## Champs Win Over Peacock 5-2 In Game Here Sunday

Timely hitting and the superb hurling of Lefty Hambright enabled the Champs to nose out a 5-2 win over the Proud Peacock outfit here Sunday afternoon in one of the most enjoyable ball games that local fans have witnessed in many days.

Notwithstanding the fact that the visitors out-hit the local lads, Hambright managed to keep the bingles scattered and was credited with 16 strike-outs, which might give the pitchers in this little circuit something to shoot at, especially when they face a hard hitting aggregation like the Peacock lads.

Again, we say that the game was a fine exhibition, and fans and players were highly pleased with the umpiring of Dameron who called balls and strikes, in fact, the entire game was a gem in clean sportsmanship.

## Champs To Play Simms On Tuesday

Skipper Lee Haney has announced that a game has been arranged with Moose Simms' team here on Tuesday afternoon, and, barring unforeseen delays the park fence will be completed by that time. The game will provide an added attraction to visiting firemen who will be here in attendance on the West Texas Firemen's association meet.

**Funeral Services**

### Mrs. M. K. Dakus Held at Gillespie

Funeral services for Mrs. M. K. Dakus, 82, who died on Thursday of last week at the home of her daughter, Mrs. J. H. Jones, of the Thorp Community, was held Friday at the Gillespie Baptist Church, with the pastor, Rev. C. B. Stovall, officiating, assisted by the Rev. Curry.

Mrs. Dakus was born in Tennessee and had been a resident of Texas for 44 years. The family resided in Johnson county for many years and following the death of her husband Mrs. Dakus had made her home with her children, four of whom survive, J. H. Jones of Thorp; A. N. Jones of Houston; Monroe Jones of Tennessee and Mrs. E. N. West of Cleburne, all of whom were present for the funeral services. Mrs. Dakus had been a consistent member of the Baptist church for many years.

## Time Extended On Applications For Emergency Loans

The period during which applications for emergency crop loans may be accepted has been extended through May 15, according to announcement today by Charles W. Sherrill, Regional Manager of the Southwestern Emergency Crop Loan Office of Dallas, serving the states of Texas, New Mexico and Arizona. Emergency crop loans are available to farmers for crop production purposes who can not obtain such a loan elsewhere. The maximum amount available to any one farmer is \$250.00 and the minimum is \$10.00, according to the regulations. Corporation with the Agricultural Adjustment Administration and the Production Credit Association is given by all borrowers receiving aid from the Emergency Crop Loan Office.

"The Dallas Regional Office has enabled thousands of borrowers with out sufficient resources to obtain credit elsewhere to become bank customers. No loan is denied a worthy farmer who needs financial aid and cannot get it from any other source for lack of adequate security."

Farmers desiring to make loans should get in touch with their county agent.

## RHINELAND

Under the direction of Prof. John J. Hoffman the high school students have been practicing their play, entitled, "Kicked Out of College." No definite time has been set for the presentation of their play.

An announcement was made by Prof. John J. Hoffman that our school will close on May 24, and the graduation exercises will be held on the evening of the 24th.

The Rhineland High School engaged in a baseball game Friday afternoon with the Munday High School team on Rhineland's grounds. The home team was trailing behind by the score of 6 to 8 in the first half of the seventh inning when the home team made three scores in their half, winning a seven-inning game.

The student body was given a real treat last Tuesday and Wednesday when approximately 140 pictures of the great masters were exhibited in the school auditorium. Besides being really educational, it was also interesting. We wish to thank all who in any way helped us to secure this exhibit.

In his attempt to field a foul ball Albert Franklin, catcher, stumbled over some spectators and broke off three of his lower teeth and split his upper lip, necessitating five stitches.

Mrs. Peter Loran has been ill for several weeks with a severe case of pneumonia. At the time of this writing she is said to be recovering nicely.

Rev. Boniface Spanke, O. S. B. took a week's vacation, and among the places visited was the Carlsbad Cavern. He was accompanied by Albin Homer.

Mrs. Mary Loran has returned from Cameron, where she visited relatives.

