YEGGS LOOT BANK AT KNOX CITY; GET \$15,000

Three Aldermen To Be Elected Here On Tuesday

With the city election only a few days off, next Tuesday being election day, only three candidates have definitely announced for the three places on the council to be filled, Messrs. J. C. Campbell and W. H. Atkinson having authorized the announcement of their names for re-election, and Alex Jones has also made it known that he will be a candidate. While there has been talk of other names going on the ticket, insofar as we can state at this time the three above named are the only ones that have authorized the use of their names in this connection. The election will be held Tuesday at the city hall, and three aldermen to be elected.

Knox County Takes Two Prizes In The Lubbock Meat Show

Sixteen counties representing 117 clubs had a total of 339 entries at the meat show held at Lubbock, March 22, 23, 24. "The quality of meat at this, the third annual meat show made possible by the Lubbock C. of C., was superior to any ever before exhibited," stated Miss Lola Blair, Nutrition Specialist of A. and M. college.

Knox county was represented with 20 entries and was awarded two prizes. Mrs. R. M. Almonrode of the Gillespie Home Dem. club received a ribbon on mince-meat. Mrs. Charles Moorhouse of the Benjamin club received a cash prize on chili.

FLOYD-SWANNER

On Monday night Gordon Swanner and Miss Minnie Lee Floyd were united in marriage at the home of Justice W. S. Bailey. The couple were accompanied by a number of friends. Both the bride and groom reside in the Thorp community and are popular young people and we join their many friends in wishing for them a long and happy married life. The bride is a daughter of Mr. and Mrs. Will Floyd, while the groom is a son of Mr. and Mrs. Swanner of the Sunset community.

Mr. and Mrs. Earl Wilhite and daughter of Bowie were here first of the week visiting in the home of Mr. and Mrs. Porter Bryan.

"GOOD OLD DAYS" RETURN! LAVISH DeMILLE SPECTACLE MAKES HOLLYWOOD PROSPER

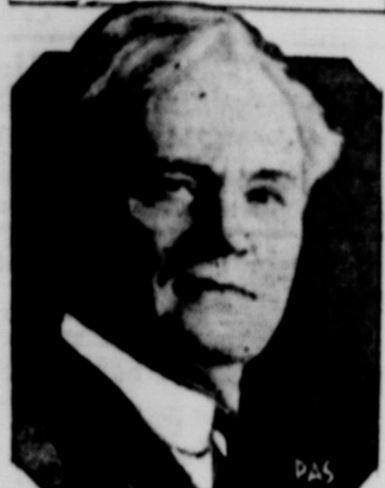

The day of the million-dollar movie spectacle-drama has returned. And, as far as Hollywood is concerned, prosperity has at last managed to get around that mythical corner. Cecil B. DeMille's "The Sign of the Cross," a spectacle of pagan Rome in the days of Nero, last of the Caesars, was the picture which did the trick. Like DeMille's "The Ten Commandments" and "The King of Kings," "The Sign of the Cross," which comes to the Roxy Theatre Sunday, Monday and Tuesday, April 23-4, was produced on a gigantic scale with thousands of players elaborate settings and all the other features that run up bills but astound audiences into awed delight in the magnificence they are beholding.

Nearly 7,500 persons made up the cast for "The Sign of the Cross." These include Fredric March, Elissa Landi, Claudette Colbert, Charles Laughton, and other leading roles, and thousands of "extras" who appear in Rome street scenes and in the arena in which Nero stages his bloody games.

Practically the entire Paramount ranch, comprising several acres of acres of land near Hollywood, was converted into a section of the City of Rome as it was in Nero's day. Streets, public squares, and houses were duplicated from research based on several hundred years of excavations in the Imperial City. These settings were later destroyed by fire, when DeMille filmed Nero's burning of Rome.

An elaborate Roman bath, in which Miss Colbert, as the empress, is photographed during the course of her ablutions, was constructed from blueprints and charts of baths uncovered in recent excavations.

Dons Walsh Toga

Senator John E. Erickson of Montana, retiring as Governor of that state to be named to fill out the unexpired term of the late Thomas H. Walsh, has had his appointment announced, but bids fair to be seated.

W. H. Atkinson Will Head Golf Club Here During Year

A meeting of the Munday Golf club was held Wednesday afternoon at the city hall, at which time officers for the ensuing year were elected as follows: W. H. Atkinson, president; E. J. Roberts, vice-president and Dr. E. M. Ammons was re-elected secretary.

A communication was read from the Seymour club stating that the Olney club had made application for membership in the Tri-County association, and a motion prevailed to approve the addition of that club in the association.

It was also decided that a club tournament would be held during April, and Mr. Atkinson will appoint a tournament committee and other committees for the year within a short time. The Munday course was reported to be in fine condition and it is believed that the club can be operated during the coming year of a very small cost, and it is planned to assess members \$1.00 per month for as many months as will be necessary to care for the expense in maintaining the course.

