

## FUTURE FARMERS CHAPTER IS BEING FORMED

### Order Numbers Assigned Second Group Registrants

### 73 Men Included In This Group

Order numbers have been assigned to the list of Knox county registrants who registered in the second call in July. The registrants, their order and serial numbers were furnished the Munday Times by J. A. Wilson, clerk of the Knox County Selective Service Board. They are as follows:

S-1015 S-1 James A. Bright  
S-998 S-2 Clifton Ross Vaughan  
S-1134 S-3 Tom Compton  
S-1100 S-4 Carl Vernon Wallace  
S-1032 S-5 Noble Kenneth Bookout  
S-947 S-6 Chas H. Haynie, Jr.  
S-491 S-7 Jack Curtis Brooks  
S-1236 S-8 Heldon Cash  
S-204 S-9 Hollis Henry Gore  
S-525 S-10 Oathier Cleo Poch  
S-221 S-11 Clifford H. Nicholson  
S-678 S-12 Eurvin C. Bohanan  
S-576 S-13 Elmer William Dean  
S-762 S-14 William F. Headrick  
S-1066 S-15 Santiago L. Enriquez  
S-812 S-16 William G. Welborn  
S-271 S-17 Charlie Napper  
S-238 S-18 Melvin E. Mayfield  
S-846 S-19 Philip F. Homer  
S-508 S-20 Doyle Brooks Bowen  
S-914 S-21 William Dupree Elam  
S-930 S-22 James L. Henderson  
S-829 S-23 Steve W. Fesperman  
S-1304 S-24 Arnold E. Langford  
S-559 S-25 Denny W. Davis, Jr.  
S-407 S-26 Hamilton H. Coates  
S-1202 S-27 Allen P. Fitzgerald  
S-457 S-28 Travis H. Thompson  
S-424 S-29 F. L. Haymes, Jr.  
S-1823 S-30 Cecil Ebrete Flores  
S-712 S-31 Randall H. Butler  
S-1389 S-32 Floyd Elmer Denham  
S-1117 S-33 Cletus Eugene Tapp  
S-1372 S-34 W. B. Thompson  
S-1219 S-35 John Byron White  
S-305 S-36 Tramel L. Stoketon  
S-74 S-37 Julius Millard Moore  
S-1287 S-38 John C. Vickery, Jr.  
S-170 S-39 Boyd Meers  
S-187 S-40 J. C. Langston  
S-729 S-41 Floyd A. Nunley  
S-981 S-42 Darwin Julius West  
S-778 S-43 James Park Rice  
S-610 S-44 Ben E. Hunt, Jr.  
S-745 S-45 John Lovel Phillips  
S-627 S-46 J. O. McMahon  
S-695 S-47 Ervin Austin Booe  
S-440A S-48 James W. Walker  
S-1168 S-49 Daniel Casillas  
S-273 S-50 Manuel E. Davilla, Jr.  
S-795 S-51 Selso R. Hernandez  
S-390 S-52 Bob Compton  
S-322 S-53 Eugene L. Thompson  
S-1185 S-54 Francis E. Moorhouse  
S-880 S-55 Clarence T. Cybert  
S-964 S-56 Harvey D. Arnold, Jr.  
S-254 S-57 James C. Hendrix  
S-1270 S-58 Lewis Elton Groves  
S-1338 S-59 Roy Lee Howry  
S-542 S-60 Clifford P. Boone  
S-1355 S-61 George E. Turner  
S-661 S-62 Claud C. Brown  
S-1083 S-63 Cecil Ross Suggs  
S-864 S-64 Joe Paul Bullion  
S-339 S-65 James C. Sanders  
S-1253 S-66 James M. Young, Jr.  
S-1151 S-67 N. Leon Funderburk  
S-288 S-68 Willard E. Bauman  
S-593 S-69 Robert J. Trainham  
S-1049 S-70 Donald K. Hobert  
S-356 S-71 Leroy Kirkpatrick  
S-644 S-72 Hamilton V. Henson

### Goree Boy Enters Radio Training

J. E. Bicknell, Jr., of Goree, has been transferred recently from the signal corps service to Harvard University, where he is studying to be a radio engineer. Word of this transfer was received by relatives in Goree the first of this week.

J. E., son of Mr. and Mrs. J. E. Bicknell Sr., of Goree, is a graduate of Goree high school. Mrs. Bicknell will join her husband at Cambridge next week, it was said.

### Miss Burnett To Get Masters Degree

Miss Kathleen Burnette, language arts teacher in the Munday elementary school, will receive her masters degree from East Texas State Teachers College on August 18th, according to word received here this week.

Miss Burnette, who has been a member of the Munday school faculty for two terms, has been attending summer school and working on her degree.

### Prospects for Quail Crop Are Good in Area

L. C. Cole of Paducah, district game warden for this district, stated while in town Tuesday that prospects for a good quail crop are exceedingly bright in this area. In his travels over his territory, Mr. Cole stated that he had never seen so many little quail at this time of year.

This is contrary to the belief expressed earlier that heavy rains in this area had destroyed many quail nests and that the crop would be light this year. Mr. Cole predicts good hunting here this fall.

The game warden stated there were fewer game law violations this year than ever before. "People in general have shown a willingness to cooperate with the game department in observing the laws and seeing that wildlife is protected during closed seasons," he said.

Cole discusses the game department's activities and wildlife conditions in his territory over radio station KVWC, Vernon, at 7:30 p.m. each Friday. He invites those interested to tune in on this program.

### Jubilee To Be Held Saturday

### Old Timers to Gather Here for Picnic

Many old timers of Knox county will gather next Sunday at the Cartwright Memorial Park, southeast of Munday, for the annual Knox county old-timers golden jubilee. Many who now reside in the county will be there, and others will come back to the county to have a part in this celebration.

All who came to Knox county 50 years ago, or any member of a family that came here 50 years ago, are invited to this jubilee.

George Isbell, president of the jubilee association, stated Wednesday that arrangements are being completed for entertaining the visitors. All are requested to bring basket dinners, and enjoy the day visiting together and recalling incidents of years gone by.

### A. B. Warren Buys Building Here

Announcement was made this week that A. B. Warren has purchased the east half of the J.B. Auto Supply building from J. B. Williams. The west part of the building was sold several weeks ago to J. M. Terry, who is using it for automobile storage in connection with his hotel business.

Mr. Williams completed moving of his merchandise and equipment to his former location, the J.B. Wrecking Yard, located on the highway south of town. He invites the public to visit him there, and he solicits the continued patronage of his customers.

Mr. Warren and Walter Sherrad announced Wednesday that they will move their blacksmith shop into this building within the near future.

### Club Women Are On Annual Encampment

A large number of Knox county club women went to Haskell today (Thursday) for the annual encampment of Home Demonstration Clubs. The encampment is being held Thursday and Friday.

This encampment is for club women of Knox and Haskell counties, and is being held at the Midway school in Haskell county. A program of interest to all delegates is being carried out.

Mr. and Mrs. R. N. Smith and family of Vera were business visitors in the city Tuesday afternoon.

### Revival is Now In Progress At Thorp Church

A revival meeting opened last Sunday at the Thorp Methodist church and will continue through all of next week.

Rev. J. W. Hawkins, pastor, is doing the preaching during the revival, and he is bringing interesting messages at each service. His sermon subjects have been announced for all services. Special emphasis is being placed on next Sunday's services, when Rev. Hawkins will preach on the following subjects:

Sunday morning: "Ye Are My Witnesses." And Sunday evening: "What Shall I Do Then, With Jesus?" Good crowds are attending the services, and much interest is being shown in the revival.

"We heartily invite all to attend these meetings, and we earnestly solicit the cooperation of all Christian people in these services," Rev. Hawkins said. "We want you to feel free to work and pray and sing and testify to God's saving grace. Make it your meeting, letting the Holy Spirit lead."

### Revival Opens Here on Sunday

### Presbyterian Church Revival to Begin

The summer revival meeting will open next Sunday morning at the Presbyterian church in Munday, it was announced this week by Rev. Winston R. Bryant, pastor.

Rev. W. H. Applegate, pastor of the First Presbyterian church in Sweetwater will do the preaching. He will arrive here for Monday night's services and will remain until the close of the meeting. Services will continue through Sunday, August 17.

Rev. Applegate is a man of deep conviction and is a sincere and forceful preacher. The church feels fortunate in securing his services for the meeting. A singer of much ability, Rev. Applegate will also help in leading group singing.

Services will be held inside the beautiful new church building, which will be air cooled, it was stated. Evening services will be held at 8:30 o'clock, and further announcements will be made regarding the morning services.

Rev. Bryant extends a cordial invitation to everyone to attend each and every service of the meeting.

### Local Home Guard Unit Prepares For Battalion Drill

Munday's Company C of the Texas Defense Guard is making plans for entering the battalion drill scheduled for the 17th battalion in Throckmorton. The drill will be held on Thursday night, August 14th.

All four companies of the battalion will be in action during this drill period. Units represented in the 17th battalion are Munday, Throckmorton, Woodson and Bryson.

All of the personnel of Company C is expected to participate in this drill.

### Rev. Johnson Will Preach Here Sunday

Rev. Luther Kirk, pastor of the Munday Methodist Church announced Sunday that Rev. Frank Johnson of Goree will preach at the local church next Sunday at both morning and evening services. Rev. Johnson is filling the pulpit in the absence of the pastor, and every one is urged to attend the services and hear this good preacher.

Rev. Kirk is in a revival meeting this week at the Eula church on the Clyde circuit. He served as pastor of this church during the early years of his ministry.

**BIRTH ANNOUNCEMENT**  
Mr. and Mrs. Tom Browning are the parents of a 9-pound son, Rex Taylor, who was born last Monday night. Both mother and little son are reported to be doing nicely.

### Coke Stevenson, Now Texas Governor, Realizes Ambition of Long Standing

Coke Stevenson, rugged Kimble county rancher, this week realized the ambition of a lifetime, an ambition nurtured from those early days when he learned of the wonders of the good green earth from reading the World Almanac beside the open campfire—an ambition intensified by the fact that he bears the name of one of the greatest men to hold office—Coke Stevenson became governor of Texas.

When W. Lee O'Daniel crossed the state line on his way to Washington, Coke Stevenson became acting governor. But it was governor just the same, and the formal oath taking which will follow next Friday will be just something for the record. The governor's office is not a formal oath; it is wielding the enormous power of high place, of making final executive decisions and that Coke Stevenson was already doing.

COKE STEVENSON

According to the formal plan, Stevenson will take the oath of office Friday, August 8. Once again that figure 8 comes into his life. It is his lucky symbol.

It was learned that Stevenson will leave all details of his inauguration in the hands of the same joint legislative committee which planned the O'Daniel inauguration, including the time.

Although she has been seriously ill, Mrs. Stevenson's condition has shown a change for the better in recent days, however, and a new course of treatment has given a hope that she may be able to be about in a wheelchair soon, and she will likely attend the inaugural ceremonies for her governor-husband.

### More Fish Are Placed In Lake

### Evangelist

W. H. Applegate, above, will be here next Monday night and will be in charge of revival services at the First Presbyterian church. Rev. Applegate is a well known evangelist in this denomination. Services will be held during all of next week.

### Baptist Revival To Open on Friday Night at Goree

Rev. S. E. Stevenson, pastor of the First Baptist church at Goree, last Monday announced the annual revival meeting at the Goree church. This revival will open on Friday evening, August 8th.

Rev. Doyle of Anson will be in charge of the preaching services. Rev. Doyle is a well known evangelist, one whose messages will interest both young and old. The church membership is expecting a successful revival under the leadership of this splendid preacher.

Rev. Stevenson extends a cordial invitation to everyone to attend each and every service of the revival.

### JOE TURNER HEXT IS VISITOR HERE TUESDAY

Joe Turner Hext, assistant mogul coach during the past season was a visitor here a while Tuesday, coming here after his "belongings" and moving them to Bel-dorado, Texas.

Joe was recently elected head coach of the Eldorado high school and will assume his duties as coach of the Eldorado Eagles at the opening of the school term in September.

### Frank Cerveny New Director In Insurance Firm

Frank Cerveny, well-known Knox county farmer, was recently selected as one of the five directors in the Farmers Mutual Protective Association of Texas, an insurance firm for fire, storm and hail insurance.

Cerveny attended the annual convention at West, Texas, last week as a delegate from Knox, Haskell and Jones counties, membership in these counties comprising Lodge No. 89.

The company, according to Mr. Cerveny, is one of the strongest operating in Texas. It has around 21 million dollars of insurance in force and a membership of over 15,000 in the state.

In citing the low cost of this insurance, Mr. Cerveny stated that during the last four-year period the cost was about 32 cents per \$100.

As a director in the company, Mr. Cerveny receives a salary and traveling expenses when called out on company business.

### New American Legion Officers To Be Installed

The regular monthly meeting of Lowry Post No. 44 of American Legion will be held at the Legion hall next Tuesday night, at which time new officers for the ensuing year will be installed. The regular birthday feed will also be served.

