Goree Shuts Out Munday To Keep Pace With Knox

Lambeth blasted Munday's hope of going into first place in the first half of the season in the Brazos Valley League in the Goree ball park Sunday afternoon when he shut them out and sent them home scoreless, while the Goree aggregation was piling up a total of 8 scores. Several times during the game Munday succeeded in getting men on the bases, but in each instance Lambeth showed his ability to pitch in a pinch, and the visitors were unable to deliver a safety at the time it was needed to bring in a score.

By defeating Munday Goree is tied for first place in the percentage column with Knox City, and Sunday's game clinches first-place between these teams, Rhineland having lost to Knox City Sunday.

The box score for Sunday's game follows:

Ninth Inning Rally Takes a Victory From Rhineland

Knox City blasted the hopes of the Rhineland aggregation of taking off first honors in the Brazos Valley League Sunday afternoon when they raked the game out of the fire with a ninth inning rally which netted them eight scores, and gave them the big end of the argument to a tune of 13 to 8.

Up until the fatal ninth the Rhineland aggregation had the best of the argument from the very start, and August Loran had been able to hold them down to a few scattering hits and 5 scores, while Rhineland had garnered 8, but when the ninth was reached the tide turned and a couple of errors coupled with the hard hitting of Alfred, who drove the ball far out in the field for a home run, his second for the day, with the bases loaded, turned the trick.

John Lane Will Open Grocery Here Saturday

A new grocery store will open in Munday on Saturday morning with John Lane as proprietor. The new store will be located in the building recently vacated by the Heard & Smith Hardware Company, next door to the Home Bakery, and will carry a full and complete line of staple and fancy groceries. Tom Rigby, who has been associated with the grocery business in Munday for a number of years, will be manager of the new store.

John Lane, the proprietor of this new grocery store, has been associated with the business life of Munday for a number of years, and until a short time ago was manager of the Munday Mill & Elevator Company.

Mr. Lane states that it is his plan to sell at the lowest possible price for cash, and in embracing this new venture he naturally expects a share of the patronage, and will appreciate any business given him.

Abilene Concern Buys Equipment Smith Motor Co.

Fielder and Sons, who are engaged in the Ford business at Abilene, have purchased the equipment, stock and tools of the Smith Motor Company here and are moving them to Lockney, Texas, this week.

These gentlemen have had their eyes fixed upon Munday and had hoped to be in position to secure the Ford agency here but the company had already placed the agency here in the condition that a change was made.

Mr. A. O. Fielder, who, with his father, came to Munday to look over the situation here, stated that they had traveled over a greater portion of the state and had found no place that offered the opportunities that are offered here, and he stated that he regretted very much that they were unable to secure the contract here.

Things Are Picking Up—

Gillespie Voting Box Changed To James Partridge

At a recent meeting of the County Commissioners a petition signed by number of citizens of the Sunset community was presented requesting that the name of this community be changed to James Partridge instead of Sunset or Gillespie, as it has previously been called, and acting upon the petition, commissioners changed the name of the voting box from Gillespie to James Partridge.

The desire for the change has been brought about by changes in the community. Originally, we understand, the site for the school at Gillespie was contributed by a Mr. Gillespie, and the community has been known by that name for many years. Some two years ago the school building on this site was destroyed by fire, and in rebuilding a consolidation of a number of common school districts was effected and the new district was called Sunset. So far as we know there exists no significance to this name other than the fact that Jack Nix, who operated a filling station near the site of the building, had given it the name of Sunset Filling Station, and the sign painter had displayed Sunset in large letters on the building.

The new building was built on a portion of the old James Partridge homestead, which was donated to the community by Mrs. Partridge and her children, and the citizens of the community have felt that the memory of this pioneer citizen should be perpetuated by giving his name to the community which he helped to develop from a broad uninhabited area into the highly developed community that it is today.

