Odd Bits Salvaged
By The Editor

It's a debt-paying cotton crop this year.

And despite the fact that weather conditions have not been too favorable for gathering in some weeks, and there has been a shortage of hands, gins of this area have been ginning lots of cotton.

Two cotton storage yards have been started just north of town, and they are growing all the time, as the ginned bales are hauled out there and stood up for storage. They are being stored in rows, two rows at a time, then space left between the other row of two for loading and unloading.

A story in Sunday's Abilene paper began: "Revenues from the 1958 wheat, oats, maize and cotton crops produced in the irrigated and dryland sections of Knox County will practically put all of the farmers back in the black . . ."

And that's a good place to be, after these adverse years. And that's why farmers are anxious to get the cotton crops out before too much rain damages the grade and staple.

Take most any highway of public road out of the town, and you find cotton fields white unto harvest. With gin smoke and cotton fuzz drifting through town, and with cotton being hauled to the storage yards, the white fields, etc., it isn't hard to believe that this area remains primarily a cotton country.

And with trash, dirt, popcorn bags and stuff cluttering up the sidewalks over the week ends, it isn't hard to believe the cotton pickers came to town to the picture shows and other places over the week end. It's a dirty mess in front of our place on Monday mornings; but, as we've said before, we'd a lot rather sweep off the sidewalk each Monday than not to have the cotton for pickers to gather. And we'd a lot rather sweep off the sidewalk than help them gather the cotton! That's an activity we've had experience at and recollections of!

A happy man over getting pickers in his field was Levi Bowden when 79 pickers invaded his snow-white field last Monday. "Made us think of a bunch of geese in a green pasture when they unloaded and started work," said Sue in relating the incident. In about two days, the Bowden cotton had been gone over.

Despite the fact that cotton farmers have had too much moisture, wheat farmers to the west of Benjamin are needing rain. It's pretty dry over there. Seems the moisture just can't get distributed right. Folks in the lower Rio Grande probably think everybody has had too much.

Noticed where the State Fair at Dallas set a new attendance record, when a total of 2,757,734 people went through the turnstiles during the 16 days of the fair. That's why we say folks just don't go places at the fair—they just drift with the crowd.

Hunters Return With Annual Deer

Johnny Michels and his son-in-law, Bob Vadney, returned home during the week end from their annual deer hunt at Pagosa Springs, Colo., each with a success story.

Johnny bagged two deer and one elk, while Bob got his deer and downed a prize bear, but the animal got into the bushes and could not be found. Johnny's prize exhibit was the head of a buck which he killed. The antlers had 27 points and a spread of 32 inches, and Johnny was headed for a taxidermist to have it mounted.

Others on the trip included Jasper Bevers and Roddy Griffith. Mr. and Mrs. Nolan Phillips and Neva and Laquita Morgan visited Mrs. Phillips parents, Mr. and Mrs. J. F. Spann, and other relatives, in Foss, Okla., last Sunday.

FOOTBALL HIGHLIGHTS

A film, "Highlights of the Southwest Conference" will be shown at the regular meeting of the Quarterback Club at 7 p. m. next Tuesday at the school building. All members and others interested are urged to attend.

Knox City Clips Moguls, 18 To 0; Iowa Park Next

The Knox City Greyhounds were more in power and performance than their Class B classification last Friday night as they marched for three touchdowns to clip the Munday Moguls, 18 to 0, on the Knox City field. Monte White sparked his team to victory.

White, a rangy 6-2, 170-pound senior, figured in all three of the Greyhounds' touchdowns, running two and passing for one.

After a scoreless first quarter, White hit paydirt in the second on a 22-yard sweep. Minutes later he tossed to end Jim Anderson for a 40-yard pass and run play. Knox City's final score came in the fourth quarter as White went over from seven yards out on a keeper play.

Never lacking in fight, the crippled Moguls who have lost four of their best players to injuries, managed one penetration but failed to cross to pay dirt. The scrapping Moguls played a wonderful game, but just failed to get going on the ground gaining and scoring plays.

Next Friday night, the Moguls will again take to the road. They will journey to Iowa Park for a conference game with the Hawks. Iowa Park edged the Paducah Dragons, 6-0, in a 1A-11 game at Paducah last Friday night.

Contributions To Gonzales Warm Springs Continue

Gonzales — "Texans have given \$52,586 to Warm Springs as of September 30," said Walter H. Richter, executive director of TRC, in a report to the State on the emergency drive to keep this non-profit hospital open.

"We hope to receive as much in October partly as a result of AFL-CIO drives and partly from donations by individuals and clubs," Richter said. The more than \$52,000 raised in September went toward wiping out a \$100,000 indebtedness and even a like sum in October would only bring the balance up to zero with no money for operating expenses in the bank.

However, some 85 Community Chests and United Funds in the State have included the Foundation as a participating agency and most of the money from these agencies will come to TRC after December and later in 1959.

