

## Kracker Krumb's

Odd Bits Salvaged  
at Random

"No, sir-ee," our Mom would say when the young people would gather around her at the close of Sunday morning services.

We'd gone to church in the wagon; or, in later years, the old family surrey.

Because of the distance to travel—we went some four or five miles—and the slowness of transportation, no Sunday night services were held.

And the young people wanted some place to go, so they'd approach Mom about the matter of having the Sunday night singing at our house.

They couldn't hold singing at just anybody's house. We were one of the half-dozen families in the community that owned an organ.

Maybe her house wasn't exactly in order for the singing. True, she didn't have carpeted floors or plush upholstered chairs, etc. She didn't mind that, but she did want her house to be clean.

All her objections would finally be overcome, and Mom would smile at the youngsters and say: "All right, come on."

To seat the group, we'd drag in the rawhide bottomed chairs from the dining room, and maybe the long wooden bench we kids would sit on to eat.

When all had gathered and the "howdy do" formalities were over with, we'd form a sort of circle around the family organ and sing our lungs out for right some spell.

Ours was a lucky community. A large family lived in our midst, and there were three girls and a boy who could play the organ. We knew we were well fixed for music if the Black family came to our singings.

As we remember, all of them played by ear. But that's the way all of us sang, so that did not make any difference, either. One of the older boys would lead the singing a while, then would call on another.

We were just a youngster in knee britches. Our voice hadn't changed, so we were too young for a leader. We did carry a pretty mean alto, though. That's the range we sang at the only singing school we ever attended. Consequently, we never did get to be a song leader.

During intermission a lot of visiting would be done, as well as a little courtin' in the darkened corners.

You see, all this singing was done with the visual aid of an old coal oil lamp. That's why the circular formation around the organ.

A few years later, when Pop secured the agency for the Aladdin mantel lamp, things began to brighten up around our house.

At least until an enterprising bug or an ambitious fly would zizz down the chimney and play havoc with the mantel.

Most of the time some older people would come, too. They'd sit in another room and Mom and Pop would have a nice visit with them while the youngsters sang.

When it was over and the group would file by Mom and tell her what a nice time they had, she was right glad she had agreed for them to come to our house.

She knew, too, it would be several weeks before pressure would be put on her again. The youngsters would make the rounds of all organ owners before they'd high-pressure Mom again!

## FUN NIGHT SLATED

The 'teen-agers will hold their 3-F night at the First Baptist Church next Monday night, February 21. This is "Fun Night" for the 'teen-agers, so all are invited to be there to enjoy the event.

## Water Contract Gets Approval At Benjamin

Voters of Benjamin approved a contract between the city and Knox County Water District No. 1 last Saturday by a vote of 82-3, according to Von R. Terry, who held the election.

Under terms of the contract, the water will be sold to the city for 30 cents a thousand gallons.

On March 5, citizens of Benjamin will again go to the polls, that time to vote on a \$130,000 bond issue to finance facilities for getting water to Benjamin.

Wells which will furnish the water will be drilled eight miles southeast of Benjamin, across the Brazos River. A test well there produces about 600 gallons of water per minute.

At the present time, Benjamin's 500 citizens must rely for water on a city lake, which goes dry about every third summer.

Proposed water rates to pay off the bonds will be a \$3 minimum for the first 2,000 gallons, 75 cents a thousand for the next 10 thousand gallons, and 50 cents for the next 20,000 gallons.

However, the Benjamin school will get a special rate of 12 cents a thousand for all over 40,000 gallons.

Water rates were worked out by an engineering firm hired by the city to study the water problem and make recommendations toward a solution.

## Editor Of Honey Grove Paper Dies On February 6th

Death of Gustav K. Fladger, 63, editor and publisher of the Honey Grove Signal-Citizen, occurred at 7:15 o'clock on Sunday, February 6, at a Paris hospital. He had been in ill health for several months. He became connected with the Honey Grove paper in 1941.

Mr. Fladger was known to quite a few Munday people, having visited his wife's aunt, Mrs. T. G. Bengel, on a number of occasions. An enthusiastic church and civic worker, he was held in high esteem by all citizens of that area.

He is survived by a wife, a daughter, Mrs. Robert L. Gerhart of Santa Fe, N. M.; a sister and two brothers.

Funeral services were held from the Honey Grove Methodist Church at 2:30 p. m. Tuesday, February 8, at which time all stores of the town closed in his memory.

## Humble Station To Open Saturday

The new and modern Humble Service Station, recently completed on the corner of 6th and G streets, will hold its formal opening next Saturday, according to Bob Brown, operator.

Brown, who recently completed several weeks of schooling in the Humble methods of service, invites people of this area to the opening celebration. He and his helpers want to introduce you to Humble products and 8-step service and ask you to inspect the new station.

Souvenirs will be given all who attend the opening, and a special gift—a beautiful Hawaiian woodrose—will be given to each lady visiting the opening.

## Goree Woman Burned In Explosion, Fire

Mrs. D. R. Donoho of Goree was severely burned early Saturday morning in an explosion and fire which almost destroyed the Donoho home in Goree. She received severe burns over many parts of her body.

She was taken to the Knox County Hospital for treatment, and her condition was considered serious for several days. She was reported slightly improved Thursday morning, but had been transferred to a San Antonio hospital for further treatment.

The Donohos lived in Munday for some time, Mr. Donoho being connected with the local police department.

Mrs. Doug Moore, who is attending Sul Ross College in Alpine, visited her mother, Mrs. Maurysse Blacklock, and other relatives over the week end.

## SMILE OF TRIUMPH

A RADIANT SMILE OF TRIUMPH spreads across the happy face of Manuel Greigo as he tries out his new artificial limbs at the Texas Scottish Rite Hospital for Crippled Children at Dallas. The 13-year-old San Antonio boy lost both legs in a rock quarry accident last year and doctors were dubious whether Manuel could wear artificial limbs, since the amputations were almost at the hip line. Another great triumph was scored last week at the hospital when the homeless boy found he could walk again. At the left, Manuel is shown as he entered the Masonic-sponsored hospital last September and being received by Mrs. Alma Power, superintendent. At the right he wears a proud smile for John McKee, president, and Asher Mintz, secretary of the Scottish Rite Hospital.

## Munday Team Wins Over Roby Tuesday Night

The Munday Moguls nosed out the battling Roby Lions 52 to 48 last Tuesday night in a District 8-A cage game at Roby, giving the Moguls still a chance to capture third place in the district.

Joe Sharp led the boys in scoring when he hit 24 points, while Bob McClure was high for Roby with 24.

Roby's girls won over Munday 40 to 27 to take the district championship. It was Roby's 11th win in 12 games.

Lucille Wilber was high scorer for the winners with 20, while Margaret Yandell looped 18 for Munday.

## CAGE TEAMS TO PLAY FINAL GAMES FRIDAY

The Munday boys and girls basketball teams will meet the Albany teams in their last conference game in the Munday school gym on Friday night at 7 o'clock.

The girls team will be trying to hold second place, while the boys are playing for third place. These promise to be some good games, so be there and back the local teams.

## Interviewers For Farm Placement Needed In Area

G. B. Purcell, Wichita Falls office of the Texas Employment Commission, stated recently that some men are needed for farm placement interviewers to help in placing seasonal farm hands in this area.

A maximum of six months time is involved during the year, he said. Applicants should be high school graduates, or an educational equivalent, and have one year's experience in agricultural work which has provided experience in the employment of workers.

A minimum salary of \$270 per month is provided, plus mileage at seven cents and \$7 per day allowance when away from home.

Additional information and applications may be obtained from the Texas Employment office in either Wichita Falls or Abilene. Examinations are given at both places on the second Saturday of each month until further notice.

Miss Betty Stodghill and Miss Joy Comber of Hooker, who are attending nurse's school in Wichita Falls, were guests of Mrs. Lucille Stodghill's mother, Mrs. Lucille Stodghill, last Friday night and Saturday.

## Boy Scouts Hold Their Annual Blue And Gold Banquet Here Monday Night

### Grand Officer For Eastern Star Meets With Local Chapter

Mrs. Lela Grogan of Anson, district deputy grand matron of the Order of Eastern Star for this district, paid her official visit to the local chapter at its regular meeting last Tuesday night. Mrs. Grogan brought local members instructions from the Grand Chapter of Texas.

Following the regular meeting a social hour was enjoyed. Serving as hostesses were Mrs. E. L. Goolsby, Mrs. James Gaither, Mrs. Buel Claburn and Mrs. J. W. Massey.

Out of town visitors were from Seymour, Knox City, Rule and Anson.

