Munday, Texas, Thursday, Oct. 19, 1933

Number 19

THE BIG RACE IS ON

Local Firemen and Business Men Meet and Pledge Activity

A goodly number of members of the Munday Fire Department together with a few business men met at the City Hall on Friday evening of last week at which time L. T. Newsom, inspector for the State Fire Insurance Department made a talk in which he outlined some of the requirements of the department necessary for the retention of the present key rate in Munday. Among his demands was that the local department resume its regular practices. Mr. Newsom promised his cooperation with the local department in withholding penalties pending a compliance with this request over a period of time.

It is evident that few business men and property owners realize the importance of retaining our present key rate of 35 cents or lower. For we are sure that if more of them really understood the actual meaning of this low key rate they would have been present to pledge their cooperation in an effort to retain or lower this rate. Munday, with a key-rate below 40 cents is classified by the commission as a town of the second class, and should we lose so much as one cent from our present rate we would revert to a town of the third class, which would mean increased rates and additional penalties for expenses.

G. R. Elland and J. A. Caughran were among the business men present and each of them pledged their fullest cooperation to the department in renewing interest and in carrying on. Mayor J. A. Kennedy stated that the council had all along given its support to the department in an official capacity and expected to give the boys more cooperation in the future.

Among the visitors present were Chief McClusky of the Seymour department, and Mr. Farchman, former chief of the Lamesa department, and now associated with the First National Bank here as bookkeeper, each of whom made brief talks in which they suggested methods of keeping interest in the department.

Gray's Stock Co. Is Coming To Munday

Arrangements have been completed for the Gray's Stock Co., to show in Munday all next week, commencing Monday, October 23rd. The show is playing in its own big tent theatre which is comfortably heated when needed. All new plays are featured with a capable acting cast under the direction of Colap Thomas. The vaudeville is new and modern. The famous Radio and State Orchestra, "The Missourians" is presented each night before the show as an added attraction. This show is a high class organization with an established reputation and is guaranteed to please. Low prices are featured; 10 and 25c with ladies free on opening night when accompanied by one paid adult ticket. Doors open at 7—show starts at 8.

Famous Soprano Will Appear In Seymour Oct. 27th.

Miss Cecile Mitchell, noted soprano of Plainview, Texas, will appear here on Friday, October 27th, in a presentation of songs. Miss Mitchell, who has studied in many of the musical centers of Europe, is giving concerts in several West Texas towns this fall, prior to her return to Paris for an engagement. The local presentation is to be sponsored by the Baylor County Federation of Women's Clubs, and their part of the proceeds will go toward their fund for planting permanent shrubs on the Courthouse lawn. Mrs. Guy Jacobs, a sister of Judge I. O. Newton of this city and known before her marriage as Miss Vera Newton, will be Miss Mitchell's accompanist, and an effort is being made to have her give a group of piano selections.

Mrs. Dorse Rogers is visiting her parents in Cane Hill, Arkansas.

employment Agreement, which apply particularly to retail stores? A. No, until the permanent code for retail stores has been signed by the President, any such store displaying the Blue Eagle is expected to operate under the PRA, as modified by substitutions applying particularly to retail stores.

Each Candidate is Forging Ahead at Full Speed

The big race is on! Who is going to win? That is the question.

Yes, the big race is really on and the candidates are in the field. The results to date are rather flattering, and we are indeed well pleased with the showing the candidates have made in this short time. Only one full week has passed, and the second week will end Saturday night.

Those in the race at present are: Mrs. Chamberlain and Mrs. Bowley of Munday, Miss Frances Bruckner of Rhineland and Miss Ora Lee Floyd of Sunset. All are in the field and are meeting with success.

We need at least two more candidates in the town of Munday to work the city and communities near Munday. We also need two or three more candidates in the communities surrounding Munday. This work is pleasant and there is no reason why some lady could not enter this campaign at present and win the new Chevrolet car, or even one of the other prizes of a value that it would pay any lady to spend her time to win. Come in and talk with the campaign manager, get your supplies and start to work a once; you have plenty of time to enter and win. The greater part of your work will bear results the latter part of the campaign and now is the best time to enter.

Plans For Annual Red Cross Drive Under Way in Co.

A county-wide meeting of Red Cross workers is scheduled for Benham on October 31, according to Mr. and Mrs. Chas. Moorhouse, who stopped here for a brief time Monday evening enroute to their home at Benham from Abilene, where they had attended a regional conference during Monday. All sub-chairmen and others interested in Red Cross activities are urged to attend this meeting, at which time the annual drive for members in Knox County will be planned. Mrs. G. D. McCarty of Knox City also attended the Abilene conference.

Mrs. D. J. Brookreson of Benham has been chosen as county chairman of the Red Cross, and will have the supervision of the membership drive, and it is the sincere desire of those interested in the work in the county that a large membership be enrolled in Knox county.

MAULDINS MOVE TO RULE

Mr. and Mrs. D. T. Mauldin and children are this week moving to Rule, where they will be located for an indefinite period of time, that being a central point for Mr. Mauldin's work as collector for the International Harvester Company in Haskell and a part of Stonewall county. The Mauldins are pioneers in Munday, both Mr. and Mrs. Mauldin having been practically reared here, and they carry with them the best wishes of a large host of friends in their new home. They are not moving their household effects, having rented a furnished home at Rule and rented their home here furnished.

SLOT MACHINES REPIRIED

Sheriff C. R. Elliott, who last week ordered that all slot machines be removed from business houses in Knox county, has withdrawn his order pending instructions from the Attorney General's Office on the legality of the machines, since some question has been raised as to whether it was legal to operate the machines. Local concerns which removed the machines early this week have replaced them pending further instruction from Sheriff Elliott.

Misses Dolores and Dorothy Campbell, and Miss Mary Eva Rigby are in Baird, Texas, this week visiting their aunt, Mrs. Roy Outbirth; they were accompanied by Mr. Otis and Miss Jewell Perdue, who are visiting their sister, Mrs. M. F. Hammons.

Garner, Farley And Party Paying Visit to Texas

DALLAS, Texas, Oct. 19.—The eyes of the Nation are on Texas today, with this State as host to the most brilliant assemblage of Federal officials and political personages ever gathered here. But one name—that of President Roosevelt—could be added to make the three-day tour of Texas of more importance to Texas and Texans.

A spectacular armada of transport planes brought the visitors, headed

JOHN NANCE GARNER Vice President

Infant son of Mr. and Mrs. Jack Russell Died on Thursday

The three-day old son of Mr. and Mrs. Jack Russell of the Sunset community died on Thursday and funeral services were conducted Friday at the Gillette cemetery by the Rev. C. E. Stovall, pastor of the Baptist church. The Times joins the many friends of these fine young people in extending sympathy in their great sorrow.

Sunset Schools Will Re-Open on Monday, Oct. 30

At a recent meeting of the school board of the Sunset schools it was definitely decided that the schools would re-open on Monday, October 30th, according to an announcement made this week by T. W. Harber, superintendent.

With the re-opening of the school Prof. J. L. Hughes of Vera and Austin, will be added to the high school faculty, making a total of thirteen teachers in the system. Prof. Hughes is a graduate of the University of Texas, and comes to the Sunset school with the best of recommendations.