J. E. Pendleton recently underwent an operation at Wichita Falls and is reported to be getting along very well. He has undergone a number of operations during the past year and his many friends sincerely trust that he will get relief and soon be well on the road to complete recovery.

Farmers Union Gin Pays \$24,000 Out To Members Here

The farmers of the Munday community, or at least a goodly number of them, were happy Saturday afternoon after attending the meeting of the Farmers Union, at which time \$24,000 was distributed among them in dividends. Refreshments consisting of sandwiches and coffee were served by J. E. Edwards and Emmett Partidge, and everyone enjoyed themselves very much. Several excellent talks were made by members of the union.

Mrs. Earl Holt of Abilene is here visiting in the home of her parents, Mr. and Mrs. W. H. Chapman.

Roosevelts and Navy

Henry Lathrop Roosevelt of Skaneateles, N. Y., distant cousin of the President, has been nominated as Assistant Secretary of the Navy, which makes the fourth Roosevelt to hold that post. Teddy Sr., Franklin D. and Teddy Jr., have all sat in the Navy chair.

Funeral Services For J. P. Shaw Held On Monday

Funeral services were conducted Monday afternoon at the Baptist church for J. P. Shaw, 84, who died Sunday morning at the home of his son, J. T. Shaw, north of Munday. The services were conducted by the Rev. W. H. Albertson, pastor, and interment was in Johnson cemetery.

Mr. Shaw had been in failing health for some time due to the infirmities of his advanced age, and his death was not unexpected by members of his family.

James Perry Shaw was born in Tennessee on January 8, 1849, and at the age of 8 moved with his family to Mississippi. At the age of twenty he came to Texas, first settling in Bell county, where he was married to Miss Elizabeth Pass in 1878, who, together with seven of their eleven children, survive. The family moved to Jones county in 1885 and has resided in this community continuously since, and hence may be termed real pioneers of this section of West Texas.

The surviving children are C. P. Shaw, Silverton, Texas; J. T. Shaw, Munday; Mrs. A. B. Johnson, Marble, Texas; Mrs. C. A. Reagan, Munday; Mrs. L. C. Golen, Munday; Will Shaw, Munday; and Mrs. J. L. Stigbill, Munday, all of whom were present for the funeral services. Mr. Shaw is survived by 33 grand-children at five great-grandchildren.

Foundation Pattern School April 4 - 5 For Knox - Baylor

A dress making pattern school will be held at Seymour on April 4th and 5th, at the city hall, for the wardrobe demonstrators of the Home Demonstration club of Knox and Baylor counties, with Mrs. Dora Barnes, Extension Specialist in clothing in charge, according to an announcement made Wednesday by Miss Jewell Faulkner, county home demonstration agent for Knox county. Since this demonstration will be for both Knox and Baylor counties, only one woman from each club will be able to attend the school, Miss Faulkner said.

The afternoon of Wednesday, April 5th at 2:00 o'clock Mrs. Barnes' demonstration will be in the auditorium at the city hall, and will be open to every woman who wishes to attend from either of the two counties. Mrs. Barnes will show three wardrobes, one of \$25, \$50, and \$100.

Mr. and Mrs. W. R. Moore were visitors in Wichita Falls on Monday of this week.

FIRST BAPTIST CHURCH

The B. T. S. Training school last week was well attended and the interest was well above par all the way through. 67 awards. We are sure there will be lasting results in each one of the organizations.

There will be an Associational wide meeting at Haskell next Sunday afternoon at 2:30 when the awards will be given out. Be sure to plan to attend this meeting.

The Sunday school spirit and attendance was better last Sunday. There is some good work being done by quite a number of the teachers in their efforts to keep up with the absentees and get the new pupils that should be in their classes. Our superintendent, Bro. Reeves, told us the other day that there are three classes of people in the work: "Workers, shirkers and jokers." How true that is! Let's eliminate the last two classes by all of us uniting in the ranks of the first class. "Workers" are needed every where.

The music for the Sunday school service will start five minutes before ten Sunday morning. Be there on time. Lend a hand and help us put it over.

Sunday school at 10 a. m. Preaching at 11 a. m. and 8 p. m. B. T. S. at 7 p. m.

For spiritual blood tonic read Judges 7:21 and Philippians 4:13-19. W. H. ALBERTSON.

SPECIAL

Something unique and special for the men at the Methodist church Sunday morning. Educational and entertaining. Do not miss this, promptly at 10:00 a. m. The entire family will enjoy being there.

Two Trustees To Be Chosen Here Next Saturday

An election will be held in the Munday Independent School District Saturday afternoon at which time two trustees will be elected to fill the places now held by G. R. Eiland and H. P. Hill. Both Mr. Eiland and Mr. Hill have stated that they will not be candidates for re-election and to date no candidates have been put forward to fill the places. Mr. Eiland for a number of years has been president of the board and Mr. Hill until recently had served the board as secretary for many years. H. F. Barnes was recently chosen as secretary of the board when Mr. Hill asked to be relieved.

