## Relief Commission Takes Responsibility Of Relief Workings

**BENJAMIN, Texas, April 3rd.**—The complete termination of CWA activities on April 1st, will place the burden of supplying relief to indigent families of Texas on the shoulders of the following programs to be conducted by the Texas Relief Commission; Work Division (work relief) Direct Relief, the Sub-sistence Homesteads and the Rural Rehabilitation projects.

The successful carrying out of these programs in Knox County has entailed the creation and installation by the auditing department of the Texas Relief Commission, of a materially changed accounting system. The new system known as the Donnell system of Relief Accounting, was made under the supervision of George R. Donnell, Auditor of the Commission.

Of particular interest in the new set-up is the new "work relief" card which will enable the administration to properly supervise the "Work Division" activities. Those unemployed, who are actually destitute and are physically able to work, after a thorough investigation has been made definitely establishing their relief needs, will be given the opportunity to work and earn up to their estimated relief need requirements. This work card is so designed as to limit the payroll to the actual requirements for each particular individual employed. Pay to persons not eligible for relief, or to relief clients in excess of the requirements of the individual family will not be approved in Austin. The new work card, though simple in form will permit the definite placing of responsibility and indicate who is at fault if a client is allowed to earn more relief funds than his relief budget requirements.

Staff Auditor H. W. Haynie of the Texas Relief Commission announced today, after a conference with County Relief Chairman Leroy Melton, of the Knox County Relief Board, that a thorough study had been made of Knox County Relief problems and the new system installed. W. A. Rosser will have charge of the new set-up here effective April 1st, as Certifying Officer under C. R. E. Weaver, Administrator.

The new relief set-up to be used in this county has the approval of Washington officials, and it is believed that Kansas and Oklahoma, who recently sent officials to Austin to confer with state relief officials and to study the Texas relief Accounting set-up, may install this system in the relief work in their own respective states.

Chief Auditor Donnell emphasizes that this is a relief program not a project program. Under the CWA group employment was provided which approximated current business wages, whereas the present relief program can only supply relief to the destitute. When the building of roads, schoolhouse construction or other projects takes the place of the first objective, that of giving relief, the relief program has gone astray, and such expenditures constitute an erroneous expenditure of funds according to the terms of the Relief Acts under which relief funds are made available.

## Heavy Vote Polled In School Election Here On Saturday

A rather heavy vote was polled in the school trustee election held here Saturday in which four trustees were elected. J. D. Kethley, with 167 votes leading the lalot. Leland Hannah, with 143 was second and R. D. Atkinson third with 134 votes. Tom Haney and John Ed Jones ran neck and neck for fourth place, with Jones emerging two votes ahead, with 105 to Haney's 103. R. G. Campbell, whose name was not on the ballot, received 22 complimentary votes from citizens who wrote his name on the ballot, and one vote was written for C. M. Thompson.

Tom Haney, who goes off the board, was serving an unexpired term of D. C. Fritz, who moved to Abilene. Other retiring members of the board are M. H. Reeves and W. R. Moore.

## NOTICE TO MEMBERS OF THE FARMERS UNION

The regular election of directors for the local Farmers Union will be held at their hall in Munday on Saturday afternoon, April 14, at 2:30 o'clock, and all members are urged to be present and express their preference.

J. E. EDWARDS, Secretary.

Boat Bowden and James Rayburn left Thursday for Fort Worth.

## Weinert Man Suffers Broken Neck In Auto Wreck Near Haskell

**STAMFORD, Texas, April 9.**—C. E. Brown, 43, of Weinert, who was brought to a Stamford hospital Sunday noon with a broken neck, sustained in an automobile accident earlier in the day, is resting well and has every chance for recovery, physicians said Monday.

Brown was driving toward Haskell in the car with three other men at the time of the accident. Fred Ford, who was driving, lost control of the light coupe near Weinert and the car turned over in a ditch. The other occupants of the car were unhurt.

Mrs. Brown, who was visiting in Wichita Falls, rushed to her husband's bedside.

## Federal Land Bank Finds Ready Buyers For Farm Securities

John Ed Jones, secretary-treasurer of the Munday national farm loan association recently received word from the Governor of the Farm Credit Administration, Wm. I. Myers, telling him of the ready reception which farmers and their creditors are giving to the bonds of the Federal Farm Mortgage Corporation which are now being tendered by the Federal Land Bank of Houston in place of cash in settlement of farmers' debts.

