Haskell Banker Is Arrested On Charge of Embezzlement

J. B. Post, city alderman at Haskell and cashier of the Farmers State Bank there, was charged with embezzlement of bank funds over \$50 in a complaint signed Wednesday, according to word received here.

Post, who is a member of a prominent pioneer family and has been connected with the bank there for 12 years, waived hearing and gave bond of \$2,500 for his appearance before the grand jury at Haskell Jan. 4.

The complaint, advised here said, charges Post specifically with having converted \$3,100 from the Haskell city sinking fund to his own use. The bank is the city depository there.

Directors of the institution announced that any loss is fully covered and that the bank is solvent. Depositors were notified, however, that temporarily withdrawals on old accounts would be limited to \$5 per day.

J. M. Falkner, deputy examiner for the state banking department, is continuing an examination of the bank records, it was reported here.

The seniors are glad to have one of their classmates, Charles Koenig, with them again.

Tuesday and Wednesday were examination days. Most of the pupils are rejoicing over the fact that they made good grades.

Difficult To Mail Christmas Packages Too Early Says P. M.

Christmas is quite some little time off, but you can accept the word of J. B. Reneau, postmaster, that it is difficult to mail your Christmas packages too early.

Mr. Reneau announced that he has received a supply of leaflets from the postoffice which are available for anyone who wishes them and which supply all information anyone is likely to need relative to Christmas mailing. Mr. Reneau desires particularly that they be conveniently placed in various business establishments in Munday.

Little Christmas mailing has been done here yet, but it is likely to start about Dec. 1 and to continue with increasing momentum right up until Christmas, he said.

Perhaps the most important factor, he declared, in making certain that the package reaches its destination in desired condition are the wrapping and the address. Strong paper and heavy twine are the essentials to wrapping. It was explained. The addresses should be in the lower right hand corner, and should include the street number or rural route additional to the name and city. The addresses likewise should be placed inside the package. Fragile packages should be so marked and special delivery stamps are available for those containing perishable material. Insurance likewise is advisable in most instances.

No package may be more than 100 inches in length and girth combined, and none may exceed 70 pounds in weight.

"The volume of mail increases approximately 200 per cent during the holiday period," Mr. Reneau explained. "It therefore is apparent that Christmas presents and cards should be mailed early, at least a week or 10 days in advance of Christmas, depending on the distance they are to travel."

D. T. Mauldin, city secretary, is in Wichita Falls attending the Shrine ceremonial.

Uncle Mack Didn't Get Any Ducks But Lots of Experience

John McKenzie didn't get any ducks, he suffered a deflation of the bankroll and he narrowly escaped injuries Sunday, but considered the experience he got.

The 76-year old Munday nirod was driving toward the Brazos for a duck hunt and started through what appeared to be an open gate. He failed to notice that a wire was stretched across the top of the opening until it had snapped off his motorometer and had slapped against the windshield, shattering the glass.

He continued to the river, however, but gave up the hunt as a bad job after he had become mired in mud beyond his boot tops. As he pulled his foot from the imbedded boots, he lost his balance and fell full length in the mud, jamming his gun down so that the barrel was filled with the wet earth. He recovered the boots, washed barefoot to clear water and waded and donned them before returning to his home.

Then, to cap the day's misfortunes, a member of the family drove the car to Stamford. On the return, a bearing burned out near there making it necessary to leave the machine there for repairs. Mr. McKenzie went to Stamford Monday to get it and returned with the car.

Methodist Choose Officials And Lay Plans For The Year

At a called meeting of the board of stewards of the First Methodist church on Monday evening the following officers were chosen for the ensuing year: John C. Spann, president; J. A. Caughran, secretary; J. C. Borden, treasurer. The retiring officials are D. C. Fritz, chairman of the board and D. T. Mauldin as secretary-treasurer.

Objectives and plans for the new year were discussed at the meeting and the prospects for the continued progress in the church appear excellent.

Gas Man Grins As Winter Pays Damp Jaunt to Munday

The gas, wood and coal men got their biggest grin of the new season as Munday and the entire area received a genuine taste of dampish winter weather during the past week.

Farmers were given cause to smile also because the intermittent showers which fell during the period were beneficial to grains and other winter crops. While the precipitation was not great, all of it went into the ground. Little cotton remains in the fields and the damage and inconvenience there were inconsequential. Brisk showers fell at intervals Wednesday and Wednesday night.

The lowest temperatures recorded during the period of inclement weather were in the neighborhood of 35 degrees.

