

THE MUNDAY TIMES

Volume XXVIII.

Munday, Texas, Thursday, September 29, 1932.

Number 20.

Thinking Out Loud

By J. A. K.

O. C. Harrison, the die-hard editor and cyclops of the Baylor County Banner was over from Seymour Monday afternoon and stopped by the sanctum just long enough to say howdy and borrow a pair of shoes.

It seems that after arriving in the outskirts of the city that the Banner scribble bumped into Old Man Roberts and immediately matched himself a game of golf, and having come over with his Sunday-go-to-meeting shoes on, he didn't dare go home and face his red-headed wife with his shoes all mused up.

However, if she really knew what kind of golf he played and the decided defeat that he suffered at the hands of his aged opponent she would in all likelihood reprimand him anyway. However, O. C. doesn't take his golf as seriously as he does his politics, and probably returned home wearing a sickly smile.

The Times job department has been very busy during the past few weeks, and we have handled some very large orders, for which we are very grateful.

In fact, if business people really practiced the trade-at-home theory that they preach so loudly and vehemently there would be much more printing done is Munday, and while we're talking about it let us pass credit to some of the business concerns who are really doing this at this time.

During the past few weeks we have handled very nice orders for the Pendleton Gin Company, the First National Bank, Atkinson's Stores, the Munday Study Club, and numerous smaller jobs.

The money spent with this plant remains in Munday and is returned to the business men who spend it with us, while when it is sent away it remains away, and seldom gets back into circulation in Munday.

Personally, IOL never has to admit about a new suit or a new pair of shoes or anything like that which we have purchased out of Munday, for we just don't do it, and if just the citizens in Munday would get that idea and adhere to it rigidly there would be much better conditions in this little old town.

Too many town folks are ready to condemn the country folks from ordering from mail order houses who are guilty of the same offense themselves. Some of our neighboring big towns get too many dollars that should be spent right here at home.

Right today no better values can be had anywhere than right here in Munday. We know that our merchants are selling their goods right down at the lowest margin of profit possible, and their offerings will compare favorably with those found anywhere after carriage charges have been added, so why not buy your merchandise at home, where you can see just what you are getting and may know that you are getting just what you pay for?

Long ago TOL concluded that these trade-at-home talks were all baloney, for we discovered that some of those who were loudest in expounding the gospel of trading at home were the most guilty of trading elsewhere themselves, but occasionally we just get loose along this line, and besides we had to fill this column up in some way, and this is about the best line we have to offer at this particular time.

Warning To Hunters.

A warning to hunters in shooting birds was suggested by a farmer of the Munday section this week, who stated that while he and other pickers were at work in tall cotton shot from hunter's guns came so near them that they could hear them whizzing through the air and hitting in the cotton stalks, and he suggests that those who hunt should be very cautious in firing their guns as the tall cotton and other vegetation may obstruct their vision and prevent them seeing workers in the field.

Uncle Amos Smith of Redwood Valley, California has been here for the past several days looking after business interests.

Home Demonstration Club Exhibit To Be Held At Benjamin

The annual exhibit of the Home Demonstration Clubs of Knox county will be held Saturday, October 1st in the Dr. Beavers building at Benjamin, according to an announcement made this week by Miss Grace Nelson, county home demonstration agent.

The exhibit will consist of canned products put up by the members of the Home Demonstration Clubs of the county and this is expected to be the best exhibit that has ever been held in the county, and a cordial invitation is extended to the public to attend the exhibit and see what the demonstration clubs of the county are doing toward conserving the foods produced and thereby promoting the live-at-home program sponsored by the clubs.

The placing of awards will be in the hands of Miss Marie Strange, county home demonstration agent for Baylor county.

Cotton Beginning To Come In Fast; Price Takes Drop

With cloudy weather most of the week cotton has been somewhat slow in coming in this week, however, on Wednesday 131 bales were ginned by the Farmers Union plants and more than 100 bales had been received at three o'clock Thursday afternoon at the office, and with fair weather the remainder of the week all the gin plants here will be operating day and night.

