

Kracker Krumb

Odd Bits Salvaged at Random

We've seen a few shows in our time.

But we're not a show critic. During the 1954 State Fair of Texas, we saw "the fabulous Broadway musical hit, *The King and I*." And if we were to offer an opinion, it would be this: "Save your money!"

Back in 1946, we saw Gypsy Rose Lee, the queen of striptease, and her show.

In succeeding years, we saw other Broadway hits, such as: "Annie Get Your Gun," "South Pacific," "Guys and Dolls," and Tommy Dorsey's show.

But in our humble opinion, the real showman of the common people died last week.

As a kid we came to know the Harley Sadler Show, and as we grew up, there was still a certain appeal to us in the red-headed comedian, Toby, who could produce laughter and tears at will.

Soon after entering the newspaper business, we learned that when an advance man came along to advertise the Harley Sadler Show, the editor need not fear about getting his money.

When the tent was set up, you could be sure that early in week Harley would come around personally and settle his bill. This was not true of all vaudeville shows.

As a showman, a state representative, and as a state senator, Harley Sadler was close to the common people. He suffered his fatal heart attack while still in show business—emceeding a Boy Scout benefit show.

Harley's sincerity made him a great showman, a great public servant.

The crowd of farm laborers on the city hall lawn was smaller last Saturday. Yet, stores reported pretty good business. It seems they were buying more and looking less.

Many of the laborers are trekking towards the plains country. From a windshield view, it appears that quite a bit of cotton remains to be harvested in this area.

And some report that the cotton is turning out better than expected. Some farmers gathered more the first going over than they thought their entire crop would be.

If you happen to be about the county courthouse, you'll likely hear this admonition: "Be sure to vote for Amendment No. 8." That's the one in the November 2 general election proposing 4-year terms for officials. Some of the arguments for this amendment are:

The two-year term is a real hardship on the official. Before he can really settle down to effective work, he must start worrying about the next election.

The two-year term subjects the official to a heavy financial drain.

Attracted by four years of security, better personnel would be available for public service.

Inevitably, more capable men and women would be inspired to offer themselves for offices—once they could look forward to four years in office, and be spared the ordeal of a campaign every two years.

Another amendment of importance to Knox County is No. 11, providing that counties with less than 10,000 inhabitants may elect to have a tax assessor-collector.

We are just barely over the 10,000 mark in 1950, and could be under that figure in the next census. Under the present law, the office of tax assessor-collector will be combined with that of sheriff.

Moguls To Face Albany Lions In Crucial 8-A Test

The real 1954 season's test for Coach Troy Stewart's Munday Moguls comes on Friday night of this week when they face the strong Albany Lions at their den in Albany.

The Lions, victors last season, will be defending their title and are strong contenders again this year. While the Moguls were taking a rest last Friday night, the Lions took care of the Merkel Badgers in a one-sided 41-7 battle.

In district standing, the Moguls remain third from the top, having won one conference game and lost none. Albany and Munday have the same percentage in conference play, although both teams have defeated two conference foes.

Last Friday night, Haskell downed Roscoe 39-6, and Roby, next Mogul foe, was checked by Throckmorton, 33-0.

Coach Stewart's boys are preparing for the Albany battle by hard workouts this week, both on offense and defense, and hope to keep the Lions in check.

The highway between Munday and Albany will be lined with cars late Friday afternoon, as Mogul fans accompany them to this important game.

Last Rites For Mrs. Coffman Are At Vera Sunday

Funeral services were held at 3 p. m. Sunday from the Vera Baptist Church for Mrs. Naomi Murrell Coffman, 42, who died of a gunshot wound last Friday at her home in the Vera community.

Services were conducted by Rev. R. O. Sullivan of Quanah, former pastor of the Vera church, and burial was in Vera cemetery under the direction of Harrison Funeral Home of Seymour.

Mrs. Coffman was alone at home when she was shot through the heart by a .22 calibre rifle. Sheriff Homer T. Melton was quoted as saying Justice of the Peace N. S. Kilbore of Benjamin ruled the death was caused by a self-inflicted wound.

Mrs. Coffman, a resident of Knox County for a number of years, is survived by her husband, Grover Coffman of Vera, two sons, Lew Allen and Derrell, her mother, Mrs. Bertie Smith of Carlsbad; two sisters, Mrs. J. W. Walton of Fort Worth and Mrs. Elmer Mason of Clovis, N. M.; one brother, Oscar L. Browning, Jr., of Carlsbad.

Six Students From Munday Enrolled At Hardin-Simmons

ABILENE—Six persons from Munday are enrolled at Hardin-Simmons University for the 63rd session of the University.

Hardin-Simmons, a co-educational, liberal arts school, was founded in Abilene in 1891 by the Sweetwater Baptist Association.

From a modest beginning with \$5,000 capital and 16 acres of land, the University has grown into one of the top Southern Baptist colleges and now boasts one of the most modern educational plants in the Southwest with more than \$5,000,000 resources. Munday students attending H-SU are: Troyce Lafayette Raynes, Charlotte Jane Hannah, Patsy Jo Tidwell, Vernon T. Winchester, Mrs. Betty Moore, and James Paul Nelson.

Mums Being Sold For Game Oct. 29th

Members of the junior class are selling white mums with purple ribbons and purple "M" for the Munday school homecoming and game with Roby on October 29. The price is \$1.50 each. This activity is to raise money for class activities.

All football fans who wish a mum for the game should see Trivella Butler or any of the junior girls. The mums will be delivered to the City Drug Store, and they will not be sold after Tuesday, October 26.

Priest's Rites Held On Saturday At Gainesville

Requiem Mass was celebrated at 10 a. m. Saturday at St. Mary's Catholic Church in Gainesville for Rev. Herman Redder, 56, and the body was brought to Rhineland for interment in St. Joseph's Cemetery on Saturday afternoon. Rosary was recited at St. Mary's church on Friday evening.

Rev. Redder, pastor of St. died on Wednesday night, October 13, after suffering a heart attack while instructing a group of young people at St. Mary's school.

He was born at Rhineland and received his secondary education at Subiaco Academy in Arkansas and St. Mary's Seminary at La Porte. He was ordained to the priesthood in Dallas in June, 1928.

He was the first native son of Rhineland to enter the priesthood.

Father Redder had served as pastor at parishes at Pilot Point and Henrietta and at St. Barnabas Parish at Scotland, Archer County, for twenty years before going to St. Mary's in Gainesville in January, 1953.

He is survived by two brothers, Joe Redder and Fred Redder, both of Rhineland.

Rev. Fabian Diersing, pastor, officiated at the church service at Rhineland and assisted Rev. William L. Lane, O. S. B., of St. Charles Church in Gainesville at the cemetery. Other priests attending were Rev. Alphonse Beck, O. S. B., of St. Mary's Church, Windthorst; Rev. Theodore Francis, O. M. L., of Sacred Heart Church in Seymour, and Rev. John Mitchem of Dallas.

Nephews served as pallbearers. They are Raymond, Francis, Albert, Philip, Louis, and Edward Redder.

Weather Report

Misses Valera and Janell Albus, Lois Mae and Arledda Moore, Juanita Decker, Betty Brown and Mrs. Al Kuehler attended the State Fair in Dallas over the week end.

John McClaran of Fort Worth spent Saturday night and Sunday with his mother, Mrs. Ann McClaran.

Executive Vice-President George W. Medders has been elected president of American Motors Corporation, created May 1 by the merger of Nash-Kelvinator and Hudson Motor Car Company. Romney, at 47 one of the nation's youngest top executives, succeeds the late George W. Mason.

Four little boys at Texas Scottish Rite Hospital for Crippled Children get a personal introduction to a real live movie star, the dog, shown with Trainer Billie Watkins of Hollywood. Patients at Scottish Rite get ringside seats and special previews of the best shows in town.

Truscott Boy Wins 4-H Contest

Charles E. Todd, 13, won the state junior division Soil and Water Conservation award in State 4-H Contests, announced Floyd Lynch, state 4-H Club leader. Charles won a \$25 defense bond donated by the Firestone Tire and Rubber Company of Akron, Ohio.

Son of Mr. and Mrs. Elmo Todd of Truscott, Charles has been in 4-H work for five years. He is a member of the Truscott 4-H Club and his father is adult leader. Charles has been president three years.

Charles has terraced hillsides to stop erosion, practiced controlled grazing, planted grass, practiced crop rotation and built tanks. Mesquite eradication and cedar dragging are next on his schedule.

In 1954, the Knox County club boy won the county Soil and Water Conservation Award and was Gold Star boy. Raising pure bred sheep, cattle, and swine, he has won ribbons for eleven grand champions, four reserve champions, twenty-six first, and numerous other ribbons.

His projects include swine, breeding sheep, feeder lambs, beef steers, dairy heifers, range management, soil and water conservation, electric work.

Charles is in the eighth grade at Crowell Junior High. He is a member of the football, basketball, and baseball teams, and he takes an active part in Boy Scouts and church work.

His work is supervised by W. J. Bryan, County Agent.

Haymes Family Could Have Reunion At Homecoming

It could almost be a family reunion if all the Haymes family could attend the first annual home coming of Munday High School on Friday, October 29.

Lee Haymes, local postmaster, who graduated in 1913, has four children who are also graduates of Munday High School. His wife, Mrs. Frances Haymes, is a 1918 graduate, also. In addition, two of Mr. Haymes' sisters graduated with his class.

Plans are going forward for the reunion, and a large crowd is expected to attend. Features of the reunion will be the feed from 5 to 8 p. m. and the Moguls' last home game of the season, with Roby, at 8 p. m.

NEW WILDCAT FOR KNOX COUNTY

Tom B. Medders of Wichita Falls has ranked the No. 1 League-Davis Ranch as a new wildcat for Knox County. The 6,500-foot wildcat is located about five miles east of Benjamin.

GILLILAND CLUB TO PRESENT PLAY

The Gilliland Home Demonstration Club will present the play, "Thursday at Home," on Monday, October 25, at 7:30 p. m. at the school auditorium.

A small admission will be charged, and everyone is cordially invited to attend.

