Rhineland Wins Opener In Last Half From Goree

Rhineland took the lead in the very first frame with Goree at Rhineland Sunday afternoon and maintained it until the close of the game. It was one of those games when one could never tell just what might happen, for with Rhineland taking a 9 score lead in the first two innings the Goree aggregation kept fighting without displaying any discouragement and toward the close of the game they had almost evened the score, which ended in a 14-16 victory for Rhineland.

August Loran performed on the mound for the Rhineland aggregation and seemed to have the visitors mystified until the fifth inning, when he was relieved by Rayburn, who was unable to hold the Goree sluggers in check, allowing 8 hits which netted as many runs in the 2-3 innings. He was relieved by L. Kuehler, who held them under control for the remainder of the game. Blankenship pitched for Goree except for three innings, allowing 13 hits which netted 13 runs for the Rhineland team. Moore, relieving Blankenship for 2 frames during the game allowed three hits and as many runs. Neither team played anything like the brand of baseball they are capable of playing, but the game was very interesting by reason of the fact that the score was close toward the close of the game.

Huns and hits: off Loran, 6 and 9 in 5 innings; Rayburn 8 and 8 in 2-3 innings; Kuehler 0 and 0 in 1-3 innings; Blankenship 13 and 13 in 6 innings; Moore 3 and 3 in 2 innings. Losing pitcher, Blankenship, winning pitcher, Loran. Time, 2:40. Umpires, Haney and Stratton.

SUNDAY'S RESULTS

Munday 10, Sunset 4. (10 innings). Rhineland 16, Goree 14. Knox City 7, Weinert 0.

WHERE THEY PLAY SUNDAY

Munday at Weinert. Sunset at Rhineland. Knox City at Goree.

Goree-Knox City Play Off Games July 22, 23 and 24

The play-off series to determine the winner of the first half of the season in the Brazos Valley League will start on Wednesday of next week, July 22nd. The first game will be played at Goree, and on Thursday they will play at Knox City, and in case a third game is necessary, it will be played in Munday on Friday.

Both Goree and Knox City are getting their teams in shape to put up a stubborn fight for victory in the series, and baseball fans will have an opportunity to witness some real games during this series.

Mr. and Mrs. F. A. Coxsey and children have returned from a visit to Durant, Oklahoma.

Munday Wins Ten Inning Tilt With Sunset

Timely and hard hitting in the tenth inning snatched a game out of the fire for the Munday aggregation Sunday afternoon with Sunset at Sunset, and gave the locals renewed hopes of staying at the top of the percentage column during the last half of the season.

The Sunset boys had all the better of the argument until the ninth inning, when Munday succeeded in carrying the game to an extra inning with the score tied 4 and 4. In the tenth inning Munday staged a hitting spree which netted them six runs and brought gladness to the hearts of the Munday fans.

The lad who turned the trick for Munday in the pitcher's box was Jess Parker, who performed for Munday aggregation for the first time. He was sent in in the third inning after Freeman had allowed 4 runs, and held the Sunset lads scoreless throughout the remainder of the game.

Manager Roy Aycock is enthusiastic over his present line-up and believes that his team is as good as any in the league, and expects them to give the other teams a merry chase for the championship in the latter half.

While we have made an effort to procure the details and box score of the game, we have been unsuccessful at the time of going to press.

Knox City Shuts Weinert Out In Sunday's Contest

Allowing only 6 bingles and with 14 strike outs to his credit, Bobbie Edwards of Knox City shut out Weinert at Knox City Sunday afternoon. Dennis, who performed for the Weinerts, pitched until the eighth inning, was credited with only one strike out and 12 hits were garnered off of him and Earp, who finished the game.

Summary: Home runs, Keith. Three-base hits, B. Forehand. Two-base hits, B. Medley. Striken bases, Waldrip. Struck out by Edwards 14, by Dennis 1. Umpires, Barton and Davis. Time, 1 hour 23 minutes.

Mr. and Mrs. F. L. Ballington of the Hood community have returned home from Philadelphia with their little son, Elden. They are going well, and they say they are unable to express their appreciation for the sympathy of their many friends during those dark hours. Friends, they say, are more precious than gold.

Mr. and Mrs. C. F. Bengue and children of Dallas are here this week visiting in the home of his brother, T. G. Bengue. Mr. Bengue is associated with the Perkins Dry Goods Co., of Dallas and has been connected with this business since its establishment more than twenty years ago.

