

Kracker Krumb

Odd Bits Salvaged at Random

We reckon old Santa Claus is the most popular person in these parts, or any parts, right at the present time. The old gent was pretty nice to us, and to all with whom we've had conversation since Christmas.

k-k

But Christmas is done and gone, and it's up to us to get down to the business at hand—such as inventory, summing up the year's profits and losses and getting ready for that big Christmas present to Uncle Sam which he'll be asking for between January 1 and April 15—income taxes.

k-k

Kids make Christmas, so we hied ourselves up near Quannah on Christmas eve, to be where there were children and young people for Christmas and to partake of the bountiful turkey dinner, home made candy, and stuff like that. For nigh on 20 years, or more, we've been at the Roy Rogers and Jack Phillips home during Christmas, and we guess it's getting to be pretty much of a habit with us.

k-k

The three meals we got while there didn't do our waistline any good, but it's no time to worry about the waistline, etc., when you go visiting and set down to fried chicken and fixings for supper, home-made sausage and hot biscuits for breakfast, and then the big turkey Christmas feast at dinner. But too much of that just makes it that much harder to settle down to ordinary grub after getting home.

k-k

We didn't actually see Santa Claus at Quannah, but we heard him discussed quite a bit—and there was lots of evidence of the old fellow having been around. The annual Christmas tree was enjoyed Christmas morning, and it looked like everyone present got a good share of presents as a remuneration for being good boys and girls all year!

k-k

The happy yuletide was not without its sorrow and disappointments for a good many people, some right here at home. A cousin who is very close to our household lost his aged father by death just before Christmas, with funeral services being held on Sunday. The happy event was marred in other homes, too, with events of varying nature.

k-k

We heard of only one accident—that which occurred just north of Munday that upset the day for local people. However, over the nation the traffic toll was heavier than predicted, bringing mourning to many people. We saw Capt. K. B. Hallmark of the Highway Patrol on TV during the holidays, and he was urging people to be careful. It seems, though, that many people can't learn to take this "drive carefully" as a personal matter.

TOO LATE LAST WEEK

The following letter to Santa Claus was received after last week's paper was on the press. We hope Santa received it in time, and the writer was not disappointed:

DEAR SANTA,

Please bring me a pony tail doll, English walnuts, candy, apples, oranges and bananas and please bring me a little model police car. Please bring my little sister a doll that speaks.

I haven't minded my mother too well, but I have a little. Thank you very much.

Love,

SALLIE & SHIRLEY ROBERTS

Holiday guests of Mr. and Mrs. Don Combs and LuAnn were his parents, Mr. and Mrs. W. B. Combs of Plainview, his brother, Clifton Combs, and nephews, Billy Don and Gene, of Hereford.

Savings Bonds Sales Are Below Quota In County

W. E. Braly, Chairman of the U. S. Savings Bonds Committee for Knox County advised today that citizens of the county had purchased a total of \$245,088 Series "E and H" Savings Bonds through November 1956. The County's goal for the year is \$320,000. Bonds purchased thus far represent 76.6% of this goal.

Mr. Braly also had some timely advice for the lucky folks who received money for Christmas this year. "There is a wonderful way to spend Christmas Cash to make it worth much more. Buy United States Savings Bonds and watch them grow."

Mr. Braly had a timely suggestion for a New Year's Resolution. He said all of us could help ourselves, our families, our community and our country by resolving to use a systematic savings plan. A plan that works automatically and pays off with guaranteed results. The Government has such a plan, the Payroll Savings Plan for the purchase of Series "E" United States Savings Bonds.

Four Accidents Investigated In Knox In November

The Texas Highway Patrol investigated a total of four accidents in Knox County during November, according to Capt. K. B. Hallmark, Jr., of Wichita Falls, commanding officer. Three of these were property damage, and one a personal injury accident. Capt. Hallmark reported a total property damage of \$1,542, with one person injured and none killed. This is a decrease of two accidents and 1 death for the same period in 1955.

Patrolmen contacted a total of 2,810 traffic law violators during the month in the Wichita Falls district. Capt. Hallmark reported that 780 of these were arrested, while 2,030 were warned for violation of the state traffic laws.

Speed was the leading cause of arrest with improper passing second and driving on the wrong side of the road ranking third.

Counties of the district are: Archer, Baylor, Clay, Cottle, Hardeman, King, Knox, Montague, Wichita, Wilbarger and Young.

Munday School Machines Looted

Two soft drink machines were broken into and looted of an undetermined amount of money in the Munday high school last week.

Entrance to the buildings was gained through broken windows and several doors in each building has been forced. Offices of Supt. W. C. Cox and Principal Joe Canafax were entered but the safe was not damaged.

Mr. and Mrs. Rex Holder and son of Spur, and Mr. and Mrs. D. E. Holder, Jr., and daughter of Lubbock spent Christmas with their parents, Mr. and Mrs. D. E. Holder, Sr.