A drop of more than 40 points in the market today created a feeling of pessimism among the farmers. The price paid on the streets Thursday ranged from 6.25 to 6.75.

Pioneer Merchant Tells of Selling Pete Loran Suit

Lee Haney attended the Golden Jubilee celebration this week at Wichita Falls and among the pioneers he encountered was M. A. Marcus, one of the early merchants of Seymour, who recalled that he sold Pete Loran of Rhineland his wedding suit back in 1897. Mr. Marcus stated that he saw Pete some fifteen years later and he was still wearing his wedding suit. While we have not had an opportunity to see Pete and verify this story, we concluded that there must have been somewhat of a depression back in those good old days.

Representative Is Pleased at Repeal Chauffeur License

In a letter to the Times editor Representative George Moffett of Chillicothe expresses gratification at the action of the third called session of the Legislature in the repeal of the chauffeur's license law which has been the source of nuisance to many people who drive trucks, and especially farmers.

Mr. Moffett expresses the opinion that the press has not given this action the attention to which its merit entitles it, and he is gratified that the farmers who operate trucks are relieved of this burden and the inconvenience to which it has subjected farmers in many communities where its enforcement has been attempted.

Morrow Brothers Fiddle Band Wins Second In Contest

The Morrow Brothers Fiddle Band playing in the contest staged by the Golden Jubilee association at Wichita Falls were awarded first place in the contest Monday evening and thereby went into the finals on Wednesday evening to compete for the \$100 in cash, and in the final contest they were awarded second place, losing to the Lindsey's fiddle band of Bellevue, Texas, however the boys were well pleased with their effort as they were amply repaid for their time by having played for a dance each evening staged by the pioneers and of the old square dance variety.

In addition to their accomplishments they were given a contract by the Falls Refining Company to play over KGKO each Monday evening. The Morrow boys were assisted during the contest by U. R. Houser.

Mr. and Mrs. Cecil Jennings spent the week-end visiting in the home of his parents, Mr. and Mrs. J. A. Jennings, at Decatur. They also visited in Fort Worth.

Little Pen-o-grams

This Week's Opinion

An Interpretation of the Week's Opinion in Texas.—By Geo. L. Seitz, Editor, Texas Opinion.

BULLINGTON-MOODY ET AL

Orville Bullington is the Republican nominee for governor of Texas. Herbert Hoover is the Republican nominee for president of the United States. These two will be campaigning for the votes of Texas people at one and the same time. But they will not travel in the same band wagon. That is the substance of a recent pronouncement by Mr. Bullington, himself.

The reason for this unique divorce is that the Republican machine has despaired of carrying the state for Hoover. But with Alvin Moody's help, it hopes to elect a republican governor. Its hooks are carefully baited to catch the hyphenated democratic vote.

Upon the plea that Ferguson is too bitter a dose for squeamish Democrats to swallow, Moody is expected to lead the Hoover Democrats to Bullington. Because Bullington threatened to bolt his party in order to support Hunter for governor, some few Hunter Democrats are supposed to return the compliment and support Bullington. To make that course more attractive, Bullington has adopted Hunter's plea for abolition of the ad valorem tax and a sock in the eye for industries which have built payrolls in the development of Texas' natural resources.

The coalition of Bullington-Moody strength should George Armstrong out in the cold. He will head a ticket of Independent or Jacksonian Democrats, and he expected to get the Hoover Democrats' vote. But he made the mistake, a year or more ago, of denouncing the Hoover program. And that offended the so-called Hoover Democrats.

So the fight in November will lie between Ferguson and Bullington, with Alvin Moody and his crowd supporting the Republican's cause. Of course, that was more or less to be expected. For Bullington's republicanism and Moody's democracy are cut quite from the same patterns. Bullington was a Hunter Republican and Moody is a Hoover-Democrat. The hyphen provides a common meeting place.

For how many Texas Democrats will Alvin Moody do the thinking? Upon the answer to that question hangs the governorship of Texas.

