

## Kracker KrumbS

Odd Bits Salvaged  
at Random

One hundred members by mid-summer.

That's the aim of golfers of this area who are re-organizing the Munday Country Club into a new golf club, known as the Lake Creek Golf Club. It's strictly a golf club, with no social activities planned whatever, except that members will have an annual picnic for members and their families.

All towns of the area—Munday, Knox City, Weinert, Haskell, Goree, Benjamin, and others of the area have been invited to membership with the aim of having one good golf club for golfers of this section.

Towns having as many as five members in the club are entitled to two directors, and no town will have more than two directors. From these, the chairman and vice chairman will be elected.

A total of 78 golfers had signed their intentions of becoming members, with around 40 from Knox City showing interest in the club's activities. The original members of the old Munday Country Club have until April 10 to become members of the one without paying entrance fees—by just picking up the monthly dues.

Directors will meet once a month, and detailed reports of all meetings and a financial statement will be mailed to members once each quarter. Money from membership fees and dues will be used largely in improving the course so the Lake Creek Club will likely have one of the finest grass green courses in this area.

And that's about the golf story. It seems that the combining of efforts of those interested in golfing could also cement more good will between towns of the area and cause more interest in development of all the area. Lots of fun can be had, and maybe lots of personal and community problems could be solved on the golf course.

Our officials—in city, county, and national government—are elected by a "minority," Melvin T. Munn, of Dallas, speaker at the annual Chamber of Commerce banquet, told his listeners last Friday night. He said that in most elections only 25 to 30 per cent of the eligible voters actually vote.

The speaker is wrong, as past history of Munday's city elections or school trustee elections are concerned. We can recall that in times past around 25 to 30 voters elected our city aldermen, and that figure is less than those given by the speaker.

Some of the people who heard Mr. Munn's speech didn't vote on Tuesday. Nearly 200 voters did go to the polls, and that's better than in years past. Just about according Munn's statistics—around 30 per cent.

School trustee elections are coming up Saturday. How many of you qualified voters plan to vote?

The duster Monday was a killer-diller. Reports came to us that Leland Hannah found a sealed, unopened letter in front of his place that had blown over from Knox City. It could just as well have come from Midland or Odessa.

### PENDERGRAFT LEASES PAPER IN ELDORADO

Mr. and Mrs. Norton Pendergraft and children left last week for Eldorado, Okla., to make their home. Pendergraft, employee of the Munday Times for two and one-half years, has leased the Eldorado Courier and took over management last Monday.

Lloyd Wayne Bridges, graduate of the Southwest School of Printing in Dallas, assumed his duties as linotype operator on the Times last Monday. He comes to us from Jacksboro, where he has been employed.

Miss Judy Massey of Wichita Falls visited Miss Gwendolyn Pedden from Friday until Monday. She returned with her parents, Mr. and Mrs. Charlie Massey who were Monday guests in the Pedden home.

EAGLE SCOUT—Jerry Lindsey, son of Mr. and Mrs. Troy Lindsey of Munday and the First Eagle Scout in the history of Munday, stands erect as his mother pins the Eagle Scout Badge on his uniform at the annual Munday Chamber of Commerce banquet last Friday night. On top of all the merit badges necessary for the Eagle Scout rank, Jerry also had a six-year perfect attendance record at Scout meetings. Looking on in the photo is Jim Johnson of Wichita Falls, Boy Scout executive of the Northwest Texas Council. (Photo courtesy Abilene Reporter-News.)

## Benjamin To Elect Entire Board Saturday

The entire board of Benjamin School will be elected next Saturday, it was announced Monday by County Supt. Merick McGaughey. The board was appointed last year, so the entire board will be elected.

Present members are Wayne Young, Theodore Resell, Pete Mainzer, Eddie Bateman, Mrs. Myrtle Propps, Mrs. Jack Idol and L. C. Brown. All except Mr. Young are running for re-election.

Others on the ticket are W. M. Hertel, Bill Ryder, Mrs. J. D. Redwine, Vernon McCanlies and Earl Duke.

## Hodges Rites Held Sunday At Knox City

Funeral services for Mrs. Joe S. Hodges were held from the Church of Christ in Knox City last Sunday. She passed away on Friday at the Knox City Hospital.

Mrs. Hodges was born in Weatherford on September 25, 1888, and was a long time resident of Knox and Haskell Counties.

She is survived by her husband of Knox City; five sons, Buster of O'Brien, Harry of Ganado, Bill of Lamesa, Sam of Hale Center and Jack of Marquez, Texas; 14 grandchildren and one great grandchild; a brother, Hugh Edleman of Dallas.

E. F. Drakes of Crosbyton and Mitchell Greer of Knox City conducted the services. Burial was in Knox City Cemetery.

## Weather Report

For seven days ending 7 p.m. April 3, 1956, as compiled by H. P. Hill, U. S. Weather Observer.

	LOW	HIGH

Precipitation to date, 1955	3.31 in.	

## Billingsley, Moore And Wiggins Named To City Posts In Municipal Election

M. F. Billingsley, who was opposed on the ballot, was re-elected mayor of the City of Munday in the municipal election last Tuesday. He received a total of 191 votes.

There were three write-in votes in the mayor's race, however, and it was a "photo finish" for the write-ins. Receiving one vote each were B. L. Blacklock, Billy Mitchell and E. H. Nelson. Official said a total of 204 votes were cast.

In the race for aldermen, Varrie Moore and M. L. Wiggins were elected to replace Joe Bailey King and Hugh A. Beaty, two aldermen who did not seek another term. Moore received 162 votes, Wiggins 154, and R. M. Almanrode 68.

The new aldermen will be installed at the next regular meeting of the City Council.

Hold over councilmen are: Gene W. Harrell, J. E. Reeves, Jr., and J. W. Massey.

## Local Cub Scouts Will Take Part On Television Program

The Cub Scouts of Den 3 will be guests on the "Little Rascal" television program on Channel 6 Wichita Falls, on Friday, April 13, at 5 p.m.

Den 3 members are: Reid Brumley, Eddie Littlefield, Tommy Horton, Bill Stewart, Terry Leflar, Clyde Burnett and Howard Todd, along with their den sweetheart, Stacia Collins, and den leader, John Walter Massey.

Mrs. M. H. Brumley, den mother, will be at the TV station at 4 p.m. Friday preparing for their appearance on the show. Cub Scouts are looking forward to this event.

Mr. and Mrs. Russell Doran of Odessa and Mrs. Aline Koeling and sons of Oklahoma City visited Mr. and Mrs. W. C. Bevers over the week end.

Mrs. Celladore Crockett, "64,000 Question" contestant from Cleburne, mails her Easter Seal contribution for crippled children. The attractive Texan, who settled for a Cadillac on March 27, captured the interest of Americans during her recent appearances on the popular television program.

## About 300 Attend Annual Banquet On Friday Night

### Local Golf Club Is Being Formed For All Of Area

The Munday Country Club is no more, and activities on the local golf course will bring interest from golfers from all this area when present plans reach maturity.

Golfers of this section have re-organized the Munday club into the Lake Creek Golf Club, and invitations have been sent to golfers from Munday, Knox City, Weinert, Haskell, Goree, Benjamin and other towns to become members. Around 100 members are expected by mid-summer.

Each town having as many as five members will name two directors in the organization, and no town will have more than two. The chairman and vice chairman will be elected from the board of directors. J. D. Gillespie is presently serving as secretary.

Knox City, with about 40 members already signed up, has named Joe Averitt and Chad Wilson as directors. Gillespie and Winston Blacklock have been elected from the Munday group. Intentions to become members had been signed by 78 golfers early this week.

Directors will meet monthly and detailed reports of all meetings and the club's financial statement will be mailed to members quarterly. Money derived from membership fees and dues will be used for upkeep and improving the local course. Original members of the Munday Country Club have until April 10 to sign up in the new organization without paying entrance fees, it was stated.

This will be strictly a golf club, with no social activities, expect an annual picnic for members and their families.

## J. W. Green, 85 Of Knox City Dies Tuesday

J. W. Green, 85, passed away at the home of a daughter, Mrs. O. M. Gilson of Knox City, at 10:30 a.m. Tuesday.

Mr. Green was born in Milan County and came to Knox County in 1914, settling on a farm four miles west of Knox City. A retired farmer, he moved into Knox City about six years ago.

Funeral services were held Wednesday from the Church of Christ in Knox City with Mitchell Greer, innister, officiating. Burial was in Knox City Cemetery under direction of Warren Funeral Home.

Surviving are four daughters, Mrs. Gideon and Mrs. G. F. Vance, both of Knox City; Mrs. Lillian Bryant of Hobbs, N. M.; and Mrs. Oma Cox of Sweetwater; two sons, Wilford and Tommie Green, both of Wichita Falls, 39 grand-children, 55 great grandchildren and 13 great great grandchildren.

### Guest Preacher

Rev. Dub Jackson, above Baptist missionary to Japan, will speak nightly, with the exception of Sunday night and Tuesday night when gospel films will be shown, at the spring evangelistic meeting which opens Sunday April 8, at the Gillespie Baptist Church. The meeting will continue through April 15.

Fred Reddell, Jr., will be in charge of music for the week.

Rev. Jackson, a graduate of Hardin-Simmons University and Southern Seminary, was an air force pilot during World War II and recently returned for his first furlough after five years of missionary work in Japan.

## Last Rites For Mrs. Morgan Are Held On Tuesday

Mrs. Carrie Morgan, 83, widow of Andrew J. (Uncle Bud) Morgan, died at 7:15 a.m. in a Brownwood rest home, where she had been about a year.

Lovingly known here as Aunt Carrie, she and Uncle Bud lived in Munday many years before entering a rest home in Roscoe. Mrs. Morgan died in 1954 at the age of 99.

Funeral services for Mrs. Morgan were held at 2 p.m. Tuesday from the First Baptist Church in Munday with the pastor, Rev. Robert H. Lloyd, officiating. Burial was in Johnson Memorial Cemetery under the direction of McCauley Funeral Home.

Pallbearers were C. M. Thompson, Leland Hannah, Chan Hughes, L. B. Patterson, Chester Bowden and Alvin Reid.

Survivors include a brother, J. Keel of Munday; two daughters of Andrew J. Morgan, Mrs. G. T. Stevens of Winslow, Ariz., and Mrs. Curtis Neal of Guilela Ariz., and several nieces and nephews.

## GOREE CEMETERY ASSOCIATION MEETING

Monday, April 9, is the time for the Goree Cemetery Association's regular meeting.

The meeting will be at 7:30 p.m. in the Memorial Building. Every one interested in the care of the Goree Cemetery is urged to be present.

Drive carefully. The life you save may be your own!

## BEARDED GENTLEMEN, COSTUMED LADIES INVADe CITY ON ABILENE JUBILEE TRIP

Gentlemen with a heavy growth of beard and lovely ladies in pioneer costumes of 75 years ago invaded Munday just before noon Wednesday.

