Odd Bits Salvaged

"What this country needs is a good 5-cent cigar."
k-k
The old boy who said that in the past—and we can't remember his name, although we heard it repeated Sunday—may have been right in his day, but he's dead wrong so far as Knox County is concerned today.

What this county needs is a good, hard freeze!
k-k
Here it is December 4, as this is written, and we haven't had a killing freeze yet. Which is a little unusual, in that we can normally expect a freeze around November 15 or 20.

It's exasperating, too, to most of our farmer friends. With cotton in the fields and strippers oiled up and ready to operate, they have just been waiting for a freeze to kill foliage on cotton so they can get to work.

We heard a report one day last week that an estimated 60 per cent of the cotton has been harvested. Practically all the brauceros have returned to their homeland, and farmers plan to harvest the remainder of the crop the mechanical way.

The local gins, which have been idle for several days, will be going in high when, and if, that freeze comes. In the past few years we have had around 90 per cent of the cotton crop gathered and ginned by Christmas—but prospects are dim for that occurrence this year.

Every time it comes a wet spell—and we've had one for 10 days or more, now—folks begin thinking and saying: "There goes more cotton." And we reckon it's time for a gloomy outlook as they experience the weather damaging that the boll weevils were kind enough to leave in the fields!

We've taken a little ribbing this week—and rightly so, we guess.

First off, our attention was called to the fact that our big headline about the Munday Moguls had them as "regional" champs last week after they had defeated Everman in bidistrict play. They were not, then, and are not, now. But they are bidistrict champs!

And in this column last week, we indicated that the football season would be over for the Moguls after the game with Albany on Saturday night. That shows what we know about the setup! Actually, we were of the opinion, then, that regional was as far as the Class A games go. We learned later, through several sources, that Class B goes only to regional—Class A to the state finals.

It was not our intention, then, to predict the Moguls would lose to Albany. In fact, if we were a person of more means and inclined to wager, we would have laid a little on the line that our boys would win.

We think any member of the Mogul team can look any man in the eye without a thought of apology. Although they lost the game, they gave fans a decided run for their money and went down in a blaze of glory. The outcome wasn't decided until the last play of the game, and even a tie on score would have meant victory for the Moguls.

So the Moguls have closed the season, but local fans were still playing the game Wednesday—and will be for some time, with their praise for a fine bunch of M. H. S. Moguls.

It's the first time, we guess, that Munday has ever gone into regional play. It's the first time, we're sure, that two teams from Knox County have been in regional. The Knox City Greyhounds carried their banner into regional last Friday night, only to experience defeat of 19 to 14 at the hands of Matador. There, too, the Matadors had to come from behind to snatch that one out of the fire—a disappointing experience for the Greyhounds and their fans.

DOMINO TOURNAY SET

The American Legion at Goree is sponsoring a domino tourney on Friday night, December 7, at the memorial building in Goree. Games start at 7 p.m., and those "domino sharks" are invited to enter the contest.

Munday Man Is Aboard Kitty Hawk

USS KITTY HAWK (FHTNC)—Tommy D. Proffitt, aviation structural mechanic airman, USN, son of Mr. and Mrs. James S. Proffitt of Munday, is serving aboard the attack aircraft carrier USS Kitty Hawk, currently deployed outside the United States. During her deployment, the Kitty Hawk is expected to visit several foreign ports. As a unit of American seapower overseas, the ship is an instrument of national policy and goodwill.

Lions Christmas Tree Sale Opens

The city hall lawn again became a virtual "forest of Christmas trees" on the east side last Friday, as the Munday Lions Club's order for the trees arrived and were erected on the lawn for convenient selection.

Arrival of the trees started the club's annual Christmas tree sale. The trees came in varying sizes, and are priced accordingly. Purchasers may amble through the "forest" and make their own selections.

This annual event is sponsored by the Lions Club for the purpose of raising money for the club's major projects—the Crippled Children's Camp at Kerrville, sight conservation, aid to the blind, aid to needy children, etc.

People are urged to select their trees early, so they may have a wider selection of sizes.

