Odd Bits Salvaged
at Random

The Fourth of July holiday was not without its casualties.

We may well be thankful there were no serious accidents that brought maimed and broken bodies, death and sorrow to our community in traffic casualties, but non-the-less, there were casualties.

These came to motor boat riders and surf board riders who were enjoying the fourth on nearby lakes.

And with these casualties came considerable pain and discomfort caused by sunburn. And if you doubt the discomfort and pain, just have a word with some of our fellow-townsmen.

Particularly do we have in mind those whom we've seen the first of this week. Among them are Bruce Edwards, Ralph and Oscar Cypert, and O. B. Peddy.

These boys were out in bathing trunks or without shirts and portions of their bodies not fully clothed came out the prettiest pink you ever saw. We tried to keep our skin covered, but the day's outing resulted in a blushing pink to our face.

We spent the day at the W. E. Braly cabin at Lake Kemp and on the lake itself. Lots of others from the town were there, too. Motor boat riding or in other activities we saw the Chester Bordens, Dick Atkissons, Worth Gaffords, Oscar Spanns, Toots Earles, P. V. Williams, and possibly others along the waters. In our group besides the Bralys were the Lee Haymes.

With a healthful looking pink in our countenance, we returned home to try to wedge four days' work into three—and that's quite a task, too.

A real pioneer of our county has gone to his reward.

Many of us who knew R. C. Spinks in his every-day life, in his church work and in his Masonic Lodge work feel keenly the loss of a dear friend and Christian gentleman.

Rawleigh Spinks was a pioneer of pioneer stock. Truly he saw the country develop from wide expanses of prairie to tiny settlements and to the towns and communities that dot the area.

He saw these wide prairies developed into prosperous farming areas. He was one of the few remaining citizens who used to travel by wagon from Vera to Munday, and in these travels would see the deer and antelope scamper away as the horse or mule-drawn wagon would disturb them.

He was a great and good man—loyal to his family, to his church, to his community, to his lodge and to his friends. The imprints of his life on this area will long be remembered.

Maybe you didn't know it or hadn't thought about it—but . . .

It has been called to our attention that today—Thursday, July 7th—is the birthday of the official City of Munday.

Someone delved into the records at the courthouse at Benjamin and learned that the City of Munday was incorporated on July 7, 1906.

Already, some people, including officers of the Munday Chamber of Commerce, are tinkering with the idea of staging a big celebration on this date next year, when the town becomes 50 years old. It's an idea—and a good one—but it will require lots of work and planning. Anyway, we have a full year to complete details.

MEETING IS SLATED FOR LOCAL CHURCH

J. Miller Forcade of Wichita Falls is to bring a series of gospel lessons beginning Wednesday, July 6, and continuing through July 17th at the Church of Christ located on west Main Street in Munday. It was announced this week. The public is cordially invited to attend each of these services.

Mrs. Elizabeth Chamberlain, Long Time Area Resident, Buried On Thursday

Mrs. Elizabeth Chamberlain, 92, resident of this area since 1902, died at about 7:45 p. m. Tuesday, June 28, at the home of a son, Sam Chamberlain of Goree. She was widely known in this region as "Aunt Lizzie."

Funeral services were held at 3 p. m. Wednesday from the Goree Methodist Church with Rev. Doyle Ragle, pastor at Munday, officiating. He was assisted by Rev. Charlie Sargent and Rev. Walter Hadley of Goree. Burial was in the Brushy Cemetery.

Born March 22, 1863, in Logan County, Ky., Elizabeth Baker Frey went with her parents to Peoria, Ill., while an infant. When she was 3, the family migrated to Dallas. One of her favorite stories was that she "learned to knit my own stockings" while on that covered wagon journey.

While living near Dallas, she often recalled, one of her girlhood chums was a little girl who later became "Ma Perkins" of radio fame.

On October 25, 1882, she married Dan Chamberlain at Dale. The couple resided there until 1902 when they moved to a site in Haskell County 10 miles south of Goree. Her husband preceded her in death in 1947.

Survivors include six sons, Willie and James of McMahon, Ernest of Lovington, N. M., Charles of Haskell, Oran and Sam of Goree; four daughters, Mrs. Effie Stockton of Pixley, Calif., Mrs. May Chum of Dallas, Mrs. Lucile Snow of Hamlin and Mrs. Ola McMahon of Austin; one brother, Marvin Frey of Hugo, Okla., and two sisters, Mrs. Maggie Alexander of Dale and Mrs. Mancil Tyler of Miles.

Postal Banquet Held On June 28 At Knox City

Sixty postal employees and their families attended the 14th annual banquet of the Brazos Valley Postal Employees Association which was held at Knox City on Tuesday night, June 28.

The association meets once a month but holds a banquet only once a year. The next meeting, however, will not be held until September in Rochester. Fourteen towns were represented at this year's banquet.

W. B. Weathered of Amarillo, manager of district 2 of the Texas Postal Employees, was the principal speaker. His subject was "What is your attitude as a postal employe to your patron and are you helping to solve the problem, or are you one of the problems?"

