\$100,000 FOR PUBLIC WORKS IN COUNTY

Thinking Out Loud

By J. A. K.

Starting out with a salutation which reads: "Dear Jess and other names I dare not print," comes an elevating gripe from one Frank Greer, Co. 850, CCC, Boyd, Texas.

It seems that this bird had a hankerin' to read some uplift literature and accordingly had his name enrolled as a bona-fide subscriber to this publication, giving us a Gainville address. Now he writes from Boyd, Texas, and lets out a yelp because he isn't getting his paper at Boyd, Texas.

After saying a lot about Chick Sale and his engineering feats, this saplin climber assures us that he reads our paper, and really wants it for that purpose, and we're therefore changing his address and hope he'll pass it on down the line to the other thirteen.

Prof. John F. Odor, superintendent of the Hefner schools, was a caller at this sanctum the other day and stated that he was giving his student body a thorough going-over on spelling, and we made some comment about the old blue-back spelling book, both of us contending that we who studied it could stand longer in a spelling-match than the modern high-school student or graduate.

But since we have made a boast about spelling we should probably state that typographical errors frequently creep into our paper, which are due almost entirely to our typewriter and our linotype operator. We've never found a typewriter that would spell all our words, correctly, as we would have them spelled, and that accounts for our bad spelling, at least, it's a good alibi.

But that just reminds us that we might give the schools a little co-operation along this line, and we're therefore going to give a brand new crisp one dollar bill to the student who returns to us by Wednesday of next week a copy of this paper with the largest number of misspelled words marked therein. There are no rules except the paper must be marked by a student in some school. Get busy now, and win this dollar bill.

Munday has on it's holiday attire. The business firms of the city have decorated their show windows in keeping with the Yuletide season, and colored light strung at intervals across the street give our city the real Christmas spirit, despite the fact that the weather man seems to be all balled up and is still giving us delightful autumn weather.

Clyde Nelson Makes Announcement For Office of Weigher

We are authorized to announce the candidacy of Clyde Nelson for the office of Public Weigher, subject to the action of the democratic primaries.

Clyde is one of the home boys, having life and he is too well known to the people of this community to need any introduction at our hands.

In announcing for the office Mr. Nelson stated that should he be honored with the office he would install and maintain a set of accurate wagon scales for the convenience of the farmers of this community in weighing their products, which scales would be tested at regular intervals by state inspectors and their accuracy always maintained.

He further promises that he will give his very best efforts in rendering a faithful and efficient service should he be elected, and respectfully asks that the citizens of the district give his candidacy their earnest consideration.

W. R. Moore is at the bedside of his mother who is critically ill at Ardmore, Oklahoma. At the last report, her condition remained unchanged.

Bond Election To Be Held Monday

Voters Will Pass On Issuance Bonds For New Building

Voters of the Munday Independent School District will vote Monday on the question as to whether bonds in the sum of \$40,000 shall be voted upon the district for the purpose of building a new grammar school building to replace the old building.

The election was called some time ago when it was pointed out that in order to secure funds from the Federal Government on building projects applications would have to be in by January 1st, and the board decided to submit the proposition to the voters with a view of getting the advantage of the 30 percent labor grant that is being allowed on projects of this character.

Much interest has been shown in the election during the past few days, the proposition having developed much opposition, while those favorable to the proposition are likewise making an effort to put the movement over.

Statement Made By School Board With Reference To Bonds

Since there has been much discussion the past few days with reference to the proposed school bonds for the erection of a new grammar school building for Munday Independent School District, I feel that in justice to myself and other members of the board that I should make a statement setting out our reasons for bringing the question to a vote at this time.

As most people know, at the present time the Federal Government is aiding in various kinds of building and construction programs, allowing labor grants up to 30 percent of the cost of the project.

Since this was the case it was the opinion of the members of the school board that the citizens of this school district should have an opportunity to pass upon the question at this time rather than to vote on bonds for the full cost of a building a few years later.

This board has no purpose to serve other than the best interests of our school and our people, and should they feel that it would be unwise to incur an added obligation at this time we shall have no complaint to make.

It is not the aim of this board to "condemn" the present grammar school building. We are merely passing that responsibility on to the fathers and mothers of this community in this election, and when they have spoken the board will be relieved of responsibility.

Respectfully Submitted,
H. F. BARNES, President.

W. D. McFarlane Is Visitor In Munday On Thursday Night

W. D. McFarlane, member of Congress from the 13th district, was here Thursday night, and in conversation with the Times man stated that he would assist our city in any way possible in procuring the funds for the proposed recreation center for which funds have been applied for.

Mr. McFarlane, whose home is at Graham, formerly represented this district in the State Senate, and has a large host of friends in Knox county who will be pleased to know that after January 1 he will be our Congressman, Knox, Ford and Hardeman counties having been transferred to the 13th from the 19th district in the re-districting bill recently enacted by the State Legislature.

Mr. McFarlane is one of the members of Congress who stood firm for the Frause bill, which would have set a price on farm commodities above the cost of production, and which was sponsored by leading farm organizations over the nation.

Rev. and Mrs. H. C. Hand were guests at a Father and Son Banquet at Knox City where Rev. Hand was the main speaker, his subject being "The Father and the Son."

600 Bales Cotton Destroyed By Fire Munday Compress

Fire of undetermined origin destroyed approximately 600 bales of cotton at the plant of the Munday Compress company here Sunday afternoon, and for a time the entire plant together with approximately 8000 bales stored in the warehouse and adjacent thereto was threatened by the flames, but due to the efficient work of the Munday fire department the flames were confined to the cotton stored in the open to the south of the compress plant, the fire originating at the extreme south portion of the yard.

The fire department from both Haskell and Seymour were summoned when it seemed that the fire would spread to the compress plant, and the Haskell department made the run in the record time of twenty minutes. The Seymour department responded also but did not bring their fire-fighting equipment.

Practically all of the cotton destroyed was government cotton and had been stored at the south end of the compress warehouse awaiting the completion of a large warehouse which was under construction and was about half completed at the time.

Members of the Munday fire department have received numerous compliments during the past few days for the efficient manner in which they worked in checking the flames, and due to the nature of the fire were occupied for several hours in fighting the flames.

Late Sunday afternoon a large crew of negroes were brought here from the company's plant at Stam-

Peter Loran Will Be Candidate for Commissioner Again

Peter Loran of Rhineland has authorized us to announce that he is again a candidate for the office of County Commissioner, precinct No. 4, Knox county, subject to the action of the democratic primaries.

Mr. Loran made the race for this office two years ago and received a very fine support, having gone into the run-off, and he feels that he can render a valuable service to the county and to the precinct which he hopes to represent, should he be honored with the position of trust.

Mr. Loran is possibly the best known man in Knox county, having resided in the county for more than forty years and being one of the real pioneer citizens of the county. He has given much thought to the needs of the county and its citizens, and as a taxpayer he certainly understands the necessity of keeping taxes at a minimum, and his promise to the people of the precinct is that his administration shall be one of strict economy and common sense, with no special favors to certain communities and neglect for others should be honored with this position of trust and responsibility.

Mr. Loran states that he hopes to meet and talk with all of the voters of the precinct personally, and discuss with them his ideas and policy prior to the election, and in the meantime he asks that his candidacy be given due consideration.

Mr. and Mrs. Tom Haney and Mr. and Mrs. H. A. Pendleton went to Wichita Falls Saturday to witness the Wichita Falls-Highland Park football game.

Forl and put to work salvaging the bales.

