Just how old is Munday? Plans are under way for celebrating her 50th anniversary next July. But here's a rather interesting letter which we received Monday offering proof that the town is older than that:

k-k

Dear Editor,
I noticed in the last Munday Times that Munday is going to celebrate her fiftieth anniversary. It seems to me someone is behind on his figures.

I have in my possession a certificate that was issued to my father, the late R. P. Munday, who was the first postmaster in Munday. It seems to me about as reliable documentary proof Munday's age as can be found. According to it, Munday had a post office and a name on the 8th of August, 1894.

I shall copy the wording on the certificate. According to that, Munday was 61 last August.

Post Office Department
(picture of eagle as appears on silver dollar)

WILLIAM S. BISSELL

Postmaster General of the United States of America

Whereas, on the 8th day of August, 1894, Reuben P. Munday was appointed postmaster at Munday, in the County of Knox, State of Texas, and whereas he did on the 29th day of September, 1894, execute a bond, and has taken the oath of office as required by law.

Now know ye, that confiding in the integrity, ability and punctuality of the said Reuben P. Munday, I do commission him a Postmaster, authorized to execute the duties of that office at Munday aforesaid, according to the laws of the United States and the regulations of the Post Office Department, to hold the said office of Postmaster, with all the powers, privileges, and emoluments to the same belonging, during the pleasure of the Postmaster General of the United States.

In testimony whereof I have hereunto set my hand, and caused the seal of the Post Office Department to be affixed, at Washington City, this eighth day of October, in the year of our Lord one thousand eight hundred and ninety-four, and of the Independence of the United States the one hundred and nineteenth.

(Signed) F. H. Jones,
acting Postmaster General
Very truly yours,
Mrs. Kittie Redwine
Gunter, Texas

P. S. The seal on this certificate bears the name of the Post-office Department, United States of America, and in the center has the horseback rider. This was interesting to me since history tells us that was the first means of the mail's being carried across the country.

k-k

So there you have it. If we understand the situation right, what we're really celebrating next year is the 50th anniversary of the incorporation of Munday and that the date, July, 1906, is verified by the records in the court house at Benjamin. A town can be older than the date of its being incorporated, we think!

k-k

But we're glad to have this letter, giving the date of the certificate awarded our first postmaster. Perhaps that's something few of us knew.

k-k

Anyway, whether we celebrate the 50th or 62nd birthday of Munday next year, let's do it in a big way!

BIGGEST, BEST LOOKING BOY IN THE HOSPITAL

"I've got the biggest and best looking boy in the hospital this morning!" was John Phillips' bold statement last Tuesday morning. He made the statement without reservation, however, because his was the only boy in the hospital at that time.

He was born at 3:30 a. m. Tuesday, weighed exactly seven pounds and 11 ounces, and his "moniker" is John Lovell, Jr. His mother is John's wife, Mrs. John Phillips, and grandparents are Mr. and Mrs. Press Phillips and J. B. Duke, all of Munday.

TO SISTERS' RITES

J. R. Counts and Walter Counts of Rule attended the funeral of Mr. J. R. Count's sister, Mrs. I. F. Pickett, in Comanche last Monday afternoon.

Bank Donates Time Clock To Football Field

Everybody who has attended the Munday football games recently has undoubtedly noticed the large time clock located at the east end of the field. This timely addition to the field was donated by the First National Bank of Munday.

"We are expressing our appreciation to Mr. W. E. Braly, president, as well as to all the bank officials for this wonderful gift," Supt. W. C. Cox said. "It adds much to the attraction of the game and gives Munday one of the best equipped fields in the vicinity."

"The bank has shown its interest in the welfare of the school in many other ways. It furnishes the school with book covers, Texas Almanacs, and has also furnished us with other items of great value in the past. All these things are sincerely appreciated by the school and community."

Former Knox City Woman Passes At West Columbia, Tex.

Funeral services were held Saturday in the First Methodist Church in West Columbia, Texas, for Mrs. R. R. Banner, former resident of Knox City, with the pastor, Rev. Ernest Mayes, officiating. Mrs. Banner died November 11 at her home there after a long illness.

She and her late husband were early day residents of Knox City, where Mr. Banner operated a general merchandise store as early as 1907. He died in 1951.

She is survived by one daughter, Mrs. J. D. Hardin of West Columbia; a son, Charles Banner of Corpus Christi; two grandchildren; three brothers, Ed Rogers of Houston, Ross and Clifford Rogers of Amarillo, and two sisters, Mrs. C. L. Bailey of Wichita Falls and Mrs. T. S. Edwards of Knox City.

Local 4-H Club Elects Officers

Munday's 4-H Club girls met for the second time November 10 with their sponsor, Mrs. J. R. Peysens, and the agent, Mrs. S. C. Kinsey. An interesting discussion on foods was held.

Officers were elected at the October meeting, as follows: Jimmie Peysens, president; Sandra Brown, vice president; Sharon Cypert, secretary and treasurer, and Linda Garrett, reporter.

Fonda Wallace was elected song leader at the last meeting, and "I'm Looking Over a Four-leaf Clover" was selected as the club song. It was decided to name the club "The Sweetheart Club," with Pate Patterson as club sweetheart.

Billy Bob Brazell of Sunray, grandson of Mr. and Mrs. E. J. Brazell, was recently named winner in a Future Farmers Essay writing contest. Two boys from Texas were winners in the contest, and Billy Bob will receive a two weeks vacation in Chicago as well as numerous other prizes.