C. H. Edwards Is Found Dead At Home of Parents

Clarence H. Edwards, 29 year old son of Mr. and Mrs. J. E. Edwards, died at the home of his parents at some time Sunday morning, and funeral services were conducted Monday afternoon at the Baptist church by the Rev. W. H. Albertson, pastor, after which interment was made in Johnson cemetery.

The exact time of his death is not known, as members of the family left home during the morning hours to attend Sunday school and church, leaving deceased in bed. Members of the family who returned home early in the afternoon found him dead, he having evidently been stricken ill while in bed and in his death struggle had rolled partially off the bed, in which condition he was found.

Dr. Wm. P. Farrington was summoned and pronounced him having been dead some two or three hours when found. Justice W. S. Bailey was also summoned to hold an inquest, and after making a complete investigation found that death resulted from natural causes.

Deceased had been married and is survived by a daughter ten years of age, who lives with relatives in Alamo. He is also survived by his parents and several brothers and sisters.

Revival Meeting Now In Progress At Lake Creek

We have been requested to announce that the revival meeting which began at the Lake Creek school house on last Sunday will continue throughout next week, with services only at night, however. Schools for the coming year. Miss eleven o'clock hour on Sunday morning.

This meeting is an interdenominational meeting and is being conducted by the Rev. W. M. Davis of Pampa, Texas, who was formerly a citizen of Knox county, having resided near Munday a number of years, during which time he was engaged in farming.

A cordial invitation is extended to everyone to attend the services.

Government White Wash

This formula has been used by the U. S. government for the past 50 years on the White House grounds and also on the light houses and other property. The formula below is for one-half bushel, however, the quantity may be made as required:

1. Take one-half bushel of unslaked lime. Slake it with boiling water, keep covered during time to keep the steam. Strain the liquid thru a sieve or strainer and add to it a peck of salt, previously dissolved in warm water; three pounds of ground rice, boiled to a thin paste and stirred in while dissolved by soaking water in a small pot hung in a larger one filled with water. Add five gallons of warm water to the mixture stir well and let stand a few days covered. It should be heated and applied hot. If a different color is desired, a little lamp black and yellow ochre will give it a brownish tinge; red ochre will give a reddish tinge.

Second Formula

Hydrated lime—25 pounds.
Common table salt—3 pounds.
Molasses—one-half pint.
Ground alum—one and one-half ounces.
Hot water—five gallons.
If desired enough, Portland cement may be added to make it adhesive. Dissolve the salt and alum in water and add molasses. Pour the mixture on the lime and

White Washing Prevents Spread Of All Diseases

According to County Agent W. E. Jones, white washing of various farm buildings, such as chicken houses, dairy barns, hog houses and other farm property is important with the beginning of summer as a measure to prevent the spreading of disease, parasites and insects.

Three methods of preparing whitewash are given below. The first formula is known as the government formula and while it is more difficult to prepare and contains more ingredients, yet it will stay on much longer.

J. C. Lowe Dies In New Mexico; Funeral Friday

The friends and relatives of Mr. John C. Lowe of the Brushy community were shocked to learn of his sudden death at Grady, New Mexico, Wednesday night. Mr. Lowe was visiting his son, R. A. Lowe, and it was thought that his health was improving until Wednesday, when he died suddenly of heart failure.

Mr. Lowe was born in Tennessee on July 15, 1856. Moving to Texas, he lived in Cooke county until 1904, when he moved to this section, and has made his home here since. He leaves one brother and one sister in Tennessee and a wife and four sons and four daughters here.

The children of deceased are: Mrs. B. J. McFarland of Seymour; Mrs. S. A. Latimer of Marlin; R. A. Lowe of Grady, N. M.; E. E. R. and E. C. Lowe of Goree; Mrs. Frank Adams of Weinert and Mrs. J. L. Tuggle of Bellevue, New Mexico. All the children are here for the funeral.

Funeral services will be held at Union Chapel Methodist church at 2:30 Friday afternoon, after which interment will be made in Johnson cemetery at Munday.

