Epworth Leaguers Will Convene On Saturday Munday Fisherman Lands Champion Bass at Lake

Ivy W. Cypert
Wins Bass Award
With 6 1/2 Lb Bass

I. R. Cypert of Munday won the first prize for landing the largest bass on the opening days at Lake Kemp, the award carries with it a nice number of prizes offered by the business concerns of Wichita Falls through the Wichita Record-News. Mr. Cypert's catch was made with a cane pole and minnow in the lake near the mouth of Pony Creek. This makes the second consecutive year that the first honors have come to Knox County fishermen, first prize last year having gone to a Goree negro, who like Mr. Cypert, landed his prize-winning bass with a cane pole and minnow bait.

Fishermen on the lake during the early part of the week report good catches. W. R. Moore and party report a fine catch on Monday and fishermen equipped with boats are reporting fine catches.

Munday Loses To
Stamford; Hamlin
And Rule Victors

Stamford, Hamlin and Rule were victorious in scheduled conference games in the Wichita Valley League Sunday afternoon.

The Stamford aggregation won a hard-fought battle with the Munday nine by the narrow margin of two runs, 5 to 3. Hamlin won a slugfest from Goree 9 to 8 and Rule enjoyed an unmitigated walkaway, trouncing Haskell to the merry tune of 27 to 5.

A. Loran and Boley, hurlers for the Munday team, did excellent mound jobs, no Stamford batter getting more than one hit, but they were bunched in the second and closing frame to assure a Stamford victory. A. Myers, Munday shortstop, had a perfect day at bat, with three hits in three official trips to the plate. G. McGlothlin, right fielder for the same team, got two hits out of four trips, one of them being a four-bagger.

The Stamford-Munday game was played at Stamford before a large crowd that turned out to see the home team play its first league contest of the season. "Lefty" Hambright was Stamford's star, the hurler not only turning in a splendid pitching job but winning his own game when he singled in the second frame to drive in two runs and crossed the plate himself in the fifth inning. Stamford's other two scores were made when Kennedy doubled and Salmon hit a home run over the left fielders head. The Stamford crew quashed a Munday rally in the ninth.

Thinking Out Loud

By J. A. K.

The Cyclops of this column accepted an invitation from Gramp Roberts and Chester Borden to go over to Lake Kemp on Tuesday afternoon and make an attempt to snare the finny tribe into taking a grab at our hooks, which were temptingly baited with live and wiggling minnows.

Both of these birds are high school fishermen. They can tell you the name of these artificial baits as nonchalantly as the presiding elder of this column speaks of shooting sticks, hell boxes and the like.

They use high falootin' bamboo canes with silver joints and agate eyes—with reeds to match. In fact, they do a class of fishing that is totally unknown to us, contending that the fishes frequently jump up out of the water to grab their wooden, steel or feathered lure. Fly fishing they call it.

Anyway, the fish didn't seem the least bit concerned about their flies, cockroaches, etc., on Tuesday afternoon and these two high school fishermen are going to have to wait until the food supply runs lower on the lake before they jump out of the water for something that's not fit to eat.

While the presiding elder of this column relies on the old fashioned method of luring the unsuspecting fishes he landed the only fish of the afternoon, and by virtue of same has a perfectly good right to crow about it, notwithstanding threats and intimidations on the part of the high school fishermen.

This old man Roberts may be good at golf, in fact he is the undisputed champion at the game, but he must step down and take the count when it comes to fishing. His one catch of the afternoon being one nice big German carp, which he finally threw back into the lake after being convinced that the best people weren't eating them this season.

Those who have gone through the recent sandstorms without complaining can justly lay claim to being acclimated West Texans, which is something.

The Texas law requiring three days notice and certain examinations before marriage licenses may be issued has been repealed and is now in the Governor's hands for her signature before the law is finally wiped off the slate. Hundreds of Texas couples go over into Oklahoma and other states rather than comply with the law, and it's repeal will be welcomed by Texas youngsters who are contemplating a jump into matrimonial seas.

