

Kracker KrumbS

Odd Bits Salvaged
By The Editor

All our life we've heard about blue Monday, but for all Texans it will be blue Friday on Friday, September 1.

That's the date we start dipping into our tills and jeans on the sales tax, trying to replenish the state's dwindling finances. What most everyone thinks we'll need most of is patience—both on the part of the individual and the merchant.

Noticed that some merchants in the larger cities are going to mark prices of their taxable items in red, the non-taxable ones in black, thus simplifying the deal to some extent.

Pennies will become more plentiful, and most of us will need a supply of them, but we reckon patience will be just about as valuable.

This week, we're publishing the final batch of those questions and answers that were sent us. We don't know, yet, just where we stand. If you've read the questions and answers, or even the bill which the Legislature passed, we hope you're no more confused than we are. Here's the questions and answers:

Do I have to buy a special cash register that keep track of exempt and taxable sales?

Not unless you wish to do so. The Comptroller will work out some reasonable and simple methods of enabling you to separate taxable and non-taxable sales. Doubtless he will consult with your trade association as well as with tax administrators in other states in developing these methods.

Suppose I do buy a new cash register, do I pay the tax on it?

You do. In this case you are the consumer and you must pay the tax.

I am a wholesaler, will I have anything to do under this tax?

Yes. In the eyes of the sales tax law you are a retailer. However, most, perhaps all, of your sales will be exempt because you are selling to the general public. When your customers buy from you, they will sign a resale certificate designed by the Comptroller (it may be something you can just print on your usual invoice so as not to have extra paper-handling) and this will be your evidence that no tax is due on the transaction.

I am a manufacturer. How will this tax affect my business?

You will not have to pay the tax on your raw materials—that is on the component parts of what you manufacture. You will have to pay the tax when you buy machinery, supplies, office equipment, etcetera. If you rent IBM or Remington Rand electronic equipment, you will have to pay the tax on the rental you pay for that equipment.

I am a printer. How will this tax affect my business?

You will have to collect it in most cases. If you print some letterheads for a business firm, you will have to collect the tax on the total amount of the sale, assuming you provided the paper. If the customer supplied the paper and you just did the printing, then the tax would be due for that service. There are some exceptions: If you print paper bags then that would not be a taxable transaction since wrapping supplies and containers are exempt.

I am a building contractor. How will this tax affect my business?

You will be viewed as the consumer of the tangible personal property which goes into your construction. This means that you will pay the tax on the lumber, nails and bricks, as well as on your equipment, tools, etcetera. Since you cannot collect the tax when you sell the construction (it now being real estate and not subject to tax) you will have to allow for the tax expense when you quote prices. Incidentally, if you have already signed a contract for a construction job to be completed after September 1st, you should check with the State Comptroller of Public Accounts to see about a special exemption which will keep you from being charged a tax that you cannot recoup in your price.

And remember, Friday is the day you start the gruesome task of being tax assessor and collector for the State of Texas.

Ex-Students Returning For Homecoming

Mexican Youth Is Crushed to Death

A tragic accident at around 2:45 p.m. Saturday took the life of a 13-year-old Mexican youth, a courteous shine boy who plied his trade wherever he found a customer on the streets of Munday.

He was Ricardo Martinez Sato son of Mr. and Mrs. Vincinte Sato of Munday, who was pinned between a car and a brick building and crushed to death. He was pronounced dead at the scene of the accident by a Munday physician.

The accident occurred when a car driven by Mrs. L. L. Huckabee, wife of a well known farmer, pulled into a parking place. Brakes on the car apparently failed, allowing it to roll into a crowd of boys where young Sato

Knox City Youth Shot On Sunday

Greg Knight, 13, of Knox City, was accidentally shot in the forehead at Knox City last Sunday afternoon by a .22-caliber rifle at the home of a friend, Phillip Williams.

Young Knight, son of Mr. and Mrs. Ben Knight, had spent the afternoon with the Williams youth. They had returned from riding and were in the Williams home when the accident occurred.

Williams said he picked up the rifle and it discharged. Knight was in another room and the bullet passed through an open doorway before striking the youth.

Emergency treatment was given and young Knight was flown by private plane to Baylor Hospital in Dallas by Clyde E. Williams, young William's father. The elder Knight, operator of Knox City lumber firm, was reported in East Texas on a business trip. He did not know of the accident until he returned to Knox City late Monday. His wife, however, is in Dallas at her son's bedside.

A nurse and Jack Arledge, a friend of the family and also a pilot, accompanied young Knight to Dallas hospital. He was reported in "fair" condition Monday. Results of X-ray indicated that doctors do not plan to remove the bullet "at this time."

Goree Wildcats To Play Patton Springs

The Goree Wildcats will open the 1961 football season at 8 p.m. Friday, when they play the Patton Springs Rangers on the Goree field.

Admission to the game will be 50 cents for students and \$1.00 for adults. All football fans are urged to attend the game.

The Goree school will be closed next Monday, observing the Labor Day holiday.

Copy Of New Tax Bill At C. C. Office

A copy of H. B. 20, the new sales tax bill which all of us are concerned about, has been left at the Chamber of Commerce office by Representative J. C. Wheatley. All who desire to study the bill may have access to it.

Senator George Moffett also sent a copy of the bill to the law office of Billingsley and Bullington.

Mr. Wheatley stated that he voted against this sales tax bill.

Weather Report

For seven days ending 7 p.m. Aug. 29, 1961, as compiled by H. P. Hill, U. S. Weather Observer.

was shining shoes.

All of the group scurried to safety, but the Sato boy was unable to get out of the way and was slowly pushed against the wall of a brick building housing Perry Bros. Variety Store. A younger brother, Enrique, witnessed the accident.

The youth's mother was employed as a clerk at Kay's Department Store, less than a block away, when notified of the accident. She and Mrs. Huckabee were both placed under a doctor's care for treatment of shock.

The dead boy's father is a veteran of World War II and draws a 100 per cent disability pension as a result of shrapnel wounds received during combat.

The Satos have seven other children living at home.

Investigating the accident were Arthur Mason, state highway patrolman of Seymour, and J. W. Massey, local chief of police.

The youth was born at Big Spring on June 16, 1948, and the family moved here from Hereford about five months ago.

Funeral services were held from the Santa Rosa Catholic Church in Knox City at 11:30 a.m. Monday, with Father Gerald officiating. Burial was in Johnson Memorial Cemetery under the direction of McCauley Funeral Home.

Lanier Rites Held On Sunday

Graveside rites for Mrs. J. H. (Hunter) Lanier were held at the Knox City Cemetery, with Dr. J. H. Hamblen of Abilene conducting the service.

Mrs. Lanier passed away on Tuesday, August 29, in Riverside, Calif., where she had lived the past three years. She was a former resident of Crowell. Her husband, who was in the cattle business, was a frequent visitor to Knox County.

Survivors are three sons, J. H., Granville and Ragsdale, and one daughter, Miss Allene Lanier, all of California; one sister, Mrs. D. S. Castle of Littlefield; one brother, Ernest Teaff of Knox City, and five grandchildren.

IN WHO'S WHO—Rep. J. C. Wheatley, above, has been named to Who's Who of the South and Southwest. Only 15 out of each 10,000 persons are so selected. This copy of Who's Who covers the states of Alabama, Arkansas, District of Columbia, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, Oklahoma, South Carolina, Tennessee, Texas and Virginia.

YOUR SOCIAL SECURITY
A representative of the Social Security Administration will be in Munday at the City Hall on Tuesday, September 5, from 10:00 a.m. until 12:00 noon. You are invited to meet with the representative to file your claim, or to obtain information or assistance concerning Social Security.

TO CHEER LEADER SCHOOL.
Misses Jan Pendleton, Phyllis Yost, Joan Cude, Peggy Booe and Sherrell McMahon attended a cheer leader's school in Dallas last week. The school was held on S. M. U. campus. The girls reported a wonderful week and are ready to lead the Moguls on to victory.

Former Area Resident Dies; Rites At Haskell

Funeral services for Mrs. Mae Jessie Branch, 78, former area resident, were held at 2 p.m. Saturday from the First Baptist Church in Haskell. Mrs. Branch passed away Thursday morning in Irving.

Officiating was Rev. H. H. Sego, Haskell minister, with Rev. M. D. Rexrode, pastor of the church, assisting. Burial was in Willow Cemetery at Haskell.

A native of Plano, she married Alex Branch of Hubbard in January, 1906. They moved to the Munday area in 1907 and to Haskell in the fall of 1952. Mr. Branch preceded her in death several years ago.

