

THE MUNDAY TIMES

Volume XXVII.

Munday, Texas, Thursday, May 21, 1931.

Number 4-6

Knox City Takes Lead As Goree Blanks Munday

Blankenship pitched Goree into a tie with Munday for second place in the Brazos Valley league here Sunday afternoon when he turned Munday back, 10 to 0. Blankenship limited Munday to four hits while his mates were collecting 11 safe blows, four of which were collected by Blankenship himself in as many times at the bat. After Ledbetter had hit three men and walked three he was relieved by Melton who fared but little better. Speck then took the mound and hurled fine ball for the last four innings, giving up only one scratch single down the third base line which resulted in a home run when the left fielder failed to hustle in getting the ball back to the infield. Score:

Knox City Wins From Rhineland To Tune of 8 to 4

Knox City took undisputed leadership in the Brazos Valley league Sunday afternoon by downing Rhineland, 8 to 4, while Goree was blanking Munday, 10 to 0. Hill pitched great ball for the winners, giving up only four safe blows while his mates were pounding out 11 hits. Alfred, Knox City shortstop, was the sensation of the game with all around playing in the field. Score:

Constable Blake Has Round With Negro For Pistol

Constable Grady Blake had a little difficult Tuesday afternoon in taking a gun from a negro who had just driven into town from Stamford. Constable Blake had been informed that the negro was armed and when he accosted him near the Stodghill blacksmith shop as he was sitting in his car the negro protested that he was unarmed, however, Grady made a further investigation, and as he ordered the negro to get out of the car the negro made an effort to reach for the gun and the two scuffled for possession of the weapon for a few minutes, finally fell came and the negro was carried to the city jail and later transferred to the county jail at Benjamin, where he will likely await the action of the grand jury.

Singers To Meet In Munday On Sunday Evening

The Knox County Singing convention will be held in Munday on Sunday afternoon at 2:30 at the Methodist church, and all singers of the county and adjoining counties are urged to be present, as well as the public in general.

A good program will be carried out.

Double play—Allred to R. Edwards to Denton. Umpires—Abner and Haney. Time of game 2:10. Errors—A. Kuehler 2, McGlothlin, Leo Kuehler, Aug. Loran 2, L. Kuehler, R. Edwards 2, Norman Allred.

Sunset Comes Out of Cellar In Win Over Weinert 3-2

Garvin of Sunset bested Pitman of Weinert in a pitchers' battle at Weinert Sunday afternoon by the score of 3 to 2 for Sunset's first win in the Brazos Valley. Weinert scored their runs on a triple and home run by Wheatley. A walk, an error and Sunset's only hits of the game gave them their runs. Pitman was airtight in all but this one inning. Garvin pitched steady ball throughout the game. Both pitchers were awarded sentimental support in spite of the number of errors committed by both clubs. Score:

By Albert T. Reid

Teachers Leaving This Week For Respective Homes

With the closing of the school term, most of the teachers are leaving the latter part of the week for their various homes, and many of them will spend the summer months attending summer normals in the various schools of the state.

Sunset School Will Present Tree Act Play Friday Evening

"A Fortunate Calamity", a three act comedy-drama, will be presented at the Sunset School on Friday evening by the student body, and the public is extended a cordial invitation to attend the play. The play is being presented for the benefit of the Parent-Teacher association, and an admission charge of 10 and 15 cents will be made.

Diphtheria Serum Will Be Given By State Health Nurse

We are glad to announce that Miss Susie Durden, the State Public Health nurse, will be in Munday June 1, for her first clinic. This clinic will be for the immunization of diphtheria only, and includes children from one to fourteen years of age, both the vaccine and serum will be free.

Dr. Scholl's Foot Specialist Will Visit Fair Store

Most everyone has some kind of foot ailment—a corn that acts as a weather barometer, or a toe that has developed a habit of getting in the wrong position—and it will be good news to those folks to learn that a specialist from the offices of Dr. Wm. M. Scholl of Chicago will be at the Fair Store on Tuesday, May 26th, and will give free advice and instruction as to how these foot troubles may be relieved without the slightest inconvenience. This specialist carries with him special instruments for registering defects of the feet, and no charge whatever is made for these examinations.