OFFICERS AND DIRECTORS—Pictured above are officers and directors of the First National Bank in Munday who will host the formal opening next Saturday and Sunday. They are, left to right: C. L. Mayes, director; Paul P. Pendleton, assistant cashier; J. Weldon Smith, cashier; J. C. Borden, director; R. D. Atkinson, director; M. L. Wiggins, vice president, and W. E. Braly, president.

Formal Opening of Bank is Set for Saturday, Sunday

Missionaries To Argentina

RICHMOND Va.—Rev. and Mrs. Robert H. Lloyd, of Munday, were appointed missionaries to Argentina last week by the Southern Baptist Foreign Mission Board at its regular monthly meeting in Richmond.

Mr. Lloyd is pastor of First Baptist Church, Munday, where he has served since November, 1954. Formerly he was pastor of First Baptist Church, Groom, Tex., and First Baptist Church, Megargel, Tex., and assistant pastor of First Baptist Church, Denton, Texas.

He served as a medical laboratory technician in the U. S. Army for 39 months.

The son of a Baptist minister, Lloyd was born in Louisville, Ky., and lived in West Virginia and Texas while he was growing up. He attended Lon Morris Junior College, Jacksonville, Tex., and received the Bachelor of Science degree from Baylor University, Waco, Tex., and the Bachelor of Divinity degree from Southwest Baptist Theological Seminary, Fort Worth, Texas.

Lloyd said that the visits of missionaries to the church in Munday each quarter and particularly the visit of Stanley P. Howard, Jr. missionary to Japan, led him to dedicate his life for mission service.

Mrs. Lloyd, the former Charlotte Green and a native of Goree, Tex., moved to Megargel, Tex., with her family at an early age. She received the Bachelor of Science degree in education from North Texas State College, Denton.

She was office secretary at First Baptist Church, Denton, and taught first and second grade in Double Oak School, Denton County, and third grade in the Groom (Tex.) public schools.

Mrs. Lloyd told the Board that at the time of Missionary Howard's visit she also felt God might use them on the mission field. Then at a foreign missions conference at Glorieta (N. M.) Baptist Assembly she surrendered her life for missions.

People from a wide area are expected to be in Munday next Saturday and Sunday for the formal opening of the First National Bank in its new quarters.

Saturday afternoon, officers directors and employees of the bank will be host to bankers from other towns for inspection of the new bank and its facilities. Invitations have been mailed out, and bankers from Fort Worth, Dallas, Wichita Falls, Abilene, and all area towns are expected to be here.

Then on Sunday afternoon, the general public will be given an opportunity to inspect the new building and all its departments at the formal opening for people of this entire area. Open house will be held from 2 to 5 p. m., and hundreds of people are expected to attend. Everyone has a cordial invitation to visit the bank during these hours next Sunday.

When the bank opened for business on Monday, December 17, for the first time in its new quarters, C. L. Mayes, pioneer resident and director of the bank, made the first deposit in the new building. Mrs. W. E. Braly was hostess for tours of the plant during the day—but the big day will be next Sunday.

Everything is in readiness, and all the folks at the bank are expecting you.

Tex-Man Sam Sez:

Most folks don't like to think about their income tax during Christmas week or any other time for that matter. It does pay, however, to be educated in tax matters. The Internal Revenue folks like for everybody to start work on their tax returns after Christmas. What sort of Christmas gift do you get for that? None! It is interesting to note though that come January 1st, Uncle Sam owes 55% to 60% of the taxpayers money. So it would appear that most of us get some of our money back from the Government instead of the Government getting more from us at income tax filing time.

Mrs. M. L. Joyce and Joe of Albany spent last Saturday and Sunday with her mother, Mrs. J. B. Bowden. They and Mr. and Mrs. G. W. Hawkins and Jan spent the Christmas holidays with Mr. and Mrs. Dwaine Russell and children in Amarillo. Mr. and Mrs. V. I. Cosler of Lawndale were also guests in the Russell home. Mrs. Cosler is a daughter of Mrs. Bowden.

Texas Highway Dept. To Spend Over \$225,600 In Knox County Road Projects

Oil Activities

Six new wildcat exploratory ventures staked in Knox County were reported Wednesday of last week. They are:

A. R. Dillard Jr., No. 1 C. Hamilton, 1 1/2 miles southwest of Benjamin, to 2700 feet; Miers and Deuel of Dallas No. 1 Kempner Estate, 11 miles northwest of Knox City, to 2800 feet; Fletcher Oil and Gas Drilling Corp. of Dallas No. 1 H. M. Michels, four miles north of Munday, 2300 feet; Ted A. Norwood et al No. 1 J. T. Harber, six miles southwest of Munday, to 2300; Fain and McGaha No. B-1 Ernest Kinnibrugh, four miles southwest of Vera, to 2200 feet; Jones, Morgan and Stalcup No. 1 W. H. Paul, one-fourth miles west of Knox City, to 2500 feet.

Two completions were reported, as follows: The Frierson Co. No. 1 J. W. Gaither, 1 1/4 miles southwest of Munday, for a daily pumping potential of 44.45 barrels of 36.8 gravity crude, with pay perforated at 1921-90 feet, and total depth of 2150; J. L. Stodghill No. 1 Roberta Beck, four miles north of Munday, for pumping potential of 34.95 barrels of 38 gravity oil from perforations at 2030-36 feet and total depth of 2150.

