Volume 34

Munday, Knox County, Texas, September 15, 1938

Number 12

## RECORD CROWD EXPECTED AT FIRST SALE

### Farmers Get \$21,388.50 This Week

#### ALL-DAY SALE OF LIVESTOCK AT NEW BARN

Leased to the Ratliff Brothers; Have Auctioneer

Everything will be in readiness by Saturday night of this week for the first public sale on Tuesday, Sept. 20, in Munday's new community livestock auction center, which was sponsored and completed by the Munday Chamber of Commerce and committee members appointed by directors of Munday Chamber of Commerce of which C. R. Elliott is chairman of the board of trustees.

"We are going to have the biggest crowd of people and the finest bunch of livestock here that day that has ever been seen in this town," Mr. Elliott said. "Already more than 250 head have been booked and we want still more." A large consignment of cattle has been booked, and there will be all types of mules, horses and other livestock, to attract buyers from over the state, and many parts of Oklahoma, the officials believe.

**Leasing is Completed**  
Leasing of the barn by the board of directors to Bill and Raymond Ratliff of this city, was announced this week. The Ratliff brothers feel themselves fortunate in having secured the services of Bill White, well-known auctioneer of Sentinel, Oklahoma, and everything is getting in readiness for the gala day for livestock buyers. Mr. White is well known for his work in the auctioneering line and comes to Munday with the very best of record.

(Continued on Page Eight)

#### New Plymouth Model is Here

Reeves-Burton Motor company, local Plymouth and Dodge dealers, had on display today (Thursday) the first model of the 1939 series to be shown here. The new car is basically Plymouth, Jim Reeves states, but it bears certain refinements that are expected to increase its popularity even above that of the 1938 cars. The car on display is a four-door deluxe sedan and it features remote control gear shifting, whereby the conventional shift lever in the floor is eliminated and placed on the steering column just under the wheel; a roomier front seat as a result of the improvement, and new instrument paneling designed for safety and convenience. Chrysler Motors line of cars pioneered the flush-type method of mounting instruments and dash controls and these are all placed so as to offer comfort and the least possible hazard of injury in case of accident.

New individual wheel spring suspension is designed to give greater riding comfort and more ease of control. Wheelbase (length in inches from front hub to rear hub) has been increased over that of last year. "It is new from stem to stern," said Mr. Reeves, "and to top it all off, it is going to be cheaper this year." Models for delivery should be available in a very few days, but this one was received at 10:30 Thursday morning. Mr. Reeves invites the general public to call and inspect the new car.

#### Safety Program Is Broadcast

A new program just announced and put on the air for the first time last Sunday, will stress safety and may be heard each Sunday morning from 9:20 to 9:35. Vance Favor, highway section foreman told The Times this week. Announcements of the program, which is to be continued for nine more weeks, were being made in schools throughout the county this week and it is being urged that every student and radio listener tune in on this state-wide radio hook-up for the program. Results of safety drives are being seen in the decreasing number of highway accidents the past few months and officials are stressing safety among school children in an effort to lessen fatalities during the winter season.

**HERE TODAY**  
Miss Vida Moore, District Agent of Home Demonstration work with headquarters at A. & M. College, was a visitor in the city this morning enroute to Haskell and Stone-wall counties.

#### CHECKS GO TO 121 FARMERS OVER COUNTY

Are Among First in the State to Be Distributed

Checks for 121 Knox county farmers, totaling \$21,388.50, were received by County Agent W. W. Rice's office Wednesday, covering their adjusted cotton production subsidy for last year. They were among the first being sent out in the state, and covered applications made and forwarded to College Station only a month ago. Mr. Rice told The Times. While this amount is only a part of the \$200,000 expected on last year's crop, Mr. Rice said, it will go to farmers in practically every section of the county. Cards were mailed out to those for whom checks were received and it was believed that practically all the checks would be in the hands of the consignees by not later than Friday.

**One Check for \$1003**  
One farmer is to receive \$1003 from this lot, and several checks were made for over \$500, Mr. Rice disclosed. Coming at a pre-harvest period, this money is expected to greatly benefit those farmers who are in the midst of another crop, and, as one Munday cotton grower said, they came "just in the nick of time."

Local merchants were anticipating a busy week-end, and several announced special prices on merchandise through advertisements in this week's Times. Friday, Saturday and Monday are expected to be busy days in this city.

#### Asks Little More Patience

County Agent Rice asks that farmers not call at his office to inquire about checks unless they have received a card notifying them that a check is there for them. "It will not only delay us and cause confusion," said Mr. Rice, "because we will mail out cards immediately when any checks are received." Cards went out this week on the same day the checks were received, and the agent and his assistant were only too glad to distribute the checks at the earliest possible time. Applications, covering 3c a pound on 60 per cent of the adjusted production for last year were recently sent in and the balance of checks will be received in several consignments, in all probability, but these will be placed in the hands of the farmers at once, Mr. Rice said.

#### Church of Christ Calls Minister

Mr. Ballard has been called to the ministry of the Munday Church of Christ. Mr. Ballard preached for the local church last Sunday, and will serve the church in a full-time capacity from now on. He comes here from Apache, Okla. Services every Sunday have been announced as follows: Bible school, 10 a.m. Morning worship service, 11:00 o'clock. Evening worship service, 8:00 o'clock. The church here has just closed a very successful revival meeting and reports 19 baptisms and two restorations.

**J. E. MURPHY IMPROVING**  
Condition of J. E. Murphy, who has been seriously ill for several days, was reported this week to be greatly improved. Mr. Murphy is confined to bed at his home near the school.

#### Weather Report

Weather report for the week ending September 14, 1938, as recorded and compiled by H. P. Hill of the Munday Cotton Oil Company.

	1938	1937	1938	1937
Sept. 8	72	71	96	95
Sept. 9	72	71	98	97
Sept. 10	72	72	98	93
Sept. 11	69	69	90	92
Sept. 12	72	57	91	90
Sept. 13	74	56	95	89
Sept. 14	68	61	84	89

Rainfall this week, .92 inches. Rainfall to date this year, 23.56 inches. Rainfall to this date last year, 15.16 inches.

#### LARGE GROUP YOUNG PEOPLE OFF TO SCHOOL

Enrollment Begins This Week at Most Texas Colleges

With the beginning of school at Munday this week, a large number of graduates were making preparations to enroll in various universities and colleges for the coming year. Some had gone Monday while others are expected to leave later this week or early next week, by which time it is believed that most enrollments will be completed.

Jimmie Walker will enter the medical school of the University of Texas, located at Galveston. Mrs. Walker will accompany him and they will make their home in Galveston.

Donald Hobert left Monday for John Tarleton College at Stephenville, for his first year. His father, L. W. Hobert, accompanied him. Miss Drucilla Jones entered Hardin-Simmons University for her third year. Miss Margaret Tiner also entered Hardin-Simmons and they were accompanied there by the latter's mother, Mrs. W. V. Tiner.

Miss Gail Reynolds will leave next Monday for T.S.C.W. at Denton. Misses Wanda June Williams and Mary Moore will be enrolled in T.S.C.W., at Denton.

Miss Laverne Eiland will leave Sept. 26 for Galveston where she will enter the nurses school of the University of Texas school of medicine. Miss Eiland postponed her going away until after the first game of football to be played under Munday's new flood lights.

Jack and Rupert Williams were accompanied to A. & M. College by their father, P. V. Williams, Monday, where they will be enrolled. W. R. Moore, Jr., Hal Pendleton, D. E. Holder, Jr., M. B. Caghran and Chancey Hobert entered A. & M. College Monday.

#### Gins Turn Out 635 Bales Cotton

Munday gins had turned out 635 bales of cotton of the 1938 crop, according to a report made to the Times office at 1 p.m., Thursday.

#### County Girl to Attend State Fair

Knox county will be allowed one girl to attend the 4H club Encampment at the State Fair at Dallas, October 11-13. The State Fair of Texas furnishes, free of cost, comfortable quarters with beds and good wholesome meals, and Miss Ona Jacks of the Home Demonstration Staff of the Extension Service of A. & M. College will chaperone the girls.

Only girls between the ages of 12 and 20, who are carrying regular club work in a creditable manner under the supervision of a county home demonstration agent are eligible for the trip. The girl from Knox county has not been selected but will be announced later by Miss Nina Astin, county home demonstration agent.

#### Tries To Spend Nite; Is Jailed

Because she offered to spend the night in the home of Tom Benge, and with several other prominent families in the city, a 21-year-old woman was given lodging in the Crossbar Hotel in the city hall Monday night. The woman's offers, however, were held by police to be too insistent, since she made a practice of opening doors and going inside houses without an invitation.

Examined by two local doctors, she was held to be mentally unbalanced, but not insane or dangerous. After a conference with county officers, Police Chief J. F. Isbell turned her over to the county and she was taken to Benjamin for further observation. She was enroute from Arkansas to join her husband who is said to operate a filling station between Knox City and Benjamin.

#### VISITOR HERE

JUDGE O. C. FUNDERBURK

Among prominent out-of-town visitors in Munday last week was Judge O. C. Funderburk, associate justice of the Court of Civil Appeals, 11th district of Texas. Judge Funderburk, whose home is at Eastland, was visiting with old friends in this section and was a pleasant caller at The Times office. He was reelected without opposition this year, to the office he now holds.

#### CLAY GROVES HEADS LEGION FOR NEW YEAR

Buel Bowden Second Officer; Installation Sept. 13

Clay Groves was chosen commander of the local post No. 44, American Legion, at the regular election of officers for the new year, last Tuesday evening. Other officers elected to serve the post for the coming year are: Buel Bowden, vice commander; Ardelle Spelce, adjutant; George Hammack, chaplain; Tom Haney, service officer; R. F. Horan, sergeant-at-arms; George Keene, finance officer; Chas. Stengel, historian.

Installation of the new officers will be at the next meeting of the post on Tuesday, Oct. 11. A good attendance was reported at the meeting Tuesday and it is urged that every member be present when the officers formally take office.

J. E. Reeves, is retiring post commander, and reports a successful year, just closing.

#### SON BORN TO TIDWELLS

Mr. and Mrs. Buck Tidwell, who live nine miles north of Munday, announce the birth of an eight-pound son, at their home Tuesday evening, Sept. 13. Both mother and child are reported doing nicely.

#### VIM! VIGOR AND VITALIKY GIRLS FORM HIGH SCHOOL '38 PEP SQUAD

Coffee Shop Has New Management

Effective last Thursday, Mr. and Mrs. Roy White became the new owners and operators of the Terry Hotel Coffee Shop, which adjoins the Terry Hotel, here.

Mrs. White, formerly Miss Lila Barton, has been connected with the coffee shop for about five years under the management of her uncle, J. M. Terry, and following her marriage to Roy White, of Corpus Christi, they became associated in the management of the popular restaurant together.

Mr. White is experienced in cafe work and has been here about three weeks.

#### TERRANCE GAYNOR KENDALL

Mr. and Mrs. Gaynor Kendall, of Austin, announce the arrival of a fine boy, Terrance Gaynor, who made his appearance on Friday, Sept. 9.

