

Kracker Krumb's Odd Bits Salvaged at Random

"We're sure playing with fire by depending upon just one water well."

A city official made this remark just the other day in regard to the enormous amount of water we have flowing through just one single solitary well—and it's supplying the town of Munday.

But how long will it continue to do so? That question was one of concern for our city officials several years ago—and now they're getting "scared" than ever!

Us ordinary citizens don't think much about it—just so long as there's water when we turn on the hydrant, and we can get water for drinking purposes, for watering our lawns, for our air conditioners, for our Saturday night bath, etc.

But the fact remains that if this one well—which is approximately 45 feet deep—was to go "bloody" overnight, this town would be in a terrible shape!

And that's what could happen. We sure hope it don't because the first thing we want when we get up every morning is a drink of water.

But the situation is a precarious one.

Back when the well was dug—which was years and years ago—it was sufficient for any and all needs.

The needs weren't as great as now. The town has grown until in 1950 we had a total count of 2270 people, each requiring a certain amount of water.

New homes were constructed, new water mains installed, more people moving in, nearly everyone has some sort of air conditioner requiring water.

More new mains need to be installed, as well as the need for extending fire protection to new additions of the city.

We have two water pumps which bring water from this lone well into the too small storage tank. Reports are that both pumps run part of the time and one of them continuously for better than 12 hours a day.

A very, very conservative estimate is that the town of Munday is using not less than 500,000 gallons of water per day.

It's all coming from this one water well, and supplying twice the number of people the present water system was originally built for.

Think of the movement in the bottom of that well, with 500,000 gallons going out and the same amount coming in. This must cause some shifting of the sands in the bottom of the well.

And, officials say, the well curbing takes a settling notion occasionally—and they shudder to think of what would happen if this settling should suddenly cut off our underground water supply.

Private wells won't supply the need. That was tried a few years back when we had trouble with our water well. A powerful pump was hooked into a private well, which was thought to be a strong supply, and it was pumped drier than an abandoned oil well in no time.

With the need for another water main to "loop" the western part of the city, with the need for more fire plugs for greater fire protection, with the growing population and continued building of homes, we can see why our city official said we're playing with a great big fire with just one medium-sized water well.

The need has been visualized by our city officials for several years. The need may be brought upon us citizens rather forcibly in the future.

The need is near at hand. It may be soon than we think!

Seymour Host For Tri-County Golf Tourney

Officials of the Tri-County Golf Tournament have voted to hold the event at the Seymour course again this year. It is Haskell's time, but the club there is without a golf course at the present time. Munday would be next in line, but the course there is in process of being changed from sand to grass greens. Last year the Seymour club put in grass greens, and for their second season they are in prime condition.

Dates for the tournament this year will run from July 22nd to August 5th. Qualifying will begin on the former date, and will continue until the afternoon of Tuesday, July 31st. On the evening of that day, at 7:30 o'clock, will be held a chicken dinner and Calcutta pool. This will be at the club house on the Seymour course.

Matched play will start next day, and will be completed on Sunday, August 5th. As many flights will be arranged as will be needed to take care of the entrants. Any player is eligible to compete who lives in Baylor, Knox or Haskell counties. There will be an entrance fee, and this entitles the player to a free feed the night of the Calcutta. Others will pay \$1.50.

Very substantial prizes will be given in all flights, both for winner and runner-up; and consolation prizes will be given in all flights.

The Seymour course will be well groomed for the tournament.

Bowden To Attend Model Plane Meet

Robert Lynn Bowden, son of Mr. and Mrs. R. B. Bowden, will leave next Sunday for Dallas to attend the National Model Airplane meet. He will accompany the Abilene Model Club to the meet.

Robert Lynn is entering a plane in the speed plane contest. The meet will continue through most of next week.

Whitworth Attends A.&M. Short Course Held For Firemen

D. E. (Tuck) Whitworth, local chief of police and member of the Munday Fire Department, is in College Station this week where he is attending the annual Firemen's Short Course.

One of more representatives from Munday attend this course every year. The town receives a 1 cent credit on the 38 cent key rate on fire insurance for having a representative attend the short course.

VACATION IN CALIFORNIA

Mr. and Mrs. J. D. Gillespie and daughter, Pamela, left last Saturday on a vacation trip to points in California. They were accompanied by Mr. Gillespie's parents.

Walter Jenkins To Discuss Issues In Congress Race

Walter Jenkins of Wichita Falls, candidate for Congress in the special election to be held in the 13th Congressional District on September 8, will set forth his stand on important issues in a district-wide radio broadcast early next week.

His talk will be heard in this area Monday at 7:45 p. m. over Station KSEY, Seymour.

Jenkins, who already has carried his campaign personally to all the 15 counties comprising this district, has said his only promise is to be "a hard-working congressman."

PREACHING AT NORTH SIDE CHURCH OF CHRIST

There will be preaching at the North Side Church of Christ on Saturday night, Sunday morning and Sunday night. S. K. Wallace will fill the pulpit and Howard Studor of Seymour will lead the singing.

The public is cordially invited to attend these services.

To Drive-In

Coming to the Sunset Drive-in for one day only, Wednesday, July 25, are "Cousin" Herald Goodman, above, veteran of 27 years in radio, and his Texas Round-up Show. Goodman is now a star on WBAP and WBAP-TV, and is a featured star of hillbilly and western style music.

Starring on the Goodman show will be Georgia Slim, national champion old time fiddler, who was once with the Tennessee Valley Boys on Grand Ole Opry. He is now on KRLD, Dallas, daily.

Knox County Boys Winners In Sears Swine Program

Bobby McBeth and Doyle Dodson, Knox City 4H club members, were winners in the heavy litter contest, which is a part of the Sears Swine Program it was announced this week by County Agent Bill Pallmeyer.

At the age of eight weeks, the entire litter of the animals distributed in the swine program are weighed and prizes are given for the heaviest 25 litters in the seven-county area.

The winning litter consisted of 11 pigs for a total weight of 486 pounds. The Durocs owned by Bobby McBeth weighed 335 pounds for the eight pigs. Bobby placed fifth and Doyle Dodson placed tenth with nine pigs with a total weight of 257 pounds.

Brushy Church To Have Revival

Announcement was made Wednesday of the annual meeting which will begin at the Brushy Baptist Church on Friday, July 27, and continuing through Sunday, August 5. Rev. W. C. Williamson of Pettit will do the preaching for the revival, being assisted by Rev. J. H. Skiles, Brushy pastor.

Services will be held at 8 o'clock each evening. The public is cordially invited to attend each service at the Brushy church, which is located ten miles south of Gore.