Mr. and Mrs. Carl Schumacher are entertaining a baby girl.

Mr. and Mrs. Joe Brown are the proud parents of a baby boy.

Miss Frances Breckner is visiting in the home of her parents, Mr. and Mrs. Michael Bruckner.

Miss Clara Andres is visiting in the home of her parents, Mr. and Mrs. John Andres.

A large number of our people motored over to Scotland, Texas, including John J. Hoffman, to participate in "Besirks Vexsammlung" Staatsverband of the Northern District of Texas.

Mrs. Hubert Bellinghausen, who has undergone an operation for appendicitis at the Wichita Falls Clinic Hospital, is doing nicely.

The following motored to Wichita Falls, either for business or pleasure: Messers Clement and Lawrence Wilde, Alois Deusterhaus, Mr. and Mrs. Joe Kuehler, Miss Mary de Aguirre, Miss Mary Ruddy, Gertrude and Emma Kuehler, Mr. and Mrs. Joe Wilde, Messers Robert Albus and Anton Peyton.

Miss Frances Bruckner, who has visited in the home of her parents, returned to Abilene, where she is attending the National Business college. Miss Veranica Schumacher, who will take a beauty course, has also gone to Abilene. The girls were accompanied by Mr. Bruckner and Mr. Schumacher.

John Albus made a business trip to Benjamin Saturday.

## M. G. Nix Makes Announcement For County Judge

To the Voters of Knox County, Texas: After having considered the solicitations from friends from the different parts of the County I have decided to make the race for the nomination for the office of County Judge of Knox County. I was for several years a member of the Commissioners Court and my record as a Commissioner is open for investigation. While I am not a practicing attorney I feel that I have sufficient knowledge to hear and determine matters which may come before me as a Judge, if I should be elected and I can assure the voters that all people will be given the same fairness and impartiality in any matter.

It may be possible that I will be unable to make a house to house campaign, but will try and present my candidacy to as many of the voters as possible before the date of election.

I will appreciate the earnest consideration of all voter and ask investigation of my character and qualifications.

Respectfully,  
M. G. Nix.

## Darling Sisters Are Attraction Roxy Program

The attraction augmenting "Harold Teen" at the Roxy Sunday afternoon and Monday night, the Darling Sisters, bring to Munday a real stage attraction that is different, and those who appreciate vaudeville attractions of the better type should see this attraction.

The Darling Sisters have one of the cleverest variety singing and dancing acts that has ever appeared on the big time circuits, according to Manager P. V. Williams. The company carries a gorgeous line of costumes and settings that beautify the numbers to a marked degree, and this program should give those who attend these programs a treat that they are seldom privileged to see.

## Edwin Brown Takes His Life at Seymour

Edwin Brown, well known Baylor county farmer and stockman, whose home was located three miles south of Bomarton, died in the Baylor county jail at Seymour early Wednesday morning from wounds in the throat, believed to have been made with a safety razor blade.

The deceased was well known in this section, having moved to this country from Louisiana more than 15 years ago. His wife, the former Miss Faye Chambliss, was for a number of years a teacher in the Goree schools.

He is survived by his wife and three children, mother and father, Mrs. A. A. Allen and Gloria were in Abilene on business Wednesday.

## Seeks Reelection

## W. D. McFarlane To Seek Return To U. S. Congress

Fellow Citizens of the 15th Congressional District: I am formally announcing to you my candidacy for re-election for a second term to Congress, subject to the action of the Democratic primary in July. Two years in my candidacy for this position you generously gave me your support and carried for me 9 of the 12 counties in the district by a majority of 4,727 votes. The last legislature through redistricting added three counties to this district, each of which gave me an overwhelming majority in my race for the State Senate eight years ago. In my last campaign I called to your attention my legislative record at Austin made in your behalf, you recall perhaps that this record was made while I received, during a period of prosperity but \$5.00 per day for the service rendered. Your Legislators now receive double that amount. I was a candidate two years ago on a definite platform. I assured you that I would carry out its provisions. I am now glad to be able to report that I have kept faith with you in every particular to the best of my ability and to the utmost limits of my resources.

