## Church of Christ Begins Meeting Here Friday

### Clint Small Is Leading Field Governor's Race

Fort Worth, July 16.—Senator Clint C. Small has the best chance over all other gubernatorial candidates to win in the first primary, according to Lynch Davidson, of Houston, former Lieutenant Governor of Texas, and retired candidate in the present contest for Governor.

Mr. Davidson has been freely expressing his opinion regarding the favorable and widespread support of Senator Small in a series of addresses he is making over the state against the state road bond issue. Several weeks ago he announced that he thought both Senator Small and James Young had the qualities that would fit them for successful service in the governor's chair and he urged his friends over the state to consider them seriously for the office. Since he has been campaigning on his own against the road bond issue, however, he announced that in his opinion Senator Small stood the best chance for election.

"I have been in very close touch with the political situation through out the state for some time," Mr. Davidson said. "And I think I know something of the trend of affairs.

"I am now frank enough to say that Senator Small stands as the foremost candidate in the minds of the people for election. I believe that out of the district west of Fort Worth and north of the T. & P. Railroad the Plains candidate will poll at least 100,000 votes. With 11 candidates in the race this will practically assure his being in the runoff."

Mr. Davidson did not weight to his argument when he said former Governor Ferguson announced recently that he believed Small would get at least 40 per cent of

### Truck Destroyed By Fire Caused From Bad Wiring

The Fire Department was called out at about 9:30 Tuesday night by an alarm turned in from the Gray filling station, and proved to be a truck belonging to the Haney Grocery which was stored in the building and which is supposed to have been ignited from faulty wiring. The car was practically a total loss but no other damage was done.

### KNOX COUNTY ASKS FOR OKLAHOMA CITY MAN

Oklahoma City, July 11. (UP)—A requisition asking the return of K. W. Phillips to Knox County, Texas, to face a charge of wife desertion was served upon Gov. W. J. Holloway today. Phillips it at liberty under a fugitive bond in Oklahoma county.

Jimmie Ashcroft of Knox City was here on business on Friday of last week.

the vote in the territory north of the T. & P. and west of Tarrant County.

"Forty per cent of that vote would be 80,000 votes, and if Jim Ferguson concedes that much you will know that a man of his political judgement cannot be far wrong."

Senator Small is gaining rapidly in east Texas as people realize that his chances of election are increasing daily, Mr. Davidson said.

The veteran Houston campaigner and political prophet said that he has been in position to keep in close touch with the political situation in Texas through his many contacts over the state. He has received as many as 500 telegrams in a single day and thousands of letters have reached him from all sections of Texas, he said.

### Haskell Youth Is Killed In Dive From Tree

HASKELL, July 14.—Citizens of Haskell paid final tribute this afternoon to Cecil Leflar, 17-year-old Haskell High School graduate who dove to his death in a swimming pool of the Lueders tourist park last Sunday. The service was held from the First Methodist church at 5 p. m., with the Rev. Jack Thompson, pastor, officiating. Interment was in a local cemetery.

The youth, son of Mr. and Mrs. J. E. Leflar, pioneer residents, died in a Stamford hospital at 6:15 p. m. Sunday, less than five hours after he had fractured his skull and broken his neck in a dive from a limb of a tree, 32 feet above the pool.

Plunging straight down, young Leflar struck his head against a rock in six feet of water.

### Won Many Honors

The youth was graduated from the Haskell High School with the class of 1929 and was honor graduate and star football player. At the Fort Bliss Citizens Military Training Camp a few weeks ago he won five medals in athletics, and with Joe Bryant of Haskell won first place in tennis doubles. When he made the fatal dive the youth was wearing the life service badge of the organization of Boy Scouts.

### Jack Barnicoat Pays Visit To Goree Wednesday

Jack Barnicoat, who has been a resident of Munday for some twenty-seven years, accompanied E. H. Bauman over to Goree on Wednesday morning. Ordinarily such a trip might be mentioned in a two line local, if indeed it were mentioned at all, since there are numerous Mundayites who go to Goree almost every day, and likewise, there are Goreeites who come to Munday quite as often, hence as a rule there isn't much importance attached to the coming and going between these two thriving Knox County towns which are separated by only six miles of concrete pavement.

But we feel that this particular visit of Jack Barnicoat's to Goree is of unusual interest due to the fact that Jack had never before visited that city. Not that Jack has any dislike for Goree, but he just never had occasion to go over there and hence he's never gone.

In fact Jack isn't much of a gad-about, and there are a number of neighboring towns that he has never visited during his twenty-seven years residence in Munday. For many years he operated a delivery service for the merchants of Munday and earlier operated a dray business here, and during the years has possibly driven thousands of miles within the corporate limits of the city but somehow his duties have never called him to the neighboring towns, and hence he has never visited them.

Jack was so enthused over his visit to Goree that he intimated that he intends to visit Bomarton on his next trip abroad.

