Odd Bits Salvaged
at Random

This won't help farmers get their cotton up to a stand, but we were asked Monday if anyone was fussing about the rains. To which we replied: "Quite a few."

k-k

A third party to the conversation was manager of a local business firm. He came up with a philosophy something like this:

k-k

"You remember back yonder when it was dry? It had been dry for a long time. We hadn't had any rain hardly in a long, long time. We wanted it to rain, but it just wouldn't. We got pretty far behind on our rainfall, and now it's just trying to catch up." He wasn't fussing at all.

k-k

How much cotton land was he farming? None.

k-k

Most any morning, though, we can pick up one of the daily papers and read of floods, hail, high winds and devastation and conclude that we're still pretty fortunate here in Knox County.

k-k

An interesting magazine to reach our desk during the past week was the vacation and travel issue of West Texas Today, an official publication of the West Texas Chamber of Commerce.

k-k

It touched on nearly every point of interest to vacationers in West Texas, among them being Boys Ranch at Old Tascosa, near Amarillo, the ruins of old Fort Davis and a photo of Santa Elena Canyon in the Big Bend National Park, one of the Devil's tombstone in Palo Duro State Park, a story of Parker County, and many others.

k-k

We particularly liked the motto used by the ranch: "A boy is the only thing God can use in the making of a man."

k-k

Closer to this area, the issue told of the Santa Rosa Roundup, the Stamford Cowboy Reunion with an accompanying photo of Will Rogers when he visited that event 20 years ago, a picture of the famous Chandor Gardens at Weatherford; and, of course, there was Possum Kingdom Lake.

k-k

Outside of its historical interest, it kinda made us conscious of the fact that it's vacation time. Which thought we just dismiss with a shrug, because...

k-k

We haven't had a vacation in almost 20 years, except what we term here in the office a "long week end" off. At which times we usually attend a press convention somewhere or the state fair in Dallas.

k-k

Three or four of those long week ends and we've used up the equivalent of a week—and that's our vacation.

k-k

Speaking of vacations reminds us. We hope Dwight Key won't get mad at people of the Olney paper because he didn't get his paper last week.

k-k

That thing got in our P. O. box by mistake, and in slashing open other single wrappers that are piled up on our counter each week, we slashed this one open. Seeing it was the Olney Enterprise and knowing we weren't regularly exchanging with them, we dug up the wrapper, and, sure enough, Dwight's name was on it.

k-k

Since we'd gone that far, we went ahead and glanced over it. This happened to be the issue they printed on Saturday, then just closed their shop all last week so all the force could take a vacation.

k-k

We've heard of such things before, but we've never quite learned just how it was done. We need to pay a visit to Olney or some place that's tried it and see just how they can get enough news and advertising in two days and print several days ahead of time in order to take a vacation.

k-k

With the law stipulating that a weekly paper can't skip a week and then claim to be continuously published for the entire year, it does make vacations with us quite a problem.

Bleacher To Be Constructed At Swimming Pool

If plans materialize, work will begin this week on construction of a bleacher at the Munday Municipal Swimming Pool.

The bleacher will be built on the south side of the pool and will be large enough to seat around 75 people. A covering will also furnish shade for spectators, or parents watching their children while in swimming.

The south side was selected so the bleacher will not obstruct the view of others who may want to use facilities of the grass and benches to be placed on the north side.

A large portion of materials and labor will be furnished by H. A. Pendleton and Bill Quattlebaum of the Paymaster Gins, with the City of Munday furnishing other labor.

Homecoming At Sunset To Be Sunday, July 3

Plans are being completed for the second bi-annual homecoming of the Sunset community, which will be held at the Sunset school building on Sunday, July 3rd.

Since that date will fall on a holiday week-end, it is expected the attendance will be larger than ever before.

Registration will begin at 9 a. m., and an enjoyable program is being arranged for the afternoon. The noon-day lunch will be served from 11:30 to 1 p. m. by the Walter Jetton Catering Service of Fort Worth. The lunch is \$1.00 per plate.

Wendell Partridge of Munday is chairman of the homecoming event, and Mrs. Tom Morton is serving as secretary and treasurer.

1,646 Motorists In Area Stopped For Traffic Violations

Patrolmen of the Wichita Falls district, Texas Highway Patrol, contacted a total of 1,646 traffic law violators during the month of May. Capt. K. B. Hallmark, Jr., commanding officer, reported that 439 of these were arrested, while 1,207 were warned for violation of the state traffic laws.

Speed was the leading cause of arrests, with defective equipment second and improper passing ranking third.

Counties included in the Wichita Falls district are: Archer, Baylor, Clay, Foard, Cottle, Hardeman, King, Knox, Montague, Wichita, Wilbarger and Young.

Knox City Baptists Have New Pastor

Rev. Billy Frazier and his wife and two small daughters have moved to Knox City, where he has accepted the pastorate of the First Baptist Church.

Rev. Frazier is a native West Texan, having been born at O'Donnell. He and his wife are graduates of Hardin-Simmons University in Abilene, and he has just completed his work in Southwestern Baptist Seminary at Fort Worth.

Mrs. Frazier is the former Anita Sibley, daughter of Rev. and Mrs. J. M. Sibley, one time pastor of the Baptist Church at Sweetwater.

Rev. Frazier was pastor of Action Baptist Church in Hood County before moving to Knox City.

THAT RATLIFF BOY ARRIVED ON TUESDAY

And now the Bully Ratliffs have them a boy, not a very big boy, 7 pounds and 12 ounces to be exact. He made his arrival at the Knox County Hospital at 6:50 p. m. on Tuesday, June 21, and has been named Barry Don. Big sister Becky, who is not very big either, 15 months old, hasn't seen him yet and doesn't seem too interested in the event. Bully was sorta wishin' that boys come plowin' size cause he could sure use one long 'bout now. Mother and baby are doing fine. Grandparents are Mr. and Mrs. R. M. Almanrode and Mr. and Mrs. R. L. Ratliff.

PRESIDENT URGES LOCAL CONFERENCES ON EDUCATION: With the engaging Eisenhower smile of pleasure, the President of the United States is shown accepting a Better Schools Conference Kit from Roy E. Larsen, chairman of the National Citizens Commission for the Public Schools. The kit is a packet of information on community conferences on education which Mr. Eisenhower urged to be held in every community in the land. Looking on are Neil H. McElroy (far left), chairman of the Eisenhower-appointed Committee for the White House Conference on Education, and Mrs. Oveta Culp Hobby, secretary of the Department of Health, Education and Welfare. The President said that conferences on education will "make a vital contribution to the welfare of all of our people" and expressed the hope that all communities will hold them. "The community, state and White House conferences—taken together—will strengthen," he said, "the continuing interest in education which is the cornerstone of our free society." Mr. McElroy commented that his organization welcomes the aid of the National Citizens Commission and the National School Boards Association which are backing community conferences, greeting these two groups as allies—not rivals—in the common effort. Further information on community conferences is free from Better Schools, 2 West 45th St., New York, N. Y.

"Signs of Progress" Shown In Activities At Rear Of First National Bank Building

"What's that?" we asked as we gazed upon two workmen digging away at the rear of the First National Bank Building.

"That's signs of progress," said J. Weldon Smith, bank cashier, who appeared to be overseeing the work.

It was really the beginning of an extensive expansion and remodeling program begun by the bank. This program is expected to continue over a period of several weeks; and, when completed will mean a new atmosphere altogether in the bank.

The digging was for a foundation for a one-story building which will be the new home of J. C. Borden's insurance agency. Then the bank will take in the space now occupied by the agency. Plans are being put into blue print stage at the present, but will include moving the stairway, changing the air conditioning location and perhaps an altogether remodeled interior. The one-story building will be completed before much work can be done on the bank's interior.

Of historical interest in the "diggings" Monday was that a portion of the concrete foundation upon which stood Munday's first cotton gin was uncovered.

Members Of O. E. S. Get Certificates

Members of the Munday chapter, Order of Eastern Star, held their first meeting of the new year last Tuesday night at the Masonic hall.

