NO. 45

## Kracker Krumb's

Odd Bits Salvaged  
at Random

It really doesn't matter to us; and, perhaps, is none of our business, but we've noticed it for quite some time.

We were taught as a child, and we've seen it in the Good Book, that "The Lord loveth a cheerful giver," and "It is more blessed to give than to receive."

That being the case, it seems to us that the most beloved and the one receiving the greatest blessings is that person called "Anonymous."

It doesn't just happen in Munday, but in the big cities, too. In almost every case where contributions are received for some cause, that guy, Anonymous, bobs up several times.

In our most recent case where our newspaper was called on to help, Mr. or Mrs. Anonymous bobbed up several times. In fact, the guy headed the list!

Newspapers just can't be anonymous when they are called on to or voluntarily plug for a worthy cause. And we wouldn't want to be.

That guy is without personality, without sex or gender.

You can't mail a note of thanks to him.

You can't jot him down in your book of fond memories.

You can't put your finger on him.

You can't connect him with any living person you know unless, of course, someone reveals his identity. In most cases there are two or three who actually know who the guy is.

There's one good thing about him. Anonymous always chips in on a good cause, so why should it matter to us? But—

If we wanted to go swimming, we'd head for the Munday municipal swimming pool instead of an anonymous pool.

We don't think we'd like to go see an anonymous picture show.

We think we'd soon get tired of going to church to hear Rev. Anonymous preach.

We don't even like to get letters of an anonymous nature.

But we hope Mr. or Mrs. Anonymous lives long and prospers. Many good things are done in his or her name.

Working week ends, sans holi days, sometimes seem dull and drab and without incident.

But the Memorial Day week end holidays were not without incident by any means.

It meant "30" for 332 persons in America by the closing hours of Monday. The toll was expected to climb higher as the holiday travelers were completing their homeward journeys.

The National Safety Council thought the record of 363 deaths in 1952 undoubtedly would be surpassed this Memorial Day week end.

We suppose the merchants of Munday were wise in voting "business as usual" this Memorial Day. At least no tragedy has saddened our community, so far as we know.

We needed 500 post cards Monday and rushed to the post office with a \$10 bill to purchase them. We found the windows closed down tight.

We told P. M. Lee Haymes Tuesday that he certainly would have lost our business if he'd had a competitor open on Monday. As it was, we didn't need the cards and our customer didn't need them as badly as he thought he did.

Mrs. Lester English and son, Paul of Hereford spent last week with her parents, Mr. and Mrs. Ed Thompson, and other relatives.

## Annual Conference Returns H. Doyle Ragle To Munday Methodist Church

Happy was the congregation of the First Methodist Church of Munday when news came the first of this week that Rev. H. Doyle Ragle had been returned to the Munday church for another year. Announcement of appointments was made at the closing session of Northwest Texas Conference in Lubbock last Sunday.

Rev. Ragle has completed three years with the local church and this week begins his fourth year, which is almost traditionally the length of stay for a pastor on one charge. In some cases, however, pastors have served the same charge for longer periods.

After three successful years under the leadership of Rev. Ragle, local church members are looking forward to another year of advancement in local church work.

Some 1,000 ministers and laymen attended the annual conference sessions which were held at the First Methodist Church in Lubbock.

Major items of business included approval of an \$800,000 building program for McMurry College, Abilene, and the election of delegates to the General and South Central Jurisdictional Conference to be held in 1956 in Minneapolis, Minn., and New Orleans, La.

Registering from Munday were Rev. Ragle, Mr. and Mrs. Lee Haymes and James H. Bardwell. M. L. Wiggins and J. C. Harpam also attended portions of the conference.

Few changes were made in appointments for the Stamford District, which are as follows: District superintendent, Marshall E. Rhew.

Blacklock's 1954 production also earned him a trip to the company's agency convention held in San Antonio, where he received the plaque from Southwestern Life President J. Ralph Wood.

O'Brien, Weldon Thomas; Ro by, E. R. McGregor; Rochester (to be supplied); Rotan, Alvis Cooley; Rule, Weldon McCormick; Sagerton-Tuxedo, Guy McLean; Seymour, Rollo Davidson Stamford, St. John's, W. A. Appling; Sylvester, Delton Fisher Throckmorton, Conrad Ryan Vera-Benjamin, S. A. Wolfer; Welner, Gene Louder; Westover Jarrell Tharp, and Woodsoh Sheldon Wolf.

## TRAMMELL IS NAMED FRATERNITY TREASURER

Robert T. Trammell, son of Mr. and Mrs. Frank W. Trammell of Munday, has been elected to serve as treasurer of Alpha Kappa Psi, Alpha Nu Chapter, at the University of Arizona at Tucson during the fall semester of 1955. His duties include the responsibility for receipts and disbursements of all chapter funds, as well as being a member of the executive committee.

Trammell is now a junior majoring in accounting in the College of Business and Public Administration at the university.

## Fourth Annual Goree Homecoming Set For Sunday, June 5th, At City Park

Citizens of the Goree area have announced that plans have been completed for the annual all-day Memorial Day homecoming, which will be held at the city park in Goree on Sunday, June 5th.

Those who wish may go to the church of their choice for the morning services, then come to the park with a basket lunch after the church services.

The program, starting at 2:30 p. m., will consist of a short memorial message, special music and songs.

This will be the fourth annual all-day get together, and a large number of present and former residents of Goree and vicinity are expected to attend.

REV. H. DOYLE RAGLE  
... begins fourth year

## Plaque Awarded Insurance Agent

Winston L. Blacklock, representative here of Southwestern Life Insurance Company, has been awarded a plaque by his company in recognition of his achievement in producing more than a quarter million dollars of life insurance business during 1954, even though his contract started October 1, 1954.

Blacklock's name and his accomplishment are inscribed beneath the company name and seal, around which the following inscription appears: "For Professional Achievement in Quality Production... An Award of Merit..."

Blacklock's 1954 production also earned him a trip to the company's agency convention held in San Antonio, where he received the plaque from Southwestern Life President J. Ralph Wood.

## Wichita Trippers Make Short Stop Here On Tuesday

The bus driver brought his vehicle to a halt on Main Street, and 21 Wichita Falls businessmen quickly disembarked and spread out over town.

They were on their fourth annual Buyer's Guide Trip, and soon they were passing out the 1955-56 Buyer's Guides to local people and visiting briefly in business firms. After a short stay here, they continued to Knox City, the next "leg" on their tour.

In the group were W. K. Niles, Marvin Pine, Kenneth Hundley, Howard Morgan, Joe Steinkoenig, Joe Barron, Dick Naylor, Dick Rancier, Jack Cox, C. Q. Arnold, W. R. Hardy, Phil Menke, J. B. Gibson, Jim Miller, Pete Woodruff, George Showman, H. K. Dudley, Bill Black, Pat Patterson, Dr. D. L. Ligon and Jim Koethe.