Widows of Two Presidents

Hailstorm Damages Auto Tops and Crops On Thursday

Many automobile tops were damaged and probably other damage done by a hailstorm that hit Munday on Thursday afternoon, during which time the hail literally covered the ground and many of the hailstones were very large. Leaves and limbs were knocked from trees and gardens and small grain in this immediate vicinity suffered.

Miss Grace Bailey Will Give Recital Thursday Evening

In request to repeat a piano program given during National Music Week in Frederick, Okla., Grace L. Bailey will appear in a recital Thursday evening, May 28th, 8:15 o'clock, in auditorium of the First Methodist church.

RAMBLINGS

By the Parson
Safety First:
To avoid trouble and insure safety, breathe thru your nose. It keeps the mouth shut.
How Old Are You?
Age is a quality of the mind. If you have left your dreams behind; If hope is dead, If you no longer look ahead, If your ambitious fires are dead, Then you are old.

Mayor of Liverpool

A young lady seeking to make sure of her elopement dressed up in her father's pants for the get-away. The young local editor came out with an editorial on the affair headed as follows: "Flee in Father's Pants."

Why Landlords are Richer Than Tenants

The reason landlords are richer than tenants is because they pay for a house but once and quit. Money:
Friend of the masses, Support of the classes, Aim of the lazes, Ruin of the aases.
Success:
If you'd succeed in life's advance; This motto heed "Can your can'ts."
How to be Happy:
Find the work you love and do it.
Be moderate in eats, drinks, rest, work and all bodily desires. Serve yourself by serving others. Get money, but don't let money

Mrs. R. B. Wilson Weds Girlhood Beau At Clovis

A romance which had its beginning in the early days of Munday culminated in the marriage on Monday, May 18, at Clovis, New Mexico, of Mrs. R. B. Wilson of this city to Mr. Joe A. Fenstermaker, of Cottonwood, Arizona. Many years ago—back when Mrs. Wilson was Miss Birtie Stamps—she and this gentleman were sweethearts, and were then engaged to be married, Mr. Fenstermaker at that time being a resident of Munday, his parents being among the early settlers in this section, and their engagement was broken only a few days prior to her marriage to R. B. Wilson, some thirty-two years ago.

Following her marriage Mr. Fenstermaker left Munday and within a few years he also married, and they each made their individual homes, probably not often thinking of each other. Some twelve years ago Mr. Fenstermaker's wife died, and some five years ago Mr. Wilson was called by death.

In recent years Mr. Fenstermaker had likely thought of his former sweetheart in Munday and wondered about her. In fact, his thoughts of her became so persistent that he subscribed for The Munday Times in order to see if he could find some trace through the columns of the paper of this one individual to whom his thoughts frequently wandered, and sure enough he found a brief local note stating that Mrs. Wilson had gone to Fieldton to be with her son, Urs, and seeing the notice he immediately wrote her a letter, telling her of his movements during the many years and of the loss of his companion some years prior, not knowing that Mr. Wilson had passed away also in the meantime.

Anyway, the old romance was revived and culminated in the marriage of the two at Clovis on Monday, after which they left for the Grand Canyon, where they will spend two weeks on a honeymoon trip, after which they will make their home at Cottonwood, Arizona, where Mr. Fenstermaker is superintendent of a mine and has extensive interests.

Prior to her marriage Mrs. Wilson consulted with and obtained the consent of each of her children, Epp, of Munday; Urs, of Fieldton, and Mrs. Lillian Robertson of Dallas, to her marriage. Mrs. Robertson and Epp going to Fieldton the latter part of the week and were there at the time of the marriage.

Mrs. Wilson is well known and universally respected over the Munday country, where she has resided a major portion of her life, and she has won the admiration of all by her able and competent management of her business interests since the death of Mr. Wilson, and we join with her many friends in wishing for them a long and happy married life.

Dewey McDonald of Childress was here first of the week visiting friends.

get you. Aim to bring a bit of sunshine into every life you meet.

W. C. Howell, Pastor.

Otis Tomlin, who is attending school in Fort Worth, is here for a brief visit with his sister, Mrs. L. E. Levelles.