THEY WORKED, TOO—Besides looking comical, these clowns had their work laid out for them as they guided children along the parade route Saturday. They are, l. to r., Ed Johnson, Henry Walker, Jeff Anderson and J. B. Scott.

Over 100 Kiddies In Christmas Parade Here Saturday; 34 Contest Entries

Over 100 children of this area, the largest number yet were engaged in the gigantic Christmas parade here Saturday, making a colorful display as they paraded around the city square.

Led by the Junior High and High School Bands, and with Santa Claus riding the fire truck and disbursing candy, the parade started around 2:30 p.m. and went from the high school to the city hall. There the high school band gave a short concert and the winning entries were announced.

A float entered by the Kenneth Bakers was awarded first prize of \$25. It showed Santa Claus in the person of Billy Baker, son of Mr. and Mrs. William Roy Baker of O'Brien, waving from a chimney top. Also on the float were Billy's sister, Temi, and Kerri Baker, daughter of Mr. and Mrs. Kenneth Baker.

Second prize of \$15 to a float entered by the Methodist M. Y. F. and the Red Cross Volunteers received \$10 and third place for their entry.

S. C. Hawes, Well Known Farmer Of This Area, Dies

S. C. Hawes, 94, well known retired farmer of this area, passed away at 8:15 a.m. Tuesday in the Haskell County Hospital.

Mr. Hawes was born September 4, 1868, in Minnesota, and had been a resident of Haskell County for 62 years. He farmed northwest of Weimert most of his adult life.

He married Ellen Reid on July 5, 1894, and she preceded him in death in 1958. He was a member of the Methodist Church.

Funeral services were held at 3 p.m. Wednesday from the First Methodist Church in Weimert with Rev. C. R. Lemond, pastor of the Haskell Methodist Church, officiating. He was assisted by T. R. Bankhead, minister of the Weimert Church of Christ.

Burial was in Johnson Memorial Cemetery under the direction of Holden's Funeral Home of Haskell. Serving as pallbearers were Marvin Plemister, Ted Jetton, Coyt Hix, Ben Bruton, Clyde Walker, and L. V. Reeves.

Funeral Service For W. E. Stovall Held On Monday

W. E. (Bill) Stovall, 64, resident of Munday for over 40 years, passed away at his home here at 8 p.m. Saturday, apparently of a heart attack. He had been in failing health for some time.

Mr. Stovall was born March 7, 1898, in Marietta, Okla., and had lived in Munday since 1920. He married Bertha White on August 14, 1921. She preceded him in death last August 13. He was a retired masonry contractor.

Funeral services were held at 4 p.m. Monday from the North Side Church of Christ, with W. A. Francis of Mangum, Okla., officiating. Burial was in Johnson Memorial Cemetery under the direction of McCauley Funeral Home.

Serving as pallbearers were Roe Alfred, Edd Johnson, Cecil Fitzgerald, Charlie Sargent, Lawrence Kegley and Henry Ejema.

Survivors include three daughters, Mrs. Jake Moore of Lubbock, Mrs. Coy B. Jennings of Munday and Mrs. Ruby Bacus of Peru, Ind.; two sons, Marvin of Kirkland, Tex., and W. E. Jr., of Lubbock; one brother, J. T. of Denver, Colo.; three sisters, Mrs. Bryan Dillard of Lubbock, Mrs. Elta McCaffey of Oakland, Calif., and Mrs. Charlie Hunt of Rockport; eight grandchildren.

Moguls Defeated By Albany In Regional Game Saturday Night

28 Packages To Be Awarded

A total of 28 Christmas gift packages will be awarded next Saturday by the Munday merchants in their Christmas "treasure hunt" contest.

Tickets are given away by the merchants, and a number of these will be designated "winning numbers" in the treasure hunt next Saturday.

The number of free packages has grown this week because of the fact that a number of the gifts were unclaimed last Saturday.

The final event of the treasure hunt will be held on Christmas eve on the city hall lawn.

The Munday Moguls, fighting gallantly until the last second, took a 12 to 6 count at the hands of Albany's Lions last Friday night in the regional football play-off at Stamford—but not before they had scared the daylights out of the victors.

