the same and be blessed thereby, or we can let the matter rest until the judgment of the last day—to our destruction.

The gospel of Christ is the power of God unto salvation to everyone that believes. (Rom. 1:16). Do you believe the gospel? Why not obey the gospel? Live in harmony with the gospel until life's fitful dream is over and in the hour of death there will be no regret.

Shaw Reunion Held Recently At Seymour Park

The annual Shaw reunion was made an enjoyable event again this year in the Seymour park on July 29 and 30.

Delicious basket lunches, barbecue, iced beverages and plenty of cakes, cookies and pies, all picnic style, were served during the two days. While some of the older people enjoyed talking and visiting, others were swimming, seeing the parade or attending the rodeo.

The next reunion has been set for the third Sunday in July, 1952. Those present for the occasion this year are as follows:

Mr. and Mrs. Jesse Shaw, Spur; Mr. and Mrs. Bill Blackson, Billie and Alvin Ray, Lubbock; Mr. and Mrs. C. A. Reagan, Vera; Mr. and Mrs. Doss West, Wanda, Billy and Joyce, Seymour; Mr. and Mrs. Chester Laine, Patsy, Danny and Sharon; Munday; Mr. and Mrs. Ralph. Cyfert and Clara Sue, Knox City;

Mrs. Lucille Stodghill, Ruthie and Betty, Munday; Mr. and Mrs. Roddy Griffith, Carl Roddy and Herbert Jean, Munday; Mr. and Mrs. Gene Groce and Vicki, Becky and Carole, Kansas City, Mo.; Mr. and Mrs. Herbert Stodghill and Johnny, Munday; Mr. and Mrs. Dale Williams, Plainview; Mr. and Mrs. L. C. Guinn, Sr., and Alfred, Jerry, Shirley and Patsy, Munday;

Mrs. Donie Loffler and Jessie Louis, Gwendolyn and Judy, Munday; Mr. and Mrs. L. C. Guinn, Jr., and Genie and Sue, Munday; Mr. and Mrs. W. S. Guinn and Wanda, Lynda and Wilkie, Jr., Munday; Mr. and Mrs. Charles Bass and Mrs. Herbert Franklin, Munday; Mrs. Myrtle Sullivan and Phillip and Vanita, Farmington, Calif.; Mr. and Mrs. Leon Ragan and Dean and Ann, Spur; Mr. and Mrs. Thurman Newkirk and Billie and Louis James, Munday; Mr. and Mrs. Ray Jackson and Waylan, Bobbie and David, Goree.

Visitors attending the reunion are Miss Lennie West, Munday; Mr. West, Munday; James Williams, Plainview; Betty Joyce Lawrence, Munday; Jerrell Barnett, Benjamin, and Ellen Franklin, Munday.

BRIGHT METAL ADDS LUXURY TO INTERIOR

To harmonize or provide striking color accents to modern interiors, new designs in metal furniture are featured today in a wide selection of colors. The colored finishes are in heat-strengthened baked enamel and are unusually durable under extremes of hard usage. Most of the new colored metal chairs and other pieces provide additional distinctive color contrasts in arm rests, upholstery materials and other details.

Natural chrome-plated furniture retains its popularity for many modern interiors although in many rooms, a growing preference is being shown for the recently introduced. Chairs in distinctive square tubing—an advancement over the conventional round-tube design—and finished in satin chrome are especially popular, it is said.

Sanitation is a very important factor in the control of diseases and parasites in the turkey flock. The lack of sanitation can wipe out all expected profits from the flock.

A thin magazine folded in half and placed over the lower round of the wire clothes hanger will prevent the creasing of trousers where they are folded over the hanger. Paper clips can be used to hold the magazine in place.

To be safe, the water supply for the farm home must be protected from contamination by dust, ground water, insects and animals.

BENJAMIN NEWS

(Elda Purl Laird, Reporter)

Mrs. Ethel Laird has just returned home from an extensive trip with her brother, Henry Bryson and family, to San Antonio, Corpus Christ, Galveston, Houston and other points of interest.

Miss Jean Galloway, Miss Linda Norris and Miss Barbara Norris spent the past week visiting Mr. and Mrs. Arthur Lacy of Lawton, Okla.; relatives of Tulsa, and with Mr. and Mrs. Kenneth E. Watkins, of Venita, Oklahoma.

Miss Elda Purl Laird and Miss Omitene Barnett spent Friday and Saturday of last week in Lubbock on business. Miss Laird was attending a conference for Local Draft Board Clerks.

Miss Peggy and Shirley Trammell of Post, are now visiting in the home of Mr. and Mrs. L. C. Brown and family, and other relatives and friends.

Shelby Miller, small son of Mr. and Mrs. Varlen Miller, of Carlsbad, New Mexico, is now visiting in the home of his grandparents, Mr. and Mrs. Orb Russell.

