

Kracker Krumb's

Our labor reception center is completed.

Trouble is that the labor we have the center operating for may be a little scarce this year.

The reason is principally a short cotton crop over all the area—and then laborers who have had "pretty good pickings" during the past few years, are a little hard to please with our scattering 1952 crop.

We've had reports of transient laborers coming in one day, looking over the situation and prospects the next morning and then departing for greener pastures.

But our reception center is completed, with a large shed for shelter and bath and toilet facilities very complete.

And the first public event to be held there was the Knox County Sears Pig Show which was staged at the center last Saturday.

It proved to be a good place for such an event, and will serve for other such events in the future.

As one citizen remarked Sunday, "It'll be a good place for a community watermelon slicing, too."

The center is completed, but not fully paid for.

Last fall, when the move was started, a good response was given by farmers toward the fund raising campaign.

Then the move kinda slowed down a while, and when it was resumed it seemed a rather squally time for merchants, what with the drought and poor crop prospects.

However, some additional funds were raised, although not enough to complete the project free of debt.

"It was the thinking of the committee," L. B. Patterson said recently, "that we should complete the center, although it meant creating a debt against it."

In that way, local people, as well as our transient laborers for whom the center was planned, would know that we meant business in promising them such a center.

It is hoped that crop prospects will be brighter next year, and that indebtedness will be eliminated.

Smatterings of moisture keep up in hopes that sufficient rain will come for planting wheat for winter pasture and for a 1952 crop.

Which reminds us that the cool front and moisture Monday morning brought about a change of wearing apparel for most local people.

"Kinda makes us wonder where our summer wages went to," one person remarked to us. But coats, jackets and felt hats were pretty much the rage Monday.

However, we came to work in our well-worn straw and sport shirt.

When folks who were wearing coats remarked that we should be cold, we replied that they just didn't get as hot as we did during those 40-odd days of 100-plus temperature.

And about the hat. We realize that straw hat season is just about past; but, shucks, we're not much of a stickler to traditions.

An old hat is just about like an old shoe, anyway. It just begins to get comfortable along about the time it needs to be discarded.

We never did like to throw away a straw hat until it had taken at least one good shower. Our present straw hasn't done that yet.

If we remember correctly, it

History Repeats In Knox County 4-H Swine Show Held Here Saturday

Placing the top three Duroc gilts in the Knox County 4-H Club Swine Show here Saturday was a repetition of the 1951 show.

First place was awarded to the gilt exhibited by David McBeth of Knox City, and was farrowed by the first place gilt of the 1951 show, which was fed by Emmett Burleson of Knox City.

Second place was awarded the gilt exhibited by Gene Montandon of Munday, and was farrowed by the second class gilt of the 1951 show, which was fed by Harold Albus of Rhineland.

Third place was awarded the gilt exhibited by Bobby Lee Jordan of Goree, and was farrowed by the third place gilt of last year's show which was fed by Johnny Jones of Goree.

Other placings in the show were as follows: fourth, Arnold Paek, Knox City; fifth, Roger Bell, Munday; sixth, Maynard Moore, Rhineland; seventh, Bobby Day, Knox City, and eighth, William Bellinghausen, Rhineland.

Results of the pen of three fat hogs were: Johnny Jones of Goree, first; and Glen Bruce of Munday, second.

Judge of the show was Roy McClung, Baylor County agent, and the show was held at the new reception center in Munday and co-sponsored by the Sears Foundation and the Munday C. D. A.

The show was under the supervision of Bill Palmeyer, Knox County agent, and awards were presented by Lawrence Haberman, FFA advisor of Goree.

Get Farmers Out Of Mud Objective Of Farm Bureau

One of Texas Farm Bureau's major objectives for a number of years has been "to get the farmers of Texas out of the mud" Knox County farmers should lend wholehearted support to the organization's program, Ancei Waldrip, president of the Knox County Farm Bureau, said, because the task grows harder and the need greater each year. The 1950 census showed that 347 of Knox County's farm families lived on dirt roads a mile or more from a paved road, it was revealed by Waldrip.

Viewing the situation on a wider scope, Waldrip said there are 120,000 miles of dirt roads in the state of Texas, 66,000 of which are school bus routes. A road program is one of the big jobs on which Farm Bureau will be working until a plan is adopted that will build adequate roads for school buses and for farmers to get their products to market, Waldrip said.

Farm Bureau sponsored the Sewell Bid in the last session of the legislature, which proposed a tax of one cent per thousand cubic feet on natural gas, the major portion of which is shipped out of the state. A token tax was levied on natural gas, but sponsors of the bill failed to get any portion of the funds earmarked for building roads. The greatest opposition the Farm Bureau has yet encountered on its road fight is looming in the next session, Waldrip declared.

Which reminds us that the cool front and moisture Monday morning brought about a change of wearing apparel for most local people.

"Kinda makes us wonder where our summer wages went to," one person remarked to us. But coats, jackets and felt hats were pretty much the rage Monday.

However, we came to work in our well-worn straw and sport shirt.

When folks who were wearing coats remarked that we should be cold, we replied that they just didn't get as hot as we did during those 40-odd days of 100-plus temperature.

And about the hat. We realize that straw hat season is just about past; but, shucks, we're not much of a stickler to traditions.

An old hat is just about like an old shoe, anyway. It just begins to get comfortable along about the time it needs to be discarded.

We never did like to throw away a straw hat until it had taken at least one good shower. Our present straw hasn't done that yet.

If we remember correctly, it

Mrs. A. E. Ford Of Goree Passes Away On Tuesday

Mrs. A. E. Ford, well known pioneer mother of Goree, passed away at 3:45 a. m. Tuesday, September 23, at her home in Goree. Mrs. Ford suffered a stroke several weeks ago, but had recovered sufficiently to be able to be up again. She suffered a second stroke Monday night.

Funeral service will be held from the Goree Methodist Church at three o'clock Wednesday afternoon, with the pastor, Rev. Bourdon Smith, officiating. Burial was in Johnson Memorial Cemetery at Munday under the direction of Laningham Funeral Home.

Mrs. Ford was born May 24, 1880, in Tennessee and was 72 years, 3 months and 29 days of age. She was married to A. E. Ford on January 20, 1902, at Weatherford. Mr. and Mrs. Ford had resided in Knox County for a number of years. She united with the Methodist church at an early age.

Surviving her are her husband; five sons and one daughter, who are: Ray Ford of McCombs, Hub Ford of Munday, Curtis Ford of Lone Grove, Oklahoma; Jack Ford of Plainview, Dennis Ford of Midland, and Eva Dell Cude of Hawthorne, Calif. Other survivors include 16 grandchildren, 7 great grandchildren, three sisters, Mrs. Lula Hunter and Mrs. G. H. Beaty of Munday, and Mrs. Bob Hall of Aztec, N. M., and one brother, Corbet Lytle of Rule.

The Igloo Will Open Dining Room On Next Saturday

Helen and Jimmie McKnight announced this week that Mr. and Mrs. G. C. Osborne of Dallas are now associated with them in the operation of The Igloo.

The Osbornes are known for serving old-fashioned hickory smoked barbecue, which will be featured at The Igloo when the new dining room is operated.

Helen and Jimmie stated the dining room is completed and will be opened on Saturday morning, September 27, at 11 o'clock.

Oil Activities

Stanford Oil and Gas Company has completed the No. 3 S. D. Jones in the North Knox City Canyon Field, three miles northwest of Knox City.

On a 24-hour potential test, the well flowed 159.11 barrels of 38 gravity oil through 14-16 in. choke. Gas-oil ratio was 454.1. Casing pressure was 50 pounds and tubing pressure 190. With hole bottomed at 4298, production is from perforations at 4,286-95 feet.

Rev. Doyle Ragle Named Speaker For Big Spring Meet

A city-wide meeting commemorating the 500th anniversary of the printing of the first Bible will be held at the First Baptist Church of Big Spring on Tuesday, September 30.

Rev. H. Doyle Ragle, pastor of the First Methodist Church of Munday, will bring the principal address at this meeting. He will speak concerning the revised standard version of the Bible.

September 30 marks the anniversary of the first publication of this new Bible. Over 3,000 meetings of this kind will be held throughout the United States on this date.

