## Kracker Krumb's Odd Bits Salvaged at Random

Aren't you glad the Republican convention is over?  
We've heard some remark they certainly are glad it's over—now they can get something else on the radio.

Nearly everyone listened to the convention, Republicans and Democrats alike. If you had the radio on while the sessions were going on you listened to it.

Some Democrats listened with interest. Stayed as near the radio as possible. Others listened because there was nothing else on the radio.

It ended Friday, with General Eisenhower getting the presidential nomination on the first ballot, which, in the latter stages of balloting became a landslide for the "I Like Ike" people.

Then, in fast order, Senator Richard M. Nixon of California was named as Ike's running mate—the vice presidential candidate.

So the Republican bandwagon is loaded, and they're out to break the 20-year rule of the Democrats in November. Only the election ballots at that time will tell the story.

But we're reminded of a humorous story that maybe came out of the Republican convention, and it's been going the rounds here.

It seems that a Republican and a Democrat were conversing just after the convention.

"Now that we've nominated Ike as our candidate, who are you Democrats going to nominate in your convention?" the Republican asked.

The Democrat didn't say a word, just looked at the other fellow and smiled. "Oh, H—no," the Republican exclaimed, "not him again!"

On the "Stop The Music" program a few nights ago, a telephone call was made to Chicago, at which time the emcee inquired: "Is there still someone up there?"

But the Windy City will be full next week when the Democrats gather and open their convention. We imagine the radio networks will be filled, too, and we'll have several more days of nothing but convention.

Those within the reaches of TV have the edge on us country folks. They can see, as well as hear, the convention doings.

We don't have the slightest idea who will be nominated on that Demo ticket. We doubt if the Democrats do at this particular time.

Inside political circles have it, we hear, that the convention will wind up by nominating our own Congressman Sam Rayburn of Texas.

That would be really something—a native Texas Democrat and a Texas-born Republican fighting it out for the highest spot in the nation which the voters can award.

That would make politics particularly interesting in Texas.

We don't have the slightest idea, either, which party will be in power after next January.

We remember sticking our neck out four years ago. Right after the Republican convention, it appeared that the entire world had gone Republican. We predicted the G. O. P. bandwagon would roll right on into Washington in November.

After the general election, we received a telephone call from an ardent Democrat—a lady who lives south of town—who reminded us of our prediction and how poor we were in political predictions.

So we're making none this year. Saturday, July 26, is our  
(Continued on last Page)

## For The Sake Of Other Children; A True Story With Happy Ending

A Britisher recently remarked that the American parent is trying to mature his children at too early an age—and do you know something? He may be right!

One instance of this kind occurred recently in the Gilliland community. A young lad of fourteen, and small, was plowing with a WD-9, pulling a huge one-way plow. In the field, when he stepped on the clutch, the plow pulled so heavily that the big tractor slowed to a stop. As he took loost from the plow and drove to the house, he changed to road gear. Arriving where he intended parking the tractor, he again stepped on the clutch, supposing, as before, that it would slow and stop. This time there was no plow behind to check the speed, also the momentum was taking him along pretty fast. Sitting in a man's seat, but still a child, he became panicky and shouted:

"I can't stop it!" At the same time he released the clutch returning the big machine back to road-gear at twenty miles an hour, or more.

Around the carshed they raced, striking and cracking a power line pole, the boy bouncing high into the air as they ran over rough humps of ground and on out of sight of the grownups who were running after him.

Dreading the seeming inevitable sight that would greet them, they hurried as fast as their feet could carry them into the north field, after the run-aways.

Narrowly missing a car, another tractor, and after snapping a big fence post and three wires as though they were paper, this boy miraculously held to that steering wheel, guiding the machine into the field of wheat. The Lord intervened at this moment, and the boy remembered as he circled out into the field that he could cut down on the gas, which he did.

But it was a white-faced, trembling child who stepped down on safe ground again from that frightening and near-fatal experience.

A true story with a happy ending. Some end otherwise.  
—MRS. S. STONE,  
Gilliland, Texas

## Funeral Services For Refugio Munoz Held On Tuesday

Funeral services for Mrs. Refugio Munoz were held at the graveside at Johnson Memorial Cemetery at 10 a. m. Tuesday, July 15. Father Joseph Vann of Knox City officiated.

Mrs. Munoz passed away at the Knox County Hospital on Sunday, July 13. She had been in ill health for about a year. Born in Mexico on July 4, 1887, she was 65 years and nine days of age.

Burial was in the Johnson Memorial Cemetery with the Mahan Funeral Home in charge of arrangements.

Surviving her are her husband, S. M. Munoz of Munday; two sons, Ruddy Munoz of Munday and Ynez Munoz of San Antonio.

## Amarillo Firm Makes Low Bid On Knox Road Project

A Knox County road project was among the state projects totalling \$3,733,757 in 28 counties which the Texas Highway Department opened this week at Austin.

These were a part of a two-day bid opening by the department on projects involving 306 miles of highway improvements.

The Knox County project was for Farm Road 143, 1.8 miles grading, structures, base and surfacing for bridge over Salt Fork of the Brazos river, 4.5 miles west of Knox City.

Low bid on this project was for \$127,952, made by Cooper and Woodruff of Amarillo.

## ON WAKE ISLAND

Mr. and Mrs. J. Baker have received word that their son, A/2c Boyd L. Baker, who was stationed at Hickam A. F. B. in Hawaii, is now stationed on Wake Island.

## County Council Names Delegates To Convention

The Knox County Council heard two interesting reports when they met in the Court House July 3, in regular session. Mrs. J. C. Patterson gave a report on the District meeting held in Haskell in the spring. Miss Shirley Patterson gave her report on the 4-H trip to College Station which all enjoyed.

Mrs. Oma Cure reported that the mobile X-ray unit will be in Munday August 2 and in Knox City August 5, which was all the information she had at this time.

After the regular meeting Mrs. J. R. Brown, county T.H.D.A. chairman, called the house to order for the T.H.D.A. election Mrs. Oscar Solomon was elected to serve as T.H.D.A. chairman for the coming year. Mrs. Gil Wyatt, Mrs. Earl Sams and Mrs. Oscar Solomon were elected as delegates to the T.H.D.A. Convention being held in Kingsville, August 26-28. Mrs. A. L. Cook and Mrs. Ralph Weeks were elected as Alternates.

## Casing Set In Hawkins Well; May Bring Pay

Deep Rock Oil Corporation was waiting on cement last Thursday after setting seven-inch casing at 5853 feet in the No. 1 J. C. Hawkins, Knox County wildcat, 4 1/2 miles east of Knox City and about 7 miles west of Munday. Total depth of the exploratory venture is 6095 feet.

Pipe was set in the wildcat after two promising drillstem tests were conducted. One test was made at 5779-89 feet. With tool open two hours, recovery was 5130 feet of free oil, 100 feet of oil-cut mud and 20 feet of salt water. Gas surfaced in 17 minutes and a 20-minute bottom-hole pressure of 2430 pounds was registered. Flowing pressure was 255-1350 pounds.

A previous drillstem test was taken from 5772-79 feet. Gas surfaced in 40 minutes and recovery was 940 feet of oil and 10 feet of oil-cut mud. Shut-in pressure in 20 minutes was 2490 pounds and a 285-pound flowing pressure was reported.

Plans were going forward to acidize the first of this week.

## Revival Will Begin Friday At Goree Church

A revival meeting will begin Friday night, July 18, at the First Baptist Church in Goree, it was announced this week by Rev. S. E. Stevenson, pastor. The meeting will continue for ten days.

Rev. M. D. Rexrode of Haskell will do the preaching for the meeting. He is a well known pastor and evangelist of this association, and the public will enjoy hearing him.

Rev. Stevenson said: "The way to revival: Work and Prayer. We are preceding the revival with prayer at the church each evening at 8 o'clock. We extend a cordial invitation to everyone."

## BIRTH ANNOUNCEMENT

Mr. and Mrs. Kelton Tidwell are the proud parents of a baby boy who was born July 9th at 8:00 a. m. and the youth of the David as he was named weighed 8 pounds and 11 ounces. Mother and son are doing fine and are at Mrs. Tidwell's parents, Mr. and Mrs. Brooks Campsey, this week. Mr. and Mrs. Buck Tidwell the Knox County Hospital. Joe

## HERE FROM CALIFORNIA

Homer C. Parker of Riverside, Calif., spent ten days here recently with his parents, Mr. and Mrs. C. R. Parker, while on his vacation. He also visited relatives in Fort Worth and Dallas a few days.

STATE FFA OFFICER CANDIDATES—The 1952-53 Texas FFA Farmer president will be chosen from one of the candidates pictured above at the 24th annual state convention in the Baker Hotel in Dallas, July 16-18. Shown in the back row, left to right, are Benny Hamilton, Naogoches; Clyde Fischer, Victoria; Vannoy Stewart of Austin, consultant in vocational agriculture; Joe Dan Boyd, Winnboro; Joe N. Stephens, Lamesa; and Norman Evans, Graham. In the first row, left to right, are Oran Little, Schulenburg; Donald Stodghill, Rockwall; Garland Carroll, Cleburne; Donnie Stroup, Canyon; and Ralph Bachmayer, Taylor.

## County Politics Picking Up As Primary Election, July 26, Nears

With the Republican party already having their standard bearers selected, and on the eve of the national Democratic convention, which opens next Monday in Chicago, interest in local politics is also picking up as the primary election day nears.