The outcome was not decided until the last play of the game, when Albany intercepted a Mogul pass on the Lion one-yard line as the clock ran out.

The Moguls knocked at "opportunity's door" three times, twice on the four-yard line, and each time the Lions held. An even score would have meant victory for the Moguls because of these penetrations.

Munday scored first when Albany fumbled a Mogul punt and Jackie Booe recovered at the Lion four. McGrady sneaked a yard for the tally three plays later. A

try for the two extra points failed.

Albany came back to score, also in the first period. Their try for extra point failed, and the score stood at 6-6.

The second quarter was all Moguls, as they drove to the Lions four-yard line in a sustained drive. There they met with a stiff defense, however, as McGrady was thrown for a loss and Pete Alcala was held for only two yards in three tries.

Albany took over on downs on their three, but fumbled on the 12 with 10 seconds remaining. McGrady and Bruce Pruitt were unable to attach a 3-point field goal due to a fumbled snap from center.

Albany started on its own 23 in the third quarter for its deciding touchdown, moving the ball to Munday's 49. On a third down play, a personal foul penalty was called against Munday, moving the ball deep into Mogul territory. Four plays later, Quarterback Johnnie Woodward crashed over from the one yard for the score.

But the game wasn't over by a long shot. An interception by Hise of the Lions killed a late Mogul possession on their first play with 1:34 left in the game. Quarterback Douglas McGrady returned a Lion punt 62 yards and was finally pulled down from behind on the Albany 14.

With 25 seconds left, McGrady threw three incomplete, then with 20 ticks left on the clock he pitched 10 yards to Halfback Bruce Pruitt at the four. Rushing against time, McGrady fired one more which was intercepted near the goal line as the final whistle sounded.

Although outweighed 29 pounds to the man, the Mogul defense was a thorn in Albany's side all evening. Outstanding on Munday defense were Jackie Booe, Roy Perez, Bob Curry, Louis Flores, Charles Patterson and Skip Lane.

So the Moguls closed their 1962 football season, but not before the 4,500 fans at Stamford's Bulldog Stadium had witnessed a thriller!

Cotton Referendum Slated For Tuesday, December 11th; Vote Choices Explained

The meaning of a "yes" or "no" vote in the December 11 referendum on cotton marketing quotas was explained today by the Texas Agricultural Stabilization and Conservation Committee.

The State Committee said if two-thirds of the growers voting in the referendum favor quotas, they will be in effect on the 1963 upland cotton crop and marketing penalties will apply to any "excess" cotton produced on a farm and price support at a level within the range of 65 to 90 per cent of parity will be available to farmers who comply with their farm acreage allotments.

On the other hand, if more than a third of the voting growers oppose the quotas, then there will be no quotas and no penalties applicable to the 1963 upland cotton crop, and price support to farmers who comply with their farm acreage allotments will be available at 50 per cent of parity, as directed by law.

Allotments are not affected by the referendum. They will remain in effect—whether or not quotas are approved—as a means of determining eligibility for the available price support, the committee said.

The Secretary of Agriculture is directed by law to proclaim quotas for the next crop when the cotton supply exceeds normal, but growers themselves decide whether or not quotas will be used, explained the committee. Previous votes on quotas have been favorable.

The committee pointed out that the Administration plans to recommend new cotton legislation early in 1963. It is anticipated, however, that such legislation would supplement rather than substantially change the basic program choices to be presented for growers' determination in the Dec. 11 referendum.

All farmers who engaged in the production of upland cotton in 1962 are eligible to vote in the referendum, and are urged to do so by the State committee.

Allotments for individual farms will be available to growers prior to the referendum, the committee said. All cotton producers who have questions on the upcoming vote are urged to visit their local ASCS office for answers.

Drive-In Closes For The Winter

W. R. Petty, who operates the W. R. Petty Theatres in Munday, announced this week that he has closed the Sunset Drive-in for the winter months.

The theatre was closed Sunday night, and will be re-opened around April 1, 1963.

Quite a bit of repair work is being planned while the drive-in is closed.

Mrs. V. E. Moore and Mrs. J. C. Campbell attended the funeral of Mrs. Millard King in Abilene last Saturday.