THE METHODIST MEN MEETING POSTPONED

The first meeting of The Methodist Men has been postponed from July 24 to July 27, it was announced Wednesday.

A special feed will be prepared for the July 27 meeting, which will be at 8 p. m., and the organization's charter will be presented. All Methodist men are urged to be present.

NOTICE TO WATER CONSUMERS

Heavy pumping to satisfy an unprecedented demand for water for domestic use, for irrigating lawns and gardens and for supply in air conditioners, has resulted in short water supply for the City.

In an effort to increase flow into the well city water employees are cleaning sand from the well basin, and during the time that work is in progress the water supply may be short and the water furnished will not be up to the usual standard of clearness, etc.

With these facts in mind, the city administration asks your cooperation on the following: First, to be completely safe for home use water should be boiled or sterilized with some of the chlorinated lime preparations found in drug and grocery stores. Removal of a portion of the chlorinating equipment is necessary to thoroughly clean the well basin.

Second; and very important from a fire protection standpoint especially, it is imperative that water use for non-essentials be discontinued for the duration of this work period. Water should not be used for lawns and gardens, and homeowners should adjust evaporative coolers to the absolute minimum of drip. The supply may be very short during this time, and adequate fire protection may depend upon how this request is complied with.

We will be very glad to notify you when the above restrictions are lifted.

—THE CITY OF MUNDAY.

Over 200 Knox Farmers Attend Insect Meets

A series of four meetings on identification and control of cotton insects were held in Knox County on Thursday, July 12, by Bill Pallmeyer, county agent, and the Knox County Farm Bureau Speaker for the meetings was Allan Gunter, entomologist of the Texas A. & M. Extension Service.

Over 200 farmers of the county attended the meetings held at Roe Myers, Sunset; Elkin Warren, Hefner; Reuben Richards, Vera; and Omar Cure, Gilliland. The program was a follow-up on cotton insect control meetings held in Knox County during May.

Meetings were held in the fields, where Gunter pointed out the different cotton insects and gave pointers on the time to apply the different insect poisons. Much of the time was spent on farmers' questions and information gained from the meetings should be very valuable in saving the 120,000 acre cotton crop planted in Knox County.

Sewer Pumps Are Being Installed

The little pumps at the "wet well" of Munday's sewer system have been fighting a losing battle for some time, officials stated. These pumps, installed around 1906, have become inadequate to carry off the sewage of the growing population; consequently, the wet well has been gaining on them, causing some of the sewer lines to become stopped up.

Acting on the advice of Ward Engineering Company, engineers for the city of Munday, local officials have purchased two up-to-date pumps at a probable cost of \$2,000. These will be installed as soon as they arrive.

The two old pumps with pumping capacity of 150 gallons per minute each, are being replaced by these two up-to-date pumps of 400 gallons per minute each.

Installation of these two pumps is in line with recommendations made by the engineers on a near-future expansion of Munday's sewer system.

IN "MISS ABILENE" CONTEST

ABILENE—Bobbie Whitworth, senior student at Hardin-Simmons University, is one of eleven contestants who will compete in the annual "Miss Abilene" contest. Dub Pritchett contest chairman, has announced.

Miss Whitworth is the daughter of Mr. and Mrs. D. E. Whitworth of Munday.

Contestants were selected on the basis of beauty and talent. Pritchett said. Miss Whitworth will present a vocal number at the final judging Friday night.

Eld. L. M. Handley and children of Slaton visited with her sister and family, Mr. and Mrs. W. A. Elder, over the week end.

Mrs. and Mrs. Frank Burton and sons of El Paso visited Mr. and Mrs. A. B. Warren over the week end.

School Land Controversy Slated For District Court

Methodists To Hold Open House Next Sunday

People of all faiths are cordially invited to view the new Methodist church building next Sunday, according to an announcement made Tuesday by Rev. R. L. Butler, pastor.

Open house will be held Sunday afternoon from 4 to 7 o'clock. "All people of every church, and of no church affiliation, are invited to inspect the new building," Rev. Butler said.

Formal opening of the new building has been set for Sunday, August 26, with all-day services and former pastors of the church preaching.

Next Sunday afternoon, visitors will be escorted through the building by members of the congregation. The pastor, members of the official board, and other church leaders will be on hand to greet all visitors.

At the evening worship hour, the Presbyterian people are to be special guests, and Rev. Bob Johansen, minister of the local Presbyterian church, will preach Rev. Butler said.

HOWELL SEES ACTION IN KOREAN WATERS

Tanks are an army's backbone. Serving aboard a ship which can carry tanks long distances and land them directly on enemy beachheads is Robert L. Howell, seaman, USN, son of Mr. and Mrs. R. H. Howell, who is aboard the landing ship, tank, USS 887.

The 887 is operating with the amphibious forces in Korean waters. Re commissioned from the "Mothball Fleet" at Astoria, Ore., last November, the 887 has been in action in Korea since May this year.

Soil Conservation Is Used To Improve Knox Farm Lands

Farmers of Knox County are using the assistance provided under the Agricultural Conservation Program and the technical aid furnished by the Soil Conservation Service as a team in checking erosion and building up the soil on their farm, says J. C. McGee, chairman of the County PMA Committee.

This concerted effort is helping farmers to produce what is needed for the defense effort this year and at the same time to protect their land for future production.

The assistance provided under the ACP encourages, the chairman explains, makes it possible for farmers to carry out soil and water conservation practices which are necessary in the public interest.

Under the 1951 Program the following conservation practices have been approved for Knox County:

Construction of terraces; construction of diversion terraces, establishing a vegetative waterway, subsoiling, bringing clod forming subsoil to the surface of a sandy crop land, constructing or enlarging drainage ditches, construction of earthen dams or reservoirs application of potash and phosphate, growing a green manure or cover crop of summer legumes, establishing a satisfactory cover of winter legumes, elimination of destructive plants, establishing permanent pastures by seeding.

On this list of approved practices the following require technical assistance:

Construction of terraces for which necessary outlets and waterways are provided, construction of diversion terrace to control excess water moving earth in shaping or filling at waterway to be sodded, construction or enlarging permanent drainage ditches, construction of earthen dams or reservoirs for livestock water or erosion control.

Drive carefully—the life you save may be your own!

For Congress

Joe Jackson, above, Wichita Falls independent oil producer, Wednesday announced that he is a candidate for Congress in the special election to be held on September 8.

"I am certain you will be glad to know that I do not represent any special groups," Mr. Jackson said, "and I do not have to cater to anyone. If you elect me I will be your Congressman and yours alone."

Full text of his announcement will appear in next week's paper.

