

Kracker Krumb's Odds Bets Salvaged at Random

Signs of fall: Cooler nights, although no moisture has arrived yet... cotton harvest trucks lining the streets on Saturday afternoon and Sunday, with transient laborers forming in groups over the city hall lawn... the gins humming, although they haven't reached their full stride.

Bob White quail invaded the city limits one day last week. They must have been flushed and scattered by some passerby.

We saw four of the birds cross the street in front of Mrs. Florence Bowden's home as we came to work that morning. We flushed another just back of the locker plant, which sailed off to the northeast.

All during the day, we could hear a Bob White calling to his mate. Sometimes an answer would come from far off in another direction.

Saw a man trying to locate one of the birds in a paradise tree on the city hall lawn.

As the calls were heard, one bird lover expressed the hope that dove hunters wouldn't get "trigger happy" if they saw a covey of quail.

He, too, wanted hunters to use the gun sparingly this year. "Our quail crop is pretty short," he said.

Found a card in our P. O. box Monday morning from Mr. and Mrs. R. C. Partridge. And of all places for it to be mailed—Alcatraz!

Our guess is they went there of their own volition. Anyway, they didn't ask to be "bailed off The Rock."

Their message on the card read: "Having no time on my hands, Am sending this card of the 'Last Resort.' Can't say that I wish you were here."

We were glad, and surprised, to learn the name of the Lockett football team when they played here recently, opening the 1954 football season.

First, we were greeted with ribbons from the pep squad calling the boys Pirates, which was contrary to the one given us for the programs.

Supt. Cox had made a telephone call to Lockett, then called up that the team went by the name of Tigers.

Imagine our surprise when we went to the game and heard Winston Blacklock on the public address system brazenly referring to the team as Lockett Panthers—which was their real moniker.

It was our first time to play Lockett, and we weren't able to contact anyone locally who knew the name the boys played under.

"This must be a year of mistakes," our employee, Norton Pendergraft, said later when he noticed those placards about town giving the Munday football schedule and referring to our team as the "Moguls."

Local fans in general are proud of the way our Moguls are going this year. They are playing and training very hard and have won their first two games, placing them at the top of the list thus far.

But they have some hard games stacked up for them in the remainder of their schedule. Many of their supporters think they will be able to take care of the situation, though.

Regardless of the outcome, our boys will be playing hard and clean games.

Classes In Vocational Agriculture Begun At Vera; Officers Are Named

A brand new department of Vocational Agriculture was opened in the Vera Public School this year, and every boy in high school was enrolled in the work. They will be instructed in double classes for a half-day schedule.

The boys met in the study hall on Monday, Sept. 6, and organized the first F. F. A. chapter for Vera school. The following officers were elected:

Billy Bradford, president; John Murphree, vice president; Bobby Gauthreaux, secretary; Jerry Feemster, treasurer and Murl Feemster, reporter.

Much interest is being shown in shop work, which is a part of this vocational work. Classes are being held in the G. I. shop building, and tools used by the former G. I. students are being returned to the school for use in this department.

The chapter is starting to work immediately on his leadership training for the contest to be held in a few months. J. L. Smith is the teacher.

Coming To Munday Church

A special group of singers from Southwestern Christian College of Terrell, Texas, will present a special program at the Church of Christ in Munday, Tuesday, September 21, at 8:00 P. M. This group has been selected from the larger a capella chorus of the Negro school and consists of quartets, sextets, and other special arrangements. The chorus has attracted favorable attention in Texas, Oklahoma, Arkansas, Kansas, Colorado, New Mexico, and Louisiana.

The Church of Christ extends a cordial invitation to the public to come and enjoy this program with them.

In Bond Drive

J. C. Porter of The First National Bank of Wichita Falls has been named District Chairman in an 11-county district in the new stepped-up campaign for U. S. Savings Bonds throughout Texas. Announcement of the appointment came from Chairman Nathan Adams and Co-Chairman Ed Gossett, Dallas, of the Savings Bonds Advisory Committee for the state.

The new district chairman will help give leadership to all phases of the Savings Bonds program in the district, which included Archer, Baylor, Clay, Foard, Hardeman, Knox, Montague, Wichita, Wilbarger, and Young counties.

CHOIR SOCIAL IS HELD IN FETSCH HOME

The St. Joseph's Choir held their annual social party on Sunday, September 5, at the home of Mr. and Mrs. Leo Fetsch. Diversified games provided entertainment for members of the choir, their husbands, wives and sweethearts on the lawn of the Fetsch home. Refreshments and a fried chicken supper was enjoyed by all. Rev. Father Fabian Diersing, pastor of the St. Joseph's Church, was a guest.

Wiggins Heads United Defense Drive In Knox

Mr. M. L. Wiggins, vice president of the First National Bank in Munday, has been named as chairman of Knox County on the Texas United Defense Fund, the state-wide group which will sponsor USO's campaign for \$775,000 in Texas this year. The quota for Knox County is \$790,000. At present there are 122 servicemen from Knox County serving in the armed forces.

Mr. Wiggins was appointed today by Mr. Ben Boston, district manager of the Lone Star Gas Company, Vernon, who is District Chairman of the forthcoming fund appeal to carry on the familiar services of the USO to the young men and women of the nation's armed forces.

A major portion of the Texas goal as in 1953, will be included in the Community Chest and United Fund campaigns throughout the state this fall.

Munday Moguls Win 20-0 From Rule Bobcats

A fired-up bunch of Moguls went after another victory last Friday night as they powered to a 20-0 win over the Rule Bobcats in a non-conference game on the local field. This made their second victory of the season, having defeated the Lockett Panthers 26-6 a week earlier.

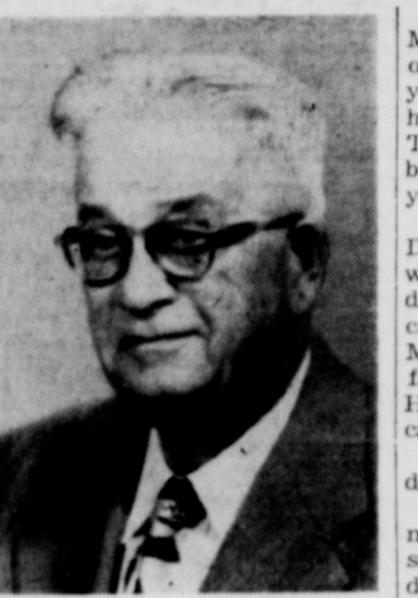

The local boys tallied twice in the second period, after a scoreless first stanza. Glenn Amerason rammed tackle for the final eight yards after a 55-yard drive for the first score, then Jerry Guinn hit pay dirt from the one yard marker after a 35-yard march begun when Gary Cure snaggged a Rule pass. Cure also booted two extra points in the three tries.