Congress assembled soon after the inauguration of the President a year ago in special session. It then faced the darkest and most deplorable situation in the history of our nation. This situation was brought about in a period of peace, by the maladministration of our predecessors in the management of the government. I need not recount it. You have been and are painfully aware of the critical situation we faced: closed banks, the loss of billions by their depositors, industry wrecked, schools closed, farmers bankrupt, hundreds of thousands of homeless families wandering hungry over the country, 12,000,000 of our own earners idle and over 10,000,000 of our people, the unemployed and their dependents practically in the breadline.

## DEFICIT AND TAXES

I told you in my campaign that on account of my previous legislative experience I would be able to become immediately useful; I do not think or claim that I brought about the magnificent recovery and reconstruction results obtained thus far but I do claim my cooperation and work in Washington has contributed to the beneficial effects. Congress found a deficit covering the last three years of the past administration of \$7,124,081,000, and a yearly deficit in the revenue of over \$2,000,000,000 per year. Our first duty, was to balance the budget. Our platform had assured us that this could be done by "reductions of governmental expenses, by abolishing useless commissions and offices, consolidating departments and bureaus and eliminating extravagance," keeping in mind all the while economic recovery of the nation and provision for the reemployment of our people. It is and was a tremendous job; to become effective almost insuperable. We had to combat the element of human greed in the large and powerful moneyed interests that had fattened themselves at the expense of the common people during the so-called prosperous time. Banks, utilities, trust companies, stock brokers insurance companies, financial manipulators and manufacturing plants through their insidious lobbies presented their needs and demands, but they were willing to pay their part of the burden. They fought bitterly to cut allowances of the disabled Veterans and their dependents 50 per cent or more than \$4,000,000,000. Their only suggestion for additional revenue was an unconscionable sales tax which would rest heaviest upon the poor. I voted to limit the cut on disabled veterans to 25 per cent, and to raise the income taxes sufficient to cover the balance. This program was rejected by the House. I was criticized by the press for not "standing by the President." Legislation is nearly always a compromise. I did the best I could, but continued to stand by the President for the larger result, broad economic recovery, large scale re-employment and a more abundant life for all the people.

## SENTIMENT ON VETERANS LEGISLATION

In one short year I have seen the mature judgment of our citizens change and endorse my actions. By nearly four to one this Congress approved my position and the position of those of you who voted last session against the so-called economy bill. The economic situation is not solved. Great progress has been made, we are triumphantly on our way under the great leadership of our President. It must be honestly, fairly, courage-

## Beautification State Highways Subject Federation Meeting

Highway beautification was the theme of the inter-county federation meeting held at the Forum Club house at Wichita Falls, Wednesday, April 25. Nine counties were represented with approximately 300 women present.

In the connection with the Texas Centennial, which is now being planned for 1936, celebrating the 100th year of Texas freedom from Mexico, the meeting Wednesday initiated a centennial objective.

Mrs. Ben G. O'Neal presided at this meeting. Other outstanding club women present included Mrs. Lee Morris of Chico, president of first district, Mrs. W. R. Potter of Bowie, folk love chairman; Mrs. Nettie S. Myers of the division of Child Welfare of Texas in Austin; Mrs. H. E. Griffin of Graham, library chairman of first district and many others.

Knox county was represented on the program by one of its most talented musicians, Miss Mary Hope Smith, who is a student in Westmoreland college at San Antonio.

Those attending from Munday were Mrs. Ike Huskinson, Mrs. Joe Davis, Mrs. T. E. Dickerson, Mrs. Jack Mayes, Mrs. W. R. Moore, Mrs. H. A. Pendleton, Mrs. J. R. Smith, Miss Helen Smith, Mrs. Gordon Stone, Mrs. Posey Williams, Mrs. Earl Holt, Miss Virginia Smith, Mrs. R. D. Atkinson, Miss Jewell Faulkner and Miss Mary Hope Smith.