Howard Hudgens of Vernon, district commander of the 13th American Legion district of Texas, will be here and will have charge of the installation. The new officers are as follows:

Don M. Ferris, commander; Louis Cartwright, first vice commander; Frank Cerveny, second vice commander; C. C. Jones, adjutant; Lee Haymes, chaplain; Jim Reeves, finance officer; Clay F. Grove, historian; R. F. Horan, sergeant-at-arms, and George Hammock, service officer.

### Rhineland To Begin School Term Aug. 11

The Rhineland schools will open the summer term on August 11, as has been the custom in the past, Supt. John J. Hoffman announced Thursday morning.

The schools will remain open for six weeks, when they will close for the cotton picking season.

Everything is in readiness for the opening day, Mr. Hoffman stated, and a successful year is anticipated.

### Joe Albertson Gets B. A. Degree

Joe Albertson, son of Rev. and Mrs. W. H. Albertson, received his B. A. degree in the summer graduation exercises at Howard Payne College in Brownwood Wednesday.

Joe was an outstanding student in his high school and college work. He graduated from Munday High School in 1938, and was voted a member of "Who's Who Among High School Students." He was also given the first Munday Lions Club award for the best all-round student in the high school. Joe completed four years of college work in three years and attended only two summer sessions.

Rev. and Mrs. Albertson and daughter, Virginia Ruth, attended the exercises Wednesday and were accompanied home by their daughter, Helen, who has been attending Howard Payne.

### TRUSCOTT GIRL HAS Enrolled in T.W.C.

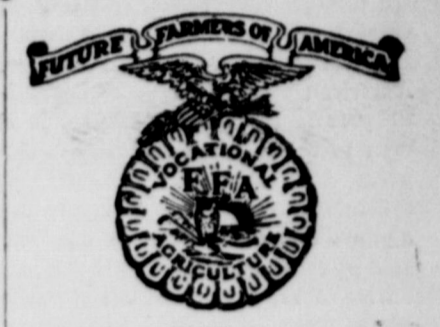

Fort Worth.—Miss Neva Mildred Mills, daughter of Mr. and Mrs. S. E. Mills of Truscott, has already enrolled in Texas Wesleyan College here for the fall term.

An honor graduate from Truscott High School in June, Miss Mills was awarded an honor scholarship at Texas Wesleyan. She will seek a Bachelor of Arts degree and will major in education.

Mrs. Glenn Burnett and little daughter, Glenda, of Benjamin were visitors here last Friday.

### BIRTH ANNOUNCEMENT

Mr. and Mrs. Thurman B. Gulley announce the arrival of an 8 1/2 pound son at the Knox county hospital on July 31. The little one has been named Robert Gayle. Both mother and son are reported doing nicely.

### 23 Members At Meet Tuesday

### Livestock Feeding To Become Project Of Local Chapter

Twenty-three boys who expect to take vocational agriculture met last Tuesday night with Manuel W. Ayers, vocational agriculture teacher, to learn more about the program which is being established in the local schools and to discuss plans for purchasing livestock to be fed out as demonstration projects.

Arrangements will be made with the local office of the Stamford Production Credit Association for the boys to finance the purchase of their livestock, it was stated. The boys may borrow the money to buy the livestock and pay the loan back when the animals are fed out and marketed.

Mr. Ayers discussed some of the highlights of a vocational agriculture program and the Future Farmers of America organization in the community and pointed out some of the possible accomplishments and activities to be carried out by the local chapter during the year.

The group voted to meet at the grade school next Tuesday evening, August 12, at 7:30 and go to Haskell for a swimming party. All prospective agriculture students are invited to be present next Tuesday and attend the swimming party, whether or not they were present last Tuesday night.

Ayers reports quite a lot of interest in vocational agriculture, and he expects a large and active F.F.A. chapter in the local schools.

### Cemetery Work Is Progressing

W. V. Tiner, who is in charge of work at the Johnson cemetery, stated Tuesday that the work of cleaning the grounds is progressing nicely. The cemetery has been almost completely cleaned and is presenting a very attractive appearance.

Mr. Tiner stated that funds for cemetery work are beginning to run low, and more money is needed if the work is to be continued. He asked all who have not contributed to this cause to please do so in the near future so this work will not be stopped.

The fence adjoining the highway has been torn down so machinery can put a dike up to keep flood waters out of the grounds. This dike will be erected in the near future, it was stated.

Munday citizens can well be proud of the work being done at the cemetery, and it is hoped other contributions will be received so the work can be continued.

### Mattson Youth Is Crushed by Tractor On Last Sunday

John Edward Ash, 12-year-old son of Mr. and Mrs. Troy Ash of the Mattson community in Haskell county, was crushed to death Sunday afternoon at about three o'clock when the tractor he was driving overturned.

He had hitched a trailer to the tractor and started to a creek to haul water. Going down a ravine the tractor pitched forward, overturning twice. A short time later, he was found dead by a neighbor, Cube Furrh, who happened to be passing by. The boy's head and both jaw bones were crushed and mangled and both arms were broken.

The body was taken to Throckmorton where funeral services were held Monday.

Survivors include the parents; a sister, Delight, and a brother, Troy, Jr., all of Mattson.

"What a Man Does For Himself Dies With Him—  
What He Does For His Community Lives On and On"—

## WE DEFEND THIS TRUTH

What are we arming to defend? What is it that we Americans hold so precious that we are willing to accept great material and physical sacrifices if need be to make sure that it is not destroyed?

Not just the good land we have here or the big wealth of useful goods and products that private enterprise has spread among the people of this country. Much as we value these, a better answer is needed. And Roy W. Moore, noted industrial leader, recently provided a sound definition of the heritage we intend to defend. Addressing the Commercial Law League of America, Mr. Moore described our American way in the following words:

"It is the way of liberty. It is the right of a man to think his own thoughts through and to express them by word of mouth. It is the right of assembly and petition. It is the right of protection against unwise and edict as opposed to the due process of responsible law. It is the right to choose that device of relations with the Almighty Spirit of Life which will best nurture the individual's spirit. It is the right to choose those officers of governance who must truly represent the will and the conscience of the people, and to hold them to the responsibility of representation."

"And it is the right of the individual to engage in any decent occupation of his choice, and to follow it where he wishes, and to reap as his reward such returns as are in decency earned by his skill, his ability, his energy and his effort."

The words are moving because the force they describe is eloquent, too. Needing clear definitions of where we stand in the difficult world of today, we can all find in the above words a goodly part of that larger truth in which all Americans believe.

## PAUL REVERE'S HORSE

Announcement of a tiny new auxiliary engine that will extend the flying range of bombers, now in mass production for the Navy, brought about a brief spurt of interest in its inventor, Charles L. Lawrence. Lawrence has invented other airplane engines in his time which were used to break existing flight records, but he has never sought or received public attention.

The occasion of his latest invention, which will be of great service to defense, calls to mind a story told concerning him. Once a well-wisher inquired why Lawrence seldom received credit, while others who depended upon his inventions for their success, were widely acclaimed:

"After all," Lawrence answered humorously, "Who ever heard of the name of Paul Revere's horse?"

That quiet spirit of service is characteristic of American industrial research. All over our country thousands of research workers and engineers are making their individual contributions to our national unity. They served progress in the past. Today they are helping to make sure that the results of that progress are preserved for the American generations that lie ahead.

Often their names are not known or remembered. But the composite results of their efforts is so plain that no one can miss seeing it—American industrial superiority with its promise of security today and of better living standards tomorrow. Research, the "Paul Revere's horse" that has achieved all this, can well be proud of the role it plays.

## WHAT HITLER SAID

At the time and shortly after the signing of the 10-year pact by Germany and Russia in 1939, Hitler was quite enthusiastic over his new alliance, and Stalin seemed equally pleased. Here are some of Hitler's comments on the treaty:

Before the Reichstag, September 1, 1939: "I see no reason that we (Germany and Russia) ever again will stand against one another. We both realize this, that every fight of our peoples against one another would be advantageous only for others. We therefore agreed to conclude a pact which excludes for all the future any application of force between us."

In a broadcast on September 4, 1939: "The non-aggression consultation pact with Soviet Russia gives us assurance of a policy of peaceful agreement with this greatest empire of the East."

In an address of Danzig on September 19, 1939: "We have found that the two greatest peoples of the earth (Germany and Russia) can do better if they cooperate. Germany has no intentions on the Ukrainian territory."

Every informed person knows that neither Hitler nor Stalin entered into their non-aggression pact in good faith, and that each was only stalling for time, hoping to cut the other's throat later.

Yet, there are people of prominence in the United States who insist that Hitler "has no intentions on America," when his every action has shown that he has ambitions to conquer the whole world.

## DEFENSE A BIG JOB

Forty miles of continuous cotton cord, handled with more than 181,000 knots, were required to manufacture a gigantic net used by one American company working on defense. The huge net will be used to hold "blimp envelopes" or gas bags, during their original inflation, preparatory to flying.

## THE MUNDAY TIMES

Published Every Thursday at Munday  
Jrady G. Roberts Editor, Owner and Publisher  
Aaron Edgler News Editor  
Harvey Lee Foreman

Entered at the Postoffice in Munday, Texas, as second class mail matter, under the Act of Congress, March 2, 1879.

SUBSCRIPTION RATES  
In first zone, per year \$1.50  
In second zone, per year \$2.00

The Munday Times is Democratic, yet supporting only what it believes to be right, and opposing what it believes to be wrong, regardless of party policies, publishing news fairly, impartially.

NOTICE TO THE PUBLIC: Any erroneous reflection upon the character, standing, or reputation of any person, firm or corporation which may appear in the columns of this paper, will be gladly corrected upon notice being given to the publisher, at the Munday Times office.

Justice and truth make men free  
while injustice and error enslave  
him.—Mary Baker Eddy.

## SELF-RELIANCE

There are two absurd charges against Britain that go the rounds. Letters to this newspaper indicate that both are frequently circulated by deluded Americans. One at least must owe its origin to the whispering initiated by Nazi agents or sympathizers. This is the often repeated assertion that Britain expects this country to win the war for it and is doing nothing for itself. The other is the readily disprovable statement that relies on half-truth, that Britain is not a democracy. If Britain's war effort needed an able pleader, as it surely does not, the Prime Minister appeared in the role Tuesday.

Britain has proved its case on its war effort by the fact that Britain survives. Defeat the nation has met—on the Continent, in Norway, in Greece, in Crete. But while France collapsed and the silly neutrals succumbed to their own folly, Britain has long fought on land and sea with courage that will live as an epic story long after the whisperers in any doubting land have been forgotten.

To that fighting land, Mr. Churchill spoke once more Tuesday to say that while aid is coming from this country, and while Russia, forced into line as an ally by Hitler's move, is helpful, the war can be won for Britain only by continued steeling to a grim policy of self-reliance. That message rings as true here in the United States. We cannot expect Britain or Russia to win the war for us.

That self-reliance to which Winston Churchill appeals is based in the essential democracy of Britain as our own must be based in our democracy. Neither government is or can be a democracy in the true sense, but both are representative popular governments. It is only where representation ceases that democracy is in peril. — Dallas Morning News.

## ONE MORE STEP

Thirty years ago tuberculosis was the first cause of human death. Today, in the United States, it ranks eighth. The last decade alone has seen a decline of 37 per cent in the mortality rate of this once most dreaded disease of all mankind. Thousands of men, women and children are brimming with life, who would otherwise be but tear-choked memories. You or I might be among those thousands. The arm of tuberculosis prevention, as well as cure, is long.

Doctor R. H. Sundberg, in his annual report as President of the California Tuberculosis Association, pointed out that while spectacular gains have been made against tuberculosis, it would be extremely unwise to take victory for granted. He observed that: "Tuberculosis is still one of the major causes of death, especially in the younger age groups. The incidence of the disease might easily increase again. In the present world crisis, for example, one may properly be concerned over the possible effect of post-war conditions. . . This means continued segregation of infectious cases, earlier diagnosis, particularly through mass surveys and follow-up of contacts and more adequate treatment of discovered cases before clinical activity develops."

The successful battle being carried on against tuberculosis should demonstrate conclusively to the average layman the ability of the American medical profession and the responsive willingness with which that profession applies its ability, regardless of class color, creed or financial position. Tuberculosis is no respecter of social and economic barriers. It strikes all. To fight it successfully, has meant a campaign, in every corner of the land and in every so-called social stratum. Medical men, in tuberculosis as in other afflictions, carry on with little thought of personal gain, but with a flaming hope of promoting mankind one step nearer to a better civilization.

More than 20 operations are now performed in bringing a big gun to bear on its target. So the electrical industry is today playing a big part in the manufacture of these guns by making the motors, controls and calculating devices needed in this work.

Between 1939 and 1940, the aircraft industry spent \$76,800,000 for plants and equipment, and \$63,250,000 for development, a wise investment that is paying a dividend in national security today.

## KEEP HIM THAT WAY!

## Gems Of Thought

### JUSTICE

Impartiality is the life of justice, as justice is of all good government.—Justinian.

Justice is itself the great standing policy of civil society; and any departure from it, under any circumstance, lies under the suspicion of being no policy at all.—Burke.

Justice delayed is justice denied.—Gladstone.

God gives manhood but one clue to success, utter and exact justice; that, he guarantees, shall always be expediency.—Wendell Phillips.

There is no virtue so truly great and godlike as justice.—Addison.