The final tally went to Wyman Tidwell, who smashed from the one yard line in the third period after a 61-yard march in eight downs.

The Bobcats made a strong bid in the game's fading moments. Vic Trammell ran for 36 yards, and Charles Gibson knocked off 21 as the Bobcats came from their five to the Mogul 15 as the game ended. Tackle Gene Ender and Trammell sparked the Rule defense.

The Moguls will rest next Friday night, then will journey to Rochester on September 24.

John B. Reneau, Former Postmaster, Retired Farmer, Buried Here Friday

John Bryant Reneau, former Munday postmaster and resident of Knox County for over 35 years, passed away at the family home in Munday at 2:45 p. m. Thursday, September 9. He had been in ill health for about five years.

Born in Albany, Kentucky, on December 15, 1879, Mr. Reneau was 74 years, 8 months and 25 days of age. He and his family came to Munday in 1917, and Mr. Reneau was engaged in farming here for many years. He retired several years ago because of failing health.

Mrs. Reneau preceded him in death January 17, 1949.

Mr. Reneau was active in community affairs for many years, serving as postmaster at Munday for a little over 12 years, from 1923 to 1935.

He was a veteran of the Spanish-American War, serving some time in the Philippines, and was a member of the Masonic Bodies of Munday. He was active in the local cemetery association for a number of years.

Funeral services were held from the Church of Christ in Munday at three o'clock last Friday afternoon, being conducted by Payne Hattox, local minister; Reneau Swindell of Hawley and Paul Nelson. Burial was in Johnson Memorial Cemetery by the McCauley Funeral Home.

Palbearers were Austin Tomlinson, Lonnie Offutt, Chalmers Hobert, John Jones, Grady Tomlinson and John Phillips.

Surviving him are a son, Dr. J. B. Reneau of Munday, two brothers, Jim Reneau of Spearman and Azle Reneau of Clayton, N. M.; two sisters, Mrs. J. E. Swindell of Wichita Falls and Miss Alice Reneau of Clayton, New Mexico.

Munday Fireman Is Named President Of West Texas Group At Olney Meet

J. B. Scott of Munday was elevated to president of the West Texas Firemen's and Fire Marshals' Association at the meeting in Olney last Sunday, as 300 members from 40 area towns gathered for their 47th semi-annual convention. Scott was elected vice president at the Munday meeting a year ago.

He is a former fire chief of the Munday Volunteer Fire Department, and is now serving as assistant chief. He succeeds S. Howell of Vernon as president.

Also elected district officers were Bill Beck, SAFB, vice president; Arden Bailey, Electra, secretary; and Rev. Ed Thomas, Munday, chaplain.

Archer City was chosen as meeting place for the spring convention.

Electra's team won the pump-hoop-up contest with a time of 23 seconds. Graham and Archer City were second and third. Munday's time of 13 seconds won the two-man hook-up race.

The convention program featured a talk by Mason Langford of Arlington, fourth vice-pres-

DR. BEAZLEY TO PREACH HERE SUNDAY

Dr. W. O. Beazley of the Bible department of Hardin-Simmons University, Abilene, will fill the pulpit at the First Baptist Church next Sunday, it has been announced.

Dr. Beazley will preach at both morning and evening services, and all members are urged to hear him.

Mrs. Don Wardlaw, Mrs. L. L. Womble and Mrs. J. H. Amerson were visitors in Wichita Falls last Tuesday.

Three Are Hurt In Auto Mishap Near Knox City

One man was seriously injured and two others bruised in a two-car collision on Highway 222 between Munday and Knox City last Sunday night.

Highway patrolmen were still searching for one of the vehicles Monday which sped away from the scene of the accident.

Billy Jennings, 17-year-old Benjamin youth, was hospitalized at Knox City for undetermined internal injuries.

Brown's automobile turned over several times after being struck by the other car, it was stated.

Investigating officers included Louis Floyd of Knox City, Sheriff Homer T. Melton and Highway Patrolman George Leedy.

Representative Of Employment Service Now Located Here

E. L. McElhannon, representative of the Texas Employment Commission's Farm Labor Division, is now stationed at Munday to assist farmers in securing cotton pullers for Knox County and surrounding area.

Mr. McElhannon's temporary office is located in the city hall. His telephone number is 4011, and he asks farmers to call on him when he can be of service to them.

Cotton Variety Tests Explained At Meeting Here

Roy A. Saunders, who is working with farmers in this area in conducting cotton variety tests, explained some of this year's operations to a group of interested persons last Monday evening at a meeting held at the local oil mill. Around 50 persons attended.

Mr. Saunders had a small patch of cotton growing on the mill property, showing the stages of various varieties of cotton. He had portions of the cotton roped off showing the number of bolls of each variety in the same area. Saunders explained that around 30 tests are grown in the fields or area farmers this year under various conditions. It is his plan to have this cotton picked and weighed separately in the field.

Dr. Tom Richmond, cotton specialist of Texas A. and M. College, visited with the group and told of various cotton breeding tests conducted at the college. He urged farmers to select the cotton that has proved best over a period of years for production, staple and fiber.

A watermelon feed was served the group at the close of the meeting, which was attended by county agents, bankers, farmers and others interested in better cotton production.

Knox County Raises \$1,023 in Emergency March Of Dimes

A total of \$1,023.02 was raised in the recent emergency March of Dimes drive, according to Mrs. Charles McCauley, county chairman, who expressed her thanks to everyone who aided in the drive in any way. Contributions by communities are:

Munday	\$457.37
Knox City	157.93
Benjamin	120.82
Goree	125.00
Rhineland	101.35
Gilliland	18.94

HANDICRAFT CLASSES TO BEGIN THURSDAY

The Handicraft class will resume classes Thursday, September 23, at 7:30 p. m. Classes will be held in the homemaking department in the high school building with Miss Eugenia Robertson as teacher. The entrance fee will be \$1.00 to cover cost of supplies. Everyone interested is urged enroll at the beginning of classwork.

Small Grain Cover Crops Are Listed For Fall Of 1954

According to Jesse T. Gilpin, Office Manager of the Knox County ACS, assistance is offered for seeding small grain as a cover crop this fall.

The payment rate is \$1.25 per acre. This in most cases will cover the cost of seed. The crop may be grazed but cannot be harvested for grain or hay.

It appears that with total allotments for 1955 there will be a considerable amount of land that cannot be put in a cash crop, therefore, it seems that now would be a good time to seed these small grains and get the land covered up for the winter.

Applications are being taken for this practice in the ASC office in Knox City.

Funeral For A. F. Bivins Is Held At Benjamin

Alvor Franklin Bivins, 61, of Benjamin passed away at 8 p. m. Monday at the Knox County Hospital after an illness of several weeks.