Reporters School Is To Be Held Monday At City Hall, Munday

Monday at 2:00 o'clock at the city hall in Munday Miss Eileen Partlow, home demonstration agent of Haskell county, will conduct a school for all reporters of the home demonstration clubs of Knox county, at which time J. A. Kennedy, editor of The Munday Times, will talk to the group about some of the essentials of a good club report.

Each woman will be asked to bring pencil and paper to this meeting.

Miss Riley E. Harrell and L. S. Hardigree and Miss Evelyn Williams were visitors in Wichita Falls Saturday of last week.

Night Watchman Held Captive While Acetylene Torch Eats Way Into Steel Vault After Phone Wires Cut

Scottish Rite Will Give Program On Sunday Afternoon

On Sunday afternoon, April 2, at 3:30, in the Memorial auditorium, Wichita Falls, Texas, Maskat Temple will present a program of high class music absolutely free to the public. No collection, no contribution. The program will be given by the Scottish Rite Choir and is one of a series of high class entertainments sponsored by Maskat Temple in the interest of the people of Wichita Falls, northern Texas and Southern Oklahoma. You are invited to come and bring your children and friends.

Head Sisters Get Big Part Prizes Here On Saturday

The head sisters—Misses Cleo and Gladys—daughters of Mr. and Mrs. T. J. Head of this city, but who are moving to Red Springs, where Mr. Head recently purchased a farm, were out in the forenoon Saturday afternoon in the awarding of the \$25.00 through the profit-sharing plan adopted by the merchants of Munday, for the first prize of \$10 went to Miss Cleo, who also came in for one of the dollar prizes, and Miss Gladys received the second prize of \$5, and also one of the dollar prizes, making a grand total of \$17.00 to the two sisters. It was one of those instances where unexplainable luck plays a part.

Others who received a portion of Saturday's distribution were: L. McMurry, \$3.00; Jim Jackson, \$2.00; with \$1.00 prizes to Ira Owens, R. L. Boles, and T. W. Bayburn. The distribution of the prizes was under the direction of J. W. Cowan and L. C. Floyd, with little Martha Ann Reynolds, daughter of Mr. and Mrs. W. E. (Bud) Reynolds, assisting.

The distribution Saturday attracted the largest crowd that has been in Munday in many weeks, and merchants generally express gratification at the excellent business they had on that day.

CONGRESSMAN MARVIN JONES OF TEXAS TALKS ON ESSENTIALS OF FARM RELIEF LEGISLATION

(From an address of Congressman Marvin Jones delivered over the Columbia Network Saturday Evening, March 18, 1933.)

The beginning of the new Administration is a turning point in our country's history. After passing through a trial by fire, the American people are getting the national viewpoint. Selfish farms are being discarded and individuals are beginning to realize that their own interests are bound up with the nation's welfare.

The most important step just now in the farm program is to have an adjustment and refinancing of farm mortgages. A program is being worked out, and action should be had as early as practicable. I hope it may be broad enough to relieve the tremendous emergency in this regard. This Republic is anchored in the farm homes of America. Nothing is of greater importance than to save these homes from foreclosure and to preserve the happy families that have been the bulwark of national safety.

The farm problem, however, is so complicated and involves so many different commodities that no one method can be depended upon to bring full relief. Methods must be devised to raise the price levels of farm commodities. The low price levels have destroyed farm purchases, and the stagnation thus produced has in turn a paralyzing effect upon industry.

The President has shown his understanding of national problems by urging emergency action for agriculture as one of the primary steps in his immediate program. He realizes the importance of the farm

Knox City, Texas, March 30—Three armed and masked bandits looted the vault of the Citizens State bank here early today and escaped with approximately \$15,000 in silver and currency after having been four hours at the task of breaking into the vault and inner safe.

The three bandits accosted Night Watchman J. H. Finley, the only night officer on duty, about 1 a. m., carried him to the back of the bank at the point of guns, blindfolded him under guard until the robbery was complete. Entrance to the bank building was gained through a rear window and complete acetylene torch equipment was used in entering the vault and the inner safe.

Oxygen tanks, believed to have been stolen in Wichita Falls, were left outside the building and were abandoned along with tools that had been stolen from a Knox City tinshop when the robbers left the scene about 5 a. m. The watchman was left in the vault, but he escaped within a few minutes to notify G. T. Hardberger, police chief, and E. O. Jamison, president of the bank.

Finley described the men as being about 30 years old and expressed the possibility that others which he did not see might have been involved in the robbery. They were believed to have been traveling in two automobiles and to have departed in a south-easterly direction.

Lines leading from the telephone office, located directly above the bank, were out, and only one line was available for use here this morning.

