

Kracker Krumbs

Odd Bits Salvaged at Random

It won't be long until football season starts.

The first game for the Moguls is just two weeks off. We open the season here at home by playing Iowa Park.

Folks are expected to be out in the stands at that time to see just what Coach Vernon Leverett has for the 1952 Mogul edition.

And this is a reminder for those who had reserved seats in the north bleachers during the past two years to get their names on the dotted line this season.

The seats are going fast. Many have kept their old positions, while others have expressed a desire for a change in location.

If you want your same old seat—or if you want a new one—see Hattie Ann Borden at the C. D. A. office pretty quick.

Don't know that they've set a deadline for securing seats, but we're pretty sure September 12—the night of the first game—will be just a shade late.

We have a new opponent in 11-man football this year.

Knox City, which in the past few years has been running roughshod over opponents in the 6-man field, is entering the 11-man field this year.

And you may expect them to make a good showing in their first year of engagements. The night of October 10, when they play the Moguls, will likely be a "sell out" for the local field.

Did you vote Saturday? There's a lot of people who didn't!

C. L. Mayes, chairman of the north Munday box, reported a total of 38 Munday people exercised their right to vote in this box Saturday.

"It cost the Democratic committee nearly a dollar a vote for us to hold the election," Mr. Mayes said Monday.

But it was the same over all the area, especially where no local runoff were on tap to hold interest of the voters.

The vote was light at Knox City and Goree, but in the Commissioners Precinct Two, where there was a runoff in the race for commissioner, people really turned out.

A total of 488 votes were cast in this precinct, and voters placed Walter W. Trainham in as commissioner by a margin of only 16 votes.

It takes local interest to get the voters out at election time. And that interest was lacking in many instances.

The ditcher has been ditching, the pipe has been scattered around, and progress is at last being made on Munday's water and sewer line extensions.

The work is to be completed in 120 working days, we understand, so by the time the New Year comes around we should have two new water wells, a large reservoir, more water mains and sewer extensions, and everything going in high.

That ought to solve our water shortage for some time to come, unless the underground water supply plays out.

Which reminds us, we haven't heard much about a water shortage here this summer. We are extremely fortunate, as compared with other towns not too far away.

Heard one person remark that the increased water rates must have had something to do in preventing a water shortage. The idea was expressed that people just aren't using the water they did in summer past.

We'd rather not use it because we can't afford it, rather (Continued on last Page)

4-H Clubs Of Knox County Will Be Reorganized During Early September

The 4-H clubs of Knox County will re-organize in September after the schools have reopened. Clubs will be in all schools of the county, and the 4-H club is a voluntary youth organization open to all boys and girls between the ages of 9 and 21. There are no membership dues, and all work done is voluntary. To be a bonafide 4-H member, all one has to do is to meet the age requirements, and select some demonstration related to agriculture to carry out.

These demonstrations include: feeding and management of beef cattle, dairy cattle, hogs, sheep, horses, rabbits, ducks, turkeys and chickens. Other demonstrations are gardening, orchard work, farming, wildlife conservation, soil conservation and farm safety.

The 4-H member may select any of the above for their demonstration, and carry on as many different demonstrations as they feel they may be able to properly care for. Members may secure demonstrations through gifts by friends, purchasing, or winning prizes offered through 4-H contests. Members may join the 4-H organization at any time they wish, and if they so desire, may drop 4-H work at any time they wish. The 4-H organization is the largest youth organization in the world, having members in all states and several foreign countries.

Each year, thousands of dollars are earned by members, and by keeping records of their demonstrations, they learn bookkeeping procedures which are valuable in later years. They also receive the latest information in the fields of agriculture, and use these in carrying out their demonstrations towards a successful ending. Shows are held each year for the members to show the results of the work they are doing, and awards are presented those doing fine jobs.

4-H work not only prepares the young members for the future, but also offers many other opportunities which include educational tours, cash prizes and college scholarships. Over 350 boys were members of the 4-H clubs in the past school year, and again this year the 9 clubs in all schools will function. Each club will select local adult leaders to assist with 4-H work, thereby making the program a program of the people of Knox County.

All who are interested in agriculture and livestock are cordially invited to attend the meetings, and it is hoped that the 1952-53 clubs in Knox County will excel the work done in 1951-52.

John R. Witt Weinert Farmer Dies Suddenly

John R. Witt, well known farmer who resided east of Weinert, passed away suddenly at 9:30 p. m. Tuesday, August 18. It is believed Mr. Witt suffered a heart attack at his home, and he was pronounced dead upon arrival at a Haskell hospital.

Born in Kentucky on July 29, 1874, Mr. Witt was 78 years and 19 days of age. He had lived in Baylor, Jack and Young counties since 1906, and had farmed east of Weinert for the past six years.

He is survived by his wife, Mrs. Louisa Witt of Weinert; five sons and three daughters, who are: C. B. and Fred O. Witt, both of Weinert; W. L. Witt, Henderson; Leonard Witt, Seymour; William O. Witt, Dallas; Mrs. Myrtle Smith and Mrs. Bill Ragland, both of Graham, and Mrs. Helen Hutto of Roswell, N. M. Other survivors include 17 grandchildren, six great grandchildren; four brothers, Jasper and Chrisley Witt, both of Kentucky; Will Witt of Chapel, Ky.; and Jim Witt of Cleveland, Okla.; two sisters, Mrs. Melvina Lewis, Chapel, Ky.; and Mrs. Arlena Dickson, Heipten, Ky.

The body was taken to Graham, where funeral services were held at ten o'clock last Friday morning, conducted by Rev. Lane of Graham. Burial was in the Graham cemetery under the direction of the Mahan Funeral Home.

NEW DEAN AT TSCW

Texas State College for Women at Denton will open its 50th anniversary session on September 16 with Dr. Vernon L. Wharton as Dean of the College and its Graduate Division. Dr. Wharton, prominent southern sociologist and historian, also is known for his work in the counseling and guidance of students.

Draft Calls Become Larger

Mrs. Zena H. Waldron, clerk of Local Board No. 82 at Benjamin, has announced that pre-induction physical examination and induction calls for October have been received. These calls are the largest since March, 1951. The physical call is for 80 men and the induction call for 15 men.

In September, there will be physical examination, and only five men will be sent for induction.

The October orders will be mailed to registrants of the board within the next two weeks. No registrant who has not attained his 20th birthday will be sent. Mrs. Waldron has been informed that the calls for several months will likely be large, as many of the boys inducted in the fall of 1950 will be getting their discharges within the next few months, and there must be replacements for them.

Munday Teachers Hold Key Posts In County's Unit

A number of Munday teachers will be sharing the responsibilities associated with the Knox County Teachers Association, which is the local unit of the state association, this year.

Supt. W. C. Cox will serve as chairman of the membership committee, and will be assisted by superintendents of other schools in the county. Mr. Cox is also a member of the legislative committee.

Mrs. Elizabeth Bowden will lead the professional relations committee, of which Mrs. Maurice Blacklock is also a member.

C. C. Brown will serve as a member of the program committee, and E. L. Goolsby is on the budgeting and auditing committee. J. H. Bardwell, retiring president, will serve on the executive and publicity committees. Mrs. Bowden and Mr. Cox are also on the executive committee by reason of being chairmen of other committees.

Mrs. Bowden, Mrs. Irene Bardwell and J. H. McGaughey will serve as building representatives for the various units of the Munday school system.

Dr. Marshall To Speak At Baptist Brotherhood Meet

Dr. J. W. Marshall, president of Wayland Baptist College in Plainview, will speak to the Haskell-Knox Association of Baptist Brotherhood on Tuesday night, September 2.

