Number 42

Thinking Out Loud

By J. A. K.

The absence of this column for some weeks hasn't caused any great number of complaints, but among the few that have come to us about it, there is one of which we are especially proud.

This one complaint has come to us from our eldest son, who is a student in the University of Texas at Austin, and, having access to the great libraries there, he still hungers for the elevating comments contained in this column, so we shall just pick it up where we left off.

Out on the north plains old man Winter took a final fling by covering the country with a two-foot blanket of snow, while down this way he sent us shivering to clothes closets to get them and put 'em back on.

Former Governor James E. Ferguson, stormy petrel of Texas politics, has been named National Committeeman from Texas, and has announced that he will campaign the state for the election of C. C. McDonald for the gubernatorial nomination this summer.

With these developments it isn't difficult for the casual observer to see some warm times in Texas during the next few months, and the big question will be whether or not Gov. Jim can carry the same vest pocket vote for his friend McDonald that he has always garnered for the candidacies of himself and Mrs. Ferguson.

And another race that promises to be fast and furious is that between Senator Tom Connolly and Joseph W. Bailey, Jr. for the seat now held by the former in the United States Senate. Reports that the administration looked with favor upon the re-nomination of Senator Connolly were quickly "pegged" last week after Bailey visited the White House.

With the announcement that the CWA forces are to be dispensed with soon Knox County is faced with a critical situation unless further aid is given. Work on the removal of the Rhineland bridge across the Brazos River is only well under way and unless further Federal aid is procured it will be necessary for the county to complete the job or let it go unfinished.

And too, the road on the south of the river, for which an allocation was made for graveling, will likely go without a single load of gravel being hauled, while we are informed that the road on the north of the river is practically completed.

This fact may be due to the diligence of the officials on the north side of the river, and the fact that this side was not completed may be due to the fact that one of the largest communities in Knox County was not represented on the board which dispensed the funds that were available. Anyway, these little details will likely be discussed further in later issues of this paper.

New Names Listed For City Election For Next Tuesday

Interest in the municipal election scheduled for Tuesday has been enhanced by the addition of additional names to the ballot, which, at this time contains the names of three candidates for mayor, the two new aspirants being W. H. Atkinson and E. E. Akers both of whom filed their names early this week, and that of J. A. Kennedy, who is seeking re-election. Other names filed this week for aldermen include W. E. Braly, J. M. Terry, Chas. Haynie and those together with Jack Mayes, whose name was filed last week, and Tom Haney, who is seeking re-election, makes a total of six candidates for the two places to be filled.

John Ed Jones and R. G. Campbell have filed for school trustee, bringing the total number of aspirants for this position up to five, with three to elect. Leland Hannah, R. D. Atkinson and J. D. Kethley having filed their names last week.

Mrs. Carroll Blacklock of Chickasha, Oklahoma is the guest of her parents, Dr. and Mrs. A. A. Smith.

Track Meet Will Be Held Here On Saturday, March 31

The county interscholastic track meet, which was scheduled to have been held here Saturday, but which was postponed on account of the rain and inclemency of the weather, will be held Saturday, according to an announcement made early this week by Supt. J. Horace Bass.

The field for the events will be in much better condition than it would have been had the meet been held last Saturday, as the rain has settled the newly graded street where the events are to be held and it will be in fine condition for the meet Saturday and students from all sections of the county will be here to compete in the events.

Sheriff Elliott Goes To San Antonio For Wanted Mexican

Sheriff C. R. Elliott left Wednesday morning for San Antonio to bring back Charles Gonzales, one-armed Mexican, who is under indictment in Knox County for violation of liquor laws, and who has been taken into custody by San Antonio officials.

Gonzales was indicted at the last session of the grand jury as a result of evidence introduced before that body, and the Mexican is alleged to have sold liquor here during the fall, having operated an eating place in the south part of the city, from which place he is alleged to have sold liquor. He left here shortly before the grand jury convened and has just been apprehended in San Antonio.

Mrs. Elliott accompanied Mr. Elliott on the trip.

Training School To Be Conducted At M.E. Church

A Sunday school training school for the Stamford district for all points in the district north of Haskell, will begin Sunday afternoon at the Methodist church with a capable corps of teachers. The opening session will be held at the church at 3 o'clock Sunday afternoon and sessions will be held each evening during the week following, and a number of courses will be offered.

McCarty Resigns As Constable To Move to Haskell

M. H. McCarty, who has served as Constable here for the past two years, has tendered his resignation to the Commissioners' Court of Knox County, and has moved to Haskell, where he will follow his trade as a barber. The Court will name a successor at its next meeting.

GILLESPIE CLUB REPORT

The Gillespie Home Demonstration Club met Wednesday, March 28, at the school building. There were ten members present. They were Mrs. R. L. Myers, Mrs. J. G. Swanner, Mrs. C. H. Harrell, Mrs. L. L. Womble, Mrs. W. C. Kimbrough, Mrs. Roscoe Partridge, Miss Harrell, Mrs. L. M. Melton, Mrs. E. E. Nix, and Mrs. J. L. Hughes. Our president, Mrs. R. M. Almonroe is in Lubbock attending the meat show.

On April 13 and 14 there is to be a Dairy Show at Albany. There will be no entry charge and the judging is to start Friday at 10:00 a. m., April 13.

Our club should have at least one product for each entry. There are five entries. If any of the ladies would like to go, it would be well to notify Miss Faulkner or Mrs. Almonroe before April 7. Those who will make entries, have them ready by our next club meeting, Wednesday, April 11, and Miss Faulkner can get them report of what she has done this month and give it to Mrs. Roscoe Partridge or Mrs. J. L. Hughes in time for the report to be made and carried to Benjamin.

After the meeting the club was invited to Mrs. Harber to attend chapel. At this time the girls who lettered in basket ball, eight in number, were surprised with new sweaters.

—Reporter

J. L. Stodghill has our sincere thanks for a subscription to the Times, which he sends to his mother, Mrs. E. H. Stodghill, at San Antonio.

Location Made For Wildcat Test Near City Goree

Christie and associates of Olney have filed application for a permit to drill an oil well near here. According to the latest information, active work will begin as soon as the permit can be secured and the machinery put on the ground.

The location has been made on what is known as the Hampton farm about one-half mile northwest from the northwest corner of the town-site. The well will be about 300 feet from the south line of the above tract and about five hundred yards west of the road that runs from Goree to Hefner.

The report that an oil test would be made here brought a number of oil people in the country lately. Rumors are current that two or three other oil companies or individuals are interested and may start a test here sometime soon.

The beginning of operations here again recalls the experiences of companies in this territory during the past fifteen years. Several tests have been made in this immediate territory and in every case some oil has been found. Every test that has been made near Goree has found quite a lot of gas and oil showings. A fair showing has been found in all these wells before reaching a depth of 1,000 feet, another at about 1,400 feet and still a better sand at 1,800. It is believed that one well about a mile southwest of town would have been a fairly good producer had it been given a shot or given the acid treatment that is being used in the oil fields today.