Pvt. Roy Grantom Home From Germany

Pvt. Roy Grantom, who has been stationed in Germany the past seventeen months arrived here last Saturday. He landed in the States on Tuesday of last week. His wife, the former Nell Melton, accompanied him to San Antonio Sunday where he will be stationed until he receives his discharge in October.

She Likes Ike!

Mrs. George Shanor of Vernon has been appointed District Chairman of a new organization entitled "Women for Eisenhower". This appointment was made today by Ben F. Lowell of Wichita Falls, Texas, who is the Chairman of the Eisenhower Campaign for the 23rd Senatorial District.

Mrs. Shanor will have direct charge of the Women's work in the 23rd Senatorial District which is composed of Wichita, Archer, Young, Wilbarger, Haskell, Throckmorton, Hardeman, Ford, Knox, Cottle, King and Baylor counties. In a statement made today in Vernon, Mrs. Shanor announced that she will begin a tour through the District early next week and will appoint county and city chairmen in each area.

Morrrows Will Open City Laundry Here

Mr. and Mrs. Elmo Morrow, who formerly operated the City Laundry here, announced this week that they will re-open this business next Monday morning.

They solicit the patronage of all former customers of the laundry, assuring them of efficient and courteous service and that their business will always be appreciated.

Price Support On Wheat Crop For Area Announced

Price support on the 1953 wheat crop will be not less than \$2.21 a bushel, national average, Secretary of Agriculture Charles F. Brannan has announced. This compares with a support of \$2.20 a bushel for the 1952 crop, now eligible for loans and purchase agreements.

If the wheat parity price as of July 1, 1953, is higher, the support level will be increased to reflect 90 per cent of the wheat parity price at that time. Minimum price supports are announced at this time in accordance with "forward pricing" provisions of authorizing legislation.

According to T. H. Jones, Chairman of the Knox County Production and Marketing Administration Committee, wheat prices will be supported through farm and warehouse storage loans and purchase agreements, available from time of harvest through January 31, 1953. He urges farmers who have had trouble getting storage for their wheat this past season to give serious consideration to the construction of additional storage capacity.

The national wheat production goal for the 1953 harvest calls for 72 million seeded acres which, at average yields, would produce about 1,080 million bushels. This compares with 77.5 million acres seeded for the 1952 crop and an estimated production of 1,298 million bushels. Total wheat supplies for the 1952-53 marketing year which began July 1 amount to 1,577 million bushels, the third largest in history. The carry-over next July 1 is expected to be about double the 254 million bushels of mid-1952.

Riley D. Bell, who is employed with the Western Cotton Oil Company in Littlefield, was home Wednesday of last week to move his household furnishings. Mrs. Bell and children left Saturday to join him.

Injuries Fatal To Gilliland Man, George Ray Baty

Funeral services were held from the Baptist Church in Gilliland last Saturday afternoon for George Ray Baty, 20, who died Wednesday in an Abilene hospital of injuries received in a highway construction accident on Tuesday afternoon, September 16.

The youth, who was employed in highway construction work, suffered a fractured skull and a concussion in the accident on U. S. Highway 80, about 2 1/2 miles west of Abilene. The roller he was on was struck by another roller working on the same job, throwing him under one of the heavy machines. The machine did not actually pass over his body, according to reports. He died at 6:40 p. m. Wednesday, September 7.

Baty, a native of Gilliland, was employed by C. Hunter Strain San Angelo contractor. A brother, L. B. Hoyt, Jr., was employed on the same job, and his father was also living in Abilene.

Survivors include his father, L. B. Baty, Sr., of Abilene; three brothers, Bobby of Hobbs, N. M.; Paul of McKinney and L. B. Baty, Jr., and a sister, Vesta May Baty of Gilliland.

Burial was in the Gilliland cemetery under the direction of Laningham Funeral Home of Goree.

Committee For Knox Teachers Meet On Monday

The executive committee of the Knox County Teachers Association met in the assembly room of the county courthouse on Monday night, September 22. The purpose of this meeting was to formulate plans for the year's work.

It was decided that the October meeting of all teachers of the county would be held at Knox City on Friday, October 27, at 7:30 p. m. The program will be of an educational nature, and will be in charge of Mrs. Louise Kemnitz, vice president.

The spring meeting of the association will be at Benjamin in late April. Plans were made to attend the workshop conference for local unit leaders in Haskell on Tuesday, September 30.

Members of the executive committee are: Mrs. Elizabeth Bowden, Mrs. Louise Kemnitz, J. H. Bardwell, W. C. Cox, M. D. McLaughy and Edward L. Kirk. Light refreshments were served the group by Mrs. Edward L. Kirk at the close of the business session.

JIM REEVES HAVE ANOTHER GRANDSON

It's another grandson for the Jim Reeves and they are just home from visiting this young fellow who made his appearance last Monday, September 22 at 1:16 p. m. at the San Angelo Clinic. This newest grandson is the son of Mr. and Mrs. Joe Williams who reside in Ozona. Joe David Williams, Jr., weighed 8 1/2 pounds and is the cutest little rascal, we have Jim's word for that, so guess that's first hand information as one can have. He also reported Jean and Joe (the parents) were doing o. k. too.

GOROE KITTENS DEFEAT THE "PUPS" OF WEINERT

The Goree "Kittens," a junior football team, defeated the Weinert "Pups" 40 to 27 in a scoring spree last Tuesday night on the Weinert field.

Both teams waged an even battle throughout most of the game, keeping the fans on their feet following every play.

Labor Reception Center For Munday Is Completed; Facilities Are Ample

Knox County Hospital Notes

Patients dismissed since Sept. 16th:

Kathryn Drake, Rochester; J. T. Voss, Munday; J. E. Taylor, Knox City; Mrs. Ralph Duke and baby, Munday; Mrs. Lydia Carver, Knox City; Joe Barton, Benjamin; E. J. Cluck, Munday; Mrs. T. C. Beason, O'Brien; Marlene Crofford, Rule; Mrs. Fred Ramoz, Munday; Mrs. George Hardberger, Knox City; Mrs. Bill Powers, Benjamin; Mrs. Tom Morrison, Throckmorton; Mrs. Leonard Kuehler, Munday; Mrs. Ernest Barnett and baby, Knox City; Gentry Day, O'Brien; Mrs. Roy Hester, Knox City; Juan Sanchez, Plainview; Mrs. Floy McMeans, Rule; Mrs. Vesta Jacobs, Benjamin.

Deaths:

Mrs. B. O. Walker, Rochester; Mrs. W. P. Hurd, Vera; Mrs. Elwood Hackney, Knox City; Mrs. W. H. Stoker, Truscott; Mrs. Hugh Rogers, Knox City; Mrs. W. E. Swearingen and baby, Knox City; Mrs. J. D. Kenington and baby, Knox City; Guy Bradley, Knox City; Mrs. G. W. Hall, Benjamin; T. C. Clarey, Knox City; Mrs. Emma Collom, Aspermont; Mrs. Walter Bevers, Munday; Bernice Webber, Munday; Mrs. J. W. Hamm, Knox City.

Births:

Mr. and Mrs. H. B. Hearn, Rochester, a girl.
Mr. and Mrs. J. D. Kenington Knox City, a boy.
Mr. and Mrs. W. E. Swearingen, Knox City, a boy.

Deaths:

Mrs. A. C. Tackitt, Knox City.

Last Rites For W. M. Melton Are Held At Haskell

W. M. Melton, well known Haskell man and father to E. H. Melton of Goree, passed away at the family home in Haskell on Friday, September 19. He had been in failing health for several years.

Born at San Augustine on October 6, 1867, William Mansfield Melton was 84 years, 11 months and 13 days of age. He was married to Miss Marsha Cole of Cameron, Texas, on April 19, 1893. They had resided in Haskell County for 24 years.

Surviving him are his wife of Haskell; five sons and four daughters, who are: E. H. Melton of Goree, Willard Melton of Lovington, N. M.; Wilburn Melton of Cisco, W. A. Melton of Telachapi, Calif.; S. L. Melton of San Bernardino, Calif.; Mrs. Aletha Pillans of Winkler, Mrs. Katie Wolf of Haskell, Mrs. Flora Larkin of Nimrod, and Mrs. Nora Phillips of Rising Star. Oether survivors include 48 grandchildren and 47 great grandchildren.