"These bonds have been selling in the large markets at a little above par, indicating a ready market for them. Just a week after the banks began issuing bonds instead of cash, the first bonds to be sold on the New York market were purchased at 100 3/4. We anticipated these bonds which bear 3 1/4 per cent interest per annum would sell at par or above at the time we set the interest rate, for Government bonds maturing in 1941, bearing the same rate were selling above par."

Mr. Myers pointed out that these bonds were not only exempt from local, State and Federal taxation with the exception of surtaxes, inheritance and gift taxes, but that they are as readily saleable as Government securities. He said they are being quoted in the metropolitan papers but if such quotations are not available readily to farmers that they will be given the quotations if they will write to the Federal Land Bank of their district.

## Spring, Beautiful Spring but not to mother — By Albert T. Reid

## Opening Game of Valley League To Be Here Sunday

The opening game of the Wichita Valley League will be played Sunday afternoon, at which time Munday will play Knox City on the local field just north of the school buildings, and Skipper Lee Haney plans to place a strong line-up in the field with a view of taking and maintaining top place on the percentage table. The game will be called at 3:30.

Munday's line-up for the opener will present what is believed to be the strongest team that Munday has ever put into the field, and Skipper Haney feels that it should repeat the performance of last season as a pennant-winning team. At first will be either James Rayburn or Draper, Bob Couch will hold down second while either Aubrey Myers or Shorty Kuehler will be at short. The third base position will be held down by Lawrence Wilde, while in the outfield will be that hard-hitting aggregation composed of "Cut" Coffman, Joe Bailey King and Glenn McGlothlin. Pitching honors will rest with "Lefty" Hambricht, Lambeth or Jackson and either Jake Myers, Foy Rinker or Miller will be on the receiving end. Admission will be 10c and 25c.

Knox City will likely pin their faith in beating the Munday aggregation on the swift offerings of Chester Smith, who last season contributed much toward the success of the Munday team, and as usual, that city will have a strong team under the able leadership of Hassell Hill.

Skipper Haney announces that an exhibition game has been arranged with the Stamford team, which will be played here on Wednesday afternoon of next week.

## City Will Furnish Gravel for Sidewalks Free Of Charge

Realizing the need of sidewalks in Munday, especially in some parts of town, arrangements have been made whereby property owners will be assisted in the matter if they so desire. Some time ago the City leased a gravel pit, and with each load of cans hauled to the river a load of gravel is brought back on the return trip.

Application for construction must be filed with the City Secretary showing the location of the proposed sidewalk and the number of running feet of sidewalk to be built. The amount of gravel necessary will be furnished free and laid down at the point of construction by the City. The property owners will furnish the labor and cement necessary for the work.

Mr. and Mrs. I. E. Day and Mr. and Mrs. Carl Pugh and son, Norwood, went to Austin first of the week on business, returning home Tuesday. Mr. and Mrs. Day visited briefly at Cleburne and Fort Worth on the trip.

## J. A. Harrison Is Minus Barbering Thumb By Accident

An accident which cost him his thumb on the right hand happened Monday afternoon to J. A. Harrison, local barber, and after some eight-year years at the trade it is now likely that he will have to change his vocation, since it will be well nigh impossible for him to handle barber's shears with the thumb missing.

The accident occurred while Mr. Harrison was shooting rats at his barn with a .410 shotgun. He had leaned the gun against the barn to pry a plank loose, and as the plank loosened the gun began to fall and as Mr. Harrison grabbed the business end of the gun it exploded and shattered the bone of the thumb which was immediately over the mouth of the gun in such a manner as to require its amputation at the first joint.

## Cook Book Will Be Issued By The H. D. Clubs of the County

Miss Jewell Faulkner has announced that a cook book compiled by the members of the Women's Home Demonstration Clubs of the county will be published within the next few weeks the club having taken this method of financing its projects throughout the year, and in addition to the money received through the sale of the books will contain approximately 100 pages of receipts, advertising space will be offered to business concerns over the county. Through this channel the club women of the county hope to procure sufficient funds to finance the various undertakings of the county organization throughout the year.

## FOURTH LIBERTY BONDS NOW MATURED AND ARE WANTED BY GOVERNMENT

The Fourth Liberty Bonds issued during the war period are now due and payable, according to an announcement received by the First National Bank from the Treasury Department early this week, and the government is offering an attractive proposition to holders of these bonds who wish to re-invest them in government securities, or they may be turned in and converted into cash. The bank will cooperate with anyone holding these bonds.