This is the first grandson of Judge and Mrs. J. S. Kendall of this city.

#### MAY START WORK SOON ON KNOX CITY HIGHWAY

Grading Work Will Precede Paving at Later Date

Work is expected to begin within 30 days on the grading and drainage project on the Knox City-Munday highway, preparatory to paving later in the year, it was said in official circles here this week.

The road, which is 14 miles long, is a dirt road at present, but the state has set aside \$8,000 for drainage and grading, which is necessary before paving can be started. The highway connects principal Knox county towns besides serving a large farm-to-market area in this section.

Plans have been under way for several months to get an appropriation for paving of the strip of road and it is believed that once the roadbed is put into condition, the paving will be more easily secured.

#### Death Claims Sister of W. A. Baker, Tuesday

A message received here Tuesday announced the death, at Canyon, of Mrs. Annie McCarty, sister of W. A. Baker of this city, who had been seriously ill for about a month. Death came as a result of apoplexy which followed a two-year period of ill health.

Mrs. McCarty was born in Jasper, Alabama, August 10, 1871, and was 67 years, one month and three days of age at the time of her passing. Her husband died in 1918 and she is survived by nine children, beside her brother, and one sister, Mrs. C. B. Goodwin, of Silverton. Grandsons include C. P. Baker, Munday; Roy Baker, Knox City; Bonner Baker, of Fort Worth, who attended the funeral together, and Homer Baker of Roseburg, New Mexico.

Mrs. Baker passed away at her home in Canyon at 5 a.m., on Tuesday, Sept. 13. Funeral services and interment were held at Iowa Park at 1:30 Wednesday afternoon, conducted by the pastor of the Methodist church of that place. She has lived a long life of Christian service and was member of the Methodist church since early childhood.

#### Sustains Broken Wrist at Play

Willie Stovall, nine-year-old son of Mr. and Mrs. W. E. Stovall, suffered a broken wrist Tuesday afternoon while at play at the local grade school. He received treatment from a local physician and was able to return to his studies.

#### Here Last Week

LONNIE SMITH

Rep. Lonnie Smith, of Tarrant County, was here last week visiting friends and chatting with Grady Roberts, recently elected to the legislature from this district. Mr. Smith is vice chairman of the educational committee and has served on several special committees of the 44th and 45th legislatures. He is a graduate of Hardin-Simmons University and Texas Christian University.

#### GREAT CROWD SEES MOGULS' PRE-SHOWING

Barbecue on School Grounds Wed. Nite Attracts 250

More than 250 people gathered on the lighted grounds at the rear of the elementary school building Wednesday night to enjoy the barbecue dinner and see the pre-view showing of Munday's Moguls and the pep squad.

By eight o'clock at least 200 were present, and large numbers of football fans gathered after that hour for the occasion.

After an appetizing barbecue (with plenty of trimmings)—prepared under the direction of C. R. Elliott—Leland Hanan, who served as master of ceremonies, announced the first speaker, W. R. Moore, president of the local Lions club. Mr. Moore made an interesting and highly appreciated talk, welcoming visitors and expressing interest of the club in football. Following that, Dr. J. Horace Bass, superintendent of Munday schools, recognized a large group of out-of-town visitors.

The principal address of the evening was by Frank Kimbrough, head coach of Hardin-Simmons university football team. Mr. Kimbrough told the audience that he was no experienced speaker, but he gave his listeners some straight-from-the-shoulder facts about what to expect from the football squad. Mr. Kimbrough praised the ability and work of Munday's new coach, Billy Cooper, a personal friend of Mr. Kimbrough, and urged the fans to back the team, win or lose, because: "You aren't going to win all the games this year, and you aren't going to lose all of them, either," he reminded them.

After Mr. Kimbrough's talk the crowd assembled at the grandstand on Munday's newly-lighted football field, where the Moguls, dressed out in brand new uniforms, were introduced, and then ran through several formations and exhibitions. Munday's girl pep squad, 37-strong, gave some rousing cheers and sang to the defeat of Seymour, who will be the first rivals to Munday's New Deal in football, in that city next Friday night.

#### Implement Co. Adds Car Service

The Broach Implement company announces in this week's issue of The Times a new department in their repair shop designed to take care of automobile repairs and overhauling as well as their usual service on tractors. Joe Massey, well-known mechanic, has been placed in charge of the shop and the car repair department was under operation this week.

"What a Man Does For Himself Dies With Him—  
What He Does For His Community Lives On and On"

## WHAT IS SAFE DRIVING?

During the first six months of the year, 3,670 automobile deaths were prevented in this country! That is based on a comparison of motor vehicle deaths in the first half of 1938 as against the same period in 1937. The decline in fatalities that began last November carried through encouragingly into July.

Some of the most dangerous driving months lie ahead. Traffic during September is always heavy. And with the coming of the rains, snow and ice, plus the shorter daylight hours of fall and winter, motoring presents new and difficult hazards. There will be no time for standing still and praising past achievements in safety, until October 31 has passed, and the figures are all in.

But too much emphasis has been placed on slow driving. The emphasis should be placed on safe driving.

The mother who wrote her aviator son to fly low didn't know much about flying. Similarly those who preach slow driving as a cure-all for safety very little about how to drive.

Take the case of passing another car or an obstruction on the highway. To begin, believe it or not many people do not seem to know that the car on the side where the obstruction is must give the open side the right of way.

Just watch the car ahead of you trying to pass the car ahead of it. Not one motorist in fifty does it properly because he has never been taught how. He probably speeds up almost to the car or obstruction and jams his brakes. With the obstruction ahead he cannot see the road. Then from almost a dead stop where he has little control he pulls out into the approaching line of traffic and very often has to dodge back to keep from being hit. Sometimes he is hit.

There is positively no excuse for this kind of bad driving and it is not an exception; it is the rule. No wonder that our auto casualties in the United States every year are equal to the population of a city the size of San Angelo or Lubbock.

Have you ever watched an army convoy and noted the interval between vehicles? That is what every driver should follow.

The proper way to pass a car is from a flying start. Stay far enough behind for good visibility. Then when the coast is clear, step on the gas and shoot past as quickly as possible staying in the wrong lane of traffic the minimum of time.

That is just one of the many things the average motorist never thought about which I would teach him in a statewide campaign using newspapers, radio, and lectures in schools and churches. "Thou Shalt Not Kill" applies as much to the man with the car as the man with the gun. When a driver comes over a blind hill on the wrong side of the road and points his high-powered car at me I feel no different than if he pointed a high-powered rifle at me. Try to mix at least one unit of horse-sense with the several dozen horse-power under the hood of the car.

## THE TIE THAT BINDS

A visitor last week told us a touching story that emanated in the piney woods of East Texas. It doesn't express the sentiment of West Texas. It there is a point for everyone worth considering, in the narrative.

It concerns an aged couple, sitting around the fireplace one wintry evening, reading. Looking at the family dog and the cat lying side by side peacefully asleep, the old lady remarked:

"Look at that, pa. Why is it that those two natural enemies can live together so congenially, and we—who should be agreeable all the time—have fussed and fought for nearly 50 years? Why can't we learn a lesson from them?"

The old fellow looked up thoughtfully, for a moment, then said: "Yeah, but just try tying them together," he grimaced, "and see what happens."

This column can't tell everyone how to be well and happy. Sometimes even we are ill, and have the idea that everything is going wrong. But not for long. We realize that anyone can fuss and fight, but only comparatively few have the fortitude—and the moral strength—to face their troubles with optimism. But we believe that if every man realized how hard a woman's work is; and how she sacrifices for his comfort and the welfare of his home, he would appreciate her more; would be a great deal more tolerant of her supposed petty faults and we believe that if women kept that allure which they used to attract men in their younger days; if they smiled as prettily to hubby as they did to him as a boy-friend, he wouldn't look so often for that second time at the girl who remembers to do so.

Marriage is a give and take proposition. It is the world's only business that guarantees to repay everything that is put into it—good or bad.

## DOES NOT WANT WAR

Just a bit behind the scenes which lifts somewhat of the criticism of army men that they want to get into war. The Army does not want war and there are numerous officers just as concerned as civilians over the trend of affairs apparently leading to war. They cannot come out openly attacking the Administration policies for that just is not done without severe punishment. They are trying to keep up and be ready, if war comes, but they hope it will not come.

The people of this nation do not want war, either, but well-informed citizens and public officials recognize the danger in being unprepared for war. There have always been nations desiring to expand and add to their wealth, looking continually for some weaker nation which is unable to defend itself. Effectiveness of the League of Nations in preventing war, was clearly demonstrated in the Ethiopian-Italian war, and it has become generally conceded that the best way to stay out of war is to demonstrate that war would be quite inadvisable, if not altogether hopeless.

## THE MUNDAY TIMES

Published Every Thursday at Munday

Grady G. Roberts Editor, Owner and Publisher  
Harvey Lee Foreman

Entered at the Postoffice in Munday, Texas, as second class mail matter, under the Act of Congress, March 2, 1879.

Subscription Rates: In first zone, per year \$1.50; In second zone, per year \$2.00

The Munday Times is Democratic, yet supporting only what it believes to be right, and opposing what it believes to be wrong, regardless of party politics, publishing news fairly, impartially.

NOTICE TO THE PUBLIC: Any erroneous reflection upon the character, standing, or reputation of any person, firm or corporation which may appear in the columns of this paper, will be gladly corrected upon due notice being given to the publisher, at the Munday Times office.

## THOUGHT FOR THE DAY

It's better to remain silent and be thought a fool than to speak and remove all doubt.

## DO YOU READ THE BILLBOARDS?

Have you ever stopped on the roadside to place—or read—an account of a wedding, or a local death, on the billboards which line our highways? Do charity organizations, communities, and business men depend on owners of billboards to support local projects with publicity, cash donations, or taxes. These are questions which prominent state people are asking, after viewing, with alarm, the disfigurement of our improved highways and our "Beautiful Texas."

Do billboards pay even an ad valorem tax in your county? Newspapers do and at the same time are called upon daily to render every conceivable public service with compensation.

In the United States our law has probably not developed to the point where a legislative act removing all such advertising from private property would be held constitutional although a strong legal argument could be made as the constitutionality of such an act. Slaughter houses are forced to move as cities encroach upon them. Highway signs are offensive to the sight and are often a menace to traffic.

Could anyone by design create a more hideous sight than a roadside hot dog stand or a beer parlor surrounded by every conceivable kind of unartistic sign? Yet they are erected along the motorist's highway.

Today all highways are toll roads paid for by the motorist's gasoline tax and vehicle tax. These unsightly signs are erected without the motorist's consent and against his wishes. Yet he is expected to pay for them through his purchases. What must be the feeling of a prohibitionist forced to read one beer sign after another along his highway on every trip he makes?

Says Monte Warner, O'Daniel supporter of Dallas:

"I have always resented a barber telling me my hair needed washing while he had me on my back, with lather over my face and a razor over me where I could not escape. If we don't like a radio program or newspaper we can change but there is no escape from the ubiquitous billboards. Pills, beer, gas! Pills, beer, gas!"

