Munday, Texas, Thursday, October 29, 1931.

Number 25. 29

Forney Fiddler Is Winner In Contest With 19 Fiddlers

The annual Old Fiddlers' Contest was held at the community auditorium on Saturday night, and as has been the custom since this contest was inaugurated as an annual event several years ago, the attendance was large, and everybody thoroughly enjoyed the program, which in addition to the old fiddlers' part of the program included numbers by Mrs. Joe Davis' pupils, a solo by Mrs. Davis, accompanied at the piano by Mrs. Louise Ingram and a song by U. R. Houser, as well as numerous specialties by the fiddlers.

Due to the large number of entries from all sections of the state, each contestant was limited to play three times of one minute each, and the judging was done in old-time technique, or whatever it was that those old-timers used to get so much genuine old-fashioned music out of their fiddles, and the awards were placed by J. S. McCubbin, S. E. Kitchens, Felix Prapp, H. L. Taylor and Guy Beaman.

Following is a list of contestants together with the number played:

- No. 1. W. O. Simpson, Stamford, Texas, played The Girl I Left Behind Me, Flopp Eared Mule and another number we failed to get.
- No. 2. E. E. Glenn, Throckmorton, Texas, played Gray Eagle, Billie in the Lowland and Wagner.
- No. 3. Joe Layne, Mullen, Texas, played Jack of Diamonds, Ace of Diamonds and Devil's Dream.
- No. 4. E. C. Williams, Weinert, Texas, played Little Lady, Peruna and Devil's Dream.
- No. 5. Fletcher Wrenn, Dallas, Texas, played Arkansas Traveler, Sallie Johnson, and Leather Britches.
- No. 6. W. E. Glenn, Throckmorton, Texas, played Apple Blossom, Gray Eagle, and Soldier's Joy.
- No. 7. Joe Morrow, Munday, Texas, played Done Gone, Arkansas Traveler and Sallie Gooden.
- No. 8. A. L. Wells, Turkey, Texas, played *Deutscher Tanz*, Chicken Reel and Ragtime Annie.
- No. 9. W. Glenn, Throckmorton, Texas, played Old Carolina Home, Cotton Choppin' Blues and another number we failed to note.
- No. 10. Alvia Anderson, Stamford, Texas, played Flopp Eared Mule, Durango's Hornpipe and Arkansas Traveler.
- No. 11. H. P. Jackson, Stamford, Texas, played Muddy Roads in Texas, I Love Somebody and Old Black Joe Clark.
- No. 12. P. C. Cummings, Munday, Texas, played Wagner, Ragtime Annie and New Bloom.
- No. 13. Caz Lansford, Munday, Texas, played Take Me Back to Texas, East Texas Rag and another number.
- No. 14. J. W. Ward, Weinert, Texas, played Wagner, Hell Tore Loose in Georgia and Arkansas Traveler.
- No. 15. J. M. Hughes, Forney, Texas, played Sallie Johnson, Ragtime Annie and Done Gone.
- No. 16. J. T. Wells, Turkey, Texas, played Wagner, Sallie Johnson and Durango's Hornpipe.
- No. 17. C. E. Solomon, Forney, Texas, played Wagner, Cheatam, and Sallie Gooden.
- No. 18. Mose Neusho, Gilliland, Texas, played Buffalo Girl, Fort Worth and Downfall of Paris.
- No. 19. Zeke Williams, Seymour, Texas, played After the Ball, Sawyer and Chicken in the Barnyard.

When the judges retired to render their decision they could not come to an agreement as to the winner of second place and requested that No. 3, Joe Layne of Mullen, Texas, and No. 15, J. M. Hughes, of Forney, Texas, perform for them again, and in their final decision they gave second place to Mr. Layne and failed to place the Forney man.

C. E. Solomon of Forney, Texas was declared the winner of first place and second place was given to Joe Layne of Mullen, Texas, third prize went to Fletcher Wrenn of Dallas, the fourth place was awarded to Joe Morrow of Munday. One of the interesting features of the evening's entertainment was the playing of a couple of numbers by little Joe Layne, six year old son of Joe Layne of Mullen, Texas, who was loudly applauded for his able performance.

Other interesting features of the program were numbers played by the Glenn orchestra of Throckmorton, one of the old fiddling tunes played on the piano by Mose Neusho of Gilliland and numerous other features staged by the fiddlers.

The contest was held under the

City Council Will Oppose Re-Connect Charge of Gas Co.

In a stormy conference between representatives of the Stamford and Western Gas Co., and members of the city council on Thursday afternoon the breach that has existed over the \$2.00 re-connect charge as it has ever been, the Gas Company representatives still being firm in their stand that they can rightfully charge the fee under their charter while the council is just as firm in their contention that the company can not rightfully levy the charge against the citizens of Munday under the terms of their charter.

Following the conference Mayor C. L. Mayes stated that an injunction would be filed on Friday morning with Judge I. O. Newton restraining the Gas company any from making the re-connect charge, and the gas company has retaliated with the intimation that if the injunction is granted that they will increase the rate that is now being charged.