Millions Allocated For Cotton Loans

WASHINGTON, Oct. 16.—The Reconstruction Corporation today allocated \$250,000,000 to the Commodity Credit Corporation to be used for loans on cotton placed in warehouses by farmers.

The money will be used in rediscounting notes taken by banks and other lending agencies. Oscar Johnson, finance director of the farm administration, said these agencies included cooperatives, cotton brokers and factors.

Loans may be made at 10 cents a pound on low middling grade of 7-8 inch staple or better and eight cents on low middling with a staple shorter than 7-8 inch.

The farmer's notes will be rediscounted with Commodity Credit Corporation, secured by warehouse cotton of the 1933 crop.

In announcing the allocation Jesse H. Jones, chairman of the corporation's board, said he did not believe that the entire amount would be spent.

H. D. CLUB MEETS

The Munday Home Demonstration Club met on Friday afternoon, October 13th, at the lunch room, and since there was no business we had a round-table discussion on our reports and on our tour of the county, which will be on Tuesday, October 31st. Let everyone try to go.

Our bedroom and pantries were judged and we are anxious to know all about the results.

Those present were Mesdames, Edwards, Lansford, Bowley, Jones, Reneau, Crump, Pruitt and Matlock. General, and former Texas newspaper man, James A. Moffett, member of the Federal Oil Administration; L. W. Robert, Assistant Secretary of the Treasury; Marvin McIntyre, President Roosevelt's press representative; Senator Pat Harrison of Mississippi; Frank C. Walker, a member of President Roosevelt's super-cabinet; Eugene L. Vidal, of the Division of Aeronautics, Department of Commerce; and J. F. T. O'Connor, Controller of the Currency.

SILLIMAN EVANS Fourth Ass't Postmaster General

Local Optometrist To Attend Graduate Clinic At Wichita

Dr. J. D. Kethley, Optometrist of this city will attend the Graduate Clinic on the Study of the Correction of eyes of Children which is being conducted by Dr. A. M. Sheffington of Chicago, Director of the Graduate Clinic Foundation of Optometry, Internationally known authority on eye diagnosis and correction in Wichita Falls at the Kemp Hotel, October 22nd, 23rd and 24th.

Dr. Kethley belongs to the Research Groups of the Texas Optometric Association and has been working for some months in association with the State Chairman.

Modern Optometry is primarily interested in the adaptation of the visual apparatus of children to their school environment—and constantly less occupied with simple good eye sight.

Dr. Kethley will learn the last refinements of the methods and application of this new conception. University research records show that 66.8 of the children in school today are visually ineffective—not because their "eyes are bad" but because modern life demands more near point concentration than the eyes of more than half the students are capable of sustaining.

Hefner Gin Changes To Electric Power

The McNeill gin at Hefner has been closed down most of the week on account of trouble with the boiler. In order to take care of the ginning for the remainder of the season with the least possible delay, Mr. McNeill has made a contract for electric power and will use a big electric motor.

The West Texas Utilities Company has been busy with workmen making the necessary changes in the lines to carry high voltage from Goree to Hefner. With the changes in the line and the installation of the motor at the gin, work will be resumed.—Goree Advocate.

FRITZ-PRUITT

On Sunday afternoon at the home of the bride's parents in Abilene, Mr. Earl Pruitt of this city and Miss Mary Fritz were united in marriage with Elder Taylor Carter of Weinert, minister in the Church of Christ, officiating.

Both the bride and groom were reared in Munday, both having attended and graduated from the Munday High School, the groom in the class of '29 and the bride in the class of '22.

The bride is the daughter of Mr. and Mrs. D. C. Fritz, who recently moved from this city to Abilene, after having resided here for many years, and is among the community's most highly respected families, while the groom is the son of Mr. and Mrs. G. L. Pruitt, also pioneer and substantial citizens of this community for many years.

The Times joins the many friends of these excellent young people in wishing for them a full measure of health and happiness throughout their married life, for indeed they are among our finest young people and are deserving of the best.

They will make their home in Munday, the groom having rented a farm near town and will farm next year, and in the meantime he is employed at the Baker-Campbell Company.

The Campaign Manager Says:

And possibly we have too much to say in this column, but the editor says for us to fill it up with something, so we have to say some unnecessary things in order to hold the column down.

The writer visited Rhineland this week, the first time in 27 years. On that trip we drove a horse anchored to the front end of a buggy with a beautiful blonde on the proper side of the seat. We drove all day and a greater part of the night on that trip, but today we make the round trip about if you owned your grocer for in about thirty minutes. Rhineland is wonderful country, and we enjoy the trip very much. We believe we saw the finest church in America to be located in so small a town. And the most wonderful farms we have ever seen are in the Rhineland neighborhood.

And another thing for you to think about. If you own your grocer for a period of four or five years, what do you think he would do about it? Just keep on selling you groceries in the same way and never ask you for the "old bill"? That is the same case with a newspaper. Some of our candidates have collected for one year from some of our subscribers when they are delinquent as much as five years. We all realize that conditions have not been what we would like the past three years, but at present most people have money and we feel that each and every subscriber to the Times should pay his entire delinquency and then pay a few years in advance. Mr. Kennedy has been kind enough to "carry" the account because he knew it would inconvenience you to pay for the paper. But don't you think you should pay that bill now?

The J. D. Hendersons Celebrate Fiftieth Wedding Anniversary

Mr. and Mrs. J. D. Henderson celebrated their Golden Wedding anniversary on Friday of last week when a sumptuous dinner was prepared at the Henderson home and enjoyed by Mr. and Mrs. E. G. Pettit of Wheeler county, Aubrey Pinnell, a grandson, of Wheeler county, Moss Henderson and family and Mr. and Mrs. Dink Bowen and family.

It had been planned to have the dinner as a surprise to Mr. Henderson, but he had suspected that something was in the air prior to the time, and he states that the event was one of the most enjoyable events for both he and Mrs. Henderson.

The many friends of this excellent family join with us in the hope that Mr. and Mrs. Henderson will live to enjoy many more happy gatherings with their loved ones.

Brushy School To Open Term Oct. 30

The Brushy community school south of Goree has just completed a new three room frame school building to take the place of the one that burned last spring. Seats and equipment have been ordered and should arrive some time this week. When placed everything will be ready for the opening of the school which is planned for October 30th.

Prof. Bullington who will serve the community again this year as principal, reports that most of the children should be ready for the opening and he is looking forward to a fine term.—Goree Advocate.

SATURDAY A BIG DAY

Saturday was probably the banner day of the fall season with Munday business concerns, many of whom state that sales on this day exceed any they have had this year or for several years for that matter, and it is the general opinion that it will be the peak day for this fall, as many pickers will soon begin to leave this section. Had it not been for the rain Saturday night local business concerns would have had even a bigger day.

RAIN DELAYS HARVEST

A heavy rain fell here Saturday night, which was the first rainfall of any consequence during the fall, and the favorable weather to date has enabled the farmers of the Munday country to get their cotton picking well along, and with favorable weather conditions the bulk of the crop will have been gathered within another thirty days.

THEY'RE OFF!