County Donates \$300.00 In Drive Of Immunization

On Tuesday a committee composed of Dr. T. S. Edwards of Knox City, Mrs. Wm. P. Farrington of Munday, and representatives from other communities of the county went to Benjamin and appeared before the Commissioners Court and asked for an appropriation of \$300.00 to carry on the immunization work among the school children of the county, which was readily granted following a talk by Dr. Edwards. The funds will be used in immunizing children over the county against diphtheria, typhoid and smallpox. The committee was very much gratified at the willingness of the commissioners to cooperate in the movement.

In this connection, Miss Susie Durden, state health nurse, who is to be in charge of this work in Knox and adjoining counties, was here first of the week making preliminary arrangements for her visits to Munday, and arranged to return here on June 1st and 2nd to begin her work, and will return thereafter at regular intervals to continue her work.

This work is made possible through an appropriation made by Congress for carrying on this immunization work over the drought stricken areas, and it affords everyone an opportunity to receive these treatments.

In communities where immunization has been carried on in a systematic way for a number of years these dreaded diseases have been almost completely eliminated, and parents should see to it that their children are made immune from these diseases which claim the lives of so many children each year.

Two Hundred In Sunday School at Methodist Church

School days are over and "good-bye summer time" is drawing near. So as we come to the hay days and play days of the year shall we not be reminded that the church is the one and only institution that offers to provide a place for each member of the family to associate with that group of individuals to which he or she instinctively desires to belong. We had 200 in Sunday school last Sunday. Let's every body come to church next Sunday.

The first Sunday in July will be "Rally Day" for the district. The Presiding Elder will be responsible for the program. We will have many visitors and dinner on the ground. Everybody, visitors and all, will bring baskets and we will all have a great time together. Let's make it a big day, both for ourselves and our visitors. Come to church Sunday.

W. C. Howell, Pastor.

Otis Tomlin, who is attending school in Fort Worth, is here for a brief visit with his sister, Mrs. L. E. Levelles.

29 Graduates Get Diplomas From Munday Schools

The final exercises incident to the closing of the Munday Public schools are being held this week and the curtain on the year's work will be wrung down on Friday, when the students will receive their report cards and good or bad news as to whether they have been promoted or not.

The baccalaureate sermon was delivered at the community auditorium on Sunday evening by the Rev. P. D. O'Brien, who drove here from Matador, where he delivered a similar address on Sunday morning. As usual, the Rev. O'Brien delivered a very forceful address, which was well received by the large audience which filled to overflowing the large auditorium. The Rev. O'Brien was accompanied by Mrs. O'Brien and the children, who enjoyed the brief visit here with old friends. They returned to their home at Floydada on Monday morning.

On Friday evening the Class Night Program was held at the community auditorium, and was a most interesting and enjoyable event in which the salutatory address was delivered by Helen Frances Eiland and the valedictory address was delivered by Floyce Crume.

The commencement exercises were held on Tuesday evening at the community auditorium, at which time the address was delivered by Prof. H. R. Arrant, teacher of chemistry in Simmons University of Abilene, and at this time diplomas were given to the following graduates by Supt. H. H. Riley: Mildred Allison, Lela Brock, Hene Bowden, Floyce Crume, Joe Ed Duval, Frances Dickerson, Hazel Deane Eiland, Helen Frances Eiland, Lorene Jones, Rex Holder, Marjorie Harris, Hubert Isbell, Flora Lee Hunter, Mary Alice Lowrance, Lillian McGlothlin, Louise Atkinson, Louise Aycock, Blanche Newsome, Helen Patterson, Nolan Phillips, Frankie Redwine, Opal Russell, Paul Pruitt, Aristol Thompson, Vera Tate, Mary Hope Smith, Burt Williams, Beattie Womble and Gilbert Myers.

Music and Speech Arts Recital Is Loudly Praised

The program presented by expression and music pupils of Mrs. H. F. Barnes and Mrs. Louise Ingram at the Baptist church on Friday evening of last week has been declared by those in attendance as being one of the very best programs that has ever been presented in Munday, and the youngsters were greeted by an audience that filled the building to overflow, and the public has been profuse in its praise of the program rendered by the pupils of these two able teachers who preside over the fine arts department of the Munday schools.