Books Donated To Munday Library

The Munday Public Library has again added five new books to its collection. These have been donated by Mr. and Mrs. M. F. Billingsley.

The new books are all fiction and are as listed: "The White Sail" by Sarah Ware Bassett, "Arctic Mood" by Eva Alvey Richards, "Room For One More" by Ann Perrott, "Sunrise To Sunset" by Samuel Hopkins Adams and "The Plymouth Adventures" by Ernest Gebler.

Oil Activities

A good Canyon producer for the North Knox City Canyon pool of Knox County, three miles north of Knox City, is the Stanolind Oil & Gas Company No. 1 S. D. Jones, section 5, block 6, D. G. Burnett subdivision. It was completed from 4-264 to 4-267 feet for 200.20 barrels of oil daily through 9/64-inch choke. Gas-oil ratio was 425-1.

LOCAL BOYS MAKE CATCH AT CITY LAKE

Lee Bowden and George Spann came in Tuesday morning with three nice fish which they hooked while fishing at the Munday Municipal Lake, using a trot line.

They displayed two blue cat, weighing around five pounds each and a large mouth bass which they guessed weighed at least three pounds. That's proof that there's fish in them that waters.

J. D. Roberts and children of Sullivan, Mo., and J. R. Roberts of Happy spent the week end with Mr. and Mrs. De Mullican.

Mr. and Mrs. W. G. Welborn and Gaston and Erwin Wren are spending their vacation in Colorado this week.

Weather Report

	LOW	HIGH
July 12	75	100
July 13	72	101
July 14	71	102
July 15	79	100
July 16	69	100
July 17	73	103
July 18	74	104
Precipitation, 1951	10.72 in.	
Precipitation, 1950	19.17 in.	
Precipitation since Oct. 2, 1950	10.84 in.	

The controversy between the Knox City Independent School District and the Munday Independent School District over annexation of certain portions of the Sunset school lands to the Knox City district has been headed for the 50th District Court at Benjamin. Court action is expected to be taken in the August term of District Court, it was stated.

Acting upon petitions presented by the Knox City school district, the County School Board recently granted the annexation of some 16,079 acres of the former Sunset school district to the Knox City district. The first of these petitions was acted upon by the county board on Saturday, July 7, and called for the annexation of 6,600 acres. On Tuesday morning, July 9, the board approved two petitions which had been presented by the Knox City board.

The Munday Independent School District, through its legal counsel, has entered suit against the County Board of Trustees and the Knox City Independent School District to vacate and set aside this order transferring "approximately 17,000 acres" from the Munday district to the Knox City district.

The Munday board is asking for an injunction to prevent the Knox City Independent School District from levying and assessing taxes on said disputed territory, also alleging said orders of the county school board are void and illegal.

Moffett Named To Study Acts Of Legislature

AUSTIN (Sp.)—The Legislative business of the State Government has become heavy in recent years. Therefore it has become necessary to establish between-session committees to review certain topics and bring in reports, statistics, and other information for the benefit of a succeeding session. Thus, up-to-the-minute data is on the desk of each member the opening day of the session, about many subjects which will come before it.

This system was established two years ago, and contributed to the success of the session just closed, which disposed of more complicated problem than any previous session in the State's history.

These interim committees are appointed by the presiding officer of each branch of the Legislature. He generally chooses experienced and seasoned members for these appointments. Among other recent choices for one of these key places, made by Lieutenant Governor Ben Ramsey, is the appointment of Senator George Moffett of Chillicothe as a member of the Interim Legislative Council, which will make exhaustive investigations into subjects that will probably come before the next session of the Legislature.

Local Board To Call Three Men

Local Board No. 82 at Benjamin has announced that a call will be made for three men from this district for induction into the armed forces on August 1.

Earlier in the week state headquarters had sent out a notice that there would be no call on this board for the month of August, but after a raise in the draft call over the entire nation the call was changed to three men.

A telegram has also been received from state headquarters stating that the time period for men, who have already passed their physicals, to enlist in son branch of the service has been extended to the first of August.

Mr. and Mrs. Jim Bell and Mr. and Mrs. J. L. Bell and Roger Dale, are visiting relatives in Blanco and San Antonio this week.

GRASS ROOTS OPINION

ANAHEIM, CALIF., BULLETIN: "Our nation is one of the few in the world in which free thought, criticism and truths can still be presented to the public. We take it for granted that this freedom will continue. But the present Presidential regime realizes the value of the press and its ability to mold and measure public opinion and reaction. Every day some new measures are introduced that would place newspapers under governmental censorship. So far these measures have been defeated or amended to become worthless. A free press means a free people. We must remain alert to keep it so."

PHILADELPHIA, PA., TRADES UNION NEWS: "Karl Marx, the fellow who wrote the creed of communism, has something to say about taxation. He said that capitalism, which means our system of free initiative, enterprise and progress, will eventually be destroyed by 'taxes, taxes and still more taxes.' He even predicted that democratic, capitalist countries would, if left to their own devices, finally tax their economic systems to death and thus bring in communism. Well, taxation can do just that, if carried too far. The people who are continually fighting for other tax money to spend, even though their proposals may be excellent and even though some of the additional tax money might be used to benefit the people generally, should take the Marxian precept to heart. Taxes can kill our economy."

MADISON, GEORGIA, NEWS: "There seems to be some in Washington that are afraid the McArthur-Truman-Acheson controversy will reveal our plans to the Russians. . . . The thing that we think they are most worried about is that the people are about to find out how near Communistic our government has become."

"CEILINGS DON'T MEAN A THING"

A Wall Street Journal news story quotes an officer of a Midwest department store chain as saying, "Ceilings don't mean a thing." He went on to explain that observation in these words: "Most of the goods we sell are below ceiling. When you're trying to unload high inventories, you worry about prices that will bring in customers, not about ceilings you know you can't reach."

Many other retailers around the country, dealing in goods as varied as haberdashery and automobiles, expressed similar views. As the Wall Street Journal summed it up, "By and large, the merchants report that the real control on prices consists of the lefty stacks of goods in warehouses and on store shelves."

This situation illustrates one all-important fact—and that is simply that maximum production and aggressive competition do more to put the brakes on inflation than any political controls which have occurred to the mind of man.

As a matter of fact, under certain circumstances controls can actually be inflationary. They can undermine competition—if everyone has to sell at the same price, why should any merchant work his head off trying to do a better job than the competitor down the street? They create artificial scarcities and black markets. They burden all merchants with costly, time-consuming red tape. They make it harder for the small man to progress and grow. Anything which throws monkey wrenches into the workings of the supply-and-demand system of producing and selling goods must in the long run, hurt all concerned—including the consumer.