Harold Spain of Haskell, president of the Brazos Valley association presided over a short business meeting.

Jeff Graham of Knox City was master of ceremonies.

Mrs. Mattie McKeehan and her grandson from Houston visited her sister, Mrs. E. Beecher, last week. She is visiting another sister, Mrs. Jess Reid, in Lamesa this week.

Last Rites For Knox Pioneer Held On Sunday

A large crowd of sorrowing friends gathered Sunday afternoon at the Vera Baptist Church to attend the last rites for a long time citizen of that place, Rawleigh Clark Spinks of Goree. A large part of the audience stood in the rear of the auditorium, and others could not get into the house. The church altar was deeply banked with lovely flower arrangements, an eloquent attestation to the love and esteem in which this fine man was held.

Mr. Spinks died at 3:45 Friday afternoon at his home in Goree, after suffering a stroke two hours earlier. He was 79. Not long ago the deceased was in Seymour to attend the Old Settlers Reunion, and many of his friends had remarked on how well he looked. However, on a previous occasion, about three years ago, he had suffered a light heart attack.

The funeral message was brought by Rev. A. A. Farley of St. Jo, which was in accord with the wishes previously expressed by the deceased. Assisting were the Vera Baptist pastor, Rev. R. G. Lacewell, and Mr. Spinks' pastor at Goree, Rev. S. E. Stevenson. These all paid the highest possible tribute to the memory of a man who was everybody's friend.

Special music was given by a quartet from Seymour: L. D. Jones, Price Franklin, R. J. Balch and Edgar E. Burress, with Mrs. O. H. Bartley as accompanist. Rev. Burress also sang a solo, as did Donald Roberson of Fort Worth, grandson of the deceased. Mrs. Tom Hardin accompanied this solo. Burial was in the Vera cemetery beside the grave of three children of the deceased, who had preceded him in death. Pallbearers were Tom Russell of Vera, Judge L. A. Parker of Benjamin, Jimmy Randolph of Winters, Tom Harland, Sam Hampton and Dorse Rogers of Goree.

The closing prayer at the funeral was given by J. J. Collier of Winters, who was rural mail carrier at Vera for 30 years, during the time that Mr. Spinks was postmaster. The two men worked side by side in their church, and were associated together in Masonic Lodge work.

Relatives from out of town attending the funeral were: Mr. and Mrs. M. J. Spinks and son, Al, Walter Dansby and Mrs. Mary Drake of Dallas; Mr. and Mrs. T. O. Lane and children, Mrs. A. H. Putz and daughter of Mineral Wells; Mr. and Mrs. Jim Carle, Mrs. Zona Woillard and children, R. H. Horn and Mrs. Bob Hamilton of Lubbock; Mr. and Mrs. L. H. Dawson and children of Henrietta; Mrs. Faye Shipman of Knox City; C. D. Horn of Morenci, Arizona; Mr. and Mrs. A. K. Boyd and Mr. and Mrs. Cecil Shipman of Munday.

BATHING BEAUTIES—Gayle Littlefield center, 15-year-old winner of the Knox Plains Beauty Contest held at the Munday swimming pool July 4th, holds her award trophy. Standing beside her are the two runners-up in the bathing beauty contest, (left) Bobbie Lynch, 17 of Jacksboro, and (right) Belinda Coates, 15, of Knox City. Miss Littlefield is the daughter of Mr. and Mrs. E. B. Littlefield of Munday.

NEW GM RESEARCH HEAD—Dr. Lawrence R. Hafstad, famed physicist and atomic energy scientist, will become director of General Motors research staff later this year. GM President Harlow H. Curtis announced Dr. Hafstad, who is 51 and a graduate of the University of Minnesota, was the first director of the Atomic Energy Commission's Reactor Development Division. He is called by scientists and AEC officials "the world's foremost authority on harnessing the atom for industrial power."

Cuban Missionary To Speak Sunday At First Baptist Church

Miss Jewel Smith, who is serving in the missionary fields in Cuba, will speak at the First Baptist Church here on Sunday, July 10, it was announced Monday by Rev. Robert H. Lloyd, pastor.

Miss Smith will speak at the evening service at 8 p. m. At seven o'clock, she will show colored pictures on phases of her missionary work.

A cordial invitation is extended to everyone to attend this evening service and hear her interesting message.

Local Girls Go To Camp At Lueders

The following girls of the First Baptist Church attended the Junior Girls Auxilliary Camp at Lueders on June 20-23:

Doris Kay Armstrong, Janet Hawkins, Phyllis Yost, Mary Guley, Donna Haynie, Linda King, Sandra Brown, Ann Neil and Carol Floyd. They were accompanied by Lourelle Milstead, the camp pianist; Maidee Smith, recreation assistant; Mrs. Leland Floyd and Mrs. Virgil Yost, counselors, and Mrs. Curtis Gollehon, young people's director.