Mrs. J. D. Kethley has gone to Colorado Springs, Col., to accompany her sister, Miss Opal Maples, home from that place, where she has been a patient in a hospital for more than a year.

Former Munday School Man Is Going to E. Texas

Quannah, Texas, July 16.—J. W. O'Banion, superintendent of the Quannah public schools 12 or 14 years ago, and for several years engaged in school work at Denton, has been elected business manager and superintendent of the Glade-Six water public schools, and will leave Denton soon to assume his duties, according to word received here.

Glade water, in the East Texas oil fields, has recently grown from a town of a few hundred to a population of more than 7,000, O'Banion said. The school district embraces 25 square miles and has in it more than 255 producing oil wells, with more than 100 additional locations, states.

Mr. O'Banion was superintendent of the Munday schools many years ago, and a number of our citizens received training under him, and he is always referred to as an able educator.

Showers Fall In Munday Vicinity On Wednesday

Falls of the Munday trade territory received good showers on Wednesday. While the rain in Munday was very light, good showers fell over the Goree section and north, and also to the south-east.

Dr. McDonald of Sweetwater Locates In City

Dr. Newton F. McDonald of Sweetwater, Texas, physician and surgeon, has located in Munday for the practice of his profession, and has established his offices in the First National Bank building. He will do a general practice and is equipped to care for cases requiring other than medicinal services in his offices.

Dr. and Mrs. McDonald have moved their household effects to Munday and are residing in one of the E. M. Wilson residences near the Musser Lumber Company.

FOR SERVICE—Registered Jersey male, \$2.00 at gate. VERNAL BURNISON, 6 miles southwest of Munday. 4cp.

THINKING OUT LOUD BY JAKE N. NEDY

Skipper Roy Aycock is enthusiastic over his Munday team and its confident that they are going to win the last half of the series.

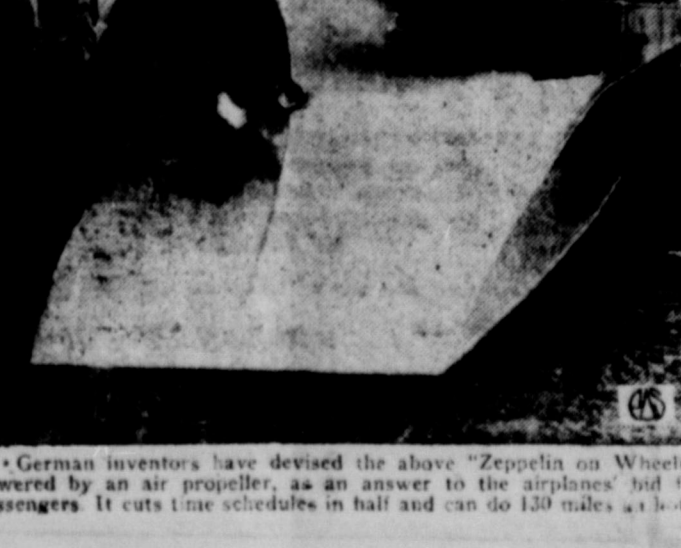

Amateur baseball has been in a slump for a number of years and it is possibly due to the fact that crowds which attend these games become unruly and the lack of discipline over players. Professional baseball can impose penalties but none can be imposed in amateur baseball.

Every baseball player should keep in mind that gentlemanly conduct will win the admiration of everyone, and even though your team does not win the game, by gentlemanly conduct you have won the admiration of all the fans, which is more to be desired.

It is a lamentable fact that a majority of the dissension that arises at these ball games is caused from fans on the sidelines. The players as a general rule are the least concerned over the squabbles which come up from time to time, and which do not add anything to the game.

It is also regrettable that there are those who insist upon crowding too close on the sidelines, which necessitates the stopping of the games occasionally in order that they may be induced to move back in order that the umpires

Fastest Thing on Rails

Rev. J. D. Crow Will Be Pastor Methodist Church

The Rev. John D. Crow of Silbee, Texas, in the Beaumont District, Texas Conference, has accepted the pastorate of the Methodist church here which was made vacant recently by the resignation of the Rev. W. C. Howell, and we are informed that he will be here about the 25th of the month.

Benjamin Woman Drowns In Tank Near City Lake

Mrs. Ray Goodrich was drowned in a tank near the municipal lake at Benjamin on Tuesday afternoon at about six o'clock when she, swimming with other young women, slipped into 12-foot water from a shallow ledge. She struggled as she went down, but none of her companions were able to reach her and men who were fishing nearby were summoned, but none of them could swim and were powerless to render aid.