FILL 'ER UP!

Once more the country is in the midst of the vacation season. And this summer, according to the American Petroleum Institute, more than 1,000,000 gallons of gasoline will be consumed by American motorists in one of the greatest travel spurges in history. The total of vacation travel by motor car for the three months of June, July and August alone is expected to reach 15,000,000,000 miles. And for the whole of 1951 the vacation speedometer will probably roll clear around to 30,000,000,000 miles, an increase of almost 60 per cent since 1940.

This is good news for the country's 200,000 service stations, which are now enjoying their busiest period of the year. And when the motorist drives into one of those stations and says, "Fill 'er up", he might give a moment's thought to the vast and complex organization which makes it possible for that order to be executed as a simple matter of routine. Keeping the service stations supplied with adequate amounts of gasoline and other oil products is a major problem for the oil industry in the summertime. Demand skyrockets on regular highways, and increases many times above normal in mountain, seashore and woodland retreats. But to the oil industry, meeting such problems is just a part of the day's work. The gas and lubricants are always there to be delivered instantly when the customer drives in and asks for them.

It has been observed that "never before in history have Americans had such power at their fingertips, through the number of cars owned and the quantity and quality of motor fuel available to them." Fill 'er up!

"Some Americans, stricken with fear, are willing to barter freedom for some small measure of safety and survival"—David Lawrence, Mayor of Pittsburgh.

"Let's ask government to call the signals, but call them loud and clear and keep us up to date on the score, so we know what is expected of us."—Henry Ford II.

COUNTRY CHARM

Cotton carries out the country mood of this delightful Bucks County, Pennsylvania, interior. Farnland, a sprightly Pennsylvania Dutch print of washable, self-resistant "Everglaze" fabric, is used to slipcover the comfortable chair and also for gay draperies.

A dramatic story was uncovered when I was going through old clippings and papers in the Waxahachie library.

Soon after the Civil War, there was a man living near Waxahachie who was reputed to be exacting in his dealings.

He was supposed to be very wealthy. This man had a falling-out with a Negro, an ex-slave. This Negro and another were found, one night, digging a hole on the wealthy man's land. They were arrested and charged with planning to kill the man and with preparing a place in advance, in which to hide the body.

The second colored man confessed that this was the plan. He was tried, convicted and sentenced to hang. The judge asked, "Is there anything you wish to say?" The prisoner, young and uneducated, arose, in a respectful tone, replied:

"Yes, Your Honor, I want to say somethin' for the benefit of the young folks. Boys and girls, always tell the truth. Never tell a lie even if folks wants you to. 'We wuzn't gwine to kill no body. We thought that the white man had gold buried on his place, an' we wuz huntin' it. We wuz diggin' at night so's, often we found it, we could keep it. An' dat's the truth."

"I know it's too late to do me any good but I want the young folks to remember—never tell a lie."

The prosecuting attorney said, "Your Honor, I believe he is telling the truth." The judge said, "I agree with you." So the verdict was set aside and the prisoner was given his liberty.

He became a preacher and was a strong influence for good among his people. He lived for many years, respected by everyone, and all mourned his death.

Can you remember "ox-blood" shoes? A "baker's dozen" was an expression which used to be heard often. It meant "thirteen"—one over good measure. But you never hear (or see) "a baker's dozen" any more.

Annual P. C. A. Meeting Draws Large Crowd

Thirteen hundred and forty-seven persons attended the 17th annual meeting of the Stamford Production Credit Association which was held in Stamford, Friday, July 13. Of those in attendance, 551 were members of the Association, and others were families and guests of the members.

Mr. C. G. Burson of Haskell, President of the Association, presided at the opening session which was held in the Round-up Hall of the Texas Cowboys' Reunion grounds. A report on the activities of the Board of Directors was given by J. F. McCulloch of Stamford. Mr. McCulloch, vice-president and director, having been a director since organization in 1934.

A financial report of the past year's business was given by the Secretary-Treasurer, J. L. Hill, Jr. Mr. Hill stated that the Association in 1950 had one of the best years in its history... having made loans amounting to more than \$5,000,000. The Association has suffered no losses for a number of years, and only \$739.00 total since organization in 1934. According to Mr. Hill, 1951 will probably be a better year than 1950, from the business handled in the first six months of 1951.

The terms of two directors F. McCulloch and Lasater Hensley, expired at this meeting. The Chairman of the Nominating Committee, Mr. Olin Potts, of Anson, read the report of this Committee, and submitted four nominees: J. F. McCulloch and Roy Moritz of Stamford; Lasater Hensley of Guthrie and J. C. Moorhouse of Benjamin. The two who were elected by a majority vote of the members were: J. F. McCulloch and Lasater Hensley. Setting precedent for the Stamford organization, Roy Moritz and J. C. Moorhouse were elected associate directors.

Following the election of directors an open discussion of matters pertaining to PCA policy and requirements was ably entered into by a number of members. This part of the pro-

gram was led by Frank Andrews of Albany. Other members taking an active part of the program were G. W. Hawkins, Munday; J. C. McGee, Knox City; Gene Overton, Haskell; Ollie Heng, Gilliland; Oscar McGinty, Spur; G. C. Browning, Truett; and G. W. Bennett, Spur.

The business session of the meeting adjourned at noon, after which all present enjoyed a Chuck Wagon dinner. Tom Smith of Sagerton and his corps of helpers—all PCA members—helped make this part of the program a huge success.

Directors of the Stamford Production Credit Association are C. G. Burson, Haskell; J. F. McCulloch, Stamford; J. Spurgeon Reeves, Hawley; J. B. Pumphrey, Old Glory; and Lasater Hensley, Guthrie. Other officials and employees in the Stamford office are J. L. Hill, Jr., Secretary-Treasurer; Paul L. Summers, Assistant Secretary-Treasurer; Royce L. Williams, and Mrs. E. L. Martin. In the Haskell office are J. V. Hudson and Clifton Cobb. At Anson the field representative is M. E. Carothers, and he is assisted by Mrs. Dolores Atyia. The Spur office is under the management of M. L. Rickels, and that at Aspermont under Wayman Smith. J. D. Gillespie is assisted in the Munday office by Mrs. Aaron Edgar.

Durwood Scott left last week to resume his studies in Texas A. & M. College after spending about six weeks here with his parents, Mr. and Mrs. J. B. Scott.

Mr. and Mrs. Joe G. Rogers and daughter, Shirley, of Fort Worth visited with Mr. Rogers' mother, Mrs. U. S. Rogers, last week and she accompanied them home for a week's visit.