John Reneau received a message on Monday advising them of the death of Alma D. Reed, 11-year-old invalid daughter of Mr. and Mrs. R. D. Reed at Livingston, Tenn. Mr. and Mrs. Reed resided on the Reneau farm for nine years and the family is well known to many of our citizens. They moved to Tennessee in 1928.

Mrs. R. L. Ballenger of Vernon, who recently underwent an appendicitis operation, is here convalescing in the home of her parents, Dr. and Mrs. A. A. Smith.

## Cattle Feeders To Meet Near Benjamin Friday, April 20th

On Friday, April 20, there will be a cattle feeders meeting on the League Ranch, 2 miles east of Benjamin on the new paved Texas Highway No. 24.

About 100 head of calves have been divided into six lots. These different lots of calves have been fed different rations, to determine:

1. The most profitable way to carry calves through the winter and
2. The most profitable way to full-feed these calves.

This feeding test was started in November and will finish up on the 15th of April—a period long enough to thoroughly try out these different feeding methods. Some of these lots of calves have had Bundle Cane, some have had Ground Cane, some Cane Silage, some were fed Whole Milo Maize Heads and others Ground Milo Heads.

These lots of calves have been responding very differently to these rations and some are going to make double the return of others.

At this meeting the cattle will be shown, the methods of feeding will be described and the results of feeding the different rations will be given.

The feeding methods used in this test were outlined to fit conditions in West Texas. Every cattleman in this territory will be interested in the results of this test.

## Fire Destroys Barn of C. L. Mayes On Thursday Morning

Fire, which is believed to have originated from a brooder, destroyed the barn of C. L. Mayes at about 11:30 Thursday morning. The fire had gained considerable headway before the alarm was sounded and the fact that a strong north wind was blowing made the flames spread more rapidly than would have ordinarily been the case, and the building was a complete loss, together with the contents.

## Democratic Committee

WASHINGTON... The appointment of Emil Herzig (above), as active assistant to Chairman James A. Farley of the Democratic National Committee is interpreted here to mean that Postmaster Farley will not resign from the national committee.

## Feemster Grocery At Vera Is Robbed On Sunday Night

Sheriff Elliott was in Goree Monday and reported that the Feemster Grocery in Vera was broken into Sunday night and robbed. Some little money and a few items of merchandise were taken, according to a check-up Monday morning.

While no arrests had been made, an investigation was being made and Mr. Elliott was taking a window pane, that had been taken out of building entered and left without breaking, to Wichita Falls for photographs of the finger prints. It was believed that the fingerprints would help to identify the parties who went into the store.

## Save On Taxes By Paying Before July First, 1934

To the Tax Collector:

You will recall that from time to time since 1930, the Legislature has been suspending interest and penalties on Delinquent Taxes. Last May, the last measure of this kind was enacted, which provided a 2% penalty in all ad valorem taxes delinquent on February 1, 1933, (later they included the split tax payments which became delinquent on July 1, 1933), if paid by December 30, 1933, and 4% penalty, if paid by March 31, 1934; and 6% if paid by June 30, 1934. After this June 30, 1934, expiration date, the old law prescribing 10% penalties and 6% interest per year, will again be in force.

This means that on and after July 1, 1934, this year, the penalty and interest you will be required to charge will not be 6%, but will include 6% interest per annum from the date it was first delinquent, plus 10% penalty. For example:

- 30% will be added to 1930 Delinquent Taxes.
- 24% will be added to 1931 Delinquent Taxes.
- 18% will be added to 1932 Delinquent Taxes.

(A delinquent cost will also accrue in addition to the above.)

In as much as the tax paying public may not understand the law, I suggest that you give this matter as much publicity as possible in order to bring to the attention of the tax payer the great saving if they take advantage of the remaining period, which expires June 30, 1934.

With kindest regards, I am,  
Yours very truly,  
George H. Sheppard,  
Comptroller of Public Accounts.

## Art Exhibit At Sunset School To Be Opened Today

The Exhibition of 150 reproductions of the works of famous artists has been received and hung in the class room. Beginning this morning, students who have purchased tickets to the Exhibition will be taken to the room in groups or classes to see the prints. Each group or class will be accompanied by a teacher who will discuss the pictures.

The Exhibition will be open to the general public from 7 to 10:30 o'clock Friday evening.

