Munday, Texas, Thursday, June 26, 1930

Number 40.

REVIVAL MEETING TO START SUNDAY

MUNDAY'S CITY WATER DECLARED O.K. BY THE STATE HEALTH BOARD

Munday's municipal water supply is entirely free from any kind of contamination, according to a report on the analysis of the water which had been received by the State Department of Health at Austin and examined in their laboratories. Hence the citizens of Munday who use the city water may now use it freely without fear of contracting typhoid or other maladies through its use. The specimens upon which the reports were made were sent to Austin immediately after the chlorination system had been installed and tests were made from the water direct from the city tank and from three drug stores in the city, all of which, were reported to be entirely free from any contamination, and all the mains of the town have been flushed out in order that the chlorination might reach all the water in the mains.

Geo. W. Backus Gives Views On Public Questions

George W. Backus of Vernon, is a candidate for state senator from the 23rd district, which includes the counties of Archer, Baylor, Clay, Foard, Hardeman, Knox, Wichita, Wilbarger and Young.

Mr. Backus is fairly well known throughout the entire district as his business relations have continually taken him into all these counties for many years. He was formerly of Kentucky and married Miss Hettie Nolen of Tennessee, came to Texas when a young man in 1901 and established a business at Vernon. He has also had a business place at Wichita Falls for the past seven years.

Mr. Backus is well known in church and fraternal work. He has been a consistent attendant upon the conventions and conferences of his church for the past quarter century, having been elected as a delegate to three different sessions of the governing body of his church. He served as Grand Master for one of the fraternal organizations a few years ago.

Mr. Backus makes mention of a few matters which may be of interest to the voters as follows: "I believe in a public school system that will place Texas along with the leading states of our Union. Of the 48 states, I understand that Texas ranks as low as 34th in school development. That is entirely too far down for a great state like ours. We should have better funds at hand in order to pay the teachers more for their work, the general equipment for the schools, and good roads to support and maintain a school system commensurate with the needs of our great commonwealth.

"I think we should have better roads throughout our state, and rather than believe the constitution of our state should be amended so we might be able to vote a necessary amount by way of state-wide bonds for the purpose of placing paved or hard surfaced roads into all well settled communities throughout the state, provided that the full amount of same be not sold on the market at one time, but only such part of the whole as might be sold conveniently, and thus prevent too much indebtedness being incurred in principal and interest before the money could be used. The indispensable usage of the auto and truck by the farmer and the commercial men, demand improved roads for all parts of the state. While I believe state-wide bonds is the best way to consummate the necessary road system in the quickest manner, I am not fully committed to it. It is a matter which should have much thought and discussion before even submitting to the people the question of amending our constitution so bonds may be voted upon.

"The Texas highway commission has such a vast and important duty to perform I am in favor of the commissioners being elected by the vote of the people. If too much appointive power of this kind is left to one man there is danger of such responsibility being misused at some time and these appointments being made from a viewpoint of obligation to certain friends and for political exigencies rather than for the best service to the state.

"I favor doing all possible for the protection of the independent oil producer. Our senatorial district is largely an oil producing area, and the independent producer has done much to make it so. He is surely due all the assistance possible to give him an even chance with the great oil corporations of our country.

"I am against the return of the saloon, and favor enforcement of the Eighteenth Amendment to the Constitution.

"I am against the return of the saloon, and favor enforcement of the Eighteenth Amendment to the Constitution.

"I am against the return of the saloon, and favor enforcement of the Eighteenth Amendment to the Constitution.

STREET SCENES IN MUNDAY DURING RECENT FLOOD

Here are some street scenes in Munday during the recent flood, which is declared to have been the heaviest here in thirty years. All the scenes here were taken on the Main street and convey to some extent how the business section of the city was flooded. The pictures were taken by W. W. McCarty and the pictures below were snapped by Dorse Rogers on Saturday morning, June 14th, after the waters had receded to some extent. Never before in history has flood waters reached anything like the depth that it reached in this flood, which followed a rainfall of from 8 to 14 inches over the Munday country within a period of five hours. Photos published through courtesy Fort Worth Star-Telegram.

Rev. Joe Haymes, Former Munday Citizen, Will Do The Preaching; Full Cooperation of Citizens Urged

Pastor Extends Invitation To All To Co-Operate

You are to be commended for way in which you have worked since the flood to decrease the hazard of disease among us. This was done irrespective of class or creed. And this is as it should be when a common interest is involved. Such action upon the part of our citizenship makes us proud that we live in Munday.

The Revival meeting which is to begin at the Methodist church on Sunday morning will be held in the church building throughout the entire time of the meeting as the community auditorium cannot be placed in condition for use for some time due to the high water which stood in the building for several days, and it is believed to be advisable to not use it at this time.

The Rev. Joe Haymes, presiding elder of the Vernon district, will do the preaching, while the singing will be conducted by local talent, with S. A. Bowden in charge, assisted by Mrs. Adrian Macon at the piano.

Every preparation has been made by the pastor, the Rev. W. J. Mayhew, for the meeting and a great revival is anticipated despite the fact that this is a very busy time for the farmers of the country.

The Rev. Joe Haymes, who is to do the preaching, is no stranger to Munday citizens, as he was reared in this city and vicinity. He is a son of Mrs. C. R. Haymes and a brother of Lee Haymes of this city and needs no introduction to the people of the Munday country, and we feel sure that he will bring some very interesting messages during this series of meetings, so let everybody get into the harness and cooperate from the very opening day on.

GEORGE W. BACKUS

R. M. Stevenson Announces For Justice of Peace

We are authorized to announce the candidacy of R. M. Stevenson for the office of Justice of the Peace, Precinct No. 6, Knox county, subject to the action of the democratic primary.

E. R. Wilhite Is New Manager of Tennessee Store

Mr. and Mrs. E. R. Wilhite of Mangum, Oklahoma, arrived in the city last week and will make their home here, Mr. Wilhite having accepted the position as manager of the Tennessee Store to succeed Foy Easley, who has tendered his resignation. Mrs. Wilhite will assist him in the operation of the store, and we are glad to extend them a hearty welcome to Munday.

Rhineland Picnic For July 4th Has Been Called Off

Due to the damaging flood and the resulting rush of farm work, Rhineland will not have the big fourth of July picnic as planned. This was decided upon after ascertaining the sentiment and wishes of the people shortly after the flood. The common consensus of opinion was that the picnic could not possibly be now the great financial success as was originally hoped for.

Sunset District Votes \$28,000 School Bonds

On last Saturday the Sunset Consolidated school district west of Munday voted a bond issue of \$28,000 by the unprecedented majority of 65 to 1, while the matter of assuming the bonded indebtedness of the districts involved in the consolidation met with almost the same unanimous approval, there being only 2 votes cast in opposition to the movement while 63 were cast in favor of the measure. We doubt if a bond issue in this section has ever been carried by such a tremendous ratio, and the citizenship of the communities involved are to be congratulated by their unity of action and purpose.

The new school building to be erected from the bonds voted Saturday will in all likelihood be located on the F. T. Jarvis land just south of the Sunset Filling Station, which is five miles west of Munday on the Munday-Knox City highway. Architects are already working on plans for the new building and the contract will likely be let within the next thirty days and an effort will be made to have the building in readiness for the opening of the school term about next September.