The meeting is scheduled for the first Baptist Church in Munday. Dinner will be served at 7 p. m., and around 500 men are expected to be in attendance.

Vernon Leverett Named Coach In Munday Schools

Vernon Leverett, former coach at Clyde, Texas, has been named head coach in Munday High School. He replaced David C. Green, who resigned to accept a position in the physical education department of the Beeville schools.

Leverett, who is a graduate of Abilene Christian College, has been coach at Clyde for the past eight years. His football teams have won the district championship three times, the bi-district title once and the regional title in 1947, his team going through the entire season undefeated and untied.

His teams have also won the district title in basketball for three years, and his track teams won district five years and the state title in 1951.

Coach Green was starting his fourth year as coach in the Munday schools at the time of his resignation. His basketball team went to the regional play-off last year.

Knox County Hospital Notes

Patients in the Hospital August 26th:

J. M. Stockton, Rochester; Mrs. T. B. Dobbs, Benjamin; Mrs. Joe Crouch, Vernon; Mrs. Frodo Ramos, Munday; Hugh Rogers, Knox City; Mrs. Zack Williams, Knox City; Mrs. J. A. Maddox, Munday; Mrs. L. C. Heavington, Haskell; Mrs. Roy Hester, Knox City; Mrs. Hill Allen, Throckmorton; Mrs. Katie Graham, Aspermont; Mrs. Bob Jarvis, Munday; Jess Gray, Goree; T. C. Merrill, Munday; T. James, Knox City; Glenn Phillips, Munday; Mrs. C. W. Hatfield, Rochester; Mrs. John Earl Nelson, Munday.

Patients dismissed since August 18th:

Mrs. W. W. Corley, Rochester; Penny Shipp, Knox City; Maxine Simmons, Knox City; L. V. Worley, Knox City; Mrs. Sidney C. Hester, Knox City; Mrs. C. H. King, Rochester; Mrs. Ben Redwine, O'Brien; Doyle Dodson, Knox City; Roy Rogers, New Orleans; T. B. Austin, O'Brien; Mrs. Matt Brown, Benjamin; Ben Bales, Munday; Mrs. J. F. Bowley, Munday; Mrs. W. P. Hurd, Vera; Leonard Williams, Roscoe; Mrs. W. F. Paul, Knox City; Mrs. J. R. Spivey, Truscott; Mrs. Neva Talbert, Munday; Phillis Johnson, O'Brien; Kenneth Owens, Knox City; Donald Hobert, Munday; Mrs. Chester Pogue, Truscott; Mrs. R. F. Vaderworker and baby, Goree; Mrs. Abe Watson, Knox City; T. R. Russell, Benjamin; Mrs. Bedford Smith, Crowell; Earl Lefevre, Knox City; Mrs. Florence Burnett, Benjamin; Mrs. Paul Bullion and baby, Truscott; Ambrosio Barboza, Munday; Mrs. J. W. Hickson, Knox City; Mrs. W. E. Swearingin, Knox City; Mrs. Ethel Branton, Knox City; Mrs. W. R. Myers and baby, Truscott.

Births:

Mr. and Mrs. Frodo Ramos, Munday, a son.

Deaths:

Mr. J. R. Spivey, Truscott.

Methodist Men To Meet Tuesday

A large attendance of men of the Methodist church is expected next Tuesday night when the Methodist Men's Club holds its regular monthly meeting. An interesting program is in store for those who attend, according to Gene Harrell, president of the club.

Mark Wadzeck, manager of the local mill of Western Cotton-oil Company, will be the principal speaker. His subject will be: "What Is The Church?" Mr. Wadzeck is recognized among Methodist laymen as an interesting speaker, and his message will hold interest of men of the church.

Dr. Joe Croley will be in charge of the devotional period. All men of the church have an urgent request to attend this meeting.

With W.T.C.C.

ABILENE—Paul Marable, Jr., manager of the Denison Chamber of Commerce, has joined the staff of the West Texas Chamber of Commerce, Frank H. Kelley, president, announced today.

Kelley said Marable will be manager of the Industrial Development and Water Resources departments and also will act as general administrative assistant.

Marable has just returned from Japan, where he completed a 16-month tour of active Army duty as a reserve officer of field artillery.

Trainham Wins Prec. Race For Commissioner

In the only Democratic runoff for Knox County last Saturday, Walter W. Trainham was elected commissioner of precinct two, defeating Ernest Allen by a vote of 252 to 236.

The commissioner's race drew about 80 per cent of the voting strength of the precinct, as voters of Benjamin and Vera turned out strong to cast their ballots for their favorite candidate.

The incumbent, L. A. Parker, did not seek re-election this year, which left an "open field" in the first primary.

Co-op Gin Gets First 1952 Bale On Thursday, Aug. 21

The Farmers Co-operative Gins of Munday ginned their first bale of 1952 cotton on Thursday, August 21. It was announced this week by M. H. Bromley, manager.

J. C. Decker of the Hefner community brought in this first bale. From 2,369 pounds of cotton, he received a 500 pound bale.

Following the usual custom, the ginning and wrapping on this first bale was free of charge, Mr. Bromley announced.

Chaplain Reeves Home From Korea

Willard Reeves, who is serving as chaplain in the U. S. Navy, landed in Portsmouth, Va., last Saturday after about seven months of sea duty. He served some 90 days in combat duty off the coast of Korea.

During his period at sea, Willard's duties took him on voyages that circled the globe. Mr. and Mrs. Reeves arrived by plane from Dallas on Wednesday, where they were met by Mr. and Mrs. J. E. Reeves, and they returned to Munday for some two weeks leave before Willard reports back to duty.

Work Begins On Water And Sewer Extensions; To Get Two New Wells

Last Rites For Mrs. Johnson Are Held On Thursday

Mrs. Mary Adelia Johnson, resident of Munday for many years, passed away on Wednesday, August 20, at 3 p. m., at the home of her brother, Lee Isbell of Munday. She had been in declining health for some time.

A native of Texas, Mrs. Johnson was born Mary Adelia Isbell, daughter of the late G. H. and Elizabeth Dunlap Isbell. Mrs. Johnson's husband passed away around 40 years ago.

Surviving her are three brothers: Lee Isbell of Munday, J. F. Isbell of Beard, N. M., and C. C. Isbell of Roswell, N. M.

Funeral services were held from the First Baptist Church in Munday at four o'clock last Thursday afternoon, being conducted by Rev. Huron A. Polnac, pastor. Burial was in Johnson Memorial Cemetery under the direction of the Mahan Funeral Home.

Palbearers were Earl Hollar, Wallace Reid, Andy Hutchinson, Lloyd Patterson, Ed Johnson and Kirby Fitzgerald.

Color Picture To Be Shown At Local Church

A deeply moving sound motion picture in color is to be shown at the First Methodist Church in Munday on August 31 at 7:30 p. m. Everyone is cordially invited to attend.

The picture, called "THY WORD GIVETH LIGHT", dramatically portrays the events in the life of a young man who as a soldier is blinded by an explosion on Anzio Beach in Italy. He is bitter until, while learning to read by means of raised dots on paper, he is introduced to the Bible or Braille. The great truths which have inspired hope in the hearts of men through the centuries bring him spiritual contentment and he is lifted from despair to a purposeful life.

An interesting and educational highlight in the film is the tracing of the various developments of raised letter printing from the early "Line Letter" system to the present widely used "Revised Braille." Also demonstrated are "Talking Book" records which are used by those unable to use any system of writing. The film was produced for the American Bible Society, a missionary organization which has been supplying Scriptures to the blind since 1835.