This law, like many other laws, was enacted with high and noble motives in view, but like many other

Winner In Local
Golf Tournament

E. J. Roberts—the old maestro—is the undisputed champion of the Munday Golf Club. This was definitely decided Sunday when the battle-scarred veteran went out on the field of combat against the young and alert Cecil Jennings, both having fought their way to the finals by eliminating tough contenders, and the match was so closely contested that it required going to the 19th hole for a decision.

Rid Campbell won the second flight by defeating E. W. McGlothlin, Sr. W. E. Bray won the consolation honors in the first flight by defeating Vincent Lane, while E. W. McGlothlin, Jr., won second flight consolation by having defeated R. B. Bowen.

Revival Meeting
Begins Saturday
Night In Munday

A revival meeting will begin at the community auditorium here on Saturday night according to an announcement made this week by Rev. S. Jones, Congregational Methodist minister of the Lake Creek Community, and Rev. J. F. Rogers, pastor of the Nazarene Church at Knox City, who will conduct the revival holding services each evening during the week and both morning and evening on Sundays. They plan to carry the meeting on throughout the week and through next Sunday, and extend a cordial invitation to everyone to attend. Special songs will be featured throughout the meeting and the cooperation of everyone is earnestly solicited by the ministers in charge of the revival.

Knox Reforestation
Quota Set at 23 On
Basis of Population

On the basis of population Knox county will be entitled to 23 recruits in the Reforestation army being mustered into service over the United States, and already there are several applications pending. Applicants must be between the ages of 18 and 25 and single with dependants. Each recruit must agree to remain in the service for six months and must further agree to divert \$25.00 of the \$30.00 per month to his dependants. Board, clothing, transportation and medical attention will be given recruits.

Local applicants will be sent to Wichita Falls for examination and those accepted will be sent on to Fort Sill for training and transfer to camps. D. T. Mauldin will receive applications here.

Among those who took off for the opening of the fishing season were W. H. Atkinson, Leland Hannah and C. A. Eiland, who are trying their luck on the San Saba.

Kethley Attends
Optometrist Meet
Brownwood, Texas

J. D. Kethley, local optometrist, returned the latter part of last week from Brownwood, Texas, where he attended the state convention of optometrists. Mr. Kethley reports a very profitable and enjoyable meeting, there being present a number of notables in the optometry line from all sections of the country, including Dr. McBernie, national president of the Optometric Association, and many other notable men of the profession who are devoting their lives to the study of the eye. Mr. Kethley states that such progress is being made in the study and development of optometry that it is absolutely necessary to attend these meetings and clinics regularly to keep abreast with the latest methods, and he is a regular attendant at all these conventions and clinics within his reach.

Mr. and Mrs. L. E. Loveless and sons were here Sunday visiting in the home of Mr. and Mrs. H. F. Barnes.

Standing committee reports will be made in the afternoon, and the annual election of officers will be the concluding feature of the meeting.

AT THE CHURCH OF CHRIST
J. Porter Wilhite, Minister

At this time the Church of Christ is doing exceedingly well and we are all happy. Come and be with us next Lord's day. You will enjoy the services and feel as welcome as you ever did in any place. We have a class for each member of the family, which begins at ten o'clock. The preaching subject for the morning hour will be one you do not hear every day, so I am anxious that you hear it. It is "Heart felt religion." We think we have it at the church of Christ and we want you to enjoy it with us.

At the evening services, after a thirty minutes singing, we will discuss sinning against the law of the Holy Spirit. When did that law begin, is it in force now, etc.? You will be well paid for the time we think, and we shall expect you. Come early and get a good seat. The largest crowd at the last Tuesday P. M. class we ever had, and much interest is being manifest. Last half of the seventh chapter of Romans, next. Ladies, come be with us.

NOTICE

On account of illness of some of our players we have called off the play "He's My Pal", which was scheduled for Friday night May 5th, at the Sunset Auditorium.