"Recently I had the real pleasure of driving over the brand new highway between Weatherford and Thurbur, through virgin country where the signboards have had little opportunity to mar the natural beauty. It was almost like driving through a national park or forest where highway signs are forbidden as in at least one country in Europe."

A good stiff tax on billboards and other highway advertising signs should succeed in giving us relief from having to look at one continuous procession of 999 pills, Sure-Knock Gasoline and Green Beer. But if such a tax should not succeed in making our highway more attractive, at least we can remove this offensive eyesore from its unique tax exempt position.

## IS THE NEWS REALLY OLD?

A young woman was heard to say the other day that she did not care for the home town paper because she always knew everything, anyhow, before it was printed in the paper. At first glance, it would seem that such a walking bureau of information would make a real editor, but closer investigation discloses that most of what this sweet young thing knows could not be printed in a newspaper at all.

What she knows, in reality, is mostly hearsay. And that is one of the greatest enemies of society there is. It is a twin-sister of gossip and a first cousin of scandal. It is as undependable as the person's word who pledges the listener to secrecy and as unfair as a knife in the back.

Your newspaper prints established facts, in clear terms, and tries to be unprejudiced at all times. It can't afford to print what someone "believes" about his neighbor; it doesn't want to print that which is not an established fact or a conceded possibility.

Those who depend on what they hear on the streets should find a point to consider in the story told by an ex-service man, about an experience in the trenches at Verdun.

This ex-soldier told of a message being relayed one afternoon from soldier to soldier, which started out: "Am going to advance tonight at eight. Send reinforcements. Signed Major Stacy."

The message reached headquarters, after passing through several hands, and was to the effect that:

"Am going to a dance tonight at eight. Send refreshments. May or Daisy."

We believe we can understand how this occurred. The same thing occurs here, and everywhere when people rely upon rumor—and not their newspaper—to get the news.

## Modern Etiquette

1. When an invitation is received over the telephone is it all right for one to say, "I shall let you know this evening, or tomorrow?"

2. Should a man remove his hat when in the elevator of a hotel or an office building, when a woman enters?

3. When passing a plate for a second helping, should one leave the knife and the fork on the plate?

4. Should a young man, engaged to be married, resent it if the girl's father asks him questions pertaining to his financial affairs, business position and health?

5. Is it discourteous when one is talking with a person, for this person to show a lack of interest in what is being said?

6. When a woman and her escort enter a theatre, and an usher is at the entrance of the aisle, which one should be the first to follow the usher?

7. Please mention about six of the most common forms of rudeness for either a husband or a wife to be guilty of, when the other is entertaining friends in the home.

8. Is it poor form to use the expression, "Gents"?

9. Should a hostess always rise when a guest is leaving, as well as arriving?

10. Is it all right for a man to give a woman an article of wearing apparel, as a gift?

11. How long should a hostess wait for a guest who is late for dinner?

12. Is it proper to address a wedding invitation to "Mr. and Mrs. J. R. Brown and Family"?

Answers to these questions will be found among the Classified Ads of this issue. Also in that column will be found reader ads of interest to a great number of people.

## May Be Inhuman, But True to Life!

The story was told a Times reporter, recently, of an old mule on a farm in North Texas, which had fallen into an abandoned well. The mule, it seems, had grown old and set in his ways, and the owner had been thinking for some time that he would dispose of the animal if he ever had the chance.

But heartless as this method might have been, he saw no way to get him out of the well and he saw, also, the log-awaited chance to rid himself of the faithful old servant.

Accordingly, he secured a shovel and started pitching in dirt, intending to cover up the mule and fill up the old well at the same time. With the first shovel full that fell on him, the Missouri native stepped lightly aside. And with each succeeding shovel full he shook again and before long was standing on a soft bed of fresh dirt. After hours of this tiresome work, the farmer was astonished, when the well was almost filled, to find the old mule standing near the top, and soon able walk out, on the dirt that was intended to bury him alive.

There's a lesson in this story for all of us who are worrying about overstocks and hard times. That same store full of goods that looks as if it may bury the merchant alive, may be only a stepping stone for him if he will shake himself, advertise the fact that he has the merchandise, and literally "walk out" of the trouble that comes his way.

The old mule COULD have stood still, afraid to make a move, and passed out of the picture. But he gained through the other fellow's work. We still believe that if this newspaper helps draw up an attractive ad, sets it up, prints it, and mails it out to the homes of this community, a merchant can win by that. Or . . . he can stand still and do nothing.

## WITH ALL IMPROVEMENTS

Pahson—Well, Rastus, that's a fine garden you have.

Rastus—Yes, Pahson.

Pahson—You must thank the Almighty for that.

Yes, Pahson.

Pahson—What a patch of cabbage you have there!

Rastus—Yes, Pahson.

Pahson—You must thank the Almighty for that.

Rastus eyeing Pahson thoughtfully—Pahson, did you eber see dis piece of ground when de Almighty had it all to Himself?

## SMART GIRL

Two people were walking along a road together. One was a young woman, the other a handsome farm lad. The farm lad was carrying a large pail on his back, holding a chicken in one hand, a cane in the other, and leading a goat. They came to a dark lane.

Said the girl: "I'm afraid to walk here with you. You might try to kiss me."

Said the farm lad: "How could I, with all these things I'm carrying?"

"Well, you might stick the cane in the ground, tie the goat to it, and put the chicken under the pail."

## TOO MANY ADJECTIVES!

There is an old story of the student reporter in Emporia, Kansas, who turned in this flowery account of an operetta given by the children of the training school of the State Normal. Describing at length the stage, the busy teachers and the brightly-dressed little girls, "flitting about like animated bouquets," he wound up with: "And the audience room was filled with expectant mothers eagerly awaiting their little ones."

## NICE CHAP

Advertisement in a Titusville, Pa., paper: "Auctioneering is my special line of business. Prices very reasonable. If I am out arrange dates with my wife."

## THE WORM TURNS

"Which platform for the Boston train?"

Porter: "Turn to the left and you'll be right."

"All right, then, turn to your right and you'll be left."

## NO STOCKING APPEAL

The saddest story of the month was about the too observant fellow who remarked to his girl: "Your stockings seem rather wrinkled."

"You brute," exclaimed the girl, "I have no stockings on!"

"In the modern household practically everything is operated by switches, except the children."

## Hurl's Son Out as Train Strikes Car

Des Moines, Ia.—Mrs. Harry Oppenheim, 25, tossed her son, Patrick, 2, out of her motor car just before the car was struck by a train here, August 8.

The boy received only a few scratches. Mrs. Oppenheim, leaping out seconds later, escaped with a bruised back.

Patrick's only comment on his narrow escape was: "Choo-choo break mama's car all up."

Editor's Note: Trains usually win in these kinds of arguments.

## Loses His Life, Kicking Up Heels

Dundalk, Ont.—A horse kicked up its heels on a farm near here and died for its friskiness. Harold Talbot, a farmer, turned his horses out to the pasture. One of them, feeling frisky, ran and kicked up its heels. As it did so, one of its legs snapped. It had to be shot.

Editor's Note: We had a goof friend once who very nearly lost his wife for the same reason, when she returned from a short visit with mother.

## It Must Be the Punch They Drink!

A news item, recently published in the Daily Oklahoman, tells of a native of that state being fined in Texas for driving his car over 45 miles per hour.

One correspondent wrote that in Oklahoma that man would probably have paid a fine for blocking traffic.

## CAUGHT AT LAST

A backwoods mountaineer one day found a mirror which a tourist had lost. "Well, if it ain't my old dad!" he said, as he looked in the mirror. "I never knowed he had his picture took." He carried the mirror home and being rather ashamed of his dad's picture, he stole into the attic and hid it. But his actions didn't escape his suspicious wife. That night while he slept she slipped up to the attic and found the mirror. "Hum-um," she said looking into it, "so that's the old ha' he's been chasin'."

## BREAKING IT GENTLY

Flying over the Bay of Naples, an air pilot turned to his passenger and said: "Have you heard that phrase, 'See Naples and die'?" "Yes," said the passenger. "Well," said the pilot, take a good look—the propeller's come off."

## Fair to Have "O'Daniel Day"

Dallas, Sept. 15.—W. Lee O'Daniel, future governor of Texas, will be honor guest of the State Fair of Texas October 15, which has been named "Wee Lee O'Daniel Day."

The Governor-Nominee will spend all of October 15, which will fall on Saturday, on the State Fair grounds, festivities beginning for him in the morning with a parade from the downtown district, and coming to a climax with a rally in the huge Cotton Bowl stadium, which seats 50,000 people, at night. He will visit many build-and be entertained on the grounds at luncheon, probably in the Texas Hall of State.

Two radio broadcasts in which Mr. O'Daniel and his Hill Billy Boys will participate will be included in the schedule of the day. The Governor-Nominee will be heard first in his regular noon program from a special platform in the Castle of Foods, The Cotton Bowl rally program in which he will be presented with prominent business and political leaders of the state, will be broadcast over a statewide network.

The invitation to spend the day at the State Fair is the only one of its kind the Governor-Nominee has accepted since he announced that he would give his time largely until January to a study of the business and political situations in Texas. He accepted because of the statewide character of the Fair, its standing as the largest institution of its kind in the United States, and the vast business and educational interests represented in its make-up.

## Civil Service Exam Announced

The United States Civil Service Commission has announced an open competitive examination for the positions named below.

Senior Stenographer, \$1,620 a year, Junior Stenographer, \$1,440 a year, Senior Typist, \$1,440 a year, Junior Typist, \$1,260 a year, for appointment in Washington, D. C., only. Applicants must have reached their 18th birthday, but must not have passed their 53rd birthday.

Closing dates for receipt of applications for this examination are: October 3 from States east of Colorado, and October 6 from Colorado and States westward.

Full information may be obtained from the Secretary of the United States Civil Service Board of Examiners at the post office or customhouse in any city which has a post office of the first or second class, or from the United States Civil Service Commission, Washington, D.C.

## Should Walk To Left, Police Say

Austin, Sept. 15.—Twenty percent of the pedestrians struck by motor vehicles in Texas are killed, state police estimated today.

Of 1,238 pedestrians involved in traffic accidents in the first seven months of this year, 209 were killed and 929 were injured.

In order to lower this death rate, state police urged pedestrians to obey traffic signals, refrain from crossing streets at places other than intersections and to face oncoming traffic when walking along highways.

Joe Shay, Refugio county ranchman, took out a \$5,000 fire insurance policy in his 300 acre field of corn, which is located near a pasture along the highway. The 60 day coverage cost \$16.

## Health Officer Writes on Cancer

Austin, Sept. 15.—Deaths from cancer in Texas reached a total of 4305 during the past year, indicating that a warning against cancer quacks and so-called cancer cures is justified by the State Health Department. Early diagnosis and competent treatment could have prevented many of these deaths, stated Dr. Geo. W. Cox, state health officer.

"There are but two ways of treating cancer. First, by surgery and second, by the use of radium or X-ray. Treatment must be started early and in the hands of a competent surgeon. Surgery is relied upon to remove cancerous tumors and is used in nearly two-thirds of the cases. X-ray or radium is used to advantage for the remaining group. Frequently the two methods are combined. Self-medication, serums, colored lights, pastes, salves, and diets are valueless.