TRC's officials estimate that in order to keep the hospital open they will need \$500,000 annually in contributions to supplement regular hospital revenues. The more than \$52,000 raised in September includes the Austin campaign (more than \$20,000) raised by businessmen and labor's Porch Light march; a statewide letter campaign; and some United Fund contributions.

Dr. Matsumoto To Speak At Stamford

The Rev. Dr. Takuo Matsumoto dean of the School of Religious Studies at Aoyama Gakuin, Tokyo, Japan, and a graduate of two American Universities, will speak at St. John's Methodist Church Stamford, Texas, on Monday evening, November 10th, 7:30 o'clock, at a Missionary Institute sponsored by the Stamford and Abilene Districts of the Methodist Church.

Dr. Matsumoto, who was president of the Hiroshima Girls' School in August, 1945, when the first atomic bomb fell on that city, is in the United States on a six-month speaking tour. He will be telling the story of five noted Christian schools in Japan, which Methodist support financially through the Division of World Missions of the Board of Missions.

Aoyama Gakuin, the school with which Dr. Matsumoto now is associated, has more than 10,000 students from junior high school through university. For many years, Dr. Matsumoto headed the department of New Testament at the Aoyama Seminary, which later merged with the Union Theological Seminary in Tokyo.

MOVE TO HOUSTON

Mr. and Mrs. Jack Freeman left last Tuesday for Houston to make their future home. Before leaving, Mr. Freeman came by the Times office to make sure his home paper reaches them at their new address.

AID IN CHECKING — J. Weldon Smith, general chairman, and Rev. Rex L. Mauldin, pastor, aid the auditing committee in checking results of the Roy L. Farrow finance plan of the Munday Methodist Church which closed with a "Victory Dinner" for the church membership last Monday night. The \$20,000 goal for the church budget this year was over-subscribed by almost \$1,000 during the drive.

W. R. MOORE, JR.
Chairman of Solicitations

Goal Exceeded In Methodist's Finance Drive

Final results of the "Every Member Canvass" were announced to a large crowd at the First Methodist Church last Monday evening, when the drive was climaxed with a "Victory Dinner" in the fellowship hall.

The final result was \$20,975.80, or nearly \$1,000 above the goal.

After the dinner was served, church members gathered in the sanctuary to learn the final results. The auditing committee had worked while others ate in order to have the final results ready.

Rev. Rex Mauldin led the group in a song, while the scoreboard with final results had been turned away from the audience. Weldon Smith, general chairman of the drive, then turned the scoreboard around for everyone to see. A big ovation followed, as results were disclosed.

Words of praise and appreciation were expressed by the pastor to all of the committees and some 200 members of the church who had participated, one way or another, in the financial drive.

The three heading the campaign were then introduced and accepted thanks of the entire group for their leadership. They are: W. R. Moore, Jr., in charge of solicitation; J. H. Bardwell, in charge of mechanics, and Charles Baker, in charge of education.

Last Monday night brought to a close the four-month campaign, which began in July with an attendance drive, and reached its climax with every member being given an opportunity to make his pledge to the church budget.

"Trick Or Treat" Being Planned For C.R.O.P. Supplies

C.R.O.P.'s "Trick or Treat" on Halloween replaces the usual "Trick or Treat" for candy, apples, or doughnuts. Young people throughout the state will make house to house calls seeking contributions to help feed the hungry people of the world.

Proceeds will send government surplus food overseas through church world service. Such surplus foods are supplied free of charge to voluntary relief agencies. Last year every dollar collected distributed over 300 pounds of food to starving people in other countries.

In Texas last year, young people collected \$49,158.67, and they are anticipating collecting more this year.

The Methodist Youth of Munday are asking youth from other churches to join in this movement. Have your contributions ready between 5 and 7 p. m. Sunday, October 26.

GETS PROMOTION

The Professor of Military Science and Tactics at Tarleton State College in Stephenville, Texas, Lt. Colonel L. W. Sherrod, has announced the promotion of Cadet Pvt. Bobby Gene Cude of Munday, Texas, in the ROTC Corps of Cadets to the grade of Cadet Sgt. The newly appointed cadet is the son of Mr. and Mrs. Elmer E. Cude of Box 251, Munday, Texas and is a graduate of Munday High School.

Jerry Swamer of Arlington visited Mrs. W. A. Floyd and Earl and other relatives here last Thursday night.

Knox County Hospital Notes

Patients in the hospital October 20th:

Ed Fletcher, Knox City; Mrs. Charles Moorhouse, Munday; Jan Roberts, Goree; Watson Adams, Knox City; Mrs. O. E. Hubbard, Knox City; Mr. and Mrs. W. L. Moore, Goree; Mrs. O. W. Causey, Knox City; Emillo Guerra, Raymondville.

Patients dismissed since October 14th:

Clarence Thompson, Munday; Mrs. Calbert Haskins and baby, Goree; George Booe, Goree; June Cox, Knox City; Mrs. L. L. Richards, Vera; Mrs. J. F. Barnard, O'Brien; Willie Brantley, Knox City; Mrs. C. E. Ball, Munday; Mrs. A. L. Well and baby, Trent; Mrs. Jesusa Garcia and baby, O'Brien; J. B. Hendricks, Knox City; Betty Reynolds, Benjamin; Mrs. Jimmy Cook and baby, Munday; Marvin Chamberlain, Goree.