H. I. Kiefer, Well Known Newspaper Man With Times

We are pleased to announce that we have procured the services of H. I. Kiefer, a newspaper man of wide experience, who will be associated with this paper for the next few months. Mr. Kiefer was a number of years ago associated with his father in the publication of the Anson Enterprise, but for a number of years has been associated with the large daily newspapers, and for the past five years has been on the editorial staff of the Wichita Record-News. His experience covers all phases of newspaper work and we feel that we have been fortunate in securing his services.

Mr. Kiefer will give special attention to the collection of subscriptions and will be authorized to make collections for the Munday Times and the daily newspapers with which this paper is offered in clubbing rates. He will also contribute to the news columns and you'll find that he never overlooks a good news story, however, we're not so much concerned in your giving Kiefer the matter for the news story as we're interested in your paying him your subscription. And remember this, you will save money when you renew your daily paper through The Times.

Kiefer isn't one of those hard-boiled collectors. In fact he's a very mild-mannered gentleman, and if you're financially embarrassed he won't make matters any worse for you, but here are the facts. This outfit needs quite a little jag of money and we're not hankering for any sheriff's sales around here. These subscription accounts are so small that we feel that most everyone can meet them, and we aim to give most Kiefer, say, "Here Kiefer, old boy, is the sponchulu to keep that moral guide coming," and it won't hurt a bit if you include the price of your favorite daily newspaper and save the fifty cents. Thanks!

FIRST BAPTIST CHURCH

Next Sunday begins the climax week of the Stewardship Revival campaign. Then is when we will have a fine opportunity of expressing the spirit of cooperation and team work. The Lord is looking down on us. May we start together, work together, and rejoice together.

Beginning next Monday the women observe their week of prayer. Friday it will begin at ten o'clock in the morning and continue until ten a night. The women have their special announcement concerning these services.

At the regular evening preaching service Mrs. Ingram's Choral Club will render one or two special numbers.

The rush of cotton picking, ginning, and the general fall work is over, so let's rally to the church and its services.

All of our days are God-given, may they be God-honoring. We may be satisfied with little things but God is satisfied with nothing less than our best. We are rewarded, not for our spasmodic services, but for our faithfulness from day to day as the years go by.

We make this special appeal to every member of the church to be in the service next Sunday morning.

We extend a cordial welcome to all who will worship with us.

—W. H. ALBERTSON.

The man without a job will be mighty thankful if somebody will give him work before Thanksgiving day.

STRANGER WHO DIED IN KNOX CITY IS SURVIVED BY WIFE, SONS IN ENGLAND

Five Injured In Car Wreck Near Here On Highway

Five young people of Rochester, a young man and four young ladies, were injured at an early hour Thursday morning about a mile and one-half east of Munday on highway 30, when their car plunged into a truck parked on the highway, and which they failed to see, probably due to the heavy fog and mist of rain, in time to avert the accident.

The young people were brought to Munday and given medical attention and two of the young ladies believed to be more seriously injured were rushed to the Knox County Hospital at Knox City. The car, a Ford sedan, was very badly wrecked.

KNOX CITY, Nov. 23.—Three days after David Jones, 33, was given burial by the county and city here a message came from a brother in Warren, Indiana, definitely identifying him and stating that a wife and two young sons and parents are waiting for him in England.

The man, with all the marks of education and good breeding, came to Knox City more than a month ago. He was English and his companion was a Canadian. Quite contrary to the routine of the usual itinerant, they reported to the city marshal they were here seeking work and asked aid. They were sent to the cotton fields, but on November 12, Jones stepped on a rusty nail. Two days later blood poisoning set in, and death followed, November 17.

When death was near, he asked his Canadian friend to send to Ok-

Citizens Respond To Need of School In Tax Payments

City school patrons have continued a generous response to the appeal to pay their current taxes early so that school may be continued in operation, according to information given at the office of D. T. Mauldin, tax collector.

Collections through Wednesday, he reported, approximately \$3,000 out of a total on the 1931 roll of about \$8,000. Collections to date, it was added, are far ahead of the same time last year.

Teachers in the city schools received their third month's vouchers during the week, the salaries being paid as previously, half in cash and half in script.

Payments of city taxes continued slow. Both city and school taxes become delinquent Feb. 1.

Subscribers to The Times are reminded that winter is setting in and the editor, and his help, will have need of many things that only cash can buy.

BAPTISTS LET'S GO!

But it seems that some of us have not been going to Sunday school and church as we ought. Our barometer is down, so let us make every effort this week to be in our places Sunday a. m. Let us not be fair weather christians, but come rain or shine, hot or cold.

We have certainly been having some wonderful talks and plays regarding the way to give. Sunday Mrs. E. L. Blacklock's class will give us their play again—it was so good we had to ask them to repeat it. Dont miss hearing and seeing this number Sunday a. m.