Seven failures were also reported in the county.

Moguls Take Consolation In Haskell Tourney

The Munday Moguls defeated Paint Creek, 56 to 52, last Saturday night to win consolation in the basketball tourney at Haskell.

Haskell's Indians defeated Hawley 52 to 45 to win the tourney. Named to the all-tournament squad were Calvin Cooley and Jerry Cooley of Hawley, Robert Starr and David Duncan of Haskell, Arlon Alexander and Jack Bowen of Mattson, Billy Ryan and Donnie Ryan of Seymour, Glen Amerson of Munday, Dee Prewitt of Hamlin and Eddie Thane of Paint Creek.

Five Persons Injured In Christmas Day Accident Two Miles North of Town

SAN DIEGO, CALIF.—Donovan E. Whitworth, Jr., airman apprentice, USN, son of Mr. and Mrs. D. E. Whitworth of Munday, Tex., graduated as honor man of his recruit company at the Naval Training Center, San Diego, Calif. Dec. 1.

Before entering the service, he attended Munday High School and was employed by the Temco Aircraft Corporation in Dallas.

Holiday guests in the home of Mr. and Mrs. Clayton Wren were Mr. and Mrs. Terrell Pettit and children of Midland, Mr. and Mrs. Charles Stansill and Jan of Abilene, Mr. and Mrs. L. V. Lane, Kenneth and Lavita, and Mrs. M. D. Sherrell of Seymour.

The Texas Highway Department shouldering widening, seal coat jobs, ment will spend \$225,600 for improvements on highways in Knox County during 1957. D. C. Geer, State Highway Engineer, has announced. This is in addition to the regular construction and maintenance program.

The State Highway Commission has approved this appropriation of \$225,600 to improve already existing highways in this county, and there will be little or no additional right-of-way requirements, Geer said. At the December meeting of the Highway Commission, \$30 million was allotted to 196 Texas counties for road improvement during 1957. The \$30 million is being spent for additional surfacing, and for widening of structures and highways in these counties.

The 8 projects in Knox County will be under the supervision of the local highway district personnel.

"We should have this program moving by spring," Geer said. "We believe the \$225,600 spent in Knox County will go a long way toward bringing these highways up to date."

The \$225,600 in Knox County will be spent on the following projects:

On F. M. 143 from King County Line to Knox City, a distance of 12.2 miles, widen base and surface on 6.9 miles and seal coat 5.3 miles.

On F. M. 2279 from Haskell County Line to F. M. 143, a distance of 6.4 miles, seal coat.

On F. M. 266 from Goree to U. S. 82, a distance of 12.9 miles, seal coat.

On F. M. 267 from Munday to U. S. 82, a distance of 11.0 miles, seal coat.

On F. M. 1587 from Munday to Haskell County Line, a distance of 6.1 miles, seal coat.

On F. M. 1043 from State 222 North and east to State 222, a distance of 2.5 miles, seal coat.

On State 222 from Knox City to Munday, a distance of 12.1 miles, seal coat.

On State 283 from Foad County Line to Haskell County Line, a distance of 30.2 miles, seal coat.

Five persons were injured, but reported to be in fair condition, in the collision of two cars on Christmas day just north of Munday. This is believed to be the only traffic accident for the Munday area during the holidays.

In fair condition at the Knox County Hospital are Harold Albus, 19, a Midwestern University student from Munday; Maynard Moore, 17, of Rhineland; Joe E. Flores, 31, of Munday; Louis Flores, 29, of Goree and Cecil Flores, 36, also of Munday.

All were injured in the collision of cars driven by Albus and Joe Flores on F.M. 267 about two miles north of Munday last Tuesday afternoon.

Both vehicles were traveling north, and Highway Patrolman George Garrett said the Albus vehicle was struck broadside as it attempted to make a U-turn and head back south.

Mr. and Mrs. W. A. Smith of the Thorp Community had 8 of their 10 children at home during the Christmas holidays. They were Mr. and Mrs. Chester D. Smith, Mrs. Wilma Lusk and Mr. and Mrs. J. T. Smith, Glynda, Terry and Danny, all of Wichita Falls, Mr. and Mrs. Carl Smith, Bob and Richard, of Monahans, Mr. and Mrs. W. E. Smith of Electra, Mr. and Mrs. C. R. Smith, Ricky and John, of Thorp, Mr. and Mrs. I. L. Smith of Rule, Mr. and Mrs. O. T. Smith, Shirley and Nita of Haskell.

NATURAL LAW STILL WORKS

The decline in livestock and meat prices which began some months ago has continued. In a recent week, in the representative Chicago area, the American Meat Institute found that retail prices for all meats were down an average of 12 per cent from a year before.

The reason lies in the old natural law of supply and demand. There has been just too much meat coming to market to make it possible for prices to hold stable, much less to rise.