Funeral services were held from the East Side Baptist Church in Haskell at five o'clock Saturday afternoon, conducted by Rev. George Ivy and Rev. Bill Austin. Burial was in Willow Cemetery in Haskell.

Pallbearers were Preston Strickland, J. W. and William Greenwood, T. W. Barton, Bill Cloud and Wayne Melton.

Goree And Munday Methodist Men To Meet Jointly

Methodist Men of Munday will be guests of the Goree Methodist Men in a special meeting on Monday, September 29, at the Goree Methodist Church.

The Goree club is preparing a big feed for the occasion, and Ray Nichols of Vernon, president of the General Board of Lay Activities, will be the principal speaker. Mr. Nichols is a well known and forceful speaker, and all men of these two churches will profit by hearing him.

The meeting will take place of the regular meeting of the Munday club, and the local club is planning to have the men of the Goree club as their guests in the near future.

L. B. Patterson and other members of the committee who have been working on securing the labor reception center for Munday reported this week that the center has been completed. The first public event held at the center was the 4-H Club Swine Show last Saturday.

The center consists of a shed 40x112 feet, which will give transient laborers protection during inclement weather. Other facilities include a hamburger stand, an office for a member of the Texas Employment Commission when stationed here, and bath facilities for both men and women.

The center is located about a block east of West Texas Utilities Company's office.

The committee expressed the desire to have all persons who contributed toward securing the center, as well as all others interested, to drive by and inspect the facilities. "We still owe some money on its construction," Mr. Patterson said, "but when another good crop is in prospect we expect to make another drive and clear up this indebtedness."

A representative of the Texas Employment Commission was here the first of this week and will be here at various times during this fall. He assured local farmers that plenty of laborers would be coming this way next week.

Anyone wishing to secure laborers is requested to contact him at the C. D. A. office. Due to the short crop, he thought it was not advisable to station a representative at the reception center this fall.

TEXAS EMPLOYMENT COMMISSION ASSISTING FARMERS OF THIS AREA

M. S. Demanche, representative of the Texas Employment Commission in the Wichita Falls district, is now in this area, assisting farmers in obtaining cotton pulling crews and using the new labor reception center.

Mr. Demanche stated his office is located with the Community Development Association.

Rochester Next On Schedule For Munday's Moguls

Munday's Moguls will go to Rochester next Friday night for their annual encounter with the Rochester Steers and their third non-conference football game of the season.

Annexing one win and suffering a severe trouncing in games this far, the Moguls will be seeking another game for the win column Friday night. Although the two teams play in different class brackets, the Steer-Mogul tilt has always proven one of interest in years past.

Coach Leverett and Coach Pestole are giving the boys another week of stiff workouts and strenuous scrimmages in preparing them for Friday night's game and for the conference tilts that are to follow. However, the Moguls will not enter the conference play until October 24, when they go to Albany.

A large number of rooting Mogul fans are expected to accompany the team to Rochester Friday night.

Mrs. Peysen Meets With 4-H Club Girls

Mrs. John Peysen met with the 4-H Club girls at the school building on Tuesday, Sept. 23. Forty-seven girls enrolled and officers were elected. They are as follows: President, Jimmie Del Peysen; Vice President, Sharon Cypert; Reporter, Judy Boggs; Treasurer, Donna Kay Partridge. Mrs. Peysen will continue to meet with the girls until a Home Demonstration agent is obtained.

Meetings will be every second Tuesday.

ENROLL IN COLLEGE

Students from Munday who entered N. T. S. T. C. in Denton for this term are Robert Perry Gaines, James Amerson, Perry Reeves, Kenneth Stubblefield, Don Guffey, Ann Nelson and Shirley Yost.

BURYING THE ISSUE

A number of highly placed government officials have been forecasting that prices may soon start soaring again. This, they say, is the fault of Congress, which heavily cut OPS' operating budget and made some changes in the price control laws in order to limit OPS' powers. And it is quite obvious that these officials would like nothing more than another dose of runaway inflation—on the theory that this would assure the indefinite continuance of price controls and create a multitude of jobs and votes.

On the other hand, a few top men take a different view. Thus, Secretary of Commerce Sawyer recently said that "major price increases are not indicated for the balance of this year."

In any event—and regardless of whether prices go up or down or stand still—all the talk about price levels obscures the real issue. That issue is simply this: Will we have a free, supply and demand economy that has given us living standards unparalleled anywhere else—or will we have a politically-controlled economy of the kind that has brought waste and near-bankruptcy to nation after nation?

History has proven, with unvarying regularity, that when economic freedom disappears, all the other freedoms are undermined and they too eventually disappear. If government can command the productive and distributive resources of this country, it can bend us all to its will. It can make us the subjects of the state, with no alternative save to follow orders. This is the way the road is opened to dictatorship and tyranny.

GRASS ROOTS OPINION

COATESVILLE, PA., RECORD: "We, too, are anxious to see citizens have their costs reduced, but we have yet to find a satisfactory answer to the question: 'Why should the owners of rental properties make up the only group forced to take a licking?' We might ask just what costs, which the landlords must meet, have been kept down to the figure in effect when rentals were frozen?"

CORVALLIS, ORE., GAZETTE-TIMES: "The Tax Foundation, a non-profit private organization, in a study of the extent and effects of Federal aid, points out ohw the states are getting into the habit of taxing and taxing and spending and spending, in order to take advantage of the grants from the Federal government. It's a vicious vise with the taxpayer caught fast between."

MESABI, MINN., DAILY NEWS: "Almost all of the people of the United States have an indirect stake in the success of the business and industrial concerns of the nation through ownership of life insurance policies."

"Contempt for property rights has . . . become the controlling philosophy of those who seek to alter our American climate of freedom."
 —Irving S. Olds.

OIL PROGRESS WEEK

Between October 12 and 18, Oil Progress Week will be observed on a national scale. And oil has earned that honor a hundred times over. You could fill a hefty set of books with dramatic facts about what the oil industry has accomplished. Here, to refresh your memory, are a few of them:

Less than a century ago there was but one oil-producing state—Pennsylvania. Today, thanks to the constant search for new sources by U. S. oilmen, 27 states are producers.

Half a century ago fuel for motor cars was available at only a few general stores, and the wise motorist always carried a reserve supply in cans. Now we are served by over 200,000 service stations. If you run out of gas, it's your fault.

It actually costs less to ship 2 gallons of gas from Texas to New York than to mail a postcard—which is one of the fruits of keen competition among the thousands of oil transportation companies.

Leaving out the taxes on gasoline, which have gone up and up, today's motor fuel costs about the same as in 1925. And two gallons do the work that used to call for three.

Certain alarmists are always forecasting ruinous crude oil shortages. Yet last year—which was a year of terrific consumption—the oilmen found two gallons of new oil for every gallon used. Today our underground supplies are at an all-time peak—four times what they were 30 years back.

Oil Progress Week isn't just a pleasant label. It accurately describes an achievement that has enriched the lives of everyone.

AUTOMOBILES AND HIGHWAYS

Almost every other Texan has an automobile. The state now ranks fourth in automobile population of the nation, with some 3,400,000 registered, according to information compiled by the Texas Good Roads Association. These automobiles, plus the trucks and buses, drive a total of more than 81 million miles a day.

At present only New York, Pennsylvania and California have more automobiles than Texas. In the last ten years this state's population has increased 20 per cent but its automobile population has increased nearly 100 per cent.

Texas now has 44,000 miles of improved highways for these automobiles to drive on. Nearly half of that amount is in the farm-to-market road system. Urban expressways total less than 100 miles, while safe four-lane highways now total approximately 1,000 miles.

If all the automobiles in Texas were lined up bumper to bumper, they would form a line 13,000 miles long.

"In the last analysis, no law will substitute for ethical standards applied as a matter of course by individuals in their daily conduct of the public business."
 —Herbert Hoover.

Knox Prairie Philosopher Tries To Get Some Government Hay; Finds There's A Big Joker In The Program

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek seems pretty badly befuddled in his letter this week. Dear editor:

I have been following the government's hay program for disaster areas pretty close, as it seemed to me to strike a new note out of Washington and to be an effective answer to the critics who contend the government has no business handing out money.