"The great protection against cancer is early diagnosis. Every case is an emergency and it is unfortunate that the majority of those with cancer do not seek medical advice early in the first stages of the disease. No hope should be placed in fake cancer cures or treatments. Rather, the annual physical examination and an immediate reporting to your physician of any symptoms which may be suspected to be the beginning of cancer should be relied upon. These symptoms are: any unusual bleeding from any body opening, any lump in the breast or other part of the body, any persistent sore, particularly on the face or mouth, and chronic indigestion. These conditions may not be cancer, but some times they are the forerunners of the more common types of this disease. Where cancer is suspected, do not delay, but consult your physician at once.

## O'Daniel Smile Approves Plan

W. Lee O'Daniel, governor-nominate, likes the idea of viewing a cross section of the business and industrial life of Texas by visiting the State Fair of Texas. He and his famous Hill Billy Band will be honor guests of the Fair Saturday, October 15, which has been named W. Lee O'Daniel Day. He will appear in several buildings and broadcast at noon from the Castle of Foods and during a mammoth rally in the Cotton Bowl at night. He is pictured seated, right, going over plans for the day with Otto Herold, seated left, president of the Fair. Standing, left to right are Granville W. Moore, chairman of the Food Industries Committee, sponsors of the Castle of Foods; Rex V. Lentz, managing director of the Castle of Foods; and Julius Schepps, member of the Junior Board of Directors of the Fair.

**MODERN YOUTH**  
Little Jean, age five, was taking her first piano lesson. Looking down at the pedals, she asked: "Now which is the brake, and which is the clutch, mummy?"

The moon, as it would look if only 24 miles from Earth, will be

one of the spectacular astronomical displays of the 1939 Golden Gate International Exposition in the \$200,000 University of California scientific exhibit.

A man, to have friends among thieves, must be willing to do as the thieves do.

**THE LONG ARM, Etc.**  
"I could not serve as a juror, your honor. One look at that man convinces me that he would do anything."  
"Sh-h-h-h," Hizzonner replied, "That's the district attorney."

Special electrodes give longer life, hotter spark. Worn plugs waste one gallon of gas in ten. Save money — Replace your worn spark plugs now.

LET US RESET Your Spark Plug Gaps TODAY

Now YOU CAN BUY A Firestone Gum-Dipped Tire FOR AS LITTLE AS \$7.60

**FIRESTONE cuts the cost of Tire Safety** just at the time when you need a new set of tires. At this time of the year you should replace tires that are worn and smooth for greatest safety during the summer driving season. Tires may look alike on the outside—but inside they are different. The name FIRESTONE on a tire is your assurance of extra safety and long mileage because only Firestone Tires are built with these patented and exclusive construction features:

**Gum-Dipping**, the Firestone patented process by which every fiber of every cord in every ply is saturated with liquid rubber, counteracts tire-destroying internal friction and heat which ordinarily cause blowouts. Nine extra pounds of rubber are added to every 100 pounds of cord.

**Two Extra Layers of Gum-Dipped cords** under the tread, another patented Firestone construction feature, protect against punctures.

**Scientifically - Designed Non-Skid Tread** made of tough slow-wearing rubber, assures safer stops and longer non-skid mileage.

Now that Firestone gives you all of these safety and economy features at these low prices, you cannot afford to take chances with unsafe tires this summer. Come in today and join the Firestone Save-A-Life Campaign by equipping your car with a set of new Firestone Convoy Tires—the safest tires that money can buy at these low prices.

## Miss Bessie Womble Weds Dallas Man Friday Evening

A wedding, beautiful in its simplicity, was that of last Friday evening at 8:45 o'clock when Miss Bessie Womble became the bride of Rochine W. Hightower of Dallas. Only a few close friends and members of the immediate family were present as the impressive ring ceremony was read by the Rev. H. A. Longino, pastor of the First Methodist Church. Mr. and Mrs. Hershel Thompson attended the bridal couple.

Mrs. Hightower was dressed in a model gown of wine colored transparent velvet, with black accessories. For travel, she wore a navy blue ensemble with copper accessories. Immediately after the ceremony the couple left by car for a short wedding trip to points in New Mexico, and returned here Monday before going to Dallas where they will make their home.

The bride, a daughter of Mrs. A. E. Womble of this city, was graduated from Munday High School with the class of 1931. After five years employment as saleslady for the local Perry Bros. store she went to Dallas the first of this year to enter a school of cosmetology. Returning here she was operator in the Haynie Beauty Shop until the time of her marriage. She was active in affairs of the Methodist church where she was a member, and was very popular among the younger set of the town.

Mr. Hightower is connected with the Desco Tile company, and has for a number of years been a contractor for the firm.

Mr. and Mrs. W. G. Gafford had as their guests over the week-end, the latter's parents, brother and sister, Mr. and Mrs. J. P. Burroughs, Q. P. Burroughs, and Mrs. Brice Farmer, all of Coleman county.

Mrs. O. D. Propps and Mrs. W. V. Rice of Benjamin were business visitors in the city, Tuesday.

## Junior Sorosis Has First Meeting

The subject of "Books" will be studied by the Junior Sorosis Club during the year, according to Miss Iva Dell McCanness, chairman of the program committee for the club.

The Junior Sorosis Club had its first meeting of the year Thursday night, Sept. 8, at 8:00 o'clock, in the Benjamin Club room, with the new president, Mrs. Homer T. Melton in charge.

After a short business meeting the club adjourned and refreshments were served by the hostesses, Misses Nina Astin and Lucille Hunter.

The next meeting will be Sept. 22 and at this time Miss Janis Patton will have a book review.

## H. D. Club Meets With Mrs. Edwards

"Cookies and Party Cakes," was the topic at the home of Mrs. J. E. Edwards, Friday, Sept. 9. Miss Nina Astin, county agent, gave a demonstration on cookies.

The president of the club was in charge of the business session. Special committees were appointed for putting on the achievement event. Several delicious kinds of cookies were served to 14 members and the county agent.

The next meeting will be held at the home of Mrs. Chas. Parker, on Friday, September 23.

## Mrs. Kimsey Hostess To Bridge Club

Mrs. Lawrence Kimsey was hostess to the New Deal Bridge club at her home, Wednesday afternoon. Decorations of roses and other cut flowers were used throughout the suite where two tables were arranged for the players. High score award was presented to Mrs. E. M. Roberts at the conclusion of the games.

Refreshments were served to Mrs. Roberts, Mrs. Carl Jungman, Mrs. Sebern Jones, Mrs. Jack Mayes, Mrs. Marvin Huskinson, Mrs. Ralph Johnson and Miss Clo Mayo.

## HI-LEAGUE MEETS

Last Sunday evening the Hi-League of the Methodist Church met for their regular meeting with 13 members. Program was as follows:

Songs.  
 Leader—Betty Jean Golden.  
 Call to Worship—Dixie Atkinson.  
 Scripture—Evelyn McGraw.  
 Scripture—Louise Gafford.  
 We then had the reports from our captains, Bobbie Haymes and Harold Longino, about our contest.  
 Song—Sweet Hour of Prayer.  
 Benediction—By All.

Mrs. Alfred Pierson and Mrs. Lavoy Burton and daughter of Haskell visited friends here Tuesday. Mrs. Grady Roberts accompanied them home for a visit.

Mr. and Mrs. W. W. McCarty and family attended the funeral of Mrs. Annie McCarty at Iowa Park Wednesday.

Chas. Moorhouse of Benjamin, was a business visitor in this city, Tuesday.

Judge Jim Kendall was business visitor at Knox City, Monday.

Lige Crouch of Goree, was a business visitor in this city, Monday.

## Wallace Reid and Miss Euris Morgan Marry at Greenville

Miss Euris Morgan, daughter of Mrs. M. M. Morgan of Greenville, was married to Wallace O. Reid of this city, in a quiet wedding ceremony at Greenville Sunday morning at 9:30 o'clock.

Rev. J. E. Kiker, pastor of the Greenville Methodist Church, read the ceremony in the presence of a few close friends and relatives and the couple left immediately for a short trip to include Mineral Wells and Fort Worth.

Mrs. Reid formerly lived in Munday and was graduated from the local high school with the class of 1926. Following that, she attended N.T.S.T.C. at Denton and received a B.S. degree from that college in 1935. She had been teaching the public schools at Bryson, and last year at Denison before resigning her position there at the beginning of this school term. While attending teachers college was a member of Kappa Delta Pi and Alpha Delta Phi sororities and also of the Mary Arden Club, popular school society.

The bride was attired in a teal blue dress with burned accessories for the ceremony.

Mr. Reid also was graduated with the class of 1926 and entered State University at Austin where he attended for three years. He was employed as bookkeeper at the Farmers Union Gin, of this city, which position he now holds. He is a son of Mr. and Mrs. J. A. Reid, who reside four miles south of town.

The young couple is at home to friends in their apartment at the P. B. Broach, Jr., home.

Mrs. Louise Ingram and daughter, Miss Louise, Mrs. M. H. Reeves and daughters, Misses Maureen and Betsy, visited in Abilene Tuesday.

Mr. and Mrs. B. A. Yarbrough were in Seymour a short time Tuesday afternoon.

Don't fail to see the Dixie Blackbird Minstrels at the school auditorium next Tuesday at 8 p.m. Admission 15c-25c.

Mr. and Mrs. R. L. Boles and sons, LeRoy and Charles of Tulsa, Okla., were recent visitors with Mrs. Boles' parents, Mr. and Mrs. A. C. Brock.

Dr. J. F. Cadenhead of Weinert was a business visitor in the city Wednesday afternoon.

Miss Berniece Morley of Quanah, visited here from Wednesday until last Saturday with Miss Frankie Sanders. Miss Morley is a daughter of the district superintendent of the West Texas Utilities company.

Mrs. D. C. Eiland small son went to DeQueen, Ark., Wednesday to be at the bedside of the former's grandmother, who is ill.

Miss Virginia Bess Atkinson, whose school opened last week in Haskell county, was here over the weekend in the home of her parents, Mr. and Mrs. W. H. Atkinson.

Ben Guinn, of the Guinn Hardware, was in Olney, Monday, transacting business.

G. R. Eiland, Jr., went to Fort Worth this week where he will enter Technical high school to complete his high school work there.

Jimmie Silman, of Seagraves, began work here last week as a clerk in the Fair department store. His wife and three children, two of whom have enrolled in the local schools, came here also to make their home.

Mr. and Mrs. Jim Reeves and family were in Haskell Sunday to attend the 50th anniversary celebration of the Baptist church.

H. A. Pendleton was in Abilene over the weekend on business.

Mr. and Mrs. George Rector returned from the plains and Southwest Texas, where they spent the summer. Mr. Rector is getting ready for the opening of his chick hatchery here this fall.

A. U. Hathaway and Rev. and Mrs. W. H. Albertson and family were in Haskell, Sunday, to attend the 50th anniversary meeting of the Baptist church of that city. Rev. Albertson was a former pastor there.