The auditorium has been made very attractive and ample lights have been provided for the evening showings. Picture poses, talks and music will be given in connection with the Exhibition on that evening.

The committee which is to have charge of the selection of pictures to be purchased with funds raised by the small admission charge will be guided in its choice by the attention attracted by the various pictures on display.

## New City Officials Assume Duties At Monday Night Meet

At the regular meeting of the City Council on Monday night the newly elected officials for the City of Munday were inducted into office, and Mayor Akers made his assignments, leaving the holdover councilmen in their same places, and assigning the post of Water Commissioner to J. M. Terry and that of Police and Utility Commissioner to Chas. Haynie. The hold-over assignments are: Finance, J. C. Campbell; Streets, Alex Jones; Sanitary, H. F. Barnes.

Mr. and Mrs. A. B. Crump and children, Betty Sue and Arthur B. Jr., of Uvalde were week end guests in the W. V. Tiner home. Mr. Crump and Mrs. Tiner are brother and sister. Mrs. S. B. Crump, mother of Mr. Crump and Mrs. Tiner accompanied them home.

## TODAY and TOMORROW

By Frank Parker Stockbridge

### FAITH... makes business

Years ago I heard the classic anecdote of the little girl who, when asked in Sunday-School what was meant by faith, replied: "It's believing what you know ain't so." Faith, of course, is belief in what cannot be proved. And it lies at the bottom of all human relations.

All business is done on faith; that is, on the belief that a dollar invested here will somehow, sometime, come back, bringing a few cents with it. That sort of faith is based on so much experience that the probabilities can be reduced to almost a mathematical certainty.

Just now we are going through a period when almost everything must be based on faith. There is no experience to fall back on, to calculate the chances of the success of the enormous efforts of the Government to stimulate the return of prosperity. Humanly speaking, the majority of the people have faith that we are going to come out all right, but owners of dollars are waiting to see the figures.

I think that complete recovery will come when the actual figures of business being done give grounds for renewed faith, not before.

### POWER... and cost

I saw some figures the other day which confirmed what I had long understood; that is, that the time has come when it is cheaper to produce electric power from coal or oil fuel than by water-power. We are hearing a great deal these days of developing water-powers at public expense. I have never been very keen about Government going into any sort of business. I have never known any Government unit to do anything efficiently or economically.

But if the Government must go into the power business, it ought to use the same sort of commonsense a business concern would use.

First the business concern would find out how many present and probable users of power there were in the territory that could be served economically by the proposed plant. Then it would find out whether they were already being well served by existing plants.

If and when the Government does go into the distribution and sale of electric power, it is my bet that it will cost the users more than any private company would be willing to sell it to them for.

### RECOVERY... and burnt fingers

I may have too high an opinion of the intelligence of the human race, but it is my belief that it will be a long time before we get into another such era of free spending as we went through from 1922 to 1929.

Those of us who laid up nothing but debts are certainly going to be more thrifty for a long time to come, even if our incomes are restored to what they were.

The watchful ones will be the youngsters who will be holding the good jobs five years from now. Having money to spend will be a new experience for them. If I were a business man I would try to produce and sell chiefly merchandise that appeals to people under thirty.

## Tri-County Medical Association Holds Monthly Meeting

The Knox-Baylor-Haskell Medical Association met Tuesday night in Munday as guests of Dr. and Mrs. Joe Davis. A most enjoyable time is reported by those present. Dr. Parker and Dr. Smith of Wichita Falls and members of the association were present.

Dr. Smith of Wichita Falls read a paper on "Gastric Ulcers" and Dr. Richardson of Seymour presented a paper on "Broncho-Pneumonia." A round table discussion followed each paper read.

The next meeting of the association will be held in Knox City on the second Tuesday night in May. At that time the wives of the physicians of the three counties will meet and organize an auxiliary.

Those present Tuesday night were: Doctors Edwards and Frizzell of Knox City, Taylor and Heard of Goree, Bunkley, Foy and Lowery of Seymour, Barber of Bomarton, Davis of Munday and Smith and Parker of Wichita Falls.

Mrs. T. E. Dickerson visited her parents at Anson the past week.

### SENIORS

Folks, don't forget Friday, April 13th! This is to be the most eventful day that Sunset has experienced since its existence. The Educational Art Exhibit will be held here Friday afternoon, and a program will be presented Friday night.

Don't forget the date—April 13.