Births: Mr. and Mrs. Calbert Haskins, Goree, a boy; Mr. and Mrs. Jesusa Garcia, O'Brien, a girl; Mr. and Mrs. Jimmie Cook, Munday, a boy.

Alton Ward Buys Local Locker Plant

Alton Ward, formerly employed at the Munday Locker Plant, announced this week that he has purchased the interest of S. W. Bryan in the plant, taking over active management several weeks ago.

Mr. Ward stated he intends to render local people a complete locker service, killing and processing animals for his customers every day except Saturdays. He is handling meats, both wholesale and retail, and maintains a stock of groceries in addition to other services given by the plant.

Mr. Ward invites the continued patronage of customers of this trade area and assures them satisfaction in every respect.

Weather Report

Aspermont Seeks Water From New Reservoir On Miller Creek

Local Scouts Enjoy Outing At Paint Creek

Munday's troop of Boy Scouts spent Friday night on an outing at Scott's Memorial Park on Paint Creek.

Tents were set up, and camp was prepared for the night. Then the campfire was built, and each patrol put on a stunt. First class badges were awarded to Jimmy Carden and Kenneth Smith, and a second class badge went to Garry Beaty.

Breakfast consisted of hot cakes, bacon and eggs, coffee and milk.

At nine o'clock, the scouts went on a tour of the West Texas Utilities Co. power plant, which is the company's largest plant. The tour was planned ahead by Goodson Sellers, manager of the Munday office. Scouts were conducted through the water treatment room and were showed of different ways of testing and treating the water for steam in the steam turbines that run the large generators. They toured the turbine and generator rooms and saw the large furnace. They saw how water was pumped in for steam and also circulated for cooling purposes, then pumped back into the creek. Each phase of the work was explained by guides at each point, and many questions were answered.

The evening was spent at fishing and with breaking camp. The return trip was completed at 6 p. m. Saturday. Accompanying the Scouts were George Beaty and James Carden.

HASKELL — Official vote was announced and preliminary plans made on the Miller Creek Reservoir project when directors met at Munday last Thursday night.

Possibility that Aspermont, seat of Stonewall County, may get water from the project was raised at the meeting. W. R. Johnson of Haskell, president of the North Central Texas Water Authority, said.

The directors authorized core drilling at the site of the dam, after which engineers will develop plans and specifications for the dam.

Four area towns voted Oct. 11 to authorize \$3,800,000 in bonds to finance the water project.

Official vote was 620 for and 234 against. Haskell drew the largest number of votes for the issue. The vote in Haskell was 339 to 73.

Munday's vote was 135 to 20; Rule, 87 to 86; and Goree, 59 to 55.

Three representatives of the Stonewall County Water Control District, including Aspermont and Old Glory, met with the board to discuss purchase of water from the authority.

The Miller Creek Reservoir will be located 12 miles east of Munday on the Portwood Ranch. Part of it will be in Baylor County and about half in Throckmorton County.

Feasibility of selling water to the Stonewall towns will be determined by Freese and Nichols, Fort Worth engineers for the authority.

Aspermont now gets water from wells near Rule. Pipelines to the wells would be extended to Rule and tied into the Miller Creek Reservoir lines there.

Lake Is Being Constructed On League Ranch

Lyles and Davis, contractors of Childress, started construction of a lake on the League Ranch to be used primarily for irrigation purposes, according to an announcement made Tuesday by Jack Idol, manager of the ranch.

The lake, which is to impound around 4,500 acre-feet of water, is being constructed on "Double Dutchman Creek," west of the ranch headquarters, and Mr. Idol stated that water will be backed up to a point near the Benjamin-Knox City highway. Around 300,000 yards of dirt will be used in constructing the dam.

Valuable farm land of the League Estate lies on both sides of this creek, and Mr. Idol stated they expect to irrigate around 10,000 acres from the water of this lake. Portable pumps will be used to pump water from the lake, and an intensive irrigation program is eventually planned.

Mr. Idol stated the dam is expected to be completed by early spring so the lake will catch water from spring rains. "We expect to also have a good fishing place there in the future," he said.

Oil Activities

Merle L. Hoyt of Dallas has completed No. 1 S. E. Williams in the Stricker (Tannehill) Field, seven miles northwest of Munday. The well pumped 120 1/4 barrels of 34 gravity oil per day from perforations at 2085-2111 feet. Hoie was bottomed at 2135, and gas oil ratio was 315-1.

Three wildcat failures are reported at No. T-7 McFaddin Estate, 15 miles northwest of Knox City, plugged at 2705 feet; No. T-8 McFaddin, eight miles west of Benjamin, at 2677 feet, and No. T-11 McFaddin, seven miles west of Benjamin, at 2673 feet.