Bank officials estimated the loss, fully covered by insurance, at \$15,000 though the exact amount had not been determined. The looters, after burning a hole in the safe just large enough to reach into, took all currency and all coins except nickels and pennies.

Mothers of P.-T. A. Defeat Faculty In Thrilling Ball Game

The mothers of the Parent-Teacher association had their day on last Thursday when in a return game against the lady members of the faculty they were victorious by a nice lead, thereby evening up with the teachers for the defeat they gave them some weeks ago.

problem and has turned his attention in that direction.

It is his intention to try "an untrod path" in an effort to avoid the difficulties which will result if another year of planting gets under way before something is done. The relief measure which he advocates is admittedly an experiment. While I am not in accord with some of its provisions, I am supporting it because we must have action in these troubled times.

This emergency legislation may be able to relieve immediate conditions while the groundwork is being laid for a thorough, long-range program which must be instituted if agriculture is to raise once again to the level with other industries where it deserves to be.

In addition to the adjustment and refinancing of farm mortgages, other phases of the permanent farm program involve adjustment of trade barriers, the correction of freight rate discrimination, the curbing of excessive speculation in farm commodities, an adequate currency on a sound basis, and the reduction of expenses of government.

If the discriminations which now exist are corrected, the cause of the trouble will have been removed and the greatest possible steps will have been taken to restore agriculture to its proper place in the affairs of the Nation.

The upset condition of our country calls for a strong program of readjustment, a reassembling of our national elements of strength, and a rededication of all that is best in the character of our citizenship.

Some few people are complaining of the measures made necessary by the great emergency. The powers

Ambassadors to France and Mexico

The first two nominations for Ambassadorships sent to the Senate by President Roosevelt were those naming Joseph I. Strauss of New York, Ambassador to Paris, and right, Hon. Joseph Daniels, of Raleigh, N. C., Secretary of Navy under Woodrow Wilson, Ambassador to Mexico City. Mr. Strauss is president of a large New York department store, and Mr. Daniels is publisher of a North Carolina daily newspaper.

U. Soukam, Auctioneer; 1 Holdem, Clerk.

TODAY AND TOMORROW

By FRANK PARKER STOCKRIDGE

SUCCESS—in three years.

It was refreshing amid the general gloom to hear of a man who has pulled himself out of the depression by his own efforts. His name is S. C. Driver and he lives at Goldsboro, N. C.

Three years ago he had three cents in money and a second-hand automobile. He "borrowed" the use of nine acres of unused land in the Goldsboro Fair Grounds. Then he sold his car for \$10 and two barrels of corn. He bought three pigs with his \$10 and started farming. Now he has 800 pounds of meat in his smoke-house, four shoats, a sow and five pigs, fifty laying hens and plenty of potatoes and vegetables to eat.

Money isn't as important as grit and the will to get ahead.

BEER—it's here again.

Beer is legal again. The brewers are jubilant. Shortly beer advertisements will appear everywhere, in the hope that the younger generation, which has never acquired a taste for beer, will take to it.

The theory of the beer law is that 3.2 per cent alcohol is not intoxicating. Nevertheless, some states are forbidding its sale to minors.

My own idea is that not many people will care to drink enough of this mild beverage to get drunk on it, though that would be possible if one took enough. Beer has never been widely popular outside the big cities. Americans generally prefer something with a real "kick" in it. We have always been primarily a whiskey-drinking nation.

I think people will expect to get rich out of beer, as well as those who see in it a great source of great revenue for the Government, are in for a disappointment.

COLLECTIONS—from the heart.

went to a neighborhood church one stormy Sunday recently, not liking to brave the weather to travel to my own. It was a little church in a poor district, and I was surprised when the service was over to realize that nobody had passed the collection plate.

I asked the minister at the door, "how come?" He pointed to a box in the vestibule with a slit in the top. I had seen such "poor boxes" in Catholic churches, but never before in a Protestant one.

"Too many of our congregation can't spare even a penny for the plate," he said. "If anyone wants to contribute, he can do it here, but no one notices whether he does or not."

I remembered something I had read in the Bible: "Without money and without price." I also remembered my annoyance on various occasions at being importuned from the pulpit to give liberally. It struck me that the church which has to beg its congregation for money can't be giving them anything which they value very highly.

Anyway, I put something in the box.

SOCIETY

Mrs. W. H. Atkeison Hostess Wednesday Bridge Club

Mrs. W. H. Atkeison was hostess this week to the Wednesday Bridge club. Lilao gave added charm to the entertaining room where two tables were placed for the players. Following the games Mrs. Atkeison was assisted by her daughter, Miss Kathleen, in serving refreshments of strawberry cream and sunshine cake to Meses. T. G. Bengé, F. S. Broach, Joe Davis, U. R. Houser, H. H. Langford, C. L. Mayes, M. F. Billingsley and S. E. McStay of Gore, H. Case

Mrs. T. G. Bengé Hostess Little Bridge Club

Mrs. T. G. Bengé very charmingly entertained members of the Little Bridge club Friday afternoon from three to six o'clock. In the games of contract bridge Mrs. J. A. Kennedy scored high.