## Lighter Tare On Cotton Wrapped In Cotton Bagging

College Station—The marketing division of the Surplus Marketing Administration is asking approximately 5,500 buyers of cotton to sign an agreement to make an allowance of seven pounds for lighter tare on cotton-wrapped cotton bales. According to George E. Adams, vice director and state agent of the Texas Extension Service, county agricultural agent and county AAA committeemen will cooperate in obtaining the signatures.

The Surplus Marketing Administration estimates that approximately 2,000,000 bales of the 1941 cotton crop will carry cotton wrapping. A cotton pattern weighs 4 1-2 pounds compared with about 12 pounds for a pattern of jute. Due to gross weight trading, this difference in tare penalizes farmers who use cotton bagging about seven pounds a bale unless merchants make an allowance differential.

The SMA points out that mills having 60 per cent of the spindles in the United States now are cooperating in making the allowance.

M. L. Wilson, director of extension work and I. W. Dugan, director, Southern Division, AAA, in a joint statement said: "We are advised that other mills will cooperate if the allowance is made by the cotton buyers to farmers. For cotton buyers not to make the allowance will deprive farmers at present price levels of about \$1 a bale and unjustly enrich themselves of a possible total of \$2,000,000."

The objective of the plan is to obtain for cotton farmers improved marketing practices and to encourage the use of cotton for bagging as a means of increasing domestic consumption.

The thriving terrazzo chip industry in Texas can thank University of Texas bureaus of Economic Geology and Engineering Research for its origin. These bureaus located, sampled and tested more than 150 deposits of native Texas stone suitable for quarrying as building material. Made from crushed marble, the terrazzo chips come in as many as 20 colors and are used for flooring, stairways and special stone effects. Three Texas firms are now shipping this product to all parts of the country.

Mrs. Elmer Jones and baby son of Seymour were visitors in the city last Monday.

Mr. and Mrs. C. D. Robinson of Vera were business visitors in the city last Monday.

## BRIEF ITEMS . . .

# Found

... IN OUR EXCHANGES

People are always looking for bargains, and Rev. T. A. Minga announces that dollar day will be observed at McKenzie Methodist Church Sunday. Every family is requested to bring a dollar; that is if they are able. The pastor says those who are not able will be given a dollar. This is for Methodist families only. We do not fully understand the plan of this preacher friend, but we told him that he would have to give out several dollars.—The Honey-Grove Signal Citizen.

Shipment of slightly over \$5,000 worth of the attractive cotton stamps were received at the county Triple A office recently—indicating that county farmers are "Johnny on the spot" when it comes to earning their quota of cotton stamps. Estimates gathered by the county AAA office indicated that approximately 650 farm families in the county will earn an estimated \$8,000 this year under the Cotton Stamp Program.—The Scurry County Times.

You are lucky to live in a county that voted down that last highway bond issue. Counties like Floyd, Briscoe and several other West Texas counties that voted bonds and got busy with their road building are now to pay the bill. The law was not extended. That means much higher taxes, too, at a time when taxes will be plenty high at other points. The gas tax should build the highways. The federal funds will be used to construct military highways.—Donley County Leader, Clarendon.

A diversion is being created in the Orient by the decision of Japan to go into Indo-China. The move is inspired, no doubt, by Hitler, who is seeking a diversion for Great Britain and the United States, thus keeping them off his back. But if Hitler has expected the democracies to become frightened, then he has missed his guess. For fear of provoking Japan to war, a policy of appeasement has been used towards her. While this country has been aiding the Chinese, at the same time, we have been providing the tools with which the Japs have sought to conquer their neighbors. But if Japan must have war anyway, then the time for appeasement is passed. And before too long a period has rolled around the Japs are likely to wake up to the fact that they have picked a bad partner.—Baylor County Banner.

The demands of war and defense for foods and raw materials already are reacting to the benefit of the farmer. Prices are advancing rapidly and in some instances surpluses are dwindling. For a decade, the farmer has been told to plant less and less, but now he is being urged to grow more of certain crops. This is a trend which will increase. The policy of scarcity is beginning to give way to a rule of plenty. More products will be stored by the government to meet the need, or the opportunity, to feed the world after the war. Government supervision of agriculture will not be relaxed. It probably will be extended, but the farmer will be permitted to produce more and will receive better prices.—Stamford American.

Charles Mayes, who has been visiting his grandparents, Mr. and Mrs. C. L. Mayes, for several weeks, has returned to his home in Corpus Christi. His grandfather accompanied him home.

## DELICIOUS PEACH ICE CREAM

Fresh peach ice cream is a star dessert attraction that really qualifies as a quick and easy treat. And it's thrifty, too.

2 cups peach pulp  
1-2 teaspoon almond flavoring  
3-4 cup sugar  
Juice of 1 lemon  
2 cups of cream

Select soft, ripe peaches, peel and put through a sieve. Add sugar and lemon juice and dissolve. When sugar is dissolved, pour into tray and freeze to a mush.

Whip the cream, add two table-spoons of sugar. Fold peaches into cream. Return to freezing tray. Stir once and finish freezing. These proportions will serve six.

Miss Louise Gafford, who has been visiting relatives in Coleman for several days, returned home last Sunday.

Mrs. D. B. Boyde of Throckmorton was a visitor here last Sunday.

## Tax Savings Plan

To make it easier for taxpayers to meet the increased taxes required by the National Defense Program, the Treasury Department is offering for sale two series of notes, both dated August 1, 1941, and maturing August 1, 1943. This is known as the Tax Savings Plan, and notes are available at this bank in the following denominations:

**SERIES A: \$25, \$50 and \$100 each** (Amount acceptable in payment of income taxes limited to \$1,200 in any one tax year.)

**SERIES B: \$100, \$500, \$1,000 \$10,000 and \$100,000 each** (Amount acceptable in payment of income taxes limited only by the amount of taxes due.)

Tax Savings Notes bear interest provided they are used to pay income taxes. See this bank for details.

**SALADS FOR YOUR SUMMER PARTIES**

A cool, colorful salad that looks as pretty as a picture nestling in its crisp green garnishings. Doesn't that sound like the perfect answer to a hostess' plea for something to serve with dainty sandwiches or tiny rolls at an afternoon party?

Of course, this salad must be as refreshing and delicious to eat as it is to look at. And that's exactly what this Calico Salad is. A lovely, frothy-looking pink thing flecked with bits of green pepper and chopped celery and decorated with clusters of chopped olives and cucumbers arranged to look like sprigs of flowers on a piece of old-fashioned pink calico. That's why we call it Quaint Calico Salad.

**QUAINT CALICO SALAD**

- 2 tbs. gelatin
- 1/2 cup cold water
- 8 medium-sized tomatoes (2 lbs.), cut in quarters
- 1/2 cup hot water
- 1 bay leaf
- 1/2 onion, cut in small pieces
- 3 celery tops
- 1 1/2 tsp. salt
- 2 pkg. cream cheese (each pkg. 3 oz.)
- 1 cup mayonnaise
- 1 cup finely chopped celery
- 1 cup finely chopped green pepper
- Celery rings
- Pepper strips or cucumber slices and stuffed olives

Soak the gelatin in cold water for 5 minutes. Simmer tomatoes, bay leaf, onion and celery tops in the 1/2 cup hot water for about 15 minutes. Strain. There should be about 2 1/2 cups juice. (Add enough hot water to make this amount, if necessary.)

Blend the soaked gelatin into hot tomato juice, and stir to dissolve. Add salt, cream cheese, and mayonnaise, and beat with rotary beater to blend thoroughly. Blend in finely chopped celery and green pepper. Chill until mixture begins to set.

**Arrange the "Sprigs"**

Arrange the celery rings (from bottom of celery hearts) and pepper strips or cucumber slices with stuffed olives in bottom of 10-inch ring mold or 10 individual molds to resemble small flowers. Pour the partially set gelatin mixture over these flowers in the molds. Chill. When firm, unmold. Garnish with sprigs of watercress.

**Instead of Fresh Tomatoes**

If fresh tomatoes are not available, use 2 1/2 cups strained canned tomatoes . . . or tomato juice and omit the 1/2 cup hot water.

**For a Sizzling Day**

If your party happens to fall on a sizzling hot afternoon, your guests will welcome this cold refreshing Salad Glace.

**SALAD GLACE**

Dissolve 1 package raspberry flavored jelly powder in 2 cups hot water. Wash and hull 1 quart of raspberries, and drain well. Sprinkle with about 1/4 cup sugar. Make 12 little balls from 2-3 oz. packages of cream cheese. Roll these balls in 1/2 cup finely chopped nuts. Place them in an oiled 10-inch ring mold and cover with the sugared raspberries. Pour the cooled jelly powder mixture over the berries and balls. Chill until firm.

When ready to serve, unmold on a large chop plate or platter and surround with crisp lettuce. Fill the center of the ring with PINE-APPLE SHERBET.

You may pass a fruity French dressing or a creamy boiled mayonnaise with lemon juice added, if you wish.

notes which can later be turned in to the Collector of Internal Revenue in payment of income taxes.

Q. Who can buy the notes issued under the Treasury's new "Tax Saving Plan"?

A. Only those who pay Federal income taxes should buy these notes. The Series A Notes, however, are especially designed for the small taxpayer. Series B notes are designed for larger taxpayers, either individual or corporate.

Q. Can I use these notes to pay any kind of taxes?

A. You can use them only to pay Federal income taxes (current and back personal and corporation taxes, excess-profits taxes.)

Q. What happens to a person's Tax Saving notes if he dies?

A. The notes can be presented by the estate for the payment of the taxes due from the decedent, or they can be redeemed for the amount paid for them. For further instructions consult the Federal Reserve Bank that issued the notes.

Q. Are these Tax Savings notes transferable?

A. No. Nor can they be used as collateral.

Q. Will the Tax Savings notes be registered?

A. No, but they will have the owner's name and address inscribed thereon so that the Collector of Internal Revenue can compare the owner's name with that on his tax return.

Q. Are the Treasury's Tax Savings notes taxable?

A. The income from these notes is not exempt from Federal taxation.

Q. Can I redeem my Treasury Tax Savings notes for cash?

A. Yes. Series A notes can, at the option of the owner be redeemed at the price you paid for them at any time without advance notice. Series B notes can be redeemed at the price you paid for them after 60 days from the time of issue, upon 30 days' notice.

Q. Where can I redeem them?

A. At the Federal Reserve Bank that issued them, in accordance with instructions on the back of each note.

Mr. and Mrs. H. L. Perkins and small daughter, Charlene of Olney, and Mr. and Mrs. C. R. Robinson of Dallas are visiting Mrs. Perkins' and Mrs. Robinson's parents, Mr. and Mrs. W. O. Barnett.

Mr. and Mrs. Henry Griffin had a family gathering at their home last week. Two brothers, his mother and sister and her husband were present: Mr. and Mrs. C. Griffin of KMA, Mr. and Mrs. Olin Griffin of Laredo, Mrs. E. C. Griffin, Benjamin, Mr. and Mrs. J. W. Melton of Benjamin and Carol Gregory of Dimmitt, Texas.

Harold Mercer of Camp Barkeley at Abilene, brother of Mrs. Jimmy Rice, was a week end visitor in Goree.

Mr. and Mrs. J. W. Moore of Jacksboro visited Mr. Moore's parents, Mr. and Mrs. G. W. Moore, over the week end.

Libburn Pierce of Littlefield was a business visitor in Goree Monday.

Mr. Pierce has been a resident of this section a long time, but moved to Littlefield to make his home.

Foy Bain Barnett writes home that he will leave for Louisiana August 5th to take part in the maneuvers, which will last about

two months. Mrs. W. A. Webb, mother of Mary Ellen Webb, visited in Goree over the week end.

Mr. and Mrs. Jim Goode were shopping in Wichita Falls last week.

Dale Fitzgerald is home after spending a two weeks vacation at Wichita.

Mrs. Roy Perdue is at the hospital in Knox City with Leroy Jr., who is a patient there. Leroy is having a long stay, but we hope he will be able to come home soon.

Mr. and Mrs. Frank Davis of Seymour and Mrs. Charles Johnson left for Ruidosa to spend a months vacation.

Charles Johnson left for Dallas after visiting here for several days.

Mr. and Mrs. Henry Hendrix and son of Amarillo visited Mr. and Mrs. Homan McMahon over the week end.

Mrs. Hendrix is Mr. McMahon's sister. Mrs. Homer Moore, Willie Kennedy, Lorena Cowser and Mrs. Homan McMahon were shopping in Wichita Falls Saturday.

Mrs. Nell Anderson of Wichita Falls was in Goree on business Monday.

Alvin Bowman who was stationed at Fort Lewis, Wash., is visiting

in and near Goree for some time. He was in the service for more than five years.

Rev. Frank Crown and Mrs. Crown of Rochester visited in the home of Rev. and Mrs. Winston R. Bryant last Sunday.

Game Warden L. C. Cole of Paducah was a business visitor in the city Tuesday.

Mr. and Mrs. George Spann of Abilene are visiting Mr. Spann's mother, Mrs. G. C. Spann, and other relatives and friends here this week. They are on their vacation.

Mr. and Mrs. Raymond Stapp left last Sunday for Ruidosa, New Mexico, where they are spending a week's vacation. They will return home next Sunday.