## HOME FROM HOSPITAL

Mrs. S. C. Hawes was able to be brought home on Wednesday, May 25, after two months' stay in the Anson hospital, where she underwent major surgery. She is reported to be doing nicely.

## IN GOLF TOURNEY

J. B. King, R. W. Raynes, Bill Morris, J. D. Gillespie and E. B. Littlefield entered the Stamford Invitation Golf Tournament which started last Sunday. They reported lots of golf played, some winning, some losing with J. D. Gillespie winning fifth flight.

## CAMP EMPLOYEE

Miss Bera Faye Spann is employed at Cedar Canyon Methodist Camp at Canyon for the summer months.

Mrs. Howard Thompson and daughters and Mrs. Bob Jarvis visited Mrs. Jarvis mother, Mrs. R. Q. Williams, in New Castle the first of this week.

## Edna Howard, 83 Passes Away On Thursday Here

Edna E. Howard, 83, a resident of this community since 1938, passed away at 7 p. m. last Thursday after an illness of several months.

She was born January 19, 1872, in Dallas County and was 83 years, four months and seven days of age. During her residence in Munday she made her home with her sister, Mrs. Ann W. McClaran.

Other survivors include four brothers, Charles Howard of Lubbock, Jim Howard of Lott, La., Tom Howard of Ranger and Dan Howard of Hamlin; 12 nieces and 10 nephews.

Funeral services were held from the First Baptist Church in Munday at 2:30 p. m. Saturday with the pastor, Rev. Robert H. Lloyd, officiating. Burial was in Johnson Memorial Cemetery under the direction of McCauley Funeral Home.

Palbearers were Doris Dickerson, Lennie Kuehler, Clyde Taylor, Charles Baker, Jack McCall and J. B. King.

## Wheat Farmers Vote June 25th On Referendum

Texas wheat farmers will join with the nation's growers June 25 to decide in a national referendum whether marketing quotas will continue in effect for their 1956 crop.

The State Agricultural Stabilization and Conservation Committee urges Texas producers to participate in the vote. "Under the present surplus situation, we are required to proclaim marketing quotas," Secretary of Agriculture Ezra Benson said.

"We will have almost as much wheat in the total supply after harvest this year as we had a year ago. In other words, we will have enough wheat to take care of all our domestic and export needs for two full years."

Benson has said that wheat is one of the major problems facing the Department of Agriculture this year.

Any producer in commercial areas who will plant more than 15 acres of wheat for harvest as grain in '56 is eligible to vote in the referendum. Two-thirds of the vote must favor marketing quotas before they can be put into effect.

Local voting places for the June 25 balloting will be announced for each county.

The available supply of wheat for the 1955-56 marketing year is 66 percent above the considered "normal supply." The Secretary must call for marketing quotas when the normal supply exceeds 20 percent.

In the referendum last summer, 73.3 percent of the farmers voting approved the quotas.

Rev. Don R. Davidson of Leveland, former pastor of the Munday Methodist Church, visited friends here the first of this week. He was a guest of Mr. and Mrs. Lee Haymes on Tuesday night.

Pat and Mike Benton of Fort Worth are visiting their grand parents, Mr. and Mrs. J. D. Crockett, this week.

## Weather Report

For seven days ending 7 p. m. June 1, 1955, as compiled by H. P. Hill, U. S. Weather Observer.

	LOW	HIGH
	1955-1954	1955-1954

June 1	72	91

Precipitation to date: 10.20 in. 1955  
Precipitation to date: 12.03 in. 1954

## With Feed Firm

Walter W. Rice, for many years field representative for the Fort Worth Stockyards and widely known in Southwest livestock circles, on June 1st joined the official staff of Universal Mills Fort Worth feed manufacturer according to an announcement by the company's president, Georg Wolf, III.

Rice becomes assistant director of the livestock division at Universal Mills, Wolff said, and will work in cooperation with E. R. "Hico" Eudaly, vice president in charge of the livestock division.

Born on a Yoakum County farm, Rice is a graduate of A. & M. College, a former Knox County agricultural agent and an experienced farmer and rancher. In 1953 he was awarded the Lone Star Farmer degree as an honorary member of Future Farmers of America.

"In recognition of outstanding service to vocational agriculture and the F. F. A.," Well known as a livestock judge, Rice has served as assistant superintendent of Fort Worth's Southwest Exposition and Fat Stock Show since 1947. He will continue his activities with livestock people and affairs in his new assignment. His home is in Fort Worth.

## Knox Singers To Meet Next Sunday

The regular Knox County Singing Convention will be held at the First Methodist Church in Knox City next Sunday, it has been announced by the president.

An interesting program of group singing and special numbers will begin at 2:30 p. m., and the entire public is cordially invited to attend.

## GRASSHOPPER INFESTATION BECOMING SERIOUS

Grasshoppers are hatching fast in some Texas areas and farmers are advised to take action before they migrate to cotton and other field crops. The pests feed on succulent green foliage.

The main hatches of differential or yellow-legged grasshoppers should be complete as far north as Kaufman county this week, Dr. F. M. Fuller, extension entomologist, reports.

Fuller points out that insecticides are most effective if applied just after a hatch, while the "hoppers are still small. He suggests spraying field margins, roadsides and ditch banks with chlordane, dieldrin or toxaphene. If control measures are withheld until the pests migrate into nearby crops, they are more costly and usually not as effective.

Drive carefully. The life you save may be your own.

## Contributions To Armstrong Fund Over \$400 As Munday People Chip In

### Women Radio Operators To Hold Convention

Throughout the world, over 600 licensed women radio operators are looking forward to the first international convention of their organization, the Young Ladies Radio League. Discussion of the convention plans is underway throughout the U. S. A. on the networks of women short wave operators.

The event will be held June 24-26 at Miramar Hotel in Santa Monica, Calif.

On her farm near Goree, lives a member of the league, W50LL, Mrs. Ola Coffman, licensed to operate her own radio station by the Federal Communication Commission of Washington, D. C. She shares her interesting hobby and radio equipment with her husband, Dude, whose call letters are W5FQT.

Although a grandmother, Mrs. Coffman points out that in the strange jargon of amateur radio she will always be known as a YL, or young lady, for that is the name given to any licensed woman operator regardless of her age or marital status.

She has fun talking to her friends over short wave, but her greatest pleasure in her hobby comes from knowing their radio station is always ready to serve the public in the event of a disaster or an emergency.

## Last Man's Club Names Officers

The Last Man's Club met in the Legion Hall in Goree last Monday night with 23 members present. W. E. Lowry of Electra was the speaker.

Officers elected for the coming year were Kirby Fitzgerald, Commander; Clyde Bullion, Vice Commander; R. M. Almanode, secretary; Ardell Spelce, treasurer.