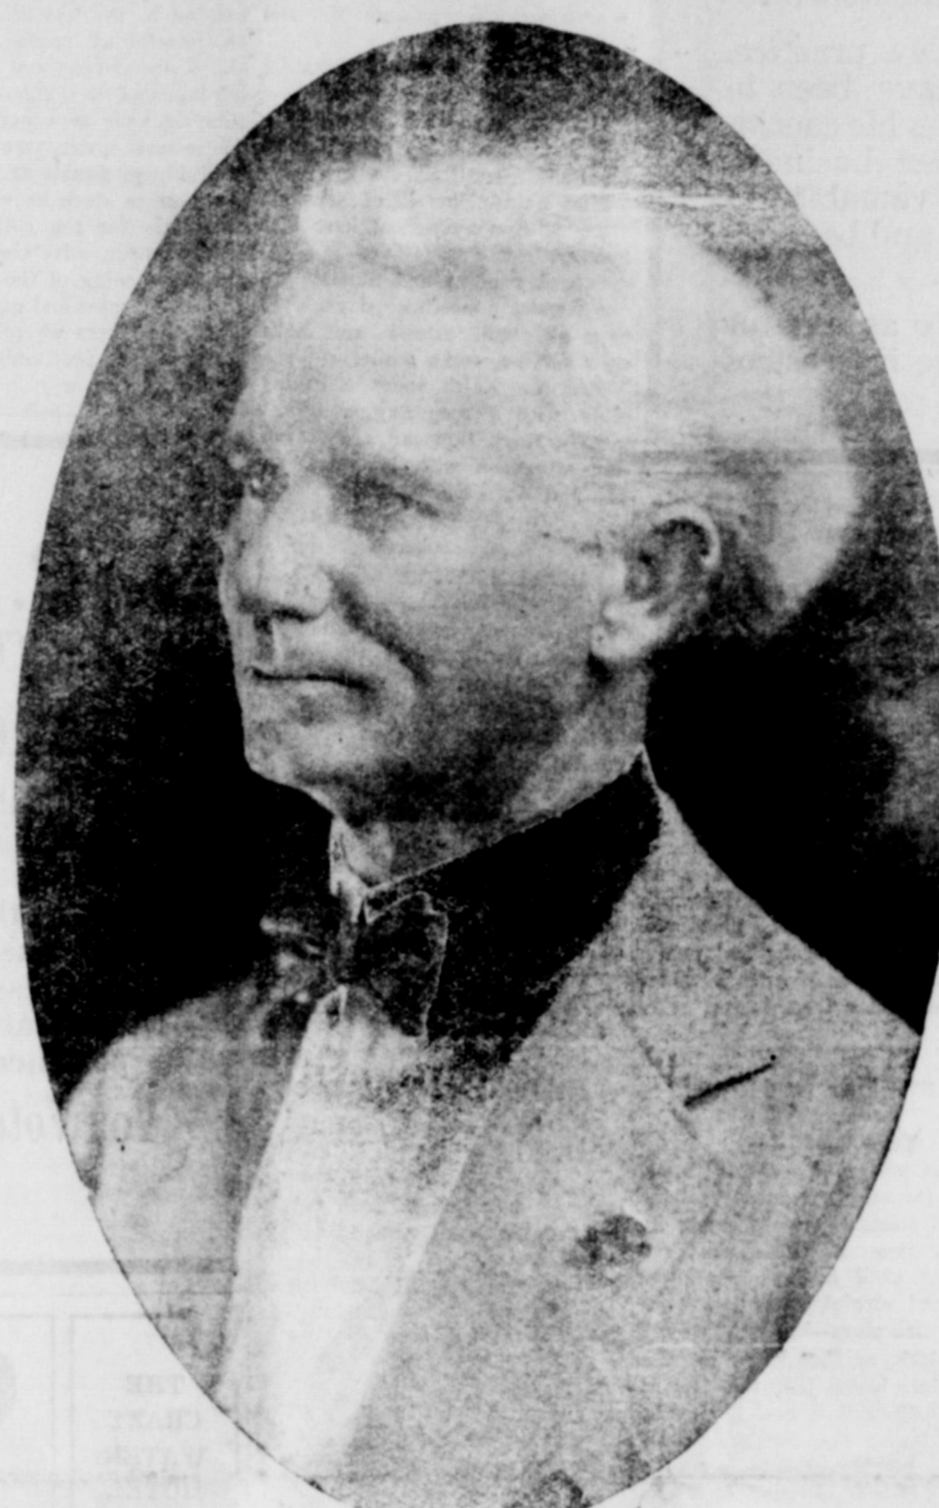

### Baptist Revival To Start Sunday at New Hope Church

A revival meeting will begin on Friday night at the New Hope Baptist church, and the preaching will be done by the Rev. H. H. McGregor, pastor of the church, who will be accompanied by a singer who will be in charge of the song services during the meeting. Everyone is extended a very cordial invitation to attend each and every service.

Mrs. Dorse Rogers has gone to the Ozark mountains in Arkansas for a visit with relatives and friends.

C. J. Wilson of Benjamin was here Wednesday in the interest of county farm agent work.

Getting up early in the morning is one way to get through your work early if you do it.

ELDER C. R. NICHOL

### Everett Gaitner Badly Injured At Wichita Falls

Everett Gaitner, son of Mr. and Mrs. J. W. Gaitner of this place, was critically injured Sunday afternoon at Wichita Falls when he was riding a motorcycle on which he was riding caught in a street car track and threw him violently to the pavement. Reports in the Wichita papers stated that he suffered a concussion of the brain and other injuries in the mishap, but reports are to the effect that he is getting along as well as could be expected. He was carried to the Wichita Falls Clinic Hospital where he is receiving close attention.

### Farmer's Short Course Soon To Open At A. & M.

College Station, July 15.—Cooperative marketing, land utilization and reduction of cost will feature the main daily programs of the twenty first annual Farmer's Short Course to be held July 25—August 1 at the A. & M. College of Texas, F. W. Schillings, of Minnesota, a member of the Federal Farm Board will take a leading role in the marketing discussions and other speakers announced by H. H. Williamson, vice-director and state agent of the Extension service, include Dr. Gus Dyer of Vanderbilt University, and editor of the Southern Agriculturalist and Mrs. E. E. Davis of Arlington, former head of home demonstration work in Texas.

The main morning programs will deal with the threefold idea of solving the most pressing problems thru more efficient marketing, eliminating price depressing surpluses by converting sub-marginal land into forests and pasture and reducing production costs through more efficient methods. Limitations and possibilities of each of these three avenues of solution are to be pointed out and the progress along each in Texas briefly reviewed.