Their chartered bus stopped on the east side of the city hall lawn, and the "pioneers" almost filled the Hotel Coffee Shop as they entered for lunch. Nearly every type of beard could be found, from the mere mustache to a full growth. Each man wore tiny black hats and costumes typical of the pioneer days.

Some 300 or more people gathered at the Golden Jubilee banquet of Munday Chamber of Commerce last Friday night and heard Helvin T. Munn of Dallas, director of public relations for Blue Cross and Blue Shield, charge that Americans are not living up to their obligations. This charge was made as Munn entered into the seriousness of his talk on "My Town" after getting his audience into a listening mood by humorous jokes.

"You have the very heart of America in Munday," Munn said, "just as we have it in Dallas, Goree, Benjamin or any other town in the nation. You have a tremendous amount of pride, and justly so, but I'm not sure you're living up to your obligations."

Munn cited statistics to show that although 1955 was a banner year, only \$2,900,000,000 was spent on improvement of public schools and only \$2,400,000,000 on improvement of churches.

"On the other hand, Americans spent \$13,800,000,000 on liquor and tobacco," he said.

Past experience showed, he said, that although there are more than 160 million people in the U.S., "we will be lucky if we get 15 million of them in church Easter morning." He said that about 70 million Americans belong to no church at all and of the remaining 90 million the majority are only part-time church goers.

He also brought out, in conclusion, that in most local elections only 25 to 30 per cent of eligible voters actually vote, so our officials are elected by a "majority of the minority."

For the first time in its 50-year history, a resident of Munday Friday night was awarded an Eagle Scout badge. He is Jerry Lindsey, 17-year-old son of Mr. and Mrs. Troy Lindsey. The award along with a \$100 Savings Bond was presented to him by Jim Johnson of Wichita Falls, executive of the Northwest Texas Council of the Boy Scouts of America.

Jerry is senior in Munday High School and one of the items taken into consideration for awarding him the badge is his six years of attendance at Scout meetings without a single absence.

Master of ceremonies at the banquet was the Rev. Robert H. Lloyd, pastor of the First Baptist Church of Munday. Invocation was by H. Doyle Hagle, pastor of the First Methodist Church.

Entertainment was furnished by the 21 member junior high school chorus under the direction of Mrs. J. H. Bardwell.

Gene W. Harrell, president of the Chamber of Commerce, introduced new directors for 1956.

## Tomlinson Rites Held Thursday At Littlefield

Funeral services were held from the Church of Christ in Littlefield last Thursday for John F. Tomlinson who died of a heart attack on Tuesday, March 27.

He is survived by his wife, 5 sisters, Mrs. Carl Green of Munday, Mrs. Doc Snelson and Mrs. Sam Cumble of Fort Worth, Mrs. Jim Cadwell of Modesto, Calif., Mrs. Rubie Hancock of Los Gatos, Calif.; 2 brothers, J. E. Tomlinson of Munday and L. E. Tomlinson of Weatherford, six sons and one daughter, and 23 grandchildren. Mr. Tomlinson was born April 9, 1888 and was 68 years old.

Mr. Tomlinson was the son of the late Mr. and Mrs. W. B. Tomlinson of Munday.

Attending the funeral from Munday were Mr. and Mrs. J. E. Tomlinson, and Grady, Mr. and Mrs. Austin Tomlinson and Austin Jr., Mrs. Lee A. Parks, J. B. Tomlinson and Mr. and Mrs. Carl Green.

## SUNDAY SCHOOL MEET SET FOR APRIL 12-13

The Sunday School convention of Latin-American Assembly of God Churches will be held with the local church on Thursday and Friday, April 12 and 13.

### FROM A LITTLE ACORN

Parcel post came into being at the beginning of 1913. It's a safe bet that few people then had any idea of how great this institution would grow, or of the direction its development would take.

It was envisaged as a limited service, handling small parcels, primarily for farmers and rural residents not adequately served by private carriers. Congress specified that the service should be self-sustaining, that it should not unnecessarily compete with private transportation services, and that it should supplement and not supersede private carriers.

Parcel post has gone astray from these intents. During much of its life it has been run at a loss—the accumulated deficit for the 1926-52 period was in excess of \$1 billion. It has and does unnecessarily compete with private carriers, in fields and in areas where private express service is perfectly adequate. And it has made it constantly more difficult for private carriers to stay in business. That some have is a tribute to their resourcefulness and standards of service.

Currently, there are various conflicting arguments as to the economics of parcel post and its influence, one way or another, on the post office deficits. But, these aside, it is clear that basic principles enumerated by the framers of the law are still being violated. Government in business is a bad matter at best.

### SUNDAY SCHOOL WEEK

This year's observance of National Sunday School Week—sponsored by the Laymen's National Committee, an all-faiths organization—will take place April 9-15. It is not directed at those young people who now attend churches of their respective faiths—it is directed at the millions who, tragically and needlessly, are receiving no religious training whatsoever.

The Sunday School, with its roots deep in values which are timeless and eternal, can in large measure determine what kind of men and women the children of today will become. The forthcoming Week deserves and demands the full support of us all—to the end that its great spiritual and moral purpose may be successfully realized.

Lovington, N. M., Leader: ". . . As long as men are forced by the 'union shop' to join a union and pay dues to that union in order to hold their jobs, the union has no moral right to use one penny of those dues for political purposes."

### "PLANNING BIG"

The New York Times recently devoted an editorial to what is happening as a result of an agreement between a leading American shipping line and the Federal Maritime Board. Soon two fast new liners are to be laid down. A long-range program calls for replacement of the line's entire cargo and passenger fleet, at a cost of \$286,000,000.

Other lines are similarly engaged. The Times said: "Like the big airlines, which are ordering fleets of giant jet-engine transports for the future, the steamship companies are planning big for the years to come. Both forms of transport carry our flag and our symbols to the farthest reaches. What is going on in other lands? What are their people like, and what are they thinking? The big operators of world-wide transport lines, both sea and air, are especially qualified to know. And they are investing heavily in tomorrow."

"This example of 'planning big' has vast significance for American farmers, workers and industries. Certainly, one of the best hopes of the free world lies in the 'trade, not aid' concept of international relations. Today our exports account for a substantial part of the U. S. national income—and a further substantial contribution to our well-being is made by our imports. At the heart of all this activity is that great and essential institution—a merchant marine flying the American flag.

### FREE NATIONS ARE LIKE GARDENS

A well-kept garden is beautiful and may appear free of pestilence. But every gardener knows the garden's beauty will soon decay and fall into ruin without constant care and protection from weeds, rodents, insects, fungi and its other enemies.

A free nation is like that garden. It must be everlastingly guarded against enemies within as well as without who would gradually eat our freedoms away, until the stage is set for the final destruction of representative government dedicated to maximum liberty and opportunity for all.

Ablene, Kan., Daily Reflector Chronicle: "A good thing to remember in these days of all kinds of 'federal aids' is that the Federal government hasn't got a dime that it doesn't take away from the people. So it can't give anything to a school system, building programs, county welfare, flood control, crop surpluses or anything else without first having taken it away from the people."

## WHAT DOES THE BIBLE SAY?

### UNITY

The division in the religious world is wrong in the sight of God can be abundantly proved by the Bible. Christ prayed for unity (Jn. 17:20-23) Christ prayed that the same unity that exist between the Father and Son may also exist among all that believe on his name. Surely the God of heaven honored this prayer. The division of the religious world is displeasing to him.

Christ prophesied unity. (Jn. 16:10). "And other sheep I have which are not of this fold; but also I must bring, and they shall hear my voice; and there shall be one fold, and one shepherd." Thus Christ spoke of his church and the bringing of both Jew and Gentiles into it.

Christ died that unity might be brought about. (Eph. 2:16). "And that he might reconcile both unto God in one body by the cross, having slain the enmity thereby." Yes, Christ died that Jew and Gentiles might be united.

In Gal. 1:11-12 Paul wrote that what he received did not come from man nor the teach-

ing of men. What he wrote and taught came by revelation of Jesus Christ. Thus, when Paul wrote on any subject, it was not his own thoughts or ideas, but in reality the commentary of Jesus on the subject.

Paul exhorted the church at Corinth to unity. (1 Cor. 1:10-15). Since what Paul taught was by revelation of Christ, this is Christ's commentary on unity. Paul condemned division at Corinth. Thus, we have the mind of Christ on the subject as presented by the pen of the apostle.

Many religious leaders of our day may offer their creed, discipline, or manual as a basis for unity. Each, no doubt, would have its merits; however, each would have one common flaw—it has been written by men. Therefore we plead for men to turn from all such and to let the Bible be the basis for unity. (2 Tim. 3:16-17). "All scripture is given by inspiration of God, and is profitable for doctrine, for reproof, for correction, for instruction in righteousness: That the man of God may be perfect, thoroughly furnished unto all good works."

## Weekly Health LETTER

Issued by Henry A. Helle, M. D., State Health Officer of Texas

Austin—Ever heard the expression "fall out" in connection with this atomic age? Ever wondered what it's all about? State Health Department radi-

ation experts say fall out is nothing more than particles of matter in the air, made radioactive by nuclear or thermonuclear explosions. When an atomic or hydrogen bomb is exploded close to the ground, thousands of tons of atomized earth, building materials, rocks and gases are sucked upward—like soda being sucked through a straw. Sometimes they reach a height of 80,000 feet—15 miles or more—helping to form the awesome cloud always seen after one of these explosions.

## NEIGHBORS, U.S.A., SUPPLY NEW HOME

Mr. and Mrs. Chester Lanigan, their children and the family dog, Tippy, point with pride to their new home, three miles northeast of Decatur, Ill., purchased with the help of Red Cross funds, replacing the former family home in Connecticut which was destroyed by flood waters last Fall.

Larger radioactive particles spill out over the immediate area of the explosion soon after it occurs, but others—the lighter particles—may be wafted about by the upper breezes for hundreds of miles.

Sooner or later they settle to earth. This is fall out.

Many people think radioactivity is something new, a product of modern life like the Bikini bathing suit. That isn't true. Radiation experts say the whole world is radioactive, but normal amounts are not dangerous. It is only when radioactivity is present in highly concentrated amounts that it becomes dangerous.

Radioactivity is sometimes highly concentrated in fall out, say the experts. It can settle anywhere. You can't see, hear, taste, smell or feel it. Yet, if you're exposed to it long enough it can be lethal.

Fortunately, though, there are various mechanical devices available which are capable of detecting incredibly small amounts of radioactivity. Some are so sensitive a tiny bit of luminous paint on the face of a wrist watch will cause the indicator needle to jump clear off scale.

Teaching the proper use of these instruments to people in cities and towns and industries throughout the state is now a major function of the State Health Department's industrial hygiene section. The reason: so they'll be ready in case of industrial accidents. Or in case of "fall out."