Beginning May 1st, 1934 service at the local Post Office will be curtailed on each Saturday by closing the windows at 3:00 P. M. in order to comply with the shorter work week law—please take notice and make your arrangements accordingly. Respectfully,  
J. B. Rousseau, P. M.

**THE MUNDAY TIMES**

**JESSE A. KENNEDY, Editor**  
**JULIA A. KENNEDY, Associate Editor**

Entered as second class matter January 4, 1919, at the postoffice at Munday, Texas, under the Act of Congress of March 3, 1879.

**PUBLISHED EVERY THURSDAY**  
**SUBSCRIPTION PRICE \$1.50 PER YEAR.**

**EXEMPT RETIRED LAND FROM TAXATION.**

Knox county property owners pay more than \$100,000 in property tax to the support of the county and state government. In addition to this hundred thousand dollars, many more thousand dollars are paid in school, road, and city taxes. There are many thousand dollars in automobile, truck, cigarette, gasoline, and other special taxes. Knox County is an agricultural county. With the low prices of the past four years the tax burden has become almost unbearable.

If taxes could have been or had been increased in proportion to the decreased income of the producers of this county, the condition would be much better today. However, the county tax rate was \$1.00 in 1929, the last year before the depression, and during the four years since, the rate has been \$1.00 and 90 cents the other three years. The state rate has not been changed very much during the same period.

During the years of depression the gasoline and cigarette tax has been raised. Approximately one-third of the price paid for gasoline at your local station today goes to the state and federal governments in taxes. When you buy a package of cigarettes approximately one-half of the price paid is sent to the state and federal governments to cover the special cigarette tax.

Now, comes the Federal government and adopts a program that will make approximately 40 per cent of the agricultural lands of the county absolutely unprofitable. With every known tax already loaded on the producer and the consumer, it is not reasonable to ask that all lands be taken out of production to exempt from taxes? Will anyone say that this suggestion would be an unreasonable demand.—Goree Advocate.

**WEEDS IN THE GARDEN.**

There are thousands of persons throughout the nation, and a small army of lawmakers in city councils, state legislatures and congress which seem to feel that the way to bring about recovery from depression is to destroy private business and under mine public confidence in capital.

Their theories remind one of the weeds in a garden—they flourish until the owner realizes that they are sapping the strength of the productive plants on which they depend for a living. And then they are quietly removed.

The people may find it necessary to do considerable weeding in their political gardens before long if they wish to retain time-tested American traditions and ideals.

**SOMETHING TO THINK ABOUT.**

An average of \$10,956,164 a day was distributed by life insurance companies in the United States in 1933, according to statement of Arthur F. Hall, president of the Lincoln Life Insurance Company.

"Life insurance companies paid out more than \$4,000,000,000 last year in death claims, loans on policies and other payments to policyholders," said Mr. Hall. This is probably twice as much as will be paid out by our government in 1934 in federal relief.

Mr. Hall pointed out that during the past four years life insurance companies have put into circulation in the United States more than \$17,000,000,000. This included more than \$13,500,000,000 in death claims and payments to living policyholders; and \$3,500,000,000 in loans to the United States government, to corporations and to property owners.

"The ability of life insurance companies to hold the confidence of the investing public is due to the fact that life insurance has kept its promises. Those who sought safety found it in life insurance and will continue to do so.

"Only three cents of each dollar of the income of the people of the United States is put into life insurance. The fact that 87 cents of every dollar left at death is derived from life insurance proves beyond question that life insurance is the surest and safest way of providing support for one's own old age, as thousands of snail owners testify today."

**PLANS AND HUMAN NATURE**

From as far back as there are any records, philosophers and reformers have been trying to plan the "Perfect State." We have looked into some of those plans. The oldest of which we have a record seems to be about the best. That is the "Republic" of the Greek philosopher Plato, who flourished about 400 B. C., or more than 2,200 years ago. The main difficulty with putting his plans into operation was that it took fifty years to train the men who were to constitute the governing class.