People of Knox County will go to the various polling places on Saturday, July 26, to select their candidates for another term.

Local aspirants have been "taking to the fields" during recent weeks, contacting the voters and talking in behalf of their candidacy for the various offices. Interest in state, district county and precinct politics has been more prevalent during the past few days.

There are only a few places in Knox County which will not be determined in the first primary on July 26.

Charles Moorhouse, county democratic chairman, stated there would likely be only two runoffs in the county when he submitted the ballots to be printed. Quite a few have cast their absentee ballots, M. T. Chamberlain, county clerk, stated. Some of the absentee ballots went to men in service overseas, while others were cast by those planning to be away on vacations at election time.

## County Students Make Honor Rolls

DENTON—The spring honor roll at North Texas State College included the names of two students from Knox County.

Listed on the "B" honor roll were Shirley Ann Yost, daughter of Mr. and Mrs. Clyde Yost of Munday, and Katherine Christian, daughter of Mr. and Mrs. L. M. Christian of Vera.

Miss Yost is a sophomore student majoring in music education at NTSC. She is also a member of the Music Educators' National Conference.

A 1952 spring graduate of NTSC, Miss Christian received the bachelor of arts degree in education. She is also a member of the Future Teachers of America.

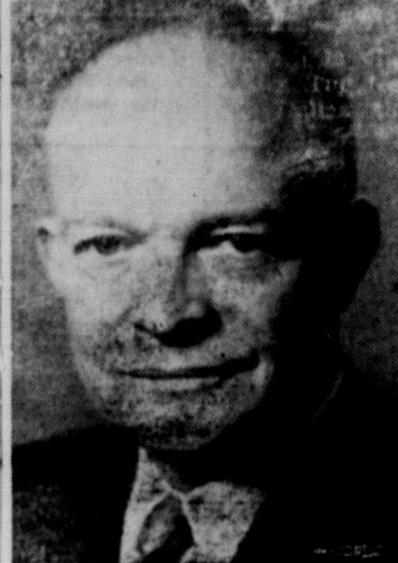

## With Bicycles Out In Front

This is the new home of Mr. and Mrs. Robert Green, completed a little over a year ago. The bicycles are those of the Green's daughters.

## Local Man, Designer Of Engine Analyzer, To Receive Bronze Star

### Standard Bearer

Gen. Dwight D. Eisenhower, above, has resigned as a four-star general in the U. S. Army to become standard bearer for the G. O. P. in the presidential campaign. Eisenhower was nominated Republican candidate on the first ballot at the national convention last week.

His running mate is 39-year-old Senator Richard M. Nixon of California, the hard driving young man who got Ike's personal blessing.

### Youth Activity Night Being Held At Local Church

Beginning Friday evening, July 18, at 7 p. m., the Methodist Youth Fellowship is sponsoring a Youth Activity Night each Friday evening from now until the opening of school.

The evening will be filled with various types of activities. Besides directed recreation, there will be Volley Ball, Ping Pong, Bean Bag Throwing, Darts, and Badminton. The activities will take place on the south church lawn and in the fellowship hall of the church.

Climaxing the activities Friday evening will be a big weiner roast. There will be no admission charge and the youth of the community are invited.

## Additional Rain Adds Moisture To Knox County

More welcomed rain during the past week has added additional moisture to the dry, parched farm lands, which is now beginning to shape up for the 1952 cotton crop.

Prospects for another crop year grow brighter as showers extend further into the dry areas which had not received rain before.

A rain cloud Saturday afternoon dumped around 1.25 inches on Munday and immediate area, while the precipitation grew lighter to the east. The W. R. Moore farm southeast of town had received very little moisture the first of this week.

Most favored areas seemed to be the Vera community, where nearly every cloud brought better than an inch. Ted Russell of Vera reported between four and five inches on his farm.

Benjamin was deluged with a near flood last Monday by a heavy rain cloud which passed over that section, sending water coursing across the highway in places. Munday got only a sprinkle.

Another shower Sunday gave Munday nearly a half inch. Rhineland has reported a little better than three inches since the rains started, and other sections have fared equally as well.

## WELL IS ABANDONED WEST OF KNOX CITY

Chalked up as a failure for Knox County is the Fred Wimberly Drilling Company's No. 1 T. C. Carter, Jr., section 58, block 2 D&W survey, one mile north of Knox City. The well has been abandoned at 4,800 feet.

Mr. and Mrs. Dwaine Russell and son of Vernon visited with relatives and friends over the week end.

403RD TROOP CARRIER WING, JAPAN—An engine analyzer designed and constructed by two airmen of the "Red Devil" squadron, drew words of commendation from Major Gen. Thomas Hardin, Air Force director of technical inspection, during a recent visit to this Combat Cargo base.

The airmen are T/Sgt. James L. Henderson, Munday, Texas, and A/1C Gerald U. Houser, San Diego, Cal., both flight engineers for the Red Devils. They have been recommended for the Bronze Star for their accomplishment.

The engine analyzer, which has stirred considerable interest among tactical units, was a product of necessity. According to Capt. Allen R. Aldrich, 314th Troop Carrier group electronics officer, the unit requested engine analyzers from Air Material Command several months ago, but they were not available at the time. Therefore, the group solicited suggestions from its own personnel relevant to constructing one.

Henderson and Houser conceived the idea of building an analyzer from salvaged equipment. They worked together on the project, and before long the work was completed. Among other things, the engine analyzer checks for normal ignition in spark plugs, indicates a shorted or open magnet primary, identifies fouled spark plugs, shows magneto mis-timing and indicates breaker point bounce and malfunctions. Capt. Aldrich added that the analyzer also determines engine timing and fuel mixture.

Henderson at one time worked as a mechanic for Braniff International Air Lines. Houser was employed by United Air Lines. Henderson came to the Far East in January and Houser arrived the following month.

## New Books Are Added To Library

Mrs. R. D. Atkelson, chairman of the Munday Public Library Committee, has announced that several new books for all ages have been bought for the Public Library.

The children's books are for all ages. The smaller children's books are WHERE HAVE YOU BEEN? and ONE MORNING IN MAINE. The books for children from ten on up are SYBIL LUDINGTON'S RIDE, LOOKING FOR SOMETHING SECRET OF THE ANDES, THIRTY-THREE BUNN ST. WE LIVE IN THE SOUTH PEANUTS FOR BILLY BEN and PEPPER.

Three adult books have been bought for the library also. RO MANTIC LADY, by Alice Walworth Graham, is a novel about a woman's role in the war between the States. EAST SIDE GENERAL, by F. G. Salughter is about a hospital world, as only a doctor can know it and the suspenseful hours in a big city hospital. PAPA'S DELICATE CONDITION is a book about the time that Corinne Griffith's father bought a circus in Waco, and all the adventures while he owned this circus. The Library has also received some personal donations of books recently. Mrs. Oates Golden and Mrs. Cliff Goode, formerly of Munday, donated several books each, all enjoyable and worth while reading material.

## Knox County Man Is Chief Clerk For State Agriculture

A member of a pioneer Knox County family is now serving as chief clerk in the State Department of Agriculture at Austin. He is J. C. Walling, son of the late Wade Walling and Mrs. Walling.

Walling, who is a graduate of Sunset High School, was named chief clerk by John C. White, commissioner of agriculture. Anyone wishing aid on agricultural problems is requested to write Mr. Walling, who said the state office is anxious to render every assistance possible to farmers of this area.

### GRASS ROOTS OPINION

**WAURIKA, OKLA., NEWS-DEMOCRAT:** "We will have taken just about the last step to socialism, when we turn the schools over to the Federal government. The first appropriations might be with few strings, but gradually the powers at Washington would take over, telling the schools what to teach, how much to pay, where to build schools."

**SOMERSET, PA., DAILY AMERICAN:** "The primary issue of the moment is: Shall this democratic Republic be turned over to Phillip Murray to be ruled as Hitler ruled Germany and as Mussolini ruled Italy? The time, Congress has said, has not arrived when all the people have abdicated in favor of some of the people."

**KNOXVILLE, IOWA, EXPRESS:** "Our government experts say that many foreign countries could be made into self-supporting nations. Even in this country nothing appears able to support itself without government help . . . here we are in far away foreign places telling them how to become self-sufficient."

**ITALY, TEXAS, NEWS-HERALD:** "Had Congress refused to go along with presidential requests for more power . . . had Congress held a tight rein on governmental expenditures; had Congress been more careful about approving presidential appointees, this nation would never have slipped as far along the road to socialism as it has."

### VOTE!

For the third consecutive year, a national association of retailers has organized a "Get-Out-the-Vote Committee" to encourage greater use of the ballot at all elections—primary as well as general. Various organizations, including the American Farm Bureau Federation, are working in close cooperation. Leading news papers, the New York Times and the Herald-Tribune among them, have praised the committee's work and objectives. Retail groups of all kinds, including chain store councils, are particularly active.

Here is a campaign which deserves everyone's support. It is entirely non-partisan—the committee isn't interested in whom you vote for, but it is vitally concerned that you exert your right of franchise. It is a shameful commentary on America that, in many elections, substantially less than half those eligible to vote take the trouble to go to the polling places. And when this happens, we have government by a minority.

It is fitting that retailing should take the lead in the get-out-the-vote drive. Most retailers are enthusiastic participants in all manner of activities designed to make America a stronger nation, and a better place to live in. And retailers, in the day-by-day conflict of their business, come into direct contact with tens of millions of our citizens. It is the plain duty of every one of those citizens to make his views known through the ballot. There is no greater privilege—and there is no greater responsibility.