Injured Player Will Benefit From Game Here Next Tuesday

Kenneth Owens of Weinert, who was injured in a baseball game here last Thursday night, will benefit from the game which is to be played here next Tuesday night.

The Munday juniors will play another game against Munday's exes on the local diamond. This will make the second game between the "young'uns and old'uns" this season. The entire proceeds will go to Owens, who is being hospitalized in Dallas.

Owens was batting in the final game between Munday and Haskell when he was hit by a pitched ball. He apparently was not seriously injured, but developed severe headaches later and was taken a Dallas hospital for treatment.

HOBERT TO CELEBRATE HIS 91ST BIRTHDAY

E. R. Hobert, well known pioneer of Munday, will celebrate his 91st birthday on Friday, August 29, with a quiet observance at his home in Munday.

He would enjoy any or all of his friends calling on him on this date.

Mrs. Eva Ray Estes and children, Donnie and Joan, spent several days in Dallas the first of this week.

Construction work was started last week on the \$205,000 improvement program on Munday's water and sewer systems, it was announced by Harvey Lee, city secretary.

Construction has started on a 100,000 gallon surface reservoir in the west part of town, which is almost double the capacity of our present elevated tank. The new reservoir should insure the city against water shortages and give ample protection.

Included in the extension program are 7,400 feet of eight-inch water mains, 12,000 feet of six-inch mains, 18,000 feet of fittings and 41 additional fire hydrants with five-inch steamer connections. Present fire hydrants have two-inch connections.

Located on the same grounds with the reservoir will be two gravel-walled wells. Test borings has been made on the site, and the contractors, Knox-Plains Pump Company, are expected to begin drilling soon. The wells will cost \$7,293, including casing and screens.

Also on the site will be a sand trap and a pumphouse, housing two horizontal centrifugal pumps which will take water from the storage reservoir and pump it into the mains. The pumphouse will also house a chlorinator unit and toilet facilities for the operating employees. Clouse Brothers of Kerrville are sewer program, which also includes the reservoir, pumphouse and well houses.

The program includes installation of 8,000 feet of eight-inch clay tile and 8,900 feet of six-inch clay tile. Twenty-five sewer manholes are being installed on the lines.

It is estimated that a saving on the insurance key rate, due to the installation of more and larger water mains, will be available to local residents.

The entire operation is scheduled for completion in 120 working days. It was stated, Joe E. Ward of Wichita Falls is the consulting engineer.

Pop's A Parent, Too, Say P-TA's

By MRS. BRUCE BURNETT

Avowing that fathers are parents, too, P-T-A. program planners met Tuesday afternoon with Mrs. John Porter, President, to complete plans for the coming school year. A fall meeting, probably in October or November, will be designated Fathers' Night, with the hopes that fathers of Munday's school children can be induced to take a more active role in P-T-A work.

After music and fellowship, the program proper will be held in three action groups, with fathers taking the roles of star performers the entire evening.

It was agreed to decide at the opening September meeting, which is the traditional teachers' reception, between an October school carnival or an early November autumn festival, the latter being more of a planned program featuring the crowning of a school king and queen. The entire membership will discuss and vote on the issue.

Final P-T-A program plans for the year will be announced after tentative plans are submitted to the P-T-A executive committee early in September. Mrs. Porter stated at Tuesday's meeting, Assisting Mrs. Herbert Partidge, program chairman, in planning this year's meetings are E. L. Goolsby, high school principal; Mrs. J. H. Bardwell, representing C. C. Brown, Junior High School principal; George Beard, elementary principal; Mrs. Elizabeth Bowden, Mrs. Paul Pruitt, Mrs. Jerry Kane, Mrs. Maurice Blacklock and Mrs. Leland Hannah.

Local Band Asked To Iowa Park Fair

The Munday High School band has been extended an invitation to participate in the Texas-Oklahoma Fair band contest at Iowa Park again this year, according to Mr. Posey, band director.

Approximately 2,500 band students of Texas and Oklahoma are expected to be guests of the fair on Tuesday, Wednesday and Thursday of fair week, September 22-27.

GRASS ROOTS OPINION

ALMA, MICH., JOURNAL: "There are two great principles which are derived from religion, the two pillars on which rest American freedom; the sovereignty of God in the stream of history and the sacredness of the individual. . . . And right here it becomes pertinent to repeat the old biblical admonition: 'Remove not, the ancient landmarks, which thy fathers have set.'"

MEBANE, N. C., ENTERPRISE: "When the average American's income begins to shrink. . . he looks for a way to cut expenses. But not so in Washington. Every time Congress suggests a small appropriation for any purpose, a bureaucratic howl rises. 'Tax and Spend' is still a popular song on the Potomac."

BROWNSVILLE, PA., TELEGRAPH: "We advocate an immediate and drastic reduction of government expenditure by abolishing useless commissions and offices, consolidating departments and bureaus and eliminating extravagance, to accomplish a saving of not less than 25 per cent in the cost of Federal government." To refresh your memory, that was a plank in the Democratic platform just 20 years ago when FDR was nominated for his first term as President.

LOGAN, KANS., REPUBLICAN: "Patrick Henry said: 'Give me liberty or give me death.' His descendants now just say 'gimmie.'"

GREENVILLE, ILL., ADVOCATE: "Never in the history of a nation has prosperity been subsidized so lavishly and so wastefully. A false prosperity does exist, but it is built on pillars of sand and no sound economic development. It is bred of inflation and two decades of phenomenal spending."

THINGS ONE REMEMBERS

By R. M. Hofer

There are some 11,000 country daily and weekly newspapers in the 48 states.

Most of them are individually owned and express the personal opinions of their editors on local and national affairs.

The country press is an outstanding example of private initiative and enterprise.

It has had to fight political moves which seek to limit its independence.

It understands the menace of growing centralized government, socialism and communism, all of which mean bureaucratic control of the individual and confiscatory taxation.

It is almost unanimously opposed to government in business because that leads to the destruction of free enterprise and individual opportunity.

In fighting political oppression the press is the champion of every worker and industry seeking to serve the public and earn a profit.

Businessmen should realize as never before that without a fair discussion of their problems by local editors, their enterprises would be easy prey for politicians who seek by legislation and taxation to control the activities and earnings of every citizen.

TIN CUP IN HAND

One of the speakers at the recent convention of the Chamber of Commerce of the United States gave that organization, and the country, some straight, down-to-earth talk.

William Book, executive vice-president of the Indianapolis Chamber of Commerce said that local chambers have consistently demanded government economy as they have asked for more and more tax money for local projects. Then he added, "From one end of the country to the other they have all too often been waiting, tin cup in hand, on the doorstep of Congress or some Federal bureau for a handout; for a bit of aid to build a dike or a dam, to have a road, to build an expressway, a school or a hospital."

"Let's admit that economy begins at home. It begins with local chambers of commerce, among others."

The local chambers aren't the only offenders—not by a long shot. All manner of civic, business, agricultural, labor and other such organizations go piously on record in favor of rigorous government economy and debt and tax reduction—and then, in their next breath, clamor for handouts. And all too often Congress and the bureaus, their eyes firmly fixed on votes, provide the handouts—but do nothing about economy.

Yes, economy begins at home, in the grass-roots. But we can't have economy for the other fellow—we will have it for all or for none.

THINGS ONE REMEMBERS

The government's stabilization chiefs predict higher prices. A child could safely make such predictions with strike-enforced wage increases and resulting higher production costs forcing price increases.

But back of it all stands a wasteful government spending more than the taxpayer can pay, thus depreciating the value of the dollar and lowering its purchasing power.

