

THE MUNDAY TIMES

Volume XXVII.

Munday, Texas, Thursday, September 3, 1931.

Number 182

County-Wide Mass Meeting Farmers Tonight

Munday Schools Will Open Term Monday Morning

The 1931-32 term of the Munday Public Schools will open on Monday morning, as was announced in last week's issue of The Times, and while the teaching force has been cut down to some extent Superintendent Riley hopes to handle the situation without working hardship on the student body, but in this he will necessarily need the fullest cooperation of the students and parents.

It is too early to predict the length of the school term at this time, as that will depend largely on the manner in which the citizens respond to the matter of paying school taxes. The board has eliminated every expense possible in the interest of economy, and have previously agreed to a substantial reduction in valuations in the district, which will necessitate that taxes be collected very close if sufficient funds are available to operate the school for the full nine months term.

Citizens Paying School Taxes In Advance Usual Date

Realizing the pressing need for money to keep our schools going until the regular tax-paying period, several citizens of Munday have already paid their school taxes, and several other individuals and concerns have signified their intention of doing so within a few days. The first to pay their school tax were H. F. Barnes, J. B. Reneau, Perry Bros., Roberts Joe Co., West Texas Utilities Co. Others, among which are some of the market tax-payers, have agreed to pay their taxes at a later date, and it is believed that our school will not be materially hampered or lack of funds to meet current payroll when the term is started next week.

Crowell Man Charged In Default By State and County

CROWELL, Sept. 1.—Que R. Miller, Ford county sheriff and tax collector telephoned Constable Red Easley from Dallas that he would appear in justice court tomorrow morning to answer a charge of misappropriating \$25,008.84 in public funds.

The charges were filed yesterday after the filing of two civil suits by the state and county against Miller's bondsmen for collection of a \$25,008.84 alleged shortage in county funds and an alleged shortage of \$16,524.28 in state funds.

The county shortage was revealed in an audit last week and at the same time the comptroller's department at Austin reported the state shortage to County Attorney R. D. Oswalt.

Miller has tendered his resignation from the dual position and the commissioner's court appointed R. J. Thomas city marshal, to fill the unexpired term. Thomas will take office tomorrow.

Miller was understood to be conferring with his bondsmen in Dallas for the past several days. His attorneys here today prepared to perfect his bond in justice court tomorrow morning.

Mrs. Joe Davis was a visitor to Wichita Falls on Friday of last week.

Peter Loran returned the latter part of last week from the plains country, where he has been working in the interest of the Riverside Mills of Augusta, Georgia, manufacturers of a cotton-jute lagging, and he reports that ginners are somewhat slow to buy this lagging due to the fact that it is something new on the market, however, he believes that when the product is introduced it will have a large sale, as the cotton consumed in the manufacture of this lagging will use thousands of bales of surplus cotton, which will meet to the interest of cotton farmers. Pete is strong for the Long plan for relieving the recent situation, but believes that the state should go further than merely passing the bill, and guarantee the farmers a substantial price for this present crop.

Roxy Theatre To Run Each Night Beginning Monday

P. V. Williams, manager of the Roxy Theatre has announced that the theatre will resume its nightly shows, beginning Monday, September 7th, and he hopes that the patronage will justify regular programs thereafter.

Season's Rainfall Lowest on Record of Local Observer

May, June, July and August this year have set up a record for the small amount of rainfall during these months, according to A. E. Whittemore, who maintains an accurate gauge and record at his home. The rainfall for these months aggregate 2.13 inches. The heaviest rainfall recorded for these months was in 1926, then 17.93 inches of rain was had during these months.

Here is the record of rainfall during these months from 1917 to the present time, as prepared by Mr. Whittemore:

| Year | May | June | July | Aug. | Total |
|------|-------|------|------|------|-------|
| 1917 | 3.21 | 0.94 | 2.66 | 0.89 | 6.90 |
| 1918 | 1.29 | 3.68 | 1.45 | 0.62 | 7.04 |
| 1919 | 1.54 | 1.40 | 4.75 | 0.63 | 16.32 |
| 1920 | 1.57 | 2.47 | 0.35 | 6.30 | 16.69 |
| 1921 | 1.07 | 9.49 | 1.30 | 0.68 | 12.54 |
| 1922 | 2.64 | 1.92 | 1.44 | 0.54 | 6.54 |
| 1923 | 1.54 | 5.64 | 2.65 | 9.53 | 19.76 |
| 1924 | 1.71 | 2.94 | 1.72 | 1.51 | 7.68 |
| 1925 | 3.56 | 1.92 | 1.57 | 2.36 | 9.39 |
| 1926 | 1.16 | 6.29 | 5.23 | 5.25 | 17.93 |
| 1927 | 13.90 | 2.82 | 0.69 | 0.91 | 7.33 |
| 1928 | 3.01 | 3.46 | 1.56 | 1.01 | 9.13 |
| 1929 | 4.39 | 1.56 | 2.01 | 0.15 | 8.02 |
| 1930 | 3.02 | 8.30 | 0.28 | 2.05 | 13.65 |