A \$4,000,000 DEFICIT
Governor Sterling's campaign declarations to the contrary notwithstanding, at the beginning of its next fiscal year the state of Texas will be plagued with a \$4,000,000 deficit.

This estimate of the probable deficit on August 31, 1933, represents the conclusions, independently arrived at

Council Approves City Budget and Sets \$1.50 Tax Rate

A meeting of the city council was held on Tuesday afternoon, that being the date announced for a hearing on the city budget, and at this meeting the budget was approved and a tax levy of \$1.50 on the one hundred dollar valuation was made by the council. No protests were heard on the budget as prepared as every item allowed therein was reduced to the lowest figure possible in line with the policy of rigid economy being followed by the city council, and every effort will be made to confine the individual accounts within the budget.

written by Mrs. Greenhill: "After many decades of too hasty removal of children from their own homes thoughtful social workers are coming to realize that although sometimes difficult, it is in the long run more constructive and more economical to preserve the child's own home in the beginning."

It is gratifying to know that the vast power of the state, in its child welfare work, is at last bent to the preservation, rather than the disruption of the home. Such a program should earn for the department of state government headed by Mrs. Greenhill, the respect and co-operation of all thinking citizens.

TRUCKS NOT LESS EXPENSIVE

In a recent editorial, the able editor of the El Campo News gave expression to a common misunderstanding. He suggested that transportation of freight by truck was less expensive than by rail.

Nothing could strike farther from the truth. The railroad rate structure is a composite—a balancing—of profitable and unprofitable charges. It has been built in the best interests of the whole people by a commission representing the people.

An explanation for the whole railroad controversy is found in the fact that the trucks solicit only the railroad's profitable business and leave it only the unprofitable business. Continuation of such a condition, obviously, means the ruin of the railroad industry. And then what happens? The average cost of freight transported by rail is one cent per ton mile. The average cost of freight transported by truck is five cents per ton mile. Wreck the railroads and you have multiplied the freight element of commodity prices five times. That is the answer to the statement that it costs less to freight by truck than by rail.

The public interest is paramount. The controversy must be adjudicated with the public interest in mind. And that means that common carriers on the public highways either must transport their share of the unprofitable business or that opportunities in the profitable fields must be equalized.

(Continued on back page.)

John Ed Jones Is Named Advisor On Emergency Funds

John Ed Jones has been designated by Wilbur C. Hawk, President of the West Texas Chamber of Commerce, to serve as Governor R. S. Sterling's representative in the preparation and submission of Munday's application for funds out of the \$300,000,000 provided by the Federal Emergency Relief and Construction Act of 1932.

The West Texas Chamber of Commerce has been charged by the Governor with the responsibility of naming the chairmen in each town and county in its territory and assembling the applications from the towns. The directors of the affiliated towns have been named as chairmen. In unaffiliated towns, the Chamber has named others as chairmen.

Already application blanks and instructions have gone out to the two hundred towns, cities, and one hundred thirty counties in West Texas from the office of the West Texas Chamber of Commerce at Stamford.

Assistance in making out the applications is to be given by the regional organization. General Manager D. A. Baneen, at Stamford, will devote most of his time during the next two weeks in assisting towns and counties in that part of West Texas in making the applications. The same service will be given to the Panhandle-Plains cities by Assistant Manager Maury Hopkins at Plainview, Jack Hott, Manager of the Fort Worth Chamber of Commerce, will assist at Fort Worth, and Captain E. H. Simons, Manager of the El Paso Chamber of Commerce, in that part of the territory.

Applications for the relief must be made through the West Texas Chamber of Commerce and must be filed by October 15 in order to give the organization time to transmit them to the Governor before October 15. The Governor will make application for the State of Texas on October 15. The funds to be applied for now are for the months of October, November and December. The amount will be based upon the amounts that have been spent for relief and relief work for the respective applicant cities during the past twenty-one months, or since January 1, 1931.