Serious radioactivity contamination map extend 220 miles downwind from the point of a bomb explosion, and vary in width up to 40 miles. That's an area as large as from Fort Worth almost to San Marcos, taking in everything to 20 miles on either side of the line—Waco, Temple, Taylor, Lam-

## News From The U. S. Congress

Congressman Frank Ikard

We continue to hear a great deal about the development in various scientific fields, particularly those concerned with atomic energy; however, few of us realize the day-to-day job that the scientist does for each of us.

Recently I had occasion to visit with Mr. Frank Tuton of the Research Division of the Department of Agriculture. In our discussion, he pointed out some of the things that are just around the corner and that will soon be available to all of us as a result of scientific research working to develop new uses and new markets for agricultural products. For instance, he told me of garden hose, rain coats, kitchen aprons, and gloves of high quality that were being successfully made of unobtainable animal fat. Formerly this fat was sold to the soap manufacturers, but with the advent of detergents, it is now "going begging" on the market. These new uses for this product should again create a good market for it. We also saw wrinkle-resistant fabrics that can be used for women's clothes which is made exclusively of short staple cotton. The acceptance by women generally of

these fabrics should stimulate the market for this type of cotton. I was also interested to learn that within a short time there will be on the market a type of orange juice that will be in a powder form and will require no refrigeration whatsoever. This type of orange juice will keep for an indefinite period in either extremely hot or extremely cold climates, and its quality is equal to that of fresh orange juice. Believe it or not, these Department of Agriculture scientists are also using chicken feathers to make fibers that can and will have many uses. They have developed means of making blood plasma, serums, bandages, and medications which equal the real thing in quality from different agricultural products. It would seem that this is one of the most important fields connected with agriculture and that these scientists in their laboratories are the ones that really may solve the problems of developing new markets for agriculture and disposing of some of our surpluses.

Many people from all over the United States are in Washington this week to see the Cherry Blossom Festival which is held each year when the famous Japanese Cherry Trees bloom. The cherry blossoms provide a spectacular sight for the tourists and each year attract literally hundreds of thousands of people.

Visitors from home this week were Mrs. A. L. McAllister and children, Karen, Sally, and Hardy, of Wichita Falls.

## Texas Dean Named The Veterinarian Of Year

Dr. W. W. Armistead, dean of the School of Veterinary Medicine, A. and M. College of Texas, who has been voted the nation's "Veterinarian of the Year" for 1955, in a poll of the profession carried on by the Guinness Dog Research Center, New York. The honor was voted Dr. Armistead "for his administrative and profound surgical contributions to veterinary medicine and his great services to the profession as a teacher, writer and speaker before veterinary groups in various areas of the country," and carries with it the award of a "Fido," which in the dog world compares to Hollywood's "Oscar." Dr. Armistead was unable to be present at the presentation breakfast held in New York, and his "Fido" was accepted on his behalf by Harry Miller, director of the Gaines Dog Research Center, by Dr. C. E. DeCamp, a member of the public relations committee of the American Veterinary Medical Association and secretary of the New York City Veterinary Medical Association.

"Veterinarian of the Year" is one of a number of classifications in the dog world for which each year the Gaines Dog Research Center awards "Fidos" on the basis of a system of balloting. The other classifications include: Dogdom's Man of the Year; Dogdom's Woman of the Year; Dog Breeder of the Year; and Dog Trainer of the Year.

Because of the statewide interest in the cage system of handling laying flocks, the Poultry Department of the Texas A. & M. College System is holding a cage clinic on March 28. The clinic is scheduled for the Memorial Student Center on the A. & M. College campus. Those interested in the subject are invited.

## Baby Chicks

Hatches Each Monday

Also one-week-old and two-week-old chicks.

## Happy Ending With A "Familiar Ring"

Buck Howell says he and his Missus had quite a time at the Stockman's Convention in Chicago. But for a while they had a "breakdown in communications."

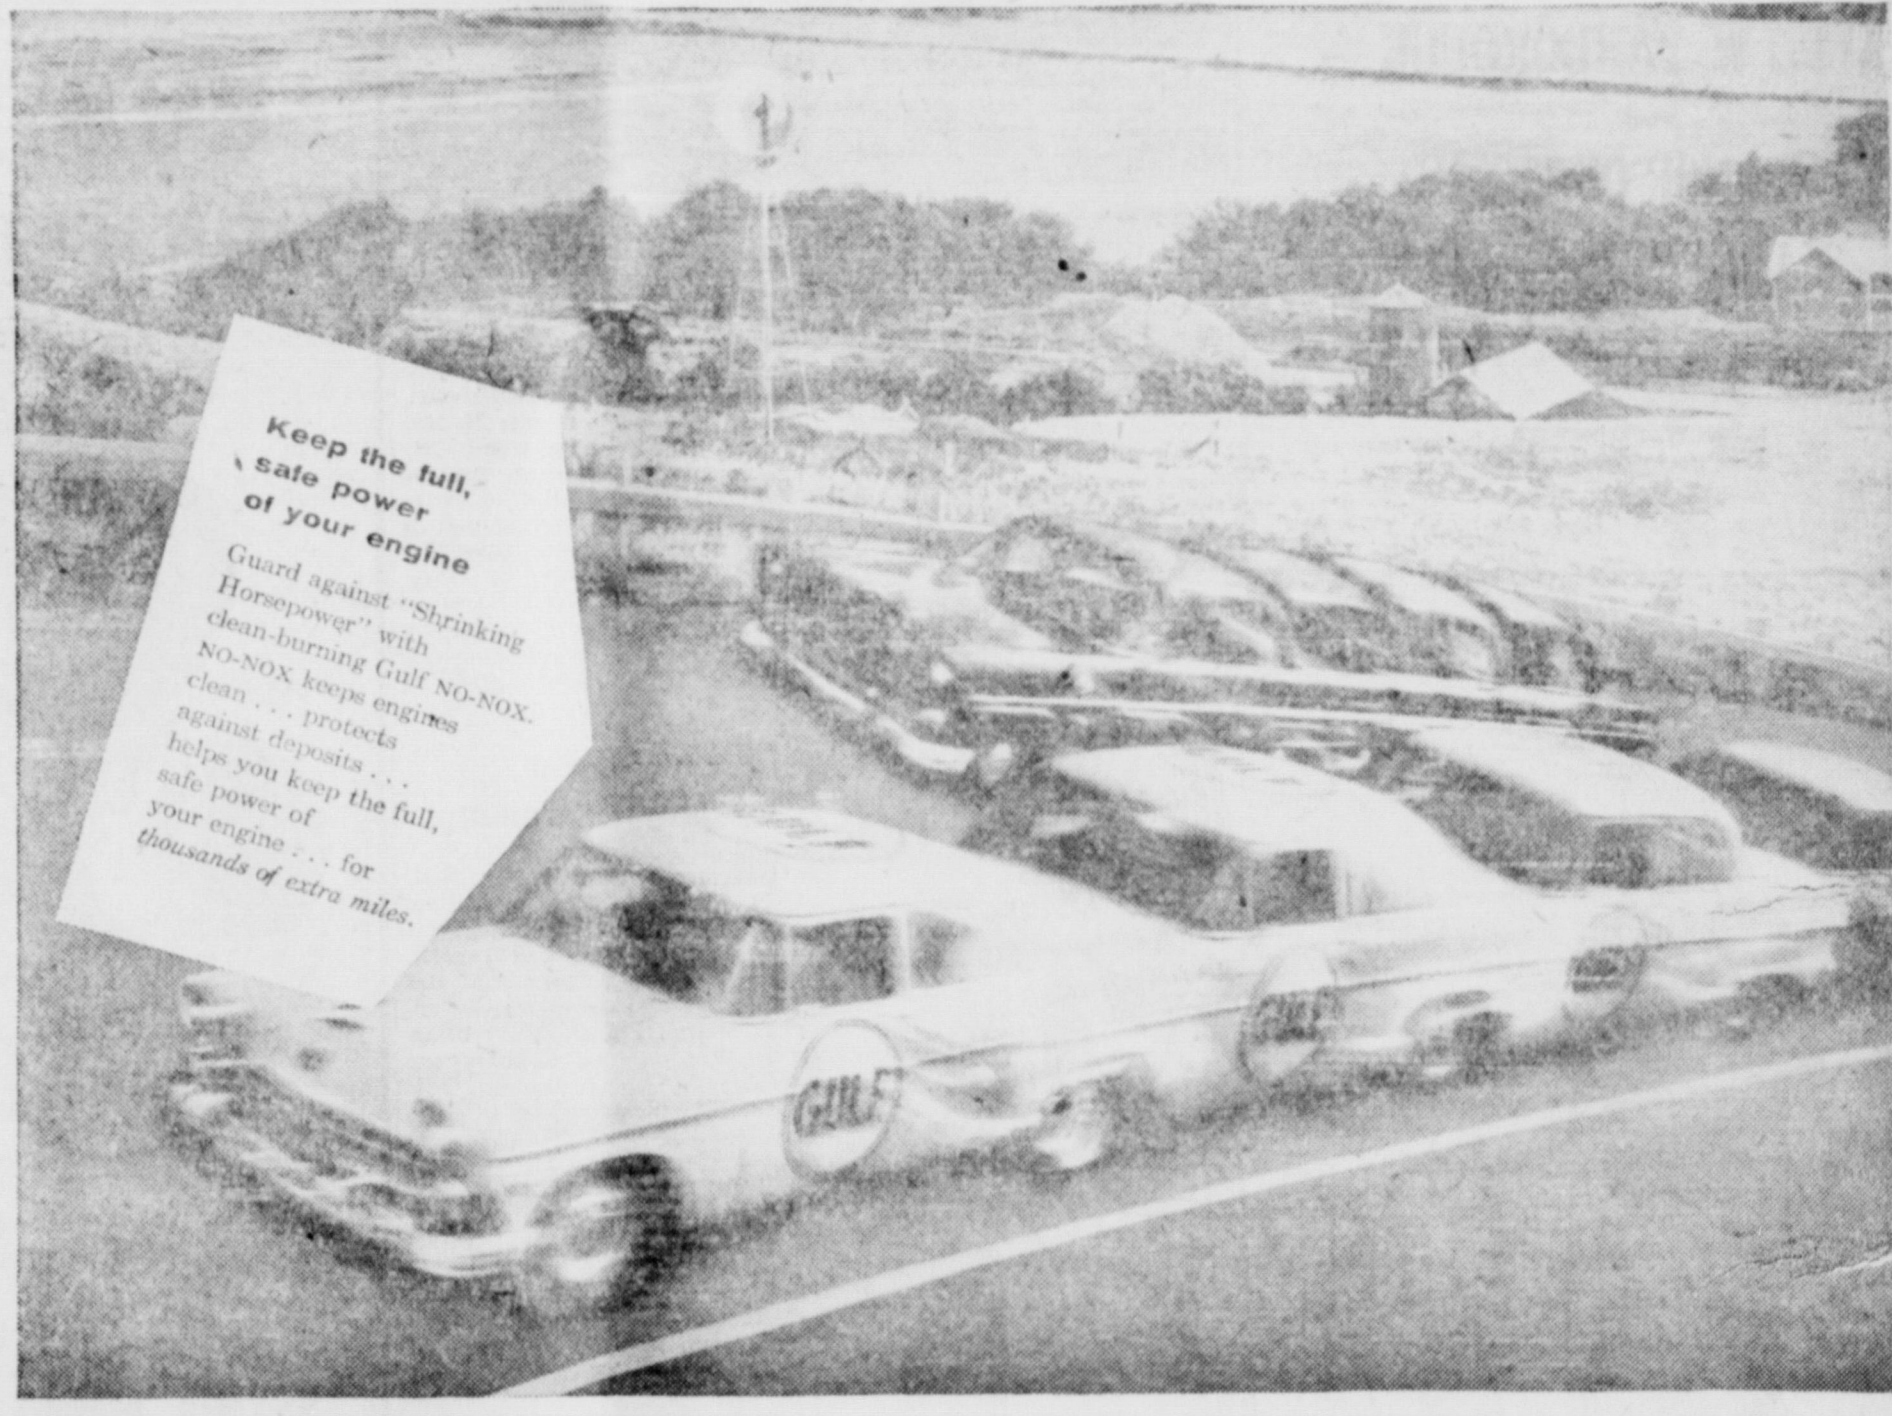

The phone bell in their hotel room was pitched so low they often didn't answer their calls. "Never knew if it was for us or not," Buck said, "always sounded far off—like it was ringing in someone else's room."