THINKING OUT LOUD

BY JAKE N. NEDY

There weren't no TOL last week. This omission might have been due to the fact that there wasn't any room for it, or it might have been due to the fact that TOL, being afflicted with a contrary case of flu, didn't have anything on his think-tank that would have proven uplifting to the mental well being of his customers, and in a case like that silence is golden.

And furthermore, if this column doesn't possess that up-lift trend let us lay claim to the same alibi that we used heretofore—the flab for if there is anything that renders one non compos mentis, or whatever that is, it's the flu.

Naturally, we haven't taken all the remedies that have been prescribed by anxious friends, but we have nevertheless applied various and sundry remedies—both internally and externally—and about the best we can say at this writing is that it hasn't gotten as completely down yet—neither the flu or the remedies.

Irving Cobb, in describing the Kentucky Derby, after going into details concerning the wonders of the event and the tense moments incident thereto concluded by stating that until you witness the event you haven't seen nowhere and you haven't seen nuthin, and that about fits TOL this week. He hasn't been nowhere and he hasn't seen nuthin.

If you want to hear a baseball game all you need do is to stop where two or three have assembled and you'll hear one of the games played all over again.

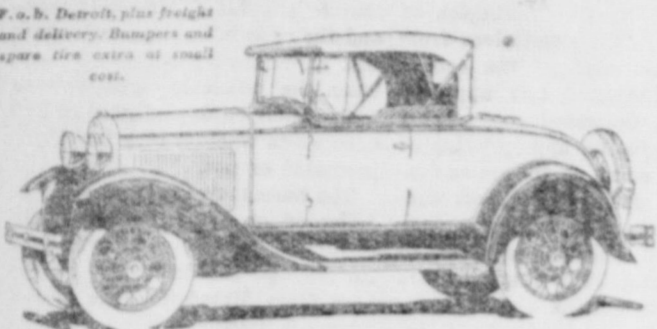

Anyway, Munday took nose dive in the Goree game Sunday and from the way those Goree boys rapped the ball they are going to be mighty hard to get along with as the season progresses.

Goree has a backstop in lieu of a catcher in the person of Ex-Mayor Oys Coffman. With that bird behind the bat there's no way for a ball to get over, under or around, therefore it's just stopped—and that's that.

Goree has a well balanced team, and while we'll admit we have certain prejudices favorable to the home town gang, we are going to predict that the boys from Goree will give some team some strong competition for the pennant. We reserve the right to change this prediction after we have seen all the teams in action.

KENNEDY & KENNEDY, Publishers
JESSE A. KENNEDY, Editor
JULIA A. KENNEDY, Associate Editor

SUBSCRIPTION PRICE \$1.50 PER YEAR

Entered as second class matter January 4, 1919, at the postoffice at Munday, Texas, under the Act of Congress of March 3, 1879.

PUBLISHED EVERY THURSDAY

THERE'S NO CAUSE TO WORRY

Nebraska's Own Magazine re-asserts: "Some years ago when we were sinking type for a living, we were scared that the coming of the linotype would put us out of business and with our family we would starve to death or something. Since that time we have seen the battle manufacturers, the hair net and hair pin manufacturers, and the petticoat manufacturers get out of business and still the old world wobbles along and we still eat regularly. All of which makes us think that notwithstanding the truck and bus, our railroad friends will somehow get along. Incidentally we notice that the Northwestern railway folks have on a section of their lines started door-to-door freight carrying. They are now going into the transportation business."

NOT FOUND IN WASTE BASKET

The editor of the Texhoma, (Okla.) Times upon noticing fully 50 per cent of the direct by mail advertising was discarded by the recipient at the postoffice, pens this message to the local advertisers: "Advertisements placed in the home town paper find their way to every home in the community, and well scattered over the trade territory—and you won't find the home town paper in the waste baskets in the lobby."