Knox County Hospital Notes

Patients in the Hospital October 18th:

Mrs. Joe Watkins, Knox City; Donald Pace, Abilene; Mrs. Oscar Hudspeth, Guthrie; Charles Patterson, Seymour; Mrs. Bicente Estrada, and baby, Munday; Janice Mitchell, Rochester; John Griffith, Knox City; Leon Bivins, Benjamin; Rosa Silva, Rochester; Mrs. Bess Porter, Rochester; Mrs. Frederico Perez and baby, Gilliland; Jose Correz, O'Brien; Pate Meinzer, Benjamin; Mrs. Alice Trevino, and baby, San Antonio; Mrs. Joe Beltran, Munday; Mrs. Elwood Hackney, Knox City; Mrs. Mattie Reed, Gilliland; A. B. Michael, Rochester; Mrs. F. H. Roberson, Truscott; Aggie Woodward, Munday; Harriet Bryant, Knox City; Mrs. William Wright and baby, Munday; Mrs. C. Watson and baby, Knox City; E. E. Tice, Matador.

Patients dismissed since Monday, October 11th:

Juan Malonado, O'Brien; Miss Cora Bell Kuykendall, Vera; Riveria Cano, O'Brien; Mrs. C. R. Hendrix, Munday; Mrs. Ed Jones, Goree; Banda Avila, O'Brien; H. C. Stone, Munday; David Torres, O'Brien; Pablo Amador, O'Brien; S. L. Loftis, Rochester; Mrs. W. E. Watkins, Rochester; Mrs. G. W. Sheppard, Munday; Miss Sonja Hertel, Benjamin; Lopez Madonando, O'Brien; Mrs. Wayne Hutchinson, Knox City; E. W. Stephens, Knox City; Miss Sammy Darr, Knox City; Miss Pansey Wilcox, Knox City; Manuel Hernandez, Munday; Charles Kotulek, Munday; Mrs. C. Ravis, and baby, Knox City; Mrs. R. G. Huffman and baby, Goree; Mrs. Hewitt Simmons, Truscott; J. F. Hicks, Rochester; Mrs. Jessie Dixon and baby, Goree; Linda Lenal, Rochester; Mrs. T. P. Watson and baby, O'Brien; Nathan Johnson, Knox City; Catherine Solomon, Butler.

Marsh Coffman Of Goree Passes Away On Monday

Marsh W. Coffman, well known pioneer of Goree, passed away early Monday morning at a Wichita Falls hospital, following a period of illness.

He was born on September 15, 1869, and was 85 years, one month and three days of age.

Funeral services were held from the First Baptist Church in Goree at two o'clock Monday afternoon with the pastor, Rev. S. E. Stevenson, officiating. Burial was in Goree Cemetery with Laningham Funeral Home in charge of arrangements.

"Trick Or Treat" To Provide Milk For Overseas Children

"Trick or Treat" this Halloween means the Methodist Intermediate of Munday are collecting money to send milk to the world's needy millions through Christian Rural Overseas Program (CROP).

On Tuesday, October 26, from 5:30 to 7:30 p. m. the youth will knock at home in Munday for a Halloween "Trick or treat." Instead of tricks, though, they will be asking for treats in the form of money which will enable CROP to send milk to the world's hungry at the rate of \$20 worth of milk for every \$1 collected.

For every dollar this community contributes this Halloween, CROP will be able to send \$20 worth of milk to places where it is desperately needed. "Ten cents will provide a cup of milk daily to a hungry child for three months," those in charge stated.

Drive carefully. The life you save may be your own.

Amendments Add To Length Of Ballot In General Election On November 2

Notes For Knox Farms, Ranches

By W. J. Bryan, Knox County Agent

Corn has a new competitor in many feedlots these days. A good number of farmers are substituting molasses for some of the corn or other grains in livestock feeding. With a shortage of feed in the county this year, molasses may be worth checking on.

Molasses can be substituted for up to 1/3 of the grain in livestock rations. Six-and-one-half gallons of molasses have the same feeding value as a bushel of corn, so when this amount can be bought cheaper than a bushel of corn it is a good buy. (They have been cheaper in 13 of the last 15 years.)

Molasses also makes roughage more palatable to livestock. Cattle will clean up some mighty sorry looking roughage if a little molasses is poured over it.

Molasses can be fed free choice or mixed with other feeds. They can be bought in 55 gal. barrels or bulk delivery by tank trucks in 2,000 gallon lots.

Cattle grubs are showing up as lumps on the backs of cattle in the county and now is the time to control them.

A rotenone spray, dust or dip gives effective, economical control. Seven and one-half pounds of derris or cube powder of five percent rotenone in 100 gallons of water makes a good spray. A spray machine with 200 pounds pressure should be used. The treatment should be repeated at 30 day intervals until new bumps cease to appear.

Samuel Garrett of Munday and Charles Todd of Truscott will show their livestock in the State Fair at Dallas this week.

Charles will show two fat Hampshire lambs on Wednesday and Samuel will show his nurse fed Hereford steer on Thursday.

Available Bulletins from your County Agent: Creep Feeding Beef Calves, C-289, Controlling External Parasites of Livestock and Poultry, C-324.

Marsh Coffman Of Goree Passes Away On Monday

For every dollar this community contributes this Halloween, CROP will be able to send \$20 worth of milk to places where it is desperately needed. "Ten cents will provide a cup of milk daily to a hungry child for three months," those in charge stated.

It's a lengthy thing—that election ballot that will be handed you when you vote in the November general election. Possibly the longest ever printed for Texas, the thing measures approximately 11 inches by 25 inches.

Five columns are for the Democratic, Republican and Constitution parties, as well as Individual and a write-in column. The eleven constitutional amendments to be voted on are responsible for the length of this ballot. These amendments, as they appear on the ballot, are summed up briefly, as follows:

1. Authorizing the Texas Legislature to increase spending for old age assistance, aid to the blind and aid to dependent children by \$7 million a year and requiring that names of recipients of public assistance be made available to the public.

2. Permitting members of the teachers retirement system and the state employees retirement system to receive credit for services rendered as a teacher or as a state employee.

3. Providing for coverage of proprietary employees of the state's political subdivisions under federal old age and survivors insurance.

4. Creating a state building commission with authority to erect buildings for state purposes and establishing a state building fund by transferring to it the surplus from the Confederate Pension fund.

5. Authorizing the Legislature to fix the salaries of the governor, attorney general, comptroller of public accounts, state treasurer, commissioner of the general land office and secretary of state; and fixing compensation of members of the Legislature at \$25 per day for not more than 120 days of any session.

6. Prohibiting use of the credit of the state or grants of any public money for construction, maintenance or operation of toll roads and turnpikes.

7. Providing that women shall have both the right and the duty to serve on juries.

8. Changing to four-year terms of office the elective district, county and precinct officers which now have two-year terms.

9. Authorizing the creation of county-wide hospital districts in Bexar, Dallas, El Paso, Galveston, Harrison, Jefferson and Tarrant counties, and authorizing ad valorem taxes for support and operation of such districts.

10. Providing that a member of the armed forces of the United States or component branches thereof may vote in the county in which he or she resided at the time of entering such service.

11. Providing that counties with less than 10,000 inhabitants may elect to have a tax-assessor-collector.

Heart Attack Claims Laborer Here On Monday

Claude Ennis Tuck, who was employed as a farm laborer here, suffered a heart attack at about two o'clock last Monday while gathering cotton on the J. B. King farm southeast of town. He was rushed to a local physician's office, but died before arriving there.

Born at Naples, Texas, on September 9, 1895, Mr. Tuck was 59 years, one month and nine days of age. He was a veteran of World War I. His home was in McKinney.

Surviving are his wife, Mrs. Edna Tuck of McKinney; three sons, Claude H. Tuck of Cedar Creek, Oregon; Curtis H. Tuck and Travis C. Tuck, both of Sweetwater, and 11 grandchildren.

Funeral services were held from the graveside in Johnson Memorial Cemetery at 4 p. m. Wednesday, with Minister Payne Hattox of the local Church of Christ officiating. Burial was under the direction of McCauley Funeral Home.

O. N. Smith of Shawnee, Okla., was a recent visitor with his parents, Mr. and Mrs. C. N. Smith.

MONEY IN THE GROUND

Many concrete examples of the fact that oil is a highly competitive enterprise can be cited. An interesting one recently occurred in a small Oklahoma town.

Oilmen from all over America bid against each other for the right to drill for oil on lands which belong to the Osage Indian tribe. There was no guarantee that the successful bidders would find oil. All they could buy was the privilege of trying, with all the risks that involves. Since 1900 leases and royalties have brought this Osage tribe more than \$300,000,000.

This is an example of still another fact—the greatest spur to progress is the profit motive. We have heard all of the profits that have been made from Texas oil strikes. No so well known is the fact that it costs an average \$100,000 to drill a wildcat hole in that state—and that the chance of finding a new field is about one in ten. In really major oil developments, money can be sunk in the ground at a terrific rate. One company, operating in Canada, spent \$25,000,000 on dry and worthless holes over a period of 25 years before a big strike was made!

Oil consumption in this country has broken record after record. Even so, our proved underground reserves are larger than ever. That's because oilmen know they can make a profit if fickle fortune smiles on them—and so they take the long-shot chances.

DEEPER THAN WE KNEW

How sharply has government gone into commercial business operations? Here's what Assistant Secretary of Commerce James C. Worthy has said about it: "The actual extent of such operations is unknown, for many of them are buried in the labyrinthine structures of Government departments. Enough has been uncovered already, however, to demonstrate that they are far more extensive and far more deeply entrenched than anyone till now has dreamed." In other words, for many years we moved nearer and nearer toward socialism without even realizing it.

The present Administration, Mr. Worthy contends, is determined to change this, and "to create an atmosphere in which business can flourish and grow." That's good news!

"I view with some alarm the rapid disappearance of one of America's most precious natural resources—our native supply of plain, old-fashioned common sense."—Benjamin F. Fairless, U. S. Steel Corporation.

TIME TABLE FOR PRISON

The old saying that crime does not pay is being well demonstrated in Philadelphia. It shows that co-operation between private citizens and police can get results.

When the hoodlums picked on American stores, a chain system, they chose the wrong victim. William Park, President of the company, went to work with the police. Convictions and executions were the result of armed hold-ups and murder in the past two years.

The recent record shows the kind of summary justice that is discouraging a new crop of would-be gangsters. From July 7, 1954 to July 27 inclusive, a wave of armed hold-ups occurred in five American Company stores. By August 10, all bandits had been arrested. Thus, within 35 days the 5 hold-ups were solved, identifications established, confessions recorded, hearings held, and evidence prepared for the district attorney.

Determined co-operation between the victims of attacks and the police, results in free tickets to the penitentiary, plus reserved seats.

Make it your business to help the authorities apprehend law-breakers.

"FREEDOM WITH RESPONSIBILITY"

It was recently said by an editor that the American way of life is "freedom with responsibility." Those three words are the foundation of American independence.

As an example of what freedom with responsibility means was witnessed after the recent hurricane in New England. Probably no industry was harder hit than the public utilities—electric power and telephone. Commenting on the situation, the Journal Register of Palmer, Mass., said: "It was refreshing to see the motorcades of repair trucks . . . move through this area. The utility companies responded to the emergency in fine fashion. They even brought in outside crews . . . to rig up emergency power where it was needed and, as quickly as possible, restore services to their normal functions."

This is true "freedom of responsibility."

"Communism, most powerful of the present reactionary groups, depends upon military forces only as an auxiliary to its chief reliance, which is the deterioration of free institutions, the indifference of the masses, and revolt by well-organized and disciplined minorities."—Robert H. Jackson, Associate Justice, U. S. Supreme Court.

IS SALVATION BY FAITH ONLY?

FAITH ESSENTIAL TO SALVATION

That faith is necessary to salvation is hardly questioned by those who profess they believe the Bible. Faith is clearly demanded as a condition of salvation. "He that believeth not shall be damned." (Mark 16: 16.) "Without faith it is impossible to be well pleasing unto him; for he that cometh to God must believe that he is." (Heb. 11:6.)

WHAT MUST ONE BELIEVE?

One must believe in Christ. "Sirs, what must I do to be saved? And they said, Believe on the Lord Jesus, and thou shalt be saved, and thy house." (Acts 16:30-31.) "And this is the victory that overcometh the world, even our faith. And who is he that overcometh the world, but he that believeth that Jesus is the Son of God." (John 5:4-5.) Read also, John 20:30-31; Rom. 10:9.

HOW DOES FAITH COME?

Faith comes from that which is written. (Jn. 20:30-21.) "How then shall they call him whom they have not believed? and how shall they believe him of whom they have not heard? and how shall they hear without a preacher. So then faith cometh by hearing, and hearing by the word of God." (Rom. 10:14,17.)

SALVATION IS NOT BY FAITH ONLY

That we are saved by faith, no one doubts. But some contend that we are saved by faith only. What does the Bible say? "But wilt thou know, O vain man, that faith without works is dead?" (Ja. 2:20.) "Ye see then how that by works a man is justified, AND NOT BY FAITH ONLY." (Ja. 2:24.) "What doth it profit, my brethren, though a man hath faith, and have not works? can faith save him? If a brother or sister be naked, and destitute of daily food, and one of you say unto them, Depart ye in peace, be ye warmed and filled; notwithstanding ye give them not those things which are needful to the body what doth it profit? EVEN SO FAITH, IF IT HATH NOT WORKS, IS DEAD, BEING ALONE." (Ja. 2:14-17.) This should settle the matter forever. "Faith only," can profit one no more than saying to the hungry, "Go in peace, be ye warmed, and filled," when not one mouthful is given to eat, or say to the naked, "Be ye warmed," when not a thing in the form of clothing is supplied.

Does it seem strange to you that any one would teach a doctrine which in such plain terms contradicts the Bible?

MUNDAY CHURCH OF CHRIST

BOX 211 — Phone 6151
 PAYNE HATTON, Evangelist

Corpus Christi was once bombarded with whiskey.

It was back in the War between the States. A Union fleet bombarded the city. First, another slight about it. A man was in an upper room where he was confined with rheumatism. As the fleet approached, relatives wanted to move him to safety but he said he would rather die than undergo the pain of being lifted to a stretcher. So, sorrowfully, the others left. A couple of minutes later, a cannonball tore through the room and he tore out. He jumped out of that bed, ran down the stairs and reached the top of the bluff 50 yards before his kinfolks did.

Some of the shells failed to explode. A thrifty settler from Germany wanted the powder so he got a colored man to drill the fuse out of one—and it was found that the shell was filled with whiskey.

This started a search and other shells loaded with liquor were found. Here is the explanation: Some of the Federal sailors had "swiped" a barrel of the captain's whiskey and then they removed the charges from some of the shells and put the whiskey

in. From time to time, they drank the contents but some of the shells were still so loaded when the battle took place.

And so that is how Corpus Christi was bombarded with whiskey!

Who plans to make your future bright?
 Your little wife.
 Who cooks to temp your appetite?
 Your little wife.
 Who tells her women friends you are one grand husband, through and through?
 Who's the best little girl you ever knew?
 Your little wife.

Who pats you cheek when you get home?
 Your little wife.
 Who smooths the thin hair on your dome?
 Your little wife.
 Who looks at you, her brown eyes clear,
 And snuggling to you, extra near,
 Says, "How's the bank account, my dear?"
 Your little wife.

—Author Unknown.

Mr. and Mrs. W. C. Lightfoot and Judy of Arlington spent the week end with Mrs. Lightfoot's aunt, Mrs. A. E. Womble, and other relatives.

Mr. and Mrs. Oscar Spann visited their daughter, Miss Bera Fay Spann, who is attending McMurry College in Abilene, and attended the McMurry-ACC football game over the week end.

Fortune-tellers can't replace Savings Bonds

Every farm could use one!

Few professions are more at the mercy of chance than farming. If you had a crystal ball to call the shots ahead, what a wonderful farmer you could be! But since you can't see ahead, it's a great idea to have a reserve in U.S. Series "E" Savings Bonds.

Bonds are easy to buy—here, at this bank. You can even arrange to have your savings or checking account automatically buy you a bond every month.

Your banker can show you how Savings Bonds fit into your picture. Come in and talk it over!

Mrs. Jungman Is Hostess For Knox City Club

The regular meeting of the Knox City Garden Club held last Thursday afternoon at the home of Mrs. H. F. Jungman of Munday. A large group of members and guests were in attendance.

A feature of the afternoon was showing of the movie of colorful flower gardens in Holland. These pictures were made during their recent tour of Europe.

Serving with Mrs. Jungman as hostess was Mrs. W. C. Hertel of Rhineland. The club's special flower arrangement was displayed for the meeting, using only one blossom with buds and foliage. A huge arrangement of red roses by Mrs. Orb Coffman of Goree was also on display. Mrs. Coffman had grown them in her garden of 350 rose bushes, most of them

in bloom.

The club's flower show, which was scheduled for November 3, was postponed due to the drouth and extremely hot weather. In its place will be two pilgrimages by club members, to the home of Mrs. Lee Smith and her chrysanthemum garden and to Mrs. Coffman's rose garden.

The hostesses served cookies and cokes to club members, then invited them to the upstairs den where movies, in color, were shown. The pictures were made by Mr. Jungman while he and Mrs. Jungman toured Europe last April and May. Flower gardens in Belgium, Holland, Germany, England and Switzerland were shown. Mr. Jungman operated the projector and Mrs. Jungman was commentator.

The next meeting of the club will be in Benjamin November 10. Hostesses will be Mrs. O. D. Propps and Mrs. Phillip Colehour. HsBtulllAg g bg kbg bgkqkqkq

New FORD THUNDERBIRD

A personal car of distinction
...with Trigger-Torque performance

You'll be delighted at the wealth of conveniences the Thunderbird offers. Two tops are available: a disappearing fabric top . . . and an easy-to-lift-on hard top. The extra-wide vinyl upholstered seat is foam-rubber-cushioned . . . power-operated 4 ways. Windows roll up . . . by power, if you like. There is a tachometer . . . and a clock with a sweep second hand. There is a telescoping steering wheel. And you can have power steering and power brakes.

Something totally fresh is here—a bewitching new all-steel beauty that sets the styling keynote for other Ford cars to come.

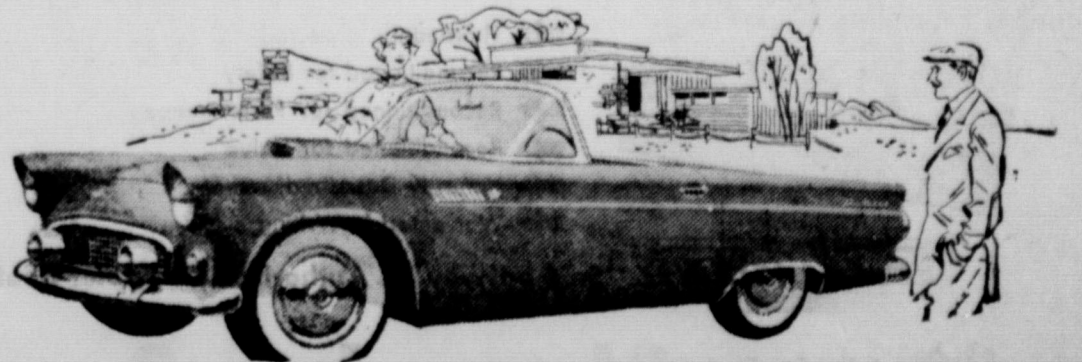

But, styling gives the merest hint of what the Thunderbird has to offer. In traffic and on the open road the Thunderbird's Trigger-Torque performance is literally a revelation. Here is hair-trigger response . . . fleet, liquid agility . . . backed by a reserve of swift, sure power to meet safety's every demand. Trigger-Torque performance stems from Ford's new Thunderbird Special V-8—a high-torque engine with 4-barrel carburetor, dual exhausts, wide-opening valves and Ford's famous low-

friction design. And you can have the Thunderbird with the transmission of your choice—Conventional, Overdrive, or new Speed-Trigger Fordomatic.

Ford's Ball-Joint Front Suspension not only velvet-cushions your ride, it also allows the Thunderbird to handle with utmost ease—to corner with greatest stability.

But, more important, the Thunderbird is the product of the same advanced engineering . . . the same manufacturing skills that have made Ford products so dependable, so value-full.

New Farmers Home Adm. Loans May Boost Irrigation In Texas Areas

Irrigation may get a boost in all parts of Texas through the more liberal application of the Farmers Home Administration loan program.

Until now, only parts of seventeen states were eligible for a FHA loan for irrigation. Now all parts of those states, including Texas, are eligible where irrigation is economically feasible.

Texas Farmers Home officials said here last week that the change should increase irrigation in East Texas.

"Irrigation will be going into places where farmers never dreamed of irrigating," said Walter McKay, state director of the FHA in Dallas.

The loans may be used for ground water and surface water, FHA officials explained. Individual loans will be made to farmers from funds to private lenders. Loans may be made up to twenty years on real estate security. Maximum loans will be \$25,000. The borrower will pay 4 1/2% interest, with government keeping 1 per cent as a service charge.

To finance the program, Congress has authorized \$25,000,000 for irrigation loans until next

June 30. Loans will be made for irrigation, McKay said, any place in the state where such operation would be profitable, based on reports of the Extension Service, Soil Conservation Service, State Water Board Engineers or the United States Geological Survey.

To be eligible for such a loan, a farmer must operate a family-size farm unit. This means that small patches for truck farming will not be eligible.

If a farmer wants to drill a well for irrigation, the FHA must first know that water is obtainable at a reasonable depth and in sufficient quantities, and that the water is suitable for irrigation.

In the case of surface water, a farmer must obtain a permit from the State Board of Water Engineers getting right to use the water impounded, McKay said.

Phases of the new program were discussed at a meeting in Denver last week of FHA officials from the seventeen states. Attending from the state office in Dallas were McKay, W. M. Burkes, L. A. Machemehl, Jr.

PIXIE!

This little miss is as pert and fresh as the geraniums in her sundress of embossed cotton. Designed by Nanette, the cotton frock is applied in a basket design. There is a matching cotton pixie hat to complete the ensemble.

Wallace W. White and Charles M. Richter.

To acquaint district personnel, a meeting will be held in Dallas Tuesday. County personnel in Baylor, Knox and Throckmorton counties will be told about the program October 21-22, 1954 at Mineral Wells, Texas.

Farmers will make application for irrigation loans at the office of their county FHA supervisor, Mr. McKay said.

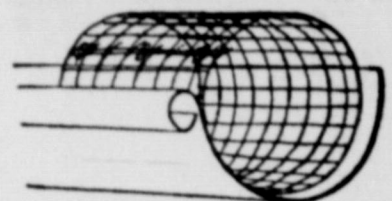

Mr. and Mrs. A. B. Warren were Sunday guests of Mr. and Mrs. Joe Duke and Jo Ann in Wichita Falls.

Non-Clogging Gutters

A SIMPLE, inexpensive way to keep leaves from clogging your gutters and getting into the downspouts and drainage system is to install some small rolls of half-inch galvanized mesh wire.

Buy a piece 30 or 36 inches wide and cut it into pieces 6 inches by 9 inches. Each is rolled into a little

cylinder until the edges touch. Fasten the edges together with copper wire, hairpins or small pieces of non-rusting electric wire, says Family Handyman.

Drop these into your roof gutters at intervals, especially over the spout. Occasionally remove and shake them out.

GROWING POINSETTIAS

Tricks of the trade when it comes to growing the popular Christmas poinsettia are given in a new bulletin by the Texas Agricultural Extension Service.

Titled "The Poinsettia," the bulletin goes into methods and time of pruning, tells how to start new plants from cuttings and gives steps in the care of the cut plants.

Poinsettias are full sunshine plants. If grown indoors, give them plenty of light, says the bulletin.

An application of fertilizer will give your poinsettias a boost. Four-12-4 applied about the time the leaves begin to grow will help produce larger flowers. One teaspoon is enough for a 10-inch pot. On outdoor plants, use one-half cup of 4-12-4 for each 25 square feet of soil area.

The bulletin says loss of sap, which causes undue wilting, can be stopped by sealing the cut stem. Do this by burning the

severed end with a match or by submerging the ends in boiling water for about one minute.

Copies of the bulletin, B-235, are available from local county extension agents or from the Agricultural Information Office, College Station, Texas.

Mr. and Mrs. Marshall Benner and sons left last Friday for a two weeks vacation visit with relatives in Corpus Christi, San Antonio, Houston and Waco.

Mr. and Mrs. Claud Rogers were Wichita Falls visitors last Saturday.

Mr. and Mrs. D. G. Gray were visitors in Wichita Falls last Saturday.

Billy Ray and Glenn D. Henson of Texas Tech in Lubbock spent the week end here with their parents. Mr. and Mrs. H. D. Henson.

Mr. and Mrs. Harvey Scott of Denver, Colo., and Mrs. Ida Scott and Mrs. Herman Floyd and children visited with relatives in Tipton, Okla., over the week end.

Joe Lynn Floyd of Mesa, Arizona, is here for a short visit with his parents, Mr. and Mrs. Herman Floyd, and other relatives.

Mr. and Mrs. Ralph Weeks attended the Dallas Fair last week.

Mr. and Mrs. Aaron Edgar visited with relatives near Quanah last Sunday.

Weekly Health LETTER

Issued by **Henry A. Holle, M. D., State Health Officer of Texas**

AUSTIN—Heart disease is the leading cause of death in Texas declares Dr. Henry A. Holle, State Health Officer. It takes more lives each year than cancer, accident or any other cause of death, in fact, one-third of all deaths are due to heart disease and the toll is rising. It can be curbed if you will have a periodic health examination by a qualified physician and follow his instructions for protecting your heart.

An annual physical examination sometimes brings to light adverse conditions, many of which can be corrected before they cause serious damage. Only a physician can recognize for certain the danger signals of heart trouble, and tell you how to care for yourself.

If your physician tells you to slow down or reduce your weight to cut down on your heart's work load, heed his advice. He wants to help you take care of your heart and to keep you in good health. There's no replacement possible.

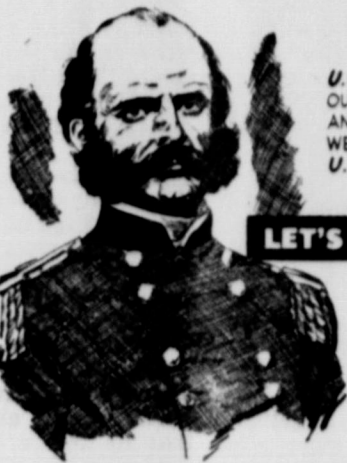

The heart needs good care to stay in good running order. Almost anything you do affects your heart. The food you eat, the stairs you climb, the hours you sleep, the pace you set for yourself, your illnesses, the worries you brood over, the tensions you live under—all affect your heart. These are the patterns of your life. These are what make you tick. These conditions play roles in making your heart the kind of heart it is. And there are indicators to warn you of trouble, if you look for them.

The heart can work at a fast pace, and under handicaps, for a long time, because it draws on its reserve power. But when the reserve power of the heart begins to wear out, you experience some of the symptoms commonly associated with heart disease. You may experience a shortness of breath, pain over the heart or breast bone, swollen ankles, and heavy and uneven heart beats.

Of course at any time, sudden, strong physical exertion will cause a person's heart to beat faster. But if, under ordinary circumstances, you experience any of these symptoms, heed the warning and see your physician. You may not have heart trouble, but it's smart not to take chances.

THAT'S A FACT

ON TOP! RARELY NOTICED IS THE HUGE \$ 985 POUND STATUE OF FREEDOM WHICH SURMOUNTS THE NATIONAL CAPITOL DOME. IT WAS DESIGNED BY THOMAS CRAWFORD IN 1855, AND WAS CAST IN BRONZE IN THE U.S. AT A COST OF \$20,796. CRAWFORD WAS PAID \$3,000 FOR THE PLASTER MODEL.

LET'S FACE IT!

U.S. SAVINGS BONDS ARE AS STRONG AS OUR GOVERNMENT. THEY ARE SAFE... SURE... AND PROFITABLE! YOU HELP YOURSELF AS WELL AS YOUR COUNTRY BY INVESTING IN U.S. SAVINGS BONDS!

ALTHOUGH WE CALL THEM **SIDEburns**, THE ORIGINAL AND CORRECT FORM IS **BURNSIDES!** THIS FACIAL DECORATION WAS MADE POPULAR BY THE DASHING AMBROSE BURNSIDE, A CIVIL WAR GENERAL.

From where I sit... by Joe Marsh

Smitty's Not-So-Silent Partner

Dropped into Smitty's gas station last week and met his new partner who turned out to be a real talker.

"What'll it be?" asked Smitty. Before I had a chance to answer I heard a strange voice "Fill her up! Fill her up!" And there was Smitty's partner—one of those parakeets perched next to the gas pump.

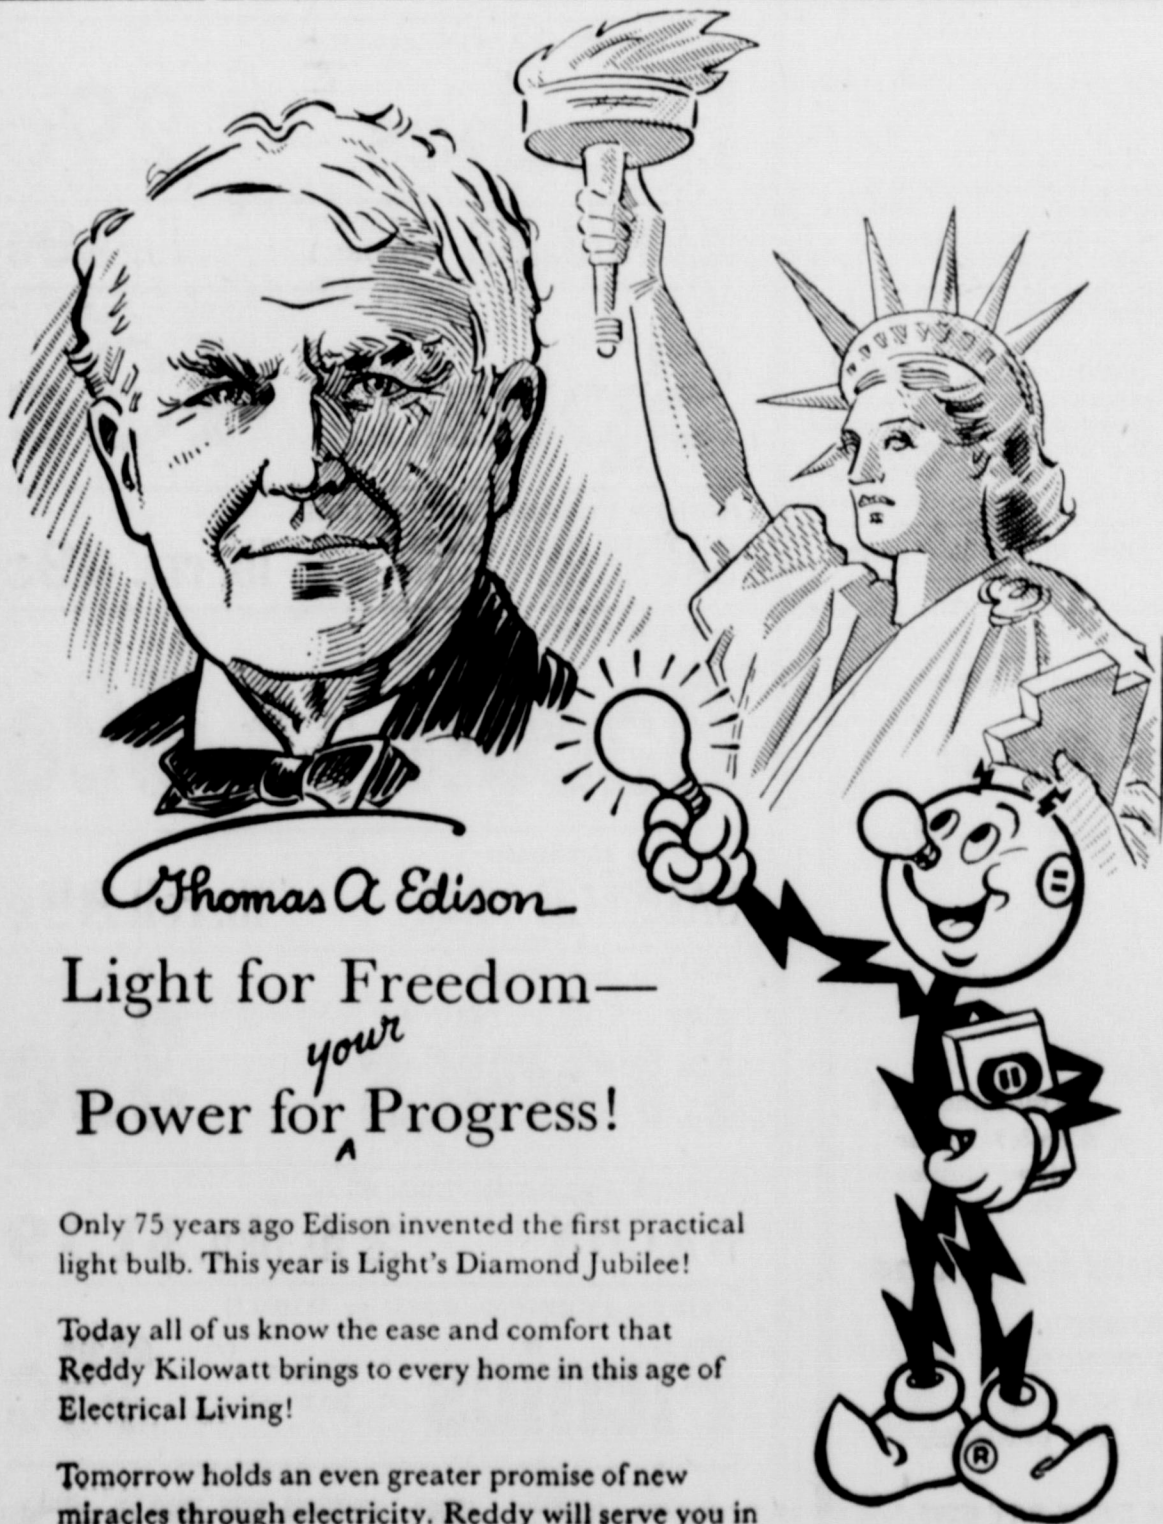

"Took me a month," Smitty said, "but I finally taught him to say those magic words. It's sure paid off—he's had a good influence on my customers."

From where I sit, Smitty's bird may be good for business—and may get him a few laughs. But when people act like parakeets, they're not so funny. For instance, those who keep insisting over and over again that their neighbors shouldn't have a glass of temperate beer with their supper now and then. They're simply repeating their own ideas, without any regard for the rights of others.

Joe Marsh

WOMEN AND WHEELS

Learning To Drive? It's Not A Family Matter

By Mary Lou Chapman

If you are thinking of learning how to drive, avoid your husband as a teacher. That goes for Dad and Brother Bill, too.

A friend of the family would be much better than a relative. Ideally, you should go to a qualified driver-training school.

Unless your husband, brother or father is just naturally a good teacher, he is apt to make you feel rather stupid as you learn. ("You don't know what NEUTRAL is!") He is used to seeing his wife working efficiently around the house and may not understand why she can't pick up driving right off the bat. He may have forgotten the nervousness and uncertainty that he felt as a beginner. You may become nervous or angry. This reaction has completely destroyed the will of some wives to drive at all. One wife told the AAA, "We always had a squabble after every lesson, so I gave it up to keep peace in the family."

QUALIFIED TEACHER BEST

A friend who has a good driving record may be a better choice as an instructor, because he must be more tactful than your husband. But neither a friend, husband or relative is as good as a qualified instructor for this important reason: The former are likely to pass on to the learner poor driving habits of their own. This may be unintentional, of course. But drivers—even good ones—are likely to have their personal driving habits which would be better left untaught to others. Here are a few of them:

"Creeping through" at stop streets instead of coming to a full stop. Making a "shoe button" turn, (that is before turning right, the driver veers out a little to the left and then turns right). There are almost as many other bad habits as there are drivers.

PLANNED INSTRUCTION

By contrast, the driving school is thoroughly equipped to handle the novice, will teach all the correct procedures, and the instructor will be patient and courteous because that is part of his job. And learning to drive under planned instruction usually turns out to be fun instead of an ordeal. We recommend organized driver-training courses. Their instructors are carefully chosen for driving ability, calm personality and a good traffic record. They have also been trained in teaching methods.

MODERATE COST

The AAA, for example, gives a 12-hour course which costs \$30.00, on the average. The lessons actually cost the AAA around \$40.00, but they make up the difference from their national dues because it is to their interest to promote better driving.

COMMERCIAL SCHOOLS

Commercial training schools are also available, and generally charge around \$5.00 an hour. They usually do not have a set number of hours for the course, but let the customer take as many as needed. Eight hours road training is average. The public high schools offer students driver-training courses. Students take them day-times during the school year, and adults can register for evening courses. Classes are divided into groups of twelve, and in general, the "off-street-area" system is used. Real traffic problems are set up and solved. The cars are donated by the various car dealer associations. There is one instructor for the group. The cost of this course is around \$12.50, but at present, there is a long waiting list in most cities.

(Fashion writer, artist, and TV personality, Miss Chapman is a native of Detroit and has spent the last several years working with automobile stylists, designers and engineers at Chrysler Corporation.)

GOREE MAN NOW SERVES IN KOREA

7TH DIV., KOREA—Pvt. Earl D. Peterson, son of Mr. and Mrs. Earl D. Peterson of Goree, Texas, is a member of the 7th Division Artillery in Korea, which is participating in the Armed Forces Assistance to Korea program.

Peterson is a jeep driver in Battery B of the 57th Field Artillery Battalion which, with other Army units, has completed new school buildings, grain warehouses and other facilities needed by the Korean civilian population.

He entered the Army in February 1953 and has been in Korea 14 months.

Mr. and Mrs. Bill Wright, Mr. and Mrs. Woody Roberts, Mr. and Mrs. Charlie Edwards and Mrs. Annie Edwards attended the prison rodeo in Huntsville over the week end.

Mr. and Mrs. Bobby Lambeth of Midland visited their parents, Mr. and Mrs. Vester Bowman, and Mr. and Mrs. Vernie Lambeth, over the week end.

Mr. and Mrs. Ocie Murry of Brownfield visited in the home of Mr. and Mrs. Woody Roberts and Mrs. J. F. Draper over the week end.

Mr. and Mrs. Charles Atkinson and children of Borger visited in the home of their parents, Mr. and Mrs. Walter Coffman, and Mr. and Mrs. Lock Atkinson, over the week end.

Mr. and Mrs. Wayne Bingham were recent visitors of Mr. and Mrs. Jim Morton and Mr. and Mrs. Walter Coffman.

Week end guests of Mr. and Mrs. Melvin Cloksey were Mr. and Mrs. Gerald Myers of Lubbock and Ward Cooksey of Abilene.

Miss Nancy Lawson, who is a student at Hardin-Simmons University, Abilene, visited with her parents, Mr. and Mrs. Bryan Lawson, over the week end.

Mr. and Mrs. John Moore of Bowie are visiting with their parents, Mr. and Mrs. Jack Moore and Mrs. Clifton Patterson, and family of Munday.

Mrs. J. C. Daniels of New Mexico was a recent visitor with her parents, Mr. and Mrs. John Bates.

Miss Carol Coffman of New

Miss Carol Coffman of Midwestern University in Wichita Falls, visited with her parents, Mr. and Mrs. Buster Coffman, last Friday night.

Mrs. George Crouch and Donnie Crouch were week end guests of Mr. and Mrs. Heard Crouch, Mr. and Mrs. Bud Yates, Katherine Knefley and Jimmy Crouch in Wichita Falls.

Mrs. Terry Edwards and Mrs. George Crouch were business visitors in Haskell last Tuesday.

Miss Connie Haskin visited in Snyder, Okla., with Miss Beth Blackerby over the week end.

Jeff Smith visited his father in Fort Worth last Wednesday.

Mrs. G. O. Denham and Mrs. Mattie Hammons were recent visitors in Dallas and Paris.

Mr. and Mrs. Wesley Darilek of Megargel visited Mr. and Mrs. T. M. Tucker last Friday.

Mr. and Mrs. R. P. Adkins of Arlington are spending this week with Mr. and Mrs. Herman McMahon and other relatives.

Mr. and Mrs. W. L. Thornton and Mr. and Mrs. Grady Thornton of Amarillo have returned from a week's vacation trip to points in east Texas.

Visitors in the F. W. Franklin home over the week end were two of Mr. Franklin's sisters, Mrs. A. L. Solsbery of Tahoka and Mrs. Howard White of Lubbock.

A son was born on October 12 at Rosenberg to Mr. and Mrs. Albert Pavlock. Mrs. Pavlock is the former Ellen Franklin.

LOCALS

Norville Johnston, who is attending Texas Tech in Lubbock was home over the week end with his parents, Mr. and Mrs. Jesse Johnston.

Mr. and Mrs. A. E. Bowley visited relatives in Wichita Falls last Saturday.

Mr. and Mrs. Payne Hattox and Mrs. Ben Yarbrough attended the funeral of O. O. Parnell in Abilene Wednesday of last week.

Mr. and Mrs. Bill Hertel and Henrietta attended the State Fair in Dallas over the week end.

Repanel Old Door

DON'T discard a door just because the wood is dented and battered beyond repair! It can be salvaged without great trouble or expense.

Place the door on saw horses and remove the hardware. If it is a panel door, cut some vents in the top, bottom and center cross-pieces. Now lay across the door a panel of Masonite "Tempered Pres-

wood and fasten it with temporary brads so that it is flush with one side and end.

Then saw off the excess at the side of the door, so that the Tempered Preswood is even with the door edge all around. Lightly bevel the exposed edges of the hardboard with a file or sandblock.

Next, turn the panel over and apply waterproof adhesive. Then fit it to the door and apply several brads to hold it firmly while it sets. The same procedure is followed with the other side. Prime and paint the door to match or contrast with the room's decor. Refit the hardware and the door jamb and rehang the door.

You won't recognize it! Masonite hardboard is widely used by manufacturers of flush panel doors because of the product's stability, unusual paint-holding qualities and durability.

Among local relatives who attended the funeral of Mrs. Lillie B. Courtney in Fort Worth on Wednesday were Levi Bowden, Mr. and Mrs. G. W. Hawkins, Mr. and Mrs. Chester Bowden and J. O. Bowden.

SIMPLIFIED DROUTH PLAN NEEDED

A little reverse body english was applied to the "grab and giveaway" technique in Washington recently.

When the railroads reduced

drouth hay shipment rates by 50 per cent early this month, the federal government cut its aid responsibility down to one-fourth the normal freight rate. Drouth stricken stockmen received half the benefits of the cut—the government grabbed the other half.

This bold stroke caught the drouth states unaware. It happened just at a time when representatives from 15 states, including Texas, were in Washington seeking to obtain a simple and more practical plan of relief for grass-starved livestock. The plan submitted by the states was turned down by aides of the Office of the Secretary of Agriculture and the rail cut was interpreted as an opportunity to reduce federal participation in the drouth program.

The delegates to Washington were stunned by this action. They immediately adjourned a meeting with the Federal Drouth Committee and returned to their respective states.

In the beginning, the delegates had hoped the government would dump the present program entirely as too complicated to be of any real use. Instead of paying half the actual hay freight rate up to \$10 per ton, they had proposed a federal reimbursement flat rate of \$9 per ton to eligible livestockmen. The rate was based on actual cost experience with last year's program in all 15 states.

The flat reimbursement could be applied towards the cost of hay and transportation, they pointed out. It would cut down paper work from five forms now required to only one certificate of eligibility. The end result would be more benefit to needy livestock for less administrative cost.

But instead, half the benefits of the rail cut were wiped out!

If the government intends to spend the money it has earmarked for drouth relief, then state officials argue the program should be put on a more simple and economical basis. As it now stands, the program is not doing the job for which it was intended.

Fire-Fighting Pails

MOST destructive fires start out small enough to be extinguished quickly with a pail of water. Many times, however, the problem is to find a fire pail soon enough for it to be of any value. Recognizing the need for keeping pails of water where they can be readily located during an emer-

gency, fire safety officials recommend hanging fire pails on hooks in and around buildings and keeping them filled with water ready for immediate use.

They suggest that galvanized steel fire pails be used. These pails are designed especially for fighting fires. They have conical or round bottoms, so that they cannot be used as utility pails. The pails tip over when placed on a flat surface making it necessary to hang them on hooks.

LOCALS

A. E. Bowley, Mrs. F. L. Bowley and Mrs. Joe F. Bowley and sons, Butch and Joey, were business visitors in Wichita Falls last Monday.

Mr. and Mrs. Ocie Murry of Brownfield were guests of her sister and husband, Mr. and Mrs. Kirby Fitzgerald, and with relatives in Goree over the week end.

Mr. and Mrs. Harvey Gavin of El Paso spent Sunday night in the home of Mr. and Mrs. John Peysen. Mrs. Gavin is the

former Miss Pearl Brewster, a cousin of Mrs. Peysen.

Mrs. J. O. Tynes is spending this week with her sister, Mrs. Nell Anderson, in Wichita Falls.

Mr. and Mrs. Roy Browder of Levelland were recent guests of Mr. and Mrs. Lee Isbell.

TO SERVE DINNER AT MEMORIAL BUILDING

Members of the Goree Cemetery Association will again serve dinner on Friday, October 22, at the Memorial building in Goree. They are asking everyone to eat with them on that day. Proceeds go to helping take care of the cemetery.

Effort Made To Eliminate Trash On America Highways

NEW YORK—Twenty-four of the nation's biggest industries have agreed to spend \$400,000 between now and next summer persuading the public to stop scattering trash along America's highways and byways.

Announcement of the figure as a budget for Keep America Beautiful, Inc., followed a meeting here of the KAB board of directors, all of them top officials in their respective companies. The KAB organization, a nonprofit corporation dedicated to anti-trash education on a nation-

al basis, was created some months ago jointly by industrialists who serve on its board and some 30 national citizen service groups, whose representatives constitute an Advisory Council.

The \$400,000 budget implements an educational program designed to make Americans conscious both of their individual responsibility for litter in public places and their ability to prevent it simply by putting their own trash—from gum wrappers to food cartons—in proper receptacles.

Special appeals will be made to motorists to stop scattering their "travel trash" along the roadside. Another phase of the program will concentrate on patrolling of public beaches, scenic and recreation resort areas and

national parks. Educational devices are being prepared for use in the nation's schools, following the example of the Scandinavian countries where such education over a period of years has brought virtual elimination of the trash problem.

KILL THOSE BORERS

From October 15 to November 15 is the time to kill those pesky tree killers, the borers. It is believed borers kill more trees, especially peach trees, than all other things combined, including dry weather. Fortunately you can control this insect fairly well if you try hard enough and in time to save your trees.

Dig up the dirt about four inches deep and 12 inches wide around the tree. Pulverize the dirt as best you can. Open a small trench two inches from the tree and all the way around the tree. Pour about an ounce of ethylene dichloride emulsion in the trench all around the tree. Build a mound of dirt four inches high in a cone shape all around the tree. Pack down with the back of shovel. Let this mound stay four weeks, then tear it down and scatter the dirt.

Next summer, about July 1st, spray your trees thoroughly with wetable 50 per cent D. D. T., two teaspoons full to a gallon of water. Be sure to spray all

SMARTY PANTS

It's time for vacation cruises, and the fashion designers are outfitting vacationers with trim sports outfits. The girl at left wears Bermuda shorts and midriff shirt of crisp, cotton "clipper" cloth. At left, denim mid-calf "smarty pants" team with a coordinated knit blouse with diagonal stripes. Both cotton sports ensembles are designed by Stephanie Koret of California.

limbs and the body of the tree. Repeat after each rain or about the first of August.

EARL R. PONDER.
V. A. Teacher

Ensign and Mrs. D. G. Chamberlain of San Diego, Calif., visited his father, M. T. Chamberlain, and other relatives here and at Goree several days this week.

Mrs. Tommy Oates of Anson was a Sunday guest in the home of Mr. and Mrs. Coy Tuggle.

Charles Ratliff of Texas Tech in Lubbock spent the week end here with his parents, Mr. and Mrs. Raymond Ratliff.

Charles Patterson, who was confined in the Knox County Hospital over the week end with a virus infection, was able to be brought home Monday and is reported to be getting along fine.

Week end guests in the home of Mr. and Mrs. Terry Harrison were Mr. and Mrs. Verbon Voss and children of Dublin, Mrs. Della Parnell, Roy Parnell, Mrs. O. O. Parnell and son of Abilene.

Mr. and Mrs. Jim Reeves made a business trip to Ozona last Tuesday and Wednesday, staying overnight with their daughter, Mrs. Joe Williams, and family.

Dickie Ponder, student in Texas Tech in Lubbock visited his parents, Mr. and Mrs. E. R. Ponder, over the week end.

Mr and Mrs Buddy Gafford and children of Wichita Falls were guests of his parents, Mr. and Mrs. Worth Gafford over the week end.

Mrs. Terry Harrison attended market in Dallas and Fort Worth the first of this week.

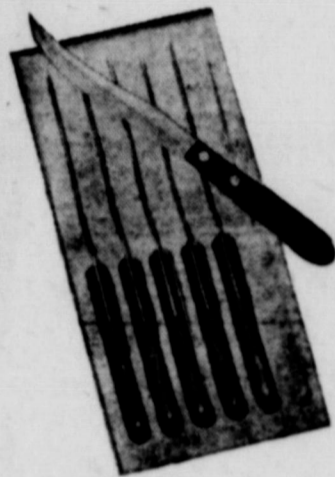

Fred Lang, student in Midwestern University in Wichita Falls, visited friends here last Sunday.

Mrs. E. B. Littlefield and Gayle, Miss Pat Putnam and Mrs. Clarise Mitchell were visitors in Abilene last Tuesday.

Mr. and Mrs. Bill Morris visited friends in Abilene last Sunday.

Christmas Cookie Bin

HERE'S a Christmas cookie bin which keeps the various kinds on separate sliding trays, quickly accessible and unbroken from mass piling. Make it a foot wide, 13 inches deep and 14 to 16 inches high, depending on available space.

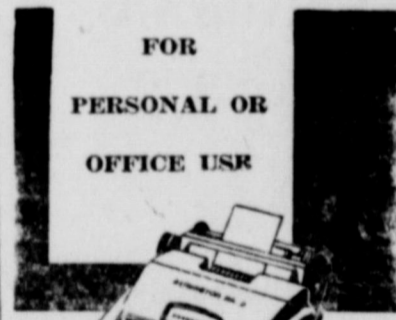

Sides should be dressed lumber, white pine or poplar. Slides for the trays may be cut with a dado saw, spacing the $\frac{3}{4}$ " slots about $2\frac{1}{2}$ " apart. To form the rest of the

cookie bin, nail or screw Masonite $\frac{1}{2}$ " Tempered Presdwood to the top, bottom and back. The slides are made of the same smooth, long-wearing material, which does not retain odors and is easily kept clean.

At the front of each slide attach a piece of half-inch wood, on edge, with screws. Have each "lip" extend to the extreme on either side and fit snugly against the bottom of the slide immediately above. This provides a practically air-tight cover for each slide. Attach a pull to each. Attach a similar piece of wood to the opposite end of each slide to prevent cookies from spilling out.

To assure a first-rate joint where the top and back meet, place a length of wood one inch square inside and fasten the Tempered Presdwood to it.

CATTE FIRM, GOOD STOCKERS STRONGER

FORT WORTH—Mature cattle opened the week on a full steady basis at Fort Worth this week. Fat steers and yearlings maintained prices in line with last week's advances as numerous loads and smaller lots of choice fed steers and yearlings sold in the \$21 to \$23.75 bracket. Typical of the cattle in this class were a trucklot of 963-lb. steers from W. E. Kolb, Nolan County, at \$23; and Sid Willis, Oklahoma cattle feeder, had a load of 1,097-lb. steers at \$23.75 and a load of 1,030-lb. cattle at \$22. Leonard Woody, also of Marshall County, Okla., had a load of 1,154-lb. steers at \$23; Leon Daube, Carter County, Okla.; had two loads of 955-lb. cattle at \$22.