A letter from the grand examiner was read submitting a record of certificates of proficiency issued to local members following the O. E. S. school held in Abilene in April. These certificates were issued as a result of examinations on work in ritual, constitution and laws to the following:

Mrs. Hershil Cowan, Mrs. E. L. Goolsby, Mrs. J. B. Roberts, Mrs. J. S. Shannon, Mrs. M. F. Billingsley, Mr. Roberts and Mr. Goolsby. Hostesses for the social hour were Mmes. E. R. Ponder, Hershil Cowan and Leland Hannah. Visitors were present from Benjamin, Olton and Waco.

LENNIE KUEHLERS MOVE TO ABILENE

Mr. and Mrs. Lennie Kuehler and family left last Tuesday for Abilene to make their home. Lennie will continue to be employed by Western Cotton Oil Co. The Kuehler home in Munday has been purchased by Mr. and Mrs. Charles McCauley.

Fire Destroys Weinert Store Early Friday

The J. A. Mayfield feed and grocery store at Weinert was destroyed by fire early Friday morning. The blaze is believed to have been started by lightning during a rain storm. Damage was estimated at \$40,000 to \$50,000.

The brick building is located in Weinert's only business section. Fire departments from Haskell, Rule, Munday and Knox City were called to fight the blaze which broke out about 1:15 a. m.

Work of the fire departments is credited with preventing the flames from spreading to the remainder of business buildings. Scarcity of water hampered their work. An effort was made to take water from a cistern, but to no avail, and the Munday rural truck made one return trip to Munday to refill its booster tank.

Cure Services Held On Monday At Gilliland

Funeral services for Mrs. W. A. Cure, 87, resident of this area for many years, were held at the Church of Christ in Gilliland at 3 p. m. last Monday. Mrs. Cure passed away last Saturday in Baylor County Hospital in Seymour.

Rev. Louis Welch officiated, with burial being in the Gilliland cemetery.

A native of Montague County, Mrs. Cure had been living with a daughter, Mrs. Omar Kennamer, in San Angelo until becoming ill following a stroke on May 11. She was taken to the hospital in Seymour.

Survivors include four sons, J. O. Cure of Seymour, J. J. Cure of Houston, Alva Cure of Bowie and Bernard Cure of Wichita Falls; three daughters, Mrs. Myrtle McGuire, Lubbock, Mrs. Myrtle Welch, Vernon and Mrs. Kennamer; 23 grandchildren, 57 great grandchildren and seven great-great-grandchildren. A grandson, J. Omar Cure, lives in Munday.

ROBERT GRAY COMES HOME FROM HOSPITAL

Robert Gray, son of Mr. and Mrs. Hoyt Gray, who was injured in an auto accident at Wichita Falls recently, was discharged from the hospital last Saturday and returned home. He will return to the hospital for regular checkups, although he is getting along fine.

Voting Places In County For Wheat Marketing Quotas Given By Chairman

B. H. Cartwright Of Boerne Dies At San Antonio

Word has been received here of the death of Bernard H. Cartwright of Boerne, Texas, who passed away at 6 a. m. Monday, June 20, at the Santa Rosa Hospital in San Antonio.

Born on October 17, 1898 Mr. Cartwright was 56 years, 8 months and 3 days of age. He had lived at Boerne a number of years. He was a brother of the late Louis Cartwright of Munday.

Funeral services were held at Boerne at 10 a. m. Wednesday with burial at Boerne.

Survivors include his wife, Mrs. Mary Cartwright; four children, Harvey, Carol, Kay and Patrick Thomas, all of the home in Boerne; four brothers, Austin and Jack Cartwright of San Antonio; Dan Cartwright of Pasco, Wash.; and Joe Cartwright of Houston; two sisters, Miss Leah Cartwright of Fort Worth and Mrs. Della Davis of Brownsville.

On Radio Hour

For the tenth consecutive year the Methodist Series of the Protestant Hour, a public service religious radio worship program, each Sunday will present outstanding southern ministers and an excellent radio choir. This year these 12 programs will be heard over 300 radio stations on free time over the coast to coast Protestant Hour network.

Dr. W. Cliff Newman, District Superintendent of the Paducah, Kentucky District of The Methodist Church, the first speaker on the 1955 series, will be heard on Sunday, June 26th speaking on the subject "If You Only Knew." Many of the old time favorite Gospel songs and hymns will be heard each Sunday as the Protestant Fellowship Choir presents the medley of Gospel songs just before the sermon.

The Protestant Hour is carried by radio station WFAA in Dallas and is heard at 9:30 p. m. o'clock.

BROTHER OF LOCAL WOMAN DIES MONDAY

Mrs. S. E. Robertson left Monday afternoon for Lockhart upon receipt of a message that her brother, R. M. Alexander, had passed away. She was accompanied by her sister and husband, Mr. and Mrs. A. J. Sanders, and a niece and husband, Mr. and Mrs. Marvin Pheemstre, all of Weinert.

Funeral services were held at Lockhart on Tuesday afternoon.

Mrs. Pearl Bruce and Joe Bruce of Dimmitt were guests in the home of Mr. and Mrs. M. H. Dean, over the week end.

Annual Invitational Golf Tournament Begins Friday at Local Country Club

Matched play in the second annual invitational golf tournament gets under way Friday at the Munday Country Club, as golfers are completing their qualifying rounds on Thursday.

The tourney will continue through Sunday, with play-off matches being scheduled for that date. Prizes will be awarded in all flights.

An attraction of the tourney will be a buffet supper tonight

The growers who vote in the June 25 wheat marketing quota referendum will decide the question of "quotas" or "no quotas", T. H. Jones, Chairman of the County Agricultural Stabilization and Conservation Committee, said in a last-minute reminder to wheat farmers. Any Texas farmer who will harvest more than 15 acres of wheat as grain in 1956 on any one farm is eligible to vote in the referendum.

The vote will have an important effect on the marketing and price-support programs for the 1956 wheat crop. Mr. Jones pointed out. If at least two-thirds of the farmers voting approve quotas, quotas will continue in effect for farms with more than 15 acres of wheat, with marketing quota penalties of 45 percent of parity on the production from acreage in excess of farm allotments. Price support on the crop in the commercial area will be available at a level probably between 75 and 82 percent of parity, the exact level to be announced before the referendum.

If more than one-third of the voters disapprove quotas, there will be no quotas or penalties for the 1956 wheat crop, but the available price support to farmers who do not exceed their farm wheat allotments will be 50 percent of parity, as provided by law.

Mr. Jones made it clear that wheat acreage allotments are not a point at issue; the wheat allotments will continue in effect no matter how the vote goes in the referendum. The law requires that wheat allotments may be dispensed with only in time of emergency.

Farm allotments for the 1956 wheat crop, based on a State acreage allotment of 4,227,136 acres, have already been mailed to farmers. In general, each farm on which a wheat crop was grown in any of the years 1953, 1954, or 1955 was assigned an acreage allotment. For a farm on which wheat will be seeded in 1956 for the first time since July 1, 1952, the farmer must make a special application for a "new farm" allotment.

Marketing quotas are directed by law to be proclaimed by the Secretary of Agriculture in years when the total supply of wheat exceeds the normal supply by more than 20 percent. The supply for 1956-57 is estimated at 1.86 billion bushels—66 percent more than the normal supply, and enough to meet current needs for domestic use and exports for the next 2 years.

The voting places are as follows:

Benjamin—Court House.
Truscott—Mrs. Clark's Office.
Gilliland—School House.
Vera—Veteran's Building.
Knox City—Legion Hall.
Sunset—School House.
Rhineland—Gin Office.
Munday—City Hall.
Goree—City Hall.

250 REGISTER FOR BIBLE SCHOOL AT FIRST BAPTIST CHURCH

The vacation Bible School which recently closed at the First Baptist Church in Munday marked up an enrollment of 250 children, with an average daily attendance of 197.

Rev. Robert H. Lloyd, pastor, was principal of the school which included Bible study, mission study and handicraft. Approximately 50 people served as instructors.