## Postal Workers Meet February 15 In Stamford Office

The Brazos Valley Postal Workers Association met in the Stamford post office on Tuesday night, February 15. Third vice president, Pete Beecher of Goree, presided. The secretary read the minutes and collected dues from the members. Invocation was given by Johnny Brown of Stamford. The program began with Johnny Brown, musician, entertaining the group with several stunts. Jeff Graham, Knox City postmaster, led the discussion on the proposed salary plan of postal employees.

Refreshments were served to approximately 25 persons. Offices represented were Knox City, Rule, Haskell, Stamford, Rochester, Old Glory, Munday, Weinstert, and Goree.

Members and their guest, Jackie Latham, Goree correspondent, enjoyed the Stamford meeting. The March meeting is to be in Sagerton on the second Tuesday night of that month.

During the refreshment hour, it was recalled that four of the members present were also present at the organization of the Brazos Valley Postal Workers Association in 1939. They are: Claude Norman of Rule, Lee Haynes of Munday, M. E. Trice of Rule and Sam Hampton of Goree.

Mr. and Mrs. Ralph Geddie and son, Dennis, of Dallas were guests of her parents, Mr. and Mrs. Stanley Wardlaw, over the week end. Their daughter, Debbie, who spent the past week with her grandparents, returned home with them.

The Blue and Gold Banquet, which is the annual father and son banquet of the Cub Scouts, was held in the Recreation Hall of the First Methodist Church Monday night, February 14th.

The theme, "Freedom," was carried out in the decorations. Each den had its own table which was covered with red, white and blue paper. Symbols of the three freedoms—speech, religion and press, was carried out in one den table with Mrs. Doris Dickerson and Mrs. Chan Hughes as den mothers. Mrs. Wallace Reid, another den mother, and her cub used the White House as their symbol with place cards on the minute table. Mrs. James Carden, also a den mother, had their table symbolized with the Statue of Liberty and place cards of liberty bells. The scout made the place cards and napkins for the occasion.

Jim Johnson, a Scout executive of Wichita Falls, was the guest speaker.

Ham, potato salad, green beans and a relish plate with cake, decorated in the liberty theme, as dessert, was served to approximately 44 fathers and sons, Rev. Doyle Ragle, Rev. Robert H. Lloyd, scoutmasters, Cecil Fitzgerald and Joe Massey. Alan Eiland and Tommy Cunningham took part in the ceremony of receiving the Cubs into Troop 76 of the Boy Scouts. The Cubs who became Scouts were Tommy Dickerson, Hank Haynie, Carl Roddy Griffith, Joe David Gray, Charles Phillips, Ronald Clyde York and James Holcomb.

Mr. and Mrs. J. H. Amerson were Sunday guests in the home of his sister and husband, Mr. and Mrs. A. B. French, in Hamlin.

Mr. and Mrs. F. L. Montandon and family of Lockney were guests of his sister, Miss Tennie Montandon, during the week end.

## Weather Report

For seven days ending 7 P. M. February 16, 1955, as compiled by H. P. Hill, U. S. Weather Observer.

## Project For Promoting Safety Of Local Youth Completed Here Recently

WHEREAS, an appeal is being made for membership as well as funds, and

WHEREAS, membership enables everyone to serve his neighbors in distress or need, and to share in each individual act of mercy that this organization performs anywhere in the world, and

WHEREAS, a continuing need remains to aid the helpless veteran, to help the man in uniform and maintain communication between the serviceman and his family, and

WHEREAS, providing an available supply of blood and blood products for civilian, military and civil defense use, and

WHEREAS, the relentless war of the elements against mankind leaves in its wake destruction and suffering, and

WHEREAS, The American National Red Cross—under its congressional charter—is serving the armed forces; is mobilizing for the protection of the family, the community, and the nation and is aiding the victims of natural disaster; now

THEREFORE, I M. F. BILLINGSLEY, Mayor of the City of Munday, proclaim the month of March, 1955, as Red Cross Month and do here and now urge all citizens of this community to join without reservation in the 1955 Red Cross Campaign through our chapter; and I further urge that all men and women of good will remember that this great humanitarian organization must be maintained at full strength in members and funds; that this symbol of man's humanity remain bright as a guide to those who turn to it in time of need.

M. F. BILLINGSLEY

## Winchester Cattle Win Honors With Others In This Area

Capturing 14 ribbons, show cattle of the Winchester Ranch of Munday held their own with those of long time breeders at the annual Houston Fat Stock Show.

Winning honors were the T-Bone Ranch, Tom Medders and Son of Wichita Falls, the Sidney Winchester.

W. B. Hamilton's T-Bone Ranch won first place in two year old Hereford class, with the Winchester Ranch second. Tom Medders took fifth place in senior yearling bulls, with the Winchester Ranch sixth.

In the junior yearling bull class, T-Bone was first and third with Medders fifth. Winchester was fifth in summer yearling bulls and senior bull calves, with Medders sixth in the latter class. T-Bone placed fourth in junior bulls with Medders sixth. In two bulls, T-Bone was fourth and Winchester fifth. In junior yearling heifers, Medders was fourth, Winchester fifth and T-Bone seventh.

Winchester was sixth in senior heifer calves, with T-Bone seventh and Medders eighth. In get-of-sire, T-Bone placed sixth, Medders eighth and Winchester ninth. T-Bone placed second in pair of yearlings, with Winchester fifth.

Max Carpenter showed the T-Bone cattle; Tom Medders, Jr., the Medders entries, and E. E. Garrett, herdsman, showed the Winchester cattle.

## Band Boosters To Sponsor Box Supper

All the community is invited to a big "whing-ding" a week from this Friday night.

It's going to be a box supper, sponsored by the Band Booster Club on February 25 at 7:30 p. m. in the school auditorium.

All the ladies and girls are to prepare a good fancy box with plenty of real things to eat, suitable for a supper. After voting and finding the winners for the "Beauty and the Beast" contest, the boxes will be sold at auction.

It should be a lot of fun, and all are invited.

Mr. and Mrs. Jiggs Thompson and family of Wichita Falls visited with Mr. and Mrs. Ed Thompson and Mr. and Mrs. Gene Thompson over the week end.

The Health and Safety Committee of the Munday Junior High Citizenship Club have recently completed a project which they believe will be the means of helping to promote the safety of boys and girls who ride bicycles in Munday. They were assisted by the Munday Chamber of Commerce which furnished 50 feet of luminous tape to be placed on bicycle fenders without expense to owners. Mr. Jack McCall, grade school principal, helped the committee to secure the names of all bicycle owners who rode their bicycles on Munday streets. These boys and girls were invited and urged to bring their bicycles to the grade school on a designated day for taping.

Five boys, members of the Health and Safety Committee, were appointed by the Teacher-Sponsors of this committee to do the work. These boys were David Rister, Leroy Gray, Dwayne Booe, Mickey Jackson, and James Holcomb. Where bicycles were equipped with headlights, tape was put on rear fenders only; otherwise, both front and rear fenders were taped. A total of 108 bicycles were serviced, and David Rister reports that he has 8 feet of tape left to be used on any bicycles overlooked.

The Health and Safety Committee appreciate the cooperation of the Munday Chamber of Commerce, Mr. McCall, and all others who made the success of this project possible.

Student members of the Health and Safety Committee are as follows:

- Bunny Norvill, Chairman.
- Grade 8: Phillip McAfee, David Rister, Dwayne Booe, Joe Decker, Leroy Gray, Rebecca Bryan, Maurycie Tidwell, Shirley Yeager, Linda Alexander, Carolyn Hobert, Cecelia Enriquez, Melissa Lee.
- Grade 7: Duane Ford, Joe Mora, Jerry Jetton, Betty Adams, Jerrilyn Kane, Jimmie Del Peysen, Linda Kay Smith, Carolyn Booe, Natalie Harrell, Margaret Clowdis, Alice McNeill, Sandra Stubblefield.
- Grade 5: Charles Harlan, Glenda Ray Howell, Frank Sabaria, James Holcomb, Leon Michaels, Lynda Gayl King, Euwanna Gresham, Carabelle Burkett, Joyce Johnson.
- Teacher-Sponsors: C. C. Brown, O. N. Smith.

## Munday Honor Students Named

The following students of Munday Junior High School have mid-term averages of 90 or above:

Eighth—Melissa Lee, Audrey Trammel, Maurycie Tidwell, Shirley Caramack, Gwin Morris, Mary Lou Bose, Shirley Yeager and Becky Clark.

Seventh—Martha King, Dianna Gaitther, Linda Kay Smith, Penny Parks, Nancy Cowan and Sue Smith.

Sixth—Elton Floys, Linda Gayl King, Glenn Ray Howell, Linda Carol Kuehler, Nancy Stewart, James Holcomb, Carol Floyd, Jean Lain, Sandy Brown, Sara Offutt, Kenna Partridge, Neva Morgan, J. L. Hunter, Sharon Cypert and Peggy Skiles.