Sir Thomas Moore published a book in the year 1520, describing an imaginary nation which he called "Utopia," and the name has been used ever since to designate an ideal of society. Fifty or sixty years later Sir Francis Bacon tried to improve on Utopia with an account of the "New Atlantis," another perfect State. Various other philosophic speculators have tried their hands at the same game, the most noteworthy being Edward Bellamy, whose "Looking Backward," published in 1888, sold more than a million copies and was translated into twenty languages.

All of these plans for regenerating society and making everybody happy have the same fatal weakness. That is that human nature changes or can be changed. None of them would work—unless every other inhabitant were a policeman—so long as human nature remains essentially selfish and self-centered. And we have seen no evidence that there has been any great change in that respect since the days when the Bible was written. To the argument that if everybody had plenty nobody would steal or cheat, the answer, as we see it, is that we have heard of very rich men who were not always honest.

It is one thing to make a logical plan, and quite a different thing to get people to abide by it. If everybody were honest and unselfish and so filled with the spirit of justice as never to do an injustice to anybody else, the Utopian plans might work. But if everybody were like that there would be no need of any government at all!

**SHOULD ENCOURAGE BUILDING**

It seems to be generally understood that the greatest measure of unemployment is in what are known as the "building trades." Building, except on public projects, is almost at a standstill. In the big cities there was an orgy of over building up to 1930, but in the nation as a whole we are told by competent authorities there is still a great deal of building and repair work to be done.

In normal times the United States used to spend about four thousand million dollars a year on building, constructing every year enough buildings to house a population as large as the city of Los Angeles, with dwellings, public buildings, stores, factories, hospitals, schools, libraries and the rest to meet the needs of a million population.

With the cessation of that annual building program, carpenters, masons, plasterers, painters, electricians, plumbers, paper-hangers and all of the trades which collaborate to construct a new building began to feel the pinch of unemployment. The furniture and furnishing industries felt it next, and so on down the line. And the sources from which money ordinarily comes for building purposes found themselves with "frozen" loans and no money to lend even to those who wanted to build or repair.

We think there are probably enough office buildings, stores and semi-public buildings of that sort; probably enough factories, also. But all of those need modernizing and repairing, and while there are dwellings enough, of a sort, to house everybody in America, many of them ought to be repaired, many to the point of virtual reconstruction.

For those reasons we wait with a

**H. D. CLUB.**

**H. D. CLUB.**

good deal of interest further details of the Government's plan to encourage long-term installment loans for repairing and modernizing dwellings. We understand this does not contemplate direct loans from public funds, but rather some sort of a guarantee to lenders against loss when all the conditions of the loan meet the approval of Government experts. We do not know how far it is proposed to go to extend the same security and encouragement to lend for new dwelling construction, but the Government would do well to try to simplify the present system of building loans and cut down the cost to the home-builder of the money he has to borrow for that purpose.

One of the great reasons why building has slowed up is that mortgage loans under the present system are hard to collect, and therefore the borrower is required to pay altogether too high a profit to somebody when he tries to finance a home.

**TUFTED BEDSPREADS ARE POPULAR AMONG 4-H CLUB MEMBERS**

Simple yet attractive designs are being made by a majority of the 4-H club girls of the county for tufted bedspreads. "This is the most interesting work we have had in our 4-H club," stated Noralee Jones, Goree 4-H club, who voiced the sentiment of many other girls in her club as well as the other 8 clubs in the county.

"I can hardly wait to start work on my spread and am equally as anxious to get it completed," Noralee also said.

All the 4-H club girls know that these spreads are to be started before time for the annual encampment in June and that they are to be completed and exhibited in the County Exhibit in September. It is expected that there will be quite an array of design and color in these spreads and everyone will want to see them on display.

**HOOD CLUB MEETS.**

The Hood Home Demonstration Club met Thursday, April 26 for an all-day meeting for the purpose of cutting foundation patterns. There were eight patterns cut, and more plan to have patterns cut later. Those present were Mesdames C. R. Hendrix, E. F. Hendrix, J. D. Smith, A. L. Roden, R. B. Jones, L. Nicholson, J. E. Tidwell, R. L. Tidwell, J. D. Palmer and Miss Myrtle Crouch. Miss Faulkner and Mrs. G. W. Weber Jr. assisted with cutting the patterns.