Cooking School Was Success; Business Concerns Thanked

The cooking school conducted by the West Texas Utilities Company under the direction of Miss Lovinda La Frenz, assisted by T. E. Kirkendall, last week was a success from every standpoint, and W. S. Dickerson, superintendent for the company, wishes to extend his sincere thanks for the perfect cooperation that was given his concern by the business concerns of Munday, and especially does he wish to express thanks for the contributions toward the success of the school made by the following business concerns of the city: Clarence Saunders, The Hat Shop, John C. Spann, Wyche & Eiland, Roky Theatre, Rexall Store, Baker-Campbell Company, Eiland Drug Store, "M" System, J. Arthur Smith, Haynie Beauty Shop, Palace Market, Grissom-Robertson, Perry Bros., Guinn-Tull Hardware Co., Gulf Service Station, Wm. Cameron Co., Heard & Smith, Musser Lumber Co., Pigely-Wigley, Loveless Drug Co., Haney Gro., Akers Dry Goods Co., Burton's Cafe, Isbell-Burton Motor Co., the Methodist church for chairs and The Munday Times for the publicity given the event.

W. M. Bowman Is Elected Supt. Of New Sunset School

W. M. Bowman of Seymour has been elected superintendent of the new Sunset school, which is a new consolidated district composed of Gillespie, Jungman, Red Top and League.

Clean-Up Move Given Support Munday Citizens

One of the most intensive clean-up drives ever inaugurated in the city of Munday was started Tuesday morning following a clean-up proclamation issued by Mayor C. L. Mayes.

The big drive started Tuesday morning after the mayor had designated a general chairman of the clean-up campaign in the person of W. S. Dickerson, and appointed the captains for the various sections of the city. The captains named were as follows: F. O. Campbell, John Spann, M. H. Reeves, L. E. Loveless, Lee Haymes, F. L. Decker, J. C. Campbell, John McMahon, John Lane, G. W. Tate, W. H. Chapman, Rev. W. H. Albertson, John Renuan, Leland Hannah, George Isbell, C. A. Eiland, Fred Warren, J. A. Kennedy, G. R. Eiland, T. G. Bengel, J. C. Bowden, E. H. Bauman, Emmett Partridge, J. A. Caughran and E. S. McCord.

With a vengeance in their eyes the various captains started out after carefully laid plans to do the job up as it should be done and to slay every weed within the corporate limits of the city and to do away with every place that promised refuge for mosquitos or flies. In fact, it was the mission of those interested in this movement to make Munday a clean, safe place in which to live, and they plan to keep the good work up until this one job is accomplished to the fullest extent possible.

Old Sol has been the greatest ally the clean-up campaigners have had since the inauguration of the clean-up campaign, which in reality started as soon as the flood waters had cleared away, and instead of being a detriment to the city, it now looks as if the flood will be the greatest help the citizens have had in years in making our city spotless.

Walter Bevers Gets Chief of Police Post In Munday

At the regular meeting of the city council on Monday evening the resignation of D. E. Holder as chief of police was accepted and Walter C. Bevers was elected to fill the vacancy caused by his resignation.

REV. J. O. HAYMES

Rev. J. O. Haymes Sends Greetings To Munday Friends

TO MY FRIENDS AND FELLOW CHRISTIANS: "I come to you in the name of the Lord of Hosts. I count it a privilege to be called to be with you in a revival at Munday. No man can bring to you a revival. One will come in proportion as God's people humble themselves, co-operate pray and labor. Christ is our life, and His presence with us always brings a renewal of life. That is a revival. So let us begin by seeking His presence. If you find Him anew before Sunday, the revival will have already started before the protracted meeting begins. The Lord of Hosts will lead us on to victory. Sincerely Yours, J. O. Haymes.

Mrs. Corinne Haymes Elected Worthy Matron Eastern Star

Following officers were installed for the ensuing year by the Order Eastern Star Thursday evening: Worthy Matron, Mrs. Corinne Haymes; Worthy Patron, Leland Hannah; Associate Matron, Mrs. Lala Burnison; Associate Patron, Lee Haymes; Conductress, Mrs. Winnie Coxsey; Associate Conductress, Mrs. E. C. Wyche; Secretary, Mrs. Ina Cowan; Treasurer, Miss Bertha Sweett; Ada, Mrs. Attie Reeves; Ruth, Mrs. Ruby Kethley; Esther, Mrs. Bessie McStay; Martha, Mrs. Minnie Campbell; Elects, Mrs. Woy Mauldin; Marshal, Mrs. Flora Myers; Chaplain, Mrs. Mattie Stodghill; Organist, Mrs. Elizabeth Greer; Warder, Mrs. Lela Barnes; Sentinel, Mrs. D. E. Holder.

Rev. R. V. Tooley Urges Members To Attend Meeting

As a citizen of the town of Munday, and pastor of two churches near here I feel very much interested in the coming revival, beginning next Sunday, June 29. I have been a resident of Munday only six months, but believe the greatest need of our people is an old time revival that will touch the heart and life of all people in every home.

M. F. Billingsley, Lay Leader, Asks Full Cooperation

Next Sunday the Revival Campaign starts at the Methodist church. In order for it to be effective, it will be necessary that the people attend and take an interest. Life in the larger sense is made or marred by the mental and spiritual attributes we possess. If we desire a revival of religion in this community, we can have it. We have largely just what we want. There is a law of compensation and that works in the lives of men, and we get just what we are entitled to in life, and this applies both as to temporal as well as spiritual. We desire a clean and wholesome place in which to live and rear our children, and through the wisdom of the centuries men have found this to be in religious communities.

Eiland's Drug Store

ALL DAY SESSION ZONE NO. 3 W. M. S. ROCHESTER

By Mrs. W. D. Foot

Zone Number 3 Stamford District Womens Missionary Society Methodist church met in Rochester on Thursday, June 12. Delegates from Munday, Rochester and Knox City were present. The devotional was given by the Rev. Man of Knox City, using as his theme "Christ the Shepherd."

The welcome address was given by Mrs. M. R. Pike of Rochester in a most gracious manner. Mrs. G. R. Eiland of Munday gave the response.

Mrs. S. E. McStay told of their Social Service work in Munday; Mrs. Harris told of the Young People's work in Rochester.

Rev. Thompson of Weichert preached a wonderful sermon at the eleven o'clock hour. His theme was "The Abiding Christ." Mr. Hubert Bell sang a solo preceding the noonday devotional.

At the noon hour a very interesting program was rendered by the Rochester young people, consisting of songs and readings, also instrumental music.

We cannot say enough for the Rochester auxiliary as a hostess. The plate lunch was so bounteous and appetizing and we enjoyed it to the utmost.

The afternoon session met promptly at 1:30 and opened with singing "The Kingdom Coming" and "I Love to Tell the Story."

Mrs. Edwards of Knox City gave the devotional on "Stewardship." Stewardship, Mrs. Edwards says, is a trust committed to us of something that belongs to another. Jesus specifically reiterated the teachings of the old testament regarding Stewardship. Mrs. Edwards told us that stewardship does not include money alone but refers as forcibly to our time and our personality. She especially stressed giving of our personality into the Master's service.

Mrs. Hoge read a beautiful poem entitled "Who Profits Most," by Barrows, following the devotional, which was both appropriate and inspiring.

In the absence of Mrs. Randall, district secretary, who was to have given us her impressions of council, Mrs. W. H. Chapman of Munday gave us a very interesting account of her visit to council.