Rev. Joe Haymes Will Speak At Conference Here

Look! July the 1st is the time. A district meeting in which J. W. Watson, our Conference Executive secretary of the Educational Board, along with other representatives including the Rev. Joe Haymes of Lubbock, will have places on the program. I have no way of telling how many guests will be present but in any event we will have dinner at the church and a great time.

Two Hundred Children Take Toxoid Serum

The second dose of toxoid, immunization serum for diphtheria, was administered to approximately two hundred children here on Monday morning by Miss Susie Durden, state health nurse, at which time some thirty-five children received the initial dose of Smallpox serum and a like number were given typhoid serum. Miss Durden was assisted by local physicians.

On next Monday Miss Durden will return to Munday for the purpose of administering the second dose of typhoid serum, and all who have taken the initial dose should report at that time.

Miss Durden and the State Health Department are highly pleased with the manner in which the citizens of Knox county have responded to the immunization work, and in conversation with a Times representative last week a member of the state board gave much of the credit for this to the progressive and aggressive medical profession with which our county is blessed.

Dr. C. N. Ammons of Houston is here visiting in the home of his brother, Dr. E. M. Ammons.

Mr. and Mrs. John Ed Jones have had as guests the past week Mrs. Roy Burnett of Waco; Mrs. O. K. Becker and children of Dallas, and Miss Evelyn Wood of Oakdale, California.

Mr. and Mrs. E. H. Bauman are looking after business matters in Dallas this week.

It may be necessary to stir well. It may be necessary to add more water.

Third Formula
Quick lime—30 pounds.
Tallow—4 pounds.
Salt—5 pounds.
Water to make a thin paste.

THINKING OUT LOUD

BY JAKE N. NEDY

Speaking about baseball, Peter Loran was doing some reminiscing Monday morning.

Pete wasn't feeling any too good over the defeat of his team and their losing their chance to lead during the first half of the season, so he just did a back-spin of some thirty years, ya, far back into the pre-Violet days.

Pete recalled that during those days he was the main pitching hope of the Rhineland team, while Leo Wilde was captain of the team.

Leo and Pete had a unique way of winning their games in those days according to Pete.

When they would get into a tight pinch they would call time out, during which time they would extend every hospitality to the umpire, and hospitality in those days required the utilization of a cork puller, if you know what we mean.

This procedure was continued until the desired results were attained, and Pete states that along toward the ninth inning the home plate was from three to four feet wide to the umpire, and if the batter didn't swing at the ball, why that was just his hard luck, for they were invariably strikes, regardless of how wide they were.

Pete admits that he won many of his victories through this line of strategy.

TOL told a little joke over at the Chamber Commerce Luncheon the other day that some have questioned, however, our reputation is not at stake, as we quoted it as having come to us from one Harvey Lee, who has since left town.

Harvey, who differs from the preceding elder of this column materially, in that his truthfulness is seldom if ever questioned, states that he was standing in the post-office not so long ago looking over some literature which he had received when a fellow strolled up and read a sign displayed in that public building wherein the City of Munday offered a reward of \$100 for the conviction of anyone guilty of arson within the corporate limits of the city, as required by the State Insurance Commission.

After reading the sign carefully, the party nudged Harvey and pointing to the sign remarked, "You know, that's a darn good thing for I have had two good dogs poisoned since I've been in Munday."

MAGAZINE AGENTS ARE CHARGED WITH THEFT

Rule Review:

Two young men, who gave their names as Joe Morgan and R. E. Stewart, and who claim Arkansas and Mississippi as their respective homes, were arrested at Munday recently by deputy sheriff Dan Kirkpatrick of Weinert, and charged with the theft of two chickens. The two young men, it is said, were selling magazines, and stopped at a home in Weinert. It is charged that while one of the men was trying to sell the lady of the

house a magazine, the other young man entered the poultry pen and stole two hens, and sold same to a Munday dealer.

WE dream of the glory of mansions and castles of other days and little realize their discomforts. Nor do we always appreciate the ease and comparative cheapness with which the luxuries of yesterday now may be enjoyed.