### PROFIT AND THE CONSUMER

A great many people obviously hold to the misconception that business' profits are a cause of high prices. Yet the truth is that over the last decade, net profits have accounted for only 5 cents of every dollar of sales. In 1951, the average was but 4 cents.

Moreover in some very important types of business, profits are even smaller than this. Retailing is one of them. It is an ironical fact that the retailer has been the target of much consumer resentment. On occasion, so-called consumer strikes, complete with picket lines and flaunting banners, have been directed against the hapless retailer. Yet store profits for the first nine months of 1951 amounted to less than 2 cents out of the sales dollar. Food chains have frequently reported profits of only a trifle more than a cent on the sales dollar.

This points up the fact that profits definitely have not been a cause of inflation. In truth many businesses, including retailing, have been victims of inflation just as have the consumers. Prices have gone up, yes, by comparison with pre-war levels—but such inescapable expenses as labor, materials, taxes and so on have often gone up proportionately more. And the dollar the retailer does earn as profit buys him much less than it used to—just like everyone else's dollars.

The profit motive keeps this country going. It makes for abundance and high living standards. It costs us mighty little, when measured by the vast benefits it creates.

### GOVERNORS AGREE

With the political wars raging, it would be a miracle indeed if the governors of the various States were to agree on anything except mother love and the American flag. However, the miracle has happened. All 48 State governors have expressed their agreement on the effectiveness of driver training in combating traffic accidents.

In a booklet, "Your Government Endorses," published by the AAA Safety Department, the State chief executives state their unqualified support for driver training. To quote just one of them, Governor Allan Shivers, of Texas, said: "I believe that the education of automobile drivers is a highly significant part of the public high schools' responsibility for preparing young citizens to live efficiently, safely, and with enjoyment."

However, public support must be had, before driver training can make the headway needed in this era of growing traffic fatalities. In the campaign to bring all schools into the driver training fold, AAA clubs and interested civic clubs should be able to make excellent use of governors' support.

Maryland was settled by the Catholics; Pennsylvania by the Quakers, New York by the Walloons, Georgia by the English debtors, and Virginia by the Cavaliers.

## Let's Talk LIVESTOCK

(By Ted Gouddy)

**FORT WORTH** — A stronger tone prevailed on most classes of livestock as the second week of July marketing got under way in Fort Worth. Cows were strong to 50 cents higher. Bulls advanced 50 to 75 cents per hundred.

Most other kinds of cattle and calves moved at steady to strong prices, some improvements seen on the better kinds of grasser steers and yearlings and a better outlet was noted on the medium to fairly good feeder kinds of steers.

Fat Spring lambs were firm and feeder Spring lambs were largely steady. Slaughter yearlings were steady, but feeder yearlings were fully 50 cents up. Old ewes sold around 50 cents higher.

Good and choice slaughter steers and yearlings cashed at \$26 to \$32, and a few prime yearlings topped at \$33 to \$34. Common, plain and medium slaughter yearlings sold at \$16 to \$24, and some ratty yearlings sold from \$12 to \$16.

Fat cows sold from \$16 to \$20 at the close, a few heiferettes above. Canners and cutters cashed at \$10 to \$16. Bulls sold most-

ly at \$15 to \$24. Good and choice fat calves cashed at \$26 to \$29, with a few best to \$30, and the plain and medium butcher kinds sold at \$16 to \$24. Culls sold around \$13 to \$16.

Good and choice stocker calves cleared at \$25 to \$30, some sales to \$31 and above. Plain and medium stocker calves cashed at \$17 to \$24. Good and choice stocker yearlings bulked at \$24 to \$26, some common and medium kinds from \$15 to \$23. Stocker cows sold around \$14 to \$17. Older stocker steers, two-year-olds and up, cashed at \$25 downward. Medium, good and choice

**WEIGHTS AND MEASURES**

When the Texas housewife goes to the grocery store, she has every right to assume she will get an accurate measure of foodstuffs weighed on the grocery scales. In most cases she does, and her chances of getting the full amount of commodities from scales in good working order are increasing every year.

Protection of the public from inaccurate scale devices is just one of the functions of a branch of the State Department of Agriculture which is little known by the average person—the Weights and Measures Division. This division is not only concerned with grocery store scales—its inspectors also guarantee you a fair measurement from pharmaceutical scales, hopper scales, livestock and motor truck scales and wholesale devices.

Filling station gasoline pumps are under its jurisdiction, as well as milk and cream testing units. And high on the list of important duties is the administration of the Texas Net Container Law which assures the purchaser of full value in all goods sold by weight, measure or numerical count. Hardly any field of commerce is exempt from the scrutiny of this division.

In order to maintain a high level of equality in all commercial weight and measure transactions, the Department of Agriculture is constantly making spot checks and blanket inspections of devices throughout the state. Full time inspectors are stationed at Houston, Enclinal, Austin, Nacogdoches, Brownwood, Wylie and Stephenville. These men are assigned a territory and also participate in inspections in other areas when needed. If a report of suspicious scales reaches the department of fices in Austin, an inspector is dispatched to the scene immediately.

Because the department's scope of activity is necessarily limited by the size of the state and overwhelming number of scale devices, several cities have

their own weights and measures division. These include Austin, Cleburne, Dallas, El Paso, Fort Worth, Houston, San Antonio and Tyler. The city bureaus work in close cooperation with the state and make monthly reports to the department.

The seal of the Texas Department of Agriculture on scales and gasoline pumps is your assurance that these devices were accurate when checked by inspectors. Until recently, these seals were oval shaped and dark green in color. A new rectangular white seal bordered in green is now being used which bears the date of the last inspection. Watch for them! They are your guide to full measure.

**Modern Doors Are Flush**

IN THE "gingerbread" style of the early century, doors with ornate panels were considered "just the thing." Modern living has changed this. Today's homemakers prefer their doors without dust-catching panels; they want smooth surfaces that are kept clean without effort.

Leading builders and architects generally specify flush panel doors. Their unbroken expanses are pleasing in appearance and easy to maintain. Such doors also are reasonable in cost. In line with the trend to paint doors in interesting colors, flush panel doors are particularly suited for such decoration.

Manufacturers, in many instances, are facing their doors with a smooth-surfaced panel known as Masonite Duolux. Their product is being used in various housing projects, among them the new Levittown, Pa., which

is under construction for U. S. Steel Corporation employees at Fairless Works. Here, the 16,000 homes which eventually will house 70,000 persons, all have flush panel doors faced with Masonite Duolux.

J. B. Walling of Austin was here the first of this week, visiting his wife's parents, Mr. and Mrs. Mahlon Boggs, and other relatives and attending to business matters.

## Local Implement Dealer Announces Showing Of New Tractors On July 19

Two new heavy-duty 2- and 3-hp general-purpose tractors—the John Deere Models "50" and "60" will be announced Saturday, July 19, by Harrell Hardware.

At the Announcement Day, which included the first public showing of the Model "60", Mr. E. W. Harrell, manager of Harrell Hardware, stated the new tractors replace the Models "A" and "B" in the John Deere line. Among the major advancements featured on the new tractors, Mr. Harrell listed duplex carburetion, "live" power shaft, "live" high-pressure Power-Trol, quick-change wheel tread, effortless steering, and new, more practical styling. These new features, he added, mean stepped-up tractor performance, easier handling, greater comfort and convenience, and better all-around economy.

### Liveller Power

Duplex Carburetion, according to Mr. Harrell, is a revolutionary development in tractor engines. Through a new type,

double-barrelled carburetor, fuel is metered in identical amounts to each cylinder, providing livelier, more flexible power, smoother performance and faster cold-weather starts, as proved in intensive laboratory and field tests.

A New "Live" Power Shaft is independent of the transmission clutch and provides continuous power for operating power-driven machines. Mr. Harrell pointed out that this feature reduces clogging of power-driven machines to a minimum, eliminates much of the clutching and shifting formerly required, and speeds up all power take-off jobs. He also added that the new tractors with "live" power shaft will pull and operate any power-driven machine within their power range without the need of an auxiliary engine. The new power shaft has an independent clutch which protects the system and cushions shock loads.

A New "Live" High-Pressure Power-Trol, also engine-driven,

operates independently of both the transmission clutch and the power shaft. Mr. Harrell said that when operating equipment requiring constant hydraulic pressure, such as a manure loader, the "live" power feature will save the operator up to 40% of the time and effort formerly required in clutching and shifting gears. He added that the new tractors have a higher speed hydraulic pump which increases the lifting capacities of the hydraulic system as much as 114% over the old models.

### New Quick-Change Wheel Tread

Rear Wheel-Tread adjustments are much easier to make in these new models, according to Mr. Harrell. To adjust the rear tread, the operator jacks up one wheel at a time, loosens

three clamp screws, tightens two jack screws, and turns an adjusting nut to get the tread desired. He continued that when the desired tread is obtained, the jack screws are backed off and the three clamp screws tightened, locking the wheel in position. Both wheel hub and wheel clamp are tapered to assure positive locking.

### Easier Steering, Improved Appearance

New Steering East has been provided through the use of a highly-finished full gear and worm gear which reduce friction. Increased gear ratio, one-joint construction, and a ball-thrust bearing at the base of the pedal also add to easier steering. A new front grille adds to the trim appearance of the new tractors. This grille is of fine mesh material which reduces clogging of the radiator core to a minimum. A longer hood permits use of larger fuel tanks, and the re-grouping of gear shift quadrant, steering shaft support and instrument panel housing improve accessibility, ease of service and appearance.