### ELIZA WARREN BURNED IN HONOLULU FIRE

Gloria and Tony Warren  
 Inherit Ten Million Dollars

Eliza Warren, multi-millionaire, is caught in a burning hotel in Honolulu, and meets a disastrous death. She is rescued by an English gentleman, before completely dead, but dies before aid can reach her. Her lawyer can find no will, so naturally the whole estate goes to her brother's children, Misses Gloria and Antoinette (Tony) Warren, who, with their mother, move to Eliza's old home and enjoy her wealth.

If you want to see how much happens and trouble a legacy of ten million dollars can cause, come to see "Fickle Fortune," presented by the Senior Class in the Sunset Auditorium, Thursday night April 20th.

Prices are 15c and 25c.

Willie Lane  
 Willie Lane was born in 1913 in Haskell County, and has resided in that particular county all of his life. This is his first year at Sunset, having gone to O'Brien the preceding year. It seems that O'Brien has done us quite a few favors this year. We are very proud to have him in the '34 Senior Class.

His favorites are:  
 Ambition: To be a bookkeeper.  
 (Ask Mr. Hughes about that.)  
 Expression: "You askin' me?"  
 Motto: Do your best.  
 Food: Apple pie.  
 Weakness: Going to shows.  
 Lady: Blondes. (Who can blame him?)

Sport: Playing jacks.  
 Poet: Browning.  
 Author: Shakespeare. (He studied Macbeth this year, no wonder.)  
 Nina Newberry  
 Nina was born at Rochester, in the year of 1916. She is also one of our Seniors who have this as their first year at Sunset High. We are very proud indeed that Sunset is blessed with these new students, and especially Nina.

Nina's favorites are listed below:  
 Ambition: To be a good cook.  
 (We wonder why?)  
 Weakness: Little red car with

yellow wheels.  
 Gentleman: Blondes—at present.  
 Expression: "You're tellin' me?"  
 Food: Devil food cake.  
 Poet: Tennyson.  
 Author: Milton.  
 Sport: Tennis.

### JUNIORS

Did you know that:  
 Elwood is still sick?  
 The Educational Art Exhibit comes this Friday? Members of the Spanish class are working on an exhibit of Mexican scenes.

J. C. is so tall that he has to stand up little by little? But he won second place in the mile race at Breckenridge. (Pretty good for him, and we are all proud of him!)

Edna Hudson is the only girl out here with four stripes on her sweater? She is as good a volley ball player as she is a basket ball player, too.

Rex, J. C., Rogers and Herman all got sweaters? Rex is captain-elect of the senior basket ball team next year.

Rex and Jonel are back in school after a siege of the measles and roseola. These two have found that it isn't so easy to catch up with back work. (The moral to the story, as Mr. Hughes would say, is "Don't miss school!")

As you can see by this report, there are some very important High School students in the Junior Class. And are we proud of them? Oh, boy!

### SOPHOMORES

Are we proud of our volley ball girls? I reckon we are! They went to Breckenridge Friday to win the District Championship, and sure enough they came back carrying the honors. They brought back a cup. If they win it for two more years it will be ours. Four of these lucky girls are Sophomores. They are: Bessie Hunter, Lillian Rae Hudson, Loree Driggers and Corena Hunter.

Miss Leath seems to think we Sophomores are some artists. Come to Sunset Friday and see something she made us draw. The Sophomores are trying to sell more tickets for the Art Exhibit than any other class in high school, so we can get a large picture. We want you folks to help us out. Come to Sunset Friday and buy some from us there.

The Sophomores planned to go kodaking Sunday, but I guess all the excitement over the week-end kept us from going.

### SPORT DOPE

It is not a matter of choice of words as to expressing our appreciation for the splendid outcome of our volley ball team. Instead, we just cannot say enough. The girls' volley ball team, coached by Mrs. R. R. Davenport, went to the District Meet at Breckenridge last week-end and won first place. You probably know it already if you were in town Saturday. Several members of the team were there wearing long ribbons which were awarded to them. They also won a loving cup, the like of which has never been in this school, and it is so tall that it will not fit in our trophy case. If we win this cup twice more it will become our permanent property. Somebody said that we just as well be preparing a permanent place for it. The personnel of the team was composed of the following girls: Dolly Nix, Margaret Shannon, Edna Hudson, Lillian Rae Hudson, Drucilla Wren, Bessie Hunter, Loree Driggers, Mary Helen Partridge. The winning of a championship proved a little overwhelming for three of the girls, necessitating the admin-

istering of doses of medicine. On one occasion, the bus had to turn around and return to Throckmorton in order to get medicine. Well by next year they should be so experienced that winning a championship will be accepted as part of the game.