### Elder C. R. Nichol of Clifton, Texas Will Do Preaching

An evangelistic meeting starts at the community auditorium tonight under the auspices of the Church of Christ, under the leadership of Elder C. R. Nichol, of Clifton, Texas, who is recognized as one of the leading ministers of the state, and who is quite well known in Munday, having conducted a meeting here some years ago, and the members of this congregation feel that they are indeed fortunate in securing his services again this year.

The singing will be under the direction of the young men of the church, who have distinguished themselves throughout this section for the excellency of their music.

The public is extended a very cordial invitation to attend all services, and as the community auditorium is to be used there should be no inconvenience and discomfort felt on account of the warm weather.

The meeting will continue throughout all next week, closing Sunday night, July 27th.

### Bob Alexander Gets Record Number Birdies in California

FIVE BIRDIES BAGGED ON ONE NINE

(The following article is taken from the Pasadena Star-News of recent date and indicates that Bob has been knowing the boys of the Golden State some real good.)

Bob Alexander was out in 31 strokes at Pasadena Municipal course yesterday afternoon—a new low record for the first nine—and had a total of 67 for the round, which equals the amateur course record and is just one stroke over the course record two years ago. Mr. Alexander's card for his sensational first nine, as compared with par was as follows:

Par — 4-4-4-4-4-4-4-4-4-36  
Alexander — 3-4-4-4-3-3-3-3-31

It will be observed that Mr. Alexander collected five birdies; quite a bag. He was playing in a foursome with Tom Luke, K. L. Mosher and H. L. Bates.

No one who was familiar with the newspaper of twenty-five years ago can fall of astonishment in examining today the contemporary press. A quarter century or more has served to recast the majority of weekly papers, both in appearance and content. Formerly a political year was a season of high tide for the weekly editor. His community was political, his associates political, he was political, and he made his paper political.

Partisanship sometimes took on a fever which heated every pore. Usually there was an opposition organ across the street, if it was a county seat town. And the editors grew vitriolic as the days warmed into midsummer and the campaign waxed into luridly. Politics then was drama, history, emotion, and it was not uncommon for revival meetings to be postponed until politics could be put aside, after the ballots were counted—or miscounted.

The contrast reflected by present conditions is worthy of comment, perhaps of encomium. The weekly press is not excited over the various candidates and contentions of this voting year. More space is given to world comment, agricultural experiment and development, highway problems, local improvement, social life. Politics and matters of State are not ignored of course. But the attention given them is characterized more by sincerity and disinterestedness than by passion or hypocrisy.

In short, the Texas weekly press of 1930 is broader minded, more tolerant, but not less vigilant, than that of three decades ago. Probably the fact that the publishers have larger investments, more desirable equities, at stake contributes greatly to the difference.—Semi-Weekly Farm News.

### THINKING OUT LOUD

BY J. A. K.

Last week we complained about not having a vacation, and on Friday morning we jumped into a car with Editor O. C. Harrison of the Baylor County Banner and headed toward Abilene to attend the annual convention of the West Texas Press association.

The newspaper gang from all West Texas was there, and a most interesting program had been arranged and entertainment galore had been provided by the folk at Abilene.

Friday at noon we were guests of the West Texas Utilities Company at a luncheon at the Wooten and in the evening the same place was the scene of a delicious dinner for the gang and was given by the Abilene Morning News and the Abilene Chamber of Commerce.

The banquet of Friday evening was followed by a dance, but as TOI isn't as young as he was some years ago he contented himself with cosplaying with the other members of the game who were not so young as they once were.

If you didn't know it, Abilene is becoming—or has become—the most popular convention city in all West Texas. Her two commodious and modern hotels—the Wooten and Hilton, enable the city of Abilene to offer every inducement required to draw conventions, and it is indeed a most pleasant convention city, and their entertainment features seem to have an atmosphere of old West Texas hospitality which makes one all ways look forward with pleasant anticipation to visiting Abilene.

Probably several Mundayites overlooked a golden opportunity Monday when a young fellow came into town who had a very valuable diamond stick pin which he wanted to trade for an automobile. He didn't seem to be very particular as to just what make of automobile he traded for, as he tried all of the local agencies.

He claimed, and produced evidence to substantiate his conten-

tion, that the jewelry was worth \$1,200, and was anxious to put it up as security for a car, with the understanding that he redeem it the latter part of the week.

On a former visit to Munday the gentleman had sold Bill Moore \$500.00 worth of foreign government bonds—or at least Bill had paid him that much for a handful of bonds, and consequently he hunted Bill up and presented his proposition to trade, or put up the valuable jewel as security, for a new Chevrolet car.

Somehow Bill couldn't get "let up" over the idea, feeling that the gentleman was in all likelihood renewing his "sucker list" in Munday.

Undaunted by his failure with Bill, he visited J. J. Land, who sells Ford cars, and made a like proposition. But perhaps Mr. Land had misgivings, for he passed up a perfectly good opportunity to sell a new Ford car.

After trying to convince several local financiers of the worth of his jewel he evidently gave up in despair and left the city in quest of greener pastures.

But, speaking about Bill, he recently bargained, purchased and paid for a fine dog up at Wichita Falls. This dog is supposed to be of the screw-tail bulldog variety of canines. Bill purchased the dog on the strength of a long list of pedigree papers, and since seeing the pup we're watching with a little interest the great transformation that is to take place in that little pup's life.

We're anxious to see it when it reaches that stage in life when it sheds its long straight cur-dog tail and takes on one of the registered bulldog variety. We're curious to know what it will look like when its long flop-ears are transformed into the trim upright type of the specie.