Mrs. Smith of Knox City gave us such an interesting and inspiring account of her visit to the Nashville Council in 1928, which was the Jubilee Council. Then in her charming and unique manner she told us of the work of Pioneer Women of the Missionary so-

cety in Knox county and West Texas in general.

Miss Merle Lamb of Rochester gave us "His Eye is on The Sparrow," a beautiful message in song. Mrs. T. E. Edwards at this time read the minutes of the previous zone meeting, which was held at Munday. Minutes were approved as read.

Mrs. Ward, superintendent of children's work Knox City auxiliary, told of daily vacation bible school to be conducted for Knox City children.

Our zone leader, in a few well selected words, urged us to make our lives more consecrated and thereby make our auxiliary meetings more spiritual.

In awarding the attendance banner Rochester was successful in obtaining the banner with an attendance of five from Munday, 15 from Rochester and 12 from Knox City.

W. GREGGORY HATCHER

W. Gregory Hatcher, now serving his sixth year as State Treasurer has announced his candidacy for the office of Railroad Commissioner to fill the vacancy created by the death of the late Clarence Gilmore. Mr. Hatcher says that in asking the voters to promote him to this position they are only being asked to follow the precedent heretofore established of promoting heads of the Departments of the State Government to the office of Railroad Commissioner. Hatcher pointed to the fact that one of the members of the present Railroad Commission served four years as State Comptroller, and another four years as State Treasurer, immediately prior to their being elected to their present positions. He says that he has served as State Treasurer for six years, and this together with his experience in the business world, and 12 years experience as a practicing lawyer immediately before assuming the duties of State Treasurer, have qualified him to ably discharge the duties of the office of Railroad Commission. If elected to that office he states that he will continue to regard "a public office a public trust" and serve all the people with that fidelity to their cause which has characterized his every act as a public official.

Mr. Hatcher has made three campaigns for State Treasurer, receiving nearly 500,000 votes in each election and is very optimistic about his success in the present race for Railroad Commission.

GOOD RESOLUTIONS FOR ANY DAY

I will study the language of gentlemen and refuse to use words that bite and tones that crash.

I will practice patience at home lest my temper break through unexpectedly and disgrace me.

I will remember that my neighbors have troubles enough without unloading mine on them.

I will excuse others' faults and failures as often and fully as I expect others to be lenient with mine.

I will be a friend under trying tests and wear everywhere a good-will face unchilled by aloofness.

I will love boys and girls so that age will not find me stiff and sour.

I will gladden my nature by smiling out loud on every fair occasion and by overlooking optimistically.

I will pray frequently, think good things, believe in men, and do a full day's work without fear or favor.—The Great Western.

DOVLTREY

CULL LOAFER HEN EARLY IN SEASON

Nonlayers Kept Until Fall Bring Very Small Price.

A hen sold in June will bring in more than a hen sold in October, says Paul Zumbro, one of the specialists. To test the truth of that statement, particularly as it effects culling the loafers, poultry extension specialists at the Ohio State university present this example on the basis of last year's prices:

"A Lehigh hen weighs four pounds. She was worth 25 cents a pound or \$1.12, on June 7 last year. On October 11 this same hen was worth 19 cents a pound, or a total of 76 cents. She was worth 53 cents less simply because of a lowering of price. It would be necessary to make a profit of 90 cents on that bird in the four months from June to October to pay for her depreciation in value."

Prices generally go that way every year, the university poultrymen point out, hence the necessity for culling the loafer hen early.

"Another reason," says Paul Zumbro, one of the specialists, "is that culling lowers your feed costs. That Lehigh hen would eat approximately 25 pounds of feed in the four months, which would cost from 60 to 70 cents."

"The hen stops laying the first of June. She is not sold because the flock owner is too busy, or it is thought she will lay later in the summer. Summer comes and the hen is still out of production. October comes and the hen is sold to make room for pullets. On this one hen the poultryman has lost 35 cents for depreciation in price, and 60 cents for

REVIVAL MEETINGS

Strong Sermons by Rev. Joe Haymes PRESIDING ELDER, VERNON DISTRICT

BEGINNING NEXT SUNDAY, JUNE 29, AND CONTINUING OVER SUNDAY, JULY 13. TWO SERVICES DAILY—AT 10:00 AND AT NIGHT.

Let's Pull Together

And do some great service for our Master during these services. Much can be accomplished by close cooperation and active service.

SERVICES AT THE MUNDAY METHODIST CHURCH

In This Revival Meeting An Effort Will Made To—

WARM UP—Your Heart,
WAKE UP—Your Mind,
STIR UP—Your Conscience.

Let the good people of Munday help you to a better and happier life.

ATTEND ALL THESE SERVICES

THE SONG SERVICES WILL BE ARRANGED FOR AND CONDUCTED BY S. A. BOWDEN AND HIS COMMITTEE. SINGERS FROM ALL THE CHURCHES ARE INVITED TO COOPERATE.

THE CHURCH WILL BE PUT TO THE ACID TEST DURING THIS CAMPAIGN, AND HER BUSINESS WILL BE TO LEAD MEN AND WOMEN AND BOYS AND GIRLS TO GOD, ORGANIZE AND SET TO WORK THE FRIENDS OF GOD TO DO GOOD IN THE WORLD. YOU SHARE IN THE CHURCH'S BENEFITS, WHY NOT SHARE ALSO IN HER WORK AND RESPONSIBILITY?

A PERSONAL QUESTION FOR YOU:

Are you willing to do your part in these Revival Services regardless of whether anyone else does his part or not? Had you thought that you are responsible to God for your own action without reference to another's conduct, "For every man shall bear his own burden."

THESE REVIVAL SERVICES ARE TO BE UNDER THE DIRECTION OF THE MUNDAY METHODIST CHURCH, BUT IT IS EARNESTLY DESIRED THAT THE COOPERATION OF ALL CHRISTIANS OF THE COMMUNITY MAY BE HAD.

DO YOU REALLY WANT—

Rest, Strength, a Cure for Care, Help to Carry the Load, Something worth while to think about and live for?

Come and Join in the Song and Worship in these Revival Services.

--THIS MEANS YOU!

Have You Tried Our 'HONK' SERVICE?

—Our spacious parking space invites you at all times, and our curb service is the "right now" kind.
 —Try our Dairyland Ice Cream—it's the last word in perfection and we have it in various pure fruit flavors.
 —Our iced drinks are refreshing these hot sultry days and evenings. Combat the heat by driving down to our store and availing yourself of our "HONK SERVICE."
 —We're looking for you down!

LOVELESS DRUG COMPANY "A Good Place to Trade."

—And don't forget to attend the revival at the Methodist church, beginning Sunday!

Society

Mrs. Broach Hostess Wednesday Club

Mrs. Fred Broach was hostess to the Wednesday Bridge club at her home Wednesday morning. At the close of a number of interesting games Mrs. H. F. Barnes was high score winner. Mrs. Broach served a delicious salad course to Mrs. H. G. G. those from Knox City were P. Emma, T. G. Benze, W. H. Chapman, E. Duval, Joe Davis, Glen Dobbs, U. R. Houser, Louise Ingram, W. E. Moore, Adrian Macou, C. L. Mayes and Miss Helen Smith.