The second grade Bluebirds met in their regular bi-monthly meeting Wednesday, October 15, in the home of Mrs. W. R. Moore, Jr., with Mrs. Moore and Mrs. Rhoades Allen in charge of the meeting.

The meeting was opened by the candle lighting ceremony and the repeating by the group of the Bluebird Wish. Activities included making a pipe cleaner doll by each girl, which was dressed in the Bluebird costume. Following the activities, cookies and punch were served to the following members:

Diana and Donna Allen, Sharon Boggs, Pamela Bryan, Sherry Carpenter, Cathy Cybert, Lana Harper, Linda Hulse, Jacque Leflar, Judy Lowe, Sue Mitchell, Martha Moore, Donna Patterson, and Patty Partridge.

The meeting was closed with the group forming a friendship circle and singing Taps. The next regular meeting of the group will be the first Wednesday in November.

The Halloween carnival will be held on the evening of Oct. 31, and the special attractions of the carnival will be a King and Queen contest and talent show with prizes for the winners. Mrs. Gerald Simpson is chairman of the talent show.

Also at the P.T.A. meeting, Mrs. W. A. Ratliff, program leader, spoke on "Stepping Stones to Maturity."

SOCIAL SECURITY TO HAVE REPRESENTATIVE HERE ON THURSDAY

A representative of the Social Security Administration is here today (Thursday) at the city hall in Munday. Persons who desire information or assistance on Social Security matters are invited to meet with the representative.

The meeting was closed with the group forming a friendship circle and singing Taps. The next regular meeting of the group will be the first Wednesday in November.

Notes From Knox Farms, Ranches

By Roy England, Knox County Agent

Three hundred and forty people attended the twelve rodent control demonstrations conducted last week through the combined efforts of the Fish and Wildlife Service, the Knox County Farm Bureau and the County Extension Agent.

Methods of permanent controls were pointed out, as well as methods for baiting, and anti-coagulant type bait was sold to those in need of this material. Approximately 4,000 lbs. of bait was distributed at the twelve meetings, and the Farm Bureau office at Munday will maintain a supply of bait from commercial source as part of a permanent rodent control program in the county.

A NEWSPAPER IS BORN

A brand new newspaper made its debut on September 22, and it's a unique and important one. Named the AMA News, it is being issued fortnightly by the American Medical Association and goes to 210,000 doctors.

The News is the first newspaper of American medicine. While it will report on the AMA's many and varied activities, it is not an AMA "house organ". It was conceived after more than a year of inquiries and research and is designed to fill the doctor's need for news of the medical community. Like all good papers, it will provide a highly varied fare. It will seek to entertain as well as to inform. It will carry articles outside the broad field of medicine but of interest to doctors—covering sports, hobbies, travel and the arts. It is hoped that it also will serve as a means of exchange of useful and interesting facts and ideas. Its content is to be non-technical, and is to consist of the maximum amount of worthwhile news in the minimum amount of space.

This is not a paper of general circulation—but its appearance is a matter of significance to the general public all the same. Its primary purpose is explained in these words in the first issue—"to help doctors figure out the day-to-day problems that go with practicing medicine, bettering the health of the community and the profession of medicine." The medicoeconomic and the socio-economic fields of medicine become constantly more complex. The rising costs of practicing medicine have brought on new problems, of very great personal interest to doctor and patient alike. New products, new methods and new findings of medical significance are constantly appearing. The News will be, in effect, a clearing house, where data will be gathered, correlated and summarized and delivered speedily to the doctors of the nation. That augurs well for the public health and welfare.

Writing in Ladies' Home Journal, Dorothy Thompson says: "In dealing with the school shortage, I wonder whether we clearly ask ourselves what a school is. Communities are being taxed to support properties that often are out of all proportion to their needs—or the income of their people. And the financial burden is enhanced by demands upon the school that have little or nothing to do with essential education."

SUBSCRIPTION RATES

NOTICE TO THE PUBLIC: Any erroneous reflection upon the character, standing, or reputation of any person, firm or corporation which may appear in the columns of this paper, will be gladly corrected upon due notice being given to the publisher at the Munday Times office.

A STRONG, LESS COSTLY GOVERNMENT

The Federal government faces a prospective deficit during this fiscal year of more than \$12 billion. We may not yet know the worst. It is certainly well within the realm of possibility that the military budget may have to be increased by many billions.

The specter of a disastrous inflation thus grows larger and larger.

In the name of our survival as a free nation, the overwhelming need the next Congress will face is to reduce government spending. And that means, among other things, that the government should abandon all programs and activities which can be carried on by taxpaying private enterprise.

The government's socialized power operations are perfect examples in point. It is high time we revived a plan that was proposed several years ago and that was given widespread support throughout the country. This program has two facets. First, the government should immediately put its power projects on a self-supporting, tax-paying basis. This simply means that rates should be adjusted until they honestly cover all the costs—plus interest on the taxpayer's investment—and that the projects pay the same taxes as would a private enterprise doing a comparable business.