Physicians Hold Meeting At Home Of Dr. Farrington

The Tri-County Medical Association, composed of Knox, Haskell and Baylor county physicians, met in the home of Dr. and Mrs. W. P. Farrington Tuesday evening in a business and social meeting.

Chrysanthemums were used effectively in the living rooms and the dining table was centered with roses outlined with autumn leaves. An elaborate turkey dinner was served followed by the business meeting. The following officers elected for the following year, were: Dr. W. M. Taylor of Seymour, President; Dr. J. F. Bankley of Seymour, Vice President; Dr. Joe Davis of Munday, re-elected secretary and treasurer. After a round-table discussion the association adjourned to meet next with Dr. and Mrs. W. M. Taylor at Goree.

The guest list included Drs. C. E. Johnson, James W. Foy, J. F. Buckley, R. K. Lower, J. C. Hennon of Seymour, Dr. and Mrs. Temple W. Williams, Haskell, Dr. and Mrs. W. M. Taylor of Goree, Dr. T. S. Edwards of Knox City, Drs. Joe Davis, A. A. Smith of this city and Miss Cecelia Albus of Rhineland.

WILL BE CANDIDATE

E. W. Hutchins of Goree was in the city Wednesday and stated that he would be a candidate for Commissioner in this precinct. Mr. Hutchins has been a citizen of Goree for the past twenty-five years, nineteen years of which he has engaged in the grocery business, and is well known to most of the citizens of the precinct.

Removal of Rhineland Bridge and Improvement of Lateral Roads To Be Accomplished by Funds Granted

Today And Tomorrow

By Frank Parker Stockbridge

LIBERTY—in new hands

A good many years ago a colored man who served as doorman in a popular New York store, and whose courtesy and unflinching smile made him popular with all the customers, told me that he had taken a Federal Civil Service examination for the position of elevator operator.

A little later I saw him and asked him about that Government job. "They done appointed me to go 'way out West," he said, "an' I can't do that, nohow. So I turned the job down."

"Whereabouts out West did they want you to go?" I asked.

"Fort Wood, wherever that is," he replied. He was chagrined when I told him that Fort Wood was the official name of Bedloe's Island, in New York Harbor, on which the gigantic statue of Liberty stands!

What reminds me of the incident was the announcement a little while ago that Liberty has been taken out of the custody of the Army and put under the care of the Department of the Interior. It is a part of the economy plans of the Government. Washington thinks the Army is rather extravagant.

HOUSES—Another room

"One more room for every family in the United States with an income under \$2,000 a year," is the slogan suggested by Professor O. M. W. Sprague, as a means of stimulating the building industry.

I agree with Professor Sprague, that there are plenty of houses for people who have incomes above \$5,000 a year, but not enough, or not good enough, houses for people who have to live on a lower scale.

To carry out such a project will mean more economical methods of building, but I have been surprised to discover how many great business organizations are at work on ways to solve the problem of cheap, attractive and durable homes.

I expect to see the day when a completely modern five-room or six-room house, with land enough for gardening, can be bought in the vicinity of any big city for \$4,000 or less.

SILVER—Gold's partner

This is probably the last time I shall refer to silver in this column. Two and one-half years ago I predicted that silver would come back to its former monetary status and rise from the then price of around 26 cents an ounce to somewhere near its average price for the past forty years, of around 60 cents an ounce.

A little group of which I am a member has been studying the silver question intensively for three years and passing our conclusions on to me in a position to do something about it. Today, whenever the subject of the international monetary situation is publicly discussed, almost everyone who is regarded as an authority includes the rehabilitation of silver as a part of the program of recovery.

I think the case for silver has been won, and that the white metal has at last been lifted from the political degradation which it was cast by the as a partner with gold in the thinking of economists and the monetary systems of the world.

Albert Loran of Rhineland was carried to a Wichita Falls hospital Tuesday afternoon for medical attention as a result of injuries received when a nail struck him near the eye. The injury was so near the eye that it was feared that he might lose the sight in the eye, and he was in the act of driving a nail specialist there. He was injured while repairing a fence and when he was in the act of driving a nail the hammer glanced and the nail struck him just under the left eye. He was accompanied to Wichita Falls by his father, Peter Loran.

Removal of the new bridge across the Brazos river north of Munday to a point north of Rhineland, the building of a gravelled road on the north of the river from the bridge to intersect the Benjamin-Seymour highway, and to the south of the river to Munday, the graveling of the Goree-Hefner road and the Gilliland-Truscott road are the main projects that are being sought for Knox county out of the funds available through the dispensation of funds by the Federal Government through the CWA funds.

A committee composed of the Rev. P. Boniface of Rhineland, Walter Snoddy of Vera and Commissioner Welch of the Benjamin precinct, have just returned from Austin, where they appeared before the highway Commission and secured the approval of an appropriation of \$16,000 for the removal of the bridge and also a like amount for the graveling of the nine miles from Gilliland to Truscott, and in conversation with Father Boniface after his return he states that in his opinion there will be no difficulty in getting the approval of the other projects for the county, as Knox County's allotment of the fund is approximately \$100,000, and the above projects can be well started with this amount, and in his opinion further appropriations will be made later for the completion of the projects undertaken.

Steps are being taken by the Munday Chamber of Commerce to get the project approved for the road from Rhineland to Munday, and the labor thus created should give employment to all of the unemployed in the county during the next several months, and at the same time build roads that will be of great benefit to all the people of the county.

Steps are being taken by the Munday Chamber of Commerce to get the project approved for the road from Rhineland to Munday, and the labor thus created should give employment to all of the unemployed in the county during the next several months, and at the same time build roads that will be of great benefit to all the people of the county.

Cotton Ginnings In Knox County Reach 52,525 Bales

Cotton ginnings in Knox county prior to December 1 reached a total of 42,525, as compared with 54,937 on the same date last year, according to figures given to the Department of Commerce by Hoyle A. Sullivan, special agent.

The total ginnings for last year reached 61,007, and while this year's crop will not likely reach that figure, as the crop is practically all gathered, it would have far exceeded last year had it not been for the plow-up campaign, and it is safe to say that Knox county will not likely witness two as bountiful years in succession as it has during the past two, and as the old year draws to a close we believe that a vast majority of our citizens can view it as one of the most successful years since the years immediately following the world war.

D. E. Holder Shies Hat Into Political Arena For Weigher

D. E. Holder is the first candidate to make his wants known in this publication, having some days ago authorized us to place his announcement in these columns for the office of Public Weigher to succeed Lee Haymes, who has stated that he will not be a candidate for re-election to that office.

Mr. Holder needs no introduction to the citizens of this precinct, as he has resided here for many years and has been active in the business life of the community. He announced for the office at the time Mr. Haymes was elected but withdrew his name prior to the election. For the past two years Mr. Holder has been a member of the city council.

Mr. Holder states that he will do his utmost to render to the citizens a faithful and efficient service if he should be honored with the position, and respectfully solicits the consideration of all when they come to cast their ballot.

Mr. and Mrs. R. L. Boles are in Carbon this week visiting in the home of Mr. Boles' mother.

LETTER TO SANTA

Munday, Texas,
Dec. 10, 1933.

Dear Santa Claus:
I have been a good girl; at least my dad says so. I am the youngest child in my family and am petted very much. I hope all boys and girls have been good so you will visit them.

I want a scooter, train, cow-girl's suit, and lots of nuts, fruits and candy.

Lot sof Love,
Betty Lue Boone.

Munday, Texas,
Dec. 10, 1933.