Plainer and medium steers and yearlings drew \$12 to \$18 with rannihans around \$10. Fat cows sold from \$8.50 to \$12, with a few higher like the mixed lot C. A. Pratt of Ellis County sold that included two cows at 1.222

pounds at \$12.50, a heiferish individual at 1,105 lbs. at \$15 and some choice 465 lb. calves at \$19. Ben H. Carpenter, Dallas, also had some toppy cows at \$11 to \$12, two at the latter figure scaling 1,320 lbs. Cannors and cutters drew \$5 to \$9. Bulls sold from \$8 to \$12, a few higher such as the bulls in Bob Hayley's shipment from Baylor County, which included some cows at \$8.50 and \$10.50, and three bulls at \$11, \$12 and \$12.50, the latter weighing 1,375 lbs.

Good and choice fat calves sold from \$15 to \$19 and common and medium offerings sold for \$10 to \$14, with culls from \$8 to \$10. A few fancy heavies sold above \$19 but sparingly, and they were usually light yearling weights.

Good and choice stocker steer calves cleared at \$17 to \$20.50, a load of 32 head of calves from E. E. Erwin, Mitchell County, that weighed 472 lbs. at \$20.50 and a load of calves averaging 439 lbs. from W. B. Watson of Clay County sold at \$20. These sales were typical of those at the top for the class. Steer yearlings of choice kinds sold around \$17 to \$19, a few lights higher. Older feeder cattle sold from \$18.50 down. Stocker heifer calves averaged \$2 to \$3 under their steer mates, except that in cases where they were fat enough to attract packed bids they sold in many cases as well or better than the steers. Stocker cows drew \$6 to \$11, a few higher.

BEEF AND GRAVY

PURCHASES DUE

The USDA announced last week that it would accept offers of beef and gravy (canned) for use in export shipments. The meat to be used would be of utility or lower grades. There was no immediate effect of this announcement on the trade to be seen, however, it is certain that the announcement will serve to help canner, cutters and low grade butcher cattle prices.

The announcement did not specify that amounts to be purchased except to say they were after a "substantial quantity," which could mean anything and sounds a little like a deliberate effort to add an inflationary effect to the order.

SHEEP STEADY; LAMBS WEAKER

Fat and feeder lambs opened on a steady to easier basis at Fort Worth Monday with some bids and sales 50 cents lower and others steady in the uneven trade. Quality of the offerings had a great deal to do with some of the apparently weaker sales, since the more desirable kinds were pretty scarce in the day's run. Yearlings and older sheep were fully steady. Fat yearlings drew \$12 to \$14 and culls sold around \$8. Fat lambs cashed at \$16 to \$18, the right kind quotable over that. Medium and lower grade lambs sold around \$10 to \$16. Stocker and feeder lambs cashed at \$11 to \$15.50.

Slaughter ewes sold from \$4.50 to \$6 and breeding ewes drew \$6 to \$10, some yearling ewes

above that range. Old bucks sold around \$4. Old wethers drew \$6 \$11.

WOOL PROGRAM SETS SUPPORT AT 62 CENTS

The USDA last week announced that wool under the new National Wool Act of 1954 would be supported at 106 percent of parity. This would be 62 cents per pound. The program is an incentive type program aimed at raising the production of domestic wool to 300 million pounds. Support can go up to 110 percent under the bill. Mohair drew a support price of 91 percent of parity or 70 cents.

HOGS SOAR THEN TAKE A TUMBLE

Hogs opened the week at Fort Worth 25c higher but before Monday's trade was over they were 25 to 50 lower. Top hogs drew \$19 to \$19.75. Sows sold for \$14 to \$18 or 50 cents higher.

Activities of The Colored People

The Dunbar Elementary School has made a big start for this year. We're hoping for a very successful year. The first and second graders are very proud of their new bookshelf made by the Cameron Lumber Company, which was their first project for the year. A box of groceries was raffled off last week. The person holding the lucky ticket was little Miss Theima Washington. The profit made from the tickets was \$25 which made the first down payment on the bookshelf.

The lunchroom is making progress this year. We have a tremendous increase in participation. We are very grateful for the stove, tables and benches and other things given us which enable us to put over a better lunch program.

On Monday, October 18th, the teachers and students motored to Dallas to attend the State Fair. A special day will be set aside this week for those who attended the fair to give a report on their trip for the benefit of those who did not go.

Last Friday the first through the fifth grades gave a program in Assembly commemorating safety week.

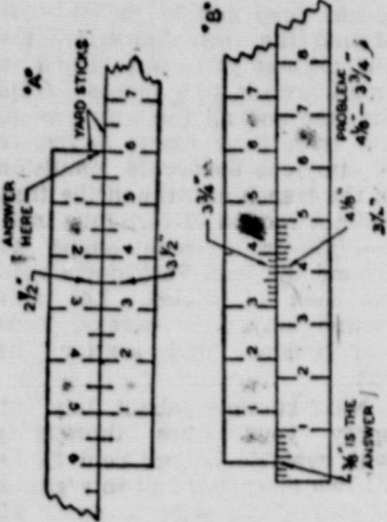

We are urging each parent to please attend P.T.A. There will

Yardstick Addition

THE handicrafter can make simple additions and subtractions with two rulers or yardsticks, put together as a simple slide rule.

To add 2 1/2 and 3 1/2, place the rulers so the numbers face in opposite directions, suggests *American Builder*. Place the 2 1/2 and the

3 1/2 opposite each other, as in illustration. The answer, 6, will be indicated at the end of the ruler.

To subtract, turn the two rules so that the two sets of numbers read in the same direction. Suppose you want to subtract 3 1/2 from 4 1/2. Move the rules so these numbers are opposite. The subtracted answer, 1, will be shown at the end of the ruler.

be a call meeting Thursday night (tonight) so please be there.

We were very happy to have Bro. and Sister Bonham of Goree visiting our school last week and also for the donation of glasses for the lunchroom.

Mr. and Mrs. Dan Flournoy and daughter, Reba, of Odessa visited her parents, Mr. and Mrs. Drew Morrow, last Sunday. They were enroute home from Dallas where they attended the Fair.

BMSM and Mrs. Tommy Oates of Portland, Ore., are spending this week with her parents, Mr. and Mrs. Coy Tuggle, and his parents, Mr. and Mrs. Tom Oates, of Anson.

Knox Prairie Philosopher Looking For A Dog, Just Any Kind, A Bird Dog Included, That'll Feed Himself

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek joins the national pastime this week in discussing dogs.

Dear editor:

Everybody of course is talking about dogs these days, in view of the elections coming up in November, and I wish to say that while officials in Washington may know something about people, they seem to be out of touch with dogs.

According to Sec. Wilson, he prefers bird dogs to kennel dogs because they get out and hustle for their food, while kennel dogs sit down and yelp for theirs.

What I would like to know is where can I get hold of one of them bird dogs? The one I got just ain't self-sustaining. Maybe some people's bird dogs get out and hustle up their meals but mine sits at the back door and howls when he gets hungry, the same as all other kinds. He doesn't mind gettin out and huntin for birds, but when meal time comes he's at the back door with his voice raised to the moon and the neighbors are wonderin why I don't feed the critter.

Dogs are fine things, great companions, a fine antidote for naggin, but they ain't been self-sustaining for years, except maybe a few sheep dogs and a few cow dogs.

These must be millions of dogs in the United States, read the other day where there were over 50,000 in Houston alone, and I calculate there must be at least 200 in Munday, and if there is one of em capable of gettin out and hustlin up his own meal, I ain't acquainted with him. And when one of em does try it, his owner's phone is rung off the wall by neighbors complainin

J. A.

their garbage cans have been knocked over or one of their chickens has been killed.

If every dog in this country started hustlin his own meals, it'd bring on a depression just by knockin out the canned dog food industry. It costs as much to feed a dog these days as it used to cost to feed two or three children. Look at the grocery ads. Canned dog food is as much a necessity and as popular an item as baby food.

If there's a loafer class in America, it's the dog population, and if you want to go broke, just open up a business and hire a lot of people willin to work like dogs. I've worked like a dog for years out here on my Johnson grass farm, and what has it got me? Just a lot of complaints that I've loafed most of the time, which I have and I intend to keep it up.

Yours faithfully,
J. A.

Mr. and Mrs. A. C. Boggs left Sunday for Lubbock to be with Mrs. Boggs's father, R. D. Turpin, who underwent surgery on Monday.

Mr. and Mrs. J. B. Walling and sons of Wichita Falls were Sunday guests of her parents, Mr. and Mrs. M. Boggs.

WOMEN AND WHEELS

It's Not Your Sex, It's Your Personality

By Mary Lou Chapman

You can make statistics prove almost anything. You could find some to "prove" that women are better drivers than men, or you could prove exactly the opposite.

But we don't want to heat up the old war between the sexes. We don't feel that being male or female affects the way you drive, really. We know some good ones and some bad ones of each kind.

It's not your sex, it's your personality that counts. It's the kind of individual you really are that affects your driving.

Some ladies we know just don't happen to be ladies on the highway. They honk at pedestrians and "hog" the road, showing their unladylike nature. And some gentlemen, who can be ever so charming and pleasant at a dance, drive like someone is stepping on their toes when they get behind the wheel of a car. They break speed limits, and generally behave as if they were at a jam session. Invariably, it's only a traffic jam session.

THE NAME'S THE SAME
There is something about the completely anonymous situation of driving alone that makes these ladies and gentlemen think they can get away with murder—and sometimes, that's just what it is. Because the people in the other cars don't know you, it's apparently all right to break all the rules.

The director of the Psychopathic Clinic of Detroit Recorder's Court maintains a driver behaves in a manner which reflects his true personality pattern. His personality does not change. But there is one significant difference. In his car he has more freedom of opportunity to demonstrate the presence of unsocial, irresponsible or even anti-social traits.

BAD DRIVER, BAD GUY
The clinic has found that problem drivers are usually emotionally unstable. They generally are the impulsive and irresponsible person, the day dreamer, the alcoholic, and the selfish egocentric. There are also those suffering from feelings of inferiority, who sometimes believe the automobile offers a way to show the world that they are "as good as anybody else." This usually takes the form of speeding or trying to "outwit" the police.

If, however, a person,—man or woman—is emotionally well-balanced in other phases of his life, at home, at work, in the community, he is unlikely to be a chronic problem child on the highway.

(Fashion writer, artist and TV personality, Miss Chapman is a native of Detroit, and has spent the last several years working with automobile stylists, designers and engineers at Chrysler Corporation.)