THE WORK OF MANY HANDS

We are often told that big business is the enemy of small business—as the dog is the enemy of the cat. But dogs and cats are often firm friends. And the big business is often the best commercial companion the small business has.

A striking example of this is provided by one of the spectacular achievements of all time—the communications satellite, Telstar. It was developed and financed by the country's largest telephone company. But—as that company makes clear in a magazine advertisement—Telstar "is the work of many hands." Some 1249 different companies, most of them small, were subcontractors and suppliers. Their billings ran from \$100 on up. They are located in every section of this huge country. They provided resistors, transmitters, antennas, and other essential and highly specialized equipment. They were chosen because of competence in their respective fields. Size was of no importance.

The parent company says of Telstar: "Many shared its creation so that all might share its accomplishments." This felicitous phrase is true of almost everything that contributes to the progress, the well-being, the happiness of mankind. There is room in this country for enterprises of every size—for quality, not dimension, is the criteria.

The American Medical Association has underwritten \$58,800 in loans to 98 Cuban refugee physicians, most of whom have now qualified for practice in this country and found employment.

The Mind Of Christ

Paul says, "Let this mind be in you, which was also in Christ Jesus" (Phil. 2:5). If all men believed and practiced this teaching, there would not be so much talk about a multitude of ways to go to heaven. When one has the mind of some one else, that means that he sets his way of thinking in subjection to the other man's ways.

The only way to be a Christian is to have the mind of Christ. Christ is the "Author of eternal salvation to all those that obey him" (Heb. 5:9). He does not save disobedient people. One of the difficult things we have to do in being a Christian is to think the way the Lord thinks. The Lord's way of thinking is different to that of man's way of thinking. "For my thoughts are not your thoughts, neither are my ways your ways, saith the Lord. For as the heavens are higher than the earth, are my ways higher than your ways, and my thoughts than your thoughts" (Isa. 55:8-9).

If all men had the mind of Christ, there would be no division and strife among religious people. They would see alike and do alike. They would travel the same road gaining fellowship one with another. There would not be different churches, wearing different names. (Acts 4:12).

If all men had the mind of Christ, there would be peace among them. Jesus does not try to promote peace at any price—it can be secured only on his terms. Jesus does not meet men half on mooted questions. His plan does not provide for compromise. Men try to have peace among themselves by meeting each other half way, by compromise. The Lord does not do this. The Lord does not put his mind in subjection to any man. "For even hereunto were ye called, because Christ also suffered for us, leaving us an example, that we should follow in his steps" (1 Pet. 2:21).

Brom-Kuhler Marriage Rites Held In Bomarton Catholic Church November 24

Miss Vivian Marie Kuhler, daughter of Mr. and Mrs. Julius Kuhler of Bomarton and Charles Matthew Brom, son of Mr. and Mrs. Jim Brom of Megargel, were married Saturday, November 24th in St. John's Catholic Church in Bomarton.

The Rev. Edward Bastien, O.M.I. performed the double-ring ceremony. White gladioli and white pompons were flanked by arrangements of palms at the altar.

Musicians were Mr. and Mrs. Bedrick Pavlicek, organist, and vocalist, respectively.

Mr. Kuhler gave his daughter in marriage. She wore a gown of white imported Chantilly lace and net over taffeta. The bodice had a scalloped neckline and long tapered sleeves. The full shirred skirt was made of tier on tier of scalloped lace.

Her fingertip length veil of illusion was banded in scalloped lace and tapered to a point in the

back. It was attached to a tiara of seed pearls. Her bouquet was of Colonial Baker white carnations.

Miss Mary Beth Sokora, cousin of the bride from Irving, was maid of honor. She wore a dress of turquoise slipper satin with fitted bodice, scooped neckline, bouffant skirt caught with softly draped bows at the waistline. Her headpiece was a turquoise satin bow, and her flowers were a nose-gay bouquet of white pompon mums accented with turquoise ribbon and net.

The four bridesmaids were attired identically to the maid of honor. They were Misses Geraldine Hajek of Seymour, Mary Francis Gentry of Wichita Falls, Judy Brom of Megargel, sister of the bridegroom, and Sandra Kuhler of Wichita Falls, cousin of the bride.