Knox Cinches 1st Place in Second Half of Season

By defeating Rhineland 8-5, Sunday afternoon Knox City cinched the leadership for the second half of the season, and will go into the final series for the championship against Goree, who won the first half of the season after a hectic play-off series against Knox City.

No plans have yet been announced for the series, but they will likely be announced next week. There are still a few games to be played on the schedule, and they will likely be completed during the week.

W. H. Clonts Gets First Bale Knox City

The first bale of cotton for the year was brought to town Friday, August 21, by W. H. Clonts. It was ginned and bought by the Swift Gin Company. The bale weighed 454 pounds and brought six cents.

The premium received by him as offered by the merchants of Knox City totaled approximately \$29.00 in cash and merchandise.

Mr. and Mrs. Barney Arnold of Eastland, moved recently to Knox City. They are living with Mrs. Sam Anderson. Mr. Arnold is now manager of the Cotton Growers Co-operative Gin Co.

Jess Latham and Miss Juanita Waggoner, both of Knox City, were married Sunday in the home of Juanita's parents, at nine o'clock. Reverend Wilhite pronounced the ceremony.

Jess and Juanita will live with his parents who live on a farm east of the city.

This week a petition went out of Knox City to the Governor for a 50 percent cotton reduction next year. The petition was signed by ninety-seven percent of the people to whom it was presented, there being more than 200 signers.

Very Successful Meeting Closed Sunday Night

One of the most successful revival campaigns in the history of this community was brought to a close at the community auditorium Sunday night. While the meeting was conducted under the auspices of the First Baptist church, it was community wide in its scope and all the pastors of the city gave their hearty support and cooperation to the campaign.

The preaching throughout the two weeks was done in a very capable and pleasing manner by the Rev. S. B. Culpepper, pastor of the First Baptist church of Cleburne, Texas, whose earnest messages brought forth increasing audiences to each service and on Sunday night the auditorium was completely filled. The singing was under the direction of Victor Harrison, who proved himself to be a most capable choir director and song leader, and both of these gentlemen have won a warm place in the hearts of the citizenship by their sojourn in this city.

There were more than fifty confessions of faith and additions to the churches of the city as a result of the campaign, and the spiritual life of the citizenship was greatly revived, and much good will result from the campaign in Munday and vicinity.

Three Big Games On Fair Schedule

Three football games of inter-sectional interest are scheduled for the three Saturdays of the State Fair of Texas, Dallas, it has been announced by Phil Prather, director in charge of athletics at the State Fair.

The first big game will be on opening day, when Texas A. & M. College meets Iowa. Iowa is said to have one of the strongest teams in its history this year and their game here with the "Fighting Farmers" is expected to be one of the hardest contested games of the season.

On the second Saturday of the Fair, Texas University will meet the University of Oklahoma. Texas and Oklahoma have been bitter enemies for years and it's a "nip and tuck" proposition with them each year.

On the closing Saturday, two new teams will be seen in action at the huge State Fair stadium, when the S. M. U. Mustangs take on Centenary College of Shreveport, La. This will be Centenary's first appearance at the State Fair of Texas.

In addition to these three "major league" football games, ten other games are scheduled for the 1931 State Fair of Texas.

HEFNER-MILAM

On Sunday morning at 7:30 Miss Bonnie Milam was united in marriage to Mr. Hamilton Hefner, the ceremony being performed at the home of the bride's parents, Mr. and Mrs. Eugene Milam, and was performed by the bride's grandfather, the Rev. A. M. Milam, of Ellenville, Texas.

Shortly after the ceremony the happy young couple left for a brief trip to Carlsbad and Roswell, New Mexico, Lubbock, Texas, and other points, after which they will make their home at Breckenridge, Texas, where the groom holds a responsible position with the Panhandle Oil Co. as operator of one of the company's refineries.

The bride is a daughter of Mr. and Mrs. Eugene Milam, and has resided in Munday since she was a very small girl. She has been a popular student in the Munday High School, and was quite popular among the younger set of the city, and we join her many friends here in wishing for them a long and happy married life.

Chas. Wyatt and daughter of Levelland, Texas, were here during the past week visiting relatives and friends. Chas. states that crops are very fine in his section, however in some parts of the county they had too much rain. Mr. Wyatt states that he has already adopted the fifty-fifty plan of cotton acreage, having planted half of his land to feeds the past year, and certainly has no cause of regret.

Uncle Sam Pays Homage

By Albert T. Reid

Mass Meeting To Be Held By Co-Ops. Here On Wednesday

The Times is in receipt of a telegram from the Texas Cotton Cooperative Association at Dallas advising that a meeting of this association will be held in Munday on next Wednesday afternoon at 2:00 p. m. for the purpose of discussing the cotton situation, and taking what action they deem best.

At this meeting a vote will be taken on calling a special session and on the plan of Gov. Long, as well as a tax plan of regulation and result of the vote will be wired to Gov. Sterling at Austin. The telegram states that at Naogoches 2,390 farmers and business men turned out for the meeting and at other points large attendance are being secured at these meetings.

Dem. Agent Gives Low Cost Adequate Diet

Grace Neften

For many families the problem of providing an adequate diet with limited resources is always present. For some it arises only when for other reasons money incomes are reduced. Thus, the general business depression forces hundreds of families to face the problem of securing adequate food with low incomes.

To provide for good nutrition the diet must furnish in an attractive, palatable and digestible form enough of the carbohydrates, fats, and proteins to yield energy for bodily activity; liberal supply of suitable proteins; enough of all the essential mineral elements; and enough of each of the necessary vitamins.

In planning the low-cost diet, food materials which yield energy cheaply must be used as extensively as possible without displacing unduly the foods necessary for building and maintaining the body. This means that the proportions of grain products in the low-cost diet will be higher than in diets of moderate cost. Although some forms of fat and sugar are cheap sources of energy also, they contribute relatively less to the diet as a whole, than do the grain products, and the effects of increased amounts upon appetite and digestion is probably less favorable.

Milk supplements the nutritive qualities of the grain producing at more points than does any other food, and does this effectively and at relatively small expense. Then when there is little money to spend the diet will be most satisfactory for good nutrition if it is built

Excellent Syrup Is Made of Watermelon Juice By Farmers

E. B. Frasure of the Red Top community brought in a sample of syrup last week made of watermelon juice, and it possesses somewhat the flavor of the old-fashioned sorghum syrup, except to the taste of many, it is better, and Mr. Frasure states that he is putting up a quantity of this syrup for home use.

Another farmer, Mr. H. A. Nicholson, residing north of town, states that he has made a quantity of this syrup and that his family prefer it to that sold under well known brands at the stores.

Folks have long wondered why the sugar content from watermelons could not be used to some useful purpose as each year thousands of pounds of unmarketable melons are allowed to lie in the fields and go to waste. Indeed it seems that if sugar can be extracted commercially from the tasteless sugar beet that it could be extracted from the sweet watermelon.

FIRST METHODIST CHURCH

John H. Crowe, Pastor.

Sunday Services

Sunday School, 9:45 a. m.—G. R. Eiland, Superintendent.

Morning worship, 11 a. m.—Sermon by pastor.

The Sacrament of The Lord's Supper will be observed.

Junior League, 7:15 p. m.—Mrs. E. C. Wyche, Superintendent.

Hi League, 7:30 p. m.—Mrs. J. C. Campbell, Superintendent.

Evening Worship, 8 p. m.—Sermon by Dr. G. S. Slover.

Following the sermon Dr. Slover will preside at the session of the Fourth Quarterly Conference. This is an important meeting and all the officials of the church are urged to be present with their reports.

Monday

The Woman's Missionary Society will meet at 4 p. m. Monday in Mission Study with Mrs. R. D. Atkinson in charge.

Wednesday

The mid-week service will be held Wednesday evening at 8 o'clock with the pastor in charge.

Family Food Guide

Every meal: Milk for children, bread for all.

Every day: Cereal in porridge or pudding. Potatoes. Tomatoes (or oranges) for children. A green or yellow vegetable. Milk for all.

Two to four times a week: Tomatoes for all. Dried beans and peas. Eggs (especially for children). Lean meat, fish, poultry or cheese.

Western Union Has Discontinued City Office in Munday

The Western Union Telegraph Company has discontinued its up-town office here, and hereafter all messages handled by this company will have to go through the local depot of the Wichita Valley Railway, and will be handled by the railroad telegraph operators.

The local chamber of commerce entered a protest against the discontinuation of the office, but it was disregarded, as were the protests of individual patrons.

The receipts of the company have fallen off materially since the depression set in and representatives of the company stated that the patronage would not justify the expense incurred in maintaining the up-town office here.

PRESBYTERIAN CHURCH

Our spirits were greatly revived by the community meeting. May each of us keep ourselves in such close fellowship with the Lord that these joys will be permanent and abiding. There should be a marked improvement in all parts of the church program.

All who are zealous to serve can find a place in the program by being regular in attendance and willing to do what is needed. Everyone can make a contribution of talent or spirit that will enrich all present. Why deny the Lord your service. Let us not delay—begin now.

The morning worship period is expected to be a high hour with us. Several new members will likely be admitted. Just after the reception of new members, all Christians present will be invited to enjoy the fellowship of the Lord's Supper.

The sermon subject for morning worship, "A Mother-Spirited Church." Evening worship, "Labor."

A cordial welcome awaits you at our Sunday School and worship services.

There will be preaching services at Sunset, Sunday afternoon at 2:30. All are extended an invitation to attend.

C. A. TUCKER, Pastor.

Sentiment Wanted Regarding Cotton Acreage Control

A county-wide mass meeting farmers of Knox County has been called for Friday night at 8:30 in the community auditorium in Munday. The meeting has been called to determine what action farmers desire in regard to present cotton crisis and what legislation, if any, they desire enacted.

An invitation has been extended to State Senator Ben G. Oneal and Representative George Moffett attend the meeting, and each signified his intention of being present at the meeting, as they were very anxious to know the sentiment of the people in order that they may be governed according in their official acts.

The presence of every farmer and citizen of Knox county who is interested in any move to solve the present problem is earnestly requested at this meeting. You are invited to attend and express your sentiment.

FIRST BAPTIST CHURCH

We are very grateful for the many blessings that came to us during the recent revival meeting. Thirty were baptized Monday night. At the prayer-meeting Wednesday evening of this week, there were about seventy present and all wanted to talk, they were related over the meeting.

The Haskell Association meet next week with the Smith Chapel Church. The session will last two days.

We are expecting next Sunday to be a good day. Sermon subjects: Morning, "The Christian's Battle;" evening, "Jesus' Mission to the World." There will be special music at both services.

We especially welcome the Baptist teachers to the services Sunday. We extend a cordial welcome to all who will to worship with us.

W. H. ALBERTSON

J. D. Kethley was in Wichita Falls on Friday of last week on business.

THINKING OUT LOUD

BY JAKE N. NEDY

Some county editor with less brains than a hare, said that it was not worth while to worry over life anyway, as we never get out of it alive—Passing Day column in Baylor County Banner.

Perhaps, O. C., there's more truth in the above statement than you have realized before applying the disparaging remark concerning his think-tank.

We are indeed prone to lay up treasures here and lose many good night's sleep as to how we can get more, when as a matter of fact we cannot carry any of it with us when we pass on.

TOL is somewhat sold on the idea that there is more pleasure in pursuit than in possession.

We've never seen many really rich men who seemed to enjoy life. They usually are kept so busy protecting their possessions that they really have very little time to enjoy life.

And the vast majority of our worry is over things that never happen.

Worry never has solved many problems anyway. It merely makes one unfit to do the things of which they are capable of doing.

Since the new state tax cigarettes has gone into effect many smokers have started rolling their own. Smokers as a rule do not object so seriously to the small amount added to the price of the cigarettes as they object to being discriminated against in the matter of their smoking.

Why could not our law makers have also placed a tax on cigars. Certainly cigar smokers as a rule are more able to pay a tax than are cigarette smokers, many of whom are cigarette smokers solely

for the reason that they are financially able to indulge in the more expensive habit of smoking cigars.

The cyclops of this column, together with the entire family, and Dr. and Mrs. Joe Davis, stop away early on Friday morning and spent the week-end fishing on the Llano river south of Mason.

We were on the Fritz Marti ranch of 2,000 acres and while we were out of harmony with Zedie, or somebody concerning fishing, nevertheless killed a number of squirrels, or at least Dr. Davis did, and had a genuine good time in an enjoyable outing.

We enjoyed conversing with Mr. Martin, who has spent the six or eight years of his life right here on the banks of the beautiful Llano. He states that he plants no cotton whatsoever this year, but made excellent corn and maize of the acres that have in former years been planted to cotton.

His big ranch is well stocked with white face Herefords, goat, sheep and hogs, and while we were there he sold his pecan crop of the trees for a consideration that would make the entire proceeds of a liberal sized cotton crop seem like pocket change.

Mr. Martin's ranch is in the deer and wild turkey country and he stated that there were more deer bucks this year than in any recent year, and turkeys are very plentiful, as are squirrels.

Mason is one of the most beautiful little cities in Texas. The large square has in recent years been beautiful by the putting out of native shrubbery and the laying of native rocks of varied hues around the courthouse. The man beautiful homes are characteristic of the staid old German citizenship of that section of Texas.

We can save you money and supply you with money making feeds. Come in and let's talk it over.

FARMERS' ELEVATOR CO.

M. H. REEVES, Mgr. Phone 71

Profitable feeds for livestock and poultry. They lower your cost of production and make you more profits.

Hints for the Household

Kitchen Conveniences
The other day I went through a new house and the very best part of it was the kitchen. It was all white and Oh! so cheerful! This kitchen was very complete and two of the nicest additions were a dish pan closet and a built-in drop leaf table.

A Place for the Dish Pan
Under the sink at one end of the kitchen had been built a small closet with a door. This was just for the dish pan and dish rags. It made it possible to have the dish pan not only put away, but out of sight—handy but not in the way.

The Extra Table
This was a drop leaf table fastened to the wall that could be put up when needed and would help immensely in serving large numbers.

A Pastry Brush
Use a Pastry Brush (or a convenient size paint brush) to— Butter tins, and thus not sell fingers.

Butter pastry—to make it richer and browner.
Dip into melted butter and spread it on sandwiches.

Scissors a Help
I find scissors in the kitchen are a great help. There are many uses for these besides cutting string and thread. Thus, if they are kept clean they will serve for many purposes.
I use scissors to—
Cut rhubarb. (It does not string

this way)
Cut grape fruit sections
Cut lettuce
Cut string around asparagus after I have taken it from the hot water and placed it in desired position—on platter. And last, but not least, I use my scissors to "manicure" my flowers daily.

BAKING HINTS

Tea Cake
Good for breakfasts, luncheons or Sunday night teas—
1 cup of sugar
1 egg
1 cup of milk
1-4 cup of butter
2 cups of flour
2 teaspoons of baking powder
Sprinkle top with sugar and bake 20 to 30 minutes.

Sugar Cookies for Wee Folks
1 cup sugar
1 cup butter (creamed well)
1 egg (well beaten)
2 teaspoons of Baking Powder
3 tablespoons of water
2 cups of flour
1 teaspoon of vanilla
Roll thin—cut in desired shapes—sprinkle with granulated sugar and bake.

Sifted Flour
To save time and to make baking easier it is wise to always have a covered pan of sifted flour handy. This makes less mess and trouble than to sift the flour at the last minute.

COOKING HINTS
Baked Peaches
Baked Peaches are different, easy to fix and delicious. Put peaches in a pan with skins on. Sprinkle sugar on them, (as for baked apples). Cover bottom of pan with water. Bake one hour. Serve with cream.

Peach Butter
This is good for jam short cake or Sundae. Take one-half of a peck or a peck of peaches. Remove skins—stone and mash. Add a little less sugar than peaches. Cook slowly 3 or 4 hours until done. Stir frequently. When done it will be dark and settled looking in pan.

Luncheon Dish
Take a package of elbow macaroni. Put in a baking dish, alternating with cut up pimento and grated cheese. Bake a short while.

in one place them on exhibit at any time following the opening of the exposition on Oct. 10, Mr. Holland said.

"This will give visitors to the State Fair a complete livestock show at all times," Mr. Holland said. "It will also permit exhibitors who are not going or coming from some other exposition, dates of which conflict with State Fair dates, to remain here throughout the 16-day exposition."

Emmett Partridge is able to be about again after an illness of several days, however, he is still in a weakened condition and will take things easy for several days.

To Hold Complete Livestock Show

In addition to being a dual livestock show, the State Fair this year will have continuous showing of both beef cattle and dairy cattle. It has been announced by Frank P. Holland, Jr., director in charge of the livestock department.

Beef cattle exhibitors, who will show during the first week of the State Fair, will be permitted to leave their animals in their stalls throughout the duration of the exposition. They will be allowed to remove their cattle at the end of Beef Cattle Week if they wish, but can leave them throughout the fair.

Dairy cattle exhibitors, who will show their animals during the second week of the State Fair, will be allowed to bring their animals

WE WILL OPEN A WHOLESALE AND RETAIL BUSINESS IN THE OLD POST OFFICE BUILDING, HANDLING A FULL LINE OF FRESH FRUITS and VEGETABLES AND WILL APPRECIATE YOUR PATRONAGE.

KNOX COUNTY GOES TO SCHOOL

The near approach of the school season offers the young people of Knox County an opportunity to acquire a training that has proved its value by all the experience of the race.

Pupils of schools in this county should not expect "education" to work miracles. It does not. The miracle is the result of the effort of the pupil, who gains in power and efficiency by the process of learning what the schools teach.

Education is a product of intelligence and experience, and pupils have before them the prospect of increasing their intelligence by studies. They should not forget diligent application to their studies. They should not forget that the facts and principles which they master, and make their own, serve the mind as a hammer serves the carpenter.

Intelligence helps mankind to do anything better. It does not make men or women better in the moral sense, necessarily, although it often shows them how foolish some acts are. Behind the intelligence that one acquires there is a guiding spirit within the individual which determines whether the intelligence-tool is wisely used.

The Munday Times urges all pupils in this community to resume their school work with the determination to take advantage of the opportunity that is there. Our public schools are great assets to our democratic people, affording children chances that have not always belonged to all in equal proportion.

THE COTTON PROBLEM

Opposition to legislative regulation of cotton acreage seems to have materially lessened over the state and other cotton states during the past few weeks, and especially since the Government report.

'The Supreme Authority'

WEBSTER'S NEW INTERNATIONAL DICTIONARY

Here's the EVIDENCE

Handful of Supreme Court Justices concur in highest praise of the work of this authority.

The Presidents and Deputies of all leading Universities and Colleges give their endorsement.

The Government Printing Office at Washington uses the New International as the standard authority.

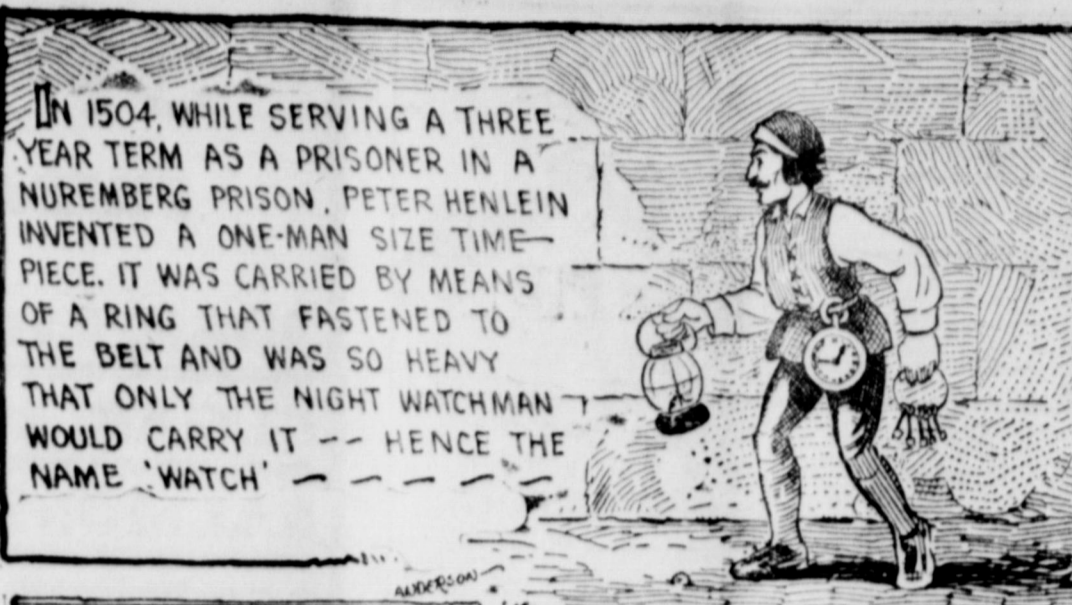

The Chicago Women's Club voted overwhelmingly in favor of Webster's as standard of pronunciation to answer questions submitted by the Chicago Women's Club.

Odd—But True.