### Educational Art Exhibit News!

Well folks, the pictures have arrived and they are considerable more than we expected. You know how a fellow is sometimes when there is a lot of talk about something that is supposed to be good and it proves not so good. We have the evidence now that this educational art exhibit is going to be one of the outstanding events of the year. And say! has any one been around to see you about purchasing a ticket? If they haven't, it must be because you have been away. This ticket selling contest that has been going on around the school has created a lot of interest. In the high school, the Freshmen (as usual) are leading the race, and the third grade is leading the grammar school. If you have been by the campus any time this year you have probably noticed a peculiar appearing flag flying at the top of the flag mast. It is nothing to be alarmed about, since you might think it representative of a foreign country. No, it is the school flag, designed and made by the Freshman class, and proudly floating in the prairie breeze as long as the Freshmen lead in the ticket selling contest. Their prize will be a \$6.00 picture. Folks, we are reminding you again to be present in the night of Friday, April 13th, to see the Art Exhibit and enjoy the splendid program that will be presented. Admission, 15c.

Who is responsible for Elizabeth Earp and Leo Gammill sitting together in class? Who is responsible for Maurine Gammill's case with a certain Senior, Elmo Flenniken?

If you see the black and white flag with the word 'Freshmen' flying above it, think of the Freshman Class of 1934 and their effect on the progress of the school.

### SUNSET 4-H CLUB

The Sunset 4-H Club met with Miss Faulkner, the Home Demonstration Agent, April 3, at the school building. The club songs opened up the morning program wherein the roll was called and improvements of the bedroom and plans for a garden were discussed. The minutes were then read by Loree Driggers secretary, and approved by the club. Loree makes a good secretary and is also good in her club work.

Each member exhibited her original design of a bedspread which was discussed by the club members and Miss Faulkner. The bedspread is to be made by each club girl of which unbleached domestic and tufted thread will be used. Most of the girls have their designs ready, but the material cannot be obtained just now.

Lela Mae Simmons, an active club member, took to the meeting a woolen coverlet which was produced from home raised sheep wool. The age of the coverlet is approximately sixty years.

The next meeting will be held on Tuesday, April 20.

### THE FEE SYSTEM AGAIN

Monday's daily papers announced with large headings that one Hilton Bybee had been convicted on a robbery charge over a Throckmorton County and assessed a 25-year sentence in the penitentiary. Many who read that story might have felt that victory had been won for society,

but, knowing other facts concerning this Bybee, many felt that it was purely a mockery and a sham.

Bybee has previously been convicted upon a number of charges and already is under a life sentence in the Texas penitentiary, hence the State has gained no great victory in adding a quarter of a century more onto the sentence, however, numerous court officials have garnered unto themselves several hundred dollars of the tax-payers money in fees in having secured another conviction. Indeed, this Bybee had been taken from the State penitentiary and transferred to the Crockett County jail for trial—or we might more truthfully say—another feather-grabbing job, when he clubbed the jailer in the head and escaped.

Thousands of dollars of tax money is used every year to convict such criminals as Bybee, who already are

under sentences that will run until long after they have thrown off this mortal coil, so why the waste of money? It's just another one of the rank customs that has grown out of the fee system, and will be perpetuated just so long as the district attorney receives a fee of \$30.00 for each conviction, and the sheriff receives a fee and mileage in bringing the culprit from the penitentiary and returning him to that institution, and the numerous other fees that are legally collected by officials, which nevertheless make these officials little less guilty of hi-jacking than the prisoner at the bar, other than that they do their part of the job in due and legal form.

## "I WENT 51% FURTHER ON GULF-LUBE"

Says Mrs. Lee Ketner, Winston-Salem, N. C., Who Made The "Two Trip" Test

"I DROVE FROM WINSTON-SALEM TO WASHINGTON USING MY REGULAR 25c MOTOR OIL—AND HAD TO ADD A QUART AT RICHMOND."

"TWO WEEKS LATER I REPEATED THE TRIP AGAIN. THIS TIME I USED GULF-LUBE—AND DIDN'T NEED A QUART UNTIL I GOT TO WASHINGTON."

Drive a Chrysler? Read Mrs. Ketner's story...