"The people of the town and community are interested in the home town paper. They subscribe for it, and when a copy is missed they come to the office for another copy. It is read from cover to cover, laid to one side, read again, and another member of the family reads it, and it is discussed in the homes, and so are the advertisements. The home paper carries the news of your birth, your marriage, and your death; and it boasts for the interests of the merchants of the town. Show us a piece of direct mail advertising put out by any merchant that is boosting for your town and community. He is trying to get before you the facts of his business, or the sale that he is putting on."

CITIES MAY ADVERTISE

The courts of California have decided that a city may expend public funds to advertise the benefits of its community. The City of Sacramento has agreed to pay for an advertising booklet and when payment therefor was questioned the matter went into the courts. The opinion of Chief Justice Waste said:

"We are of the view that, by common consent, it is now generally held to be well within a public purpose for any given locality to expend public funds, within due limitations, for advertising and otherwise calling attention to its natural advantages, its resources, its enterprises and its adaptability for industrial sites, with the object of increasing its trade and commerce and encouraging people to settle in that particular community."

trust, when he loses his job or becomes short of cash, must cut down sharply on expenditures for objects such as rent, motoring, clothing, and even food. The farmer, while he may drive his automobile less for pleasure, keeps it because it is needed in his business, his food supply is practically unchanged, and even if he loses his farm ownership, he may be retained as a tenant, and with all his homestead effects, by the person who takes over title, since the farm can not well be permitted to lie idle."

CHURCHES GAIN

Churches in the United States gained 38,350 members in 1930, according to Dr. G. L. Kieffer, Statistician for The Christian Herald. This was only about one-third of the gain in 1929 and one-twelfth of that in 1928.

The largest gain by any general denomination was made by the Baptist, followed by The Lutheran, the Catholics and Episcopalians. The Methodist showed the largest decrease of any other general group, followed by the Presbyterians and the Disciples of Christ.

"If the churches are losing ground," writes Dr. Kieffer, "the reason and the remedy can be found in part in an analysis of the message they are proclaiming to the world. An age of doubt and question, of depression and lawlessness demands from the pulpits of the land a clear ringing statement — 'We should fear and love God'; 'Despise ye not the church of God'; 'It is written in the word of God.'"

"Religious education of the youth of America is a crying need. If there is a poverty of religion in the universities and schools of higher education, as is sometimes alleged, with its consequent pseudo-science, atheism and the like, the situation needs a searching analysis by the churches and a remedy promptly. University pastors must be supplied and work among the students, carried on by various

church bodies and by church boards of education, is to be commended and should be emphasized.

"But there are not a few favorable signs. One is that there has been no decrease in the number of new edifices; another is that there has been a gain in the number of ministers. The younger ministers do not seem to be falling off, and it is from them that the church must expect the evangelistic

appeal which it so much needs." Dr. Kieffer declares that another encouraging fact is that in 1930 there were ten church members for each seventy-five of population and in 1930 there were ten for every twenty-five.

The world would be much better if every adult would make an effort to make life happier for some group of youngsters.

"When I sell anybody on Germ-Processed Oil once . . . they stay sold!"

THE use of Conoco Germ-Processed Motor Oil becomes a decided preference once you have had it in your crankcase. Its value to your motor, and to you, is quickly demonstrated. You may never have need to call on it for the extra safety factor it provides. You may never drive fast enough to test its ability to stand up day after day at 60 miles per hour. But when your speedometer says it is your usual oil changing time and you find your oil in perfect condition for longer use . . . when your gas-

gauge tells you that your mileage has definitely increased . . . when the space of time between added quarts of oil and between repair bills has appreciably lengthened . . . then you know that you were right in changing to Germ-Processed oil.

So many motorists have changed to Germ-Processed and "stayed sold" that it has caused a real stir in oil circles. Join these motorists in their satisfaction. Stop today at the sign of the Conoco Red Triangle and ask for Conoco Germ-Processed Motor Oil. All grades 55¢ per quart.

**A DREAM OF
TOMORROW . . .**

The great captains of industry today are men who had merely a vision and energy a generation ago. They worked hard, they made their dreams take shape in concrete and steel and glass—in lands or other property . . . Most likely it was their banker whose counsel and advice and financial aid gave them their start. . . It is to the weaver of dreams of tomorrow that this bank dedicates its support.