Pamela Demel of Pep was flower girl. She wore a dress identical to that of the bride.

WE NEARLY MISSED. Santa Claus waved from the chimney top, but we nearly missed him in the photo. This is the prize winning float entered in the Christmas parade by the Kenneth Bakers. Santa is portrayed by Billy Baker. The other two children are Kerri Baker and Timmie Baker.

Timothy Sokora of Irving was ring bearer.

Acolytes were Melvin Kuhler, brother of the bride, Larry Motl, Wayne and David Birkenfield.

Jimmy Brom, brother of the bridegroom from Megargel, was best man. Groomsman were Jerry Kuhler of Bomarton, brother of the bride, Marion Kuhler of Rhineland, cousin of the bride, Frank Hall of Megargel, and Gary Motl of Bomarton.

Ushers were Edwin Brom, cousin of the bridegroom from Seymour, and Mike Kelly of Megargel.

Mr. and Mrs. Julius Kuhler, parents of the bride, were hosts for a dinner at 6 p.m., which was catered by City Market from Seymour, and a wedding dance in the Veterans Memorial Hall in Seymour. Clint Cozart and his combo provided music for dancing. The hall was decorated with the chosen colors of turquoise and white, with arrangements of white gladioli and pompons and the attendants' bouquets on the bride's table.

Miss Susan Kuhler of Rhineland, cousin of the bride, registered guests. Other assistants were Mrs. Walter Brown, Joe Birkenfield, Bob Motl, Otto Ptacek, Bill Orsak, George Petrus, Jr., and Alphonse Kuhler.

A rehearsal party was given by Mr. and Mrs. Jim Brom at the Rock Inn Cafe in Seymour Friday night.

Mr. and Mrs. Brom will make their home at 1114 Tenth Street, Wichita Falls. Mrs. Brom is a graduate of Seymour High School, and a former business college student. She is employed by Chester R. Seals, Real Estate office. Brom is a graduate of Seymour High School and is employed at Panhandle Steel Corporation.

Guild Meeting Is Held November 26

The Wesleyan Service Guild met on Monday night, November 26, in the fellowship hall of the First Methodist Church.

An inspiring program on "What Christian Mission Means to Me" was led by Mrs. Levi Bowden, program director for the evening. Those assisting her were Mrs. Joel Massey, Mrs. J. C. Spann and Mrs. Olga Payne.

The business meeting that followed was presided over by the president, Mrs. R. M. Almanrode. Mrs. Joe B. Roberts was elected Guild secretary to replace Mrs. Muriel Mitchell, who is moving to Vernon. The Guild also voted to have their Christmas dinner on Tuesday, December 11.

Mrs. John C. Spann, hostess, served delicious pumpkin pie and coffee to Mrs. Lee Haynes, J. H. Amerson, Roberts, Joe Bailey King, J. C. Harpham, C. P. Baker, J. H. Hardwell, Oscar Spann, Bob Hicks, Aaron Edgar, Almanrode, Bowden, Massey, Spann, Muriel Mitchell, Payne and Miss Florence Gaines.

Munday H. D. Club Meets November 28

Mrs. Grady Phillips entertained the Munday Home Demonstration Club November 28 with seven members present for lunch and a work day.

Mrs. Otis Simpson called the business meeting to order at 2 p.m. with each member repeating the T. H. D. A. prayer.

Roll call and minutes were read by Mrs. Joe Patterson and roll call was answered by "Best Laugh I have had Lately." Mrs. R. M. Almanrode gave the council report and a donation was sent to the American Bible Society.

Highway Commission Approves Several Projects In County, \$274,100 Involved

The Texas Highway Commission has approved the expenditure of \$274,100 for highway safety and betterment in Knox County during 1963, announced District Highway Engineer Palmer Massey of Childress.

He said a total of 35.4 highway miles in the county will be involved. The work will be under the supervision of H. T. Cunningham, Sr., Resident Engineer, Munday.

This work is part of the 1963 State Highway Safety and Betterment Program just authorized by the Highway Commission.