"I have found my foundation pattern to be so helpful and I use it all the time," stated Mrs. R. N. Smith, Lone Star Home Demonstration Club. "I just wish that each member of our club had one of these patterns for I know it saves so much time and trouble and the finished garments look so nice," she further stated.

The goal for the entire county this year is for every Home Demonstration club member to have a foundation or individually fitted pattern and make a dress using this pattern for the dress contest in June.

"I have never been able to get a pattern that fits me perfectly and like so many people I have always had trouble with my sleeves—they never feel comfortable and are always pulling out," said Mrs. J. O. Cure, Gilliland Home Demonstration Club. "I feel sure that I am going to enjoy using my pattern and at

**GULF WINS MORE "HILL TESTS" THAN 32 GASOLINES COMBINED**

Will your car have more power on any one gasoline? HERE'S YOUR ANSWER...

Gulf tested a total of 33 gasolines on famous American hills—12 hills in localities from Massachusetts to Georgia—and here is what they found...

The power of different gasolines varies widely! And of all 33 gasolines, Gulf is uniformly best. 7 out of 12 times, it propelled a car and load up mountain grades farther than any other gasoline tested!

It won more hill tests than 32 other gasolines combined! Prove it! Drive into a Gulf station, fill up, and test the power of That Good Gulf for yourself!

A BORROWED FORD tests 12 competing gasolines on Muldrough Hill, near West Point, Ky., to see which gas can pull the car and 3500-lb. load farthest up hill in high gear.

## SENIORS

Oh, Boy! We seniors have really had a full week end. The Junior-Senior banquet was given last Friday night, and was enjoyed immensely by everyone. Our trip to Abilene, which was taken Saturday morning proved to be a successful one. In fact, every moment has been a pleasure.

We are sorry to report that Dolly is out of school on account of sore throat. We wish her a speedy recovery. We are very proud indeed to have such a gentleman as Mr. Hughes among our faculty. Heres hoping he succeeds in the election. We are really glad that Miss Blanton is going to be here again next year, because we'd hate to see her starve. Elmo says she has to teach school to make a living.

Last Friday most of the Seniors were absent from school. Mr. Harlow asked them Friday night if it took them all day to get ready for the banquet. You can imagine the excuses they put up.

Miss Blanton really had her hands full Saturday. She said if all days were like Saturday, she'd be ready for the Asylum. She might not have far to go.

## JUNIORS

Did you know that: Most all of our Juniors are back at school this week after having the measles, mumps and roseola? The Junior-Senior Banquet was

last Friday evening and everyone has reported to have had a most enjoyable time? Edgar Frost, a soph, gave a witty reading entitled "The Sophomore Rush."

Elvis did not have to stay at home Saturday night? (Ask her why.) We are planning to have a class tournament and we hope to win which I am sure we will!

## SOPHOMORE

The Sophomores were invited to help entertain at the Junior and Senior banquet Friday night and did we entertain? Well, anyway, we helped.

The girls served and served well. The boys washed dishes and washed them well. Did they or did they not? Ask Miss Leath, she knows. We girls just did splendid in entertaining but I think the boys would have looked better in the comedies. We sung "We Will Make Hay While the Sun Shines" while Gladys played the piano and Mat Verholen with a big smile on his face kept time with the music by swinging from one side to the other.

Then Jack Frost gave us a reading. It was just splendid and Jack in his big white apron also looked good. I believe the Sophomores had just as good a time as the Juniors and Seniors. We all would like to be Sophomores another year but that's impossible for some of us.

## FRESHMEN

The Freshmen are making quite a few instruments in Algebra, that is, we are working problems dealing with instruments. Buddy says he wishes it were real.

We got a little ahead of ourselves in Early European History, so we stopped and studied present day history for a change. Referring to men such as Denaleria, Mussolini, Stalens, Hitler etc. we are proud to get back to Early European History.

It seems as if the Freshmen take time about having holidays. We notice Ameralis Hutcheson, Juanita Forehand, Harold Cunningham, Buddie Bumpass, Helen Partridge J. B. King and Margaret Shannon, who have all had the roseola back in school.