Those who have been living here during the past few years since the first test was made in this territory are the ones who are most confident that the territory will some day be an oil field. However, regardless of whether a test will open a new field, the people here are glad to see the test made.—The Goree Advocate.

Little Daughter Mr. and Mrs. Roberts is Seriously Burned

The little two-year old daughter of Mr. and Mrs. E. J. Roberts, Jr. was critically burned on Monday evening while playing with a celluloid toy which became ignited from a gas stove. The child's clothing was practically burned off and she sustained severe burns about the arms and lower limbs, but we are pleased to state that she is getting along nicely and it is believed that she will suffer no permanent injury from the accident.

1.25 Inch Rainfall With Cold Weather During Past Week

The Munday country is jubilant over another fine rain which fell Sunday, and which amounted to approximately 1.25 inches, bringing the total rainfall here for March up to near three inches. The rain was followed by a cold snap which made the populace wonder if there was not some mistake about the Easter season being at hand, but it's like that out here in West Texas.

WILL PLAY PRACTICE GAME HERE SUNDAY

The Munday baseball club will play its first practice game here Sunday afternoon, according to Skipper Lee Haney, and local fans will have their first opportunity to see the local aggregation in action.

Dr. C. L. Root and Rev. P. D. O'Brien On Program Friday

A program of unusual interest has been arranged by Supt. Bass for the regular high school assembly, which on this occasion will be held at the Methodist Church at 1:00 Friday afternoon, and to which the public is cordially invited.

The program will be given by Dr. C. L. Root, prominent physician of Colorado, Texas, and father of Mrs. Wolfjen, a member of the faculty of the Munday school, who will act as accompanist to her father in a series of vocal numbers which will include Irish, semi-classical and negro spiritual numbers.

The Rev. P. D. O'Brien, pastor of the Baptist Church at Colorado, will accompany Dr. Root here and will deliver an address, the subject of which is "What is Right with the World."

While the program had originally been arranged as a school program, Supt. Bass, believing that there were many citizens who would enjoy the program and would be pleased to have an opportunity to attend, has transferred the event to the Methodist Church where not only the student body but the public as well may have the privilege of hearing it, and he extends a cordial invitation to the public to attend.

H. D. CLUB.

ITINERARY OF JEWELL FAULKNER, CO. AGENT. FIRST WEEK OF APRIL.

Monday—Office.

Tuesday—Sunset and Hefner girls, Hefner women, all-day meeting, agent will check foundation patterns in afternoon.

Wednesday—Dixon and Gilliland girls, Gilliland women, all-day meeting on making foundation patterns. Agent will check patterns in afternoon.

Thursday—Truscott girls, Antelope Flat women, all-day meeting on making foundation patterns in home of Mrs. C. R. Haynie, with agent present.

Friday—Union Grove girls, Knox City women, all-day meeting on foundation patterns.

Miss Jewell Faulkner, Knox County Home Demonstration Agent and Misses Margaret Shannon and Mary Helen Partridge, Sunset 4-H club girls left Wednesday for Lubbock to attend the Quality Meat Show.

Mary Helen and Margaret will enter the meat team demonstration contest for 4-H club girls and will demonstrate the preparation and canning of mince meat and feature the finished products using mince meat they have made.

ALBANY DAIRY SHOW

Entries of American cheese, cottage cheese, butter, whole milk and market cream will be made in the Albany Dairy Show, April 13-14 by many Knox County Home Demonstration Club women. The judging of these products will begin at 10:00 April 13. A judging demonstration will be given Saturday, April 14 at 10:00 o'clock by the judges who will be from Washington, D. C. and College Station.

Another feature of this show on Saturday will be a dairy products judging contest in which any club member or farm woman is eligible to enter. The names of these contestants must be sent in by April 7. It is hoped that Knox County will have several women to enter this. The products to be entered should be prepared as follows and in the agent's office by Thursday, April 12.

American Cheese, 1 pound, in pint glazed cartons and contain salt to taste.

Butter, 1 pound, in rectangular mold, wrapped with waxed paper and covered with plain carton.

Sweet milk, whole milk exhibited in quart bottles with standard caps.

Market whipping cream in pint milk bottles—standard caps.

John McMahon Is Named Police Chief By City Council

John McMahon was named chief of police temporarily at a meeting of the city council on Thursday afternoon, which meeting was called when Carl Pugh, who has been serving as chief for several months, tendered his resignation.

Easter Style Show At Roxy Theatre Draws Big Crowd

An Easter Style parade that reflected much credit on its sponsors, the Hat Shop, was given at the Roxy Theatre Tuesday evening. Tall baskets of Easter lilies flanked on either side by baskets of springtime flowers made a pretty setting for the youthful models as they paraded across the stage. Miss Merle Lowe, standing at one side of the stage, announced the models and described the dresses. Miss Maxine Lane wore a morning dress of linen Roding gate style, round up sailor and white sport shoes. Miss Angel Jones, wearing a linen college campus frock, a white linen sport hat and white pigskin shoes. Mrs. Ike Huskinson wearing an imported pure Irish linen Carcraft sport suit with stiched linen hat, patent trim and white shoes.

Miss Mary Couch wearing the new homespun Devine suit, brown trim, blouse of net embroidered with Aurora, brown milan hat and white shoes. Miss Irene Clifford wearing a striking frock of dotted navy sheer navy crepe coat, white hat and shoes.

Miss Virginia Atkinson wearing a Baucle suit of aquatone blue with white trim, large white plate sailor and white shoes. Mrs. Hubert Isbell wearing a wash crepe yellow trim in aquatone blue, natural bill buntle hat, white pigskin shoes. Miss Hazel Clough wearing a college campus frock in beige with brown moire trim, plate sailor with brown moire crown, beige shoes.

Mrs. L. M. Palmer wearing a navy blue Mildred frock of corded sheer with pique trim, navy blue hat of Sisol straw and blue shoes. Miss Louise Ingram wearing a homespun sport red trim, with pique panama hat with red trim and red sandals. Miss Maude May Bennett wearing a Mildred frock of blue moose crepe with white trim, white hat and white shoes. Miss Betty Reeves wearing a college campus frock in powder blue (Continued on back page)

Stolen Goods Are Recovered In Raid On Negro Shack

On Tuesday evening Mrs. D. A. Elard reported the loss of a quantity of clothing and a few pennies from the Munday Hotel, and Chief of Police Carl Pugh, acting upon information furnished, went to a negro shack in the north part of town occupied by a negro employee of the hotel, where he recovered practically all of the stolen goods and much that had not been missed. The negro entered a plea of guilty in the city court and is doing time to satisfy the fine inflicted.