Refreshments of mince meat pie in individual molds and coffee were served. Johnny-jump-up were plate favors. Club members present were Meses. H. F. Barnes, W. H. Chapman, W. P. Farrington, Louise Ingram and Bess Neff; guests were Meses. W. H. Atkeison and J. A. Kennedy.

Monday Night Club Entertained Chapman Home

Mr. and Mrs. W. H. Chapman were hosts Tuesday evening to members of the Monday Night club and guests. Mrs. Chaman and H. A. Pendleton held high scores. A delicious salad course was served Messrs and Meses. Fred Broach, J. D. Kethley, H. A. Pendleton, W. R. Moore, Russell Matson and the hosts.

Singing School Will Begin Monday At New Hope Church

A community singing class will begin on Monday evening, April 2, at the New Hope Baptist church under the direction of Prof. Haley, and everyone is invited to attend the sessions, which will be held nightly. The session for the school is to be handled by the home committee. Prof. Haley is one of the best known instructors in the state and taught many schools over this section of West Texas in years gone by.

George Burns of the New Hope community is reported improving following an operation in the Knox County Hospital at Knox City some days ago for appendicitis. He was in a critical condition for several days.

MY DREAM GARDEN

By Mrs. Carl Maples

My dream garden is beauty supreme. Of flowers and shrubbery and lawns so green.

The rose of Sharon and Marshall and American Beauties are dearest to me.

With dahlias and Jessamine and larkspur too

My gardens a-bloom the summer thru,

And I'll not forget the cosmos tall

Whose sedately heads nod to all.

With iris and Jonquills and phlox galore

From early spring 'till winter's snow,

And when a storm o'er my garden prevails

It drives me out in deep travail.

Until my soul has time to repent,

Then on my knees I ask to be sent back to my garden of pleasant thoughts

Where, with Jesus, I may walk and talk.

CARD OF THANKS

We wish to express our sincere thanks to the many friends who assisted us during the illness and at the death of our husband and father. For the many acts of kindness and the beautiful floral offerings we shall ever feel grateful.

MRS. ELIZABETH SHAW, AND CHILDREN.

Lloyd and Irene Bowden spent last week end visiting friends and relatives in Abilene and Winters.

POISON in Your bowels!

Poisons absorbed into the system from souring waste in the bowels, cause that dull, headachy, sluggish, bilious condition; cost the tongue; foul the breath; sap energy, strength and nerve-force. A little of Dr. Caldwell's Syrup Pepsin will clear up trouble like that, gently, harmlessly, in a hurry. The difference it will make in your feelings over night will prove its merit to you.

Dr. Caldwell studied constipation for over forty-seven years. This long experience enabled him to make his prescription just what men, women, old people and children need to make their bowels help themselves. Its natural, mild, thorough action and its pleasant taste commend it to everyone. That's why "Dr. Caldwell's Syrup Pepsin," as it is called, is the most popular laxative drugstore sell.

Here's Smiling Relief... Periodic Pains

Most of your suffering from common every-day aches and pains is unnecessary and unwise. Unnecessary, because Dr. Miles' Anti-Pain Pills relieve quickly and without unpleasant after effects; unwise, because pain makes your physical condition worse instead of better. One pill usually brings relief in a few minutes.

If you suffer from any of the disorders listed above, take Dr. Miles' Anti-Pain Pills. If they do not give you greater relief in and get your money back.

A package of Dr. Miles' Anti-Pain Pills in your medicine cabinet, pocket, or hand-bag means fewer aches and pains.

PIGGLY WIGGLY
The Road to Prosperity Leads Through the Turnstiles at Piggly Wiggly

No. 13593
TREASURY DEPARTMENT
OFFICE OF COMPTROLLER OF THE CURRENCY.

Washington, D. C., January 16, 1932.

WHEREAS, by satisfactory evidence presented to the undersigned, it has been made to appear that, "First National Bank in Munday," in the town of Munday, in the county of Knox and State of Texas, has complied with all the provisions of the statutes of the United States, required to be complied with before an association shall be authorized to commence the business of Banking; Now, therefore I, J. W. Pole, Comptroller of the Currency, do hereby

certify that "First National Bank in Munday," in the town of Munday, in the county of Knox and State of Texas, is authorized to commence the business of Banking as provided in Section Fifty one hundred and sixty nine of the revised Statutes of the United States.

IN TESTIMONY WHEREOF, witness my hand this sixteenth day of January, 1932.

J. W. POLE,
40-49 Comptroller of the Currency.

WILL BUY or sell cattle and hogs. Also have milch cows, cattle and horses. See me if you have anything to buy or sell—J. W. RATLIFF, Munday, Texas.