As matters now stand it seems that the matter will have to be thrashed out in the courts.

PRESBYTERIAN CHURCH

The good attendance upon preaching services lately has been encouraging, and the members are commended for their faithfulness—keep it up and others will be coming!

The two sermons for next Sunday are full of good philosophy for those experiencing the depression. If you are in a dilemma of faith about the Providence that brings individual and national losses and distress, come and hear how a man came out of such a dilemma of faith.

We have been enjoying some good music, vocal and instrumental, come and enjoy it with us.

C-O-T-T-O-N

Just about the time we get going good with our cotton something happens. Next week it is Monkey Business—yes that is the name of the feature picture for Sunday afternoon and Monday and Tuesday. The four Marx Brothers are featured in this and from all reports this is the best comedy of the season. Our contract with the producer of this picture is on a percentage basis, therefore we cannot have cotton night on Tuesday (those New York guys say they want their part in money and not in cotton) but we will have regular family night, which is fifty cents for the family. Thursday night, November 5th, will be cotton night and the feature picture will be "Road to Reno." Bring on the cotton and lets have a big cotton night, we have never had a full house on cotton night.

THE ROXY.

In previous issues we have failed to mention the fact that W. A. Baker and family have recently moved back to Munday from Floydada, and are domiciled in the home of Mrs. G. A. Trott. We are indeed glad to welcome this excellent family back to Munday, as they were residents of this city for many years and always had an active part in the things that were for the betterment of Munday and the community. Mr. Baker is in reality the pioneer business man of Munday, having been associated with the mercantile business in this city since the town was a small village, and he has never served this interest.

Judge D. C. Osborn of Goree was over Saturday and stated that Mrs. Osborn was in a very critical condition, and the many friends of the family sincerely hope that her condition will materially improve.

Caz Lansford of Trent was a week-end visitor here in the home of his mother, Mrs. Cassie Lansford, having made the trip in his new Austin car, which he stated used only two gallons of gasoline in coming from Trent by way of Abilene.

auspices of the Munday Fire Department, and the members of the department are grateful to all of those who contributed toward making the event a success, and they are planning to make it bigger and better than ever next year.

Mr. and Mrs. Mack Haymes of O'Donnell, Texas, were here the latter part of last week visiting relatives and friends.

Let's Snap Out of It

Munday and the Munday country is now passing through one of the most trying periods in its history. Many small fortunes have seemingly been swept away by what we generally term the "depression," and farmers, business men—everybody—is trying to see through the maze to what lies ahead of us, and those who are inclined to "view with alarm" naturally can see no gleam of sunshine ahead, while those who, on the other hand, are optimistically inclined can see peering over the horizon a ray of sunshine extending its shaft heavenward.

We have no word of criticism for the man who fails to see the approach of better conditions, but, we do say without hesitation that in talking constantly about bad conditions that now prevail and predicting worse conditions in the future, such persons are materially retarding the progress of prosperous conditions in its fight to come back to normalcy.

We have had in our midst a few business failures. Certainly these incidents are regrettable. But let us turn our faces to the future and begin working and planning to rebuild on foundations that are most substantial.

Let's quit continually talking about the "depression" and its effect and go to work to bring about better conditions and restore confidence among our fellowmen. Indeed, if we are busy we have little time to worry about what has happened in the past or may happen in the future. In other words, let's quit talking hard times and dig in and work out our individual problems the very best we can, and when we do this there will be few who will have solved their problems.

Remember this, if we are busy looking after our own affairs, we will have little time to find fault and condemn the other fellow, and if we look after our own affairs as we should we will find little time to find fault with others.

Conditions are not just as we would have them, and probably never will be, but the sooner we cease to talk about the misfortunes that have come to our community, the sooner we will be on the road to recovery from the malady from which we are suffering most—loss of confidence.

Moguls Will Play Rule High at Rule Friday Afternoon

This year the Mogul team joined the conference, but because of the inexperience of the players and the strength of the opposing conference teams, Munday has won only two games. If a good team can be developed, we know that Mr. Palmer is the man to do it.

This week the team goes to Rule, and a good game is expected. Last year Rule beat us 6-0, but this year the Moguls and their supporters are expecting a decisive victory.

Megargel comes to Munday next Friday, and we believe that if more support is given the team by the pep squad and the fans, the Moguls will win a victory.

Mr. and Mrs. Mack Haymes of O'Donnell, Texas, were here the latter part of last week visiting relatives and friends.

First State Bank Closed Its Doors Friday Morning

The First State Bank of Munday failed to open its doors on Friday morning and a notice was posted that the affairs of the institution were in the hands of the State Banking Commissioner, and a representative of that department has been here this week checking over the affairs of the institution.

The failure of the First State Bank of Seymour contributed somewhat to the failure of the local bank, according to officials of the institution, as gradual withdrawals followed the failure of that bank, and this fact, coupled with the general depressed condition and poor collections made by the bank during the current season contributed to the failure, and the doors of the bank were not opened Friday morning following a meeting of the directors on Thursday night, at which it was decided that the interest of all depositors would be better served if the bank should not re-open.