Brother of Munday
Citizen Succumbs
In Temple Hospital

J. A. Warren received a telegram on Monday advising him of the death of his brother, H. D. (Dave) Warren, which occurred at an early hour on Monday in a Temple Texas hospital, where he had been carried some days ago for treatment. Mr. Warren at one time resided at Knox City, but for many years had been a resident of Evans, Coryell County. Mr. Warren was 66 years of age and is survived by the wife and several children.

Mr. and Mrs. Sam E. Smith have sold the Knox County Herald at Knox City to Mr. and Mrs. H. B. Sweeney, from whom they purchased it some six months ago. The Sweeneys have been taking a deserved vacation during the six months and will likely re-enter the business with renewed energy, and we extend them a cordial welcome back to the newspaper family of the county. Mr. and Mrs. Smith have no definite plans for the immediate future other than to take a few weeks rest, and how we envy them. They have made many friends during their sojourn at Knox City and our sincere wish for them is that they may soon be comfortably and profitably located, for they are excellent young people and are capable of giving any community in which they may locate an excellent newspaper.

TOO MANY LOBBYISTS

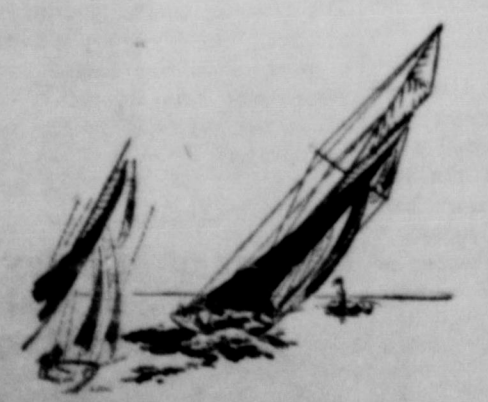

An incident down at Austin specially indicates that lobbyists for special interests play too great a part in the making of our laws. A member of the legislature who had opposed a pending bill fostered by certain oil interests was attacked and beaten unmercifully in one of the hotel lobbies.

Anyone who has visited in Austin while the Legislature was in session has observed that there is entirely too many individuals down there seeking legislation favorable to their interests. These lobbyists are called as witnesses on bills pending which affect their business and too much legislation is enacted on their recommendations.

Certainly all lobbyists are not bad. Anyone who goes to Austin in the interest of any particular legislation could not be termed a lobbyist. The thousands of farm women who recently went to Austin to protest the curtailing of the services of the Texas A. & M. Extension Service were referred to by one Texas daily as lobbyists, but as a matter of fact these good women seldom see the inside of a hotel lobby—from whence the word originated—it being in the hotel lobbies that these gentlemen contact the lawmakers and influence the members of the Legislature in passing laws in which they are professionally interested.

Newspaper reports of the incident indicate that the beating was administered to the legislator for no other reason than that he had opposed a bill fostered by the group of lobbyists. Since only one member of the Legislature was beaten up for his opposition to the legislation in question, it would be interesting to know how many votes were controlled by these lobbyists.

Anyway, let us hope that the incident will tend to make professional lobbying more unpopular at Austin, thereby allowing the members of the law-making bodies to enact legislation in the interest of the masses of the people.

Ben Roller started as a farm boy, grew to weigh 200 pounds and was as lithe and quick as a cat. He worked his way through college and medical school and was Professor of Physiology in the University of Washington and supervisor of college athletics when a friend urged him to take on a professional wrestler for a purse. He won \$1,600 that night. Then he threw Frank Gotch for a purse of \$4,000.

Doc Roller died at 57 of pneumonia. He was a good doctor and a good friend as well as a good wrestler. I liked and admired him because he used all his talents to the best advantage.

LAMONT has bank ideas. "Tom" Lamont, partner in J. P. Morgan & Company, international bankers, is proud of the fact that he was a newspaper reporter before he was a banker. Lately he has been telling the world what's wrong with our banks.

TODAY AND TOMORROW

WE have the worst banking system in the world, Tom Lamont says, and he ought to know. He advocates bringing all the commercial banks of the nation into the Federal Reserve System under government control.

I do not know anyone except some little man who wants to pose as a big man by running a bank on his own, to gratify his vanity, can object to that. Some crooks might, but there aren't so many crooks in the banking business as some folks think, and they are getting weeded out.