THE FIRST NATIONAL BANK

Good shoes that tread lightly on the family budget

NEVER be satisfied with less than solid leather shoes for yourself or the children.

There's no need to, with the easy prices on Peters "Diamond Brand" Shoes.

Peters Shoes have built a national reputation for themselves on smart style, perfect fit, lasting comfort and wear. Their good looks are built in with solid leather.

That means real leather not only in the parts of the shoe you see, but also in the counters, insoles—in all those hidden, but vital parts upon which long wear and comfort depend.

Believe us when we say that Peters Shoes offer more dollar for dollar value, longer wear, and more real shoe satisfaction.

Come in today and see our latest styles. Bring the children with you. We can fit the whole family, at a worth while saving.

Hear Gus Haenschen and his "Diamonds on Parade", famous music makers of the air, each Thursday evening during "Peters Parade".

SOLID LEATHER FOOTWEAR

County-Wide Seventh Grade Exercises To Be Held at Benjamin 31st

Salutatory—Pupil making second highest grade.

Class History—Representative of school making highest average in the county.

Valuetory—Pupil making highest grade in the county.

Address—S. B. Maddox, Trustee Delivery of Promotion Certificates—Mrs. Ethie Lee P'Pool.

The State Department of Agriculture has sent a message signed by Governor Sterling, S. M. N. Marrs, and ten others asking that children and teachers wear dresses of cotton at graduation exercises.

The request reads something like this: "Dame Fashion has decreed that cotton is smart dress material this year. Nature, in clothing the prairies this spring with beautiful native flowers, has given us a wise suggestion; Cloth our teachers and children in cotton, the staple product from our farms, for commencement exercises of our schools,

NOTES AND COMMENT

When is a sale a sale? The answer is, when it is advertised.

One way to please the public is to say nice things about the public.

Time passes rapidly for a busy man; only the loafer finds hours long.

A man out of debt is a free man, regardless of what the Declaration of Independence might say.

Wives ought to remember that husbands, like hound-dogs, move better if given a little loose rope.

Personally, we don't know the answer, but the nation can well afford to put some thought on what will happen if the railroads are put out of business.

What the country really needs is a new recreation, which will afford good health for fat men without much exercise.

The Times is not crazy on the subject of trade-at-home but it does urge all its readers to give the idea serious consideration and to adopt it as far as possible.

then let the parents and friends drive out for the closing exercises, as we drive out to view our prairies and then let our hearts thrill with patriotic pride. Texas cotton." Mrs. Ethie Lee P'Pool.

Carload Gilts Well Be Distributed To Knox Co. Farmers

One car-load of gilts was unloaded in Benjamin last Wednesday. The gilts being placed in most instances one to the farm. These gilts were shipped from Sioux City, Iowa, and came from accredited herds which are immuned from Cholera. They are also from purebred stock and were shipped in for foundation stock which the county and state is in need of.

J. C. Timney, representative of the Fort Worth Stock Yards Co., gave the fullest cooperation to the county agent in placing these gilts over the county. These hogs were financed by the Stock Yards National Bank of Fort Worth, in cooperation with the local banks.

The largest part of the gilts went to the northern part of the county and to the Vera community, which has at the present time a very bright prospect for a fine wheat crop.

These gilts were of stocker quality, sold at meat prices plus shipping charges, amounting to a very reasonable charge. In shipping these gilts in it is only to supply the shortage of a living at home program and which our neighboring counties have already or are doing at the present time.

W. E. Jones, County Agent.

Business, to succeed, must be profitable to buyer and seller. Few sensible people object to paying a profit for real service.

SPEND—But Save Too . . .

Buy sensibly, buy normally. But don't spend all your income. Put a portion aside each month. That is the golden mean between the wastrel and the miser—a duty to yourself and your family.

Father and Son Banquet Staged By Aggie Class

By Gilbert Myers

At the first annual Father and Son banquet given by the vocational agricultural class, R. G. Elland, president of the school board, made a very interesting talk. He told of the first agitation toward teaching agriculture in our high school, and of the things that the school board anticipated for the department.