Due to an error in the bank's statement as of September 29th, we are re-publishing it in this issue of The Times. This statement shows the bank to be in fairly good condition, and it could have weathered the storm under anything like normal conditions.

J. W. Ryan is president, Fred N. Warren is cashier and these two together with J. I. Staley, S. A. Bowden, M. H. Reeves and E. H. Rasmussen compose the board of directors.

There is talk of an effort being made to re-open the bank, and it is sincerely hoped that this movement can be put over, for the institution has served its patrons and the community generally in a very capable manner in the years that it has been in existence, and its closing is a distinct loss to the community.

In case the bank should not be re-opened a liquidating agent will be appointed by the State Banking Commissioner and the affairs of the institution will be liquidated.

FIRST METHODIST CHURCH

John H. Crowe, Pastor.
Sunday
Sunday School 9:50 A. M.—G. R. Eiland, Superintendent.
Morning Worship 11 A. M.—Sermon by Pastor.

Love Offering.
Benediction.

George W. Jackson of Waco is here visiting E. B. Tull and shaking hands with his many friends in this city.

Mr. and Mrs. J. R. Reeves of Mineral Wells are here this week visiting friends and relatives and looking after business matters.

Raymond Armstrong of Quanah was here this week looking after business for the Purina Mills in this territory.

Young Couple Keep Marriage a Secret Since Last May

While W. R. (Pat) Taliaferro and Miss Mary Hope Smith were married on May 22nd, news of their marriage did not reach even members of the families until recently, and the announcement came as a surprise to their many friends.

The marriage ceremony was performed last May at Abilene when the bride went there for a visit with her sister, Miss Helen Smith, who was a student at that time in Simmons University, and was performed by the Rev. Salkehl, pastor of the First Christian Church, and who some months ago created comment over the entire country by announcing his withdrawal from all worldly activities, and resigned membership in a number of lodges and service clubs in which he had up to that time been an active member.

The bride is a daughter of Mrs. Maggie V. Smith of this city, her father being the late Dr. J. R. Smith, pioneer physician and land owner of this country. She was reared in Munday and graduated from the Munday High Schools the past year and is now a student in Westmoreland College at San Antonio, and plans to continue her studies until she has acquired her degree.

The groom is a native of Baylor county, being a son of the late Tom Taliaferro, pioneer citizen of that county, and for the past few years has been associated with the First National Bank here as bookkeeper. He is a nephew of Mrs. E. W. McGlothlin of this city.

We join the many friends of these excellent young people in wishing for them a full realization of their plans for the future, and may their journey be filled with happiness.

BAPTISTS LET'S GO!

Our spiritual interest Sunday was certainly inspirational. Every service was a great service and the attendance was far above our usual mark.

We are putting on a fine program in every service regarding our new plan of finances so that each member may acquaint himself with this plan. If you haven't heard about it come Sunday or to the prayer meeting service Wednesday night and learn how God wants us to give.

We are expecting all Baptists Sunday to be in their places. Surely by now we realize how dependent upon God we are and this Nation or any other Nation cannot endure without putting its trust in the Lord!

Let us see the handwriting on the wall be busy in the service of Our King.

"Keep a brave spirit, and never despair;
Hope brings you messages thru the keen air—
Good is victorious—
God everywhere."
—Reporter.

Paul Pruitt Wins Place in State-Wide Contest

In a letter from M. T. Payne, State Club Agent, County Agent W. E. Jones was informed that Paul Pruitt of Munday was one of the twenty-five outstanding club boys in the state for 1930.

Mr. Jones also received a pin to be presented Paul in recognition of his achievement.

Pruitt was one of the two boys entered in the T. P. crop contest last year that won first place in this event and made the trip to Chicago. In awarding the club boys their places in the state contest, of which the winners have just been announced, there was taken into consideration all of the various phases of club work, including cattle feeding, crops, and the other agricultural projects.

It is encouraging to Knox county citizens to know that the work being done here is on par with that being done in the rest of the state.—Benjamin Post.

Miss ElEoise Moser of Abilene and Mrs. Berry Burnett of Austin were week-end guests of Miss Helen Smith.

Subscribers who pay their subscription in November will help us pay our bills in December. It is the same with everybody else; let everybody try to pay as many of our debts as possible.

Japan, like the big boy who knocked off his smaller antagonist, wants peace, agreed upon by the two parties to the scrap.

Hard work may not be giving and advising it is like giving bitter medicine, but it is the thing just now, all the same.

First National Take Steps To Protect Depositors

Following the closing of the First National Bank on last Friday the First National Bank continued to operate in its usual manner, however, due to the feeling of unrest that prevails here and elsewhere, the directors on Tuesday issued a statement that they would after that date restrict withdrawals on old accounts to \$5.00 per day. This action was taken to forestall heavy withdrawals that might result from rumors and to safeguard the interest of all depositors.