**Questions and Answers Give Details Of U. S. Treasury's Tax Savings Plan**

Q. Just what is the Treasury Department's Tax Saving Plan?

A. It is a plan starting August 1, 1941 to help the taxpayer set aside money, during the year in which earned, to pay income tax bills due the next year.

Q. How does the plan operate?

A. By the taxpayer purchasing the special notes offered by the Treasury Department to be used in payment of Federal income taxes.

Q. What are these notes?

A. They are direct obligations of the United States issue in the form of Treasury notes, and are dated in the month in which payment is received.

Q. Where may these notes be purchased?

A. Through local banks, or from Federal Reserve Banks, their branches, or direct from the Treasury Department, Washington, D. C.

Q. Do these Tax Savings notes earn interest?

A. Yes. Provided they are used to pay income taxes.

Q. How much interest do these notes earn?

A. Series A. earn about 1.92% a year; Series B. notes about .48% a year.

Q. How is the interest figured?

A. By specified monthly amounts so as to be easily computed on each denomination. Remember that none of these notes earn interest

unless used in payment of income taxes.

Q. What are their denominations?

A. There are two series of notes as follows:

**SERIES A**

\$25, \$50, and \$100 each (amount accepted in payment of income taxes limited to \$1,200 in any one tax year.

**SERIES B**

\$100, \$500, \$1,000, 10,000 and \$100,000 each. (Amount acceptable in payment of income taxes limited only by the amount of taxes due.)

Q. In what form should payment be made for these notes?

A. Remittance should be by check, bank draft, or money order, drawn to the order of the Treasurer of the United States, as payee.

Q. Can a \$100 denomination of Series A be exchanged for two \$50's of four \$25's of that Series?

A. Yes. Denominational exchange from a higher to a lower is permitted in either Series A or Series B. Applications for such exchanges should be made to the Federal Reserve Bank which issues such notes.

Q. Can the notes be purchased on a monthly basis?

A. Yes. They were designed for that very purpose, so that the taxpayer can save a specified amount each month and invest it in these

**News From Goree**

Mrs. J. E. Bicknell, Sr., who has been real sick for several days, is reported to be improving.

Mr. and Mrs. John Goode and Mrs. F. F. Goode were business visitors in Wichita Falls Monday.

## Proffitt Reunion Is Held at Goree On Last Sunday

Members of the Proffitt family gathered last Sunday at the Goree park, where an enjoyable family reunion was held. Some fifteen families of the relatives gathered and all enjoyed the day visiting and partaking of the delicious dinner.

Among those attending the reunion were Mr. and Mrs. W. Y. Wigenton and children, Wheeler; Mrs. Marie Pitcock and children, Kelton; Mrs. Pearl Wigenton and children, McLean; Mr. and Mrs. D. R. Donoho and children, Goree; Mrs. Eugene Lovell and family, Munday; Mr. and Mrs. Odis Proffitt and family, Kirkland; Mr. and Mrs. Virgil Proffitt and children, Seymour; Mr. and Mrs. John Smith and sons, Munday; Mr. and Mrs. A. F. Sanders and children, Lamar, Ark.; Mr. and Mrs. J. P. Baxley and children, Childress; Mrs. Buster Latham, Bomarton; Mr. and Mrs. James C. Ussery, Munday, and Mr. and Mrs. George Crouch and family and Jim Proffitt and family.

## County Council Meets on Friday At Benjamin

The Knox County Council of Home Demonstration Clubs met Friday August 1 in the regular meeting at Benjamin. Seven clubs were represented, with Truscott as guests club. There were thirteen of their members were present.

Plans for the Haskell-Knox Encampment were discussed, and a large delegation from the Knox County clubs is expected to attend. The encampment is to be held at the Midway school in Haskell county.

The clubs of the county will present an Amateur program on August 29 at the school auditorium in Benjamin. The public is cordially invited to attend. Admission will be 10 and 20 cents, or a family price of 50 cents.

The following delegates to the Texas Home Demonstration Association were elected; Mrs. J. C. McGee of Union Grove, Miss Myrtle Munday of Munday, and Mrs. R. M. Almanode of Sunset. The Association will meet in Beaumont September 3, 4 and 5.

## Munday H.D. Club To Sponsor Local Program August 13

A called business meeting of the Munday Home Demonstration Club was held last Tuesday afternoon in the home of Mrs. Frank Bowley. The club women voted to sponsor "The Sunshine Boys," string band radio performers, in an entertainment which will be held at the grammar school auditorium Wednesday evening, August 13. A small admission fee will be charged.

The home demonstration clubs of Haskell and Knox counties are holding their annual encampment at Midway school in Haskell county August 7 and 8.

The next regular meeting of the club will be in the home of Mrs. Don Phillips on August 22.

## Hefner H.D. Club Meets on Tuesday With Mrs. Oliver

The Hefner home demonstration club met on Thursday, August 5, with Mrs. Cecil Oliver. The meeting was opened by repeating the Club pledge in unison, and roll call was answered with "Improvements in Clothes Storage."

New and old business was dispensed with, and arrangements for attending the encampment, a two-county affair at Midway in Haskell county on August 7 and 8, were made. Mrs. Van Zandt gave a demonstration on providing proper storage for clothing.

The next meeting will be on August 16 with Mrs. R. L. Lambeth. A refreshment plate was served to 15 members and the demonstration agent.

Mr. and Mrs. Jimmie Silman and family were visitors in Albany last Wednesday.

Mrs. J. F. Bolander of San Angelo is visiting friends in this city. Mrs. Bolander formerly lived in Munday.

Mr. and Mrs. Grady Roberts returned home last Tuesday from Austin where they had been visiting since Thursday of last week.

County Clerk M. T. Chamberlain of Benjamin was a business visitor here Tuesday afternoon.

## R. R. Official

O. M. OLIVER

O. M. "Mark" Oliver assumes new official position with the Panhandle & Santa Fe Railway, in this territory, as assistant general passenger agent. He is a member of a pioneer Texas family and one of the youngest officials in the country to hold such an important position. His headquarters are in Amarillo.

## Wesleyan Service Guild Has Social Meeting Monday

The Wesleyan Service Guild met in the home of Mrs. O. H. Spann last Monday night for the regular monthly business and social meeting. Mrs. Ruth King, president, was in charge of the business session.

Mrs. Joel Massey led the program, the topic being "Stewardship of Vowes." Mrs. Layne Womble read the scripture. Mrs. Spann gave a short meditation, and Mrs. Aaron Edgar gave a lovely story on the life of Moses.

After the program, cake and punch were served to Meses. Aaron Edgar, M. F. Billingsley, M. B. Bounds, Joel Massey, Joe Bailey King, Layne Womble and Meses Ruth Baker, Merle Dingus, and Janie Spann and the hostess, Mrs. O. H. Spann.

## BOB BILLINGSLEY HAS POSITION IN McCAMEY

Bob Billingsley, son of Mr. and Mrs. M. F. Billingsley, left Wednesday of last week for McCamey, Texas, where he has accepted a position with the West Texas Utilities Co. He and another electrician are serving the many electric motors used in the oil fields of McCamey.

Tom Webb of Knox City is employed at the C. H. Keck Food Store this week, relieving Raymond Stapp, who is on vacation.

James Carden, who is in training at Brooks Field, San Antonio, is visiting relatives and friends here this week.

## Rev. Bryant And Wife Honored At Picnic Wednesday

Rev. and Mrs. Winston Bryant were honored at a picnic held on Wednesday night at the city park.

This picnic was given by members of the Presbyterian church, whom Rev. Bryant has served as pastor for the past two years. An enjoyable picnic lunch was spread and all reported an enjoyable time.

Members of the Presbyterian Ladies Auxiliary presented Rev. Bryant with a handsome traveling bag in appreciation of his work here. Rev. and Mrs. Bryant left Thursday for Dallas where Mrs. Bryant and son, Lyndon, will visit until Rev. Bryant becomes located in Austin after September 15.

A good representation of the church membership attended the picnic.

## Hefner Teacher Goes To Hospital

Ernest Ingram, well known teacher in the Hefner school, was taken to the Knox City hospital for medical treatment on Thursday of last week. Mr. Ingram was apparently suffering from sunstroke.

He was released from the hospital last Monday, and is reported to be greatly improved. His many friends in the county hope he will soon completely regain his health.

Mr. and Mrs. Plummer Edwards and little son, Billy George; Mr. and Mrs. Bob McKinney and son, Gene, all of Abilene, visited in the home of Mr. and Mrs. George Isbell last Sunday.

## Ginnings BY COTTON JOE

I was the one who asked Ma if she didn't want one of those cotton "play suits" to do her housework in this summer. I didn't figger that when she got it, she'd make it live up to its name.

## Kamal Waheed Is Honored at Dinner In Waheed Home

Kamal Waheed of Shreveport, La., who was visiting his brother, Sied Waheed, last week end, was honored with a dinner given in the Waheed home last Sunday. Kamal leaves for selective service training next Sunday.

Around 45 guests attended the dinner and included the following:

Mr. and Mrs. D. Joseph and family, Ranger; F. N. Hassan and family, Moran; D. Hassan and family, Stamford; S. Hassan and family, Haskell; B. Hassan and family, Stamford; Mr. and Mrs. C. S. Ameen and family, Lubbock; Mr. and Mrs. Jimmie Silman and family and George Salem, Munday; Katter Salem of Cleveland, Ohio; Mr. and Mrs. Frank Silman of Rochester, Sied Waheed and family and the honoree.

Grady Beck, Jr., who has been stationed at Fort Leonard Wood, Missouri, has been transferred to Camp Bowie, Brownwood, according to word received here this week.

### FIRST BAPTIST CHURCH

Our meeting which closed last Sunday night brought us many blessings. Many new resolutions were formed and new ambitions were stirred. We will all have courage to go on in a better way.

The pastor is in a meeting at Lake Creek this week, but will be here Sunday morning for the service. Let's make it a good day. Will see you Sunday morning.

W. H. Albertson

### HERE FROM DELEON

Mrs. A. E. Womble and family had as their guests the first of this week Mrs. Womble's mother, Mrs. J. H. Strube; Mr. and Mrs. John Lightfoot and Mr. and Mrs. Elmer St. Clair and children, all of DeLeon, Texas.

Mrs. M. L. Davis and Mrs. Pres-

ton Aldridge of Ada, Okla., are here for a visit with Dr. and Mrs. H. B. Douglas and daughter, Berniece, who met them in Wichita Falls last Sunday. Mrs. Davis is Mrs. Douglas' mother, and Mrs. Aldridge is her sister.

Wade T. Mahan was a business visitor in Seymour last Monday.

## WE HAVE MOVED...

We have sold the J.B. Auto Supply building and have moved all of our stock and fixtures to our old location, the J.B. Wrecking Yard, on the highway south of town. We invite you to visit us there, and we solicit your continued patronage.

## "Here's What I Expect An Advertisement To Tell Me"

"Where Can I Buy It? Naturally, one of the first things I want to know about something I see in an ad is—where can I buy it? It isn't simply a matter of convenience and of saving time in planning my shopping, either! No, the name of the merchant, itself, often decides whether I buy or not. Invariably, you see, I give preference to stores whose ads I see regularly and often—I know these stores must have good value or they couldn't go on advertising year after year!

"What Will It Do For Me? I find it so much easier to make up my mind when the ad tells me facts about the merchandise! What is it? What will it do? How will it help me? Why do I need it? I want to know about color, weight, texture, material, style—I enjoy reading those things and I usually buy from the merchant who tells them to me.

"How Much Is The Price? Of course nearly every ad mentions the price, but if an item has been marked down I want to know from how much. So many sale ads say 'Was Higher'... how much higher? I want to know how much I am saving and I want the chance of deciding for myself if the item is a real value or not. I have more confidence in the store that is consistently truthful and buy from such a store regularly—and my husband says an old customer is worth three new ones because new ones cost money to get!"

**READ THE ADS IN THE MUNDAY TIMES—ALL OF THEM HELP YOU TO WISE SPENDING—MOST OF THEM HELP YOU TO MAKE WISE SAVINGS, TOO!**

### Geo. Moffett Confident Legislature Will Solve Bond Assumption Problem Soon

Senator George Moffett of Chillicothe Sunday cautioned county commissioners courts against hasty action in levying special taxes to pay off road bonds in view of the likelihood of solution of the problem by the state legislature in the near future.

"My sincere belief is that Gov. Coke Stevenson will call a special session of the legislature very soon to take care of the road bond assumption appropriation," Moffett said late Sunday while on a visit to Wichita Falls.

### Squabble Over Surplus

"Coke Stevenson," continued Senator Moffett, "is extremely well posted concerning the states' affairs, having served in the legislature more than 12 years, and is the author of the original bond assumption law passed in 1932. I was then a member of the committee in the house of representatives which held extended hearings on the bill. It was a major piece of legislation as it took an unbearable tax off of the various counties, which had voted large amounts of bonds in the prosperous middle '20's, and later, during the depression, they were not able to pay the bonds. The legislature under Coke Stevenson's able leadership, enacted the law providing that these bonds would be paid off biennially by appropriating 1 cent of the state gasoline tax. However under our very stringent state constitution, no legislature may appropriate more than two years ahead. Succeeding legislatures have re-enacted the original law until 1941. This year a squabble arose over what to do with the surplus part of the 1-cent gas tax, for all of it is not now needed, as so many of the bonds have been paid off that it does not take the full one cent to get the job done."