Tele-Phone Employees Enjoy Picnic on Brazos

On Thursday of last week the employees of the Haskell Telephone company of Munday, Goree, Knox City and Benjamin enjoyed a picnic on the banks of the Brazos river west of Knox City. The evening was enjoyably spent at taking pictures and other outdoor activities and all carried lunch, which was spread picnic style, and

it is entirely needless to say that everyone had a great time. Those who attended from Munday were Misses Florence Williams, Cleo Williams, Mabel Hampton, Mamie Steinfeld, Mr. Steinfeld, and Miss Nettie Lanford. Goree was represented by Mrs. Deaton and Mrs. G. G. G. those from Knox City were Mrs. D. M. Metz, Miss Dixie Burgess, Mr. and Mrs. Joe Brock and Roy Crawford, and Benjamin was represented by Mr. and Mrs. Carren and Miss Fern Webb.

Miss Gladys Nix and Mr. Wilson Harber United in Marriage

On Sunday morning Mr. Wilson Harber and Miss Gladys Nix were united in marriage at the parsonage of the Munday circuit, the pastor, the Rev. R. V. Tooley, officiating, and following the ceremony the happy young couple left for Oklahoma, where the groom has a good position.

The bride is a daughter of M.

G. Nix, one of the substantial citizens of the Gillespie community, where she was reared, while the groom is a son of Mr. and Mrs. J. T. Harber, who are also pioneers of the Thorp community. The groom is a graduate of the Texas Technological College and since completing his work there has been in the service of one of the large oil companies, first at Big Spring and more recently in the Oklahoma fields. Both are among our most excellent young people and we join a large host of friends in wishing for them a long and happy married life.

Miss Naomi Bowden Student Sul Ross College, Alpine

Special to the Times, Munday: Alpine, Texas, June 26—Miss Naomi Bowden of Munday is registered for the summer session of the Sul Ross State Teachers College here.

The 1930 summer-session is the largest in Sul Ross history. Students from almost every county in Texas and from several other States in the Union are registered.

The students are anxiously awaiting some of the many trips that this section of Texas offers

them. On July 16th a trip will be made into the interior of Old Mexico under college supervision. Students will be carried to Ojinaga on the Mexican Border in cars. There they will board a train for three-day visit to Chihuahua City and other points of interest.

The annual scenic drive was made on the sixteenth of June to the dude ranch, "Rancho Valle de Ciencera". The student body was guests of Mr. and Mrs. Geo Brown on this drive at a chuck wagon and barbecue supper.

Mrs. Earl Owen and little son of Vernon are guests this week in the home of her parents, Mr. and Mrs. R. B. Davy.

O. D. Beauchamp of Crowell was here in the interest of his candidacy for representative of the 114th district on Monday.

Saturday was candidate day in Munday. Among those who were here during the day handing out cards and meeting with the voters were J. T. (Trav) House, N. S. Kilgore, Carl Patterson, C. W. Smiley and Theo. F. Glover of Benjamin; Marvin Chamberlain of Goree, and possibly others.

Mr. and Mrs. Earl T. Williams and children of Loxaino were week-end visitors in the home of Mr. and Mrs. Harvey Hill and other relatives here. Mr. Williams, who is editor and publisher of the Loxaino Leader, states that his section has had good showers all along and that crop conditions in Mitchell county are very favorable. They were accompanied by Miss Christine Foster, who is attending a business school in Abilene.

Mrs. J. L. Phillips and children of Waco, Texas, came in Tuesday morning for a visit in the home of her father, J. P. Kennedy, and her brother, J. A. Kennedy.

Mr. and Mrs. U. S. Rogers had as guests in their home during the week end Mr. and Mrs. Bernard Stodghill and baby of Crowell and Miss Alice Rogers, who is attending school at Canyon.

Mr. and Mrs. O. W. Lee visited their daughter, Mrs. Gene Tonn of Haskell, Sunday.

Ray Gaither, district manager of the Wm. Cameron Co. was here Thursday looking after business matters. Mr. Gaither's headquarters are at Aitua, Oklahoma.

Uncle Trav House was here Saturday from Benjamin in the interest of his candidacy for re-election as county treasurer. Uncle Trav stated that he would be among those present at the cowboy re-union at Stamford this week, in fact, he stated that he would not miss meeting with the old cowboy friends of long ago under any circumstances. Uncle Trav was among those who attended this gathering some thirty-five years ago, in fact, he participated in the events then, but will attend now as a charter member and spectator.

George W. Backus of Vernon, candidate for State Senator of the 23rd district, composed of Archer, Baylor, Clay, Foard, Hardeman, Knox, Wichita, Willbarger and Young counties, was here Thursday in the interest of his candidacy. Mr. Backus is past Grand Master of the Independent Order of Odd Fellows of Texas, and is well known throughout this section of the state. He is a neighbor in Vernon of the Rev. Joe Haymes and states that he is most able preacher and will bring some wonderful messages to the revival meeting which starts Sunday.

The Times family is indebted to Mr. and Mrs. Joseph Decker for having brought in a basket of delicious peaches recently. East Texas may boast of her elbertas, but to our way of thinking no peach can compare in flavor to the product of West Texas, and we have never eaten a peach that was more delicious than those brought in by Mr. and Mrs. Decker, and we extend to them our sincere thanks.

And some days ago Mrs. A. E. Whittemore brought the Times family a sack of home grown cherries that were enjoyed by the entire outfit. These cherries were as fine as can be grown anywhere and it is no easy task to think of something better than cherries, in fact, cherry pie has always been out weakness, but due to the fact that the little Kennedys grew impatient we were deprived of a cherry pie, but we extend our sincere thanks to Mrs. Whittemore just the same.

Among the old cow-hands who will attend the cowboy reunion at Stamford this week is Grover Jones, mayor of Routon City. Mayor Jones is one of the real

POULTRY FACTS

SELL POULTRY BY CANNING PROCESS

Profitable Way to Dispose of Fowls if Priced Low

During culling seasons when poultry is selling at a low price, poultry may be disposed of profitably by canning, according to the New York state college of home economics at Cornell university.

The quality of canned poultry depends on the condition of the fresh meat and the method of canning. As soon as the animal heat has disappeared, usually six to eight hours after killing, the fowl is ready for the canner, to turn it into a wholesome product properly sterilized. Because the flesh has a compact texture, which the heat penetrates slowly, a high temperature is necessary, and most authorities agree that meat should be canned only under pressure. The length of time for processing is the same whether the chicken is roasted, fried, or fricasseed before putting it in jars or whether it is packed uncooked. Many prefer to can the chicken raw to avoid the warmed-over flavor of canned cooked chicken.

When chicken is packed in the jars it may be left on the bone, or the meat alone may be used, cut in pieces to fit. Pack the jar as tightly as possible after it has been thoroughly cleaned and sterilized. Wide-mouth jars are easiest for packing. Pieces containing a great deal of gelatin, as the back and neck, are placed in the center of the jar and the other pieces around them. Holding the jar in a slanting position and using a small wooden spoon or spatula makes it easier to insert the pieces. By placing the skin next to the outside of the jar a tighter pack is obtained because the skin sticks to the hot jar. The same rule applies to any other meat. The jars should be packed in a room free from water and one teaspoonful of salt is used to each quart of packed chicken.

Tin cans as well as glass jars may be used successfully in canning poultry and present-day tin cans are quite safe to use. The method of packing is the same. All cold air should be exhausted before sealing the can by standing the filled cans in a pan of boiling water, which comes to within one inch of the top of the can, for from ten to fifteen minutes. If the air is not driven out, the can is apt to bulge.