Superintendents and their departments included Mrs. H. E. Sharp, intermediates; Mrs. Fred Lain and Mrs. Pat Hill, junior classes; Mrs. Don Combs, beginners, and Mrs. L. W. Blacklock, nursery division.

(Thursday) at the club house for all golfers and visitors. Men and ladies are both invited to the supper with plates going at \$1.00 for all except those who are entered in the tourney.

Jeff Graham of Knox City was winner of last year's tourney, defeating Joe Morrow in the championship flight.

Invitations were extended to golfers of Crowell, Seymour, Knox City, Haskell, Stamford, Anson and Abilene.

THE CHANCES WE TAKE

Bill Vukovich, twice victorious in the 500-mile race at Indianapolis, died in a tragic accident on Memorial Day weekend trying for an unprecedented third win in a row.

The news of Vukovich's fatal crash on the speedway filled radio listeners with horror. They mourned a popular hero.

Several hours later came the news of 368 deaths in other fatal auto crashes on the highway. But the absence of drama in these accidents—and the anonymity of the victims—produced no comparable sense of loss to the nation as a whole.

Bill Vukovich took a calculated risk when he stepped into his high speed car. He was an expert driver and he knew the odds.

You and I might say he was foolish to take such chances. But just what chances did he take, as compared to those many so-called "pleasure" drivers take?

First, he was a fine driver. He had passed a rigorous examination of his skill and his physical condition before he was allowed on the track. His reflexes and coordination probably were far above average.

His car was tuned like a fine watch. Every mechanical part had been checked and rechecked. He would have changed tires twice had he finished the race.

The car was reinforced with rollover bars. He wore a crash helmet and safety belt.

His fellow drivers also were experts. They were all going one way. There was no cross traffic, no pedestrians, no narrow bridges, no turns, hills, no blinding lights and countless other hazards met in almost every mile of ordinary roadway.

And a glancing crash into a retaining wall at 120 m.p.h. does not develop the lethal force that a head-on collision does of two cars traveling 60.

How many highway drivers know as well as Vukovich did the hazards they may encounter? How many are as well equipped to cope with them?

So when you drive your car on the Fourth of July, think of Vukovich—not as a fast driver, but as a man who knew what he was up against and took calculated risks. Make sure you know what you are up against on the highway this weekend—and drive accordingly.

GRASS ROOTS OPINION

Mountain City, Tenn., Tomahawk: "Under freedom the people of this country have prospered."

DIRTY BIRDSKI!

Before long, if plans go through, 10 Soviet farm experts will visit Iowa and take a searching look at American farming methods. Russia has always had a food problem, and periodically she has suffered widespread famine. The head of the Communist Party is determined to do something drastic about it, and he clearly is convinced that at least a partial answer can be found in the U. S.—home of decadent capitalism. He is especially interested in what is known as a "corn-hog-economy." Under it, farmers raise big quantities of corn and use it to fatten hogs for market.

In an editorial on this development the Portland Oregonian observed: "The Soviet experts, if they are honest, will report back to the Kremlin after their Iowa visit that corn must be grown in a suitable climate, that farmers will produce it in corn-belt quantities not by compulsion but with possible profit in view and with a right to determine whether it shall be corn or hogs this year. That is a free economy and capitalism, of course, and anyone who would suggest it in Moscow would be a dirty birdski. The experts may as well stay home."

If they do come they will certainly get some surprises. For example, it might profit them to survey the great American livestock industry—meat of all kinds being one of Russia's chronic shortages. They will find that the livestock producers, even in times of severe price declines, have refused to ask for government subsidies or supports and have chosen to take their own chances and keep their independence. These producers, in other words, believe in freedom and they aren't afraid of risk. That will pose a really tough problem to the masters in the Kremlin.

UNLIMITED PROGRESS—IF!

In the view of Clem D. Johnston, president of the Chamber of Commerce of the United States, pioneering is just beginning in America. As an example, he pointed out that American enterprise is spending nearly \$4,000,000,000 a year on research, and said that this is providing today's young people with opportunities "far greater than the western frontier ever provided for our grandparents."

He then added a warning—that, if we are to fulfill our potential, we must "rid ourselves of this welfare state philosophy of giving everyone, regardless of how much work he does or how well he does it, an equal share of everything."

There can be no progress, material or otherwise, unless men can reap and enjoy the fruits of achievement.

WHAT DOES THE BIBLE SAY?

Does Jesus live in your house?

A man knocked at her door. He asked one question "Does Jesus live here?" She was so shocked that she slammed the door in his face. Later her husband said: "Why didn't you tell him that we go to Bible school and worship and read the Bible, at least occasionally?" She answered: "I know that, but he asked the question, 'Does Jesus live here?' frankly, I don't know!"

What about your home? Does Jesus live in it? Is he the ever present guest at every meal, in every activity? If not, you should invite him into your home and begin obeying his will for you.

The home is a divine institution. God ordained that a man should leave his father and his mother and cleave unto his wife and that the two should be one flesh. "What God hath joined together, let not man put asunder." Jesus taught that the home is the first line of defense against immorality, worldliness, and every evil. No other institution can take the place of the home. The school, the state, even the church cannot take the place of the Christian home.

The fight for righteousness in the home is as old as sin. In the long ago, Joshua called the people of Israel before him, there he presented this stirring

challenge to them. It is applicable to the people of the world today:

"Now therefore fear the Lord and serve him in sincerity and in truth; and put away the gods which your fathers served on the other side of the flood, and in Egypt, and serve ye the Lord . . . choose ye this day whom ye will serve, whether the gods which your fathers served that were on the other side of the flood, or the gods of the Amorites in whose land ye dwell, but as for me and my house, we will serve the Lord." (Josh. 24: 14-15.)

Fathers and mothers, does Jesus live in your house? Do you attend Bible school and worship with your children? Do you read the Bible and have prayer in your home? We are commanded to bring our children up in the "nurture and admonition of the Lord." (Eph. 6:4.)

If you have not yet accepted Jesus as your saviour, we urge you to do so today. It is very simple. Believe on him with all your heart, let that faith lead you to repent, turning away from your sins. Then confess your faith in Christ, be buried with him in baptism for the remission of your sins (Acts 2: 38; Rom. 6:4). Then walk in the light as Jesus is in the light. Wear his name and do his will. Heaven will be your eternal home.

News From The U. S. Congress

Congressman Frank Ikard

About a year ago the Supreme Court held that the Federal Power Commission had the authority to regulate the production, gathering, and processing of natural gas. The practical effect of this decision is that the Federal Power Commission would take over absolute control of the production of natural gas. The passage of legislation that would nullify this decision is of vital importance to all Texas. Unless the Congress does pass such a law it will mean that we in Texas will have lost control of our great natural resources. Oddly enough the most effective opposition to the passage of such legislation has come from many of the gas distributing companies. They have incited their customers by telling them the passage of an act limiting the jurisdiction of the Federal Power Commission would mean higher gas rates which, of course, simply is not true. They have influenced many prominent state officials to oppose the bill for

the same reason. It is hard to understand how the distributing companies could adopt this attitude when they have resisted so vigorously federal regulation of their own industry. If this legislation should fail to pass Congress, the responsibility for such failure must be borne by the distributing companies.

On an average, the producer gets less than 10% of the price that the consumer pays for gas. It is interesting to note that in New York City the average cost to residents is \$2.42 out of which the producer receives 7.8 cents. In Baltimore the cost of gas to residents is \$1.26 while the producer receives 12.5 cents. In Detroit the housewife pays 78.5 cents of which the producer receives 8.5 cents. In Pittsburgh, Pennsylvania, the cost of residential use is 75.4 cents while the producer receives 14.18 cents. By examining these figures and those in principal cities throughout the country it can easily be seen that actually the producer could give his gas away and still the price to the consumer would not be materially affected. Therefore, the argument that the distributing companies have sold to their customers simply will not hold water.