The action taken by the bank is not altogether new in banking circles, as many will remember that in 1907 similar action was taken by banks throughout the entire southwest, and the plan proved beneficial to both the banks and depositors at that time, and it is believed that this arrangement will work the same way this time, without inflicting undue hardship on anyone.

The statement issued by the bank, and the plan for carrying on the business is as follows:

The Directors of the First National Bank of Munday are determined not to be responsible for the closing of the bank. In our opinion, the bank is thoroughly solvent and the directors have concluded to take the situation in hand and save our only financial institution. Accordingly, the directors have adopted the following plan:

1. Withdrawals from old accounts will be limited to \$5.00 per day for each depositor.
2. No checks for more than \$5.00 on old accounts per day will be honored.
3. New accounts and new deposits, made up from cash or checks on other banks, will be subject to check up to 100 per cent at all times.
4. New accounts and new deposits will be kept separate from old deposits.
5. Checks for 100 per cent on old accounts will be accepted by the bank in payment of notes due the bank.
6. No loans will be made by the bank until the limit of withdrawals is raised.
7. The bank will be operated at the minimum expense. Salaries have been reduced materially.

This, briefly, is the First National Bank plan. This plan will be rigidly enforced until the mental attitude of the public becomes normal. We have taken this action to protect all our depositors alike.

The directors solicit the cooperation of the public spirited citizens of Munday and this community in carrying into effect the plan outlined above. The Oil Fraternity prorated oil to save the business. Cotton acreage was prorated to save the cotton industry. England went off the gold standard to save her financial structure. The directors of the First National Bank have pro-rated withdrawals temporarily in order to save our only financial institution. This plan is feasible, and with your support and cooperation, the situation will be solved.

FIRST NATIONAL BANK.

RHINELAND

A general rain fell over this community last Thursday. This delayed the cotton gathering for several days, however wheat farmers are rejoicing over this sufficient moisture.

Mrs. H. N. Claus, who has been ill for several weeks, is recovering slowly. We hope that Mr. Claus will be able to be about in a few more days.

The stock made a flight over this community during the week-end. Mr. and Mrs. Hubert Bellinger house are the proud parents of a little girl.

Mr. and Mrs. George Simondal are entertaining a little girl also.—Reporter.

M. H. Lee of Wichita Falls was here the latter part of last week visiting relatives and looking after business matters.

Hard work may not be giving and advising it is like giving bitter medicine, but it is the thing just now, all the same.

PUBLISHED EVERY THURSDAY

JEFFERSON FOR FREE SPEECH

The newspapers of the United States should not fail to call attention to the recent dedication of a room at Monticello to the "freedom of the press".

If there was one ideal in the life of Thomas Jefferson for which his countrymen should be thankful, it was his passionate devotion to the liberty of the press, which, broadly interpreted, means freedom of thought for the individual, with the right not only to think but to express thoughts freely.

Even when assailed by a press that, if we mistake not, was overwhelmingly hostile, President Jefferson did not lose faith in the service that a free press could, and would, render a free people.

AERIAL AGE AT HAND

The Graf Zeppelin recently completed her third trip from Germany to Brazil. Apparently, the famous airship is establishing a permanent airline to the South American country and seems to be on the verge of operating the first regular trans-oceanic air passenger service.

In this country, the Navy has just accepted the new Akron, practically twice the size of the Graf Zeppelin and has ordered the construction of a sister ship.

Meanwhile, Mayor Jimmy Doolittle flies from Ottawa, the capital of Canada, via Washington, to Mexico City in twelve and a half hours. In his 2500 mile course, he stopped at Birmingham and Corpus Christi, Texas, and flew at an average speed of 235 miles an hour.

Those citizens of Munday who have been somewhat doubtful of the dawn of the "air-age" might begin looking up good alibis.

INTRIGUING

Henry Ford comes forward with the viewpoint that "the depression is a wholesome thing, in general." His argument is that the continuance of our previous false prosperity would have done more harm. While there may be something in this idea, the fact is that the present depression, largely caused by the mismanagement of business and financial leaders, has wrought great injury to millions of innocent people. These unfortunate citizens had no chance to protect themselves.

To be perfectly frank, we have been somewhat intrigued by insistent advice from the "big business" boys, who have constantly urged the public to buy because prosperity is just "around the corner." We have even been mildly intrigued with the Administration's insistence that industry and employers in general maintain

former wages and retain employees in the face of the fact that the Government itself is setting an example of stringent reductions, which apply, according to the President, to even "meritorious projects."

While everyone is forced to realize the serious condition in which the country finds itself and that this is aggravated by lack of general confidence, there seems to be no escape from a persistent policy of "everyone for himself." This will end in time but to prophesy when would be risky business even for a professional profit.

NOTES AND COMMENT

The first sign of intelligence is worship of the truth.

You never can tell how good a want ad can be until you try one.

No strike has ever been staged without both sides claiming to be right.

Men may face death bravely but they seldom welcome the grim reaper.

If you are wise you will discount about 88 per cent of the good things that people tell you to your face.