The following students of Munday grade school made the honor roll:

Third—Patricia Sharp, Exa Lee Peysen, Patricia Penick, Sandra Morrow, Jerrilyn Duke, Sherry Owens, David Cumba, Kenneth Smith and Ricky Smith.

Fourth—Nancy Penick, Shirley Bose, Karen Johnson, Linda Christian, Jan Pendleton, Phyllis Yost, Sarah Ragle and Chan Hughes.

Fifth—Charles Phillips, Cheryl Matthews, Ann Moorhouse, Bobbie Nelson, Pattie Patterson, Susan Rayburn, Linda Smith and Linda Thompson.

Raymond Carden, plantman for the General Telephone Company in Munday, was in San Angelo last week attending a company school in basic station installation and maintenance. He was presented a certificate of award after completing the 40-hour course.

About 250 plant employees of the company are expected to take the course during the first 25 weeks it is taught in San Angelo.

### "POLITICAL CARE"—NOT MEDICAL CARE

The Dallas Morning News has something worthwhile to say about the medical care problem, under the title "Private Security."

"Ninety-five of every 100 workers are now covered by some kind of private—not government-benefit program," the paper pointed out. "This is not the brag of private business. It is a government figure."

"Nine of ten have life insurance. Eight of ten have hospital insurance, and more than half of those have surgical policies. Six of ten are covered for sickness and accident. Five of ten have medical care. Six of ten have their own company pension coverage."

"Yet, there is growing pressure in Washington for the Federal government to get into the medical business. It makes just as much sense as the government going into the automobile business so that those who don't have a car can have one at taxpayers' expense. That pressure is for political 'care,' not medical care."

It's also significant that the growth of the various voluntary health insurance plans has been phenomenal in a short period of time. And that growth continues—which certainly proves that the majority of us want and can afford the protection.

There is, of course, a small percentage of indigent people who can't afford such insurance. They can be helped, in whatever measure is needed, without subjecting all the rest of us to politically dominated medicine.

### TOO CONVENIENT

Dorothy Thompson recently discussed the closed shop and the union shop. She wrote: "It is extremely convenient for union leaders if every worker is compelled to join a union to get or hold a job . . . It is convenient for many employers to have a 'closed shop,' and bargain collectively without possibility of minority dissent."

"The trouble is that it is convenient. It reduces the workers' status, more than ever, to that of a commodity to be bought and sold en bloc. It reduces the possibility of creating a more genuinely free and democratic industrial system. It freezes and creates a monopoly of the status quo."

Seventeen states have adopted right-to-work laws, under which workers can join or not a labor organization, as they choose, without fear of reprisal by either employers or unions. There is no more fundamental or important right.

### UNJUST TAXES

The National Conference for repeal of Taxes on Transportation has called on Congress to repeal the 10 per cent excise tax on passenger fares which has to be paid by those who use public carrier service, along with the three per cent tax on freight charges levied only on freight moved by public for-hire carriers, and taxes levied on the movement of coal and of products which move by pipeline.

These taxes were originally imposed during World War II as an emergency measure. Their purpose was to discourage unnecessary use of war-burdened transportation agencies, as well as to raise revenue. Now the emergency has passed, and all the carriers have plenty of available space for both passengers and goods. Yet the taxes remain in effect, and still discourage travel at a time when there is no need for that what whatsoever.

The Conference's statement observes that the taxes fall "upon one of life's basic necessities—transportation" and that they "create a great injustice to the traveling and shipping public." There's no question of permitting anyone involved to avoid regular, established taxes. It is simply a matter of getting rid of what amounts to class taxes which unjustly burden certain categories of individuals and enterprises. The Conference is right.

### GRASS ROOTS OPINION

RED BEND, ILL., PILGRIM: "There is a large number of people who by their actions aid the number of people who by their actions aid the cause of socialism, although they are frequently unaware of the direction they are traveling. Most are sincere people. If the choice was direct they would be against state socialism but the things they advocate would, if put together, make it a genuine reality."

SHARP PARK, CALIF. COASTSIDE TRIBUNE: "Nobody (including the local newspaper) thrives . . . in backward communities that are afraid to move forward, and therefore get left behind. Nobody thrives when property values dwindle, when taxes are burdensome."

CHISHOLM, MINN., TRIBUNE-HERALD: "The new French Government's milk campaign is designated to curb alcoholism . . . The government crusade is a noble one, but like all crusades it will not be accepted easily. The French people, like all others in the free world, dislike being told what to drink by the government."

## WHAT DOES THE BIBLE SAY?

### MUST ONE BE MEMBER OF THE "ONE-BODY" CHURCH, TO BE SAVED? SAVIOUR OF THE BODY?

Eph. 5:23: "For the husband is head of the wife, even as Christ is head of the church; and he is the saviour of the body?"

### GAVE HIMSELF FOR CHURCH:

Eph. 5:25: "Husbands, love your wives, even as Christ also loved the church, and gave himself for it."

### PURCHASED THE CHURCH WITH HIS BLOOD:

Acts 20:28: "Feed the church of God, which he purchased with his own blood."

### RECONCILED IN THE ONE BODY:

Eph. 2:16: "For that he might reconcile both unto God in one body."

### ADDED TO CHURCH:

Acts 2:47: "And the Lord added to the church daily such as should be saved."

Since the "church" is the "body" and Christ is the "saviour of the body," how can men be saved and not be members of the church? Again, since he "purchased" the church with his own blood, how can people be saved and not be members of the purchased institution?

The church is spoken of as God's family—God's household. "For this cause I bow my knees unto the Father of our Lord Jesus Christ, of whom the whole family in heaven and

earth is named." (Eph. 3:14-15.)

Again: "But if I tarry long, that thou mayest know how thou oughtest to behave thyself in the house of God, which is the church of the living God." (1 Tim. 3:15.) From these scriptures we learn that the church is God's family—God's household. If people are saved before they are members of the church, then it runs thus: If you are saved, if you are a child of God; but not a member of the church, then you are a child and not in the family. If you are a child, and not in the family (church) you accuse God of being the Father of children that are not in his family! Again: You had to be "born again" to be saved: If you are saved before you become a member of the church, since the church is God's family, it follows that you were born again, and remained out of the family of God. Why? 1st. You had to be born again to be saved. (Jn. 3:5.) 2nd. When saved, you are God's child, or when born again you are God's child. If saved before you became one of God's family—the church, then you claim to be a child and not in the family of God. I would hate to accuse God of having children not in his family. God does not have children that are not in his family, and the family is the church, it follows that all God's children are members of his family—the church.

### MUNDAY CHURCH OF CHRIST

BOX 211 — Phone 6151

PAYNE HATTON, Evangelist

The most interesting person in the world is the average man. The average man is 39 around the chest, 40 around the waist, nine around the golf course and a nuisance around the home.

He gets up first in the morning, is second at the morning newspaper, third at the bathroom and practically misses the bus to town.

He wears a conventional gray or brown suit with a white shirt but always thought he'd be at his best in a checked suit with a dark flannel shirt and a bright red tie.

He passes up the French-fried potatoes and the hot rolls at lunch and then eats mince pie to bridge the gap.

He can hit two quail out of five tries, catches an occasional fish, plays poker once a month, opens with a large pair, bluffs when he is winner and doesn't like conversation when he is loser.

He complains about taxes and politics. He has a favorite football team but will take the other team and 14 points.

He drinks three cups of coffee per day, likes his toast hot, and is always going to clean out the

garage Saturday afternoon.

He has three false teeth, five fillings, a small cavity and needs a hair cut. He shaves once a day, with an extra thrown in on appropriate occasions.

He takes reducing exercises regularly three days in a row some times, and holds his stomach in when people look like they are about to tell him he is fat.

He wears the ties people give him for Christmas and knows some stories about the same color. He can't remember much about the Lady of the Lake or Julius Caesar, but can do a complete rendition of "The Face on the Barroom Floor."

He reads mystery stories and doesn't peek into the back of the book to see how they came out. He likes certain pictures no matter who painted them and could not tell you, for the life of him, what Mrs. So and So wore at the dance.

He needs a new suit of clothes and there is a rip in his hunting coat. He is supposed to live to be 74, had pains at 22, should have been shot at 30 and feels fine at 55. He has sparrows in the attic, termites in the flooring and

### RELIEF AT LAST For Your COUGH

If a common cold left you with a cough that has hung on for days and days act quick. It is dangerous to delay. Chronic bronchitis may develop. Get a large bottle of Creomulsion and take as directed. Creomulsion soothes raw throat and chest membranes, goes into the bronchial system to help loosen and expel germ plegm, mildly relaxes systemic tension and aids nature fight the cause of irritation. Use Creomulsion and get wonderful relief at last. Creomulsion is guaranteed to please you or druggist refunds money.