Dear Santa Claus:
I love you more each year, really I do. I want for this Christmas a real nice cowboy suit, skates, a big white hat, boots and everything you want me to have. You were very kind to me last Christmas, and I have most everything yet. You can park your plane on the roof of the hotel if there isn't room on the streets. And dear Santa please remember all boys and girls. I am nine years old and hope to see you real soon. Love and kisses and a hug.

Lovingly Yours,
Frankie Boone.

Munday, Texas,
Dec. 11, 1933.

Dear Santa Claus:
I am a little boy five years old, live six miles south of Munday. I have been a good little boy so I am expecting lots and lots of toys, expecting lots and lots of toys. Please bring me a little tool chest, bank, police set, train, dump truck, bananas. Don't forget my little cousin Bobby Joe Fitzgerald, for he has been a good little boy too, he will be looking for you.

Your Little Friend,
Billy Wayne Lain.

Knox City, Texas,
Dec. 11, 1933.

Dear Santa Claus:
I have been a good little boy and I want you to bring me an air gun, shells, ring, fruits, nuts and candy.

Your Friend,
Arthur Allen Reagan.

Knox City, Texas,
Dec. 11, 1933.

Dear Santa Claus:
I have been a good girl and I want you to bring me a set of dishes, a watch, doll bed, candy fruits and nuts.

Lots of Love,
Francis Reagan.

Weinert, Texas,
Dec. 11, 1933.

Dear Old Santa:
I am a good little girl and I want you to bring me a tricycle, little purse, dishes and doll. I have a little brother, please bring him a little doll, and rubber horse.

Bring fuits candy and nuts.

Your Little Friends,
Wanda June and Billy Joe West.

Munday, Texas,
Dec. 11, 1933.

Dear Santa Claus:
I am a little girl 5 years old, I think I have been a pretty good girl so this is what I want you to bring me. boots, doll, house shoes, dishes and a bath robe. Remember Clara Faye with some boots too. I have a baby sister five months old, she needs a high chair. Don't forget I need some nuts, fruits and candy.

Your Little Friend,
Anna Lois Bryan.

Give "Useful Electrical Helpers" for Christmas This Year

There are many efficient electrical helpers that will make your life easier and happier, for years to come. And isn't that what you want to give for Christmas?

Electric appliances are economical to buy and surprisingly inexpensive to operate. Here are a few suggestions... sure to add to the Christmas joy of your loved ones:

The modern home-manager is tired of unnecessary and useless gew-gaws for Christmas... even though the donor is most sincere in an effort to please. What she wants... and needs... are the time, labor and money-saving electric appliances which so appropriately combine thoughtfulness, common sense and sentiment.

Electric Waffle Irons Electric Heating Pads
Electric Percolators Electric Egg Boilers
Beautiful Urn Sets Attractive Lamps
Electric Toasters Vacuum Sweepers
Electric Clocks Electric Irons

Electric Curling Irons
Electric Grills

You can purchase these essential appliances on convenient terms, and pay for them with your regular monthly light bill. Give electric appliances this Christmas and know that your gifts are truly and sincerely appreciated.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule... and adds only a small amount to your total bill?

West Texas Utilities Company

SANTA CLAUS is again with us, and we have so many useful and practical gifts for old and young that we couldn't begin to enumerate them, so we're just asking that you visit our store and bring the kiddies. They'll enjoy the visit.

SENIORS

Well, examination week is over and we seniors still have faint hopes of graduating, although some of our grades belie the fact.

We are very glad indeed to have John back in school this week, as he has been absent through severe illness.

Although the seniors have no excitement to report this week, we do have a student who has a talent to be poet laureate in the future. She is sending a poem to the paper for criticism. The title is—

MY STUDY-TIME

Between nine o'clock and midnight, After the folks have dined Comes the worst of the day's misery, That I call my study-time.

That's when the folks talk louder, When visitors appear by the score, When the house is merry with laughter, And cake crumbs cover the floor.

When sis gets music on the radio, And dad wants lectures for awhile, When baby begs for a story, And you can't resist his smile—

A feeling of joy creeps over me, Studies have ended for today, In other words, folks, I'm happy! And the grand old world is O.K.

JUNIORS

Exams are over—oh, what a relief! Some of us did not do so good, but maybe we will do better next time. The juniors enjoyed Mr. Bass' talk

and we are going to heed it. It hit some of us (the skaters). Veleria won a box of candy at the skating rink. (S' too bad she's a basketball player.)

Drucilla sure is a good painter. (Nearly as good as I—she gets paint all over her, too.)

I wonder why Velma and Elvis are sleepy today. (Sounds "kinda" like they were out late some time or other (?) doesn't it?) Lights burning late at other places, too. (I wonder why—exams are over.)

You missed something if you did not come to the box supper Saturday night. Mr. Hughes keeps time to the music excellently—with his mouth as well as his feet. And did you see me swallow that quarter—oh, my, but it was good. Harold swallowed a wand (?) twelve inches long, too. (Wonder why he would not swallow a five inch pencil after it was over. It was not half as big as the wand.)

SOPHOMORES

Well, examinations are over and you should know the number of failures.

Our box supper went over with a bang. We were entertained by the Tate orchestra and Terry's show after the supper.

Mat won a cake Saturday night for being the ugliest boy. He is a sophomore so you see we are proud of him.

Mrs. Hill won the large box of candy for being the most popular lady.

In chapel last week we were glad to have Mr. Bass from Munday.

FRESHMEN

We were all disappointed or rather surprised at the number of freshmen present at the box supper, but thinking over the situation we after all hold the distinction of having the largest representation of any class in High School.

We fear some of our freshmen have kicked themselves off the ball teams by failing to make their work. Now we are very sorry for this to happen for we are proud of each other and are proud of our junior boys who have made an excellent showing by not losing a game. The freshmen girls and boys on the senior team, we are proud of you, for the girls have not lost a game, and the boys have lost to only one team.

Mr. Kimbrough is reforming us. If we all take his advice more of us will make our work. As a new six weeks has rolled around, we should take Mr. Kimbrough's advice and make it a freshman resolution.

We had a class meeting for the purpose of discussing our regular class fee. We may say that we made a good choice of our officers in connection with the presidency and the secretary and treasurer. Juanita Flenniken, the president, knows how to handle the office. She can really talk in public. Woodrow Myers, the secretary-treasurer, states that we have \$2.50 in the treasury for the last three months. He also stated that he received 50c in about two minutes this morning. With Mr. Hughes as our sponsor, we will show the rest of the high school how to snap into it. Now just watch our smoke.

By their marks of identification ye shall know them:

Garland Forehand: Plucked eyebrows.
 J. T. Smith: Plucked eyebrows.
 Raymond Lawrence: Marcellite hair.
 Martelle Goodson: Perfume.

You should come out to the ball game Friday night and see the score board that Mr. Harber is making. Is it a wow! We are playing Bomarton and hope to keep the bacon at home as we have done most of the time in the past.

We Can't Stop Now

There are unmistakable signs everywhere of improvement in economic conditions. More men are at work, millions of them. Farmers are getting better prices. Retail business is good. Many of the big industries report more orders on hand than for some years past. Prices are rising. The bank reports for October showed that money, in the shape of checks, changed hands at a rate 25 percent higher than in October of 1932. That is perhaps the most encouraging sign of all, for it is not the volume of money but the speed with which it moves from hand to hand that counts. If everybody had a million and nobody spent anything we would have had times; but if everybody had only a hundred dollars and spent it quickly, knowing where the next hundred was coming from, we would have immense prosperity.

Much of the present recovery is due to such Governmental activities as the Public Works program and its latest offspring, the Civil Works Administration; much to the loosening of credit and the pressure on debtors through Federal assistance to banks and mortgages. Much of it is due, too, to the distribution of huge sums to growers of various commodities as a premium for reduced production.