There are some interesting developments in store in the life of that pup, believe me.

### Barn Destroyed By Fire East Town Thursday

The Munday Fire Department responded to a call at 2:30 Thursday morning which was sent in from the farm home occupied by a Mr. Nicholson about two miles east of town. The barn was practically destroyed before the alarm was sounded and the firemen could render no service after they arrived. The barn is on the farm of Mrs. Maggie Smith and was a total loss together with the feed contained therein.

### AT THE METHODIST CHURCH

The attendance at the mid-week service Wednesday night was the largest for many weeks. This was very gratifying to your pastor and was a fruit of our recent revival meeting.

We want the Sunday School next Sunday morning to be the biggest and best we have had in a long time. In order that this may be true, let every officer and teacher be present and let all pupils be in their places. Bring a friend with you.

The pastor will preach at both morning and evening hours and all are invited. At the close of the morning service those who have given their names for membership in the church will be received. Let a full attendance of the membership of the Church be present to welcome the new members.

W. J. Mayhew, Pastor.

### Announcements

The Times is authorized to announce the following candidates for office, subject to the action of the Democratic primary:

For Governor: CLINT C. SMALL

For State Senator, 23rd District: RUBEN LOFTIN of Clay County  
BEN G. ONEAL of Wichita county  
GEORGE W. BACKUS of Wilbarger County

For Representative 11th District: GEORGE MOFFITT of Hardeman County  
O. D. BEAUCHAMP of Ford County

For District Attorney, 50th Judicial District: Wm. B. COMBEST  
DICK DRESSER

For District Clerk: ROY PHILLIPS  
J. C. PATTERSON

For County Judge: J. W. MELLON  
G. W. LEE  
N. S. KILGORE

H. H. LANGFORD

For Public Weigher: F. L. (Lee) HAYMES

For Public Weigher Precinct No. 5: QUINCY C. DAVIS

Justice Peace, Precinct No. 6: R. M. STEVENSON

### Wellington Men Here Thursday In Interest Small

Temple Atkins and son, Temple, Jr., and Editor Deskin Wells of the Wellington Leader was here Thursday in the interest of the candidacy of Clint Small for governor and they state that reports from over the state indicate that Mr. Small has a most excellent chance of leading the field in the first primary. These gentlemen are citizens of Mr. Small's home town and are contributing their time and efforts to his campaign as a matter of esteem for their fellow townsman.

### FIRST BAPTIST CHURCH

Sunday School at 10 A. M.  
All B. Y. P. U.'s at 7:30 P. M.  
Preaching at 10:55 A. M. and 8:30 P. M.

The general interest in the services last Sunday was good from the first note in the Sunday School to the last word in the B. Y. P. U. service. There were 243 in S. S. and they are all planning to come back next Sunday and bring others with them.

Sermon subjects for Sunday: Morning, Jesus' Authority to Teach and Power to Heal; evening, (will be announced at the morning service). There will be special music at both services.

We especially urge all of you who belong to this church to attend, and extend a cordial invitation to those who are not otherwise aligned. If the door happens to be closed remember that the latch string is always on the outside.

We hereby issue a special invitation to the men to study with us the eleventh chapters of Acts in our Men's Bible Class Sunday morning. Bring your Bible and let's discuss it together.

The church with a welcome.  
W. H. Albertson.

Mrs. W. R. Moore and daughter, Mildred, Mrs. Joe Davis, Mrs. E. Duval and Mrs. J. D. McStay attended a shower at Benjamin on Tuesday for Miss Geraldine Brookerson. Mrs. Davis gave a vocal number and was accompanied at the piano by Miss Mildred Moore.

**Vote For Ben G. Oneal For State Senator**

Mr. Oneal is in no sense a politician. He is making his first race for public office.

Practically his entire life has been spent west of Fort Worth in this section of Texas. He knows the needs of the farmer, the stockman, the oil producer and the laborer.

His twenty years of law practice, fourteen of which have been in Wichita Falls, as well as his continual contact with other business, give him a broad and valuable experience to draw upon and be guided by as State Senator.

His every act and vote as senator would be solely in the interest of the people.

**Jungman**

My, we surely are enjoying the cool breeze from the north and we hope it will stay cool for a few days.

The crops are looking pretty good in this community, and we hope they will continue to look that way.

The people are about through chopping cotton and I know they will be glad when they are through as everyone has been busy for a good while.

Mr. A. M. Moore has been suffering from a broken rib, but is improving now.

Mr. and Mrs. E. D. Morrow of Thorp spent last Sunday with his parents Mr. and Mrs. A. N. Morrow, of this community.

Jungman baseball team crossed bats with Bomarton last Sunday.

The score was 14 and 5 in favor of Jungman.

The big meeting begins at New Hope church next Friday night. We hope there will be a large crowd. Everyone is invited to attend.

Don't forget the B. Y. P. U. every Sunday night. There was a nice crowd Sunday night, also at Sunday School. Will be glad for everyone to come.

Respectfully,  
Quincy C. Davis, Reporter.

**ANNOUNCEMENT**

In canvassing the precinct I tried to see every voter personally, but there are some that I failed to see and I take this method of soliciting your vote.

Two years ago I was elected to office of public weigher for Knox City, Precinct No. 3, which is composed of the voting boxes of Knox City and Gillespie, and I have done my best to give you good service, and have installed a new pair of truck and wagon scales for the

benefit of the public, and I believe I am now prepared to give you better service.

I need the office, and if you see fit to trust me with a second term I will appreciate the favor and will continue to do my best to give the people faithful and efficient service.

Respectfully,  
Quincy C. Davis.

**AN APPETIZER**

At the beginning of a meal, serve various sliced fruits mixed, such as grapefruit, pineapple, grapes, apple, peaches and pears. Top each serving with a tablespoon of lemon ice.