## Goree Baptists To Hold Bible School

The First Baptist Church of Goree will conduct its Vacation Bible School on June 6-12, the pastor, Rev. S. E. Stevenson, has announced.

Preparation day will be Friday, June 3, from 9 to 11 a. m. Arrangements have been made for a good school, and an invitation is extended to every child in the community between the ages of 3 to 16.

A splendid faculty has been secured. Hours will be from 8:30 to 11:30 each morning.

## TO SUMMER CAMP

Mr. and Mrs. D. L. Thigpen visited in Santa Fe and Glorieta, New Mexico, last Saturday and Sunday. Durwood remained in Glorieta where he will work as staff member at the Baptist Camp through the summer.

Guests in the home of Mrs. Elsie Phillips last Wednesday and Thursday were her daughter, Mrs. R. W. Armstrong, of Hobbs, N. M., and Mrs. Ray Armstrong and daughters, Eliska and Melissa, of Snyder.

## Meeting Called At Knox City Thursday Night To Discuss Brazos Dam Project

A meeting has been called for tonight (Thursday) at Knox City for the purpose of discussing possibilities of reviving interest in construction of a dam on the Brazos river somewhere in this area.

This project gained considerable impetus some two or three years ago, but was abandoned later because of lack of interest.

The move, if revived, would be more in the interest of conserving our underground water supply, rather than for irrigation purposes.

Engineers have pointed out that the water level in this area has lowered around 42 inches during the past year, due to drought conditions and increased irrigation. Too, the water has gained in salt content.

With the drilling of around 500 more irrigation wells in the area, some have become alarmed about our diminishing water supply and increasing salt in the water. A number of towns in the area are expected to be represented at this meeting.

Munday people have, in many instances, been very liberal with their contributions to the fund for the Armstrong family since the tragic death of T. H. Armstrong, husband, father and chief provider for the family.

The drive for funds was nearing a close Tuesday, when the following list of contributors were reported:

Joe Sahadi	\$ 5.00

## HUNGER FIGHTERS

When we speak of mass-production, we automatically think of industry. Few of us connect it with agriculture as well. Yet, as an Eastern bank points out, "Recent developments in farm machinery have been so rapid that the farmer has outstripped other segments of our economy in mass-production methods."

The farmer now has available combines capable of harvesting 30 acres of wheat a day; mechanical corn pickers that can harvest two acres in a single hour; cotton pickers that do the work of 40 men and all manner of other machines and appliances that do the work of agriculture swiftly, efficiently and economically, and with a minimum of human sweat. And modern equipment does more than just handle the crops. It makes it possible for the farmer to conserve the land for future generations.

We have over 300,000,000 more mouths to feed than in 1940. We eat better than ever. Yet, in those 15 years, some 2,500,000 farm workers have left the farms and entered industry. The machine, by bringing mass-production to agriculture, made that possible.

Moreover, American farm equipment doesn't all stay home. Since 1946 we have exported \$2,000,000,000 worth of it. The Eastern bank says, "Abroad, American farm machines are known as 'hunger fighters.'" They are helping to solve the grave food problem that has plagued much of the world since history began.

## BIGGEST!

This Administration has made a praiseworthy start in getting government out of commercial business. But it has a mighty long way to go.

A leaflet issued by the Chamber of Commerce of the USA states: "The government is still the nation's biggest electric power producer, the biggest power consumer, the biggest banker, biggest employer, biggest insurance company, biggest landlord, biggest tenant and biggest publisher. In fact, Uncle Sam owns more wheat than the wheat farmers, more grass land than the cattlemen and more trucks than General Motors."

The same leaflet says: "No one—not even the government—has a complete list in any one place of all its businesses and industries."

No one knows either how much government in business has cost, is costing, and will cost the taxpayers, but it's a sure bet the figure would make any mind reel. Let the "get-government-out-of-business" campaign move into top gear!

## SPECIAL PRIVILEGE

The Court of Appeals for the District of Columbia has held that the government cannot be sued to upset contracts by which the Rural Electrification Administration would lend money to co-operators to build generating plants and transmission lines. It was held that a claim of injury from government competition was not sufficient grounds, under previous Supreme Court rulings, to enable a plaintiff to enjoin execution of a government contract.

In plain language, the government is given the right to crowd any private competition out of existence if it chooses to do so. Whether it is electric producers or printers, it makes no difference. This, coupled with various tax exemption privileges accorded government business projects, leaves private competition completely at its mercy.

This is a reminder that political leaders can use government to destroy the sovereign rights of the people and make them slaves to the state, if they are allowed to go unchecked in their grab for power.

## GRASS ROOTS OPINION

Emporia, Kan. Gazette: "In this great land of the free and home of the sucker there always is the desire to get something 'at wholesale.' Recently many Kansas towns have been flooded with so-called 'wholesale' catalogs—These 'wholesale' houses—are—trying to bamboozle the public into thinking they are offering something for nothing. You get just what you pay for—More-over the merchandise is likely to be cheap 'seconds.'"

Nashville, Ark. News: "The Chattanooga Times . . . showed that Tennessee since TVA has skidded in population, farm production, retail sales, payrolls, manufacturing output, where her neighbors without the burden of such fraud, have pushed ahead in economics. In effect, socialism damns the giver and the taker."

Dillon, S. C. Herald: "Karl Marx has been dead nearly seventy-five years, but his warped mind and irregular life are responsible for many of the ills that have afflicted the world for the past half century. His false teachings have cost millions of lives."

Manheim, Pa. Sentinel: "It would be a great blessing to humanity and to civilization if governments were under the same compulsion to cut costs as is private enterprise. No matter how large a private business becomes, it is faced with oblivion the moment management becomes lax and inefficient."

## WHAT DOES THE BIBLE SAY?

This article was taken from the Firm Foundation. Written by M. Norvel Young.

### Do You Want Your Child TO BE LIKE YOU?

"That's the best there is," was the statement of a father in Chicago who bought his eleven year old boy 100 proof whiskey each day. The Associated Press described the story of how this boy was blamed with starting a fire in the tenement where he lived. He did this by carelessly flipping away glowing cigarette butts. In that fire seven people died including a father and his small son and daughter, a mother and daughter and brother, and an expectant mother. Nine others were injured.

We don't doubt that father's statement that 100 proof whiskey is supposed to be "the best" (if there can be a best of something so bad). But why, oh why, didn't he give him the best in literature, in religion, in education, in paternal guidance and love?

Instead of his reading the Bible, the world's best book, he drinks the 100 proof whiskey, smoked one or more packages of cigarettes each day and fed his mind on such literature as "The Flaming Torch," "Keeper of the Morgue," "Werewolf of the Alps," and "Murder from the Tomb" and numerous other "Comic books."