Mrs. Branch had lived in Irving for about two and one-half years.

Pallbearers were Roy Walling, Jeff Walling, Dan Walling, Paul Walling, Ted Walling and Clyde Walling, brothers of Mrs. Branch's sister-in-law.

Survivors are a brother, Cliff Chamberlin of Irving, and two nephews, Louis Chamberlin of Midland and Samuel Chamberlin of Fort Worth.

New Gin Plant Now Ready For 1961 Operation

J. Omar Cure, manager, and directors in Knox Prairie Seeds, Inc., announce this week that their new and modern gin plant is now ready for operation. It is planned to gin the first bale on Friday, and several bales are now on the yard waiting to be ginned.

Workers were putting the finishing touches on the plant the first of this week.

Directors pointed out that the gin will do custom ginning for all farmers, and not just for members of Knox Prairie Seeds.

The gin is equipped with the latest Continental machinery for all types of cotton, whether snapped, stripped or hand picked, and with the latest type of lint cleaning and seed handling equipment.

The three high speed Continental "Comet" gins are capable of processing from 10 to 12 bales an hour with efficiency.

Otis Curry, ginner, has made one season in the valley with this particular type of machinery and is very efficient in operating this equipment.

It was announced Tuesday that the gin will have hand pullers, hand pickers and machine strippers and pickers available to farmers.

Open house for the new gin is planned for the near future.

Jacobs Funeral Held At Truscott

Funeral services for William Don Jacobs who died suddenly of a heart attack Sunday, August 20, were held at the Truscott Baptist Church at 4 p.m. Monday, August 21, with Rev. John Evans of Heavener, Okla., officiating. He was assisted by Rev. Homer Stevens, pastor of the First Baptist Church of Truscott. Burial was in the Vera Cemetery by Womack Funeral Home of Crowell.

Pallbearers were Curtis Casey, Bud Myers, Edmund Tomanek, Pete Duke, J. D. Redwine and Amos Kinnebrew.

Mr. Jacobs was born on February 20, 1902, at Malino, in Milam County moving to Knox County in 1921 and married Miss Mable Franklin of Vera on November 27, 1935. In 1951 he became a member of the First Baptist Church of Truscott. For the past eleven years he has been an employee of Knox County precinct three and has resided in Truscott.

Survivors include his wife, four children, Malcolm of Benjamin, Gordon of Gilliland, Jeanette and Janet Sue of the home. One grandson, two brothers, Guy of Plainview and Cecil of Brownsville. Three sisters, Mrs. Flossie Warren of Hillsboro, Mrs. Eunice Locke of Hale Center and Claire Mae Neighbors of Garland.

Church Wide Fellowship Supper Set September 5th At Methodist Church

Announcement was made this week that a church-wide fellowship supper will be held on the lawn of the First Methodist Church at 7 p.m. Tuesday, September 5.

The supper is being planned by the committee on fellowship and officers of the Methodist Men's Club. Members of the committee are Mrs. J. C. Scott, chairman; Mrs. A. H. Mitchell, Mrs. Erin McGraw and Mrs. Ogla Payne. Officers of the Methodist Men are Robert Patterson, president; Joe Morrow, vice president, and Wayne Josselet, secretary and treasurer.

After the supper, the group will move into the sanctuary to hear a talk by Miss Nancy Cowan and special music by a girls' sextet from the Munday High School Chorus.

Miss Cowan will be speaking on her year as an exchange student in Germany. She will use slides in her presentation.

Miss Cowan flew from Oslo, Norway, to Copenhagen and thence to New York by way of Greenland, Iceland and Labrador. She left by jet from New York and arrived in Dallas at 10:45 a.m. Sunday. She is enrolled as a student in the University of Texas at this fall.

The program is scheduled to begin at 8 p.m., and is open to the public. Anyone desiring to attend is extended a cordial invitation to do so.

Mother Of Goree Man Celebrates Her 97th Birthday

Mrs. J. W. Robinson, better known as grandma Robinson, celebrated her 97th birthday Sunday, August 20, 1961 at the home of her daughter, Mrs. Fred Pascoe, with whom she makes her home in Hayden, Ariz.

The Robinsons lived in Goree approximately 20 years until the passing of Mr. Robinson in 1925 and Mrs. Robinson moved to Arizona to make her home.

Mrs. Robinson is not impressed by her age and has no particular desire to reach her 100th birthday. Her father died at 92, her mother at 95, one brother lived until he was 92 and another died at 89.

Failing eyesight has curtailed Mrs. Robinson's activities somewhat, but age has not affected her good humor, her interest in her children, her grandchildren and her great grandchildren. She has four children, Ernest Robinson of Goree, Roy Robinson of Mesa, Ariz., Dick Robinson of Arkansas and Mrs. Lela Pascoe of Hayden, Ariz., 5 grandchildren and 13 great-grandchildren.

Gets Master's Degree

Bob R. Winchester received his Masters Degree in Science Education in the summer commencement of North Texas State University, Denton, Texas, Thursday, August 24th at Fouts Field.

Bob Winchester is the son of Mr. and Mrs. Tobie Winchester of Munday. He is employed by the Knox City School System for the coming year to teach science.

Mr. and Mrs. Tobie Winchester, Mr. and Mrs. B. R. Winchester and Nancy were guests in the home of the H. J. Copes, Justin, Texas for the graduation. Guests at the commencement were, Mr. and Mrs. Bob Cope and 2 ounces and has been named Tammy Sue. Grandparents are Mr. and Mrs. J. H. Amerson and Mrs. Hugh Eubanks.

Knox County Hospital Notes

Patients in the hospital August 28:

Miss Maud Isbell, Munday; Mrs. B. B. Cochran, Knox City; Mrs. Ardelle Spelce, Munday; Mrs. Tamara Tejada, Munday; Mrs. Tommy Hall, Benjamin; Mrs. Jack Hamilton, Knox City; S. P. Keny, Knox City; John Bates, Goree; Jean, Alice and Norma Gonzales, O'Brien; Mrs. Edna Williams, Knox City; Mrs. Sandra Luna, Goree.

Patients dismissed since August 22:

Russell O'Brien, Munday; Olie Iseng, Truscott; Mrs. G. D. Jones, Goree; James Hewitt, O'Brien; Mrs. J. C. Hargrove, Munday; A. A. Smith, Jr., Munday; Mrs. J. B. Tibbetts, Rochester; Mrs. Buddy Urbanczyk and baby, Munday; Tom West, Benjamin; Douglas McGrady, Gilliland; Rebecca Kilcrease, Benjamin; Don Berry, Munday; Mrs. Gene Ward, Munday; Mrs. Santiago Arrandando and baby, Knox City; Mrs. Ofelia Castillo and baby, O'Brien; Charles Wayne Durham, Knox City; Freddy McGregor, O'Brien; Mrs. Melvin Strickland, Munday; Pearl Coward, Knox City; Mrs. Nathan McQueen, Sulphur Springs; Paul Bullion, Truscott.

Births: Mr. and Mrs. Sandra Luna, Goree, a boy; Mr. and Mrs. Buddy Urbanczyk, Munday, a girl; Mr. and Mrs. Santiago Arrandando, Knox City, a girl; Mr. and Mrs. Gene Ward, Knox City, a girl; Mr. and Mrs. Ofelia Castillo, O'Brien, a girl.

Roberts Rites Held At Nocona

Funeral services for Jessie Lee Roberts, 77, of Goree, who passed away Monday afternoon in a Seymour hospital, were held at 3 p.m. Wednesday in Nocona.

Rev. Roy Don Rhoads, pastor of the First Baptist Church in Goree, officiated, and burial was in Nocona's Starkey Cemetery.

Mr. Roberts had been a resident of Goree for the past 17 years. He had been hospitalized since June 24. He was born in Hood County in 1884.

Survivors include his wife, Mrs. Minnie Lee Roberts of Goree; two sons, Raymond Roberts of Seymour and Bryant Roberts of Fort Worth; one sister, Mrs. Annie Collins of Fort Worth; six grandchildren and one great-grandchild.

BIRTH ANNOUNCEMENT

Mr. and Mrs. James Amerson are announcing the arrival of a daughter at 10:40 a.m. Wednesday, August 16, 1961 in the Baylor County Hospital in Seymour. She weighed 6 pounds and 2 ounces and has been named Tammy Sue. Grandparents are Mr. and Mrs. J. H. Amerson and Mrs. Hugh Eubanks.