Turkey Eggs Should Be Handled Very Carefully

Turkey eggs should be kept in a uniform temperature, not above 50 degrees, though successful breeders bring them into a warm room for revitalizing if held for hatching in cold weather. The longer a fertile turkey egg is held, the greater the chance, after the first few days, of hatching. The date when it is due to hatch should be marked on the egg when set. If date of gathering is also marked, the breeder will be interested in noting the effects of difference in age on vitality. It would take more eggs than the average breeder sets, however, to prove anything, absolutely—too many reasons enter into the hatchability of eggs and the livability of poults to say this is or is not true after one or two experiments.

Laying Mash for Ducks While on Grass Plot

A good laying mash for ducks would be equal parts by weight of yellow cornmeal, standard wheat middlings, wheat bran, ground oats to which you should add by weight 15 per cent of meat and bone meal, 2 per cent powdered charcoal, one-half of 1 per cent fine table salt and 1 per cent of fine sharp sand. This should be fed twice a day and they might have a little cracked corn once a day. This is on the assumption that the ducks are run on a grass plot and getting all the green food they want.

Accidents to Eggs

Accidents to eggs happen as they do to other things. A soft shell may indicate lack of shell making material in the fowl's ration or inability to utilize that material when there. A lack of the vitamin value of sunlight may be one cause; if so, turning the bird out of doors into sunlight unobstructed by window glass helps. An egg containing only a yolk indicates only that the function of the glands that make the white was temporarily suspended or that the yolk hurried by these glands to receive a shell prematurely. There is no mystic significance in these things; they are the result of natural causes or unnatural accident.

Wise Bottoms for Nests

Many poultrymen are now building nests in their laying houses with a fine wire mesh for the bottom instead of the usual board nests. There are two principal advantages which are set forth for this practice. The first is that such nests will be free of mites on account of the fine dust from the straw or other litter dropping through, and the second is that there will be fewer broken eggs.

Nests which are constructed on this plan may be easily sprayed for mites, which is an advantage in their favor. When the straw goes down in the nests eggs will not so easily broken as they would in board nests.

COOL off by taking a plunge in the clear waters of Bronch lake.

We take orders for engraved cards, announcements, invitations and all kind of society or commercial work. We are authorized representatives of the Stafford Engraving Company of Fort Worth, the leading house of the South. Get the best—The Munday Times.

N. S. KILGORE WANTS VOTERS TO KNOW FACTS

To the Tax-payers of Knox County, Greetings:

For the past four years there has been circulated over the south side of Knox County certain false and scurrilous statements which are very hurtful to my candidacy for County Judge of Knox County, and are also unfair to two good citizens of Knox County who served with me in the Commissioners' Court for a period of four years. Up to this time I have ignored these false statements, but on the advice of some of my good friends I have decided to present the facts to the citizenship of Knox County.

During the campaign of 1927 some of my friends who resided in Commissioner's Precinct No. 4, advised me that certain parties over there were putting out the report that I was opposed to the readjustment of the Road and Bridge Tax and Automobile License Tax. I find that this false statement is still being circulated in that part of Knox County. In order to forever put to an end these scurrilous statements, I am publishing some records of the Commissioners' Court to show the falsity of said statements. These statements are no more than a lot of political humbug and tummy-rot, the purpose of which was to bring about my defeat and to advance the political fortune of some other citizen.

The Commissioner's Court of Knox County speaks through its minutes. Below I am giving you a copy of the minutes of the Commissioner's Court of Knox County called in special session by myself for the specific purpose of a readjustment of the Road Tax and Automobile License Tax of Knox County. I am giving you the volume and page number, to the end that you may, if you so desire, compare this copy of the minutes with the original, which you will find in the County Clerk's office at Benjamin, Texas.

MINUTES

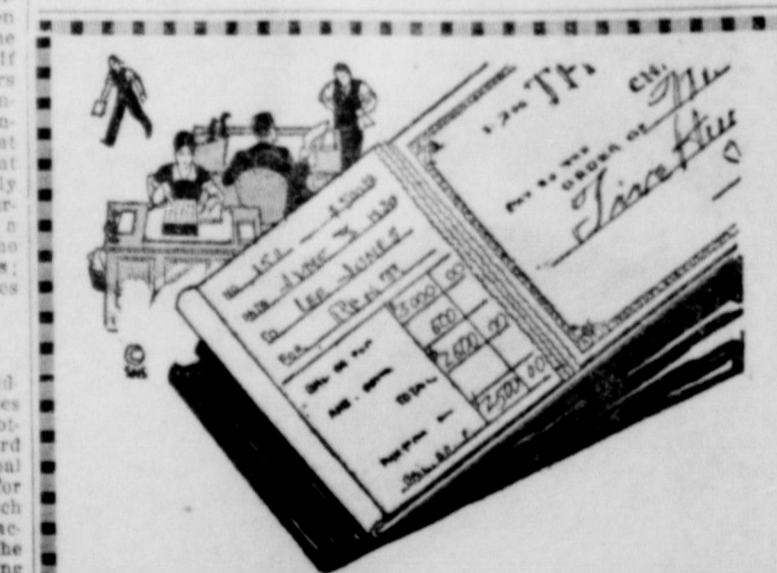

Volume 5—page 83, Commissioner's Court's Minutes of Knox County, Texas.

Be it remembered that the Honorable Commissioner's Court of Knox County, Texas, convened in special session on this date with the County Judge, all of the Commissioners and the County Clerk present. The following proceedings were had to-wit:—On this day came on to be considered the re-apportionment of the Road Tax of Knox County, Texas, and it appearing to the Court that said tax should be apportioned according to the valuation of the taxable property in the respective precincts of said Knox County; it is therefore ordered by the Court that the Road and Bridge Tax and the Automobile License Tax be apportioned to the several commissioner's Precincts of said Knox County, Texas, in proportion to the amount of the valuations of taxable property, respectively, in each of said precincts. And it is further ordered that a list of the taxable values of each precinct and also of the Automobile Registrations for each precinct be made as soon as possible and the percentage of tax be apportioned to each precinct be determined by said lists.

It is ordered that the County Judge and each of the Commissioners be allowed the sum of four dollars for one day's attendance at this term of court.

The above and foregoing minutes read and approved in open Court this 27th day of July, 1926. Thos. F. Glover N. S. Kilgore

Engraved calling cards from \$2.25 to \$5.75 per hundred.—Munday Times.

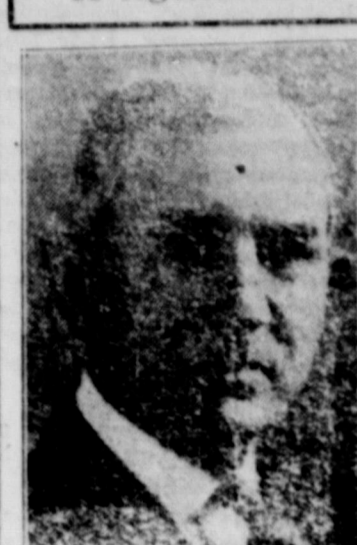

Your Own Auditing Department

The stubs in your checkbook are the simplest book-keeping system you can contrive. It is the safe, sure, modern way of making payments and keeping records. This bank will gladly welcome your checking account.

First National Bank

For Commissioner of Agriculture

A. E. King of Throckmorton, Throckmorton County, Texas.

Born and reared in Hunt County, Texas, several years in Legislature. Author of the law providing free tuition to country boys and girls outside of their districts, etc. Favors taking the work of the Department into the country and rendering aid to the real dist farmer. Will make you a good hand—try him.