Butch Bowley of Big Spring is spending the week end with his grandparents, Mr. and Mrs. T. H. Armstrong and Mr. and Mrs. M. E. Bowley.

Mr. and Mrs. Davis and children of Wichita Falls visited in the home of Mr. and Mrs. T. H. Armstrong over the week end.

James Wilber of Houston visited with Mr. and Mrs. Ben Yarbrough over the week end.

BEAR SAFETY SERVICE

Mr. and Mrs. Bobby Broach spent the week end in Lawton, Oklahoma.

Mrs. A. B. Warren and Jo Ann Duke visited in Haskell last Sunday.

Joe Chuocair is spending his vacation in New Mexico.

Mrs. Francis Brewer of Tahoka visited friends and relatives here Tuesday of this week.

Mrs. Jim Grammer and children of Lamesa are spending the week here with her mother, Mrs. G. R. Elland.

Jo Nell Mullican, Cpl. Jessie Moon Marry On July 6

Miss Joe Nell Mullican, daughter of Mr. and Mrs. E. H. Mullican, and Cpl. Jessie (Dub) Moon of Knox City, were united in marriage in a single ring ceremony Friday evening, July 6, at 8:30 o'clock in the home of the bride's parents, Rev. R. L. Butler, pastor of the Methodist Church, officiated.

The home was decorated with bouquets of lilies and ferns. The bride was given in marriage by her brother-in-law, Elmer Cude. Their only attendants were Miss Marie Howeth of Fort Worth and Alfred Hendrix of Knox City.

Mrs. Moon carried out the traditional something old, something new, something borrowed and blue and wore a sixpence in her shoe for luck. The bride was attired in a white linen dress with a corsage of pink carnations.

Mrs. Moon graduated from Munday High School with the class of '48 and has been employed at Elland Drug Store for the past three years.

Cpl. Moon attended school at Knox City, and for the past six years, has been in the United States Army. He is stationed at Fort Monmouth, New Jersey.

After July 29, the newly weds will be at home at 304 South Street, Eaton, New Jersey.

GARDENING TIPS

TOMATOES: Tomatoes that are allowed to stay on the vine to ripen this season often become sun blistered. This is especially true of tomatoes that have been staked and pruned, which leaves much of the fruit exposed directly to the rays of the sun. To avoid sun blistering, harvest the fruit when there is a small area of pink showing on the blossom end. If they are placed in a cool shady location, they will ripen to a deep pink or red color in two to four days and be ready for fresh use, canning or for juice. Shade ripened fruit seems to ripen better on the inside, too, than if left on the plant to mature.

WATERMELONS: Watermelons will sunburn quickly during the hot days and especially after they have started to turn pink. The melons can be protected from sunburn by covering the top surface with hydrat-

Family Reunion Held In Relative's Home In Roby

The Moore family reunion was held in the home of Mrs. Gillie Lewis of Roby on Sunday, July 8. A picnic lunch was enjoyed by the following:

Mrs. Gillie Lewis, Roby; Mr. and Mrs. Will Moore and Alonzo, Howard and Jerry; Mr. and Mrs. George A. White and Wilma, Mrs. L. J. White and son, Ollie; Mr. and Mrs. C. E. Mayfield and Elizabeth, Kenneth and Charles, all of Abilene;

Mrs. H. J. Byron, Merkel; Mr. and Mrs. A. M. Searcey and Mr. and Mrs. Fred Searcey and Virginia, Munday; Mr. and Mrs. Sammie Norwood and Margaret, Eurell and Mrs. C. J. Renfro, Tahoka; Mr. and Mrs. Price Richey and daughter, Midland; Mrs. Jim Proffitt and Jack, Tommy and Clifford, Mr. and Mrs. Claude Hill and Claude, Jr.; Mr. and Mrs. Charles Williams, all of Goree; Frank Ramey, Abilene; Buck Elliott, Oklahoma; Joe Smith, Goree.

One sister, Mrs. R. T. Parramore of Cedar Hill, could not be present. The afternoon was spent in taking pictures and talking over old times.

ed lime. The lime can be applied by shaking from a container with a perforated top over the tops of the melons in the early morning while the dew is still on. When applied in this manner the lime can be quickly and easily removed at shipping time with an old towsock or some other material. The lime can also be applied by making it into a thick paste with water and applying with an old broom.

Mr. and Mrs. J. C. Gollehon visited in Lorenzo over the week end.

Mr. and Mrs. Worth Gafford visited in Coleman last Sunday with their parents.

Joe Spann left this week for Canyon where he has entered West Texas State Teachers College for the remainder of the summer.

Mrs. Julia Smith of Superior Ariz. is visiting friends and relatives here.

Mr. and Mrs. Herbert Stodghill and son and Mrs. Lucille Stodghill visited relatives in Silvertown over the week end.

Mr. and Mrs. John Phillips and Mr. and Mrs. Joe Duke visited in Wichita Falls last Saturday.

Dove Hunting May Be Limited To Afternoons

AUSTIN—Possibility that Texas hunters may be restricted to afternoon shooting during the coming mourning dove season was indicated Friday at a meeting of the Game, Fish and Oyster Commission.

Word received by the Commission from the Federal Fish and Wildlife Service, which sets the seasons on all migratory fowl, was that afternoon hunting was being considered by the Federal authorities.

This news came after the Commission had recommended the same dates, shooting hours and bag limits for the north zone on mourning doves and had recommended a later season beginning on November 15 for the south zone.

The Commission has acted in accordance with a poll taken of Texas sportsmen on their preferences for the mourning dove season. Preponderance of north zone opinion was to retain the present September 1 opening date, while the bulk of the south zone hunters responding to the poll wanted a later date than the present October 20 opener.

Many from the south zone asked that the mourning dove dates parallel the quail season beginning on December 1. The commission recommended the south zone opener be November 15 and run through January 1.

Bag limits under the Commission proposal would be ten birds and shooting hours would be from one-half hour before sunrise to sunset.

A mild, neutral soap should be used for cleaning painted woodwork in the home. If a scouring agent is needed, finely powdered whiting should be used.

Also pump out cess pools and storm cellars, and will clean cisterns and shallow wells. Average home \$20 to \$35. Phone 381-M. Box 224 Seymour, Texas. J. H. Crawford. 23-tfc

Texas Farmers Use Fertilizer

WASHINGTON, D. C.—Texas farmers used 572,723 tons of fertilizer in 1950, according to figures released by The National Fertilizer Association. This was 14 percent more than 1949 consumption of 502,250 tons.

Consumption in the South Central States as a whole jumped 12.1 per cent, from 3,839,545 tons in 1949 to 4,304,500 tons in 1950.