In behalf of the vocational agriculture boys, I wish to assure the Munday school taxpayers that never in the history of our school has there been taught a more worth while course than vocational agriculture. Never has there been a subject in which the students took more interest, or obtained more practical and applicable knowledge.

In some way the monotony of the old school grind is broken by the time spent in the Agg. room. It is plain enough for each boy to see that everything he learns in agriculture can be put to a useful and immediate application.

As this is strictly a farming section, any person should be able to see that it is more beneficial for a boy to know some of the problems of his local community than it is to know Greek or Latin. So, we, as the "Future Farmers of Texas", are willing to do everything in our power to promote our new course. This year's work in agriculture has made two plain the fact that it is better for a boy to know how to terrace a farm, prepare a seed bed, prepare a balanced ration, and similar jobs, than it is to know that Plato played a harp while Rome burned.

Mr. Elland accused the boys of observing which Home Economic girl served the more correctly, and he thought that the joke was on us. This only goes to prove that the men at that feast have not always been gray headed. But the agricultural boys are sincerely proud of the work done by the Home Ec. Club, and we certainly do thank them for the things done in putting over our banquet.

If you have a great belief in the wisdom of the ancients try to answer the puzzling inquiries of a six-year-old.

BRUSHY NEWS

Sunday school and church were well attended.

The farmers are very busy putting seed in the ground. Grandfather Lowe has been seriously ill the last few days.

Grandmother Williams is still very poorly.

Mrs. J. D. Palmer's sister of California spent the week end with her.

Mrs. R. L. Gaines, who has been attending the bedside of her daughter at Ft. Worth, returned home Sunday, accompanied by her son, Tom.

The party given at the home of Mr. and Mrs. J. D. Palmer Saturday night was enjoyed by a large crowd.

Singing was well attended Sunday afternoon at Brushy and all enjoyed the wonderful singing. It will be held at Union Chapel next third Sunday afternoon.

Those present enjoyed a wonderful base ball game Sunday afternoon between Cottonwood and Grasshopper, scores being 13 and 20 in Cottonwood's favor.

—Reporter.

IN MEMORY KATIE NELL JARVIS

Kate, we will miss you. In our class room there's a vacant seat.

On the play-ground there's a missing face, Worst of all, we are all missing Kate.

Kate we will miss you. Your kind and tender heart, the smile upon your face.

As long as we shall live we shall All remember Kate.

—By Mary Helen Partridge, Fifth Grade Student, Sunset.

It would be a pleasure to run this newspaper without charging for advertising or subscriptions but somebody else can have the pleasure.

Those present enjoyed a wonderful base ball game Sunday afternoon between Cottonwood and Grasshopper, scores being 13 and 20 in Cottonwood's favor.

—Reporter.

SPECIAL DEMONSTRATION

Does it Hurt Here? Have you callouses, cramped toes or burning sensations at the ball of the foot? How to get relief from this or any other Foot Trouble will be demonstrated at our store Tuesday, May 26th

by a Foot Comfort Expert of the Chicago Staff of Dr. Wm. M. Scholl, noted Foot Specialist—No Charge for His Services!

If you suffer from your feet, it will be to your everlasting benefit to visit our store on the above date. You will receive an analysis of Podograph prints of your stockinged feet and be shown exactly what your foot trouble is. The Dr. Scholl Appliance or Remedy you need is then demonstrated so that you may know how completely comfortable it will make your feet. All this without cost to you!

• FREE! Each visitor to our store during this Demonstration will receive a sample of Dr. Scholl's ZIRNO-PADS for Corns, and a copy of Dr. Scholl's booklet, "The Feet and Their Care."

Let's have a SHOWDOWN on this matter of TIRE Comparisons

WITH all the conflicting claims published about tires, it is obvious that misleading statements are being made. The only conclusion that you as a tire buyer can draw is that either we, as Firestone Dealers, are misrepresenting Firestone products, or that a certain mail order house is not telling the truth about theirs. Both can't be right—one or the other is misleading the public by their comparisons.

Firestone, in their advertising, only make comparisons that can be easily verified by the customer before buying tires. To attempt to substantiate the comparisons made by this mail order house, it would be necessary to go into a laboratory and employ experts.