**HINTS FOR THE HOME**

**Vegetable Salads**

Lemon jelly is also a good foundation for many vegetable salads. A good tomato jelly is made by stewing two or three ripe, red tomatoes until a thick liquid results and straining that through a fine wire sieve—but not through cheesecloth, as that keeps out the color—into lemon jelly that is still liquid. When it is cool it may be poured into a ring mold, into individual molds or into a square pan. It is cut in even sized blocks when it is ready to serve.

Diced cucumbers are delicious in this tomato jelly. Mixed fresh-cooked vegetables are also good in this tomato-lemon jelly. A mixture of either fresh green peas or diced carrots, or string beans and pickled beets is especially good. These jellied vegetable salads should be served on lettuce, and are usually preferred with mayonnaise dressing, though some persons prefer French dressing.

**Hot Weather Breakfast**

Everyone appreciates an attractive-looking breakfast table. And nearly everyone occasionally feels utterly tired of the usual breakfast.

The ordinary household breakfast dishes must not take many minutes' preparation in the morning or even ask for much effort the day before. But often we can have delicious things for breakfast with very little trouble beforehand.

For one thing there is fruit. Be sure that the fruit you serve is fresh and clean as to skin and cool. Most of the summer fruits are very little trouble to serve. Whole peaches, plums or pears, halved musk melons, and summer berries are all both easy and tempting.

**Lemons**

In making French dressing for salad, many persons prefer lemon juice for vinegar, and to some persons it is more wholesome. By way of variety it is worth trying, especially when the dressing is to be used with a fish salad. A few drops of lemon juice add much even when vinegar is used and prepared mayonnaise is often improved by the addition of a little fresh juice just before using.

There are many excellent lemon desserts. Just run through your favorite cook book looking for them. Lemon jelly, lemon pie, lemon filling for cakes, lemon cream starch pudding, lemon egg pudding, lemon rice pudding, lemon tapioca, lemon pudding sauce, lemon pie, lemon ice cream, lemon tarts and lemon cookies will appear to you as more or less familiar desserts.

You will find too, that a large number of fruit desserts are improved by the addition of a little lemon. Prune and fig desserts are among them and toward the end of the season apples are very much improved if cooked with a little lemon. When you bake bananas, lemon juice prevents them from tasting insipid. Almost all made fish dishes call for lemons and broiled fish needs a garnish of lemon quarters. Sweetbreads and very often veal dishes are improved with lemon juice.

**BRUSHY NEWS**

Our Sunday School was very interesting, however, the attendance was small, but we are hoping folks will become more interested and attend more regular.

Cotton crops are growing fast. A good rain would be welcomed by all the farmers as it would be a great help to everything. Most farmers are very well up with their work.

Mrs. Curtis Howard of Lamesa is visiting her parents Mr. and Mrs. J. E. Suggs.

The health of our community is pretty good at this time. Mrs. Keith and her little daughter Fay, are visiting Mrs. Keith's son Felix, near Rule.

Miss Louise Sherrill of Seymour attended Sunday School here last Sunday.

Saturday night and Sunday are our regular meeting days. We hope all will attend and make each service worth while.

Mr. Jim Keith spent Saturday night with Forcen Suggs.

Miss Mary Bowman spent Sunday afternoon with Misses Dorothy and Aree Keith.

Kitty.

**MIDSUMMER BARGAINS**

Midsummer brings fashion to the cross roads. This is the season when she makes her final review of summer's colorful wardrobe and looks ahead to the first hints of the fall mode.

Twice gifted is this season for feminine lovers of fine refinement. Midsummer is the time when merchants sacrifice profits to move their remaining summer merchandise and when the interesting advance styles in coats, dresses, hats

### OPTIMISM

Uncle Dick McCarty of the Albany News, speaking before the convention of the West Texas Press association at Abilene the other day, stressed the necessity of newspaper men being optimistic at all times.

Speaking of his own Albany section Uncle Dick intimated that the crops in that section promised little this year, but he pointed to the hills of Shackelford county. "There's millions in them hills," he said, "Not only in the liquid gold, but in the rocks there are thousands and thousands of prickly pears, which are known to contain one of the greatest elements known for tanning. There are countless thousands of rattlesnakes in these rocks, the hides of which are becoming fashionable for ladies' shoes and other accessories, and we can get the rattlesnakes and tan their hides with the juice of the prickly pear and bring millions into the Albany section, and can use the rocks from the hills of Shackelford county for building great factories."

Continuing, Uncle Dick stated, "The great God of the Universe has created everything for a purpose to mankind. There is absolutely no waste in His plan of creation, and it is for mankind to buy himself and find the way to appropriate all the things of nature to his usefulness."

As we listened to his eloquence—optimistic in the face of adversities—as he expressed his love for the hills of Shackelford county—where he has spent forty years in a labor of love, we could not help but think of the great Munday country. We thought of its thousands of smooth fertile lands, its rich alluvial soil, its great inexhaustible supply of shallow water, in fact, the number of natural advantages that the Maker of the Universe has given to us, and were vividly reminded that any lack of permanent prosperity which we might suffer, might after all be due to our lack of vision—of optimism. It might be due to lack of diligence on our part to apply the inexhaustible supply of water which lies so near the surface to the rich soil. It might be due to our failure in applying common sense to conserving the rich soil through the rotation of crops, or it might be due to our lack of effort in digging down with our minds and our hands to

find the great treasures that have been deposited here by Nature. With the seventy-three years resting lightly on his brow, Uncle Dick McCarty is an apostle of optimism, a lover of nature and a credit to West Texas and the newspaper profession, among whom he is universally loved.