Mr. Bivins had been a resident of Benjamin since 1917. He was employed by the Texas Highway Department for 25 years.

Funeral services were held from the First Baptist Church in Benjamin at three o'clock Wednesday afternoon with the pastor, Rev. J. L. Holloway, officiating. Burial was in Benjamin cemetery under the direction of Warren Funeral Home.

Survivors include three sons, Leon Bivins of Benjamin, Thomas Bivins of Christoval and Lee Bivins of Munday; two daughters, Mrs. Rex Patterson and Mrs. Johnny Hertel, both of Benjamin; a brother, Tom Bivins of Salinas, Calif.; and a half-sister, Mrs. Ruth Oliver of Ennis.

Sunday guests in the home of Mr. and Mrs. Aaron Ballard were Mr. and Mrs. George Hammons of Olustee, Okla., Mr. and Mrs. G. C. Cole of Vera, Mr. and Mrs. Don Jacobs and children of Truscott, Mr. and Mrs. Archie Struck and children of Goree, Mr. and Mrs. Pete Meizer and children of Benjamin, Mr. and Mrs. Charles Flanary of Haskell and Mr. and Mrs. Calvin Call and children of Lubbock.

THINGS ONE REMEMBER

By R. M. Hofer

I recently had occasion to be in a Western town 75 miles removed from a through state highway. In other words, to get to this town of a few hundred population you had to drive 75 miles to the "end of the road"—150 miles round trip. The residents were happy and proud of their community and of their production of livestock, grains, timber and dairy products. They had the blessings of space, 10,000 foot mountains, lakes and rivers.

In addition they had two assets which put their country on the map. They had a fine little newspaper containing the advertisements of local and national firms, offering the community a choice of products and every modern convenience. Then they had a railroad, with daily train service to a trans-continental line.

Probably most of the residents didn't give much thought to what this meant, for they had grown up with it. When the sawmill wanted ten cars to ship its product to any point in the United States, it had them; the same with cattlemen—long, hard drives of stock across the country were something for storybooks.

Here was a town at the end of the road where the people had a reliable transportation outlet to any point in the United States; where they were in touch with the happenings and the products of the country through an up-to-date little newspaper. It is hard to imagine how isolated this frontier town would be without its newspapers.

Both railroads and newspapers have been among the pioneers of development in every part of this nation, and they stand today as outstanding symbols of service and private enterprise. Nothing takes their place—they keep communities on the map.

ANTI-SOCIALIST POLICY

A definite step forward has been taken in an effort to end federal activities which compete with private enterprise.

This is found in a measure which was unanimously approved by the House Government Operations Committee. It makes this statement of policy: "The Federal Government shall not engage in business-type operations competitive with private enterprise except where it can be demonstrated that it is necessary for the government itself to perform such operations in the furtherance of national programs and objectives legally established."

This policy can save the taxpayers billions. Now let it be backed up with concrete action.

GRASS ROOTS OPINION

MORRISON, ILL., WHITESIDE COUNTY NEWS: "We believe in our big little city, cities, counties, states and nation. It is with regret we find it necessary to continually stress in our columns the need, the sorry need, for more Americanism—less politicians and more statesmen."

ALMA, ARK., NEWS: ". . . corporations and business men who squawk loudest about our government meddling in private business . . . buy . . . envelopes from the post office with their names printed on them, paid for with taxpayers' money. If that isn't government in competition with private business, we'll never see such a thing."

ABILENE, KANS., DAILY REFLECTOR-CHRONICLE: "In a large measure our tax system works because it has the confidence and the co-operation of most citizens. The fact that a man responsible for collecting taxes proved a tax dodger himself should not shake that confidence. He was caught, and he will be punished."

TROY, PA., GAZETTE-REGISTER: "The enterprise system has given the individual freedom and opportunity to use his private property in the competitive struggle for profit. The result has been a huge continuing growth in the number of business firms, and in the number of productive jobs. Our living standards have risen over the years to the point where they are the envy of the world . . . But . . . the trend in America toward socialistic reliance on Big Government will destroy the fundamentals of the individual enterprise system which has given us so much in the past."

PORT HURON, MICH., TIMES-HERALD: "Twelve New York newsmen have a plan which could . . . cripple seriously the distribution of horror, crime and salacious books. The newsdealers . . . have formed the Newsdealers Distributing Company, Inc., the members of which have agreed to refuse to have anything to do with the 'tie-in-sales' racket, under which the newsdealer has been compelled to buy large quantities of filthy . . . books in order to get the decent . . ."

ST. JOHN, KANS., NEWS: "Right to work legislation guarantees that workers cannot be boosted around by gangster type bosses who take a rake-off from their pay, squeezing tribute from laboring men as certainly as the Caesars did in days of old. It guarantees that if a man wants to belong to a union he may do so, and that as a union man he will enjoy the benefits it may offer."

THE POWER OF THE GOSPEL

Many people are teaching that sinners are converted and brought unto salvation by a direct operation of the Holy Spirit, separate, and apart from the word of God, or of the gospel of Christ. However, the scriptures teach that the Holy Spirit operates upon sinners in their conversions by means of the word of truth, and not directly, or in a miraculous, or irresistible manner.

There is no controversy as to whether sinners are converted by the Holy Spirit. But the question is, how does the Spirit convert sinners? Does he do it directly, or indirectly? Does he do it through the word of truth, or by a direct operation upon the sinner?

The gospel was first preached "With the Holy Ghost sent down from heaven." (1 Pet. 1:12) Sinners were convicted of their sins by the message of the Spirit spoken by the apostles. (Acts 2:36-37) The Spirit came to the apostles to convert the world. (Jn. 16:7-

13; Acts 2:1-4; 2:14-38.) Hence that apostle said, "I am not ashamed of the gospel of Christ, for it is the power of God unto salvation." (Rom. 1:16.) This is why the Lord authorized the gospel to be preached unto all the world. (Mk. 16:15.)

The gospel is, therefore, the power of God to draw sinners unto Christ, and therefore must be taught unto all so they can come to Christ." (Jn. 6:44-46.)

The word of God is the message of the Holy Spirit, and not the mere word of the writers. David said, "The Spirit of the Lord spake to me, and his word was in my tongue." (2 Sam. 23:2.) The scriptures are said to be the words of the Holy Spirit. (Acts 1:16; 1 Cor. 2:13.) The word of God is called the "Sword of the Spirit," (Eph. 6:17.) Hence, the Spirit pierces the sinner to the heart by the word which is his sword wielded by Christian soldiers clad in the whole armor of God, and not without means.

PAYNE HATTOX, Evangelist

One of the most intriguing individuals in the book giving the history of Menard County, by N. H. Pierce and entitled "The Free State of Menard," was Louis Carlin, a Frenchman, whose story is told by Mrs. Lovena Hanson Brown, who was a little girl when she met the Parisian.