Visitors from home this week have been Mr. Orin Fortenberry of Greenwood, Miss Johnnie Christian of Denton but who now works here in Washington, Mr. Ray Nichols of Vernon, Mr. and Mrs. Ray H. Stine and Mrs. H. D. Stine of Petrolia, Mrs. E. H. Garrett of Antelope, Miss Lemeta Shelton Swan, Miss Harriett G. Copeland, Mrs. Jasper Copeland, and Rabbi and Mrs. M. Goodman of Wichita Falls, and Mr. and Mrs. Weldon Cowan and their three children of Nocona.

Drive carefully. The life you save may be your own.

Bathe Your Way to Health!

Health and happiness are always in season—and there's no better place to give them a boost than Hot Springs! A staff of expert attendants is maintained in the Majestic Hotel Bath Department. Under their skilled treatment, you will find glowing health and contentment, replace aches, tension and worries . . . And remember, our Bath House is operated in accordance with regulations prescribed by the Nat'l Park Service of the U. S. Government's Dept't of the Interior.

IT'S THE LAW
in Texas

DEFENSE LAWYERS BRAVE UNDUCE CRITICISM

One of the cardinal principles of American law is that a man is considered innocent until proven guilty by proper legal proceedings. Practically everyone pays lip service to this ideal, but many fail to realize that the right to be represented by counsel is a logical and essential corollary of that theory of justice. There is a good deal of criticism of attorneys representing defendants in criminal cases. Much of this criticism is unjust.

Should lawyers defend in court persons whom they know or have good reason to believe are guilty of the crimes charged against them? A recent scientific sampling of the attitude of the public in Texas toward lawyers and law problems shows that more than half of all persons interviewed thought it was wrong for a lawyer to defend such a person.

Such an attitude is rather startling to thinking citizens and members of the Bar. Surely the guiltiest criminal has a right to a fair trial by the law of the land. Such a trial he cannot have

without a competent attorney to see that a fair jury is selected and that only lawful evidence is introduced against him.

With reference to this feeling on the part of a sizeable portion of the public, a certain District Judge who tries many criminal cases, and who served eighteen years as a prosecuting attorney before his election to the Bench, recently offered the following comments:

"The result of this survey is no surprise to me, in that during my eighteen years of prosecuting, this feeling has been made known to me by hundreds of persons.

"The feeling on the part of the general public in this regard is brought about to a great extent by the sincere efforts on the part of the defense counsel to see that his client receives the benefit of every legal safeguard to which he is entitled. These legal maneuvers are often misunderstood by the layman as an unethical effort to defeat justice, by delay of the trial, and by taking advantage of certain defenses that to the layman appear to be trivial technicalities.

"Attorneys are the only ones who can correct the erroneous feeling of the general public regarding the defense of one who appears to be guilty as charged. We attorneys should emphatically state to the inquiring person that it is one of the cardinal rights of the individual in a democratic society to be considered innocent until his guilt is established beyond a reasonable doubt by legal and competent evidence.

"The public must be brought to the realization that all who are charged with crime are entitled to the expert counsel and aid of an attorney, and that the sworn duty of such attorney is to see that each prospective legal right, to which the accused is entitled, is afforded him."

Now and then a lawyer will overstep the bounds of his duty in defending those charged with crime. When that happens, the legal profession is even more indignant than the public generally, and appropriate disciplinary proceedings are instituted where warranted.

This column, based on Texas law, is written to inform—not advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts because the facts may change the application of the law.)

People, Spots In The News

UN-BRITISH? — Margaret Rowe of London won "Miss England" title, but some Britons argued her 37-24-37 figure was "not typical."

4-H'ERS WORKING TO REDUCE MACHINERY COSTS AND REPAIRS

The tractor has become the modern symbol of American agricultural progress, signifying the swing to more efficient production methods on the nation's farms. And 4-H Club members participating in the National 4-H Tractor program are constantly working to increase production efficiency.

Fuel wasted each year by tractors and from other farm engines due to improper carburetor adjustment would fill a train of repair bills which could be saved with proper tractor and machine care. During the past 12 years, 440,000 4-H members and leaders have received training through the program which helps them combat these unnecessary losses.

In the program, 4-H'ers learn how to adjust the carburetor, properly lubricate tractors and other machinery, service the air cleaner, care for ignition and cooling systems, and many other steps designed to give longer, more efficient use of tractors and machinery. In short, it is a program of "Care, not Repair."

Safe operating practices are also taught members while they learn about care of farm equipment. In fact, tractor safety is the first lesson in the program and it is stressed throughout. In addition, members develop qualities of leadership, helpfulness, initiative and thrift.

Funds for leader training, literature helps and awards for members are provided in the 4-H Tractor Award program by the Stanolind Foundation, Inc. Medals of honor are offered to four winners in each county who do outstanding work. The state winner will receive an expense-paid trip to the National 4-H Club Congress in Chicago, Nov. 27-Dec. 1, and at the Congress, 12 state winners will receive na-

tional awards of \$300 scholarships.

The program is conducted by the Cooperative Extension Service and the awards arranged by the National Committee on Boys and Girls Club Work. Full information is available from county Extension agents.

Mr. and Mrs. E. L. Horton and Tommy attended the Fogelman family reunion in Abilene last Sunday.

MOST Modern V8 FOR YOUR JOB!

NOW...THE SHORTEST STROKE V8's IN ANY LEADING TRUCK!

Now new Chevrolet Task-Force trucks bring you the industry's most advanced V8 engines* with an ultra-short stroke for reduced friction and wear. Here are some of the modern features they bring you.

Modern 12-volt electrical system

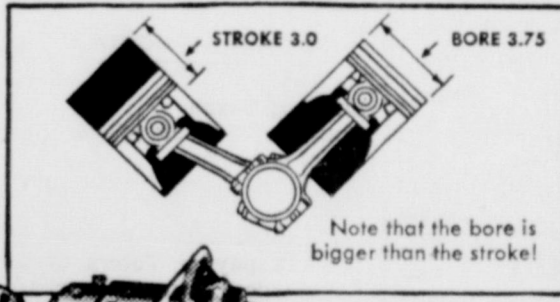

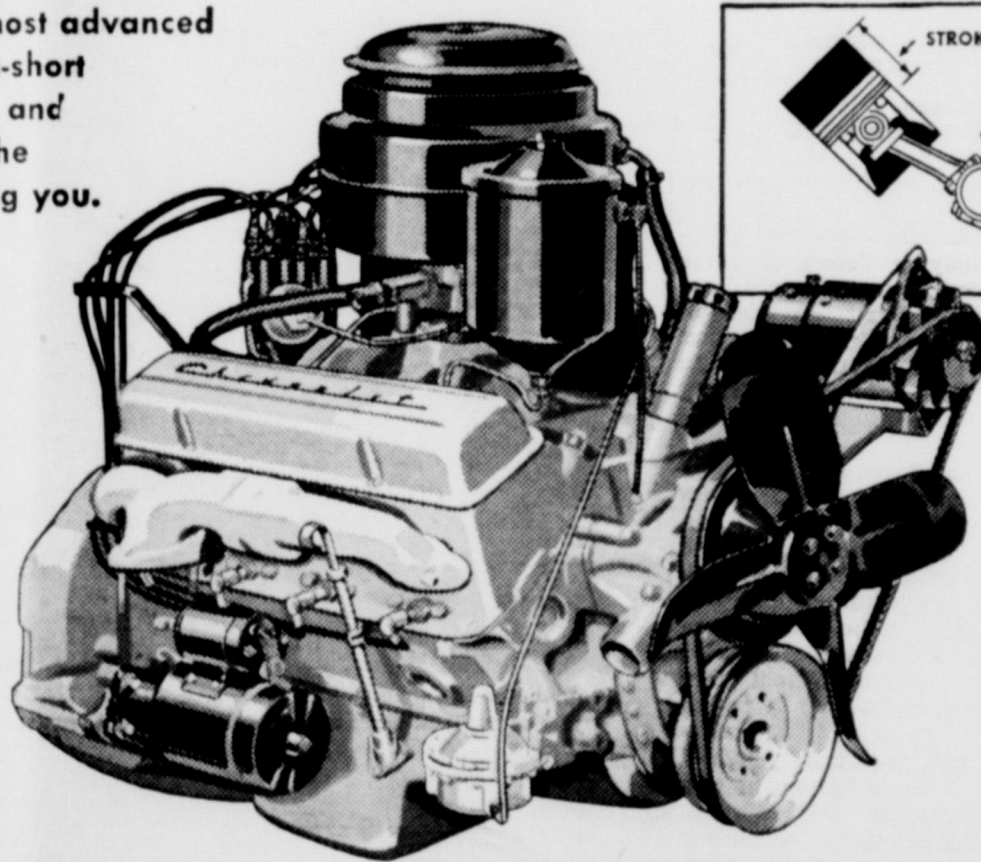

You get double the punch for quicker starting and more efficient ignition. Also, you have a greater reserve of electrical power.