The politicians try to hide these fact and fool the people. They say the increase in the price of steel will cost the average family \$100,000 a year—no figures are given to substantiate such a statement. Then they say the steel companies would not produce steel until a price increase was given; that they held a gun at the government's head.

What caused the steel price raise? The wage increase. Would the union budge an inch in its demands? No. It held a gun at the industry's head. The government's wage Stabilization Board set the unexpectedly high steel wage boost which forced higher steel prices. The price "stabilizers" are playing politics with the steel situation.

All the price control laws in the world won't "hold the line" against government policies that force production cost increases, promote inflation and devalue the dollar.

The people are weary of having their living costs continually hiked by political horseplay.

Hail Insurance on Cotton!

J. C. Harpham Insurance Agency
 MUNDAY KNOX CITY

FORT WORTH — Nearly 11,000 cattle and calves arrived at Fort Worth Monday, the largest number since June, 1947. Everyone held his breath to see whether the run would ruin the good gains made last week—but a surprising strong undertone prevailed and prices ranged from steady to 50 cents off most of the way. A few spots \$1 lower were noted on excessively full and on plain and medium kinds on the late rounds.

Hogs gained 25 cents, topping at \$22.50. Sows were steady.

Most sheep and lambs moved along steady on the slaughter kinds, but steady to 50 cents lower on stockers. Lightweight stocker lambs were the kinds encountering trouble. The sheep run was 10,000 head, unusual because it came so late in the season.

Comparative prices:

Good and choice slaughter steers and yearlings cashed at \$26 to \$32, and plain and medium butcher sorts sold at \$13 to \$25, with culls from \$10 to \$16. Stocker and feeder steers and yearlings of medium to good grades sold at \$18 to \$26, and choice lightweight steer yearlings sold at \$26 and \$27. Commoner stockers \$15 to \$18.

Fat cows cashed at \$16 to \$19, while canners and cutters sold from \$10 to \$16.50. Bulls sold from \$15 to \$23.

Stocker cows cleared at \$14 to \$22, and stocker heifers sold at \$25 downward. Good and choice stocker calves \$25 to \$29, while

common and medium quality sold at \$16 to \$25.

Good and choice fat calves sold at \$25 to \$28.50, while common and medium at \$16.50 to \$25. Culls sold from \$13 to \$16.

Good and choice fat spring lambs sold for \$24 to \$29, and medium to good kinds drew \$20 to \$24. Stocker and feeder lambs sold from \$10 to \$18. Stocker and feeder yearlings cashed at \$10 to \$15, and fat yearlings sold at \$17 downward. Aged wethers sold from \$8 to \$10. Two-year-old wethers cashed at \$14 downward. Slaughter ewes sold at \$6 to \$8.50. Old bucks sold around \$6 to \$6.50.

Mr. and Mrs. Herbert Stodghill, Mr. and Mrs. Gaylon Horde and Mr. and Mrs. Rhodes Allen attended the football game at the Oil Bowl in Wichita Falls last Friday night.

Mrs. Edgar Beecher and children of Shallowater visited her parents, Mr. and Mrs. J. O. Bowden, over the week end.

Mrs. Tug Nesbitt and son of Dallas are here for a week's visit with her parents, Mr. and Mrs. Emmett Branch.

BOYCE HOUSE

In two instances, buttons served as the Great Seal for the Texas government.

Henry Smith, provisional governor, and Gen. Sam Houston, the first elected president of the Republic of Texas, used buttons on papers of state in emergencies that didn't leave time to prepare for a better official stamp.

When Smith was elected governor, he had an overcoat with large buttons decorated with a star. He ripped one off and dipped it into the hot wax that was applied for the seal's imprint on governmental documents.

With one exception, the star has always remained in the seal of Texas, from the time of the

HASKELL, TEXAS

republic, through the period it was a member of the Confederacy and under the Star and Stripes. No seal had been provided when Houston became president of the Republic in 1836. Until one did arrive, he used a cuff button engraved with a rooster and a dog's head.

A farm boy wrote this: "I love the silent comradeship of another person plowing in the same field or across the road."

"I love to hear the gentle purr of the plow, and the soft, musical sounds made when there are pebbles in the soil."

"I love to hear the jingle of the loose links dropped on the traces, and the subdued thud of the horses' feet on the soft soil."

"I love to watch the mellow soil turning over, and to see the unplowed land grow less and less by each round."

"I love the smell of fresh soil, moist and sweet."

"I love to feel myself a part of the great work of Nature that lies around and above me."

"There is genuine joy in letting the mind throw off all fetters and be free to follow its fancy as the birds that skim above me."

"I love to plow."

Mrs. Jack Thomas of Miami, Fla., is visiting her brother, Zane Franklin and family here and other relatives in Rule for several weeks.

Hint for Vacationers

NASHVILLE, TENN.—"Don't take a vacation from God, you don't want Him to take a vacation from you."

This is the theme of a program being widely publicized this summer by The Upper Room, the world's most widely used devotional guide. The editor, Dr. J. Manning Potts, points out that the vacation period ought to be a time of re-creation, renewal and inspiration. To overlook the basic spiritual values at such a time is to overlook those forces which are the greatest power for the development of those values which vacationers seek.

While on vacation, attend church every Sunday, say grace before each meal and spend some time each day as a family group or as individuals in Bible reading, prayer and meditation, is the suggestion of Dr. Potts, who is editor of The Upper Room, a daily devotional guide which is distributed in more than fifty thousand churches in America and is published in a score of editions around the world. He points out that families and individuals at home or away can make this summer a high point in their lives if they will make it mark the beginning of a strengthened spiritual life.

Bobby and Dicky Waheed of Lubbock spent last week with their uncle, Kay Waheed, and with friends here.

Mrs. J. O. Tynes returned Friday from a week's visit with her sister, Mrs. Nell Anderson, in Wichita Falls.

Mrs. Athelene Morton and daughter, Joy, of Amarillo visited Mr. and Mrs. Marvin Chamberlain and other relatives here over the week end.

Mr. and Mrs. Dorse Dickerson spent the week end in Fort Worth.

Mr. and Mrs. Bully Ratliff visited Mrs. Ratliff's grandmother, Mrs. M. A. Horton, and an aunt, Mrs. L. S. Partridge, in Bowie last Friday.

Mrs. Bully Ratliff left Sunday to attend the THDA meeting at Kingsville this week.

Weekly Health LETTER

Issued by Dr. Geo. W. Cox
M. D., State Health Officer
of Texas

AUSTIN—State Health Officer Geo. W. Cox has called for "less concern about so-called federal domination" of the state's business and more positive action to prevent it.

In a written statement to the Dallas Times-Herald, the veteran of 18 years of fighting the battle for public health said his position on the propriety of receiving federal money was clear:

"I want my state to maintain its prestige, dignity, authority, and ownership of the state public health program," he said.

A previous statement to the effect that he didn't see anything wrong with accepting federal funds "except that we don't get enough of it" had been widely circulated by the associated Press. The Dallas Times-Herald editorialized on that view.

"Federal domination must inevitably develop as long as the state's public health money continues to supplement the federal public health money. The re-

verse should exist," he wrote, "with federal money supplementing that provided by the state."

"It is no less than like a stock company or corporation... the chap who owns the majority of stock will no doubt want to direct the operation. My position is that I want my state to maintain its prestige, dignity, authority and ownership of the state public health program."

Dr. Cox has already made known his intention to wage a vigorous campaign for a \$.50 per capita legislative appropriation when the legislature convenes. The department is now operating on about \$2.50 per capita, far beneath the national average of \$62 per capita.

He said that is the reason he has been obliged to accept federal funds to keep the state's public health standards up to par. But it is a situation which can be corrected, he believes.