Carlin had acquired an immense ranch—this was about 1879—and had constructed a ranch house which was a showplace, about seven miles from Menardville, as Menard was then called. The ranch extended over into Schleicher and Sutton Counties. He was immensely wealthy and had left France because of political disturbances. He went first to Australia, where he studied the methods of sheep ranching, then came to West Texas.

Mrs. Brown's mother became manager of the Carlin household and so she and her little daughter moved into the big ranch house, which was just back of the fine two-story home in which Carlin and his pretty wife, a former actress, lived. The Frenchman had a private secretary and his wife had a maid from Paris, as well as nearly a dozen servants. Fifty to seventy cowboys and ranch employees ate in the big

dining hall in the house behind the mansion.

The Carlins lived in luxury. They brought fine foods from Paris, including canned vegetables and dried fruits, which of course were great luxuries on the frontier, and they had champagne. They owned the first porcelain bathtubs in the history of Menard County. Every other year, the Carlins went back to Paris and while they were gone, people came to see the fine bathtubs.

The house was fitted in overstuffed furniture from France. There were gorgeous Christmas parties to which the children were invited. When Mrs. Brown was 8, she went to Fredericksburg to attend school and it was not long afterward that the Carlins went to Paris, never to return. For, back in France, Carlin killed an actress, then turned the revolver on himself.

And so came to a tragic end the story of the rich Parisian who built a mansion in the wilderness of West Texas some three-quarters of a century ago.

Dear Joan,
 John and I were in Abilene last week where we attended the annual Soil Day Program. We enjoyed it very much but what I enjoyed most of all was the stop at Munday, Texas. We had dinner at the Club Cafe, so convenient, right on Highway 277. John ate one of their special club steaks and I had catfish, all you can eat for \$1.00, and I mean it was all you could eat, too, Joan. John and I are going to make it a point to stop at the Club Cafe in Munday every chance we get.

As ever,
 SUE.

Miss Peggy Cooksey And Gerald Myers Marry In Church Ceremony At Goree

Miss Peggy Cooksey, daughter of Mr. and Mrs. Melvin Cooksey of Goree, became the bride of Gerald Myers, son of Mr. and Mrs. Roe Myers of Munday, during rites recently read in the First Baptist Church in Goree.

Rev. S. E. Stevenson read the double ring rites. Vows were exchanged before an altar outlined with daisies and greenery accented with baskets of white gladioli and white candles in tiered candelabra. Family pews were marked with white satin bows. Wedding music was presented by Miss Connie Haskins. Miss Nancy Lawson sang "Because" and "Always". Miss Lynell Tankersly of Knox City sang "The Lord's Prayer" to close the service.

The bride, given in marriage by her father, wore a waltz-length gown of lace and nylon tulle over satin with a fitted bodice and sleeves tapering to points over her hands. Her elbow length veil was attached to a headress of lace with pearls

and iridescent sequins. Her only jewelry, a strand of pearls, was a gift of the groom. She carried a bouquet of white carnations.

Miss Mary Coffman of Goree was maid of honor. She wore a dress of pink lace and nylon tulle over tafeta, pink mitts and carried a bouquet of white carnations. Bridesmaids were Misses Jeanette Smith of Goree, Peggy Pierce of O'Donnell, Carol Clayborn of Munday and Pat Putnam of Munday. They wore dresses of pastel blue nylon net over taffeta, with mitts and carried bouquets of white carnations.

Candle lighters were Gordon Earl Moore of Goree and Miss Patsy Pearce of O'Donnell. Howard Myers, brother of the groom, was best man. Ushers were Johnny Fluheart of Seymour, James Smith of Munday, Bill Rogers and Ward Cooksey of Goree.

Immediately following the ceremony, the newlywed couple

MR. and MRS. GERALD MYERS

were honored with a reception held in the home of the bride's parents. Miss Samye Bates presided at the crystal punch service and Miss Patsy Pearce served the wedding cake. Miss Norma Railsback secured the names of the guests for the bride's book. Other members of the house party were Misses. Walter Coffman, J. B. Lawson, Troy Moore, and Miss Nancy Lawson. Miss Connie Haskins, pianist, furnished music during the reception.

Out of town guests attended from Lubbock, Fort Worth, O'Donnell, Seymour, Munday, Haskell and Knox City.

Mrs. Myers chose for traveling an navy suit with navy accessories and white corsage. They will live in Lubbock where the bridegroom will continue his studies at Texas Tech College, where he is a senior.

A rehearsal dinner was held on August 27 in the home of Mr. and Mrs. Roe Myers, parents of the bridegroom.

Wayne Butler visited relatives in Lubbock and Plainview over the week end.

Bert Wardlaw and family of Phoenix, Ariz., returned home last week after a visit here with his sister, Mrs. Aubra L. Smith, and family.

Mrs. Dee Mullican had as her guest her aunt, Mrs. J. M. Roberson, of Vera, last Wednesday and Thursday.

Mrs. L. J. Hill and son, Joe Mac, spent Sunday with Mrs. Hill's parents, Mr. and Mrs. Sam McGaughey, in Spur.

LOCALS

Misses Bertha and Flora Sweatt and their brother, Gordon Sweatt, of Kress returned home last Thursday from several days visit with their sister and husband, Mr. and Mrs. E. D. Herndon, in McKinney. They also visited with Mrs. Maggie Ellenboro in Allen and Mr. and Mrs. Pete Cashon in Salina.

Week end guests of Mr. and J. C. Spann were Mr. and Mrs. Joe Spann of Clarendon and Mr. and Mrs. Johnny Spann of Abilene.

Mr. and Mrs. J. B. Graham and son, Randy, of Ennis visited relatives and friends here last Sunday.

Week end guests of Mr. and Mrs. Leo Fetsch were her sister and family, Dr. and Mrs. F. E. Seale and children, Allen, Karen and Lana, of Lamesa. The Seales also attended the reunion of the Seale relations in the Seymour park on Sunday.

Mr. and Mrs. H. F. Jungman were business visitors in Dallas the latter part of last week.

Wayne Smith left Friday for Abilene where he entered McMurry College.

THANKS DONORS OF MARCH OF DIMES

Those contributing to the emergency March of Dimes in the Gilliland community were: Arthur Horney, W. T. Cook, Ole Ilseing, Jerry Tomanek, Sam Stone, M. G. Duncan, Wade Barker, Toy Reed, John Thompson and Dud Elliot.

I wish to thank each and every one for their donations. We fell away short in our contributions in this community, Mrs. Arthur Horne.

Mr. and Mrs. Donald Jolley and Larry of Muskogee, Okla., visited in the Lee Haynes home during the week end.

Two-in-One Tool
THIS two-in-one tool was fixed up in his workshop by a California home craftsman. It's an inexpensive level which is bolted to the short leg of a T-Square.

Purpose of the arrangement is to provide a handy tool for laying out horizontal lines and plumb lines in closets and in other close quarters where the level ordinarily used is too long to be handled easily.

This idea was published in *American Builder*, leading trade publication for contractors.

Paul took Mary Frances to Denton Monday where she will enroll as a student at North Texas State College.

Mrs. Helen Powell of Lawtonburg, Calif., returned home Tuesday after spending four months with her sister, Mrs. Jim Henson.

These will help take the Work out of your housework

DUST QUICKLY VANISHES from corners of bureau drawers and other hard-to-reach places with the crevice attachment of your vacuum cleaner.
(Your vacuum cleaner will work two hours for only a penny's worth of electricity.)

VELVETEENS TAKE ON A NEW LOOK when you tumble them dry, along with a damp Turkish towel, in your electric clothes dryer for a few minutes.
(An electric clothes dryer makes every day a good drying day.)

PROTECT TUFTS ON BEDSPREADS WHEN LAUNDERING. Place bedspreads in a pillow case before putting them in your washer.
(Your electric washer will wash and rinse three bedspreads for about a penny's worth of electricity.)

SEWING IS EASY if you keep a steam iron in your sewing room to press seams and joinings as you sew.
(A steam iron saves time, pressing bills, too.)

FROST A CAKE QUICKLY. Put it on the turntable of your electric mixer. Turn cake easily as you frost.
(You can run your electric mixer an hour for a fraction of a penny.)

KEEP A RECORD of food you take from the freezer so you can tell at a glance when it's time to restock.
(It costs only pennies a day to run a big, handy freezer.)

YOUR ELECTRIC RATES HAVE STAYED LOW
It's a fact... in homes served by WTU the average cost of a kilowatt hour of electric service costs 22% LESS than it did ten years ago.

Methodist WSCS Meets At Church Last Monday

The Woman's Society of Christian Service of the First Methodist Church met at the church Monday morning at 10:30 o'clock for the annual program, business meeting and luncheon. The subject was "The Fourth Assembly of the Woman's Society of Christian Service at Milwaukee, Wis." Using the same topic as used at the Assembly, "Jesus Christ the Way," a very inspiring talk was given by the speaker of the day, Rev. H. Doyle Ragle.

Following the program, a delicious luncheon was served by co-hostess, Mrs. R. D. Atkinson and Mrs. Oates Golden to 28 members and 3 visitors, and the guest speaker.

NOTICE:

To the good white people of this city and our own good colored people we, The Church of God in Christ, are making a special call of help. Some time past we had a light wind storm and our church was moved off the front blocks and corners came apart. We have purpose in our heart to fix the house of God where we worship Him. Our rally will be the second Sunday in October. We appreciate what you do for us, remember, "He that giveth to the poor lendeth to the Lord."

New Face on Old Dresser

JUST about any decrepit, old-style dresser can be modernized—say, for a teen-age girl's room. It'll be mighty smart finished in black and white, black and yellow, or black and Chinese red.

First, tighten the joints. Take off the door handles and then remove the old finish or cover it with a clear sealer in which color in oil has been added. Instead of just painting the top black and

thereby failing to cover up any scratches or surface gouges, use a piece of Masonite black Tempered Presdwood, 1/4" thick, cut to size and beveled around the front and side edges. Fasten it securely with wallboard cement and weight it heavily with books until it has set firmly.

This extremely smooth black hardboard, dyed during its manufacture, won't show cigarette burns. To give it an attractive gloss, use a black penetrating sealer. This all-wood hardboard is virtually indestructible.

To further modernize the piece, remove the mirror and hang it, or its successor, on the wall. Also remove the legs and build a recessed base of lumber, covered with some of the black Tempered Presdwood. Replace the old-fashioned drawer pulls with square blocks of wood to which some of the black hardboard is fastened with screws. Leave a small overhang to permit a fingerhold.

Lonnie McSwain Honored Recently On Fifth Birthday

Lonnie McSwain was honored with a birthday party by his mother, Mrs. Millard McSwain, at his home in Goree on Friday evening, September 3, celebrating his fifth birthday.

A two-tiered cake in white with pink decorations and punch were served to the following: Becky Hawkins, Chris Hoff, Randy and Taylor Aubert, Judy, Freddie and Mike Elliott, Kenneth and Shirley Struck, Jan and Church Roberts, Pug Knight, Sandra Yates, Marilyn, Sharon, Pam and Ronnie Couch, Jerry Edwards, Evelyn and Jackie Howry, Douglas and David Wright, and nine mothers, including his grandmother, Mrs. E. M. McSwain.

Gifts were also received from a grandmother, Mrs. Joyce Blevins, and Pat Fitzpatrick.

The party ended on the lawn, where the children played and were served ice cream.

Mr. and Mrs. Jim Reeves were in Lubbock on Wednesday and Thursday of this week visiting with Mrs. Reeves' sister. Mr. Reeves attended the Ford dealers meeting on Thursday.

Mrs. R. F. Horan left Sunday for Odessa to be with her daughter, Wanda, who was in a car accident last week.

Weekly Health LETTER

Issued by Henry A. Holle, M. D., State Health Officer of Texas

Chances of today's school-age children—5 through 19—dying of disease has been cut by two-thirds in the past 15 years, a State Health Department statistical summary shows.

Thus, excluding accident, the "readin' writin' rithmetic" set has three times as much chance of living to collect high school diplomas than the class of '38.

State Health Officer Henry A. Holle attributes healthier school life in 1954 to improved environment at home and school, immunization and vaccination programs, improved drug therapy, and education of the lay public on the importance of disease prevention.

One of every 594 school-age children in 1938 died of disease. By 1953 the ratio had been cut to one in 1785.

Parents of Texas one and three-quarter million schoolastics can breathe easier knowing that 1953 diphtheria death rates have been reduced to one-tenth of the 1838 rate, influenza and pneumonia to one-sixth, scarlet fever to one-third, and malaria and typhoid fever to a flat zero.

Fifteen years ago, the summary shows, school child deaths from all causes reached 3389, compared with 1698 deaths last year. And enrollment in public schools last year was greater by 70,000 than enrollment in 1938.

"Typhoid fever and malaria are excellent examples of what can be accomplished by simply cleaning up mosquito and fly breeding areas, improving sewage and garbage disposal, and improving housing conditions," Dr. Holle said.

Malaria caused the death of 39 school children in 1938, and typhoid killed 144. Neither disease claimed a single life last year.

Significantly, it was in 1938 that the State Department of Health began operating on its present scale.

The figures concerning accidental deaths aren't as bright as these one disease-produced fatalities.

NEED FOR COVER CROPS
If experience is the best teacher, then Texas has had some harsh and bitter instructions on the need to save our agricultural land.