Rev. Byron Bryant, camp pastor, brought some wonderful messages. Mrs. J. A. Lungsford, missionary from Brazil, brought some interesting talks and also showed films on Brazil each evening. The "Beauty Box" was the entertainment highlight at five o'clock, with loads of laughter. The Vespers at 7 p. m., held on the banks of the river, brought each girl closer to God as they worshipped with vesper speaker, Rev. Bill Crafton.

Second Series Of Polio Vaccine To Be Available Here Within Few Days

Many Attend Homecoming At Sunset Sunday

Sunset Homecoming was held at the Sunset school building Sunday, July 3, where approximately 500 ex-students and faculty members were present.

Morning services were held at ten o'clock with invocation by J. B. Walling of Wichita Falls. H. D. Myers gave the welcome address and the message was brought by Buddy Bumpas of Benjamin.

Lunch was served by the Jetton Catering Service of Fort Worth from 11:30 a. m. to 1:00 p. m. 361 plates were served.

In the afternoon at 2:00 o'clock a program honoring the old school trustees was held with T. W. Harber of Dallas as speaker. Mr. Harber, now regional manager for the Celanese Corporation of America, gave a history of the Sunset School. Trustees present were Matt Verhalen, Ed Whittemore, Weldon Floyd, John Jones, Clyde Yost, Fred Reddell, Sr., T. R. Busby, H. G. Gommell, A. E. Moore, R. C. Partridge, T. V. Yost and M. G. Nix.

After his speech he called the faculty members present to the front with approximately 13 present. Mrs. J. S. Shannon then gave a brief regime of the faculty. Next on the program was the first graduating class of Sunset. Of the original 15 graduates five were present. Arnold Land and George Gaines gave short talks on the history of the class.

Class members present from 1935 through 1950 were recognized with members introducing themselves and telling where they lived and what they were now doing. Howard Myers gave a brief talk and officers were elected. Herbert Partridge was elected president and Mrs. Tom Morton was re-elected secretary and treasurer.

They decided to hold the next homecoming on the first Sunday in July in the year of 1957.

The program was closed with the school song of the first graduating class.

Tony Hobert Gets Broken Arm Sunday

Tony Hobert, son of Mr. and Mrs. Chalmers Hobert of Munday, suffered a broken left arm last Sunday afternoon while playing in the back yard. The accident occurred when he fell from his acting bar.

After receiving medical attention, Tony is recovering at his home in Munday.

Mr. and Mrs. Howard Yandell and Barbara of Lubbock spent the week end with his parents, Mr. and Mrs. H. C. Yandell.

1923 Graduate Of Munday High School To Enter Abilene College In September

Mrs. Bertha Winslow was here last week and contacted Supt. W. C. Cox in regards to credits from Munday High School in preparation to entering Abilene Christian College next September.

Mr. Cox had to turn through many files to find her records, since Mrs. Winslow was a 1923 graduate of M. H. S. She will be remembered by many friends as Miss Bertha Manuel, who was a member of that famous girls' basketball team that "put Munday and Knox County on the map."

In 1922, the Moguls girls' team came out second best in the state, Waco having won first place. This team consisted of the following:

Forwards, Ollie Bateman, Cecil McGraw and Christine Burton; guards, Bertha Manuel, Dora Manuel and Ruth Tompkins; centers, Hazel Mitchell, Ruth Giles and Janelle Stodghill. William A. Wilson was coach of this famous team.

In 1923, the state championship was to be decided between Munday and the team from Canton, Van Zandt County. J. Horace Bass was superintendent at Munday, and since he had taught two years in Van Zandt County be-

fore coming to Munday, it was decided to have Dr. Bass accompany the team on this tour which took the girls by Pullman 300 miles across the state.

It was a thrilling experience, and four bands were there to help celebrate the occasion.

Some 2,000 people attended this game, which stood at a tie seven different times. After having played three extra sessions, the score was still 31 to 31. After much deliberation, the teams decided Texas was large enough to have two winners, so the score stood a tie between Canton and Munday for the year, 1923.

Mrs. Winslow was living with her family at Merced, Calif., until the death of her husband three months ago. It was then that her thoughts again returned to the school room.

She has a son, Charles Edgar Stancill by a former marriage, who will graduate from A. C. C. in June of next year, but she says she doesn't mind being a "freshie" while her son is a senior at Abilene Christian College.

Congratulations to Mrs. Winslow for having the courage to begin the reconstruction of her life after being out of high school 32 years.

Word has been received by the County Health Officer, from the State Health Department, that vaccine for the second shot of polio vaccine for the 1st and 2nd graders who have already received the first shot, will be available some time after the 10th of July.

The National Foundation is furnishing this second shot, and the hope has been expressed by the National Foundation that every child who received the first shot will take the second shot.

It is felt by the State Health Department, the United States Health Service, and the local County Health Officer, that the vaccine is entirely safe at this time. In fact, the vaccine given in Texas was entirely safe for the first shot.