Why not hand out hay, instead, I said, and I'll admit the prospect seemed pretty good. If there's anything that stands in the way of me and my cows makin' it through the winter, it's lack of hay. For too long now the government maybe has been a little careless in the way it handed out money, whether it was to dig a Democratic water tank for a farmer or a Republican lake for a city group, but the mere handing out of hay, surely ought to stump the critics, I figured.

And since my farm out here has been a disaster area from the day I started livin on it, I figured I'd qualify for some of that government hay.

But the government service just ain't what it used to be. There's a joker in this hay program. They expect you to pay for it, in cash.

Thunder, it doesn't take fifteen telegrams between Austin and Washington to work out a program that says if I got the cash I can buy some hay. I been workin under that program for years and I don't mind sayin it rankles. It ain't practical. There have been plenty of times when

J. A.

I needed hay, all right, but in every instance I always needed cash worse.

If the government has a program where it'll arrange for me some hay strictly on a humanitarian basis, an international loan basis where the need for the loan is so great and the anguish over my starvin cows is so intense everybody is swept off his feet before thinkin of any terms for payin it back, I'll be interested, and can guarantee to do my part and furnish the hun-

BOYCE HOUSE
Lives You Love

C. C. James of Dallas wrote some lines on "The Old Cow Bell":

How dear to my heart was the sound of the cow-bell
As over the hill it came into view;
As the cows came nearer, the sound came clearer,
And mingled with voices that my boyhood knew.
As the twilight deepens and the stars sing together,
While the moonbeams play o'er the scenes we love so

well.
My heart is fast turning with a constant yearning
For the familiar sound of the old cow-bell.

The old-time cow-bell,
The well-loved cow-bell,
The musical cow-bell
Which my boyhood knew.

In "Coastal Cattleman", "the Debunker" has this to say:
"Placing a rope in a circle around you as you sleep in the open at night has no effect whatsoever on snakes. They will climb over it just as though it was a root or any other object in their path. This belief has been popular among men who were forced to sleep in the open during long trips across the country with cattle and no doubt offered quite a bit of consolation if not protection. It has also been a popular belief that centipedes

COMING YOUR WAY

Using only fingertip pressure, Cindy Cameron illustrates the steering ease of the 1952 Chrysler. Any driver can do this, even with the car standing still, thanks to full-time power steering. The secret by which hydraulic pressure takes the work out of steering plus many other engineering marvels are demonstrated in Chrysler Corporation's entirely new \$1,000,000 "New Worlds in Engineering" exhibition which opens in Dallas at the State Fair of Texas October 4.

LOCALS

Mrs. J. E. Ewing of Mt. Carmel, Ill.; Mrs. H. C. Bowen, Mrs. O. U. Gaither and Mr. and Mrs. N. C. Bowen, all of Ada, Okla.; and Mrs. C. G. Jennings of Sulphur, Okla., visited in the homes of Mr. and Mrs. J. W. Gaither and Mr. and Mrs. W. E. McNeill and other relatives recently.

Mr. and Mrs. L. D. Jones and son, Larry, of Monahans, and Mr. and Mrs. Wayne Sims and family of Paducah visited in the home of their mother, Mrs. Lulu Jones, and sister, Ina Mae, over the week end.

Mr. and Mrs. Dorris Tuggle and son of Cotton Center visited their parents, Mr. and Mrs. Ben Tuggle and Mr. and Mrs. T. H. Armstrong, over the week end.

George Elland visited relatives here a few hours last Saturday enroute to his home in Lamesa from a visit in East Texas.

Mr. and Mrs. L. B. White of Rule were Sunday guests in the home of their daughter, Mrs. Charlie Haynie, Jr., and family.

Mr. and Mrs. Bob Jarvis visited relatives in Newcastle over the week end.

on the same plant stool. The grain is shriveled or is entirely absent. The base of the stems are usually dark in color and the diseased plants may be easily pulled from the soil. The root system often regains in the ground because the plants break at the decaying crown.

Seed treatment is not the entire answer for controlling this disease but is an aid. Since the disease fungus may live in the soil for several years, crop rotation and late planting are practices recommended by Norton as further aids to controlling foot rot and certain seedling blights.

The cost of seed treating materials is small when considered on a bushel or acre basis. Norton says several good compounds are readily available for doing the seed treating job. He urges farmers to follow closely the directions printed on the containers and to use care when doing the treating job because the materials are mostly poisonous.

He reports that out of 54,000 carloads of Texas wheat shipped last year one was graded as smutty. This is a fine record, the need for continuing small but, he adds, it does not remove grain planting seed treatment cheap and is always good in program. Seed treatment is insurance for a more profitable crop.

Mr. and Mrs. F. L. Bowley and Mr. and Mrs. A. E. Bowley attended a family reunion of the Minton family at Brownwood, Lake last Saturday and Sunday. About fifty relatives gathered

From where I sit ... by Joe Marsh

No Longer Two Sides to This Question!

Ever seen those two-family houses they have in some places—with separate front doors and porches—side by side? My sister owns half of one and lives in it, near Philadelphia.

Nice little frame home. Only Sis painted her half brown and the other family always painted theirs green. Ruined the effect—but for years neither family ever thought of suggesting that they both decide on a common shade.

Now Sis writes that their two-toned home is no longer. "I mentioned we were going to repaint,"

she says. "And they said let's get a color we all like. So we did. A nice shade of gray for both sides."

From where I sit, so often when there's a difference of opinion it's best to sit right down and work things out (like when our volunteer firemen decided to serve both lemonade and beer at their annual picnic last month). Don't let prejudices "color" your opinion of your neighbor. He'll probably be quite as open-minded as you are.

Joe Marsh

Treating Of Planting Seed Said To Be Cheap Insurance For Farmer

Treating planting seed is not something new. More than 2,000 years ago farmers were told to soak planting seed in wine. In 1604 a shipwreck off the coast of England led to one of the big advances in small grain seed treatment. The damaged grain was unfit for making flour but was used for planting purposes. Farmers who planted the sea water saturated seed found their crops to be fairly free of smut. This

led to the use of brine for treating wheat seed.

Today there are chemicals made especially for the treatment of small grain seed and according to Don Norton, plant pathologist of the Texas A. & M. College System, when these materials are properly used, losses from most small grain smuts can be practically eliminated. Stinking smut is always a threat to the wheat crop and it along with the loose and covered smuts of oats and covered smut of barley can be controlled by proper seed treatment. Still another insurance feature of treating planting seed is the reduction in seed decay and seedling blight.

During the past few years, a disease called dry-land foot rot of wheat has become economically important. In some areas of the Rolling Plains last year, up to 50 per cent of the wheat plants were affected. In the infested fields, the disease can be detected before harvest in the form of green and white heads

What about Women in Politics?

Just about every politician is out gallantly courting the ladies today. Fact is, woman's political power is here to stay!

For one reason, Mrs. America has more time to work for affairs of state and nation. "Woman's work" now gets done in far fewer hours, thanks to low-cost electric service. Right now—all over this country—electricity is helping wash the laundry... iron the clothes... vacuum the rugs... brew the coffee... toast the bread... taking the work out of housework!

Think, for a moment, how much comfort, convenience, pleasure and leisure time electricity gives YOU! Compare how much it does with how little it costs! Bet your vote for the Biggest Bargain in the Family Budget goes for dependable electric service!

Munday H. D. Club Meets Wednesday With Mrs. Lain

"What a Man Does Does for His Community"

The Munday Times

Published Every Thursday at the home of Mrs. Fred Lain with the president, Mrs. John Peysen presiding. Members answered roll call by giving a household hint.

After the business meeting, Mrs. E. J. Cude gave a talk on etiquette, and Mrs. Peysen reported on her meeting with the 4-H Club girls.

The club voted to sponsor a talent show with Dixie Boy Johnson as master of ceremonies. Those wishing to enter the talent contest are to contact Mrs. Peysen. Date of the show will be announced later.