Attention Is Called To City Ordinance On Keeping Stock Up

Chief of Police Shannon Layne states that he will enforce the law prohibiting livestock running at large within the city limits and has requested that we serve notice to the public that his law will hereafter be rigidly enforced, as many complaints have come to him with reference to this practice. He states that hereafter animals running at large will be impounded and a charge of \$1.00 will be made for their release.

As we go to press late Thursday it is beginning to rain and it now looks as if cotton picking will be held up for several days, and a prolonged wet spell might result in the loss of much cotton over the Munday country.

New Angle Develops Contest Over Democratic Nomination Governor Raise Issues as to Certifying Name

New York Yankees Take Lead Word Series Over Cubs

The New York Yankees seem to have the world series in the bag, as they have won the two games played so far in the series at New York against the Chicago Cubs, winners of the National League championship. Wednesday's game resulted in a 12-6 victory for the Yankees in which Lou Gehrig's big bat hammered out a home run, while Thursday's game resulted in a 5-2 victory for the Yanks.

Sheriff Elliott Is No-Billed By Grand Jury in Haskell Co.

The grand jury of Haskell county, which has this week been making an investigation into the fatal shooting of C. E. Bolt by Sheriff C. R. Elliott of Knox county, on Thursday no-billed Elliott after that body had examined a large number of witnesses summoned from this community. The fatal shooting occurred on the Elliott farm three miles south of Munday and just over the Haskell county line late in June.

L. E. Loveless and Dick Dresser were here Thursday morning shaking hands with friends.

Funeral Rites For Mrs. J. B. Shine At Farmersville

Funeral services for Mrs. J. B. Shine, who passed away at the home of her daughter, Mrs. H. A. Pendleton, in this city last Saturday morning, were held on Sunday afternoon at the First Methodist church at Farmersville, Texas, with the Rev. A. R. Nash of Greenville and the Rev. Thomas, pastor of the Methodist church at Farmersville, officiating. Following the funeral services the remains were laid to rest in the L. O. O. F. cemetery at Farmersville.

Mrs. Shine, whose maiden name was Mary Ellen Stewart, was born in Cambos, England, on June 3, 1869.

She came to America in September 1879 and settled at New Philadelphia, Wharton county, Pennsylvania, where she resided for three years, moving from there to Crawford, Texas, where she was married to John Bernard Shine on January 12, 1887, and shortly thereafter moved to Farmersville, Texas, where the family has resided continuously until some eight years ago when she came to make her home with her daughter, Mrs. H. A. Pendleton. Mrs. Shine had been in failing health for several months and death had been expected for several days.

She is survived by the following children: Mrs. H. A. Pendleton and Mrs. Cecil Barton of Munday; John and Harold Shine of El Paso; Willie Shine of Ardmore, Oklahoma; Warren Shine of Weatherford; Douglas Shine of Dallas and Mrs. Henry Mason of Wichita Falls.

Active pallbearers were: R. L. Russell, Earl Mason, R. E. Phillips, O. E. Carlisle, Wes Neathery and W. H. Joutret. Honorary pallbearers were: J. E. Pendleton, J. A. Spaug, W. P. Herron, J. W. Neathery, W. P. Bumpass, Jno. Yeary, Dr. W. C. Wright, J. L. Bale, M. D. Honaker, J. B. Honaker, Geo. Eike, Joe Aston, Walter Carver, Jim Hale, Jack Carver, Lee Carver, Julius Carver, Farmersville; Mike Rowan of Paris; E. W. McGlothlin, T. G. Henge, W. R. Moore, W. H. Chapman, C. A. Eiland and Dr. W. P. Farrington, of Munday; W. F. Pendleton, J. L. Purvin, J. L. Chapman and Wallace Mason of Dallas; Dr. J. W. Williams and Chas. Cobb of Denton; J. Cohen, Homer Lee, Dr. Q. B. Lee, G. C. Bullington, A. M. Miller and Dr. W. B. Whiting of Wichita Falls, and Geo. Pendleton of Durant, Oklahoma.