Drouth has exhausted most of the subsoil moisture from vast sections of the state. Hot winds sweeping over nude fields lifted great quantities of our topsoil and powdered it into worthless dust. The disaster set us back many years in farm progress.

This is the second time in 20 years that we have experienced a "dust bowl" era. Apparently, we didn't learn our lessons very well the first time. But there are exceptions.

During a recent survey of the Plains area, a curious and heartening phenomena was observed. Next to a completely blown out field, you could see a plot which still retained its topsoil. The relatively undamaged areas were those where the remaining soil moisture was utilized to produce cover crops.

Thousands of acres of land are allowed to lie barren in the off seasons in Texas. These fields are the first to suffer damage when dry winds start to blow. Yet, time after time, cover crops have proven to be an important factor in preventing this waste. We should take advantage of this knowledge.

Government authority recognizes this fact. As a result, a recent change in the Agricultural Program makes any farmer or rancher eligible to apply for cost-sharing of planting cover or green manure crops on cropland which will be shifted from crop production next year. The ACP authorizes payment of up to 50 percent of the cost of seed-bed preparation, fertilizer, lime and seed for establishing cover crops on such land.

The main purpose of this aid is to provide adequate protective cover. But such crops can also provide emergency winter pasture for livestock. In many cases, this will be the only home-grown roughage available this winter and therefore could be extremely important in Texas.

Farmers and ranchers are encouraged to take advantage of the program this year. Conservation practices are drastically needed in all sections of the drouth area. A lot of poor crop land should be retired to grasses and much more needs to be protected during the winter and early spring months.

In view of the expected short-ages of some forage seeds due to short crops this year, farmers are advised to anticipate their needs and order seed early.

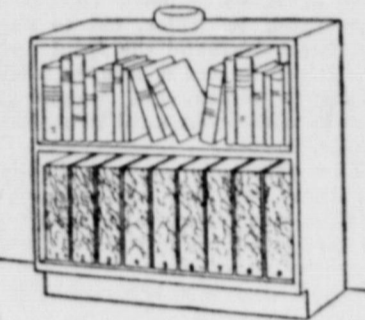

Accidents accounted for only 22.3 percent of all school age deaths in 1938, compared with 46.7 percent in 1953. Accident prevention programs probably represent the most urgent field for student health education, Dr. Holle believes.

Dressy Letter Files

ORDINARY letter files can be dressed up to present a pleasing appearance on a bookshelf in the home or office. By using a leather-textured hardboard known as Masonite Leatherwood, one can make a set of flat-backed files look very much like a leather-bound set of books.

The transformation is accomplished by cutting to size the required number of pieces, slightly rounding the edges and corners, and then gluing them on. Be sure to weight the backs, or use long clamps, to get a good bond.

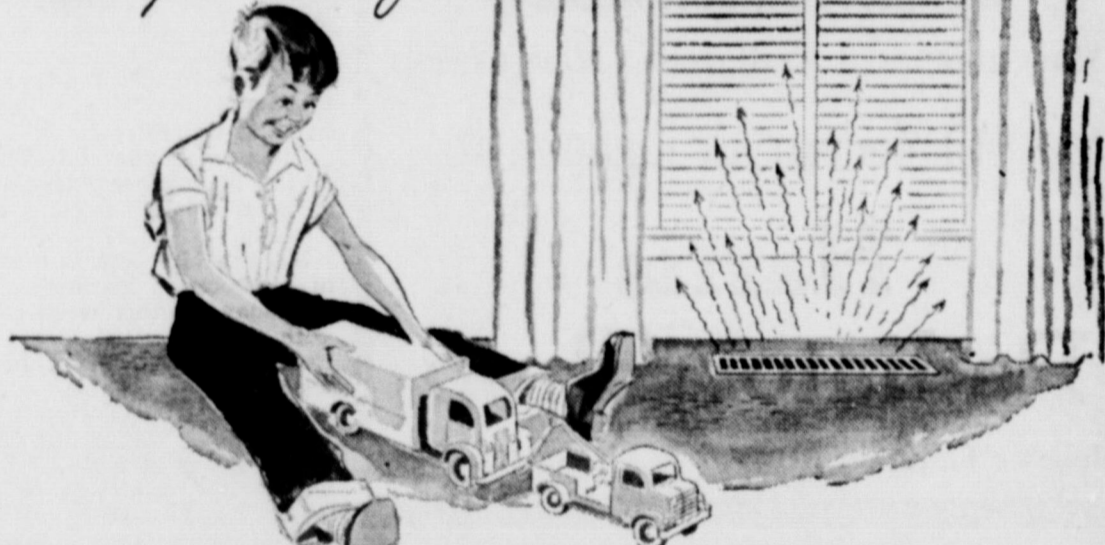

The Leatherwood may be given a light sheen by the application of liquid wax. The use of die-cut numerals or decalcomanias to distinguish the various volumes is suggested. Instead, letters or numerals could be enamelled directly on the hardboard.

CATTLE SELL WELL, STOCKERS STRONG

FORT WORTH—A big run of cattle appeared at Fort Worth and at other major markets as the mid-September marketing got under way last Monday. However, the buying power remained strong on cattle and prices were favorable.

Cows were fully steady and bulls also held fully steady. Slaughter steers and yearlings brought strong prices, with some fat steers and yearlings from \$22 to \$25, the latter price for a short load of fed cattle from the State Home at Corsicana. This \$25 price was the highest fed cattle price in some months at Fort Worth. Numerous loads of well finished steers sold from \$20 to \$22.

Stock and feeder demand remained strong and a load of fancy feeder calves weighing 513 pounds from P. R. Bonds of Tarrant County topped at \$21, and their heifer mates sold at \$18.75. Order buyers reported numbers of high quality stockers and feeders was short of the demand for them from Cornbelt and Western feeding areas. Some of the plainer kinds of stocker and feeder steers drew strong prices.

Slaughter calves ruled weak to 50 cents lower with a top of \$18 sparingly, and most sales from \$17 downward of fat calves.

Sheep and lambs drew mostly steady prices except slaughter ewes were around 50 cents per hundred lower at Fort Worth Monday. Fat lambs topped at \$19 and feeder lambs drew \$12 to \$15. Some feeder lambs at \$15 were considered stronger than comparable lambs sold late last week.

Slaughter ewes sold around \$3 to \$4, a few outside that range. Slaughter yearlings sold from \$8 to \$12.50, and old wethers drew \$9.50 down. Old bucks sold around \$3.

HOGS IN SHARP PRICE ADVANCE

Future Citizens of This Area

The group shown above and their mothers are: top row, left to right, Patricia Ann and Larry Gene Sweatt, Mrs. Joe Sweatt; Thomas Larry Wilson, Jr., Mrs. Larry Wilson. Middle row: Vickie Bell, Mrs. R. D. Bell; Linda and Gregory Reddell, Mrs. Leo Reddell. Bottom row: Connie Thompson, Mrs. Howard Thompson; Rickey Meinzer; Mrs. Pete Meinzer, and Kathy Wilson, Mrs. Larry Wilson.