Mr. and Mrs. Malcom Shipman, who have been in Colorado for the past few weeks are now home.

Mr. Lloyd Griffith, of Pecos, was in Benjamin during the week end visiting friends, and on business.

Miss Mary Moorhouse, daughter of Mr. and Mrs. Walter Moorhouse, of Tatum, New Mexico, is visiting with relatives here.

Bobby Hudson, who was in the Baylor Hospital for several days, returned home Friday of last week, and is doing fine.

BLOHM STUDIO

HASKELL, TEXAS
Just North of Post Office

Announcing the Installation of New Washers

We have just completed the installation of six brand new Maytag washing machines in our laundry, making it one of the best equipped laundries in this area. Every machine is grounded against shock. It costs no more to wash on new machines!

A new water softener has also been installed, and you are assured of soft water here. A new dryer has also been added.

We also do finished work and give you pick-up and delivery service. We are anxious to give you every service possible, and we invite your continued patronage.

City Laundry

Mr. and Mrs. Elmo Morrow

"A Song Battle"

Sunday, August 6, 1950, 3:00 P. M.
High School Auditorium
MUNDAY, TEXAS

Outstanding, nationally known singers, the "Soul Stirrers" and the "Pilgrim Travelers"—one group from Dallas and one from Austin, Texas. Gospel singers—old time spirituals.

We are looking for a crowd—white and colored—to witness this fine program of singing praises to the Lord.

J. A. Washington, Pastor
F. M. Johnson, Clerk

WEST BEULAH BAPTIST CHURCH

Name Your Crop

Harvest More Than 110 Varieties of Grains and Grasses with a MASSEY-HARRIS CLIPPER

The Massey-Harris Clipper can handle practically any crop you name . . . regardless of weight and size of the grain or seed. You can adjust the separating action of the Clipper quickly, easily. Its full width, straight-through separation cuts waste . . . puts more clean grain in the tank . . . lets you cover more acres per day.

Come in and see the Massey-Harris Clipper. Either P.T.O. or engine driven. Get all the facts and you'll decide it's just the harvest-partner you need.

Make it a Massey-Harris

LABOR DEPARTMENT JOBS STILL OPEN

DALLAS—Federal jobs at salaries beginning at \$3825 a year still were available here this week, fourteen days after the original announcement of them was made.

The jobs, with the Wage and Hour Division of the U. S. Department of Labor, were first announced by the U. S. Civil Service Commission on July 17. Speedy action on all applications was promised. The closing date is August 7.

The Labor Department wants to add wage-hour investigators to its field staff in Texas, Louisiana, Arkansas, New Mexico, and Oklahoma.

Employment will be with the Wage and Hour and Public Contracts Divisions of the U. S. Department of Labor in one of those five states comprising the Southwest region.

Applications and additional information may be obtained from any first- or second-class post office in the region. The application forms should be sent to Fred Meyners, Executive Secretary, Board of U. S. Civil Service Examiners, Department of Labor, 1114 Commerce Street, Dallas, Texas.

IF POLIO COMES

WATCH FOR THESE SYMPTOMS

IT MAY—OR MAY NOT—BE POLIO

CALL YOUR DOCTOR PROMPTLY

If it is Polio, get in touch with your local chapter of THE NATIONAL FOUNDATION FOR INFANTILE PARALYSIS

HERE ARE SYMPTOMS OF POLIO listed by the National Foundation for Infantile Paralysis. They may—or may not—mean polio. Call your doctor and then, if help is needed, contact your local chapter of the National Foundation. When polio is around, these precautions are recommended: Keep children with their own friends and away from people they have not been with right along. Don't become exhausted through work or hard play. Don't stay in cold water too long or sit around in wet clothes. Avoid becoming chilled. Always wash hands before eating.

Weekly Health LETTER

Issued by Dr. Geo. W. Cox
 M. D., State Health Officer
 of Texas

AUSTIN—Expectant mothers have positive control of whether or not their babies will be born with congenital syphilis.

This is from State Health Officer Geo. W. Cox, who characterizes the condition of a baby being born with syphilis as "negligent, unnecessary, and entirely preventable."

"All that's necessary is for the expectant mother to place herself under the care of a competent physician as soon as her pregnancy has been confirmed," the health officer said.

He believes that all too many Texas babies are being born with the application, passed to them by an infected mother during the prenatal period. Early prenatal care, he explained, would include a blood test of the mother to determine the presence or absence of syphilitic infection.

Television Creates Demand For Walls That Block Sound

Television that is "heard but not seen" is one of the undesirable factors of modern living. This problem of the transmission of sound from one room to another without the picture is a serious problem in multi-family dwellings.