The Bible teaches parents to "train up" their child in the way they should go. It teaches fathers to "bring them up in the nurture and admonition of

the Lord." The only direct advice the press quoted that the father gave the child was this: "Don't tell them anything." How wrong can a father get? How indifferent to the environment, the training of his son?

The saddest aspect of the story is the fact that it is an example of what is happening in thousands of homes today. Boys and girls by the tens of thousands are growing up without the benefit of any knowledge of the Bible, the greatest book for character rearing. World Religious News sent a questionnaire to 18,000 high school students in Virginia. Some 16,000 could not name three prophets of the old Testament. 12,000 could not name the four gospels and 10,000 could not name three of Christ's disciples.

Too many have mistaken freedom of religion to mean freedom from religion. May this example serve to awaken millions of parents to their duties toward their children. Let us pray that the families of America will turn back to God back to the Bible, back to the church which Jesus died to purchase. It is already late. Millions will perish just as those seven died in the flames because of the negligence of others. But, it is time to do all within our power in prayer, in example, in teaching the Bible to every child, every parent every person we can possibly reach with the message of abundant life here and eternal life hereafter.

## Knox Prairie Philosopher Admits Prosperity May Be at Peak, But In His Case It's Just Not Enough

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek discusses prosperity this week. A matter he has only a theoretical knowledge of.

Dear editor:  
I know the country is supposed to be booming, making more cars than ever before in history, big manufacturers showing more profit, more workers taking home more pay, Internal Revenue department getting more taxes than ever before, but I was beginning to think I was all alone finding out despite all the prosperity I hear about I never seem to have quite enough money to make ends meet.

However, I am pleased to know I have company. The Federal Government and most of the State Legislatures are in the same boat.

### Dr. Frank C. Scott

Specialist on Diseases and Surgery of

EYE, EAR, NOSE, THROAT AND FITTING OF GLASSES

HASKELL, TEXAS

Office in Clinic Bldg., 1 block North and 1/2 Block West of Haskell Nat'l Bank

"General fund revenues the past year have been lower than anticipated," a news article I read in a paper last night reported, adding that the situation was causing the government to wonder how it was gonna stay out of the red.

I know exactly how it is. That's exactly my situation out here. Most of my prosperity doesn't last over a day or so. The minute I get to feeling I have the thing licked, that everything is under control, a new expense crops up, and the old familiar nip-and-tuck situation stares me in the face again.

I tell you, spending anticipated revenue is one of the most hazardous undertakings ever attempted. If a man could anticipate his expenses like he can his revenue, there might be some chance of getting even, but something always goes wrong, on my farm or in Congress. I can sit down now and figure up just

THE MUNDAY TIMES

Mary's Lamb Goes Scientific

Secretary of Agriculture Ezra T. Benson takes a close look at a lamb being raised on an experimental ration containing a hormone-antibiotic combination to make it grow faster on less feed. The lamb is one of the many varieties of scientifically raised livestock the Secretary recently inspected at the Agricultural Research and Development Farm of Chas. Pfizer & Co., Inc., Terre Haute, Ind. Looking on are (left) Warren Reynolds, Research Manager, and (right) Dr. Herbert G. Luther, farm Director. After touring the 700-acre research center, Secretary Benson praised American industry for "tremendous contributions" to the field of agricultural research.

News From The U. S. Congress

Congressman Frank Ikard

There can be little doubt but what the development of the Southwest is to no small degree dependent upon our developing adequate sources and supplies of water. This week the House considered and passed legislation that should be a step forward in working out some solution for our deficiencies in sources and supplies of water. The bill which was passed by the House establishes a program which would fill the gap which was created when we enacted the so-called upstream water conservation program last year. Of course, there is not space here to explain in detail this new program. However, generally speaking, it provides that a state conservation district, irrigation district, water users association and other organizations may receive a loan or grant not to exceed \$5,000,000 for the principal purpose of irrigation and flood control or a municipal water supply. The type of administration contemplated under this act is simple and will not require the extensive red tape or specific additional legislative authority that the larger projects would require. \$100,000,000 was authorized to be appropriated to carry out the purposes of this act.

The National Reserve Bill was scuttled in the House last week and it is highly improbable that it will be reconsidered by the House during this session. The reason for this was the adoption on the Floor of amendments the effect of which would have destroyed the historic management of the state national guards by the states. The amendment adopted was offered by Adam Clayton Powell of New York and would have prohibited the assigning of any person to a national guard unit in a state where the guard is segregated. The national guard has historic-

ally been a state organization (except when called into Federal service). I voted against this amendment. There is no doubt but what the adoption of an adequate reserve program would provide more flexible means of training for young men and would save substantial sums of money in our national defense but, as I have pointed out, the adoption of this amendment made favorable action on this bill impossible at this time.

The House Public Works Committee is about to conclude its consideration of the Federal Road Program and apparently will be ready to report a bill providing for a Federal Road Program sometime in the near future. It is too early yet to tell what kind of a bill this committee will report.

About this time each year much speculation is always made about a possible date of adjournment. In view of the fact that the Congress is pretty well along with consideration of major legislation it seems that a good guess on adjournment would be sometime during the last week in July.

Visitors from home this week were Mr. Harwell Shepard of Denton, Mr. Ken Brown and Mr. Howard Fry of Wichita Falls, Mr. Joe Leonard, Jr., of Gainesville, and Mrs. W. A. Krohn and W. A. Krohn, Jr. of Electra.

LOCALS

Dicky Waheed of Lubbock visited his father, Sied Waheed, several days last week. He and Mrs. Waheed left Sunday afternoon for Lubbock where they attended the graduating exercises of Donald Waheed, who graduated from Texas Tech.

Mr. and Mrs. Oscar Spann and Bera Fay visited Mr. and Mrs. D. C. Link and children in Lamesa over the week end and attended the wedding of Miss Donita Davidson, daughter of Rev. and Mrs. Don Davidson, in Levelland on Sunday.

WELCOME COMPETITORS

My competitors do more for me than my friends do. Friends are too polite to point out weaknesses, but my competitors go to great expense to advertise them. My competitors are diligent, efficient and attentive. They make me look for ways to improve my selling and servicing. My competitors would take business away from me if they could; this keeps me alert to hold what I have. If I had no competitors I would be incompetent, lazy and inattentive. I need the discipline they force upon me.

I salute my competitors. They have been good to me. God bless them all.

I am very anxious to serve you to the best of my ability. If you need to buy insurance of any kind or if you need to talk to someone about your insurance problems—please come in and let's talk it over.

See me BEFORE the LOSS.

I NEVER CLOSE.

### Engagement Of Peggy Atkinson Is Announced

Mr. and Mrs. Lewis Atkinson of Benjamin announce the engagement and approaching marriage of their daughter, Peggy to John Shropshire, son of Mr. and Mrs. Floyd Shropshire of Lubbock.