WHEN FOOD SOURS

ABOUT two hours after eating many people suffer from sour stomachs. They call it indigestion. It means that the stomach nerves have been over-stimulated. There is excess acid. The way to correct it is with an alkali, which neutralizes many times its volume in acid.

The right way is Phillips Milk of Magnesia—just a tasteless dose in water. It is pleasant, efficient and harmless. Results come almost instantly. It is the approved method. You will never use another when you know.

Be sure to get the genuine Phillips Milk of Magnesia prescribed by physicians for correcting excess acids. 25c and 50c a bottle—any drugstore. "Milk of Magnesia" has been the U. S. Registered Trade-Mark of the Charles H. Phillips Chemical Company and its predecessor Charles H. Phillips since 1875.

Six years ago they were talking about farm relief. Anyhow, they have kept on the trail!

Some women think that men enjoy working in the same manner that a little boy likes apple pie.

The little girl whose mother never understood her now has a daughter who understands her.

Munday need not expect some outside angel to come into its midst and make it prosperous.

In the crisis in the Far East Japan seems to be the only nation that knows what she wants and how to get it.

If big business has its way every Congressman who fights for the people will be considered a traitor to his people.

Hard work may not be popular and advising it is like giving bitter medicine, but it is the thing, just now, all the same.

Japan, like the big boy who knocked out his smaller antagonist, wants peace, agreed upon by the two parties to the scrap.

Peddlers who walk up to the doors of Munday ought to be made to turn right around and walk right out again.

What has become of the financial wizard who was telling us, several years ago, that nobody could make a profit by selling short?

The first lesson for a child to learn is that "wanting" and "having" are two different words, and some grown people might look them up.

We can easily imagine that there are 120,000,000 cats in the United States; what puzzles us is how all of them get on our back yard fence at night.

Fannie Hurst thinks that the movie makers work on the principle that adult America has the mind of a fourteen-year-old child. And, maybe, the movie makers are right!

Subscribers who pay their subscription in November will help us pay our bills in December. It is the same with everybody else; let everybody try to pay as many of our debts as possible.

"THEY WERE ALL WRONG"

The common tendency of many citizens to accept a pessimistic outlook on the future is perhaps uninforming persons in view of the present depression, but those who claim even a slight acquaintance with history and the recurring cycles of the past, realize that this is the time to sit steady, hold tight to things of proven value and to await the inevitable readjustment towards more normal conditions.

In Great Britain, where the suspension of the gold standard accentuated the heavy crop of gloomy prophecies, some bright individual recently got out a hand-

bill, headed, "They Were All Wrong". Here is what was printed on the handbill:

William Pitt said: "There is scarcely anything around us but ruin and despair."

Wilberforce in the early 1800s said: "I dare not marry the future is so dark and unsettled."

Lord Grey, in 1819, said he believed "Everything is tending to a convulsion."

The Duke of Wellington on the eve of his death, in 1851, thanked God he would "be spared from seeing the consummation of ruin that is gathering about us."

Disraeli (1849): "In industry, commerce and agriculture there is no hope."

Queen Adelaide, consort of King William IV, said she "had only desire, to play the part of Marie

Antoinette with bravery in the revolution that was coming on England."

Lord Shaftesbury (1848): "Nothing can save the British Empire from shipwreck."

But, concludes the circular, "We came through all right, and shall do so again."