Under this program, a total of 2,369 miles of U.S. and State highways will be improved. Work will be done on 356 projects in 164 counties. Total state-wide cost will be about \$20,640,000.

Purpose of the annual program is to continue the improvement

and modernization of U.S. and State highways for increased safety and convenience of travel.

The annual Safety and Betterment Program is one of the prime factors responsible for a significant 26 per cent drop in the number of traffic deaths on primary highways during the last eight years, the Commission said.

"Together with programs for new construction and careful maintenance, the Safety and Betterment Program has helped achieve a meaningful reduction in traffic fatalities on the primary highway system," said Herbert C. Petry Jr., Chairman of the Highway Commission.

Petry termed the Safety and Betterment Program as "not only desirable but essential for the safety and comfort of people who travel Texas highways in record

numbers."

The program, he said, will "perpetuate and protect the taxpayer's investment of well over \$2 billion in the Texas highway system."

Highways are due for improvements such as surface widening, bridge widening and replacement, base strengthening, and rebuilding of shoulders.

District Engineer Palmer Massey said a total of 40.8 miles in this highway district would be involved, at a total cost of \$480,000.

The following improvement projects will take place in this county:

US Hwy 277 from Haskell County line to Baylor County line. Additional surface and seal coat on shoulders.

State Hwy. 222 from Knox City to Munday. Widen base and surface.

US Hwy 82 from King County line to Benjamin. Additional surface and seal coat on shoulders.

Drive carefully. The life you save may be your own!

TAKES OATH OF OFFICE—Roy Arledge of Stamford, elected representative of the 3rd legislative district, is shown above as he was administered the oath of office in the House Chamber on November 23 by James Turnan, retiring speaker of the House. The legislature will convene on January 8.

Mrs. Frank Russell and Mrs. Edna Wardlaw returned home last Monday from several days visit with their father, W. H. Lindsey, and other relatives and friends in Jal. N. M. They also visited their niece and family in Seminole.

Mrs. Drew Morrow returned home last Sunday from two weeks visit with her daughter and family, Mr. and Mrs. Dan Flournoy and children in Odessa.

Mr. and Mrs. H. D. Henson visited their son and family, Mr. and Mrs. Glen D. Henson and children, in McCamey over the week end.

Mr. and Mrs. Roddy Griffith and Mrs. D. G. Griffith were visitors in Wichita Falls last Monday.

Activities of The Colored People

By Fannie Mae Johnson

Mrs. Lear Thomas came home Sunday from Lubbock where she has been visiting her daughter and son-in-law for some two weeks.

Rev. George Wilson and family was here Sunday.

Mr. and Mrs. Willie Lee Scott were week end guests of her parent, Mr. and Mrs. Willie Toliver.

The Scotts live in Knox City.

Mr. Preston Sherrrod and Mr. Dewey Williams of Midland visit here Tuesday night.

M. J. Johnson of Wichita Falls visit his mother, Mrs. F. M. Johnson on the week end.

Mrs. Ella Mae McDonald return to her home in Dallas Sunday after visiting her parent, Mr. and Mrs. Walter Jones.

Rev. and Mrs. Wilson was dinner guest in the Jones home Sunday.

I am hoping each of us will realize the Christmas spirit asking Jesus to continue to born into your everyday lives as He was born that night in the city of Bethlehem. I believe Christmas means giving because Jesus was the greatest gift that the world will ever know. He came to bring peace and good will to all men. As we think about the saying of the angels unto us a child is born, unto us a Saviour is given. With a sinful world on his shoulder, came to die for you and me, finish His work and He shall live forever mor. May God bless all men.

Weekly Health LETTER

Issued by the State Health Department

Forty years ago when a generation of Texans decided to smoke there were no recognized health factors to consider.

There were aesthetic, moral and sometimes financial considerations, but the lay public never thought of tobacco as a deterrent to health.

Today the health factor holds the star role in the current and sometimes melodramatic struggle to evaluate and interpret the latest scientific data on cigarette smoking and its relationship to the health of the individual.

Observations recorded from this generation of smokers and extensive laboratory tests yield information daily that must be considered and weighed carefully by the thinking man.