Mr. and Mrs. H. E. Sharp and daughter visited in Lubbock last Thursday.

Mr. and Mrs. J. C. Rice, Jr., and daughter of Houston came in last Saturday for a visit with his parents, Mr. and Mrs. J. C. Rice, Sr.

ADDITIONAL LIGHT BRINGS MORE EGGS

Laying hens need 13 to 14 hours of light daily to keep up top egg production, says John H. Quisenberry, head of the poultry department at Texas A. & M. College.

While the layers don't take particular interest in the matter, Quisenberry explains that light influences a secretion from the pituitary gland of the brain. The glandular stimulus makes the birds eat more feed and water. The result from the lighting system is more eggs and more profits.

One 40-watt bulb for each 200 square feet of floor space is sufficient. Shallow reflectors make the lights more effective. Start using light now, he says, and increase the lighting period as the days become shorter. Perches, feed hoppers and water troughs should be lighted, too.

Quisenberry recommends early morning lights. All night lights are satisfactory, he adds, but egg production is not increased after 14 hours.

Local FFA Boys Attend Fair At Dallas Saturday

Twenty-one members of the Munday chapter, Future Farmers of America, their advisor, Earl R. Ponder, and Dee Allred, attended the State Fair at Dallas on Saturday, October 16. All reported an educational and enjoyable trip.

Questions asked: How do they grow hogs that large and bulls that weigh 2,850 pounds. How do they have carnival tricks that take your money so fast and have riding devices that give you such thrills? How do they prepare so many hot dogs?

Someone said: "That was some fair." Another, "How did I get so tired just milling in and out and looking?" Well, that goes with the fair.

The F. F. A. boys wish to thank the many people who helped them by giving them orders for newspapers and magazines, both new and renewal orders. You have proved a friend to the boys, and they appreciate it.

It is not too late to get your name on the list of helpers. The boys are taking orders all along and ask you to keep sending them in.

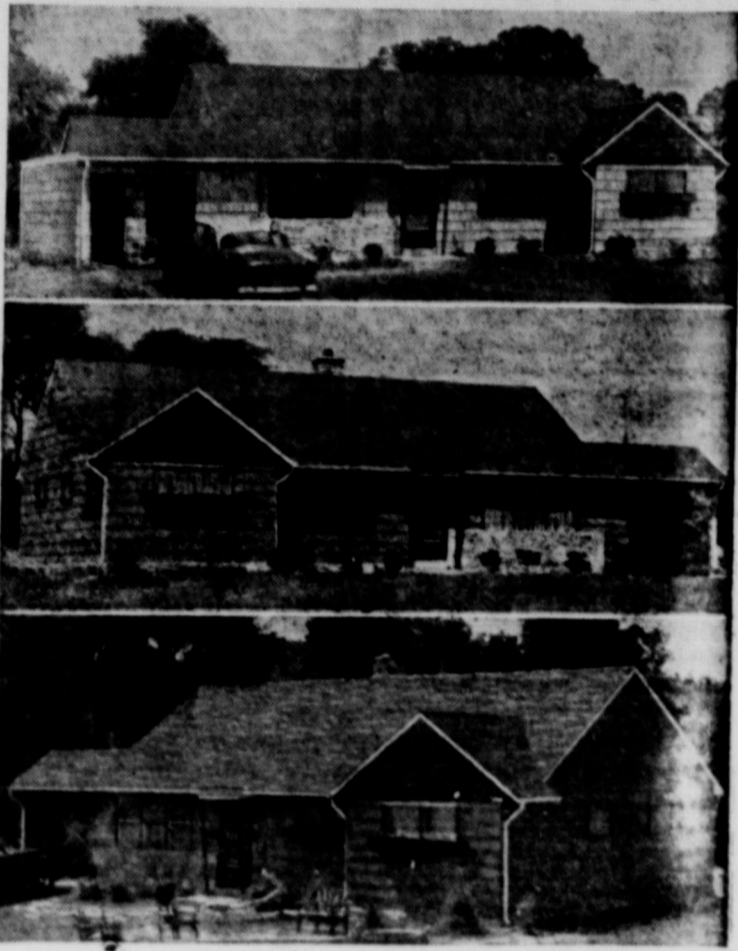

The boys are busy now making arrangements for their projects and the annual parent and son banquet.

When the home freezer needs defrosting, don't put the job off. A clean box operates more economically and has a longer useful life.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Albert Pavlock of Richmond are the proud parents of a boy born October 12, in the Polly Ryan Hospital in Richmond. His name is Rodney Charles and he weighs 7 pounds and 6 ounces. Grandparents are Mr. and Mrs. Jack Franklin of Richmond and Mr. and Mrs. John Pavlock of Rosenberg. Great grandparents are Mr. and Mrs. F. W. Franklin of Goree Mrs. Pavlock is the former Ellen Franklin of Munday.

Asbestos Siding Adds Eye Appeal

These three attractive homes, constructed in a Philadelphia suburb, owe much of their charm to the colorful asbestos-cement shingles with which they are sided. In each instance, added interest is provided by a small area of field stone under the living room windows. Shadow lines between the siding courses are accentuated in a manner pleasing to the eye, while a striated pattern in the siding shingles makes vertical joints practically invisible. Located on the same block, the three houses harmonize with one another while each retains its individuality. Because of their beautiful colors and modern styling, architects report, asbestos siding shingles are becoming more and more popular for contemporary homes. Builders like them also for their economy, durability and fire-safety.

Benjamin P-TA Plans Carnival

A call meeting of Benjamin P.T.A. was held Monday p. m. October 11, to discuss plans for the Halloween Carnival.

The Carnival, featuring various amusements and attractions, the coronation of the carnival queen, and a chili supper will be served in the Benjamin Gymnasium October 30, at 7:00 p. m.

The serving of the chili supper, with sandwiches, pie and cake also, will begin at 5:30 p. m.

in the school lunchroom. Everyone is urged to come early and enjoy a delicious supper before the main program begins.

The next regular meeting of the P.T. A. will be held October 22, 7:30 p. m. in the auditorium. All parents are invited to attend a timely program: "How Friendly Is Your Child?" with Mrs. E. L. Kirk as program chairman.

Mr. and Mrs. E. R. McClellan of Hobbs, N. M., were week end guests in the home of his sister and husband, Mr. and Mrs. C. N. Smith.

Mrs. Lillie Courtney Passes At Fort Worth On Monday

Mrs. Lillie B. Courtney, age 62, former resident of Munday, passed away at a Fort Worth hospital at 1:20 p. m. Monday. She had been in ill health for several months.

Funeral services were held from Owens and Brumley Chapel of Chimes in Fort Worth at ten o'clock Wednesday morning with Dr. L. D. Anderson officiating. Burial was in Mount Olivet Cemetery in Fort Worth.

Mrs. Courtney is survived by her husband and a daughter, both of Fort Worth; a sister, Mrs. B. C. Cooner of Olton; three brothers, R. B. Bowden and Burnice Bowden, both of Munday, and Claud Bowden of Whiteface.

Chamberlain Serves In Naval Command

SAN DIEGO, Calif. (FHTNC)—Navy Lt. (jg) D. G. Chamberlain, son of M. T. Chamberlain of Munday, Texas, and husband of Mrs. Anna B. Chamberlain of Denton, is serving on the staff of Commander, Carrier Division 3, which recently returned here aboard the attack aircraft carrier USS Boxer.

Carrier Division 3, commanded by Rear Admiral Richard W. Rubie, USN, began this cruise in December 1953, leaving San Diego aboard the carrier USS Essex.

In the Far East the staff operated under the control of the First and Seventh Fleets. The entire tour was spent in the Sea of Japan and the South Seas conducting training exercises and extensive maneuvers.

Carrier Division 3 will be based at the Naval Air Station, San Diego during its rotation period in the U. S.

Lawns of Bermuda and San Augustine grass will enter the winter in a more vigorous condition if fertilized now. A complete fertilizer with a 2-1-1 or 1-1-1 ratio is recommended and a thorough soaking is suggested as a follow-up to the fertilizer application.

Two servicemen enjoy the punch served by a pretty young hostess at dance in USO club in Portland, Ore. USO there got other local organizations, such as Lions, Kiwanis and American Legion, to sponsor one dance a month for military personnel. USO services are financed by United Defense Fund through Community Chests or United Funds.

Mrs. L. A. Parker To Head March Of Dimes For County

Appointment of Mrs. L. A. Parker to head the 1955 March of Dimes in January was announced today by Mrs. R. M. Almanrode, chairman of the Knox County Chapter of the National Foundation for Infantile Paralysis.

"Mrs. Parker is assuming leadership of the polio campaign at a critical time in the fight against the disease," General Berry, state March of Dimes chairman for 1955, said.

"There is reason to hope that the American people are on the verge of winning the fight against polio. A vaccine that holds great promise has been tested, and results of the trial will be known later this year."

Meanwhile, 1954 was one of the heaviest polio years on record and thousands more will be struck down in 1955, Gen. Berry pointed out.

"Seventy per cent of all money contributed through the March of Dimes goes to pay doctor and hospital bills and other costs for families who need help. Thousands of polio patients are receiving help from the March of Dimes this winter."

"The people of Knox County contributed \$4,385.86 to the March of Dimes in 1954," the county chairman said, "and we know that we must set a high target for the 1955 appeal, to make certain that there is no let down in the polio program at the crucial point."

Mr. and Mrs. Dwaine Russell of Vernon were here over the week end visiting with Mrs. J. B. Bowden and Mr. and Mrs. G. W. Hawkins and Jan, Their children, Johnny and Nena Kay, returned home with them after an extended visit here.

Mrs. Letha Tompkins returned home Tuesday from Carlsbad, N. M., where she attended the funeral of an uncle, M. T. Wiseman on Monday. Mr. Wiseman is well known in Knox County, having lived in the Vera community for many years. He was known to his many friends as Marvin Wiseman.

NOTE OF APPRECIATION

As I leave your city I want to express my sincere thanks to the women and men who responded so generously to my plea for Girlstown. Keep up the good work for their needs are unending.

Mrs. I. L. Hutchinson

To make way for our new Tubeless Tire, we are clearing our stocks of famous DeLuxe Super-Cushions at the lowest prices of the year. DeLuxe Super-Cushions are the same long-mileage tires that came on 1954 cars. The same tires that more car owners prefer over all others. And, if you act quick, they're yours at big savings during this great Tire Sale. Get them now — while they last — and SAVE!

EASY TERMS! Pay as little as \$1.25 a week. Your old tires will make the down payment!