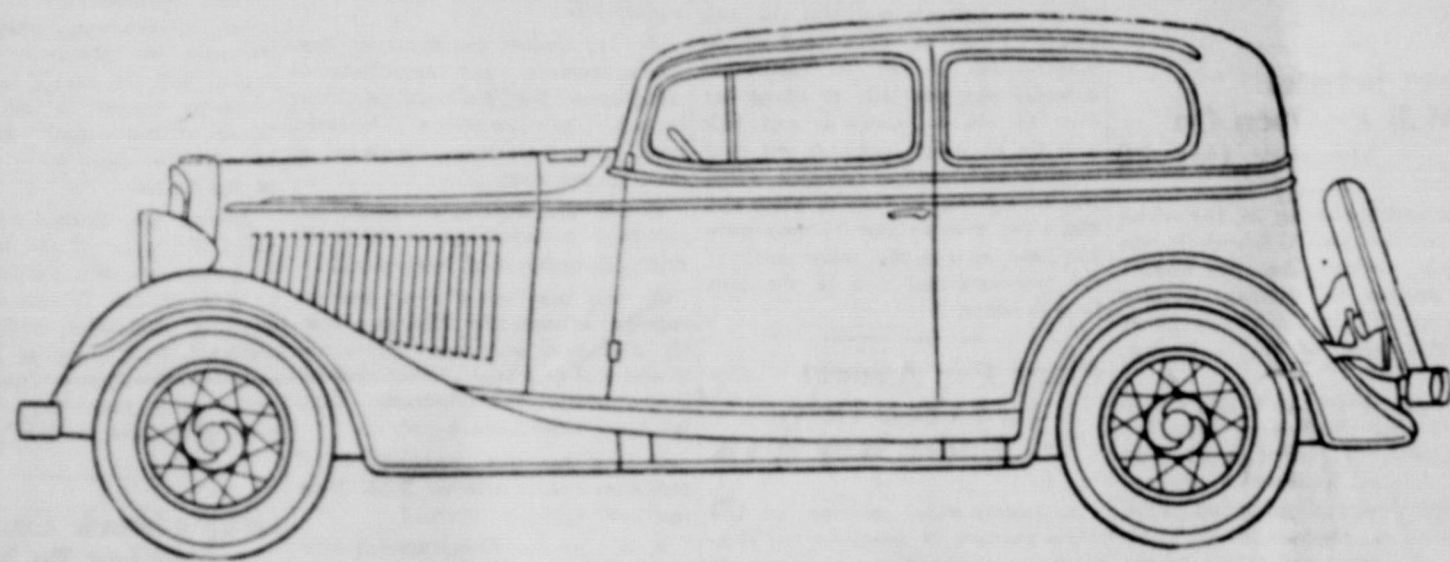

BIG RACE IS AT FULL SPEED

Five Candidates are winging their way across the goal line of success in the Munday Times Big Prosperity Club Circulation Campaign; this campaign was inaugurated for the purpose of collecting the delinquent subscriptions to the Times as well as increasing the circulation to the end that it shall reach every home in Knox County and the Munday trade territory. Our five new candidates are all working early and late, each and every one with a single determination and that determination is to win the NEW CHEVROLET CAR. Some lady is going to win this car and its just as well be YOU. There's plenty of time for you to enter now and WIN.

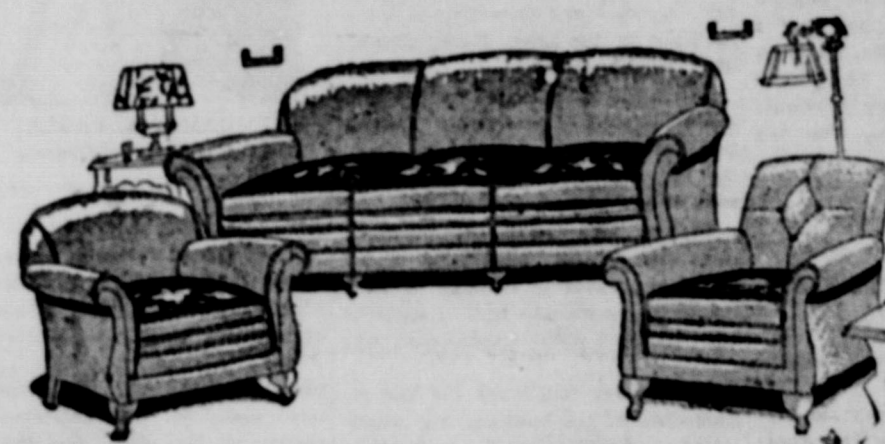

Plenty Time to ENTER NOW and WIN

The GRAND PRIZE!

OUR GRAND PRIZE IS A NEW STANDARD CHEVROLET TWO-DOOR SEDAN, BOUGHT FROM THE MOORE CHEVROLET CO., OF MUNDAY, TEXAS. THIS PRIZE GOES TO THE LADY WHO SECURES THE GREATEST NUMBER OF VOTES IN THIS CAMPAIGN. THIS CAR WILL BE ON DISPLAY AT THE MOORE CHEVROLET SHOW ROOM THE LAST OF THIS WEEK OR THE FIRST OF THE NEXT.

Second Prize!

OUR SECOND PRIZE WILL BE A 3-PIECE OVER-STUFFED LIVING ROOM SUITE, THE HIGHEST PRICE SUITE CARRIED BY MANSELL BROS. HDW. & FURNITURE CO., AND NOW ON DISPLAY IN THEIR SHOW WINDOW. THIS PRIZE CAN ONLY BE WON BY SOME CANDIDATE FROM THE RURAL DISTRICT, OR OUTSIDE OF THE CITY LIMITS OF THE CITY OF MUNDAY.

We Need Several More Candidates Over Knox County

Our Third Prize

\$100
IN CASH

Vote Schedule

	Price	Votes
1 Year	\$1.50	1,500
2 Years	\$3.00	3,000
3 Years	\$4.50	4,500
4 Years	\$6.00	6,000
5 Years	\$7.50	7,500

The above schedule will prevail throughout the entire Campaign. Positively no subscriptions will be accepted for more than five years.

Our Fourth Prize

Our FOURTH PRIZE is a wonderful "COLEMAN INSTANT-GAS Range, one of the highest grade Ranges on the market. Has four burners on top with warming closet and shelf above.

The Second Week of Campaign Closes Saturday

City Candidates

We would like to have at least two more candidates in the city of Munday, as well as one or two in Knox City. When you consider you have the best opportunity in the world to win a worth while prize why don't you come in and see the Campaign Manager and get in the work at once. There's not a chance to lose in this campaign, for you get a nice cash commission if you don't win one of the grand prizes.

Entry Blank and 5,000 FREE VOTES

Date.....1933
Please enter my name as a Candidate in the Circulation Campaign. I have read and agree to comply with the Rules and Regulations governing same. Please give me 5000 FREE VOTES as a starter.

Signed

Town.....State.....

Rush this to the Campaign Manager and get an early start.

Rural Candidates

We would like to have a candidate in each and every community in Knox county; we have a few rural candidates, but we are very much in need of others. In order to reach every home in the county with the Times we must have candidates in those communities. There is no business that will pay as well as the work we are offering you, and also the work is pleasant, and does not necessarily take all your time.

Today And Tomorrow

By Frank Parker Stockbridge

RELIGION—and churches

I think the best thing that has been said on the subject of religion and the church was said by the dean of St. Paul's, London, Dr. William Ralph Inge, a few days ago. Pointing out that the claim of the early church to be the repository of all truth was sound enough in the days when all the learning of the world was in the direct service of the church, Dean Inge went on to say that the church of Christ today is "the whole congregation of Christian people dispersed throughout the whole world," and that moral and spiritual influence is open to all, laity as well as clergy, who show themselves fit to exercise it.

He thought that people should think of the church as an orchestra in which the different churches play on different instruments, while a Divine Conductor calls the tune.

That, it seems to me, sums up the essence of modern religious thinking in very well chosen words.

LOAFERS—getting paid

Not long ago I parked my car in a country village and noticed a knot of men loafing in the sun, in front of the grocery store. I had not been in that town for several years, but I recognized many of the loafers as the same ones who had been parked in the same place the last time I was there.

"Are those the local unemployed?" I asked the grocer, an old friend. "They're the chronic unemployed," he said. "I could name you twenty men right here in this town who have never done a stroke of work they could avoid doing. The only difference now is that we've got an unemployment fund and they are getting paid for loafing."

If the test were applied that no man could get employment relief unless he could prove that he has had at least one job in the past five years, before the depression began, it would save some towns a lot of money.

LUXURY—up the chimney

Everybody isn't broke. I learned the other day of a wealthy man whose hobby is open fire. He bought a duplex cooperative apartment in one of the fine Park Avenue buildings last spring and the first thing he did was to have wood-burning fireplaces put into practically every room.

That cost him plenty, but when the fireplaces were in he ordered his servants to keep a fire burning in every one of them, all the time.

That made his apartment pretty warm in summer, so he has just spent forty thousand dollars installing an air-conditioning system, to keep the rooms at a livable temperature while the fires burn.

RUSSIA—their country

There is so much revival of the talk of "recognizing" Russia that it would not surprise me to see the United States admitting at last that

the present government has come to stay.

After all, the Communist system has been working in Russia for nearly eighteen years, and the people ought to know by this time whether they want it or not.

My notion about recognition is that Russia is their country, not ours, and the Russian people are entitled to any sort of government they want. The main objection to recognition has been partly fear that we recognized Communism the Communists might get hold of this government some way, and partly the threats, of which we didn't hear so much the past few years, that the Communists were about to declare war on the rest of the world.

The best evidence, to my thinking, that the United States does not need to fear a Communist revolution, is that in spite of the hard times we have been having the Communist movement hasn't even got a toe-hold in this country. And the return of prosperity will put an end to all Communist scares.

UNSELFISH—relief director

Harry Hopkins picked for his life work a career in which he hasn't a chance to get rich, but from which literally millions of other people are benefitting.

As soon as he graduated from Grinnell College in his native Iowa, he got a job with a charity organization. From one such job he went to another, Association for Improving Child Welfare, Red Cross Flood Relief, director of New York Tuberculosis and Health Association, director of New York Relief Administration—and now he is Federal Relief Administrator, with \$500,000,000 to spend and the duty of seeing that nobody in America goes cold or hungry.

I don't know what church Harry Hopkins belongs to, but he is my idea of the sort of Christian described in the parable of the Good Samaritan.

FLYING—there and back

I had luncheon with a friend one day recently in New York. "Starting for California tonight," he said. I wished him a pleasant trip and thought that would be the last I saw of him for a month or two.

Ten days later I encountered him again at the same club. "Thought you were going to California," I remarked.

"Oh, I've just got back," he replied. "Spent a few days with my dad in San Diego, did a little business in Kansas City on my way out, and took in the Century of Progress on my way back. I wouldn't think of traveling even five hundred miles except by air."

I counted up the years since I saw Glenn Curtis make the very first public flight ever made in an airplane. Twenty-five years ago last July! It took a full week any way you figured it, to get from New York to San Francisco in those days; twenty-two hours now, and the flying time shortening every few weeks.

Our world has shrunk and is still shrinking.

WASTE—time and energy

Nine people out of ten spend too much physical energy doing things too quickly, or which do not really need to be done, says my friend Walter Pitkin in his new book, "More Power to You." Pitkin is

himself an example of a man who gets a great many things done because he does not waste his energy in unproductive labor.

My old Yankee grandmother used to admonish me and others of her kin who were prone to hurry. "Use your head to save your feet." Another of her sayings was that there was no use worrying about something that had passed, because worry wouldn't change it, and there was no sense in worrying about something in the future, because it might never happen.

TEXAS RELIEF MACHINERY

After much wrangling, investigation and argument the Texas State Senate has reached a compromise upon a plan for the distribution of relief money in Texas. The plan provides that three Ferguson appointees, three non-Ferguson appointees (heads of the three large regional chambers of commerce), and an appointee by Lieutenant Governor Edgar Witt and the retention of Lawrence Westbrook as director. Mrs. Ferguson must act in her own right as chairman or the board is to choose its chairman from the membership.

From the outset it has been evident that the Senate would yield to no plan of administration that would permit the continuation of James E. Ferguson as chairman of the board without bond. Of course there are those who will charge that such action on the part of the senate is purely political animosity toward the former Governor, but we believe that those who have the distribution of millions should be bonded, either as public officials or in their capacity of members of the board.

It would be far more desirable if the state could have a relief administration entirely removed from politics, but so long as the Ferguson administration was charged with the administration of relief funds they certainly cannot be condemned for administering it through their political friends, and the action of the Senate should meet with approval of the citizenship of Texas, since it in a measure removes the administration of the funds from partisan politics, as it should be.

Rep. Moffett Tells Of The Bills Passed By Special Session

Oct. 17, 1933.

Mr. J. A. Kennedy, Munday, Texas.

Dear Mr. Kennedy: The thirty day special session has just closed. It was one of the busiest sessions of the Legislature in recent years. More than the usual number of bills for a special session were enacted into law. However, I am glad to say that no new taxes were levied upon the people of Texas. A few new tax bills were introduced, but the members of the Legislature were not in any humor to impose additional tax burdens upon the people. Among the important bills which finally passed both branches of the Legislature are the following: (The Governor has already signed part of these bills). 1—Providing for the issuance of Relief Bonds, to be matched by Federal

funds. 2—Strengthening and tightening the laws providing for the punishment of kidnappers. 3—Passage of an anti-machine gun law, requiring the issuance of a permit before purchasing a machine gun. 4—Adding hospitals to the list of self-liquidating projects which may borrow Federal funds. 5—Reducing the license fees on small farm trucks by half. 6—Providing for a special audit of rentals and bonus money due from oil companies on public school lands leased from the State. This bill attracted but little attention, but should result in considerable money being paid to the State Permanent school funds. 7—Re-enactment of the law remitting the interest and penalty on delinquent ad valorem taxes and providing that if the delinquent taxes are paid by Dec. 31, 1933, that there will be no interest charged, and only 2 per cent penalty, and if said taxes are paid by March 31, 1934, the interest will be remitted and only 4 per cent penalty charged. This applied only to taxes now delinquent.

I thought, perhaps, that some of your readers would be interested in knowing of these new laws, and, therefore, I have made this list of the more important ones and would be glad to have you publish it, if you see fit. The anti-trust laws were changed but very little and I believe that it is a good thing for the people of Texas that they were not changed any more.

I received many letters from people all over the district and was very glad to get them.

With sincere personal regards, I am
Yours Very Truly,
George Moffett.

ANNOUNCEMENT

We have purchased the Barber Shop in the Tull Building, and invite our friends and customers to visit us in our new location.
Stanley Morgan.

SOME RIDE

By Albert T. Reid

Gopher Hole Gazette

Luther Wintergrass, Editor

Blighted Status of Citizenry Forcibly Brought to Light
Asked what constitutes the greatest handicap to a lecturer, Doc Gillingham, well-known Gopher Hole physician and man about town, replied quick as a flash, "The audience." Doc's remark followed hard on the heels of his recent appearance as a lecturer in our neighboring community, Watery Creek, where the general physician practically filled the schoolhouse when he gave a terse talk on "Wonders of Science."

"Of course," it seems Doc preferred his remarks, "you all know what the inside of a corporation is like."

"Well," said the baffled chairman, "most of us do Doc, but you better go on and explain it for the benefit of some of us that ain't been inside one."

AMONG ILL AND AILING
Joe Peaberry was recently forced to hire a nurse to attend to Mrs. Peaberry during convalescence from a spell of influenza and reports she has funny ideas. It seems Tuesday evening Joe returned home to find the nurse in a twitter.

"Oh, sir," she cried, "Your wife's been delicious. All afternoon she's been calling for you and crying for money."

"That," grinned the sage Joe, "What do you mean, delicious?"

NOTICE WARNING!
Mr. Henry Waites: Dear sir, this is to notify you your mother-in-law is in the hands of a group of desperate bandits. You had better move quickly, or else! Send ten thousand dollars to Box Y, this office. **THE BLACK HAND!**

NOTICE BLACK HAND!
What do I care what happens to a bunch of bandits? Henry Waites.

RELIEVE THESE TOO!
Otto Rickitty, of Baneful, West Va., voted for the same candidate for Mayor for 11 successive years! (Ans: And only lacked about 2,655 votes of getting Otto elected.)

When Miss Lettie Bounce, of Tippling, Mo., sings, the dogs for blocks around gather under her window to listen! (Ans: Dogs are certainly funny animals!)

WEATHER TODAY
Nothing to brag about.

Auntie Bellum's Question Box
Dear Auntie Bellum: What is baldness a sign of?
—Harassed Elderly.
Dear Elderly: It's a sign your hair is coming out.

Dear Auntie: I wonder if you could give me the name of the author of that wonderful little poem we used to have to memorize in school. You know, "O, something or other, how beautiful it is to be, a tum-tum-tummy, you know how it went." You remember it.

—Gertie.
Dear Gertie: Dear me, you, William what's-his-name.

Dear Auntie: If my wife insists on buying fur coats and spending all my money, what can I do?
—Irritated Taxpayer.
Dear Irritated Taxpayer: Exactly, what can you do?

Dear Auntie Bellum: I am a little girl age six, and I always read your column, and I want to keep a pet but mummy will not agree to any I suggest. She says a dog is too rough, and a cat is too noisy, and goldfish take too much attention. Please answer and help.
—Your Little Pal.
Dear Little Pal: Maybe mummy would let you keep an oyster.

Dear Auntie: My wife and I have a fine scheme, it keeps us from breaking up in quarrels, when we disagree instead of breaking right up we count up to fifty while holding our breath. What do you think of that?
—Elmer.
Dear Elmer: I think you must get awful red in the face.

Personal of So
Old Col. James R. Griggby, who celebrated his nineteenth birthday this week, attributes his longevity to never following any of the advice given him on how to attain a ripe old age.

Asked if he smoked anything, the Col. heartily replied, "Yes, anything."

The meeting of the Friendly Ten Bridge Club will not be held this week, as none of the members are speaking to each other.

Ike Fitchey, since hearing his grandfather relate how in the pioneer days of this community the settlers used to swap the Indians bottles of whiskey for farm land, is now hunting the fields of the outskirts hoping to run across some Indian. "I want to swap back," says Ike.

BUSINESS OPPORTUNITY
HAVING JUST been informed my wife, while out driving my new Defenceloss Six, accidentally ran into a calf, I am offering for immediate sale, dirt cheap, one calf. Joe Peaberry, this office.

Later
WAS MISINFORMED: Was not a calf, was calf's parent. An offering for sale, dirt cheap, one Defenceloss Six. Peaberry.

Better Business Report For This Month
Do Fitchey, well liked and prominent local plumber, paid a flying visit to Henry Waites' general merchandise store Friday evening, which reminded neighbors that the day was his wife's birthday. He was observed leaving with the fountain pen counter and indeed a purchased case.

"Little surprise for the modern," suggested Henry as he wrapped it up.

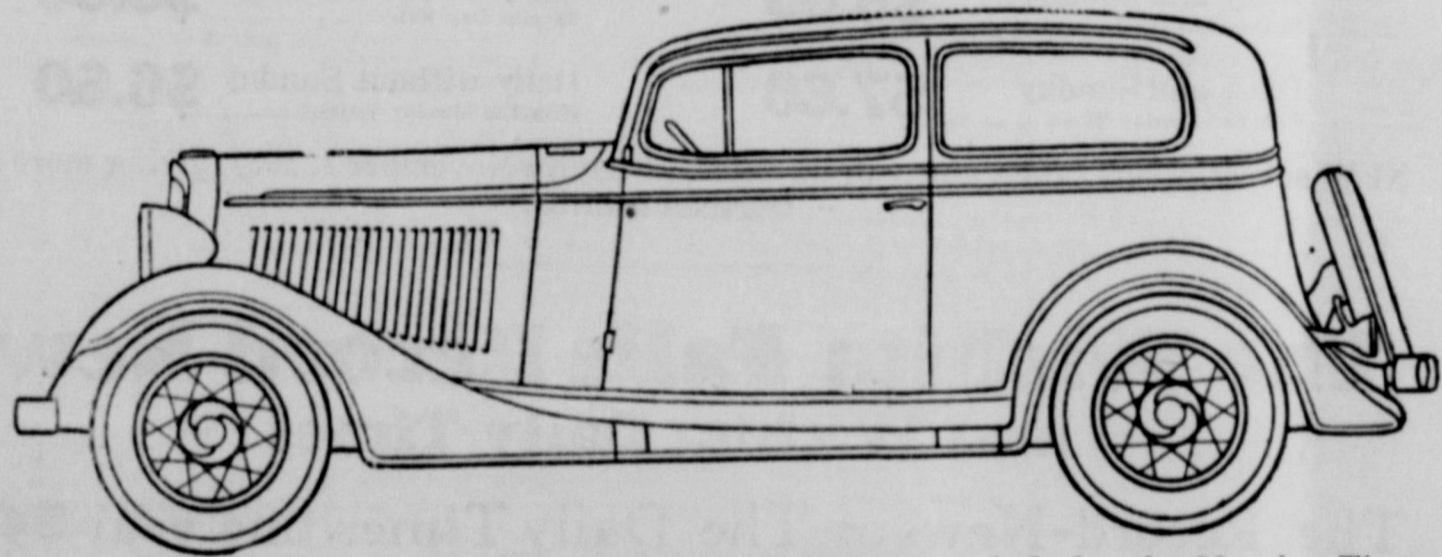

"I'll say it is," said Ike. "She's expecting a new automobile."