### GANGLAND'S GRIP

We recently talked with a gentleman who had visited the palatial home of Al (Scarface) Capone at Miami, Florida. He described the home of the famous gangster as a palace surpassing all imagination. Guards are constantly on duty at all entrances leading to the vast estate and no one is permitted to enter unless these guards are convinced that they are merely sight-seers and not representatives of the law.

When gangsters are permitted to maintain armed guards over their habitat, as was described by this visitor, then law and order has humbly submitted to the rule of gangland. Through the influence of ill-gotten dollars they openly carry on their nefarious trade and add millions to their spells each year, and pass up any attempt to check their business with sneering contempt.

When conditions reach such a state of affairs, as it has in Chicago, Detroit, Cleveland and other metropolitan cities it's about time that Uncle Sam stepped in, if necessary, with our army and navy, and gave these birds to understand just who's who in America. When our Federal government functions thusly then we will believe that the claim of some of those who profess to be in sympathy with our prohibition laws are sincere. Until that time we shall contend that they are demagogues of the yellowest type.

### THE FARM BOARD'S PLIGHT

Chairman Legge of the Federal Farm Board, who is reputed to have resigned a \$50,000 position as president of the International Harvester Company to accept the chairmanship of the Federal Farm Board at \$10,000, seems to have reached his climax in helping the farmers by urging them to reduce acreage—produce less. This plea for the ill of the farmer has been proclaimed from the house-ops ever since the days of the civil war, and if no other remedy

is at the disposal of the board it has utterly failed in its mission. If the board was really sincere in its effort to do something for the farmers it could have had a hand in the writing of the new tariff bill. Instead, Mr. Legge is going over the country urging farmers to reduce their acreage, and at the same time compete with the world in the marketing of their farm products, while the manufacturing interests of the north-east enjoy full protection afforded by a high tariff wall.

Our present Republican administration has instituted a Farm Board at a cost of thousands of dollars per year to go about and urge farmers to reduce acreage while an employee of the American Tariff League sits in the Senate office building in Washington and writes a tariff bill that gets the signature of the president. This is indeed a noble experiment.

### DAD WOULD KILL SON BACK FROM COLLEGE

The Plainsman conducts a "hard boiled" column in the Lubbock Journal and recently gave to his readers the following story, vouching for its truthfulness:

Have you heard the one about the West Texas ranchman who sent his son to Texas Tech in pursuit of higher learning and whatever else he saw fit to pursue? Stop me if you've heard it.

The boy, fresh from Half-Circle-Hot Snake ranch came to Tech and spent a whole term before going back home. On his first visit the old man, bandy-legged and hunched from years in the saddle, met his young hopeful in Midland hospitalary to driving to the ranch in the family fiver.

When the kid got off the train the first thing he did noticed was that he wore no hat.

"Where's your hat, son?" he asked.

"Oh," replied the youngster, "we college boys don't wear hats." The old fellow didn't say anything as they walked up the street toward the wagon yard where they planned to spend the night. Then he noticed that the boy was devoid of "sex appeal."

"What's the matter with you son, kid?" the father inquired.

"Aint you got no gutters?" "We college boys," returned the lad, "dont wear supporters."

The old man tightened his lip a

little but kept his silence, ignoring the strap watch and the spats the boy had on. But when they got to the wagon yard, began disrobing and he saw a silk vest in the ruckman could hold himself no longer.

### WAXED FLOORS

Though they require more care than varnished floors, yet waxed floors are more beautiful and after years of wear will look as

good as new. A home-made floor wax which will go farther than the commercial preparation, is made of one pound of beeswax, one pint of turpentine and two tablespoons of linseed oil.

Shave the wax, add the turpentine and let it stand over night. When the wax is dissolved, add the oil and stir vigorously. Apply the wax warm and polish with a weighted brush or brick wrapped in cloth. The more elbow grease you put into the job, the more lustrous your floor will become. When marred or spotted, apply more wax and rub it in.

You can't please everybody unless you have more money than we think you have.

## BAUMAN MOTOR COMPANY

Distributor for Conoco Products MUNDAY, TEXAS

## ANOTHER VICTORY

FOR THIS REGULAR STOCK MOTOR OIL!

CLOSE ON THE HEELS

OF ITS ACCOMPLISHMENT AT INDIANAPOLIS MAY 30, CONOCO WINS 3RD, 4TH, AND 5TH PLACES AT ALTOONA AT BETTER THAN ONE HUNDRED MILES PER HOUR

Frank Farmer, in a Miller Special, "placed" third with an average speed of 102.2 miles per hour. "Shorty" Cantlow, in a Miller-Schafel Special, was fourth with 101.3 miles per hour. "Speed" Gardner was fifth in a Miller Front Drive Special. All three used CONOCO Germ-Processed Motor Oil in this convincing demonstration of the qualities of this regular "stock" motor oil. At Altoona, at Indianapolis, this was the first time that a stock oil had placed to high in the finish of the race.

Indianapolis race; after they had observed its full body and good color as it came from Dave Evans' motor, the word went out that CONOCO Germ-Processed Motor Oil had displayed the qualities necessary to solve the lubrication problems of racing motors. CONOCO had earned the respect of this most skeptical group—and earned it fairly.

In view of the Indianapolis results, it was only natural for a majority of the drivers at Altoona to choose CONOCO Germ-Processed Motor Oil for America's fastest competitive race.

And as these cars whizzed around the bends at Altoona on June 14, CONOCO again proved its worth on a field previously dominated by castor blend—a field which other stock oils have reportedly tried to enter without success.