Man Wanted Here On Liquor Charge Held At Littlefield

Sheriff C. R. Elliott will go to the plains the latter part of the week to return "Slim" Langford, who is under indictment in Knox County for violation of the liquor laws, and who has been placed under arrest and is being held in jail at Littlefield awaiting transfer to this county. Langford was indicted by the recent grand jury.

Dr. and Mrs. A. A. Smith have returned from Vernon, where they were called by the serious illness of their daughter Mrs. Leroy Ballenger. Mrs. Ballenger was operated on for appendicitis and late reports indicate she is improving nicely.

HIS POOR GUY SHOULD HAVE HIS FACE LIFTED! IT FELL LIKE THIS WHEN HIS COMPETITOR BEGAN TO GOBBLE ALL THE TRADE, UNTIL NOW HE COULD GET ONE OUT OF A CROWD. WHY DON'T SOMEONE SPEAK TO THE POOR FELLOW ABOUT ADVERTISING!

To The Voters Of Commissioner's Precinct No. Four

Since entering the race for County Commissioner, I find that I cannot properly look after my farm work and make a campaign. And I have decided that should I be elected, I could not work at the Commissioner's job as I feel one should who is a commissioner and properly manage my farming interests. For that reason I am withdrawing from the race.

Many over the precinct have pledged me their support and I wish to say to all who have done so that I am very appreciative of your expression of confidence in me.

Sincerely Yours,
TOM HARLAN.

Reuben Boles Buys Turpen & Boone; To Hold Big Opening

A deal was made the latter part of last week whereby Reuben Boles, for many years associated with the grocery business in Munday, purchased the stock of groceries of Turpen and Boone, and he has been very busy this week receiving new stocks and rearranging the store for his formal opening on Saturday of this week, a large announcement of which will be found on another page of this issue.

For many years Mr. Boles has been associated with the Baker-Campbell company here as manager of the grocery department, and only recently severed his connection with that concern upon its reorganization, and he feels that he is thoroughly familiar with the needs of the people of the Munday country and it will be his aim to furnish them with their grocery and market needs at the lowest consistent prices.

Ruling of Cotton Chief That Tenant Will Be Protected

Believed to be the outgrowth of legislation that some landowners were attempting to deprive tenants of their share of federal cotton money, stringent rules have been sent all county agents in cotton producing states by C. A. Cobb, chief of the cotton production section of the agricultural adjustment administration.

The ruling declares that any contracts obtained by subterfuge will not be accepted by the AAA, and that any money paid on the contracts will be subject to recovery by Secretary Wallace, whose approval is given the rulings.

The ruling holds that no contracts signed either by a landlord or a tenant will be accepted if it appears there exists an agreement of any kind, made before or after the signing of the contract, if such an agreement would have any of the following effects or purposes:

To obligate either landlord or tenant to pay to the other his share of any benefit payments under the contract.

To change the status of any tenant for 1934, whether the tenant rents for cash or a share of the crop or for the purpose of causing the contract to be signed by the landlord as producer in order to deprive the tenant of any part of the payments or of any other right or privilege.

To reduce the tenant's proportionate share of the crops raised on that part of the farm not rented to the government.

To increase the rent paid by the tenant for the part of the farm not rented to the government.

To give any reason to believe that the owner or landlord has adopted any device or scheme of any sort for the purpose of depriving the tenant of his share of the payments or of any other right of the tenant under the contract.

Any contract will be subject to cancellation if the landlord and tenant have entered an agreement either before or after signing, and any payment under any such agreement out of the federal money will be subject to a trust in favor of the Secretary of Agriculture and will be repaid to the secretary by the person receiving it, in addition to costs of collection, the secretary to have the right of collection if he deems it necessary to effect the purposes of the adjustment act.—Exchange.

Mrs. W. R. Moore and Mrs. W. H. Chapman were in Denton Wednesday. They were accompanied home by Miss Virginia Johnson of Seymour, Miss Lexoma Dickerson of Breckenridge, Miss Mildred Moore and Miss Jean McCarty of Greenville who will visit in the Moore home during the Easter holidays. There young ladies are students in CIA at Denton.

TODAY and TOMORROW

By Frank Parker Stockbridge

CLIMATE . . . crop control

One result of the severest winter known in the East since Valley Forge is that the ground has frozen to unprecedented depths in some parts of New England. Following a season of the most abundant rain for several years, with the soil well moistened, the frost-line has gone as deep as six feet in my own Berkshire County.

We had two years of severe drought which lowered the water-table ten to fifteen feet. Then we had two years of rains and open winters. This Spring the melting of the heaviest snowfall in a century has flooded all the valleys, washed out bridges, and inundated low parts of many towns.

My guess is that it will be mid-June before my river meadows are dry enough to till, and at least that late before the chill gets out of the upland soil.

It won't take drastic action on the part of the Federal Government to reduce agricultural production this year in New England.

PESTS . . . few survived

This ought to be a good year for fruit trees in the East. Agricultural biologists tell us that the San Jose scale, the codling moth and other tree pests whose larvae hibernate in the ground, have been pretty well killed off by the extraordinary penetrating cold weather. Rabbits squirrels and field mice, like all the other warm-blooded wild animals will be "comparatively scarce" next Summer.

I hear reports of many deer having been frozen or starved to death in the woods around my farm, and there is some reason to believe that the frost got deep enough into the ground to kill off a good many woodchucks, though they are pretty tough.

I look for more than the usual volume of raid on chicken-houses by red foxes this season, for those animals usually survive any sort of winter, while the smaller creatures which are their natural food succumb.

FINGERBOWLS . . . in England

Until Edward VII, father of the present King of England, ascended the throne in 1901, there had been no fingerbowls on the royal table for two hundred years. That was because many of the English nobility believed that all the Kings and queens of England since James II were usurpers, and that the rightful king was one of the House of Stuart in exile on the Continent. So when the toast to the King was drunk they would hold their wine-glasses over the fingerbowls and thus drink to "the King over the water."

There are no lineal descendants of James now living, but the memory of the "Jacobite" rebellion—as called because "Jacobus" is the Latin word for James—was kept alive by a secret society known as the Order of the White Rose, which has branches in England and Scotland, so one of my friends who belongs to it told me the other day.

"It's nonsense, of course," he said, "but no more than any other secret orders whose important function, after all, is to get men together in goodfellowship."

LINDBERGH . . . his place

All doubt as to whether Col. Lindbergh is still the great popular hero of the American people was dispelled when his appearance before the Senate Committee investigating the air mail drew the largest crowd that has ever attended such a gathering. The eagerness with which folk listened over the radio to his testimony, and the applause which greeted him everywhere in Washington, the columns which the newspapers printed about him and what he said, and the universal approval of his modest yet well-considered statements, have, I believe, increased his popularity, if that were possible.