All roads are leading to Munday this week end, as ex-students and teachers in the Munday Public Schools will be returning for the fourth homecoming Saturday and Sunday.

Response to ticket sales from out of town has been good, and a large group is expected for the homecoming. Acceptances from out of state are mounting, and it is expected that many former students, residents and patrons of the school will be in attendance, renewing acquaintances and reminiscing old times.

The steering committee is stressing that the homecoming is for all former students and teachers, and not just from those who graduated from Munday High School.

Committees for the homecoming met last Monday night and formulated final plans for the event. Officers are: Charles Baker, president; Mrs. Zane Franklin, secretary, and Mrs. Joe Lane, treasurer.

Mrs. E. H. Nelson is program chairman, correcting the announcement of last week, where Mrs. Aubrey Smith was announced as chairman of that committee.

The program for the week end is as follows:

Registration at the elementary school beginning at 2 p.m. Saturday; the Munday Mogul Band, directed by Bobby Brooks, will give a concert on the city hall lawn at 4 p.m.

A big pep rally is planned for Saturday afternoon to open the 1961 Mogul football season and to welcome ex-students for the homecoming week end. The rally will be held at 4 o'clock on the City Hall lawn. Make this a big rally and be there to start the season off.

The Munday Moguls will meet the Rochester Steers at Scruggs Field at 8 p.m. Saturday, opening the 1961 football season for both teams. It is traditional that the Moguls and Steers play the seasons opener, and this homecoming game will attract most of the ex-students, as well as local football fans.

The schedule of open house is as follows: Classes of 1940-45, Charles Baker home; 1946-51, Country Club building; 1952-55, American Legion hall; 1956-58, McNeill building. Other group meetings will be announced at the ball game.

Of interest to everyone will be old-time pictures, graduating groups and others pertaining to the school, which will be displayed in local store windows.

A group will be at the elementary school building at 11 a.m. Sunday to register late arrivals. Lunch will be served from 11:30 to 1:30, and a small block of tickets will be available for those who have not reserved theirs. Local people are urged to make reservations immediately, as Underwood's Catering Service will be informed Friday, September 1, of the approximate number to be served.

Cheer leaders of the school are taking orders for corsages for the game Saturday night.

Class meetings will be held from 1:30 to 2 p.m. Sunday. The Stage Band will give a concert at 2 p.m. in the school auditorium, and out-of-state visitors and others will be recognized.

David Gaiter Gets His B. S. Degree

James David Gaiter, son of Mr. and Mrs. James Gaiter of Munday, received his bachelor of science degree from Texas Tech, Lubbock in commencement exercises on Saturday, August 26. He majored in mathematics.

A total of 169 candidates received degrees from the school of arts and sciences in the exercises.

Goree PTA To Have Committee Meeting

Mrs. John Broach, president of the Goree P. T. A., has called a meeting of the executive committee for 2:15 p.m. Tuesday, September 5.

Members of the committee are: Mrs. J. C. Watson, vice president; Mrs. John Bates, secretary; Mrs. Felton Jackson, treasurer; Marvin Ansley, parliamentarian; Mrs. Barton Carl and Mrs. Earl Howry, room representatives; George Cotton, high school principal, and Mrs. Patsy Cooper, high school sponsor.

Drive carefully. The life you save may be your own!

YOU CAN PASS A LAW—BUT!

A very short time from now—on September 3—the new and expanded federal Wage-Hour Law goes into effect. Many millions of workers, mainly in retailing, who were not previously covered will then be included.

Without going into the pros and cons of the advisability of this, the new law provides and demonstrates the costly, time-consuming and confusing complications which arise when the hand of government goes deeper and deeper into the people's affairs.

For instance, spokesmen for retail industry have been urging in testimony before a Labor Department hearing examiner that pay rates under the \$1 an hour minimum be established for students and learners. This would keep the labor market open for them. But labor representatives have been objecting, and keeping the problem up in the air.

Another problem lies in definitions. The law's provisions vary for "executives," "administrators" and "professional employees." But there are a great many borderline cases and no one yet knows precisely who falls or doesn't fall into these classifications.

It is comparatively easy to pass a law giving the government more authority over the affairs of enterprise and individuals. But, more often than not in these cases, trying to pin down just what the law demands is a far more difficult matter.

The new Wage-Hour Law is a spectacular addition to the jungle of regulatory red tape that is slowly choking progress in ever field from railroads to rockets.

PEOPLE COUNT MOST

The tangible assets of a commercial enterprise can be detailed in a standard balance sheet—the investment in plants and other property, along with a listing of income and profit and such matters.

But there are vastly important intangible assets which can't be so simply covered. Their name is people.

The president of a great American oil company, which operates on the international scale, recently visited a new refinery built by a Norwegian affiliate. In writing about it, he said: ". . . more important than the physical attributes of a new refinery are the things one is not able to see—the thousands of hours of cooperative effort of the experts in design, engineering, purchasing, shipping, construction, air and water pollution, and administration which have contrib-

uted to making it a reality . . . It is really the people who count, and the organization which can bring all these talents together with a real spirit of cooperation and enthusiasm has a great intangible force working for it."

And that force, in the long run, exceeds any other. An enterprise must have tangible assets—money, land, tools. But it must never be forgotten that the intangible assets—people—count most.

GASOLINE, WATER, AND THE HORSE

When government decides that it needs more money for some project or other, how can it raise it?

There's an easy and obvious answer—impose new taxes or increase existing taxes. However, that answer is not always a true one. For the law of diminishing returns can apply to taxation as well as to other matters.

Take, as a prime example, the gasoline tax—state and federal combined now average some 10 cents a gallon, or about half the retail price of gas before taxes.

This excessive tax, an executive of a leading oil company points out, is proving to be self-defeating. By 1965, he predicts, the states will be deriving seven per cent less from the gas taxes than they planned, which will throw highway budgets far out of kilter in numbers of instances. His estimate, he adds, is born out by figures released by the Federal Bureau of Public Roads.

In sum, motorists are rebelling at a tax on a necessity which is far larger than the taxes on even extreme luxuries. Their rebellion takes the practical form of reduced gas consumption. They drive less, or they buy more and more of the compact economy cars, or they do both.

Remember—you can lead a horse to water, but you can't make him drink!

From Farm Journal: "The U. S. government has lived within its income just six times in the last 30 years! It faces another deficit in 1962—of perhaps \$6 billion. It owes \$290 billion, which is more than \$1,600 for every man, woman and child in the country. More than that, its future obligations, already voted by Congress, come to \$750 billion. That means every person in the U. S. has been mortgaged nearly \$4,100 worth—before any of the new current legislation is passed . . . All this can mean only that your dollars will buy less and your taxes will go on up."

"Labor disgraces no man, although unfortunately, we sometimes find men who disgrace labor."—Ulysses S. Grant.

WHAT DOES THE BIBLE SAY?

GOREE CHURCH OF CHRIST
 Box 147 Phone 436-2421
 PAYNE HATTOX, Evangelist

Why Be Baptized?

The majority of the people of the world today tell us that baptism has nothing to do with our being saved. What does the word of God say?

CHRIST COMMANDED IT: "Go ye therefore, and teach all nations, baptizing them in the name of the Father, and of the Son, and of the Holy Ghost." (Matt. 28:19) "And he commanded them to be baptized in the name of the Lord." (Acts 10:48) "Arise, and be baptized, and wash away thy sins." (Acts 22:16)

TO BE SAVED: "He that believeth and is baptized shall be saved." (Mk 16:16) "The like figure whereunto even baptism doth also now save us." (1 Pet. 3:21)

FOR THE REMISSION OF SINS: "Repent, and be baptized every one of you in the name of Jesus Christ for the remission of sins." (Acts 2:38)

TO WASH AWAY SINS: "And now why tarriest thou? Arise, and be baptized, and wash away thy sins, calling on the name of the Lord." (Acts 22:16)

TO GET INTO CHRIST: "Know ye not, that so many of us as were baptized INTO Jesus Christ were baptized INTO his death?" (Rom. 6:3) "For as many of you as have been baptized INTO Christ have put on Christ." (Gal. 3:27)

TO BECOME NEW CREATURES:

"If any man be in Christ, he is a new creature." (2 Cor. 5:17) Note, we are new creatures in Christ. We are baptized INTO Christ. (Gal. 3:27.) REDEMPTION IS IN CHRIST: "In whom we have redemption through his blood, even the forgiveness of sins." (Col. 1:14) Note redemption is in Christ. We are baptized INTO CHRIST.