FEDERAL LAND BANK LOANS

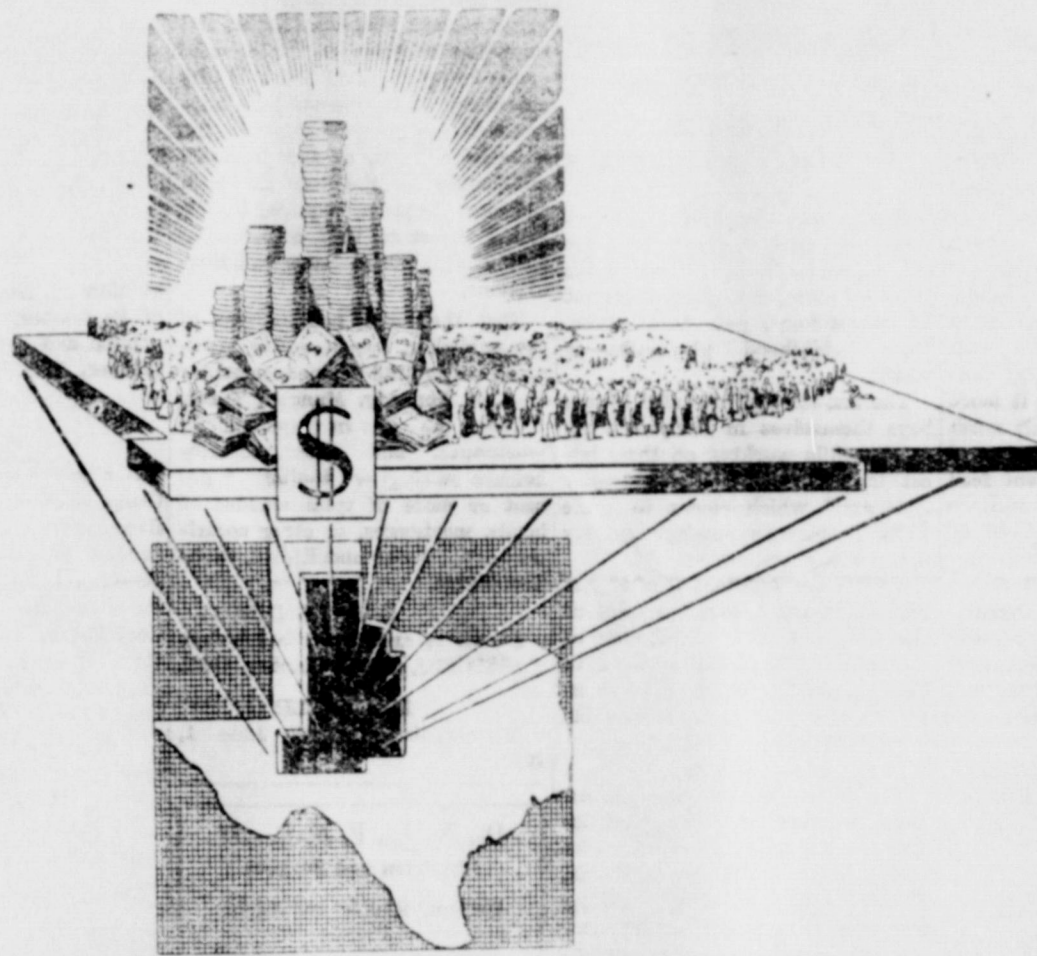

5 1/2 -- Per Cent -- 5 1/2

A long term loan with the option to pay at any interest rate, provided the payment to be made is out of one's own funds. And contrary to the general belief, THIS LOAN DOES NOT CARRY ANY LIABILITY ON YOUR FARM, OTHER THAN YOUR OWN LOAN.

This loan offers a saving of \$10.00 on the \$1,000.00 over any loan offered by any Loan Company in Texas.

The Munday National Farm Loan Association

JOHN ED JONES, Secretary-Treasurer
PHONE No. 109 MUNDAY, TEXAS

TWO MILLION DOLLARS PAID IN WAGES AND SALARIES...

A REAL CONTRIBUTION TO WEST TEXAS PROSPERITY

PROVIDING a livelihood for over 1,200 employees... many of whom are your friends and neighbors... the West Texas Utilities Company has contributed to the prosperity of West Texas, for the last three years, an annual payroll of over \$2,000,000.00.

Two millions of dollars is a powerful agency toward the stabilization of business conditions... Its expenditure means a substantial amount of trade for retail stores, grocers, laundries, doctors, dentists, and commercial establishments of all kinds.

Only the continued expansion and development of the West Texas Utilities Company has made possible the building of this payroll. Through efficient management and economical operation, this company has expanded its facilities, reduced rates and stimulated the industrial and agricultural development of its territory. To carry forward these important projects, the assembling of a loyal, enthusiastic and hard-working corps of native West Texan employes has been a logical outgrowth.

These employes are genuinely concerned over their company's activities. They are working for West Texas... its growth and development... just as you are working toward the same goal. To co-ordinate our activities is the constant aim of the West Texas Utilities Company.

Every dollar you spend for electric service... and more!... has, for the past eight years, been re-invested in the future of West Texas. Payrolls alone, for construction and operation, are equal to 30c out of every dollar you spend for electric service—a sum which goes back into this "Land of Opportunity" in salaries and wages paid to West Texan employes.

Do You Know?
... that if you are an average user of domestic electric service you can increase your use and enjoyment of the comforts and conveniences of electric service by three times, and only increase your total bill by approximately 10c a day? This is made possible through a major transmission line electric system and an organization accustomed to doing large things in a large way.

The Policy of this Bank

Is to render a thorough banking service to its patrons.

First, to provide a safe depository for their funds.

Second, to provide the various services necessary for the carrying on of their business.

Third, to make loans to the extent consistent with sound banking and upon conditions that will insure the utmost protection of funds entrusted to our care for safekeeping.

THE FIRST NATIONAL BANK
Munday, Texas

Turkeys Offer Good Method of Utilizing Surplus Feedstuffs

However bad it is to guess what turkeys will bring this fall, it is pretty safe to say that a pound of turkey will be worth more than five pounds of feed, and that much or even less will make a pound of turkey.

What to Do:
With the abundance of feed now on hand, at absurdly low prices, there is little excuse why our turkeys should not go on the market this year in extra good condition. Start crowding the turkeys now, by gradually increasing the night allowance of grain. In a week or ten days give them all they will clean up. A mash feed is needed to balance this heavy grain feeding. To 84 pounds of either of the following, finely ground, maize, corn, oats, wheat, (all home grown feeds). Preferably a combination of two or more of the above mentioned grains are better than where fed singly. To the above finely ground grains add 100 lbs. of meat scraps, (tankage) five lbs. ground alfalfa meal and one pound of salt. This mash should be placed in troughs in the afternoon so the flock can start eating as soon as they return from range. If the birds do not eat the mash readily, it should be mixed with milk or water to a crumbly consistency and they will eat it more freely. For best results this mash should be fed in some kind of trough. Milk is an excellent feed and may be used in abundance when available. Continue heavy feeding until marketing time.

Most years find the Christmas market superior to the Thanksgiving, though this may not be true any individual year. The more feed they eat the larger they will grow, the larger they grow the more you get for them.

Tom-Tom Staff Elected and Will Start Next Week

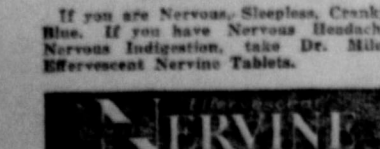

The Tom-Tom staff of Munday High School was selected and organized Monday. This year the work will be left almost entirely to the staff in order to train them in using their own initiative and imagination, and to develop their talents along the lines of leadership, news writing, self reliance, and cooperation. Students who hold these various positions on the staff count it quite an honor, and to express their appreciation for receiving these positions, they are going to strive to make the Tom-Tom better than it has ever been before.

Next week the first regular issue of the Tom-Tom will be printed.

QUIET YOUR "NERVES"

This Delightful Way
MRS. Alice Fischer (picture above) says she is "the happiest woman in the world."
"I often used to wish I was dead. Couldn't sleep; couldn't enjoy myself. It seems as though I had tried every nerve medicine made, but without any benefit until I tried Dr. Miles' Effervescent Nerve Tablets. They certainly proved their worth for me. I am the happiest woman in the world and I don't mean maybe."
Mrs. Alice Fischer
If you are Nervous, Sleepless, Crazy, Blue, If you have Nervous Headache, Nervous Indigestion, take Dr. Miles' Effervescent Nerve Tablets.

and a very successful and profitable year is expected.

Here's How Those Funny Marxes Got Their Names

Where did the Marx Brothers get those comical names with the "o" endings? Did they make them up themselves; pick them out by numerology; get them from their childhood playmates—or what?
The answer was revealed by the boys themselves in Hollywood recently while working on their latest laugh production, "Monkey Business," which comes to the Roxy Theatre on Sunday next for a three day run.

The names were the idea of Art Fisher, famous vodvilian, and at one time a leading monologist of the stage. The Marxmen have been thankful to Fisher ever since, for he has done them a valuable service in showmanship.

It happened this way:
The boys were playing an engagement as the Four Nightingales when they appeared with Fisher in a vodvil house in Peoria, Illinois. Fisher saw striking characteristics in each of the comies, and he nicknamed them as follows—Groucho, because he was always serious, on stage and off—Harpo, because of harp-playing—Chico, because Fisher said he was the chicken-eating champion of the world—Gummo, because he always wore rubbers (often called

"gum boots" in the early days). The brothers adopted the names as trade-marks and there are few persons today who know what their original names were. When Gummo left the stage to go into business, and the youngest brother of the family joined the act, he was called Zeppo because of a balloon dance he used to do on the stage.

Statement of the Ownership, Management, Circulation, Etc., Required By The Act of Congress Of August 24, 1912.

Of The Munday Times, published weekly at Munday, Texas for October 1, 1931.
State of Texas,)
County of Knox,)
Before me, a Notary Public in and for the State and county aforesaid, personally appeared J. A. Kennedy, who, having been duly sworn according to law, deposes and says that he is the publisher of the Munday Times, and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management (and if a daily paper, the circulation), etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, embodied in section 411, Postal Laws and Regulations.

That the name and address of the publisher, owner, editor, managing editor, and business manager is J. A. Kennedy, Munday, Texas.
That the known bondholders, mortgages, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities, are: Jones and Eiland, Munday, Texas.

J. A. KENNEDY,
Sworn to and subscribed before me this 29th day of October, 1931.

Telling It All.
Small Boy—Dad, give me a dime.
Father—Not today, sonny; not today.
Boy—Dad, if you'll give me a dime I'll tell you what the ice man said to mamma this morning.
Father—Here, son; what did he say?
Small Boy—He said "Lady, how much ice do you want?"

"Do you know if the editor has looked at any of the poems I sent him?"
"Yes, sir, he glanced through them this morning."
"Oh, just a cursory examination, I suppose?"
"You're right, sir. I never heard such language in all my life."

27 Years of Faithful Service to the Citizens of this Community

This Bank has served the citizens of this community for more than a quarter century, and during these years we feel that this institution has played an important part in the progress and development of the community. It has played an important part, we trust, in the individual progress of many of our citizens. It has ever been the aim of this bank to give aid and assistance to every worthy individual when consistent with sound business principles.

It is the sincere hope of the officers and directors of this bank that we may be privileged to serve this community for many more years. Our officers and directors have confidence in the future of this community, both in its citizens and in the ability of our soil to produce abundantly and reach that stage of stability which has always characterized this community.

Confidence is that one thing that will materially assist us and all other business institutions and the people generally in returning to normalcy. We earnestly covet the cooperation of the citizenship of the community in carrying out the steps we have taken toward safeguarding the interest of our patrons, and with your cooperation we are confident that we can pull through the depression and serve the best interests of all this community.

Our institution is in a sound condition, and with the confidence and cooperation of our patrons it will remain so. We are using every effort to safeguard the interests of the people of the community, and we should have the undivided support of the citizenship in our effort to do so.

First National Bank
MUNDAY, TEXAS

The Economy Store, Munday, Texas, Announces An

EMERGENCY SALE!

Here's The Reason For This Sale!

The closing of the First State Bank of Munday has made this sale necessary, as we carried our account with this bank and these funds are now tied up for an indefinite period. Our bills are falling due and the wholesale houses are expecting us to take care of our obligations, and this we are going to try to do, and we are forgetting all about profits in our effort to raise cash to meet these obligations.

A Cash-Raising Effort Made Necessary By Conditions

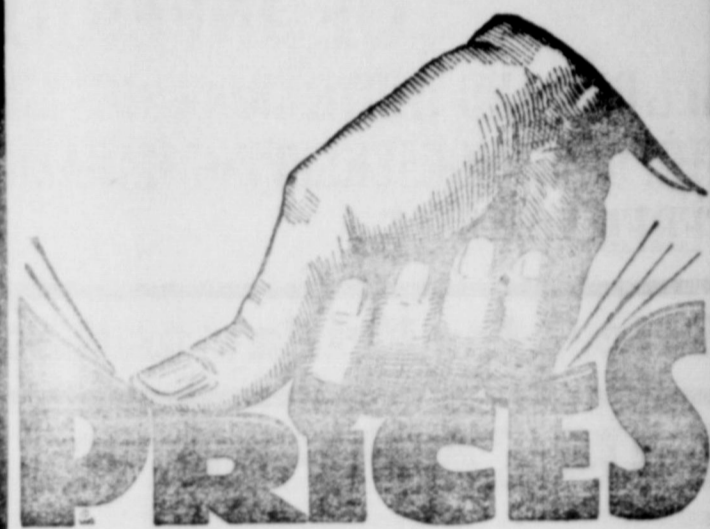

It is not our policy to put on sales, as our regular prices are as low, and in most instances lower, than the usual sale prices, but at this time we are forced to raise several hundred dollars in cash within the next few days, and we are cutting the price on every item in our store to the very core in order to do so.

Read the prices quoted in this ad and come in at the earliest possible time and supply your needs far in advance, for no sale prices are lower than we are cutting them in this effort to raise cash. Everything in the store is new, having been purchased direct from the wholesale houses and manufacturers within the past few weeks, and there is no carried over merchandise in our store.

LOOK THESE PRICES OVER AND REMEMBER THAT WE ARE OFFERING MANY OTHER BARGAINS THAT WE DO NOT HAVE ROOM FOR ON THIS PAGE. ALSO REMEMBER THAT THE MERCHANDISE OFFERED BY THIS STORE IS ALL NEW GOODS. THIS IS WORTH REMEMBERING.

Sale Opens Friday Morning, October 30th, at 9 O'clock

WE URGE THAT YOU COME ON THE OPENING DAY OR AS EARLY AS IS POSSIBLE IN ORDER THAT YOU MAY FIND THE STOCKS COMPLETE IN ALL DEPARTMENTS. WE ARE GOING TO MOVE MUCH OF THIS STOCK AT THESE PRICES, AND THOSE WHO COME EARLY WILL PROFIT MOST.

Literally Smashed On New Goods;

We are literally Smashing Prices to the limit in this effort to raise cash. We invite you to come in and convince yourself that you are getting real bargains before you buy. Compare our values with those offered elsewhere and buy where your dollar will buy the best bargains—that's plain common sense and a duty you owe to yourself. We are face to fate with a problem and our only way out is to sacrifice the merchandise and raise the cash.

Hints for the Household

FOR NOVEMBER
By Betty Webster
GENERAL HINTS
Housecleaning

Housecleaning is not what it used to be. It is not a thing one has to run from or dread. With our new electrical improvements and the vogue of eliminating non-essentials has come the period of almost constant cleanliness. Of course, to be really clean our homes must "have a bath," so to speak, at least once, and sometimes twice a year. November is a good month for this and leaves one fresh to enjoy the holidays and the winter months. Some good rules to follow are:

1. Begin with closets and drawers. This includes pantries.
2. Clean rooms, least used, first, so that it will not be necessary to trail through them with dirt from other rooms.
3. Plan ahead for cleaning and have plenty of rags, pelishes and soaps on hand.
4. Do one or two rooms at a time where possible, to avoid overtiredness and making the whole family uncomfortable.
5. It is well to re-arrange some of the latest touches either in drapes, furniture or bric-a-brac. Put away or give away useless things, so when through the rooms will breathe of hominess, cleanliness and good looks.
6. Try to avoid a cluttered appearance. Too much bric-a-brac means endless dusting, and needless heavily furniture detracts. Do not save to the point of having your things a burden to you.