SENIOR BIOGRAPHIES
By Mildred Burnett

Wallace E. Ross

This young man joined us two years ago and, needless to say, he has proved himself a "regular" sport. "Wallie" was born in Florida, October 19, 1913. Now note the place he has lived if your head isn't running in circles after the first few rounds. He entered school at the age of seven at Dallas where he remained for six years. From there, he moved to Lake View and at the end of one year he returned to Dallas. One year later he became a resident of Sweetwater, and at the end of two years he moved to O'Donnell. After a lapse of eight months he moved to the best little town in West Texas, and believe it or not, he's still here.

Now, it's my job to tell you his life history, but like most men, he won't tell me much about his past life so I have to fill in space with the happenings of Wallace the past two years.

Wallace played football for two years and fans will agree he did his part to help us win the Branch Conference Championship Trophy this year.

If you saw the Senior play you probably gave three cheers for Wallace alias "Mr. Roger Hadley" and you'll agree with us that he does have a stage personality. He might knock Broadway off its feet some day—who knows?

Wallie has no idea where he would like to go to College but he does know that he wants to be a pharmacist—since he is extremely interested in science he will make a success at this phase of work we are sure.

What's this? Oh, rest assured it's only a "bug" box labeled "Favorites." If that's the case handle with care—lets take a peep.

The first article we come to in this mysterious box is a football. The first glance we take at this convinces us that this should be termed favorite sport. The next problem we undertake to solve is a picture of a fellow in a raccoon coat, yes, you're right it is Charlie Ruggles. Well, that completes the second problem. That's his favorite movie star.

For goodness sake, what is the thing resembling a sofa with a loud speaker

on the arm represent? You've three guesses. We've got his favorite song so it couldn't be sleeping. Concentrate. Hurry! A clue! Could this thing be called a Couch? You're right his favorite speaker is Miss Couch.

Look! Here's a note which says: "As I am unable to procure a picture of Kate Smith list her as my favorite singer."

Hurry! Along we find a sheet of music with the title "Happy Days Are Here Again," being as known that this is his favorite song.

Why, of all things, here's a doll, a beauty too, one who has beautiful black hair, sparkling and expressive dark eyes, and cupid lips. She walks, dances, and talks, but here's what she says: "Mamma." If this represents your ideal girl, Wallace, you'll have to love your mother-in-law.

That's all the favorite we have time to solve this time; we've got to find out his hobby, weakness, and occupation before you fall to sleep over this. Here they are:

Hobby: "Wartin'" Miss Couch.
Ambition: Get even with "Booby".
Occupation: Selling funny papers.

Adelaide Barton

Here's a person loved by practically everyone who knows her. You just can't know her without admiring, admiring and envying her. You adore her because of her sweet and lovable disposition. You admire her for her honesty, thoughtfulness, and sincerity, and you envy her soft brown eyes and her knowledge. What a perfect combination, personality, honesty, beauty, and knowledge!

Here's her history. This might get you going "yoofy". During how long she's lived here and at Weimert.

Munday at least has the honor of being the birth place of Adelaide. She was born here August 11, 1916, and she entered school here. As luck would have it she moved to Weimert one month later but she joined us again when we were in the fifth grade. She was with us for two "too" short years and then she again moved to Weimert. Then last year she again joined us to stay until "graduation doth us part."

Here's another adjective I should have added to her list,—she's very talented. She has taken music, violin, expression, and driving (with a hammer?) lessons. Adelaide has won several spelling contests too.

Adelaide plans to attend college at C. I. A. but she's undecided as to her vocation. She tells me she plans to have a career but she won't name it (Perhaps she's like most others, decided to keep house. "Laide" spends most of her summers in Amarillo and she has been to Colorado.

Here are her favorites. Favorite speaker: John Wesley (Am I right or has he been dead over three hundred years?). Favorite singer: Madeline Trible. Favorite sport: Swimming. Hobby: Singing "Strangers". Occupation: Going places. Weakness: Bread. Ambition: Be smart (she is) obtaining it to a great degree. Ideal man: Laide likes the sophisticated type.

You can just bet that Adelaide has a heart of gold (what, hard and yellow?)

Lowry Rigby

Yes, it's the editor of "Rigsby's Roundup" in person, and what we don't know about him isn't fit to know, but he was born in Strawn, Texas, May 21, 1916 (can you figure his age?). He lived there until, at ripe old age of five years he moved to Munday and then as a young man of seven he began his school career. Here's the dirt: He skipped the second grade as a result of unusual intelligence, was president of seventh and eighth grades, has entered debate three years (won first place year before last), was an important character in the Senior play. Has been the manager of the football team for 3 years (you see, his avoidance was) great enough, I expect to play; playing basketball one year, beside being

the manager of the basket ball team, and is a second class scout and patrol leader. He plans to study Chemical Engineering at A. and M. College. Mow's favorites are:
Sport—Swimming.
Hobby—Shooting goals.
Weaknesses—"Party girls" and candy.
Occupation—Telling jokes.