Natural Gas, for instance, is one of the most important basic conveniences. Nothing in the home saves the householder more work and worry. Convenient, too, for with gas there is no fuel problem, no dirt, ashes or unpleasant grime... and it's the least expensive item in your cost of living.

The price of an ice cream soda will pay for your daily fuel supply. (The average gas bill is about 15c a day throughout the year for cooking, heating and hot water.)

CAN AMUNDSEN BE ALIVE?

Three years ago, last week, Roald Amundsen, veteran explorer, and hero of world fame, took to the air in an effort to rescue lost explorers in the frozen wastes of the northland.

He has been given up for dead, but Anthony Fiala, explorer of New York, ventures opinion that he may be alive on Prince Rudolph island, where Amundsen knew a food cache had been made, and which was sufficient to keep him alive for several years.

Well, we don't know whether the Norwegian is alive or not, but we do know if there is the slightest chance of his existence, that the world owes him the debt of establishing the fact. Surely, there is some way of making certain his fate!

THE VICTORY OVER CAPONE

The plea of "guilty" entered by "Al" Capone, famous gangster leader of Chicago, marks a moral triumph of great value to the republic.

The inability of the police officials in our great cities to curb the crimes of the organized gangs presented a menace to the entire nation and the fact that the Federal government has been able, through the work of able and efficient officials, to get such a strong case on the underworld king, is an encouraging sign of the times.

THIS MAY SAVE YOUR CHILD'S LIFE

Boys will be boys, but parents can very often avoid tragedy by using more care in teaching them the dangers of commonplace things.

For example, the other day, in Illinois, an 8-year-old lad tried to start a fire with gasoline. The explosion killed him and seriously injured his 6-year-old brother. Unfortunately, the little fellow is

dead but are there parents in Knox county who permit their children to use oil and gasoline in starting fires? If so, is it not possible to stop the custom, and maybe save a little life?

It is not unusual to see, in the press, where youngsters get hold of firearms and, probably without understanding the nature of their act, kill somebody. In Pennsylvania, not long ago, two little boys got into an argument over some crackers it is said, and one shot the other with a pistol. The killer was only six years old. Who imagines for a minute that the understood the effect of his pistol pointing and that he really had a murderous intent in his heart?

Parents should be very careful in removing fire arms from the reach of children, but more than this, they should never fail to instruct them against the danger of such weapons.

CHECKING INCOMES

The Federal Government and almost every state has income tax laws. Each agency proceeds to gather its statistics and investigates its returns without any cooperation. This has caused a duplication of effort very often and has also allowed some taxpayers to avoid paying their just tax.

A considerable improvement in this connection will result from an executive order promulgated by President Hoover which makes the individual income tax returns submitted to the Federal Government subject to the inspection of state officers.

Hereafter individuals who have been more afraid of the Federal Government will have to make their returns identical to avoid trouble. No honest man can object to this. Only those who have been defrauding one or the other governments will criticize the decision of President Hoover.

A TRYING PERIOD

Agriculture in this country is passing through a very difficult transitional era, according to Dr. C. L. Holmes, of the Department of Agriculture. He thinks that further major readjustments are needed to make agriculture profitable enough to support the farm family and the capital investment. He says: "Three causes stand out as factors in the lack of stability of agriculture in recent years. They are price changes, natural factors such as soil exhaustion, weeds, and insect pest invasions, and changes in production methods."

"A concentration of crop production on richer lands and on those better adapted to the use of heavy machinery has taken place, and indications are that this change will continue. Simultaneously, the hilly lands are being taken out of crops and devoted to grazing livestock and to raising hay. A greater and greater segregation of hay and pasture regions from crop production areas

with more specialization on the region best suited to the particular crop, appears to be in prospect.

"In earlier days, the farmers could retrench by reducing his standard of living and adopting the 'live at home' policy, producing his own foodstuffs, but this is much more difficult. Single crop farming has increased the proportion of cash required to keep cost of production and to reduce the proportion of cost represented by labor of the farmer and his family.