"When the 1939 legislature passed the usual re-enactment, it was expected that there would be some surplus and it was distributed among the counties largely on a population and lateral road mileage basis.

### Bitter Arguments

When '41 rolled around the highway department demanded that said surplus be given to them, while the County Judges Association insisted with much merit that the counties needed their pro rata part of this surplus on account of unusual demands for repair of lateral roads due to record breaking floods. After long, heated and sometimes bitter argument, the legislature adjourned about a month ago, without reaching a compromise on this important matter. However, there was no disagreement over the wisdom or necessity of continuing the assumption of the county bonds.

"All the dissension arose over the surplus part of the 1 cent. Consequently, when the new governor calls a session, as I confidently expect him to do soon, the assumption feature will be passed without appreciable opposition, but there may be some delay in ironing out the other feature. I have talked with Governor Stevenson within the past few days, and he definitely assured me that as soon as the opposing factions could convince him that they had reached a tenable agreement, that he would call a session.

"If I were a member of a commissioners court," concluded Senator Moffett, "I would not levy the extra tax to pay off the county road bonds, for I sincerely believe that the state will take care of them. In 1932, we did not get the law through the legislature until late in September. It's not too late to do the same thing, and too late to do the same thing this year, and the need is urgent."—Wichita Falls Record News.

### GOES TO CAMP WOLTERS

Jack Williams, son of Mr. and Mrs. P. V. Williams, left last Monday for Camp Wolters at Mineral Wells, where he will serve as a second lieutenant in the U.S. armed forces. He reported for duty Tuesday morning.

### WASHBURN NEWS

Mrs. C. N. SMITH, Correspondent

Mr. and Mrs. J. R. King left last Thursday morning for Tulsa, Okla., where they will visit her parents for several days.

Mr. and Mrs. Cecil Gulley of Munday visited Mr. and Mrs. Thurman Gulley here last Saturday evening.

Mr. Alfred Morrison and son, Alfred, Jr., of Portales, N.M., and Miss Thelma Smith of Tucumcari, N.M., visited in the home of their brother-in-law and uncle, C. N. Smith and family, last week.

Mr. and Mrs. J. M. Smith and daughter, Jeanette, visited Mr. and Mrs. Cleo Pearce and family of Sunset Sunday.

Mrs. Douglas Busby of Munday visited in the home of Mr. and Mrs. C. N. Smith last Monday.

Mr. and Mrs. J. A. Hill and family visited his brother, Claude Hill and family, of Sunset last Tuesday.

Charles Yates, who is employed in Wichita Falls, spent last week end with relatives here.

Mrs. Mann Broach had as her guests last Friday her mother, Mrs. Hackfield, and sister, Selma, of Knox City.

Ruby Faye Wallace spent last week end with Billie and Jonell Hill of this community.

Mr. and Mrs. Shorty Hudson of California visited friends in this community last Tuesday afternoon. Mildred Smith spent last Thursday with Joyce and Billie Lou Speele of Munday.

Maggie Searcey visited Olive Dobbs of Munday last Wednesday afternoon.

### Boyce House's Book, 'Oil Boom,' Highly Praised

"Oil Boom is a bully book packed with human stories and human characters," declared J. Frank Dobie, famous Southwestern author, in commenting on the new book by Boyce House, whose column appears in over 200 Texas newspapers, including The Munday Times.

Other typical comments on Mr. House's book:

"A dramatic, graphic, quite readable, highly anecdotal, human interest narrative," Stanley E. Babo in Galveston News.

"Facts more thrilling than any fiction, melodrama wilder than any the movies have offered, history while it is still new enough to be free of legendary color. . . an epic glamorous and incredible," Hilton R. Greer in the Dallas News.

"He has boiled down the material for a short story into a sentence, for an epic poem into a page; for a novel into a chapter," Paul Bolton in State Observer.

"Oil Boom is a splendid addition to any library, particularly a Texan's," State Press in the Dallas News.

### EILAND IS TRANSFERRED TO SHEPPARD FIELD

Sergeant G. R. Eiland, Jr., who has been in training at Lowry Field, Denver, Colo., came in last Saturday for a few days visit with his parents, Mr. and Mrs. G. R. Eiland. He has been transferred to Sheppard Field, Wichita Falls, for future training and reported for duty there this week.

### LEAVE ON VACATION

Mr. and Mrs. M. L. Barnard left last Sunday for a ten days vacation trip. They had planned to visit relatives at various points in Arkansas while away.

Mr. and Mrs. Don Ferris spent the week end in Sweetwater with relatives. Mrs. Ferris' father, C. E. Binnion, accompanied them home Sunday for several days visit here.

## THE POCKETBOOK of KNOWLEDGE

MANY U.S. COMPANIES, IN ANSWER TO THE NATION'S NEED FOR DEFENSE EQUIPMENT, BEGAN MAKING NEW KINDS OF PRODUCTS ALTHOUGH THEY WERE USED ONLY TO PEACETIME MANUFACTURE—

### Cotton Stamps Bring \$26,000 To Knox County

If the 1936 cotton growers of Knox county use all the cotton stamps they have qualified for in this year, they will exchange about \$26,400.00, for cotton goods, according to Marvin Allen, Secretary of the AAA committee.

Records in the local AAA office indicate that approximately 3200 acres have been voluntarily taken out of cotton under the supplementary cotton program and cotton stamps are being issued on this basis, he said.

The purpose of the supplementary cotton program, for which an additional \$25,000,000 was allotted this year, is designed to reduce still further the cotton acreage allotment under the 1941 agricultural conservation program. The cotton stamp program is operated on an entirely voluntary basis and does not affect any other payments that are earned under the farm program, the chairman continued.

Cotton growers, who reduce below the smaller of their 1941 allotments or 1940 planted acres, are eligible to receive stamps at 10 cents per pound times the normal yield on the acres voluntarily reduced. Farmers who are interested in one cotton crop may earn a maximum of \$25 in stamps, and those having an interest in more than one cotton crop are eligible for a maximum of \$50.

Checking of 1941 compliance under the agricultural conservation program is approximately 57 per cent complete in Knox county and farmers will be issued stamps as rapidly as possible after the cotton acreage has been measured and approved by the operator. Until the cotton acreage is measured it is impossible to determine the exact amount of participation in the program and the amount of stamps producers are eligible to receive. Cotton stamps will be issued soon after August 15, 1941.

Kamal Waheed and Kattar Salem spent several days this week in Morton, Texas, visiting with Mr. Salem's brother, Sam Salem.

Mrs. Bill Miller and daughters of Olton are here this week, visiting with Mrs. Miller's sister, Mrs. A. C. Brock.

### TWO DUCKS SURVIVE TOUCH OF CIVILIZATION

Stories of two ducks which had contact with civilization but which escaped, have reached the Game Department office. One duck was seen waddling down the main street of Aransas Pass and was captured by two women. However, they decided they were unlawfully in possession of the fowl and released it. They found it had been slightly injured, which accounted for its inability to fly. When last seen, the duck was waddling contentedly down the street.

The other duck, a big mallard drake, apparently mistook Highway 87 northwest of Dalhart for a river and landed on it with a bump, which must have jarred his ancestors, as the editor of the Matador Tribune puts it. A light snow had fallen, but had not remained on the highway, although covering the countryside. The sheen of bright moisture probably made the road look like a river and the mallard dove into it. However, he was able to crawl off into the weeds and he disappeared.

### Medical School Gets More Funds

Austin, Texas.—The University of Texas Medical Branch at Galveston has been authorized to spend \$1,907,370 during 1941-42 in its expanding three-fold program of training tomorrow's doctors, in research and in service to the people of the state through the school's hospital facilities.

The new budget approved by the University Board of Regents allows major quadruples the \$490,405 outlay for 1940-41.

Bulk of the funds available for a legislative appropriation of \$1,604,370, with the remainder to be derived from hospital collections, student fees and miscellaneous sources.

Of the new appropriation, \$500,000 is to provide for establishment of a new cancer hospital and research program, under University management; the John Sealy Hospital, long a laboratory for the Medical Branch, was placed under University direction and given operating funds of \$550,000.

Major items remaining allow \$557,650 for operation of the School of Medicine and \$118,370 for hospital for crippled children.

The increased appropriation was granted by the Legislature after University officials demonstrated the need for expanded teaching, research and service facilities to make the Medical School an "institution of the first class."

Guests in the home of Mr. and Mrs. Jim, of Dallas spent last Monday night here, visiting in the home of Mr. and Mrs. John E. Ingram.

Mrs. Ora Collins left last week for Pampa, Texas, where she is visiting in the home of her son-in-law and daughter, Mr. and Mrs. Bob Couch.

### ANNOUNCEMENT

I will be at the Terry Hotel in Munday, Texas, Tuesday, Aug. 12, from 8:30 a.m. to 11:30 a.m. If you have any trouble with your Eyes, Ears, Nose and Throat, or need Glasses—consult me there on that date, or call at my office at any convenient time.

### Senate Names Connally Head of Big Committee

Washington, D.C.—Texas, Senator Tom Connally, has been elevated by the Senate of the United States to head the powerful Foreign Relations Committee. Senator Connally is the first Texan to have ever gained this distinctive honor.

Connally was first assigned to the Foreign Relations Committee of the Senate in 1931. In ten years he has advanced from a position of 20th on the committee to the chairmanship. Before being elected to the Senate, Connally served on the Foreign Affairs Committee of the House.

The Foreign Relations Committee, rated as one of the three most important committees of the Senate, works in conjunction with the President and the Department of State to form and to enforce the foreign policy of the United States, a matter of topmost importance at the present time. In their natural course, matters to be taken to Congress relating to foreign policy from the President or the State Department pass through the hands of the Chairman of the Foreign Relations Committee.

All treaties before the Senate for ratification, are first passed upon by the Foreign Relations Committee. Recent legislation of national interest which the committee has handled has been the Neutrality Acts and the Lease-Lend Act.

Senator Connally is particularly well suited for his new assignment, with 12 years of service on the committee in both the House and Senate, his knowledge of conditions in other countries gained by personal visits to all sections of the world, and his acknowledged debating ability.

Miss Maxine Eiland, who has been in Galveston for medical treatment for several weeks, returned home last Saturday. Mr. and Mrs. G. R. Eiland and son, G. R. Jr., met her in Wichita Falls.

### Ginnings BY COTTON JOE

That yearling was fattened on cottonseed meal and cooked in cottonseed shortening. No wonder it tastes so good to a cotton man.

### HEFNER NEWS

The Friendship Baptist church two-weeks revival has closed with three additions to the church; two baptised. Rev. C. C. Evans of Snyder delivered the messages of old time gospel preaching. He used a chart of the Eastern hemisphere to illustrate world conditions pertaining to World War No. Two.

Rev. J. L. Gray is holding a revival at Judd this week.

J. T. Murdock and family are on vacation at Dallas with his parents, and on to the Gulf Coast.

Mrs. George Oliver and son Carl and wife were called to Montague to the funeral of Mrs. Oliver's brother, George Hoover, the first of the week.

Mrs. W. A. Harris left for California to visit her son, Ray, and three daughters.

Charles and Arnold Haskins, Joe Tidwell and Lizzie McKenzie attended a church homecoming in Parker county last Sunday.

W. A. Barnett and Mrs. H. Steward attended the funeral of a nephew killed by lightning at Benjamin recently.

Dr. Porter Jordan of Philadelphia, Miss., Charles Elmo Jordan of Decatur, Miss., and Ezra Jordan of Pampa, Texas, visited E. J. J. Jones family recently.

Mr. and Mrs. M. J. Alexander and Mrs. G. W. Hawkins were guests Tuesday in the home of Mrs. Hawkins' mother, Mrs. J. B. Bowden.

Mrs. Sied Waheed and sons left Tuesday for a few days visit with her parents, Mr. and Mrs. C. S. Ameen in Lubbock.

Mrs. Cleo Patterson of Memphis, Tenn., who has been visiting in the home of her sister, Mrs. J. B. Bowden, returned to her home Saturday.

### MUNDAY FAMILY ON VISIT IN FLORIDA

A card from the publicity department at Silver Springs, Florida, stated that D. B. Weaver, Jr., and family of Munday were registered as guests at Silver Springs on July 30. The Weaver family plans to locate in Florida.

Mrs. M. M. Morgan of Geesville, Texas, has returned to her home after a visit in the home of her daughter and son-in-law, Mrs. Wallace Reid, and Mr. Reid.

Miss Elizabeth Heath is visiting relatives in Christoval, Texas, this week.

RECONDITIONED Row Binders in A-1 condition at Broach Implement Co.

### Henry Ford Says

Thinking is the hardest kind of work—which is probably the reason so few engage in it.

The "recovery" we need most is of our American spirit of independence.

Take all the experience and judgment of men over 50 out of the world and there wouldn't be enough left to run it.

The best thing about obstacles is that they make us prove ourselves. Some of life's keenest satisfaction comes from doing things we thought we couldn't do.