All of the physicians in Benjamin were out of town and a call was sent to Knox City and Dr. Frizzell responded, but the body had been in the water fully thirty minutes before divers were able to bring it to surface.

A call also came to Munday to the offices of the West Texas Utilities company for a pump, and as the company relies upon the prone pressure of resuscitation, no equipment of this character is maintained here, and Jack Whitaker and C. C. Pippin made a rush drive over there to apply the method with which they are familiar, but were told that they could render no service upon their arrival.

Mrs. Goodrich was 26 years of age and was a very popular young woman, and her untimely death brought sorrow to the entire community. She was a daughter of Mr. Nelson, who made his home with Mr. and Mrs. Goodrich. Funeral services were held on Wednesday at Vera, where interment was made.

Revival Will Start At Church of Christ July 31st

A revival meeting will begin at the Church of Christ on Friday, July 31st, during which Evangelist E. S. Fitzgerald of Harlingen, Texas, will do the preaching. A most cordial invitation is extended to the public to attend all of these services, which will continue over a period of ten days.

FOR TRADE—Substantial equity in a ten room furnished house near Simmons University and Abilene Christian College. Will consider small farm or good residence. —O. L. HOWELL, Owner, 1749 Pine St., Abilene, Texas.

REMEMBER, Moore Chevrolet handles Goodyear Tires and Tubes, and will wash and grease your car.

Elder Harrison To Hold Meeting At Lake Creek

A gospel meeting under the leadership of Elder J. E. L. Harrison of Munday will begin at the Lake Creek school house north-east of Goree, on July 24th. Geo. Montandon of the Hefner community will have charge of the song services, and the Munday quartette will be present at least a part of the time to assist in the services. A cordial invitation is extended to the public to attend all of these services.

Heavy Increase In Mortgages On Texas Farms

It is estimated that in Texas there are 496,007 farms or an increase of 30,361 or 6.5 percent over 1925.

Tenants now outnumber owner operators of Texas farms in the ratio of more than three to two. In 1920 there were 291,211 owner-operated farms in Texas. In 1920 the total dropped to 190,391. The total of tenant farms stood at 232,509 in 1920. Under the 1930 census it has risen to 30,335. The number of farms operated by managers increased from 2,514 to 3,564.

Forty years ago only five per cent of Texas farms were under mortgage. Five years ago thirty three percent were plastered with land mortgages. It is estimated now that sixty-eight percent of the farms of Texas are mortgaged and that more than eighty percent of the crops are produced under crop and chattel mortgages.

In 1900 the estimated average value of farm land was \$4.70 an acre. In 1925 it was established at \$23.94 per acre. The increase in value is largely due to development of the country and not to increased returns from agriculture, crops of the ability of the land to produce a fair return on investment. This is indicated by the following statistics on cotton:

During the ten years period between 1920 and 1930 the average yield of cotton lint per acre in Texas was one hundred and forty four pounds. During the 1930 season it was one hundred and sixteen pounds. The average for the United States during the same period was 168.5 pounds per acre. The average of the United States for 1930 was 150.8. During this same period the average Texas production was 4,628,750 bales cotton annually. During the 1930 season our production was 4,104,000.

During the same period a average planted to cotton in Texas each year was 15,844,400. In 1930 we planted 16,975,000 acres. Following facts are obvious: Texas produced less cotton per acre on the average than the balance of the belt. The yield per acre has been constantly declining as the acreage in cotton has increased.

Along with this the character of Texas cotton has seriously declined. Today we find ourselves producing cotton as a source of agricultural income. Producing a poorer quality at higher cost on a larger acre with a lower yield per acre. A less acreage is brought about. Texas cotton farmer has a hole in his pocket.

The Co-op is organized to correct such conditions and the Farm Board has been set up by the Government to help the Co-op do Organized Agriculture means safe nation.

Revival Will Start At Church of Christ July 31st

A revival meeting will begin at the Church of Christ on Friday, July 31st, during which Evangelist E. S. Fitzgerald of Harlingen, Texas, will do the preaching. A most cordial invitation is extended to the public to attend all of these services, which will continue over a period of ten days.

..SOCIETY..

Mmes. Mayes, Rogers and McStay Entertain. Mrs. Jack Mayes, Mrs. Doris Rogers and Mrs. J. D. McStay entertained with a lovely party at the home of Mrs. Mayes Friday afternoon. Garden flowers were used throughout the entertaining suite and nine tables were arranged for bridge. Mrs. Tom Haney winning high score.

Following the games a delicious salad plate was served. Mrs. E. Roberts, Seymour; W. M. Taylor, H. L. Moore, Walt Mayo and Miss Duck Kennedy of Goree; Mmes. H. H. Langford, F. S. Broch, R. H. Neff, Joe Davis, F. L. Decker, U. R. Houser, W. R. Moore, Tom Haney, John Lane, L. E. Loveless, J. W. Ryan, Wm. P. Farrington, E. Duval, W. H. Atkinson, H. A. Pendleton, Louise Ingram, T. G. Bengue, F. A. Coxsey, R. B. Davy, E. S. McCord, E. J. Roberts, J. Raymond Thomason, Harry Williams, S. E. McStay, P. V. Williams, J. A. Kennedy, J. D. Kethley, Adrian Macon and Misses Winnie and Mary Langford.

Dr. and Mrs. Farrington Entertain Ace High Club. Dr. and Mrs. Wm. P. Farrington were hosts to the Ace High Bridge Club and a number of guests Friday evening. In the games Mrs. L. E. Loveless won high score among the ladies with Dr. W. M. Taylor winning high honors among the men. An ice drink and cake were served. Dr. and Mrs. W. M. Taylor of Goree; Messrs. and Mmes. R. B. Davy, H. F. Barnes, L. E. Loveless, Tom Haney, W. R. Moore, Mmes. H. A. Pendleton and R. H. Neff and the hosts.

Baptist Womens' Missionary Society Study Missions. The Baptist Womens' Missionary Society met in Mission Study at the church Monday afternoon. Ray Circle, Mrs. M. H. Reeves. The program was given by Rex loader.

The subject, "The Coast and Gulf of Mexico in Mission Work" was discussed in six parts. The Womens' Missionary society of the colored Baptist church gave a short program, which was enjoyed by the eighteen ladies present.

Members of the Monday Bridge Club were delightfully entertained Monday evening of this week with Mrs. W. R. Moore hostess. Following the games, in which Mrs. Billingsley and Mr. Duval won high score, orange ice and angel food cake were served. Mr. and Mrs. F. S. Broach, Mr. and Mrs. E. Duval, Mr. and Mrs. M. F. Billingsley, Mrs. H. A. Pendleton, Mrs. Louise Ingram and Mr. Moore.

Mr. and Mrs. S. Whaid and Nabel Ameen of Gilmer, Texas, were here Sunday visiting in the home of Mr. and Mrs. Geo. Salem. Mrs. Whaid was formerly Miss Veda Ameen, and she and Nabel are children of Mr. and Mrs. C. S. Ameen, former citizens of Munday.

Miss Myrtle Marberry of Arkadelphia, Arkansas, is here visiting in the homes of her cousin, Mrs. J. W. Gaither, and her aunt, Mrs. W. E. McNeill. Miss Marberry is a teacher in the Arkadelphia public schools.

Mr. and Mrs. C. R. Elliott Benjamin were here Thursday visiting friends.

Munday, Texas

BRUSHY NEWS

Sunday school was well attended Sunday.

Mr. Buck Cloud and children and little May True of Gorse visited in this community Sunday.

Mr. and Mrs. Herman Mayo of Rochester spent the week end with her parents, Mr. and Mrs. Ed Patten.

Miss Gertrude Patrick of Munday spent the week end with Miss Ruby Suggs.

Mrs. C. N. Howard and little son, Bobby John, spent the week end with Miss Marie Corwell.

We are sorry to report that little Loyd Louren happened to a very painful accident by falling on a plank and cutting a gash on his leg that will necessitate remaining in bed for several days.

Miss Faye Britton is very ill with tonsillitis.

Grandmother Williams is improving very slowly.

A large crowd attended the candy breaking Saturday night given Audrey and Sible Tinker.

Mrs. Navis Cuttingham and Mr. L. B. Smith motored to Haskell Sunday afternoon and were quietly married. We wish them much happiness.

There will be singing at Brushy Sunday afternoon, everyone is invited.

—Reporter.

Locals

H. H. Radly of Seymour is here in charge of the Musser Lumber Company's yard in the absence of W. H. Chapman who is undergoing treatment at Abilene. Mr. Radly is associated with the company at Seymour.

Mr. and Mrs. R. L. Briggs of Mineral Wells were here last week visiting in the home of W. H. Atkinson and other relatives and friends.

John Lane was in Taboka several days the past week looking after business matters.

Mr. and Mrs. J. A. Fenstermaker of Cottonwood, Ariz. were weekend visitors here, and were met here by Mrs. Fenstermaker's children, Mrs. Lillian Robertson of Dallas, and Ura and Epp Wilson of Fieleton, Texas, in a family reunion. Mr. Fenstermaker is associated with an independent copper mine at Cottonwood, and states that the mine has closed down for a period of three months on account of the low price of copper. He states that copper is now selling for 7 cents, which is near the cost of production, and that most all of the mines have closed down to await the return of better prices.

Mrs. W. H. Chapman returned from Abilene on Monday morning, where she had accompanied Mr. Chapman to a hospital for treatment, and she reports that an X-ray examination revealed a condition that physicians hoped to rectify without the necessity of having to resort to an operation, and he will take treatment there for several days in the hope of getting relief.

Mr. and Mrs. Fred Hargraves and little daughter, Charlotte, of Duncan, Oklahoma, passed through Munday on Friday evening of last week enroute to Carlsbad Cavern and other points of interest. They plan a vacation trip of a week or ten days. Mr. Hargraves, who is now associated with a daily newspaper at Duncan, was formerly linotype operator for The Times, and they have many friends in Munday.

"FIVE FOR ONE" TICKETS IN DEMAND ALL OVER STATE

Dallas, Texas, July 15.—Plans for a whirlwind campaign during the last ten days of the "summersale"—Five for One admission tickets to the State Fair of Texas have been made and will be carried into every city and town in Texas where there is a railroad. It has been announced here by T. E. Jackson, President of the State Fair, and Hugo Schellkopf, Director in charge of the campaign.

Sublet Agents of every railroad in Texas are selling the tickets. During the last ten days of the campaign which ends at midnight on July 31, these agents will give opportunity of purchasing admission tickets to the State Fair of Texas at a reduction of sixty percent over the regular admission prices, to every person in Texas.

"We want everyone to have an opportunity of purchasing the tickets," Mr. Jackson said, "and for that reason have extended the campaign to every section of the State. It is the first time in the 45 years of the State Fair that such an offer has been made, and we have it because we want everyone to have an opportunity of visiting our exposition more than one time."

"We have worked hard this year and believe that when the visitors come to the State Fair of Texas, they will agree with us that we have the best balanced program of amusement features, educational attractions and general exhibits they have ever seen."

The bargain tickets are on sale in addition to the railroad offices of Texas in Department stores, drug stores, and other community centers of Texas.

C. L. May, vice-president and general manager of the Lone Star Gas Co., together with Mr. Cobb, treasurer of the company, were here for a short time Friday afternoon and paid this office a very pleasant visit. Mr. May stated that after visiting a number of localities in West Texas he predicts a return of normal conditions throughout this section of the state by early fall, and was elated over the feeling of optimism that he found among business men over the section.

E. W. McGoethlin and family have returned from the north plains, where they have been to look after the wheat harvest on properties owned by them.

Miss Grace Nelson returned the latter part of last week from New Mexico, where she attended a meeting of home demonstration agents.

Mr. and Mrs. Jimmy Ashcroft of Knox City were here Sunday visiting in the home of Mr. and Mrs. L. E. Loveless.

Miss Lillian McGoethlin left on Tuesday for Sierra Blanca, Texas, where she will visit in the home of her brother, Glenn McGoethlin.

P. V. Williams and sons, Jack

New Instrumentation Advocated by Leader

Plan Would Necessitate Greater Versatility of Musicians

New York City.—A new plan of orchestral instrumentation that would also make necessary a greater versatility among musicians is advocated by Sam Lanin, well-known orchestra leader for the air.

"American music," says Mr. Lanin, "is the richest the world has ever known. Like our civilization, it is composed of hundreds of fragments from here, there and everywhere that we have had to mold into an harmonious whole. Our composers have done a very wonderful job, but in my opinion, our instrumentation does not yet come up to standard."

"You see, since this music is of every nationality, it should have the instruments of every nationality used more freely to interpret it. When the atmosphere of it is German, the German horn should be brought in, even though it may not be part of the regular orchestra. Using the guitar for Spanish atmos-

phere, the balalaika for Russian, the steel guitar for Hawaiian and so on would infinitely enrich the music we hear every day. Furthermore, this could all be done without adding to the number of men in any orchestra. Let each man know several related instruments. Let each leader have by him the instruments necessary really to interpret every song he plays whether it is reminiscent of Madrid, Paris, or wherever.

"Listen for a moment to the strains of that exquisite 'Dreamy Rocky Mountain Moon.' Those strains can be brought out best when the quaint Russian influence is emphasized by the use of the balalaika."

Mr. Lanin says that tests have revealed that if it can be demonstrated, their taste will be improved, whether or no.

This leader receives one of the largest fan mails of any radio star. He once got 57,000 letters on a single broadcast. Another record his hand holds is that of making more phonograph records than any other one hand.

BEAUTIFUL NEW FORD

De Luxe Bodies

- TOWN SEDAN • DE LUXE SEDAN
- CONVERTIBLE SEDAN
- DE LUXE TUDOR
- VICTORIA
- CABRIOLET

The most striking fine car types ever offered at such low prices are now being presented by Ford dealers. These are the six newest de luxe creations of the Ford Motor Company. They are designed and built to meet every need of the automobile buyer whose desire for motoring luxury and outstanding performance is tempered with sound economy.

Get the facts about these fine cars. Compare their lithe, clean-cut style with any you have ever created in your own imagination. Learn about the de luxe materials with which each car is trimmed and upholstered, and how carefully these are tailored. Sit and ride in the wide, restful seats and you will realize that just as no restrictions have been put on mechanical performance, so no limits have been placed on comfort and beauty.

There is much to interest the careful buyer—a choice of sparkling colors, a variety of rich upholstery materials, Rustless Steel, safety glass, Houdaille double-acting shock absorbers, one-piece welded steel wheels, slanting windshields, and many other features which make the Ford a happy investment.

FEDERAL LAND BANK LOANS 5 1/2% -- Per Cent -- 5 1/2%

A long term loan with the option to pay at any interest rate, provided the payment to be made is out of one's own funds. And contrary to the general belief, THIS LOAN DOES NOT CARRY ANY LIABILITY ON YOUR FARM, OTHER THAN YOUR OWN LOAN.

This loan offers a saving of \$10.00 on the \$1,000.00 over any loan offered by any Loan Company in Texas.

The Munday National Farm Loan Association

JOHN ED JONES, Secretary-Treasurer
PHONE No. 109 MUNDAY, TEXAS

The Mission of this Bank

—Is to render a thorough banking service to its patrons.

First, to provide a safe depository for their funds.

Second, to provide the various services necessary for the carrying on of their business.

Third, to make loans to the extent consistent with sound banking and upon conditions that will insure the utmost protection of funds entrusted to our care for safekeeping.

THE FIRST NATIONAL BANK Munday, Texas

THE BEST CURE

Automobile owners who are careless and try to mix liquor with driving cars deserve no tolerance. A drunken driver endangers the life of innocent people all along his pathway.

The most important deterrent for reckless driving is the suspension of the driving privilege. Anyone found driving an automobile while drunk should have his driving privilege taken from him for a period which should be made long enough to make him respect the safety of others.

IMPROVE YOURSELF

Every reader of the Times should take advantage of the many available methods of learning new things.

Even the wisest college graduate has huge blocks of mental ignorance which should be removed by continuing to study. There is no use to stop growing just because you have a diploma.

In every state of the union there is one or more educational institutions doing some kind of extension work. More than 200 different subjects for study are offered by correspondence from the 443 colleges and universities so engaged. The cost is very little and the benefits are large.

A man will take pride in keeping fit physically which he has to do by exercise. He should take just as much interest in keeping fit mentally, to do which one must carefully study and make the mind work.

There are many things in this world sufficiently interesting to repay one for devoting sufficient time to knowing about them. Select one and add to the knowledge of things you have.

NOTES AND COMMENT

Add to useless things: addresses of welcome.

Our idea of a he-man watches his wife mow the lawn.

The man who looks ahead of today is ahead tomorrow.

If you put your faith in yourself it might stay with you.

One thing that the world doesn't need is haphazard cooks.

Advice is freely given in these columns but you don't have to take it.

Next Sunday put something in the collection plate beside your hand.

Most people have splendid excuses for not doing what they don't want to do.

If there were no bill collectors in the land pay day would really be enjoyable.

Some people talk about hard work because they don't know anything about it.

Peddlers who come to Munday stand a good chance to lose their fare.

In case of doubt, we remind subscribers that it costs us money to publish this newspaper.

Rev. I. N. Demy says:

"I have found nothing in the past 20 years that can take the place of Dr. Miles' Anti-Pain Pills. They are a sure relief for my headache."

Sufferers from Headache, Neuralgia, Toothache, Backache, Sciatica, Rheumatism, Lumbago, Neuritis, Muscular Pains, Periodic Pains, write that they have used Dr. Miles' Anti-Pain Pills with better results than they had even hoped for.

Countless American housewives would no more think of keeping house without Dr. Miles' Anti-Pain Pills than without flour or sugar. Keep a package in your medicine cabinet and save yourself needless suffering. At drug stores—25c and \$1.00

DR. MILES' ANTI-PAIN PILLS

Correct this sentence: "The editor needs no money; he works for the good of the public."

One trouble with government is that new jobs are constantly being created and old ones are never abolished.

It's about time for somebody to do something about the number of people killed every year by automobiles.

Competition is splendid if it is straight competition but the crooked business man does not help the buyer in the long run.

You can buy all the things that you want outside of Munday and then wonder why trading here is sometimes slow.

No one-crop system can ever bring prosperity to the agricultural sections of the nation. It doesn't work anywhere in the world.

The depression may be psychological but anybody trying to borrow money will find the explanation doesn't provide the kale.

Advertising is one of our hobbies, but it cannot force people to buy inferior goods or something that they have no use for.

Help the merchants of Munday by giving them a chance to sell your merchandise; this will help them keep their clerks employed.

There are any number of people in the world who make good resolutions, but when it comes to carrying them out they lose heart and give up the fight.

Optimism in business or economics does not mean lying about the facts that you face. It means looking them over and working to improve yourself, or your business.

My Pony "TONY" left yard Monday night. He is small bay pony, star in forehead. Both hind feet show signs of rope burn. Reward for his return.—HAL PENDELTON.

FOR RENT—Furnished apartments. Modern conveniences. Phone 210.—Mrs. Irene Thompson.

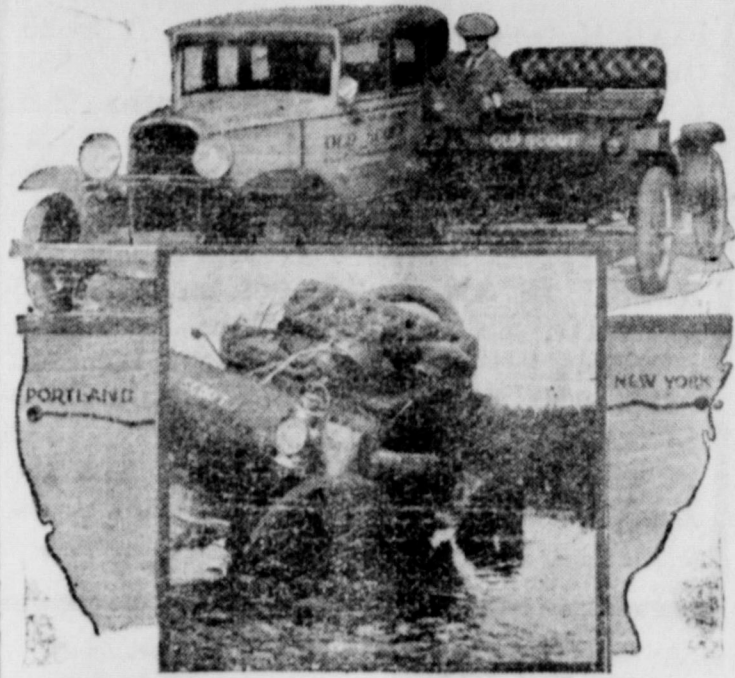

Incurable
A young wife, hoping to cheer her grouchy husband up, took him for a visit in the country. As they gazed over the glorious landscape, she exclaimed, "Isn't this scenery just heavenly?"

"Um, I don't know," he said. "Take away the mountains and the lake and it's just like anywhere else."

She Lost
Harry (creeping up and placing his hands over Jean's eyes)—If you can't guess who it is in three guesses I'm going to kiss you.

Jean—Jack Frost, Davy Jones, Robinson Crusoe.

Famed Auto of 1905 On Good Roads Tour

Same Driver Piloting One-Cylinder Oldsmobile Across Country

New York City, July 15.—One phase of the remarkable progress made in this country in the past quarter of a century—that of individual transportation—is being strikingly demonstrated by a convoy of automobiles which has just started from this city to retrace the route of the first trans-continental automobile race.