CANNOT BE SAVED WITHOUT BAPTISM: Jesus said, "Except a man be born of the water and of the Spirit, he cannot enter the kingdom of God." (Jno. 3:5.) "But the Pharisees and lawyers rejected the counsel of God against themselves, being not baptized." (Luke 7:30.) IT IS A SIN NOT TO BE BAPTIZED:

Since baptism is a law of Christ, and "Sin is the transgression of the law." (1 Jon. 3:4) to fail to keep the command of Christ to be baptized, is a transgression of the law, therefore it is a sin.

Of course before one can be baptized he must believe (Jno 8:24; Mk. 16:16.) He must repent (Luke 14:3; Acts 2:38.) He must confess that Jesus Christ is the Son of God (Matt. 10:9-10; Acts 8:36-37; Rom. 10:9-10.) If we fail to do either of these we are guilty of all (James 2:10.)

By John G. White, Commissioner

Assured Quality for World-Famous Texas Roses

The letter from an irate home gardener bore a familiar complaint: "I ordered a dozen rose plants from a catalog that pictured a beautifully-flowering bush loaded with large roses. What I got was a little more than a bundle of thorny sticks, some of which produced a few sickly roses and others that never grew at all."

Another writer said: "A roadside trucker sold me some rose plants which turned out to be little more than climbing vines with tiny buds after I was lead to believe I was getting the best quality roses available."

Numerous letters filled with similar tales of woe reached the mail box of the Texas Department of Agriculture each year. The implications were serious. Texas is noted worldwide for its fabulous roses. It was not unreasonable for the buyer to expect the very best in a state that produces the best, but many buyers failed to realize that an unregulated area can fall prey to horticultural "junk peddlers" who capitalize on the state's reputation for fine roses.

This year the Texas rose industrymen banded together and requested the Legislature to help protect the reputation of Texas' popular flower. The result was the Texas Rose Act (S. B. 400) which provides for compulsory inspection and grading of roses sold within the state. This law not only helps assure high stand-

ards for the unique Texas product but also guards against the "fly-by-nighters" who import inferior products into the state which might mislead the buyer.

The strongest advocates for this new grading law are the Texas rose growers and dealers, themselves. Conscientiously devoted to the production and marketing of "the world's best," rosemen will serve on a watchdog committee to see that proper grading and labeling of products will be observed. In addition, they will work with the Texas Department of Agriculture in seeing that additional protection for the buyer is provided when needed.

Members of the first Texas Rose Advisory Board which includes both growers and shippers are C. E. Wilson of Jacksonville, Virgil Kimbrow of Wills Point, B. L. Rose, Raymond Payne, L. A. (Slick) Dean, Joe Burks, Harold Patterson, P. C. Moore, Charles Ekner, Ed Tedder, B. L. Ginn and Starley Hand, Jr., all of Tyler. As center of the multi-million dollar rose industry, Tyler provides the majority of the first board members.

Dr. Elton Lyle of the industry-sponsored Texas Rose Research Foundation and Bill Fullingim, executive secretary of the Texas Association of nurserymen are ex-officio board members who will assist in the rose program.

Mr. and Mrs. Joe Williams and children of Ozona visited her parents, Mr. and Mrs. Jim Reeves, over the week end.

"loaded gun" in your home ?

Dangerous as a loaded gun are the accident hazards in any home. They cost 28,000 dead, 4.2 million injured in a typical U. S. year. Believing profoundly that something can be done about this, we urge you to take part in the 1961 Home Safety Program. Costs you nothing. We would like you to have the free Home Safety Kit that will help safety-condition your home. Pick it up at the offices of the sponsors listed below . . . what could you lose?

Jimmie Del Peysen Honored At Bridal Shower Saturday

Miss Jimmie Del Peysen, bride elect of David Moore, was honored with a bridal shower Saturday evening, August 26, from 7 to 9 in the home of Mrs. Lonnie Offutt. Mrs. Offutt greeted the guests, presenting them to the honoree, her mother, Mrs. John Peysen, and mother of the groom, Mrs. Johnny Moore of Goree.

Miss Anna Marie Peysen, sister of the bride elect, registered the guests in a white musical brides book which played "Here Comes the Bride" as the guests registered.

Miss Linda Kay Smith and Miss Sara Offutt served the cake and punch from a table laid with a white linen cloth centered with an arrangement of white carnations and greenery tied with an orchid bow with streamers engraved in silver with the names Jimmie Del and David. Appointments were in crystal.

Hostesses for the evening were Mrs. Offutt and daughter, Sara, Mmes. Weldon Smith, Doris Dickerson, Chancey Hobert, Grady Phillips, Jeff Mitchell, Payne Hattox, John R. Rayburn, Ed Whittemore, L. W. Hobert, Clyde Hackney, Ben Yarbrough, Leslie Phillips, Al Cartwright, Chalmer Hobert and Ernest Machin.

The couple will be married on the tenth of September in Monday.

Miss Donna Anne Schuster And Alvie Leroy Ressel, Jr., Marry August 20

MRS. ALVIE LEROY RESSELL, JR.

Miss Donna Anne Schuster and Alvie Leroy Ressel, Jr., were united in marriage on Sunday evening, August 20, at 7:30 o'clock in the First Christian Church of Virginia, Nebraska, with the church pastor reading the double-ring ceremony.

The bride is the daughter of Mr. and Mrs. Frank Schuster of Virginia, Neb., and the bridegroom is the son of Mr. and Mrs. A. L. Ressel of route one, Monday.

The bridesmaid and candle lighters were all cousins of the bride. Best man was the bridegroom's brother, Philip Wayne Ressel. Nieces served as ring-bearer and flower girl, Richard and Allen Schuster, brothers of the bride, were ushers, and wedding music was presented by an old friend of the family.

Given in marriage by her father, the bride wore a gown of

chanteilly lace with fitted bodice, scalloped sabrina neckline and long traditionally pointed sleeves. The buffeted skirt of lace with tiered ruffles in the back extended into a chapel train. Her fingertip veil of illusion was caught to a crown of satin leaves and pearls. Her only jewelry was a string of single pearls. She carried an arrangement of stapanotis centered with a white orchid.

A reception was held in the basement of the church immediately following the ceremony.

For a wedding trip to Estes Park, Colo., the bride wore a navy blue dress touched with white accessories, and the orchid from her bridal bouquet.

The couple are at home at 95 South Clarkson St., apartment 12, in Denver, Colo.

Mrs. Alice Wilhite of Houston is spending this week with her sister and husband, Mr. and Mrs. Marvin Reeves. Mrs. Wilhite plans to stay until after homecoming.

Mrs. Maurysse Blacklock left last Sunday for Snyder, where she will teach in the Snyder schools for another year.

Mr. and Mrs. Jim Welch visited relatives in Vernon last Sunday.

Wesley Allred left last Thursday for Charleston, S. C., for further assignment for duty with the Navy. Wesley, who finished boot training in San Diego, Calif., spent his leave from July 21 to August 17 with his parents, Mr. and Mrs. Roe Allred.

CARD OF THANKS
Words can not express our deep appreciation to all who extended comforting sympathy and help in our recent sorrow. May God bless each one.
The family of Nealie Moore 1tp

BENJAMIN NEWS

Mrs. Pearl Sharp and Mrs. Lee Ferguson of Garland visited in the homes of Mr. and Mrs. D. V. Gilbert and Mr. and Mrs. O. V. Chitty, other relatives and friends over the week end.

Mr. and Mrs. David Kyle and family of Pueblo, Colo., are here visiting his mother, Mrs. Lizzie Kyle, other relatives and friends.

Joe Ballard and Mrs. Boyd Morrison and children of Honey Grove spent the week end with Mrs. Myrtle Meinzer and Harold Ballard.

Darr Jackson of Wichita Falls spent Wednesday of last week with his mother, Mrs. Neta Jackson.

Week end guests of Mrs. Neta Jackson were Mrs. Lucille Marlow of Wilman and Mrs. Albert Lago of Los Angeles, Calif.

Edward Lee Kirk and Ollie spent Tuesday of last week with his parents, Mr. and Mrs. Oliver Kirk.

Mr. and Mrs. Roy Petty and sons visited her parents, Mr. and Mrs. Brothers, in Fort Worth over the week end.

Jack Waldron of Fort Worth spent the week end with his mother, Mrs. Zena Waldron, and Pat, other relatives and friends. His wife and children, who had spent a week here, returned home with him.

Mr. and Mrs. Von Terry and Vicki spent Saturday in Wichita Falls.