During September, for example, the slaughter of cattle and hogs under federal inspection was the largest on record. Since then, production has continued at peak levels.

Moreover, swift as our population growth has been, production has increased faster. In 1951, our per capita production of all meats and poultry was 162 pounds; this year it will be about 188 pounds.

Inevitably, these heavy supplies have resulted in lower prices—just as, in past times, lighter supplies have resulted in higher prices.

What can and should be done about all this? One sound current step is found in intensified promotion to move the heavy meat supplies into consumption promptly, and thus to help avoid undue price swings. In the long run, a better adjustment between supply and demand will prove an automatic corrective. The worst possible step, from the viewpoint of either producer or consumer, would be for the government to move in, with controls and subsidies, and become the boss.

THE VALUE OF NEWSPAPERS

The idea is widely held that television has gained an unshakable hold on the young people of the country, to the detriment of other and older media of communication.

But apparently that idea needs some overhauling, as this item from Editor & Publisher demonstrates: "The study of the 'teen-age market' just released by the Bureau of Advertising completely destroys the television-created myth that the youth of America is a new race of TV viewers to the exclusion of printed media. TV ranked high with this group for its entertainment value, but research revealed the medium of 'most practical value' to teen-agers is the newspaper and 80 per cent of them are newspaper readers. This study should be available new advertising sales tool for newspapers."

—SAY YOU SAW IT IN THE TIMES—

REALLY BIG

We hear much about big business. We should hear more, and think more, about big government—which makes the biggest business seem pygmy.

Our federal government employs more than 5,000,000 people—while the largest private employer, the Bell System, employ less than 746,000. The government has annual revenues of about \$80.8 billion—while the private enterprise with the largest sales, General Motors, has about \$12.5 billion. The government has total assets of \$165.7 billion in the last year for which such figures are available—while the private enterprise with the biggest assets, Metropolitan Life Insurance, had a little less than \$14 billion.

These and other big private businesses, remember, are huge taxpayers—frequently, taxes account for a larger share of revenues than goes to the owners. Government, by contrast, pays no taxes and lives on our taxes.

\$819 IN FRINGE BENEFITS

The wages of American workers are at an all-time high—measured both by the total national payroll and by the average paycheck. American workers get more of the good things of life, in return for less labor, than do the workers of any other country.

These statements are simply truisms, known to all. But there is more to the story still—an important part of the story that the wage figures alone can't tell. A survey made of 1,000 companies, covering the year 1955, shows that fringe benefits (pensions and insurances, vacations and holidays, etc.) average a whopping \$819 per employee.

Never in history and nowhere else on earth have the financial fruits of enterprise been so widely or so fairly shared as in this country. And the capitalist system has done it.

"When the history of this age of peril, prosperity and hope for atom peace is fully described, great credit for maintaining our freedom will go to the American press, and particularly the country and suburban newspaper"—Secretary of Commerce Sinclair Weeks

BENTON, TEXAS, RECORD-CHRONICLE: "... in a long list of elections, where the government-in-business principle was the issue, sentiment against it, as expressed in the vote, has been overwhelming. Socialism is usually imposed on us from above—not by the vote of the people."

WHAT DOES THE BIBLE SAY?

"Behold, how good and how pleasant it is for brethren to dwell together in unity" (Ps. 133:1).

Why Have Unity?

The scripture tells us that unity is a very good thing and that which is pleasant—this would be true of the brotherhood of man and especially of the family of God, on the other hand, division is very bad, being unpleasant in so many ways.

The question comes: Why is unity so important? Let's turn to the Bible for a complete answer. Let's consider a prayer that the Lord uttered while in the shadow of the cross. "Sanctify them through thy truth: thy word is truth. As thou hast sent me into the world, even so have I also sent them into the world. And for their sakes I sanctify myself, that they also may be sanctified through the truth. Neither pray I for these alone, but for them also which shall believe on me through their word; that they all may be one; as thou, Father, art in me, and I in thee, that the world may believe that thou hast sent me. And the glory

which thou givest me I have given them; that they may be one, even as we are one: I in them, and thou in me, that they may be made perfect in one; and that the world may know that thou hast sent me, and hast loved them, as thou hast loved me" (John 17:17-23). Now let us note a few things from this prayer. 1. Christ prayed for the apostles. 2. The Lord also prayed for those who would believe on him through the preaching of the apostles. 3. The Son of God prayed that all believers might be one even as he and the Father were one. 4. The Lord prayed that they might all be one in them. 5. Christ prayed that this should be true in order that the world might believe that God had sent him. 6. The Saviour prayed that all might be made perfect in one.

Hence, the prayer of John 17 should convince us that the Lord's plan was that unity should exist among his people. If Christ thought enough of us to pray that we might all be one in him then we should do our best to see that his prayer is followed up.

IT'S THE LAW
In Texas
A public service feature of the State Bar of Texas

able gifts, gifts to the church, community chest, and similar charitable organizations, and allows each giver an exemption of \$30,000 before the tax applies.

The tax applies whether the gift is of money or of property. If it is of property, the tax is computed on the fair market value of the property at the date of the gift.