Miss Atkinson is a graduate of Benjamin High School and attended Draughn's Business College in Wichita Falls. She is now employed by the Lubbock Abstract and Title Co.

Mr. Shropshire attended the New Deal High School and is employed by Conley-Lott Machinery Co. in Lubbock.

The marriage vows are to be exchanged on Saturday, June 25 at Lubbock.

### Miss Hargrove Entertains Friends With Party Here

Virginia Hargrove of Aiken was hostess to a small group of girls on Wednesday, May 25, in the home of her grandparents, Mr. and Mrs. Ralph Weeks of Munday.

Games and contests were played, with Joyce Johnson and Joan Lain winning contest prizes. A highlight of the afternoon was a swim in the new swimming pool. Refreshments were served at the close of the afternoon.

Mrs. Delmon E. Alexander, Linda, Cindy and Sherrilyn, are visiting relatives in Stephenville and Waco this week.

### Wed In Church Ceremony Wednesday

The First Baptist Church in Munday was the scene of the marriage of Miss Robbie Earlene Edwards and Lt. Billy Eugene Cammack on Wednesday, June 1, at 4 p. m.

The bride is the daughter of Mrs. Litt Lemley of Munday and Robert Lewis Edwards of Weisart. The bridegroom is the son of Mrs. Geneva Cammack of Munday and Bryan Cammack of Dallas.

The Rev. Don R. Davidson of Levelland read the single ring ceremony before a flower-covered arch at the altar. The arch was made of greenery decorated with pink and white gladiolas, flanked by baskets of the same. The pews were decorated with white satin bows.

The bride, given in marriage by her father, wore a floor-length gown fashioned of imported chantilly lace and triple layers of nylon tulle over crystaletta taffeta. The accent point was the long torso lines. The wide, scoop neck, outlined with shimmering lace roses touched with shimmering baubles, ended in short fitted cover-up sleeves. The fitted midriff, forming a point in back and front, carried the lace another length into the skirt. The buff-out skirt was worn over petticoats. Long lace covered mitts extended to points over her hands. The matching lace shell, outlined with applied lace roses, was partially covered in the shimmering baubles. From it flowed the two-tiered chapel length veil of imported illusion.

She carried a bridal bouquet of white roses outlined in lace with satin streamers. Her only jewelry was a watch, a gift of the groom.

Miss Charlotte Hannah played traditional wedding music and accompanied Miss Jo Ann Winchester as she sang "Always," "Through The Years," and "The Lord's Prayer."

Attending the bride was Miss Shirley Ann Cammack, sister of the bridegroom. She wore an ice-blue floor-length gown of tulle over crystaletta taffeta. The strapless gown had a pleated stole effect, the bodice was shirred, and the skirt was identical to the bride's. She wore a matching halo hat and carried a bouquet of pink sweetheart roses.

### BENJAMIN NEWS

(Mrs. Von R. Terry, Cor.)

Mrs. Beulah Horton of Whitbarrel visited her sister, Mrs. W. A. Barnett, and family last week. Mr. and Mrs. Buddy Bumpas and sons were business visitors in Seymour recently.

**IT'S THE LAW**  
in Texas

**STATE MAY WIN ESTATE IN ABSENCE OF WILL**

Made your will? If not, the State of Texas may wind up as owner of your estate upon your death. Under our statutes, the estates of persons having no heirs who die intestate revert, or "escheat", to the State.

Such provisions have been carried over from the English common law. There, under such circumstances, the estate escheated to the British crown. The theory of the process is that the sovereign (or State), having been the original owner of all lands before they were parceled out to individuals, is entitled to a return of such lands when the possibilities of legal inheritance have been exhausted.

This idea has been expanded to include personal property as well as real estate. It also applies in the case of a person absent for a term of seven years and not known to exist who leaves no heirs and no will.

Presumably, there is hardly a person who does not have some individual or charity that he would prefer to have his estate, rather than have it go to the State by default, so to speak. Yet, surprisingly, estates worth many thousands of dollars do escheat to the various states from time to time.

Now, before you shrug the matter off with the idea that these statutory provisions could not possibly apply to you, better think a minute. Suppose you and your spouse have no heirs besides each other and your chil-

dren. Many people do fall into this category. In event of a catastrophe resulting in death for you and your entire immediate family, no legal heirs would remain. Therefore if you had no will, your property would go to the State. In preparing a will, it is possible to provide for such an eventuality.

In this hypothetical case, you would probably want to designate some friend as executor, to take care of all necessary arrangements and then distribute the estate according to your wishes.

On the other hand, if you have plenty of possible heirs, a will could be used to designate which of them shall participate in the division of the estate. And even if you wish your property to be distributed entirely in accordance with our statutes of descent and distribution as explained in previous columns, a will can perform useful functions. Among other uses, a will could provide for an orderly and economical partition of your property, preventing any waste of the assets by heirs impatient for a settlement.

What happens to property which escheats to the State? Following certain required legal formalities and court proceedings all escheated lands are set apart to the Permanent Free School Fund of the State, and may be leased and sold by the Land Commissioner under certain regulations. Escheated personal property is sold by the local sheriff under a court writ and the money received therefrom paid into the State Treasury.

A free pamphlet containing useful information on wills and related matters has been prepared by Texas lawyers. To obtain a copy, merely print your name and address on a postcard and mail to State Bar of Texas, Colorado at Fifteenth, Austin 1 Texas.

(This column, based on Texas law, is written to inform—not to advise. No person should ever apply or interpret any law with-

### JUNE DAIRY MONTH

The world's most nearly perfect food—milk—takes the spotlight of the nation's attention during June.

Milk, which will be in abundant supply this month, can be rightfully called one of the most valuable products of the farm. It offers some 100 different nutrients—a long list of vitamins and minerals, fats, sugar and high quality protein. In addition, milk and its many products have great taste appeal for the American public.

June is traditionally observed as "Dairy Month." It is the time of peak milk production and this year it is expected to reach near record high levels. There will be plenty for consumers to use liberally.

Milk is the basis for a whole family of dairy goods. Its family tree includes cream, buttermilk, evaporated and condensed milk products, nonfat dry milk solids, dry whole milk, ice cream, numberless varieties of cheese and butter. It has infinite variety and countless thousands of uses.

The nation's dairy industry has organized a mammoth celebration of June Dairy Month.

**FOR RENT**—House, four rooms and bath. H. F. Jungman. 44-2tp

again this year. It is joined by the Texas and U. S. Departments of Agriculture in promoting consumption of this healthful food. Advantage to the consumer will be in the form of large quantities of dairy products at an economical price.

Liberal amounts of other good farm products will be promoted this month, also. Broilers and fryers may fit well into the family budget in addition to being appropriate in warm weather menus.