These are only temporary measures, of course. If they were all to be abandoned now, they would probably have no more permanent effect than a "shot in the arm" has upon a dope fiend. They are, however, laying the foundation for business and industry to build upon, and probably will tide us over the emergency and set us well on the road to recovery.

It looks to us as if the thing for everybody to do now is not to gum the cards, but to give the New Deal a chance to prove itself. Everyone has a right to his private opinion as to whether the end result will be beneficial, but nobody with sense would want to stop it now in the middle of the stream.

NOTICE

Nice fresh Christmas hams and all kinds of fresh sugar-cured pork for sale at my home, or will deliver order. Phone 62—DR. A. A. SMITH

Do We Need Another Grammar School Building?

Is there an emergency need for a new school building? Is a new school building desirable for this time of stringency? When hundreds of dollars of City, School, State and County taxes are delinquent. Is a new school building worth the sacrifice to the citizens of the community? We do not think so, and this opinion is concluded after a thorough investigation of the present conditions of the Grammar School, and of the financial statement of this school district. We, as taxpayers, know that the burdens of various kinds of taxes, and high interest loans, together with the cheapest commodity prices in our lives have brought this community to the awakening to the fact that farms, homes, business houses, and mercantile stocks have come near the point of forced sale, and the ultimate losing of all the material things that one has saved and collected in their entire life-time. And instead of being looked upon, and valued as an asset, they are considered as liabilities. Until the fall of 1933 one was more fortunate to be without than to have owned personal property, and to have been liable for its obligations.

Therefore, let's look at the forthcoming bond issue from the practical and common sense point of view and study the following facts. The entire Munday Independent School District has a total valuation of \$1,250,000.00 for the year of the 1933-34 school purposes. At the rate of \$1.00 per hundred dollars of taxable value (and this is the maximum rate that can be charged according to the Statute as applying to Texas Schools), therefore in order to raise any additional amount, we must raise the value of the property to be taxed. And therefore, it would be well to remember that your farm, your dwelling, your stock of merchandise, your brick building will have to be valued higher in order to meet the said tax increase. And as the \$1.00 rate on the valuation of our School District is \$1,250,000.00 it brings in only \$12,500.00 if all taxes are paid. And at this time the total amount of taxes delinquent and still owing to the Munday Independent School is the sum of \$14,000.00. And if we vote any additional bonds, the money must come from the raising of our taxable valuation. We are deriving \$12,500.00 a year from our taxable values if and when they are paid 100 percent. But experience teaches us that over a period of the last fifteen years only 90 percent of current taxes have been collected even with normal times, and with all property-owners over-taxed, is it practical, logical or advisable to add taxable income necessary to take care of the \$40,000.00 bond issue. This would mean an additional expense of \$1,900 per year for sinking fund, plus an annual \$100.00 interest fund (and this is figured on 4 percent money, when it is doubtful that one can sell 4 percent bonds and receive anything like par for same), and an estimated \$400.00 per year to take care of the deficiency in tax collections. This means that a total of \$3,000.00 must be derived from a raise in our taxable value, which is an

approximate raise of 25 percent in taxes. And figured more concretely as being on a 160 acres of land, now valued at \$30.00 per acre or \$4800.00 for a quarter section of land. It would mean an increase to \$7.50 per acre, or a total valuation of \$6,000.00. And an increase in actual taxes from \$48.00 per year to \$60.00 per year. And figured on city property now valued at \$8000.00, the same increase would take effect and the taxes on this property would be raised from \$80.00 a year to \$100.00 per year. Giving due consideration to the fact that we have another increase in our State and County taxes due to the building of a \$15,000.00 Court House.

And in order to give further information on the condition of the Munday Independent School District, beg to advise that the gross available sum amounts to \$22,980.00 arrived at as follows: From the State of Texas the sum of \$10,240.00, based on \$16.00 for each child enrolled; from the Independent School taxes based on land, buildings, etc., the sum of \$12,250.00; from the County available fund the sum of \$90.00; and from the tuition, an estimated sum of \$400.00, and from this amount of \$22,980.00 ten per cent will not be collected in the current year, and is therefore not available. The amount on hand for use will be around \$21,655.00, and with this amount of funds available considering the fact that the least expense incurred by the school for any one year being \$25,539.92 which was actual operating expense for the year of 1932-33. How is it possible for the school to be operated for the current year without a deficit? And it is a known fact that the school is running at this time with a deficiency of three teachers simply because of the fact that there were not funds on hand to run the school a full nine months term and at the same time add the additional teachers needed. And contrary to common belief, it is not room that we need, but money with which to pay the salaries of teachers to teach in the room that we have. And here are three rooms in the Grammar School that are not occupied at this time, besides two rooms in the tabernacle, and one room in the New High School building. And these being the facts, is it practical or possible to run the school for the full year of 1933-34 with an additional expense of \$3,000 necessary to retire the new \$40,000.00 bonded indebtedness, and to pay the \$2000.00 to the three additional teachers that are imperative to give your child the necessary attention that is needed. We have the room, but do not have the money to pay for teachers. Is it wise to go in debt, for a new school building, or to pay teachers to teach in the building that we have.

We all concede that we would like to have a new modern, well equipped school, but in the face of financial facts, and the immense amount of delinquent City, School, State and County taxes that we must pay can we afford it?

Facts Which Now Confront the Munday Independent School District

Be it also remembered that the figures below shown are after a reduction of four or five teachers, also salary cuts for all teachers now employed of from 15% to 25%.

RECEIPTS

Total receipts for the school year 1933-34 (local taxes assessed on \$1,250,000.00 at \$1.00)	\$12,500.00
Less the usual 10 percent delinquency	1,250.00
Scholastic income from the State Department	10,240.00
County Available	90.00
Tuition (estimated)	400.00
Refund from State Department Home Economics	450.00
TOTAL INCOME	\$22,430.00