After all, the underlying commonsense of the American people has always discriminated between the mere notoriety-seeker who is always talking about something—usually himself—and the man of character and achievement who keeps his mouth shut when he has nothing important to say.

Judge M. F. Billingsley and son Bill spent Tuesday and Wednesday in Sherman.

Capital News Letter

By W. D. McFarlane,
 Member of Congress

Our Money and the Constitution
 WASHINGTON, March 29, 1934.—
 Article 1, Section 8 (e) "The Congress shall have power to coin money, regulate the value thereof, and of foreign coin, and fix the standard of weights and measures." (Constitution of U.S.)

Recently I called to your attention the tax exempt Government Bonds which are now costing the tax payers more than \$700,000,000 annually with \$10,000,000,000 additional tax exempt bonds authorized by the 73rd Congress, which with the now average interest rate, 3.7-3.5% would add \$378,000,000 additional expense. Last week the House passed the bill authorizing payment of the Adjusted Service certificate by a vote of 295 to 125 through the issuance of new non-interest bearing currency. This would place nearly \$5,000,000 in new currency in circulation in the 13th District, and would actually cost the Government only the cost of printing the money and this expense would be nominal. The Government is borrowing \$112,000,000 annually from the bankers to create a sinking fund to retire this indebtedness in 1945 and the Veterans Administration for this department is almost \$1,000,000 annually; this expense could be saved by payment now. Nearly all the veterans have borrowed 50% of their certificates and if not paid until 1945 the interest will

practically eat up the balance due. We need some NEW MONEY in circulation NOW. This money, if immediately placed in circulation, would immediately increase the values of all property and would be worth millions in increased valuation added to all kinds of property and would start the wheels of industry moving in an increased ratio in the right direction—would mean more employment.

Production and Consumption
 Our greatest problem is not over production but under consumption. Bank credit is gone. Our big problem today is; how to distribute goods which we can produce in such abundance. Otherwise, we are threatened with the fate of starving in the midst of plenty or destroying ourselves in a greater world war. The crux of the situation is the present financial system. It is the bottle neck between the goods which are there and the people who want the goods. Money should be subordinate to production and consumption; as matters stand today industry and the consumer are subordinate to money. The tail is wagging the dog. This is caused by the fact that money is issued and destroyed by the money-monopolists (the bankers) at a false rate; at a rate that suits their trade as dealers in money. Like all monopolists, they seek to increase the value of their wares by keeping them in short supply. By their absolute control of money the bankers control in principal all industry and all consumption (i.e., the standard of living of the whole community.) They also control the political government, which can only carry on the services of the nation the banking system is today the real government of this and every other country.

The banks do not own the nation's credit, although they act as if they did. They create it and account for it, but it is not their property. The only real basis of credit is the nation's power of producing goods and services, using all available skill, organization, labor, plant, etc. This belongs to the nation as a whole. At present it is hypothecated by a group of private trading companies (the banking system), responsible to no one but their own shareholders.

The Remedy
 Our problem today is to make a \$500.00 income buy commodities priced at \$1250.00. In order to do this we must stabilize our medium of exchange and tie it to the commodity price level so that earnings and expenses will fluctuate together. Since the bankers in the '70's were allowed the right to issue new money and credit used in this country we have periodically had booms and crashes. Since the 1929 crash the people have become awakened to the situation and are now determined that the constitutional provisions of Article 1, Section 8 (e), above quoted shall be returned to the people and that Congress shall fulfill its long neglected constitutional duties and that the Government alone—"shall coin money and regulate the value thereof."

 LUCILLE NEFF
 SYLVIA BARNES
 RANDOLF HOMSLEY

MUNDAY: MONDAY: MUNDAY
 Bessie Sue Monday was born on Monday, June 8, 1916, near the city of Munday—what a coincidence!

Bessie Sue started her school career here in Munday Grammar School at the age of six years. She has been here ever since, and is still on the job. You should have heard how she said that.

She, like many other of our Seniors has come this far without having flunked any subject or course yet. That's something. She is the kind of a student that never gets behind with her work, and always has her English class notes for the entire class, with a few exceptions. She has never participated in fraternal organizations, but Bessie Sue is a student MHS seniors are proud of.

Her favorites are:
 Weakness: Lending ink.
 Saying: "Oh, Shoot!"
 Subject: Spanish.
 Hero: Peppere.
 Author: Gene Stratton Porter
 Poet: C. B. Sexton.
 Actor: Will Rogers.
 Past Time: Day dreaming.
 Ambition: To go to college.
 Career: School teacher.
 Hbby: Pretending to study.

JESSIE MAY BE A WEBB

Whatever she is, she is also Jessie Mae Webb, another Senior of '34. Jessie Mae is one of old-time classmates. She made her first appearance in Munday May 1, 1916. After having learned her "ABC's" she began her school life in the first grade here in Munday. After her knowledge became two years old, Jessie Mae went to Lone Star where she entered the third grade and finished the fourth grade there. She re-entered MHS with us in the fifth grade, and we're tellin' you she has been here since that date, and was graduated from that institution with the class of '30.

Jessie Mae is a real athlete, as most of you fans know. She has played three years of volleyball, three of basketball and three years of base ball. Who knows, She may be another Babe Durrickson.

She was class reporter for the Tom-Tom in her Freshman year.

After taking a course in typing, she feels that she is fitted as a business lady. (Is she right, Mrs. Isbell?)

She plans to make her learning and education more extensive, but no place is definitely selected yet.

She plays the guitar and ukelele with extreme skill.

Read carefully her favorites:
 Writer: Mr. J. Horace Bass.
 Actor: Joe E. Brown.
 Song: "Mountain Music."
 Subject: History.
 Ambition: To pass history.
 Occupation: Going to school.
 Past time: Wondering what to do next.

FRESHMEN
 We are very proud of the way the county meet came off, and we hope we do as well in the athletic events as we did in the literary events.

We have noticed that Robert wanted to change desks. (We wonder why?) Robert, we hope you and Fred will not have to stay in detention for talking in the study hall!

We are very proud of the reports we have heard on "It Seems to Me." It seems that it struck some of our boys. At least, we haven't heard of any trips over to K. C. lately. We wonder what the K. C. girls think about it?

SAM'S SURVEY
 The literary events of the Inter-scholastic League Meet were held last Friday. The field events, which were to be on Saturday, were postponed until the following Saturday on account of the bad weather. Let's all be there Saturday and root for the Moguls!

The results of the meet, both literary and track, will be given next week in this space.

JUNIORS
 We have a lot of our classmates back in school after a spell of the measles. We are very glad to see everyone of their smiling faces.

We expect to see everyone at the "Irene Jay Dance Review" tonight. You will get a thrill of a life-time seeing those beautiful girls show their wonderful talents. So tonight at 8:00 let's everyone bring someone to see it. It is at the Community auditorium and the admission is 15c and 25c.