Butcher hogs moved up 50 to 75 cents per hundred at Fort Worth Monday. Top hogs sold at \$21 to \$21.75, mostly at \$21 on top hogs.

Less attractive butchers including fatbacks, cold bloods, lights and heavies were reported from \$19 to \$20.75.

Last week hogs had closed at \$20.50, the lowest price of the year and also the lowest price since February of 1953 at this market.

Sows were 50 cents higher at \$15 to \$18.

The strong demand for stocker and feeder cattle and calves has been a firm prop under prices at the market at Fort Worth recently. The continued demand from principal feeding areas in the Cornbelt was bolstered by the predictions of a whopping corn crop this year. Fort Worth order buyers report more orders in hand than they can fill for the high grades.

In general, it is believed that

feeding margins may be smaller this year than last, since stockers and feeders are currently selling \$2 to \$4 above a year ago. However, recent strength in the fat cattle market has been highly encouraging.

Stories of the drouth in Texas have been exaggerated in the minds of some of the mid-Westerners who were at Fort Worth for the Aberdeen-Angus feeder calf sale last week. One Iowan cornered this writer and asked in surprise, "What's this, I thought all the cattle in Texas were thin?"

Apparently he thought all the cattle in this section were staggering around virtually starved to death. Fact is that because of the supplemental feed they have had, most calves and cows coming to Fort Worth this year are heavier than normally is the case.

Feeder lambs coming to Fort Worth are averaging 8 to 10 pounds heavier than normal this

year. The reason? Not better pasture, but the supplemental feed the ranchers and farmers have been giving the stock.

In fact some lambs in feeder flesh too heavy to suit most of the feeder buyers, indicating they had more milk from the supplementary fed ewes than was expected. They also probably picked up some of the feed, too!

Mr. and Mrs. W. G. Weilborn and Gaston visited with Mr. and Mrs. George Beard and children in Eula during the week end. They also visited Mrs. Vernon Leverett in the Hendricks Memorial Hospital in Abilene on Sunday afternoon.

Mr. and Mrs. Norris Smith were visitors in Wichita Falls last Thursday.

Mrs. Bill Morris visited with her father, who is very ill, in Gordon over the week. She returned Tuesday.

Notes From Knox Farms, Ranches

By W. J. Bryan, Knox County Agent

Prospective cotton production for the state as a whole declined the past month and on Sept. 1 a crop of 3,375,000 was forecast by the Crop Reporting Board. The crop now in prospect is 22 percent smaller than the 4,317,000 bales harvested in 1953.

Hot, dry July and August weather has caused the cotton to open much faster than usual. The volume of cotton ginned prior to Sept. 1st this season was the sixth largest for this period on record.

With early harvest and much of the cotton in the blacklands and Central Texas producing very low yields, the migration of workers should be heavier than average during the next few weeks. However, cotton is opening fast in this part of the state and there may be need for some Mexican national laborers.

The procedure for importing these laborers is rather involved and does not lend itself to a short explanation. However, here are some of the main points: Only when domestic labor is in so short supply as to threaten loss or damage to the crop can foreign labor be contracted.

Working conditions, housing and wages afforded foreign workers must be equal to those offered domestic workers.

Contracts must be made at El Paso, Eagle Pass or Hidalgo and the employer must pay for the workers' transportation and subsistence from there to place of employment and return.

All contracts are subject to cancellation for cause if irregularities are found.

The initial cost is now \$3.00 per person.

Anyone interested can contact me or The Texas Employment Commission, Wichita Falls, for more detailed information.

Coy R. Phillips, Miss Martha Akin Marry Sept. 12th

Coy Rufus Phillips, Jr., son of Mr. and Mrs. Coy R. Phillips of Levelland and Miss Martha Louis Akin, daughter of Mr. and Mrs. J. Charles Akin of Sunday, were married on Friday evening, Sept. 10, it was announced here this week.

Rev. Don R. Davidson of Levelland read the double-ring ceremony before an archway of fern and blue carnations flanked with palms and white gladioli.

Given in marriage by her father, the bride wore the gown her sisters, Mrs. Kenneth Mohling of Roswell, N. M., and Mrs. Jerry Dublin of Dallas, had worn.

Mrs. Jerry D. Dublin was her sister's matron of honor. Miss Pat Thomas of Sundown and Mrs. Ray Anderson of Levelland, sister of the bridegroom, were other attendants.

Miss Jane Craddock and Miss Jerry Lynn Amonett were candlelighters, and Misses Linda Kay and Glenda Fay Phillips, twin sisters of the bridegroom, were flower girls.

Mr. Phillips served his son as best man. Bill Waygood of Sundown and Bobby Phillips, brother of the groom, were ushers. Jerry Anderson, nephew of the groom, was ring bearer.

After a wedding trip to points in New Mexico and Colorado, the young couple are at home in Levelland. The bride is a stenographer for Stanolind Oil and Gas Company in the Levelland gasoline plant.

The bridegroom will be a junior at Texas Tech this fall, where he is majoring in agricultural engineering.

Mr. and Mrs. Gill Wyatt returned home last Saturday from a few days visit with relatives in McLean, Andrews, Odessa and San Angelo.

Mr. and Mrs. L. W. Hobert visited relatives in Cisco over the week end.

Miss Ann Nelson left last week for Dallas where she is teaching in the Elisha Pease school.

Miss Lambeth And Ronald Hardin Wed On August 29th

The home of Rev. and Mrs. Berl Cavin in Dublin was the scene of the wedding of Miss Virginia Geraldine Lambeth of Goree and Ronald Hardin of Vera at 2:30 p. m. Sunday, August 29th.

The bride is the daughter of Mr. and Mrs. Homer Lambeth of Goree and the bridegroom is the son of Mr. and Mrs. P. A. Hardin of Vera.

The ceremony was read by Rev. Cavin, who is pastor of the Second Baptist Church in Dublin. Nuptial music was provided by Mrs. Cavin. Selections included "Always" and "Savior Like A Shepherd Lead Us."

The bride wore a fall suit of pink faille, featuring a fitted jacket with stand-up collar and three-quarter length sleeves. She selected navy accessories and carried white carnations atop a white Bible. She wore rhinestone ear rings, a gift from the bridegroom.

Following the ceremony, the couple left for Brownwood where they have established residence at 100 Pecan Street.

Mrs. Hardin is a 1953 graduate of Goree High School and was active in sports and school activities.

The bridegroom is a 1954 graduate of Vera High School where he was valedictorian and also active in sports. He plans to enter Howard Payne College this fall.