"The result has been that the farmer must have more cash than formerly, or he will fail. It is problematical how long the farmer can hold out against low prices, but it appears that the period of rapid expansion of agriculture has been brought to a close."

LINDBERGH TEACHES GEOGRAPHY

The projected flight of the Lindberghs to Japan and China arouses considerable interest, and will make a few citizens check up a bit on their knowledge of geography.

For example it will seem strange to some that the flying colonel may leave New York, flying almost due north to Greenland, and skirt to the east of the North pole on his way to Japan! Or, again, that a course slightly northwest, towards Hudson Bay, is being considered. It will pay us to get a new slant on the shape of the world and try to plot courses on a round globe instead of a flat map.

A SMEAR OF CONTAMINATION

What housewife has not shuddered at the thought of her home being overrun by roaches.

These vile pests may come into your home in a thousand ways. Once they have entered it requires persistence and care to eliminate them. All roaches secrete a nasty smelling semi-liquid that contaminates everything it comes in contact with; your food, your cooking utensils, your china, and every thing kept in the kitchen cupboard and pantry.

You can keep these enemies of cleanliness out of your home by

spraying one of the modern types of insect sprays developed and marketed by the large oil refining companies during the past three or four years, and regularly advertised in this paper.

Like tobacco... the best Gasoline is Blended

YOU may prefer Burley tobacco with a touch of Turkish or a mixture which includes Perique. Whatever the preference, every good smoke is blended, expertly.

Of the various types of gasoline no one is a perfect motor fuel. So CONOCO refiners have developed their *balanced blend*, using: Natural Gasoline, for quick starting; Straight-run Gasoline, for power and mileage; Cracked Gasoline, for its anti-knock properties.

As expertly as the tobacco leaves are mellowed and combined these three elements are produced and blended to make CONOCO Balanced Blend Gasoline. You will find this better gasoline wherever you see the CONOCO Red Triangle. Try it today.

Busy Main Streets

MAIN STREET is busy when factories are busy. The industrial development of the small and medium-sized cities is largely dependent on an ample and economical electric power supply. The grouping of many towns into a widespread electric service system brings to each of them an efficient power supply on which to build a sound industrial development.

The West Texas Utilities Company is making available this vital power supply to 120 prosperous cities and towns in West Texas, where three major generating stations, nineteen auxiliary plants, and a 2,500-mile network of high tension transmission lines insure a constant, dependable source of inexpensive electric power.

Friendly Eighty-Four Club Entertains Thursday Evening
The first lawn party of the summer was given Thursday evening of last week when Mrs. W. S. Dickerson, Mrs. U. R. Houser and Mrs. C. L. Mayes entertained the Friendly Eighty-Four club and a number of guests at the home of Mrs. Dickerson.

This lovely lawn, brilliantly lighted with colored lights, formed a pretty setting for the seven tables set for the games. A dainty color theme of green and white was featured in the game accessories and in the refreshment plate. Table numbers were large white figures on a green background suspended over each table. Refreshments were punch and angel food cake. Sweet pots of pastel shades centered each table during the refreshment period.

Those present were Messrs. and Mrs. D. C. Fritz, G. R. Eiland, C. A. Eiland, H. A. Pendleton, E. W. McClothlin, W. R. Moore, J. D. Kethley, John Spann, Oscar Spann, John Ed Jones, W. H. Atkinson, J. R. Burnison, S. E. McStay, E. S. McCord, Austin Caughran, Leroy Ballenger, Tom Haney, D. E. Holder, Leland Hannah, J. C. Campbell, H. P. Hill, E. H. Bauman, Dr. and Mrs. A. A. Moyer, Mrs. T. G. Bengo, J. D. Moyer, Dick Ford, G. R. Smith, Miss Shelly Lee, Messrs. C. L. Mayes, Fred Warren, U. R. Houser and W. S. Dickerson.

Willing Workers' Class Delightfully Entertained
The Methodist Sunday school was delightfully entertained in the home of Mrs. S. E. McStay last Tuesday afternoon, with Messrs. E. S. McCord, D. E. Holder, J. A. Caughran, H. F. Barnes and R. D. Atkinson as assistant hostesses.