It's Coming--It's Almost Here

The big fun night of the year—nothing like it to drive away your troubles, if you have any. If not, then it is more fun than a barrel of monkeys!

It's the donkey basketball game sponsored by the Munday Future Farmers of America, which will be held at 7:30 p. m. November

In Revival

Rev. E. V. Daffern, above, will be preaching the evangelistic messages each night during the revival meeting which opens Sunday, November 20, at the Church of God in Munday. No closing date for the meeting has been set.

Rev. R. D. King, pastor, extends a cordial invitation to the public to attend each evening service.

Book Review To Be Sponsored By Methodist M. Y. F.

The Methodist Youth Fellowship will present Mrs. Travis Lee in a book review "In His Steps," written by Charles M. Shelton, on Sunday afternoon, November 20, at 3:30 o'clock at the Methodist Church. "In His Steps" is the most popular book, with the exception of the Bible, ever written. It is the story of a group of modern Americans who pledge to follow "in his steps" for a year.

A cordial invitation to all to attend the silver tea is extended by the M. Y. F. The nursery will be open for your convenience.

Benjamin Man In Army Maneuvers

FORT POLK, LA.—Army Pfc. Billy R. Golden, son of Mr. and Mrs. Ambrus Golden, Benjamin, is participating in the largest Army-Air Force maneuver since World War II, Exercise Sage Brush, in Louisiana.

Some 110,000 Army troops are testing the latest concepts of atomic, bacteriological, chemical and electronic warfare. The exercise will end December 15.

Private First Class Golden, a mechanic in Headquarters Battery of the 532d Field Artillery Observation Battalion, is regularly stationed at Fort Sill, Okla. He entered the Army in February 1954.

STEVENSONS HAVE NEW GRANDDAUGHTER

A telegram was received by Rev. and Mrs. S. E. Stevenson of Goree, stating that Elizabeth Ann arrived Monday afternoon, November 14, to make her home with Mr. and Mrs. Wm. F. Meyer of 8036 S. W. Valley View Court, Portland, Oregon. Mrs. Meyer is the former Mary Jean Stevenson. This is the sixth grandchild and the second granddaughter for the Stevensons.

Moguls To End Season Friday Against Merkel

The Munday Moguls, sore and bruised from the rigors of their battle with the Haskell Indians, are giving those sore muscles more workouts this week in preparation for their game here Friday night with the Merkel Badgers. This game will close the conference and the season's play for the 1955 issue of the Moguls.

Looking at their records, both teams will be meeting on an even basis with both holding six wins to three losses in the season's standing and two wins to three losses in district standing.

However, if the inspired Moguls of last Friday night hold this inspiration through the week local fans believe they will add another game to the win column. Doubting fans who didn't go out to "see the Moguls get beat" last Friday night will likely be on hand rooting for another win.

Other District 8-A games this week will be Albany at Haskell on Friday night and Roscoe at Roby on Thursday. Throckmorton has completed her season.

Religious Film To Be Shown Sunday

A film showing the way in which Christianity is meeting the threat of Communism will be shown at the local Methodist Church at 7 o'clock Sunday evening. The film "In the Face of Jeopardy" tells the story of the influence of Christianity in the life of the common people of the East Indies where Communism is making rapid growth these days. This new film is produced in color.

Thanksgiving Service Is Slated For November 23rd

Ford Salesman

J. Bryan (Skeet) McCallum, formerly of Wichita Falls, has joined the force of Reeves Motor Co., as new and used car salesman. Mr. McCallum was with an insurance firm in Wichita Falls for a time, later going into the automobile sales. He is an experienced salesman and knows the value of new and used cars. He invites the people of this area to come in and meet him.

McCallum has moved his wife and two children to Munday to make their home. He is a brother of Mrs. Charles McCauley.

Knox City Man Killed In Crash Tues. Morning

Shirley E. Park, 55, well known Knox County farmer, died shortly before noon Tuesday in the Knox County Hospital from injuries received a few minutes before in an automobile accident four miles north of Knox City.

Investigating officers said Park's late model pickup smashed into a safety post on a highway culvert, shearing the post and causing the vehicle to turn over a number of times. The pickup landed upside down on the east side of the road, with the victim thrown partly out of the vehicle.

It was reported that Mr. Park, a diabetic, suffered an insulin shock while enroute to Benjamin. Hospital authorities said he died of the shock and a skull injury.

The vehicle was completely demolished, with the front axle and wheels being torn off.

Funeral services were held at 3 p. m. Wednesday from the First Methodist Church in Knox City, with the pastor, Rev. Walter Driver, officiating. He was assisted by Rev. John W. Price of Chilli-cothe, a former Knox City pastor.

Survivors include the widow; one son, S. E. Park, Jr., a student in the Knox City school; his father, E. L. Park of Knox City; two sisters, Mrs. Neal Logan of Knox City and Mrs. Robert Clinton of Putnam; three brothers, Clyde and Leo Park of Fort Stockton and Robert Park of Abilene.

Investigating the accident were Deputy Sheriff H. C. Stone of Benjamin and highway patrol officers.

TO CONVENTION

Mrs. Joe Lane, president of the Munday P.T.A. unit, left Wednesday for Fort Worth to attend the 47th annual P.T.A. convention, which is in session for three days.

Help Us, Please!

Next Thursday being the traditional Thanksgiving holiday, it is the hope of all of us connected with getting the Munday Times to you each week that we may do so on Wednesday and observe Thursday as a holiday.

We can do this if everyone will co-operate by getting their news and advertising to us a little ahead of time. We'll be putting four days of work into three, you know, and will need your help.