Kenneth Harrison of Houston spent the week end with his parents, Mr. and Mrs. Terry Harrison. His wife and daughter, who spent last week here, returned home with him. They were also accompanied home by his sister, Mrs. Emil Hoff, and son for a visit.

Guests in the home of Mr. and Mrs. R. M. Almanode over the week end were Mr. and Mrs. L. S. Partridge of Bowle.

Mr. and Mrs. Chalmer Hobert visited with Mrs. Vernon Leverett in the Hendrick Memorial Hospital in Abilene last Sunday.

Knox Prairie Philosopher Partly Agrees With The Judge's Contention T. V. Doesn't Bring Out The Truth

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek must have visited somebody with a television set, his letter this week indicates.

Dear editor:

I've been looking at television lately, looked at it quite a bit during the recent campaign, and I was especially interested in an article I found in a newspaper which blew off the end of a cedar post which some farmer was hauling on his trailer and had tied there to warn traffic approaching from the rear.

According to this article, a Federal Judge, in comment on the controversy over whether court trials and public hearings like Congressional investigating committees ought to be televised, said he was opposed to it, and he gave a very peculiar reason.

He said it was all right for newspapers to cover trials and

hearings, but there was something about a television camera and the knowledge millions of people were watching which "inspired witnesses to put on 'an act' and make it 'impossible to get at the truth.'"

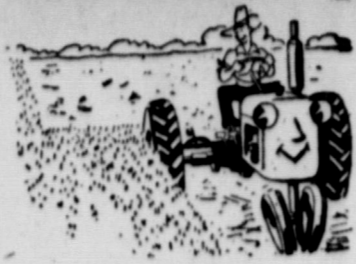

You know, I have noticed the same thing about the effect of television on some candidates. It seems to bring out everything from them but the truth.

I don't know why this is so, but the Judge sure has got a

point. You put some candidates up in a television studio, turn the bright lights on them and start the cameras workin, and while you'd think under such a public glare they'd bring out the truth if they had it in them, it doesn't work that way, and what they say sometimes covers everything except the truth.

But on second thought I do not say I agree entirely with the Judge. You can't blame it all on television. I have an idea that the knack of failing to tell the truth was perfected long before television was invented and I've noticed any sort of a public speaking platform has a tendency to cause some candidates to

put on an act and make it impossible for the truth to come out. Blamin this situation on the television camera is about as unrealistic as blamin it on the pine boards they used to build public speaking platforms out of.

In fact, I doubt if shinin a light on a man and focusin a television camera on him has much bearin on the amount of truth he comes out with. I don't believe television has increased or decreased the amount of truth-tellin, its presence or absence was here long before then, and probably will stay in about the same proportion, whether a man's television set is workin or busted.

Yours faithfully,
J. A.

TELEVISION:

Live! Humble will bring Texans live telecasts of outstanding college games every Saturday afternoon during the season, and on Thanksgiving Day. These are telecast under the program of the National Collegiate Athletic Association. Tentative schedules include four Southwest Conference teams.

On film! Humble's weekly television program, *Texas in Review*, will feature highlights of Southwest Conference play. This appears on Monday or Tuesday nights over 14 Texas television stations. Special arrangements enable you to see Saturday's action as early as Monday night.

SLEEPING BEAUTY AWAKE AT LAST

The beautiful raven-haired princess in Twentieth Century-Fox's CinemaScope picturization of Harold Foster's comic strip, "Prince Valiant," is the girl who is known as "Hollywood's Sleeping Beauty."

The exotic Debra Paget became known as the "sleeping princess" when she freely admitted that she had never been kissed off-screen by a real life beau. In the first place she was too interested in getting her film career started to have steady dating time and the rest of her "spare" time was devoted to classroom studies. Debra was started on her film career at the age of 15 in "Cry of the City." During the filming of "Prince Valiant," Debra celebrated her 20th birthday with co-stars Robert Wagner, James Mason, Janet Leigh and Sterling Hayden and also let it be known that she no longer rated the "no-kiss" title, but refused to reveal the name of the prince charming. And then as fate would have it, this time Debra rated nary a kiss on-screen although she finally wins her knight.

The picture will show at the Roxy Theatre on Sunday and Monday.

Drive carefully. The life you save may be your own.

AS GENERAL ELECTRIC SEES IT...

New products created 45,000 G-E jobs in the last nine years

And hundreds of new ideas are now being developed to keep employment high and help America live better

Tower of time cards shows jobs created by new G-E products. In a single pile, they'd reach 5 stories high.

One out of every five people working at General Electric owes his job to products G. E. didn't make before 1945.

Will coming years bring as much progress?

Actually, we believe there will be more. Many exciting possibilities are predictable as we learn how to make full use of atomic energy. Another important new development will be electronic machinery which will make work easier, production swifter—and create more jobs. New uses for gas turbines promise improved air, rail and ship transportation, and better power plants for industry. Research will make home appliances even more helpful.

All these fields—and many others—are so promising that we expect to produce more in the next ten years than in

all the previous 75 years of our existence. As we see it, in a free economy, America's industrial progress is not only continuing, it's rapidly accelerating.

Tiny job maker. The G-E transistor, not much bigger than a pencil eraser, does the work of a full-sized vacuum tube. It makes possible a wide variety of new electronic devices which will make your life more pleasant in the future and give employment to thousands of people.

Wool Growers Urged to Back Promotion Plan

FLAGSTAFF, ARIZ. — Although consumer appreciation for wool has risen sharply during the last year, intensified promotion is needed to strengthen wool's markets. Max F. Schmitt, President of The Wool Bureau, has told the annual meeting of the Executive Committee of the American Wool Council.

The program of wool promotion, which this year for the first time includes consumer advertising, should have the wholehearted support of the nation's wool growers, Mr. Schmitt said.

In this increasingly competitive era, he explained, not only does wool compete with other fibers, but wool products vie with an ever-widening range of consumer goods for their share of the consumer dollar. Wool growers must accept promotion as essential to the job of marketing their product profitably, he added.

Wool promotion efforts to date represent a "solid beginning" to a carefully planned, long-range program, Mr. Schmitt stated. Noting that the consumer's respect for wool is currently at a high level, Mr. Schmitt said: "Basic performance qualities long taken for granted in wool are now eagerly sought by the consumer, who has found—sometimes from bitter experience—that nothing measures up to wool in service and value."

Mr. Schmitt told the committee that careful planning and judicious spending are helping to stretch the wool promotion dollar. It will go still further, and produce even more, if the nation's wool growers give the wool promotion program their determined, day-to-day support, he added.

In addition to consumer advertising, the intensified wool promotion program will include expanded operations of The Wool Bureau's Pacific Coast office in Los Angeles, Mr. Schmitt reported.