Second, over a period of time, the government should sell the projects to private enterprise at the best possible price. The resulting billions could be used to reduce the national debt or for other essential purposes. And, in private hands, they would pay big sums to government in taxes year after year.

Here is one of many ways to get both a stronger government and a less costly government, and stop our drift toward state socialism.

LEXINGTON, S. C., DISPATCH-NEWS: "You look tired, dear," the wife greeted her husband. "Did you have a bad day at the office?"

"I'll say I did, he answered. 'I took one of those aptitude tests and boy, oh boy, it's a good thing I own the company!'"

Since 1950 crime has increased four times as fast as our population, according to FBI Director J. Edgar Hoover. He is particularly disturbed about the growth of juvenile crime. Since 1952, the population group under 18 years of age has increased 22 per cent, while arrests of persons under 18 have increased 55 per cent.

Checking Accounts —

Sometimes in the Arkansas town where my father ran the drug store when I was a small boy, a lad would get the chills and fever. If not checked, the illness would have you burning up one day, and then — next day — you'd shake and your teeth would rattle with cold.

But my father had a remedy for chills and fever. In the bottle of chill tonic, one could see bits of flotsam and jetsam that were not calculated to stir one's enthusiasm. The label said however that this was "tasteless" chill tonic. The only comment to be offered was: If this is "tasteless," may heaven deliver me from the other kind!

In the Spring, it was customary to give a boy sulphur-and-molasses. The sulphur was good

for purifying the blood; the molasses was to make the sulphur palatable. All the boys took this concoction with much grimacing and complaint — all but one. This remarkable individual could eat a whole tablespoonful of sulphur alone and with gusto. Others gathered around to behold this sight. I tried to appear modest about my great gift, however.

When Charles Dickens was a young man, he was ambitious to become an actor but on the day he was to have a tryout, he had a cold and his face was swollen so he postponed the test and never did take it.

If he had taken the stage test,

THE MUNDAY TIMES

Man in the making

YOU watch your bright-haired boy turn in a twinkling from rowdy hooligan to tender cherishing of an injured bird.

How humbly proud you are of such evidence that your son is growing—in all directions!

And how you want for him a world where there are no barriers to his development as a free and independent American.

There are many ways you can help assure this sort of world for him. One very important way is to be on the watch for ideas that could deprive him of his right to freedom and independence.

The idea, for instance, that "government should run such and such a business, a service, an institution." Even though it has been shown that the more things government runs, the less freedom there is for the individual.

When you hear people talking like that, point out that when you take independence away from anybody, you undermine the freedom of everybody.

Very much aware of this threat are the independent electric companies, because government already runs part of the electric business. And powerful people are pressing government to take over more.

"Freedom is a woman"

West Texas Utilities Company

NEWS FROM VERA

(Mrs. Thelma Lee Coulston)

Floyd Feemster of Fort Worth visited over the week end with relatives here.

Visiting Mrs. J. D. Jefecoat recently was her sister, Mrs. Lola Davis of Waxahachie.

Mr. and Mrs. Verne Frost and family visited Mr. and Mrs. J. D. Gillespie and Pamela in Hobbs, N. M., over the week end.

QUALITY AND WEIGHT ARE PRINCIPAL FACTORS IN STOCKERS

Fort Worth, Oct. 20 — The sale of more than 3,000 typical Texas stocker and feeder calves and yearlings at Fort Worth in the annual October special sale developed two distinct governing factors.

1. Where the quality was high, buyers were definitely more active.

2. In all cases, the weight of the cattle was a predominant influence in the bidding.

With this year's crop of calves and yearlings scaling much above normal, the buyer's awareness of the number of dollars involved was quite noticeable. Price per pound went down sharply with each extra hundred pounds.

Calves weighing under 400 pounds were extremely scarce.

Yearlings under 600 pounds were also scarce.

The two-day affair at Fort Worth attracted entries of over 3,300 head, of which owners sold 3,903. These cattle averaged 492.8 straight across, and the average price was \$27.40 per hundred straight across in steers and heifers alike.

Total paid for them was \$405,605.78, an average of \$135.06 per head. Good and choice steer calves sold in the \$27 to \$35 slot, and good and choice heifer calves sold from \$25 to \$32. Stocker steer yearlings of good and choice grades sold from \$24 to \$29.

FAT STOCK HIGHER AT FORT WORTH MONDAY

Trade on cattle and calves was a highly mixed affair at Fort Worth Monday. Fed steers and heifers were very scarce with less than a half dozen loads on offer, and prices were strong to 50 cents higher on the short crop. Fat cows were stronger but canners and cutters were unevenly steady to weaker with some lightweight canners under heavy pressure. The percentage of cows in the cattle run was relatively large, since they made up about 25% of the cattle. Calves were generally active and fully steady with some slaughter calves fully 50 cents above last week's low close. Bulls brought fully steady prices.