IN 1504, WHILE SERVING A THREE YEAR TERM AS A PRISONER IN A NUREMBERG PRISON, PETER HENLEIN INVENTED A ONE-MAN SIZE TIME-PIECE. IT WAS CARRIED BY MEANS OF A RING THAT FASTENED TO THE BELT AND WAS SO HEAVY THAT ONLY THE NIGHT WATCHMAN WOULD CARRY IT -- HENCE THE NAME 'WATCH'

THE STATE OF NEW MEXICO HAS NO STREET CARS IN OPERATION -- THERE WERE TWO LITTLE LINES RUNNING, BUT THEY HAVE PASSED OUT OF EXISTENCE

ON WHAT IS THOUGHT TO BE THE SITE OF THE GARDEN OF EDEN NOW STANDS A LITTLE TOWN CALLED QURNAH, ONE OF THE FILTHIEST SPOTS ON EARTH

the land to cotton after next year, which action would prevent the possibility of a future crisis such as we are now facing.

Then there are numerous other plans for financing and permitting them to hold one-half of the present crop off the market until next fall, most any of which are good if they could be put into action generally over the South in the brief time that is left for action.

There is no likelihood of anyone hitting on a plan that will meet with the approval of everyone. That has been the constant drawback of the farmer in years gone by. They have had no centralized organization to formulate plans by which they would all be governed, as has the labor union and other organizations that have successfully protected their members in the matter of wage scales and labor controversies. This is not altogether a fault of the farmer, for they face varied situations, and no single plan would exactly fit the situation of every farmer, and regardless of what regulation or restrictions are placed on the farmer, they will work a hardship on some individuals.

If the passage of the Long measure would have the effect on the price of the present crop that some contend that it will, it would doubtless prove very beneficial.

AUTO PLATES FOR 1932 WILL BE OF NEW COLOR DESIGN

Automobile number plates for 1932 will have a green body with letters, figures and borders of white, according to the specifications made by the Board of Control in asking for bids that have already been opened.

Commercial plates will be yellow and green; trailer, maroon and white; dealer plates white and maroon; motor bus plates, black and white; exempt plates, gray and green; motorcycle plates, green and white; motorcycle sidecars, white and green.

Bids called for are for 1,450,000 pairs of automobile plates, 250,000 pairs of commercial vehicle plates, 45,000 trailer and tractor plates, 15,000 dealer plates, 6,000 pairs of motor bus plates, 10,000 exempt plates, 3,000 motorcycle sidecar plates and 30,000 chauffeur badges.

All Schools in County To Receive Portrait of George Washington

Announcement was made today by Congressman Marvin Jones that every schoolroom of every school in his district will, within a few weeks after the opening of the new school term, receive a beautiful portrait-poster of George Washington, executed in colors.

The portrait to be used in these posters is a reproduction of the famous Gilbert Stuart painting and will be 22 inches by 28 inches in size. This poster was selected after a good deal of study, and is considered the finest example of poster making available.

The poster-pictures featuring George Washington are being distributed by Congressman Jones in cooperation with the United States George Washington Bicentennial Commission of Washington, D. C., in order to stimulate interest among the thousands of school

children of the district in the coming nine-months celebration of the Two Hundred Anniversary of the Birth of the Father of Our Country.

Mr. Jones is in constant touch with the activities of the United States George Washington Bicentennial Commission which was created by Congress to formulate and execute plans for the great celebration in 1932.

The United States Commission is placing a good deal of emphasis on the cooperation of the school children of America in this historic event. This poster-picture is just one feature of its work.

Congressman Jones announced that he will see to it that the schools, clubs, churches, and fraternal and patriotic organizations in his district will be adequately supplied with literature to be issued by the United States George Washington Bicentennial Commission.

The George Washington Bicentennial Celebration will begin on February 22, 1932, and last until the following Thanksgiving Day.

BRUSHY NEWS

Sunday School and church were well attended Sunday. We were glad to have Rev. Cornelius Williamson and family of Plainview, Texas, to be with us. Rev. Williamson delivered a wonderful message, both Sunday morning and evening.

Tommy Britton returned to Los Angeles, Calif., Tuesday, where he is attending school, after spending a few weeks with his parents of this community.

Several from this community attended the revival which was held at Munday the past two weeks. Miss Geretha Patrick of Munday spent the week-end with Miss Ruby Suggs.

Mrs. Myrtle Henderson of Winslow, Ariz., is visiting her father, Mr. Harry Williamson and relatives of this community.

Mrs. Quicksell had the misfortune of a serious cut on her foot, and is improving slowly.