Finally, Buck hit on the obvious solution. He just made a deal with the hotel switchboard operator that whenever she called them she'd use two long rings and a short—their party-line signal back home.

From where I sit, our own familiar routines tend to make other ways of doing things seem strange. That's natural. For instance, if you've always had ice water with your meals, you might think it's odd that lots of us prefer a bottle of beer at dinner-time. I say you've a right to your own customs... but don't call mine wrong.

Joe Marsh

# Don't let "Shrinking Horsepower" make you a sluggish climber

Keep the full, safe power of your engine

Guard against "Shrinking Horsepower" with clean-burning Gulf NO-NOX. NO-NOX keeps engines clean... protects against deposits... helps you keep the full, safe power of your engine... for thousands of extra miles.

## Get the gasoline that burns clean\*

\* PROOF: See how the asbestos glove, on the left in the picture, is smudged by the "dirty-burning tail-end" of gasoline... while NO-NOX leaves the glove on the right clean. That's because Gulf refines out the "cupful of trouble"—the "dirty-burning tail-end" of gasoline—from every gallon, in making NO-NOX. You get a full measure of clean-burning power when you fill up with Gulf NO-NOX.

## Gulf No-Nox

Clean-burning... plus: Highest Octane you can buy

P. V. WILLIAMS Distributor—Gulf Oil Products

Munday, Texas

## Wanda Christine Lindsey Marries B. R. Durham In Knox City Home Ceremony

Wanda Christine Lindsey, daughter of the late John Lindsey of Knox City, and B. R. Durham, son of Mrs. Oscar Hutchins of Goree, were married in the home of Mr. and Mrs. Bill Anderson of Knox City, last Thursday.

The double ring ceremony was performed before an arrangement of white flowers and greenery on the mantel. On either side were floor baskets holding white stock and fern. Wrought iron candleabra held white tapers, lighted by Mr. and Mrs. Anderson.

Preceding the ceremony, Mrs. Kenneth Myers played traditional wedding music and accompanied Mrs. Roger Butler who sang "I Love You Truly" and "The Lord Bless and Keep You".

The Rev. Roger Butler of Carbon performed the ceremony. The bride, given in marriage by her cousin, Troy Lindsey of Munday, was attired in a gown of white lace and tulle over taffeta. It was fashioned with a lace bodice and a deep peplum of lace edged in tulle over a full skirt of tulle. She wore a short bolero of lace and her fingertip veil of illusion was attached to a lace crown outlined with pearls and sequins. Her bouquet was white carnations and gardenias with white satin streamers atop a white Bible. For "something old" she wore her mother's dinner ring.

Matron of honor was Mrs. Howard Myers of Munday. Her dress was blue and was fashioned similar to that of the bride's.

Flower girls were Mary Beth Anderson and Darlene Abbott. They wore blue and yellow organza dresses and carried white baskets of flowers.

Best man was Jack Land. Reception was held in the home. The table was covered with a white lace cloth over orchid satin.

The three tiered cake was decorated in orchid and was served by Mrs. Chester Abbott and Mrs. Clifford Cluck. The punch was served by Mrs. Troy Lindsey. Table appointments were crystal and silver with a centerpiece of white flowers in a crystal bowl.

For a wedding trip to Austin and San Antonio, the bride wore a navy suit with black accessories.

They will make their home in Knox City for the present. The bride is a graduate of the Sunset School and attended Texas Technological College. She has been employed as receptionist at the Knox City Clinic.

The bridegroom is on medical leave from the Navy. Mrs. Durham was honored with a bridal gift party in the Fellowship Hall of the Gillispie Baptist Church of which she is a member.

**TO RELATIVE'S FUNERAL**  
Mrs. T. G. Bengtson left Tuesday afternoon for Wolf City, where she attended the funeral of Mrs. George Dashner, sister of the late T. G. Bengtson, who passed away in the Ardmore, Okla., hospital. Funeral services were held at Wolf City on Wednesday afternoon. Mrs. Bengtson visited with relatives there a few days.

F. E. Jetton of Goree had all his children and some of his grandchildren in his home during the Easter week end. Present were Mr. and Mrs. Floyd Jetton and son, Roddy, of Azle, Mr. and Mrs. S. B. Jetton and Lynelle, Mr. and Mrs. V. G. Lambeth, Douglas, Linda Joyce and Rhonda Kay; Mr. and Mrs. Dave Jetton, Donna Sue, Belva Ann, Jimmie, Joey and Garson and Myrtle Jetton all of Goree.

## The Easter Message Portrayed

**BLACK SATURDAY**—This is the scene erected at the First Methodist Church for Easter. This photo shows Roman soldiers guarding the tomb of Christ. At the doorway at the church, at far left, was covered to represent the tomb.

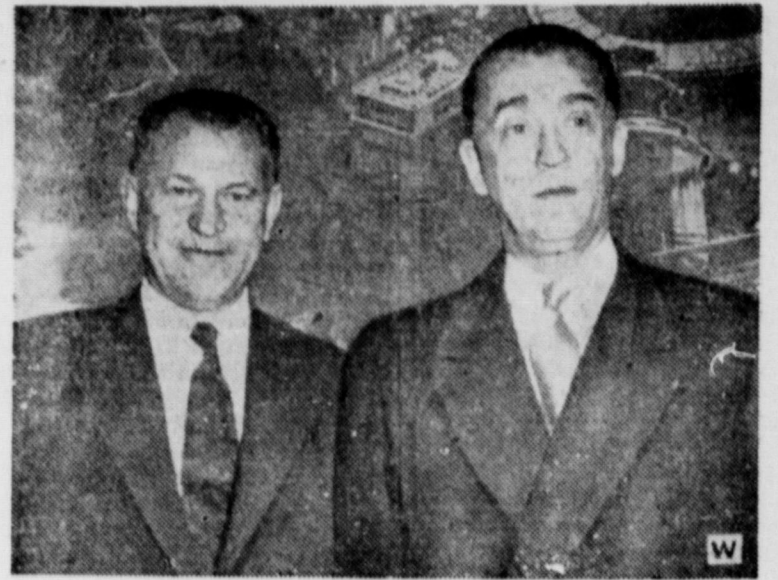

## Easter Story Is Portrayed At Study Club Meet

The Easter Story was portrayed in picture and song when the Munday Study Club met Wednesday afternoon at the First Methodist Church. Rev. Doyle Ragle narrated a film, "The Last Seven Days of Christ". The Junior High School Chorus, directed by Mrs. J. H. Bardwell, gave musical selections emphasizing the high points of the story.

Songs given by the chorus were "The Palms", "Into The Woods My Master Went", a musical reading by Sandra Harper, "Alone", "Were You There When They Crucified My Lord", "Christ The Lord In Risen Today", "Come In To My Heart Lord Jesus".

Mrs. J. C. Borden was director and hostess for the afternoon. Special guests were children of the club members.

## BRAZILIAN LEADERS IN U.S.

Ruben M. Berta, president of VARIG Airlines of Brazil, and Juscelino Kubitschek, Brazilian president-elect, meet in New York City during the latter's pre-inauguration air visit to the U.S. and capitals of Western Europe. Dr. Kubitschek during his speeches in Washington and New York stressed his desire for improved relations between his country and the U.S. Mr. Berta, one of Brazil's outstanding business leaders, who made the aerial trip with the incoming-president aboard a VARIG airliner, believes one of his country's greatest assets for improving international friendship are the many attractions for travelers from north of the Equator.

## LOCALS

Terry Don Harrison of ACC in Abilene spent the Easter holidays with his parents, Mr. and Mrs. Terry Harrison.

Mrs. Lloyd Luck and daughters of Midland and Mr. and Mrs. Roy Darnell of Abilene visited their mother, Mrs. Dela Parnell, and relatives over the holidays.

Mrs. Freddie Morrow visited her daughter and husband, Mr. Mrs. Deon Martin, in Abilene over the week end.

Dr. and Mrs. Delmon E. Alexander and children spent the Easter holidays with relatives in Waco.

Mr. and Mrs. Billy J. Lain and children of Midland visited their parents, Mr. and Mrs. Fred Lain and Mrs. T. H. Armstrong, over the week end.

Mr. and Mrs. Dorris Tuggle and sons of Brownfield were guests of their parents, Mr. and Mrs. Ben Tuggle and Mrs. T. H. Armstrong, over the Easter holidays.

Mrs. Dough Moore of Stanton spent the Easter holidays with her mother, Mrs. Maurysse Blacklock, and other relatives.

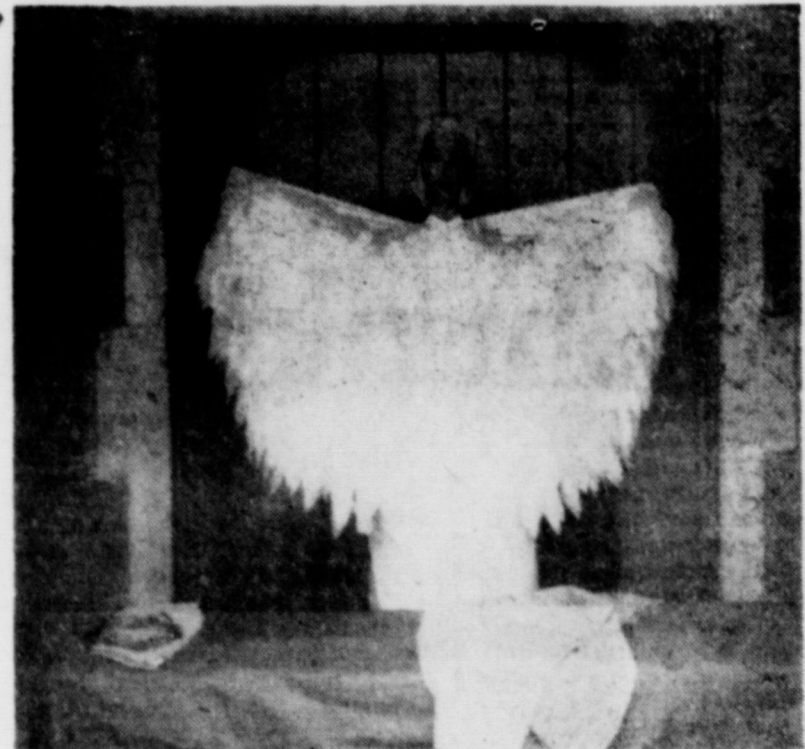

Mr. and Mrs. Ralph Weeks and Delmar Hill were in Abilene last Thursday to see another brother, Mr. and Mrs. Paul Hill and James Lee Hill.