There are no dead ends. There is always a way out. What you learn in one failure, you utilize in your next success.

To put in the hands of all people the means for a freer, broader and more healthful life—I don't know of a better purpose in life than that for anyone.

The man who cannot think is not an intelligent man, no matter how many college degrees he may have.

# I GIVE YOU TEXAS

By Boyce House

More about people you know: When W. J. Barnes, well-known Houston lawyer, was prosecuting attorney for Eastland County and when former Senator W. B. Collie was district clerk, Collie owned a model T coupe, of which he was quite proud. They made a trip from Eastland to Dallas, and upon their return home, Barnes said, "We were just arriving in Dallas and I was very tired; and no wonder. I looked down and the floor boards had fallen out and I had trotted all the 33 miles from Fort Worth."

Lieut. James E. Taylor, publisher of the Corsicana Democrat and one of the ablest members of the House, will be a candidate for the State Senate.

When the United States Senate race returns made it appear as though there would be a Congressional vacancy in the Austin district, Ralph Yarborough, highly popular former district judge and former Assistant Attorney General, received a flood of phone calls and letters pledging support if he made the race.

Some years ago, E. H. Whitehead who is now the efficient manager of the Temple Chamber of Commerce, was in Houston. He had urgent business in Fort Worth that would require only a few minutes and he had to be back in Houston next morning. Of course a plane trip was the answer. So he dashed to the airport in a taxi just in time to catch the ship, landed in Fort Worth and hurried up-town to a bank whose official he wished to see. But the door was closed and it bore a sign, "Holiday—Columbus Day". Since then, before making a rush trip, he looks at his calendar as well as his watch.

watch.

We had gotten as far as Valles on our motor trip into Mexico in last week's column. Valles is a small town with four or five modern tourist courts; we stopped at Las Palmas. There were banana plants with bananas actually growing; pineapples; a papaya tree and orange groves. Next morning we were really traversing the tropics—about 100 feet above sea level, straw-covered huts, the smoke going its way out through crevices in the roof; yards bright with big flowers; and, pressing close on all sides of little clearings, the jungle, into which one could have squirmed for two steps and been as hidden as if miles away.

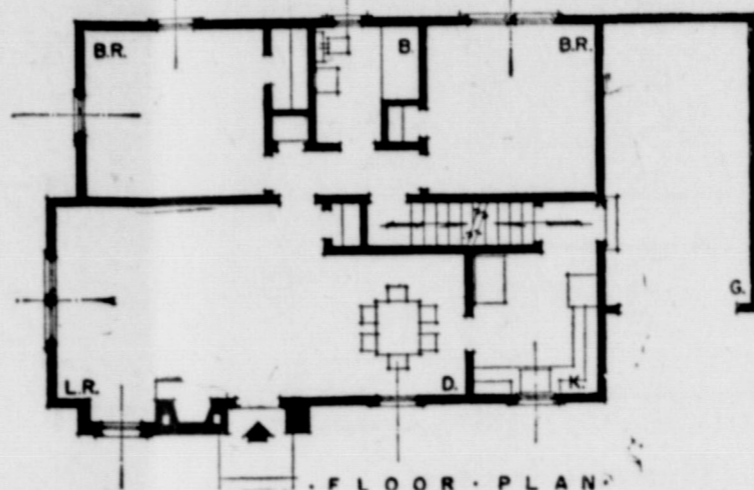

Children along the road called "allo" and waved their hands, not with a motion of the arm, but with the slightest fluttering of their fingers, and their faces were lit with smiles.

At Tamazunchale (called "Thomas an' Charley" by the tourists) we began the climb into the mountains. Soon we were winding 'round and 'round on a roadway that had been blasted and chopped through solid rock. The pass between Nuevo Laredo and Monterrey two days before had been a mere dress rehearsal as, mile after mile, we went steadily upward. Twenty-five miles an hour was a good speed. Three thousand feet of absolutely empty space yawned beyond the brink of the highway which, however, is well-constructed and not difficult for even a driver as lacking in mountain experience as I was. The air grew chilly, then downright cold and there were wisps of fog, then a quick rain before we reached the crest of 7,000 feet, then dropped rapidly to 4,500 feet into the pretty little town of Jacala for luncheon.

Beyond there the drive on to Mexico City is, while long, much less spectacular, although a still greater height is reached—8,300 feet—but you don't realize it, for the country seems to have flattened

The use of several different exterior construction materials often leads to architectural disaster, but in this case the materials have been combined with good taste. The house is well-designed in regard to room relations and ventilation. Valued at \$6,500 in Ohio, this property was financed with an FHA-insured mortgage of \$5,800. Average monthly payments on a 20-year mortgage of this amount, exclusive of local taxes and hazard insurance, total approximately \$38. The cost of a similar property will vary in other localities.

ed out. On the day after the "Glorious Fourth" your columnist attended the horse races at Brady. Five thousand people were there and the day before the attendance was twice as much. There are a lot of people in Texas who like to see thoroughbreds run. One observer sums it up: "The fact that the law prohibits a man so inclined from adding to the zest of things by backing his judgment with a dollar or two has virtually banished horse races from the State." Most of the Brady races had 10 horses and the jockeys really did some riding, the crowd surging to its feet with a yell as the horses came down the home stretch.

A good many readers have asked me to comment on the recent article about Texas which appeared in American Mercury (which used to be a right good magazine) and which was reprinted in Readers Digest. It was just one more case of Eastern editors preferring to have an outsider pass through Texas in a fast automobile and then write something to the effect that the heroes of the Alamo were a group of suicidal maniacs rather

than have some Texas writer who knows Texas to do the writing. I have spent years in collecting Texas jokes, and some of the best were appropriated in the article without so much as a "By your leave" or a word of acknowledgment.

# Announcing! CAMERON'S New Farm and Ranch Plan Book and Survey Service

## What is CAMERON'S New Plan Book?

Here is a practical, new Plan Book which offers you new plans of Farm and Ranch Buildings—structures which are:

1. The most economical to build for their specific purposes.
2. Are designed to increase your profits and income.
3. Are constructed so as to last—reduce upkeep—increase the value of your investment—save you time and needless steps and work.

These plans contain the accumulated experience of Wm. Cameron & Company's 73 years of meeting and successfully solving Southwestern Farmers' and Ranchers' building problems.

These plans are ready for you to see and use at your nearest Cameron Lumber Store. They are hot off the press—brand new and include the best and latest in Farm and Ranch construction. When you buy your materials from Wm. Cameron & Company, the necessary plans are furnished you free. Included in the Plan Book are important technical data on ventilation, etc. Regardless of whether or not you are now planning any building, remodeling or repairing—it will pay you to see this new Plan Book at your nearest Cameron Lumber Store—TODAY!

## What is CAMERON'S New Survey Service?

A Farm or Ranch is, in fact, a factory...its purpose is to earn profits. The buildings and structures on that Farm and Ranch are important in causing a profit or loss. The location of the buildings in relation to each other, the convenience of their inside layout, their efficiency, upkeep cost, and the time and work they do or do not save determines whether you will have high or low operating costs. The lower your operating costs, the higher your profits will be.

To have a low operating cost Farm or Ranch you must plan your buildings—their location, construction, interior layout and the use of correct materials. You must have a plan—low operating cost farms don't just happen—they are based on careful study and planning.

To meet this need, William Cameron & Company developed their new Farm and Ranch SURVEY SERVICE. Special printed survey forms are provided on which you, with the assistance of your trained local Cameron Man, can:

1. Make a survey of your existing buildings—their layout, location, condition, etc.

MAIL THIS COUPON TODAY

## Spindletop To Have Birthday Party for Famous Oil Field Planned

BEAUMONT, Tex.—Spindletop, the most famous oil field in history, will have a birthday party this year.

Discovered forty years ago when the Lucas gusher blew in with a roar heard around the world, Spindletop will furnish the theme for a national oil anniversary celebration to be held here October 9, 10 and 11 by the Texas Mid-Continent Oil and Gas Association.

Highlighting the birthday observance will be the dedication of a huge monument to be erected to the Lucas gusher and the pioneers of Spindletop. Made of Texas granite, the shaft is the result of the efforts of the Lucas Gusher Movement Association headed by J. Cooke Wilson of Beaumont, and scores of oilmen who have contributed to its completion. It will be the second tallest monument in Texas, yielding only to the stratospheric San Jacinto memorial.

Spindletop, first gusher oil field in the United States, was the beginning of the modern petroleum industry. Oil was found here in 1901 in such tremendous quantities that it could be used not only for lubricants but also for fuel and power. As the inscription now being carved on the monument base points out, "Petroleum has revolutionized industry and transportation; it has created wealth untold, built cities, furnished employment for thousands, and contributed billions of dollars in taxes to support institutions of government. In a brief span of years it has altered man's way of life throughout the world."

In Texas, the petroleum industry has grown in the four decades until it is now the largest business in the state. Production last year was almost half a billion barrels from nearly 100,000 wells, and expenditures for Texas labor, supplies, etc., totaled \$750,000,000.

Taking part in the birthday celebration will be leading oil men from all parts of the country. Many of whom entered the business at Spindletop. Both the convention program and its entertainment will carry out the anniversary theme, according to Mr. Wilson, who is convention chairman. E. L. Smith of Dallas is president of the Texas Mid-Continent Oil and Gas Association, research and service organization of Texas oilmen which is planning the observance.

### HOME FROM HOSPITAL

Miss Christine Burion, who recently underwent an appendectomy in a Wichita Falls hospital, was brought home from the hospital last Saturday. She is reported to be rapidly improving and will resume her duties at the J. C. Borden insurance agency in the near future.

Mr. and Mrs. Arthur Lawson and family visited relatives in Stamford last Sunday.

## Army Wings Over Salinas, Calif.

(The following was compiled by Pvt. Cecil Cooper, headquarters division, Air Base Detachment, at Salinas, Calif.)

There is college, club, circus, stage and underworld slang, but the Army Air Corps probably has more color than any of the above. It is possible that this bird Webster did not know his aeronautics; he did know his dictionary.

The old world had no slang. If they had, the Romans would have shared the glory. If the greatest Roman of them all ever said that Cleopatra was a "female disturbance" soft on the eyes, or that she could make a Boy Scout out of an Old Soldier, history carried no record of it, but read on, brother, read on:

Blind Flying: A blind date with a dame you have never seen before.  
Chinese landing: One wing low.  
Check: Something always expected from home. A flying exam with an instructor.

Cadet: A dodo convinced that he can fly. (Tooting his own horn.)  
Dihedral Oil: What recruits are sent after but seldom get.

Dodo: A bird that wants to fly but can't. An under classman.

Dual: Riding with an instructor. All mistakes are made at this time. Also denotes a date with a chaperone.

Female Disturbance: Something that is usually familiar after pay day.

Flying Kaydet: A bird who was out of work in civilian life, and who succeeded in slipping by the Flight Surgeons, and working his old college professors for the credits he missed, and is thereafter sent to a flying school where he is fed like a king, gets a pay that keeps him in debt, is treated like a buck private in everything except rank, and finally, if he gets by, is given the glory of the coveted wings.

Funeral Glide: A ship out of control. The earth comes up and kisses you. A daisy in your hand and curtains.

K. P.: Keep peeling: A contagious disease. Sergeants and corporals are immune, but it is caught very frequently by buck privates.

Pay day: A day set apart to visit "Uncle." A day of rejoicing and hangover.

A. W. O. L.: After women or liquor.

Foster Bunkley of Seymour, of the firm of Bunkley and Jones, was a business visitor here Monday morning.

Mr. and Mrs. D. E. Holder, Jr., have moved into the home formerly occupied by Rev. and Mrs. Winston R. Bryant. Mrs. Bryant and little son, Lyndon, left Wednesday for Dallas where they will visit relatives until Rev. Bryant becomes located in Austin after September 15, where he will attend the seminary.

Wayne and L. B. Patterson, Jr., who are attending the aircraft training school in Dallas, spent the week end here with their parents, Mr. and Mrs. L. B. Patterson.

Miss Lucille Petrus left last Sunday for Vernon, where she is visiting friends and relatives this week.

Mr. and Mrs. Gayle Ingram and Mrs. Ray Holcomb over the week end were Mr. Holcomb's mother, Mrs. W. J. Holcomb of Frost, Texas, and his sister, Mrs. J. D. Ramsey and her son of Mart, Texas.

Mrs. Will Glenn, Mrs. Myrtle Bisbee and Miss Helen Bisbee of Benjamin were visitors here last Monday.

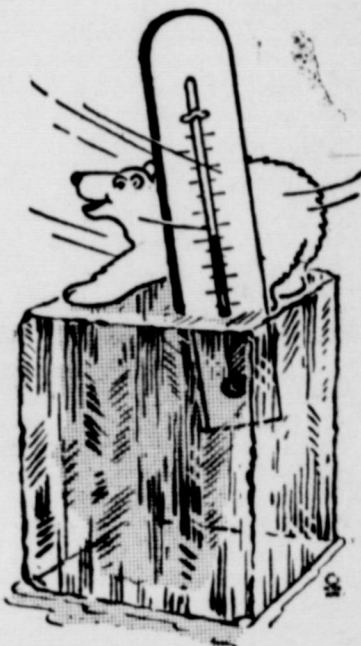

## ICE MEANS AIR CONDITIONING

The new, streamlined ice refrigerators are designed for proper air conditioning. Moisture from melting ice humidifies the air and guards food against rapid drying out. No exchange of odors, eliminating the expense of refrigerator dishes and covers. For health's sake—start using ice refrigeration today!