Good to choice slaughter steers and yearlings cashed at \$23.50 to \$26.50 with some held above that range. Common to medium butcher yearlings and heifers sold from \$17 to \$23.

Fat cows sold from \$18 to 20, with a few to \$20.50 and \$21. Canners and cutters cashed at \$12 to \$18. Bulls sold from \$18 to \$23.

Good and choice slaughter calves sold from \$23.50 to \$26.50, with a few to \$27. Cull to medium slaughter calves drew 16 to \$23. Stocker steer calves ranged from \$25 to \$32, and steer yearlings sold from \$22 to \$26.50. Heifer calves ranged from \$28 down and heifer yearlings sold from \$25 downward. A few mixed lots of stocker cows of fair kinds sold around \$18 to \$19.50.

HOGS HOLD \$19-\$19.25 TOP FOUR STRAIGHT DAYS

Hogs were steady at Fort

Worth Monday. Choice hogs topped at \$19 to \$19.25. Medium to good butchers sold from \$18 to \$19. Sows cashed at \$17 to \$18.50. A few stags drew \$12 to \$16.

It was the fourth consecutive day choice hogs and sows had sold at these prices here. Most northern markets came in lower Monday despite smaller supplies there.

SHEEP AND GOATS HOLD STEADY, QUALITY CONSIDERED

Sheep and lambs were steady at Fort Worth. Goats were unchanged. Good and choice slaughter lambs sold from \$21 to \$22.50, while stocker and feeder lambs drew \$18 to \$21.50. Medium and yearling wethers sold for \$17 to \$19.50, and aged wethers ranged from \$12 to \$14. Slaughter ewes sold around \$7 to \$8.

A few common to medium quality aged stocker ewes sold from \$8.50 to \$11. A few slaughter goats sold around \$7.

LOCALS

Mr. and Mrs. Ralph Cypert and children visited with his brother and family, Mr. and Mrs. Bobby Cypert and children in Odessa last Saturday and Sunday night and with relatives in Jal, N. M., Sunday and Sunday night. They also visited with Mr. and Mrs. Jack McCall and Mrs. Rose Jones while in Odessa.

Students Enjoy Hallowe'en Party At Legion Hall

The setting was Hallowe'en, the place, the Legion Hall where twenty-seven high school students attended a party sponsored by high school mothers. Each person was disguised and prizes were given to Jimmy Del Peysen and Johnny Pruitt for 'Best Dressed' and to Linda Kay Smith and Jackie Matthews for 'Tackiest.'

Jackie won again in the bubble-gum blowing contest along with Joanna Partridge. The students also bobbed for apples and entered several races in which sides were chosen.

The Thursday before the party a list of 75 articles had been given to each class for a scavenger hunt with instructions to bring as many of these articles to the party as possible. The class with the most articles was the juniors with 117 points, 106 for freshmen and 97 for the sophomores. The seniors did not participate. The penalty for having the least points, the sophomores, will serve refreshments at the November party.

Students at the party were Wanda Beth Welch, Mickey Jackson, Jackie Matthews, Nancy Cowan, Linda Kay Smith, Barbara Kirschner, Joanna Partridge, Evelyn Tomlinson, Jimmy Del Peysen, Janet Weigel, Charlie Elliott, Henry Pape, Marianne

Reneau, Bobby Nelson, Martha Kay Elliott, Johnny Pruitt, Melvin Cypert, Carol Floyd, Ann Moorhouse, Linda Beth Thompson, Jimmy Reid, Sandy Brown, Sara Offutt, Joyce Johnson, Nancy Stewart, James Holcomb and Willie Weaver.

Sponsors for the party were Mr. and Mrs. Oscar Cypert, Mr. and Mrs. J. E. Nelson, Mrs. Buster Pape and Mrs. Waydelle Hill.

All high school mothers who are interested in helping with these parties are requested to meet Novembr 6 in room 5-A in the Munday elementary school.

Bridal Shower Given To Honor Mrs. Robert Beck

A bridal shower honoring Mrs. Robert Beck, nee Doris Kay Armstrong, was held in the Fellowship Hall of the First Baptist Church Monday night, October 20.

Mrs. John Earl Nelson greeted the guests and introduced them to the honoree, her mother, Mrs. T. H. Armstrong. Mrs. Grady Beck, mother of the groom and Mrs. J. T. Offutt in the receiving line.

Miss Bobbie Nell Walker presided at the register where 52 guests registered. Soft music for the occasion was furnished by Ann Moorhouse and Linda Gayle King.

The table covered with a white

cutwork cloth held an arrangement of white pom poms and red carnations and greenery. Ribbons bearing the inscription 'Congratulations Robert and Doris Kay' were draped across the table. Serving alternately were Polly Parks, Glenda Bell, Bobbie Nelson, Patti Patterson and Carolyn Berryman.

Hostesses were Mmes. Herbert Stodghill, Bob Jarvis, A. C. Tackitt, Jack Cloudis, Lee A. Parks, Vera Patterson, Leland Floyd, L. B. Patterson, Jr., J. B. King, John Earl Nelson, Donnie Coody, Riley Bell, Frank Garrett, Homer Weaver, O. B. Peddy, T. H. Clark, T. J. Offutt and Henry Decker.