The air intake is concealed under the hood and the exhaust muffler is offset to give the operator center-line visibility. Both models also are available with a special rear exhaust muffler to provide greater clearance where desired.

### Other Features

The "50" and "60" Tractors offer all of the basic features of John Deere two-cylinder design and can be furnished with either gasoline or all-fuel engines. Models with gasoline engines have a hot and cold manifold adjustment that is designed to improve engine efficiency in varying temperatures.

Mr. Harrell said the new tractors are available with five interchangeable front-end assemblies that increase adaptability to all crop and field conditions. The five front-end assemblies are: single front wheel, dual front wheels, Roll-O-Matic front wheels, 38-inch fixed-tread front end, and adjustable front axle. The Model "60" will be available as a Hi-Crop model with more than 32 inches clearance at every point under both front and rear axles.

Both models have six forward speeds, 12-volt electrical systems, fully adjustable, deep-cushion

seat, individual foot-operated differential brakes, improved cooling system with water pump and thermostatically-controlled radiator shutter, aluminum-alloy main bearings, replaceable connecting rod bearings, larger-diameter rear axles and improved crankcase ventilation system. The new Model "60" will be on display at Harrell Hardware until July 28. Mr. Harrell cordially invites everyone to stop in at his store and see this new tractor.

Mr. and Mrs. T. L. Fore of Tullia and their son, Len Fore of Happy, spent the week end with Mr. and Mrs. W. E. Braly. Mrs. Fore and Mrs. Braly are sisters.

Mr. and Mrs. B. G. Womble and little daughter, Barbara Kay, of Dallas were Sunday guests of Mr. and Mrs. Joe Bailey King.

Miss Sidney Clair Childs of Anson spent several days last week with Miss Natalie Harrell. Miss Harrell returned home with her for a visit in Anson.

Miss Alyce Ann Martin of Seymour is spending several days with her grandparents, Mr. and Mrs. M. H. Reeves.

A. B. Warren attended a business meeting of White Auto store managers and owners in Wichita Falls last Monday.

Mrs. A. C. Womble of Dallas spent the week end with her parents, Mr. and Mrs. A. M. Searey, and other relatives.

Mr. and Mrs. C. N. Smith spent the week end with their daughter, Mrs. Melvin Bridgewater, and family in Fort Worth.

Mrs. G. R. Eiland spent several days this week with relatives in Fort Worth.

Mrs. J. O. Tynes is in Big Spring for an extended visit with Mr. and Mrs. Jot Tynes and children. Mr. and Mrs. Doris Collins and Mr. and Mrs. Darrell Gray are vacationing in Colorado this week.

## See the New IMPROVED Dorskocil Weeder

"It Gets the Grass and Weeds"

Can be easily attached to any type cultivator. Adapted to all row crops. Can be used when plants reach 10 inches or more until crop is laid by. Clips small grass roots in the center of the row, causing grass to die.

A set of these weeders will save from \$2.00 to \$5.00 per acre on farm operating costs.

WEEDERS, complete with attachments ----- \$2.50 per row

PAIR WEEDERS only ----- \$1.50

PAIR ATTACHMENTS only \$1.25

## Knox Prairie Philosopher Says Europeans Are Not The Only Ones Baffled By Our American Politics

Editors' note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek seems a little baffled this week, his letter reveals. Probably the heat.

Dear editor:

I was sittin out here on the Fourth of July taking a holiday, although understand I do not follow the general trend in this mater, if a holiday is goon on special occasions it's good on ordinary occasions and I take one whenever I feel like it, under my policy, for example, no use takin one say just like Lincoln's birthday, take one every time you think of Lincoln, and you stretch this out over all the heroes and special days we got and at the end of year you run up a total of holidays a man's entitled to, as I say, I was sittin out here not doin anything when a ripple of wind turned the page on a newspaper I was lookin at and had been wonderin for some time what was on the next page, and since it was as handy as it

J. A.

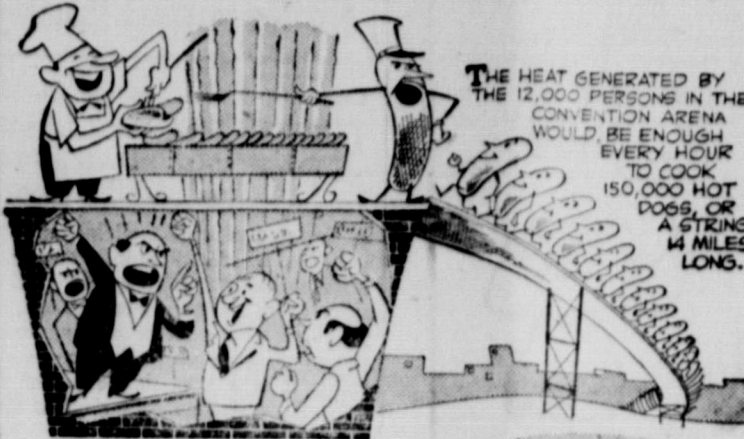

was I went ahead and looked at that page and noticed an article which reported that most Europeans are baffled by political events in the United States.

Accordin to this article, Europeans can't understand the system whereby American primary elections are held to pick up a delegate who goes to a convention and votes as he chooses for a candidate who will have to run all over again in November.

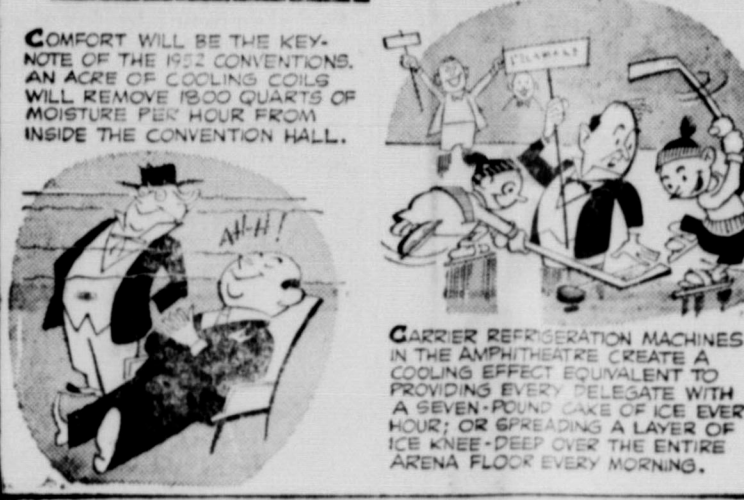

In this connection, I would like to say that a man does not have to go to Europe to be baffled by American politics. I ain't

## CONVENTION NOTES

The 1932 political conventions are the first in history to be air conditioned. While delegates may still get "hot under the collar," they can't blame the heat or the humidity. Here are facts compiled by engineers of Carrier Corporation, which manufactured the air conditioning equipment for the International Amphitheatre in Chicago.

THE HEAT GENERATED BY THE 12,000 PERSONS IN THE CONVENTION ARENA WOULD BE ENOUGH TO COOK 150,000 HOT DOGS, OR A STRING 4 MILES LONG.

COMFORT WILL BE THE KEY-NOTE OF THE 1932 CONVENTIONS. AN ACRE OF COOLING COILS WILL REMOVE 1800 QUARTS OF MOISTURE PER HOUR FROM INSIDE THE CONVENTION HALL.

CARRIER REFRIGERATION MACHINES IN THE AMPHITHEATRE CREATE A COOLING EFFECT EQUIVALENT TO PROVIDING EVERY DELEGATE WITH A SEVEN-POUND CAKE OF ICE EVERY HOUR; OR SPREADING A LAYER OF ICE THREE-DEEP OVER THE ENTIRE ARENA FLOOR EVERY MORNING.

never been out of the country and I have been baffled all my life.

We Americans, when we get a chance to vote, generally to a pretty passable job, maybe we

have made a few mistakes here and there, but the system we got for gettin something to vote for ain't always made too much sense. It puts too much power in the hands of a few people who very seldom come out here and ask me what I want. Maybe they ask you and other important people, but so far I been pretty generally ignored. Of course if they asked me, I ain't sayin I'd have any better ideas than theirs.

However, even if politics is bafflin to the average voter, he ain't by himself. I've seen lots of office holders, even Presidents, who at ally times was baffled themselves. It's a pretty popular state of mind.

Yours faithfully,  
J. A.

See You in Church Sunday

## Requirements of Car Inspections

In order to meet the requirements of the present State Inspection Law, a car must be inspected by an authorized inspection station. Each inspection station has been instructed to make no repairs or adjustments unless authorized by the owner of the vehicle. The owner of an automobile is under no obligation to the inspection station other than paying one dollar for the inspection. If any defects are disclosed, he may take the car anywhere he chooses for repair or he may do the work himself.