The main cause of our system of independent, small, weak banks has been a sort of false local pride. Safety of the money of depositors ought to be the first consideration in starting or running any bank. Real bankers lie awake nights worrying whether they ought to lend money to Tom, Dick or Harry, and whether the Widow Jones' deposit is safe. We need fewer banks and more real bankers.

SIDELIGHTS

BY MARVIN JONES
Member of Congress from Texas

I am convinced that a controlled expansion of the currency will not only materially increase farm prices but that it is essential to complete national recovery. The dollar is supposed to be a measure of values—a medium of exchange.

We often speak of using dollars to purchase commodities. That depends upon which side of the bargain the trader is located. One man uses money to purchase wheat. The farmer uses wheat to purchase money. When one borrows money to be repaid in the future, it is essential to fairness that the value of the dollar remain substantially the same, measured in the terms of the general commodity price level.

Here is where the hitch comes. Translated into farm commodities, the dollar is worth twice what it was worth a few years ago. The private debts of America run into staggering billions. It is impossible to pay increased value of today. Yet the obligation rests not only upon the farmer but upon other producers and manufacturers to pay these debts. This is responsible for a great deal of the stagnation and grief from which the country has been suffering.

WRESTLER and farm boy My friend Doc Roller is dead. When I first met him he was a professional wrestler, challenging all comers in a series of wrestling bouts in New York. He wore a mask and did not let his name become known. As the "Masked Marvel" he threw Frank Gotch, "Strangler" Lewis, and many other famous wrestlers, and made himself enough money to quit at 39 and set up in the practice of medicine.

"Ceb" has roamed around and about (around the house and about out of something to eat?) a great deal, but he finally settled down in "deah hold Munday."

We are glad to have this unusual humorist in school and in our classes since we've been in high school and believe it or not, it really is a treat to have him in a class—so we all say. He was sophomore reporter and he edits a famous column called "Sexton's Sappy Sayings" this year (no you fans know.) What is more, if you don't think he can argue you should have heard him and Lowry lay K. C. among the sweet peas at county. "Ceb" has played basketball one year and track one year, but he's been acting since we've known him. In fact, it will be easily agreed upon that Sexton is a real actor.

How to train BABY'S BOWELS

Babies, bottle-fed or breast-fed, with any tendency to be constipated, would thrive if they received daily half a teaspoonful of this old family doctor's prescription for the bowels.

That is one sure way to train tiny bowels to healthy regularity. To avoid the fretfulness, vomiting, crying, failure to gain, and other ills of constipated babies.

Dr. Caldwell's Syrup Pepsin is good for any baby. For this, you have the word of a famous doctor. Forty-seven years of practice taught him just what babies need to keep their little bowels active, regular, keep little bodies plump and healthy. For Dr. Caldwell specialized in the treatment of women and little ones. He attended over 3500 births without loss of one mother or baby.

Dunn Knows Transportation Distribution Better

SAMUEL O. DUNN—CHICAGO

The Railway Age, printed in Chicago, circulated all over the world has as its guiding genius, Samuel O. Dunn. For many years Mr. Dunn has been recognized in Washington as a leader in matters of national transportation and his studies and writings over a period of 25 years have given him this so well deserved recognition. There is no problem of more interest to every business of the nation than transportation—just make up your mind to hear Sam Dunn at the Texas Press Association convention, Houston, June 8th.

December 7, 1917. There, that's over with so lets get going; she lived there so long and then she moved to Graham where she lived in good style. Prepare yourselves for the worst is yet to come—she moved here at the beginning of the second term in the first grade and she's been here (the stick-tight) ever since.

It was in the second grade I met this dame and so I know enough to print a book—only I haven't the time, space or Nerve!

That isn't getting us along any too fast and the only things I can remember are that she has had one weakness right after another since that time—some being blondes, others brunettes but never a Red-Head!