## TEXAS OUT-O-DOORS

Austin, Texas—"I'll take my hunting in Texas," exclaimed a sportsman recently after perusing a story issued by the Pennsylvania Game Commission which noted that the season and bag limits on most game in that state will be more liberal than usual.

The reason for the exclamation was that while Pennsylvania has long been noted as the leading game state in the nation, its bag limits are far below those of Texas for almost every species of game. It was also found that Michigan, another of the leading game states in the nation, also had far more stringent regulations than does the Lone Star State. Michigan for example, ranks second in deer, Texas fifth, and in all species of big game, Michigan is generally second and Texas sixth.

Yet the sportsman, to his amazement, read that Pennsylvania allows the hunter only one buck deer during a two-week season. Michigan also gives the sportsman the privilege of killing but one deer. Texas' bag limit is two per season and the season is six weeks long.

Hunters in Texas are allowed three turkey gobblers during a six-week season under the general state law, but the Pennsylvania hunter legally can take only one and Michigan's nimrods do not even have that pleasure, there being no open season on the great American bird in that huge state.

Quail hunters who pursue their sport in Texas can take almost two and a half times as many birds in any week of the six-week season as Pennsylvania hunters can legally bag all season. The Keystone state allows its sportsmen to kill 5 quail per day and not more than 15 in a season. Should a Texan be lucky enough to get his limit of 36 birds each week during the season he could take legally 216 quail. Michigan has no open season on quail, but allows its grouse hunters to take 25 birds per season.

An even more liberal bag limit is allowed by Texas laws on the squirrel. Pennsylvania nimrods can bag twenty of the little nut eaters during a season which extends from Nov. 1 to Sept. 30. Michigan is a bit more liberal, allowing the taking of 25 squirrels. Texans, believe it or not, could legally kill 1,800

squirrels under a state law which provides an open season for six months of the year. The daily bag limit is ten and with 180 days to legally hunt the tree climbers, Texans can gorge on squirrels.

Want to hunt rabbits? You can do so, and legally, at any time of the year in the Lone Star State, but don't attempt it in Michigan or Pennsylvania more than three weeks in the year. Too, it is illegal in Pennsylvania to take more than 4 rabbits in a single day or 20 in a season. If you are in Michigan, you can do a bit better. That state's daily limit is 5 and 50 may be killed during the season.

"Well," remarked the old-timer after looking over the above figures, "Maybe those strict bag limits and shorter seasons are the reason Pennsylvania and Michigan can outrank Texas in Game."

**Black Buck Captured**  
A black deer, far more rare than albinos, has been captured by a Comal County ranchman. The deer is the second of its kind to be seen in that Central Texas county in the last several years. One was killed there in 1935, the state game warden has reported to the executive secretary of the Game Department.

Black animals or birds are known as those affected with melanism, a condition which results in far more than the usual amount of pigments in the hair or feathers. Many albinos (white) are reported in Texas each year, but birds or animals of the melanic variety are extremely rare.

**East Texas Prospects Excellent**  
Despite the fact reports continue to reach the Game Department's main office in Austin that ticks are killing deer in East Texas, biologists and game wardens in that section report there are many more deer there than usual. The squirrel crop, in general, is also much better than it has been in years.

Why not take a boy or girl fishing?

### PATRIOTISM

Mrs. Matilda E. Phillips, 83, is perfectly willing to give up her Jacksonville home for the shell and detonator plant if defending America means "putting a stop to Hitler." Mrs. Phillips saw the dead who were left on the battlefields at Bayou Meto bridge, during the Civil War.

She was born on a farm now known as the old Marion Henry place, on December 3, 1857. The farm on which she now lives has been her home for 67 years. Modern roads and cultivated land have replaced the dim trails and woods of her early days there.

Mrs. Phillips was the only child of the second marriage of her father, Miles Adams, whose wives were sisters. She was married to D. W. Wood on 1874. There were parents of three children. Mr. Wood died in 1879. His widow was married to W. J. Phillips in 1882. Five of their eight children are living. Mrs. Phillips has 85 direct descendants—six children, 35 grandchildren, 44 great grandchildren. Through marriages she has relatives in nearly all families of the area.

Since suffering a hip fracture in a fall on March 15, 1939, Mrs. Phillips has been unable to walk. She lives with her youngest son, J. F. Phillips, and a daughter, Mrs. Emma Baker.—The Arkansas Gazette.

Editor's Note: The above article was handed us by Mrs. W. A. Harris, who is Mrs. Phillips' daughter. Mrs. Phillips has a number of relatives in this section, as well as friends, to whom this article will be of interest.

Mr. and Mrs. Morgan Duvall of Danville, Kentucky; Mrs. J. I. Morgan of Sipe Springs, Texas, and Mrs. George Duvall of Lubbock spent several days here last week, visiting in the home of Mr. and Mrs. J. O. Bowden.

Mr. and Mrs. Quincy Joe Lee of Wichita Falls spent the week end here, visiting in the home of Mr. and Mrs. Travis Lee.

Mr. and Mrs. Horace Oliver and son, Bruce, of Gary, Okla., visited with friends here the first of this week.

Mr. and Mrs. Wade Mahan and Mr. Mahan's nephew, Sheffey Mahan of Childress, spent the week end in Wichita Falls visiting in the home of Mr. and Mrs. Jim McDonald.

Mrs. G. K. Fladger and son and daughter of Honey Grove, Texas, spent last week here, visiting in the home of Mr. and Mrs. T. G. Bengel. Mr. Fladger came after them Sunday and they returned to their home on Wednesday.

Mr. and Mrs. Wesley Russell of Abilene visited friends here a while last Sunday.

## Star Makes Dog Both Hobby and Pet

There's a difference between having a dog as a pet and having one as a hobby. Miss Anita Louise, beautiful picture star, shown here with "Sunshine," is one who makes her dog a hobby as well as a companion. To give her dog what she feels is only its just return for its devotion to her, she has become an amateur authority on the treatment of dogs.

Training the dog is just a small part of the hobby. Miss Louise is well informed on the breed's background and habits, on symptoms of various diseases of dogs and their treatment, and on the dietary requirements of the dog.

Particularly interesting are her conclusions on feeding, arrived at after considerable study. She has

discovered that scientific research has established the value of Vitamin B in the dog's diet as a safeguard against running fits and other nervous ailments. To obtain this property, Miss Louise feeds her pet a canned dog food which contains B in the form of earlyne. Her decision to use this vitamin-charged food exclusively is based on the medically proved fact that vitamins cannot be stored in the body, but must be supplied by a continued intake.

Though she has a fundamental knowledge of animal medicine, Miss Louise makes no attempt to use it except for diagnosis and first aid. Three times a year, she takes her dog to a veterinarian for a routine checkup.

## Successful Cooperative Fresh Peach Drive Continues Through August 15

Results of the initial drive just concluded, of the fresh peach cooperative campaign were most gratifying, according to Mrs. L. J. Cappelman, Regional Director for the Southern States, Surplus Marketing Administration, U. S. Department of Agriculture, Dallas, Texas. Starting August 7 through 15 a further intensive drive will be launched. This drive will preface a sustained effort throughout the remainder of the fresh peach season.

"In this public spirited drive the peach producer, wholesaler and retailer, in cooperation with the Surplus Marketing Administration are all working hand in hand for the benefit of consumer and producer. This campaign is an example of the outstanding results that can be achieved when a cooperative effort is made." Mr. Cap-

pleman continued, "The peach producer was faced with several important problems at harvest time. First, this year's crop of southern peaches is the largest in the last 10 years. Marketing time for fresh peaches is unusually short, and only through a cooperative effort on the part of all groups handling the fruit could this bountiful crop be marketed with a fair return to the producer.

"A further important aim of this cooperative campaign is to educate the consuming public as to the health-building value of fresh peaches. Not only are peaches delicious, but they contain certain vitamins so necessary in our daily diet. The program is proving successful in this two-fold problem of helping farmers move their crop into consumption, and improving

diets of American families. "In order to further increase our domestic consumption of this abundant fresh peach crop, and assist needy families in securing a more nutritive diet, peaches have been included on the list of health-protecting foods in the Federal Food Stamp Plan.

"The peach producing industry, in cooperation with local Food Industry Committees, Chambers of Commerce, as well as wholesalers and retailers are stressing the value of peaches in everyone's diet. American homemakers in turn are doing their share by purchasing and serving fresh peaches daily. Our reports show, not only are they serving more fresh peaches, but the alert homemaker is canning and preserving peaches in order to serve them to her family all winter long."

In conclusion, Mr. Cappelman urged, the same spirit of cooperation shown during the first phase of the fresh peach campaign be continued through the final drive August 7 through 15, and as long as the fresh peach crop is available.

Mr. and Mrs. Warren Kerr of Lubbock spent the week end here visiting in the home of Mr. and Mrs. Basil Reynolds.

Pvt. Moulton Wiggins of Camp Bowie, Brownwood, spent the week end here visiting with his parents, Mr. and Mrs. J. A. Wiggins and with other relatives and friends. Wiggins left this week for Louisiana for two months of maneuvers, and while here he had his Munday Times sent to his Louisiana address, stating he had to have some way of keeping up with people of the old home town.

Mr. and Mrs. A. H. Mitchell and daughter, Patsy Ruth, visited relatives and friends in Baird, Texas, over the week end.

Mr. and Mrs. W. E. Braly took M. L. Wiggins back to Camp Bowie last Saturday, and went from there to Brady, where they visited Mr. Braly's brother and family. Their nephew, Walter Braly, returned home with them Sunday for a visit.

**EVERY JOB IS GIVEN OUR CAREFUL ATTENTION . . . YOU WILL LIKE OUR WORK!**

Whether you need a cotton chopping hoe, garden rake, a tractor or other large farming implements, we invite you to come to Guinn's. Our stock of hardware and implements is complete, and we're trying to furnish you first class merchandise at the lowest possible cost.

**Your Every Need Cheerfully Supplied**

**GUINN HARDWARE CO.**  
MUNDAY, TEXAS

**Twice as much for your money**

**. . . that's the kind of bargain Your Electric Servant brings YOU NOW under Business Operation**

- Twice the speed. Electric servants breeze through your housework in less than half the time it used to take—at about half the cost. Your bill maybe is about the same as it's always been, but you now get more and better service, plus better lighting, for about what you used to pay for lights alone.
- Twice the labor saving. Ask the woman who owns a washing machine what electricity has done for her! At present-day low rates, you can afford to use most all the modern appliances. Today electric rates are only about half what they were 10 to 15 years ago. You get about two or three times as much for your money!
- Twice the light. No blackouts here! Today you can get twice as much light as you used to, for the same money. (Light bulbs are twice as efficient, so you get four times as much today for the same money.)
- Twice the comfort. Constant research is developing new and cheaper ways of using electricity. Air conditioning this past summer reached more homes than ever before, bringing cool comfort at small cost. Other usages are being constantly improved at no extra cost to you!

**Credit for the steadily improved service to you at steadily reduced rates is due the trained and experienced men and women of this organization. They have devoted many years to the highly technical problems of electric generation and distribution . . . all without interruption and at low cost.**

"We used to pay 15 cents a kilowatt-hour. The low rates today enable us to use our many appliances without being extravagant. Besides lights, we now have range, water heater, Frigidaire, sweeper, air conditioner, iron, percolator, toaster, waffle iron, radio, fans and heating pad—making for better and more economical living. . . The West Texas Utilities always renders courteous, prompt and efficient service for which we are grateful."

—MRS. W. C. DICKEY, Memphis, Texas

**West Texas Utilities Company**

### Cotton Stamps In Circulation

College Station.—About one-half million Texas cotton growers will exchange an estimated \$8,000,000 of cotton stamps this year if they use all they qualify for, B. F. Vance, administrative officer of the state AAA, has announced.

Cotton growers, who reduce below the smaller of their 1940 planted acres or 1941 cotton allotment, are eligible to receive stamps at 10 cents per pound times the normal yield on the acres voluntarily reduced. The stamps may be exchanged for cotton goods at stores participating in this program.

The supplementary cotton program, for which \$25,000,000 was allotted, is designed to reduce cotton acreage still further than is provided under the 1941 agricultural conservation program. Participation in the program is optional with cotton farmers. The final date for indicating participation in the voluntary program was June 14, and the first stamps were distributed July 21.

Due to excessive rains at planting time, and floods over the state after cotton had been planted, a larger percentage of Texas cotton growers are qualifying for the stamps than had been anticipated, Vance said.

Already many counties in the state are issuing stamps to cotton growers to be used for the exchange of cotton goods with the maximum peak expected to be reached in a few days since 1941 farm compliance checking in the state is about 50 per cent completed. Cotton acreage on individual farms must have been measured and approved before the stamps are issued as this is the only manner possible to determine the amount of voluntary reduction.