Munday Study Club To Meet Thursday

The Munday Study Club meets at 4 p. m. today (Thursday).

The program, "Inspiration Through Courtesy on Highways" will be directed by Mrs. H. R. Hicks, who will emcee a TV type "21" question hour, the women vs. the men, on "Traffic Safety."

Mrs. W. A. Floyd and Earl visited Mr. and Mrs. B. F. Floyd and Mr. and Mrs. J. C. Floyd in Lorenzo last week end.

Party Honors Mrs. Jack Freeman Friday, Oct. 17th

Mrs. Jack Freeman was honored with a "going away party" on Friday afternoon, October 17, in the home of Mrs. Ed Jones of Goree. Guests presented the honoree with a bedspread as a going away gift.

Co-hostesses were Mrs. Hamp Jones and Mrs. S. B. Jetton. Refreshments were served to 14 guests.

Mrs. Freeman and her husband, who have been residents of this area for over 25 years, moved to Houston this week to make their home.

Gilliland Club Meets October 15

The Gilliland Home Demonstration Club met on Wednesday, October 15, in the club room of the school building.

Mrs. W. T. Cook called the meeting to order, and games and songs were enjoyed by 18 members.

Mrs. Orb Miller gave the county report, and the four of different homes and yards were dis-

cussed. Hand lotion is to be made at the next club meeting, and a bake sale will be held on Saturday, October 25, in the Cook Cafe.

Mrs. Emil Navratil and Mrs. Hewitt Simmons gave an interesting demonstration on barbecue.

Mrs. L. D. Welch and Mrs. Sam Stones were hostesses. Mrs. Crow of Vera was a visitor.

LOCALS

Mr. and Mrs. Logan Baker and son and Mrs. C. R. Baker of Columbia, Tenn., visited Mr. and Mrs. C. L. Mayes and Ruth Baker from Wednesday of last week until last Monday.

Mr. and Mrs. Wyman Tidwell of Lubbock and Miss Anita Tidwell of Abilene visited their parents. Mr. and Mrs. Jack Tidwell, over the week end.

Mr. and Mrs. J. C. Ledbetter visited Mr. and Mrs. Bennie Ledbetter at Bryan, where Bennie is a student at A&M, over the week end and attended the A&M and T. C. U. football game on Saturday afternoon. Enroute home they visited with Mr. Ledbetter's mother in Fort Worth.

Area Churches To Participate In Evangelism Move

Seven Texas Baptist churches in the Haskell Knox Association have agreed to participate in the 1959 North American simultaneous evangelistic crusade, said Dr. C. Wade Freeman, superintendent of evangelism, Baptist General Convention of Texas, this week.

A recent extended survey by the state evangelism department showed that 3,515 or 94.8 per cent of the denomination's churches in Texas will be included in the movement.

Additional statistics released by Dr. Freeman show that 3,508 churches will observe New Year's Eve prayer service this year, and 3,352 churches will schedule a "commitment to soul winning day," January 4, 1959.

"This is the first time that all major Baptist groups in North America have participated in such a drive. We hope the effects of this year of revival will be worldwide with prayer periods and crusades scheduled in many foreign countries," said the veteran evangelist.

Texas crusade dates are January 25-February 8, March 15-29, and April 12-26.

An estimated 70,000 baptisms will be recorded this year, said Dr. Freeman. Last year, BGCT

It is the task of the sturdy pioneer to hew the tall oak and to cut the rough granite. Future ages must declare what the pioneer has accomplished. — Mary Baker Eddy

By John C. White, Commissioner

TEXAS POULTRY MARKET TRENDS

Texas, as a major poultry producing state, is waging a pitched battle to show a profit this year in competition with Arkansas, Georgia and Mississippi.

The poultry industry, specializing in broilers or frying chickens, has been operating on such a narrow margin between production costs and sales price in the late summer and fall that a 1c difference up or down on live birds per pound can mean the difference between profit and loss for many buyers and sellers. Under such tight conditions, an accurate price reporting system is a vital necessity to all the trade.

The Texas Market News Service, operated by the State Department of Agriculture in Austin, reports poultry trading prices every weekday morning. Market trading is determined by calling both buyers and sellers of birds to determine the actual confirmed sale prices. These prices are subject to rapid changes, often fluctuating overnight and even within a few hours.

Many people in the broiler industry believe the price reported by the market news service each morning is a fixed price for the day. They wait for the price to be announced and then accept that amount as a positive rate of trading.

Actually the market news report should be used by buyers and sellers merely as a gauge by which to judge their own selling activities. In recent months, fully 85 to 90% of the trade has delayed setting a price on their birds until the market report is announced.

This means that 10 to 15% of the people who actually get a firm price for their birds and report their trading to the market news service are setting the price for nearly all the chickens in Texas.