Gas-saving high-compression ratio

With a high 7.5 to 1 compression ratio, Chevrolet's new V8 truck engines squeeze extra power—and work—out of every tankful of gas. Hauling costs go down!

Extra-high power per pound

Compact, super-efficient design results in high power output per pound of engine weight. This means more useable power!

Advanced aircraft-type valves
A new valve train design permits each valve to function independently—as in modern aircraft engines. Valve action is more positive.

Floating oil intake... full-pressure lubrication
New floating oil intake selects the cleanest oil for engine lubrication. Full-pressure lubrication provides positive protection.

*V8 standard in the new L.C.F. models, an extra-cost option in all others except Forward-Control models.

NEW CHEVROLET Task-Force TRUCKS

Year after year, America's best selling truck

BENJAMIN NEWS

(Mrs. Von R. Terry, Cor.)

Recent guests in the home of Mrs. A. H. Sams were Mrs. L. C. Moorhouse of Santa Rosa N. M.;

Mr. and Mrs. A. H. Sams, Jr. and daughter of Uvalde, Mr. and Mrs. A. M. Armstrong and granddaughter, Dana, of Post, and Mr. and Mrs. J. D. McStay and son of Vernon.

Mr. and Mrs. Calvin Dunlap and family of Sweetwater were recent visitors with Mrs. Myrtle Meinzer.

Mr. and Mrs. Homer T. Melton and son accompanied Mr. and Mrs. Parks Norris of Tulla to Sweetwater one day last week, from which point the Norrises took a train for Galveston where he is receiving medical attention.

Mr. and Mrs. Bradley Ray and sons and their niece of Colorado Springs, Colo., were guests of Mr. and Mrs. Clarence Littlepage one night last week.

Mr. and Mrs. Wylie Cates of Fort Worth were recent visitors with Mr. and Mrs. Lawrence Johnson. They, Mrs. Johnson and Cora Bell Kuykendall attended a meeting in Throckmorton.

Mr. and Mrs. Douglas Benham were business visitors in Seymour last Saturday.

Visitors in the home of Mr. and Mrs. W. T. Cartwright last Friday night were Mr. and Mrs. Coleman Pennington and chil-

It was from the fall of 1917 until the spring of 1921 that the great Eastland County oil boom took place. It is amazing that, so many years later, now pools are still being discovered in the county, bringing a flow of wealth to landowners and operators.

A few years ago, when I was visiting in Eastland, they told me about A. V. Clark, a veteran cable-tool driller who had taken part in the big boom. He decided to retire from the hard work on the derrick floor, so he bought a tract of some 250 acres, a few miles west of town, and began to raise registered cattle. Then the Briggs Owen pool was discovered and the Clark land was tested and, at that time, there were five producing wells—one of which flowed at the rate of 776 barrels a day through a half-inch choke.

Had the flow been wide open, as in the boom days, the well doubtless would have been as big as

some of the biggest of those times. Also they told me about J. W. Courtney, who had run a picture show in Mineral Wells for a long time and decided to retire to the country. So, in 1944, he found a place to his liking near Eastland and soon, with the aid of a son back from the army, he had a sizeable bunch of cattle on the 1,300 acres. And then oil was struck on the place, making a dramatic success story as exciting as the old-time silent flickers he used to show in his first movie house in Weatherford, way back in 1912, in an old church house, by the way! (The congregation had sold it after building a new edifice.)

Some time ago your columnist had the pleasure of making his first speech in New Mexico, at Albuquerque, and at the head table were the governor and a United States Senator.

I had felt a long way from home on arrival but was hailed from across the street by Al Purvis, an Albuquerque business man, who played on the Cisco High School football team when I was a sports writer. And I had hardly checked in at the hotel before H. G. Vermillion, former Eastland editor, called; he is in public relations work in Albu-

dren and Mr. and Mrs. Harley Young of Ada, Okla.

Mrs. Nancy Hamilton and Bobby Jack visited Mr. and Mrs. Bernie Hale and family in Seagraves and her mother, Mrs. Betsy West in Lamesa over the week end.

Mr. and Mrs. George Jackson accompanied a niece from Wichita Falls to Crosbyton last Sunday to attend a family reunion.

Mrs. Myrtle Meinzer and Joe Ballard visited relatives and friends in Stamford last Sunday.

Mrs. W. A. Barnett Pete and Omitene and Connie and Annette Porter attended the Seymour rodeo one night last week.

Mrs. Kathaleen Melton and Jimmy and Mrs. Doris Stone attended the rodeo in Seymour one night last week.

Mr. and Mrs. Curtis Brown visited her parents, Mr. and Mrs. James, in Tahoka over the week end.

Mr. and Mrs. Terrell Taylor and daughters of Lubbock spent the week end with her mother, Mrs. J. A. McCannies, and other relatives.

Miss Jean Galloway of Lubbock was a week end visitor with her parents, Mr. and Mrs. J. L. Galloway.

Mrs. Gene Taylor and daughter of Munday visited friends here Friday night.

Mr. and Mrs. Floyd Nunley and children of Midland spent the week end with her parents, Mr. and Mrs. Lee Snialum, and other relatives.

Mrs. Connie Hertel and daughter of Vera visited relatives and friends here last Friday.

Miss Peggy Atkinson of Lubbock was a week end guest of her parents, Mr. and Mrs. Louis Atkinson, and also visited other relatives and friends.

Legal Notice

NOTICE OF SCHOOL TAX ELECTION

State of Texas
Counties of Knox, Haskell, and Throckmorton,
Gore Independent School District.

To the Resident Qualified Property Taxpaying Voters of Gore Independent School District:

Take Notice that an election will be held on July 9, 1955, at the Gore Memorial Building in the said Gore Independent School District on the following proposition:

"Shall the Board of Trustees of Gore Independent School District have the power to levy and collect an ad valorem tax on the one hundred (\$100.00) dollar valuation of all taxable property in said district, for the maintenance of the public free schools in said Gore Independent School District of and at the rate of not to exceed one dollar and fifty cents (\$1.50) on the one hundred (\$100.00) dollar valuation of taxable property in said district, such tax if voted, to be levied and collected for the year 1955, and annually thereafter unless it be discontinued as provided by law."

The Order for this election was passed by the Board of Trustees of said district in special session, June 20, 1955, and was in answer to a petition signed by twenty-one qualified resident taxpaying voters of the Gore Independent School District.

Notices of this election have been posted in three different places within the bounds of the Gore Independent School District as is provided by law.

GEORGE W. HUNT, Pres.
Elkin B. Warren, Secretary.
Attest: 48-3tc

HAVING BORER TROUBLES?

Are you having borer trouble? Well, who is not? If you have either fruit trees or shade trees or evergreen trees no doubt some of them have been attacked by borers and are looking sickly or some may have died. The big question then is what can be done to save the trees.

In attempting to answer this question it must be understood that so far as the best authorities know there is nothing that is 100% effective in either preventing borers, nor curing the trees that have been attacked. But some things that may be done to help prevent the attacks are first, keep your trees growing vigorously and in a healthy condition by supplying them with plenty of water and fertilizer. Secondly, at this time of year spray all the foliage and limbs and trunks of both fruit trees and shade trees with 50% wettable DDT powder dissolved in water at the rate of 2 pounds of powder to 50 gallons of water. This will not kill the borers that are already burrowed in the tree

under the bark, but will be effective in preventing the adults from laying eggs on the trees and allowing them to hatch into the dangerous larva which may attack your trees later in the season if left alone.