Citrus and citrus products such as California lemons, processed orange and grapefruit products are expected to be abundant. Beef supplies continue heavy and the price should be attractive. Others on the list include fish and related products, small prunes, raisins, rice and vegetable fats and oils.

Mr. and Mrs. Leo Jones and daughter of Lovington, N. M., visited relatives and friends here and Goree over the week end.

Mrs. Wesley Godwin and her daughter, Mary Ellen, of Crane were Sunday guests of her uncle and aunt, Mr. and Mrs. F. L. Bowley. Mrs. Bowley accompanied them to Stovall Wells Sunday afternoon to spend a week.

Mr. and Mrs. Leo Reddell and family of Brownfield visited relatives here over the week end. Lee Bowden of Abilene spent the week end with his parents, Mr. and Mrs. Levi Bowden.

### How Do You Measure Love?

"You cannot love without giving." True love always gives its best to the one it loves. God loved you so much that He gave His Son, Jesus Christ to die in your place. "God commendeth His love toward us, in that while we were yet sinners, Christ died for us." Rom. 5:8

## GORÉE SENIORS ARE HONORED AT RECEPTION

A reception was given in the memorial building on Monday evening honoring the Goree graduates, with the senior mothers acting as hostesses. The entertainment rooms were beautifully decorated with roses and seasonal flowers. Other decorations portrayed the class colors and graduation theme.

A centerpiece depicting the long years of work and stepping into a new life was very vividly portrayed with miniature boy and girls in caps and gowns. Mrs. Pete Kelley was in charge of decorations. She was assisted by Mrs. Virgil Peek, Mrs. Harold Jones and Mrs. Buel Claburn.

Miss Mona Mobley was pianist for the occasion.

About 130 guests attended the reception, including seniors and their dates, parents, teachers and close friends and relatives.

## BILBREY REUNION IS HELD ON SUNDAY

J. H. Bilbrey of Goree had the pleasure of having all of his children present last Sunday for a reunion. A number of grandchildren and great grandchildren also attended. They enjoyed a picnic lunch in Seymour park.

Present were Mr. Bilbrey, Mr. and Mrs. Leveille Bilbrey and Cathy of Hereford, Mr. and Mrs. Alfred Bilbrey of Wichita Falls, Mr. and Mrs. M. L. Barnard, Mr. and Mrs. Jim Gaines of Munday, Mr. and Mrs. J. B. Justice, Mr. and Mrs. Elbridge Coffman and Peggy, Mr. and Mrs. Bilbrey Craig Coffman and Mike and Donna, Mr. and Mrs. T. J. Trainham and Jeanie, all of Goree; Mr. and Mrs. William Hertel of Bomarton, Mr. and Mrs. Gordon Gaines and son of Lubbock; two granddaughters who were formerly Mary Louise and Samye

Holland and are now Mrs. Frank Tate and son and Mrs. Ben Papes and children of Abilene.

Miss Patsy Claburn, daughter of Mr. and Mrs. Buel Claburn, has accepted secretarial work in Wichita Falls with the director of nurses at the Wichita General Hospital. She will assume her duties on June 3, and will reside at the Y. W. C. A.

Mr. and Mrs. Keith Chamberlain moved to Wichita Falls the first of this week. Mrs. Chamberlain has entered the senior high school there for the summer session, and Keith will enroll in Draughon's Business College of June 13th.

Miss Patsy Cunningham, daughter of Mr. and Mrs. Melvin Cunningham, will move to Abilene this week, where she will enroll in Abilene Christian College on June 6th.

Mr. and Mrs. Tom Bice and daughter, Johnnie, of Dimmit spent several days last week with their aunt, Mrs. W. L. Stewart.

Mr. and Mrs. Beverly King and children of Graham were guests of her parents, Mr. and Mrs. Ira Stalcup, over the week end.

Mr. and Mrs. Heard Crouch and Gary and Jimmie Ray Crouch of Wichita Falls were visitors in the home of Mr. and Mrs. George Crouch recently.

Miss Alice Thornton and Miss Earleen Black of Lubbock spent the week end with Mr. Van Thornton and Glenda.

Mr. and Mrs. Bryan Lawson and daughters were visitors in Wichita Falls last Tuesday.

Mr. and Mrs. Dorsey Rogers have gone to Roswell, N. M., to attend the graduation exercise of their son, Bill, who plans to accompany them home.

Miss Emma Hughes of Dallas

## Carport with Woven Fence

A CARPORT with a woven wall makes a low-cost, interesting and mighty useful addition to any house. This is especially true if the carport has a storage area for garden tools.

Such a carport is shown in the illustration. A free plan for its construction is available.

The handsome woven wall is made by weaving strips of Masonite 1/4" siding, one foot wide

and eight feet long, between 4 by 4-inch posts set into the concrete driveway. Readily pliable for this weaving process, the Masonite siding is easy to work with, as it is splinter-free and free of defects. It takes a beautiful paint finish and will last for years.

An important feature of the garden tool storage room is the "Peg-Board" paneling on which may be suspended the various tools by means of interchangeable metal fixtures. These perforated panels, the lumber and other materials needed for this project may be obtained at lumber yards. For the free plan write to the Home Service Bureau, Suite 2037, 111 West Washington St., Chicago 2, Ill., requesting Plan No. AE-296.

visited Mr. and Mrs. Hubert Blankinship last week.

Claxton Tucker of Lubbock visited his parents, Mr. and Mrs. T. M. Tucker, last week end.

Mr. and Mrs. Wesley Darlik of Megargel visited Mr. and Mrs. T. M. Tucker recently.

Mrs. Foy Bain Barnett and daughters, Becky and June, of Albuquerque, N. M., have been visiting Mr. and Mrs. W. O. Barnett this week.

Miss Berniece Goode, Jim Goode and Mr. and Mrs. John Goode of Seymour attended a family reunion of their mother's people near Elgin last Sunday.

Miss Charlotte Hannah, who has been attending Hardin-Simmons University in Abilene, came in last week to spend the summer months with her parents, Mr. and Mrs. Leland Hannah. Sunday guests in the Hannah home were Mr. and Mrs. Troy Denham and children of Lueders.

Joe and Junior Howeth of Fort Worth visited friends here over the week end.

## Weekly Health LETTER

Issued by Henry A. Holle, M. D., State Health Officer of Texas

AUSTIN—The summer season always brings an increase in the incidence of dysentery, diarrhea, and enteritis, all of which are major menaces to the lives of small children, annually causing the death or illness of hundreds of Texas youngsters.

Dr. Henry Holle, Commissioner of Health, declares that the chief cause of these intestinal diseases are contaminated milk water or food; allowing the child to get over heated or exhausted; excessive sugar in the infant formula and foods that have been improperly refrigerated.