The purpose of many gifts is to remove the property from the taxable estate of the giver at the time of his death. This may or may not be accomplished. The federal law provides that transfers made within three years before the date of death shall be deemed to have been made in contemplation of death and shall be taxable in the estate of the one who dies.

It may be advisable to "look a gift horse in the mouth" for the gift may cost the one who receives the gift in income taxes as well as the giver in gift taxes.

Although it may come as a surprise to some people, the federal government levies a tax which applies to gifts made by one person to another. However, the government has no desire to tax ordinary birthday and Christmas gifts. The law therefore excludes from taxable gifts the first \$3,000 given to each individual in each calendar year.

The law also excludes from tax-

For income tax purposes the cost basis of property received by gift is the cost to the giver regardless of the fact that the giver may have paid a gift tax on the gift. The other rule is that in case of property received by inheritance, the cost basis is the fair market value at the date of the decedent's death.

An example will show the application of the rules. Suppose a farmer acquired his land in the early days at a cost of \$10,000. This property is now worth \$50,000. The farmer wishes to retire and to escape estate taxes, so he gives the farm to his daughter.

Although he may pay federal gift taxes totaling several thousand dollars, when the daughter decides to sell the farm for its \$50,000 value, she still has to pay income tax on \$40,000 profit (difference between the sales price and her father's cost of \$10,000.)

On the other hand, if the farmer had not given the farm to the daughter, but had left it to her under his will, he would have saved the gift tax. The daughter would have taken the property at a cost basis of \$50,000, so upon the sale she would not have had to pay any income tax.

Of course, there would have been some estate taxes and administration expenses in the father's estate, but that would have been

Recently made field observations have shown that the use of some insecticides directly on the skin of poultry is causing severe skin burning and discoloration, reports Kermit Schlamb, extension poultry marketing specialist. much less than the taxes which resulted from the gift. However, depending upon individual and particular circumstances, there may be occasions when a gift is advisable. Your lawyer can advise you on this matter.

(This column, based on Federal law and prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is full advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

Irrigation farmers in the High Plains area of Texas now have 2,532 miles of underground concrete pipe in use on their farms. Last year they added 710 miles, reports George L. Black, Jr., associate county agent-irrigation, at Lubbock. Such installations, said Black, are long-lasting, save water by eliminating evaporation and ditch seepage, cut labor costs and make possible better water distribution on the farm.

A GOOD IDEA FOR 1957

I LEARNED ABOUT BARGAINS!

Out of town bargains may look enticing — but add transportation cost, all-day shopping time, and the “not returnable” tag and it’s no bargain. So shop at home and save!

No Doubt About It:

The money you spend with our local merchants stays in our community, helping to make it a better place in which to live. A portion of each dollar you spend in your home town goes to pay taxes. Thus you help maintain local schools, provide better streets, better lighting, better police protection. That’s why you invest in your own community when you patronize local business. What could be a better bargain?

Goree FHA Chapter Meets December 20

On December 20 the Goree F. H. A. Chapter met and elected their Sweetheart and Chapter Mothers. The Future Homemakers chose Jimmie Routon, a Senior at Goree High School, as the F. H. A. Beau. Jimmie is a letterman in both football and basketball. Besides being a good athlete, he is known for his politeness and sense of humor. Jim is very popular among the students and teachers at G. H. S.

Mrs. Vernon Routon and Mrs. Reuben Bates were chosen as the Goree Chapter Mothers for the coming year. They will be present at the local chapter meetings and go with the girls on various field trips. We are looking forward to having the mothers with us and hope they will enjoy being a part of the Goree F. H. A. Chapter.

Holiday guests in the home of Mr. and Mrs. Lee Haymes were Mr. and Mrs. Johnny Nobles and daughters of Big Spring and Mr. and Mrs. Bobby Haymes and children of Irving.

Bobbie Killian of Lubbock spent the Christmas holidays with his parents, Mr. and Mrs. Faye Killian.

Holiday guests of Mr. and Mrs. H. H. Cowan were their son and wife, Mr. and Mrs. Harry Cowan, of Andrews.

Weekly Health LETTER

Issued by Henry A. H... M. D., State Health Officer of Texas

AUSTIN—Terence, a Roman slave-poet once said, "You believe easily that which you hope for earnestly." This statement of fact is the credo by which modern medical quacks operate.

Unscrupulous malefactors, masquerading in the guise of scrupulous benefactors, have preyed on the willingness of cancer victims to grasp at the flimsiest straw in their search for a cure.

One such case is that of the Hoxsey Cancer Clinics of Dallas and Portage, Pennsylvania. The U. S. Food and Drug Administration has succeeded in obtaining a federal injunction against the interstate transport of a cancer "medicine" used by the clinic for "treatment," now under appeal. In addition most of the doctors practicing at the clinic are under state injunction to cease the practice of medicine, but continue operations pending appeal of the case.

\$400 MONTHLY SPARE TIME

Refilling and collecting money from our high grade Nut Machines in this area. No selling! To qualify for work you must have car, references, \$500 cash, secured by inventory.