Mrs. O. A. Cox arrived here last Friday night from Lufkin where she has been visiting her parents. Mr. Cox was transferred here two weeks ago by the Perry Bros. store at Tyler, and is the new manager of the Perry Bros. store at this place.

Among relatives who were here last week to attend the funeral of Clint Bolander, and who have returned to their homes were: Mr. and Mrs. Doc Bolander and daughter, Miss June, Reno, Nev.; Mr. and Mrs. Willis Bolander and daughter, Mrs. Sam Richardson and son, Wynnewood, Okla.; John Bolander and son, Roy, Crosbyton; Mr. and Mrs. George Bolander and son, Albert, Pampa; Mr. and Mrs. J. P. Stevens, Mr. and Mrs. Jack Freeman, Mr. and Mrs. T. L. Stevens, Mrs. Reuben Reeves, Trent; Mr. and Mrs. J. D. Cozart, Bryson; Mr. and Mrs. Jack Bolander and two children, Miss Leota Bolander, Mrs. E. M. Jones, Mrs. Bob Sullenger, Amarillo; Mr. and Mrs. Bill Sullenger, J. G. Sullenger, Duncan, Okla.; Mr. and Mrs. S. L. Duckett, Mr. and Mrs. Clifford Bolander, Mr. and Mrs. C. R. Marchant, Mrs. W. L. Acree, and W. O. Cozart, all of Graham.

Mr. and Mrs. D. P. Morgan and son visited in Seymour, Saturday.

See the laugh festival at the school auditorium next Tuesday evening at 8. It costs only 15c-25c.

Dr. and Mrs. A. A. Smith and Mrs. Carrol Blacklock and baby left Monday for Littlefield where Mrs. Blacklock will make her home.

Leland Hannah and G. R. Eiland, Jr., returned Friday from a short stay in Fort Worth. Andy Eiland, who had spent the summer in Galveston, joined them there and accompanied them home.

Mrs. Deaton Greene and daughter returned Monday from Wichita Falls after a few days visit there.

The condition of Mrs. T. L. Thompson, who has been ill the past few days, is reported to be much improved.

Mr. and Mrs. Bud Collins, of Floydada, spent the weekend here with W. A. Baker and family. They were accompanied to Munday by Mrs. H. H. Collins, mother of Mr. Collins and Mrs. Baker, who had spent the summer there and was returning home.

Mr. and Mrs. Charlie Mayes attended the funeral of Mrs. Annie McCarty at Iowa Park Wednesday.

Ted Longino, son of Rev. and Mrs. H. A. Longino, returned to Abilene last Monday to enroll in McMurry College.

Earl Owens, of Vernon, was here last week for a short visit. He was accompanied home by Mrs. Owens Saturday and she returned here Monday.

Mr. and Mrs. M. C. Hallmark and two children visited Sunday with friends in Knox City.

See what blackbirds can do for a stage, at the school next Tuesday evening. It costs only 15c-25c.

Miss Wynette Farmer, of Knox City, spent the weekend here with Miss Mary Moore.

Joe Albertson went to Brownwood Friday where he was enrolled in Howard Payne College for the coming term. He was accompanied there by his father, Rev. W. H. Albertson, and sisters, Helen and Virginia Ruth, and Patsy Hannah, who returned here that evening.

C. P. Baker, Roy Baker and their father, W. A. Baker, were in Canyon visiting the elder Mr. Baker's sister, Mrs. Annie McCarty, who was seriously ill. Mrs. McCarty passed away early Tuesday morning, September 13.

W. E. Braly and J. C. Campbell visited in Spur over the weekend. Mrs. Braly, who had spent several days in Happy, returned to Munday with them.

DeTroy Trammell, clerk at Fil and Drug Store, is in Dallas this week attending a sales school sponsored by the Texas Drug Travelers Association.

W. A. Spelce drove to Fort Worth last Thursday night and was accompanied by Mr. and Mrs. J. K. Spelce and daughter, Miss Dora Mae, who were returning home after a short visit here. Mr. Spelce returned to Munday the following day.

The W.M.S. is sponsoring a gay laugh event at the school next Tuesday evening when the Dixie minstrel show is presented at 8 p.m.

## Baptist Year Draws to Close

Two more Sundays and we close this quarter, and the year, in Sunday school work. The life and faith of leaders like Joshua, Caleb, Deborah, Gideon, and Samuel should be a great inspiration to us. The challenge of Christian Motherhood, and of Christian Fatherhood as suggested by the lives of Hannah and Eli should bring us to a sane consideration of the need of God in meeting life's problems.

In the lesson on the Price of Spiritual Revival the Bible teaches so conclusively that God's blessings are dependent upon our confessing our sins, forsaking sin, putting our faith in God, and aggressively doing His will. Last Sunday in the study of Saul we saw how self-will asserted against the known will of God brought about moral collapse and failure, and national defeat. In all these lessons there is the challenge to do God's will and there guarantee material, moral, and spiritual prosperity.

Sermon subjects for next Sunday: "The Works of the Flesh and the Fruit of the Spirit"; evening, "The Day of God's Wrath."

Come and enjoy the fellowship and spiritual up-lift of worship in the Lord's house.

W. H. Albertson, Pastor

## Sustains Broken Arm in Accident

Lonnie Offutt sustained a painful injury last Saturday morning when he fell from a wagon while loading feed at his place. Mr. Offutt's right arm was broken when he landed on his shoulder after the team had moved up, throwing him off balance.

He received treatment from a local physician.

## Extension Work At Haskell School

Hardin-Simmons University, Abilene, will give Extension Work in two courses in Haskell the coming school term. Classes will be organized in history and education or other fields where the demand is sufficient to justify classes.

Plan to meet in Haskell on Monday evening, Sept. 19, at 7:30 o'clock at the North Ward building for organization. Heretofore the classes have been large. Twelve hours work toward a degree can be gotten off.

J. C. Harpham made a trip to Brownwood Saturday to get Mrs. Harpham who has been in Brownwood visiting her mother. They returned Monday.

Jeff Dean Bowden, son of Mr. and Mrs. J. O. Bowden of this city, went to Abilene Monday to enroll in Hardin-Simmons University as a sophomore.

Alvin and Jack Hughes arrived last Saturday afternoon from Grandview for a short visit with their brother, H. C. Hughes and Mrs. Hughes.

100 Cass county farmers are expected to establish seed plots of early clovers and can therefore be followed by cotton.

### The Electric Sewing Machine Is a Real Household Necessity

Sewing is easy and convenient when the machine is electrically operated.

By IRA MILLER  
Rural Electrification Bureau

IN THESE days of universal ready-to-wear clothing, it may surprise many farm wives to learn that the sewing machine still is considered almost a household necessity by practically three out of every four families living in rural areas.

According to preliminary results of a nation-wide study of consumer purchases being conducted by the U. S. Bureau of Home Economics and the Bureau of Labor Statistics, from 65 to 70 per cent of village families own sewing machines, the proportion differing little in various sections of the country.

The reasons for the continued popularity of this century-old household appliance are not difficult to determine. Both from the need for economy and because of a desire for individual styling and design, many farm women still do a large part of the family sewing.

The Government study previously

mentioned also showed that, of the sewing machines owned, 41 to 56 per cent were foot powered and 10 to 30 per cent were electrically driven. A foot-operated machine is tiresome to run and this reduces the amount of sewing which can be done in a given time. Also, because of its necessarily irregular operation, such a machine seldom produces articles as perfectly finished as does one driven by electricity.

Although the majority of new sewing machines may be purchased with motor drive, the farm wife need not wait until her present machine is worn out to enjoy the advantages of electric power. A small motor can be added with very little trouble and expense, and will give entirely satisfactory service.

Power requirements are so small that energy consumption seldom will exceed one kw.-hr. per month (usually less) even when much sewing is done. At the average domestic rate, this is less than five cents—surely a small sum to pay for so much ease and convenience.

### State Urges Examination For Students

#### Local Schools Have A Similar Ruling Already

Austin, Sept. 15.—Dr. Geo. W. Cox, State Health Officer, in a statement issued at Austin this week, urged all local boards of health and boards of education to pass regulations making mandatory smallpox vaccination and diphtheria immunization for all school children before they are allowed to register for the fall school term.

"School children are exposed to so much infection during the school year that where a definite preventative against a disease is

known, parents should be urged to take advantage of this knowledge. Vaccination may save a period of prolonged absence from school, doctor's fees, and even life itself. It is foolhardiness not to require that all school children be rendered non-infectious from the communicable disease, smallpox, diphtheria and typhoid, before they start to school this year," Dr. Cox stated.

"The Texas State Board of Health wishes to recommend that the various local school boards adopt such regulations, taking further into consideration that lack of action on their part may mean the difference between a successful school or prolonged illness, failure or death. More than 200 children died from diphtheria in Texas during 1937."

Munday schools require that students enrolling for the coming term present certificates of vaccination for smallpox and diphtheria, and school patrons in this section have little worry of an epidemic here such as has caused many schools to close in the past.

### Seymour Lions Install Officers

Seymour.—(Special to The Times).—J. F. Kemp became president of the local Lions club last week when officers for the new fiscal year were installed. Dr. R. N. Richardson, of Abilene, district governor of the Lions club, presided at the installation of officers which inducted R. R. Kellum into office as vice president; H. L. Dyer secretary-treasurer; Dr. R. K. Lowry, Lion tamer; T. E. Craddock, tail twister, and A. J. Cooper, J. A. Wheat, W. W. Evans and J. E. Culver, directors.

To encourage workstock improvement, the Ranger Chamber of Commerce is planning a col show this fall in cooperation with the County Agricultural Agent.

The seven great migrations in the history of man will be paraded before millions as they visit Treasure Island in San Francisco Bay, site of the 1939 World's Fair.

### City in Spotlight Tuesday Night

Munday was in the spotlight Wednesday night, both figuratively and literally. More than 200 sports enthusiasts gathered at the elementary school Wednesday night for the celebration of the completion of the lighting project for the football field. Fifty thousand times as many moths and bugs also attended the affair, but confined their attention mainly to the giant lights and reflectors atop the fifty-foot steel poles. There they did little damage beyond the occasional fagged out flier that came to earth to get his bearings.

—Corrigan didn't have to do even that—and stayed to cavort across someone's face just as he or she inhaled deeply preparatory to letting out the good old Mogul battlecry.

But the lights got plenty of attention from other places. Twenty-four thousand watts doing their

stuff fifty feet up attracted attention from Weinert, 8 miles south, and farm residents in the Hood community gathered in the yard and lamented the fact that good ole Munday was apparently burning to a crisp. Reports from there state that the west part of the city stood out in bold relief, and that the first impression was that practically the entire town was on fire. Spectators in the grandstand could easily understand how this impression was reached, for the green playing field and surrounding territory was light as day.

The 80-foot high statue "Pacifica," for which a three-foot model and later a 12-foot working model were created, will be poured in plaster on Treasure Island for installation at the World's Fair of the West, being too large to make in sections in San Francisco and haul to the mid-bay island site of the 1939 Exposition.

The first San Saba county terraces were constructed on the Joe Rogers farm in 1914 and are still giving good service.