We notice that Arthur Smith has a new breast yoke for his horse. We wonder why? Guess he has taken up farming.

"It won't be long now," said Bill Dings when he came back to school and found that the Junior-Senior banquet is going to be April 5.

SOPHOMORES
 Here's the rest of the Sophomore "Can You Imagine" column.

Can You Imagine—
 Inez's being back in school after an attack of the measles?
 Sonya's studying the last period in the afternoon?
 Sylvia's not coming to school Monday afternoon and going riding?
 Willard's having the measles and not being able to drive the "Model T"?
 Nila Mae's talking in the study hall?
 Junior without a girl?
 Lucille's having a good time at the county meet Friday?
 Darwin's coming to school on Monday after the big rain?
 Roy back in school after having the measles?
 Claude's still knowing how to play his saxophone?
 W. R.'s not knowing how to work his Algebra problem?

We are very glad to have our classmates who have had the measles back with us, and we hope that they won't have to be absent again this year.

Now! a full 2-PLOW TRACTOR
 ONLY \$675 FOR FULL STEEL WHEELS

825 FOR FULL STEEL WHEELS WITH AIR TIRES

NEVER before for so much tractor offered for so little money. The new Allis-Chalmers Model "W" has everything—POWER to handle a 2-bottom plow...FOUR SPEEDS forward...sturdy, durable construction... plenty of pep... many new improvements.

All this at a NEW LOW PRICE. Come in and ask for details.

When You Discuss Electrical Appliances . . .

What are the most important operations of your home?

Modern homemakers all agree on these!

REFRIGERATION . . . You need constant refrigeration the year round, and you will enjoy the money-saving, health-guarding superiority of electrical refrigeration.

WATER HEATING . . . You need hot water many times each day. The modern electric water heater gives you a surplus of hot water, and for good measure adds safety, cleanliness, health, dependability, comfort and convenience.

COOKERY . . . Nothing so important. This inexpensive "Electric Cook" is worth immediate investigation. Electric cookery is simple—yet accurate, clean and economical.

LAUNDRY . . . Very necessary—but divided each week. Enjoy a "happy" washday by installing a combination washer and ironer. Cut washday to a fraction of the time usually required the old way.

THESE WILLING, INEXPENSIVE SERVANTS—the electric range, refrigerator, water heater, and washer and ironer—will improve your home by doing your work better, and save time, health, money and clothes. Don't consider these modern and efficient automatic electrical servants as luxuries! . . . They are all dividend-paying necessities. They pay for themselves. Take advantage of these appliances at our convenient terms and prices—and take advantage of the lower step in electric rates. A representative will be glad to call and discuss them with you.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule . . . and operating costs amount to but a few pennies a week?

The Prophet, will be at 7:30. On Holy Saturday evening at 7:30 resurrection services will be held. During these services the Blessed Sacrament will be transferred again to the high altar to rehabilitate the tabernacle after an absence since Friday's Mass of the Presanctified.

At 8:00 o'clock Sunday morning our principal Easter services will take place. The High Mass will be sung by Rev. Boniface, O.S.B.

The choir under the direction of Mr. Hoffman, who is also the organist, has been doing much work to carry out its part in enhancing the beauty of the Easter services. The repertoire for the occasion includes a wide range of musical selections, from the simplest monotonous recitations to the more difficult classical compositions. The following is the program:

- Vidi Aquam II—by C. Witaka.
- Proprium Missae
- Introitus—by A. Edmonds Tozer
- Graduale—by A. Edmonds Tozer
- Offertorium—Terra Tremuit—by Carl Greith
- Communio—by A. Edmonds Tozer
- Oratorium Missae (Mass in Honor of St. Peter—Gruber)
- Kyrie
- Gloria
- Credo
- Santus
- Benedictus
- Agnus Dei
- Regina Coeli, Lactare—Antonio Lotti

The choir is composed of the following singers:
Soprano: Misses Mary de Aguirre Loretta, Gertrude and Victoria Kuehler and Frances Diersing.
Alto: Misses Leona Albus, Martha and Monica Loran and Frances Bruckner.
Tenors: Messrs. L. Loran, Victor Diersing, Edward Stengel, and Raymond Wilde.
Basses: Messrs. John J. Hoffman, Peter Loran, Alfred Diersing, H. N. Claus and U. R. Houser

Our English teacher, Miss Mary de Aguirre, who has been absent from school several weeks, paid our school a visit last Monday. She will begin teaching in a few days and we are glad to know that she will be back with us again in a few days.
Mr. and Mrs. John J. Smith and children of Wichita Falls spent last Saturday here visiting relatives and friends.
Mr. Alfred Homer, who is in Wichita Falls taking treatments spent last Saturday in the home of his

Cartwright News

The nice rain which fell last Saturday night and Sunday will be of great benefit to early crops and gardens.

There are a few cases of flu in the community this week.

Mrs. Jacobs' father is visiting her this week.

Several from this community went to the rabbit drive at Grasshopper last Wednesday.

Miss Lucille Yates visited relatives in Gore last week.

Don't forget our Easter picnic next Sunday, April 1st.

Mrs. Will Moore entertained with a party for the young people last Wednesday night. Those attending report a nice time.

C. N. Smith was in Stamford on business last Thursday.

Mr. and Mrs. Kemp visited at Throckmorton last week end.

Mr. and Mrs. Laster spent Sunday night with Mrs. D. C. Wardlow.

Mr. and Mrs. Jack Kemp are moving to Throckmorton, where they will make their future home.

Miss Esterline Gully returned home Sunday after a lengthy visit at Henrietta and Olney, Texas.

Mrs. D. C. Wardlow and son left Tuesday for Brownfield and Post, where they will visit their son and brother. They will be gone several weeks.

The Washburn School entered the literary events at the Interscholastic League Meet at Munday last Friday, and here's their report on the outcome:

Washburn School entered ten events in the County Meet—a contestant for each of the six divisions in Declamation, 4-5 Spelling, 6-7 Spelling, 3R Contest and Essay Writing. We have heard the result of nine of these events and are proud to say that we placed in all of them with five first places, one second place, and three third places. We got a report that we won first place in Essay Writing also, but we do not know whether or not it was an

authentic report and are therefore not listing it as a winning event.

First place winners are: Nell Veda Claborn and Alonzo Cartwright, sub-junior declamation; Eva Dale Loving and Daniel Harguess, senior declamation and Francis Smith and Hazel Wallace, 4-5 spelling.

Helen Brown won second place in 3R contest.

Third place winners are: Verna Mae Loving and Faye Hargless, junior declamation; Lodean Finannon and Helen Brown, 6-7 Spelling.

Mary Bell Yates entered the division of Essay Writing.

We wonder if there is another school in the county that can boast more first places or more winners in literary events.