The club is also sponsoring the girls 4-H project, and will give prizes in various club activities. A short talk on qualifications of an officer and the procedure in electing them was given by Mrs. Joe Patterson. Budget and made some changes in the budget and made some changes in the laws in order to limit OPS' power. It is quite obvious that these officials are more than another dose of medicine on the theory that this would insure indefinite continuance of price controls. On the other hand, a few top men in the present view. Thus, Secretary of Commerce recently said that "major price not indicated for the balance of this year." In any event—and regardless of what the news goes up or down or stand still—about price levels obscures the real issue is simply this: Will we have a demand economy that has given standards unparalleled anywhere else? that has brought waste and near-barrage after nation?

History has proven, with unvarying that when economic freedom disappears, other freedoms are undermined and eventually disappear. If government mand the productive and distribution of this country. It can be used to make us the subjects of an alternative save to follow orders. way the road is opened to dictatorship.

BURYING THE ISSUE

A number of highly placed officials have been forecasting that start soaring again. This, they say, of Congress, which heavily cut budget and made some changes in the budget and made some changes in the laws in order to limit OPS' power. It is quite obvious that these officials are more than another dose of medicine on the theory that this would insure indefinite continuance of price controls. On the other hand, a few top men in the present view. Thus, Secretary of Commerce recently said that "major price not indicated for the balance of this year." In any event—and regardless of what the news goes up or down or stand still—about price levels obscures the real issue is simply this: Will we have a demand economy that has given standards unparalleled anywhere else? that has brought waste and near-barrage after nation?

History has proven, with unvarying that when economic freedom disappears, other freedoms are undermined and eventually disappear. If government mand the productive and distribution of this country. It can be used to make us the subjects of an alternative save to follow orders. way the road is opened to dictatorship.

Earline Crumpton And Bob Howell Marry Sept. 20th

The marriage of Miss Earline Crumpton to Bob Howell was solemnized at 3:00 p. m. Saturday, September 20 in Texarkana. Following the ceremony the couple spent a few days in Shreveport, La., and are now visiting relatives here.

Mrs. Howell is a graduate of Munday High School and attended N. T. S. T. C. in Denton for three years. Bob is also a graduate of Munday High and attended Midwestern. He is now serving in the U. S. Navy.

The couple will leave Oct. 1 for San Francisco to await further orders from the Navy.

P-TA members Greet Faculty In Opening Session

"It is well at the beginning to reaffirm our convictions that what we are doing is worth while," declared P-TA President Mrs. John Porter at the opening session of the organization last Thursday night, when both mothers and fathers gathered to greet the 1952-53 faculty.

Avowing further that the purposes of the organization are to promote the welfare of youth and to make the relationship between the school and the home one that will secure for every child the highest advantages of his training, Mrs. Porter earnestly outlined the plans for the year and the objectives to be attained.

In welcoming the teachers, Mrs. Porter expressed the desire of the parents to cooperate with the school and to acquaint themselves with newer methods and curriculum in the school and what the school is trying to accomplish. "A great deal can be accomplished through an alliance of parents and teachers, which cannot be done by either alone," declared the president.

New faculty members were introduced by Supt. W. C. Cox, following which the officers of the P-TA were presented to the group who in turn presented their committees with an outline of their duties.

The meeting was adjourned and the membership was invited to remain for a social hour. Refreshment tables were arranged in the rear of the auditorium where the hospitality committee composed of Mrs. Travis Lee Mrs. Fred Broach, Jr., and Mrs. A. L. Smith served colorful punch and cake to the group. The tables were beautifully appointed with autumn flowers in the school colors.

Family Reunion Is Held On Friday At Knox City Park

A picnic and family reunion combination was held at the Knox City Park in Knox City last Friday night. The children enjoyed themselves on the play ground while the old folks visited.

Among those present were Mrs. J. B. Jones of Abilene; Mr. and Mrs. G. D. McCarty of Knox City; Walton McCarty of San Antonio; Mr. and Mrs. L. L. Davis of Fort Stockton; Mr. and Mrs. J. W. Smith of Knox City and Mr. and Mrs. Carl Davis and children of Munday.

A. L. (Cotton) Smith was in Shawnee, Okla., the first of this week visiting his brother, O. N. Smith, and attending to business matters.

Mr. and Mrs. Jot Tynes and children, Davy and Judy, of Big Spring visited relatives here over the week end.

Mrs. C. P. Baker was a visitor in Dallas a few days last week.

See You In Church Sunday

Activities of The Colored People

The members of the C. M. E. Church are welcoming their new pastor, Rev. Stansbury.

Saturday night will be the first in a series of "Fun Night" activities for the teen age children. Games and refreshments will be part of the program.

The P-T. A. will hold its regular meeting on Thursday night. All parents are urged to be present.

The school wishes to express its appreciation to Mrs. C. P. Baker for the magazines received last week.

Mrs. S. L. Sanders and Mrs. Aline Johnson wish to thank the C. D. A. for their contribution to the Abilene District meeting, which convened here at the Church of God in Christ last week.

We did appreciate the presence of Mrs. E. E. Lowe, Mrs. J. C. Borden and Mrs. Bruce Burnett. They brought wholesome information to us. The Lord's Prayer was beautifully taught by Mrs. Burnett.

Lois Whaley Circle Meets Monday In Winchester Home

The Lois Whaley Circle, a division of the W. M. U., met in the home of Mr. and Mrs. Sidney Winchester last Tuesday night, Sept. 23. Mrs. Gollehon served as chairman.

The group sang several songs and then played 84 for entertainment.

Refreshments were served to the following: Mr. and Mrs. Dewey Melton and Edward; Mr. and Mrs. Curtis Gollehon; Mr. and Mrs. Gus Brown; Mr. and Mrs. J. O. Bowden; Mr. and Mrs. R. F. Suggs; Mr. and Mrs. M. H. Reeves; Rev. and Mrs. H. A. Polnac; Mr. and Mrs. Clyde Hendrix; Mr. and Mrs. E. H. Nelson and Mrs. C. R. Parker.

Goree News Items

Rev. and Mrs. S. E. Stevenson visited their daughter, Mrs. Rex Allen and family in Throckmorton last Wednesday.

Mr. and Mrs. Champ N. Faris spent the week end with his sister, Mrs. H. D. Arnold.

J. J. Roberts returned home Monday from Memphis and Vega where he visited his sons, Evan and Norman Roberts, and their families.

Mr. and Mrs. Loy McElhannon of Harlingen have been visiting his mother, Mrs. L. D. McElhannon, the past week.

Mrs. Martha Manley is visiting her daughter, Mrs. Bryan Walton, in Fort Worth.

Mr. and Mrs. J. T. Murdock returned home Tuesday from a trip to California to see their son, Mackey, who is in the U. S. Navy.

Mrs. Lessie Jackson spent last week in Fort Worth and Azle visiting her children.

Mr. and Mrs. S. M. True of Plainview were Goree visitors Friday. They were enroute home from Dallas.

Mrs. Lela Mae Flowers of Weatherford, who spent several days in the Knox County Hospital, is recuperating in the home of her sister, Mrs. A. L. Hord. Other visitors in the Hord home this week were Mr. and Mrs. R. E. Lusk of Haskell.

Mr. and Mrs. L. L. Atkinson and Mr. and Mrs. William Atkinson visited Mr. and Mrs. Charles Atkinson and Mr. and Mrs. Hershel Smith in Borger during the week end and attended the football game between Phillips and Brownfield.

Mrs. S. A. Murdock of Dallas visited in the home of her son, J. T. Murdock and family, the first of the week.

Mrs. Carrie Courtney of Pittsburgh, Penn. is visiting in the home of her brother, C. E. Has-

kin and family. Mrs. G. D. Jones is spending a few days with her daughter, Mrs. Vernon Ray and family, in Post.

Miss Mozelle Vandiver is spending her two weeks vacation with homefolks.

Mrs. Atis Waddell and Debra are visiting her parents, Mr. and Mrs. Coty West, this week.

Joe Hastey, who is in school in Lubbock, spent the week end with his mother, Mrs. Easter Hastey.

Mr. and Mrs. J. C. Watson, who are living temporarily in Brownfield, spent the week end with Mr. and Mrs. J. M. Watson.