The funeral services at Farmersville were attended by a large concourse of friends from various points, including Mr. and Mrs. E. W. McGlothlin and children, Mr. and Mrs. T. G. Henge and Mrs. R. H. Neff, of Munday; Mike Rowan of Paris; Mrs. J. D. Moyer and son, Hugh Moyer, of Honey Grove; Mrs. R. C. Leonard, Mr. and Mrs. W. F. Pendleton, J. A. Pendleton and Wallace Mason of Dallas; Mr. and Mrs. Geo. C. Pendleton of Durant, Oklahoma; Mr. and Mrs. W. B. Hope of McKinney; Rev. and Mrs. A. R. Nash of Greenville, and Mrs. Yvonne Andrews of Weatherford.

The Times joins the many friends of the family in extending sincere sympathy to the bereaved members of the family.

HARD ON US ALL.

Unfair competition, affecting major industries, working the greatest hardships on the general public. Witness our transportation difficulties.

America today suffers from what might be termed an overproduction of transport. Competitors with the government-regulated railroads are unhampered by the Interstate Commerce Commission, having nothing in right of way investment and paying relatively small taxes. They have taken millions of dollars of business away from the rails.

As a result, the railroads have been forced to cut railroad expansion. They have laid off more than a million workers, and millions more have felt rail retrenchment in related industries. In addition, many lines have been unable to pay dividends to their stockholders.

What is needed is revision of our transport regulating policy so that it will cover equitably all carriers on land and water engaged in interstate traffic, and coordinate various services without unfair competition. Any other course means eventual railroad ruin at expense of the traveling, shipping, investing and working public.

CARD OF THANKS.

To our friends who so loyally stood by in our darkest hour we wish to express the deepest gratitude of our hearts. For the many, many deeds of kindness, for your kind words of comfort, and for the many beautiful flowers brought to our mother both during her illness and at her going away, we shall ever be thankful.

HOUSEHOLD HINTS.

BY BETTY WEBSTER
erving Tea Daintily
To give a touch of daintiness and temptation in serving beverages should naturally be the aim of every hostess. Especially is that true when serving tea.

There are still some warm days this month when a glass of iced tea can be appreciated. And to serve it prettily—just add a little mint if you can and sprinkle it with powdered sugar. Colored sugar can also be used—the kind that comes in red and green and can be purchased at most any confectioner's.

Scale For Cooking For Large Numbers

Fifty and Fit

A MAN is as old—or as young—as his organs.

At fifty, you can be in your prime.

Why go along with "fairly good health" when you might be enjoying vigor you haven't felt for years?

There's a simple little thing anyone can do to keep the vital organs stimulated, and feel fit all the time. People don't realize how sluggish they've grown until they've tried it. The stimulant that will stir your system to new life is Dr. Caldwell's syrup pepsin. It will make a most amazing difference in many ways.

This famous doctor's prescription is a delicious syrup made with fresh herbs, active salts, and pure pepsin. It starts its good work with the

first spoonful. That's all you need to drive away the dullness and headache of a bilious spell, and rid the system of that slow poison that saps your strength. It's better than a tonic for tired bowels, and unlike habit-forming laxatives you can take it freely or give it to any child. And it isn't expensive.

Get some syrup pepsin today, and take a little tonight. Don't wait until you're sick to give your system this wonderful help. You can avoid those spells of biliousness or constipation. A spoonful every now and then is better than constant worry about the condition of your bowels, or fear of auto-intoxication as you grow older. Dr. Caldwell's syrup pepsin protects the system. All druggists keep this preparation.

WANT ADS.

NOTICE!

Lost your forget—That beginning with October 15th, 1932, I am going to practice medicine for strictly cash, and cash only.

I regret very much having this to do, but poor collections have driven me to it.

Respectfully,

**FOODS TASTE BETTER...
When They're Cooked Electrically**

It is common knowledge that foods cooked in their own juices are far more tasty and most healthful than when flavors and vital food elements are boiled away as in old-fashioned cooking methods. Obviously, then, wouldn't it be wise to investigate a modern method of cooking that offers full-flavored, healthful meals—and that makes possible substantial savings every month in the year!