Each vehicle is to be checked only on the items listed in the State Inspection Manual. These items are as follows:

1. Motor No.: Obtained off of the block or frame merely to identify the vehicle as having been inspected.
2. Brakes (foot brakes only): Checked for two things only—stopping distance and equalization.
3. Headlights: Both high and low beam must burn and must be aimed properly. Minimum candlepower of 3500.
4. Tail light: One is sufficient—may be on right or left side.
5. Stop Lights: Required on passenger cars from 1918 models on up. 1917 models on down are not required. All trucks and pickups are required to have a stop light.
6. Horn: Audible a distance of 200 feet.
7. Steering gear: Must be in reasonably safe condition. Not over 4 inches of free motion in wheel.
8. Wheel alignment: Toe-in only checked.
9. Windshield: Discoloration, cracks, and breaks that seriously effects driver's vision.
10. Windshield wiper: Wiper on driver's side must be working.
11. Rear view mirrors: Only on commercial vehicles.
12. Muffler and exhaust system: Checked for serious leaks and straight pipes.
13. Signal devices: On wide commercial vehicles only.
14. Clearance lights and reflectors: On wide commercial vehicles only.

Mrs. Clarice Mitchell was in Wichita Falls last Monday.

Mr. and Mrs. W. C. Nance of Quanah visited relatives and friends here over the week end. They also attended the wedding of Mrs. Nance's brother, G. C. Brockett, to Miss Betty Matthews.

Mr. and Mrs. Orman Moore and children of Wichita Falls visited with Mrs. Moore's mother, Mrs. Erin McGraw, over the week end.

Mr. and Mrs. Bob Brown and children are vacationing in East Texas this week.

Mrs. Roy Jones of Wichita Falls visited friends here last Monday.

Mr. and Mrs. W. H. Summer and daughter, Mrs. W. H. Sheedy and Mrs. Mamie Summer, all of Trenton, Texas, visited friends here the first of this week.

Welcome Traveler! Let Humble be your host on Texas highways

## Farm Safety Week To Be Observed During Week Of July 20, July 26

Farm and home accidents are creating such a serious problem that President Truman has issued a special proclamation urging farm residents and all persons interested in farm life to observe National Farm Safety Week, July 20-26. Estimates just released from the National Safety Council show that 14,500 farm people were accidentally killed last year and 1,250,000 others suffered lost time from injuries.

On Monday, of National Safety Week, programs on home safety will be stressed. Home accidents are costing Americans over \$600,000,000 annually, in lost wages, medical expense and insurance overhead. The safe home, for family members and for children to grow up in, is one where the parents are safety conscious and where hazards are corrected.

Accidents in the home may happen because the homemaker is tired. The home management specialists with the Texas Agricultural Extension Service, say its a smart thing to plan devices to save strength and energy. Use the head instead of the feet; don't carry heavy clothes baskets to the line; put the wash in a plastic bag over the shoulder.

or in a basket on a small cart; save lifting heavy loads and save bending by having work surfaces of the right height.

It's a good idea to make Farm Safety Week last all the year according to the National Safety Council. Remember everyone is important, whether man, woman or child and cannot be replaced. Believe in the dignity of safety. It is worth the time it takes to be safe.

### Your Home

By Frances Ainsworth

Did you know that our favorite feathered friends can transmit certain dangerous diseases to us? I was simply amazed to learn from my doctor that parrots, parakeets and even the cheerful little canaries that we enjoy so much as household pets can be the cause of serious illness to yourself and members of your family.

One of these diseases is called "psittacosis" caused by a virus that lives chiefly in parrots. When transmitted to a human, it may be really dangerous, even fatal. It affects all ages and sexes, so I know you'll want to make sure that your youngsters are protected from it.

It's a good idea to keep a close check on your bird pets—watching for loss of appetite, ruffled feathers, sleepiness, occasional shivering or convulsions. These may indicate the disease and should be investigated at once. No one wants to risk an illness for a member of the family, even if the pet is a favorite!

Welcome news to all of us mothers is the fact that one of the newer antibiotic drugs, aureomycin, is proving very effective against psittacosis, as well as more and more other dangerous bacteria. A product of the Lederle Laboratories, the drug is the result of years of study and research and is daily proving helpful in overcoming so many serious illnesses. We can certainly be grateful for such wonder drugs as aureomycin—for they not only lessen our fear of diseases, but give us the confidence that we can keep our children well and strong.

NATIONAL SAFETY COUNCIL

## LOCALS

Mrs. Frank Trammel, Mr. and Mrs. Detroit Trammel and daughter and Mr. and Mrs. R. L. Trammel have returned from a visit in Oklahoma and East Texas. They also spent several days fishing at Lake Takoma.

Mr. and Mrs. Eldon Sisco and children of Port Edwards, Wis., are spending their vacation with Mrs. Sisco's parents, Mr. and Mrs. E. R. Ponder, and other relatives at Ralls and Lozeno.

Mr. and Mrs. C. A. Eason of Lorenzo and Mr. and Mrs. W. P. Eason and son, Mark, of Ralls spent Sunday with the E. R. Ponder family. The Easons are brothers of Mrs. Ponder.

Sara Evelyn Offutt has returned home after a two weeks visit with her grandmother in Lamesa and with other relatives in Seminole.

Mr. and Mrs. O. C. Stockbridge and daughters of Campbell, Calif., visited in the homes of Mr. and Mrs. S. O. Riley and Mr. and Mrs. M. O. Harrison last week.

Miss Murlene Crouch of Los Angeles, Calif., is spending her two weeks vacation with Mr. and Mrs. Elmo Flenniken and Mr. and Mrs. George Killian.

Mr. and Mrs. Welton Parker and children of Fort Worth visited his parents, Mr. and Mrs. C. R. Parker, over the week end.

Miss Irene McClaran is visiting her sister, Mrs. J. C. Greenway, and family in Hamlin this week.

Mr. and Mrs. Roland Crabb and daughter art visiting in Ranoke, Ind., this week.

Mr. and Mrs. Sidney Winchester were in Wichita Falls last Saturday.

Mrs. Douglas Helms of Josephine visited Mr. and Mrs. Ben Yarbrough last Monday.

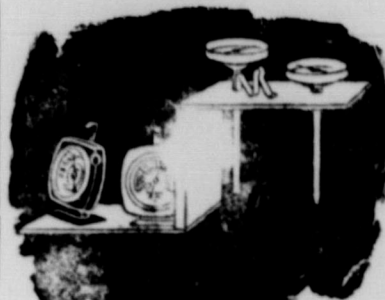

Mrs. Addie Layne visited her sister in Wichita Falls last Tuesday.

### EXIN-UP TIPS For farm and Home

**Cooking Thermometer Shelf**  
THERE is a growing trend in American kitchens to keep many utensils out in the open where they are easy to reach. This is particularly valuable in the case of often-used instruments and those which are apt to be damaged if left to roll around in a drawer with a lot of other tools. For instance, if you have a fine set of cooking thermometers, as so many good cooks do today, it is a very simple matter to construct a small, handy shelf to display them and protect them.

First take a rectangular piece of one-inch board and two rectangular pieces of Masonite Presdwood. This is a par-

cularly versatile material which can be used for innumerable jobs around the home. The dimensions of these pieces are up to you, depending on the available space and the number of cooking thermometers you wish to display.

These two pieces will actually make two shelves. Into the piece to be used for the top, drill two small holes, into which you can insert the stainless steel stems of your roast meat thermometer and your candy-jelly-deep fat frying thermometer. The round, clock-like faces of the thermometers will prevent them from slipping through the holes, and the thermometers will be always within easy reach if you attach your shelf to the wall or cabinet near the range.

Mr. and Mrs. J. L. Stodghill spent several days last week in Houston, attending the bedside of their brother-in-law, Ralph Schultz, who is in a Houston hospital.

Mike Willoughby visited in San Angelo over the week end.

## LET'S ELECT

Congressman  
**Lindley Beckworth**  
of UPSHUR COUNTY  
Gladewater, Texas, Route 2

To the  
**U. S. Senate**

Ten good reasons why Knox County friends of Lindley Beckworth ask you to vote for him:

1. Ten years as member of Congress and 38 years of age.
2. Will not be obligated to anyone financially or cannot be bought.
3. His experience and record make his qualifications far above his opponents.
4. Has voted and supported all legislation to bring about an enduring peace.
5. Favors Texas retaining her tidelands and has so voted as all other Texas Congressmen and Senators.
6. Favors reduction of taxes.
7. Introduced bill for terminal leave for veterans and voted for many other measures to benefit veterans.
8. Favors and supports all legislation for farmers and ranchers.
9. Opposes waste, inefficiency, dishonesty and disloyalty in and out of government.
10. He works for the people he represents.

(Pol. Adv. paid for by friends of Lindley Beckworth.)

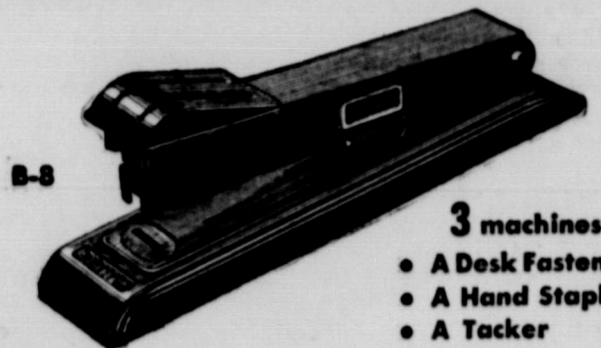

Waffle toast is delicious to serve with creamed chicken, peas, or salmon. To make waffle toast, remove crust from slices of bread; margarine the slices lightly on both sides and toast in a waffle iron.

**DUTCH GET \$10,000,000**  
The Netherlands have been awarded \$10,000,000 in United States Foreign Aid funds to buy American cotton, according to announcement by the Mutual Security Agency.