From now until the 10th of July is the time to treat your trees.

You find Texas folks everywhere.

COLE CHILDREN HOME ON VISIT

Visitors in the home of Mr. and Mrs. Gordon Cole last Sunday were their children and their families, Mr. and Mrs. Aaron Ballard and children of Munday, Mr. and Mrs. Don Jacobs and children of Trusecott, Mr. John Cole and Glenda of Vera, Mr. and Mrs. Archie Struck and children of Goree, Mr. and Mrs. Pate Meinzer and children of Benjamin, Mrs. Charlene Guier and sons of Mill City, Oregon, also two grandsons, Kenneth and Donnie Cole, of Bentley, Okla. Mrs. Guier and sons are here for a month's visit.

Mr. and Mrs. C. A. Kuehler and family and Mr. and Mrs. Jim Bishop and son of Brownfield visited relatives in Rhineland over the week end.

Baptist Youth In Encampment At Lueders June 27-30

Junior Royal Ambassador camp for Baptist boys of District 17 will be held at the Lueders Baptist Encampment grounds on June 27-30.

This will be the third of a series of Baptist youth camps at the Encampment grounds on the Clear Fork of the Brazos this summer.

The campers will stay in cabins and eat at the Encampment cafeteria. Rev. Henry Littleton is business manager and Mrs. Littleton is manager of the book store.

Harry Grantz of Carbon is district Royal Ambassador leader. Rev. Harvey Kimbler of Eastland is camp pastor and Rev. Frank Edwards, missionary to Nigeria, will be camp missionary.

The daily schedule will include worship service, mission study, supervised recreation and athletics and swimming. Boys will have an opportunity to advance in rank in the Royal Ambassador organization. Handwork is also planned.

Attendance is expected to exceed last year's when 303 Junior boys from all over the district were in camp. All of the five youth camps had a total attendance of 1244 last season.

PONDERS HOME FROM VISIT WITH SONS

Mr. and Mrs. E. R. Ponder returned home Monday from a visit with their sons, Danny in El Paso, Harold and family of Escondido, California, and their daughter, Mrs. Vern E. Plass and family of San Jose, Calif. They also visited interesting places in Phoenix, Ariz.; San Francisco, San Diego and Sacramento, Calif.; Salt Lake City, Utah; Reno, Nevada, and Denver and Colorado Springs, Colo.

They enjoyed the snow-capped peaks of the Sierras and Rocky Mountains and a snow fall while driving through Estes Park to a height of more than 12,000 feet. Snow was drifted as high as 15 feet in some places.

Mr. and Mrs. E. B. Littlefield visited his parents and other relatives in Anson last Sunday.

The makers of Super-Refined No-Nox, the clean-burning gasoline, now bring you a new super-refined motor oil...

New Gulfpride H.D. Select

Available in 3 grades—SAE 10W, SAE 20/20W, SAE 30. Lets you follow your car manufacturer's recommendation for each season.

...the only motor oil in the world super-refined by the Alchlor Process for modern high-compression engines.

Not a compromise, multi-viscosity oil that tries to be an "all-season," "three-grades-in-one" oil. Contains no artificial thickeners that break down in your engine and increase oil consumption.

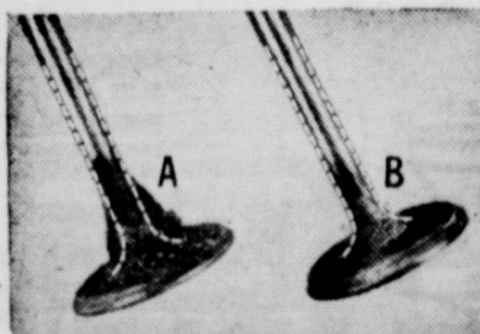

This completely new kind of motor oil—made possible by Gulf's exclusive Alchlor Process—is available in 3 grades to give you the finest protection, the best oil mileage for your make of car—in every season.

- Controls carbon—cause of knock, pre-ignition, valve failure and loss of power in high-compression engines.
- Combats corrosive acids, rust and deposits that build up on engine parts. Keeps hydraulic valve lifters quiet and free-acting.
- Assures lower oil consumption than the multi-viscosity "all-season" motor oils, because it has natural viscosity and contains no artificial thickeners that break down in your engine.
- Provides the toughest protective film ever developed in a motor oil... assures better engine protection for all cars under all driving conditions.

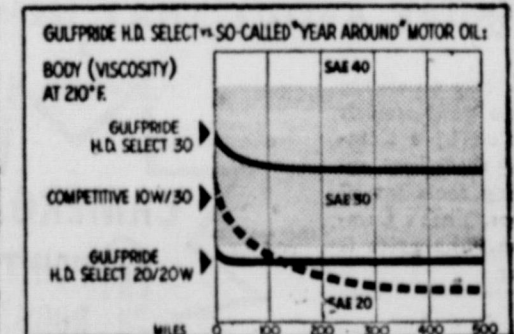

Now! For the ultimate in working octane performance and engine protection, always use Gulf's super-refined gas-oil team...

New Gulf No-Nox Gasoline
New Gulfpride H.D. Select Motor Oil

"Coked" valve "A" is from engine using a so-called "all-season," multi-grade oil. Coke-like carbon deposit is a cause of sluggish performance and ultimate valve failure. Clean valve "B" is from engine using new Gulfpride.

See how Gulfpride H.D. Select holds its "body" (viscosity). This new oil contains no artificial thickeners that break down under heat and pressure. But note how quickly a typical multi-viscosity 10W-30 oil starts to lose its body.

Knox Prairie Philosopher Claims He And Eisenhower Both Learning World Affairs From Their Two Farms

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek discusses a well-known farmer this week, while he probably should have been working his crop.

J. A.

I read in a copy of a newspaper which I borrowed out of my neighbor's mail box yesterday morning before he got there, like a lot of foreign countries, I believe in the good neighbor policy, that is, I believe in having neighbors who are good at loaning things to me, where President Eisenhower has warned the American people not to expect too much out of the coming Big Four Conference later this summer.

What this proves is that Eisenhower's farm, which a lot of people have criticized him for visiting too much, is standing him in good stead.

Anybody who has ever fooled with a farm soon catches on not to expect too much.

I don't know what all the President is raising on his farm, any more than he knows what I'm raising on mine, but whatever it is, I know by now he has discovered it won't grow nearly as much as he expected it would, and I think it's a fine thing he is learning from it and carrying his knowledge over into international affairs. Contending with a farm is ideal training for contending with a country like Russia.

I have been using this system out here on my Johnson grass farm for years, and it saves me from a lot of disappointment. When a candidate for example shows up out here during a cam-

aign and promises to double farm prices, I know how to react. I figure prices will be about the same or maybe a little less.

If Russia suddenly decides to change her course and announces she is in favor of world peace, me and Eisenhower recall how our crops turned out last year and keep our bearings.

Everybody ought to have a farm, it's educational, it's instructive, it's fun, but I can tell you its probably more fun if you've got a President's salary coming in on the side.

Guests of Mr. and Mrs. Don Combs and LuAnn over the week end were her sister and husband, Mr. and Mrs. C. W. Prichard of Dallas. They were enroute to Amarrillo to spend their vacation.

Mr. and Mrs. Troy Denham and children of Lueders were Sunday guests of her parents, Mr. and Mrs. Leland Hannah.

Albert Loran and Donald Decker were business visitors in Lubbock last Sunday.

Cecil Fitzgerald visited his daughters and their families in Post over the week end.

Weekly Health LETTER

Issued by Henry A. Holle, M. D., State Health Officer of Texas

AUSTIN—Texas' 1954 baby crop turned out to be the biggest on record, the State Health Department's Bureau of Vital Statistics reported Thursday.