Your Health and Mine
By Doc Gillingham
It is my belief that the following request from a subscriber and tested it over to Gillingham, with the best result as follows:
Dear Doc: Would you mind discussing briefly, Stomach, Care of, and Diet, Importance of Breakfast in?
Dear Sir: Not at all, not all Salary, that is what it is given me for. I mean, requests, replying to. As for your first question, Stomach, Care of, I would say, consider it as a Major Organ. Importance of. This would fall under two heads, Food, Digestion of, and Conversation, Topic in. As to your second question: Diet, Importance of Breakfast in. I would suggest your giving the subject no concern and reading up a little instead on Grammar, Butchering of and Language, Close Grips with.

 SUBSCRIPTION PRICE \$1.50 PER YEAR

complaint granted not only weakens the standard to the extent of the single exemption, but also encourages further attempts to cut under and so break down one of the purposes of the NRA." Dr. Wolman continued in his warning to compliance boards.

When the loss of the child's job means hardship to the family, the Administration has accepted the responsibility for meeting the emergency. State relief offices have been notified by the Federal Relief Administration that "the recovery program is seeking to establish a 16 year minimum age for regular employment, this age standard is now fixed by the President's agreement and by those permanent codes which have been adopted, and it will probably be extended to the remaining industrial and commercial employments as more codes are promulgated. This means that some children of 14 and 15 who now hold jobs will have to give them up and go back to school. In some cases loss of the child's earning power, however meagre, will entail great hardship for the individual families. In other cases, even though the family might not be reduced to actual destitution, this loss of income may materially lower the standard of living."

Why be NERVOUS

There's a time-tested, harmless, preparation, compounded by a specialist in nervous disorders, for the relief of Sleeplessness, Irritability, Nervous Indigestion, Nervous Headache, Restlessness, the Blues and Hysterical Conditions.

During the more than fifty years since this preparation was first used, numberless other nerve sedatives have come—and gone. But the old reliable has always been in constantly increasing demand.

Only one medicine fits this description.

DR. MILES NERVINE

If you are nervous, don't wait to get better. You may get worse. Take Dr. Miles Nervine. You can get Dr. Miles Nervine—Liquid and Effervescent Tablets—at your drug store.

HELPED 98 PERCENT
 Interviews with 800 people who had used or were using Dr. Miles Nervine showed that 784 had been definitely benefited. Isn't anything that offers a 49 to 1 chance of helping you worth trying?

Get a package of Dr. Miles Nervine today. If it fails to help you—take the empty bottle or carton back to your druggist, and he will refund your money.

ROBERT A WORKER FOR THE FARMERS

We offer to our representative from the 114th district, the Hon. George Moffett, a bouquet of beautiful flowers for his untiring efforts in the interest of the farmer, the one forgotten man.

To Mr. Moffett goes credit for saving the farmers a considerable sum of money, fifty per cent in fact, on registration fees for motor trucks. Senator Ben G. Oneal, also representing this section in the upper house, sponsored the bill in the Senate, and now the fee on small trucks will be reduced from \$33 to \$16.50 annually. That is more like it, a farmer might say. More in line with his income.

Just why a lawmaker in the first place would present a bill taxing a farm truck so high—or any other motor vehicle for that matter—that would not sell for more than a hundred dollars on the market, only illustrates once again the kind of representatives the electorate sends to Austin. Personally, The News, while not coinciding with all Mr. Moffett's views, feels the people of this district chose a man in sympathy with their interest and one who works to better his constituents.

More men like Mr. Moffett is what Texas needs in the state capital—Chillicothe Valley News.

The Times heartily joins with the Chillicothe contemporary in his praise of Representative Moffett and Senator Oneal. Indeed we believe that both the 114th District and the 23rd Senatorial District have cause to be proud of their representatives in the law-making bodies at Austin, for both Senator Oneal and Representative Moffett have demonstrated that they have at heart the interest of the people of Texas, and it is our individual opinion that each of them rate above the rank and file of the membership in their respective bodies.

IT'S YOUR DEPARTMENT

The City of Munday has several thousands of dollars invested in equipment for the protection of property against fire. We also have an excellent organization of young men comprising our fire department, a vast majority of whom own little or no property, but are giving their services to the community for the protection of the property of others. Indeed there is an unselfish service to the community, and the only remuneration that they expect is the satisfaction of knowing that they are rendering a service to the community in which they live, and they will feel

SAM'S SURVEY

The Moguls paid a friendly visit to Anson Friday, and experienced the satisfaction of beating them 6 to 0.

With Munday kicking off, Anson received the ball, and was forced to return the ball to the Moguls by punting. West received the ball on the twenty yard line, and carried it down the field until he was halted within a yard of the goal line. Aycock then carried the ball through the line for a touchdown. After this the game was a matter of line plays and passes, with the Moguls threatening many times during the game. The Tigers were held back until the end of the final minute of play with the score still 6 to 0.

The Moguls are improving all the time and we're backing them at every minute, no matter whether they are winning or losing. So stay in there Moguls and FIGHT 'EM!!

We meet a team next Friday at Woodson that we have met once this year and defeated. But CAN we do it again?—Well, we can try like little men.

SENIORS

Last week the Seniors met with their sponsor for a regular meeting, and elected our Football Queen for the carnival, which is to be held some time in the near future. Hazel Clough was elected as our candidate with Inez Campbell as runner up. Hazel was our Queen when we were Sophomores and we feel sure that she will be the one crowned, the night of the coronation.

We have now had our introduction to the Life of a Senior and we are becoming more accustomed to the dignified ways of a refined human-being.

We have received an excellent young lady for a substitute. Miss Alice Rogers has proved to be a fine teacher and we wish that there was room for her to squeeze in among our subjects and stay always.

Rupert (disgusted over his exam paper) Oh, dear, dear!!
 Wanda McGlothlin: (shyly) Did you mean me?

TINER'S TICKLES

A new system of memory training is being taught in high school now and Miss Couch is very enthusiastic "For instance," she said, "supposing you want to remember the name of a poet—Bobby Burns. Fix in your mind's eye a picture of a policeman in flames. See—Bobby Burns?"

"Yes, I see," said John, "but how is one to know it does not represent Robert Browning?"

Jack Williams: "Father, I've a notion to settle down and go in for raising chickens."
 Mr. Williams: "Better try owls. Their hours would suit you better."
 Mr. Palmer: "Is that your cigarette stub?"
 John Laney: "Go ahead, you saw it first."

JUNIOR REPORT

The Juniors are through with their exams and are very glad. Well, I should say we are. We have some smart pupils, too. We had a 100 turn up in English, a 98 in Spanish, 92 in Chemistry, and two of our fighting Juniors made 13 words a minute in Typing which was above the average for the first speed test.

We will receive our report cards some time this week. Oh, dear! I hope that they are all good, better, or best.

We are sorry that Mr. Hardegreve has not been able to be with us these

last few days and join with him in his sorrow. We all miss him exceedingly.

Boy, oh boy! Did you see what OUR sponsor did last Thursday night? Well, we did, and you all missed something if you didn't see the play. She really is cute, don't you think so? We know that a car salesman doesn't think she's any too ugly.

You all want to take notice when you see Ruth Moore walking down the street 'cause there goes the High School Queen! Yes sir, you wait and see.

SOPHOMORES

Exams being over, we celebrated the close of the first semester with a party Friday night. Everyone enjoyed it and we want to thank Mr. Reed, Mrs. Greer, and Mrs. Barnes for assisting us. We regret that Mrs. Bauman was out of town and couldn't be with us. Next time we want all the girls to come and show as much class loyalty as the boys.

We were sorry that Mr. Hardegreve couldn't be with us the latter part of last week because of his father's illness, and we expect him to be back soon.

Whoopie! Tonight is initiation night for the first year Home Economics girls, and we are going to pour it on them? And how!

We want everyone in the Sophomore class to be sure and get as many quarters as possible for the Parent-Teachers Association so that we will get that two dollars and fifty cents offered as a prize.

We have two new pupils this morning, Alene Morrow and Philip Zessell, and we welcome them to our class. We're proud of the Sophomore class because practically every one has paid his quarter for the Library fee, of course, you know there are always exceptions.

A traveling salesman walked into a cafe and sat down.

A pretty waitress came up and the salesman said, "Nice day, little one."

"Yes," answered the waitress, "and it was pretty yesterday and the day before. I know I'm pretty, have pretty eyes and all of that. I've been working here two years and I don't think I'm too nice to work here. No, I don't think there's a show or dance in town tonight and I wouldn't go with you if there was. I have a brother that played football and he weighs three hundred pounds and he cooks here. Last week a \$25 a week salesman came in and wanted me to go with him and my brother sacked him. Now what will you have to eat, roast pork, Irish stew, hamburgers or liver?"

FRESHMEN

The Freshmen class wishes to extend our sincere sympathy and regret to Mr. Hardegreve in the recent illness of his father. It is reported that he is doing much better.

Well, the first six weeks of school are over, and are we glad?

The report is that the students have been making better grades this year than ever before in the history of Munday High School.

Two of our prominent Freshmen girls are in Dallas "taking in" the State Fair. They are Laverne Eiland and Wanda Jane Williams.

The Munday Moguls beat the Anson Tigers last Friday the thirteenth, but it seems that instead of ours, it was Anson's unlucky day.

GATHER YOUR CANS

Citizens of Munday are requested to gather up their tin cans and other rubbish that cannot be burned and deposit them in the alleys in containers that can be handled easily, and they will be gathered up by the city sanitary department on or soon after Monday, November 27th.

For Extra-Fast Relief

Demand And Get

GENUINE BAYER ASPIRIN

Because of a unique process in manufacture, Genuine Bayer Aspirin Tablets are made to disintegrate—or dissolve—INSTANTLY you take them. Thus they start to work instantly. Start "taking hold" of even a severe headache; neuralgia, neuritis or rheumatic pain a few minutes after taking.

And they provide SAFE relief—for Genuine BAYER ASPIRIN does not harm the heart. So if you want QUICK and SAFE relief see that you get the real Bayer article. Always look for the Bayer cross on every tablet as illustrated, above, and for the words GENUINE BAYER ASPIRIN on every bottle or package.

GENUINE BAYER ASPIRIN DOES NOT HARM THE HEART

Did you ever stop to think
 by EDSON R. WAITE
 State of Okla.

No matter how much governments or dictators may endeavor to camouflage the fact, no matter how seductive the peace talk and the vital necessity of reducing or abolishing the armament burden, there can be no escaping the fact that there is hardly a dictator or government but what is more or less war minded.

Under the thinly veiled guise of safety first of assured security, the nations are arming and in a more deadly manner than ever before. While the public of all countries are blinded by officially inspired propaganda, their pockets are emptied to meet the taxes which, far from decreasing, are increasing by leaps and bounds.

In the process, dictators in some countries in Europe have virtually swept away the freedom of the press, which is practically the only safeguard of the people.

SHERIFF'S SALE

State of Texas: County of Knox:
 Notice is hereby given that by virtue of a certain Execution issued out of the Honorable Justice Court of Prec. 6, Knox County on the 26th day of Aug. 1933, by W. S. Bailey, J. P. of said Court for the sum of One Hundred Forty Two, and ninety five (\$142.95) Dollars and costs of suit, under a Judgement, in favor of Pearce Dental Supply Co. in a certain cause in said Court, No. 885 and styled Pearce Dental Supply Co. vs. Dr. E. M. Ammons, placed in my hands for service, I, C. R. Elliott as Sheriff of Knox County, Texas, did, on the 29th day of Aug. 1933, levy on certain Real Estate, situated in Knox County, Texas, described as follows, to-wit: Lot No. 3, and the south 10 feet of lot No. 4 in Block No. 1, of the Samuel Gahagan addition to the town of Munday, as shown by plat of said addition of record in the office of the County Clerk of Knox County Texas, and levied upon as the property of Dr. E. M. Ammons and that on the first Tuesday in November, 1933, the same being the 7th day of said month at the Court House door, of Knox County, in the Town of Benjamin, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said Execution I will sell said above described Real Estate at public ven-

due, for cash, to the highest bidder, as the property of said Dr. E. M. Ammons.
 And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Munday Times, a newspaper published in Knox County.
 Witness my hand, this 29th day of August 1933.
 C. R. Elliott,
 Sheriff Knox County, Texas

MEDICAL ADVICE

If you want to... keep the bowel action regular and comfortable... make constipated spells as rare as colds... avoid danger of bowel strain... use a liquid laxative

Can constipation be overcome? "Yes!" say medical men. "Yes!" declare thousands who have followed their advice and know. You are not apt to cure your constipation with salts, pills and tablets, or any habit-forming cathartic. But you can overcome this condition just by gentle regulation with a suitable liquid laxative.

Dr. Caldwell's Syrup Pepsin has the average person's bowels just as regular as clockwork in a few weeks' time.

Why Hospitals use a liquid laxative
 The dose of a liquid laxative can be measured. The action can be controlled. It forms no habit; you need not take a "double dose" a day or two later. Will not irritate kidneys.

The right liquid laxative will bring a perfect movement, with no discomfort at the time, or afterward. The wrong cathartic may keep you constipated as long as you keep on using it!

In buying any laxative, read the label. If it contains a doubtful drug, don't take it. If you don't know what is in it, don't chance it. The contents of Dr. Caldwell's Syrup Pepsin is stated plainly on the label; fresh herbs, pure pepsin, active senna.

Its very taste tells you syrup pepsin is wholesome. A delightful taste, and delightful action. Safe for expectant mothers, and children. Drugstores have it ready for use, in big bottles.

Wake Up Your Liver Bile - Without Calomel

And You'll Jump Out of Bed in the Morning, "Harm" to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels, gas builds up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blotches. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good old CARTER'S LITTLE LIVER PILLS to get those two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't get the liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Beware of a substitute. 50¢ at drug stores. ©1931 C. H. Co.

JUST ARRIVED!

We have just received a shipment of exclusive Silk Dresses and Coats for Fall, which represent the greatest value we have ever shown. This is the first shipment of these exclusive garments we have ever shown and we extend a cordial invitation to the ladies of the Munday territory to call at our store and see them at their earliest convenience.