## Harold Partridge

Harold was born Sept. 21, 1916, on the famous Knox Prairie, and has lived here every since. Harold is rather an exception among boys. He is tying in grades with two girls for valedictorian of the Senior Class, and is an excellent athlete. Folks, don't think he is "sissy" for he is far from that. If you don't believe me, ask Jonel.

Here are his favorites:  
 Ambition: To go to college.  
 Weakness: Blondes.  
 Expression: "You tellin' me?"  
 Study: Math.  
 Food: Sweets.  
 Author: Wright.  
 Post: Hawthorne.

Sport: Basketball and boxing.  
 Motto: Always keep straight before someone straightens you.

Dolly Nix

Dolly was born January 16, 1916, about a mile from where Sunset School now stands. She has attended her four years of high school at Sunset, having, of course, played basketball during these years. She also helped the Sunset girls win first in the County, then in the District, in Volley Ball. She won first place in declamation, and is an all around good girl.

Her favorites:  
 Ambition: To make a hundred (100) in bookkeeping.  
 Weakness: Falling in rivers.  
 Study: Math.  
 Food: Ice cream—vanilla flavor.  
 Expression: "Oh, Yeah! Well do tell!"  
 Poet: Lillian Verhalen.  
 Author: Jimmie Lois Frasure.  
 Pasttime: Playing any kind of ball.  
 Gentleman: Blondes.

## THE LANDSLIDE

C. B. S.

Now pull your chairs around the table  
 As preparing to take a bite,  
 And—let this knowledge soak in deeply—  
 Of the Junior-Senior fight.

On the night preceding Tuesday  
 They had riled up our spirit.  
 There were shouts of hilarious laughter,  
 And the outside world could hear it.

On Tuesday night the eleventh,  
 In April of thirty-four,  
 There came to us these phrases—  
 "Watch the Junior pennant soar!"

We were peevish beyond distraction  
 And had inclinations to swear.  
 The Jones boys of both sexes  
 And the Goon girls, too, were there.

We decided upon one theory  
 And our stump speaker said,  
 "Let's don't use strength and awkwardness,  
 But boys' let's use our heads."

The Senior class was represented,  
 Eight in number were the boys,  
 The Fish, they helped the Seniors  
 Which enthralled them with over-joys.

We had spotted the measly pennant  
 Of the Junior-Sophomore crew.  
 It was painted in vivid colors,  
 Of pale white and royal blue.

We had secured a long house ladder  
 And were saying "goodbye"  
 To our loyal classmates below us  
 When were silhouetted against the sky.

Rocks, fruits, and rotten vegetables  
 Came at once in a landslide.  
 Then a boulder bounced me on the temple  
 When, "Let'em have it," I cried.

Nichols, the man from the Seniors,  
 Ait on top the roof.  
 He was followed by Duane Johnson  
 And what they dished out was proof.

Williams completed the trio  
 Then appeared "Sexton the Great."  
 Warren was in a drastic struggle  
 But he got there just too late.

He went hurling earthward  
 But the toilet checked his fall,  
 There came shouts from spectators  
 Feminine cries pierced the fall.

When the flag was captured  
 And the Seniors had reached their goal,  
 There came the quake of deathly silence  
 And the bell had ceased to toll.

When the silence had reached the Juniors  
 And we ceased to fight no more,  
 Dead silence ranged around,  
 And all was o'er.

## "OTTO-SY"

Otto Wentworth was born in Nemo, Texas, August 4, 1917 and has the distinction of being the youngest boy in the Senior Class. He started to school in a rural school near Cleburne where he went for three years. He then entered another school near Cleburne and went there for two years. Otto came to us from Cleburne in the latter part of the first term; he is one of our most brilliant students; in fact he can recite more Spanish than almost any other student in M.H.S. Otto tells me, on my interview, that he hasn't made up his mind definitely as to his career—such is the life of a poor reporter.

Here are his favorites:  
 Ambition: Right now, to graduate.  
 Study: Spanish.  
 Sport: Any of them.  
 Worst habit: Wartin' folks.  
 Book: Literature and Life, Book IV.