Devoting 6-8 hours a week to business, your end on percentage of collections will net up to \$400 monthly with very good possibilities of taking over full time. Income increasing accordingly.

For interview, include phone number in application. Write P. O. Box 724, Dallas, Texas. 11p

perhaps x-rayed. Each patient is then interviewed, diagnosed, and "treated".

For internal cancer, "treatment" consists of either the tonic or some pills. The patient is then sent home and advised to check later after finishing the "treatment."

There is absolutely no scientific proof that any of the ingredients aid in the cure of internal cancer, either singularly or in combination. In fact, potassium iodide is known to accelerate the growth of some forms of cancer.

Accepted scientific weapons against cancer are surgery and radiation with x-rays, radium, and certain radioactive isotopes.

Further, the only certain proof of existing cancerous tissue, is

by the surgical removal of a sample for microscopic study. In no case was such an examination performed.

The costs to victims at \$400 per "treatment" have been enormous, and one can only guess at the misery and useless care that have been the result.

Doctor Henry A. Holle, commissioner of health, asks Texans to join forces with health authorities by refusing to be taken in by quacks and others who engage in medical chicanery.

If any doubt arises about the validity or reliability of miraculous-sounding cures, check first with the Texas State Department of Health, your local health authorities, or your family physician.

MODERN HOMEMAKING

RECIPES... HOUSEHOLD HELPS

By Julia Hunter
HOME ECONOMICS DIRECTOR, LONE STAR GAS COMPANY

Christmas is over and the larder probably needs replenishing to provide tasty food for New Year's eve party guests or friends who might drop in for a visit on New Year's day. For these gatherings, simple refreshments or menus are in order following the round of rich foods of preceding holidays. They should feature something other than sweets.

Help-yourself foods make for simple preparations and easy serving. For the party snack, have a couple of your specialties

handy on tables around the room. Add a hot beverage at refreshment time.

For supper time, a steaming casserole with salad and dessert makes a welcome meal. Hot turkey salad is delicious and makes a glamour dish of the remains of the Christmas turkey. Complement the hot dish with French bread piping hot from the oven, a giant relish tray of olives, pickles fruit, cauliflower flowerettes and a dessert of ambrosia and slices of holiday cake.

For a specialty snack, try barbecued nuts. Toss one cup nuts with about 1 tablespoon Worcestershire sauce. Spread on baking sheets, toast in low oven (300 degrees F.) 15 minutes.

For a tasty dip thaw one can frozen condensed cream of shrimp soup. Do not dilute. Combine with 1/2 cup sour cream, one tablespoon horseradish, 1/4 teaspoon Worcestershire sauce.

Here's a cheese quickie: Place a strip of processed cheese, cut just to fit, on square or rectangular crackers. Spread with bottled chili sauce. Top with a bit of crisp bacon or dried beef. Broil 3 inches from full flame just 2 minutes or until cheese bubbles.

For additional free information on snacks send a postcard to the Home Economics Department,

Be Modern!

Let us spray paint your house roof, commercial buildings, etc., the modern way.

Teen-Age Investors Cheer 36,000,000th Chevrolet

Tommy Ramlow, 14, chairman of Class of '56 Stock Co., student investment company at Washington Irving High School, Tarrytown, N. Y., congratulates E. N. Cole, general manager of Chevrolet Motor Division, on completion of 36,000,000th Chevrolet at North Tarrytown plant. Cheering are other members of the freshman class who invested 77 cents each in one share of General Motors common stock as class project in corporate management.

By John C. White, Commissioner

Improved Planting Practices—A New Year's Resolution

A good New Year's resolution for Texas farmers would be, Resolved: To plant Texas registered or certified seed for the 1957 crop

Lone Star Gas Company, Room 601 at 301 South Harwood, Dallas 1, Texas.

Recipe Of The Week

Hot turkey salad: Combine 2 cups cooked turkey (or chicken), two cups chopped celery, 1/2 cup chopped toasted almonds, 1/2 teaspoon salt, 2 tablespoons grated onion, 2 tablespoons lemon juice, 1 cup mayonnaise. Toss lightly. Pile into individual molds or casserole. Sprinkle with 1/2 cup grated cheese, 1 cup crushed potato chips. Bake in hot oven (450 degrees F.) 10 minutes. Serves 6.

There is no such thing as "bargain basement" seed. Cheap seed often results in inferior plants—you get about what you pay for, with few exceptions. Registered or certified seed isn't necessarily expensive but it is sensible—you know what you are paying for.

The farmer should look for the official tag on the bag of seed which indicates that the contents have been inspected by the Texas State Seed Law that demands certain regulations.

A seller of certified seed must plant his plots with the purest foundation or breeder's seed. The fields to be certified must be isolated from similar crops according to the standards and these fields are checked by impartial state inspectors for purity

and freedom from disease and weeds. Warehouses where seed are stored must measure up to certain standards and the seed are sealed in a bag with the red, white and blue state of Texas seal and the Texas certified or registered tag securely attached.