### Thomas Campbell To Teach at T. U.

After two years of graduate study at Harvard University, Thomas Nolan Campbell has returned to The University of Texas as instructor in anthropology, it has been announced. Campbell, formerly of Munday, was graduated from the University, having taken the bachelor of arts degree in 1930 and the master of arts in 1936, serving as tutor in anthropology from 1934 to 1936.

won the Townsend Fellowship for advanced study at Harvard University for 1936-37, and last year held the Peabody Museum Fellowship. Under the latter award, he represented the Peabody Museum of Harvard University on the archaeological expedition into the Big Bend of Texas, sponsored jointly by that museum and the Sul Ross State Teachers College of Texas. Young Campbell and his father and mother visited in Munday recently and have a large number of friends in this section who are interested in his continuing advancement.

Some women have so little to do that the winning of a bridge game is a victory of heroic proportions.

## Railroad Warns School Children On Trespassing

With the opening of another school year, the Burlington Railroad is again presenting to school authorities, the press, parents of children and civic organizations, the problem of trespassing on railroad property. Such trespassing resulted in the death of 2,569 persons in the United States last year. 300 of these fatalities were among children.

Mr. H. F. Barnes of the Burlington said his railroad is determined to leave nothing undone to end needless personal injury and death to persons because of trespassing upon its property. The Burlington is entering upon its second year of a very intensive campaign to reduce to reduce such casualties and every one of its nearly 30,000 officers and employees are taking some part in this activity.

Last year there was a reduction of 169 trespasser deaths on the American railroads, but the total number exceeded by thirty the annual average for the past ten years, according to figures of the Interstate Commerce Commission.

Mr. Barnes pointed out that the National Safety Council has shown that 3,670 fewer persons met death in automobile accidents the first six months of this year than in the same period a year ago. The Council further states that if this ratio is maintained throughout the year, there will be fewer deaths from this cause in 1938 than for any year in the past ten. Mr. H. F. Barnes feels that this encouraging picture is indicative of an awakening of public consciousness toward personal safety, not only on the highway but in the home and elsewhere.

Mr. Barnes said, however, that the Interstate Commerce Commission figures for the first four months of this year, (and which are the latest figures available), indicate but a very slight reduction in highway-grade crossing accidents and deaths, there being only 158 fewer deaths than for the same period a year ago. The Commission's figures of trespasser casualties for the same period show a reduction of only 76 deaths under the like period of 1937.

Grade crossing accidents can be stopped entirely if people, when approaching crossings, will only take heed of crossing warning signs and approach the crossings cautiously. Motorists should have their cars under control before crossing track—look first to the right and then to the left, crossing only then when the way is clear.

Going back to the trespass problem, Mr. Barnes said that school authorities and the press have been extremely helpful to the Burlington in its campaign. He stressed the importance of teachers and parents warning children not to play on or take short cuts across railroad property. Adults can also well take heed of the latter injunction, he said.

The following casualties have occurred to children on Burlington property in recent months, according to Mr. Barnes. A little girl, only five years of age, in company with some other tots, was playing near a roundhouse. She fell into the turntable pit, suffered a skull fracture and died. A boy, ten years of age, "flipped" onto a freight train and fell under the moving wheels when he was brushed from the side of a car by a viaduct support. He lost a leg. A girl, 14 years old, playing tag with some other children, ran across a railroad track, stumbled over a rail and suffered very painful body bruises. A 12 year old boy failed to give heed to his whereabouts and was struck by a train. His recovery from the injuries sustained was little short of miraculous.

By appealing to school authorities, parents and the children themselves, the Burlington Railroad is hopeful that its intensive campaign to prevent trespasser casualties will bear fruit to such an extent that incidents such as these will soon be a thing of the past.

**To Crown Queen At State Fair**  
 Dallas, Sept. 15.—The cream of Texas beauty, chosen by competition in more than a hundred towns and cities, will be the center of attraction at the State Fair of Texas on October 15.

These are the queens who have been chosen at various county and regional fairs and at other civic festivals during the year throughout the state.

In the evening in front of the million-dollar Hall of State, from their number will be crowned a "Queen of Queens," selected by a competent committee of artists. This "Queen of Queens" is expected to represent Texas at the New York International Exposition as the Bluebonnet Queen.

Prior to the coronation of the "Queen of Queens" all the regional Queens will be re-crowned in a mass ceremony. A background of a thousand persons, with varicolored powerful lights playing upon the scene, will make a riot of color and a brilliant pageant.

"The Queen of Queens" seated upon a beautifully decorated Golden Jubilee Birthday cake, attired in an ancient gown, replica of that of royalty, will be formally crowned. Fifty high school page girls, in fitting attire, will stand by. The pageant will be free to the public.

ROCKWALL COUNTY CHICAGO AREA

ROCKWALL COUNTY, TEXAS, IS SMALLER IN AREA (147 SQUARE MILES) THAN THE CITY OF CHICAGO!

## LISTEN TO THIS

By TOM FIZDALE

**Discovery:** It was a happy day for Ruth Hilda Somer, 16-year-old Austrian girl, when she was selected from steerage passengers to play a ship's concert on the Normandie a few weeks ago. With her mother, the young girl was fleeing Austria. The concert, she believed, was her last opportunity for a long time to follow her career as a concert pianist.

Poverty and the struggle for existence lay ahead. Then, Eddie Cantor, who was acting as master of ceremonies on the concert, heard her. Like many other unknowns he has sponsored, Cantor took her under his wing. Now she is rehearsing in New York for her radio debut and a concert tour.

**Renamed:** It is almost traditional that people change their names when they get into the entertainment business. Usually it's for the sake of euphony or that their real name is hard to remember. Pretty Joan Kay, the High School age daughter of "Those Happy Gilmans" on NBC, changed hers from Phyllis to Joan. Now, in her new daily NBC role, she has her right name back again—she's Phyllis Gilman. Such is the way of radio.

**Athletic Tenor:** Donald Novis, Fibber McGee's new singing star, is one tenor who is also a real athlete. Novis, who has won fame on the air, the stage and the screen, was a star in football, basketball and swimming both at Pasadena High School and Whittier College. He is the newest member of the Fibber McGee company, heard every Tuesday night over the NBC-Red network.

**French Star:** Jean Sablon, handsome French troubadour, has been signed for the new Hollywood Hotel program on CBS. Paris born, Sablon made an enviable name in European theatres, clubs and music halls before coming to this country. His winning manner and unusual style of singing both English and French songs, has won him a great American following. He will be teamed with Frances Langford on the redesigned show.

**Steelmakers:** One of radio's most unusual shows, the "Musical Steelmakers," returns to the air via Mutual networks Sunday night. Talent for the popular program is composed entirely of the sponsor's employees and their families.

**Bob Hope, comedy star who will head a new variety show from the west coast, come the end of the month, is still in a huddle with his program producers on the supporting talent. Hollywood reports are that an announcement of the all-star lineup should be forthcoming within a week.**

**Betty Lou, Tommy Riggs' little girl who is a creation of his voice only, is a radio star in her own name and she and Riggs will headline a new show starting next month. But unlike Edgar Bergen's Charlie McCarthy, insurance companies refuse her as a risk. They say she's too ethereal. So Riggs has to go along just praying that he doesn't get a cold or a frog in his throat.**

**Sweet and Swing: The Mid-West is getting a chance to take its choice of sweet or swing music these days with Benny Goodman and Horace Heidt, leading exponents of opposite schools, playing theatre dates in key towns.**

**TUBERCULOSIS!**  
 A series of articles dealing on the disease and the Texas hospital for Tubercular Patients.

By DOROTHY GARRETT

The State of Texas tuberculosis sanatorium is the second largest state hospital of its kind in the United States. There are perhaps many larger hospitals but they are not state owned. As to the establishment of the state sanatorium, it is an unusual story. Many years ago agents were sent out from Austin to make a location for the starting of the state hospital. They met with many difficulties; people openly refused to have a hospital near them, especially one of that kind. They would not sell their land and all the large cities fought against having it close to them. After much futile searchings they were able to buy land for approximately \$50 per acre. It is situated in Tom Greene county, at the foothills of the Carlsbad mountains, facing the North Concho river. At the time they did not like the location, but at least they had found a man who would sell his land and that was what they wanted. At the present date the location is perfectly satisfactory. It has many advantages. Among these, there is a good climate and it is centrally located in Texas. Train and bus connections are made from all the large cities and smaller towns.

Not so very long ago a state hospital for negroes was opened in Kerrville. All the large cities spent money hoping to have it situated close to them. At the present they have the same problems to cope with that all sanatoriums have to deal with when first started. Most of the cases that are entered are hopeless. They are too far advanced to hope for recovery. Negroes, like many of us, have a faulty understanding of tuberculosis. Therefore, they are likely to continue their work, not treating the disease in time. If he has this disease he refuses to say anything about it because if he does he will lose his job and in all probability will not get it back. Take for instance a negro governess. If she has tuberculosis and is silent about it, not only does she become infectious to the children; but she deprives herself of a chance to get well. Where, on the other hand, if she does give up her job and attempts to get well, she will have a hard time getting her job back. Few people will employ a tuberculous person. That is very wrong. If the person isn't infectious he should by all means be given the job just the same as anyone else. Many have the thought that everyone who has had tuberculosis is infectious, when in reality only those who have a positive sputum are. That is about twenty-five per cent.

Employers often make the mistake of not teaching their employees about tuberculosis. If they did teach them, there would be fewer to endanger the lives of their associates.

There is not an institution for Mexicans. At the present there are thirty-two beds for Mexicans at the State Sanatorium.

## Wichita County Fair to Honor Old Settlers

The tenth annual Wichita County Fair, September 20 to 24, inclusive, will draw thousands of pioneers of this section and their friends, if expectations of Fair officials based on response to invitations mailed last week, materialize.

Over 2500 invitations were mailed out with return cards, and each mail brings in several hundred. A huge parade has been planned to officially open the five day show. The parade will begin its march at 11 a.m., and will end at the Fair Park, where they will disband in time for the old settlers to enjoy the broadcast of the Light Crust Doughboys from Ft. Worth, who will broadcast their regular noonday program from the stage of the auditorium.

During the afternoon entertainment will be furnished by the pioneers themselves as the Fair association has offered attractive cash prizes to winners who will play for a square dance, with the old settlers doing the dancing and the calling.

Featuring the evening's entertainment will be a gorgeous pageant presented in the ball park. The committee in charge have planned a series of episodes which depicts the history of this section from the days of the Indian to the modern day. One feature of the pageant will be the Pioneer Frolic which will show dancers from the various sections of the county doing the square dance.

Special dance numbers are being worked out by Wichita Falls dance studios. Miss Margaret Hale of Wichita Falls has been placed in charge of the pageant, and she, with Fair officials, are selecting the cast for the spectacle.

**THANK YOU . . .**

After 37 years here serving the people of this section in the hotel and cafe business, we are leasing our hotel Coffee Shop to our niece and her husband, Mr. and Mrs. Roy White, formerly Miss Lila Barton.

May we ask that our many friends and patrons let this young couple continue to serve them at the same old stand, Mrs. White has been connected with the business for the past five year and is prepared to give the best of food and cafe service.