"I made your 'two-trip' test," says Mrs. Lee Ketner, 705 Melrose St., Winston-Salem, N. C., "and to say I was surprised would be putting it mildly."

"Gulf-lube outlasted my regular 25c motor oil by 115 miles—it went 51% further before a quart was consumed!"

Thanks, Mrs. Ketner you're one of thousands of motorists who have cut their oil costs with Gulf-lube—the oil that was tested by the American Automobile Association in 6 average cars—and outlasted every oil in every car!

Start saving! Switch to Gulf-lube now. You'll buy less oil between fillings. You'll get better, smoother lubrication. At 25c a

quart Gulf-lube is America's biggest motor oil value. At all Gulf stations.

NEW OIL TEST detects motor dirt. Ask about it at any Gulf station.

**Christian Thaulow, Violin Soloist, To Give Concert Here**

Munday music lovers will have the privilege of a real musical treat on Wednesday afternoon, April 18th, at which time Christian Thaulow, who is at the head of the violin department of Simmons University, will give a concert at the home of Mrs. J. R. Smith, whose daughter, Miss Virginia Smith, is a student of the artist. Invitations have been extended to some sixty music lovers to attend the concert, according to Miss Helen Smith. Lamar Chapman, young composer of Abilene, will be Thaulow's accompanist at the piano and will play two of his own compositions.

Christian Thaulow, a Norwegian who happened to be born at Dieppe, France, the son of Fritz Thaulow, a famous painter, has been inseparable from the violin from the age of five. A year later his father gave him the priceless Stradivarius which is still his artistic partner.

After graduating from the Paris Conservatoire with the highest honors, as well as the Scala Cantorum, where he took his theoretical work from Vincent d'Indy, he entered the class of Leopold Auer in St. Petersburg. In an interview with Professor Auer in Christiania we read, "I have this summer all my best pupils with me. Jascha Heifetz and Tscheta Seidel are two boys who will conquer the musical world within a very few years. Amongst my other pupils are also Mischa Elman, Kathleen Parlow, Cecilia Haussas, Eddy Brown and Paul Stasavitch. The young Thaulow, who just started in with me, will also be one of the very greatest; he promises well."

During his military service Thaulow was assigned to duty in the King's Guards at the palace of Haakon, King of Norway, where later he appeared as a violinist as a guest of the royal family. Before the age of twenty he had played in Norway, Finland and Russia, in the latter country in a command performance before the Czar. After other European successes he returned to Norway as conductor of the symphony orchestra and opera of Oslo. He also was conductor at the National Theatre at Bergen, the birthplace of Greig. Thaulow was soloist, in the d'Ambrosio Concerto, and the King and Queen were present.

America, the land of unlimited promise and opportunities, lured him westward. After a number of seasons with the New York Philharmonic Orchestra his old ambition to conduct led him to resign to take the baton of a Broadway orchestra and with the Columbia Broadcasting System. Later, when the Faasnacht brothers brought their Froburg Passion Play to this country he accepted the appointment as their musical director.

With Morris Gest's production of "The Miracle" Thaulow came to Texas, where the appeal of a new field with unlimited opportunities, which had brought him to this side of the Atlantic, became localized. He decided to remain with the Texans, and for three years has been at the head of the violin department at Simmons University, Abilene.

He has not neglected his talents for composition, and during the Texas term has finished a number of musicianly transcriptions of unusual works for the violin.

During a recent visit of Fritz Kreisler to Abilene he became so interested in Thaulow's playing that he played his accompaniments at the piano for nearly two hours and said later, "Thaulow is the greatest

violin virtuoso in the world among the younger generation."

**CARTWRIGHT NEWS**

Health in the community is good just now. We are having nice weather and farmers are beginning to plant maize; come are resisting their land. The baby of Mr. and Mrs. Dock Owens died last week. It was sick only a short time. C. B. Yates and family made a business trip to Haskell last Monday.

Mrs. A. D. Wallace's mother is visiting her from South Texas this week. Mr. and Mrs. Whitt Gulley spent last Sunday with their son, Mr. C. H. Gulley of Thorp. Brice Dobbs, C. N. Smith, A. M. and Floyd Searey went to Miller Creek last week fishing. They report a nice time. Miss Doris Moore of Goree spent last Sunday with Miss Eva Dale Lovins.

Mrs. West Kemp's father from Throckmorton has been visiting her. Mr. and Mrs. M. A. Davis visited relatives at Munday last Sunday. Messrs. Joe and Coy Hicks spent Sunday with their parents, Mr. and Mrs. Oliver Hicks. Miss Audrey Gulley is spending this week with her brother, Mr. C. H. Gulley.