Mr. and Mrs. W. F. Henderson of May, Mrs. M. L. Joyce of Albany and Henry W. Morgan of Abilene were guests of Mrs. J. B. Bowden and attended the funeral of Mrs. Carrie Morgan last Tuesday afternoon.

Guests of Mr. and Mrs. J. E. Cure on Easter Sunday were Mr. and Mrs. L. E. Burgess of Mangum, Okla., Mr. and Mrs. Dave Browning and daughter, Miss Fern Browning of Jay, Mr. and Mrs. E. A. Burgess of Gilliland, Mr. and Mrs. C. B. Warren of Seymour, Mr. F. E. Jetton and Miss Myrtle Jetton of Goree.

Mrs. Cecil Honeycutt and John Cure on Easter Sunday were Mr. and Mrs. Annie Kegley and Mr. and Mrs. Lawrence Kegley visited Mrs. Martha Harris in Grassland last Monday.

Mr. and Mrs. L. B. Patterson visited relatives in San Antonio from Monday until Thursday of last week and attended the funeral of Mrs. Patterson's sister-in-law, Mrs. A. H. Hediger, on Wednesday afternoon.

**HE IS RISEN**—Sunday morning the stone had been rolled away, and an angel stood inside the tomb to proclaim the glad Easter tidings. The scene was prepared by the pastor, H. Doyle Ragle, and a group of volunteers from the church.

Mr. and Mrs. H. F. Jungman were visitors in Dallas over the week end.

Miss Julie Massey of McMurry College in Abilene was a guest of her parents, Mr. and Mrs. Joe Massey, over the Easter holidays.

Mr. and Mrs. S. G. Smith left last Tuesday for Ancon, Ky. for a few weeks visit with their daughter and family, Rev. and Mrs. Wilard Reeves.

## Former Resident Dies In Amarillo

Mrs. Orb Coffman of Goree was called to Amarillo last week on account of the death of an uncle, Roland Rouse, who died of a heart attack on Sunday, March 25. Mr. Rouse had lived in Knox City until about 12 years ago. Besides his wife he is survived by a daughter, Mrs. Bob Freehling, of New Orleans, La., and a son, George, who lives in London, England.

Mrs. Coffman and another niece, Mrs. Lucille Marlow, of Haskell attended the services on Friday.

## Navy To Enlist Company Of Texans

Quartermaster H. H. Deal, USN, Munday's Navy Recruiter, announced today that a special company of red-blooded Texans, sailing under the banner of the "TEXAN" Company, will be enlisted in April by the Navy in an intensified program to obtain the best quality man for service with the Fleet. This company will be enlisted on April 24, 1956, and leave immediately for recruit training at San Diego, California.

Young men who enlist in the "Texan" Company will travel with their buddies and close friends, do recruit training with them, and return home on leave with them in early July. "Boot" training will last about nine weeks.

High school graduates are especially desired for the "Texan" Company. Most of these men will be sent to Navy school where they will learn to operate and maintain highly complicated machinery and weapons. This training is necessary in order to meet the forthcoming needs of the nuclear-powered ships and supersonic jet aircraft of our new Navy. Upon graduation from Navy schools, these men will be assigned to important jobs on ships that will take them to many of the most interesting and adventurous places of the world.

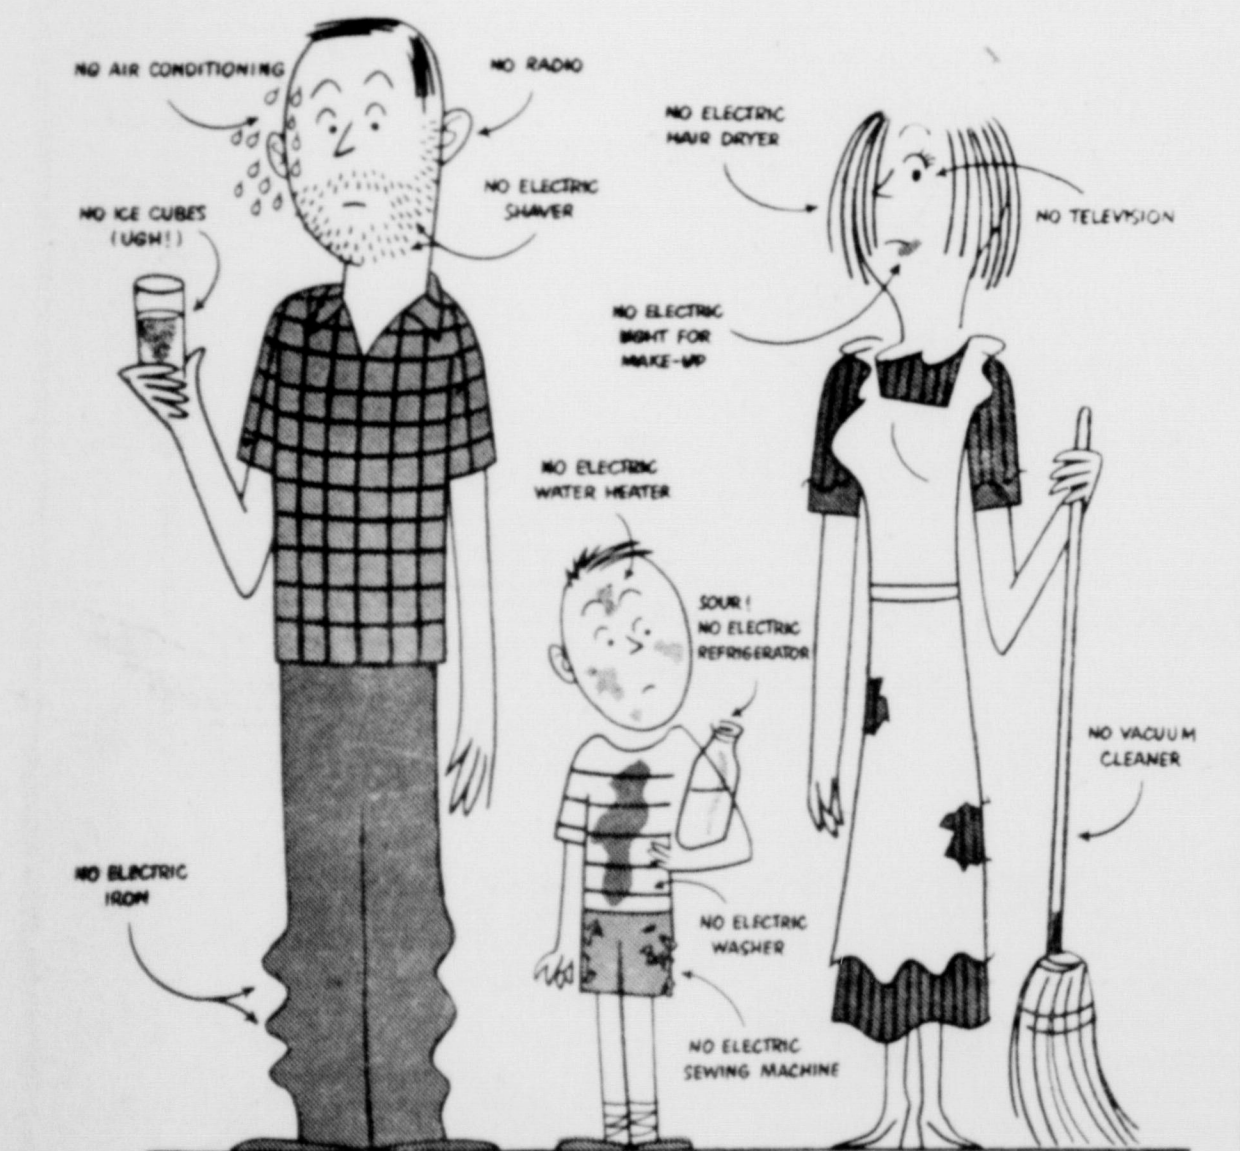

"It isn't necessary to be a high school graduate to qualify for the "Texan" Company," Deal stated, "but the Navy believes that a man who has what it takes to graduate from high school, is a better bet for further extensive training in the Navy. Any man with a good record who wants to travel, work, learn a trade—and can pass the Armed Forces Qualification Test—we'll take him."

Men desiring to become a member of the "Texan" Company may apply for enlistment at the nearest Navy Recruiting Station. Here in Munday the local Navy Recruiter is located at the U. S. Post Office building, each Wednesday from 12:00 Noon to 2:00 p.m.

## Modern family minus electricity

What would you do without low-cost electric service in your home? Well—you could use candles. And build fires. And use elbow grease for all the jobs Reddy Kilowatt does automatically. If you did, you would be reminded quickly—and forcefully—how much your electric service does

at such low costs for each of the many jobs. Your electric service is the biggest bargain in your family budget. What else gives you so much value in comfort, health, ease and fun? Keeping your electric service high in usefulness, low in cost is the main job of your electric service company.

### BENJAMIN NEWS

(Mrs. H. C. Stone, Cor.)

Sunday guests of Mr. and Mrs. Lovell Brown were Miss Shirley Trammell of Wichita Falls, Stanton Brown of College Station and Mr. and Mrs. Calvin Brown of Sweetwater.

Holiday guests in the Lee Snailum home included Mrs. Floyd Nunley and family of Midland, Mr. and Mrs. Darr Snailum and family of Robert Lee and Mr. and Mrs. Bob Pyatt and family of Austin.

Mr. and Mrs. W. T. Ward and Tim of Colorado visited Mrs. J. W. Melton and other relatives last week.

Sunday guests of Mr. and Mrs. Tom West were Mr. and Mrs. Wayne West and family of Seymour.

Mr. and Mrs. Oral Patterson visited their son, Lamion Patterson, and family in Johnson City over the week end.

Mr. and Mrs. Jim Melton, Jr. and son of Falls visited relatives here over the week end.

Mr. and Mrs. Dave Crenshaw and Billy were Sunday guests of Mr. and Mrs. Snow Crenshaw and family in Matador.