Before television, not too much thought was given to sound insulation. Now, according to builders, more and more people are demanding sound insulation in homes and apartments.

In the past, sound insulation was partially achieved by building party walls of heavy masonry construction. Builders are now using more effective and less costly procedures.

One popular method is to build sound insulation into a wall. In an ordinary lath and plaster wall, sound is transmitted directly through the studs and across the air space between the studs. The sound insulating value of a stud wall may be improved by placing insulating board between a double stud wall.

The construction employs rigid insulation between two rows of 2 by 2-inch studs. The millions of tiny air spaces between the fibers of insulating board give it both sound quieting and insulating values.

Use of the staggered stud wall construction, with wall finish fastened to alternate studs, is another method of reducing sounds transmitted by structural vibrations. There are also special acoustical materials on the market.

The sound insulating value of an existing wall may be increased, builders report, by facing it with structural insulating board and constructing a new

The high cost of living

has a long way to fall before it gets down to

the low cost of electric service

For a long time, electric service has been just about the best bargain in your family budget—dependable and ready at all times to make life easier, healthier, more comfortable for you. What else gives you such high living value, at such low cost?

West Texas Utilities Company

County Democratic Convention O. K.'s White's Candidacy

TO THE CITIZENSHIP OF KNOX COUNTY, TEXAS: WHEREAS, in the coming Run Off Election, of August 26, 1950, the names of J. E. McDonald and John C. White will appear thereon, as Candidates for Commissioner of Agriculture; and, Whereas, We, the Democratic Convention assembled at Benjamin, Texas, hereby endorse the candidacy of John C. White of Wichita Falls, Texas, and urge the active support of all tried and true democrats of Knox County, to the end that we may

once and for all time to come, end the chaotic condition that exists in this department, as we favor Democrats for Democratic Nominations, and cannot endorse Mr. McDonald as a Democrat in view of his actions in the past, and his declared intentions of the present.

ADOPTED AT BENJAMIN, TEXAS, this the 29th day of July A. D., 1950.

E. L. PARK, Chairman of Convention

Betty Sue Yost left Saturday for San Francisco, Calif., to visit her brother, Foy Yost. She plans to be away for a month.

Jim Reeves was a business visitor in Oklahoma City on Thursday of last week.

To Appear In "Song Battle"

Pictured above are the "Soul Stirrers", group of singers who will appear with the "Pilgrim Travelers" in the singing of old time spirituals next Sunday afternoon at the Munday High School auditorium.

The program is sponsored by the West Beulah Baptist Church and Rev. J. A. Washington, pastor, is expecting a large crowd of people, both colored and white, to hear them.

Democratic Body Opposes Any Type Of Socialized Medicine

Whereas, the American system of medical practice has admittedly provided this nation with the highest type of medical care and the healthiest people in the world under our present system of free enterprise, and

Whereas, any system of socialized medicine has abundantly proven not only to lower the quality of medical care but also to increase costs and to weaken the structure of free enterprise in that nation,

Now therefore be it resolved that

The County Democratic Convention of Knox County, Texas, endorses the American way of practicing medicine and opposes the adoption of any form of

socialized medicine in the United States.

CHAS. MOORHOUSE, County Democratic Chairman

Mr. and Mrs. T. L. Dawson of Fort Worth were visitors in the home of Mr. and Mrs. Cecil Gulley over the week end.

Kracker Krums—

(Continued from Page One)

so it seems everything is ripe for a clean-up.

We can hardly look at our own premises and then tell you to clean up. It's kinda embarrassing!

But then we reckon our is not any worse than the other fellows. Step out and look at yours, too, and see if the whole town isn't ready for a clean-up, come Monday, August 7!

TO ELECT OFFICERS

Ramsey Thanks Texas Voters

BEN RAMSEY, run-off candidate for Lieutenant-Governor, thanked Texas voters this week for the vote they gave him in the July 22 primary election. Ramsey, shown here in his San Augustine law office, said his heart was "filled with humble gratitude" and asked his supporters to continue the fight and elect him Lieutenant-Governor in the August 26 second primary. Ramsey is the only experienced candidate in the race.

HUSKY, Dependable Power

THE MASSEY-HARRIS 3-4 PLOW "44"

Here's a 4-cylinder husky that's built for more than just average conditions... a tough, versatile, dependable tractor, the "44" walks away with the most stubborn 3-4 plow jobs on your farm. It's out on a tough field job that you really get to know the "44." That you really discover its lugging ability and economy. You take heavy plowing and discing jobs in stride... plant, cultivate, haul seemingly with no effort.

And you do it on less fuel! There are more acres of work in every tank of gas with the "44." More furrows plowed, more rows planted, more dollars and cents savings in every operation. See us soon for complete details on the Massey-Harris 3-4 Plow "44." Get the power and economy leader for your farm.