Forgetting all jokes and sarcastic remarks, if you know Kat you know she's a pal that makes life worth living (ask Ralph). One would find it impossible not to admire Katherine's frank, friendly manner. She has "oodles" of friends in Munday and, I might add, elsewhere, who love, respect and admire her. (It is hard to find one who has such winning ways and such a magnetic personality as Kat.

Katherine's success as a librarian last year won for her the assistant supervision of the library this year and she has proved a capable and efficient manager—ask one who knows! You've heard the nice things about her, are you ready for the rest? Let's spill her favorites first; so here goes—

Favorite singer: Kate Smith.
Favorite Subject: G. Waff.
Favorite Speaker: Barbara's daddy's sister's youngest son—figure it out!

Weakness: Doublemint Chewing Gum—the flavor lasts overnight.
Hobby: Making noise—I'm telling "you"?

Ambition: Get married—let's wish them luck!
Worst Habit: Singing (Heaven help!) when she's happy. Ask her family!

We regret more than it is possible to express, that Kat is going to join her parents, who have recently moved to Ellaville, immediately after school is out. We hope she has success, happiness and (I have not printed his name!) My time is up so I'm signing off!

Barbara Elland
Flowers for the living! I know of no one who deserves them more than that naughty, nice Barbara Elland!

Ole Bab (oon) was born in Tucumcari, New Mexico, May 14, 1916—how different. Two years later the worst part in the world moved to Munday, but what could be sweeter than (sugar?) Well, even the worst must be accepted and she is and how! Here's how! She is president of the Senior Class—you can figure it out. "Leaders are born not made," you'll believe this if you know Barbara. Since a tiny (if she ever was) tot she has been a leading figure in everything she has been a member of. We have profited as a class and as individuals under the splendid and capable leadership of her this year. Barbara is a girl who has the admiration and friendship of everyone she desires—and that's saying a mouthful. Yet besides beauty, personality and leadership she has intellect. She has the honor of graduating with more credits than any student in the class. What a sport! She's the kind of a "gal" who knows how to have fun just giggling, (don't "we" hon?) Barbara played basketball three years and tennis two. What a girl! She has taken music three years and expression eight. Of course you know that she won first place in Senior Declamation at county and went to semi-finals at district. Do you wonder at our giving her a whole

flower garden?

Here's the dirt:

Favorite sport: Riding.
Favorite subject: Eyes. (Here's a good grammar rule—be careful with those "I's".)

Favorite study: English—especially personal pronouns.

Favorite speaker: Barbara. (I love J)
Hobby: Piling slowly.
Weakness: Eating—we'd never have guessed it.

Ambition: To reduce (the grocery bill?)

Favorite Movie Star: Slim Summerville (he would be slim!).

Official business: Tending to other's "bizness."

Longest business yet engaged in: Finding out who Mr. Holt and Mr. Peck were—and she did!

Barbara plans to go to C. I. A. next year and major in Business Administration. Let's hope she has as many friends there as she does elsewhere.

Mildred Burnett

"Nig" was born in Douglas, Arizona, March 11, 1917. She moved to Munday in 1919 while at the advanced age of two years and, of course, she's been here ever since.

During her school life she has entered into many lines of activity. She was on the debate team both in her Junior and Senior years and this year she and her colleague, Frances Thompson went to district after defeating Knox City. "Nig" has taken expression off and on nearly all her life. She took ukelele one year and choral club one year. As you know, she has been our beloved and faithful reporter this, our last year in high school.

In case you haven't had the privilege of meeting "Nig" (imagine it!), I shall tell you about her. She is about 5 feet and 4 inches tall and weighs about—no I won't tell on her. Well, anyway she is a blonde—men prefer blondes—and does she have a good figure? Just ask some of the high school boys! "Nig" is a combination of beauty and brains and has the distinction of being our class valedictorian.

If you're ever in trouble and need help quick, just go to "Nig." Her sunny disposition will cheer you up and her pretty face will uplift your thoughts. In short, if you need a Pal, you'll find "Nig" ready to help you.

We can hardly have an entertainment without "Nig" because she is the "life of the party." If you want to get into an exciting game of "Truth and Dare" just get her to be "it."