It is the consensus of opinion among medical experts assembled by The National Foundation that there is much less risk in giving the second shot during the polio season than there would be in getting polio in a paralytic form without the second shot.

Parents of 1st and 2nd grade children will be notified by post card, by the County Health Officer, when the vaccine will be available. It is hoped that all of the children who received the first shot will also take the second shot.

The newspaper will carry a further story concerning the availability of the vaccine, in a later issue.

Eight Indicted By Grand Jury

Eight persons were indicted on 12 counts by a 50th Judicial District grand jury at a called session Wednesday, Mrs. J. C. Branch of Knox City, one of the first three women of Knox County to serve on a jury, was foreman. Indictments included two thefts, one swindling case and nine forgeries.

Indicted on a charge of theft over \$50 were William Rivers Gilchrist, 32, of Abilene and Joe A. Grove, 35, of Haskell. The charge alleged the two stole a saddle from the JY Ranch near Truscott on June 4.

James E. Kelley, 25, of Linden was indicted on a forgery charge. The charge asserted Kelley raised the amount of a check from \$6 to \$60. The check allegedly was in payment of labor from a Munday farmer.

Two indictments each were returned against four Dallas Negroes. All were charged with making and passing forged instruments. The charges alleged the four, Donald J. Hereford, Willie Red Riley, Annie Mae Hereford and Ola Mae Johnson, operated as a team in forging and passing worthless checks. The foursome allegedly gave several checks on J. W. Zeissel, Munday farmer. Donald J. Hereford and Annie Mae Hereford are in custody at Benjamin. Riley is being held at Hollis, Okla., and Ola Mae Johnson is being detained at Dallas.

A swindling indictment was returned against a man not in custody accused of giving a worthless check on an Enid, Okla., bank. The indictment cited George W. Hunt, a grand juror, as recipient of the check in payment for a combine.

Other jury members included Mrs. Clyde E. Williams of Knox City, Hunt of Goree, Elmer D. Welch of Gillingland, James McCannell of Benjamin, L. G. McGuire of Gillingland, Alvin Hord of Goree, J. G. Adcock of Truscott, E. B. Shaver, Jr., of Knox City and Harold Eubank of Truscott.

ON VACATION TRIP

Mr. and Mrs. Lamoine Blacklock and children left the first of this week for Rufoso, N. M., where they are vacationing for several days.

Visiting in the home of Mr. and Mrs. Melvin Gray over the week end were their daughter and husband, Mr. and Mrs. Jerry Thomason and son of Pecos and Mrs. Billie Foster and children of Benjamin. Leroy returned home with the Thomasons for a week's visit.

Miss Ann Nelson of Dallas spent the week end with her parents, Mr. and Mrs. Clyde Nelson.

GOOD NEWS FOR THE COMMUNISTS

If a survey made by the Opinion Research Corporation among seniors in 86 high schools, scattered across the country, is correct, there is something alarmingly wrong with American education.

According to the results, 82 per cent of these students do not believe we have competition in business; 60 per cent feel owners get too large a share of the profits; 61 per cent reject the profit motive as necessary to the survival of our free system; 55 per cent accept the classic communist doctrine of "from each according to ability, to each according to needs," and 60 per cent think a worker should not produce all he can.

This should make the men in the Kremlin and our other ideological enemies happy. For, if such views are widely held and acted upon by our citizens of tomorrow, we will destroy this nation from within—which is what the Communists want beyond anything else.

WIN, PLACE, AND SHOW

Who profits most from the operations of American corporations? Some figures from the U. S. Department of Commerce provide an answer.

Last year, American corporations paid out \$165,800,000,000 in wages and salaries to the people who provided the human energy used in the production of goods and services. They paid \$17,200,000,000 to government in taxes—money that built roads, supported schools, helped maintain the military establishments, and did a thousand and one other jobs. They had a total profit of \$17,800,000,000. Some \$8,000,000,000 of this was retained in the business to pay for expansion and other job-creating activities. The balance went to the stockholders—the people whose savings made the existence of the corporations possible.

So, in dividing up corporate income, the workers come first, the government second, and the owners third.

A DEMAND

It's always refreshing when a top man in government champions a principle that is strictly in accord with American traditions.

Director of the Budget Hughes did that when he said: "We remain convinced that the best interests of the nation as a whole do demand the termination of unwarranted government competition with business."

In plain language, government in business is socialism—and socialism, carried far enough, always ends in tyranny and the death of liberty and human dignity.

REMEMBER THOSE HATS?

It has been observed that the possibility of soaking the rich to pay the cost of government went out with prohibition and Empress Eugenie hats.

If the federal government took every nickel of individual taxable income above \$10,000 a year, the amount collected wouldn't pay its bill for one month. If it took all taxable income above \$4,000, it would get only a fifth of what it is spending each year.

We just haven't got enough rich or middle income people to soak, and those we have are soaked to the hilt already. So the lower incomes must carry a great part of the burden.