Mr. and Mrs. Ray D. Burnett and family of Plainview visited in the home of Mr. and Mrs. Orville Russell Monday of last week.

Easter holiday guests of Mr. and Mrs. Earnest Allen were Miss Audra Matherson and Mr. and Mrs. Lorene Reynolds all of San Angelo.

Mr. and Mrs. Lee Snailum and Jerry visited Mr. and Mrs. Darr Snailum and family in Robert Lee Wednesday of last week.

Mr. and Mrs. Don Hall of Lubbock were week end guests of her parents, Mr. and Mrs. Hester Hall.

Mrs. Kittle Beshier, Mrs. Effie Jackson and Bobby of Lubbock visited relatives and friends here Friday of last week.

Easter holidays guests in the W. A. Barnett home were Mr. and Mrs. Willie Holloway and family of Baytown. Sunday guests were Mr. and Mrs. Tom Porter of Seymour.

Mrs. W. H. Littlepage of Knox City was a week end guest of her daughter-in-law, Mrs. Bertie Littlepage.

Holiday guests of Mrs. R. J. Kilcrease and Mr. and Mrs. J. D. Brown included Mr. and Mrs. John Walford of Hurst, Mr. and Mrs. C. H. Williams of Oklahoma City and Mr. and Mrs. Curtis Brown and daughter of Lubbock.

Mrs. Willard Kilgore and Gerald were shoppers in Haskell Friday of last week.

Holiday guests of Mr. and Mrs. J. L. Galloway were Mr. and Mrs. Dan Thompson of Pampa.

Mr. and Mrs. Bill Dodd and family were in Crowell Sunday afternoon visiting her parents,

**GOVERNOR SETS TEXAS CANCER CONTROL MONTH**—Governor Allan Shivers is shown above as he signed a strongly worded proclamation this week declaring April as Cancer Control Month in Texas, urging all citizens to support the educational fundraising crusade of the American Cancer Society. With the Governor are Joe Polichino (center) of Rosenberg, 1955 ACS crusade chairman for Texas, and Maxwell T. Dalby (right), crusade director for the Society's Texas Division. Governor Shivers designated April 17 as Texas Cancer Control Day—a day on which thousands of ACS volunteers will make a concerted statewide effort to tell all Texas citizens lifesaving facts about cancer.

### Annual Roundup At Haskell Set For May 17 to 19

HASKELL—Grounds are being placed in readiness and improvements are being made to the rodeo plant in preparation for the third annual Rice Springs Roundup, to be presented here May 17-19 under sponsorship of the Haskell Saddle Tramps. Jetty V. Clare, Haskell newspaperman, is president of the riding club.

The three-day show here is one of the first major rodeos of the season in this section, and each year since its beginning has attracted some of the top ropers and riders of the Southwest.

The 1956 rodeo will be produced by Morris Stephens of Silverton,

with seven major events being staged nightly in Saddle Tramp Arena. Included will be both bareback and saddle bronc riding, calf roping, sponsors barrel race, Brahma bull riding, double mugging, and cutting horse contest. More than \$2,000 in cash awards will be paid winners.

Colorful event on opening day will be a parade at 4 p. m. Thursday, May 17. Twenty riding clubs and a number of high school bands from neighboring towns and cities have been invited to participate in this event. Attractive trophies will be presented the three top riding clubs, with appropriate recognition also being given winning high school bands.

The Santa Rosa Riding Club of Vernon has been invited to lead the grand entry opening the first night performance.

Mr. and Mrs. Charlie Hall. Mrs. Zena Waldron and family spent the Easter holidays with her son, Jackie Waldron, and family in Fort Stockton.

Week end guest of Mrs. Leola Isbell was her son, Kenneth Isbell, of Pawhuska, Okla.

Sunday afternoon guests of Mr. and Mrs. Joel Morrow and Frank were Mr. and Mrs. Fay Killian of Munday.

Easter holiday guests of Mr. and Mrs. L. A. Parker were Mr. and Mrs. Wilbern West and family of Lamesa.

by Morris Stephens of Silverton, with seven major events being staged nightly in Saddle Tramp Arena. Included will be both bareback and saddle bronc riding, calf roping, sponsors barrel race, Brahma bull riding, double mugging, and cutting horse contest. More than \$2,000 in cash awards will be paid winners.

Colorful event on opening day will be a parade at 4 p. m. Thursday, May 17. Twenty riding clubs and a number of high school bands from neighboring towns and cities have been invited to participate in this event. Attractive trophies will be presented the three top riding clubs, with appropriate recognition also being given winning high school bands.

The Santa Rosa Riding Club of Vernon has been invited to lead the grand entry opening the first night performance.

Mr. and Mrs. W. J. Simpkin and Iva of Plainview visited her brother and wife, Mr. and Mrs. Dee Allred, over the week end.

Miss Jo Ann Duke of Wichita Falls spent the Easter holidays with Mr. and Mrs. A. B. Warren and other relatives.

Mrs. Mary Poore and son visited Mr. and Mrs. Judge Stevens and family in Abilene over the week end.

### LOCALS

Mrs. Cal Stevens left last Friday for a few days visit with her daughter and husband, Mr. and Mrs. Joe McGraw, in Seminole, Okla.

Easter holiday guests of Mr. and Mrs. Ed Thompson were Mr. and Mrs. Ivy Thompson of Olton, Mr. and Mrs. Lester English and son, Paul, or Hereford and Mr. and Mrs. Stromer Marcum and children of Borger.

Mrs. L. A. Allison and sons of Houston spent the Easter holidays here with her father, E. H. Nelson.

Mr. and Mrs. Joe Spann and Carla Jo visited relatives and friends in Clarendon over the week end.

Mr. and Mrs. Warren Rister and children, Mr. and Mrs. M. W. Parks and Mr. and Mrs. Lee A. Parks and daughters visited relatives in Breckenridge on Easter Sunday.

Sunday guests in the home of Mr. and Mrs. Floyd Searcey were Mr. and Mrs. M. H. Barnes and Sue and Mrs. Ella Clowdis of Abilene and Miss Debbie Clowdis of Munday.

Mr. and Mrs. Ed Broach and children of Dallas visited his mother, Mrs. Nora Broach, during the Easter holidays.

Mr. and Mrs. Cecil Suggs and children of Arlington and Mr. and Mrs. J. C. Reagan and children of Dickens visited their mother, Mrs. R. F. Suggs, over the Easter holidays.

Variety of Gable Ends

PANELS, rather than lumber, make the most satisfactory gable ends in residences, builders have found. Favorites nowadays are plain, factory-primed and patterned panels of Masonite hardboard.

A variety of styles, pictured here, are possible with the use of these materials. All have the characteristics of the hardboard

themselves, they are quickly installed, easy to paint, rigid and strong.

Meeting any taste are the styles shown. Panelgroove has clean-cut vertical grooves at intervals of four inches. An appealing design is panel and batten, with wood strips punctuating the wide expanse of Tempered Presdwood. Ridgepole has a combed texture appearance that harmonizes with any style of siding. It comes in strips for lap siding, in large panels or in shingle sizes.

Plain panels, lower right illustration, take paint easily and hold it long. Factory-primed panels, of course, require only one or two coats, saving in labor cost. All the products for gable ends may be used also for exterior siding or interior wall treatments.

Mr. and Mrs. Port Suggs were holiday guests of Mr. and Mrs. David Clark and son in Wichita Falls.

Mrs. Clarence Wade and little granddaughter, Jenny Lee Putman left Tuesday night for a week's visit with relatives in Uvalde.

Mrs. Roger Williams of Weatherford was a business visitor here last Tuesday.

Holiday guests of Mr. and Mrs. John Spann were Mr. and Mrs. Chester Sarsfield of Irving and Mr. Johnny Spann and Becky of Abilene. Sunday guests in the Spann home were Mr. and Mrs. Wallace Boone and family of Weinert.

Mr. and Mrs. Randall Walling and children of Odessa were holiday guests of her parents, Mr. and Mrs. Mahlon Boggs.

Bobby Fay Killian of Texas Tech in Lubbock spent the Easter holidays with his parents, Mr. and Mrs. Fay Killian.

## TURN KEY JOB

ON YOUR IRRIGATION WELL?

Top-Flight Performance has made Peerless the World's Largest Producer of Deep Well Turbine Pumps. In design, engineering and manufacture Peerless Pumps have established an unbroken record of accomplishments in pumping water with low power costs, maintaining operation for years with no repair or replacement.

Shur-Rane Sprinkler Systems  
**30% DOWN PAYMENT**  
3 YEARS TO PAY THE BALANCE!

We are now in a position to arrange a turn key job on your new irrigation well. We can arrange for the digging of the hole, installation of the casing, putting in the pump and installing the motor. All of this can be financed, and we would be happy to discuss your well with you. Won't you come in today and let us talk about your irrigation problems?

We realize that many farmers of this area have not put down a well because they have not been able to pay cash for it. For this reason we have been working for several months to secure a satisfactory finance plan. We believe we have the best plan that can be secured along with the best equipment.

Don't go another year without a good crop. Here in West Texas rainfall is usually not enough. Insure your crop in 1956 by putting down an irrigation well in time for Spring watering.

**A BACKWARD GLANCE AT FARM INCOME**

Texas and U. S. farmers are just like business men—everyone is interested in making a return on invested capital. How did the farmer come out in 1955?

Agriculture demands a big investment in land, improvement, tools and machinery. Last year, the nation's farmers had an equity in farms of about 95 billion dollars. In addition, farm operators and their families did 11 billion hours of unpaid work on their land.

For this capital investment, and for all this labor, the farmers collected a total of 11 billion dollars in 1955.

This means that if we allow farmers and their families a return of \$1 per hour for their labor, then they had nothing left at all for a return on their invested capital last year.

However, let's say we allow farmers a 3 percent return on their \$95 billion investment. This would be giving them 2.85 billion dollars on their capital.

In such a case, subtracting the capital gain from total income, the farmer would have earned only 74 cents an hour for 11 billion hours of labor.

All this points out a curious situation. It appears that the best thing for farmers to do is to sell out and invest all their money in a good safe company that would give them a 3 percent return. Then, any side job, including ditch-digging, would at least pay them the minimum wage of 90 cents or more an hour.

These figures are, of course, national totals. It is true that

many of our farmers get returns to capital and labor that are higher than average. But also, many farmers obviously get returns that are far below the national average.

Unless some immediate relief is found in the form of a new national farm program, the forward look for American farmers is not much improved over the dim picture immediately past.

I remember when I was a boy in Memphis, Tenn., a revival conducted by the Rev. Burke Culpepper in a tent in a residential section. He was a heavy-set man with a shock of iron-gray hair, an energetic style of speaking and a voice of power. (This was of course years before public address systems came into use.) I can see him now in the middle of a hot summer, a handkerchief clutched in his hand, alternately using the handkerchief to gesticulate and to mop his brow.