### YOU AND THE NOISE PROBLEM

Is today's incessant noise getting you down? Is it leaving you limp and exhausted at the end of the day or even during the evening relaxing hours?

It may well be for in many instances in our daily life the incessant clatter of this high speed age adds to our pressure and tensions. Continuous, unnecessary noise can upset and un-nerve you whether at work or at play. It not only can annoy but it can interfere with communication, decrease efficiency, contribute to nervousness, cause accidents and mistakes—to say nothing to the havoc it can do to peace of mind.

There are ways you can rout the needless noise ogre at home, in the office, the store, the factory and where you relax and play. One way is to see to it that by being thoughtful and considerate you don't personally contribute unnecessarily to the rising noise level. The other way is to use the devices and materials that modern science and research have developed to reduce unwanted sound.

One method is by means of acoustical materials, which are composed of fibrous substances, usually prefabricated into perforated or fissured tile. Such tile is now a familiar sight on the ceilings of offices, restaurants, factories, clubs, hotel lobbies, and other places where people congregate and work.

It even plays a large role in the improvement of acoustics in theatres, churches, auditoriums, gymnasiums and other large rooms. These materials do not reduce the original loudness of noise. However, they do absorb much of its energy and prevent it from spreading and bouncing off hard surfaces creating a jumbled sound pattern.

Thus the contributions of science in the field of sound conditioning can help us to avert many of the noises that now annoy.

Jimmy Morgan, student in Midwestern University in Wichita Falls visited his parents, Mr. and Mrs. Carl Morgan, over the week end.

Charles Yost of Midwestern University in Wichita Falls was a week end guest of his parents, Mr. and Mrs. T. V. Yost.

## Weekly Health LETTER

Issued by Henry A. Holle, M. D., State Health Officer of Texas

AUSTIN — Blood pressure—what does it mean?

Nothing more, says State Health Officer Henry A. Holle, during this annual observance of heart disease control, than a measure of pressure against artery walls as blood courses through the body.

Everyone's blood pressure, according to the explanation, is highest when the heart pumps a fresh load of blood into elastic-walled arteries, and lowest when the heart pauses between beats for refilling. The high level is systolic, the lowest is diastolic pressure.

Physicians measure blood pressure by wrapping an inflatable rubber cuff around the patient's arm. When air is pumped into the cuff a column of mercury is forced into a glass tube. The height to which it climbs in-

dicates the pressure inside the cuff and the compression brought against blood vessels in the arm.

Then, using a stethoscope, the physician determines systolic pressure by listening to the sound produced by blood flowing through the artery when the pressure in it is just above the cuff. The characteristic change of sound at the diastolic level is easily recognized by the physician.

No clear-cut line can be drawn between "normal" and "abnormal" blood pressure, the health official emphasizes.

"But it is generally agreed that a systolic pressure exceeding 140 or a diastolic pressure above 90 deserves further checking."

Although age does not bring an automatic increase in blood pressure, high pressure—called hypertension—is most common in middle of advanced years. Like temperature, high blood pressure is only an indication of certain diseases, rather than a disease itself. Only a physician, after careful study, can determine what it means.

Blood pressures vary greatly in the same person—during ill-

## A BASIC BLOUSE Ribbed Acetate

There is nothing so refreshing as a sparkling white blouse, to pick up mid-season wardrobes. This one, styled in rib-tucked Avisco acetate, is a classic. It washes easily and dries quickly. And, it needs only the merest brush with the iron.

nesses, and emotional stress, and with rest and sedative medicines. High blood pressure is often due to hardening of the arteries, kidney infections, brain or gland tumors, or to heart defects.

Symptoms of all types of high blood pressure are similar, although in many cases there are no symptoms. Headache is common, usually a pounding at the back of the head. Other signs include dizziness, fatigue, irritability, loss of memory, or heart pain.

Many of these symptoms may occur in people with normal blood pressure, so they are not automatic indicators of blood pressure irregularity.

Uncomplicated hypertension need not be a serious problem. Patients often live long and useful lives with good medical management of their condition. And the best way to prevent complication is to be completely examined periodically by a physician.

"That's a smart health habit for anyone to acquire," Dr. Holle concluded.

Lee Haymes was a business visitor in Wichita Falls last Saturday.

Mr. and Mrs. Marchel Nauert were visitors in Sagerton last Sunday.

## Your 1954 Income Tax

### No. 5 Reduced Tax Rate for "Head of Household" and Surviving Widow or Widower

The law provides a special tax rate for any individual who qualifies as a "Head of Household." To qualify, you must be unmarried or legally separated at the end of your taxable year. In addition, you must have furnished over half the cost of maintaining as your home a household. The home must have been occupied for the entire year by you and another person for whom you are entitled to a deduction for exemption unless the deduction arises from a multiple support agreement or by your unmarried child, grandchild, or stepchild, even though such child is not a dependent.

You may also qualify as "Head of Household" if you pay more than one-half the cost of maintaining a household (not necessarily your home) which is the home of your father or mother and either qualifies as your dependent.

If you are married to a non-resident alien at any time during your taxable year but otherwise meet the foregoing tests, you are considered a "Head of Household" since you are not permitted to file a joint return.

The cost of maintaining a household includes expenditures for such items as:

1. Maintenance of the dwelling and premises. For example, rent (or if you own your home, real estate taxes and interest on the mortgage), insurance on the dwelling and premises, repairs and upkeep.

2. Utilities such as gas, telephone, electricity and water.

3. Food consumed in the home.

The value of services performed by a member of the household is not considered. It should be noted that these expenditures are to be used only in determining if you are entitled to use of the head of household tax rate. Do not claim them as deductions on your return unless they are otherwise allowable.

If you qualify as a surviving widow or widower as described below, as well as head of household, it will be to your advantage to compute your tax as a surviving widow or widower.

**Surviving Widow or Widower—** Subject to certain conditions, if your husband or wife died during your two preceding taxable years, you may compute your tax using only your income and deductions but otherwise computing the tax as if a joint re-

turn were filed.

The conditions are that (1) you must have remarried and (2) you must maintain as your home a household which is also the home of your child or stepchild for whom you are entitled to file a joint return with your deceased husband or wife in the year of death.

George Spann of Texas Tech in Lubbock was a guest of his parents, Mr. and Mrs. Oscar Spann, over the week end.

Boyd Baker of Wichita Falls spent the week end with his parents, Mr. and Mrs. J. Baker, and other relatives.

Mrs. Freddie Morrow visited her daughter and husband, Mr. and Mrs. Deon Martin, in Abilene over the week end.

IT PAYS TO ADVERTISE

Your lawn represents a big investment in time, labor, and seed. It is worth every bit of its cost for the enjoyment it brings to the whole family and for the real value it adds to your home. Protect your investment by feeding your lawn a square meal this fall. Give it 4 pounds of Vigoro per 100 square feet of area. A well-fed lawn has greater resistance to damage through adverse weather, weeds, or disease.

### News From The U. S. Congress

Congressman Frank Ikard

Recommendations have just been made to the Congress for a three-year Seven Billion Dollar Federal Aid to Education proposal which calls for appropriations exceeding One Billion Dollars. Generally speaking, this program provides for the Federal Government purchasing school bonds and direct Federal aid to state school agencies that would build and rent new buildings to school districts and direct aid by the Federal Government to communities that can neither issue bonds nor pay rent on new schools. It is proposed further that the Federal Government would also pay half of the states' administrative costs in the new building program and authorization of Twenty Million Dollars is asked for this with the first year appropriation of Five Million Dollars. The exact cost of the overall program recommended by the Administration cannot be exactly determined from the recommendations made to the Congress by the President; however, the principal features of the program include a three year authorization of

Seven Hundred and Fifty Million Dollars for the Federal purchase of school bonds.

It is attempted in this proposal to keep the control and administration of the school systems on a State level. There seems to be little question but that certain areas have been adversely affected by the impact of Federal agencies upon their school systems such as a small town school system would be overtaxed if a large military installation were opened in or near it. In this instance, certainly it seems proper if the Federal Government should pay money in lieu of taxes or make some contribution to the school system so that it could expand to take care of the increased population. However, it seems to me to be of great importance that we maintain the responsibility for education and the administration of our educational system at the school district and state level. I would certainly be fearful of what might happen to our schools if they were ever controlled and administered from some department of the Federal Government here in Washington. I am fearful that when the Federal Government starts "footing the bill" for the actual operations of the schools and building the buildings, that it will not be long until some professional planner

from Washington will be moved into the schools and tell the people what courses have to be taught and what books have to be used. This certainly would be contrary to our historic concept of public education. This also seems to be another evidence of the tendency of the Federal Government to absorb more and more of the activities and proper responsibility of the states, county and school districts to which, as a matter of principle, I am opposed.

Visitors from home this week were Mr. Jim McDonald, Mr. and Mrs. C. D. Knight, and Mr. Raymond Taylor and his son, Tom, of Wichita Falls; Mr. George M. Ritchie of Jacksboro; Mr. John E. McKelvey of Electra; Mr. Charles M. Brooks, of Denton and New York City; and Mr. Bill Wright of Vernon.

Mr. and Mrs. Charlie Harpham of Abilene are guests in the home of Mr. and Mrs. J. C. Harpham this week.

Mrs. Warren Rister returned home last Saturday from a week's visit with her parents in Breckenridge.

Don Reynolds, who is attending NTSC in Denton, spent the week end with his parents, Mr. and Mrs. W. E. Reynolds. Fred Norman of Wichita Falls was a Sunday guest in the Reynolds home.

Wayne Smith of McMurry College in Abilene was a week end guest of his parents, Mr. and Mrs. A. L. Smith.

Sied Waheed and Abraham Chouair were Sunday guests in the home of Mr. and Mrs. Kay Waheed in Killeen.

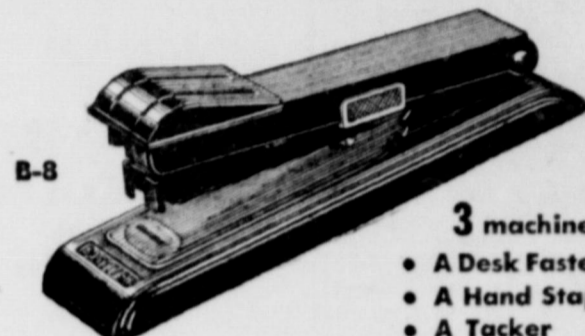

## LAW CHANGED FOR SOCIAL SECUR. EARNINGS

The earnings test for retired people who are employed has been made the same as the test for self-employed retired people by the recent change in the social security law, according to Erton F. Tate, manager of the

Wichita Falls district office. After January 1, 1955, a retired person's earnings will be judged on a yearly basis whether he is employed or self-employed, and whether his work is under social security or not. Under the old law, employed people who were receiving retirement benefits had

their earnings judged on a monthly basis. The new amount which may be earned under the law without loss of social security payments, is \$1,200 in a year. For further information, contact the Wichita Falls District Office, located in the Post Office Building, Room 425.

### Wesleyan Service Guild Meets With Mrs. Joe B. King

The Wesleyan Service Guild met Monday evening, February 14th in the home of Mrs. Joe Bailey King with Mrs. Lee Haymes in charge of the program on India. Mrs. Levi Bowden's topic on the program was "The Three Christian Groups." Mrs. Joe Bailey King gave, "A Village Church," Mrs. J. W. Massey, "Call to Renewal" and Mrs. J. H. Bardwell gave "Seedtime and Harvest in India."

Mrs. Weldon Smith, president, concluded the program by bringing reports from the different committees.

Refreshments were served to the following members and guests: Mmes. John Spann, E. R. Ponder, C. P. Baker, J. H. Bardwell, L. E. V. Bowden, Jimmie Harpham, Lee Haymes, Aaron Edgar, J. W. Massey, Joe Bailey King, Erin McGraw, Weldon Smith, Lane Womble, S. E. Brown, J. H. Amersson, R. M. Almarode, Charlie Harpham, Maxine Ireland; Misses Ruth Baker, Florence Gaines and Merle Dingus.

### Baptist Group Holds Social In Blacklock Home

The Adult Class of the First Baptist Church held a social in the home of Mrs. B. L. Blacklock Tuesday night, February 15. The social honored Mrs. J. O. Bowden on her birthday and was also a going away party for Mrs. Jeff Mitchell and Mrs. Wayne Mitchell. Games of 84 and TV programs were enjoyed by the guests who were served coffee and birthday cake.

Hostesses for the social were Mmes. B. L. Blacklock, V. M. Gordon, M. L. Barnard, Cecil Honeycutt, Claude Hill, Sidney Winchester and Ida Nance.

Mrs. Nora Broach and Mrs. Wilma Dean Griffith visited in San Antonio, San Marcus and Austin last Sunday and Monday.

### Johnny Russell Honored On His Third Birthday

Mrs. Dwaine Russell of Vernon honored her son, Johnny with a party Thursday, February 10th on his third birthday. Favours of balloons, horns, and Valentine candy were given to the guests. After several games were played, the children all watched the "Pinky Lee" television program.

Refreshments of cake and ice cream were served to Cecelia Greene, Jimmy Riggins, Barry Overby, Sharon Eubanks, Karen Flesher, Jo Layton, Larry and Bobby Wells, and Cathy Keener of Vernon and Brenda Lowrance of Chillicothe. Mrs. Russell was assisted by Mrs. Ralph Flesher and Mrs. Brian Keener of Vernon and Mrs. Glen Lowrance of Chillicothe. Also attending were the honoree's grandmother, Mrs. J. B. Bowden, and an aunt, Mrs. G. W. Hawkins, both of Munday.

### VERA GIRL TO WED SATURDAY, FEB. 25th

Mr. and Mrs. F. A. Ray of Vera are announcing the approaching marriage of their daughter, Mary Bess Ray, to Bobby Wright of Goree. The marriage ceremony will take place at the home of the bride's parents, Saturday, February 25 at 7:00 P. M. Miss Ray graduated from Vera High School in 1953. She attended Draughm's Business College in Abilene and is now employed by the Abilene Watchmaking Company. Wright is the son of Mr. and Mrs. Bill Wright of Goree and is now employed by an oil company in Abilene. The couple will make their home in Abilene.

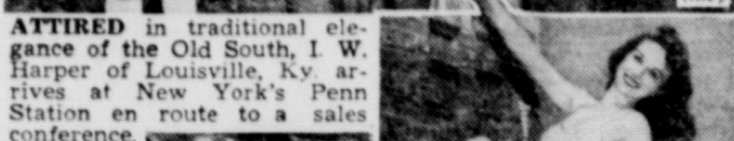

Mr. and Mrs. Earl Shackelford of Tucson, Ariz., and Mrs. Julia Smith of Superior, Ariz., visited relatives here and attended the funeral of Oscar West.

Mr. and Mrs. W. D. Koonce and son of Dallas spent the week end with Mr. and Mrs. S. O. Riley and Mr. and Mrs. Gus Brown.

## People, Spots In The News

**BIRTH OF PRESS** Freedom in U.S. is re-enacted in New York's Federal Building by (l. to r.) publisher Barry Urdang, Edwin Friendly, Mayor Robert Wagner and Mrs. Laurance Bowen, Jr.

**ATTIRED** in traditional elegance of the Old South, I. W. Harper of Louisville, Ky. arrives at New York's Penn Station en route to a sales conference.

**NICE BUILD**—Dancer Merian Caroon, 21, of Sacramento, Calif. lends her shapely charms to the construction of a new casino at Las Vegas.

**STRANDED WHALES** litter beach on Denmark's Firth of Velje after herd of 65 mammals lost its way and wandered accidentally onto shoals.

### News From The U. S. Congress

Congressman Frank Ikard

Recommendations have just been made to the Congress for a three-year Seven Billion Dollar Federal Aid to Education proposal which calls for appropriations exceeding One Billion Dollars. Generally speaking, this program provides for the Federal Government purchasing school bonds and direct Federal aid to state school agencies that would build and rent new buildings to school districts and direct aid by the Federal Government to communities that can neither issue bonds nor pay rent on new schools. It is proposed further that the Federal Government would also pay half of the states' administrative costs in the new building program and authorization of Twenty Million Dollars is asked for this with the first year appropriation of Five Million Dollars. The exact cost of the overall program recommended by the Administration cannot be exactly determined from the recommendations made to the Congress by the President; however, the principal features of the program include a three year authorization of

Seven Hundred and Fifty Million Dollars for the Federal purchase of school bonds.

It is attempted in this proposal to keep the control and administration of the school systems on a State level. There seems to be little question but that certain areas have been adversely affected by the impact of Federal agencies upon their school systems such as a small town school system would be overtaxed if a large military installation were opened in or near it. In this instance, certainly it seems proper if the Federal Government should pay money in lieu of taxes or make some contribution to the school system so that it could expand to take care of the increased population. However, it seems to me to be of great importance that we maintain the responsibility for education and the administration of our educational system at the school district and state level. I would certainly be fearful of what might happen to our schools if they were ever controlled and administered from some department of the Federal Government here in Washington. I am fearful that when the Federal Government starts "footing the bill" for the actual operations of the schools and building the buildings, that it will not be long until some professional planner

# \$3.00 for \$1.00

(The Farmer Said)

when checking his cotton by actual test he had made \$3.00 for every \$1.00 invested in

## Agro Anhydrous Ammonia Fertilizer

The same held true on wheat and other small grains.

We furnish the fertilizer and the equipment at a nominal cost to the farmer.

**AGRO FERTILIZER COMPANY**

Box 451 Phone 10 Haskell, Texas

from Washington will be moved into the schools and tell the people what courses have to be taught and what books have to be used. This certainly would be contrary to our historic concept of public education. This also seems to be another evidence of the tendency of the Federal Government to absorb more and more of the activities and proper responsibility of the states, county and school districts to which, as a matter of principle, I am opposed.

Visitors from home this week were Mr. Jim McDonald, Mr. and Mrs. C. D. Knight, and Mr. Raymond Taylor and his son, Tom, of Wichita Falls; Mr. George M. Ritchie of Jacksboro; Mr. John E. McKelvey of Electra; Mr. Charles M. Brooks, of Denton and New York City; and Mr. Bill Wright of Vernon.

Mr. and Mrs. Charlie Harpham of Abilene are guests in the home of Mr. and Mrs. J. C. Harpham this week.

Mrs. Warren Rister returned home last Saturday from a week's visit with her parents in Breckenridge.

Don Reynolds, who is attending NTSC in Denton, spent the week end with his parents, Mr. and Mrs. W. E. Reynolds. Fred Norman of Wichita Falls was a Sunday guest in the Reynolds home.

Wayne Smith of McMurry College in Abilene was a week end guest of his parents, Mr. and Mrs. A. L. Smith.

IT PAYS TO ADVERTISE

## LONE STAR Agriculture

Released by The Texas Department of Agriculture  
By John C. White, Commissioner

### SELECT NURSERY STOCK CAREFULLY

There is no such thing as a "bargain basement" nursery stock. A healthy plant of good quality seed commands its own fair price but it pays off with good growth.

This does not mean that when a reputable nurseryman holds a "sale" he is passing off inferior merchandise. Rather, it is a warning against the type of itinerant peddler of stock who operates without license and makes promises instead of guarantees. Planting of trees and shrubs is vital to the welfare of Texas. For this season, the "Plant as" movement is being sponsored by the Texas Department of Agriculture. But it is important to know your nurseryman and not risk buying stock from off a truck by the roadside which is operating outside the law.

A dealer in nursery stock is required by law to be licensed by the Texas Department of Agriculture. This is a type of protection offered to the buyer. Purchasing from an unlicensed salesman encourages trade in inferior plants.

A healthy plant provides many benefits. In our cities, trees and shrubs can filter dust, absorb noise, temper climate, provide better and more natural living conditions. In the country, plants save the soil from erosion and conserve and utilizes the rainfall.

The TDA compiles a list and keeps an inspection record of nurserymen in Texas. This list is available to the public and should serve as a guide to licensed dealers. Irregularities in plant stock sales should be reported to the proper authorities.

Information and booklets on licensed dealers can be obtained from one of the six regional offices of the Department. Address your request to the office nearest your home. The offices and officers-in-charge are as follows: Lubbock, Room 116 Agricultural Bldg., Texas Tech, Darwin Metcalf; Arlington, Box 217 State College, Mearl Taylor; Tyler, 211 Tyler State Bank, Ray Cure; Houston, Room 111 Live-stock Exchange Bldg., 4905 Calhoun Road, Travis Edwards; Pharr, 126 East Park, Nick Doffing; Austin, Texas Department of Agriculture, Capitol Station, John White.

### LET'S TALK LIVESTOCK BY TED GOULDY

#### CATTLE POPULATION IS HIGHER AGAIN!

**FORT WORTH** — The announcement by the Department of Agriculture that the cattle population had climbed to 95,443,000 head on United States farms and ranches on January 1 was not unexpected at Fort Worth. This means 646,000 more than a year ago.

Livestock men at the market had suspected this was the case as shipments of cows and heifers had declined in the past ninety days at all markets. Fort Worth is at the cross roads between the Eastern third of Texas, a section of the country that has had tremendous gains in cattle population in recent years, and the Western two-thirds of the state, most of which has seen drouth decimate cattle and sheep numbers.

Here are the figures released Monday by USDA officials from Washington

Current cattle population is estimated at 95,443,000; a year ago it was 94,787,000; in 1953 it was 93,637,000. The average 1944-1953 was 82,917,000.

Currently estimates of cows, two-yearold or over for milk are 24,408,000 head; against 24,675,000 a year ago. A decline of 267,000 head and this decline was very evident at Fort Worth because of heavy numbers of "marginal" or unprofitable milkers that went to market as raw milk prices sagged. In 1953 the dairy herd was 24,094,000; and the 1944-1953 average was 25,135,000 head.

#### CATTLE FULLY STEADY TO STRONG MONDAY

All classes of cattle and calves drew strong to steady prices Monday at Fort Worth. Choice fed steers topped at \$24 and fed heifers sold for \$22.75. Cows drew \$7 to \$13.50; and bulls cashed at \$10 to \$14. Fat calves drew \$15 to \$21, lower grades \$10 to \$14. Stocker steer calves sold from \$22 down; and good grade steers sold at \$21 down. Replacement cows drew \$8 to \$13.

#### SHEEP POPULATION AGAIN REFLECTS A DECLINE

The USDA report released Monday shows the sheep population of the nation again lower. Numbers on farms and ranches January 1 were estimated at 30,931,000, decline of 287,000 below the estimate a year ago of 31,218,000 head. The 1953 figure was 31,861,000 and the average 1944-1953 was 36,685,000.

Further reduction in Texas flocks in the Western part of Texas has been obvious at Fort Worth in the past season, and failure to get grainfield grazing in some sections of Central West Texas counties lowered numbers

An American GI, far from home, enjoys snack with USO hostesses in USO canteen in Istanbul, Turkey. USO services, here and overseas, are financed by United Defense Fund through Community Chest or United Fund drives.

compared with a year ago. However, a steady increase in flocks in Central and East Texas has shaved some of the loss.

#### SHEEP AND LAMBS ABOUT STEADY MONDAY

Fat woolled lambs topped at \$21.50, the best price in some weeks at Fort Worth Monday. A string of club lambs from Motley County sold at \$20, including many heavyweights. Feeder lambs sold around \$20 and below. Old ewes cashed at \$6 to \$8.

#### SWINE NUMBERS SHOW BIG ADVANCES

The USDA report on swine population of the nation on January 1 reveals an increase over a year ago of some 6,442,000 head. The Department estimated the current swine population on farms at 55,002,000 head, against a total of 48,560,000 a year ago. The 1953 total was estimated at 54,294,000 and the 1944-1953 average was estimated at 61,166,000 hogs.

Hogs topped at \$17.50 at Fort Worth Monday on par with the lowest levels in two years here. Sows drew \$13 to \$16, steady to 50 cents higher than the close last week.

Miss Helen Phillips and Miss Marilyn Grantham of Abilene spent the week end in the home of Mr. and Mrs. P. C. Phillips.

Joe Lynn Floyd and Merle Tackett of Fort Worth visited relatives here over the week end.

Clifford Wilson of Cody, Wyo., is visiting friends here this week.

Mr. and Mrs. John Phillips and Suzanne were business visitors in Tullia last Sunday.

Mr. and Mrs. Hubert Hitt and Judy visited relatives and friends in Gordon last Saturday night and Sunday.

Mr. and Mrs. Bill Morris and Gwin were business visitors in Lubbock over the week end.

Mr. and Mrs. Norris Smith were Sunday guests in the home of Mr. and Mrs. George Beard in Eula.

### BENJAMIN NEWS

## NEWS FROM VERA

(Mrs. Thelma Lee Coulston)  
**VERA W. M. U. HONORS STUDENTS**  
 The students of Vera High School were feted with a Valentine Banquet, Friday evening, February 11, at the Vera Baptist Church. Hostesses for the banquet were the ladies of the Women's Missionary Union.

Following the invocation, pronounced by Rev. S. A. Wolfe, pastor of the Vera Methodist Church, the guests were given a "hearty" welcome by Mrs. Robert Laceywell, and a "Heartfelt" response by Virginia Jackson. Everyone present felt "heart's laughter" when Janelle Jackson gave a humorous reading concerning a certain maiden's prayer. Two lovely piano selections were played by Jeanie Beasley. The program for the evening was concluded with a "heart to heart" talk by Rev. K. E. Woolley, pastor of Benjamin Baptist Church. The master of ceremonies for the evening, Rev. Robert Laceywell, pronounced the benediction.