Men Get Social Security At 62

The age at which men can apply for social security payments has been changed to 62, according to Erton F. Tate, manager of the Wichita Falls social security office.

Until now, men had to be at least 65 before they could make application for payment unless they were disabled. For several years women have been able to claim their social security payments at a reduced amount when they were 62. Men now have the same opportunity. Tate stated that a man's payment at 62 would be reduced because he would be getting paid three years earlier.

By reducing the amount of payments at age 62, he will get about the same total payments as he would by waiting until 65. A claim must be made before any payments can begin.

If you would like more information about payments for men at 62, contact your social security office.

Mr. and Mrs. Henry Walker and Billy Sue visited Mr. and Mrs. Charles Walker and son, Greg, in Burlington over the week end. They attended the graduation exercises of Charles from T. C. U. on Friday night. They also visited Mr. Walker's sister and family in Waco.

Capt. Perry Reeves is here for two weeks visit with his parents, Mr. and Mrs. Jim Reeves. Capt. Reeves has been stationed at Cherry Point, N. C., the past year. He will drive to the west coast when his leave is up and fly to Japan for further duty.

Dave Jetton and son, Garon, came in last Saturday from a vacation visit in California. Their son and brother, Joey Jetton, who has just finished boot training in San Diego, returned home with them for a few days visit.

BORDER BEAUTY is new Miss Texas Rural Electrification, selected from seven finalists during statewide Texas Electric Cooperatives, Inc., Annual Meeting in San Antonio August 17-18. She is Nancy Lee Payne of Hidalgo County, daughter of Mr. and Mrs. G. Homer Payne of Donna. She will represent Texas in the national Miss Rural Electrification contest in Atlantic City next March. This green-eyed brunette is 18 years old, a 1961 Donna high school graduate who plans to attend Abilene Christian College this fall.

Mr. and Mrs. Charles Sargent spent the week end with Mr. and Mrs. Johnny Sargent and Mr. and Mrs. Bob Sargent in Lubbock and attended the graduation of Bob Sargent from Texas Tech.

Gems Of Thought

"Doing"

I prefer to do right and get no thanks rather than to do wrong and get no punishment. —Marcus Cato

Nothing gave divine power is capable of doing so much for man as he can do for himself. —Mary Baker Eddy

Try to do to others as you would have them do to you, and do not be discouraged if they fail sometimes. —Charles Dickens

The deer alone learneth. —Friedrich Nietzsche

Men weary as much of not doing the things they want to do as of doing the things they do not want to do. —Eric Hoffer

Whatever is worth doing at all, is worth doing well. —Chesterfield

Check Equipment Before Cold Snap

Lone Star Gas Company this week reminded local residents that now is the time to have gas heating equipment inspected and pilots lighted before the temperature begins to drop.

All users of gas central heating systems, floor furnaces, wall heaters, unit heaters and other gas heating equipment should call a heating contractor or Lone Star Gas Company now to avoid any delay in having their equipment serviced.

Mrs. Dan Latimer of Paducah visited her sister, Mrs. Tom Martin, last Sunday.

Chester Bowden and Mrs. Erin McGraw visited Mrs. Jerry Edwards and daughters in Waco over the week end. Mrs. Bowden, who has been visiting in Waco the past ten days, returned home with them.

Mr. and Mrs. Edward Segars of Fort Worth were week end guests of her parents, Mr. and Mrs. Charlie Haynie.

Mrs. C. N. Howard and Rebecca left last Tuesday for Plainview where they joined Mr. and Mrs. G. L. Reed for a ten day visit in California. Mrs. Howard and Becky will visit their son and brother, Eugene Howard and family in Huntington, Calif. They will also get acquainted with the new granddaughter, Brenda Kay, and renew acquaintance with Rhonda, two and one-half year old sister of Brenda Kay. Becky also plans to visit Knox Berry Farm, American Marine Land and other points of interest. The Reeds will visit their children in San Francisco.

Mr. Irl Glass of Cran visited Mrs. Daisy Looney and Leon on Wednesday of last week.

Mrs. George Killian, who underwent surgery in the Haskell hospital some two weeks ago, was able to be brought home last Thursday and is reported to be recovering nicely.

Mr. and Mrs. Oscar Spann visited with Mr. and Mrs. George Spann and family in Euless and Mr. and Mrs. O. H. Spann, Jr., and family in Irving over the week end.

Mrs. Jerry Scott and children of Electra spent the week end with her parents, Mr. and Mrs. John Phillips.

Attend Graduation At A. C. C., Abilene

Mr. and Mrs. Lonnie Offutt and sons and his mother, Mrs. Bob McGregor of Lamesa, attended the graduation exercises of their son, George Offutt, from A. C. C. in Abilene last Friday night.

George, who is a 1958 graduate of Munday High School, graduated Cum Laude receiving his B. S. degree. He was one of the top twelve of the 140 graduates. Mr. and Mrs. Offutt will make their home in Abilene.

Mr. and Mrs. Harold Green and children of South San Gabriel came in last Tuesday for a vacation visit with his parents, Mr. and Mrs. Carl Green.

Mr. and Mrs. Jimmy Henson and sons of Shallowater visited his parents, Mr. and Mrs. H. D. Henson, last Monday enroute home from south Texas where he has been ginning.

Mr. and Mrs. Charles Kinman and son, Jeffery, of Wichita Falls were Sunday guests of her parents, Mr. and Mrs. Tom Brown in Ing.

Mr. and Mrs. H. F. Jungman were visitors in Mineral Wells over the week end.

CARD OF THANKS

We take this means of expressing our appreciation for every kindness shown us in our hour of sorrow in the loss of our dear husband and father, Lloyd Griffith. We're grateful to each of you who were so wonderful to us with your prayers, comforting words, flowers, visits, cards and the food which was prepared and brought. May God bless each of you, is our prayer.
The Griffith Family 1tc

Live lamb prices in the fall are likely to average slightly below those for the same period a year ago and feeder prices are also expected to be forced down by the lower slaughter lamb prices, reports Ed Uvacek, extension livestock marketing specialist.

CARD OF THANKS
We wish to extend our heartfelt gratitude to our many white friends for their thoughtfulness and kindness in our recent tragedy. We appreciated the flowers, food and expressions of sympathy. May God bless each of you.
Mr. and Mrs. Vincente Sato 1tc

Success With 1961 Crops Can Bring \$400 Scholarship To Texas 4-H Youth

CHICAGO—Six national scholarships of \$400 each will be awarded to 4-H Club members next November. Awards will be based on outstanding work done in the 4-H field crops program, says the National 4-H Service Committee.

The top-ranking sextet will be selected from 48 state winners and all will be delegates to the 40th National 4-H Club Congress convening here November 26-30 at the Conrad Hilton hotel. Around 1,550 boys and girls, winners in some 30 categories from every state, will attend the annual event accompanied by state 4-H Club leaders and other Cooperative Extension Service personnel.

The field crops program last year had an enrollment of well over 275,000 club members, a record high during the last five years, the 4-H Service Committee reports.

The Lone Star State claimed one of the 1960 national scholarship recipients, who, at the age of 12, was already recognized as a certified field seed grower.

The lad is 16-year-old Dale McEachern of Hale Center in Northwest Texas. Dale and his dad have cooperated with the Lubbock Experiment Station on irrigation and other research projects. The 320-acre McEachern farm has gained an international reputation for its modern operating methods and has had visitors from foreign countries including Brazil, Turkey and Portugal.

Through the crops program, 4-H'ers have an opportunity to learn how to do a good job in production, harvesting, management and marketing by using recommendations from the USDA and the Extension Service. Members have consistently shown better quality crops, higher yields and income resulting from participation in the project.

Awards in the program are given by the Arcadian Products Department of Allied Chemical Corp., New York. Besides the college scholarships, the firm provides funds to bring the state winners to the Chicago meeting. At the local level, gold-filled

medals of honor are given to as many as four champions in each county. Another record was reached last year when 5,568 members in 1,984 counties received medals.

Mr. and Mrs. John Phillips, Suzann and Johnny, visited in Dallas from Thursday until Saturday. They also visited 6 Flags over Texas.

Mr. and Mrs. Grady Roberts of Wichita Falls were guests of Mr. and Mrs. J. C. Harpham and Claire at their cabin on Lake Kemp last Thursday and Thursday night.

Ira Bowden and C. R. Parker attended the funeral of Mr. Parker's sister and Ira's aunt, Mrs. Ollie Tribble, in Memphis last Friday.