Of course, "Nig" didn't want to write her own biography so she asked me to do it. Bettalou Greer overheard her and requested that I make her hobby, her weakness, her ambition, her occupation, her pastime, and her chief fault finding "dirt" on people—usually us poor little Seniors. If you wonder why Bettalou should request this I refer you to her biography in which "Nig" stated that "Bet's" occupation, weakness, hobby and ambition was talking.

But I wouldn't do that; however, I will give you all I could find on her. Here it is:

Worst fault: Gabbing.
Worst habit: Wartin' Couchy.
Weakness: Snitching cookies.
Ambition: to see all the shows.
Occupation: to find "dirt on us poor "kids".

Pastime: Going places.
Hobby: Teasing "G. Waff" Blanton.

Career: Reporter.
Her favorites are:
Saying: "Sez you."
Movie Star: Betty Boop. (You should see her imitate Betty Boop.)
Singer: L. S. Hardegree.
Speaker: Pauline Edwards.
Song: "Mountain Music."
Poem: "Three Leaf Clover."
Story: That one about the Irishman.

Author: Arthur Laney—for his new Spanish book.
Food: Pineapple.
Actor: Wallace Ross.
Sport: Riding the merry-go-whirl.
Studies: Seniors or Biology.
Exercise: Moonlight walks.
Subject: Relative pronouns.
College: Any co-educational.
State: State of Speaking.
City: Wichita Falls or Hico.

"Nig" says her ideal boy is taller than she and that he is a keen kid. New don't all you boys try to "rush" her 'cause I've heard that she has a jealous "friend" already!

SENIOR SCRAPBOOK

Whoops! What! Bang! not even all of that will express our hearty and overwhelming thanks for that gala affair with which we were honored Thursday night April 27! Boy! Oh Boy! It was unique, fascinating, and joyous, yet, knowing this group of unusual Juniors we expected such! Juniors, Old Pals, we just couldn't, couldn't begin to tell you how MUCH we enjoyed and appreciated that swell affair, and our wishes are that you may be fully repaid for your efforts by the Juniors of '34. I could rave forth all day, but space is precious so I'll express the sentiments of the whole class when I say THANKS!

National Editor of the Editor's Magazine-Bible

MARLEN E. PEW—NEW YORK

Since 1912 as editor of "Editor and Publisher", the publisher's Bible, Marlen Pew, for forty-five years an active writer, for the first time is coming to Texas. Many men will travel many miles any time to listen to any address delivered by Marlen Pew and no publisher or editorial writer in Texas can afford to allow anything short of disaster to prevent his hearing him at the Houston meeting of the Texas Press Association, June 8th. Marlen Pew is the editorial "big shot" if there is one.

Mr. and Mrs. Haney Hosts To The Ace-High Club

Mr. and Mrs. Tom Haney were hosts Friday evening to the Ace High Bridge Club. Roses made lovely decorations for the home and following the games, in which Mrs. Carl Mahan and Mr. Moore field high scores, refreshments of cream and cake were served to Dr. and Mrs. W. P. Farrington, Messrs and Mmes. W. H. Chapman, J. A. Kennedy, W. R. Moore, H. F. Barnes, Mrs. Carl Mahan and the hosts.

In a short business session Mrs. Haney was elected president and Mrs. Moore secretary for the ensuing club year.

MRS. JOE DAVIS HOSTESS WEDNESDAY CLUB

Mrs. Joe Davis was hostess to the Wednesday Bridge Club last week. Three tables were placed for contract, Mrs. W. H. Atkinson winning high score for club members and Mrs. Whit Smith guest high.

Refreshments of chicken salad on lettuce, coffee cake and tea were served Mmes. Atkinson, T. G. Benge, F. S. Broach, U. R. Houser, H. H. Langford, C. L. Mayes, J. A. Kennedy, Whit Smith, Tom Haney, Ralph Johnson and Miss Helen Smith.