TIME—FOR DEFENSE

Switzerland now has about 83 per cent of the American watch market. The top military people have warned that, in the interest of national defense, what remains of our own watch industry must be preserved and protected. Secretary of Defense Wilson recently said a study showed that "the entire horological industry was essential to the mobilization base."

The reason is that the precision parts we find in watches also are required in the manufacture of timing devices used in modern weapons—A-bombs, Nikes, fighting planes, and so on. One B-36 has 3,000 jeweled bearings in its instruments.

All of us would do well to think of this when we buy watches. It's vital that we keep our watchmakers at their benches.

GRASS ROOTS OPINION

Liberal Kas. Southwest Daily Times: "Proof that industry is moving to less populated centers for various reasons, is evidenced plainly in the case of the chemical industry. Of this industry's recent list of 480 construction projects, only nine, or less than two percent, are in major metropolitan centers. The trend of industrial expansion is away from the larger cities."

Park Falls, Wis., Herald: "One of the silliest ideas to be proposed by organized labor in all its history is being pushed by the automobile workers this year and will probably result in a nationwide strike in the auto industry before the summer is out. We refer to the 'guaranteed annual wage.' In our free enterprise system of business how in the world can a manufacturer guarantee his workers an annual salary? No one guarantees the automobile manufacturer that he will sell his products and make a profit so that he can pay a 'guaranteed salary.'"

WHAT DOES THE BIBLE SAY?

A Plea For Christ

Jesus Christ is the Son of God. He came from God to show us what God is like. He is the central figure in the Bible. All the Old Testament points forward to him. All the New Testament points back to him. "Wherefore God also hath highly exalted him and given unto him a name which is above every name." (Phil. 2:9)

We are pleading for a return to Christ; to the authority of Christ; to the undenominational church which he established on the day of Pentecost, more than 1900 years ago. Do you believe Jesus Christ is the Son of the living God? If so, are you letting your faith in him lead you to do what he teaches you to do, to be what he wants you to be?

Jesus said, "If you love me you will keep my words" (Jno. 14:23). We urge you to open your New Testament and search to find the commandments of Christ which apply to you and then do exactly what he teaches you to do.

We are pleading for no creed but Christ; no rule of faith, but the Bible. We want men to acknowledge no other spiritual authority than the authority of Jesus Christ. He said, "All authority hath been given unto

me in heaven and on earth, go ye therefore and teach all nations, baptizing them into the name of the Father, and the Son and the Holy Spirit, teaching them to observe all things whatsoever I have commanded you; and, lo, I am with you always, even unto the end of the world" (Matt. 28:18-20). We are pleading for all believers in Christ to wear only the name of Christ. The early disciples were called Christians first in Antioch (Acts 11:26). Peter taught them to suffer as Christians. We urge men to make only the good confession of the name of Christ, "That if thou shalt confess with thy mouth the Lord Jesus, and shalt believe in thine heart that God raised him from the dead, thou shalt be saved" (Rom. 10:9). We are urging men to be baptized only into Christ. "As many as were baptized into Christ did put on Christ" (Gal. 3:27). "Know ye not that so many of us as were baptized into Jesus Christ were baptized into his death. Therefore we are buried with him by baptism into death, that like as Christ was raised up from the dead by the glory of the Father, even so we also should walk in newness of life" (Rom. 6:3-4).

PAYNE HATTOX, Evangelist

When "Roaring Ranger" came off the press a few years ago, they had a "Boyce House Day" in that city and gave a luncheon in honor of the new book about the big oil boom. Among those attending was J. E. T. (Temple), to his friends Peters, manager of the Ranger Chamber of Commerce in boom days, now living a life of ease in Cisco.

And seeing him reminded me of a happening back in the 1929's when he was Cisco's CoF manager and I was staff correspondent for the old Fort Worth Record and had headquarters in Cisco.

Ever since I've known him, Peters has been rather thin and not especially robust in appearance. He and I were chatting on the street when a man came along. He had broad shoulders, was wearing a leather coat and had a complexion that comes from spending most of one's time in outdoor activities. He looked accustomed to the saddle and strong enough to bulldoze a steer. "Howdy 'Fessor," he said. (A

long time ago, all men who taught school were called "Fessor"), sometimes shortened to "Fessor.")

Peters said, "Howdy." "I'll bet you don't know who I am," the man continued and Peters' face showed he was making a strong but completely unsuccessful effort to place the other.

The rancher said, "I went to school to you at Sabanno—a small community in Eastland County. I never will forget the last day of school. You gave me a whale of a thrashing and I told you then that when I grew up, if I ever met you, I would beat h— out of you."

Peters' prominent Adams-apple bobbed up and down and he turned pale. I braced myself to try to pry the other man off him. The rancher continued, "Them was great days, wasn't they, 'Fessor?"

And Peters grabbed the other's hand with both of his, pumped it up and down and, with a big smile and with most un-school-teacher grammar, replied, "Them sure was."

I read about a hero in American history the other day that was "afraid of nothing." That describes me, too. I'm afraid of just nothing.