Little Brenda Sue Denham returned to her home in Amarillo Sunday with her mother after spending two weeks with her grandparents, Mr. and Mrs. G. O. Denham. Her father, Glen Denham, is in the Navy at San Diego, Calif.

Mr. and Mrs. Joe Hammons of Newcastle are spending a few days with his brother and her sister, Mr. and Mrs. J. M. Hammons.

Mr. and Mrs. Rube Taylor and Mr. and Mrs. T. J. Taylor and children of Throckmorton visited Mr. and Mrs. J. M. Hammons last Sunday.

BENJAMIN SOROSIS CLUB HELDS FIRST MEETING

The Benjamin Sorosis Club met for the first time after summer vacation, September 11th. A luncheon was served to sixteen members and one guest. After luncheon, the meeting was called to order by the new president, Mrs. Jack Barker. She reported the things being emphasized for the year's program by the National Federation of Women's Clubs, Mrs. Ernest Allen, Yearbook Chairman, introduced the club's programs for the year. Mrs. Wallace Glenn, Club treasurer, gave a financial report for the beginning of the year. The meeting was adjourned. The next meeting will be held September 25th.

Miss Caruth Barnett, who is a student in Abilene Christian College in Abilene, spent the week end with her parents, Minister and Mrs. J. B. Barnett.

POLIO TREATMENT—Danny Rodriguez, 5, of Dallas, is one of hundreds of Texas youngsters stricken this summer by infantile paralysis. Danny is shown receiving muscle-loosening treatment in a \$5,000, stainless steel tub at Texas Scottish Rite Hospital for Crippled Children, at Dallas. The hospital is supported by donations from generous Texans and, since 1923, it has treated 2,600 young polio victims from all over the state.

Carl Davis, who is employed in Fort Stockton visited his wife and children and Mrs. Walter Harris last week.

Mr. and Mrs. J. C. Borden and Mr. and Mrs. R. D. Atkinson spent Sunday and Monday on the Plains.

Mrs. Coy Tuggle and Mrs. Lush Jungman were business visitors in Wichita Falls last Monday.

Mr. and Mrs. E. L. Ford of Tulsa were week end guests in the home of Mr. and Mrs. W. E. Braly.

Mr. and Mrs. Marshall Benner and son are visiting relatives in Waco this week.

Mr. and Mrs. Keith Burnison were visitors in Wichita Falls last Monday.

Mrs. J. D. Crockett visited friends in Rule last Thursday.

Bill Hardage of Vernon visited friends here last Sunday.

Weekly Health LETTER

Issued by Dr. Geo. W. Cox
M. D., State Health Officer
of Texas

AUSTIN—Every school should have a definite school health program. Situations such as, the kind of drinking water, arrangements for the school lunch, the lighting, seating, ventilation and cleanliness of the schoolroom, and the personal practices of the teachers and children are the basis of the school health program, said Dr. Geo. W. Cox, State Health Officer.

Every school has tremendous opportunities to promote the health of its pupils and of its community. From early childhood to early manhood and womanhood, most children are enrolled in school and are under the supervision of school staffs for a substantial part of the day for approximately half the days of the year. The conditions under which they live in school, the help which they are given in solving their health problems, the ideals of individual and community health which they are taught and the information and understanding that they acquire of themselves are factors which operate to develop attitudes and behavior conducive to healthy, happy and successful living.

School alone, however, cannot enable children to attain all the desirable goals of individual and community health. Considering the magnitude and multitude of the diverse and continuing efforts that must be made to satisfy the health needs of children many people and groups in addition to schools and health departments, should be interested in promoting health.

Parents have a prime responsibility. Physicians, dentists, nurses, social and welfare workers, organizations, such as medical, dental, nursing societies, and voluntary health agencies should all lend their support to local and state health departments in their effort to secure better health not only for school children but the community as a whole.

NOTICE—Gravel, \$3 per yard; driveway gravel, \$2 per yard; dirt, \$1 per yard; delivered in Munday. Rock for irrigation wells, \$8 per yard delivered or \$7 per yard at my home. Phone 2191, A. E. (Sappy) Bowley. 5-tfc

Mr. and Mrs. Rhodes Allen and Mr. and Mrs. Lee Patterson attended the Texas Tech-West Texas State football game at Lubbock last Sunday.

Mr. and Mrs. E. W. White and Mr. and Mrs. Mart Russell of Seymour were Sunday guests in the home of Mr. and Mrs. John Nixon.

EILAND'S Drug Store

"It's built like the big ones"

—that's why a GMC pickup will last longer, cost less to maintain!

WHEN the big GMC over-the-highway truck and the small pickup, shown above, are loaded to capacity—there's 30,000 pounds difference in their weights.

Yet they are alike in a lot of important ways that make GMC light trucks tops in all-around service!

For GMC is the ONLY pickup truck with all five of the important features which most manufacturers reserve for their bigger, "heavy duty" vehicles.

They are: Tocco-Hardened crankshafts, full-floating piston pins, airplane-type main and rod bearings, rifle-drilled connecting rods and full-pressure lubrication all the way to the piston pins—things that increase the life of any truck.

But that's not all. We'll be glad to demonstrate how other features like "pillow action" springs and recirculating ball-bearing steering give GMC's a real "passenger-car ride." Come in and see firsthand the fine features that make GMC today's top buy in pickup, panel and stake rack trucks!

Stop Taking Harsh Drugs for Constipation

End Chronic Dosing! Regain Normal Regularity This All-Vegetable Way!

Taking harsh drugs for constipation can punish you brutally! Their cramps and griping disrupt normal bowel action, make you feel in need of repeated dosing.

When you occasionally feel constipated, get gentle but sure relief. Take Dr. Caldwell's Senna Laxative contained in Syrup Pepsin. It's all-vegetable. No salts, no harsh drugs. Dr. Caldwell's contains an extract of Senna, oldest and one of the finest natural laxatives known to medicine.

Dr. Caldwell's Senna Laxative tastes good, acts mildly, brings thorough relief comfortably. Helps you get regular, ends chronic dosing. Even relieves stomach sourness that constipation often brings.

Greeting:
Arthur McGaughy, Administrator of the Estate of Mrs. A. E. Henderson, Deceased, having filed in our County Court his Final Account of the condition of the Estate of said Mrs. A. E. Henderson, Deceased, numbered 763 on the Probate Docket of Knox County, together with an application to be discharged from said Administration.

You Are Hereby Commanded, That by publication of this Writ one time and said publication shall be not less than ten days before the return day hereof, October 6, 1952, in a newspaper printed in the County of Knox you give due notice to all persons interested in the Account for Final Settlement of said Estate, to appear and contest the same if they see proper to do so, on Monday, the 6th day of October, A. D., 1952, at the Court House of said County, in Benjamin, Texas, when said Account and Application will be acted upon by said Court.

Given under my hand and seal of said Court, at my office in the City of Benjamin, Texas, this 23rd day of September, A. D., 1952.

M. T. CHAMBERLAIN,
Clerk, County Court, Knox County.

I hereby certify that the above and foregoing is a true and correct copy of the Original Writ now in my hands.

H. T. MELTON,
Sheriff, Knox County,
By J. C. HILL, Deputy. Itc

Mr. and Mrs. G. P. Stephens of Winslow, Ariz., are visiting relatives and friends here this week.

Farm Bureau Wages Fight For Road Bond Money

Texas Farm Bureau Federation, working in cooperation with other groups such as County Judges and Commissioners Association and Rural Letter Carriers, "saved" millions of dollars for rural road building purposes in Texas for the years 1951 and 1953, through a vigilant active program of work carried on while the 1951 State Legislature was in session, according to Ancel Waldrip of Knox City, president of the Knox County Farm Bureau.

Legislation was introduced, Waldrip said, that would have taken from the counties every penny of the road bond assumption money, which is expended by the Commissioners Courts in the counties, and would have discontinued the appropriation provided under the Colson-Briscoe Act, which is used by the State Highway Department to build farm-to-market roads. The movement led by the Farm Bureau specifically saved \$7,300,000 Colson-Briscoe funds.

Lets' see what this means to Knox County, the farm leader said. "We will get \$22,878.49 road bond assumption money in 1952, again in 1953. We will get 4.6 miles of farm-to-market roads each of these years, built with Colson-Briscoe funds. Conservatively speaking, it costs about \$10,000 a mile to build these farm-to-market roads, and this will mean about \$46,672.12 a year that this county will receive from this source.