All foods should be clean and fresh and all leftovers should be refrigerated so as to avoid spoilage. The utmost care should be used in preparing the infant's formula which should, of course, be prescribed by a physician and his recommendations as to sanitation precautions and correct refrigeration should be implicitly followed.

The Commissioner of Health warned parents especially of the disease transmission by flies. Children in any home that is not free from flies are in danger of contracting dysentery or other intestinal diseases which may be fatal.

If dysentery or diarrhea symptoms appear in your child, call your doctor immediately. Dr. Holle advises. His treatment of the disease is your best insurance against fatal results, since such diseases are really a very serious threat to the child's life. Do not depend on home remedies for diarrhea or dysentery; consult a competent physician and let him start the safest and best treatment which medical science has available for combating these diseases.

James Amerson, who returned last week from NTSC in Denton, underwent surgery at the St. Ann's Hospital in Abilene last Friday and is reported to be doing fine. His mother, Mrs. J. H. Amerson, is staying with him. He expects to be able to come home this week.

Don Reynolds, who is attending NTSC in Denton, is spending the between semester holidays with his parents, Mr. and Mrs. W. E. Reynolds. Don and Mrs. Reynolds spent Sunday with Mr. and Mrs. Ralph Watkins and Renee in Wichita Falls.

Bob Ballinger, who attends NTSC in Denton during the school term and is now employed with an oil company in Snyder for the summer, visited his grandparents, Dr. and Mrs. A. A. Smith, several days last week.

### NEWS FROM VERA

(Mrs. Thelma Lee Coulston)

Mrs. Carlo Kuchan and Barbara were called to Maxwell, New Mexico to attend the funeral of Carlos mother last Sunday. Carlo had been with his mother a few days before her passing away.

Mrs. T. M. Hurd is home after spending two weeks with her sister in Pueblo, Colorado.

Mr. and Mrs. Bill Roberson and two daughters of Hamilton, and Mrs. Rhea of Seymour, attended high school graduation exercises here Wednesday night.

Mrs. J. M. Roberson is recuperating at the home of her daughter, Mr. and Mrs. Jimmy Jefeocat in Dallas, following surgery on her eye in the Baylor hospital. Mrs. Jack Timberlak of Levelland, and Mrs. Clifford Roberson accompanied Mrs. Roberson to Dallas for the operation.

Mr. and Mrs. Andrew Gray of Vinton, La., visited Thursday and Friday in the home of his sister, Mr. and Mrs. Ed Trainham and family. Reta Trainham is residing in the home of Mr. and Mrs. Kenneth Trainham in Fort Worth while seeking employment.

Rev. and Mrs. S. A. Wolfe took his father to Pampa Tuesday. They then went to Lubbock where they attended the annual Conference. Rev. Wolfe will continue as pastor of the Vera Methodist Church for the ensuing year.

Mr. and Mrs. Lule Cross and three children of Olton and Mrs. Clarence Allen and daughter Nancy, of Abilene, visited during the week end with Mr. and Mrs. Jim Hughes and Mr. and Mrs. Ed Allen.

Ernest Kinnibrugh is home again following surgery in a Wichita Falls hospital.

Mr. and Mrs. Cecil Trainham visited Wednesday and Thursday, with Robert Trainham, who is still a patient in the Nazareth hospital in Mineral Wells.

Mr. and Mrs. Hoyle Sullins and Karen are spending the summer months in their home in Vera.

Byron Hughes has returned to his home in Eunice, N. M., after

spending two weeks with his son, Mr. and Mrs. Maurice Hughes and children.

Mr. and Mrs. Barney Welch took Mrs. Hope Bratcher and son, Waylan Ray, to their home in Childress last Thursday. They had spent a few days in the Welch home while Waylan Ray was recuperating from surgery in the Baylor County hospital.

# LET'S TALK LIVESTOCK

BY  
**TED GOULDY**

### Father Finally Gets Some Attention!

FORT WORTH—For many years someone now and then expressed regret that Father's Day did not get the attention it deserved as a National holiday. Some cynics have gone so far as to say that it seemed as if about the only time Dad occupied the center of the stage was on Pay Day or when the bills came in each month.

Not so any more! The Beef Council making a strong bid for Dad and also to promote beef says: "There is one sure way of pleasing Dad at mealtime on Father's Day. Serve him a man's dinner, long on beef and short on budget!"

In rejoinder the Poultry and Egg National Board calls upon the family to "give Dad the special occasion dish that is America's favorite and a favorite of the budget-wise housewife—serve Spring chicken broiled or fried on Father's Day."

All it took for the Old Man to get some attention was two of the principal meats of the country to meet in a battle for higher consumption of their product

Looks like Dad is at least going to be remembered at the dinner table this time!

### Cattle Open Unevenly At Fort Worth

Larger than usual numbers of cattle and calves (7,300 head) appeared at Fort Worth Monday. This was above expectations in view of the long Memorial Day holiday weekend. Fed steers and yearlings were 50 cents or more lower. Cows and bulls sold steady, with very strong shipper and small packer demand helping cow prices. Slaughter calves were 50 cents or more lower, the plain and medium kind off most. Stocker and feeder cattle and calves were fully steady.

Prices included: Good and choice fed steers and yearlings \$18.00-22.00; common, plain and medium butcher cattle \$12.00-18.00. Fat cows \$10.50-14.00; cullers and cutters \$7.00-10.50. Bulls \$10.00-14.50. Good and choice slaughter calves \$16.00-20.50; common and medium \$12.00-15.50, and culls \$9.00-12.00. Stocker steer calves of good and choice kinds \$18.00-22.00; steers

## THAT'S A FACT

### LONG DISTANCE

A HUNGERY ARCTIC FOX HAS AN INCREDIBLE SENSE OF SMELL! THERE ARE ACTUAL RECORDS OF THESE REMARKABLE ANIMALS DETECTING A BAIT FIVE MILES OFF!

### ROOMS TO RENT

THE PUBLIC INDIAN COMPLETED HOUSES THAT WERE AS MUCH AS FIVE STORES HIGH HAD OVER 800 ROOMS, AND COULD ACCOMMODATE OVER 1000 PEOPLE!

### GIVE YOURSELF A BREAK

WHEN YOU BUY BETTER THAN EVER U.S. SAVINGS BONDS, YOU ARE HELPING YOURSELF TO A SECURED FUTURE. SO, GIVE YOURSELF A BREAK AND BUY A BOND TODAY!!

yearlings \$21.00 down, and two year-old feeders \$20.50 down, replacement cows \$8.00-12.50.

### All Livestock Below Parity May 15th

The USDA market news office at Fort Worth reported late last week that effective parity at present is far above average prices now being received by farmers.