Mr. and Mrs. Lee Ward and children of Post visited her father and brother, Cecil Fitzgerald and Billy Frank, over the week end.

Mr. and Mrs. F. J. Josselot of Haskell were Sunday guests of their daughter and husband, Mr. and Mrs. Joe Massey.

Mr. and Mrs. A. L. Ressel and Wayne are leaving Friday to go to Denver, Colo., to visit Mr. and Mrs. Leroy Ressel and other relatives and vacation for a week.

Mrs. Sibyl Dickey of Abilene visited her sister-in-law, Mrs. Muriel Mitchell, last Thursday night.

Mr. and Mrs. Jerry Kane and daughters visited her sister and family, Mr. and Mrs. Joe Bill Pearce and children, in Midland over the week end. Miss Cindy Pearce returned home with them for a visit.

BIRTH ANNOUNCEMENT

Mr. and Mrs. W. J. Swaner of Arlington are announcing the arrival of a daughter at 3:30 p.m. Saturday, August 19, 1961, in the Arlington Memorial Hospital. She has been named Terry Angela. Grandparents are Mr. and Mrs. Edward Swaner of Arlington and Mr. and Mrs. L. G. McGuire of Gilliland.

Mr. and Mrs. Wayne Couch and Bill and Mr. and Mrs. W. E. Combs and sons of Pampa and Phil Johnson and Ronnie of Lubbock were guests of Mr. and Mrs. Doris Dickerson at their cabin at Lake Kemp over the week end.

Mr. and Mrs. C. L. McAfee are visiting relatives in Lubbock this week.

Mrs. Lily Green, Mr. and Mrs. Cecil Gulley and Mr. and Mrs. C. L. McAfee visited Mrs. Green's sister and husband, Mr. and Mrs. J. B. Cornett, in Hale Center over the week end. Enroute home on Monday they were in Lubbock where Mr. Gulley received his annual medical check-up at the Veterans Hospital.

Mrs. D. C. Link of Levelland visited her parents, Mr. and Mrs. Oscar Spann, last Thursday. Her children, Edward, George and Deborah, who visited their grandparents several weeks, returned home with her.

CARD OF THANKS

You will never know how much your cards, visits flowers and other kindnesses meant during my stay in the hospital. Knowing I had such wonderful friends made my recovery much easier. Thanks to you all.
Mrs. George Killian

Our New Gin Plant Is Ready To . . .

GIN YOUR COTTON

We plan to begin ginning on Friday, doing custom ginning for all cotton farmers, as well as members of Knox Prairie Seeds, Inc.

Exterior View of Our New Gin Plant

We Solicit Your Ginning This Season

Mr. Otis Curry, our ginner, has already made one successful season in the valley with our particular type of modern gin machinery, and is a very capable ginner.

Our plant is equipped with the very latest Continental machinery for all type of cotton—snapped, stripped and hand picked. Installed are the latest types of lint cleaning and seed handling machinery,

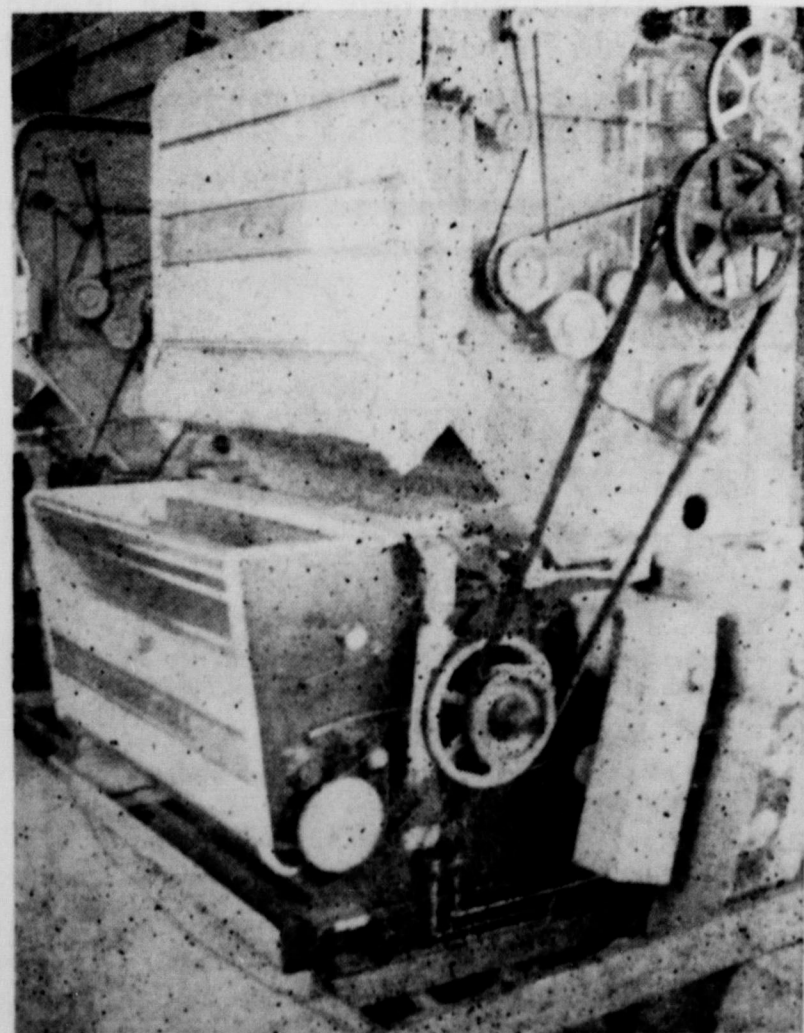

as well as Continental "Comet" high capacity gins.

Our modern gin plant can process from 10 to 12 bales of cotton per hour very efficiently, and is the only gin in this area equipped for pure seed handling.

Mr. Farmer, we have hand pullers, hand pickers and machine strippers and pickers available to you. Gin with us. You'll be pleased with our service!

Knox Prairie Seeds, Inc.

Mr. and Mrs. Archie Struck and family spent the week end with Mrs. Don Jacobs and family in Truscott.

Mr. and Mrs. Ewen Beatty have returned to Rio Hondo for a few days.

Gas Turbine Powered Tractor

International Harvester Company's experimental tractor has a gas turbine engine paired with a hydrostatic transmission. Skin, or body, sections are molded fiberglass.

CHICAGO - International Harvester Company has developed an experimental tractor in which a gas turbine engine is paired with a hydrostatic transmission. The body or skin is made of fiberglass.

The tractor named the HT-340, has no gear shift lever, no throttle, and no brake or clutch pedals. It uses neither cooling water nor anti-freeze, and has no transmission gears.

The hydrostatic transmission depends upon oil at high pressure to transmit power by acting on the pistons of a radial hydraulic motor installed in each driving wheel.

The 80-horsepower gas turbine engine, a product of Solar Aircraft Company, Harvester's San Diego subsidiary, is 21 inches long, 13 inches in diameter and weighs only 90 pounds with reduction gearing.

At present, the HT-340 uses only about half of the turbine's rated horsepower since the transmission was designed to operate with a 40-horsepower piston engine.

Mr. and Mrs. Harold Beatty, Mr. and Mrs. Bill Hayes of Seymour and Mrs. Eva Godfrey of Midland vacationed at Big Bend National Park last week.

Mrs. Orb Coffman visited Mr. and Mrs. Dan Davis and family, in Lubbock last week.

Charley Latham of Andrews visited relatives and friends here and at Seymour over the week end.

"The Union of Avarice And Adacity Produces A Total Disregard of Decency"

There are many wonderful drugs that accomplish seeming miracles, but, to use them safely they must be taken as prescribed by a Physician.

Do not believe all the claims made by certain avaricious firms who have the audacity to advise you to attempt unwise self treatment when you are sick. Do not let door-to-door peddlers, high pressure television or mail order advertisers overpower your judgement. The best advice you can follow about what medicine you should take is your Physician's. He can prescribe the proper medication, because he can diagnose the cause of sickness.

We can compound your Prescription just as your Physician has written without any delay or wait. We will deliver promptly.

A great many people entrust us with their prescription. May we compound yours?

TEXAS PRESS ASSOCIATION

Weekly Health LETTER

Issued by the State Health Department

AUSTIN — Various educated guesses as to the number of undiscovered diabetics in the United States place the figure somewhere between one and two million. Undoubtedly a fair proportion of them are Texans.

Diabetes is a systemic metabolic disease in which the body loses its ability to use sugar normally. It can develop at any age, but most new victims are 50 or older.