Registered seed, strictly, is not guaranteed quality seed. The tag merely guarantees that the bag is properly labeled as to content; what percent is foreign matter, etc. This label is purple. Certified seed, on the other hand, must meet strict standards and this tag is pale blue.

These labels are the farmers' protection against inferior or misrepresented seed products. He knows exactly what he is buying and that his seed bags contain exactly what the tag says they contain.

In other words, the tag on the bag guarantees the breeding in the seed. Further information about Texas registered and certified seed will be given on request. Address inquiries to John C. White, Commissioner, Texas Department of Agriculture, Capitol Station, Austin 14, Texas.

WEINERT 4-H CLUB GIRLS IN MEETING

The Weinert 4-H Club girls met on December 6 in the sixth grade room, when plans were made for their Christmas party.

Miss Greenhill gave a demonstration on selecting the most becoming colors to go with each particular type of skin, hair and eyes.

Patsy Raynes, Reporter.

LOCALS

Mr. and Mrs. Aaron Edgar spent Christmas with Mr. and Mrs. Roy Rogers and Mr. and Mrs. Jack Phillips and family near Quanah.

Activities of The Colored People

NEGRO CHILDREN PLAN DUNBAR CENTER

The children of Dunbar School plan to have their own recreation center. The center will be located in the building west of the school building. The center is sponsored by the boys and girls basketball teams of the Dunbar School. The center will be non-profit and will be open to children of the Dunbar School. To become a member, a boy or girl must be enrolled in the Dunbar School and must be between the ages of ten and eighteen years. Membership cards will be issued to each boy or girl and a fee of one dollar per year will be charged as a joining fee.

We are in need of many things such as old chairs, tables, lamps, curtains, book racks, books and magazines and any other things that might be given us. This will give each boy and girl a chance to aid in making the building as we want it. They will do refinish work on all the things given us. The children of this community want a place to go and recreate and this is the way we feel that we can fill the need of children having a place to go and be supervised. Please help us in any way that you can. We are asking each person in this community to look around the house and see what you can give us. Please come by the school and tell us what you can give us and we will come and pick it up.

Mr. Dewey Ray Williams, principal of the Dunbar School will attend the annual presentation of Debutantes in Wichita Falls on the twenty-eighth of December. Mr. Williams will escort Miss Hattie Joe Cooper a student of the Westminster Choir College in New Jersey. Miss Cooper is a Deb for this season and is the daughter of Rev. and Mrs. Cooper of Wichita Falls. Miss Cooper will long be remembered for her solo work and debut with the Dallas Symphony.

The Dunbar Dancers and Singers will go to Rotan and Crowell to appear on programs there. They will also appear in Wichita Falls, at the Washington High School in a joint program with the dancers and singers of Wichita Falls.

Mr. and Mrs. H. F. Jungman left Saturday for Bastrop to visit relatives during the holidays. They also planned to spend a few days on the gulf coast.

Guests in the home of Mr. and Mrs. Jim Reeves during the Christmas holidays were 2nd Lt. Perry Reeves of Miami, Fla., Rev. and Mrs. G. W. Reeves and family of New Washington, Ind., Mr. and Mrs. Joe Williams and family of Ozono and Miss Dorothy Perry of Washington, D. C.

Johnny Orsak of Texas A&M came in last week to spend the holidays with his parents, Mr. and Mrs. V. H. Orsak.

Miss Barbara Carver of Hardin Simmons University in Abilene is a guest of her parents, Mr. and Mrs. Bud Carver, for the Christmas holidays.

Noble Flenniken, who is attending Texas A&M College, came in last week to spend the holiday with his parents, Mr. and Mrs. Elmo Flenniken, and all spent Christmas day with relatives in Lubbock.

Benny Ledbetter of Texas A&M College is spending the Christmas holidays with his parents, Mr. and Mrs. J. C. Ledbetter.

Out of town guests of Mr. and Mrs. Charlie Haynie, Sr. during Christmas were Mr. and Mrs. A. E. Richmond and children of Lubbock, Miss Janie Haynie of Fort Worth, Lloyd Haynie of Wichita Falls and Mr. and Mrs. Butch McCanlies and daughter of Benjamin.

Robert Bowden of A&M College came in last week to spend the holidays with his parents, Mr. and Mrs. Buel Bowden.

Knox Prairie Philosopher Takes A Big Look At The Oncoming Year And Prepares Just To Stay Unchanged

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek is making plans for the new year, in his own fashion, his letter this week implies.

Dear editor:
With 1956 about played out and 1957 looming around the corner whether we're ready for it or not, I was out here on my farm yesterday afternoon reviewing the past year and estimating what the new one will bring.

The trouble with reviewing the past year is that it generally prompts a man to draw up some resolutions and decide to do better, which constitutes getting

NOTICE: The American Legion is having calls for wheelchairs, crutches and hospital beds. If you have them and are not using them please contact Shorty Horan, phone 3286, for pickup or bring them yourself. 20-4tc

your goal a little high. I always figure if a man will resolve not to do any worse next year than he did last, and will live up to it, he's going pretty good. Understand, this doesn't apply to everybody, just us average people, and has no reference at all to Russia. If Russia doesn't do any worse next year than it did this year, it'll still be going down hill as far as world peace is concerned.