**WASHBURN SCHOOL**  
Last Friday Mr. and Mrs. Ingram carried three of the first place winners to the district meet in Breckenridge. Each of these three contestants came home proudly wearing the ribbon which they had won. Mary Bell Yates got second place in Essay Writing, and Eva Dale Lovins and Daniel Hargness each got third place in declamation.

We are proud of the record made by these three young people for it was the first time that either of them had ever entered a contest of any sort; and while they were diligently trying to make a worthwhile record in these events, they were faithfully carrying on their school work.

The school is proud of its Inter-scholastic League work this year. Having had the good fortune to place in all events entered in both the county and the district meet with six first places. It is appreciated not only for the sake of the individuals who won but for the help and encouragement it has been to the entire school.

THIRD WEEK IN APRIL

Monday—Office.

Tuesday—Sunset; Hefner girls.

Wednesday—Dixon; Gilliland girls.

Thursday—Truscott.

Friday—Union Grove women.—All day meeting on foundation patterns; Union Grove girls.

Saturday—Benjamin; Reporter's school for both reporters of 4-H and Home Demonstration Clubs.

Albany Dairy Show, April 13-14

The Albany Dairy Show, April 13-14 will be well attended by Home Demonstration Club women from Knox County, as each club is planning to send representatives.

A good exhibit will also be entered from the county with several entries from each club in each of the classes: American Cheese, Cottage Cheese, butter, milk, and market cream.

The judging of these products will be Friday 13th, and a judging demonstration will be given by the judges who are to be from Washington and College Station, on Saturday morning at 10:00, April 14. On Saturday afternoon teams of women from all counties will compete in a judging contest. Knox County will have at least five of these teams.

Much interest is being shown in this show and it is expected it will be the best Dairy Show held in Albany.

**FOUNDATIONS PATTERNS ARE FOUND USEFUL BY HOME DEM. CLUB WOMEN**

"It seems that since I have had my foundation pattern, I have learned my more about sewing than I have in the last thirty five years," stated Mrs. J. W. Melton, Class II wardrobe demonstrator in the Benjamin Home Demonstration Club.

"It is such a satisfaction to know my clothes are going to fit with such remarkable ease. There are no more fitting problems to have to be taken care of each time I make a dress for all that was cared for when I got my patterns made," she also stated.

"I just couldn't do without my pattern. I use it all the time." Mrs. Melton added in giving the value of her individually fitted pattern as a part of the roll call.

"I know that a foundation pattern is useful for anyone whether or not they do their own sewing. Since I have so much work to do I do not have time to do all my sewing but still I find that my foundation pattern is useful for anyone whether or not they do their own sewing. Since I have so much work to do I do not have time to do all my sewing but still I find that my foundation pattern is useful for anyone whether or not they do their own sewing."

tern has saved me many steps and I have gotten much satisfaction out of it. I take my pattern to my dressmaker with the material and know I can go back and have a dress that fits perfectly without having to make several trips to try on and fit as I did before I got this pattern made," stated Mrs. T. R. Ward, of the Benjamin Home Demonstration Club.

This proved to many women over the county that there is an advantage in having an individually fitted pattern whether you did your own sewing or had someone else do it for you.

**4-H CLUB GIRLS MAKING BEDSPREAD AS PROJECT**

"I am so anxious to get started on my tufted bedspread," said Geraldine Cure, Gilliland 4-H club girl whose pattern was transferred in the regular meeting of that club.

"I have three yards of unbleached sheeting 90 inches wide. I drew the design of this spread all by myself and got it approved by Miss Faulkner. As I was one of the first in the club to complete my design, I got help in stamping it on the spread," Geraldine stated in telling, with much enthusiasm, about the bedspread she is making. "Since the principal color in my bedroom is orchid, I am using orchid tufting thread to work my bedspread," she said.

Geraldine is only eleven years old but was one of the first girls in the county to really start work on the bedspread, like so many of the 4-H club girls are planning to make.

**NOTICE To Munday Citizens**

Numerous complaints have come to our attention that cows, chickens and livestock are permitted by some to run loose within the city and destroy yards and gardens or their neighbors, and this is to inform all that this is in violation of the city ordinances, and this law will be enforced, so in order to avoid paying penalties let us urge strict observance of these laws.