• And we express in this manner our gratitude for the friendship and patronage that has been accorded us all these years.

### Editorials

This week the English III pupils have been writing editorials in their work in Journalism. Following are two that were selected from the class:

### Education

Education is usually defined as the process of rearing and teaching a child how to get along in the world. There is a vast difference in the securing of an education today and the securing of one long ago.

In the pioneer days there were very few schools and what few there were had crude equipment and poor teachers. In those days the school children were usually given a book, which was a small one, and were required to memorize it. Little thought was given to the question of how much did the pupil get out of the procedure. Today, the land and people are blessed with beautiful, well-equipped public schools where the mind can be trained. There is a part of each day devoted to exercise. Athletics play an important part in the school of today. Each child in the land is offered the opportunity to secure a liberal education which teaches him how to associate and co-operate with his fellow-man in making this world a better place in which to live. Liberal education is advocated because the progress of civilization depends entirely on the education of the people.

—Glendon Matthews

### Slippers

There are many kinds of slippers in our little town. Some good, some bad, and a few that we could get along without.

Now we have one kind of slipper that is made from the skin of the banana. It is a small yellow contraption about four inches long. On one side, it is made of a yellow substance which is very effective in gripping the sidewalk. The other side has a false front which shelters a very dangerous substance. This particular type of slipper is used in bringing the higher-ups of society down to earth.

We have another type of slipper which is also made of skin. It is used to wear bunions and blisters on the human sole. They are also used to slow down the points of

tacks and nails are they try to mar the human sole.

Recently, the old maid of our town reported the discovery of a new kind of slipper. It seems that this slipper was about six feet tall and very handsome. She first discovered him in her closet into which he had slipped as she entered the room. When she sought to take hold of him, he yelled, "Oh, Satan, I did not know you would come so soon," and slipped from her grasp and out of the open window. In addition, to these slippers this new type of slipper slipped her wrist watch, six diamond rings and various other valuables out of her dresser before she came into the room.

Now I think it would be a good idea for all of us to work together and present these slippers by the three well-known slippers.

—Louis Herring

### AMONG THE CLASSES

The first grade has been very busy and most of them are sorry school is going to close this week for cotton picking. Their playhouse is complete except for a few minor details. They have made a microphone and are going to have a radio program to be heard over their toy radio made for their home.

They are planning a party Friday from one o'clock until two fifteen, especially for their parents in order that they may see a demonstration of their achievements during the six weeks of summer school.

The fourth grade has been making animal, bird, and flower booklets. Prizes were given to the two who had the best books. These went to Buddy Hertel and J. B. Walling.

The third grade pupils are practicing on a play, "The Circus Came to Town."

Jim Mack is back in school after an absence of three weeks. The freshmen have just had a weekly test in General Science and think they can improve a great deal. The freshmen, as the rest of the classes, are studying and looking forward to examinations.

The girls are preparing their first meal Tuesday morning in Home Economics. It is a light breakfast, being of two to four things. Juanita Robeson and Marie Cornett have not attended school much of the last two weeks, otherwise the classes have not had many absent in the last few days.

Friday night, September 9, Evelyn Offutt gave a class party which was attended by eighteen freshmen along with their sponsor, Mr. J. T. Sykes and his wife. Everyone enjoyed the party very much.

The Sophomores are getting practice in letter writing. In English they are studying invitations, and social and business letters.

Friday, the Sophs had a change in History lesson. Each student gave a current event instead of the regular lesson. This proved to be very interesting. The girls discussed International news, the boys discussed National, State and Local News. Over half of the reports were on war and airplanes.

The Juniors have completed their first six weeks work and are preparing for the coming exams. They have studied hard this six weeks and hope to make a showing on their tests.

In American History the Juniors have been getting acquainted with the Declaration of Independence. The full study of it will be taken up after the cotton picking season. In English the class has been busy on their note-books which they have, as usual, got behind with.

The Seniors are really burning "mid-night oil" in preparation for six week's exams, which will be given Thursday and Friday. They hope to have the highest average in school when exams are over.

The Seniors have finally got the order off for their rings. They expect to receive them when school takes up after the cotton picking holidays are over. Then just watch them shine, (I mean the rings).

The senior class is eagerly looking forward to a picnic Friday evening. As this will be their first social of the year they expect it to be one grand occasion.

### HOME ECONOMICS CLASS MAKES FIELD TRIP

Foods IIA class took a field trip to Atkinson's Food Store Tuesday, September 13. As they were studying the cuts, use and characteristics of the beef and pork, it was very interesting.

The butcher at Atkinson's Food Store showed the girls a nice display of the different cuts of meat and told them the price of each cut.

### HOME ECONOMICS FOOD CLASS SERVES BANQUET

The members of the Munday Lions Club were hosts at a luncheon served in the dining room of the Home Economics department Wednesday at 12:15 o'clock. They had as their guests the board of trustees, Mr. T. W. Harber, Mr. W. C. Kimbrough and Mr. N. T. Underwood.

The students and faculty enjoyed their visit and especially the clever program presented in chapel. Immediately following the luncheon. We are extending the Lions Club

an invitation to come and visit us at any time.

### We'll See You in the Funnies

### NOTICE!

Sunset School will dismiss for cotton picking Friday, Sept. 16 and will re-open for work on Monday, October 17. There will be no "Eagles Echo" published for the next four weeks.

## HEFNER NEWS

Hefner school will open the first week of October with Mrs. Marlow of Benjamin and Miss Eva Jones of Hefner as teachers.

The farmers are quite busy gathering cotton now.

Mrs. Donoho's sister and daughter, Madeline O'Brien, and Helen Donoho of Olney are visiting her.

Mr. and Mrs. Ray Harris are the proud parents of a baby girl, Rose Wynelle, born September 4.

Showers that fell Sunday will delay boll pulling for a few days.

Quite a crowd attended preaching at the Baptist church Sunday.

Mrs. Flora Westerman, Mr. and Mrs. Alvin Westerman, Mr. and Mrs. Jimmie Nix of Seymour attended services Sunday morning.

Mr. and Mrs. Joe Tidwell of Hood were also present.

Mrs. Jess Gray and daughter Erma Dean are on the sick list this week.

Miss Pauline Harris spent Sunday with Miss Mary Bess Warren of Bonmaron.

Miss Helen Dohoho of Olney, accompanied by her aunt, Miss Madeline O'Brien, visited her mother, Mrs. L. P. Donoho, Sunday.

Mrs. Marion Jones' mother, Mrs. Lowry spent the week end visiting here.

### CARD OF THANKS

May we take this means of expressing our sincere appreciation of the many friends and neighbors who spoke words of comfort or helped in any way to lessen our burden during the recent illness and death of our loved one. To those who brought in food, to Rev. W. H. Albertson, and to the Mahan Funeral Home, we are especially grateful. That God may bless all of you is our desire.

Mrs. Clint Bolander and family.

Bobbie Joe and Troy Lee Shepard of the Monument Club of Young county each purchased a Duroc Jersey gilt from the Texas Agricultural Experiment Station. These two boys have built up such a reputation for breeding good Duroc hogs for the past two years that they can't supply the demand for registered hogs.

## News From County H. D. Clubs

Winter or summer, rain or shine, the cookie jar is a popular favorite whenever hungry people gather. It's sometimes a bit of a problem to make sure the supply will meet the demand, said Miss Nina Astin, in her demonstration to the Sunset home demonstration club Tuesday afternoon, Sept. 13.

"Not only is there such a variety of cookies that there is a different kind for nearly every occasion, but most cookies have the added advantage of the fact that they may be served in many different ways."

A simple cookies recipe through the addition of a few nuts, a little coconut, spices, a bit of jelly or jam or perhaps some frosting on top, may change it's character entirely.

Miss Astin gave a very interesting demonstration on "Cookies and Party Cakes." She made several different kinds of cookies and after the business meeting served them to the club members and visitors. The next meeting will be September 27.

October 21 and 22 are the days set for the "Cake Show" which will be held in Munday. The building to be used will be announced later. This will be a county wide exhibit and the public is invited to visit this display. Prizes will be awarded to the best cakes, and the cakes will be on sale Saturday, October 22.

"The cookie is the most versatile of all baked foods," said Miss Nina Astin, county home demonstration agent, to the Munday Home Demonstration Club in the home of Mrs. J. E. Edwards, Friday afternoon, Sept. 9.

"If you need something to finish off a simple meal, or if you are entertaining the club in your very best manner, you can always rely on the cookie, since there are as many kinds of cookies as there are occasions for serving them," continued Miss Astin.

Several kinds of cookies were made by Miss Astin during the demonstration and after the short business meeting were served to the 15 members and 3 visitors. The hostess served delicious grape punch and sandwiches with the cookies.

The next meeting of the club will be Friday, Sept. 23. All members are urged to be present in order to make final plans for the Annual Achievement programs.

## Rhineland News

By BERTHA STENDEL

Mr. and Mrs. Carl Homer and children, Mrs. John Homer, and Mrs. Charlie Hennesmeyer visited friends and relatives in Rhineland last week end. From here they left for South Texas.

Mr. Charles Stengel and Mr. Paul Stengel made a business trip to Pep, Texas, last week end.

Mr. and Mrs. Anton Brown and family were visiting in Cameron, Texas, last week.

Misses Bertha and Alice Birkenfeld of Wichita Falls visited friends and relatives in Rhineland, Sunday.

Mr. and Mrs. Carl Schumacher are the proud parents of a baby boy, born Monday, September 12.

Are You Boosting Munday!

 Sophomore.....Ethel Stengel Freshman.....Teresia Andrae

Grade School.....Elsie Schumacher

### SENIOR CLASS NEWS

The Seniors think that the Juniors must be in a poetic mood, since they are composing such poetry as, "Give them an inch and they'll take a whole yard," is one of the lines the Seniors would like to criticize, because they never get an inch to take a whole yard.

We Seniors want to congratulate Angelina on her wonderful reactions on the W. Lee O'Daniel election.

This is the last week of school until after cotton picking. We Seniors have enjoyed the six weeks of summer school.

### RHINELAND SENIORS ON PARADE

Wilma Michalik  
 Miss Wilma Michalik was born two and one-half miles south of Rhineland on February 18, 1922. She has lived here all her life and has spent all her school days here. She has played on the indoor ball team two years and volleyball team three years.

Here are some of her favorites:  
 Subject—German.  
 Color—Blue.  
 Sport—Tennis.  
 Hobby—Keeping a Diary.  
 Song—"Lovelight in the Starlight."

Her future plan is to become an expert beautician.

### JUNIOR REPORT

With only one week of school left, the Juniors are getting down to work, putting the finishing touches on our six weeks of work. We are going to get all of our notebooks so as to have them ready when we come back to school in the fall.

We may develop into real artists if we continue to study American history. We drew two maps last week showing the Spanish, English, and French colonies in America. Miss Walsh says we will have quite a lot more to draw during the year.

Perhaps some of the Juniors will have changed when we get back to school in the fall. Since this is the last publication of our news for a few weeks, we wish to leave with you some characteristics of the Juniors:

Mary Loran: "Powder-Puff Gal."  
 Bernice: "Clock-watcher."  
 Dorothy: "Wandering Jew."  
 Jean: "Preacher."  
 Margaret: "Smiley."