Yours Respectfully,
N. S. Kilgore.
(Political Adv.)

BRUSHY NEWS

DAIRY DEMONSTRATIONS OF KNOX COUNTY SHOW PROFIT

Dairy demonstrations show from \$5 to \$12 profit during the month of May regardless of the low price of cream.

C. E. Warren of Goree cleared \$30.72 from a herd of four cows or an average profit of \$12.50 per cow. The value of good cow is one essential to profit is shown in this herd; as Mr. Warren has two cows that produced more than 50 pounds of butter fat last month, showed a clear profit of \$14.00 per cow.

Five acres of oat pasture worth \$13.05, according to records kept on J. F. Lowrance herd of five cows during the month of March. Mr. Lowrance's cows were on oat pasture and showed a clear profit of \$35.64 while during the month of May on dry feed alone a profit of \$22.30 above feed cost was shown, according to County Agent C. L. Wilson.

Several from our community attended church at Union Chapel on Sunday night.

J. N. Nicks and family of Munday tek supper with J. E. Suggs Sunday night.

The following children and grandchildren spent Sunday with their mother and grandmother, Mrs. T. C. Williams. It was Mrs. Williams sixty-sixth birthday—

Mr. and Mrs. Walter Williams and daughters: Annabelle, Leola and Rose V. of Bonarton; Mr. and Mrs. Luther Williams and daughter; Mr. and Mrs. Grady Williams; Mr. and Mrs. Lee Williams and daughter; Mr. and Mrs. J. W. Rutherford and family and Mr. and Mrs. Edgar Love. At the noon hour a beautiful lunch was spread and which was very much enjoyed. All went away wishing her many more happy birthdays.

Florence Gaines spent the week end with Miss Marie Conwell, Kity.

Joe Wilde, one of the progressive farmers of the Rheinland community, was in town Tuesday and stated that he and other farmers of his section lost much small grain during the recent flood by having it float away in the flood waters. Many fields of grain that were in the shock were floated to the river and drifted among the trees entailing a heavy loss to them.

Engraved calling cards from \$2.25 to \$5.75 per hundred.—Munday Times.

Fifth Sunday Meeting Knox City

The fifth Sunday meeting of the Christian churches of Baylor, Knox and Haskell counties will be held at Knox City on Sunday, June 29th, at which time the following program will be carried out:

Bible School Review, 9:45 a. m. Sermon by Arthur Long of Fort Worth, State Secretary, 10:45. Communion Service, 12 m. Dinner free for all present. Prayer and Praise Service led by G. E. Forrester, 3 p. m. Address by Harry Hines, Wichita Falls, 3:30 p. m. Prayer and Praise Service, 8 p. m. Sermon by M. C. Jackson, Olney, 8:30 p. m. Mrs. T. A. Parsons of Benjamin will conduct the singing. Let all come who can and stay until the last service closes. Dinner and supper will be free to all. A. R. CAUDLE, Sec.

Mrs. E. F. Branton Trying to See Voters

The Times wishes to state that Mrs. E. F. Branton is making every effort to see every voter of Knox County in the limited time she has, due to her school's late closing, but if she fails to see every one she will appreciate your careful consideration and vote.

Mrs. Branton's experience in school work, having taught eleven years and the past eight years in Union Grove school, will enable her to perform the duties of county superintendent efficiently. If elected she promises to devote her entire time and personal attention to the duties of the office, and has done in her school work and if elected she will move to Benjamin where she will maintain an office for the convenience of those who seek consultation pertaining to the welfare and improvement of the educational system of the county.

Before you cast your ballot The Times asks you to consider her worthy of this important office. (Political Adv.)

Warning Issued Against Purchase of Fraudulent Bonds

Detroit, June 25.—A warning against fraudulent brokers and promoters who are offering stock in foreign Ford motor companies was issued today by the Better Business Bureau of Detroit, in conjunction with the National Better Business Bureau and affiliated offices throughout the United States and Canada.

Relying on the goodwill and integrity of Ford name, thousands of persons throughout the country have purchased stocks which either turned out to be spurious or were not delivered at all, the warning said. There is no way of estimating the financial loss involved.

"There are a number of fraudulent concerns in various parts of the country that represent themselves as brokerage houses and that offer stocks in various foreign Ford companies," the statement from the Better Business Bureau said.

Several of these companies sell on the partial payment plan. They offer stock for stipulated down payment and a fixed sum per month. Before the final payment becomes due and before the stock is delivered to the purchaser, the company goes out of business and its officers disappear only to begin operations at another location and under another name.

"Stocks of the Ford Motor Company of England, Ltd., and the Ford Motor Company of France are listed on the New York Curb

District Attorney Win. B. Conboy of Paducah was here mingling with friends Tuesday afternoon.

Half And Half

cotton for late planting makes more cotton for the West Texas farmer. I have a few hundred bushels of seed left for sale. All machine cleaned, packed in new bags at \$1.50 per bushel. S. N. REED O'BRIEN, TEXAS

market and the prices at which they are currently selling are printed in the financial pages of the newspapers. Nevertheless many persons are being led by unscrupulous brokers to pay far in excess of the market prices. "The majority of stock brokers, of course, are honest. Our warning is directed solely against the fraudulent concerns that carry on their fleecing of the public under the guise of reputable concerns. Anyone contemplating the purchase of stocks should first consult his local Better Business Bureau."

Daddy Still Pondering About Buying That Baby

This little miss was quite young, as may be seen from this true story. Neighbor friends had a new baby in which she was keenly interested.

Hubby Not Doing More Work; Less to Be Done

Professors can grow interested in almost anything. Now one tells us that he has learned that men are doing a greater proportion of housework than they used to.

Electric Telegraph

While H. G. Coover, a Dane, was one who laid valuable foundations on which others built, he can hardly be called the inventor of the electric telegraph.

Championship Boxing Belts

When the sport of boxing appeared to be in some danger of languishing in 1930, Lord Lonsdale

The Price Of A Clean Home

Most women take a distinct pride in their homes, says a local official of the Gulf Refining Company. They realize the true value of cleanliness and wholesome surroundings.

It takes a vigilant woman to keep the home pleasant and comfortable.

The cleaning of a home is not merely a matter of sweeping out the dirt and dusting the furniture.

An infestation of insects will render the most attractive home

strew up a new scale of weights and conditions to govern this home, and with the idea of adding distinction to the home, he donated a challenge belt for each weight.

Sleeping Sickness Checked

Medical science has prevented the population of French Equatorial Africa from being wiped out by sleeping sickness. It was asserted in an interview by Raphael Antonetti, governor general of the colony.

Two Towers of Babel

The tower of Babel, at the Chaldean city of Ur, in the lower Mesopotamia valley, has completely disappeared. The base of the tower was 300 by 300 feet, tapering through seven stages to the shaft at the top, which was 200 feet high.

Kidnaped

John H. Smith of Los Angeles, a member of the celebrated Smith family of Jamestown, Va., and all points west, has had the temerity to step into the new thought arena, and state his views on marriage.

Soldiers' Worst Foe

Pneumonia was the greatest cause of death from disease in the World War. More than 40,000 died of this disease. Of these probably 25,000 deaths resulted from the influenza-pneumonia pandemic which swept through every camp and cantonment in this country.

place of doubtful comfort. No one likes the "creepy" feeling that goes with bugs.