Beef cattle are now averaging \$16.30, while parity is \$21.30. Prices are 77% of parity. Calves are selling at 74% of parity. Farmers currently get an average of \$17.20 with parity figured at \$23.30. Hogs at 77% of parity show a current return of \$16.40 against parity of \$21.30. Lambs at 78% of parity show a return of \$18.20 against parity of \$23.30. Wool shows 79% return, with prices averaged at 46.9c against effective parity of 59.2c per pound.

### Sheep And Lambs Open Strongly

Trade was active and prices fully steady to strong in the sheep barns at Fort Worth Monday. Shipper and order buyer demand was strong, and feeder classes were getting more active attention. Breeding age ewes were again in good demand.

Good and choice Spring lambs drew \$19.00-22.00, and cull, common and medium Springers drew \$10.00-18.00. Feeder type Spring lambs were quotable at \$16.00 down. Old crop shorn fat lambs of good and choice grades sold from \$14.00-16.00; while cull common and medium clipped lambs drew \$10.00-14.00. Feeder shorn lambs sold from \$11.00-13.50. Old wethers drew \$6 to \$10, and slaughter ewes \$4.00-5.00, a few higher. Breeding ewes drew \$6.00-12.00; old bucks sold around \$3.00-4.00.

### Hogs Run Across Nation Seasonally Big

The American Meat Institute takes note of the big movement of hogs to market at this season, which is contrary to the usual marketing pattern. This out-of-season heavy movement has held prices down in recent weeks. The institute reports currently pork prices are from 13 to 31 percent under this time a year ago. Average of all meats veal, beef, lamb and pork are 13% under a year ago.

### Hogs Open Higher At Fort Worth

Butcher hogs opened the week with a 25 to 50 cents gain at Fort Worth Monday. Top hogs sold at \$18.50, and less desirable grades \$17.00-18.25. Sows drew \$11.00-14.50.

## Looks like the Thunderbird— Acts like it, too!

A Test Drive will prove Ford's Trigger-Torque power lives up to the promise of Ford's Thunderbird styling

Ford used the long, low Thunderbird as an inspiration for the styling of its 16 models for 1955.

Ford also captured a lot of the Thunderbird's "Go" . . . a lot of its easy handling . . . and a lot of its interior beauty.

You'll find Ford's Trigger-Torque power gives you action right when you want it. You'll feel safer—pass faster.

You'll find Ford's Ball-Joint Front Suspension helps Ford hold the road like a coat of paint . . . and a new front suspension mounting gives Ford a silky-smooth Angle-Poised Ride.

Then, Ford interiors, like those of the Thunderbird, are rich, colorful and completely new! Come in and see why Ford's worth more.

You can see the Thunderbird look in the long, low lines of the Ford Fairlane Sunliner

# FORD

Make today your day to Test Drive a

# FORD

FORD the new BEST SELLER . . . sells more because it's worth more!

Since 1913 1,553,444 FORD CARS and TRUCKS have been BUILT IN TEXAS BY TEXANS!

# Reeves Motor Co.

Ford Dealer Dial 5631

### Benjamin Firm Reports Increase In Truck Sales

Unusually good public reaction to the newly-styled, newly-engineered 1955 line of GMC trucks has sent May sales at the J. L. Galloway Motor Co. in Benjamin 10 per cent higher than they were in the corresponding month a year ago, it was announced by J. L. Galloway, agency owner.

The increased sales reflect the widespread acceptance of the new GMC styling, which with panoramic windshield, two-tone interiors and many other passenger-car style features, is rapidly making truck owners forget the old saying, "It looks like a truck," Galloway said.

"In addition to a glamorous exterior," Galloway said, "the new GMC trucks have more than 500

major engineering improvements including two new V-8 engines and increased horsepower in all of the others."

The stepped-up sales of new GMCs locally is following a pattern throughout the country as most communities, sharing in the nation's high level of economic prosperity, show increased consumer spending on such necessities as trucks.

More and more uses are being found for the new GMC trucks, Galloway said. Many business establishments are realizing the advertising value of a smart-looking truck, while individuals are seeing it as an excellent "second car" with plenty of beauty for the driveway and unmatched utility for odd jobs, he added.

Don and Margaret Yandell spent the week end with relatives in Lubbock and attended the graduation exercises of their brother, Lyndal Yandell, from Texas Tech. They also attended a reception honoring the graduates in the home of the president of Tech College.

#### CARD OF THANKS

We wish to express our sincerest thanks and appreciation to all our friends and neighbors, to the doctor and local relatives for their visits, gifts, cards and flowers while a patient in the hospital at Wichita Falls, where we had a good case of flu and two operations.

Our prayer is that you will be as well sustained by friends and relatives as we have been. May God richly bless all of you, is our prayer.

Sincerely yours,  
Mrs. H. G. Williams  
Goree, Texas.

A plane has crossed the United States in three hours and 46 minutes. Is that good?

This shrinking of the globe takes much of the romance from travel. Why, when I was a boy, a man who was going to journey 500 miles from home planned for weeks. Anticipation was a large part of the thrill. And when he got back, he was looked upon almost as a globe-trotter.

In the summer-time, after school was out, I would visit my grandparents' farm and it took from 8 a.m. to 9 p.m. to get by train from Memphis, Tenn., to Rector Ark. (including the eight-hour layover in Jonesboro), the distance being perhaps 150 miles. (If you are interested, there was an eight-hour layover in Jonesboro, coming back, too.)

The most dramatic speaker I ever heard was Thomas Brooks Fletcher of Ohio. He was, as I recall, a newspaperman and, quite a few years after I heard him, he was elected to Congress. I was attending Central High School when Fletcher spoke at Goodwyn Institute in Memphis. The highlight of his inspirational lecture was a story of a worker who was repairing a huge clock on top of a building; his foot became caught and he was unable to extricate it and had to watch as the minute hand came slowly toward him and at last crushed him to death.

The most polished speaker I ever heard was Dr. Griggs, a lecturer from Chicago. He too, spoke at Goodwyn Institute. His manner was easy, his voice smooth, his poise wonderful, his diction perfect. I remember nothing that he said.

When Theodore Roosevelt was president, the Senate once objected because his message was printed and not hand-written.

And when Sam Houston was president of the Republic of Texas, he was criticized because when he appeared before Congress, he gave his message as a speech and not in written form

The next time, Old Sam had a scroll tied with a blue ribbon under his arm. He did not open the document but, after his address, he bowed and handed the scroll to the presiding officer. The latter, on opening the scroll, found it was perfectly blank!

Former delegates to National 4-H Club Camp, Washington, D. C., will be honored guests at camp ceremonies on June 20. The Silver Anniversary of National 4-H Camp is being observed.

Detailed information on maintaining quality in stored grain is offered in a new publication just released by the Texas Agricultural Extension Service. Ask your local county agent for a copy of L-233.