Those present for the enjoyable evening were Mr. and Mrs. Doug Benham of Benjamin, Supt. and Mrs. Milton Kirby, Rev. and Mrs. Robert Laceywell, Rev. and Mrs. S. A. Wolfe, Rev. K. E. Woolley of Benjamin, and the following students: Jeanie Beasley, Betty Bradford, Elizabeth Brown, Barbara Lee Coffman, Donnie Bradford, Derrel Coffman, Benny Carl Coulston, Jerry Feemster, Robert Gauthreaux, Muri Feemster, Janelle Jackson, John Murphree, Virginia Jackson, Jan Richards, Maxine Park, Patsy Peddy, Stanley Ray, Barbara June Townsend, Bobby Trainham, Betty Jo Townsend, Reta Trainham and Billy Bradford.

Mr. and Mrs. Edward Zimmerman of Wichita Falls visited over the week end in the home of Mrs. Zimmerman's parents, Mr. and Mrs. Claude Park.

Mrs. Ralph Phillips of Port Inad, Oregon, has been visiting with her aunt, Mrs. Roxy Morris of Goree and with Mr. and Mrs. Bill Townsend and girls.

Mr. and Mrs. Garvin King and children of Abilene spent the week end in the A. M. Bradford home.

Mr. and Mrs. Jake Feemster and Jaunice were in Wichita Falls Friday on business.

Week end guests in the home of Mr. and Mrs. Maurice Hughes and family were Mrs. Hughes' father, Mr. and Mrs. Edward Lehr of Belen, New Mexico.

Mr. and Mrs. Don Robbins of Lorraine, Texas spent Saturday and Sunday with the Carl Coulston family.

Mr. and Mrs. Ted Russell visited during the week end with Mr. and Mrs. Warren Morton and two children of Chillicothe.

Mr. and Mrs. Wesley Trainham were business visitors in Stephenville, Texas last Tuesday. They returned home by way of Abilene where they spent the night with Mrs. Trainham's sister, Mr. and Mrs. Clarence Allen and girls.

Mr. and Mrs. Ben Petty of Soper, Okla., spent the week end with their relatives, Mr. and Mrs. Ab Petty and family.

Mrs. Johnny Parker of Wichita Falls visited with her parents, Mr. and Mrs. Buster Jackson and children over the week end.

Visiting in the Arthur McCaughey home Sunday were their daughter, Mr. and Mrs. Don Railsback and children of Seymour.

Mr. and Mrs. L. M. Christian and Diane spent the week end with their son, Mr. and Mrs. Morris Christian of Wichita Falls.

Mr. and Mrs. Tom King of Seymour spent last week in the home of their daughter, Mr. and Mrs. Loran Patterson and two children.

Mr. and Mrs. Cecil Welch and children of Dickens visited over the week end with the J. O. Archer family and Mr. Welch's sister, Mr. and Mrs. L. D. Allen and Johnny.

Mr. and Mrs. Clyde Beck and two children spent Sunday with the Clelan Russell family of Aspermont, Texas.

Mr. and Mrs. Louis Richards

of Dickens, Texas have been visiting their Richard Kin.

Mr. and Mrs. Bob Hamilton of Lubbock spent Wednesday thru Sunday of last week with Mrs. Hamilton's sister, Mr. and Mrs. Levey Kinnibrugh and boys.

Charles Trainham and Bobby Frank Feemster arrived home Saturday morning after serving 15 months with the armed forces in Korea. The boys received their discharges from Fort Bliss, El Paso, Friday and came home by way of Lubbock where they were met by Mrs. Philomae Roberson and Judy, of Loveland, who accompanied them home.

Miss Jessie Myers spent Friday and Saturday at her home in Eldorado, Okla. She was quite surprised to find that a freak wind had blown a portion of the roof off her house. Sunday Miss Myers, her mother and Mrs. Betty Seifres visited with relatives in Rule. Mrs. Myers remained for a week visit.

Mrs. Lee Richards, who has been a patient in the hospital in Knox City, is now under a doctor's care in Dallas. She was accompanied to Dallas Monday morning by Mr. Richards, Junior, Peddy and her daughter, Mrs. Rosie Lois Bohannon.

Mrs. Roy Finis McGuire and children, Sandra and Roy Finis, Jr., of Loveland and Monette, a student at Texas Tech, visited over the week end with Mrs. Della McGuire and Mr. and Mrs. Tom Hardin and family.

Miss Shirley McAfee of Wichita Falls visited relatives here over the week end.

Miss Lou Campsey of Abilene spent the week end with her parents, Mr. and Mrs. S. B. Campsey.

Mr. and Mrs. Bob Ballard of Dallas were Sunday guests in the home of Mr. and Mrs. Claude Rogers, Jr.

Miss Marguerite Hammett of her mother, Mrs. George Hammett, spent a week end guest

**GOING**—not coming—is this experimental car of future at Chicago auto show. Twin plexiglas canopies cover passenger compartment. Car's 19 feet long, 7 feet wide, 52 inches high.

## HERE HAVE BEEN SOME CHANGES MADE

Engineers and designers of home laundry appliances are mostly married men with families. Wives and daughters, mothers, sisters and aunts have taught them one thing for certain about women — that every lady has an inalienable right to change her mind, her color scheme and her way of doing things. It is sometimes difficult for a mere man to keep up with this busy and changeable-type human being. But the men who create Whirlpool home laundry appliances make it their business to find out what the ladies want. Then they design their product to meet these exacting demands.

The new 1955 Imperial automatic washer has an illuminated control panel that indicates washing and drying progress at a glance. The panel is color-keyed to current and coming trends in kitchen decor. Soft yellow and white, accented with aquamarine and gold, it provides an attractive color accent for the white-enamelled appliance. You ladies wanted a handy and handsome kitchen-laundry? The designers called in a color expert and went to work.

When you touch the gold and white pushbutton on the washer, a top-loading door springs open and reveals a large white basket with nine pounds (dry clothes) capacity and, another 1955 feature, an undulated-vented surgilator. Designed to balance with the size and shape of the washer tub, this new type of agitator creates and energizes millions of water currents. You mentioned increased washability? The engineers got busy.

Everything good that applies to the Imperial automatic washer goes for the matching dryer, too. But that's another story.

Mr. and Mrs. E. J. Cude left last Saturday for a visit with their son, Charles Cude, in San Antonio. They will also visit Mrs. Cude's sister before returning home.

Mrs. A. L. Davis of Crowell visited her daughter, Mrs. Bill Owen, and family over the week end.

Mr. and Mrs. C. W. Burton of Floydada visited his sisters, Miss Christine Burton and Mrs. I. P. Hill, and Mr. Hill last Friday night and Saturday morning.

Kenneth Hendrix of Midwestern University in Wichita Falls spent the week end with his parents, Mr. and Mrs. Frank Hendrix.

Mr. and Mrs. Ed Broach of son of Dallas visited relatives here and Knox City over the week end.

# No gasoline—no, not a single one—has higher octane than New 1955 GULF NO-NOX

This lamp is burning the "DIRTY-BURNING TAIL-END" of gasoline which GULF refines out

This lamp is burning NEW SUPER-REFINED GULF NO-NOX, the clean-burning super-fuel

This lamp test shows what a difference Gulf super-refining makes. Gulf refines out the "dirty-burning tail-end" of gasoline—at the refinery—to bring you new NO-NOX.

but octane alone is not enough . . .

That's why new Super-Refined Gulf No-Nox is specially made to burn clean—to protect your engine—to give you thousands of extra miles of full engine power.

Fill up with new NO-NOX and feel the difference in lasting power. You'll get:

- More complete protection than with so-called "miracle-additive" gasolines.
- Extra gas mileage in the short-trip, stop-and-go driving motorists do most.
- Stall-proof smoothness . . . instant starts . . . fast, fuel-saving warm-up.
- No knock, no pre-ignition—even in today's high-compression engines.

### This is GULF'S PLEDGE to the motoring public

- We at Gulf make this promise to America's motorists. We will not permit a single competitor—no, not a single one—to offer a gasoline superior to our own superb No-Nox.
- It is our sincere belief that No-Nox is the finest gasoline on the market today, and no matter what others do or say we will keep it the finest—in power, in performance, in engine protection.
- This is not a boast, not a claim. It is a pledge to you, the motoring public—a pledge backed by the resources—and the integrity—of the Gulf Oil Corporation.

## New 1955 GULF NO-NOX

It's super-refined . . . to burn clean! The '55 gasoline for all high-compression engines

## Knox Prairie Philosopher Claims Expansion Of The Cities Will Solve The Big Problem Of Crop Surpluses

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek has another odd idea this week, with maybe one or two grains of truth in it.

In nearly every paper you pick up these days you read something about crop controls, dissatisfaction over how much cotton or wheat or whatnot individual farmers are getting to plant this year, and at the same time everybody knows if everybody produces everything he's capable of the country will be overwhelmed with surpluses and the price will drop to nothing or the government will have to open up Fort Knox and exhaust its gold

J. A.

reserves buying the stuff. This has caused a lot of people a lot of concern, and some pretty heavy thinking has been going on.