"If the legislature agrees to appropriate \$50 per capita to operate on, then we'll be in a better position to raise federal funds for supplementing the state's program."

Mrs. R. Q. Williams and Mrs. Bill Williams of Newcastle visited Mrs. Bob Jarvis, who is in the Knox County Hospital, Knox City, several days last week.

SWITCHES TO DODGE... LOWERS HAULING COSTS

- ▶ Wherever you haul, there's a Dodge truck—½-ton through 4-ton—that's "Job-Rated" to fit your job and save you money.
- ▶ Full crankcase ventilation saves oil, lengthens engine life, and lowers upkeep costs.
- ▶ Two fuel filters—instead of only one—keep fuel clean to help prevent carburetor clogging and fouled cylinders.
- ▶ For smooth power that saves wear and tear, gyro Fluid Drive is available on ½-, ¾-, 1-ton and Route-Van models.
- ▶ Come in today for a demonstration and a real good deal.

Enjoy over-all economy. Dodge "Job-Rated" trucks operate with low gas and oil consumption, thanks to compression ratios as high as 7.0 to 1. Other Dodge cost-cutting advantages include lightweight aluminum-alloy pistons and gas-saving carburetor with economizer valve.

says LEWIS ENGEL,
Reliable Supply Co.,
Chicago, Ill.

"My Dodge has proved to be a real saver on gas!"

"We are getting several more miles per gallon with our Dodge 'Job-Rated' truck—and in a small business like mine, economy is important."

"My Dodge has not only proved to be a real saver on gas—but we are real pleased with Dodge dependability. Hauling pipes, fixtures, plumbing tools and other heavy equipment has broken down several trucks for us. But our Dodge has taken heavy-duty use over bumpy roads for a long time now and we haven't had to have a single mechanical repair."

Cut down upkeep. With a Dodge "Job-Rated" truck you get such proved money-saving features as 4-ring pistons with chrome-plated top rings, exhaust valve seat inserts, pre-fitted connecting rod bearings, positive-pressure lubrication, and other features.

Get long life. A Dodge "Job-Rated" truck gives you special alloy steel springs and shot-peened axle shafts. Other dependable Dodge long-life advantages include such features as wear- and heat-resistant valves, oil-bath air cleaner, floating oil intake, and hardened bearing journals.

See us today for the best buy in low-cost transportation...

Overweight? Then See This Short At The Roxy Theatre

CHEERS FOR HUBBY, a colorful animated short on how and why overweight people should lose weight, will be shown at the Roxy Theatre on Sunday and Monday, Aug. 31-Sept. 1, according to P. V. Williams, manager. The film has been highly recommended by the Texas Medical Association.

The physicians of Texas for a long time have advocated that people who are overweight should reduce. They have pointed out that obesity is not only unfashionable but also unhealthy. Excess weight is frequently associated with such illnesses as heart disease, diabetes and arthritis.

The doctors of this State have also warned, however, that the safe and sane way to permanent weight reduction is proper dieting under medical supervision. CHEERS FOR HUBBY give the public sound information about the dangers of overweight, and shows proper methods of reducing. Movie-goers will enjoy this entertaining film, an ad that the same time they will receive valuable information from it.

CHEERS FOR HUBBY, which will be shown as a public service at the Roxy Theatre, is co-sponsored by the Metropolitan Life Insurance Company, the Public Health Service of the Federal Security Agency, the American Medical Association, and the Texas Medical Association.

A JUNGMAN GIRL!

It's a girl, and that suits big sister, Vicki, just fine. Her name is Christy Dianne and her parents are Mr. and Mrs. Alvin H. Jungman of route one, Seymour, Texas.

Christy weighed eight pounds and two ounces and arrived August 16th at 7-15 p. m. in the Baylor County Hospital.

Famous Horses To Rodeo At Dublin

DUBLIN, Aug. 19—Trigger and Trigger, Jr., Roy Rogers' famous horses will be brought to Dublin for the World's Championship Dublin Rodeo which opens August 27th for four consecutive evening performances in Dublin.

Announcement of the addition of the world famous horses to the Roy Rogers' show was made by Dublin Rodeo Enterprises following receipt of word from Glenn Randall, trainer of Roy Rogers horses, that he was bringing them with the famed Roy Rogers Liberty Act.

The Dublin Rodeo is a pre-Madison Square Garden performance by Everett Colburn and is expected to draw 10,000 fans to Dublin nightly on August 27, 28, 29 and 30.

Mr. and Mrs. Lloyd V. King and sons, Eddie and Gary, have returned from a short vacation trip to points in Oklahoma. While there they visited Mrs. King's sister and husband, Mr. and Mrs. P. J. Burke of Frederick, and also attended the Indian Fair held at Anadarko.

Mrs. J. H. Krause and son of Fort Worth are visiting her parents, Mr. and Mrs. Roscoe Partridge, this week.

Mrs. Alton Hunter of Iowa Park visited relatives here over the week end.

CARD OF THANKS

We wish to express our thanks to each and everyone for their every act of kindness, for the flowers, the food and your prayers that helped lighten our sorrow in the passing of our loved one, Mrs. Mary A. Johnson. May God's blessings rest upon each of you.

Mr. and Mrs. Lee Isbell and other relatives of Mrs. Johnson.

Their son, Bobby, will meet them there and take them on to Riverside, where he is stationed. Mr. and Mrs. Winchester plan to stay a week visiting Bobby and seeing all the interesting sights.

CARD OF APPRECIATION
I want to thank my many friends for their thoughtfulness to me during my illness. Especially do I thank you for the flowers, cards and letters sent me during my stay in the hospital and after my return home.
MUNCIE ALMANRODE, 11c

LOCALS

Mr. and Mrs. Roscoe Partridge and granddaughter, Jaclyn Krause, of Fort Worth returned Friday from a vacation trip in Utah where they visited a daughter, Mrs. Arthur Owens and family in Salt Lake. They also saw many interesting sights in Colorado and the Yellowstone National Park.

Mr. and Mrs. I. E. Cook of Putnam and Mr. and Mrs. James A. Cotton and family of Dallas visited in the home of Mr. and Mrs. I. V. Cook over the week end.

Miss Betty Stodghill returned home last Thursday from an extended visit with her sister, Mrs. Eugene Groce and family in Kansas, City, Kansas.

Mr. and Mrs. Dale Williams and children of Plainville visited their mother, Mrs. Lucille Stodghill, and other relatives over the week end.

Mr. and Mrs. Paul Pruitt and children and Mrs. Dee Clough left Wednesday for Fort Worth to spend a few days with Mrs. Delbert Montgomery.

Mr. and Mrs. Lee Haymes and Mrs. Joseph Borden attended Miss Jane Holloway's graduation at Texas Tech in Lubbock Wednesday.

Mr. and Mrs. Elton Busby of Tokio visited Mr. and Mrs. A. U. Hathaway and Mr. and Mrs. Tom Busby several days last week.

Mrs. Jenny Walton and daughter, Beth, visited Mr. and Mrs. R. J. Hudson and children in Wichita Falls over the week end.

Mr. and Mrs. H. N. McClellan of Benjamin were guests in the home of Mr. and Mrs. C. N. Smith Wednesday of last week.

Miss Becky Arrott, who has been visiting her father in Palo Pinto over the past several weeks, returned home last Saturday.

Mr. and Mrs. J. E. Reeves spent last week end with their son-in-law and daughter, Mr. and Mrs. Joe Williams of Ozona.

Drug Stores Back To Regular Hours

The drug stores of Munday will resume their regular hours on Monday, September 1, it was announced this week.