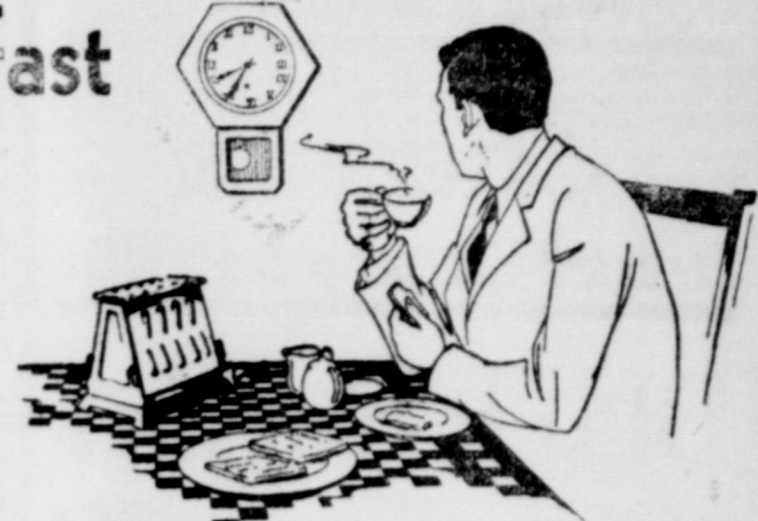

So chalk up another victory for CONOCO

CONOCO GERM PROCESSED MOTOR OIL

## For that Bachelor Breakfast

MEN who prepare their breakfasts fully appreciate the many advantages of Electrical Appliances.

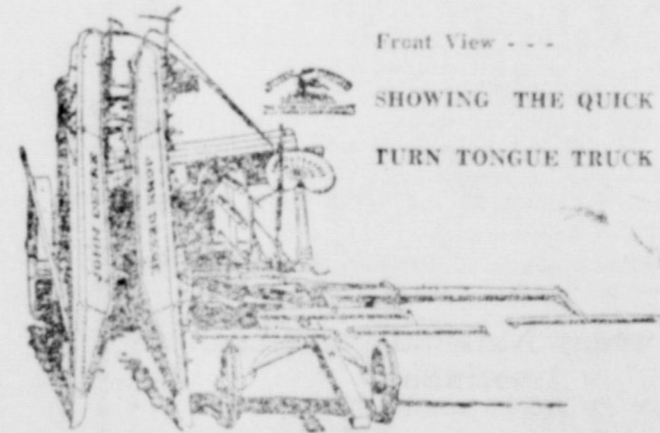

The Electric Percolator, Waffle Iron, Toaster, and Electric Grill are their standbys. Without these invaluable aids . . . that early morning breakfast would be dreaded.

And not only the bachelor . . . but everyone will more fully enjoy their meals when the cooking is made easier and more delicious through the use of Electrical Appliances. They're so economical . . . and so convenient, you really can't afford to be without them.

West Texas Utilities Company

## John Deere Corn Binder

The Binder with the Power Carrier and Quick-Turn Tongue Truck

### QUALITY FEATURES

All-Steel Quick-Turn Tongue Truck overcomes side draft; no neck weight; shorter turns. Binder perfectly balanced on main wheel, grain wheel and tongue truck; light draft.

Power Carrier a boy can operate. Delivers all corn out of way of third horse in fewer, cleaner rows; saves corn. Always in position to receive bundles.

Six Gatherer Chains deliver corn in the easiest and most positive manner to binding attachment. Butt chain has long wide legs working close to butts.

Seventeen Roller and Ball Bearings at important points result in longer life and lighter draft.

Balancing Feature on grain wheel axle by which machine can be properly balanced when binder is used with either tongue truck or stiff-pole hitch.

Flexible Thrust. Two long springs and two shock absorbers in hold any volume of stalks in chutes; insure prompt delivery to butts and to binding attachment.

Rigid Main Frame, wide eyes still hot riveted its continuous outside sill. Working parts adequately aligned. Main wheel is supported on both sides. Simple adjustments for taking up wear.

Binder Attachment simple, durable, and easily adjusted. Bottom packer and lower telescoping discharge arm closer to butts—better separation and discharging of bundles.

High Main and Grain Wheels, wide tires, and more and better traction, lighter draft; both wheels have raising and lowering devices.

GUINN-TULL HARDWARE CO.

Society

Mrs. E. Donna Davis of Gorman is here this week visiting in the home of her parents, Mr. and Mrs. E. E. Akers.

Back Preppa has been in Munday this week in the interest of his candidacy for the office of County Clerk.

Ben G. Ousel of Wichita Falls was here first of the week in the interest of his candidacy for the office of State Senator. Mr. Ousel has a number of warm friends in Munday who are expecting him to land the ticket.

L. A. Moore and children of Wellington, Texas, are here visiting in the home of Mr. and Mrs. A. C. Brock.

Mr. John McKenna and daughter, Mrs. W. H. Chapman, and Misses Christina Chapman and Margaret Campbell are visiting in Dallas and Bartlett this week.

Mr. and Mrs. Bill Shaw are returning over the arrival of a fine boy, who made his arrival on the scene of action at Plainview on the 11th inst.

R. B. Davy attended a meeting of the County Democratic Executive Committee in Benjamin on Monday afternoon. Mr. Davy is precinct chairman of this precinct.

Miss Mildred Gubin has gone to Fort Worth, where she will attend a business school during the summer.

Mr. and Mrs. C. R. Elliott of Benjamin were guests of friends here Monday afternoon.

Candidates for district, county and precinct offices were heard by the citizens of Rhineland on Monday evening, at which time a large number of candidates presented their claims. The meeting was held in the open and Peter Logan served as chairman.

Dr. E. M. Ammons went to Spillo on Monday evening to attend a meeting of the Wichita Valley Dental Society, and reports one of the most interesting meetings in the history of the association, of which he is secretary. He reports that crops down that way are practically burned up and in many instances have passed the stage where a rain would prove beneficial to them.