Chalmer Hobert

Chalmer is a Munday product through and through. He was born here on October 27, 1916, and has spent all of his school career nowhere but in dear old Munday.

He has played football three years and lettered two years. During his two years in junior track and one year in senior track he "brought home the bacon". He won first place in the broad jump, high jump, 100 yard dash, 50 yard dash, and third place in chinning the bar. All of this made him junior high point man for the high school.

He was tried and convicted of being lazy but with a record like that we can't blame him for relaxing now in a white.

In the following you will find all the scandal about him: Ideal girl: Blonde (athletic type). Favorite song: Chalmer and Rachel (tune, Revlon and Rachel). Occupation: Professional babe. Weakness: Sleeping in class. Favorite sport: Football. Favorite speaker: Jerry Kethley. Favorite study: Typing. Favorite subject: Love (he's never been that way, he says). Favorite pastime: Loufing and reading letters from (7).

Doris Dickerson

To begin at the beginning: He was born in Munday, July 23, 1916. We find that he attended school here until his fourth year when he went to Faxon, Oklahoma. By the middle of the next term he became so homesick that he could not stand it any longer, so—back to Munday he came, and—has been here ever since. He has had expression but if you have ever heard one of his famous three minute speeches you don't need to be told about it. He started out to play football, but after he became so interested in Gorce he decided that he would be better off otherwise employed.

Now, here's the lowdown as he gave it himself:

Favorite sport—Any an' all of 'em.

Occupation—Making the Gorce drag.

Weakness—Women (colonies).

Speaker—Will Rogers.

Study—Math.

Color—Green.

Subject—Technology.

Hobby—Work (Now be like Geo. Washington, Dick).

Ambition—To be eligible for the trip with the Seniors to Medicine Park. (We hope you achieve your ambition).

CHEVROLET
A GENERAL MOTORS VALUE

WORLD'S LOWEST PRICED FULL SIZE SIX CYLINDER CLOSED CARS

COUPE
\$445

Coupe, \$455 . . . Coupe with rumble seat, \$475 . . . All prices f.o.b. Flint, Michigan. Special equipment extra. Low delivered prices and easy G. M. A. C. terms.

A NEW AND ADDITIONAL LINE OF CHEVROLET SIXES

● Now—for the first time in motor car history, you can buy a full-size six-cylinder coupe for as little as \$445! Now—you can also get a big, 5-passenger Chevrolet coach for as little as \$455! The leader has broken all precedent by introducing an additional line of automobiles, the completely new Chevrolet Standard Six—world's lowest priced full-size six-cylinder closed car!

This new automobile costs considerably less than any other six of its type on the market. Yet it's a Chevrolet. And it sets a new world's record for gas and oil economy.

Like the popular Chevrolet Master Six—the new Standard Six has Fisher wood-and-steel body construction.

Safety plate glass in the windshield and window ventilators. A smooth, spirited, six-cylinder engine. A silent second transmission. A rugged, full-size chassis. And modern streamlined styling that instantly tells the world: "This is a fine, quality automobile."

Have you seen this new Chevrolet Standard Six? Have you sat in it—driven it—compared the prices? Unless you do these things, you can't possibly appreciate what a wonderful value \$445 buys today. A Fisher Body car, a full-size, fast-stepping six—completely worthy of the greatest name in low-price transportation—CHEVROLET!

Tips on Taxes

Austin.—The Senate has started toward final adoption a constitutional amendment which proposes to arbitrarily limit the expenditures of the State government to \$10 per capita per year. The basis of calculating the maximum of expenditures for any given year is the preceding United States census. This would mean that increases could be made only once each ten years. The 1930 census gave Texas a population of 5,800,000 plus. The adoption of the amendment in its present form would limit State government expenditures to approximately \$58,000,000 annually.

The adoption of this amendment would bring expenditures back to the level of 1927. Doubtless some amendments will be made before final action is taken.

Another amendment has been introduced in the House that would lower the limit of State ad valorem (property) tax to 57 cents on the \$100 valuation. At present the limit is 77 cents, divided as follows: 35 cents for schools, 35 cents for general revenue purposes, and 7 cents Confederate pensions tax. This amendment would leave the school and Confederate pensions taxes as they are now and would reduce the amount of the levy for general purposes to 15 cents instead of the present figure of 25 cents.

These two amendments, with others which are under consideration, providing for reorganization of county government, together with legislation proposing a reorganization of the common school system constitute the major items in an economy program intended to extend beyond the period of the present emergency.