GRISSOM-LANCASTER

Miss Agnes Grissom and Mr. Morris Lancaster were united in marriage on March 21, 1933 at Altus, Oklahoma. Miss Grissom was a resident of Munday for six years and has a host of friends here. Mr. Lancaster has been in the tailoring business in Haskell for a number of years and has a number of relatives and friends there. The young people will make their home in Corpus Christi. Mr. and Mrs. Grissom, parents of the bride, have been residing in Haskell for the past few years, but are now located at Spur, where Mr. Grissom is connected with the Wichita Valley Railway Co.

M. E. Missionary Notice

The Hour of meeting for the Methodist Missionary Society has been changed from three to four o'clock. Mrs. Ham's Bible class was well attended Monday afternoon and the lesson was very interesting. She is a very able teacher and you will enjoy it, so come to the church next Monday afternoon at four o'clock.

MUNDAY STUDY CLUB CLOSURE YEAR'S WORK

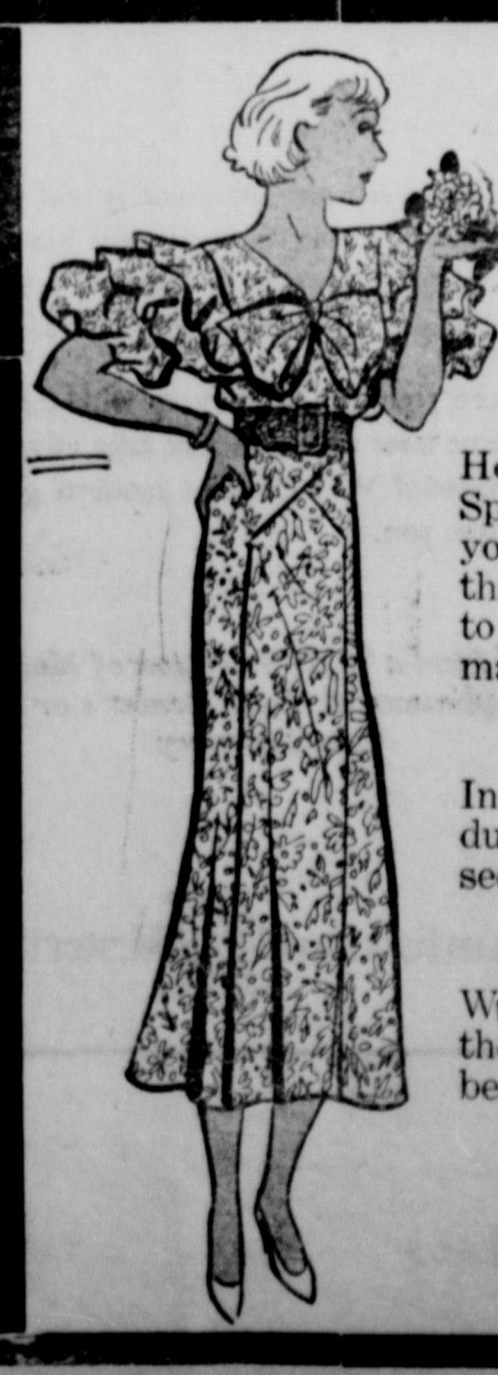

Unusual interest was shown in the final spring meeting of the Munday Study Club Friday afternoon when Mrs. J. C. Borden was hostess. Canada was the subject of the program with Mrs. H. T. Maples leader. Mrs. W. E. Reynolds very ably gave a synopsis of a story of Canada written by Oliver Curwood. "Our Neighbors—Mexico and Canada Contrasting" by Bettalou Greer and two piano numbers by Miss Helen Smith were enjoyed.

RHINELAND 4-H CLUB

The Rhineland 4-H Club met at one o'clock last Thursday evening April 20th in the school auditorium. The meeting was called to order by the president. After the roll call and the reading of the minutes of the previous meeting, Hilda Seibach volunteered to be clothing demonstrator and Monica Loran volunteered to be garden demonstrator. Later, bedroom furnishings and arrangements of furniture were discussed and illustrations were shown. After receiving instructions on how to make a dressing table and stool, it was decided that one was to be made at the next meeting.

Following this the meeting adjourned.