"If these groups had fought the battle that saved this road money, it would have been necessary to raise taxes in Knox County to build the roads, if we had any roads built," Waldrip declared.

Certain groups have an eye on this road money and another fight will be waged in the next legislature if this money is retained for rural roads, Waldrip predicted.

Lennie Kuehler and Dee Clough visited Mark Wadzeck in the Hendricks Memorial Hospital in Abilene last Sunday.

Mrs. Mary Welch of Fort Worth visited her mother, Mrs. F. T. Jarvis, and other relatives here over the week end.

Mr. and Mrs. O. H. Spann, Jr., spent several days the first of this week in Borger visiting friends and attending to business matters.

CARD OF THANKS
To each and everyone who visited me, sent flowers, cards and gifts while I was ill. I wish to give my sincere thanks.
Mrs. Walter Coody. Itc

Make Your Own Workbench!

EVERYBODY'S doing it nowadays—home repairs and general fix-up, that is. Every home craftsman needs working space for these endeavors. The minimum space required is a workbench. If there's a workshop, it's usually built around the bench.

Project No. 1 for the home craftsman is a workbench—if he has none or the old one is inadequate. Illustrated is a sturdy model which he can build from a free plan. This bench is 26 1/2 wide and may be up to 6 feet long. It has two closed compartments and four roomy drawers.

Much of the bench's sturdiness (it will last for years and years) is due to the Tempered Preswood used for the working surface and for covering the lumber framing. Even the doors and the drawer bottoms utilize this extremely dense, durable material. Tempered Preswood was used in World War II as parts of America's speedy and deadly PT boats. Workbenches in thousands of industrial plants are covered with this versatile exploded-wood product.

To obtain free plans and step-by-step directions for making this workbench, simply mail a postal to Home Service Bureau, Suite 2039, 111 West Washington St., Chicago 7, and request a copy of the Hall workbench.

Miss Patsy Morrow, who is attending Hardin-Simmons University in Abilene, visited her mother, Mrs. Freddie Morrow, and other relatives over the week end.

Mr. Chalmer Hobert, who underwent surgery in the Bethania Hospital in Wichita Falls the first of last week returned home Sunday, and is reported to be doing fine.

William Hertel left last Thursday for Austin where he enrolled at the St. Edwards University for his senior year.

Gerald Morrow, who is a student at Midwestern University in Wichita Falls, visited relatives here last week end.

Mr. and Mrs. Lonnie Offutt and children visited in Dallas over the week end.

Mrs. Donald Hobert and Linda, visited relatives in Menard over the week end.

LOCALS

Mr. and Mrs. J. P. Smith of Knox City and Tommie Proffitt and Clifford Straw took Mrs. Sybil Haga to Garland to make her home recently. They visited their sisters, Mr. and Mrs. J. T. Barnett and his parents, the Barnetts of Garland and Mr. and Mrs. Bill Fuller of Arlington.

Terry Harrison spent the week end in Ozona visiting his father, J. E. L. Harrison, who underwent surgery last week.

Andy Brown of Big Spring visited during the week end.

Arthur Proffitt visited his brother, Mr. and Mrs. Jim Proffitt, and sisters, Mr. and Mrs. J. Smith of Munday, and Mr. and Mrs. George Crouch and Mr. and Mrs. Den Donoho of Goree, recently.

P. W. Albus, John Albus, Adrian Albus, Mrs. Frances Albus and Mrs. A. J. Kuehler visited with Lawrence Albus in the Lubbock Hospital last Sunday.

Mr. and Mrs. Walter Plunkett of Alvarado visited in the home of Mr. and Mrs. Worth Gafford last Sunday.

Mr. and Mrs. Levi Bowden and sons visited relatives in Megarale last Tuesday.

Mr. and Mrs. H. A. Pendleton, Jr., and son, H. A. Pendleton, III, of Wichita Falls visited his parents, Mr. and Mrs. H. A. Pendleton, Sr., and other relatives here over the week end.

TEXAS-BORN IKE . . . a man of integrity

He Is the Choice of Texas Democrats for President!

Texas Democrats for Eisenhower!
That is the rallying cry of Texans who believe in the traditions and time-honored principles of the Democratic Party—but NOT in the policies and practices of Trumanism.

We are the Texas Democrats who have studied the candidates and platforms of the two major parties and are ready to announce: "We like Ike!"

We are the Texas Democrats who feel that best interests of our party, our state and our nation would NOT be served by another four years of Trumanism.

We are the Texas Democrats who stand ready to carry out the mandate of the State Democratic Convention which on September 9, 1952, resolved: "It is the recommendation of the Convention that every Democrat in Texas vote and work for the election of Dwight D. Eisenhower for President and Richard Nixon for Vice President."

If you, as a Democrat, feel as we do—join us! Be a Texan—not a Trumanite . . . Vote Ike!

TEXAS DEMOCRATS FOR EISENHOWER

I am a Texas Democrat for Eisenhower, and I want to work in my community to elect him. Please send me further information.

TEXAS DROUGHT RELIEF
The drought of 1952 will be remembered by Texas farmers as one of the most devastating that ever hit the state. In early July, it became apparent that the production of some of the state's major crops would be considerably cut unless rains were received. The saving rain failed to appear and not only did crops suffer, but livestock as well, particularly in West Texas.

The immediate result has been the ruin of more than 2,000 small stock farmers and ranchers. Unless rains are received, and effective measures taken, many thousands more of the smaller operators will be wiped out. One of the steps taken by the Texas Commissioners of Agriculture was the joint appeal

with state officials for emergency relief from the federal government. Consequently, something under 100 counties, principally in the western sector of the state, have been declared a disaster area.

A program has now been developed which will make hay available at reasonable prices in order to encourage farmers and ranchmen to retain livestock which would otherwise be uneconomical. State and county agricultural mobilization committees have been delegated the responsibility for the overall policy on this aid. State and County PMA Committees also will be responsible for operation of the program. Purchases and shipment of the hay to stricken areas will be by the Commodity Credit Corporation. Farmers and ranchers may

People, Spots In The News

NEW "Snorkel" fountain pen has tiny retractable tube that thrusts out to drink in ink so not even point needs to be dipped. Sheaffer calls it first "mess-proof" pen; no wiper, no blotter needed.

BACK on job after serious abdominal operation, Gen. Hoyt Vandenberg, air force chief, greets crowd at Washington airport.

HIGHWAY leapfrog game took place near North Bend, Wash., when chain broke and tumbled load of logs across road. Despite the traffic tiddley-winks, no one was injured seriously.

LET'S TALK LIVESTOCK BY TED GOULDY

FOR WORTH—Considerably smaller supplies of livestock arrived at Fort Worth and at the Nation's 12 major public markets as the mid-September market opened Monday. Highly uneven prices were in evidence, with the trend steady to stronger on most cattle and calves with some sales 50c higher. Cows sold fully 50 cents, spots \$1 higher. Other classes of cattle and calves, including stockers, were getting a bit better action than was evident in the dull close of a week earlier. Hogs opened the week with a 25-cent advance and topped at \$19.75. Sows were steady at \$5 to \$17.

Sheep and lambs were generally steady, the kinds considered. High quality and highly finished kinds were very scarce, or absent.

In seeking reasons for the recent drop of prices, the trade believes:

Persistent refusal of normal demand for stockers and feeders to develop has been a tremendous factor in the slumping cattle and calf trade. However, packers again pointed to sharp reductions of wholesale prices of most kinds of calf meat and reiterated their inability to work out from under the inventories even at reduced prices. Cow beef, grasser steers and boned out beef was moving sluggishly in the meat channels because of large supplies.

Good and choice fed steers and yearlings drew \$24 to \$30. Plain and medium kinds sold at \$15 to \$24, with cull yearlings \$12 to \$15. Fat cows sold from \$14.50 to \$19.50, with canners and cutters at \$10 to \$14.50. Bulls sold from \$13 to \$20.