Story: The private life of Mao West.  
 Saying: "Whatcha doin'?"  
 Hero: Popeye.

## JUNIOR REPORT

The fact is becoming more and more definite that it won't be long now until we will be going on our own trail for about three months; then we'll be Seniors, we hope. Our only thoughts now are that a great deal of studying must be done so we can acquire this ambition.

W. M. S. in Reeves Home

Mrs. John White was hostess to the W. M. S. of the Baptist church at the home of M. H. Reeves last Tuesday. Mrs. J. O. Bowen gave the devotional and opening prayer. Plans were made for cleaning and painting the interior of the church and packing a box for Buckners Orphan Home. Refreshments to Mesdames J. O. Bowden, Clyde Nelson, Jake Morris, W. E. Reynolds, W. H. Albertson, J. M. Perdue, Armstrong, Chester Bowden and Mrs. M. H. Reeves.

Monday Night Club  
In Kethley Home

Vases of roses and bowls of pinkies added attractiveness to the Kethley home when Mr. and Mrs. J. D. Kethley entertained the Monday night club Monday evening.

High score was held by Mr. and Mrs. W. H. Chapman. Ice cream topped with strawberries and cake was served to Messrs and Mesdames Tom Haney, Pitzer Baker, W. H. Chapman, Dr. and Mrs. W. P. Farrington, Mrs. P. V. Williams and Mrs. H. A. Pendleton.

Mrs. E. W. McGlothlin Entertains

Spring flowers placed in the entertaining suite made a pretty setting for the As You Like It club when Mrs. E. W. McGlothlin was hostess on Thursday afternoon.

A pretty refreshment plate of strawberry short cake with fruit punch was served to Mesdames R. D. Atkinson, M. F. Billingsley, Tom Haney, H. A. Pendleton, Glenn McGlothlin, Joe Mayes, J. D. Kethley, T. G. Bengo, Pitzer Baker, Matt Dillingham Oates Gebben and Guy Rutledge of McCamey.

Study Club in Closing Meeting

An interesting meeting of the study club was held in the J. D. Kethley home Friday afternoon, when a business session was held. At this meeting it was decided to buy a residence for a club house. Plans will go forward for the completion of this deal and the annual covered dish luncheon will be held on Thursday at the W. H. Chapman home with Mesdames J. V. Tiner, Effie Alexander, E. W. McGlothlin and W. H. Chapman hostesses.

**MOTHER LYTLE**

Mrs. Nancy Elizabeth Lytle was born near Hollow Rock, Tennessee, December 24, 1893, and died March 13, 1934. She was 40 years, 2 months and 18 days old at the time of her death. She was married to W. R. Lytle August 12, 1876. To this union nine children were born five girls and four boys. One daughter and three sons preceded her in death.

Children living and present were: Mrs. A. E. Ford, Mrs. G. H. Beaty, Munday; Mrs. G. D. Hall of Azeto, New Mexico; Luther Lytle of Peaster, Sister Lytle had thirty-one grandchildren and eight great-grandchildren, thirty of those were present.

Sister Lytle came with her husband to Texas in 1902, moving to this section of the state in 1903. She was converted at the age of 14 and joined the Methodist church, having been a member sixty-six years. She held her membership in the Hefner church.

Sister Lytle has been in failing health for a good many years having been confined to her home most of the time. It was my good pleasure to visit in her home a good many times. She was so pleasant and kind to all, held a service in their home. She seemed to enjoy it so much. We never thought that it would be the last service she would attend in this world.

Oh! how we will miss her. Her voice is still, her chair is vacant. How lonely it will be without her, but we know her sorrow and pains are over forever. She has joined the heavenly host to sing for evermore with the Angels.

We would not bring her back if we could. Somehow heaven seems a little closer by her going. Our prayers go out for the grief-stricken husband. We shall meet to part no more by and by. Yes, by and by.

We shall meet to part no more in that home beyond the skies.

Her Pastor,  
S. A. Sifford.