I have thought the problem over carefully myself and can now announce that the people

who are alarmed are not considering all the angles.

While the problem of surpluses may be pressing at the moment, if we can just hold on a little while longer, it'll disappear.

I make this prediction from a recent trip I had to take which took me through several Texas cities, including Houston, Dallas, Fort Worth, San Antonio, etc. That's more traveling than I've done in years and I expect it will last me from now on. I'm glad to be back home.

But the thing I observed, and which the farm experts and worriers apparently are overlooking is that there's more building going on in them cities than you ever dreamed of. Cities are reaching out in every direction for more room, and a man who announces in Houston for example that he's putting up 100 more houses has a hard time even getting his name in the papers. It ain't news any longer.

And the same is true in smaller cities and even in towns. They are growing in all directions too. Everybody's building a new house.

Now here's my point. Every time a city develops a new subdivision, it takes that much more land out of cultivation, makes that many more people to feed. Every time a city grows a few more thousand, it increases its traffic problem that much more, which naturally increases its traffic deaths.

Expansion of cities and cemeteries, if it keeps up at the present rate, is gonna take enough land out of cultivation in Texas to solve the crop surplus problem. We ain't got a thing to worry about.

Yours faithfully,  
J. A.

Mr. and Mrs. E. L. Morgan of Fort Worth were recent visitors of Mrs. Veda Tankersly.

Miss Shirley Hill spent the week end with Mr. and Mrs. Charles Hardin and son in Denton. She also visited with friends at NTSC.

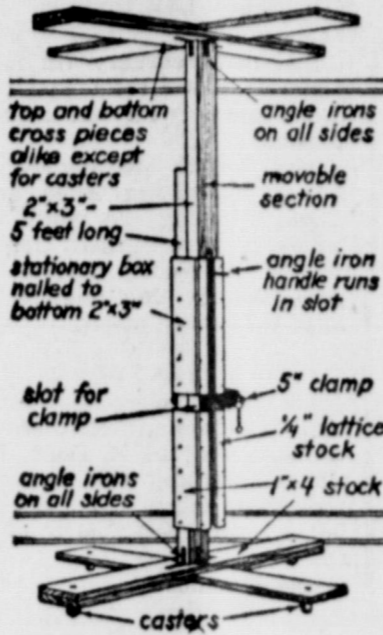

Miss Annette Brewer and Miss Peggy Parks spent the week end with Miss Barbara Rose Lain in Abilene.

### Handy Third Hand

A THIRD hand is mighty helpful when putting up 4 x 8 ceiling panels. The illustrated home-built device solves the problem. It's suggested by Family Handyman.

The magazine says only an hour's time is needed to make the hoist. Materials needed are four 4'

lengths of 1 x 4-inch stock, two 2 x 3's each 5' long, scrap 1 x 4-inch stock for the "box," 9 angle irons, 4 casters and a C-clamp. The casters permit easy moving of the hoist to the spot required.

The hoist puts the panel in place and holds it there while being nailed.

Mrs. A. L. Thorp of Foss, Oklahoma spent the week end with her sisters, Mrs. Nolan Phillips and Mrs. Edgar Morgan, and their families.

Mr. and Mrs. Quinton Spann and sons of Foss, Okla., visited her parents, Mr. and Mrs. Press Phillips, and other relatives over the week end.

### COTTON WALLPAPER PROVES SUCCESSFUL

When the W. B. Garrisons of Gastonia, N. C., built their summer home on the Chetola Estate of Blowing Rock, N. C., in 1938, they "papered" the walls of two bedrooms with cotton print cloth.

Today those rooms look just as bright and colorful as ever and the only upkeep required through the years has been an occasional wiping with a damp cloth. There has been no fading.

The material was pasted on sheet rock without a wrinkle and looks like conventional wallpaper. The cloth used in the Garrison home was not expensive fabric and had no special treatment or finishing to adapt it to this special use.

Week end guests in the home of Mr. and Mrs. E. R. Ponder were Dicky Ponder, who is attending Texas Tech in Lubbock, and Danny Ponder, who is stationed at Fort Bliss.

### From where I sit ... by Joe Marsh

#### Swiftly Gets Swifly Down

Swifly Fisher has a short temper and really hit the roof when he got a parking ticket last week. He wasn't near a hydrant or too far from the curb. There was a big sign saying "ONE HOUR PARKING" and he'd only been gone twenty minutes.

Running to Traffic Court, where Hack Miller was on duty, Swifly hollered how he hadn't done anything wrong...how he is the most law-abiding driver in town.

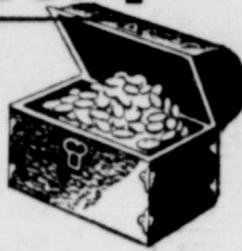

But Hack examined the ticket, and smiled. "Slow down, friend," he said. "You're not guilty—"

Joe Marsh

### What Will It Cost?

In money, time, and things that will be expected of me if I become a Christian? Yes, God may ask something of you. But He is ready to give far more. In the long run, it doesn't cost—it pays! "What shall it profit a man if he shall gain the whole world and lose his own soul?" Mark 8:36

# A Great New Tire AT A NEW LOW PRICE

THE Firestone CHAMPION

No Other Tire With All These Features Sells at Such a Low Price!

NON-SKID SAFETY—Hundreds of skid-protecting edges and Skid-Resistors give extra safety.

LONGER MILEAGE—Wide, flat tread provides more rubber to share the wear.

GREATER BLOWOUT PROTECTION—Like more expensive tires, it's built with extra strength rayon cord.

FULL SIZE... FULL VALUE—Not built down to a price... No sacrifice in quality.

Safety-Tensioned Gum-Dipped Cord Body Makes Firestone Tires Safer... Stronger... Run Much Longer

This new multi-million dollar unit combines the famous Firestone Gum-Dipping process with Safety-Tensioning, a new process which takes the stretch out of tire cords. The result is greater blowout protection and longer tire life.

**Local Girls Go To House Party At Mary Hardin-Baylor**

BELTON—Ten girls from Munday were among the more than 1,300 attending the state YWA house party which was held at 110-year-old Mary Hardin-Baylor college on February 11-13.

They are Sue Norvill, Gayle Littlefield, Lou Milstead, Peggy Thigpen, Bobbie Nance, Anita Elliott, Trivella Butler, Margaret Yandell and Patsy Butler.

Accompanying the girls were Mrs. G. W. Hawkins, Mrs. Bob Brown, Mrs. Curtis Gollehon, Mrs. Nell Campbell, and Mrs.

R. H. Lloyd. With "Tell the Story" the theme, Miss Virginia Wingo, a missionary from Italy, lead the mission emphasis phase of the annual meeting. Other outstanding Baptist women leaders who attended are Mrs. R. L. Mathis, president of the Texas Baptist Woman's Missionary Union; Miss Eula Mae Henderson, executive secretary of the Texas WMU; and Mrs. Woodson Armes of Fort Worth.

Rev. J. W. MacGorman of the Southwestern Baptist Theological Seminary in Fort Worth was the guest speaker for the occasion.

IT PAYS TO ADVERTISE

**FHA OFFICE TO CLOSE ON FEBRUARY 22**

The Farmers Home Administration office at Seymour will be closed on Tuesday, February 22. There will be no regular office day for the Knox City office, but in case of an emergency the county supervisor, Wilburn A. Satterwhite, may be reached at the A. S. C. office in Knox City on Wednesday, February 23. The next regular office day for Knox City will be Tuesday, March 1.

Week end guests in the home of Mr. and Mrs. L. J. Hill were Mr. and Mrs. Ivan Bryant of Houston.

**I'M HERE, FOLKS, AND EVERYBODY'S HAPPY!**

I, Patrick Ely Reeves, do hereby announce my arrival at the Knox County Hospital at the time of 3:36 a. m. on the 15th day of the month of February in the year, 1955. I weighed seven pounds and 10 1/2 ounces. I am the son of Mr. and Mrs. J. E. Reeves, Jr., of the town of Munday in the State of Texas. I am the grandson of Mr. and Mrs. R. D. Atkelson and Mr. and Mrs. J. E. Reeves, Sr. Those were nice cigars Pop was passing out, too.

**BAPTIST BUSINESS WOMEN'S CIRCLE MEETS ON FEBRUARY 7th**

The Baptist Business Women's Circle met February 7th in the home of Mrs. Oretta Kilgore for Bible study with six members present.

Mrs. Merick McGaughey gave a very interesting Bible study. Those enjoying the study were Misses Howard Barnett, Orb Russell, K. E. Wooley, Oretta Kilgore, Merick McGaughey and Miss Omitene Barnett.

**CARD OF THANKS**

An undying of love and gratitude is expressed by the family of D. R. Donoho for all the loyal and faithful friends who have helped us in our period of need. May God bless you all.