American farmers used a whopping 18,346,132 tons of fertilizer last year, an 11.5 percent increase over the preceding year. Farmers paid \$750 million for this mammoth mountain of plant food—an average of about \$40.90 a ton, a drop in price of close to \$1.50 a ton compared to 1949.

Now that we are engaged in a "limited" war with Communism, it is essential that food and fiber production be pushed to meet ever higher goals in order to feed and clothe our allies and armed forces abroad and the folks at home. Greater production of meat and milk from grasslands and pastures and increased yields of field crops and

Prizes Offered In Local Child Photo Contest

The time is almost at hand for the opening of this newspaper's big Child Photograph Contest, and we're urging all of our readers to have their children ready for the big day. A photographer from Hallmark Studios of Dallas and Irving, will be in Munday on Tuesday, July 24th from 11 A. M. to 6 P. M. for the purpose of taking pictures in this vicinity.

His studio will be located at Munday Hotel.

In addition to having their pictures printed in this newspaper, the children will be competing for \$15.45 in prizes which are being offered for the best photographs made during the day.

The photographs will be made absolutely free of charge, and there is no charge for their publication in the Munday Times. Proofs will be shown and from these you may select the picture of your child which you would

like to appear in this newspaper. If you wish extra photographs they may be purchased, but no purchase is necessary in order to have your picture printed in this newspaper, or in order to compete for the prizes. It is entirely up to you, whether you buy pictures or not.

There is no age limit on the contest, and every child's photograph in this section is wanted so that they may appear in the Munday Times. However, it is necessary that all of the pictures must be of uniform size, so they must be made by the Hallmark Studio photographer on Tuesday, July 24th.

Don't wait until little Mary gets married or baby brother is elected to some political office to see their pictures in the paper—make plans now to have those photographs made on Tuesday, July 24th. Tell your friends and neighbors. The more the merrier!

Cpl. Curtis Gollehon of Camp Polk, La., spent the week end here with his wife and other relatives.

Mrs. Ben Bowden spent several days this week with friends and relatives in Cisco.

Women's Clubs Hold Reporters' Training Meet

Editors are human! That is one thing fifteen Home Demonstration Club women from Knox, Baylor, and Haskell counties learned when they met in Benjamin on July 6, for a reporters training meeting conducted by Miss Frances Arnold, Assistant Editor from College Station.

The editors of county papers appreciate news items that are well written and easy to read. The reporter should realize that the editor has a deadline to meet, limited space, and the right to edit articles that are too long or poorly written.

Club women from Knox County who attended the meeting were: Mrs. R. M. Almanrode, Mrs. L. A. Parker, and Miss Darnie Groves. Baylor County clubs were represented by Miss Bonnie Brown, Mrs. A. L. Haralson, and Mrs. W. E. Harrison. Mrs. H. B. Yarbrough, Mrs. Cecile Jetton, Mrs. Willis

Hines, and Mrs. J. L. Grindstaff were representatives from Haskell County. Miss Fern Hodge, District Agent; Mrs. Cecile R. Peacock, Agent of Baylor County; Miss Theima Wirges, Agent of Haskell County; and Miss Maleta Henson, Agent of Knox County were also present.

Wesleyan Service Guild Has Party Honoring Husbands

Wesleyan Service Guild of the First Methodist Church honored their husbands with a garden supper at the home of the Joe Bailey King's on Monday evening, July 9, at 7:30.

The picnic tables placed in the garden were decorated with baskets of large zinnias. The menu consisted of fried chicken, potato salad, red beans, relish, sliced tomatoes, olives, onion rings, butter garlic bread, ice tea and cream pie.

Planned games by Mrs. Gill Wyatt furnished entertainment for the evening.

Members attending were the Weldon Smiths, Robert Greens, Earl Ponders, Jimmie Harphams, William T. Dixons, Lee Haynes, Levi Bowdens, Joel Massey, I. V. Cooke, Oscar Spanns, James Bardwells, Mmes. Pitzer Baker, Bob Hicks, J. B. Scott, Erin McGraw, Juanita Rippeote, Mary White, and Misses Ruth Baker and Florence Gaines. Guests were Mr. and Mrs. Dave Jetton and the hostesses, Mr. and Mrs. Joe B. King.

GOREE BAPTIST CHURCH
S. E. Stevenson, Pastor
10:00 a. m. Sunday school.
11:00 a. m. Preaching by the pastor.
7:00 p. m. Training Union.
8:00 p. m. Preaching by the pastor.

Beginning Monday, July 23rd, our church is sponsoring a Vacation Bible School among the colored people of the Goree community. Two Invisibles from the Sunday School Department will be in charge of the mission. These workers will also take part in our services while here.

Our Vacation Bible School closed Sunday night. We had an enrollment of 120 and an average attendance of 102. It was a blessing to our church and community. There was one conversion.

Our revival is to begin Friday night, July 27th, with Brother Huron Polnac of Munday, directing and preaching.

Mr. and Mrs. Joe Duke and Jo Ann returned home last Friday from a week's visit in New Mexico, El Paso and other points.

THE CHURCH OF GOD
We welcome you to each of the church services, as follows:

Knox Prairie Philosopher Scoffs At The Census Figures Showing Half Of Texas Now Living In Big Cities

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek is unnecessarily worried, his letter this week reveals.

Dear editor:

I noticed in a copy of the Chicago Tribune which one of our neighbors sent my wife with a good garden and a subscription to a newspaper, that the experts have been studying the census figures and have come up with the information that half the people in Texas now live in the big cities.

According to the figures, for example, 800,000 people live in the Houston metropolitan area, which Houston defines as an area containin 1,747 square miles. As I figure it, 1,747 square miles is a place at least 40 miles square, and if it's oblong it could be 20 miles wide

and 85 miles long, and I'm here to tell you if I was 40 miles or 85 miles from the Houston post office I'd have a hard time describin myself as livin in Houston. Believe I could find a post office a heap closer than that in some nearby town.

The same thing is true of Dallas, San Antonio, Fort Worth, etc. Why Laredo even claims 3,295 square miles, which is a spot over 50 miles in one direction and 60 miles in another, and if you left the city hall in Laredo and drove 50 miles I don't know where you'd be but you would not be in Laredo and if you went in one direction you would not even be in the United States. In fact, all these cities claim such a big metropolitan area it ain't no trick at all to make a city man out of a country man by an act of the city council, on the theory that if you can't get the man out of the country you can throw some big city limits around him and bring him and his farm in, too.