Several games of "54" were enjoyed, after which delicious refreshments were served to the following: Messrs. G. R. Eiland, W. D. Ford, O. H. Spann, J. C. Borden, M. F. Billingsley, S. A. Bowden, Roy Aycock, W. C. Howell, H. P. Hill, J. C. Campbell, Geo. Salem, J. D. Kethley, H. T. Maples, Lee Haymes, Worth Gafford, E. C. Wyche, O. F. Greer, F. H. W. M. S. Met In Home
Mrs. C. R. Hames
The Women's Missionary Society of the Methodist church met in the home of Mrs. C. R. Hames Monday afternoon at 3:00 o'clock in business and social meeting. Assisting hostesses were Messrs. Foy Easley, H. P. Hill and Lee Haymes.

The following program was given:

Song—Thy Kingdom Come.
Prayer—Mrs. D. E. Holder.
Devotional—Mrs. E. C. Wyche.
Prayer—Mrs. J. C. Campbell.
Leaflet—Study of Missions In Japan—Mrs. J. D. Kethley.

A quarterly report from all officers was given.

Punch and sandwiches were served. Messrs. A. F. Haskinson, F. H. Russell, W. D. Ford, O. C. Spann, Lee, J. A. Caughran, E. D. Atkinson, S. E. McCord, W. E. Holder, E. C. Wyche, H. H. Langford, J. C. Campbell, G. R. Eiland, S. A. Bowden, Foy Easley, H. P. Hill, Lee Haymes, C. R. Hames, and Mrs. Mack Haymes—Reporter.

Mr. and Mrs. W. H. Chapman were week end visitors to Wintert.

The central health committee will meet at Benjamin at the court house Tuesday afternoon, June 30th, at 3:00 o'clock.

It is to every community's interest to have a representative at this meeting. A matter of importance is to be discussed, so if the member of the health committee of each community can't be present see that you have a representative.

Mrs. Oran Driver, Sec.

RESOLUTIONS OF RESPECT

Again the Angel of Death has entered the home of Bro. and Sister J. E. Edwards and called to the Home on High, their son, Clarence.

We, as a band of Rebekah Sisters, join in sympathy for the family in their sad bereavement.

"Somebody cares! What a world of wee
Lifts from our hearts when we really know
That somebody really and truly cares
And that we're always in somebody's prayers."
Resolutions were sent to the bereaved family, embodying these thoughts by a committee including Sisters:

Ammie Munday,
Della Perdue,
Fannie Bunts.

Knox City Wins From Munday On 13 Errors

Knox City walked all over the Munday outfit here on our own sandlot Sunday afternoon, and took the game home with the safety tucked away to the tune of 21 to 5. It seems to have been just one of those off days for the home town outfit and they were unable to put the snap into the game that they have in the past, and several expensive errors resulted in the visitors accumulating a score that resembles the National debt. A dozen errors can make a total of twenty errors made by both teams during the game it presented a very poor exhibition to spectators.

Following is the box score for the game:

MUNDAY		KNOX CITY

Summary: Two-base hits, 1 Wallace. Three-base hits, Bowley White, Norman. Home runs, Wallace (2). Sacrifices, Bryan Double play, Bowley to Bowley to Warren, Shaver to Allred. Left bases, Munday 7, Knox City. Struck out, by Freeman 2, by McGraw 2, by Edwards 12. Hits in innings, off McGraw 3 and 1 in 5 runs. Losing pitcher, Freeman. Umpires Houser and Davis. Time 3:30.

Goree Defeats Sunset With Rally In Ninth

The Goree-Sunset game of Sunday might go down as another one of those freak games, for every indication shown in the score. Sunset should have won the game, for they hammered Goree in 12 hits, while Goree aggregation got to Garvin Smith for only 7, and the game was raked out of the fire by Goree outfit in the ninth, when scores were made.

Following is the box score:
