

# THE MUNDAY TIMES

Volume 29.

Munday, Texas, Thursday, July 13, 1933.

Number 5.

## Chas. C. Coleman Of Vera Fatally Injured In Wreck

Charles C. Coleman, for many years a citizen of the Vera community, died early this morning in an Olney hospital from injuries received Saturday afternoon when his truck was overturned near that place. Coleman was en route home from Fort Worth when he had carried a heavy load of lumber and is believed to have fallen asleep at the wheel, causing the truck to tip into a ditch and overturn. Physicians at the Olney hospital had estimated one foot and had expected to be able to operate the amputated leg of the other, but he died from the effect of his injuries at 2 o'clock Sunday morning.

Mr. Coleman has been a resident of Knox county many years, having come to this county when a youth from Falls county, Texas, where he was born June 1, 1891. He was regarded as one of the county's best citizens, and was respected and esteemed by the citizens of his community. He is survived by his wife and eight children.

## Cotton Reduction Campaign Questions Answered by Agent

College Station, July 10—Questions and answers are the order of the day at the Extension Service building where the cotton campaign heads up for the whole state, according to H. H. Williams, vice director and state agent, who was designated by Director O. B. Martin to have charge of the campaign.

Indicating an eagerness to cooperate with the Secretary of Agriculture, farmers began firing in the query "When can we begin to plow our cotton?" even before the offer of cotton was made. The answer to that was and is "Not until the offer contract" has been signed by the farmer, inspected by the local committee, approved by the county committee, and accepted by the Secretary.

Human nature is the ever recurring question. "When do we get the money?" To which the answer comes back in a business like way "Not until the offer to plow has been accepted by the Secretary, the farmer has plowed under his cotton and the local committee has certified his actual compliance with his share of the contract."

In other words, not until the contract has been entered into and its terms complied with, will any money or cotton change hands, though the Reconstruction Finance Corporation has come to the Secretary's assistance and supplied him with money with which to secure the cotton bought by the old farm hand to be used in the option contract where the farmer chooses that form of payment.

Calling to the eye of imagination rolling acres of Texas cotton land stretching away in endless vista comes the question "If a farmer owns cotton land that runs in two counties does he regard the county line and deal with two county committees or may he sign up with one or the other committee?"

And perfectly in accord with the traditional feeling for local self-government the typical Texan has, back comes the answer "Each county is organized as a unit to handle the lands within its boundaries. Land to be retired must be inspected by the local committee and approved by the committee responsible for the work in the county where the land is situated, unless there is an understanding between the two county committees."

Contrary to rumors that have been current recently the merchants of Munday will continue the distribution of cash prizes to their patrons each Saturday until they have been notified otherwise. While the cash prizes have been reduced from \$25.00 to \$12.50 each week, due to a falling off in the volume of business at this season of the year, the following merchants will continue to give tickets with each 50 cent purchase as they have been doing for some time: Akers Dry Goods Co., Baker Campbell Co., Birdsong's, R. B. Bowden Station, Boone Dry Goods Co., Fred Brouch, Elland Drug Co., Worth Gafford Barber Shop, Chas Haynie Barber Shop, Hanes Grocery, The Hat Shop, U. R. Houser, Geo. Isbell, Munday Times, C. B. Jones, Maxwell Brothers, John McGraw, Moore Chevrolet, Perry Brothers, Inc., Piggy Wigley, Rexall Store, John C. Spann, Tiner Drug Co., Roxy Theatre, Farmers Elevator, Lee West. Patrons in trading at these stores are urged to ask for their tickets.

Mr. John Rhea and daughter, Mrs. E. E. Chamberlain, and children have moved to Weatherford, and Mr. and Mrs. J. A. Kennedy and family have moved into the Rhea residence.

## KNOW THIS MAN?

Chief of Police Shannon Layne has received a letter from Toledo, Ohio, seeking to locate David Yardley. Anyone knowing this man will confer a favor by telling him about this letter:

Toledo, Ohio, July 9, 1933.  
Chief of Police, Munday, Texas.

I am writing to see if you will find David Yardley, who is said to be in Munday, Texas. If you find him please have him report to Toledo, Ohio, 372 Wabash Street, as his father is very low.

The letter is unsigned, but it is supposed to be from some member of the man's family.

## Seldon J. Reed Abilene, Chosen By School Board

Seldon J. Reed of Abilene has been elected by the school board here to succeed Elley B. Harrell as teacher of science in the high school. Mr. Harrell recently tendered his resignation to the board to accept the position of city secretary in Munday.

Mr. Reed is a native of Kentucky and has been in Abilene for the past five years, a major portion of this time he has been a student in Simmons University, and has served as assistant teacher there.

Another change in the personnel of the school will be the addition of Miss Myrtle Lowe to the faculty in the grammar school. Miss Lowe was elected to fill the vacancy caused by the resignation of Mrs. L. S. Hardegreve. Miss Lowe is a daughter of Mr. and Mrs. E. B. Lowe and is a graduate of the Munday High School and attended the College of Industrial Arts at Denton, and has been teaching the past few years.

## Industrial Recovery Is Topic of C. Meeting

The Administration's Industrial Recovery Act was the topic of discussion at the luncheon of the chamber of commerce at the Munday hotel on Tuesday. Various business men gave their version of the effect that new law would have on their individual business. Among those who talked on this subject were Leland Hannah, J. C. Caughran, J. C. Campbell, W. R. Moore, Jack Mayes, E. H. Baum, J. A. Kennedy.

An appropriation of \$15,000 was voted for the Girl's 4-H clubs of the county for the purpose of assisting the club members to attend a state meeting at Austin.

President Tom Haney named R. B. Davy, Leland Hannah and Dick Atkinson as a committee to investigate the demand for the re-opening of the community canning plant at the city hall, and to supervise its operation during the season.

Sunset Boone called attention to the advisability of establishing First Monday as trades day here, and he was named as a committee to work on the plan with authority to choose other members of the committee to put the movement into effect.

## Merchants Will Continue Giving Cash Prizes Here

Contrary to rumors that have been current recently the merchants of Munday will continue the distribution of cash prizes to their patrons each Saturday until they have been notified otherwise. While the cash prizes have been reduced from \$25.00 to \$12.50 each week, due to a falling off in the volume of business at this season of the year, the following merchants will continue to give tickets with each 50 cent purchase as they have been doing for some time: Akers Dry Goods Co., Baker Campbell Co., Birdsong's, R. B. Bowden Station, Boone Dry Goods Co., Fred Brouch, Elland Drug Co., Worth Gafford Barber Shop, Chas Haynie Barber Shop, Hanes Grocery, The Hat Shop, U. R. Houser, Geo. Isbell, Munday Times, C. B. Jones, Maxwell Brothers, John McGraw, Moore Chevrolet, Perry Brothers, Inc., Piggy Wigley, Rexall Store, John C. Spann, Tiner Drug Co., Roxy Theatre, Farmers Elevator, Lee West. Patrons in trading at these stores are urged to ask for their tickets.

Mr. John Rhea and daughter, Mrs. E. E. Chamberlain, and children have moved to Weatherford, and Mr. and Mrs. J. A. Kennedy and family have moved into the Rhea residence.

## Little Pen-o-grams

JUST AS WE HAVE DECIDED TO TAKE NO VACATION SOME EARLY BIRD SENDS US THIS?

## Goree Comes To Munday Contest Sunday Afternoon

Munday's next scheduled game will be played here Sunday afternoon at 3:30 with the Goree aggregation as opponents and, as usual, a large attendance and keen interest is expected each side before the advent of the present baseball rivalry, and when they come together you may expect each side to exert every effort to win.

While the Goree team hasn't been going so strong this season as in years gone by they have recently added some talent to their team which should materially strengthen the lineup, and fans may expect a real exhibition in Sunday's game.

Munday, Hamlin and Rule, are at the head of the percentage column for the second half to date, each team winning both games played, while Goree, Haskell and Stamford have lost both games played. Sunday's schedule calls for Haskell at Hamlin and Stamford at Rule.

## Lone Star Gas Ad Wins First Award For Third Year

For the third consecutive year, the Lone Star Gas System has won first prize in a national advertising copy contest among the major gas companies of the country. The winning ad, entitled "Natural Gas Is Your Lowest Priced Domestic Servant," was judged the best piece of copy among all advertising placed in newspapers by gas companies of the United States in the year 1932.

Public Utilities Advertising Association, which conducts the contest, announced the award at its annual meeting held in Grand Rapids, Mich. The prize ad appeared in this newspaper and more than 200 other Texas and Oklahoma newspapers in February last year. Copy was prepared by Willard G. Wiegand, assistant advertising manager of the Lone Star Gas System. Will C. Grant is manager of the advertising department. Western Newspaper Union set the type and made the stereotype plates and mats for the ad. Lone Star also won first prize last year in the same contest with an ad written by Mr. Wiegand and received first honors again in 1931.

The nation's best gas advertisement was a simple, direct statement of how much gas service a penny will buy. It stated that one cent's worth of natural gas service will cook a good dinner for three people, operate a bath room heater for two hours, heat enough water for two baths, operate a living room heater for 25 minutes, make 33 cups of coffee, heat enough water for 14 showers or run a gas refrigerator for eight days.

Mr. and Mrs. Cecil Jennings are in Wichita Falls this week where Cecil is playing in the Junior Chamber club entered in the tournament which is James Dixon of Gilliland, who is proving to be a most excellent golfer.

## Thinking Out Loud

By J. A. K.

One of our good farmer friends called our attention to a practice that is very common and which has caused considerable loss to farmers, and that is in shooting jackrabbits near a farm home and leaving the carcass where it is killed.

This practice has caused the loss of chickens and turkeys in great numbers, and he states that farmers are glad to have the rabbits killed, but it would require but little time to throw them on the runningboard of the car and take them a distance from the home. Hunters should bear this in mind.

Up at Lake Kemp a few days ago we came upon a spot where a group of campers had spent the previous night. Fish and waste made the place unpalatable, all because the campers were too careless or too cockeyed lay to clean up the premises and burn all waste matter before departing. Or perhaps they live that way at home.

Oklahoma, the first state to insert prohibition in its original constitution, voted "wet" on Tuesday by a substantial majority, and for the first time in history citizens of the Sooner State may soon quench their thirst legally within the borders of that commonwealth.

Personally, we are well pleased with the new banking law which provides that all deposits under \$10,000 be guaranteed. This limit will cover our deposit under ordinary conditions.

However, the thing would have been perfect if they had only gone a step further and guaranteed all checks.

Furthermore, we favor a drastic reduction in thermometer readings. When it's 110 in the shade it's too darn hot in the sunshine.

## Cost of Production Figures On Cotton Given By Govt.

Some interesting figures on cost of producing cotton has been given us by A. E. Whittemore from a bulletin sent out by the United States Department of Agriculture. This report shows that for the year 1932 the average yield per acre was 160 pounds of lint cotton. The costs were

divided as follows, per acre: preparing and planting \$1.92; Cultivation and hoeing \$2.84; harvesting \$3.04; seed \$6; miscellaneous \$1.65; ginning \$1.67; land rent \$2.95; total \$14.58. The figures compiled give a credit per acre of \$1.59 for seed, and show a net cost of lint per acre, including rent, or \$13.23 or 7.9 per pound, excluding rent, \$1.28 per acre or 6.1 per pound.

Mr. Whittemore believes that these figures will be of value to land owners in working out an equitable division of acreage being retired.

## Supt. G. C. Jones Here; Reports Dry Weather On Plains

Supt. G. C. Jones was here first of the week, having stopped here en route to Stephenville, where his son Chester is a student in John Tarleton College, after an extended trip over the plains country in Texas and New Mexico, and he states that in portions of the north plains there is absolutely no vegetation due to the extremely dry weather. In fact, Mr. Jones stated that the only crops on the plains north and west of Plainview were in the irrigated districts.

Mr. Jones stated that he would return to Munday about August 1st and begin making plans for the opening of the school.

## Munday Wins In Pitcher's Duel Over Cisco Team

Munday's entry in the Wichita Valley League jumped off down to Cisco Sunday for an exhibition game with the fast Cisco team and brought home the big end of a 2-1 score in a pitchers duel between Chester Smith and Jennings. Cisco's ace, in a game that gave the fans a thrill that was worth all they deposited at the gate.

Smith was in perfect form and allowed only five hits throughout the game. However, in the eighth he suffered a slight injury to his pitching hand in the beginning of the ninth he lacked his usual control, and after Cisco had secured a single and Smith had pitched three wild ones to the next batter he was withdrawn and "Lefty" Hambright finished the argument by the process of three up and three down.

The real sensation of the game was in the seventh inning when, with the score tied, "Big Jake" Myers connected with one for a line drive over the center field for a home run. Munday's only other score of the game came in the fourth when Rayburn singled and went to second on a sacrifice by Albert Loran, who was thrown out at first. L. Keubler singled, scoring Rayburn.

R H E  
Munday 000 100 100-2 8 1  
Cisco 000 001 000-1 5 0  
Batteries: Munday, Smith, Hambright and Myers; Cisco, Jennings and Abbott.

## A. and M. Short Course Plans Are Calling For Action

There will be more of doing and less of listening at the A. & M. College Short Course for farm and ranch folks the week of July 24th than at any other of the previous 23 "farmers' short courses held on the A. & M. campus. There will be more acting and less sitting still, more demonstrations and fewer lectures, more initiation into the tricks of many rural trades and not so much of theory, however practical that theory has been in the past. It will be, in short, an extension short course.

This describes in brief what visitors may expect when they gather at A. & M., July 24 to 29, and we are very anxious for as many men, women, boys and girls of Knox County, as possible attend.

If you are planning to go, you should get in touch with Jewell Faulkner, County Home Demonstration Agent, Munday, immediately, so that the reservations may be made at an early date. ALL RESERVATIONS WILL BE MADE THROUGH THIS OFFICE. 27 reservations have already been made, but we are sure there are other persons, men, boys, women or girls who feel they cannot miss this meeting.

## Thrilling Acts "Bunny" Dryden Prove Attraction

Several hundred people in addition to the usual large Saturday crowd was here Saturday to witness thrilling and daredevil acts of "Bunny" Dryden, who, as stated in last week's paper, walked a high wire stretched from atop the city hall to the Pendleton Elland building, the wire being thirty feet above the ground and one hundred and sixty feet in length. Not only did Dryden walk the wire and perform the many seemingly impossible stunts, but as stated, he carried J. A. Kennedy, Mayor of Munday, across the wire on his shoulders after Mrs. Kennedy and Miss Lillie Mae Worthington, both of whom had expressed a willingness to make the trip, had undergone a change of mind after taking a view of the ground from atop the building.

Dryden's appearance here was the last such performance he will give, as he and Mrs. Dryden left on Sunday morning for Chicago, where Mr. Dryden is under contract with the Ripley "Believe It Or Not" Odditorium.

While he has been engaged in high wire walking for many years, it may seem strange that Mr. Dryden's only injury during these years was received some months ago in walking a low wire at Comanche, Texas. In completing a double somersault on the low wire there the wire broke as he made his landing and he suffered a broken toe and other minor injuries.

Many of our good friends have asked us to tell something of our sensation in going across, which would be a difficult task. In our first trip across on Thursday afternoon we must admit that soon after leaving the building we concluded that we were not adapted to that sort of thing, but the performer kept our nerve up by constantly talking to us and advising us that it was a very easy thing and that he could walk or skip across with ease, but such an act would not seem difficult to the audience and that in making the distance slow and easy it seemed far more difficult to perform. After making the first trip over the wire the second did not cause anything like the thrill that the first one did, and we were enabled to understand why he and other performers of daredevil stunts gradually become accustomed to subjecting themselves to dangers.

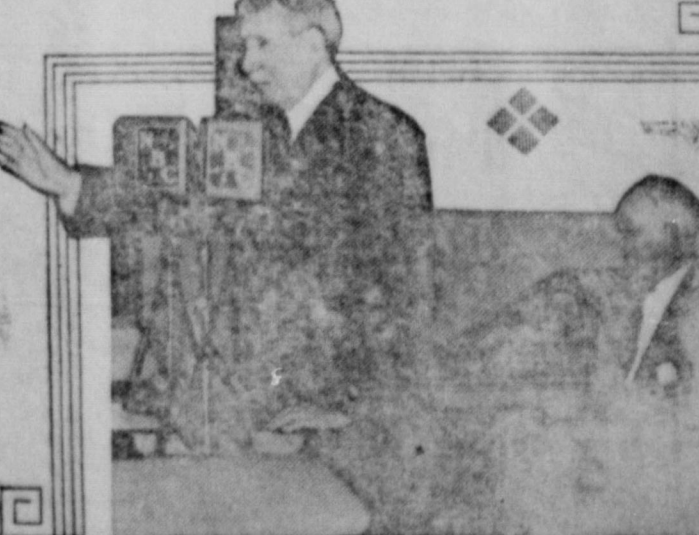

We believe we can safely say that Dryden has an act that will thrill and hold spell-bound an audience, and we have witnessed many such acts in circuses and other places of amusement, but we have never witnessed a wire-walking act that equaled his, for in most instances of high wire walking the performer is working over a net that would render harmless any mistake that they might make, but with Dryden there was nothing to check his fall should he have fallen.

At Munday's meeting of the C. C. council a resolution was passed increasing the minimum water to persons of the municipal water system to 14,000 gallons per month during the months of July and August. This action was taken with a view of enabling citizens to use water for irrigation purposes, giving it in the above amount of water or the minimum of \$1.50 per month.

## Water Minimum Increased For Summer Months

At Monday night's meeting of the C. C. council a resolution was passed increasing the minimum water to persons of the municipal water system to 14,000 gallons per month during the months of July and August. This action was taken with a view of enabling citizens to use water for irrigation purposes, giving it in the above amount of water or the minimum of \$1.50 per month.

## Two Great Americans Help New York Repeal

Elba Root (speaking), grand old man of the Republican party and an internationally known statesman, and Alfred E. Smith (sitting), famous in Democratic ranks, were united in a common cause as New York state ratified the prohibition repeal amendment, the convention unanimously voting repeal. Through popular choice Alfred E. Smith was made president of the convention. Mr. Root was received with wild acclaim.

## PIGGLY WIGGLY

## LOCALS

Mrs. B. R. McConnell and son, Benjamin Rush, have returned to their home in Waco, Texas, after a visit here with her mother, Mrs. A. J. Birdsong.

Carl Patterson, county attorney of Knox county, was a visitor in Munday Thursday.

The many friends of the family will regret to learn of the illness of Master Lynn Chapman, who has been confined to his bed for several days with a throat ailment.

Mr. and Mrs. Harvey Hill and daughter, Miss Billie True, left first of the week for a vacation through the Ozarks and other points of interest.

W. H. Lowe of Bryson, Texas, came in first of the week to assist his sister, Mrs. A. J. Birdsong, in the operating of the Birdsong Dry Goods Store. Mr. Lowe is an experienced drygoodsman and should prove an asset to the business life of Munday. Mrs. Lowe will join her husband here at a later date to make this their home.

John Cook and son, M. L., of Putnam, Texas, were here Thursday shaking hands with old friends.

Dewey Murphy and family of Brownfield have returned home after a two weeks visit with his parents, Mr. and Mrs. W. F. Murphy and their many friends in and around Munday.

Mrs. T. A. Holt left several days ago for Springdale, Arkansas, to be at the bedside of her sister, Mrs. J. P. Carnahan, who is critically ill, and later reports from there are to the effect that little hope is held out for her recovery.

Mrs. E. E. Akers accompanied by her daughter, Mrs. Adrian Akers and granddaughter, Emmett Ophelia, were in Dallas the first of the week purchasing fall merchandise.

Mrs. Orb Coffman of Goree was a visitor in Munday Wednesday afternoon.

## HIT OF THE WEEK

It's too hot to think only of a way to cool off. The best way to do that is to drink one of our Jumbo Milk Shakes, a creamy Cream Soda, or whatever you like. Remember, all of our syrups are made from Smith, Jr.'s True Fruit Extracts. Try one—it will call for another.

Your Prescriptions Carefully Compounded

TINER DRUG CO.

Mrs. A. J. Birdsong has had as guests recently her son, H. L. Birdsong, and family of Lone Pine, Calif., and her brother, E. E. Lowe and his wife and daughter of San Angelo, Texas.

Mrs. Claude Bowden and children, who have been visiting relatives here for the past few weeks, left first of the week for their home at Whiteface, Texas, and were accompanied by Miss Naomi Bowden, who drove them through in a little more than five hours.

Miss Dorothy Sullivan has returned to her home in Greenville, Texas, after an extended visit with her cousin, Rozelle Jones.

## Want Ads.

Am wrecking '28 Model Dodge, 1 Victory Six Dodge, 1 '29 Model A Ford. If in need of parts for any of these cars see J. B. WRECKING YARD, Munday, Texas. 11p.

"Big Train" Johnson

Walter Johnson, famous speed-ball pitcher beloved by all fans, is back in the big show again, now managing the Cleveland Indians in the American League.

Mr. and Mrs. Allen of Haskell have recently moved to Munday and are living in the G. H. Craig home. Mr. Allen is receiver for the First State Bank here.

## SOCIETY

Mrs. W. R. Moore Hostess  
Monday Night Club

The Monday Night club was entertained this week at the home of Mrs. W. R. Moore with three tables of contract bridge. Following the games fruit punch and white-nut cake were served Messrs. and Mrs. F. S. Broach, J. D. Kethley, Tom Haney, H. A. Pondleton, E. W. McGlothlin, R. B. Davy and Mr. Moore.

High score was won by Mrs. Haney and Mr. Kethley.

Good Will Class Enjoys  
Swim Seymour Park

The "Good Will" girls of the Methodist Sunday School enjoyed a most delightful two hours swim in the Seymour pool recently when their teacher, Mrs. H. C. Hand was chaperon. Following the swim a delicious plate lunch was served Elen Francis Mauldin, Geneva Smith, Ophie Pruitt, Maurine Levers, Wanda June Williams and Laverne Eiland. Mrs. Hand was assisted in the entertainment of this class by her daughters, Misses Luennette and Algie Hand.

LANSFORD APARTMENTS

Mrs. Chester Borden  
Hostess Bridge-Luncheon

Mrs. Chester Borden was hostess Tuesday to the Diversity club and a number of guests at a covered dish luncheon. Bowls of bright hued flowers were used in the decorations for the home. A buffet luncheon was served at the game tables, where contract bridge was enjoyed throughout the afternoon. Mrs. E. H. Bauman made guest high score with Mrs. J. A. Kennedy winning club score. Those attending were Mrs. E. D. Atkinson, D. T. Mauldin, J. D. Kethley, H. F. Barnes, John Spang, J. A. Kennedy, W. H. Atkinson, Everett Roberts, E. H. Bauman, Avis Maples, and Earl Holt of Abilene.

Misses Couch and Palmer  
Are Honored

Miss Vivian Rogers entertained Saturday morning, June 24, at her home, honoring Misses Mary Couch of Haskell and Annie Palmer of Anson. Three tables were placed for contract bridge. Mrs. Rex Holder winning high score. A lovely plate of tuna salad, olives, cheese wafers, rolls, cookies, and iced tea was served Misses Mary Couch, Annie Palmer, Lela Brock, Maxine Penleton, Jeanette Campbell, Louise Aycock and Misses Carl Jungman, Rex Holder, Joe Mayes, Sebern Jones, Harry Williams and Carol Blacklock of Chickasha, Oklahoma.

Luncheon Given Honoring  
Mrs. Frank Hicklin

Mrs. Frank Hicklin of Weatherford, mother of Mrs. Fred Broach, was named honor guest at a luncheon party given by Mrs. S. E. McStay at her home in Goree Wednesday morning. Mixed bouquets of summer flowers were beautifully arranged throughout the home. Progressive Eighty-four was played and at twelve a delicious plate luncheon was served. Guests from Munday included Mrs. Hicklin, Fred Broach, W. H. Atkinson, E. E. Alexander, A. A. Smith, T. G. Berge, C. L. Mayes, W. E. Braly, D. T. Mauldin, H. H. Langford and Louise Ingram. Goree guests were Mrs. Orb Coffman, S. F. Farmer, W. L. Stewart, C. C. Maloney and Ray Taylor.

Mr. and Mrs. W. H. Chapman and little son, Lynn, spent the week end in Abilene and Winters, ad were accompanied home by Mrs. Earl Holt, who will spend several days here with her parents.

Mr. and Mrs. R. D. Atkinson and children spent Sunday in Granfield, Okla., guests in the home of an uncle of Mrs. Atkinson. They were accompanied by Mrs. Atkinson's brother, Murray Ferguson, of Fort Worth, who is here on a visit.

Mr. and Mrs. Bernard Cartwright and children of Boerne, Texas, are here this week visiting in the home of his brother, Louis, and other relatives and friends.

Dr. and Mrs. E. Y. Cornelius of Dallas were guests here over the Fourth with her parents, Mr. and Mrs. A. E. Whittemore.

## Alka-Seltzer

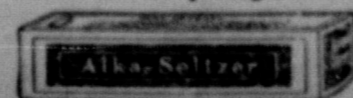

The New Pain-Relieving, Alkalizing, Effervescent Tablet

Watch it bubble up, then drink it. You will be amazed at the almost instant relief.

It is called Alka-Seltzer because it makes a sparkling alkaline drink, and as it contains an analgesic (Acetyl-Salicylate) it first relieves the pain of everyday ailments and then by restoring the alkaline balance corrects the cause when due to excess acid.

After trying many brands of medicines—so-called relief for gas, and all of them a failure gave up hope. By chance I tried Alka-Seltzer—I am more than satisfied. Geo. Bennett, New York, N. Y.

Get a glass at your drug store soda fountain. Take home a 30 cent or 60 cent package.

# STEEL ALONE IS NOT ENOUGH!

—neither strong enough, nor safe enough, nor quiet enough for the body of a quality car like CHEVROLET

**CHEVROLET** Why is it that every 12-cylinder and 16-cylinder car in America has bodies of steel reinforced by hardwood? Why is it that every make of car selling for over \$4000 uses bodies of exactly the same type? Why? For the same reason that Chevrolet uses it exclusively. Because every test and every experiment have definitely proved: **STEEL ALONE IS NOT ENOUGH!**

The trouble with steel alone is that it stands just so much shock and punishment. Steel alone is also inclined to rattle and rattle. BUT—when you put the two together—a heavy, staunch steel body over tough, solid hardwood—then the hardwood reinforces the steel—and vice versa! And the result: the strongest, safest type of body, such as Fisher builds for Chevrolet.

CHEVROLET MOTOR CO., DETROIT, MICH.

All prices f. o. b. Flint, Michigan. Special equipment extra. Low delivered prices and easy O. M. A. C. terms. A General Motors Value.

**What Will We Do With The Time?**

It seems to be definitely on the cards that our reorganized industries will operate on a shorter working schedule than has prevailed in the past. Workers are to have a higher average wage and a shorter average working week.

In other words, everybody is to have more time for play.

It seems to us a rather important question: What will we do with this added leisure?

Beyond doubt, there will be a big boom in commercialized entertainment, all the way from the so-called sport of professional baseball, box-

ing matches and the like, to super-super talkies and theatrical entertainments of all kinds. For there will always be a large percentage of people who have never learned how to get any real benefit out of their spare time, largely because they never had any spare time and partly because they are too lazy or too stupid to take part in any sort of sports or games themselves.

But we think there are signs that more and more people are interested in what may be called the old-fashioned ways of having a good time in their leisure hours, besides going out on petting parties in their automobiles. Roller skating has come back

**Today And Tomorrow**

By Frank Parker Stockbridge

**GREED—in human nature**

Nellie Gray died a few weeks ago. A chronic invalid, tricked out of her small inheritance as a young woman, she had been the town pauper of West Stockbridge, Mass., for twenty years. Then a brother died and left her \$85,000. The first thing Nellie did with the money was to pay back to the town all the money the taxpayers had contributed to her support.

Only one of Nellie's relations ever did anything for her when she was poor. He was a cousin who was almost as hard up as she was. But as soon as she got her inheritance relations flocked to her house from all directions. When she died seventeen different families claimed a share in her estate. They had left her to starve, but now they wanted her wealth.

The probate court examined all the claims. There was no claim on behalf of the only relation who had ever done any thing to benefit Nellie Gray. He said he didn't need it; he could get along. He wouldn't like anyone to think he'd been kind to his

strong. So has bicycling; bicycle makers say they are doing a record business. And that is not because people haven't got cars it is because a new generation of young people have discovered, what their grandparents knew, that there is more real enjoyment and health in a day of cycling in the country than there is in a day's motoring.

In almost every community there are better facilities for community sports and entertainment than there were only a few years ago. With more people having leisure in which to take part in them, we ought to develop new forms of community activity in which everybody can have a good time.

And we hope, too, that some of the new leisure will be spent by at least a few in the cultivation of the intellect. Most of us could do a good deal more of that.

self to a couple of chattering high-school girls.

Her father, overhearing her, remarked:

"You make me think of a Methodist paragon in England, where there were two daughters. They may have felt much as you do, but those two girls gave the world two of today's most famous men. One of them became the mother of Ruyard Kipling, the greatest living poet, and her sister's son, Stanley Baldwin, became Prime Minister of England."

I saw the minister's daughter a little later, talking earnestly with a young college professor on vacation, whom most of the village girls have branded as a "dud." I couldn't be sure, but I thought she was letting him hold her hand.

I imagine that belief is as old as humanity. Folk ignorant of physiology attributed internal pains to some sort of an actual reptile in their vitals. But I had supposed that everybody knew enough in these enlightened days to realize the impossibility of such happenings, until I saw a newspaper article from a seashore resort the other day.

According to this story a young woman walking on the beach picked up what she thought was a pearl.

She put it in her mouth and accidentally swallowed it. And some time later, according to the account, she died in agony, devoured by an octopus which had hatched from the egg that she had mistaken for a pearl.

Apparently there are still people gullible enough to swallow such stories. Age-old beliefs do not vanish as speedily in the face of knowledge as I had imagined.

**CHANCE—And a "Dud"**

At a church lawn-party not long ago I heard the minister's daughter complain, half seriously, that young men shy off from girls who live in a parsonage.

"What chance has a minister's daughter?" she sighed, with one eye on the handsome young man who tends the soda-fountain in the village drugstore, who was desisting him-

**HERE'S MY GAS—GULF TRAFFIC!**

*He knows his low-priced gasoline!*

**THAT GOOD GULF FOR ME!**

*She's a shrewd shopper!*

**I'M SOLD ON NO-NOX ETHYL!**

*He'll pay more and get more!*

**3 kinds of gasoline for 3 kinds of buyers!**

PERHAPS you want a good low-priced gas. Perhaps you want a medium priced gas that's packed with power. Or perhaps you want only the highest-test premium gasoline.

Whichever one of the three it is—you can come to Gulf and get it!

For Gulf offers you your choice of 3 fine gasolines and 4 fine motor oils. Each is the best of its kind. Each offers amazing quality for the price. Try them! Drive in—and take your pick!

**\* THEY'RE FREE! \***

Every Gulf station gladly cleans your windshield, fills your radiator, inflates your tires and checks your oil...FREE.

© 1933, GULF REFINING CO., PITTSBURGH, PA.

**3 GREAT GASOLINES**

<i>Gulf Traffic</i> —A dependable, white anti-knock gas	LOW PRICE
<i>That Good Gulf</i> —The famous FRESH gas—now lubricated. No extra cost.	MEDIUM PRICE
<i>No-Nox Ethyl</i> —As fine gasoline as money can buy, plus Ethyl.	PREMIUM PRICE

**4 GREAT MOTOR OILS**

<i>Gulf Traffic</i> ... Safe! A dependable low-priced oil.	15¢ a quart (plus tax)
<i>Gulf-Lube</i> ... Gulf's sensational new "high-mileage" motor oil (or <i>Gulf Supreme</i> , "The 100-mile-an-hour oil.")	25¢ a quart (plus tax)
<i>Gulfride</i> ... No fear motor oil in the world.	35¢ a quart (plus tax)

**Itinerary of Jewell Faulkner for the 3rd Week of July**

Because of preparations being made prior to the Farmers Short Course, held July 24 to 29, no clubs will meet during the 3rd week of July. This time will be spent in the office and anyone wishing information concerning the short course, may receive it by calling at the county home demonstration agent office.

**New Hope Baptist Church Revival**

The revival meeting which began at New Hope Baptist church last Sunday is progressing in a nice way. Good crowds are attending and the plain outspoken messages being brought by the pastor seem to be en-

joyed by all. The meeting continues next week with both day and night messages. A cordial invitation is extended to everyone to come. We have plenty of brand new song books and all lovers of good music are invited to come and help us.

## Impish Cast Turns College Into Mad House With Songs

Blitz Crosby, Richard Arlen, Mary Carlisle, Jack Cain, George Burns and Gracie Allen, Coach Howard Jones of U. S. C., Lona Andie, Mary Keenan, and the "Ox-Road Co-Eds" They're the ones that turn the old "Whoops" into a mad-house of hoots in that glorification of what co-eduction ought to be, aptly titled "College Humor," which will open Sunday at the Roxy Theatre.

They're absolutely mad, this cast—mad and beautiful and hilariously funny and they turn out as good a job of light, carefree entertainment as you've ever seen from Hollywood studios.

It's an insane conception of college life—but how the boys and girls would throng in Mid-West University if only college life was a little bit like this!

Co-eds are out for their men and men are out for their co-eds and nothing takes the place of stultified and Blizz Crosby as an instructor, Jack Cain the "braggart" freshman, enters Mid-West. "College Humor" registers the events of his four years there—and you're praying that he hangs on that you can go through another four years of fun with him and the blondes and brunettes and red-heads that make up the student body.

Burns and Allen run the campus sweet shop, selling sweets to the sweets and nuts to the nuts and they sell as much of use as they do of the other.

If you like a good cry at the movies—don't go to "College Humor," but if you like to laugh—and can stand the strain of one continuous guffaw for almost an hour and a half—matriculate at Mid-West University down at the Roxy Theatre and learn what college life ought to be like, in "College Humor."

Wilbur Baker of Dallas stopped in Munday for a brief visit on Thursday afternoon enroute home from Knox City, where he had been visiting his mother, Mrs. P. B. Baker, manager of the Knox County Hospital.

## Rockefeller 4th

John D. Rockefeller, fourth of John D. Sr., is at work in a N. Jersey plant of the Standard Oil Company and is reported as having a \$4.50 per week room.

## Cancer Ranks Fourth As Cause of Death In State of Texas

Dr. John W. Brown, State Health Officer, in speaking of cancer, said that it ranked fourth as a cause of death some time before it is recognized because the disease usually kills in Texas, being exceeded only by heart disease, tuberculosis, and pneumonia, in the order named. One of the reasons so many people die of cancer is because the disease usually progresses from a local and small cancer to a large and dangerous one.

In the beginning cancer is not painful, if it were many would go to their doctor immediately and receive treatment. Any cancer, especially in the breast, which grows and remains without any satisfactory explanation, should be looked upon with suspicion. Other suspicious symptoms are any sore which does not heal about the tongue, mouth, or lip; sores caused by broken teeth or ill fitting dental plates should receive attention; irregular bleeding or discharge from any of the orifices of the body is a danger signal; persistent indigestion with loss of weight is a symptom of cancer of the stomach, which is as frequent as to make early detection possible. With any of these signs one should go immediately to a doctor.

In many cases the suspicion of cancer will have been unfounded but it is better to be safe.

It is desirable to treat all diseases in their early stages, but in no affliction is it more important than in cancer. The danger is like that of a fire, at first there is but a spark which can be easily extinguished but if let go unchecked it soon becomes unmanageable. Many cases of cancer can be cured and many more prevented if the public will give their full cooperation to the medical profession. Periodic physical examinations made with cancer in mind affords the best protection against this disease.

Surgery, x-ray and radium are the main weapons which are used to combat cancer. They are employed as preventives when they remove pre-cancerous conditions and as a cure when they remove the cancer itself.

Modern Electric Refrigeration Will Plug These Budget Leaks!

You're throwing away 20 per cent of your food bill—if your home lacks modern refrigeration equipment—through losses in wasted food . . . spoiled food . . . and small quantity high price buying! This substantial sum will make the payments on a modern, efficient, money-saving Electric Refrigerator!

Food experts agree that in the average home an Electric Refrigerator will save at least one-fifth on the cost of your food. Half of that sum will be saved through the elimination of spoilage and the safe preservation of valuable left-overs. The other half will be realized through quantity buying at "week-end bargains" offered by your grocer. These important savings are possible with a modern Electric Refrigerator, because this invaluable "Electrical Servant" provides the proper temperatures for safe and healthful refrigeration . . . automatically!

Let a new Frigidaire earn its way in your home. You can pay as it saves—then bank the balance. Ask for a demonstration—and about present low prices and easy terms . . . TODAY!

Do you know that your increased use of Electric Servants is billed as a savings? Really low rates on holidays . . . and added only a small amount to your total bill!