He attacked law enforcement, or rather, lack of enforcement of certain laws. He had a sense of humor. On one occasion, he was describing vice conditions. He said, "You go down to one of these places and buy a bottle of beer." (Memphis was supposed to have prohibition.) "You pay 25 cents for a bottle of beer," he continued. (A quarter was a right sizeable amount in those days when a laborer might get only \$2 for 10 hours' work.) "A quarter—that's the price, isn't it?" the preacher went on. A man seated on the platform nodded his head and said, "That's right." The evangelist replied, "Thank you" and the man who had answered turned red while the congregation roared.

Brother Culpepper stirred up so much interest that he set in motion a chain of events which resulted in the removal of several men from public office and the tightening up of law enforcement.

The power of one man, armed with eloquence, zeal, courage and the Gospel, is tremendous.

Despite the findings of a group of doctors who studied thousands of smokers and non-smokers of cigarettes as to lung cancer, a doctor has challenged the findings on the ground of insufficient study. A long time ago, Henry George, the great economist, said that an "expert" could be found to dispute the correctness of the multiplication table if it

**IT'S THE LAW in Texas**  
A public service feature of the State Bar of Texas

**PROPERTY RENDERING DEADLINES NEAR**

April 1 will be the deadline for most Texans to render their property to certain taxing agencies. State laws require all real and personal property to be rendered for taxes on or before prescribed dates. Those who fail to comply can blame only themselves for the money loss they may consequently suffer.

Some Texas cities set their own tax deadlines. These are the cities of more than 5,000 population which have incorporated under the "Home Rule" provisions of our statutes. All other cities are governed by the general laws of Texas.

In towns operating under the general laws property must be rendered for taxes between January 1 and April 1 each year. A number of home rule cities set up the same requirements in their ordinances, while others prescribe different periods.

For state and county tax purposes, property must be rendered

was to the financial advantage of some group to disprove the multiplication table.

A member of the press gallery, after hearing the first speech of a new member of the British Parliament, advised him that speaking was not in his line. But Richard Brinsley Sheridan was not dissuaded and became perhaps the greatest speaker that Parliament has ever known.

to the County Tax Assessor by April 30, and homestead exemptions must be claimed by the same time.

In some localities a third taxing unit is involved—the independent school district. In other places school taxes are collected by the city or county. In addition, some localities have water, irrigation, or levee districts which assess and collect taxes. Make inquiry as to where these various taxes are assessed, and as to applicable deadlines for rendition.

What property must be rendered for taxes? If Texas laws were strictly enforced, we would be required to render to all taxing units nearly every piece of real and personal property which we own, down to the very clothing on our backs. An exception is the constitutional exemption of \$250 worth of household furniture. However, no taxing unit carries their requirements this far, and it will be necessary to inquire of each tax assessor when rendering your property whether specific types of property are ordinarily rendered in that locality. Some cities and counties collect ad valorem taxes on automobiles, television sets and other personal items, while others ignore practically all personal property. Business and professional men are generally required to render all merchandise, furnishings, fixtures, business automobiles and equipment.

If property is not rendered by the tax payer, it may then be

placed upon the unrendered tax roll, and the taxing agency places such valuation thereon as it considers fair. One advantage of rendering your property is that you can set your own valuation. Then, if the county or city decides a higher valuation is in order, you will be given an opportunity to appear before a board to explain why the higher figure should not be used in computing your taxes.

Thereafter, an appeal to the courts is possible in some instances. Generally speaking, however, the courts are unable to strike out a valuation unless the agency or board has acted arbitrarily and placed on the property a valuation higher than that placed on comparable property owned by others. If you do not render, the valuation set by the taxing agency is final.

Remember these facts: You may need to render your property at three or more different tax offices. Ask each assessor if in

**Are All Cold Remedies Alike?**

Not for example, 666 is the wide-activity medicine, which combines 4 of the most effective, widely-prescribed drugs known, to relieve all cold ailments sooner. 666 is more potent and gives positive, dramatic, rapid relief from symptoms of all kinds of colds. That's why 666 is unsurpassed in effectiveness. Try it.

No other cold remedy can match 666 liquid or 666 Cold Tablets. **666**

**Accent Wall**

TO GIVE a look of distinction to a living room, try decorating an end wall with a design that's different from the rest of the room, as well as in a color that offers variation.

In this interior, for example, an end wall has been paneled with Marlite blocks, all of one color. A grid-like pattern, formed by the lines of tongue-and-groove

joints, gives a visual change of pace in a room where the other walls are covered with planks.

The planks in this instance also are of Marlite, a decorated Masonite hardboard with a baked plastic finish to protect its beauty.

To provide a further accent for the plank-paneled walls with their light-hued wood grain reproduction, the blocks are of a lighter shade. Many other interesting combinations of planks and blocks are possible, for both are available in a wide range of wood grain patterns and plain colors, including pastels.

While the smooth, hard plastic surface of the hardboard panels is highly resistant to wear and soil, it has a soft luster for an appearance that is as suitable for the living room as the kitchen.

The 16" x 8" planks and 16" x 16" blocks are of sizes easy for the amateur craftsman to handle.

**LET'S TALK LIVESTOCK**  
BY TED GOULDY

**Choice meat Type Hogs Scarce, price steady.**

**FORT WORTH**—Very few of the top meat hogs were included in Monday's offering at Fort Worth, making it difficult for salesmen to press for a higher market despite the smaller runs around the market circle.

Prices were fully steady to strong and top meat type butchers scored \$15.00-15.25; with less desirable weights and grades \$12.00-14.50; and butcher pigs \$10.00-11.50. Sows drew \$9.00-12.00. Stags sold at \$5.00-6.00.

**Current Report Indicate Corn Belt Pigs More Scarce.**

Farmers in Corn Belt states are reported cutting back pig production more than earlier intentions. This helps the price outlook for the year ahead. A special USDA March 1 survey indicates a spring pig crop seven percent under a

year ago. This compares with the December estimate of a drop of 4% in spring pigs.

**Slaughter Cattle, Calves Firm; Stockers Uneasy.**

Fat steers and yearlings were steady to strong at Fort Worth, some yearlings and heifers selling better again. Seasonal improvement in fat cattle is being helped by continuance of tapering off of supplies in the North. Cows ruled steady. Fat calves were steady to stronger.

Stockers are feeling the pinch of the dry weather, thin kinds with quality are steady. Others are tending lower. Corn Belt outlets are still bearish in view of the losses during the past feeding season.

Comparative prices included: Fed steers and yearlings, good to choice, \$16.00-19.00; heifers \$17.50 down. Plain to medium yearlings \$12.00-15.50. Fat cows \$11.50-13.00, some heiferish kinds higher. Canners and cutters \$7.50-11.50. Bulls \$10.00-14.50, few higher. Good and choice slaughter calves \$16.00-20.50; cull to medium sorts \$11.00-15.50. Stocker steers calves \$20.00 down; light yearlings \$18.50 down; heavier yearlings \$17.00 down; stocker cows 9.00-13.00.

**Stocker Cow Event Sales By Dollars, Or By The Pounds.**

Glen Tole, secretary of the Texas Aberdeen-Angus Association and Henry Elder, secretary of the Texas Hereford Association, report considerable interest in the April 13 stocker cows and pairs distribution sale slated for the Fort Worth Stockyards. They say buying and selling interest are about equally divided.

Salesmen at the market will price or sell the animals either by the dollars per head, or sell them by the pound. Whichever way the seller or the buyer wants it done. In the event they are sold by the head or by the dollars, the cattle will cross the sales for purposes of making a verified count and no weight will be stamped on the scale ticket.

**Stockyards Man Heads Market Institute.**

W. L. (Bill) Joyce, assistant manager of Fort Worth Stockyards, was elected president of the Fort Worth Livestock Market Institute at the annual meeting March 29 in Fort Worth. New directors chosen were W. L. Pier; R. M. Noble; M. Z. Thompson; Carl Engelman; Homer Andrew and Roy Boswell.

The new special stocker and feeder sale committee of the Texas Hereford Association attended the meeting. This group includes Ferd Sloum, Cresson; D. G. Talbot, Fort Worth; Herman Carr, Weatherford; Charles Scaling, Fort Worth and Clay County; Jack Idol, Benjamin, and Henry Elder.

Scaling reported the buyer of the pen of 20 steers his son, George Scaling, had as champions in on of the shows held at the Stockyards last year had written him is coming back to Texas for more good ones and bringing some friends. This buyer was Sam Tupper, of Mississippi, and he paid \$24 of the load. He swept all classes at the Hinds County Stock Show in Mississippi and some of the group were one-two in the various classes. He likes

# Knox Prairie Philosopher Advises Congress To Just Not Worry Because The Farm Bill Might Be Unworkable

Editor's notes: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek is still concerned with the farm problem, his letter this week reveals. Dear editor:

I was sitting around out here on my farm the other day still waiting for Congress to solve the farm problem and getting a little mad because some expert said on the radio that nothing much in the way of a good farm bill can be expected because the farm problem is now involved in politics, which is ridiculous. The only reason any problem ever gets involved in politics is because it's a problem. When something is going smoothly, to suit everybody, naturally you don't call in Washington, but when a kink develops, whether it's in the farming business or the oil business or the flood control business or the housing business, then's when a cry goes up for help, and anybody who thinks he can take a problem to Washington without getting it involved in politics comes pretty close to being born yesterday.

But what I started out to say was some expert in Washington has been lambasting the proposed farm bill on the grounds it's unworkable. This is the flimsiest excuse for attacking a farm bill I ever

heard of. Of course it's not workable, from a theoretical standpoint, and never will be. But that doesn't have any bearing on it. When you analyze it closely and long enough, you'll find the monetary system isn't workable; at the start of any given marriage, you can find plenty of people who'll say it won't work; traffic plans aren't workable, etc., but people still like to handle money, keep on getting married and even staying married, and the worst traffic snarl finally works itself out. You take the average farmer. Any thinking man would know that anybody who sat down at the first of the year and took into consideration all the hazards ahead in making a single crop, from insects to weather to busted machinery to uncertain prices, would see immediately any plan to make a crop is unworkable.

## REPLACEMENT

The red octagon is rapidly replacing the yellow stop sign. There is nothing wrong with a change for the better. Jesus Christ is the best change.

"... choose you this day whom ye will serve..." Joshua 24:15.

C. R. Mathis, Pastor

Or look in on Congress itself. Anybody watching law-makers in session will come away convinced the whole thing is unworkable, but Congress keeps on meeting and the government keeps on functioning and I for one would not be interested in swapping it for any other kind.

If Washington is holding up passing a farm bill just because it's unworkable, I say go ahead and pass it and stop straining at a gnat.

Yours faithfully,  
J. A.

## Last Rites For Mrs. B. F. Walker Held On Monday

Funeral services were held from the Church of Christ in Plainview last Monday afternoon for Mrs. B. F. Walker, former resident of Munday and sister of the late Mrs. Frank Burnison.

Mr. and Mrs. B. F. Walker celebrated their 59th wedding anniversary on March 29. She suffered a heart attack a week ago and was thought to be getting along fine when she passed away suddenly in her home.