Now I don't suppose there's any move on to take me inside any city limits. I know it's the duty of every town to grow, why I ain't never figured out, you can see what a mess the country'd be in if every farmer had as his aim to expand a few miles in every direction, but if there is I would like to go on record as saying it wont work. Not by any stretch of imagination can I visualize this farm as a city, it won't even support me, not to mention fifty other families living fifteen feet apart. I'll admit a lot of people have turned up in cities in recent years, but most of them got there just sitting still and get-

Moore Family Reunion Is Held Sunday, July 8th

Ninety relatives and friends attended the annual reunion of the W. L. Moore family in the home of a son, Billie Moore, on Sunday, July 8. All of the children were present, including the following:

Roy Moore, Jack Moore, Johnny Moore, Billie Moore, Mrs. Lola Perdue, Mrs. Buster Chamberlain, Mrs. Buel Claburn and Essie Moore, all of Goree; Mrs. Ira Loving of Seymour and Nalle Moore of McCamey. Twenty-eight grandchildren and 15 great grandchildren were present.

Out-of-town guests were Mr. and Mrs. M. T. Chamberlain and Bettye Blacklock, Munday; Mrs. J. J. Denton, Jr., Norma Kay and Karen Spur; D. Clifton Chamberlain of Denton, Mr. and Mrs. W. D. Maddox and Terry, Martha and Jimmie, of Oklahoma City; Mr. and Mrs. Joe Henry of Hermleigh, Mr. and Mrs. Jimmie Cunningham and Agnes and Carol of Bomarton, Joe Moore and Brenda Kay Moore of Fort Worth, Mrs. Lenn Williams and Bonnie of Anton and Mrs. Lena Evitt of Littlefield.

A Times Want Ad Pays

in taken in. Any city can grow, just like any woman can get married, if they can find some land or some man to slip up on. The census figures may look like Texas has become citified, but as far as I can tell the country boys are still mighty numerous.

Yours faithfully,
J. A.

Jo Ann Tackitt, Seaman Maddox Marry July 7th

Miss Jo Ann Tackitt and J. A. Maddox, seaman in the U. S. Navy, were united in marriage on Saturday, July 7, at 4 p. m. in the Gillespie Baptist Church before a small group of friends and members of their families. Rev. S. E. Stevenson of Goree read the double ring ceremony.

Mrs. Sam Stone, pianist, accompanied Mrs. Rudolph Talant as she sang "Always" and "O Promise Me."

The bride's only attendant was Miss Patricia Johnson of Seymour. Joe Warren of Knox City was best man.

The bride wore a street length dress of navy with white accessories and a shoulder corsage of pink carnations.

Mrs. Maddox is the daughter of Mr. and Mrs. A. C. Tackitt of Munday, and the bridegroom is the son of Mrs. Margie Maddox of Mountain View, Okla.

Out-of-town guests for the wedding included Mr. and Mrs. Virgil Chambers and Sue and Margie of Stinnett, Mrs. W. E. Milton, Mrs. Pauline Davis and daughter, Phyllis, of Fort Worth; Mr. and Mrs. Sam Stone and Mrs. Mary J. Massingill of Gilliland.

The couple left shortly after the ceremony for Norfolk, Va., where Mr. Maddox is stationed.

Bruce Wilson of San Diego, Calif., has been visiting in the home of his mother-in-law, Mrs. Lula Jones, this week.

Miss Ina Jones left Wednesday for San Diego, Calif., for a visit with her sister, Mrs. Bruce Wilson.

LOCALS

Mr. and Mrs. James A. Smith of Weinert and Mr. and Mrs. Odis Mitchell and son, Cloyce of Carbon and on Sunday they attended the Thames reunion at Cisco dam.

Noland and Norris Morgan of Clinton, Oklahoma, are visiting Mr. and Mrs. Noland Phillips.

Mr. and Mrs. E. H. Mullican, Bobby Cude, Mrs. R. J. Medlin of Bells, Tenn., and Mrs. Pete Crawford of Jackson, Tenn., visited their brother and his wife, Mr. and Mrs. A. R. Wren of Quameda, New Mexico, over the fourth of July holidays. Mrs. Medlin and Mrs. Crawford are sisters of Mrs. Mullican.

Mr. and Mrs. Kirby Fitzgerald and Mr. and Mrs. Bob Jarvis were visitors in Colorado this week.

Mr. and Mrs. S. H. Nance of Cisco, Mr. and Mrs. Omer St. Clair and Erin and Mr. and Mrs. W. C. Lightfoot of DeLeon spent last Sunday with Mrs. A. E. Womble and other relatives.

Mr. and Mrs. Oscar Pollard of Lubbock visited Mr. and Mrs. Clayton Wren last Thursday and Friday.

Mr. and Mrs. Tom Morton and Mr. and Mrs. Clayton Wren visited in Ballinger last Sunday.

Wagon seller Announced For U. S. Congress

Wayne W. Wagon seller, State Senator representing the 22nd Senatorial District, stated today he is a candidate for Congress to succeed the Honorable Ed Gossett, who will resign July 31. Senator Wagon seller stated, "I do not presume to make a formal announcement of my candidacy for this office until Ed Gossett had officially placed his resignation in the

WAYNE W. WAGONSELLER

hands of the Governor." That resignation is now on the Governor's desk, and the special election has been set for September 8.

Wagon seller, age 39, was born on a tenant farm in Montague County and has lived in that county all his life. He graduated from Nocona High School and attended college at North Texas State at Denton and the University of Texas.

When the Japs attacked Pearl Harbor, Wagon seller volunteered his services in the United States army, and served as a plain enlisted man for the duration. His two brothers also volunteered their services and saw action in the European theatre of war. Wagon seller landed on the Beach of Normandy during the invasion of France, which was the greatest military feat in the history of warfare. He was wounded first in the battle of St. Lo. Several months later after being on the front lines continuously, he was wounded a second time at the city of Brest, France, when the Second Infantry Division took that vital seaport. He spent a year in army hospitals and received his discharge at Harmon General Hospital in Longview.

On December 28, 1949, Wayne W. Wagon seller married the former Miss Betty Clarice Benton, whose family was among the first pioneers of Montague County.

Wayne W. Wagon seller has served four years in the House of Representatives. While a member of the House, Representative Wagon seller sponsored the Anti-Check Off Bill, which prevented the Labor dictators from withholding the workmen's dues or fees without his written consent. He also helped pass the other Texas labor laws which later became the model for the Taft-Hartley Law passed by the Congress.

Election to the State Senate in 1950, Wagon seller served as Chairman of the Military and Veterans Affairs Committee; Chairman of the committee on Stock and Stock Raising; member of the powerful State Affairs Committee, which passes on all tax bills; member of the Public Health Committee; member of the Labor Committee; and the Committee which passes on all of the Governor's nominations.