Last year 2,308,000 hogs were produced in Texas. Consumption within the state of pork and pork products was equal to about twice the production. The difference between supply and demand came from other states.

Pecan producers have only a few days to apply control measures for the pecan nut casebearer. It is now time to make the first application. Once the insect gets inside the nut, nothing can be done.

## For School and College BOSTITCH Personal Stapler

Every Student should have one

- to... ATTACH PAPERS SECURELY;
- FASTEN BOOK COVERINGS;
- BIND THEMES INTO COVERS;
- TACK UP PICTURES AND BANNERS;
- SEAL LUNCH BAGS;
- FOR HUNDREDS OF EVERY-DAY USES.

## BROMLEY GROCERY and MARKET

John Porter visited in Dallas last Sunday. Mrs. Porter and children, who had been visiting here returned home with him.

**Elect**  
**A.R. STOUT**  
OF ELLIS COUNTY  
**ASSOCIATE JUSTICE**  
**SUPREME COURT**

**HOME FROM HOSPITAL**  
Mrs. S. G. Hampton of Goree, who was in a Wichita Falls hospital for medical treatment last week, was brought home last Sunday. She will likely return to her duties at the Goree post office on Friday of this week.

First Lieut. Verne Plass and Mrs. Plass, daughter of Mr. and Mrs. E. R. Ponder, visited in the Ponder home a few days recently. They were on their way to Camp Stoneman, Calif., where Lieut. Plass reported for overseas duty.

Mr. and Mrs. Don Partridge and family of La Feria, are here for a visit with Don's mother, Mrs. Emmett Partridge, and other relatives.

Mrs. Cam Sullivan of Greenville is visiting her brother, Alex Jones, and other relatives and friends here this week.

Pat Jones of Sierra Blaco returned home last Monday after two weeks visit with relatives and friends here.

Mr. and Mrs. Gil Wyatt and Mr. and Mrs. Walter Rodgers are vacationing in the Ozark mountains this week.

Mr. and Mrs. Jeff Mitchell left last Sunday for California to spend several weeks vacationing.

**THAT NIXON GIRL HAS HAPPY PARENTS**

That Nixon girl is here. She arrived at the Baylor hospital in Seymour at 3:45 a. m. on Tuesday morning, July 22. John and Billy Nixon are the parents this little girl has picked for herself, and is that John Nixon a happy

pappy over the choice? Guess you will remember that Billy used to be your Munday Times girl. The Nixons have named their little girl Anita Gayle and she weighed eight pounds. Hope John is around with the cigars by the time you read this news.

**Services At The Area Churches**

**CARD OF THANKS**  
We take this means to thank each one who sent letters, cards or who in any way, word, deed or that helped to make our stay in the hospital as pleasant as possible. May God richly bless each of you when and if, you should be away as we were.  
Thanks.  
Mrs. P. H. Routon. 1tp.

**O.P.S. Offices In Fort Worth To Close August 15**

FORT WORTH—Congressional appropriation for the operation of the Office of Price Stabilization until April 30, 1953, has forced the virtual closing of the Fort Worth District OPS office on August 15.

Ellis H. Boyd, district OPS director, said that reduction in force notices have been given to all Fort Worth employees of the agency and that a staff of from two to four persons would be maintained in Fort Worth to assist businessmen with OPS problems. Boyd said more than 30,000 businesses had filed price regulations at the Fort Worth office.

News of the reduction in personnel in the district office was released by the Regional OPS office in Dallas. The Dallas District Office will be combined with the Regional Office and the total staff remaining there will

be 140 in the combined office as compared with 185 in the Regional Office and 92 in the Dallas District Office.

District Offices with about 35 employees will be kept open in San Antonio, New Orleans, Little Rock, Oklahoma City, with offices in Fort Worth, Lubbock, Houston, Tulsa, and Shreveport being reduced drastically in staff.

Boyd stated that he wished to thank businessmen in the 50-county Fort Worth District for their cooperation in the OPS program, and also newspapers, radio stations, and chambers of commerce for their efforts in informing the business community about the price stabilization program.

Mr. and Mrs. Jeff Bowden and daughter of Wichita Falls were Sunday guests of Mr. and Mrs. J. O. Bowden.

Don Combs visited relatives and friends in Hereford several days last week.

Homer Weaver, who is employed in Amarillo, visited his family over the week end.

**Stars at Conventions**

John Daly will be "pivot personality" for the Admiral Corporation sponsored ABC line-up of commentators, analysts and reporters who will give complete radio and television coverage to the Republican and Democratic national conventions from Chicago, beginning July 7th.

Mr. and Mrs. Charles Porter are vacationing in Illinois this week.

west corner of the lowest floor or in the basement offers greatest safety. Windows on the north and east sides of the house may be opened to help reduce damage.

The publication points out that the big storms are most apt to appear between 3 and 7 p. m., but "don't depend on it!"

How to recognize a tornado by its cloud formations is also explained.

Says Ernest Tutt, Commerce Department director for four states: "Better stop in at your nearest Commerce office and get a free copy of this tornado information before the next big blow."

Mrs. Dee Clough and Mrs. Paul Pruitt are in Wichita Falls with Mr. Clough, who underwent surgery at the General Hospital last Monday.

Mrs. Clar Learey and daughter of Oakland, Calif., arrived Monday for a few days visit with Mr. and Mrs. Walter Sherrod.

Mrs. Walter Sherrod spent last week with her daughter and husband, Rev. and Mrs. O. A. McBrayer in Lubbock.

## Miss Mildred Coffman And Dan Walter Davis Wed In Goree Church Ceremony

The Goree Methodist Church was the scene Saturday evening of the double-ring ceremony which united in marriage Miss Mildred Drue Coffman, daughter of Mr. and Mrs. Orb Coffman, and Dan Walter Davis, son of Mr. and Mrs. Roy B. Davis, of 1901 29th Street, Lubbock.

Miss Coffman graduated with high honors from Hockaday Junior College where she was a member of the Student Council, Club Council, House Council and Tau Gamma Epsilon. While at Hockaday she studied piano with Bernie Rea and took advanced summer work in Minnesota with Frank Manneheimer. She received her degree from Texas Technological College where she pledged Ko Shari social club, and is a former student of SMU where she was a member of Mu Phi Epsilon, honorary music fraternity, and Alpha Delta Pi sorority.

Mr. Davis graduated from from Texas A. & M. College where he was a member of the Student Senate, Phi Eta Sigma, winner of the T. H. Mohley Award, president of the Memorial Student Center, vice-president of the Texas Interscholastic Student Association, winner of the 1951 European Travel Schol

arship and elected to Who's Who.

The ceremony was performed by the Rev. Bourdon Smith. A program of nuptial music was presented by Miss Bernie Rea and Miss Betty Lou Ringo of St. Louis.

Given in marriage by her father, the bride wore a gown of white imported Swiss organdy over net taffeta. The sculptured bodice was joined to a bouffant skirt which was embellished with elaborate applique and fell into full flowing chapel-length train. The veil of French illusion was caught to the headpiece of embroidered organdy appliques. She carried white orchid surrounded with fleur de amour and lilies of the valley.

Miss Joyce Pember of Slaton attended the bride as maid of honor. Bridesmaids were Miss Peggy Coffman and Miss Rose Mary Blackshear of Houston. The attendants wore demitasse-length gowns of imported white organdy and carried arm bouquets of pink roses.

Mr. Tom Roundtree of Houston was best man. Ushers and groomsmen were Bennet Davis, brother of the groom, Jack Coffman, brother of the bride, Dick Cheatham, Kevil Coffman, Don Zelany, and Don Coffman. Gordon Moore lighted the candles.

A terrace reception was held at the home of the bride's parents immediately following the ceremony. The house party included out-of-town guests from Lubbock, Dallas, Wichita Falls, Haskell, Munday, Knox City and Seminole.

Following the reception, the couple left for a wedding trip to Monterrey. The bride chose as her going-away ensemble an imported beige silk suit and matching accessories.

Mr. and Mrs. Raymond Mitchell of Fort Sill, Okla., and Mr. and Mrs. Charles Reese and children of Knox City were visitors in the home of Mr. and Mrs. Wayne Mitchell over the week end.

Mrs. Eugene Groce and children of Kansas City, Kans., are here for a short visit with relatives. Miss Betty Stodghill, who had been visiting them for the past month returned home with them.

Mr. and Mrs. E. L. Morgan and Mrs. Veda Tankersly are visiting relatives in Pittsboro, Miss., this week.

MRS. DAN WALTER DAVIS

## BENJAMIN NEWS

Mrs. Von R. Terry, reporter

Mr. and Mrs. Dave Phillips and family of Birmingham, Ala., spent several days last week in the home of Mrs. Fred Brown.

**Gloria Jean Michels And Ernest F. Descoteaux Marry Here On July 8th**

The beautiful Summertime wedding of Miss Gloria Jean Michels, daughter of Mr. and Mrs. John Michels of Munday and Airman second-class Ernest F. Descoteaux, son of Mr. and Mrs. Ovidia Descoteaux of Nashua, New Hampshire, took place Tuesday, July 8, at 8:00 A. M.

The nuptial high mass and double ring ceremony was performed at Saint Joseph's Catholic Church in Rhineland by Reverend Father Joseph W. Vann of Knox City.

The couple exchanged vows before an altar beautifully decorated with gladioluses.