The 240,209 live births registered for the year was an all-time high rate of 28.4 births for every 1000 population, bureau statisticians said.

Most of the new babies were boys—104 for every 100 girls—the summary said, but 881 more male babies than females died during their first year.

"The attrition against the male sex goes on steadily through infancy, childhood, adolescence, maturity, and old age, a statistician commented.

How many mothers of 1954 babies were residents of Texas at the time of the blessed event is not yet known, but every one of the babies are bona fide Lone Star citizens by virtue of state law.

While birth rates were soaring to unprecedented high levels, the deaths from selected causes were being cut to the lowest points in history.

"Last year saw the total death rate (7.7 per 1000 pop.), the infant mortality rate (31.0 per 1000 live births), the maternal mortality rate (0.6 per 1000 live births), and the stillbirth ratio (17.3 per 1000 live births) at new all-time lows," the report indicated.

In addition to the reductions posted in infant and maternal deaths, the report said the past two decades have witnessed drastic reductions in deaths from diseases affecting the general population.

There were 99 percent fewer deaths from each of typhoid fever, diphtheria, malaria, and pellagra last year than in 1934. Scarlet fever rates have been cut by 98 percent from the rate 20 years ago. Ninety-six fewer deaths from each of whooping cough and measles are occurring today than occurred in 1934.

Influenza is claiming 90 percent fewer victims today than it did 20 years ago, while tuberculosis is killing 84 percent fewer people than the 1934 rate. Syphilis rates have been cut 81 percent.

ANYONE FOR GOLF?

This feminine golfer puts in style! She is dressed in cool, comfortable cotton coordinates designed by Jo Collins. A polka dot print blouse of cotton broadcloth is teamed with trim shorts in solid cotton.

Mr. and Mrs. Gene Shackelford and children of Stamford spent Wednesday night with her parents, Mr. and Mrs. J. A. Hill, enroute to Wyoming for a vacation.

LONE STAR Agriculture

Released by The Texas Department of Agriculture

By John C. White, Commissioner

REESTABLISHING TEXAS PASTURES

Drought-breaking rains in many parts of the state have focused attention on the need to restore vital pasturelands ravaged by five years of burning dry weather.

Many thousands of acres of rangeland, especially in West Texas, have been relegated to "second table" or even barren condition during the drought. The rainfall, alone, will not restore it to proper productivity without additional care.

Landowners must take into consideration the makeup of the soil when they start seeding operations. Plenty of seed but too little lime and fertilizer may mean "poor luck" in establishing a good pasture.

There are scores of reasons for poor stands and failures, including planting seed too deep or too shallow, lack of firmness of seed bed, use of poor quality or unadapted seed and competition by weeds. These are particularly true when a good legume-grass cover is attempted. Yet, the major cause appears to be a lack of plant nutrients.

Some 4 million of our nation's

FOR SALE—12 horse outboard motor. Priced reasonable. Joe E. Morrow. 26-tfc

farms are below even minimum standards on grass culture. The complacency shown by many growers in regard to regular and disastrous stand failures is costing them an extra \$50 million a year for seed, alone.

Before seeding a field, it is to the farmer's advantage to get a complete soil analysis and determine what nutrients it may need to guarantee a good crop. On one Central Texas farm, proper fertilization meant the difference between 2,210 pounds of weed-free forage per acre as compared with a previous yield of 410 pounds containing 40 to 70 percent weeds.

Grassland farmers are urged to consult their county agents or write direct to the Texas Department of Agriculture, Austin, for soil sample information. The proper planning beforehand may mean the difference between success and failure in re-establishing pastures wiped out by the drought.

Mr. and Mrs. Joe Edd Sweatt and children of Wichita Falls were week end guests of his parents, Mr. and Mrs. L. C. Sweatt.

Miss Charlotte Hannah is visiting her sister and husband, Mr. and Mrs. Jim Choate, in El Paso this week.

In The Dark?

In the dark about the problems of life? Jesus Christ can dispel your darkness and fill your life with light and happiness. Learn of His love for you at our church this Sunday. "God . . . hath called you out of darkness into His marvelous light". I Peter 2:9

Shower Given Recent Bride

Mrs. Joe Smith, the former Shirley Gail Couch, was honored with a bridal shower on Friday evening, June 17, in the home of Mrs. Clarence Knight. In the receiving line were the honoree and her mother, Mrs. Taylor Couch; Mrs. Roy Smith, the groom's mother, Marylon Couch, sister of the bride.

Mrs. Terry Edwards of Munday, one of the hostesses, registered the guests, and Miss Jackie Latham ladled punch and served the cake. Mrs. Clarence Knight displayed the gifts. White crepe paper and silver letters were used in the decorations.

Nanette Roberts Injured Saturday

Nanette Roberts, daughter of Mr. and Mrs. Woody Roberts was injured Saturday night while she and several others were riding in the rear of a pickup. She jumped from the moving vehicle and hit upon the pavement, losing five teeth and receiving several cuts and skinned places on her face. She is reported to be feeling better.

Visiting in the home of Mr. and Mrs. W. R. Couch over the week end were Mr. and Mrs. Joe Smith of Wichita Falls and Mrs. Couch's sister, Mrs. Bob Graham of Abilene.

Buster Lane, who is working in Pampa, visited his mother, Mrs. Roy Lane, and other relatives here over the week end.

Rev. and Mrs. S. E. Stevenson visited Mr. and Mrs. Rex Allen and Curtis in Throckmorton recently.

Week end visitors of Van Thornton and Glenda were J. V. Thornton of Eunice, N. M.; Alice Thornton of Lubbock and Dode Thornton of Seagraves.

Visiting Mr. and Mrs. Hute Moore are two nieces, Mrs. Evitt of Anson and Mrs. Smith of Lubbock.

Buddy Hodges, Mickey Land, Gordon Smith, Jerry Gaines, Jerry Brown and Doug Donoho attended an F. F. A. meeting in Waco last Monday and Tuesday. Mr. and Mrs. T. C. Smith of

Oklahoma visited his brother and wife, Mr. and Mrs. J. J. Smith, over the week end.

Mr. and Mrs. Keith Chamberlain of Wichita Falls visited Mrs. Bobbie Chamberlain and Gaylon here and relatives in Munday over the week end.

Buel Claburn and Patsy visited Mrs. Claburn over the week end.

Mr. and Mrs. Gene Bingham of Wichita Falls visited Mrs. Ferris Mobley and family Sunday. Miss Jeanie Bingham is visiting with the Mobley family.

Visiting in the home of Mr. and Mrs. George Couch on Father's Day were their children, Mr. and Mrs. Heard Couch and Gary, Mr. and Mrs. Bud Yates and daughters, Jimmy Crouch and Katherine Crouch, all of Wichita Falls, and Mr. and Mrs. Buster Latham and children. Patricia and Shirley Bates remained here for a few days visit with their grandparents.

Miss Mozelle Vandiver of Memphis was a recent visitor with her parents, Mr. and Mrs. S. M. Vandiver.

Miss Carol Coffman of Wichita Falls visited her parents, Mr. and Mrs. Buster Coffman, over the week end.

Dr. and Mrs. W. M. Taylor left June 11th for a visit in Midland and New Mexico. They spend a few days with Mr. and Mrs. T. S. Hollis and Sharon in Midland and went from there to Carlsbad Caverns where they joined relatives from Atlanta, Ga. They visited with them one day and night, returning home Tuesday afternoon.

Jack Hampton returned home Saturday from a week's visit in Dallas and Grand Prairie. Royce Jones of Grand Prairie and Mr. and Mrs. Kenneth Phillips of Dallas returned home with him for the week end. Other visitors in the Hampton home were Mrs. Leo Jones and daughter, Anne, of Lovington, N. M.

Visiting in the home of Mr. and Mrs. Ben B. Hunt last Sunday were all their children. They are: Mr. and Mrs. Deryl McElreath, Lysa Lynn and Mike, of Dallas; Mr. and Mrs. James R. McKnight, Craig and Janie, of Garland, and Mr. and Mrs. George Hunt, Sharon, Judy, Joe

The Munday Times

LONE STAR GAS COMPANY

LET'S TALK LIVESTOCK

Hogs Highest Since Last September!