I know I could for example resolve to fix my fences out here, but I know from experience I'd wind up at the end of next year not only with sagging fence but a busted resolution to boot, and one is bad enough without adding on the other, although if you want to know the truth of the matter, the condition of my fences is my business and as long as me and my cows are satisfied and my neighbors haven't sued, what

concern is it of anybody else? And maybe I could farm better next year than I did this year, but better farming is what has just about wrecked the market for most products, and while I have thought all along it was fine for Sec. Benson to pay us for not farming certain acres, where he's slipping up is in not paying us to just half-farm the rest. You take the average farmer with say a hundred acres. You pay him not to farm 25 acres and he'll break his back trying to make the other 75 acres produce as much as the whole 100. Payments for non-farming are all right, but without payments for half-farming the rest, the program may not make much dent in the surplus. If Mr. Benson wants a committee on the best way to half-farm, I'll be glad to serve.

In regard to the new year, all I've got to say is let her rip.

Yours faithfully,
J. A.

Miss Lourelle Milstead, who is attending H-SU in Abilene, came in last week to spend the holidays with her parents, Mr. and Mrs. O. V. Milstead.

Farmers Tax Guide Is Now Available

Farmers who are confronted with problems growing out of the new social security phases of their Federal income tax returns, as well as with other points in their tax determinations, will get a big assist from the new 1956 edition of the Farmers' Tax Guide now available at Internal Revenue Service offices and from county farm agents.

The 64-page booklet has been brought up to date by tax agents and the various agricultural groups. A million copies of the booklet have been printed again for nationwide distribution. Last year's edition was extremely well received by farmers and was highly commended by such groups as the National Grange, the American Farm Bureau Federation, the Farmers' Union and the National Livestock Tax Committee.

The booklet tells farmers how to prepare their 1956 tax return through numerous examples on how to do it. The 1956 changes in the self-employment tax law are set out in the front of the booklets, along with a check list of farm income and expenses. Farmers will have no trouble in finding the answers to particular problems since the troublesome problems are set out under separate subject headings.

The booklets also deals with such subjects as farm inventories depreciation, capital gains and losses, casualty losses and thefts, trades, condemnations and diseased livestock, soil and water conservation, and other matters of farm interest.

The publication contains considerably more material than is included in the information booklet which will accompany 1956 farmers' tax forms, scheduled to go into the mails late in December. Farmers who have had special problems during 1956 will be able to plan much of the calculation required by their returns by using the new guide, revenue officials said. It will enable those who file January 15 estimates to do much of their computation in advance of actual form preparation.

Farmers desiring a copy of the guide should visit either their County Agent or the local Internal Revenue Service office. The booklet can be obtained by mail from the District Director of Internal Revenue, 2101 Pacific Avenue, Dallas, Texas.

LOCALS

Mr. and Mrs. J. C. Borden spent the Christmas holidays with Mr. and Mrs. Joseph Borden and little Joe in Midland.

WTU Employees Hold Christmas Dinner

Approximately 200 employees of district E of the West Texas Utilities gathered at the Lake Pauline club house, near Quanah, for their annual Christmas dinner last Saturday night. Turkey and all the trimmings, baked ham and all sorts of goodies was served.

Attending from the Munday office were Mr. and Mrs. A. H. Mitchell, Mr. and Mrs. Joe Spann and Naomi, Mr. and Mrs. Quel Hughes, Mrs. Buster Pape and children, Mr. and Mrs. J. B. Scott and Kay Ford, and Mr. and Mrs. Dorse Collins and daughters.

Santa Claus was also there, and all the children present received gifts.

Christmas Party At Rhineland Is Held December 20

The Junior and Senior Class of Rhineland High School honored the Freshmen and Sophomores with a Christmas party on December 20th. The refreshment table was decorated with the Christmas scene of Santa and his reindeer. Games were played.

Refreshments, consisting of sandwiches, potato chips, Christmas cookies, and cold drinks, were served. The gifts were then exchanged, and the party ended with everyone agreeing it was a delightful evening.

Miss Dorothy Blake, Vernon Winchester To Wed January 27

The betrothal of Miss Dorothy Blake to Vernon Winchester has announced by the bride-elect's parents, Mr. and Mrs. Louis Blake of Munday. Mr. Winchester is the son of Mr. and Mrs. Truman Winchester, also of Munday.

Miss Blake is a sophomore student at North Texas State College in Denton. Mr. Winchester is a senior student at Hardin-Simmons University in Abilene.

The wedding is being planned for January 27 in St. Joseph's Church at Rhineland.

SECOND FLOOR—of the new bank building houses the book-keeping department, which is connected by telephone to the tellers' cages on ground floor.

Pictured at work on the posting machines are Mrs. Tom Morton and Miss Maxine Henson. Another of the personnel of this department is Miss Arieta Moore, not pictured.