The bride, given in marriage by her father, wore a gown of bridal satin, lace and nylon net. Her gown was designed with a strapless fitted bodice of satin and a bolero of lace which featured a high neck and buttons down the front tapering to a point in front and back. The full gathered skirt was lace over satin with nylon net over-skirt which came down into four points at the floor.

The bride's fingertip veil of nylon illusion was attached to a crown-shaped tiara covered with seed pearls and rhinestones. She carried a bouquet of white carnations surrounded by stephanotis and love-knot streamers.

The bride carried out the old tradition of "Something Old," which was a small linen handkerchief made by the father's mother forty years ago. "Something New," was the heart-shaped pearl earrings, a gift of the groom. "Something Borrowed," was a white pearl prayer book which her sister Mildred, carried at her wedding. "Something Blue," was the blue on her dainty lace garters.

The bride's sisters, Mildred and Lois Ann, were matron of honor and bridesmaid. They were dressed identical in gowns of blue organdy with a circular skirt, fitted bodice and a low neck, set off by a white organdy collar. They wore white picture hats trimmed with blue organdy and carried bouquets of peach-pink gladioluses.

Lt. Robert A. Vadney, brother-in-law of the bride, was best man. Norman Brown, cousin of the bride, was groomsmen.

A reception for eighty-five

guests was held at the home of the bride's parents at 4:00 P. M.

Mrs. Ernest F. Descoteaux graduated from the Academy of Mary Immaculate and attended nurses training at the Wichita General Hospital and Midwestern University in Wichita Falls. Airman second-class Descoteaux attended school in Nashua, New Hampshire, and enlisted in the Air Force in 1951. At the present he is stationed at Barksdale Air Force Base in Shreveport, Louisiana.

After a honeymoon trip to Colorado the couple will make their home in Shreveport.

**BIRTH ANNOUNCEMENT**

Mr. and Mrs. Joe Boyd of Elida, N. M., are announcing the arrival of a baby boy on July 7th at the hospital in Portales, New Mexico. Joe William, as he was christened, weighed six pounds and thirteen ounces. Mrs. Boyd is the former Clara Bell Byrd. Mother and son are home in Elida with grandmother Byrd to see after him until his mother is able to take on the job.

**Chas. Moorhouse, Mrs. Dave Eiland Marry On July 5th**

Announcement was made this week of the marriage of Mrs. Dave Eiland of Munday and Charles Moorhouse of Benjamin. Rev. J. P. Cole, pastor of the Vera Methodist Church, officiated in the marriage ceremony which was performed at the Vera Methodist parsonage at 8 o'clock Saturday evening, July 5.

Lovingly known here as "Ma Eiland," Mrs. Moorhouse has literally hundreds of personal friends in this area. She is a member of one of Munday's pioneer families and has been active in the business life of the city for many years. Her love of people and her associations with them as business manager in the offices of Dr. D. C. Eiland have made her many friends, and she can possibly call more people by their given names than any other person.

Mr. Moorhouse is also a pioneer resident of Knox County, having been engaged in the real

MRS. ERNEST F. DESCOTEAUX

MRS. CHARLES MOORHOUSE

estate and livestock business in Benjamin and Seymour for many years. Active in the county's politics, Mr. Moorhouse had been Democratic chairman for Knox County for a number of terms.

After spending a few days in Ardmore and other points in Oklahoma, the couple returned to Munday last week to make their home.

Joe Chaucair returned last Saturday from a five weeks vacation in Colorado, Oklahoma, Washington, D. C., and Illinois. While in Chicago, Ill., he attended the Republican convention.

**Moore Family Reunion Held In Seymour Sunday**

Eighty-seven relatives and friends attended the annual reunion of Mr. and Mrs. W. L. Moore and family on Sunday, July 13th, in the home of a daughter, Mrs. Ira Loving in Seymour. All the children, five sons and five daughters, were present. They are Roy, Jack, Johnny and Billy all of Goree and Nealie of Mcamey; Mrs. Jodie Perdue, Mrs. Etta Chamberlain, Mrs. Buel Claburn and Miss Essie Mae Moore, all of Goree and Mrs. Ira Loving of Seymour. Seventeen grandchildren and twelve great grandchildren were present.

Others present were Mr. and Mrs. Joe Henry of Hermeleigh, Mr. and Mrs. M. T. Chamberlain of Munday, Mrs. Nettie Davis of Tahoka, Mrs. H. C. Davis of Marlin, Mr. and Mrs. Pete Chamberlain of Dallas, Mrs. Conner of Tulsa, Okla., Mrs. Lena Evitt of Anton, Mrs. Hix Smith of Lubbock, Mr. and Mrs. Bruce Reagan and family of Littlefield, Martha, Terry and Jimmy Maddox of Oklahoma City, Okla., Mr. and Mrs. Doug Moore and Buddy Barr of Borger and Miss Betty Lawrence of Seymour.

Jerry and Lloyd Klose of Haskell visited their aunt and uncle Mr. and Mrs. Steve Kubena, last week.

Mr. and Mrs. Charles W. Atkinson of Borger visited their parents, Mr. and Mrs. L. L. Atkinson of Goree and other relatives recently, after a trip to Northern Oklahoma and Arkansas.

Kelton Tidwell of Hobbs, N. M., visited his wife and son, Joe David, over the week end.

Sargent Lowe, who is in wheat harvest in Kansas, visited his family over the week end.

**J. C. Patterson Issues Statement**

**TO THE VOTERS OF KNOX COUNTY:**

As the campaign nears a close, I would like to issue a statement in behalf of myself for the office of District Attorney:

I have tried to see as many people in the 50th Judicial District composed of Knox, King, Cottle and Baylor Counties, as was humanly possible. And any person who I have missed, it was not intentional on my part, but time, conditions, and opportunity has to be taken into consideration, and for that reason, many people were away from home, when I called, and too, with all four counties to canvass, it was just humanly impossible to make a house-to-house campaign.

One thing I would like for my friends to remember during the last days of the campaign, as stated to those whom I have had the opportunity to meet in person, I would like for the campaign to be carried on to the end, free of personalities, to the end that neither you nor I will have any regrets about the matter, for after all, officers are just "servants" of the people, and should conduct themselves and their campaigns on a basis of fair play.

During the remainder of the campaign, I would appreciate any friend of mine to speak to his neighbor, asking him or her to look into my claims with an open mind, and seeking their information from folk who know me, and I assure you that I will appreciate that kind of confidence, and should I still fail to see you, I will appreciate your vote on July 26, 1952, for District Attorney of the 50th Judicial District of Texas.

THANK YOU!

**J. C. Patterson**

CANDIDATE FOR DISTRICT ATTORNEY,  
50th JUDICIAL DISTRICT OF TEXAS

Every time the  
**aldrin hits...**

**POP**  
**GOES THE WEEVIL!**

And that's a fact! When weevils eat, touch, or breathe aldrin, they die a fast death. Just a few ounces of aldrin, in a dust or spray mixture, controls an acre of weevils. What's more, aldrin can be easily applied in any standard equipment.

**HOW TO KILL BOLLWORMS**

An excellent control of bollworm is a ready-mixed formulation of aldrin-DDT or dieldrin-DDT. Both mixtures not only kill bollworm, but also boll weevils, flea-hoppers, tarnished and rapid plant bugs, and grasshoppers. When low cost is a primary consideration, use aldrin-DDT mixtures.

Your insecticide dealer has dieldrin-DDT or aldrin-DDT formulations. Order from him today. For further information, write to nearest address below.

### Weekly Health LETTER

Issued by Dr. Geo. W. Cox  
M. D., State Health Officer  
of Texas

**AUTIN**—A dime store paint brush and a few ounces of chloroform are the only tools you need to run off those pesky cockroaches, State Health Officer Geo. W. Cox advises.

But he says keep them off a bigger job.

Roaches are disease carriers from way back, the health officer pointed out. They've been

found naturally infected with polio virus. And that alone, is reason enough to declare war against the filth ridden pests. Here's the way to do it:

First: Get a 2 per cent chloroform spray and a two-bit paint brush from the drug store. Then take all the pots, pans and dishes from the kitchen cabinet and wash them in soapy water.

Now paint the chloroform into all the cracks where shelves join walls, and around the drain and water pipes. That's all—don't paint the whole cabinet. While the spray is drying in the cabinets, paint in the corners of baseboards, behind the stove and the hot water heater where water and gas enter the house. Take off the motor panel of

### Our Younger Generation

Top row, left to right, Lynn, 10 months, son of Mr. and Mrs. Howard Gray, Munday; Ireta, 6 years, daughter of Mr. and Mrs. E. M. Peck, Goree; Ray, 6 years, son of Mr. and Mrs. E. J. Cude, Munday.

Bottom row, Glenn Earl, 2 years, son of Mr. and Mrs. E. H. Melton, Goree; Brenda, 5 months, daughter of Mr. and Mrs. Troy Stone, route two, Munday; Cynthia, 3 months, daughter of Mr. and Mrs. Joe Combs, Munday.

the refrigerator, and treat the floor and corners of the motor-compartment. Paint the walls behind the refrigerator, because roaches will hide any place they can find protection. Be sure to paint around bathroom pipes, too.

In older houses it's possible that roaches will be hiding in cracks between the wall boards and door and window frames. So don't pass up a crack because it looks too small to harbor roaches. The young insects are mighty small.

After the spray in the cabinets has dried thoroughly, cover the shelves where dishes and food are stored with paper.

You can get a caulking compound for just a few cents, which makes filling cracks permanently an inexpensive process. But run some of the spray into cracks before sealing them up. This will kill ants, too.