The Methodist revival started

The Biggest Bargain Sale in Town...
INFREQUENT "One-Cent Sales" cause a temporary furor of excitement, but the biggest bargain-counter in town—a mart where even fractions of pennies buy huge values—is right in your own home!
Modern electric service, operating literally hundreds of time, labor and money-saving appliances, offers you greater bargains than you could find in a life-time of "shopping." And it takes but the flip of an electric switch to bring the profits of this great bargain-counter right into your home!
Under the modern rate structure of the West Texas Utilities Company, the lowly penny will buy two hours' cool and refreshing breeze from an electric fan... two hours' soothing comfort from a heating pad... one hour of splendid entertainment from your radio... three hours' use of the curling iron... one hour's use of a vacuum cleaner or washer! No other penny in the household budget will buy so much as the one spent for electricity.
Your increased use of electric service is billed on a surprisingly low rate schedule... and adds only a small amount to your total bill. This modern servant inexpensively and efficiently will lift many drudgerous tasks from your shoulders. Investigate the countless advantages of modern Electrical Servants... today!

The Policy of this Bank

Is to render a thorough banking service to its patrons.

First, to provide a safe depository for their funds.

Second, to provide the various services necessary for the carrying on of their business.

Third, to make loans to the extent consistent with sound banking and upon conditions that will insure the utmost protection of funds entrusted to our care for safekeeping.

THE FIRST NATIONAL BANK

Munday, Texas

D. B. Weaver, Jr., who is attending Wayland College at Plainview, spent the week-end here visiting in the home of his parents, Mr. and Mrs. D. B. Weaver, D. L. Johnson, and other relatives here.

Mr. and Mrs. J. A. Fenstermaker of Cottonwood, Arizona, are here for a brief visit.

New produce business opening this week in the old post office building, operated by Loggins Brothers from Weatherford, Texas. We understand they will handle all kinds of fruits and vegetables.

Mrs. W. S. Dickerson was carried to the Knox County Hospital at Knox City on Tuesday morning for a major operation, and late reports from there are to the effect that she is getting along nicely.

Mrs. J. E. Murphy has returned from Lamesa, where she spent several weeks visiting in the home of her daughter, Mrs. Jack Ladd.

Miss Tennie Thornton returned Sunday to her home at Govee after a ten day visit in the home of Mr. and Mrs. Grady Thornton.

Mrs. Maud Mann and son, Truman, were here during the past week visiting in the home of Mr. and Mrs. J. B. Reneau. Mrs. Mann has been employed again as a member of the faculty of the public schools at Van, Texas, at a substantial increase in salary over last year, and her many friends here will be pleased to know that she is getting along so nicely. Truman will also teach this year near Van.

Mrs. J. W. Hogan has returned from Sierra Blanca, Texas, where she has been visiting in the home of her daughter, Mrs. Glenn McGlothlin and making the acquaintance of her new grandson.

Miss Ida McMahan is in Govee this week visiting in the home of her brother, H. E. McMahan.

Mrs. Eva Ewing and son, Lattimore, of Denton, Texas, are visiting in the home of her sister, Mrs. W. E. Hammack, and other relatives here.

bles, wholesale and retail. Their will appear later.

Mrs. R. G. Campbell has been quite ill during the past week, but is somewhat improved at this time.

Sheriff and Mrs. C. R. Elliott were over from Benjamin Thursday afternoon.

Miss Thelma Atkinson has gone to Hurley, New Mexico, where she will teach during the coming school year.

THE ROAD TO BETTER HEALTH

Protect Children Against Disease

By Dr. William J. Scholes

A healthy child will usually get plenty of exercise and have a good appetite. It is up to those who are responsible for the child's welfare to see that it gets plenty of rest, has a proper diet, and is suitably clothed according to the season and the weather.

Habits that are likely to result in disease should be corrected. In this respect it is important to remember that much disease gains entrance to the system through the mouth.

The prevention of disease as far as possible, and the detection and removal of all such defects as may handicap the child in its ability to learn, and later to work, are very important matters deserving serious consideration at the school age. Those are amongst the many problems that come with September and the opening of the schools.

Vary in Precaution

Different communities vary considerably in the amount of precaution that is taken to prevent the occurrence and spread of disease among the school children. The result is that the amount of preventable disease occurring among the pupils of different schools shows considerable variation.

Aside from the ordinary measures of hygiene that are practiced more or less widely, certain special

stitutional disturbances are detected and remedied, the better it will be for both the health and the education of the child.

Vaccination against small-pox continues to be strongly advisable even though it may not be compulsory. The number of severe cases and the high death rate among the un-vaccinated in some of the recent epidemics occurring in the western states and in

Windsor, Ontario, leave little doubt as to the value of effective vaccination as a preventive.