DISBURSEMENTS

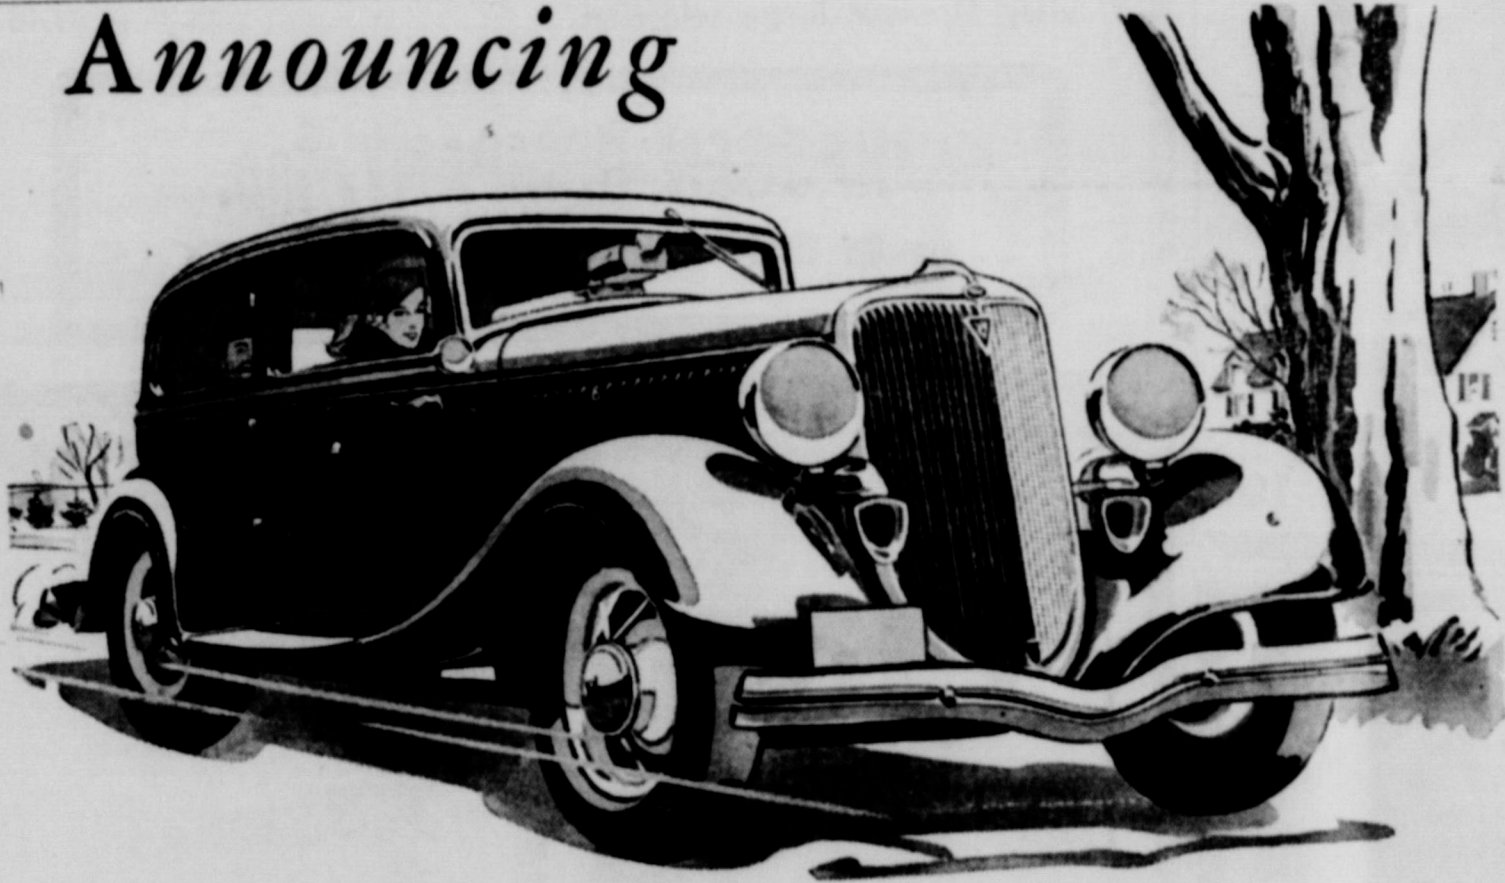

Actual disbursements taken from School Secretary records year 1932-33	\$25,539.92
Showing an actual deficit for this year's maintenance, basing the expenditures this school year upon last year's, which will be approximately the same	\$2,899.00

Taking all the above into consideration, and realizing that our conditions must be raised approximately 50 percent to properly maintain our school system, and carry a bond issue of \$70,000.00, the amount that our district will have if this issue carries, we, the undersigned, oppose the issue that is to be voted upon December 18th, 1933.

We further state that we have no record that the Grammar School building has ever been condemned by anyone who has knowledge of structural strength as to the safety of the building. On the other hand we do have information from four Engineers that the building is absolutely safe from a structural standpoint.

Announcing

NEW FORD V-8 for 1934

THE UNIVERSAL CAR

The New Ford V-8 for 1934 is now on display at the showrooms of Ford dealers. Surpassing even the great Ford of 1933 in economy, beauty and comfort, it is truly the car of this modern age—the culmination of thirty years Ford progress. It combines the proved performance of the V-8 cylinder engine with two important new features—Dual Carburetion and perfected Clear-vision Ventilation. See this car today and drive it at the first opportunity.

OUTSTANDING IMPROVEMENTS IN THE NEW FORD V-8

BETTER PERFORMANCE. Greater power, new speed, quicker acceleration, smoother performance, more miles per gallon especially at higher speeds, and quicker starting in cold weather—all these result from the new dual carburetor and dual intake manifold. New water-line thermostat enable the engine to warm up more quickly and to maintain an efficient operating temperature. Added engine refinements reduce oil consumption, further improve operating economy and reduce maintenance costs.

NEW VENTILATION SYSTEM permits clear vision, prevents drafts and provides desired amount of fresh air in any weather. Individual control for front and rear side windows. When ventilation is desired the window glass is raised to the top. Then the handle is given an additional half-turn. This slides the glass back horizontally to form a narrow slot. Through

this slot air is drawn out by the forward motion of the car. This simple ventilation system maintains draft-free circulation, insures passenger comfort, prevents fogging windshield in cold or stormy weather. Both windshield and dual ventilator can be opened to supply additional air needed for comfortable warm-weather driving.

DISTINCTIVE NEW APPEARANCE enhanced by the newly designed chromium-plated radiator shell and grille, new hood louvers, new hub caps. Interiors are attractive, with new tufted upholstery, new moldings, new cove-type headlining, new instrument panel, new arm rests, new hardware. Swivel-type sun visors in De Luxe bodies prevent glare from front or side.

FENDERS IN COLOR. On De Luxe cars fenders are in color to harmonize with body colors—wheel colors optional. New enamel finish on

all bodies and fenders has greater wearing quality and more enduring luster.

GREATER RIDING COMFORT results from increased spring flexibility. The spring leaves are newly designed for quieter and easier action. Shock absorbers are improved. Seat cushions are deeper, with new, softer springs. New type, individual bucket seats provide increased comfort for front-seat passengers in the Tudor Sedan. Adding to comfort is the new driving ease of the 15-to-1 steering gear ratio.

PRICES REMAIN LOW—Tudor Sedan, \$535. Coupe, \$515. Fordor Sedan, \$585. De Luxe Tudor, \$575. De Luxe Fordor, \$625. De Luxe Coupe (3 windows), \$555. De Luxe Coupe (2 windows), \$555. De Luxe Roadster, \$525. De Luxe Phaeton, \$550. Cabriolet, \$590. Victoria, \$610. (All prices f. o. b. Detroit.)

Greenville, Texas

Underweight Children

Need More Iron in Their Blood!

Children who are thin and pale and who lack appetite are usually suffering from a deficiency of iron. When the blood lacks iron it becomes thin and poor and fails to nourish. Then a child loses appetite and becomes still thinner and weaker—and easy prey to disease! To build up your child, give him Grove's Tasteless Chill Tonic. It contains iron which makes for rich, red blood. It also contains tasteless quinine which tends to purify the blood. These two effects make it an exceptional medicine for young and old. A few days on Grove's Tasteless Chill Tonic will work wonders in your child. It will sharpen his appetite, improve his color and build up his pep and energy and increase his resistance to disease. Grove's Tasteless Chill Tonic is pleasant to take. Children like it and it's absolutely safe for them. Contains nothing harmful. All stores sell Grove's Tasteless Chill Tonic. Get a bottle today and see how your child will benefit from it.

CARTWRIGHT NEWS

We are having some nice weather, most everyone is trying to finish their cotton.

Health is very good with exception of colds and sore throats. Mr. and Mrs. Galley and family spent Sunday at Goree with friends. Mr. and Mrs. W. H. Moore are at Throckmorton visiting at this writing.

C. N. Smith and family went to DeLeon Texas, last week visiting relatives.

Mrs. C. B. Yates mother of Munday visited her this week. Miss Ola Mae Bradley of Munday spent Sunday with home folks.

Mrs. Rogers and Mrs. Hamilton visited relatives at Childress during the holidays.

Our school is progressing very nicely with full attendance.

Mr. and Mrs. Louis Cartwright visited Mr. Cartwright's mother at San Antonio. Mrs. Cartwright is in poor health.

Mr. Wallace and family visited his daughter at Sunset recently.

I will continue my repair department.

J. D. KETHLEY

West Side of Square North of Tiner Drug Store

Every GIFT LIST Should include FURNITURE

No gift will afford more enjoyment and pride to the entire family so much as bright new furniture for the living room, dining room, bedroom or kitchen. We have a large stock from which to make your selection.

MANSELL BROTHERS

RHINELAND

We received this week eleven more volumes for our library, making a total of seventy-eight new books that were added this year. At this rate we will soon have a library adequate for the needs of our school.

Our primary room is being equipped with new desks. This room was somewhat neglected until last year. Since then a sand table, a reading table, a card rack, bulletin board, a photograph and a chart printing outfit were provided.

Mr. Hoffman is having a patent installed whereby the old force pump may be done away with, and the old "Swimming Pool" around the drinking fountain will pass into oblivion. Miss Frieda Koenig of Wichita Falls, Texas is at home with her parents now.

Mr. and Mrs. John J. Mills made a business trip to Wichita Falls, Tuesday.

Mr. and Mrs. William Morath of Scotland, Texas, visited relatives and friends here the past week.

Miss Rose Decker returned home from Mountainair, New Mexico, last Thursday.

Mr. and Mrs. Anton Brown and daughters, Martha and Rose, and son, Albert, visited in Oklahoma City last week.

The following were visitors in Wichita Falls, Texas, last Friday: Messrs Fritz and Victor Diersing, Mr. and Mrs. Bruckner and daughter, Frances, Miss Veronica Schumacher, Mr. deAguirre and daughter, Mary, Mr. and Mrs. Lawrence Kuehler and Mr. and Mrs. Bill Hertel.

Mrs. E. W. McGlothlin has as her guest, her niece, little Miss Patry Stout of Seymour.

Mr. and Mrs. U. S. Rogers have as guests in their home their daughter, Mrs. Bernard Stodghill and daughter Bernardine, of Hobbs, New Mexico, who will spend the Christmas holidays here. They were accompanied here by Bernard Stodghill, who went on to Detroit, Michigan to attend a Chevrolet dealer's meeting.

Mrs. Mary Cooper of Tyler, who was one of the pioneers of Munday was here this week visiting in the home of her son, B. A. Cooper. Mrs. Cooper moved away from Munday in 1913 and this is her first visit here since that time. She commented favorably on the many improvements that have taken place here during recent years.

—Reporter.

VOTE FOR THE SCHOOL BONDS

IF you believe the present school building is unsafe and unsuited for school purposes.

IF, considering the low cost due to the probability of obtaining federal loan and outright grant of \$18,000, you think Munday will never have a more favorable time to erect a new school building.

IF you believe Munday ought to maintain a first class school even at an increase over present costs.

IF you have a lively interest in education and believe that the proper training of our children is the primary consideration of the community.

IF you possess a high degree of civic patriotism and have confidence and faith in Munday's future.

VOTE AGAINST THE SCHOOL BONDS

IF you believe the grade school building is safe and that under the conditions it should not be replaced.

IF, despite the probability of a federal loan and a gift of \$18,000 Munday will have a more favorable opportunity in DUE time to construct a modern high school building.

IF you believe that Munday ought not to attempt to support a first class school at any increase in costs.

IF you have little interest in education and believe that the training of our children is secondary in importance to the community.

IF you are highly individualistic, putting your own business and financial concerns first, and have little confidence and faith in Munday's future.

PARENT-TEACHER ASSOCIATION

SOCIETY

Mrs. Ammons Entertains the Boomerang Class

On Friday evening Mrs. E. M. Ammons entertained the Boomerang Sunday School class with a "kid party." After all the "children" arrived, dressed in proper costume, each one printed their name in the guest book. They were then presented with lollipops in bright colors that all children adore.

After many games were enjoyed Santa Claus called and left toys for each small boy and girl. With dolls, tops, horns etc., the children were well entertained.

Music was furnished throughout the evening by those talented musicians as Miss Kennedy, Lily Albertson, Mr. Tucker, Howard Albertson, and Vinton Tiner.

Mrs. Ammons was assisted in serving by Mrs. W. V. Tiner. Pink lemonade, devils food cake, coconut macaroons and canies were served to the following members:

Katie Beth Bowen, Vinton Tiner, Eunice Perdue, Gracie Lee Counts, Jewell Perdue, Dessie Hammock, Ocella Brock, Virginia Curry, Lowly Rigby, Staron Ammons, Mary Eva Rigby, Wallace Reid, Lloyd Bowen, Mavourneen Reeves, Leona Kwei, Lorene Parker, Mildred Kennedy, Norene Bowen, Irene Bowen, Merle Joyce, Troy Warren, Vivian Rogers, Howard Albertson, Lily Albertson, and Ted Tucker.

Wednesday Bridge Club Meets

The Wednesday Bridge club met in the home of Mrs. Pitzer Baker Tuesday afternoon. Christmas decorations gave a festive air to the entertaining suite, where four tables were placed for bridge. Mrs. R. D. Atkinson held high score. The refreshment plate, emphasized the Xmas note. Creamed chicken on toast, fruit cake and coffee with silver holly leaves as favors was served to Mesdames Chas. Mayes, T. G. Bengue, E. W. McGlothlin, E. H. Bauman, H. A. Pendleton, E. D. Atkinson, J. C. Borden, W. H. Atkinson, P. V. Williams, J. D. Kethley, Joe Davis, H. H. Langford, U. E. Houser, Mrs. Barney Arnold of Knox City, Mrs. Jones and Miss Beatrice Weinert of Weiner.

New Deal Club Meets With Mrs. T. E. Dickerson

Two tables were placed for members and invited guests Wednesday when the New Deal Club met with Mrs. T. E. Dickerson. Mrs. Jack Mayes held high score.

Lovely refreshments of shrimp salad, hot rolls, olives, stuffed dates and coffee were served Mesdames J. C. Harpham, Jack Mayes, E. M. Roberts, Jr., Ralph Johnson and Misses Kathryn Atkinson, Louise Atkinson and Madelyn Jones.

NOTICE

Your bills and notes are now due. A fair crop and the cotton should enable you to make substantial payments on your accounts. Please do not disappoint me in this matter.

Munday High School Faculty Entertained

Mr. and Mrs. L. M. Palmer and Mr. and Mrs. Riley B. Harrell were hosts to the Munday High School faculty Tuesday evening when they entertained with seven tables of bridge at the W. H. Chapman home.

Christmas decorations were used throughout the entertaining suite, the Christmas tree forming the background for this holiday theme.

The presenting of gifts from the tree to each guest was the occasion of much merriment. High score was held by J. Horace Bass and Mrs. Tom Haney.

The Christmas colors were carried out in the refreshment plate which consist of pecan pie topped with whipped cream tinted green and hot punch which was served to the following: Messers and Mesdames L. S. Hardegree, Tom Haney, J. D. McStay, W. H. Chapman and J. L. O'Dell, Jr., Misses Merle Lowe, Mary Couch, Maudie Mae Bennett, Irene Clifford, Virginia Curry, Evelyn Williams, Elizabeth Mounce, Mildred Kennedy, Messrs Jim Nelson, Lee Haney, I. R. Williams, Seldon Reid, J. Horace Bass, Harvey Lee and John Easley.

L.L.G. Club in the Campbell Home

The J.U.G. Club met in the Rial Campbell home Tuesday evening with Miss Jeanette Campbell hostess. Miss Angel Jones held high score. A salad course of tuna salad, bread and butter sandwiches, olives, cheese wafers and coffee was served to Mrs. J. L. O'Dell, Jr., Mrs. Weldon Parker, Mrs. R. L. Bales, Mrs. Carl Jungman, Misses Angel Jones, Louise Atkinson, Hazel Dean Eiland, Alice and Vivian Rogers.

As we have made a good crop this year everybody should clean the slate, or at least make a substantial payment on their doctor bills. I am beginning a new set of books this coming year and those who are on my books now and do not make a respectable showing by Jan. 1st will not be entered for credit on my new ledger.

Respectfully, A. A. SMITH, M. D.

John Ed Jones spent this week in Houston looking after business matters pertaining to the Federal Land Bank.

AT THE METHODIST CHURCH

Regular services will be held at the Methodist church Sunday at eleven and seven o'clock. At the seven o'clock services an offering will be taken for the Orphans' Home. Members are urged to be present and visitors are always welcome.

H. C. HAND, Pastor.

P. T. A. MEETING

The P. T. A. met in regular monthly session Wednesday afternoon. A Christmas program was rendered by Miss Merle Lowe's room and Mrs. Louise Ingram's Rhythm Band. A business meeting followed, the prize for the room having the largest attendance going to Miss Merle Lowe's room.

NOTICE OF ELECTION

Notice is hereby given that an election will be held at the City Hall in the City of Munday, Texas, within the Munday Independent School District, on the 18th day of December, A. D. 1933, to determine if the bonds of said District shall be issued in the amount of forty thousand (\$40,000.00) dollars payable in serial annual installments over a period of not exceeding forty years from their date, and bearing interest at

the rate of four per centum per annum, for the purpose of constructing, repairing and equipping school building made of brick and concrete, and if there shall be annually levied, assessed and collected on all the taxable property in said district for the current year and annually thereafter while said bonds, or any of them, are outstanding, a tax sufficient to pay current interest on said bonds and provide a sinking fund sufficient to pay the principal at the maturity thereof.

C. L. Mayas has been appointed election judge of said election and H. B. Williams and W. H. Bray have been appointed clerk to hold such election, which election shall be held as nearly as possible in conformity with the general election laws of the State.

No person shall vote at said election unless he be a qualified voter under the Constitution and laws of the State of Texas and a taxpayer in said Munday Independent School District.

Those in favor of the issuance of the bonds and the levying of the tax shall have written or printed on their ballots "For the issuance of bonds and the levying of the tax in payment thereof," and those against the issuance of the bonds and the levying of the tax shall have written or printed on their ballots "Against the issuance of bonds and the levying of the tax in payment thereof."

Said election was ordered by the board of trustees of said Munday Independent School District by order passed on the 21st day of November A.D. 1933 and this notice is issued pursuant to said order.

Dated this 22nd day of November A.D. 1933.

H. F. Barnes, President of the Board of Trustees of The Munday Independent School District.

W. R. Moore, Secretary of Trustees of the Munday Independent School District.

Your Guiding Star to year 'round economy

The true Christmas spirit is best expressed in what we do to make others happy—and here is a tip for husbands:

What could be more thoughtful and more practical than a gift for the modern housewife that would be the first step toward an up-to-date ALL-GAS kitchen?

When you install a modern gas appliance for cooking, water heating or refrigeration you have the assurance that your kitchen is equipped with all the luxury and convenience that appliance engineers have discovered. And in addition to all of its other advantages, the modern ALL-GAS kitchen costs much less to operate.

Don't let another year come to a close without planning toward an ALL-GAS kitchen. Start now by inspecting the new gas appliance improvements for saving time, steps and money. You'll find a wide selection in the displays of your Gas Appliance Dealers.

Get the greatest value from your natural gas service this winter by using the improved appliances for home heating. The latest models include every feature for healthful, comfortable and convenient living and are designed to save gas...

THE TOM-TOM

Editor-in-Chief: JERRY KETHLEY
Associate Editor: VINTON TINER
Sports Editor: SAM WARREN
Senior Reporter: C. B. SEXTON
Junior Reporter: MARY EVA RIGSBY
SOPHOMORE REPORTERS: LUCILLE NEFF, SYLVA BARNES, GLENN KENNEDY
Freshman Reporter: [Name obscured]

SENIOR REPORT

For some reason the seniors have decided to put their play, "Depend on Me," off until after the holidays. We are having a difficulty in getting a cast for the play. It constitutes six men and five women. The play is directed by Miss Mildred Kennedy, so no more need be said, "It'll go over."

Was You Dumb, Johnson?
C. B. S.

Duane has been around and about quite a bit (around the house and about town). He has lived all over Texas and some parts of Wisconsin. We are having every kind of disease, whooping cough, measles, mumps, chicken pox, spring fever and S. A. Duane Johnson (he's too modest to

tell his middle name) was born in Munday and there's no need to tell you he's still living here, and has gained popularity ever since he came to M.H.S. as a Sophomore. He entered Munday Grammar School in the first step toward education; since then he has attended more schools than any other student in high school and would you believe it, "Be it ever so homely there's no school like one's own," he is now attending the 'best of 'em all. He has gone to school in Weinert, San Angelo, Dalhart, Borger, and would you believe it, he has gone to school at Terrell (oh for pity sake!) I mean Texas Military College there. More on this list are Rice Memorial College at Amarillo, Dalhart Junior College, and Brownwood High School, (whatta gentleman). If he had a

degree from all these schools, a thermometer would envy him. "Oh, for pity sake," I'm too far ahead of myself; I didn't even tell you when he was born.

This unique "Gentleman" (yes, that's what he is) was born October 9, 1915 and graduated from Borger Grammar School in 1930. He joined us when we were sophomores and has been with us ever since, of which he can proudly boast. Even though a gentleman he has favorites; here they are:
Hobby: a hot argument, and to be in the Senior Play.
Author: Cleve Elcott or Maupassant.
Poet: Edgar A. Guest.
Expression: Live and let live.
Ambition: to work a crossword puzzle—(few ain't so high.)
Ideal Girl: Brunette with plenty of GOOD sense, (aha, a hint to the wise.)
Pastime: Building air castles. (Guess he's an architect.)
Planned Career: Hollywood photographer.
Subject: Law.

JUNIOR REPORT

There isn't much to say this week, everything has been so good and quiet because Santa is on his way. About all the Juniors have learned this week is not a great deal, but it's enough, just ask one of them. Miss Couch informed us of the fact that our themes would be oral, and they had to be on the life of one of the authors whom we have studied. The pupils taking History IV seem to be having a hard time too. It'll soon be time for the grand night again. The Junior monthly party is due to be next week. What's Santa bring??
Watch next week for some of our letters!!!

PEN PICTURES OF STUDY HALL

Monday, December 11
The clock ticks louder
Than ever before,
In the study hall of M.H.S.
A pin could be heard
If it hit the floor,
In the study hall of M.H.S.
The pictures are shiny;
The curtains are new;
And the noises, if any,
Are very few.

In this atmosphere of learning,
Much profit we could reap,
If a teacher weren't present.

It's a small place to sleep.
—by Hedgar Hallen Hoe,
The poet of the Century!