Last Sunday the music was unusually well rendered. May we have more of such good praise to God in song and more often.

Adults, don't forget your text book Sunday. It is just God's Holy Book, be sure you have yours with you.

See you Sunday. Bible in hand.

Property taken included a number of trimmed coats, several dresses, men's silk underwear, bedspreads, blankets, ties and \$11 in cash. The loot apparently was bundled in one way in an automobile.

Knox City Wins Turkey Day Game From Munday High

By completing a series of bad wary passes the Knox City Greyhounds completely took the Munday Hi Moguls off their feet Thursday afternoon and scored touchdown following the first kick off, and thereby scored the only points that were made during the game by either team. Several other air attacks were attempted by the Greyhounds but their effort seemed to have been the best, and the Moguls held them for the remainder of the game as several times threatened their goal but were unable to put over the final drive to even up the score.

J. E. Reeves and the Rev. Wiley of Haskell were visitors Munday Wednesday afternoon. Mr. Reeves is manager of the Gibson Robertson store in Haskell and reports a most satisfactory business there.

THANKSGIVING

As we turn back the pages of history three hundred years ago we find the western hemisphere was then the wilderness. We see it with wild animals and savages. The settlement of civilization came back by the wilderness before they had begun. Some of what is now Maryland Sir Raleigh had built a colony, a great ocean on one side, a savage wilderness on the other. Disease, hunger, famine, and a lonely group of settlers. Smith rescued it only to have it overwhelmed and borne down before the list of failures. The South, Ponce DeLeon had in the attempt to penetrate wilderness, and De Soto had in another attempt. Finally a mere handful of Englishmen struggling in a losing battle on the coast of New Eng-

land to be the hostess to all of the Home Economics Clubs in this district, the first Saturday in December. The meeting will be held at the Munday High School building and will begin at nine thirty o'clock in the morning and will last until four o'clock in the afternoon. In the morning there will be a get-together meeting of all the clubs and a welcome address will be given. During the noon hour all of the clubs will have lunch together. In the afternoon a program will be given by the Munday club. An open house at our Home Economics Cottage where a tea will be served will end the day's fest.

Several of our club girls attended the first district club meeting that was held in Seymour in October. They reported a most enjoyable time, and we hope that our club guests will be justified in saying the same thing when they return home from Munday.

Debate Club Meets

The debate club held its weekly meeting last week and the entertaining feature of the meeting was a debate, "Resolved, that the dining room is more important than the broom." The affirmative was taken by Lee Alfred Parks and Vincent Lane, while they were opposed on the negative by Eleanor Jungman and Florence Kendall. The judges voted the decision to the affirmative on the grounds of having brought out more undisputed points. Many different uses of both were named in the attempts made by the debaters to prove their points, among them being sanitation, weapons of defense, also offense as the case may be, floor scouring units, and emergency pocket handkerchiefs.

Lane's Lowdown

Well, folks, just one more game and the old pigskin and the mole skins will be put away until next season. This game is the game of all games. It happens on Scruggs Field on Thanksgiving. The Munday Moguls go to the gridiron with none other than their own rivals, the Knox City Greyhounds.

Beat Knox City

Munday and Knox City have been the bitterest rivals ever since the introduction of football in the schools. Last season the Moguls defeated Knox City. We all hope that the Moguls can repeat this performance.

Beat Knox City

No one can give coach Palmer enough credit for what he has done for the Mogul football squad this year. He has worked patiently with the material he has and has worked them into an efficient squad.

Beat Knox City

Folks, Munday is going to have a good basketball team this year. With the material and Coach Hardgreer's coaching Munday should have a championship team. The boys have worked out twice and will work out about twice more before the boys that are on the football team will be out. You basketball fans get ready for some exciting, thrilling, and successful games.

Beat Knox City

Say, folks, we are going to have an A-1 girls' basketball team with Miss Chapple as head coach. We have some of our last year's players who will help to hold the reputation of Munday at its best. Girls, we are with you.

Beat Knox City

At last the play books have arrived, and practice begins on it tonight. The name of this play is "I Will! I Won't!" The Seniors in the play say that they just "won't" make it good and that they "won't" let it be a flop, and take it from us we are all doing our best to make it a good play. Miss Mildred Kennedy, who is directing the play, has already proved that she knows how to make a play a success, and under her capable direction, we hope to make our play a success. The date for presenting our play has not been set yet, but we can assure you it will be before the Christmas holidays. It will be announced as soon as it is decided upon.