For the past two months, the City Drug, Eiland's Drug and the Rexall Drug have been closed at 8 p. m. during the week at 10:30 p. m. on Saturdays and 1 p. m. on Sundays.

Next Monday they will resume their old hours, which are: 8 a. m. to 10 p. m. on week days, 8 a. m. to 11 p. m. on Saturdays and 8 a. m. to 6 p. m. on Sundays.

DODGE MECHANIC ATTENDE SCHOOL

Coy Jennings, mechanic at Reeves Motor Company, spent last Thursday, Friday and Saturday in Lubbock, where he attended a Dodge service school.

The school dealt with servicing engines, transmissions, carburetion, overdrives, and other parts of the Dodge cars and trucks.

SUFFERS BROKEN HIP

Mrs. I. L. West was taken to the Wichita Falls Clinic hospital last week after falling at her home and breaking her hip. She is getting along nicely, and will be brought home soon.

People Of Area Receive Degrees

Area people who received degrees from Hardin-Simmons University, Monday evening, August 24, were Mrs. Bronza Cox, Miss Maryann Georgene Claus, and Charles Earl Fox of Munday; Mrs. Betty Madole Taylor of Goree, Master of Education.

Mrs. Vera Louise Carver, Goree; Mrs. Annie Bell Williams, Dodd, Bomarton; Mrs. Agnes Hyde Montandon, Knox City, Bachelor of Science.

Miss Nancy Jo Bowman, Bachelor of Business Administration.

HOME FROM HOSPITAL

Donald Hobert, who underwent surgery at the Knox County Hospital on Tuesday, August 19, was returned home last Sunday. He is "up and about" and doing nicely.

FOR ATHLETE'S FOOT USE A KERATOLYTIC BECAUSE—

It SLOUGHS OFF the tainted outer skin to expose buried fungi and kills it on contact. Get this STRONG, keratolytic fungicide, T-4-L, at any drug store. If not placed IN ONE HOUR, your 40c back. Now at the Corner Drug. 24c

SHORT SUBJECTS ADDED

• See our September calendar for coming attractions

Mrs. Lyn Hay of Abilene visited a few days last week with her daughter and husband, Mr. and Mrs. Terry Harrison.

Mrs. Chan Hughes and son, "Little Chan," visited with relatives in Fort Worth and Grand Prairie last week end.

Mr. and Mrs. Chester Bowden visited Mr. and Mrs. Jerry Edwards and daughter in Abilene over the week end.

Mr. and Mrs. A. Roden of Seymour and Miss Opal Booe are vacationing in Ruidosa, N. M., this week.

Mrs. Cora Plumlee of Cisco is here visiting her father, E. R. Hobert, for a few days.

Bruising, crippling and death of livestock, starting on the farms and continuing all the way to markets, wastes 70 million pounds of meat every year—a national loss of more than \$50 million. Handling livestock with care, using only proper equipment and following time-tested rules developed by experience will greatly reduce these losses.

Farm lease agreements, like most farming practices, must be changed to keep them up to date. Shifts made in agricultural production, crops to livestock or other combinations, cannot be covered successfully under rental agreements designed for cash crop farming.

When properly carried out, defoliating the cotton plant is a practice that will materially improve the machine harvesting job.

Surplus foods preserved now will help stretch the food budget dollars during the coming months.

Farmers using rotary hoe equipped tractors have reduced the cotton hoeing and chopping bill by as much as 60 per cent. Cross-cultivation and mechanical cotton choppers have also been used to cut hoeing and chopping costs. The latest weed and grass control research is with chemicals.

Cotton Farmers Are Urged To Use Weather Data For Efficiency

Listen frequently to radio broadcasts of probable weather conditions and use this information in planning application of insecticides or defoliants.

That's advice to cotton farmers from the National Cotton Council.

Advance knowledge of weather not only may help the cotton farmer avoid waste of materials but also may increase efficiency of insecticides or defoliant applications, the Council reported.

In cotton insect control, weather conditions may determine the farmer's choice between dust or spray insecticides. By becoming acquainted with weather terminology and utilizing this weather data accordingly, farmers can better judge the best time to apply insecticides.

In some cases insect infestation may warrant the farmer's taking a chance on poisoning despite the fact that rainfall may be indicated. Such a choice rests with the individual farmer, the Council stressed.

Some defoliants are activated by dew or moisture on the leaf. In several of the more arid areas, probable dew conditions are indicated in weather broadcasts, thus providing a guide for efficient defoliation.

In some cases, probable wind velocities are forecast, a factor of particular importance since winds affect efficiency of defoliants or insecticide coverage.

ADDING MACHINE PAPER—Good stock now on hand at The Times office. 20-tfc

7 reasons Central Heating is your best buy

Now costs about same as several individual units required to heat entire home

- 1 Reduces wall sweating — Fuel burns in sealed chamber. Flue-vent carries water vapor out of doors.
- 2 Safe — Tested and approved by American Gas Association Laboratories for safe performance.
- 3 Clean — Filters remove dust and dirt from air. Drapes stay cleaner longer; almost eliminates dusting.
- 4 Automatic — Furnace fills house with warmth before you wake; turns down automatically when you go to bed.
- 5 Automatic ventilation, if desired — System takes in fresh air from outdoors, mixes it with indoor air. Ventilation is maintained through ducts without opening windows.
- 6 Healthful — Air is circulated gently from floor to ceiling; drafts and cold spots are banished.
- 7 Economical — Automatic temperature control turns fuel on and off as needed. A miser with fuel!

Call about heating equipment now. Avoid inconvenience which will occur if you wait 'til winter.

Miss Frances Hallmark Becomes Bride Of George R. Thomson Last Friday

Miss Frances Hallmark, daughter of Mr. and Mrs. M. C. Hallmark, became the bride of Mr. George R. Thomson on Friday, August 22, at the Arlington Heights Baptist Church in Fort Worth.

Rev. Huron A. Polnac, pastor of the First Baptist Church in Munday, officiated at the wedding.

Given in marriage by her father, the bride wore a ballerina length white nylon net dress

which was designed with a white net ruffle outlining an off-the-shoulder neckline. Her tiara was white net beaded with rhinestones, and her colonial bouquet was made of pink belladonna lilies and pink roses centered with white gardenias.

Mrs. Bill Broach of Abilene, sister of the bride, was matron of honor. Miss Bernelle Ivey of Fort Worth, a cousin of the bride, was bridesmaid. Mrs. Broach wore a Nile green organza dress, and Miss Ivey wore pink organza. They both carried bouquets.

Bill Buvins of Fort Worth was best man, and groomsmen were Troyce Wiley and David Spraker of Fort Worth.

Mrs. Thomson is a graduate of Munday High School. She attended Hardin-Simmons University in Abilene and North Texas State College in Denton. She is now employed in the personnel department at Convalr in Fort Worth.

Farmers Home Administration Plans To Provide Relief For Drouth Farmers

As a result of serious drouth conditions in many areas of Texas many farmers are faced with an emergency need for credit not available through local sources to buy feed for their livestock and seed and fertilizer for the planting of fall grain and pasture crops, according to L. J. Cappelman, State Director of the Farmers Home Administration of Dallas, who has received reports from every section of the State on conditions as they exist at this time. Mr. Cappelman has been told that if such assistance is not provided it will be necessary for farmers in these drouth stricken areas to reduce sharply, or in many cases to liquidate entirely, their livestock enterprises because of the lack of feed stuff and pastures for grazing. In the interest of the farmers concerned, the agricultural economy of the areas affected and the welfare of the farming interests of Texas, the Farmers Home Administration is taking every reasonable step to prevent the liquidation of desirable productive livestock by drouth stricken farmers.