Attending the funeral from Munday were Mr. and Mrs. Lee Burnison, Mrs. Lela Burnison, Mr. and Mrs. Ed Whittemore, Mr. and Mrs. Vernal Burnison, Mr. and Mrs. Keith Burnison, Mr. and Mrs. J. R. Burnison and their two daughters, Mrs. H. L. Hippie of Houston and Mrs. O. L. Anderson of Clovis, N. M.

Michael Sloan of Midland was a week end guest in the home of Mr. and Mrs. A. H. Mitchell. His wife and daughters, who spent last week here with her parents, returned home with him.

Mrs. Dale Williams and children of Plainview visited their mother, Mrs. Lucille Stodghill, on Friday night.

Friday guests of Mr. and Mrs. Chas. Moorhouse were Deaton Moorhouse and son, Charles of Amarillo.

## KNOX CITY MAN NOW SERVES IN PUERTO RICO

F. T. BUCHANAN, PUERTO RICO—Sergeant First Class Vonell Reynolds, son of Mr. and Mrs. Louis D. Reynolds, Knox City, is a member of the 20th Ordnance Company at Fort Buchanan, Puerto Rico.

A mess steward in the company, Reynolds entered the Army in 1943 and completed basic training at Fort Riley, Kan.

Reynolds attended Eastland High School. His wife, Juanita is with him in Puerto Rico.

Miss Hettie McClanahan of Graham visited her sister, Mrs. J. E. Tomlinson, and family during the Easter holidays.

Mrs. Jim Cadwell of Modesto, Calif. and Mrs. Ruby Hancock of Los Gator, Calif. are here for a visit with Mr. and Mrs. J. E. Tomlinson and Mr. and Mrs. Carl Green and other relatives.

Delmar Hill of Dallas spent last week with his brother-in-law and sister, Mr. and Mrs. Ralph Weeks.

Mr. and Mrs. Raymond Hargrove and Ginger of Aiken spent the Easter holidays with Mr. and Mrs. Ralph Weeks and Mr. and Mrs. A. H. Hargrove of Goree.

Mr. and Mrs. Joe Bill Pierce, Johnny and Cindy, of Midland were holiday guests of her parents, Mr. and Mrs. P. V. Williams.

Miss Betty Stodghill and Lee Lemaster of Wichita Falls were Sunday guests of Miss Stodghill's mother, Mrs. Lucille Stodghill.

## Safety Stickers Due By April 15

There is no connection between the purchase of automobile license tags and the safety inspection of passenger vehicles, Executive Director G. C. Morris of the Highway Safety Council of Texas reminded motorists today.

"One reported reason for the delay of some motorists in having their automobiles inspected this year seems to be a misunderstanding about new license plates and safety inspection stickers being issued together," Morris said. "There is no connection whatsoever."

Deadline for purchase of 1956 license plates is April 1, Morris pointed out, and the inspection deadline is April 15.

"It is not necessary," he added, "to show any certificate of inspection to secure license plates."

Morris reported that the Highway Safety Council's continuing check of authorized inspection stations had increased rapidly during the first two weeks of March but, he added, "any motorist who waits until April for the safety inspection will face a long waiting line."

Mr. and Mrs. Gene Harrell were business visitors in Wichita Falls last Monday.

H. E. Sharp of Vernon was here Wednesday, visiting with friends and attending to business matters.

Mr. McCaleb of Seymour, new district manager of the Lone Star Gas Co., was a business visitor here last Tuesday.

Guests in the home of Mrs. G. P. Burns for the Easter holidays were Mr. and Mrs. T. A. Walker, Ronnie and Patti and Mrs. Cecil Cheek and Donovan all of Fort Worth.

Drive carefully. The life you save may be your own.

IN CONFERENCE—Chas. R. McCauley, left retiring president of the Munday Chamber of Commerce, and Robert H. Lloyd, master of ceremonies, confer with M. T. Munn of Dallas, speaker, just before activities of the annual Chamber of Commerce banquet got under way last Friday night. (Photo courtesy Abilene Reporter-News).

## AERIAL APPLICATION OF CHEMICAL WILL CONTROL MESQUITE

Research and practical use on the ranch of chemicals for controlling mesquite, post and black-jack oaks have proved the value of this practice. A. H. Walker, extension range specialist, says the job can be done more cheaply because less chemicals are needed for the aerial spraying job. Too, in many counties ASC will share the cost with the producer.

The specialist lists five points which make for a successful control job. Use the proper chemical at the right time and amount. Secure qualified personnel with experience to do the flying job. Use chemicals with caution. They are non-poisonous but drift can cause damage to susceptible crops. Rest the treated area after spraying and do not expect a miracle. This is a control program, points out Walker, and retreatment may be required but it will pay dividends if properly done.

He recommends that mesquite be sprayed 50-80 days after the first leaves appear. By this time they should be a dark green color. Apply a third of a pound of low volatile ester of 2,4,5-T or silvex with a half gallon of diesel oil and enough water to make three gallons of spray solution per acre. This can be applied in 60 foot swaths and should cost about \$2.30 an acre, a fourth less than last year. A root kill of from 25 to 35 percent may be expected, says Walker and retreatment should be done in from five to seven years.

For post and black-jack oaks, he says to spray after the leaves have fully developed, usually from mid-May through June. Use one and a half pounds of 2,4,5-T or one and a quarter pounds of silvex per acre in the 3:1 water oil emulsion given for mesquites. Two sprayings in consecutive years or skipping a year is advisable on oak. Under favorable conditions a single application may be 85 percent effective. The cost

should run about \$11.50 an acre for the two treatments. The second application should be either one pound of 2,4,5-T or three-fourths pound of silvex an acre. Goats can be used profitably in controlling underbrush on the sprayed oak areas. They will lengthen the control period and often make a good return.

## PLENTIFUL FOODS LISTED

Beef and pork top the U. S. Department of Agriculture's plentiful foods list for April.

These two meats got the top rating because supplies are so heavy and prices so favorable to consumers.

Onions made the list for the first time this spring. Potatoes and dry beans are also listed.

Fruits on the April list include canned and frozen cherries, grapefruit, canned kadota figs and dates.

Supplies of milk and other dairy products continue to increase with the advent of the spring season.

Broilers, fryers, rice, lard and peanut butter round out the plentiful foods list for April.

## Too Late to Classify

HAVE SOME—Maize seed, No. 7078, for sale, \$3 per 100. Bring your sack. Levi Bowden. 1tc

FOR RENT—3 bedroom brick home. West of Methodist Church. J. Weldon Smith. 36-1tc

NOTICE—If you need a good gas range for home or lake cabin, we have them. Also have Frigidaire and baby bed, all priced to sell. Paddy Upholstery Shop. 37-2tc

## New Cotton Seed Insecticide

Insect damage is apparent in untreated plant at left; seedlings for plant at right were treated with new Thimet insecticide to assure healthy growth.

A new insecticide, which if applied to cotton seeds produce plants that kill early season insects, has been accepted by the U.S. Department of Agriculture and is now being produced commercially.

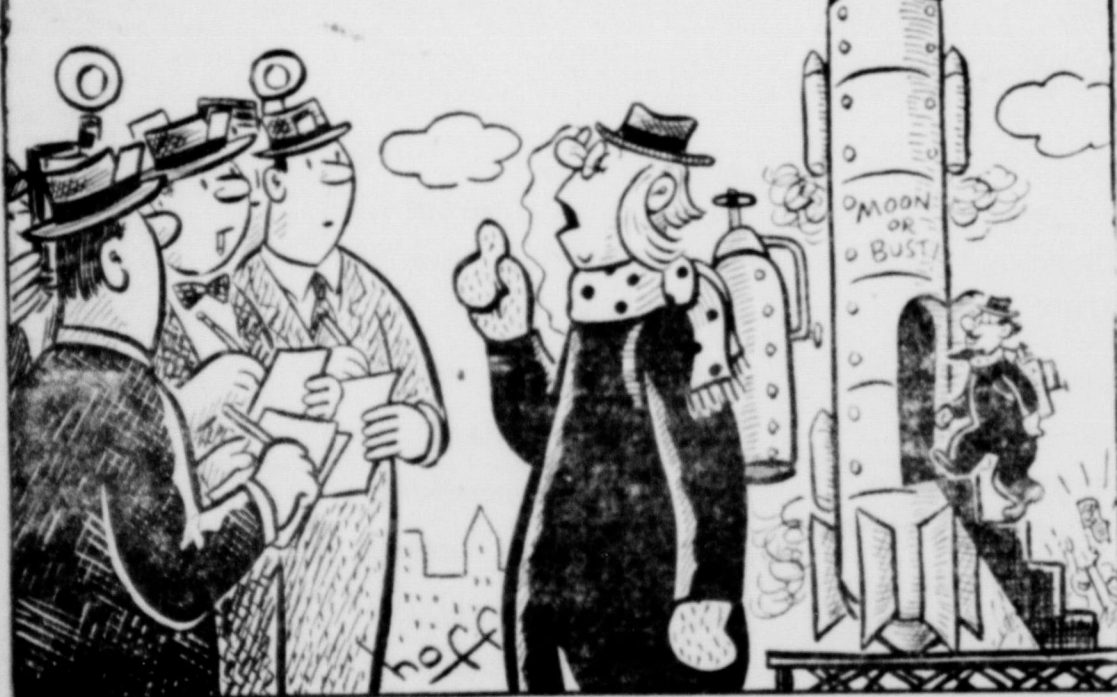

This new insecticide with "built-in" protection—Thimet, developed by American Cyanamid Company—is applied to the seed before planting. It is systemic—a chemical that finds its way into the growing plant and is carried in the sap stream in large enough quantities to kill insects feeding on the plant. This is the first systemic insecticide applied to seeds which has satisfactorily controlled insects on the growing plants.

In addition to replacing early-season spraying or dusting, Thimet eliminates uncertainties about proper timing in applying insecticides. This new "built-in" insecticide can insure cotton seedlings freedom from insect damage for up to 7 weeks without a single spraying or dusting. Cyanamid is now conducting experiments to lengthen protection time and to combat damage of the boll weevil and boll worms.

Commercial distribution to seed treaters is now confined to Texas and Mississippi, but will be extended to other cotton-growing areas in the United States and abroad in time for next year's planting.

Widespread field demonstrations of the new insecticide will be held under the direction of local county agricultural agents in southern cotton areas. Tests will also be continued on Thimet treatment using both seed and direct spray methods. Promising results have been achieved with corn, peas, beans, lettuce, peanuts, potatoes, tree fruits and tobacco seedlings.

"We shall attempt to prove that OK Used Cars are not only out of this world, but the next one as well."

USED OK CARS

We won't promise you a trip to the moon, but you can look forward to thousands of miles of carefree motoring in your OK Used Car. It's inspected and reconditioned to rate the famous Chevrolet dealer warranty in writing. Values are sky-high, too, because volume trading and selling keeps Chevrolet dealer used car prices low.