Seniors

Seniors, that was a really "gran" entertainment you gave us last Friday night, and we thank you and your sponsor, Miss Chapple, for working so hard to make the party a success for us. This party showed that you are the kind of a class that will do what you have agreed to do and so often in high school classes this is not true. What we mean by this is that you gave the party to the winning class in the magazine selling contest as the loser in the contest was supposed to do. You did something about it before it was forgotten about. Keep this up and you will be a successful Junior class and later a worthwhile Senior class.

Juniors

Friday night, November 20, the Juniors entertained the Seniors, at the Community Hall, with a "stacy" party. Miss Chappel got the prize for being the tuckiest. After playing many games we were served red stick candy, blow gum, and pop corn balls. As you know, we had to entertain the Seniors because they beat us in the magazine selling contest. We are selling tickets for the Thanksgiving game. We Juniors feel sure that our queen, Maxine Burnison, will be crowned at the carnival.

Sophomores

We Sophomores have worked out a plan for selling football tickets for the Thanksgiving game. As you all know, when an entire class co-operates and works in a systematic manner it is going to come out on top in the end. By working in a systematic way we have a better chance of having our representative crowned queen at Boop-oop-o-Doop.

Freshmen

Sunday, some of our Freshmen girls will sing in the Choral club at the Baptist church. We Freshmen had a class meeting last week and decided who would sell tickets for the game with Knox City. Since this is the last chance for our queen to get votes we are hoping that all the Freshmen class will be seen at the game Thursday. We also practiced on the school song at the class meeting. By the next assembly we will be able to beat the best of them at yelling for our class and singing our school song.

Another feature of the program was a special song from the elementary grades. The program came to a close with all participating in some school yells.

How to play Bridge AUCTION and CONTRACT

by Wynne Ferguson

Author of "PRACTICAL AUCTION BRIDGE"

It is really remarkable that the clubs will disagree over the bidding of certain hands, but such is the case. The hands have been submitted to leading experts and their opinions are given. It goes to show that there is still a wide difference of opinion as to what is the proper bid. The writer is of the opinion that their present-day theories are correct. However, help the game and makes it the most interesting and profitable element enters into Auction as well as Contract. There is bound to be this variety of opinion. Here are some examples.

Hand No. 1

Clubs—A, K, 10, 7, 4, 2
Hearts—J, 9, 7, 6, 5, 3
Diamonds—K, 10, 8, 7, 5, 4, 2
Spades—A

Rubber game, no score. What should Z, as dealer, bid with the foregoing hand?

AUCTION BIDDING:

The only question in this hand is shall the dealer bid one or two diamonds. The no trump bid is a very doubtful bid. With this bid, partner will not be deceived but, if Z should bid one heart, there is a very serious danger that the bid will deceive partner and probably result in a big loss. The argument in favor of the heart bid is that it is a safer bid than no trump, because, if Z's ace of clubs and spades are taken out of his hand, he may not be able to score one no trump. This is true but seems to be more than offset by the probable loss resulting from a defeat of partner.

CONTRACT BIDDING:

In Contract, where game must be contracted for, it is always better to bid the suit, rather than no trump, in doubtful hands. One heart is, therefore, the proper bid.

Hand No. 2

Clubs—A, K, 10, 7, 4, 2
Hearts—K, Q, 10, 7, 5, 3
Diamonds—J, 10, 8, 7, 5, 4, 2
Spades—Q, J, 10, 8, 7, 5, 4, 2

No score, rubber game. What should Z, as dealer, bid with the foregoing hand?

AUCTION BIDDING:

There are three possibilities in this hand. Z may bid one spade, one heart or pass. The writer is of the opinion that one spade is the best bid. The hand is too strong to pass and one spade bid is preferable to the heart bid as the former suit is much the stronger and the one that should be the trump.

CONTRACT BIDDING:

At Contract there are two choices, either a three spade bid or a pass. The latter seems preferable.

Hand No. 3

Clubs—A, K, 10, 7, 4, 2
Hearts—J, 9, 7, 6, 5, 3
Diamonds—K, 10, 8, 7, 5, 4, 2
Spades—A

No score, first game. What should Z, as dealer, bid with the foregoing hand?

AUCTION BIDDING:

There are three possible courses of action in this hand: Z may pass, bid

Too Much ACID

MANY people, two hours after eating, suffer indigestion as they call it. It is usually excess acid. Correct it with an alkali. The best way, the quick, harmless and efficient way, is Phillips' Milk of Magnesia. It has remained for 50 years the standard with physicians. One spoonful in water neutralizes many times its volume in stomach acids, and at once. The symptoms disappear in five minutes.

You will never use crude methods when you know this better method. And you will never suffer from excess acid when you prove out this easy relief.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. 25c and 50c a bottle—any drugstore. "Milk of Magnesia" has been the U. S. Registered Trade Mark of the Charles H. Phillips Chemical Company since 1875.