Normally, the gland called the pancreas produces a secretion called insulin which is released into the blood. In the presence of insulin, sugar in the blood is burned, especially by muscular activity. Any excess of sugar in the presence of a normal amount of insulin is stored temporarily, mostly in the liver, and released into the blood stream as needed. This is the normal pattern. But in a person suffering with diabetes the pancreas fails to pro-

duce sufficient insulin. And when starches are eaten and absorbed as sugar, the body is unable to control the sugar normally by storing it in the liver or to burn it efficiently in muscular exercise. Result: the sugar content of blood increases abnormally.

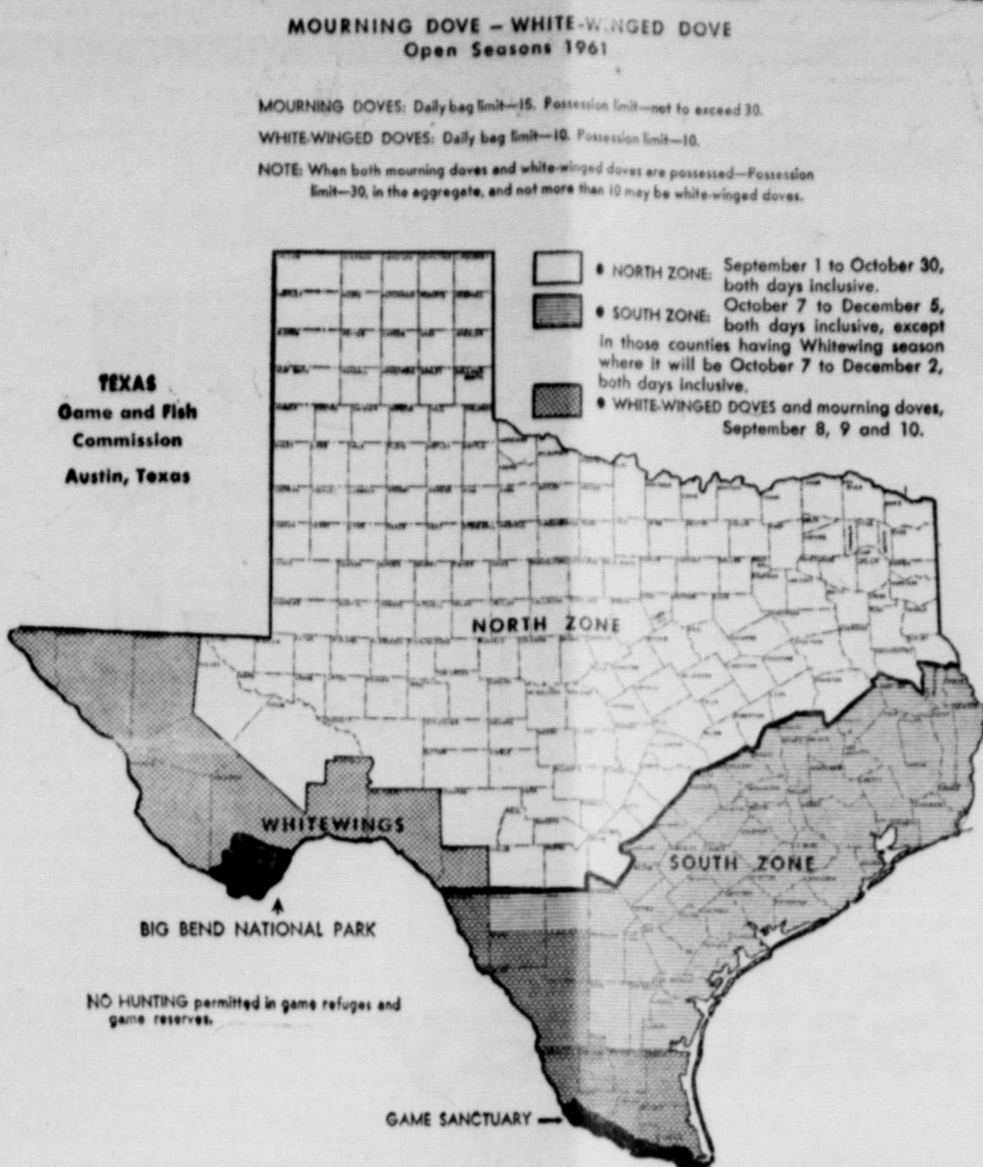

Because a diabetic is unable to burn sugar efficiently for energy, he becomes weak and tired, hungry and undernourished.

When blood sugar gets too high, the kidneys—in an effort to lower it—removes some of the sugar by excreting it in urine. This makes the body dry and creates thirst.

Proof of the hereditary nature of diabetes is the fact that surveys of diabetic children show 80 percent are from families with a history of diabetes. Recent studies have shown that both mothers and babies weighing 10-12 pounds at birth have a pronounced tendency to develop diabetes in later life.

Overeating and lack of muscular exercise tend to promote obesity which in turn create a tendency toward diabetes. It has been shown that 20 fat persons develop the disease for every thin one who does. Moral: don't overeat, don't get overweight, but do get plenty of exercise.

You can judge your own dis-

NO HUNTING permitted in game refuges and game reserves.

SPECIAL NOTE: Unlawful to take white-winged doves or chachalacas south of U.S. Highway 83, formerly State Highway 4, in southern tip of Texas, marked on map as "Game Sanctuary," and the Big Bend National Park in Brewster County.

SHOTGUNS: Must be plugged permanently to three-shell capacity, may not be larger than 10 gauge. Hunting doves with rifles prohibited.

SHOOTING HOURS: Mourning doves, 12 noon to sunset—except in areas having white-wing season, where the shooting hours will be from 2 p.m. to sunset on September 8, 9 and 10 (consecutive days) only. White-winged doves, in season, 2 p.m. to sunset.

position toward diabetes. Are you overweight? Do you overeat? Is there diabetes in your family? Were you a "heavy" baby at birth? Do you have any of these symptoms: persistent hunger or thirst, loss of weight or strength, excessive urination? If so, you're a fair candidate for diabetes and ought to promptly consult your family physician.

Mrs. Grace Humphries of Oklahoma City, Okla., is visiting her sister and husband, Mr. and Mrs. R. M. Almanrode, this week.

Mr. and Mrs. L. M. Patterson and Mrs. George Weber of Gove attended the funeral of Mrs. John Melton in Weatherford last Monday afternoon.

Game License For New Year On Hand

AUSTIN — Mail sacks containing approximately one and a half million hunting and fishing licenses reached license dealers of Texas Monday, August 21. These are the new hunting and fishing licenses for the 1961-62 season, which will become effective September 1.

September 1 is the date also for the opening of the dove season and the rail season in Texas.

The hunting license will sell for \$3.15, and the fishing license for \$2.15. A non-resident hunting license will cost \$25, that entitles a person to hunt any of the wild game animals and wild game birds during open season. A non-resident may hunt migratory birds for 5 consecutive days with a \$5 license. The \$2.15 fishing license applies to both resident and non-resident.

A hunting license is not required of anyone under 17 or over 65 years of age outside the county of their residence. A license is required of anyone hunting deer or turkey. An exempt license may be obtained by persons under 17 or over 65, or by a person hunting on property on which he resides. A fishing license is required for all persons 17 years of age to 65 who fish outside their home county or who use a rod and reel.

In addition to the licenses for sportsmen, some 30 other licenses are offered to cover trapping, netting, and commercial fishing. Licenses may be purchased at practically all sporting goods stores, from the county clerk, game warden and many other locations where license dealers are available.

Dr. and Mrs. J. B. Reneau, Jr. and family spent the week end at Texas A&M College, where John registered for the fall term.

Activities of The Colored People

By Fannie Mae Johnson

Service was well attended at all churches Sunday.

The West Beulah church had their pastors third anniversary service Sunday at 3 p.m. The sermon was preached by Rev. Miller of Stamford. Rev. S. L. Sanders preach Wednesday night. Rev. Willie Johnson preach Thursday night. Rev. Q. H. Bevers preach Friday night. The choir from Stamford sang Sunday evening. The offering was \$87.97.

Mrs. Mary Alice Brown and Mrs. Ada Mae Napper of Wichita Falls visit Marie Wilson last week. He was sick.

Mrs. Clarice Moore visit here Sunday from Wichita Falls. Miss Valorie Toliver visit her parents, Mr. and Mrs. Willie Toliver, on the week end.

Mr. W. C. Chandler and little granddaughter arrive home Sunday evening from Oklahoma City.