Provisions under the supplementary program limited the amount of stamps to \$25 for producers interested in one cotton crop, and \$50 for farmers interested in more than one cotton crop. AAA officials said.

### Knox County Hospital Notes

Patients in Hospital August 5, 1941: Mrs. Esker New, Truscott, Leroy Perdue, Goree, G. M. Bryan, Munday, Willie Wells, Knox City, Baby Gummells, Knox City, Lee Poe, Goree; Mrs. C. F. Fincannon, Goree; C. W. Berger, Guthrie; Pauline McAllen, Munday; Mrs. A. R. Sawyer and baby son, Old Glory, Mrs. Louis Navarette (Mexican) Knox City.

Patients dismissed since July 29, (past week):

Mrs. Lee Norwood, Goree; Jack Kiel, Benjamin; Errol Mackzam, Los Angeles, Cal.; Mrs. W. H. Walling, Munday; E. C. Bohannon, Vera; Mrs. W. W. Clark, Truscott; Mrs. B. D. Henson, Munday; Jerry Wayne Jones, Seymour; Mrs. Thurman Gulley and baby son, of Munday; Ernest E. Ingram, Goree; Mrs. Wilson Slater and baby son, Rochester; Mrs. Lenor Valdez (Mexican) San Benito; Baby Germaine Berkenfeld, Munday; Frank Sue Little, Munday.

Births: Mrs. H. D. Henson, a daughter; Mr. and Mrs. Thurman Gulley, Munday, a son; Mr. and Mrs. Wilson Slater, Rochester, a son; Mr. and Mrs. A. R. Sawyer, Old Glory, a son.

Deaths: Baby Girl Henson, Munday.

Mr. and Mrs. R. H. Scott and son, Michael, have moved here to make their home for some time. Mr. Scott is in charge of building farm homes under the Farm Security Administration in Knox county. He has about eight months work in the Sunset community, it was stated.

### Debts Adjusted Now Will Avoid Trouble Later

Farm Debts adjusted in mid-summer will prevent foreclosures next winter, FSA County Supervisor Joe B. Spears as he announced the next meeting of the Farm Debt Adjustment Committee.

The meeting will be held Thursday, August 14, 1941, at Benjamin, Texas, in the Knox County court house.

Farmers who anticipate debt difficulties before the end of the year are invited to this meeting, as well as creditors who would like to get on a sounder basis with their farmer-debtors.

Mr. Joe B. Spears said that many debt-burdened farmers in the county can avoid year-end debt difficulties by getting on a realistic and sound basis now. Land tenure agreements can be more readily worked out by landlord and tenant if the latter's debts are within his ability to pay.

The farm debt adjustment committee, composed of local people, offers expert assistance in helping farmers and their creditors arrive at a fair schedule for repaying debts.

Members of this committee are: Peter Loran, Rhineland; Emory O. Jamison, Knox City; Clyde C. Browning, Truscott.

### Highway Fund Is Appropriated

Austin.—The State Highway Engineer announced today that the Highway Commission has made the customary annual appropriation of funds for regular maintenance of the State Highway System during the fiscal year beginning September 1, 1941, and ending August 31, 1942. The amount provided was \$7,825,957.92, and it will be distributed to the 25 field districts to cover the cost of roadway maintenance, bridge maintenance, center-stripping, maintenance of highway signs, roadside parks, etc.

A year ago the appropriation for regular highway maintenance was reduced ten per cent over the previous year in order that the amount of the reduction might be used to make needed improvements to the riding surface of existing highways, and surface gaps in the state system.

Federal funds now available to the State Highway Department are required to be spent on the roads designated by the War Department as being of strategic military importance, and all available State Highway funds are needed for the majority of mileage of highways in the state that are not part of the strategic military network. This appropriation is a reduction of eight per cent over 1939, and is an increase over 1940 of but two per cent to maintain an increase of 262 miles taken over for maintenance since September 1, 1940. There are now 23,094 miles being maintained, and traffic has increased in volume and weight, due to the establishment of many military camps, bases and factories, and the traffic between these points necessary to the training and equipping of thousands of soldiers.

It is the intention of the Department to maintain the State System at its usual high standard but to practice every possible economy to accomplish the result at minimum cost.

Mrs. Edith Blanton and little son, who have been visiting in the home of Mr. and Mrs. A. U. Hathaway for several days, left Monday for Seymour. From there they will go to Corpus Christi.

### People, Spots In The News

**THEIR 'DUTCH' UP** . . . Group of 35 Dutch aviators who had to circle globe to get their flight training, shown giving thumbs-up salute on hotel roof in New York. After escaping blitzkrieg last year they finished training in Java, (East Indies), are now en route to England to have another whack at Nazis.

Prepared for Your Newspaper by Betty Crocker Home Service Department

### "LIGHT REFRESHMENTS WERE SERVED"

"What do they serve at bridge parties in your town?" I asked a friend from New England the other day. "Well, so many of the women are watching their figures that we don't go in for rich, gooey things. We keep our refreshments light. I thought of the society columns in some of the newspapers I've been scanning . . . and how often I'd seen the phrase . . . 'and light refreshments' were served. Now I was going to find out just what these 'light refreshments' might be.

My friend explained that in her town this meant gingerale . . . or a fruit punch . . . and perhaps some cookies.

So here are recipes for two delicious fruit drinks and the cookie to serve with them:

- GOLDEN FRUIT PUNCH**  
2 1/2 cups sugar  
6 cups water  
1 1/2 cups lemon juice  
1 1/2 cups orange juice  
1 1/2 cups pineapple juice  
2 cups gingerale
- Boil the sugar and 1 cup of water together for 5 minutes. Remove from heat and chill. Add the cold fruit juices and the remaining 5 cups of cold water and chill. Just before serving, add the gingerale and chopped ice or ice cubes. This recipe makes 10 to 12 servings, depending on the size of the glasses used.
- RED FRUIT PUNCH**  
1/2 cup sugar  
1 cup cherry juice (liquid from 1 canned cherries)  
1 cup lemon juice  
2 cups light fruit juice (pine apple or pear)  
4 cups carbonated water or gingerale
- Mix the sugar and fruit juices. Cover and allow to stand in a cold place until flavors are well blended. Just before serving, add the carbonated water (or gingerale) and chopped ice or ice cubes. This recipe makes 10 to 12 servings.

- THREE-IN-ONE COOKIES**  
(Three kinds of cookies from one batter)  
1/2 cup shortening (part butter for flavor)  
1/2 cup sugar  
2 eggs  
1 tsp. vanilla  
1 1/2 cups sifted all-purpose flour  
1/2 tsp. baking powder  
1/2 tsp. salt  
1/4 cup milk  
1/2 sq. unsweetened chocolate (1/2 oz.) melted  
1/4 cup shredded coconut  
4 doz. whole dates, pitted  
Walnuts, pecans or any nuts desired, for stuffing dates

Cream the shortening, add the sugar gradually and cream thoroughly. Then blend in the well beaten eggs and vanilla. Sift flour, baking powder and salt together, and add to creamed mixture alternately with the milk. Divide the batter into 3 equal parts. Add chocolate to one, coconut to another, and leave one plain.

Stuff dates with nuts. Drop some into chocolate batter, some into coconut batter and some into plain batter. Be sure they are thoroughly coated. Place each batter-coated date on a lightly greased cookie sheet. Bake 12 to 15 minutes in a quick moderate oven, 375° F. This recipe makes 4 dozen cookies.

**To Make Cookies Look More Dressy**  
Roll the coconut cookies in coconut and the chocolate cookies in chopped nuts, just before baking. 1/4 tsp. cinnamon and 1/4 tsp. nutmeg may be blended into the plain batter, if desired.

### Cattle Prices At Auction Sale Remain Steady

The Munday Livestock Commission Co. reports a lighter run of cattle for last Tuesday's sale, with good cattle selling fully steady, while common cattle and bulls were lower for the week.

Top hogs sold for \$10.50 to \$10.65; lights and heavies, \$10 to \$10.40; sows, \$8.75 to \$9.25.

Some of the prices paid for cattle were: Beef bulls, \$6.75 to \$7; butcher bulls, \$6.25 to \$6.75; beef cows, \$6.75 to \$7.50; butcher cows, \$5.75 to \$6.50; canners and cutters, \$3.50 to \$5.25; fat yearlings, \$9 to \$10.50; butcher calves, \$7.25 to \$8.75; rannies, \$6 to \$6.75.

Buyers here for Tuesday's sale were Ebner Packing Co. and John Ruddy, Wichita Falls; Vernon Packing Co., Vernon; J. H. Bell, Fort Worth; J. M. Bradberry and J. O. Warren, Knox City; Pogue Grocery, Haskell; Ira Grinstead, Rochester; C. L. Darnell, Claud Farr and Paul Prickett, Seymour; J. E. Forst, C. R. Elliott, R. G. Freely, Mrs. Irene Meers, Claud Hill, E. F. Payne, E. R. Lowe, and L. L. Hendrix, Munday; P. F. Weinert and V. B. Bowman, Weinert, and Van Thornton, Goree.

### MORE STAR-GAZERS

Austin, Texas.—The star-gazing "family" which manages McDonald observatory, giant West Texas astronomical plant in West Texas, has been increased, as Indiana University joins the universities of Texas and Chicago for astronomical research.

Indiana scientists—who will use the plant's 82-inch mirror and the photographic devices 15 nights each year—intend to concentrate their observations particularly on the speed of distant stars, University of Texas officials here are informed.

Heretofore the Texas-owned observatory has been concerned largely with the composition and physical nature of stars rather than their particular activities in space.

Mr. and Mrs. Robert Green and little daughter, Lee Ann, left last Sunday on their vacation. They are visiting Mr. Green's parents in Clarendon.

Mr. and Mrs. H. E. Nix of Littlefield spent several days here visiting in the home of Mr. and Mrs. Travis Jones. They returned home the first of this week. Mrs. Nix is Mrs. Jones' sister.

Mr. and Mrs. C. S. Ameen and family of Lubbock spent the week end here, visiting with Mr. and Mrs. Sied Waheed and family with other relatives. Mr. and Mrs. Ameen are Mrs. Waheed's parents.

Mr. and Mrs. J. A. Wiggins left on Wednesday of last week for about a week's vacation trip to Brownwood, Houston, Corpus Christi and other Texas points.

Miss Irene Stewart, teacher in the Sagerton schools, was a business visitor here last Friday.

J. A. Gafford of Coleman spent the first of this week here, visiting his son, Worth Gafford, and his family.

Mrs. W. M. Mayo and Mrs. Agnes Mayes and Mrs. Ike Huskinson were business visitors in Abilene last Friday.

### IT PAYS TO ADVERTISE

THE SUPPLY of Ensilage Cutters is limited. We now have one on display. Broach Implement Co.

Miss Shirley Patterson, who has been visiting in the home of Mr. and Mrs. Don Ferris, returned to her home in Sweetwater last Saturday.

Mrs. G. W. Russell of Denver, City, Texas, is here this week for a visit with her parents, Mr. and Mrs. W. W. McCarty.

Mr. and Mrs. Carl Mahan and daughters of Abilene spent the week end here with Mrs. Mahan's mother, Mrs. E. M. Wilson.

Mrs. A. L. Smith and children left last week for Fort Worth for several days visit in the home of Mr. and Mrs. Elbert Hughes.

Miss Dorothy Hendricks returned home last Tuesday after a week's vacation, which she spent with home folks in Cooper, Texas.

Kamal Waheed of Shreveport, La., came in last week for a few days visit with his brother, Sied Waheed, and his family. Kamal will enter selective service training this week.

Miss Grace Denison, nurse in the general hospital at Wichita Falls, was visiting friends here last Saturday.

### NOTICE

Notice is hereby given that C. A. Eiland, G. R. Eiland and Leland Hannah, doing business as Eiland's Drug Store in the City of Munday, Knox County, Texas, will make application to the Texas Liquor Control Board for a Medicinal Pharmacy Permit.

## The NEW Massey-Harris Row Binders

. . . Away Ahead of the Field

These binders are available in two new models . . . Nos. 6 and 7, in both horse-drawn and tractor-drawn machines.

### No Packers to Mutilate Stalks . . .

Some packers continue to work while the bundle is being tied, further tearing up the stalks. Not so with the Massey-Harris! Packer chains are relieved of their load when the bundle is delivered to the knottor, giving you a better tie and conserving the stalk.

### Easily Adjusted For . . .

Tall, medium or short stalks—the Massey-Harris handles them all. Adjustments easily made to handle longest and shortest stalks, locating the tie where desired.

### No Sharp Inclines . . .

Stalks are handled in natural upright position. Stalks are carried up a slight incline to the deck, where they are bound while still standing. Handling in this manner eliminates unnecessary draft and power consumption. This method requires so little power that it is recognized as the best that has ever been devised.

These and many other admirable features are included in the Massey-Harris Binders. Inspect them at our Implement House.

Your Ford Tractor Dealers

**You Don't Need Spectacles**  
to See These VALUES

You'll see, too, that it's more comfortable to shop at our air conditioned store. It's pleasant to select your vegetables from our Crispy Cold Vegetable vault, where it is cool and where our stock is fresh as when it comes from Nature's Garden.

## Watermelons

Real large, cold, just right to eat. They are fine! Home Grown!