Our buyer is now in the market making purchases to supplement our big stock, and we wish to take this opportunity to thank the public for the liberal patronage we have received during the past few weeks, which is conclusive evidence to us that the public is appreciative of honest merchandise at fair prices, and that is our constant policy and aim.

THE FAIR STORE
Munday, Texas

LOCALS

Mrs. Bob Moore, who has been undergoing treatment in a sanitarium at Paris, Texas, has returned to her home in the Thorp community.

Geo. Salem is in Dallas this week making purchases of merchandise for The Fair Store and also his store at Rule.

Mr. and Mrs. J. C. Campbell and Mr. and Mrs. J. C. Borden left Wednesday afternoon for Dallas, where they will attend the Texas State Fair and transact business.

Mrs. Emma Dow of Abilene is here this week writing insurance. Mrs. Dow resided in Munday for some months back in 1925 and has a large number of friends over the Munday country.

Mr. and Mrs. G. R. Eiland and Mrs. Dave Eiland went to Dallas over the week end to attend the State Fair and Mrs. Eiland met her son, Chase Eiland, who is a student in the medical school of the University of Texas at Galveston.

Dr. and Mrs. N. L. Davidson of Pharr, Texas, are here this week looking after interests in this community and visiting friends. Dr. Davidson states that he suffered some loss on his home during the recent storm and that citrus fruit crops were approximately 90 per cent destroyed, and he states that conditions look exceedingly good in the Munday country as compared with conditions in his section of the state.

Hood News

We received a nice shower here Saturday night.
Rev. Laney filled his regular appointment here Sunday with a good crowd at both services.

Mrs. Gus Brown returned home Friday, having spent the last two weeks visiting sick relatives at DeLeon, Texas.

Mr. and Mrs. F. M. Payne and Mrs. Nora Polson visited Mrs. Mary Tidwell of Seymour Sunday.

Mr. Howard Peck and family visited Mr. Jim Rallsback and family Sunday afternoon.

Mr. Cecil Temple spent Saturday night with W. L. Rollins.

Mr. and Mrs. Orville Roden spent the week end with Jim Booe and family.

Mr. C. R. Hendrix and family were Knox City visitors Sunday.

Mr. and Mrs. Melvin Thompson and Miss Hazel Swain spent Sunday with Mr. Claud Thompson and family.

Mr. J. W. Polson and children spent Sunday with Mr. and Mrs. G. W. Weber, Jr.

Mr. and Mrs. R. B. Jones visited Mr. and Mrs. John Jones Sunday.

Mr. Ivan Gresham and family spent Sunday with Burl Temple and family.

Mr. and Mrs. Lloyd Leatherwood are visiting relatives in this community this week. Mrs. Leatherwood will be remembered here as Miss Ita Jones.

Mr. H. L. Cannon and family, Mr. and Mrs. J. D. Smith and Misses Lois Tidwell and Bessie Miller visited in the home of G. M. Roden Sunday afternoon.

Miss Marie Swain spent Sunday with Ruby Rallsback.

Messrs Roy Howeth, Rufus Bason, Dewey Laney and Mrs. Jessie Mae Bason were Munday visitors Sunday.
—Reporter.

Thinking Out Loud

By J. A. K.

One of the laws passed by the special session of the legislature authorized a Texas jury to inflict the death penalty for kidnapping.

Strange as it may seem, this law was introduced in the Senate by Senator Grady Woodruff of Deatur, one of the attorneys for the Shannons in the Urchel case at Oklahoma City.

And another thing that can be credited to the Roosevelt administration. It has done more to break the back-bone of crime rings than has ever been done by any administration. Laws have been enacted with teeth in them, and are being diligently applied.

WHATTAMAN!
James G. Ulmer, manager of a radio station at Tyler, pastor of a church at Mineola, dean of the Tyler commercial college, and a member of the board of regents of the State Teachers Colleges, also testified. Current news item.

Our neighboring county, Foard, is now in the oil picture of Texas, having sprung into the limelight last week with a big gusher over in the extreme west part of the county.

Texas, already the largest oil producing state in the union, is in its infancy insofar as natural resources are concerned. Some of these days old Knox county may get some attention from developers.

A letter from Mrs. Kennedy at Austin contains the following interesting facts about Mundayites down there:

Ariene Kendall was elected secretary-treasurer of the Hildebrand Law Society. There are four other officers of this society with young men filling the other three, Walter Ely of Abilene that of Sheriff . . . Ross Madole of Goree is a member of the staff of the Texas Law Review, a publication published by the students of the Law School and issued five times a year. Students elected to edit the paper are chosen strictly on a scholastic basis . . . I also learned the other day that Madole was selected quiz master by I. P. Hildebrand, dean of the School of Law . . . so you see the lad from Goree is evidently making good in the study of his chosen profession . . . Saw Rex Baggett the other day and had the pleasure of meeting his wife, who held a position in the Senate under an appointment from the Senator from their district . . . they have now returned to Decatur . . . See Cecil Blanton every day or two . . . at the present time his sister, Miss Oneta Blanton of Munday is here visiting him and family . . . Eugene Heard, Glenn Earl Cowser and Reuben Bates are the other Goree boys attending the University . . . Dr. Oscar Berry Douglas, who holds a Ph. D. degree is Adjunct Professor of Educational Psychology, also teaches a Sunday school class in the Christian church and his goal is to have an enrollment of one hundred women, and Mrs. Jess Burdison was the 76th member . . . He is the son of our townsman, J. N. Douglas . . . Prof. J. Horace Bate, former superintendent of the Munday Public Schools, is connected with the History Department of the University . . . See Gaynor Kendall every day or two at the capital. Those who are in a position to judge predict a bright future for him. He is an assistant in the Attorney General's office. He has a lovely wife and a beautiful baby . . . Enjoyed a visit from Messrs Pete Loran and J. E. Edwards upon their recent visit to Austin. My work and that of Jesse George is absorbing and times seems to fly, but it is good to look up and see some familiar face from old Knox county.

Miss Florence Meyers, of East Rockaway, Long Island, is the young lady selected as New York's sweetest girl to vie for Miss America honors at Atlantic City.

New York's Prettiest

Miss Florence Meyers, of East Rockaway, Long Island, is the young lady selected as New York's sweetest girl to vie for Miss America honors at Atlantic City.

Your Average Electric Rate Is 35% Below Other Living Costs!

Complete electric service is the most reasonable item of expense in your family budget. It is the *only* item that has consistently been improved in quality and lowered in cost. Today it is 35% below other items of family expense . . . and still going down!

During the past ten years your average electric rate has been reduced more than 53%—while in spite of two years of rapidly lowering prices other items entering into the family budget still remain 32.5% ABOVE THE NORMAL LEVEL!

Just think of it! The 1932 dollar spent for general living expenses bought only 26% more than the 1922 dollar (according to the United States Bureau of Labor Statistics), while it bought from the West Texas Utilities Company 115% more residential electric service than the 1922 dollar!

This is a remarkable record! In spite of constantly increasing costs of government, the West Texas Utilities Company has effected economies which have given you the benefit of rate reductions amounting to more than 53%! And now, with commodity prices again following a sharply ascending curve, today's electric rates are even farther below general commodity prices than shown in the above chart.

Your dollar spent for electric service buys you more in real value—and more in comparison with that same dollar spent for other service or commodities—than any money you spend.

West Texas Utilities Company