SOPHOMORE REPORT

The sophomores are nearly played out this week. We have not been doing much lately. We know though that we will be glad to start back after Christmas. Maybe—some of us may make too much whoopee!!
We surely will be glad to see Santa Claus again and it won't be long now! (I wonder if he will visit us this year?)
We know one thing and that is that this Algebra is just about to get us down. (Ask Rupert.)
We don't have any new pupils now but we have had two drop out of school. We certainly are sorry to have them leave.
The winter seems to be keeping some of us in. Believe me it surely has been cold the last few mornings.
The basketball team is beginning practice rather soon, and we are sure we will win a lot of games.

Mr. Bass Goes to Sunset School

Upon an invitation from Mr. Harber, superintendent of the schools, Mr. Bass visited the Sunset Schools last Friday afternoon and delivered an informal address to the faculty and students.
Mr. Bass reports that he found an excellent group of teachers and an interested student body in the schools. He was surprised to know that the student body and faculty of the school approach the size of that of Munday, and in fact, the budget of the school for the current year will exceed that of Munday. Misses Omelia Blanton and Gladys Williams, Munday High Graduates, are members of the Sunset faculty.

Mr. Bass: (In American History): Florence, what was the cause of the westward movement of population in the United States.
Florence: The people in the east got too dense.

PRINCIPAL OF THIS SCHOOL

If I were principal of this school it would be an entirely different organization. The students would run the school. If the faculty proposed a measure of which the student body did not approve, it should not be passed; a majority rules anyway! This would not have worked a few years ago, for then there were more faculty members than student body. Now it is even

more difficult, because if one of the instructors "gets it in" for you there may be failures in more than one subject. You may disregard that last remark for I made my highest and lowest grades under the same teacher.

Here are some of the things I would do if I were principal (also a millionaire). There would be elevators installed for conveying the large students from one conflict (class) to another. All watering troughs would be replaced by soda fountains; chewing gum would be a requirement, not a crime. The study hall would be converted into a recreation room with a good orchestra provided. Representatives from some good reliable Humane Society would be stationed in every classroom to reprimand the teacher and assure the student that he is always right. Hospitals would then have to be provided for the Humane Society, and Asylums for the students. These would be my honest aims.

The reason that I am not principal of this, or any other, school is that the proper authorities do not recognize my superior ability to fill such a position. Also the people of this school district do not allow the interested occupants of padded cells to direct the course of their children's education.
—Hazel Clough.

TINER'S TICKLES

The title of the Senior play is "Depend on Me," but I'd say the sponsors couldn't depend on any of them.

The "gold-digger" advertised for in the "Last" column of the Freshman report a few weeks ago says he so-called "gold-digging" will be continued but she refuses to be returned.

Mattie Mae Collins evidently hurt some poor rabbit or what is that on top of her cap? Her good luck charm is hanging in air!

I had to stop to laugh when "Kiddo" Dings or "fancy pants" came up to me Saturday with a brand new top piece on although I seriously confessed that something was necessary to hold him down, he's not top heavy.

Don't miss next week's "Ticklers" because all the good little boys and girls of M.H.S. are going to tell Santa what they want for Christmas.

Timid Referee: "Now, the last thing I wish for is unpopularity."
Boogy: "Have you any more last wishes?"

"I saw in the paper that in some out-of-the-way corners of the world the natives still use fish for money."
"What a job they must have getting chewing gum from a slot machine."

Mr. Harbregre: "Are you the waitress who took my order?"
Waitress: "Yes, sir."
Mr. Harbregre: "You're still looking well—how are your grandchildren?"

An explorer was speaking at a dinner given in his honor before he left on a journey to Africa. In concluding his remarks he said:
"I thank you for your kind wishes regarding my welfare on my dangerous journey, and I want you to know that when I am far from you, surrounded by ugly, grinning faces, I and brother, Joe,

shall always think of you."

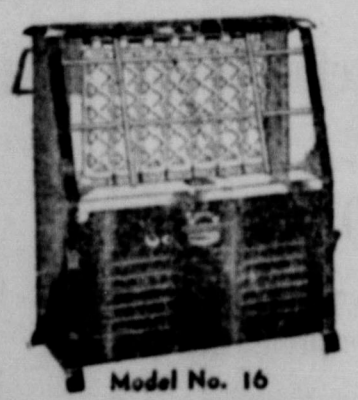

"I look forward every Sunday to the after-dinner nap."
"I though you never slept after dinner."
"I don't, but my wife does."

SAYINGS OF M.H.S.

Hazel Clough: "Down with everything."
Bill Dings: "Fancy pants."
Mattie Mae Collins talks pig latin but can't quite say "Vinton" yet though "Junior" fits that case.
Martha Nell: "Got any chewing gum?"
Darwin Campbell: "Phjew."
Clifford Brock: "Binetams."
Virginia Bess: "Boo-boo-boogy."
Boogy: "S. A."
Louise Ingram: "Hot-cha-cha-cha!"

Miss Alice Sokora, who recently underwent an operation in a Venon hospital for the removal of her tonsils, returned home last Friday, and was accompanied home by her mother and brother, Joe.

Rodeo Scheduled By Local Firemen For This Week-End

Arrangements have been made by Junior Colwell and Sam Stuart of Seymour to stage a rodeo here Saturday and Sunday, December 16 and 17 under the auspices of the Munday Fire Department.

The program will include bronc riding, Brahma steer riding, Brahma steer roping, bulldogging, trick roping, trick riding, and the feature attraction will be a bull-fight staged by the two above-named promoters.

Mrs. W. P. Farrington, Mrs. R. H. Neff and daughter, Miss Lucille, spent the week end in Dallas. They were accompanied by Mrs. Raymond King, who returned to her home at Terrell, and Miss Kathryn Atkinson, who spent the week-end in Farmer-ville as the guest of Miss Madge Pendleton.

We extend a cordial invitation to the kiddies and parents to visit our store and see the vast array of Christmas toys and useful gifts on display. Gifts for young and old, reasonably priced.

Hectic Days Sleepless Nights

IF YOU are nervous today, you probably will not sleep well tonight. If you don't sleep well tonight, you will probably be nervous tomorrow.

Don't allow yourself to become nervous. Take Dr. Miles Nerveine. It will relax your tense nerves and let you get a good night's sleep.

Irritability, Restlessness, Sleeplessness, often lead to Nervous Headache, Nervous Indigestion, Hysteria—sometimes to a nervous breakdown and organic trouble.

Some of the people, whose letters are printed below, were as nervous as you are—possibly more so—yet they have found relief.

Three years ago I was so nervous I could not bear to go out in company and could not sleep nights. A friend recommended Dr. Miles Nerveine. I now sleep soundly, thoughtfully and sleep every night. Miss Juliette Curtis, New Market, N. H.

I have used Dr. Miles Nerveine for liquid form and find it the best medicine for the nerves I have ever used. Christine Lanier, Middleton, Tennessee

Whenever I have over-indulged and feel restless I take one or two Nerveine Tablets just before I retire. In the morning when I awake I feel like a new person and can go about my work as usual. Dr. Miles Nerveine Tablets quiet your nerves, bring you up and are the simplest, most convenient tablets to take I have ever found. Miss Grace Rudman, St. James, Mich.

Before using your Nerveine I was very nervous and irritable. Since I have started to take it I feel so much better that my family notice the difference. I still take it from time to time but the good results are wonderful. J. H. Bolding, 1021 10th Ave., Rock Island, Ill.

Miss Curtis can't sleep at night and sleeps during the day.

Christine Lanier has used Dr. Miles Nerveine for three years and she says she has never felt better.

Miss Grace Rudman has used Dr. Miles Nerveine for three years and she says she has never felt better.