It is to the buyer's and seller's advantage to establish their own price for their chickens without depending solely on a market news report. These confirmed sales are vital to the market news service in reporting trading as it occurred. Otherwise, if no one buys or sells until the report comes out, how is the reporter going to establish any true market trends?

The buyers or sellers who report their activities to federal or state market news services and then use the final data as a check against their own sales are utilizing the market service to its best advantage.

These persons who allow the market reports to determine their prices exclusively, are permitting other members of the industry to do their job for them and should not complain about prices if they do not participate in the active trading which is re-

ported by the news service.

BENJAMIN NEWS

Mr. and Mrs. Jim Cash and children of Gilliland visited in the home of Mr. and Mrs. Bill Ryder and family last Sunday.

Mr. and Mrs. Curtis Brown and children of Lubbock spent the week end with his parents, Mr. and Mrs. J. D. Brown.

Diseases In Small Grain Take Heavy Texas Toll

Small grain producers in Texas lost an estimated \$15,471,000 because of plant diseases in 1958. Harlan Smith, extension plant pathologist, said rusts accounted for most of the losses but that blights and smuts also were of considerable importance. Wheat growers lost an estimated 6,410,945 bushels; oat producers 5,138,293 bushels and barley losses due to diseases were estimated at 193,821 bushels. These losses, pointed out Smith, were suffered by producers but others also lost because the grains never entered the channels of trade. Too, market grades of the harvested crops were lowered due to the plant diseases. Smith said disease losses were overlooked by many growers in 1958 because of the high total state production. Rusts became established in south Texas on oats during the early part of the growing season and increased fairly rapidly during late fall and early winter. Cool weather during the spring season slowed and spread to the north. Light infections of wheat stripe rust developed in south and central Texas and later reached epidemic proportions in the major wheat areas of northwest Texas. The plant pathologist suggested that small grain growers by using a combination of seed treatment and crop rotation could cut the losses. He also pointed out that some small grain varieties had resistance to the diseases and recommended that they be used in areas where adaptable. Smith suggested a visit with the local county agent for more details on small grain diseases and possible control measures. Mr. and Mrs. Alton Tuggle and sons of Fort Worth and Mr. and Mrs. Leon Tuggle and children of Snyder were week end guests of their parents, Mr. and Mrs. Ben Tuggle. Mrs. Vera Patterson and Patti visited her sister and husband, Mr. and Mrs. C. A. Howell, in Plainview over the week end and all attended the Texas Tech and Baylor football game in Lubbock on Saturday afternoon.

Knox Prairie Philosopher Worried Over Contaminating The Moon With Radiation, Germs and Johnson Grass

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek claims to be worried this week, but we doubt it.

Dear editor: In all this excitement over trying to get a rocket to the moon, most people seem to be concentrating on the sheer fact of getting one there, while some of us deeper thinkers have been concentrating on other aspects of the matter. There's no point in rushing into space or a farming year without first doing some heavy thinking.

I read the other day where a scientist is deeply concerned about man's contaminating the moon with radiation and possibly disease germs, and he wants the explorers to go easy on this. Maybe circle the moon, but don't land.

I don't know anything about germs, except they're the biggest friend a doctor has in explaining some forms of virus sickness he can't explain otherwise, but germs aren't the only thing we ought to be worrying about when it comes to contaminating the moon or any of the other planets.

Take Johnson grass. The last thing man wants to do, if he's planning on colonizing the moon, is get Johnson grass started up there, not to mention all sorts of weeds, mosquitoes, ants, chiggers, wasps, motor scooters, etc.

Also, some scientists are worried about the effect the impact of a rocket may have on the moon if one hits it, and one is liable to if they keep shooting in that direction. It's sort of like a woman who talks all the time. Sooner or later she's bound to say something accurate.

But it's not the shock of a rocket hitting the moon that concerns me. As I see it, if we reach it, sooner or later we'll land some people there, and then later on somebody will want to bring in a car, and if we get as many as two up there, they're bound sooner or later to hit head-on. If the moon can't stand sudden impacts, it's doomed.

In fact, come to think of it, if we want to avoid contaminating the moon completely, we'd better

not land any people there at all. Yours faithfully, J. A.

LOCALS

Mr. and Mrs. Glenn Vassar and son and Mr. and Mrs. A. E. Vassar of Weatherford visited relatives here last Sunday.

Mr. and Mrs. Clovis Cagle of Wichita Falls and Glenn Phillips of A. C. C. in Abilene visited their parents, Mr. and Mrs. Grady Phillips, over the week end.

Mr. and Mrs. M. L. Wiggins visited Mr. and Mrs. Mason D. Waits and children in Lubbock over the week end.

Mrs. Etta Webb is spending a few days this week with her daughter and husband, Mr. and Mrs. Leon Reagan, in Spur.

Mrs. John D. Gunn and children came in last week to live with her parents, Mr. and Mrs. W. B. Neill, while her husband, who is in the Army, is in Frankfurt, Germany. They have been stationed at Ft. Hood.