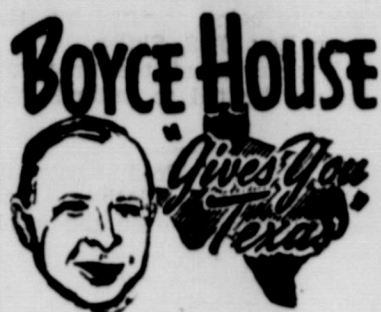

All this will help you get rid of roaches, Dr. Cox emphasizes. But if you leave food exposed, they'll soon be back at the same old stand.

Mr. and Mrs. Curtis Wayne Gollehon and son, Tommy, left for Amarillo last Sunday to make their home. Curtis recently finished school for Highway Patrolmen and will be employed in Amarillo in that capacity.

Mrs. Doris Dickerson visited relatives in Pampa last Thursday. Her sister, Mrs. Wayne Couch, returned home with her for an extended visit.

Mrs. Lloyd Dutton and Mrs. Ruby Dell Bates returned to their home on Port Huron, Mich., last Friday after a week's visit here.

Mr. and Mrs. Don Wardlaw and George Reynolds spent last Thursday and Friday in Sherman attending to business matters.

I guess every home town editor—or for that matter anybody who gets around much over the State—has had pretty much the kind of experience as Editor H. B. Fox, formerly of the Madisonville Meteor, describes:

We know exactly how it is, remembering names, only with us, it's worse.

Many's the time a subscriber has come into this office to renew his paper and we couldn't call his name although he knew us and we should have known him.

"Want to renew my subscription again," the subscriber will say. "Ain't worth a dollar and a half but my wife likes to read it."

"Fine," we say, getting our receipt book out and feeling good. "Let's see now," racking our brain trying to think of his name. "What are your initials?" "J. M.," he'll say, clipping it off short and not adding anything more.

Some folks, you know, will complete the sequence and mention their last name, too.

"Un, huh," we'll say. "Let's see, you live on Route 1?"

"Nope, live where I always have, on Route 2."

"Let's see, you want to give a check?" we ask. We can read his signature in that case and come out all right.

"Nope, pay cash," he'll say.

By this time, we're out of devices and sweating good, and finally have to admit in the lamest sort of way, "We're sorry but we

### LEAVE ON VACATION

Mr. and Mrs. J. E. Reeves, Mrs. Lillian Little of Fort Worth and Mr. and Mrs. W. C. Cox left Tuesday morning for Ruidoso and Red River, New Mexico, for a vacation of several days.

Miss Lewana Goolsby, who is a student in Hardin-Simmons University, visited her parents, Mr. and Mrs. E. L. Goolsby, over the week end.

Kay Waheed, Joe and Abraham Choucair and George Salem visited in Sweetwater last Sunday.

Mr. and Mrs. E. B. Littlefield spent several days last week in Dallas.

just can't remember your name." He tells us, sort of disgusted-like, and we say, "Oh, sure, of course," and write him a receipt.

# QUESTIONS and ANSWERS

About the

## BIGGEST BUSINESS IN THE WORLD

Question: What is the biggest single business in the world?

Answer: The production of oil and gas—and Texas is the biggest single (or separate) division of the world's biggest business.

Question: Just how big is this Texas share—and how well is it run?

Answer: Texas had more than 136,000 oil wells in operation last year, and more than 85,000 gas wells. Our state produced ONE BILLION barrels of oil—and SIX TRILLION cubic feet of gas. Far beyond any ordinary standard of comparison, this immense industry ran efficiently and honestly, in the service of the state and its population.

Question: Do we have a department of our Texas government devoted to supervising this gigantic business, and is this department's work important?

Answer: The Railroad Commission of Texas oversees and regulates—strictly in accordance with Texas laws—ALL oil and gas production of the state. And it is the most important SINGLE governmental body in the world—dealing with the world's largest single division of the world's largest business. This bars none, international, national and statewide.

Question: Are the members of our Railroad Commission in Texas capable men, and does their work earn recognition elsewhere?

Answer: The Railroad Commission of Texas has a world-wide reputation for personal honesty, integrity in office, and ability to do its job. It governs well the best-run and largest business in the world, as to Texas, and throughout the world governments and men know it, and hundreds of officials come to Texas each year to study our Commission's methods.

Question: Does this Railroad Commission of Texas have any other duties, and time for them?

Answer: Yes, it supervises and regulates the operations of some 23,611 motor trucks and buses, which serve Texas as public freight and passenger carriers. And it regulates the distribution of natural gas and butane to nearly two million Texas homes and farms.

Question: What about the Railroad Commission's record in handling its own financial and departmental affairs?

Answer: It has one of the finest records of any Commission anywhere, in all American history. In the past ten years, our Railroad Commission has RETURNED to our state treasury EIGHT MILLION DOLLARS it had SAVED by careful management of its own affairs.

Question: Do Texas voters elect members of the Railroad Commission of Texas, and is any railroad commissioner running for re-election this year?

Answer: Yes, all members of our Railroad Commission are elected by popular ballot, and the present chairman of the Commission, Olin Culberson, is asking the voters of Texas for re-election. With admirable dignity, and with utmost courtesy to all, he asks re-election SOLELY on his record, and on the work the Railroad Commission has done.

To Those of Us Actively Supporting  
Commissioner Culberson for Re-election  
There Can Be No Question About  
This---

**The Hat Shop**

Homemakers, by taking advantage of the present broiler and fryer situation, can cut the family grocery bill by buying extra birds and storing in the freezer locker box or in the home freezer for later use.

Mrs. L. J. Hill and daughter, Shirley, visited with relatives in Spur several days last week.

Mr. and Mrs. A. E. Richmond and son were business visitors in Stephenville last Wednesday.

### URGES FARMERS TO START BABY CHICKS NOW FOR FALL EGGS

Despite the recent decline in egg prices, it is still good business for farmers to start baby chicks this spring, E. B. Powell, director of research for Purina, stated this week. "This drop in prices may cause some farmers to give up on baby chicks this year," Powell stated, "and we may wind up with an egg shortage next winter."

Powell pointed out the population growth since the last "baby chick season" will swell the normal demand upwards of a billion eggs next fall. The present market seems to be having the tendency to decrease production too much.

"The logical result of a heavy decline in replacement chicks," he continued, "will be fewer eggs next fall when the chicks put down now will be laying best."

He reminded farmers of a similar market condition a couple of years ago, when the egg market broke sharply in the spring, but bounced back to new peaks the following fall.

"Good weather, better breeding and better feeding have combined to make a temporary egg supply larger than usual," he explained. "Obviously, this has forced the egg prices down. But the situation offers an unusual opportunity for egg profits next fall, according to most market experts. And here is their reason—some poultry keepers will not raise chicks this spring. So there should be fewer pullets and fewer eggs next fall and winter. In the past, this has made extra high egg prices during that time of the year."

"Don't be misled into cutting down on chicks this spring," he cautioned. "Let the other fellows quit."

Some poultry flock owners were warned into getting out of the egg business in 1950 when egg prices dropped to 30¢ that spring. Yet in the fall and winter of '50, prices hit 97¢ per dozen, Powell stated.

"The farmer who has chickens in production next fall should have some mighty good property," he concluded, "and he stands a good chance to show a satisfactory poultry profit."

Mr. and Mrs. Chalmer Hobert and Tony were in Wichita Falls last Monday.

Recent visitors in the Lonnie Offutt home were an aunt, Mrs. Annie Wheatley of Pittsburg, Calif., and Mr. and Mrs. Herman Wheatley and family of Brownfield.

### Colored Boys To Play Haskell At Wallace Field

A "big ball game" will be played here Sunday at 3:30 o'clock when the Munday Hard Hitters play the Haskell Red Socks at Wallace Field, just west of Munday.

The colored boys will run in their "best" for this game, and an interesting one it promises to be. Admission will be 40 and 20 cents.

### Vacation Bible School Slated At Brushy Church

The Brushy Church vacation Bible school will begin on Monday, July 21, and continue through Friday. Classes will be held from nine o'clock until 11:30 each morning for all children from two to sixteen years of age.

Instructors are Misses Wilma Wilkerson of Tyler and Joan Dyson of Henderson, who are working with the State Board of the Texas Baptist Association. They are being assisted by the pastor, Rev. J. S. Skiles.

All children of the area are cordially invited to attend the school.

Mr. and Mrs. Fred Warren of Lubbock visited relatives here and at Seymour over the week end.

### Kracker Krumbs—

(Continued from Page One)

primary election day. Time to get your mind off national politics and begin deciding who you're going to vote for in our precinct, county, district and state races.

We will predict a good vote on July 28.

**STATED MEETING OF KNON LODGE NO. 851, A.F.A.M.**

first Monday night in each month at 7:30 o'clock. Visitors welcome.

# July 19 ...the New

## JOHN DEERE 60

...with Duplex Carburetion

...Live Power Shaft

...Live High-Pressure Powr-Trol

...Quick-Change Wheel Tread

...Effortless Steering, and Many other new features and major improvements

We're proud to announce the all-new John Deere "60" and "50" tractors—successors to the famous Models "A" and "B." We will have a "60" on display Saturday, July 19th. Come in and inspect it. The harder you are to please, the more impressed you're going to be and the sooner you'll want to get your hands on the wheel and put one of these tractors through its paces in the field. That's when you'll know they're truly great new tractors.