As a member of the State Senate, Wagon seller offered the amendment which brought the Korean War Veterans under the Veteran Land program.

Senator Wagon seller stated, "Never in the history of all the world has there been a greater need for experienced leadership, clearer call for Divine guidance a clearer call for an instructed verdict—that verdict—an adherence to the principles of our constitution and a belief in our American democracy."

"It is without hesitation that I ask to be your Congressman, for I feel that my experience in political circles and parliamentary procedures is ample and sound enough to merit your consideration."

"If I am chosen your Con-

LOCALS

Miss Gwyna Lee Smith, who has been attending Texas Tech at Lubbock, returned home this week end to spend the remainder of the summer with her parents, Mr. and Mrs. A. L. Smith.

Miss Charlotte Williams, who has been attending T. S. C. W. in Denton, is here to spend the remainder of the summer with her parents, Mr. and Mrs. P. V. Williams.

Truman Burnette of Stephenville returned home last Sunday after a visit with Mr. and Mrs. A. L. Smith. Wayman Smith returned home with him for a few days.

Miss Irene McClearn of Wichita Falls came home Sunday to spend her three weeks vacation with her mother, Mrs. Ann McClearn, and brother, John H.

gressman, I shall constantly devote my best efforts toward the complete destruction of the Communist movement in this country. I shall fight other enemies of the American Ideal."

"Cash-basis thinking and cash-basis action are sorely needed in the Congress today."

"An alarming tendency has developed in this country to bypass the State as an arm of government. This is tied in with the tendency to make our government one of men rather than of Laws."

"Government of the people, as we have traditionally known it in the United States, can survive. It will survive so long as our people jealously observe the safeguards of our Federal and State Constitutions."

"This is my fourth political campaign. The people have never turned me down. They have always sustained me at the polls. As always, my campaign will be conducted with all of the people of this district."

"I want to be your personal Congressman. I know that my experience in the House and Senate of Texas and my knowledge of Parliamentary Procedure, will assure you of diligent and faithful service."

Mrs. Arthur Hitchens left last Friday for her home in Sand Springs, Okla., after a week's visit here with her sister-in-law, Mrs. Laura Groves.

Miss Wynelle Fitzgerald, who has been employed in Fort Worth, has moved to Post, where she has accepted a position in a textile mill.

Mr. and Mrs. Joe Lane Womble returned to Norfolk, Va., last week after spending a fifteen day furlough here with friends and relatives.

Mr. and Mrs. R. M. Almanrode visited in Bowie with relatives the first of this week and Miss Barbara Jane returned home with them.

Check the things you want

- Plenty of power
- Maximum safety
- Easy handling
- Bigger payloads
- Extra comfort
- gyrol Fluid Drive

they're ALL yours in a

DODGE "Job-Rated" TRUCK!

Plenty of power for your job. Power has been increased up to 20% in eight great engines—94 to 154 hp. You get top economy, too—thanks to high compression ratio, 4-ring pistons with chrome-plated top ring, and many other extra values.

Maximum safety—You get the finest truck brakes in the industry! On many models you get new, molded, tapered, Cyclebond brake lining for smoother, quieter, safer braking. And you'll ride in a welded all-steel cab with an extra-big windshield.

Easy handling—You can turn, park, back up and maneuver with the greatest of ease... because of cross-steering, short wheelbase and wide front tread. Other aids to easy handling are the comfortable new steering wheel position and extra cab visibility.

Bigger payloads—Balanced weight distribution enables you to haul bigger payloads on a Dodge "Job-Rated" truck without danger of overloading. Because the engine has been moved forward and front axle back, the right proportion of the load is carried on each axle.

Extra comfort—Famous "Pilot-House" cab gives you safe, all-around vision with extra-big windshield and rear quarter windows. Roomy, "chair-height" seat is widest of any popular truck. New "Oriflow" Shock Absorbers on $\frac{1}{2}$, $\frac{3}{4}$, and 1-ton models give smoother ride.

gyrol Fluid Drive—Only Dodge offers gyrol Fluid Drive. Available on $\frac{1}{2}$, $\frac{3}{4}$, and 1-ton models. You start with amazing smoothness. Gearshifting is minimized. Wear is reduced on vital parts. And Fluid Drive protects your load by minimizing damaging jolts.

How Dodge trucks are "Job-Rated" to fit your job

A Dodge "Job-Rated" truck is engineered at the factory to provide the best in low-cost transportation. Every unit from engine to rear axle is "Job-Rated"—factory-engineered to haul a specific load.

Every load-CARRYING unit—frame, axles, springs, wheels, and tires—is engineered to provide extra strength and capacity necessary to support the load.

Every load-MOVING unit—engine, clutch, transmission, propeller shaft, rear axle, and others—is engineered to move the load under most severe operating conditions. A range of over 350 G.V.W. chassis models enables you to select a truck that meets your conditions.

Come in today for a good deal on a DODGE "Job-Rated" TRUCK... low down payment... low monthly payments

WHITE SWAN TEA
offers you this PLUS VALUE!

Big beautiful TULIP TEA GLASS yours without extra cost with each 1/2-pound package of White Swan Tea

AN ACRE EVERY SEVEN MINUTES
...with the **JOHN DEERE SURFLEX TILLER**

Here's the big-capacity tiller that does mighty fine work—that covers an acre every seven minutes.

The John Deere 20-foot Surflex Tiller eats up big tillage jobs at lower cost than ever before. What's more, flexible, linked gangs hug ground irregularities... do a top-notch job without ridging and gouging. Manual lift or hydraulic control raises or lowers all gangs simultaneously. The sturdy, simple hitch permits short turns... avoids fouling.

We'll be proud to show you John Deere Surflex Tillers; they're available in 12-, 16-, and 20-foot sizes. They're the rugged tillers you want for ground-hugging flexibility, wide adaptability, easy adjustment, and famous John Deere quality.

THE TRADEMARK OF QUALITY FARM EQUIPMENT

GET MORE TRACTION
at no extra cost!

Change to **NEW GOOD YEAR O-P-E-N C-E-N-T-E-R SUPER-SURE-GRIP TRACTOR TIRES**

New Super-Sure-Grip is the "greatest pulling tire on earth" — as proved in actual farm tests where it pulled tractors through wet, slick, slippery soil where other tires bogged down.

These super traction tires will help you plow, plant and harvest faster. They'll save crops when you are pressed for time and they don't cost a penny more!

Super-Sure-Grips are good crop insurance — let us install them on your tractor.

SUPER-SURE-GRIP GOES WHERE OTHER TIRES WON'T