Hog prices opened 25 to 50 cents higher at Fort Worth Monday and topped at \$21.25 to \$21.50, the best price here since September, 1954. Sows were steady at \$16 down.

Some Corn Belt markets reported as high as 40 to 50 percent of their hogs receipts were sows on Monday. Indicates the Corn Belt farmers are getting things squared away to devote more time to field work.

This may also indicate that fed cattle offerings will taper off a little at these points. Grainfed cattle have been under heavy pressure due to heavy movements to market since the first of the year. Prices on fed cattle are 20% lower now than on January 1.

Cows And Slaughter Calves Decline Sharply

Shippers and independent packers, as well as the major packers, bore down on cow prices at Fort Worth in Monday's trade

and prices were sharply lower. Slaughter calves also met sharply lower bids in most cases. It was the first serious break in prices on these classes in several weeks.

Fed steers and yearlings were scarce and steady. Two loads of good supplementally fed steers weighing 1,145 pounds from Roscoe Edwards of Ringgold, Texas, were on the market. These sold at \$21 and were one of the first shipments of these good pasture fattened steers from the North Texas area to show on the market this season.

Stocker trade continues to be active and steady to strong. Bulls were also fully steady to strong. Comparative prices included: good and choice fed steers and yearlings \$19-\$22; common and medium \$11-\$18; fat cows \$10-\$13.50; canners and cutters \$6-\$11. Bulls \$10-\$14.50; slaughter calves \$10-\$19.50, a few to \$20 and better sparingly. Stocker steer calves \$22.50 down; steer yearlings \$21.50 down. Some older feeder steers \$19.50 downward. Stocker cows \$8-\$12.50.

Slocum And Idol To Judge Herefords

Henry Elder, secretary of the Texas Hereford Association, reported that Jack Idol, manager of the League Ranch Estate, Benjamin, Texas, has accepted a judges post in the Hereford feeder calf sale to be held at Fort Worth June 30. Idol is widely known and has spent a lifetime producing good feeders and will be a popular choice to judge them.

Third judge named was Furd Slocum, Cresson, Texas rancher and member of the famous Slocum Bros. ranching operations Southwest of Fort Worth. For three generations their ranch has been used to feed and pasture cattle and is in one of the areas' best grass countries. Slocum is highly regarded among commercial cattle men and his selection was hailed as another very happy choice.

Inquiries from Arkansas, Mississippi, Florida and Iowa have been received from potential buyers, and are heavy, including some from East Texas, North Texas, the plains area and from South Texas clear down to Beeville.

Sheep And Lambs Open Fully Steady, Top \$22.50

Once again the marketing opened at Fort Worth Monday with over 10,000 sheep and lambs at hand and prices were fully steady to strong. Choice fat Spring lambs topped at \$22 and \$22.50, and some good clipped yearling lambs sold at \$16, with choice kinds quotable \$16 to \$17.

Feeder Spring lambs at \$15.50 down and old crop wethers feeder lambs sold around \$12-\$12.50. Yearling ewes were quotable around \$15, and stocker ewes continued very scarce and in very broad demand.

Something For The Figure Addicts!

Somebody figured out that 2,003,000,000 hot dogs will be consumed this year between Memorial Day and Labor Day. This would be a string of hot dogs 246,780 miles long, or ten times the circumference of the earth. This averages 15.85 hot dogs per capita for our over 164,000,000 population. Last year it was only 15.33 hot dogs per capita.

Pass the mustard, will ya!

LOCALS

Nolan, Norris and Dennis Morgan returned home last Saturday from a two weeks visit with relatives in Clinton and Foss, Okla.

Mr. and Mrs. Leo Guffey and Don visited relatives in Lubbock last Thursday. Mrs. Guffey and Don left Lubbock on Friday for California where they plan to spend the summer.

Week end guests in the home of Mr. and Mrs. P. C. Phillips were Marion Phillips of Midland, Miss Helen Phillips of Abilene and Quentin Spann of Foss, Okla. Mrs. Spann and children, who have been visiting here the past week, returned home with Mr. Spann.

Eligible Wheat Growers Are Urged To Vote In Referendum Saturday, June 25

Quotas or no quotas is the question wheat farmers will decide in their wheat marketing referendum on June 25.

The vote, according to the Texas Agricultural Stabilization and Conservation Committee, will have an important effect on the marketing and price-support programs for the 1956 wheat crop. If two-thirds of the farmers voting approve quotas, quotas will continue in effect for farms with more than 15 acres of wheat along with marketing quota pen-

alties of 45 percent of parity on the production from acreage in excess of the farm allotments. Price support on the crop in the commercial states, which includes Texas, will be available at 75 percent of parity or at a minimum national average of \$1.81 a bushel.

If more than one-third of the voters cast ballots against quotas, there will be no quotas or penalties on the 1956 crop but the available support price to farmers who plant within their farm

BRANIFF AIRWAYS' SENATOR EMPLOYEE Vice President Ray C. Shrader, left, and three of the airline's employees born in 1928, the year the company was founded, are shown cutting a birthday cake at the Braniff

home base at Dallas at a party observing the 27th birthday of the airline. Left to right are Captain Shrader, who joined Braniff as a pilot in 1930, Flight Engineer Aubrey Turner, Mechante J. M. Slovacek and Hostess Joan Donaldson.

JOYCE MARIE MICHELS TRAINS WITH AIRLINES

Miss Joyce Marie Michels, daughter of Mr. and Mrs. Gene Michels, has been accepted for training as an airline hostess with the Braniff Airlines of Dallas.

Miss Michels, a graduate of Munday High School, started her training on Monday of this week.

Mr. and Mrs. A. E. Richmond and children of Lubbock and Lloyd Haynie of Wichita Falls, were guests of Mr. and Mrs. Charlie Haynie, Sr., over the week end.

Mr. and Mrs. Stanley Wardlaw and Jerry Jetton were Wichita Falls visitors last Saturday.

allotment will drop to 50 percent of parity as provided by law.

The Texas ASC Committee points out that wheat acreage allotments are not being voted on. Regardless of how the vote goes in the referendum, acreage allotments will continue in effect. They may be dispensed with only in time of emergency, adds the committee.

The committee points out that wheat supplies are now 66 percent more than the normal supply and large enough to meet current needs for domestic use and export for the next two years. Marketing quotas, by law, must be proclaimed by the Secretary of Agriculture when the total supply of wheat exceeds the normal supply by 20 percent.

Finally, the Texas Committee urges every eligible wheat producer—in Texas includes wives—to vote in the June 25 referendum. The decision is an important one. Growers with unanswered questions should contact their local ASC office for more information.

A MESSAGE FROM THERESA ANN TRAMMELL

Theresa Ann Trammell, that's me, and let me tell you Texans that I am the daughter of Mr. and Mrs. R. L. Trammell and we live in Tucson, Ariz. I made my arrival in this old world on June 11th and I weighed exactly 7 pounds and 15 ounces. Oh yes, I have some grandparents living in Texas. You may know them. They are Mr. and Mrs. Frank Trammell of Munday. My other

grandparents are Mr. and Mrs. Fred Bellerma and they live in my town so I wouldn't be a bit surprised if I didn't get a little spoiling. I'll be out to Texas one of these days to see you, so be looking for me.

Mr. and Mrs. Shelton Phillips and son, Charles, and Mrs. Wilke Guinn and children visited Mrs. Phillips and Mrs. Guinn's parents, Mr. and Mrs. Warren, in Fort Worth during the past week.

Christi and Marta Edwards of Waco visited several days with their grandparents, Mr. and Mrs. Chester Bowden. They returned to Fort Worth with their mother, Mrs. Jerry Edwards, last Tuesday to visit a few days.

M. H. Lee and family of Lemon Cove, Calif., were Saturday visitors of Miss Shelly Lee.

Lee Bowden of Abilene spent the week with his parents, Mr. and Mrs. Levi Bowden.