The State Highway department has issued a warning against the parking of automobiles at the roadside with headlights and tail lights extinguished. The warning was issued after several fatal accidents over the state and traffic officers were instructed to arrest and prosecute offenders. Another cause of numerous accidents has been due to driving cars with one light. Patrolmen have been instructed to enforce the laws regulating these evils diligently.

SCHOOL NOTICE

Those desiring to transfer their children to the Munday school must do so during the month of July. D. T. Maddin at the City Hall has the application blanks and will take the transfer.

Mrs. E. B. Wilson has returned from Dallas where she visited her daughter, and while away she made a trip to the Ozarks in Arkansas.

E. B. Davy, Notary Public.

CORRECT—Attest: C. A. Eiland, H. A. Pendleton, J. C. Campbell, Directors.

UNDER THE STERLING PLAN TAXES WILL BE REDUCED IN KNOX COUNTY

The taxpayers of the Munday country, including the farmers, home-owners and business men are now assessed an average tax of approximately 40c on the \$100.00 valuation to pay for the construction of State Highways, a tax that should be borne by the state.

Under The Sterling Tax Reduction Plan the State will assume this obligation and pay for it out of the gasoline tax.

The Sterling Tax Reduction Plan will place the burden of paying for the state roads your county has built on the traffic, where it belongs.

The Sterling Plan will provide the state with adequate funds to build a connected system of hard surfaced, all-weather highways and for paving the gaps over the state without county aid and without increasing the gasoline tax one penny.

R. S. STERLING  
Hs-5-303  
Candidate for Governor

The Sterling Tax Reduction Plan provides that no property tax shall ever be levied to carry out its purposes.

VOTE FOR R. S. STERLING

and LOWER TAXES

Explanatory Note.—The estimated reduction in the tax rate has been calculated in accordance with the best available information. The exact figure will depend upon varying conditions in each county. But that a material reduction of the ad valorem taxes would be effected under the plan is certain.

BAPTIST W. M. U. MEMBERS ENJOY INTERESTING MEET

Monday afternoon the Baptist W. M. U. met in a most interesting program of Royal Service. Twenty-five members were present and several out of town guests. Mrs. Johnson of Willsboro gave a most inspirational talk in regard to the W. M. U. The program was as follows: Hymns—"Come Ye That Love the Lord."

Devotional services—Mrs. Reynolds. "Wells of Water Springing Up"—Mrs. McMahon. "The Spirit and the Bride say Come"—Mrs. J. E. Reeves. "And They That Are Wise"—Mrs. Marvin Reeves. "Head the Sick"—Mrs. E. M. Ammons. "Evangelists All"—Mrs. Tom Haney.

Address—Mrs. Jack Johnson. Each one left feeling that they had spent a most profitable and inspiring afternoon.

H. A. Pendleton, pastor arrived first of the week from San Antonio, where he has been attending the Citizens Military Training Camp since leaving the Texas A. & M. College at the close of the term.

Reserve District No. 11

Mr. and Mrs. Pfaff of Palestine, Texas, were here Sunday visiting in the home of Mr. and Mrs. E. C. Weeks. These families were formerly neighbors at Waxahachie, Texas, and Mr. and Mrs. Pfaff stopped in passing through this section for a brief visit.

Mr. J. P. Brun of Waco, has been visiting in the home of his daughter, Mrs. J. W. Moylette, for the past few weeks.

C. M. Guyon, one of the prominent farmers of the Truscott country, was here on Wednesday evening.

Mr. and Mrs. H. G. Craig went to Denton first of the week and were accompanied home by their son and daughter, Virgil and Miss Madeline, who have been attending the North Texas State Teachers College there.

Dr. J. W. Moylette has been in charge of the office of Dr. A. D. McShurin of Fort Worth, since the first of the month. Dr. McShurin broke his wrist. Dr. Moylette is expected to return this week.

Mr. and Mrs. R. Allred of Bowie were here Wednesday passing out cards in the interest of the con-

HANEY GROCERY

didacy of their son, Jimmy Allred, for Attorney General of Texas. Jimmy made the race four years ago and was defeated by less than 5000 votes by Claude Pollard.

BEAUTY HINTS BY MARIE TOMLIN

Few women realize the importance of thoroughly cleansing the skin. If your skin is not thoroughly cleansed each day it can not be healthy. The constant use

of soap and water alone will finally result in an extremely dry skin. Dry skin quickly becomes wrinkled. Marie Tomlin Cleansing Cream is made from the very finest imported oils, compounded with a percentage of pure milk. It liquefies immediately when applied to the skin and goes into each tiny pore, rids the skin of dust, powder and excretions accumulated which often cause enlarged pores and acne conditions. Loveless Drug Company, exclusive agents.

RELIABILITY ECONOMY GOOD PERFORMANCE

THE NEW FORD TUDOR SEDAN

YOU are buying proved performance when you buy a Ford. You know it has been built for many thousands of miles of satisfactory, economical service.

Letters from users in every part of the world show the value of the sound design of the car, good materials and accuracy in manufacturing. You sense a feeling of sincere pride in the oft-repeated phrase—"Let me tell you what my new Ford did."

Further tribute to the sturdiness, reliability and general all-round performance of the new Ford is shown in the repeated and growing purchases by government bureaus, by police departments, and by large industrial companies which keep careful day-by-day cost records. In most cases, the new Ford has been chosen only after exhaustive tests covering speed and power, safety, comfort, ease of control, oil and gas

consumption, low yearly depreciation, and low cost of up-keep.

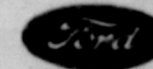

They have found, as you will find, that the Ford embodies every feature you want or need in a motor car at an unusually low price.