Public school reorganization is provided in Senate bill No. 387, reported favorably to the Senate. Its principal feature is that it makes the county the unit for administrative purposes. Existing districts will continue to function so far as taxes, bond issues,

Treasury Secretary, William H. Woodin, and Assistant Secretary, James H. Douglas, visited the Bureau of Engraving at Washington to inspect the new currency being printed by the order of President Roosevelt to relieve the financial strain and place more money in circulation.

etc., are concerned. Administration of schools would be vested in a county board of seven trustees, elected by the popular vote for terms of six years, and a county superintendent, elected by the trustees.

This county board would exercise the functions now required of district trustees. District school taxes will continue to be levied, collected, and expended, as at present. Bond issues would remain as obligations of the districts. There would be no pooling of finances or of outstanding bond issues.

Essentially the measure is one for county unit administration and is intended to co-ordinate and reduce the cost of supervision and administration of the public schools. At present there are approximately 7800 school districts in Texas, with 28,000 trustees, employing 46,000 teachers, and expending \$80,000,000 of the taxpayers money.

That there is unavoidable waste in a business of such magnitude that is as loosely organized as the public school system of Texas cannot be doubted. Savings as a result of coordinated administration would be considerable. It is claimed that salaries of teachers could be increased and better schools would result from the adoption of this bill. Most of the saving would accrue from elimination of much needless cost of supervision as a result of the duplication of staffs in the vast majority of the 7800 school districts. The measure contemplates a greater portion of school funds shall go into the actual business of teaching and less of it to non-teaching attaches and employees.

In addition, the change would provide for more uniform school privileges for all school children in the State.

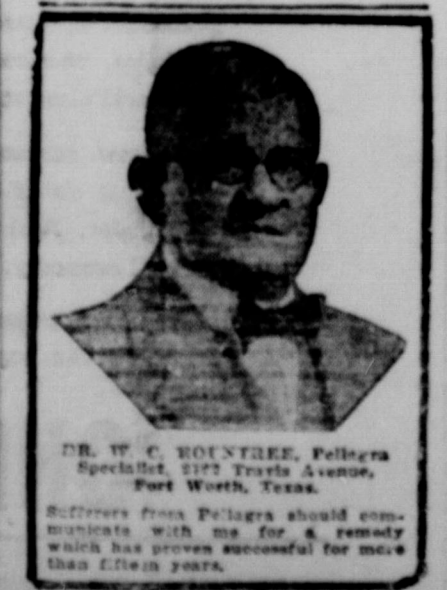

Analyses of school finances, together with the machinery of administration, furnish convincing evidence that what Texas needs is wise expenditure of money already available rather than an increase in financial support. Texas ranks well among states of the union in support of schools and value of property. Based on income Texas is almost exactly where she should be in these respects, being ninth in the earnings, ninth in school expenditures, and eighth in school property value. Yet, in attendance, teacher's salaries, literacy, and other standards of measurement she ranks from 25th to 42 among the states of the union.

Marvin Jones ***

(Continued from front page.) that are being granted to the President could not be justified if times were normal, but these are not ordinary times.

No one within a generation has captured the imagination of the people like President Roosevelt. They are thrilling with the confidence of a new hope—a hope born of courage and willingness to follow a leader who is unafraid.

Like millions of other Americans who have pinned their faith in him, I believe he will lead us out of the darkness into the full sunshine of a new day.

Dr. Rountree will be in Haskell, Saturday, April 1, at the Norton Hotel.

Secretary of Treasury Inspects New Money

Boy Scouts Here Organize Under New Scoutmaster

We, the boys of Munday, Texas, met at the American Legion Hall on March 27, 1933, and reorganized under Mr. C. C. Pippin a new troop of Boy Scouts of America in this city. We have tried a long time to get a troop in this town that would carry on the scouting work as it should be carried on. We think that under our present leader, we will, in a short time have a troop of scouts that this city will be proud of. Our plans are to select a man from each of the following organizations to serve on the scout committee: The American Legion, The Lions Club, and The Chamber of Commerce.

We had 34 present the first meeting. That looks like we will be successful in our efforts to get a troop here. At this meeting the following were selected as our officers: Lowry Rigby—Scribe and Treasurer; Jack Williams—Sergeant at arms.

These two boys will be members of the headquarters staff and will assist Mr. Pippin in carrying on the scout work.

Patrol leaders were elected as follows: Arthur Laney—Leader of the Raven Patrol; Robert Layne—Leader of the Wolf Patrol; Jerry Kethley—Leader of the Star Patrol; John Laney—Leader of the Eagle Patrol.

When the scout council is selected, the application for a charter will be sent in. Come on, citizens of Munday, and help us to make a troop in this town that we can look upon with pride.

Scribe—Lowry Rigby.

R. E. Davenport, superintendent of Sunset Consolidated schools, who has just returned from Dallas where he has been for treatment, has been called to Bellevue to attend the funeral of his brother, A. L. Davenport of Conroe. His brother was killed in an automobile accident at that place.