Those housewives who have gone thru an experience with insects need no urging to constantly use a good type of spray insecticide as they clean.

Disease lurks wherever there are insects. Flies carry many dangerous diseases, so do mosquitoes and bed bugs.

Most any insect infestation can be readily controlled by the regular use of a good insecticidal spray which can be easily purchased from any hardware dealer, grocer, or druggist.

W. P. Farrington, Physician and Surgeon, Special attention to diseases of Eye, Ear, Nose and Throat.

THE VALUE OF SOUND DESIGN

New Ford engine gives outstanding acceleration, speed and power without sacrificing reliability or economy

THE good performance of the Ford car, so apparent on every highway, is due largely to the sound mechanical design of the engine.

It has outstanding acceleration, speed and power, yet that is only part of its value to you. Greater still is the fact that it brings you all these features without sacrificing either reliability or economy.

That is the reason the Ford car has given such satisfactory service to millions of motorists all over the world and has been chosen by so many large companies that keep accurate cost figures. In every detail of construction it has been carefully planned and made for the work it has to do.

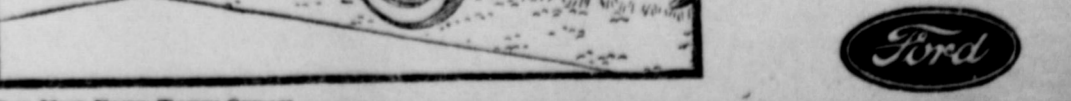

The design of the compression chamber is an important factor in the efficiency of the Ford engine. It is built to allow free passage of gases through the valves and to thoroughly mix the fuel

by producing turbulence within the cylinders during compression. The spark thus flashes quickly through the whole fuel charge, resulting in quieter and more effective engine performance. Other factors are the direct gravity gasoline feed, the specially designed carburetor, the new hot-spot manifold, aluminum pistons, chrome silicon alloy valves of larger diameter, statically and dynamically balanced crankshaft and flywheel, the simplicity of the electrical, cooling, lubrication, and fuel systems and accuracy in manufacturing.

WHAT SHOULD THE REVIVAL MEAN TO THE SUNDAY SCHOOL

By G. R. Eiland, S. S. Supt.

It is generally conceded that the most vital factor in the upbuilding of a community is the Christian church. It is also conceded that the Sunday school is one of the most, if not the most, important units of the church. The development of Christian character is gradual. The Sunday school is a training school for Christian service. It is there that the lives of very young children are molded to the forms of Christian living, adolescents are filled with the aspirations, opportunities, and possibilities of the Christian life, and maturer minds grasp the

truth, taught through the scripture, setting forth practical Christian living.

Simplicity is the keynote of greatness. Through the Sunday school from the cradle department through the adult classes the scripture lessons are presented in a simple, helpful manner by means of graded lessons. The Christian religion is a simple truth, yet the greatest truth known to mankind. The Sunday school can do its greatest work only when it reaches those who need its training. There are many people it does not reach because of indifference on the part of the people. Each individual has some talent which, if turned into Christian service, would enrich the life, not only of that individual, but also of the church and Sunday

OPENING ANNOUNCEMENT

I am pleased to announce that the new Gulf Service Station in Munday is now open for business, and we will appreciate a share of your gas and oil business.

It will be our aim to give the most prompt and courteous service, and the superiority of Gulf products are known and recognized everywhere.

We will specialize in washing, polishing and greasing cars. Quick service — always.

Gulf Service Station

North-East Corner Square. D. E. Holder, Manager.

The revival, into which we are about to enter, shall awaken many to their duty, not only to themselves and their families, but to their church and community as well.

We think much of American citizenship, let us think of its foundation, the Christian religion. The Sunday school is here to train in Christian citizenship. Surely many will enlist during this campaign—if not in the Methodist Sunday school, in some other and do their part toward the building of a better citizenship living up to its Christian duty.

REPRESENTING THE MEMBERSHIP AT LARGE

I am very much in hopes we have all our clean-up work done, both physically and spiritually, and are ready whole-heartedly for our revival which is almost at hand.

This opportunity that we shall have during the next two weeks may mean much to us if we will only put ourselves in the place where the Holy Spirit may direct. Let us not miss this period of extra effort on the part of the church to bring men and women to know our Lord.

I hope we will not be kept from the services because of duties that might have been performed beforehand. Let's get every thing out of the way so that we may attend every service and reap for ourselves that great spiritual uplifting God has in store for his children.

MRS. W. D. FORD.

Mr. and Mrs. H. A. Peniston and children have moved to Munday from Wichita Falls and are located in the residence of Mrs. P. B. Baker.

Wilbur Baker of Dallas was here during the week end mixing and mingling with his friends and visiting his mother, Mrs. P. B. Baker at Knox City.

Monday was the final day in which the candidates for county and district offices might pay their assessments, and we are informed that all candidates for office with the exception of C. W. Smiley, who had announced for the office of tax collector, paid their assessments. Mr. Smiley dropped out of the race by failure to pay his assessment on the closing day.

Miss Irene Bowden returned on Thursday of last week from a three weeks visit with relatives in Fort Worth. She was accompanied home by Mrs. C. J. Reese and children, who are visiting Mrs. Reese's parents, Mr. and Mrs. S. A. Bowden.

Gay Rutherford of Quanah has been transferred to the local office of the West Texas Utilities company as chief clerk to succeed Otis Rice, who has gone to the new oil town of Hobbs, ex Mexico, to seek his fortune.

Mr. and Mrs. Ardell Spence and children have returned from a vacation spent in New Mexico.

Mrs. Fred Broach has as a guest her mother, Mrs. Hicklin of Weatherford.

Miss Grace Bisbee of Abilene is here visiting in the homes of her aunts, Mrs. Florence Williams and Mrs. E. Duval.

over the state and all seven of them are campaigning for their "daddy."

Miss Grace Nelson left Friday for Denver, Colorado, where she will attend the National Convention of Home Economic Agents.

Rid Campbell was compelled to purchase a brand new straw hat the latter part of last week by reason of the fact that a fine baby boy made his arrival in the Campbell home on Friday of last week, and we are indeed glad to report that all are doing nicely.

The Knox County grand jury re-convened on Monday of this week and after examination of a number of witnesses returned nine indictments, 3 felonies and six misdemeanors. Three indictments were returned against Videll Franks, Mexican residing in the Rheinland community, for violation of the prohibition laws.

H. L. Madlax of Alto, Cherokee county, is a candidate for Commissioner of Agriculture, and has adopted a novel method of making his campaign over the state. He has rigged his car up with a camping outfit, his seven children are accompanying him

MILA A MINUTE THRILLS

Abilene, June 26—The mile-a-minute thrills of speeding race cars and zooming motorcycles, and the glamorous spectacle of a bathing girl pageant will have prominent parts in the annual Independence Day program in Abilene.

On the five-eight-mile Fair Park Speedway will be 100 laps of automobile racing and five and ten mile cycle dashes. The racing program is sponsored annually by the West Texas Fair association as a Fourth of July celebration.

Purses for the year's card total \$3,200, the speed cars drawing \$2,500 of the sum. The bathing review will be staged at Lytle Beach beginning at 7:00 o'clock Friday night, July 4. Entrants from throughout West Texas are invited to compete. At the close of the pageant the skies will be streaked with varied colored fire-works—an elaborate display.