Mr. and Mrs. O. O. Strickland and family, Mr. and Mrs. Lemuel Clark and family of Fort Worth and Mr. and Mrs. Earl Senter and family of Cleburne were the guests of Mr. and Mrs. Grady Phillips and attended the Sunset homecoming last Sunday.

IT'S THE LAW

DECLARATION OF INDEPENDENCE PROTESTED
"GOVERNMENT OF MEN"

What do we mean when we say that in the United States we have a "government of law" and not a "government of men"? Basically we mean that we have certain individual rights, guaranteed by our federal and state constitutions and laws, which may not be denied by any governing body.

The early American colonists had their fill of government by men, and the Declaration of Independence, signed 179 years ago, set out their complaints against that type of government and revealed their belief in a principle which we now accept as basic to our American way of life.

The indictments set out in the document against King George III of Great Britain charged him with numerous violations of that principle. Among the complaints enumerated are the following:

"He has dissolved Representative Houses repeatedly, for opposing with manly firmness his invasions on the rights of the people."

"He has obstructed the administration of justice, by refusing his assent for laws for establishing judiciary powers."

"He has made judges dependent upon his will alone, for the tenure of their offices, and the amount and payment of their salaries."

"He has refused his assent to laws, the most wholesome and necessary for the public good."

"He has combined with others to subject us to a jurisdiction foreign to our constitution, and unacknowledged by our laws; giving his assent to their acts of pretended legislation: . . . For depriving us, in many cases, of the benefits of trial by jury; For transporting us beyond seas to be tried for pretended offences; . . . For taking away our charters, abolishing our most valuable laws, and altering fundamentally the forms of our governments; . . . For suspending our own legislatures, and declaring themselves invested with power to legislate for us in all cases whatsoever."

"Our forefathers who subscribed to the principles of the Declaration of Independence were willing to fight for their beliefs. The Revolutionary War followed, dragging through weary years of suffering and suspense. Each of us takes pride in their eventual triumph over gigantic obstacles. In 1787, when the framers of our Constitution met at Independence Hall in Philadelphia, where the Declaration of Independence had been signed 11 years previously, they set to work to create a system of checks and balances in government which was to perpetuate the fundamental theory men-

Knox Prairie Philosopher Comes To Defense Of President In Refusing To Tell Just What His Golf Score Was

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek discusses golf and farming this week, either of which he is no expert at.

Dear editor:
The other day I heard on the radio, I don't listen to the radio much because you have to listen only when the announcer gets ready to talk, whereas with a newspaper you can wait until you get good and ready to be informed, that some man was demanding that the White House

J. A.

announce what golf score President Eisenhower made the other day, contending it was legitimate news and the public had a right to know.

I don't agree with the man. It's sort of like saying because Eisenhower is a farmer as well as a golfer and a President, he ought to tell how much he makes off his farm, and if it led to that, it could lead to requiring every other farmer to tell what he made, which would be one of the worst invasions of privacy since the newspaper flash bulb was invented.

What a farmer makes off his land is strictly private information, in fact, I'm not sure even his wife ought to know in most cases, for two reasons. If he lost money, it's just another excuse for her to point out he ought to work harder, and if he made money, it's just another excuse

By John C. White, Commissioner

REVISION OF TEXAS SEED LAWS

Prospects are somewhat brighter now towards curtailing any further spread of two of Texas' primary crop-destroying noxious weeds.

The Texas Legislature in its recent session passed a measure making it unlawful to offer for sale any seed containing traces of nut grass or field bindweed.

Although nutgrass has been present in East Texas fields for many years, its spread across the state has been alarming in the past 20 years. Field bindweed, virtually unknown in Texas 20 years ago, has crept into the state through interstate seed sales from Oklahoma and New Mexico. It has already rendered thousands of acres of once productive land practically useless.

The new seed provisions, amending the Texas Seed Act, also cut down the permissive presence of many other weeds in commercial seeds. These noxious weeds are divided into two groups: "primary" and "secondary". With exception of nutgrass and field bindweed which are totally prohibited, "primary" weeds in excess of 100 weed seed per pound are barred from sale. "Secondary" noxious weeds in excess of 200 weed seed per

pound are prohibited from sale.

This means that presence in commercial seed of more than 100 seeds-per-pound of dodder, curled dock, blueweed, Canada thistle, or Johnson grass—all primary weeds—makes such seed unsalable. However, crops containing Johnson grass in excessive quantities may be sold when labeled "Pasture Mixture."

Secondary noxious weeds, or weeds that can be controlled by good cultural practice in spite of their objectionability, include such familiar species as Russian thistle, Bermuda grass, wild oats, wild onion and garlic, wild carrot, wild mustard, goat grass, puncture vine (goat head), cocklebur, and wild radish. Their prohibition in excess of 200 weed seed per pound of commercial crop seed does not of course, entail prohibition of cultivation of any one for domestic purposes, such as the use of Bermuda grass as a lawn covering.