According to the U. S. Public Health Service the death rate from coronary heart disease among regular users of cigarettes is 63 percent higher than the rate of non-smokers. The number of deaths from coronary artery disease tends to rise with the number of cigarettes smoked.

Last year more than 26,000 Texans were victims of this type of heart disease. How important a role the cigarette played is not fully understood, but the statistical evidence has been such as to move informed, objective, and deliberate bodies to call attention to the risk of cigarette smoking. One survey after another has shown a sharp statistical associa-

tion between lung cancer and cigarette smoking. Lung cancer death rates also mount steadily with the amount smoked.

Other official reports have stated that there is striking evidence that regular cigarette smokers are subject to increased risk of dying from bronchitis, pleurisy, emphysema, ulcers of the stomach and duodenum, and cirrhosis of the liver.

Realizing that effective education for adults would be expensive and relatively unsuccessful in changing long-standing habits, the State Health Department's Division of Cancer and Heart Diseases has begun an educational program on smoking hazards beamed toward junior and senior high school students.

The program is aimed at providing students with a full understanding of the health hazards which accompany the smoking habit—so that they will stop some students before it's too late.

NOTE OF APPRECIATION

In a feeble way but with deep appreciation in our hearts, we are taking this means of trying to express our thanks to the kind people who were so gracious to us in our misfortune. It would be utterly impossible to show enough gratitude to those who minister so unselfishly to our needs.

Little John's stay in the hospital was made so much brighter for him through the gifts, cards, flowers, money, and so many wonderful acts of kindness done for him by those who cared. Of course we are grateful for these many wonderful deeds, but little ones fail to understand the uncertainties of life.

Please accept our appreciation for these things, and also for your deep concern for us during our dark hours.

Land Bank Reduces Interest Costs To Borrowers Of Area

The Federal Land Bank of Houston has announced that effective on January 1, 1963, it will reduce temporarily to 5% the interest rate on all outstanding loans which presently bear a rate in excess of 5%. The contract rate on new loans will continue to be 5 1/2% but interest on loans closed on and after December 1, 1962, will be billed temporarily at 5% until further notice by the bank.

In making the announcement, Hal Weatherford, President of the bank, said that of its \$200 million of loans outstanding more than \$100 million bear contract rates in excess of 5% and that the savings to Texas farmers and ranchers by this action will be more than a half million dollars in the year 1963 alone. Weatherford said this is the fourth time the Bank has voluntarily reduced the interest on its outstanding loans.

The Houston bank makes long-term farm and ranch loans through 73 Federal Land Bank Associations located throughout Texas. The one serving this area is the Federal Land Bank Association of Haskell. Joe S. Harper is the Manager, Felix N. Copeland, Assistant Manager. The other officers and directors are O. G. Lewis, President; R. L. Rule, C. F. Upshaw, Stamford; M. J. McLarty, Seymour; L. H. McBride, Hamlin; and John R. Watson, Haskell.

Guests of Mr. and Mrs. Austin Tomlinson and children over the week end were their son, Austin Tomlinson, Jr., who is employed in Wichita Falls, and Mrs. Tomlinson's sister and family, Mr. and Mrs. L. E. McCoy and sons, also of Wichita Falls.

Knox Prairie Philosopher Wants All Farm Income Tied In With The National Economic Index Plan

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek looks at the economic index, his letter this week reveals.

Dear editor:
I don't know where they get the figures, I know they don't use any of mine, but some government experts come out once a month with a report on what the cost of living index was the previous month.

Under this system, if the cost of living goes up so many points, as it has for the past several years, certain wage earners get an automatic increase in pay.

I was reading the figures for the past month and noticed that among the people getting an automatic increase were farm equipment workers. What I would like to know is why don't these experts figure out a way to give us farmers an automatic pay increase that's tied in with the economic index. It's the only way to meet the increased cost of farm equipment resulting from the increased pay for the farm equipment workers. It wouldn't be too hard to do. Since we don't get paid by the hour, it would have to be figured on a yearly basis, but I'd agree to wait till the end of the year for my check.