Then call in at our Merchandise Showroom and ask one of our trained representatives to tell you the vital story of modern Electric Cookery. He will show you how an Electric Range will save money for you . . . how it will produce finer, more attractive and more healthful meals . . . how it will give you new leisure every day . . . how it will end hours of hard kitchen slavery. He will explain these important Electric Cookery advantages—and produce actual figures that will show you what one of these modern Electrical Servants will mean to you!

Now's the Time to Buy

Prices never were lower . . . the need for economy, health and leisure never greater. You deserve the immense benefits of modern Electric Cookery without delay—so why not make your investigation now . . . TODAY?

We have General Electric Hotpoint ranges to fit every need and every pocketbook. And the terms can be arranged to fit the most modest budget. Take advantage of this SPECIAL OFFER . . . It has been made in order to give you the invaluable aid of a modern Electric Range!

OUR LIBRARY.

We are to have some new books for our library before long; and guess how we are going to manage it. The students have agreed to pay twenty-five cents each, or donate a good book or classic. The parent-teachers have consented to pay at least twenty dollars, while the high school faculty has kindly agreed to give to the cause also. Each class chose a person to inspect the books donated. They are: Seniors, Mary Adliade Barton; Juniors, Jerry Kethley; Sophomores, Gordon James Barnes; and Freshmen, Lucille Neff and Galen Greer. Each of these students are very capable of performing the task set for them to do.

SENIORS

The Seniors had a class meeting at three o'clock Monday afternoon, September 25, for the purpose of choosing our room mothers, of deciding as to whether caps and gowns are to be used for graduation, and deciding about the ordering of our rings. We are proud to boast of the fact that Mrs. Tom Rigby and her assistants, Mrs. Neff and Mrs. Laney, have been unanimously elected by the class as our room mothers for the coming year. Ladies, we are glad to welcome you!

We decided that it would be cheaper and certainly much prettier to use caps and gowns for graduation. We found it a little more difficult however to decide about ordering our

rings before or after we collected the money with which to pay for them. We had some good discussion on both sides of the question; we certainly have prospects of some good debaters, Mr. Jones and Mr. Hardegree pointed out to us the benefits of collecting the money before ordering the rings since some students might move away and the class would have to pay for that person's ring before being able to get the others. After thinking the matter over we believe that that really is the way to do business. Before the meeting was adjourned we had the promises of Mr. Jones and Mr. Hardegree to help us in making it possible to have a Senior play. Since we did not get to show you what good actors we had in our class last year, we are anxious to show you what good actors we really have.

Ask Miss Couch, the English instructor, if she does not find the pupils in the Senior class, taking English IV, extremely good actors. We were required to write, memorize, and act a drama last week, and believe me, the results were amazingly good, as well as educational. Among the many entertaining dramas rendered by girls alone we mention the one performed by Bettalou Greer, a hopeless expression pupil and Barbara Elland, and impossible but hopeful instructor. This playlet was very humorous and enjoyed by the class very much. Don't think we don't have a good variety of boy actors because we certainly do. Girls, Jessie George Kennedy makes an excellent Romeo, and James Gaither is a typical John Alden. A clever

performance, given by boys alone, was one in which W. T. Henderson impersonated Ross Sterling, Averil Wallace played the part of "Ma" Ferguson, and Chalmer Hobert the part of Jim. It was somewhat exaggerated, but it at least showed us the boys know their politics. We don't want to bore you with English work alone, so we'll change subjects.

If you should, by any chance, hear dear old Munday High spoken of as a "bug-house" or hear someone refer to the term "bug pickles" don't get the wrong impression. They have reference to the rotholastic work of Mr. Harrell's Biology class. The exhibits made by these students are very interesting and educational. We suggest that if you have any extra bugs, call Bill Dings or Robert Layne, the official "bug catchers."

Maybe you have heard some groans concerning Physics. Hardly any one will deny the fact that it requires considerable brainwork, but even that it is all of that, it is very interesting. We found out the other day that weight is the force by which the earth attracts an object. Barbara Elland, and the editor of this wish, if that be the case, that we were not quite so attractive.