These new seed law provisions, now in effect, also provide that seed offered for sale must be tested every nine months, instead of once a year as required by previous statutes. This further tightening of Texas seed laws is aimed primarily at making Texas seed restrictions conform to those of surrounding states and to keep our crops free from unnecessary pollution.

to holler some more about the need for replacing the kitchen sink, or the stove, or the television set, or the back steps, the roof, the car, the window shades, the washing machine, or any other thousand and one things women are always wanting replaced.

What me and Mr. Eisenhower made on our farms last year is restricted information, in the same category with how many atom bombs the country has stored away, and you start breaking down this principle, like edging in on what his golfing score was, and another notch will be whittled on the gun handle of bureaucratic interference. Wonder what his score was?
Yours faithfully,
J. A.

Mr. and Mrs. Lloyd Bowden and James Alan were here Sunday night and Monday for a visit with Lloyd's mother, Mrs. J. B. Bowden, and other relatives. Ronald Bowden returned home with them after several days visit here with his grandmother. Their home is in McCamey.

DISNEY PAYS TRIBUTE TO LEGENDARY HERO IN "DAVY CROCKETT"

Walt Disney salutes a fabulous fighting man with "Davy Crockett, King of the Wild Frontier," his full length, wide-screen drama starring Fess Parker and Buddy Ebsen, with color by Technicolor.

"Davy was daring and contributed to America's growth," says Disney. "He proved that there are thrills and excitement in serving constructive causes."

Disney asserts that the American character is reflected in Crockett's career.

"Davy rose from humble origins to a position of national importance," Disney says. "He lived by his motto, 'Be sure you're right, then go ahead!'"

Depicting the adventurous life story of the Tennessee Indian scout who became a congressman and Alamo hero, "Davy Crockett, King of the Wild Frontier" is released by Buena Vista. Norman Foster directed the production which is adapted from the original "Disneyland" TV shows.

This feature will be shown at the Roxy Theatre next Sunday and Monday.

Steers fed 10 milligrams daily of diethylstilbestrol, the female hormone now incorporated into many steers fattening rations, made the most profitable gains in recent tests at the Spur Agricultural Experiment Station.

At present 197 counties in Texas do not have full time health protection. Dr. Holle has as one of his goals complete health protection in every county of the state. Some counties now have a large enough population to provide this service but for counties having sparse population, two or more could pool their resources and have the advantage of up to date public health methods.

Dr. Holle points out that giving full time health service to the entire state will require a substantial increase in the expenditure of funds for public health purposes. In his opinion this is the best investment any community can make. Although great strides have been made in maternal and infant health and in disease prevention, Texans cannot be content with less than complete eradication of preventable

News From The U. S. Congress

Congressman Frank Ikard

The Joint Committee on the Reduction of Nonessential Federal Expenditures, headed by Senator Byrd of Virginia, has just reported that the executive agencies of the Federal Government had regular civilian employees in the month of May totalling 2,366,854. This is a net increase of 5,685 as compared with employment reported in the month of April. It was also the fourth increase in succession and the longest sustained increase since July 1952. The departments reporting the largest increase were the Department of Agriculture with an increase of 3,401, the Department of Interior with an increase of 1,159, and the Department of Commerce with an increase of 379. Those departments reporting a decrease were the Department of the Treasury with a decrease of 1,254, the Post Office Department with a decrease of 759, and the TVA with a decrease of 368. In the Defense Department the increases were reported to be approximately 3,500. These figures show that, notwithstanding reports to the contrary, the Federal payroll continues to increase and that no real substantial reduction in force has been made.

It has long been recognized that on account of pressure on bills up for certain federal projects that it is many times hard to keep the appropriations of the Federal Government, which represents the money to be spent, in line with revenue. There is no question but what this is an acute problem in the management of our government. Recently it has been suggested that a super committee should be set up in the Congress which would, in effect, defer action on all appropriation bills that had been passed until after there had been a determination of what the income of the government would be, and then this committee would presumably cut the appropriations to fit the revenue. This proposal, it seems, has practically no merit for instead of getting at the real problem it would create a committee which probably would usurp all of the constitutional authority of both the Chief Executive and the Congress. It unquestionably would be a perfect setup for some sort of real dictatorship in this country. It seems to me that a lot more realistic approach would be to make the Bureau of the Budget responsible to the Congress rather than to the President and then there could be some real coordination between the income and outgo of Federal funds. As it exists now the Bureau of the Bud-

The FAIR Store Munday, Texas

R. C. Spinks

(Continued from Page One)

of Seymour; Mr. and Mrs. Joe Favor and children of Jayton; Mr. and Mrs. Lee W. Feemster of Abilene; Don Roberson of Fort Worth; Mrs. Fred Swain of Wichita Falls.

Friends attended from Seymour, Abilene, Winters, Munday, Benjamin, Knox City, Aspermont, Sweetwater, Fort Worth, San Antonio, Wichita Falls, Ballinger, Olney, Azle, Gilliland, Red Springs and surrounding towns.