Mr. Cappelman pointed out that in order to accomplish this purpose and to help farmers continue in business county offices of the Farmers Home Administration are in a position immediately to make disaster loans in any county in the State of Texas to qualified applicants in accordance with published instructions and revised policies outlined at a meeting of State Field Representatives in Dallas last week. At the meeting held here in Dallas, Mr. Cappelman received reports of serious crop losses through drouth and that farmers and ranchmen are in urgent need of funds to buy feed, seed and supplies to continue their operations for the remainder of this year. In many instances it was pointed out that these farmers will require emergency credit to put in their 1951 crops and funds are available through the local Farmers Home Administration County Office now for the purposes indicated. These funds are available at 3 per cent interest for crop production needs.

department at Convalr in Fort Worth. high school in North Arlington, New Jersey. He received his bachelor of science degree from the University of Colorado in Boulder, Colo., in 1951. He is now a test engineer at Convalr in Fort Worth.

The groom's parents, Mr. and Mrs. A. C. Thomson of North Arlington, N. J., and his sister and niece, Mrs. Paul Grant and Heather of Clifton Heights, Pa., were in Fort Worth for the wedding.

After a wedding trip, the couple will be at home at 3825 Clark in Fort Worth.

under the provisions of Public Law 38. The purpose of the disaster loan program authorized by Public Law 38, said County Supervisor Wilburn A. Satterwhite of Seymour is to provide a source of temporary or emergency credit to assist farmers in designated areas who have suffered serious production losses as a result of drouth or other natural causes, and who are unable to obtain from other established local sources the credit needed to continue their farming or ranching operations. The Knox County Office of the Farmers Home Administration is located in the Court House in Seymour and applicants may contact Supervisor Satterwhite there for the purpose of discussing their needs. The Knox Committee is composed of August Schmacher, Ernest A. Back, and Preston C. Phillips, who certify to the eligibility of applicants for loans and otherwise assist the county supervisor in the administration of Public Law 38 and other phases of the county Farmers Home Administration program.

Tea On Wednesday Given To Honor Mrs. A. L. Smith, Jr.

Mrs. A. L. Smith, Jr., of Dallas, was honored with a tea Wednesday, August 20, in the home of Mrs. A. L. Smith, Sr.

Mrs. G. R. Elland greeted the guests. In the receiving line were Mrs. A. L. Smith, Sr.; the honoree; the honoree's mother, Mrs. J. E. McPherson of Plainview; Mrs. A. C. Pierson of Haskell; and Mrs. G. E. Hughes of Fort Worth.

Miss Gwynna Smith presided at the guest book.

Mrs. Howard Collins of Lubbock poured frosted punch and Mrs. Chan Hughes cut the three-tiered white cake which was decorated with tiny pink roses set in a cluster of green leaves. Guests were also served white and green mints and assorted nuts. The table centerpiece was made of pink gladiolas.

Assisting in serving were Mrs. J. O. Bowden and Mrs. R. B. Bowden.

Miss Charlotte Hannah, Mrs. James F. Cadenhead of Haskell, and Mrs. Joseph Borden provided music during the tea, which was held from 4:00 to 6:30 p. m.

Rev. Raymond T. Guthrie and family of Clarksville, Ark., who held a revival meeting at Friendship church at Hefner last week, were guests in the home of Mr. and Mrs. Clarence Jones and family several days last week. Rev. Guthrie is a former pastor of Friendship church.

A. B. Warren and his granddaughter, Joan Duke, left Tuesday for Santa Rosa, N. M. Joan is returning home, and Mr. Warren plans to stay several days visiting with his daughter and her husband, Mr. and Mrs. Joe Duke.

Miss Maud Isbell returned home last Friday from Wichita Falls, where she had been in the hospital for a week. After getting out of the hospital she spent several days with her friend, Miss Buckholt.

LOCALS

Buel and Bernice Bowden took their mother, Mrs. Emmo Bowden, who is ill, to her daughter Mrs. B. C. Cooner's home in Olton to stay until she is improved.

THE FLYING TWINS, Byron and Lee Hendricks, present this amazing, thrill-packed hurdling feat at this year's bigger-than-ever Prison Rodeo, October 5, 12, 19 and 26, at the prison stadium in Huntsville, Texas. The Hendricks Twins, pictured above, performing their spectacular and thrilling "Crossfire Roman Jump," will be featured at each of the four Sunday performances of the big convict rodeo.

Knox Prairie Philosopher Doubts If This Grass Roots Thinking Offers Any Solution For World's Problems

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek discusses thinking this week, a subject it's easy for him to get over his depth in.

Dear editor:
Every once in a while lately I've been readin' where the candidates for President and other major offices mention the importance of gettin' out and gettin' the grass roots opinion on matters of vital importance in the conduct of this nation and the world also.

"What this country needs to solve its problems is some down-to-earth, grass roots thinking," one candidate announced recently.

I am afraid he is on the wrong trail.
If anybody is closely associ-

J. A.

ated with grass roots, I'm it, but if he thinks I got the solution to any national or world problems, he's badly mistaken, I can't even solve the problems right around me out here on this grass roots farm, let alone the problems of inflation, debt, world turmoil, etc. If anybody's lookin' to a man who can't manage his own farm to where it suits his wife, to think up a solution to the world's

problems, he's pretty certainly doomed to disappointment.

Grass roots thinkin' I guess is about as good as brick pavement thinkin' or skyscraper thinkin' or ocean side thinkin' or mountain top thinkin' or Congressional thinkin' or Presidential thinkin', but up to now as far as I can tell ain't none of em been good enough to solve some of the problems we got.

I don't mind any of the Presidential candidates or Vice Presidential candidates coming out her to sample any grass roots thinkin' he can find, but if he thinks he's gonna find any solution for example for inflation or Korea or the Russians or traffic accidents or hot weather, he might as well stay at home with his own thoughts, even if he's already discovered they ain't satisfactory neither.

Understand, I'm in favor of thinkin', beats plowin' ten to one, hoein' twenty to one, and helpin' with the washin' fifty to one, in fact it's the next best thing to holdin' office, but thinkin' grass roots or top of the stalk, up to now ain't been na absolute cure

for what ails us. I've thought all my life and this farm out here is in worse shape now than it was when I started.

Yours faithfully,
J. A.
Mr. and Mrs. Ermon Thomas were Sunday visitors in Mineral Wells.

W. B. Payne has accepted employment as bookkeeper at the H. O. Wooten Grocery Company in Stamford and began his duties there last Monday.

Leonard H. Lamb of Pueblo, Colorado, was a guest in the home of Mr. and Mrs. Peter Albus the first of this week.

By JOHN C. WHITE, Commissioner

FIVE-YEAR FARM OUTLOOK

A nation-wide survey has been recently completed which offers some reassuring figures to those who fear we may have reached a peak in agricultural production.

The study indicates that in the next four or five years, farmers of the nation can produce about 20 per cent more than they did in 1950, and 18 per cent more than in 1951 if there is a need for such a volume, and provided that steps necessary to assure it are taken.

Agriculture is the foundation on which to build for national defense. No one can dispute that high and efficient production of food is necessary if any government is to survive—in war or peace. The survey was prepared as a possible guide for future agricultural plans.

This report of capacity to produce in a defense period is the combined work of Land-Grant colleges and Departments of Agriculture of the various states. Federal and state workers, thoroughly familiar with farming in their areas, prepared the report. The results represent neither a goal nor a forecast of future production. It does, however, indicate potential capacity, of the rate at which farmers could in-

crease production under favorable conditions.

The farmer could, under "favorable conditions", produce about a fifth more of both crops and livestock than he did in 1950. Nationally, the projected increase is based on estimates that he could increase hog output 12 per cent above that of 1951, cattle and calves, 14 per cent; milk, 12 per cent; commercial broilers, 30 per cent; eggs, 12 per cent; corn, 21 per cent; wheat, 40 per cent; rice, 18 per cent; cotton, 11 per cent; soybeans, 14 per cent; tobacco, 11 per cent, and potatoes, 24 per cent. Labor costs and improved farming practices would be an important factor in realizing figures.

The study further indicates that the South has the greatest possibility of increasing production percentage-wise. The North Central, Mountain, Northeast and Pacific regions follow in that order. More than half the increase could come from feed and livestock. The rest might come largely from food grains, fruits, vegetables and cotton.

The production capacity report can be obtained by writing John C. White, Agriculture Commissioner, Land Office Bldg., Austin, Texas.

Mr. and Mrs. Jim Choate of Lubbock visited with Mr. and Mrs. Leland Hannah over the week end. Mr. Choate is in the Air Force and has been transferred to Denver, Colo. Mr. and Mrs. Choate will make their home in Denver.

Gerald Morrow, who is employed at the Y. M. C. in Wichita Falls, visited his mother, Mrs. Freddie Morrow, over the week end.

Mr. and Mrs. Johnny Fruehwirth and daughter visited relatives in San Antonio several days last week.

Hank Haynie spent last week with his grandparents, Mr. and Mrs. L. B. White, in Rochester.

Miss Ida Mae Spann of Wichita Falls visited relatives here last week end.

Miss Nell Albus was a business visitor in Wichita Falls last Saturday.

Texas Schools Faced With Problem Of Taking Care Of Increased Enrollment

In a few weeks our children will be starting back to school so a few thoughts about education should be a timely topic.

In Texas we have two huge problems in the field of education: (1) the next eight years will see an increase in the scholastic population of some 300,000 requiring 11,000 additional teachers. This number of teachers is over and above the normal requirement of approximately 3,500 for replacements. (2) Build-

ings and equipment to take care of this increased number of children. Where to get the money, how to get the money to finance all this is a problem which our legislators must solve.

Charles H. Tennyson, executive secretary of the Texas State Teachers Association, presents this revealing picture of the critical period which Texas schools are entering. "The school population, particularly on the elementary level, is growing at an

Tips on Touring

By Carol Lane

Women's Travel Authority
When there's a baby in the family, the simplest answer to summer fun is—picnics.

Pleasant outdoor dining areas can be found within short driving distance from any Hometown, USA. And picnics give the busy mother a chance to relax from housework while eliminating the chore of packing and carting all the equipment essential to baby's comfort during a long trip.

Here's how to keep the infant well-fed, gurgling and dry while the adults relax under the trees:

1. An insulated bag will hold an ample supply of bottles and formula, sterilized water and canned baby food. Always take along an extra feeding just in case you stay longer than you anticipated. Handy for heating baby's food is the food warmer that plugs into the dashboard cigarette lighter. Add baby's own spoon which can be sterilized if necessary.
2. Keep baby off the bare ground—it might be damp. The car crib which has rollers and screens is most convenient. But a blanket with two pillows will make a suitable ground-bed. Since it may become chilly towards evening, add an extra sweater and cap.
3. A thermos of warm water is needed for the inevitable clean-up process. Don't forget absorbent cotton, powder or lotion and a few extra diapers.

My booklet called "Touring Can Be Child's Play" has numerous tested ideas for the child's health and happiness during car trips. It's yours just for the asking.

alarming rate. Births in Texas in 1945—this year's first graders—numbered 156,000. In 1946—the 1953 first graders—births numbered 180,000, an increase of 24,000. In 1947 births jumped to 197,000, another increase of 41,000. Thus in two years the first and second grades have to accommodate 65,000 more children. If this additional group could be divided into classes of 30 children each, Texas would still need 2,100 additional teachers and classrooms in just the first and second grades.

"In addition to the birthrate, educators worry about the size of the graduating class compared to the number of children entering first grade. For instance, this year 156,000 youngsters crowded into first grade rooms over the state, but only 90,000 graduated from the eighth grade. This left already overburdened teachers with 66,000 additional children to accommodate in one year."

Mr. Tennyson further states, "The gain is going to continue to increase until at least the 1956-57 school year. By that time, the elementary schools must take care of 300,000 children in addition to the ones now enrolled. If 75 per cent of this number enters public schools, it will mean 85,544 additional classrooms."

The average cost of each classroom and related facilities now exceeds \$28,000. Thus Texas must spend \$242,312,000 for buildings and facilities alone if the children are to have desirable schools.

Texas does not face the educational problem alone. A nose count among elementary children over the entire nation showed that grade school population rose nearly three million from 1947 to 1950. In October, 1950, the United States Census Bureau reported that enrollment in all schools and colleges was at an all time high of slightly over 30 million persons. This represents a fifth of the nation's total population and half of our population between 5 and 29 years of age.

Mrs. A. H. Mitchell, Mrs. Michael Sloan and daughter visited relatives in Abilene Thursday.

Munday Juniors Annex '52 Title

Munday's juniors, closing a very successful baseball season, annexed the league title here last Thursday night in the fourth game of a five-game series against Haskell. The game Thursday night, which the locals won 5 to 2, made three wins for Munday, it was not necessary to pay the fifth game of the series.

Monday night, the locals won 2 to 1, then took a 13 to 2 win on Tuesday night.

Haskell made a bid for the title on Wednesday night by downing the local boys 6 to 4.

Munday took command early in the game Thursday night when a home run brought in the runs, giving them a 3 to 1 lead.

COURT HOUSE TO CLOSE

All offices of the county court house at Benjamin will be closed on Monday, September 1—Labor Day—it was announced Wednesday by J. B. Eubank, Jr., County Judge.

LOCALS

Mrs. Michael Sloan and daughter, Sandra, of Midland are spending this week with her parents, Mr. and Mrs. A. H. Mitchell.

Mr. and Mrs. Brooks Campsey and son spent the week end with their daughter, Mrs. Kelton Tidwell and Kelton and son, Joe David, in Hobbs, N. M.

Mr. and Mrs. Rex Holder and family of Alice spent several days the first of the week with his parents, Mr. and Mrs. D. E. Holder.

Lt. and Mrs. Homer Howard and children were in Munday last Wednesday visiting his brother and family, C. N. Howard. Lt. Howard was transferred from Lowrey A. F. Base in Denver, Colo., to Randolph Air Base in San Antonio, Texas.

Plane Fun

LAUNCHING a plane into the pale blue yonder is great sport says pretty Lynn Conno, 17, of Detroit. During one of nearly two hundred preliminary elimination meets sponsored by Plymouth dealers throughout the United States and Canada, Lynn demonstrated perfect form for Plymouth Motor Corporation's Sixth International Model Plane Contest, coming up August 20-25 at Detroit.

INFORMATION ON CAREERS FOR HIGH SCHOOL GIRLS

DENTON—An up-to-date, illustrated bulletin on "Careers for Women," written for guidance of girls in all high school grades, soon will be ready for mailing on request by the extension service of the Texas State College for Women, Denton, Texas. Each careers is explained thoroughly by a TSCW specialist in that field.

Mrs. A. L. Smith and son, Wayman, were business visitors in Wichita Falls last Monday.

CARD OF APPRECIATION

I am deeply grateful to my many friends for their thoughtfulness to me during my illness. Especially do I thank you for the flowers, cards and letters sent me during my stay in the hospital and after my return home. Your encouragement brought relief in my hours of suffering.