Good and choice fat calves cleared at \$21 to \$28.25, with

common and medium sorts from \$15 to \$20, and culls at \$12 to \$14. Stocker calves ranged from \$18 to \$27.50 and stocker yearlings bulked at \$15 to \$26. Stocker heifers sold at \$24 down, stocker cows drew \$14 to \$20.

Fat lambs sold from \$20 to \$25, stocker and feeder lambs drew \$10 to \$19, and culls sold from \$8 to \$10. Fat yearling wethers sold from \$15 to \$19 and stocker yearlings sold from \$10 to \$14. Yearling ewes sold from \$17 down. Two- and three-year-old wethers sold from \$12.50 down. Old bucks sold for \$6 to \$6.50.

Hog top Monday was \$19.75, and packing sows ended the week at \$15 to \$17.

Joe Choucair spent several days last week in Dallas attending to business matters.

Mr. and Mrs. Leo Guffey and son, Don, and Mr. and Mrs. H. B. Stubblefield and son, Kenneth, visited in Denton last Sunday. The boys remained to enter North Texas State Teachers College for the fall term.

Mr. and Mrs. Zane Franklin and daughter, Laura Gladys, were Sunday guests in the home of Mr. and Mrs. Clyde Franklin in Lubbock.

buy legume hay at \$36 per ton, mixed hay at \$32, and grass hay at \$28. All foundation cattle, including dairy stock with steer calves no older than ten months and sheep, are eligible for hay at these prices. A deposit of \$5 per ton will be required with each order.

Present plans call for the delivery of hay directly from rail road cars. The county committee will arrange with local feed dealers to supervise the unloading and delivery of orders. These orders will be limited to approximately a 30-day supply for each purchaser until all eligible purchasers in the county have received a share.

The County PMA Offices in the various disaster counties will supply hay order blanks. The \$5

per ton deposit should be paid at the same time the order is filled at the PMA office.

Save Time, Effort with Easy-to-Handle Dodge Trucks!

- ▶ Dodge trucks are built for greater maneuverability, easier parking, less driver fatigue.
- ▶ Turn in tighter circles, thanks to short wheelbase and wide front tread.
- ▶ For handling ease, there's the improved steering wheel position, worm-and-roller steering gear on most models.
- ▶ Driving convenience is increased by steering column gearshift on low-tonnage models with 3-speed transmission.
- ▶ Come in for a demonstration.

Smaller turning circles! Drive a Dodge "Job-Rated" truck and find out how sharp it turns—how much easier it is to maneuver or park. Take the wheel and learn about real handling ease! See your dealer.

Pulling Power! 5-speed transmission offered on 2-ton, most 1½-ton models. 4-speed standard on 1½-, 2-ton models; available on ½-, ¾-, 1-ton, 3-speed Synchro-Shift standard on ½-, ¾-, 1-ton models.

Exclusive! gyrol Fluid Drive! Available on ½-, ¾-, 1-ton, and E-Series Van models. "Cushioned" power prevents shock and strain, cuts upkeep, protects your load, makes driving easier, lengthens truck life.

"...like the easy maneuverability of our Dodge trucks"

"My men ask for the Dodges first when they are loading up for a job. They seem to like the easy maneuverability of our Dodge trucks and it's no secret to any of us that they ride better.

"We're sold on Dodge 'Job-Rated' trucks because they're available in a large range of sizes and with a big selection of special equipment to fit all of our jobs—or as you people put it, they're 'Job-Rated.'"

... says **LAWRENCE LABRIOLA**, Landscape contractor, Scarsdale, N.Y.

Moguls Drop Game 40-0 Friday To The Panthers

The Munday Moguls, plainly outclassed by the Seymour Panthers, fought valiantly all the way Friday night at Seymour as the Panthers ran up a decisive 40 to 0 victory. This was the sec-

ond game of the season for both football teams. Seymour plays in District 4-AA, while the Moguls are in 8-A. Turning in good defensive games were such Mogul players as Charles Ratliff, Tommy Powell, and Gene Haynie. It was Bobby Morris of Seymour who made history for the Panthers, as this shifty back made decisive touchdown runs. The Moguls made frequent fumbles which marred their

Mr. Roy Autry, right, President of General Telephone Company of the Southwest, welcomes Mr. Walter G. Wright who assumed his new duties as Operating Vice President on September 15, 1952. Mr. Wright, prior to his recent promotion, was Chief Engineer of General Telephone Company of Michigan.

game, and kept them on the defensive a greater part of the game.

Morris opened action with less than two minutes gone in the game, scampering 62 yards off tackle with right end Porter Smith booting the first of four perfect placements.

Early in the second quarter Morris capped a 58 yard march with a nine yard drive to pay dirt with Smith making it 14-0. Moments later it was Morris again, this time from the 27 with another automatic placement by Smith upping the margin 21-0.

On the third play of the second half Quarterback Jimmy Studer passed to Smith from the Panther 30, Smith taking the heave on the Mogul 40 and racing untouched for the marker. His kick was wide.

Late in the third Halfback Collie Milligan took a handoff from Morris and tossed a running pass to left end George Boone for the tally with Smith adding the point.

Reserve tackle Leroy Keck recovered a Munday fumble on the 13 in the final period with Fullback Julius Psenick plunging over from the four. Smith's try from placement was short.

JOE LANE RETURNS FROM VET HOSPITAL

Joe Lane, who underwent surgery at the veterans hospital in McKinney two weeks ago, returned home with his wife the latter part of last week. Joe is recovering nicely, but will have three months of treatment at the hospital before being finally dismissed.

Mr. and Mrs. V. M. Gordon returned last week from a two weeks vacation in Cherryville, Kansas and a tour of Oklahoma.

Mr. and Mrs. I. V. Cook and daughter, Patsy, visited relatives and friends in Abilene over the week end. They were accompanied home Sunday by Mrs. Cook's mother, Mrs. W. F. Phillips, who had been visiting relatives in Roswell, N. M., during the summer months.

Mr. and Mrs. Charles H. Boyles of Clinton, Okla., spent Thursday and Friday with his son and family, Mr. and Mrs. Don Boyles and Jimmy.

Mr. and Mrs. A. L. Smith visited relatives in Stephenville last Sunday.

Coach Leverett Thanks Fans For Support Of Team

To the many fine and loyal fans, who followed and supported us in our game with Seymour, in which we took the worst defeat that we have ever had, we would like to take this opportunity to thank you for your words of encouragement to the team. We think football is a fine game and is worthwhile for any boy to participate in. We feel that it will make him a better citizen, better sport, and gives him a finer all around personality for having participated. We are offering no excuses or alibis for the game, we were just defeated by a better team, shown by these boys f f f w g. We are proud of the spirit and fight that was shown by these boys even after the odds were so overwhelmingly against them.

Football requires rigorous training, long hours of hard, toilsome practice, great strength of endurance, and a fighting spirit.

Many of you have offered words of encouragement during and after the game, at a time sorely needed. If you have ever played or worked when everything seemed hopeless, you know how discouraging it seemed, then add to that abusive criticism and you usually destroy what spirit a player has. Most human beings work and play better with encouragement rather than criticism.

These boys are working at the game. We would like for them to enjoy it and get something worthwhile out of it that they may carry on into life with them. Of course, we would all like to win continually, but that is seldom the case, in fact, many of us grown-ups would be financially, socially and spiritually successful. If we won all of our games in life and if we play our games in life as hard and as well as football players sometimes do.

Remember any encouragement you give them will place you in their heart as a loyal friend and supporter. We feel sure possibly other games will be lost and others will be won and that we may continue to have your support and backing in the future as we have had in the past.

—Coach Leverett.

P-TA To Sponsor School Carnival

Of interest to the many school children of Munday comes the announcement that the Halloween carnival will take place again this year after an experimental absence last year. At a call meeting last Tuesday afternoon in the school auditorium the P-TA met to hash and rehash the question of a carnival or festival as a means of raising money for unforeseen emergencies in the school, for which the school budget makes no allowances.

One of the largest gatherings of parents and teachers on record met to decide the question, and it is felt a truly representative vote was taken.

At the same time, a recommendation was presented to the group by the Executive Committee to the effect that no more than two P-TA sponsored parties requiring refreshments be given to the individual classes, and that these two parties be given at Christmas and at the end of the school year. This recommendation was voted on and unanimously carried.