SPORT DOPE

The procession of the equinoxes, moving westward along the ecliptic at the rate of 50" a year, again brings us to the vernal equinox period of the year. The sun has entered that part of the zodiac known as the first of Aries; hence, Spring, and it's accompanying sandstorms, frost, northerly rain, sleet, balmy days or what have you.

Remember Friday, April 13th! The county track meet had to be postponed until later on account of the inclement weather. According to Mr. Bass, Director General, another effort will be made to hold the meet next Saturday.

Educational Art Exhibit, Friday, April 13th.

The return visit of the Knox City track team was held at Sunset last Tuesday and resulted in a victory for the Sunset team. Knox City won the field events.

For an evening of enjoyment, remember Friday, April 13th.

The Sunset Junior High School girl's playground ball team went to Knox City last Wednesday and handed their team a nice trouncing, 13 to 5.

Educational Art Exhibit News

The following committees have been appointed and specific duties assigned to insure the success of the educational art exhibit scheduled for Sunset, during the week of April 9 to 13.

Arrangements Committee—Mrs. T. J. Partridge, Miss Lillian Verhalen, Miss Myrtle Partridge.

Publicity Committee—Miss Gladys Williams, Mesdames Muncy Almanrode, C. S. Forehand, M. A. Bumpas, and H. Cunningham.

Program Committee—Mesdames J. S. Shannon, Chairman, Roscoe Partridge, G. E. Davis, Herman Jungman and L. C. Floyd.

SENIORS

We'll see you at the Educational Art Exhibit, Friday, April 13th.

We will head the lines of the biographical column with the name of Marjorie Sue Stewart. She is one of our most intelligent Seniors, and has a talent for music and declaiming. Listen to her history, folks.

Marjorie was born in Boswell, Oklahoma in 1918. (She thinks she is quite grown at 16, but as older ones know better.) When she came to Texas, she was entering her Freshman year in high school. She attended her first three years at Wehert, and started to Sunset High in 1933.

Marjorie is the baby of her family, and of course is rather timid. Her greatest ambition is to some day be able to keep from blushing. Her weakness is "Brunettes," and her

expression is "My Word." For food she likes most anything, but her favorite is sweets. (We wonder if someone has been discouraging her.) Her motto is "Think twice before speaking," and her favorite high school subjects are Spanish II and Solid Geometry. (Wotta girl!)

We are very proud indeed that Sunset brought home several honors in the County Meet. We also appreciate the hospitality of the Munday High School. We are looking in to our track boys. Look folks, and we'll show you how to run.

Don't Forget. We'll see you at the Educational Art Exhibit, Friday, April 13.

JUNIORS

THINGS TO THINK ABOUT: Friday, April 13th, the Educational Art Exhibit!

A western dean says that this country is suffering from an over-production of brains. Bright little (?) J. C. says "maybe that's because no one has been using them the past few years!"

Nobody ever knew who invented the alarm clock, says the information man. Which is mighty lucky for the big stiff?" asks Elvis.

What's the use? If you see into things, you're a cynic; and if you don't, you're a silly sucker.

Someone has observed that our noses are getting sharper. Edna says "that's what comes of keeping them to the grindstone."

California professor declares that marriages are weakening bit by bit. "Ah, so? I thought it was scrap by scrap," exclaimed Mr. Hughes.

After seeing the show Saturday night Howard thinks he is "Handsome." Poor boy, if it affects him that way what if he should see "Man Must Fight" or "When Ladies Meet?"

Don't forget to remember our date for Friday, April 13, at the Educational Art Exhibit!

SOPHOMORES

The week end was not as full as most of us expected it to be. On account of bad weather the track meet was postponed. We hope when they do have it, our boys will come out in the lead. We have a few sophomore boys coming out in the track events.

The Sophomores are still having to wait on their party. We hope to have it in the near future. Then won't we have a good time?

Mat is known as "the boy with the big mouth." Mat is very delicate you know, and doesn't like to be called such names. Oh, Yeah? Another thing that will be surprising Mat and Jack have been making very good grades in Spanish lately. They have all of our curiosity aroused and, of course, we can't help but believe

that there is something spooky about it.

We are glad to have our classmate, Sena Maye Davis, back with us again. She has been ill with the measles. Doesn't she look measly?

FRESHMEN

Nothing concerning the Freshmen happened this week end, as the track meet was postponed on account of the weather. Not many of us participated in the literary events, but the days are yet to come as the track and playground ball have been put off.

Don't forget Friday, April 13th, Educational Art Exhibit.

The Freshmen were very lively last week because Leland Crouch was back in school. In fact, Maurice Gammill couldn't wear her hat and now we wonder why her neck is sore.

AVOID THE FRESHMAN RUSH

Nellie Ann Burns

The freshmen leave the study hall like a bullet shot from a gun. And when you see them coming, You bet you'd better run!

They push on you and they tramp on you.

And they try your life to crush. So let me give you warning: Avoid the Freshman rush!

They push on you and they bang on you.

And they mash you to a mush. So if you wish to live, take warning. And avoid the Freshman rush!

SUNSET 4-H CLUB

The Sunset 4-H Club girls met with the Home Demonstration Agent Tuesday, March 20, for another interesting demonstration. The bedspread was discussed and a finished one was observed. Designs were drawn and colors discussed. We notice the girls studying various fixtures of art and plans for their bed spreads.

The next club meeting will be Tuesday, April 6, 1934, wherein original bedspread designs will be exhibited by each girl.

—Reporter.

GAS TAX LAW BRINGS IN \$3,900,000 EXTRA REVENUE

AUSTIN, March 20.—Gasoline tax evaders "coughed up" more than \$3,900,000 in extra revenue to the state during the first nine months of the new enforcement law was in operation, the Texas Good Roads association estimated today from the complete report of Comptroller Geo. H. Sheppard for 1933.

Three hard-pressed state departments—schools, bond-refunding and highways—share in the captured bounty, the first two at the rate of \$750,000 each and the last-named at \$1,500,000.

The impressive sum, regarded at the capital as "just like finding money" because it took nothing from any other bureau and required no

new taxation, came entirely from sources which had been able to avoid gas tax payment until violation was made a felony and the comptroller provided with adequate enforcement machinery.

A comparative table of gas tax payments, month by month, for both 1932 and 1933, compiled by J. W. McReynolds, the comptroller's chief of gas tax operations, shows vividly the value of the new law.

Gasoline tax collections fell \$200,000 a month below 1932 during the first three months of 1933. April law was enacted March 21. April payments were off by only \$63,000 while in May they jumped \$33,000 ahead of the previous May. August \$189,000, September \$393,000, and December \$465,000.

The improvement in tax payments ranged from a 10 per cent decrease in January to a 20 per cent increase in December.

An additional \$189,000 is involved in gas tax claims now in the courts, the comptroller reported.