RHINELAND

The seniors, under the direction of Prof. John J. Hoffman, are putting the finishing touches to their play, "His Uncle's Niece." With a good plot and an excellent cast, this play should be one of the best plays ever staged here. It will be presented on Wednesday night, May 10, at eight o'clock. Good music will be furnished by the combined junior-senior band. A hearty welcome is extended to all.

See Senior Play May 10
The Senior Class of this year is the largest class to graduate here since the complete four years of high school work has been offered. There are four boys and three girls who make up the Class of 1933 here. They are Clement Wilde, Leo Fetsch, Clarence Herring, Walter Brown, Genevieve Albus, Hilda Steinbach and Hazel Brown.

See Senior Play May 10
The seniors have chosen their valedictorian and salutatorian. They chose Genevieve Albus as valedictorian and Clement Wilde as salutatorian.

See Senior Play May 10
The seniors experienced the surprise of their lives last Thursday morning when they thought they were in for a strenuous history task, but instead they were handed by their history teacher, Miss Mary de Aguirre, a circular about "the Treasure Hunt" which is to take place Wednesday evening, May 3.

See Senior Play May 10
The seniors have one more obstacle to overcome before their school life at good old Rhineland High terminates. Final examinations will be taken by them Thursday and Friday of this week.

See Senior Play May 10
On account of the excellent scholastic record made by the following high school students, they will be exempt from the final examinations: Genevieve Albus and Rheinard Kuehler.

Mr. and Mrs. John J. Hoffman and

family spent the week-end in Wichita Falls and Scotland.

Misses Mary de Aguirre and Frances Bruckner made a trip to Olney and Wichita Falls, during the week-end.

Messrs Leo and Albert Smitz left for Iowa last Friday morning, where they will visit with relatives and friends for some time and then return to Canada. They were accompanied by Miss Cecelia Albus.

Miss Frances Bruckner left Sunday to accept a position in Olney.

A dinner was served last Sunday by Miss Frances Bruckner honoring Messrs. Leo and Albert Smitz. Those participating were Messrs. Leo and Albert Smitz, Alois Kuehler, Eugene Michels and Vincent Albus, and Misses Helen and Rosalind Houser, Mary de Aguirre, Cecelia, Leona and Genevieve Albus, Frances Bruckner and Mr. and Mrs. Mike Bruckner. After the dinner the group were entertained by Miss Helen Houser at her home.

Mr. and Mrs. Paul Ledwig and family, of Claude, Texas, made a brief visit to this community last week.

A farewell party was given for Messrs. Leo and Albert Smitz last Thursday night at the home of Mrs. Magdalena Albus. Those who were present were: Mr. and Mrs. John, Francis and Pete Albus and families, Mr. and Mrs. Fred L. Decker, Mr. and Mrs. U. R. Houser, Mr. and Mrs. Bruckner, Misses Mary Ruddy and Mary de Aguirre, Messrs. Leo and Albert Smitz, Alois Kuehler, Eugene Michels, Albert Wilde, Frank Regenwetter, and Mrs. Magdalena Albus and daughters Cecelia, Leona and Genevieve.

Ray Easley spent several days of last week in Wise County fishing and visiting relatives and states that he had an abundance of fish to eat. He states that some fine catfish are being caught at the lake at Bridgeport. Others in the party included his sister, Mrs. O. T. Barnett and children and Mr. and Mrs. Henry Flowers.

Judge D. C. Osborn was over Tuesday morning, this being the first time during the past week that he has been able to get about due to an attack of erysipals. Judge Osborn stated that he was unloading a new maintainer for road work, which together with the new grader and tractor recently received would enable him to keep the roads of the precinct in fine condition.

Chas. Foyst made a quick visit to Penelope, Hill County, on Sunday.

Mrs. Bob Sadler and children of Stamford were guests here the latter part of last week of Bob Sadler.

Mrs. Louise Ingram and children were in Wichita Falls on Saturday of last week to attend the rodeo and visit with relatives.

Miss Ozella Brock went to Wichita Falls on Saturday afternoon for a visit with relatives and while there attended the rodeo.