The pastor of the Methodist Church, Rev. Weeks, preached a wonderful sermon Sunday night. The members of West Beulah worship with them. He led the congregation to spiritual heights. Many encouraging word were found in his message.

The Sunday School is going forward under the leadership of

Knox Prairie Philosopher Comes Out With Big Fool-Proof Method To Finally Unite All Of Mankind

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek takes a fanciful flight this week, but lands back on the ground.

J. A.

Dear editor:
A bunch of us was sitting around talking about the terrible world situation—it's a funny thing, I never have been able to understand why the leaders in this country can't solve these big problems when there are plenty of people practically everywhere who can tell them exactly how to do it, although I'll admit some of them have a little trouble handling their own problems at home, especially the financial ones—and one man said he didn't believe there is any solution to the international situation.

"If it's not Cuba, it's Berlin, and tomorrow or the day after there'll be something else, I can't see anything but turmoil and crisis ahead for this world for a long time to come," he said. "In fact," he added, "I don't think there is a solution, and there probably never will be."

I came home and got to thinking about this and after thinking through four naps and three or four working days I have finally hit on a solution. I have figured out a way for man to live with man and stop all this turmoil and nation-against-nation warfare.

The thing to do is keep exploring space, don't just stop with the moon, keep going, to Venus, Mars, etc., and still keep going until one day amid the billions of planets I understand are out in space somebody from the earth may run into a planet that's inhabited by people.

Now when he does, if he's smart, he'll make these people mad. Scorch them with the tail from his rocket's jet-blast, turn some mosquitos and flies loose on them, spread the common cold among them, drop them some television sets, give them the recipe for instant mashed potatoes, anything to make them boiling mad, then high-tail it for home.

Naturally, these people on this strange planet will declare war on the earth, and not having ever heard of the United States or Cuba or Russia or Scandinavia or East Berlin or Democrats, Republicans, Socialists or Communists, will start fighting everybody helper-skelter, and the only thing for us to do will be to unite and start fighting back. This positively will unite the world, and while it won't eliminate fighting, it'll eliminate fighting among ourselves.

If you think this plan has any merit, you think more of it than

Can Nancy win her lawsuit? Yes, said the court. The stove as offered to the public was, by reason of its negligent construction, inherently dangerous. The manufacturer knew or ought to have known of the defective condition of the article it placed on the market for general use. It places no hardship on manufacturers of such articles to charge them with knowledge of their own methods of manufacturing and of the defects in such methods if they exist.

The court further pointed out that although the danger inherent in the defect in the container was manifest to those who understood and were familiar with the method of fastening the cap to the container, it could not be said that the danger was apparent to Nancy, who had no knowledge of the manufacturing method used in making the stoves. Nancy had a right to assume that the stove was reasonably safe for use with ordinary care on her part.

Notes From Knox Farms, Ranches

By Jack Moore, Knox County Agent

Grain Sorghum Demonstrations

Harvesting of the grain sorghum demonstration plots in Knox Co., are underway. In the demonstration plot on the Herring farm that got half two weeks ago, there was a definite difference in the amount of hail damage on the different varieties.

On the Keuhler farm, there was not as much difference noted; however, the amount of hail was lighter on the Keuhler farm. Varieties that are yielding good are RS610, Red Raider A., Ranger, TE66, RS608, NK210, and C45.

The results that are obtained from the plots are not a scientific results and only through more years of demonstration plots will the conclusions have base for opinion. A composite listing of the results will be made and available upon harvest of all the demonstration plots.

Soil Samples

Some of the latest soil samples out of Knox County to the Baylor Co., Soil Sampling Lab., have been processed in three days. Samples in the Vera and Goree area have been for wheat. The samples taken have shown that there was a difference in the fertilizer recommendations using a 30-30-0 on one of the farms and a 20-0-0 now and then 30-0-0 in Feb. if the soil is moist. This simply shows that all soils do not need the same fertilizers or same rate of fertilization.

Civil Defense

The Texas Agricultural Extension Service has been receiving information on Civil Defense for the past several months, and there have been several requests reaching the county agent's office for information on fallout shelters. County Agents all over the state have received information and can obtain for the public several bulletins and blue prints for constructing fallout shelters and can give the public information on converting their existing storm cellars into fallout shelters.

It has been said that the storm cellars that now exist all over this part of the state could be converted to fallout shelters in most cases for less than \$200.00 and in many instances for less than \$100.00. The County Agents

Program On Home Safety To Start Sept. 1st

A year-round home safety program will be launched September 1 by Lone Star Gas Company and The Munday Times.

"National Safety Council findings," Lone Star Gas Company Manager O. F. Gates said here today, "show that home accidents are fundamentally the result of inadequate knowledge, insufficient skill and faulty attitudes. In line with these findings we have produced, as a public service, a home safety program having as its objective the saving of lives and the prevention of home accidents by teaching the individual how to detect and eliminate home hazards.

"A home accident kills an American man, woman or child every 19 minutes," Mr. Gates continued, "and injures 480 every hour. These National Safety Council figures are stark reminders that our lives and the lives of our loved ones are in jeopardy every second of the day and night. We must learn to detect and eliminate home hazards now if we are to make our homes safe places in which to live."

Advertisements and stories on home safety will be published in the Munday Times during September and October.

Other home safety program materials are kits for home study and discussion, and for group meetings.

The home study and discussion kit is designed for effective home study and discussion by family groups. It contains materials describing and picturing home areas in which accidents can occur and suggesting methods of eliminating accident hazards. It contains home safety references and guides. These free home study kits may be obtained at Lone Star Gas Company and co-sponsor offices.

The group meetings kit contains a discussion on home safety and a booklet of charts. These materials are for use in employee and public home safety meetings. They are available to interested companies and groups desiring to conduct home safety meetings in their plants and may be obtained from Lone Stars of office in Munday.

have a list of the food and other items that are recommended for the family shelter.

Zagarola Is Named Firm Vice President

Appointment of a former Southington, Conn., resident as a company vice president was announced recently by Nigro Freight Lines, Inc.

He is Victor A. Zagarola, whose wife was reared in Munday, and who resided at 11 Chaffee Lane, Southington, before moving with his family to Decatur, Ga., a year and a half ago as regional manager at Atlanta.

The freight line operates through New England and the South.

Mrs. Zagarola is the former Juanice Jones, daughter of Mr. and Mrs. C. C. Jones.

Fees Increased On Drivers Licenses

AUSTIN—The Texas Department of Public Safety reminded Texas drivers today an increase in license fees has been ordered by the Legislature effective September 1.

The Texas operator's license on and after that date will be increased from \$2 to \$3 for a two-year period, the commercial driver's license will increase from \$3 to \$4.50 for a one-year period, and the chauffeur's license will go up from \$4 to \$6 per year.

The fee for a duplicate of a lost license will remain at 25 cents.

"We urge all drivers to be sure they send the right amount in with their renewal applications," said Col. Homer Garrison, Jr., DPS Director. "Those which are accompanied by the old fee after September 1 will have to be returned to the sender, causing unnecessary delay and inconvenience."

He said the \$3 two-year operator's license will still be lower than the fees in 12 other states, and will be exactly the same as in five other states. He reported Texas now has 4,838,000 currently-licensed drivers.

"Incidentally," said Garrison, "we would like to urge drivers to take care of their licenses, in spite of the fact that it only costs 25 cents for a replacement. Last year we received 85,000 applications for duplicates of lost or mutilated licenses."

LOCALS

Mrs. Clifford Rhoades, Lila Ann and Clifford, Jr., accompanied by Mr. and Mrs. T. A. Rhoades of Haskell, visited relatives in Borger last Friday and Saturday. They visited with the T. A. Rhoades daughter, Mrs. Ray Goodwin, who is ill in the hospital in Borger.

Mr. and Mrs. Jim Welch attended the funeral of Bob Ashley in Vernon last Tuesday morning.

Joe Kenneth of Waco visited his sister, Mrs. Eva Belrose, last Tuesday night and Wednesday.

Mrs. P. V. Williams returned home last Monday night from Corvallis, Oregon, where she has been visiting the past month with her son, Col. Jack Williams, and family. Enroute home she visited over the week end with her daughter and family, Mr. and Mrs. Perry Willson and sons, in Dallas.

H.S. ENROLLMENT
A total of 153 students had enrolled in Munday High School as of Tuesday, August 29. By grades they are: ninth, 47; tenth, 34; eleventh, 37; twelfth, 25.

CARD OF THANKS
I want to thank my friends for the visits, flowers and cards during my stay in the hospital. I do appreciate all those kind deeds.