As I understand it, the value of a dollar fluctuates, it's not the same today as it was last month

or last year, and this program is designed to see that workers get a living wage. When a dollar buys less, they get more dollars; when a dollar buys more, they get a little less, although this latter situation hasn't come up so far in the last 25 years. The experts say this program makes sense.

Well, I'll tell you, it's good enough as far as it goes, but it doesn't go far enough.

A living wage is not enough to get by on these days. It takes more than that. At least, there aren't very many people left willing to try it.

Excuse me, I've got to end this letter and get out and try to make some money farming. I need \$40 bad. The picture tube on my television set has just busted.

Yours faithfully,
J. A.

Notes From Knox Farms, Ranches

By Joe W. Doby, Knox County Agent

Leaf rust is showing up on wheat in Knox County. Leaf rust is spread by spores carried on the wind and favored in its growth by the type of weather we have been having this fall. Warm, humid weather along with a variety that is not resistant and it develops rapidly. The only control available is to grow resistant varieties. When a few "blue northers" blow through, rust should be less of a problem. The critical time as far as a wheat crop is concerned is next spring. Since the leaf is the manufacturing part of the plant, if it is covered with rust, there is little chance for the head to fill. So we hope the humidity is low next spring and chances are that it will be.

The Knox County Jr. Livestock Show is scheduled for Saturday, January 12, 1963, to be held at Knox City this year. A few changes this year include an entry fee of 50 cents on entry for cattle, 25 cents for sheep, hogs and chickens. An auction sale will be held for the Grand and Reserve Champion steers, Fat Lambs, Fat Hogs and broilers. If either of these wishes not to sell, then the next in line will have an opportunity.

The people of Knox County now have an opportunity to pick up Extension Service bulletins without visiting our offices. A bulletin rack has been placed in the Citizens State Bank, Knox City and the First National Bank, Munday. The bulletins are there for your use so take what is needed. This is just a fraction of the bulletins available so if there is one you want that isn't on the rack, drop us a note and it will be mailed to you.

Mr. and Mrs. Clint Norman are announcing the arrival of a son at 9:55 p.m. Saturday, December 1, 1962 at the Haskell Hospital. He weighed 8 pounds and 6 ounces and has been named Gregg Arlan. He has a big brother, Layne Mark, 3 1/2, who is very proud of having a new brother. Grandparents are Mr. and Mrs. Millard Melton of Haskell and Mr. and Mrs. Carl Norman of Rule. Mrs. Norman and little son were brought home Monday.

Three Tech Seniors Win Sweepstakes

Laval Verhalen of Knox City, an agronomy major at Texas Tech in Lubbock, recently won high score at the international crops judging contest in Chicago. His score of 1,788 out of a possible 1,800, broke all previous records and set a new international high.

Verhalen, with his teammates, Frank Burkhardt of Lockett and Royce Turner of Muleshoe, won first place in all three divisions of the contest at both the national and international meets. This is the first time in history that one team has won first in all phases of competition at both meets.

These boys also set a new high, totalling the most points on record for one team. Seven college teams participated.

Mr. and Mrs. Leonard Baird and his sister of Portland, Oregon, were guests of Mr. and Mrs. Charlie Haynie, Jr., last Thursday. Mr. Baird and Mr. Haynie were war buddies.

Mr. and Mrs. Joe Duke of Wichita Falls were Sunday guests of their parents, Mr. and Mrs. A. B. Warren.

R. D. Bell was a visitor in Dallas last Friday.

Mr. and Mrs. Frank Trammell visited Mr. and Mrs. DeTroy Trammell and daughter in Ardmore, Okla., and Mr. and Mrs. R. L. Trammell and family in Fort Worth last week. The R. L. Trammells brought them home last Friday and remained over for a week end visit.

MUNDAY STUDENT IN TOTEM BEAUTY CONTEST

Sixteen of McMurry College's most charming co-eds have been chosen as finalist in this year's Totem Beauty contest, including Miss Barbara Kirschner of Munday.

The Totem Beauties are featured in the Totem, McMurry College's yearbook, each year.

Of these 16, eight will be chosen as Totem Beauties and the other eight will be runners-up.

The final winners will be announced at a later date, by Mrs. Billie Powers, yearbook sponsor at McMurry.