The caravan is led by the same car, driven by the same man, who won that first race in 1905.

This first cross country automobile race in 1905 was sponsored by a representative of the federal good roads bureau. It was won by Dwight B. Hiss, driving a curved dash Oldsmobile powered with a single cylinder, seven horse power motor.

The 1931 tour now being made by Hiss and the same little Oldsmobile is a tribute to the building and extension of modern highways that have made possible the day of motoring.

It is endorsed by Thomas H. Henry, president of the American Automobile Association, and numerous public officials interested in highway development.

The 1905 trans-continental race was far more than a sporting contest. It was a test of the capabilities of the then-derided automobile. The fact that these motoring pioneers succeeded in overcoming all obstacles in crossing the country over this difficult route did much to advance the automobile in the minds of the nation.

Conditions encountered by these early racers are unbelievable today. They traveled in seas of water and mud with telegraph poles as the only indication of where the road might be; they were forced to ford streams with water above the floor boards; rutted, baked-dry roads wore out a set of tires in 20 miles; one day they scored 64 miles in 17 1/2 hours driving; for days they drove over unmarked prairies and deserts—these were a few of the terrible obstacles they encountered.

That they won through to the finish astonished the country. During the present tour Hiss, the winner of that early epochal event, will speak before civic organizations in scores of cities and towns. He will contrast the roads of 1905 with those of 1931 and describe the benefits derived from improved highways.

He will be accompanied on his tour by a convoy of Oldsmobiles which, when compared to his 1905 "Old Scout," will forcefully depict the advances made in motor cars as well as in highways.

4H CLUB BOYS TO HOLD TWO DAY ENCAMPMENT

The Boys 4H Club members will hold their annual encampment July 17 and 18 at Lake Kemp. They will gather at the court house in Benjamin at 1:30 Friday afternoon and from there go to Seymour, where they will join the Baylor county club boys and the two will hold their encampment together.

A constructive program will be given as well as different forms of recreation. The admission to the lake grounds is free to club members and all that will be necessary is a couple of blankets and food enough to last three meals.

STUDENTS MAY TAKE EXAMINATIONS

Last year there were many failures in plane geometry and algebra. In order to relieve this situation, all students failing in those two subjects will be allowed to take an examination at the opening of school this fall.

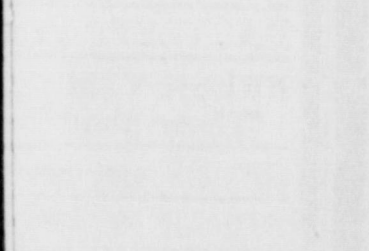

All that contemplate taking the examination should secure a text-book from Mr. Howeth. Mr. Howeth can be found at the school building almost every day.

HOME DEMONSTRATION CLUBS WILL SERVE C. OF C. LUNCH THURSDAY

The semi-monthly luncheon of the Munday Chamber of Commerce on Thursday of next week will not be held at the Munday Hotel, as is the custom, but will be held in the Masonic hall and will be served by the Munday Home Demonstration Club at the regular hour.

All members are urged to be present at this luncheon, for they are assured of a fine feed and the money derived by the club in serving the luncheon will be used to send members of the club to the summer short course of home demonstration workers to be held at the A. and M. College the latter part of this month.

Miss Allene Bevers is in Sweetwater visiting in the home of her brother, Jasper Bevers.

"WHERE YOU CAN BUY MORE FOR YOUR MONEY"

ECONOMICAL BUYING NOW A NECESSITY!

Through stringent times like those we are now familiar with, we all become frugal in our buying. Necessity demands that we get all that we can for our dollars. Everyone is on the alert to save every penny possible in buying the necessities of life. This is as it should be at all times, but we are prone to become more or less indifferent to the small savings when conditions are prosperous.

Frugal buyers can always save money by watching the columns of this paper. Merchants are striving as they have never before to give their patrons the utmost in values. They are buying carefully—always with the idea of giving their patrons the utmost in value for their money. Modern methods have displaced old methods—with economy as the constant watchword.

Merchants who have real values to offer are usually anxious to tell the public of that fact through the ads in the newspaper, and if you will watch these ads regularly you will profit handomely.

Read the ads in this issue and when you make your purchase tell the merchant that you saw it in this paper. Newspaper advertising is the most economical form of advertising yet developed, and the buying public is the greatest benefactor of this economy.