In a poll earlier this year, Munday merchants voted to observe Thanksgiving as a holiday and it appeared this week that a majority of them will be closed next Thursday.

Munday FFA Teams Enter In District Leadership Contest

Two teams of Munday Future Farmers of America journeyed to Olney last Saturday and entered the Oil Belt leadership contests. The district is composed of 13 schools of this area.

The senior farm skill team, composed of Bobby Zane Miller, Lanus Bryan and Robert Elliott, won fifth place, and the Green-hand Chapter Conducting team also placed fifth. This team was composed of Robert Beck, president; David Rister, vice president; Tommy Cunningham, reporter; Gayle Gulley, treasurer; Joe Decker, secretary; Roland Offutt, sentinel, and Bunny Norvill, adviser.

In view of the circumstances and difficulties beyond our control in preparation for the contest, we are proud of the record these boys made," said E. R. Pond, instructor. "We feel that, although not holding first place, they are still winners for they have learned much about how to conduct meetings and participate in group meetings where parliamentary skill is required. This is leadership!"

Truscott Man Is Made Lieutenant

FORT SILL, OKLA.—James C. Browning, 26, son of Mr. and Mrs. Clyde Browning of Truscott, was commissioned an Army second lieutenant after graduating from the Artillery and the Guided Missile Officer Candidate School at Fort Sill, Okla., Oct. 31.

Lieutenant Browning entered the army in December 1954 and completed basic training at Fort Bliss, Texas.

Relatives Attend Beck Funeral Here

The out-of-town relatives here for the funeral of Grady Beck were Gady Beck, Jr. of Austin, Mr. and Mrs. Gene Gaston and three children of White Deer, Mr. and Mrs. A. W. Oakley and Kyle of Terrell, J. O. Shawver of Fort Worth, Mr. and Mrs. J. H. Sweetnam of Vineyard, Mrs. Ruth Hickley and Charles of Royalty, R. A. Thorp of Pecos, Johnny Bowdoin of Falls, Rev. and Mrs. Eustace Swindall of Grandbury and Worthy Beck of Olney.

P.T.A. MEETING IS SET FOR TONIGHT

Do you know where your school tax money goes? An interesting program on "Your Local School Tax and School's Financial Condition" will give you some pertinent facts on this question.

The program will be given at the November meeting of Munday P.T.A. which will be held tonight (Thursday) at the school auditorium.

Music will be furnished by the Junior high school chorus.

Mrs. Durwood Scott and daughter, Della Karen, came in last Thursday to visit with Mr. and Mrs. J. B. Scott while her husband is in Louisiana on maneuvers. The Scotts have been stationed in Fort Hood.

Hundreds of townspeople and others of this area are expected to gather at the Munday school auditorium on Wednesday afternoon, November 23, for the annual community-wide Thanksgiving service. The event is being sponsored by the Munday Parent Teachers Association.

Representatives of various civic organizations met at the school several weeks ago to lay preliminary plans for this service. TI program, which will begin at 11 a. m., has been announced as follows:

Several musical numbers as prelude to the service will be rendered by the Munday Mogul Band under the direction of Harold Jackson.

Invocation will be given by Rev. H. Doyle H. Ragle, pastor of the First Methodist Church, while Rev. Robert H. Lloyd, pastor of the First Baptist Church, will bring the Thanksgiving message. Benediction will be by Rev. R. G. Butler, pastor of Gillespie Baptist Church.

Music will also be furnished by the elementary school, junior high school and senior chorus; while a chorus from Dunbar Colored School will also be on hand for a special number. The program is planned to be both entertaining and inspirational, and the entire public is urged to come out for this hour of Thanksgiving. Various churches of the town are co-operating.

Plans Complete For Rhineland Festival Thursday

Plans for the Thanksgiving Festival are complete and excitement is high in expectation of the big day. Kathleen Michels did a good job of feeding the Turkeys to quote Mrs. Michels, "They are fat as a pig" and some of them have already gotten their heads chopped off and put in the freezer awaiting the proper time of roasting. There will be fresh home-made country sausage; mile long and for supper the menu calls for baked ham and more sausage.

The queen candidates, Misses Janice Herring, Valera Albus and Liene Bellinghaver, are working harder than ever piling up votes for themselves to achieve the enviable title. 1 cent a vote will select your favorite. Deadline for all voters is 6:00 p. m. Thanksgiving Day. The coronation will take place in the Rhineland Community Hall at 8:30 p. m. followed by a dance.

Rain or shine, snow or sleet, let's all go out to Rhineland to help make the plans of a new school a reality.

Junior Hi Braves Close Grid Season

The 1955 football season ended at Munday Junior High School with a somewhat gloomy note. On November 3, the Braves of M. J. H. S. played Rochester J. H. S. to a 34 to 12 loss. This marked our seventh straight loss for the year, with no wins. The boys who played football, together with their coach, were disappointed with the outcome, but nevertheless, their spirits were still high throughout the year.

The team had nine lettermen who were eighth graders and who will be in high school next year. It is hoped they will add much strength to the Mogul team next season. These boys are Roger Bell, Richard Sahadi, Sam Garrett, Duane Ford, Kenneth Park, Eddy Jackson, Melvin Cypert, James Armstrong and Jerry Jetton. Another eighth grader who saw some action this year is Eddy Martinez.

Although the outcome for the season was not too pleasant, boys in the sixth and seventh grades this year who will be playing next year are already planning for a much better season.

Mr. and Mrs. Wayne Rodgers and son of Austin spent the week end with his parents, Mr. and Mrs. Walter Rodgers. Wayne received his discharge from the Air Force last week.

THE PEACEFUL ATOM

Our newest industry is the harnessing of atomic power for peaceful purposes. It is an infant industry. Yet it "is enmeshed and intertwined with vermin to a degree not paralleled in history." That statement was made by Robert McKinney, chairman of the Panel on the Impact of the Peace-Uses of Atomic Energy. The panel, which is made of representatives of manufacturers, service enterprises, organized labor, and others, is to make official report to the Joint Congressional Committee on Atomic Energy by next January 31.

It is clear that national policy on atomic energy must be made with the greatest of care. As an example, the highest hopes are held out for atomic generation of electric power. But the country certainly does not want, nor can it afford, a state- and state-controlled atomic electric power industry which could operate only because of huge government tax subsidy. That would do tremendous damage to the industries—such as coal—which are the backbone of power production now. In the view of most experts, will remain so many years to come. The whole country would suffer.

Senator Anderson, chairman of the Joint Committee, has said: "We must make sure that individual initiative and enterprise are free to develop in the atomic age, unimpeded by public or private monopoly." And the atomic energy industry must stand on its own feet.

HELPING "THE LITTLE FELLOW"

There is much talk to the effect that if federal income taxes are reduced next year the emphasis could be on helping "the little fellow"—rather than a people of larger means or business enterprises.

Henry Hazlitt, in one of his Newsweek columns, made an apt comment on that idea. He pointed out that it takes an investment of about \$12,500 to start a job in American industry, and said, "This tremendous investment . . . is the main reason why the American worker's productivity is greater than that of any other worker in the world, and why his wages are correspondingly greater." He then summed up in these words: "By all odds the best way to 'help the little fellow' is to encourage the profits, savings, and investments that make his job and his income possible."

"Here in the United States where electricity is now for the most part cheap, the transition from conventional power to atomic power will be relatively slow."—W. S. Cole.

AUTHORITATIVE BLUEPRINT

Each kind of common carrier has its own "inherent advantages." One inherent advantage of the railroads, for example, lies in their ability to carry huge volumes of traffic over great distances at a relatively low cost.

Yet, due to rigid and obsolete regulatory laws and policies, the railroads are unable to give the public the full advantage of these inherent advantages. Regulation, as now exercised, stands in the way.

That, in capsule summary, is one of the main points made in the report of the Presidential Committee on Transport Policy and Organization. It found that while there is strong competition in commercial transportation today, the government has not changed its regulatory policies to meet these new conditions.

The Committee's major conclusion and proposal is that the regulated carriers should be allowed greater competitive freedom in making rates. They then would be able to exercise their inherent advantages in each case, and offer the public a rate structure reflecting those advantages. Each would find its proper place and perform its proper role in the over-all transportation job. Laws preventing excessive or unjustified rates would remain in effect.

The Committee, in short, has produced an authoritative blueprint for giving the nation the best possible transportation service at the lowest cost.

Delano, Minn., Eagle: "There's always free cheese in a mousetrap but we don't think the mice that get it are very happy."

Beeville, Tex., Bee-Picayune: "Yes, the power to tax is the power to destroy and when America reaches the point where it is taxed to the limit and we can no longer tax ourselves for emergency; when we have reached the point where we destroy private business with excessive taxes; when we can no longer raise funds because we have been taxed more than our ability to pay—then we will be destroyed as a nation."

Wildwood, N. J., Leader: "We have become so accustomed to paying 'hidden taxes' that we may not as a general rule think of them when we go out shopping. Something of the same thing is true in reverse when we take home our pay envelope. We have become so accustomed to deductions for withholding tax, unemployment insurance and social security premium that we actually have begun to think of our 'take-home pay' as being our real salary."

WHAT DOES THE BIBLE SAY?

Abiding With God

The Bible teaches that it is important to do just what God commands us to do, nothing more and nothing less. John brings this out in I Jno. 2:5, "And hereby we do know that we know him, if we keep his commandments." It is not enough for us to be vaguely religious. We must study the New Testament and find out God's will for us through Jesus Christ and then do what God says. Christianity is a personal matter.

"He that saith, I know him, and keepeth not his commandments, is a liar, and the truth is not in him. But whoso keepeth his word, in him verily is the love of God perfected: hereby we know that we are in him. He that saith he abideth in him ought himself also to walk, even as he walked" (1 John 2:4-6).

Are You Walking As God Walked?

The Bible says: "How can two walk together except they be agreed?" Jesus is God's perfect revelation for us. He is the

simplification of God. If we would know how God walks, then let us look at Jesus. Let us have the same mind or disposition in us which was in him. Let us love God with all our heart, mind, soul and strength as he did. Let us love our brother as he did. John goes on to say that "He that saith he is in the light, and hateth his brother, is in darkness even until now. He that loveth his brother abideth in the light. . . ."

Jesus gave us the perfect example. May we carefully study it as revealed in God's New Testament or will. Then may we prayerfully follow it. If you have not yet become a disciple of Jesus Christ may we urge you to believe on him today, repent of your sins, confess your faith in him and follow his command and example in being buried in baptism. Following your new birth you will want to feed on the sincere milk of the word of God and grow in grace and knowledge every day. You may be sure you are abiding in God and in Christ when you keep his commandments and walk, "even as he walked."

PAYNE HATTOX, Evangelist

Hotels have cards in the rooms saying, "We invite your suggestions as to how we can improve our service."

I once took a hotel at its word and wrote out a mild criticism and signed my name in the space at the bottom—and I've never been able to get a room at that hotel since.

I still offer suggestions on the cards and sign them—but with somebody else's name—somebody I don't like.

One summer when I was editing the paper in Eastland, an evangelist came to town. In his sermons, he referred to condi-

tions in the county with reference to law enforcement, or rather the lack of the aforesaid. (This was back in the early 1920's.)

This aroused a strong reply from a leader of the county government faction and the paper published his letter, which admonished the preacher to stick to the Gospel and not stir up strife. The communication closed with, "I suggest he preach on my favorite text, 'Suffer little children to come unto Me and forbid them not, for of such is the kingdom of heaven.'"

That night, in the pulpit, the evangelist replied—and we published his answer, also. He said, "I understand that the man who wrote the letter has been married a good while and has no children. I recommend to him another verse of the Scripture: 'Increase, multiply and replenish the earth.'"

I want to go on record (for whatever it is worth) against the use of fine, standard old songs as commercials. A while back the tune which is associated with the heroic migrations into the old West, "I come from Alabama with a banjo on my knee" was used with a verse boasting some kind of mange remedy or flea powder.

A young man and a pretty young lady were driving around the city one night. She asked, "Would you like to see where I was vaccinated?" He replied, "I surely would." She said, "In that building on the corner."

Then there was the cub reporter who turned in a writeup

Knox Prairie Philosopher Says This New Fangled Television Banking Will Just Be Wasted On Men Like Him

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek is discussing banking or television this week, we can't tell which.

Dear editor:

I was sitting by the fire during the cold snap the other night reading through some newspapers I'd accumulated so they'd be ready to start a new fire with the next morning, if it came down to a choice, I'd start a fire with an un-read paper before I'd go cold but if a man plans ahead he can get his papers read and his fire started both, and one of the articles I ran into drew my attention.

According to it, the uses of television are being expanded to the business world, and one of the new uses will be in banks.

With this new television gadget, say a man walks up to the window to cash a check and the teller ain't sure whether he has enough money on deposit to swing it. Instead of having to walk back to the ledger sheets and find out, he now has only to flip a switch, ask a helper in the back to bring the camera into position, and right there on a small television screen by his

J. A.

side he can get a look at the ledger sheet, without ever having climbed off his stool.

This is supposed to save a lot of time, but to my notion it just goes to show how technical progress is getting ahead of some bank customers.

Take me, when I walk into my bank in Munday and ease up to the teller's window, there ain't no doubt in his mind over what my bank balance is. If the bank had one of these new gadgets, he could look it up on television, but it'd just be a waste of electricity, as he already knows.

I'm in favor of scientific progress, but I don't see much point in science getting so far ahead of me. Buying a lot of television apparatus to look up what my bank balance is, is gonna be a big waste of money. It'd be sort of like x-raying a man from head to foot before you started treating him for an in-growing toenail.

Sometimes science simplifies life, sometimes it just makes it more complicated.

Yours faithfully,
J. A.

Weekly Health LETTER

Issued by Henry A. Holle, M. D., State Health Officer of Texas

AUSTIN—Can parents of an adopted child get a birth certificate for that child on which they are shown as the natural parents?

Yes, says State Registrar W. D. Carroll. Furthermore, the new birth record will bear no evidence of the adoption.

If the mother and father of an illegitimate child marry after the birth, can a new birth record be issued showing the child to be legitimate?

Again yes. These and other facts of life and death will get a thorough going-over December 1-2 when city and county registration officials and vital statisticians gather in seminar at the Texas State Department of Health.

Invitations to attend have been mailed to all registration officials in cities of 10,000 or more, to all health unit directors, and to all county clerks in counties of more than 25,000.

The two-day workshop, conceived last year as a means of keeping local officials abreast of registration policies of the federal government and the State Department of Health, will turn up problems which ultimately affect every man, woman, and child in the state.

Some of the problems are tense and troublesome. Others are commonplace.

One of the most important items to be covered at the meeting will be the necessity for requiring complete documentation before amending a birth record. Without such documentation, Carroll says, birth records lose some of their value as evidence.

Birth certificates are routinely called for to prove a person's age, parentage, and citizenship.

So confidential is the nature of vital registrations that all employees of Carroll's office are sworn to secrecy about the details of their daily work. Even discarded correspondence is specially burned, rather than being hauled away with regular trash collections.

Other problems to be discussed are methods by which Texas parents who adopt children born in

other states or foreign countries can get birth records for the children, how delayed birth certificates are handled, amendments to death certificates, and the cause-of-death querying program for

the forthcoming year. Registration officials planning to attend the seminar should inform Carroll by writing to the State Department of Health in Austin.

Seen Monk's "Better Half"?

Monk McCarthy's latest creation has the town talking again. You can see it parked in front of Monk's auto repair shop on Maple.

Remember last year Monk cut two cars in half, and put their front ends together? You couldn't tell if the thing was coming or going. Sure attracted attention.

Now Monk's taken Tog Morgan's old sedan and completely restored one half of it. One side is as good as new, the other looks like—well, Tog's old car. "Sort of a before-and-after demonstra-

tion," Monk told me, "shows folks the kind of work I do."

From where I sit, some of Monk's ideas may look a little wild sometimes... but I wouldn't want to tell him how to run his business any more than I'd like him to tell me what beverage to enjoy. He always keeps a hot pot of tea in his garage—I'd rather have a cold glass of beer—but respect for each other's opinion is "auto"-matic with us both.

Study Club Has Interesting Study At November Meet

"Colorful Characters of the Great Southwest" provided the subject matter for the Munday Study Club's November program as members continued their study of the southwest. Mrs. J. O. Bowden was director for the day.

Mrs. A. L. Smith had the discussion of "Texas Millionaires", followed by "The Cowboy, Indispensable Character", given by Mrs. Gene Thompson. Mrs. J. B. King concluded the program with her talk on "Indians of the Southwest".

Mrs. Smith touched briefly on the lives of many of Texas' richest men, some of whom are well known Texas personalities, while others have preferred a life out of the spotlight.

Comparing the life of a present day cowboy to the first colorful ranch hands, Mrs. Thompson drew many of her examples from the famous Waggoner Ranch.

Mrs. King's talk on southwest Indians centered around the Inter-Tribal Ceremonial, held each year in August, at Gallup, N. M. In picturing the ceremonial, the largest in the world, she emphasized the interest of people of that area for the Indian's welfare.

The Munday Study Club will meet Friday, November 18, with Mrs. R. D. Atkinson as director. Program topics will be "From Tepee to Tower", a discussion of Oklahoma.

Hitchcock-Reeves Vows Exchanged On November 9th

Miss Mary Hitchcock, daughter of Mr. and Mrs. J. R. Hitchcock of Knox City, and Harley Reeves, son of Mr. and Mrs. L. V. Reeves of Weinert, were united in marriage in the First Baptist Church at Stamford Wednesday afternoon, November 9, at 2:30 by Reverend Byron Bryant, pastor of the church.

The vows were exchanged in a single ring ceremony before the altar table on which was placed a crystal bowl of white mums and chrysanthemums beside an open Bible.

Attendants were the mothers of the bride and groom. Mrs. Reeves is a senior in the Knox City high school and Mr. Reeves is a student in Cisco Junior College. Each plan to continue in their respective schools.

Mr. and Mrs. G. C. Wirz of Seymour were Sunday guests of their daughter, Mrs. Robert Patterson, and family. They brought their little granddaughter, Bobby, home after she spent the week end with them.

CARD OF THANKS

Our thanks to you who have been very kind and thoughtful in our hour of sorrow. Your comforting words, your many deeds of kindness, your cards, beautiful flowers, and food that you sent have been deeply appreciated. We shall never forget you. May God keep you ever in His care.

Behind the collapse of hogs prices was a near 170,000 hogs reported at 12 major markets on Monday. It was 33,000 more hogs than were reported the same day a week earlier and was the biggest run at some Cornbelt markets for a single day since 1942.

Similar declines were reported for hogs all across the country and the big supply of pork was putting pressure on all kinds of meat.

Cattle Trade Uneven, Steers Bid Lower

Mature fed steers attracted sharply lower bids at Fort Worth Monday. Local packers reported steer beef inventories high in their coolers and moving out very slowly, and this accounted for the lower offers. A few lots sold early to small packers about steady, but later sales were generally 25 to 50 cents lower.

Cows were steady to strong, some strong weight canner and cutter cows 25 cents or more higher. Bulls held barely steady. Higher grade slaughter calves and the upper grades of stockers were steady, but the in-between grades and plainer kinds were easier.

Comparative prices: Good and choice steers and yearlings \$16.50 to \$19.50, a few yearlings to \$20; common and medium sorts \$10-16; fat cows \$9-11; canners and cutters \$6.50-9.50; bulls mostly \$9 to \$12, some stocker bulls \$12.50; good and choice slaughter calves \$15.50-17.50, and cull, common and medium calves \$8-15; stocker steer calves of good and choice grades sold for \$16-19.50 and steer yearlings cashed at \$17.50 downward; stocker cows sold from \$8-12.

Sheep And Lambs Dip; Fat Lambs Lose \$1.00

All classes of slaughter sheep and lambs were lower on the opening session at Fort Worth on Monday. Fat lambs lost \$1 per hundred, and yearling muttons sold around 50 cents to \$1 lower. Ewes and other aged sheep were weak to 50 cents off. Feeder lambs were about steady, some mixed feeder and fat lambs at \$16.50 Monday on the strong side. Good and choice fat lambs sold at \$16-17, the latter figure for

some wooled lambs; shorn fat lambs drew \$16.50 downward. Cull, common and medium offerings cashed at \$9-15; stocker and feeder lambs sold at \$13-16.50, latter price for mixed feeders and fat lambs.

Yearling wethers of good and choice kinds sold from \$14-15.50; and aged wethers sold from 7.50-11.50; old ewes drew \$5-6.50... and aged bucks sold around \$5.

Sheepmen Should Clip And Save This Item

For the next several months the length of the wool on sheep and lambs when they are marketed will be of vital importance. In market reports and market broadcasts there will be reference to pelt credits such as "wooled", "Fall shorn", and No. 1, or No. 2 or No. 3 pelts. Unless you know what length wool is meant by each of these your understanding of your market reports can be badly hampered. Here's how they go: "Wooled" means unshorn, or

with a full year's pelt, or over 1 1/2 inches of wool. "Fall shorn" or "Summer shorn" means the wool is 1 to 1 1/2 inches long. No. 1 pelts are 1/2 to 1 inch long.

No. 2 pelts are from 3/4 to 1 1/2 inch long.

No. 3 and fresh shorn pelts are under 3/4 inch long. Pelt credits on sheep and lambs are especially important in the early months of the year and until such time in the early summer as the yearling lambs are pretty well all marketed.

Mr. and Mrs. Ray D. Ford and children visited his parents, Mr. and Mrs. W. R. Ford, in McCamey over the week end.

Miss Lera Irick of Dallas visited her mother, Mrs. A. D. Irick, over the week end.

Mr. and Mrs. Royce Hardy and children visited relatives in Abilene last Sunday.

Miss Rose Marie Kuhler And Walter Brown Marry In Rhineland Ceremony

In a beautiful and impressive ceremony, Miss Rose Marie Kuhler became the bride of Walter Brown on Thursday morning, October 27, at 8:00 o'clock in the St. Joseph's Catholic Church in Rhineland before an altar banked with pink gladioluses. Rev. Norbert Kuhler, cousin of the bride, officiated at the double ring ceremony and Nuptial High Mass.

The bride, given in marriage by her brother, Alphonse Kuhler, was attired in a waltz length white gown of rose painted handclipped chantilly lace over satin. The yoke was scattered with iridescent sequins and pearls. The long lace sleeves extended to points over the hands and the gathered net skirt with insets of panels of matching lace over satin. Her crown of fine chantilly lace embroidered with iridescent sequins and pearls held the finger tip veil. She carried an orchid showered with stephanotis and satin ribbon. The bride also carried out the traditional something old, borrowed, blue and a penny in her shoe.

Mrs. James Roznonsky of Wichita Falls, sister of the bride, was matron of honor. She wore a waltz length gown of toast brown taffeta and tulle with a matching half hat. She carried a cascade bouquet of yellow pom mums. Clara Bellinghausen of Amarillo, cousin of the bride, and Betty Brown, niece of the groom, were bridesmaids. They wore gowns identical to that of the matron of honor, in orchid and green respectively. They also carried yellow pom mums. Mary Alice Kuhler, niece

of the bride, flower girl, was attired in a yellow gown.

James Roznonsky of Wichita Falls, was best man. Bernard Brown and Richard Stengel, nephews of the groom, served as groomsmen. Arthur Lee Brown, nephew of the groom, was ring bearer. Julius Kuhler and Norman Brown were ushers.

A reception was held immediately following the ceremony in the Parish Hall, after which the couple left for a week's honeymoon to the Gulf Coast and New Orleans. Both are graduates of Rhineland High School. They are making their home on a farm east of Rhineland where the groom is engaged in farming.

BRIDE-ELECT HONORED WITH BRIDAL SHOWER

The bride-elect was honored with a bridal shower on Sunday, October 16, at 3 p. m. at the Parish Hall. Seventy-three guests registered and were served cake squares and coffee.

Many nice gifts were received, and those not attending sent gifts. Hostesses were Mes. Catherine Kuhler, James Roznonsky, Julius Kuhler, Joe Brown, Hubert Bellinghausen, Albert Fetsch and Clarence Herrington.

Miss Julie Massey, student at McMurry College in Abilene, spent the week end with her parents, Mr. and Mrs. Joel Massey.

Mr. and Mrs. Bill Rippeteo and children of Lubbock were Sunday guests of her parents, Mr. and Mrs. M. H. Dean.

IT'S THE LAW
in Texas

YOUR RIGHTS IN COURT

The average person has only a vague idea concerning his rights in court. When unjustly charged with an offense, even a simple traffic violation, he is prone to feel that all is lost. Our laws, however, provide a number of protections to insure against conviction of the innocent.

Probably the most fundamental right of the accused is summarized in the well known adage, "Every man is innocent until proved guilty." It is up to the prosecuting authorities to prove that the person on trial is guilty—and not the obligation of the person accused to prove that he is innocent. The prosecution must prove your guilt beyond a reasonable doubt, or you will be acquitted. The mere fact that you have been given a ticket or accused of a crime is not even evidence of guilt.

Another important protection is the right to have a witness whose testimony you may need subpoenaed to appear in court and testify. Many people are reluctant to go to court when their own rights are involved, and unless you had a means for compelling their attendance and testimony, you often would be unable to prove the facts necessary for success in your case.

It is the duty of every citizen to testify if he has information important to a law suit and is called upon to do so. The courts can and do enforce attendance in court and the giving of testimony.

Certain other safeguards are valuable to you. A person may refuse to testify in any proceeding if he has a reasonable belief that his testimony could be used as a basis of a criminal proceeding against him. This does not mean, of course, that a confession given freely and voluntarily cannot be used in evidence. But it does mean that an accused cannot be compelled to take the witness stand. Nor can his failure to testify be commented upon by the prosecution.

These are but a few examples of the numerous safeguards our courts provide to protect the innocent against false accusations of crime. But many of these rights would be valueless without the assistance of a lawyer, who has been schooled in legal principles and rules of statute or decision involved, to invoke these rights. The "right to counsel" must be granted to every accused person brought before any court in the state. In capital cases, if an accused person cannot afford to pay for legal counsel and desires it, the court must appoint a lawyer to represent him.

Every person charged with an infraction of the law has the right to consult counsel before making any plea. This applies to cases in every court—including justice of the peace courts, municipal courts, traffic courts and district courts. It does little good to consult a lawyer after you have pleaded guilty and paid the fine, for then the damage has been done.

The courts are open to you any time one of your legal rights has been denied or any of your property has been unlawfully taken. This is one of your most precious rights. The courts are the only peaceful means of enforcing your rights.

LONE STAR Agriculture
The Texas Department of Agriculture

ANTIBIOTICS IN AGRICULTURE

Use of antibiotics in production and marketing of meat animals may have a profound effect on Texas livestock industry.

Definite proof has been established that use of certain of the "wonder drugs" can do everything from bringing more pigs per litter to keeping beef, poultry, fish and even whales fresh.

In tests using aureomycin feed supplements, growth of pigs has been improved an average of 36%. Similar benefits are gotten from use of this antibiotic in beef cattle, sheep and dairy cats.

This could mean a tremendous saving in feed and labor costs, since animals would get to market sooner. Use of the feed supplements also has results in a saving of about 20 lbs. of feed per 100 lbs. of gain due to increased efficiency of food utilization.

This speeded-up growth is probably brought about as antibiotics keep down germs of some diseases, create good conditions for organisms which produce vitamins, suppress intestinal germs which compete with the animal for vitamins in its food, and regulate important growth functions in the animal body.

More pigs per litter can be produced when the mother sow's diet is supplemented with aureomycin

Moguls Upset Powerful Haskell Indians With 20-19 Victory On Friday Night

"It was the best game of the year." "Best high school football game I've ever seen." These and other joyous exclamations came last Friday night from local football fans after the Moguls had forged their way to a thrilling 20-19 upset of the powerful Haskell Indians.

It was the 39-yard keeper play of Quarterback Glen Amerson in the last three minutes of play that sent the stunned Indians home with their first conference loss of the season. The visitors had been doped to win and then vie with the Albany Lions for the conference title.

The Moguls, who last defeated rival Haskell in 1947, fought from behind a 19-14 deficit in the final 2½ minutes to score the winning touchdown. The try for placement that never got off because of a high snafu from center made no difference.

It was Amerson's two perfect placements in three tries that was the difference in the ball game on the scoreboard, but his never-say-die come-from-behind spirit had just as much to do with the victory.

The brilliant quarterback was aided by the linecrushing runs of fullback Gary Cure and halfback Wyman Tidwell and a staunch Mogul forward wall that repulsed a desperation Haskell drive in the last minute.

Haskell's loss takes some of the edge off next week's battle with mighty Albany, which dusted off Roscoe in another district game Friday afternoon. Albany now

has a 5-0 mark and Haskell, 4-1, in district play.

Fleet Halfback Jimmy Love gave the favored Indians their only lead of the night in the fourth quarter on a brilliant 48-yard touchdown run, and it appeared that the 19-14 margin would hold up until Amerson's keeper play that paid off in spades.

Frankie Don Mullins, Haskell's long-distance runner, lived up to his reputation with a 75-yarder in the third quarter and was a pillar of strength on defense for the Indians.

Munday gave the partisan crowd plenty to yell about on its first offensive series after Cure recovered a John Pitman fumble on the Indian 42.

With Tidwell and Cure alternating up the middle, the Moguls scored in only eight plays with the burly Tidwell blasting over from the five with 7:45 still left in the first quarter. Amerson's kick was perfect. Things rocked along fairly even until the opening seconds of the second period when the Moguls boosted their margin to 14-0.

Holding Haskell, the Munday crew took over on its own 49 after a 35-yard Mullins punt. Amerson hit Gerald Tidwell with a neatly-executed 27-yard pass to the 22 and from there the infantry took over. Amerson circling end on a keeper play for the last three yards. He was aided by a devastating block by Tidwell. Amerson's kick was good with 8:30 left in the half.

Minutes later a bad punt by Amerson that carried only 13 yards to the midfield stripe put Haskell in motion. They went entirely by land with Love and Pitman doing most of the work, aided by a 15-yard penalty against Munday. Pitman finally went over from the two and Jim Byrd's placement was wide with 3:30 left in the half.

The Indians struck quickly midway in the third quarter to whittle Munday's margin to 14-12.

After a 44-yard Amerson punt was returned 17 yards by Mullins to the 22, the fleet-footed senior hit right end, was trapped momentarily, but freed himself to race 78 yards to touchdown land. Glen Kreger's kick was blocked by Cure.

Late in the fourth, Haskell took its only lead on a 58-yard march, the final 48 coming quickly on the sensational run by Love around left end. This time Byrd's kick was good and Haskell led 19-14 with only 4:54 left in the game.

But the Moguls weren't to be denied and marched deliberately after a 31-yard pass from Amerson to Gerald Tidwell that carried to the Haskell 46. Amerson's peeled play behind perfect blocking by Tidwell capped the upset and the Munday defensive corps held for the big victory.

DAUGHTER BORN TO THE J. B. WALLINGS

Excerpts from "Around Town", Wichita Falls Record News: "The male majority, which stood four to one in the Walling family was whittled a bit Friday, November 11, with the birth of a daughter, nine pound, two ounce Candace Suzanne, at Wichita General Hospital, State Rep. J. B. and Mrs. Walling of 2921 Moffett, now have three boys and a girl."

Mr. and Mrs. Mahlon Boggs, maternal grandparents, now have six grandsons and one granddaughter; say, won't that little girl get a lot of spoiling? Mrs. Boggs is visiting her new granddaughter this week. Wade Walling, formerly of Munday, now living in Colorado, is the other grandparent.

Billy Ray and Glenn D. Henson of Texas Tech in Lubbock were week end visitors of their parents, Mr. and Mrs. H. D. Henson.

Miss Sue Clark of Dallas visited relatives and friends here over the week end.

Mr. and Mrs. Donis Melton and daughter of Waco were week end guests of her parents, Mr. and Mrs. R. T. Morrow.

Mr. and Mrs. Coy B. Jennings and daughter visited her brother, Belver Followill, in the Phillips Petroleum Company Hospital in Phillips last Friday. Mr. Followill suffered a heart attack the first of this month, but he is reported to be getting along fine.