## Why Buy New Shoes . . .

—when we can make the old ones serviceable again. Let us get the school kiddies' shoes ready for the rainy season.

O K SHOE SHOP

"Now wait a minute, I'll show you how I hit a man in 1700." Are they really that old?

Miss Walsh asked what the antennae of a grasshopper was used for. One of the boys said it was used to eat with. The girls thought it was used to feel with. Who was right?

### FRESHMAN REPORT

Our school will soon turn out for cotton picking. Some seem to be glad that school will be out while others would rather go than pick cotton.

The eighth grade is becoming very interesting in learning their poetry. As this is the last report until after cotton picking, the Freshmen wish all good luck until we meet again.

### GRADE SCHOOL NEWS

We are all working hard trying to make the last week as successful as possible.

We are progressing nicely in reading, some very good grades having been made.

The seventh grade all think "Jim Davis," the book they are now reading is very interesting.

# COMPLETELY EQUIPPED To Service Automobiles and McCORMICK-DEERING TRACTORS

It is important that you get the right kind of service out of your motor during its entire life. As an authorized McCormick-Deering dealer, we have added equipment enabling us to do every job the quickest and most economical way on tractors or on all popular makes of cars. We use only genuine parts and our charges are reasonable at all times. Call on us whenever you need mechanical service of any kind.

Joe Massey will personally supervise all repair and overhaul work in our shop and invites his friends to bring their troubles to him at the new location—

Haskell MUNDAY Stamford

### Firemen Attend Seymour Meeting

Several local firemen from Munday were in attendance at the convention of the West Texas Firemen's Association convention, which convened at Seymour Tuesday, June 13.

Delegates from the local unit were Curtis Coates and J. C. Elliott, and they were present at 10 o'clock in the morning for the formal opening of the convention. The program opened with an address by Mayor Baskin of Seymour, and there was a response and other short talks before the business of the convention was entered into. The body chose Electra at the next meeting place, and the meeting is to be held next May.

Contests featured a hose race, which was won by the Burk Burnett fire department, and a water polo game which was finally called for time when neither Benjamin nor Knox City seemed able to gain an advantage. Munday did not enter in the contests.

A big chicken barbecue planned for the occasion was partially rained out late in the evening, but between 200 and 300 firemen were on hand at that time to enjoy the feed.

Others attending from Munday, later in the day, were T. E. Rigby, Grady Thornton, Jack Mayes, Ardelle Spelece, and Ernie Parchman.

A dance that night formed the closing part of the day's convention and many firemen from towns in the district were on hand.

The convention elected former Vice President Lewis, of Electra, to head the association this year, and Mr. Bledsoe, of Seymour, is vice president. E. C. Pruitt, of Olney, was re-elected secretary-treasurer of the association.

### 462 Enrolled In School First Day

Four hundred sixty-two students were enrolled in Munday public schools on the opening day, Monday, Sept. 12. Dr. J. Horace Bass, school superintendent, said this week. At least 20 per cent under the usual enrollment, an additional 90 to 100 students will be enrolled by the first of the year, Dr. Bass said.

A large number of the boys and girls are helping with the cotton

### THE BUNGLING HUNTER EXPLAINS

crop at this time, and others were prevented from entering on the first day who probably will enroll within the next week or ten days.

Of the 462 already registered, 155 entered high school, and 307 were divided among the seven lower grades. Forty-three pupils had their thrilling "first day" at school when they were assigned to the first grade, and other grades and enrollment were as follows: Second grade, 43; 3rd, 45; 4th, 34; 5th, 51; 6th, 44, and 7th, 47.

Classes in high school were organized Monday and officers were elected. Mac Haymes will be president of the senior class and Lamoine Blacklock heads the juniors. Hollis Barnicoat is sophomore president and Ralph Tidwell is freshman president for the coming year. Girls were busy with organization and practice of the school pep squad, and other clubs will be organized as soon as schedules are worked out and courses balanced.

Mr. and Mrs. B. A. Yarbrough and Miss Opal Booe attended the circus which showed in Wichita Falls, Thursday evening.

### City Secretary Asked to Attend Oklahoma Meet

Oklahoma City, Sept. 15—Special to The Times.—Failure to advise consumers of dangerous contamination in a city water supply makes a water superintendent and city officials liable for prison terms and their city government liable for damages.

That will be the warning sounded here by A. L. Jeffrey, municipal counselor, when he addresses the annual convention of the Southwest Section of the American Water Works Association, set October 17 to 20.

The convention will attract more than 600 delegates from Texas, Oklahoma, Arkansas and Louisiana. Invited to attend from Munday is R. B. Harrell, city secretary.

Criminal liability in the operation of municipal water supplies is a subject new to the convention. M. B. Cunningham, city water superintendent, in charge of convention arrangements, said "Heads of water departments and city officers guilty of concealing water contamination would not risk it if they were familiar with laws governing their liability."

### W. M. S. Sponsors Minstrel Show

The Dixie Blackbird Minstrels, a favorite minstrel, sponsored by the W.M.S., under the direction of Miss Bennye Barksdale, will be presented from the school auditorium stage at 8 o'clock Tuesday night, Sept. 20.

More than 50 prominent men and women of Munday, as well as a group of public school students, will be seen in this unique minstrel show.

Unusual in its arrangement, this minstrel is made up of four acts, Act 1, as a complete juvenile minstrel, features 23 children from the primary grades. Act 2, the adult minstrel, is made up of business and professional men. Act 3 has its setting in Attorney Alexander Butler's law office. He settles the marital difficulties of Clemson (the henpecked husband) and Mandy (typical black Mae West) in a most humorous manner. No minstrel is complete without a wedding and sermon. The fun of the evening's entertainment reaches its highest point in this final act.

Interspersed throughout the show are beautiful singing and dancing chorus girls.

You'll miss it—if you miss it. Snappy jokes, catchy songs, clever steps, uniquely designed costumes, beautiful chorus girls—a full evening of fun and frivolity.

### All-Day Sale . . .

(Continued From Page 1)

commendations. No pains were spared by the lessees and the board, it was disclosed, to get an auctioneer who was known to be dependable and capable.

Livestock will be put up for bids and may be withdrawn at any time if the price offered is not satisfactory to the owner, it was said. No one will be forced to sell unless the price is entirely satisfactory.

**Construction Finished**  
The new barn, measuring 40x60 feet and built especially for this purpose, was completed Wednesday, and by Saturday night the fencing, lights and plumbing being installed, Mr. Elliott said. It is located two blocks south of the public square on the highway, between the Farmers Union Gin and Moutray Service Station, and there is ample room on the big lot for all livestock that may be brought in.

Mr. Elliott stressed again the urgent invitation that has been extended to ladies to attend the sales. Comfortable seats have been provided and it is believed that a large group of farm women and others interested in the sales will be present at the initial auction event on September 20. Seats have been provided in place of the usual benches and nothing has been left undone to make this the banner event of the livestock country.

**Is Widely Advertised**  
Advertising of the sales has been spread over several counties and responses are being received from a large number of counties, it was revealed. Buyers from Oklahoma have announced their intention of being here and buyers at other recent sales have shown a keen interest in the project. Several thousand page circulars and a large number of placards were distributed last Saturday and these are being set into every section where livestock is bought and sold.

**Cooperation Splendid**  
"Cooperation in this project has been splendid," it was said by members of the various committees. On the building committee are Austin Caughran, Oates Golden, and E. W. Harrell; and trustees for the association are C. R. Elliott, W. R. Moore, Pitzer Baker, and W. E. Braly, who is secretary-treasurer of the board. The enterprise was first sponsored by the Munday Chamber of Commerce, but it was changed to a stock company and construction work was made possible through public subscriptions. Stockholders are expected to receive their original investment back in dividends within five years, committeemen said.

The work has gone forward according to original schedule and everything will be in readiness several days before the date of the first sale, on Tuesday, Sept. 20.

### McClain Pasture Sold in Deal Here

An incident of more than passing interest culminated Wednesday of this week at Benjamin in the sale of the McClain pasture, located north and west from the Rhineland bridge, and containing around eighteen hundred acres.

This excellent little ranch includes one of the oldest communities of the county—the Oxford crossing community on the Brazos, which was made up of the families of J. W. Wood, J. W. Oxford, F. McDonald, W. R. Dowding, Mrs. Elizabeth Hurd, and E. A. Houston, all pioneers of Knox county.

This property was purchased by the League-Davis interests, of Galveston, already large owners, and successful operators of much farm and ranch lands in this county.

The sale was made by George Isbell of Munday, and the acreage surveyed and checked by Judge Lee, also of this city.

The genial Jack Idol of Benjamin is local manager of the League-Davis interests in the county.

### REA Allots More Funds to Project

Six thousand dollars additional has been allotted by the REA to the power line construction project which will extend electric service to 400 customers along the Knox-Baylor line. The line will extend 114.6 miles.

Previously, \$104,000 had been set aside for construction of the line and the later allotment will be used to defray certain expenses connected with the initial operation of the project, which cannot be covered by the construction loan, a special dispatch to The Times stated this week.

### Has High Cadet Rank at A. & M.

W. R. Moore, Jr., has been appointed sergeant in the R.O.T.C. at A. & M. College, according to a communication received here Sunday.

Young Moore is a junior this term and the rank of sergeant is the highest that regulations permit a third-year student to hold. He reported at A. & M. at 9 o'clock Wednesday morning for enrollment and was accompanied by his father, W. R. Moore, and Preston Ingram, as far as Fort Worth.

### Texas Tech Will Enroll Sept. 12

Lubbock, Texas, Sept. 9.—(Special to The Times.—The Fall term opens at Texas Technological College Sept. 19, Monday. Two days will be given to registration, freshmen enrolling Monday, sophomores Monday afternoon, and juniors, seniors, and graduates on Tuesday.

Some confusion has arisen as to the opening date since the last year's catalogue had the opening date as September 12. The date was subsequently changed to the 19th.

### Dye Opens Gulf Station Here

Ed Dye, who recently opened the Munday Hotel, announced this week that he would also be in charge of the Gulf filling station located at the east end of Earnest street.

Mr. Dye was in the service station business here for several months and is thoroughly experienced in this line of work. The station formerly operated by Gene Cassell, will be equipped to handle all washing and greasing jobs and will retail Gulf petroleum products.

Ranchmen in Edwards county who have dipped their goats in wettable sulphur report that their flocks are free of goat lice. Results are clean skins and increased weight of quality mohair.

## Government Cotton Loans

We are prepared to make liberal advances on cotton for the loan pending the issuance of the loan papers. I hold a

### Government Licensed Classer's Certificate

and will be prepared to issue you the necessary

### Certificate for Grade and Staple

on your cotton, which is required by the Commodity Credit Corporation.

I have always endeavored to keep informed on the government programs and will be more than pleased to have you come in and talk it over with me. The government terms are more liberal this year.

We wish to thank all of our customers for their loyal patronage and trust we will have the privilege of serving you again.