At the time of his death Mr. Spinks had lived in Knox County longer than any other citizen of the county. He was born at Meridian, Miss., on Dec. 18, 1876. He came with his parents, Mr. and Mrs. J. A. Spinks, to Texas, and to Baylor County, in 1879, settling on a farm five miles west of Seymour. Shortly afterwards the family moved to the Cottonwood community of Knox County, on a place now belonging to Mrs. Mattie E. Taylor, and lived there until the death of his parents. While living in that community, Rawleigh was united in marriage to Miss Hope King of

Cottonwood, on June 21, 1903. Spinks farmed for three years, then bought a drug store in Vera where he operated the store and was postmaster there for 33 years. He retired at the age of 70 and moved to Goree where he became pharmacist for Rogers Drug Co. He was working for the firm when he was stricken.

Spinks served two terms as mayor of Goree, taught school for five years in Knox County, served as postmaster and was a deacon in the Baptist Church for 37 years. Spinks was very active in civic and church affairs throughout his long residence in Knox County.

Survivors in clude his wife; three daughters, Mrs. Lee Feemster of Vera, Mrs. Dale Rogers of Abilene and Mrs. C. E. Roberson of Cardwell, Mo.; one son, R. C. Spinks, Jr., who is with the Air Force at San Antonio; one brother, M. J. Spinks of Dallas; six grandchildren and three great-grandchildren.

For 52 years Mr. Spinks had been a member of the Masonic Lodge, with his membership at Seymour. Two years ago, he received his 50-year pin. Also, in 1953, Mr. and Mrs. Spinks celebrated their golden wedding anniversary.

Such are the salient facts in the long and useful life which has come to its end. Any adequate description of that life would occupy a volume and could not be given in this space. But the subject could be well covered by saying that whatever favorable commendation could be thought of, it would be application to Rawleigh Clark Spinks. Just think of the service to his family, to humanity and his God, performed day by day in all manner of faithfulness, and you could have some idea of the contribution Mr. Spinks has made to the world during his stay here. But, as Mr. Collier said, we know that this life was complete in God's sight, and family and friends must abide by the limitations of that life. Certainly, the end came as he would have had it, without long illness. Freely, the greatest tribute is paid to his memory by this paper, which for half a century or more has been a welcome visitor each week in the home of Mr. Spinks. The Lord must have loved a man like that, and his entry in the life beyond will have been welcomed by multitudes of acclaim.

Alfred Guinn of Wichita Falls, spent the holidays with his mother, Mrs. L. C. Guinn.

Radio Speaker

Dr. Paul Hardin, Jr., pastor, First Methodist Church, Birmingham, Alabama will speak on the Methodist Series, The Protestant Hour, Sunday, July 10th.

His subject will be "A Spiritual Radiogram." Music on this free-time religious radio broadcast will feature old familiar Gospel songs and hymns.

The Protestant Hour is now being presented each Sunday on 292 radio stations, and may be heard over WFAA, Dallas at 9:30 p. m.

Baptist Youth To Attend Camp At Lueders July 11-14

Baptist Intermediate G. A. YWA camp for older girls will be held at Lueders Baptist Encampment grounds July 11 and continuing until after lunch July 14. Camp fee is \$6 and registration begins at 2 p. m.

Camp pastor will be Jackie Taylor of HSU and Southwestern Seminary. Mrs. Milford Howell, missionary to Japan will be camp missionary. Other personalities include Miss Amelia Morton, State Young People's Secretary, Sam Choy, of University Church, Abilene, who will lead Vespers, and Kenneth Hill, Abilene, and Miss Carlene Holder of Cisco, musicians. Recreation will be directed by Kenneth Hill, assisted by Meiba Ray Hareison of Cisco. Mission study teachers are: Mrs. Tex Culp, Cisco; Mrs. C. A. Baker, Breckenridge; Mrs. Paul Turner, Sweetwater; Mrs. Cozby, Abilene, and Mrs. James

Alexander, Abilene. Mrs. E. Hob Smith of Rochester, Young People's Director of District Seventeen, said, "Fun, recreation, music, conferences on personal loveliness, films, and worship will fill our days at the camp."

Mr. and Mrs. E. Beecher, Mrs. Felton Raynes, Larry, Shelly, Mrs. Leslie Holloway, Mr. and Mrs. Kenneth Owens, Carla, Mr. and Mrs. Virgil Yost, Phyllis, Mr. and Mrs. Wylie Johnson, all of Munday; Mr. and Mrs. Pete Beecher, Nell, Gail, Mr. and Mrs. Tommy Greenwood, Christy, all of Goree, and Mrs. Mattie McKeehan, Billy Brown of Houston attended the Garrison Family reunion at the Mackenzie State Park in Lubbock on Sunday.

Mr. and Mrs. O. B. Shirley and son of Cisco visited in the home of Mr. and Mrs. L. W. Hobert last Tuesday.

Don Yandell visited with his friends in Grandfield, Okla., last week.