The Seniors are not pigs, but we intend to be 100 per cent strong when it comes to "rooting" for the Moguls at Stamford, September 30. We are proud to boast that we have men from the Senior class on the team. The Seniors are really outstanding in every phase of school work or school activity.

The students are continuing their splendid cooperative spirit in promoting a better school this year than ever before, and we know if it continues to improve as it has the past week, it will be.

JUNIORS

The Juniors are working to help improve the library. Those who have books at home, that they are not using will bring them and others will bring 25c for each half of the school year, in order to buy new books. The Juniors are rather slow about paying the 25c. Come on Juniors and pay the fee as soon as possible. Let's do our part to help the library!

The Munday Moguls will go to Stamford, Friday, September 30, to play the Stamford High School football team. I believe the whole Munday High School is behind the football team and expect them to win. I know the Juniors are and I believe the city of Munday, that is part of them, will be there to help the team to win. The people on the sideline help to win the game as much as the players. Let's go Munday to help the Munday Moguls win.

SOPHOMORE REPORT.

The Sophomores are having a slight

change in their list of officers, as the elected president, Bill Dings, has offered his resignation. It has not been determined as to who will be our next president although we feel that we shall have one that is capable of the position.

The English II. class is going to be very busy this week, for we have a six page theme assigned for Friday. Many have already found material and started their themes, but others will be rushing about Thursday night, and complaining about having too much work to do.

"Start early on your dreaded task; Perform your duty well; No help will you then have to ask; And no excuse to tell!"

FRESHMEN REPORT

The Freshmen class has started their class organization by electing the following officers:

President—John Laney; Vice-President, Darwin Campbell; Secretary—Treasurer, Wanda Sloan; Social Committee, W. R. Moore, Jr.; Lucille Neff, and Pauline Russell; and Reporter, Gertrude Laney.

We selected Miss Couch as sponsor for the following year. We think those that have been chosen will prove competent in their various offices. Every Freshman girl has enrolled in Home Economics and they like it fine. We are working hard to make our class one of the best in Munday High School.

RIGSBY'S ROUNDUP

Well, fans, here is the whole thing in a nutshell. Munday has a real football team. If you don't think so, go with the boys to Stamford this Friday and see how Munday plays football. Fans let's show the team how we appreciate them by going with the boys Friday and giving them some backing.

It looks as if we have a nice schedule this year. Here it is:
Sept. 30—Munday at Stamford.
Oct. 7—Munday at Asperment.
Oct. 14—Haskell at Munday.
Oct. 21—Open Date.
Oct. 28—Munday at Haskell.
Nov. 4—Open Date.
Nov. 11—Rule at Munday.
Nov. 18—Rochester at Munday.
Nov. 24—Munday at Knox City.
Come on folks, let's be there to cheer the boys when they make that touchdown for the "dear old high school."

Munday Cotton Oil Company

Natural GAS

is your cheapest item of expense

Natural Gas Service, because of the fact that rates were not increased when prices generally were on the upgrade, is STILL the least expensive item in the cost of running a household.

During the past summer, when gas was used principally for cooking and water heating, the cost to many homes has been little more than the price of a postage stamp for a daily letter. Even in cold weather when larger quantities are required to guard the health and comfort of the entire family the gas bill represents only a small fraction of the winter household expenses.

In fact, the average gas bill in this section the whole year 'round is only about 15 cents a day for house heating, cooking and hot water supply. . . A dependable year 'round service that benefits the entire family and costs less than the gasoline expense of one small automobile . . . less than any other necessity that contributes to the health, comfort, convenience and happiness of your home.

As a fuel . . . as a service, there is no substitute for natural gas. Take advantage of its inexpensiveness for your complete comfort this winter.

ODD—BUT TRUE

THE STRONGEST
BOLT OF LIGHTNING WITH ALL ITS DESTRUCTIVE POWER, WOULD BE WORTH LESS THAN 5¢ IF IT COULD BE HARNESSSED FOR WORK.