As the CWA work is destined to come to an end about the first of April and there are several major jobs in the county that are not completed, the public is wondering just what kind of a set up will be substituted to care for the unemployed and used to finish the projects. To our mind the completion of the Rhineland bridge and the Munday-Benjamin road is one of the most important in the county because it will be of more benefit to the greatest number of people. Other projects are equally important in the localities in which the work is being done but do not benefit as large number of the citizens.

NOTICE OF ELECTION

By virtue of authority vested in me by the State of Texas, notice is hereby given that an election will be held within the Munday Independent School District on the first Saturday in April, the same being the 7th day of April, for the purpose of electing three trustees to succeed W. R. Moore, M. H. Reeves and Leland Hannah.

The place of holding said election shall be at the city hall in the city of Munday, Texas, and all persons residing within said Munday Independent School District, and other

The Biggest \$525 Worth of Tractor on the Market

McCormick-Deering Farmall 12

NO MATTER how you look at it, you get the most value for your money in the McCormick-Deering Farmall 12 Tractor—priced at \$525, f.o.b. Chicago. This tractor is the 1-plov size of the original, successful Farmall. It is designed to provide all-purpose power on small farms and to serve as auxiliary power on large operations. The Farmall 12 pulls a 16-inch plow bottoms or two 10-inch bottoms, plants and cultivates at the rate of 25 to 33 acres a day, middle busts, handles haying operations, pulls tractor binder and corn picker, cuts ensilage, grinds feed, etc. And it does all these jobs on an unusually small amount of fuel—one gallon or less per hour in the hardest kind of work.

Come in and let us tell you more about the Farmall 12. There are two larger sizes also—the regular Farmall and the 3-plov Farmall 30.

Guinn Hardware Co. MUNDAY, TEXAS

MORE and LIGHT BETTER at Less Cost!

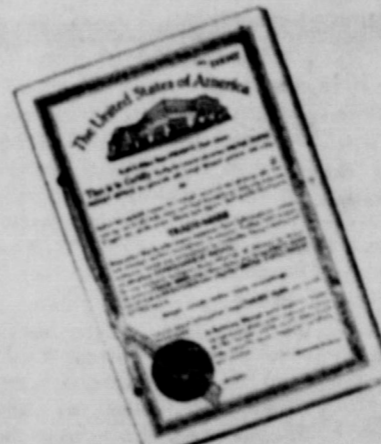

with a Coleman Reading Lamp

You can fill any room in your home with an abundance of pure-white brilliance... more light than 20 ordinary oil lamps will give. It's clear, steady light almost like daylight... easy on your eyes. Costs only a penny a night to operate. Safe, can't spill fuel even if tipped over. Can't be filled while lighted. Gives years of dependable service.

Here's the Lantern for Any Job, Any Night, in Any Weather

Handiest of all outdoor lights. Instant lighting. Defies wind, rain and insects. Sturdily built to stand hard usage. Just the light for farms, dairies, camping, fishing and general use. Various models from only \$6.95 up.

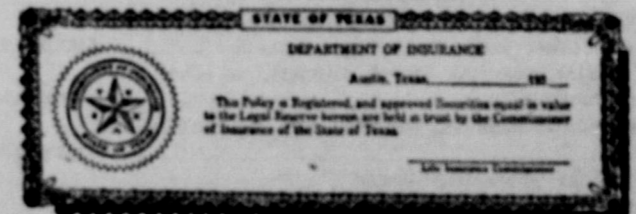

SEE YOUR LOCAL DEALER or write us. THE COLEMAN LAMP & STOVE COMPANY

noon.
Bowls of sweet peas were placed at vantage points, and the Easter rabbits used for decorations made a pretty setting for this party. High score was held by Miss Louise Atkinson. Refreshments of tuna salad, olives, toasted crackers, angel food cake topped with ice cream and punch were served. Favors were candy "bunnies" wrapped in cellophane.

Guests included Mesdames Rex Holder, Sebern Jones, Weldon Parker, R. L. Boles, Misses Louise Atkinson, Vivian Rogers, Dolores Campbell and Jeanette Campbell.

Thursday Luncheon Club Meets
The Thursday Luncheon Club met with Mrs. John Ed Jones on Thursday of last week.

Fragrant plum blossoms and bowls of sweet peas added to the attractiveness of the home.
The luncheon was served buffet style with games of "42" following. The guest list included Mesdames A. A. Smith, Edna Alexander, W. R. Moore, Fred Branch, H. H. Neff, S. E. McStay, E. M. Ammons, Pitzer Baker, C. L. Mayes, P. V. Williams, Joe Davis and C. R. Elliott of Benjamin.

Monday Night Club Meets
Springtime appointments were used for the bridge games Monday evening when Mr. and Mrs. W. H. Chapman were hosts to the Monday Night Club. High score was held by Tom Haney and Mrs. Fred Branch.

Aching Feet Will Age You!
Don't make yourself old before your time from aching feet. Let us demonstrate the relief that the famous Dr. E. M. Ammons will give you.
FREE FOOT PRINTS which reveal the exact nature and extent of your foot trouble. Let us demonstrate the relief that the famous Dr. E. M. Ammons will give you.

The Fair Store

A refreshment plate of sandwiches, cherry nut pudding, angel food cake, and coffee were served. Messrs. and Mesdames W. R. Moore, H. A. Pendleton, Fred Branch, Tom Haney and Mrs. Louise Ingram and J. A. Kennedy.

Carl Mahans and Earl Holts Fete Guests From Munday
With three couples from Munday as special guests, Mr. and Mrs. Carl Mahans and Mr. and Mrs. Earl Holt entertained with dinner and bridge for twenty in the Mahans home, 118 Peach street.

Quince blossoms in tiny flower pots were the central features of miniature springtime scenes arranged as the centerpiece for each of the five foursome tables for the dinner. Diminutive bunnies and bright-colored eggs arranged in the grass at the foot of each small pot were reminders of the approach of Easter. Following the dinner served in three courses, bridge games were the diversion.

Munday guests were Mr. and Mrs. W. H. Chapman, Mr. and Mrs. W. R. Moore, Mr. and Mrs. H. A. Pendleton. Places were also marked for Mr. and Mrs. Corham Streeter, Mrs. George W. Fry, Mrs. Fred Shroder, Dr. and Mrs. Clinton Adams, Mr. and Mrs. Al Simmons, Mr. and Mrs. Robert K. Harvey, Mr. and Mrs. Ben M. Davis—Ablene Reporters.

Birthday Party Honoring Mrs. Dan Craddock
Mrs. Dan Craddock, of the South Chapel community, was surprised with a birthday party March 22. She received many pretty gifts. Little Margaret Anne Waldrip, a granddaughter, brought in her little cake with three candles on it, it being her birthday also, and little Virginia Sue Webb, another granddaughter, presented the grandmother with her birthday cake, it being a three-layer angel food with fifty-six lighted candles on it.