The track events will begin at 1:30 o'clock Friday afternoon. The speedway has been treated with a layer of calcium chloride. The program has been sanctioned by the American Automobile association and by the American Motorcycle association.

COTTONSEED

I have about 200 bushels pedigree Mebane cotton seed for sale at \$1.50 per bushel at the Benjamin Gin.

Wallace Moorhouse, Benjamin, Texas.

GET YOUR FLY chaser, dips, and disinfectants at the MUNDAY HATCHERY. 1tp

THINKING OUT LOUD

BY J. A. K.

TOL has been too busy for the past two weeks to think out loud—or otherwise, but as things are settling back to normalcy we shall again inflict our readers with this column.

After looking over the town we find that the flood was about the best thing that has ever happened to it. Some stores and other places of business have been thoroughly cleaned out that have been standing it for years.

Even here in our plant the lubricating oil had accumulated under our big cylinder press until it was next to impossible to clean it out, but along came the flood waters and floated out all the oil and grease, and our plant has received a \$50.00 clean-up job while our loss was not over that amount.

And did you notice how the damage figures took a slump when all the folks learned that their losses were not covered by insurance. We first estimated our loss at \$200.

Some of the fellows that were practically ruined at first were not damaged to any extent at all after they found that their losses were not covered. That's just human nature.

That little paragraph we had in the paper last week about "Statie" Dickerson losing all his gold fish was somewhat exaggerated. We are informed by Jack Whitaker that "Statie" got out his fish hounds and rounded up a number of them.

Signature Songs of the Air Make Musical History

KEITH MCLEOD

Keith McLeod Successfully Pioneers New Type of Song

New York City.—American which has taken the music lead of the world in the last twenty years is now offering as its latest, the signature song of the air. The signature song follows rag, time, jazz, waltz ballads and theme songs. The first two are "Slumber On," by Keith McLeod, of the Slumber Hour over the N.B.C. chain, and "My Reveries," by Keith McLeod, for the Black and Gold Room Orchestra Hour, also an N.B.C. feature.

Mr. McLeod is a native of Loveland, Colorado.

bits and not original compositions telling the story, up until the advent of the theme song "Ramona," explains Mr. McLeod, "so the signature songs of the air have previously been famous melodies of past days."

McLeod, who is a great musician and musical supervisor for the National Broadcasting Company, felt that radio should call forth its own type of music, and worked with this idea in mind for several years until he found what he wanted with "Slumber On." He wrote his next "My Reveries," a waltz ballad in half an hour. Signature songs are the first special and exclusive type of radio music.

Mr. McLeod is a native of Loveland, Colorado.

Winners during the week in the sale at A. J. Birnsong's store were: Mrs. R. D. Perdue and mother of Goree 50 lbs. sugar; Miss Theresa Striegl, Rheinland, 25 lbs. sugar; Mrs. J. L. Fudge of Weimert, 25 lbs. sugar; Mrs. Lee Adams of Munday, 3 lb. can coffee; Marjorie Harris of Munday 1 lb. can coffee and Irene Martin of Munday 1 lb. can coffee.

Pink Busby of Norfolk, Virginia, is here visiting in the home of his brother, T. M. Busby.

Mrs. R. O. Peavy of the Gillespie community has returned home from Temple, where she has been undergoing treatment in a sanitarium for several weeks, and is much improved. Mr. Peavy went to Temple and accompanied her home.

Lower Key Rate Is Given Munday By Insurance Dept.

Munday has received a reduction in insurance rates, which became effective on June 18th, the key rate being reduced from 44 cents to 39 cents. The new rate was ordered published following an inspection which was made by a representative of the insurance commission, who placed the stamp of approval on the new fire fighting equipment purchased by the city, and the purchase of this new equipment formed a greater portion of the credits making up the reduction in the key rate.

The new rate makes it possible for property owners within the city to insure their property on a basis of 100 per cent.

D. E. Holder Will Operate New Gulf Service Station Here

D. E. Holder has been chosen by the Gulf Refining Company to operate their new station in Munday, which is located on the northeast corner of the square, and which has recently been completed by John Ed Jones and leased to the Gulf Refining Company for a term of ten years. Mr. Holder has resigned as chief of police of Munday and will give his full time to the operation of the station, which is one of the most modern in this section.

R. C. Spinks of Vera was here Wednesday in the interest of his candidacy for Tax Collector of Knox county.

GEO. W. BACKUS GIVES VIEWS PUBLIC MATTERS

(Continued from front page.)

the Constitution of the United States.

"We should deal considerably and fairly with the ex-service men. They should be granted necessary funds for reasonable assistance as the years may demand. The laborer should have a fair consideration. He and the farmer should always be given due consideration in all laws enacted.

"I am against the professional lobbyist in the halls of our lawmakers, and will do all possible to eliminate him. While it is necessary to tax our people for these matters for the needful protection and advancement in life, we should closely guard against placing any unnecessary taxation on the people."

Mr. Backus has never previously asked for a political office, he has always taken a spiritual interest in public and political affairs. The nature and management of his personal business is such, he can give the necessary time it will require to look after the duties involved in this office, and being well acquainted with the needs of the district, he assures the constituents an efficient and faithful service in the legislature when he is elected.

LEAGUE ITEMS

Boy howdy! Let's all go boat riding, for everything is full of water over in this part of the world.

The terrible rain we had Friday night, June 13, did considerable damage to the crops as a number of the farmers will have to plant a part of their crops over and some all of it. There are some who will not get to plant for two or three weeks on account of water.

The many friends of Mrs. R. O. Peavy will be pleased to learn that she is back home for a few days. Although she will have to return to the hospital within a short time, her condition is greatly improved and when she returns to the hospital we are hoping for her speedy recovery.

Mrs. Bob Fitzgerald spent Saturday and Sunday with her father, D. L. Lain.

Mr. and Mrs. Lawrence and daughter, Lola Mae, were dinner guests of Mr. and Mrs. I. L. West Sunday.

Mr. and Mrs. Reagan and children visited Mrs. Reagan's mother, Mrs. J. P. Shaw Sunday.

Misses Hettie and Ida Beecher and Miss Lola Graham were dinner guests Ora Mae and Ira Reed Sunday.

Hazel Lain is spending this week with her sister, Mrs. Bob Fitzgerald.

D. C. FRITZ MAKES APPEAL FOR COOPERATION

As the time again approaches for the beginning of our revival meeting let us urge that the Christian people of the community make full plans and preparations to attend the services as regularly as possible. If we are to have a revival we must put some effort into it and enter upon the movement prayerfully.

Munday possesses a wonderful citizenship, but our town and country would be greatly helped by a great revival, and we are looking forward to just that kind of a revival under the leadership of the Rev. J. O. Haymes. We all know him, and to know him is to love him for his sincerity and earnestness in serving his Master. Let's give him every cooperation possible that he may make his work effective.

D. C. FRITZ, Stewart.

MEMBERS W. M. S. EXTEND WELCOME TO REV. HAYMES

We wish to heartily welcome the Rev. J. O. Haymes, and to pledge him our most loyal and hearty cooperation in every way possible to make the coming revival a community-wide success.

We have heard much of the wonderful messages Rev. Haymes brings to his audiences and we hope every woman in this entire community, regardless of denomination or faith, will avail themselves of this opportunity of hearing him.

MRS. D. E. HOLDER, Pres. Woman's Missionary Society.