AT EXACTLY THIRTY-TWO DEGREES WATER WILL STAY A LIQUID AND ICE WILL REMAIN FROZEN.

THE MOST DREADED ENEMY OF THE SOUTH SEAS PEARL DIVER IS THE GIANT CLAM, PAPAUA, WHICH CAN HOLD A MAN UNDER WATER INDEFINITELY.

The Road to Better Health

By Dr. William J. Scholes

Occasionally someone is so unfortunate as to have one crop of boils after another. Anyone so afflicted would like to know why the boils occur. They would also like to be informed on what can be done to prevent them. For the prevention of any disease consists of a practical application of our knowledge of its cause.

Boils are always caused by infection. The infection lodges about the hair follicles and in the oil glands of the skin. The germs responsible for the infection are usually of the kind known as staphylococci. They either enter from the surface of the skin or are brought to it from some nest of infection in the system. The tonsils, the teeth, gums, nose and nasal sinuses are some of the places where nests of infection frequently occur. People who have diabetes are especially susceptible to boils and carbuncles. They lack resistance to infections in general.

Cleanliness Important
Among the preventives, cleanliness of the skin is one of the most important. The avoidance of irritation is a plus that is often irritated by the collar. Then, when one is unfortunate enough to have a boil, care must be exercised to avoid spreading the discharge to other parts of the skin. Painting the area surrounding the boil with a thin layer of iodine will help some. Care not to carry any of the pus to other parts by means of the fingers will help considerably.

The urine should be examined for sugar. Treatment for diabetes is something necessary. And even though the urine contains no sugar, it is often advised to cut down the amount of starch and sugar to be diet. Restriction of the carbohydrates (sugar and starch) is especially advisable if one is overweight.

Any discoverable nests of infection in any of the places mentioned above should, of course, be cleaned out. This may and the tendency to boils and at the same time prevent the recurrence of other diseases.

NEW ANGLE DEVELOPS GOVERNOR'S CONTENT

(Continued from front page.)

The state Democratic executive committee has been called to meet here Saturday. It is a pro-Ferguson committee. One of Sterling's lawyers said he believed it was called to discuss what course it should pursue as a result of the election and the assignment concerning Mrs. Ferguson's certification as the nominee. No cause for the meeting was given. Other than it was called "for the good of the party."

Three Weeks for Trial

Under the law, Mrs. McCallum must prepare the ballot for transmittal to county officials by Oct. 3. Trial of the governor's election contest was set for Oct. 3. It was regarded as probable that it would require several weeks to try the case. One of the governor's attorneys said he anticipated it would consume three weeks in trial.

Asked if she would certify Mrs. Ferguson as the nominee unless forced to, Mrs. McCallum replied: "Do I look like I am anxious to certify her?" Mrs. McCallum is an appointee of Sterling and a bitter foe of the Ferguson.

It was uncertain what court action could be taken by the Ferguson to force Mrs. McCallum to certify Mrs. Ferguson as the nominee. It was asserted by Sterling's lawyer that the suit automatically vested all jurisdiction over the case in the court of District Judge W. F. Robertson and that no action could be taken by the higher courts except on appeal from the decision of the trial court.

Orie Spear, counsel for the Ferguson, discounted the contention that Mrs. McCallum could not certify Mrs. Ferguson as the nominee because of the suit and said it was "hilly."

Governor Sterling conferred today with his attorneys, M. M. Crane, former attorney general, C. E. Bradley of Greenock and Sam McCorkle of Meigs.

The possibility that there would be no Democratic nominee for governor on the ballot in the general election was discounted by McCorkle, who said there was no disposition on the part of his group to delay the trial and

that there certainly would be no disposition on the part of the Ferguson to delay.

THIS WEEK'S OPINION

(Continued from front page.)

The public can not afford to wreck its most economical form of land transportation temporarily to subsidize a more expensive duplicating agency.

The solution is that truck lines must be licensed only on certificate of public necessity and convenience, and that their rates be comparable to those imposed upon the rails.