The very reason that the comparisons made in Firestone advertising enable you to get the facts yourself, makes it unnecessary for Mr. Firestone to make affidavit on the truth of his statements or to file any complaint with the Federal Trade Commission, and then advertise it, in an attempt to lead the public to believe his statements were true.

Mr. Firestone doesn't ask you to accept comparisons about Firestone Tires and special brand mail order tires until you see the facts yourself. Neither do we. All we ask is that you make your own comparison.

We have cross-sections cut from special brand mail order tires purchased from stocks of mail order house and from Firestone Tires—no "tricky" or misleading comparisons—come in today and make your own comparisons for Quality, Construction, and Prices. YOU and YOU ALONE be the judge!

Champion Speller

Sylvia Dieck won a spelling bee from forty thousand Chicago school children, and a trip to Washington as the prize.

Clyde Nelson of Wichita Falls was here first of the week visiting in the home of his parents, Mr. and Mrs. J. R. Nelson, and other relatives.

Mrs. Earl Owens and little son of Vernon are here visiting in the home of her parents, Mr. and Mrs. R. B. Davy.

D. M. Morgan and family of Silvertown, Texas, were week end visitors here in the home of Mrs. E. H. Stodghill and other relatives.

M. T. Chamberlain, county clerk, wishes us to state that he will be in Monday on June 1st for the purpose of qualifying those who wish to qualify as notary public.

Alvin Floyd and family left on Thursday for Chillicothe, where they will make their home, Alvin having been transferred to that place by the West Texas Union Company, by whom he has been employed for a number of years. Alvin has resided in Monday and vicinity for more than thirty years and he made a special request that we get his Monday Times to him each week in order that he might keep in touch with his many friends here.

Mr. and Mrs. J. Arthur Smith have been in Temple for the past several days, where Mrs. Smith is undergoing treatment in one of the hospitals, and reports from there are to the effect that her condition is somewhat improved.

Mr. and Mrs. Geo. Salem were called to Stamford first of the week, where Mrs. Jimmie Silman

of Woodson underwent an operation for appendicitis. Late information from her states that she is getting along nicely. Mrs. Salem is a sister to Mr. Silman, who resided in Monday for a brief time during the time that C. S. Ammons was a resident of this city.

From Childress comes the news that J. J. Land has been elected as a member of the city council of that city in a special election held there recently. In the regular April election he was elected but it was found that some of the election officials were disqualified by not having paid their poll tax. Mr. Land is a conservative business man and should render a valuable service to his home town, having been elected upon an economical platform.

Mrs. Ben I. Guinn, who has been critically ill in a Wichita Falls hospital, is still very ill and little hope is held out for her recovery. Her condition has been so critical that all members of the family have been summoned and her death is expected almost momentarily, however, attending physicians state she may survive for several days, but hold out no hope for her recovery.

Dr. and Mrs. E. M. Ammons and son, Stearon, and Miss Leona Keel have returned from Houston, where they spent some days attending the

meeting of the State Dental Society, and at which Dr. Ammons gave a clinic which so impressed the organization that he was requested to repeat it at the meeting of the West Texas organization which meets later in the summer at Plainview. Dr. Ammons states that groups in south Texas seem to be getting off to a late start, as cotton is barely up.

D. T. Maublin and various members of the city council of May have been in attendance on the meeting of the Texas Municipal League at Seymour this week, which is composed of Texas cities operating municipally owned utilities, and at which more than sixty towns are represented by approximately two hundred delegates.

... like RABBITS out of a hat!

Do you expect your druggist continually to produce bargains—like rabbits out of a hat? Do you expect him to be able to sell at cost or less than cost and still live? Don't be fooled. The rabbits must come from somewhere... the bargains must be paid for somehow.

If no-profit items are thrust at you, beware! Sooner or later you'll pay—either in buying things you really don't want or goods with excess profits tacked on to them.

- Buy products only of known quality
- Expect to pay reasonably for them
- Buy at stores where you know ALL values are fair
- Encourage retailers to price ALL products so as to give themselves a fair profit on EACH item.

This is in line with our policy. We don't sell you a few items at cut rate and make it up in our Prescription Department, but we strive to maintain a live and let live policy on every item we sell.