Punch and cake were served the following guests: Mrs. Luckie Angio, J. E. Sorrell, Florence Sorrell, Geo. Hammons, Clyde Jones, Thelma King and A. G. Foley, A. C. McBeath, C. A. Taylor, J. D. Reddell, W. F. Waldrip, G. Strickland, John White, G. E. Davis, Thelma Young, J. J. Reason, D. H. Henry, E. H. Howell, Cora Taylor, Sallie Davenport, D. E. Lewis, Willie Galloway, Grace Bettis, J. E. Stanfield, G. P. Lankford, P. M. Clinton, Oliver, Leo and C. M. Galloway, Clay Kimbrough.

TO THE VOTERS OF PRECINCT NO. 1

I wish to announce that I am a candidate for County Commissioner, Precinct No. 1, (Knox City Precinct), and wish to say to the voters of the precinct that if elected I shall give my very best and efficient public office, but feel that I am fully qualified to fill the place with complete satisfaction and credit to the citizenship, and will greatly appreciate any assistance given me in this campaign. Respectfully Submitted, D. W. DAVIS.

NOTICE TO THE PUBLIC

We have sold our Grocery business known as the Self Service Grocery to Mc. R. L. Boles, this city, who needs no introduction to the public, who will continue this business under the Firm Style as Peoples Grocery. We extend our best wishes to Mr. Boles and express our deepest thanks to our friends and customers for their patronage. TURPIN & BOONE

Cotton Ginnings of County Reach 56,374 For Year

Cotton ginnings for Knox County for the year 1933 reached a total of 56,374, as compared with a total of 65,888 for the previous year, according to figures given out this week by Hoyle A. Sullins, enumerator for the Department of Commerce.

DR. AND MRS. FARRINGTON ARE OFF TO NEW ORLEANS

Dr. and Mrs. W. P. Farrington left Sunday for New Orleans, where they will visit their sons, Dr. Charles L. Farrington of the Charity Hospital, and Nulley Farrington, who is a junior student in the Louisiana University Medical Center. While in New Orleans Dr. Farrington will attend clinics in the Medical Center and Charity Hospital. They expect to be away about two weeks.

Miss Barbara Eiland, a student in CIA at Denton, is home for the Easter holidays. She has as her guest Miss Laboma Dickerson of Breckenridge.

W. R. Moore and Geo. Isbell together with J. E. Reeves of Haskell, were in Fort Worth Wednesday to attend a meeting of Texas Automobile Dealers Association, which elected a state advisory board to supervise the enforcement in Texas of the automobile dealers code. Mr. Vesper, advisor to the President on the automotive code, was a speaker, and he made it known that the automobile code would be rigidly enforced and would be a permanent thing with the automobile industry.

Local News

Mr. and Mrs. Bill Hertel and son, William, and Mrs. Carl Jungman were visitors to Wichita Falls Tuesday.

Mr. and Mrs. R. D. Atkinson expect to leave Friday for Fort Worth to spend the week end with Mrs. Atkinson's parents.

Miss Oma Norville came in Wednesday from Saint Jo, Texas, where she spent the winter with her aunt and uncle, Mr. and Mrs. J. A. Norville.

Paul Penleton who has been in Houston the past few months is expected home Sunday. He has accepted a position with the Penleton Gin Company here.

Geo. Isbell and W. R. Moore were in Fort Worth Wednesday to attend a code meeting presided over by Mr. Vester, national president of the automobile dealers code.

Mr. and Mrs. C. A. Elland and Mrs. Milton Simmons of Dallas spent the week end in Lubbock visiting Miss Helen Frances Elland who is a student in Texas Tech.

Lynn Waldrip is another new subscriber to the Times, and we are indeed to add his name to our large and growing list. Mr. Waldrip came here some time ago from Knox City and is engaged in the grocery business in the Isbell building.

The Workers' Conference of the Haskell Missionary Baptist Association met at the Gillispie church Tuesday. The Munday church was represented by the following members: Rev. and Mrs. W. H. Albertson, Mr. and Mrs. J. O. Bowden, A. U. Hathaway, Mrs. A. C. Brock, Mrs. J. M. Perdue, Mrs. W. E. Reynolds and Misses Eunice and Jewel Perdue.

Miss Louise Ingram, Miss Wanda Sloan and Miss Betty Reeves will leave Friday for Farmersville where they will attend an Easter house party in the home of Miss Sarah Phillips. Miss Sarah Phillips has visited here often in the home of her uncle and aunt, Mr. and Mrs. H. A. Penleton. Mrs. E. W. McGlothlin will accompany the young ladies, returning to Dallas to spend the week end.

Recent guests in the J. M. Perdue home were Mr. and Mrs. F. L. Chunn and son Kenneth of Mineral Wells.

Mrs. Louise Ingram and Miss Louise Ingram were in Wichita Falls Saturday.

Mr. and Mrs. W. R. Moore and Dr. and Mrs. W. P. Farnington were in Seymour Wednesday to attend a bridge dinner in the home of Dr. and Mrs. Johnson.

Mrs. J. M. Hutto of Houston is a guest in the home of her daughter, Mrs. Sebern Jones and Mr. Jones.

Mr. and Mrs. T. G. Benge returned Monday from Mineral Wells.

EASTER STYLE SHOW AT ROXY DRAWS BIG CROWD
(Continued from Page One)

organdie trim, white rough straw and white shoes. Miss Evelyn Williams wearing a navy blue frock, white trim Gayland hat and blue moire crown and bow and white shoes. Miss Margaret Reeves wearing a college campus in a molton red with organdie blouse and trim, white linen hat and white shoes.
Mrs. Joe Davis sang "Alice Blue Gown" while afternoon and evening gowns were being modeled, led by Miss Louise Atkeison in a blue embroidered organdie with large flop lace hat with blue trim. Miss Maxine

Newsome a lovely shade of peach organza, hat of hair braid. Miss Darwin Campbell in a pink organdie with hair hat to match.

Miss Lorene Parker in a black and white lace sheer crepe with large black lace hat. Miss Launette Hand in an evening gown of printed chiffon with taffeta coat. Mrs. Irene Dickerson in a pale green evening frock of crepe with pleated ruffle of chiffon trim.

Miss Inez Campbell in a stunning red pleated organdie with red taffeta coat.

The hit of the evening came when little four year old Sarah Lou Dill-

ingham appeared as Mae West gown in a beaded evening frock with the Mae West curves and wearing a horse hair hat turned high on the side and trimmed with green and pink ostrich feathers, carrying a beaded bag and wearing silver slippers, and glittered as only Mae West could.

While Mrs. Joe Davis sang "Easter Parade" the models paraded across the stage and down the aisle.

Much favorable comment was heard on this, the Hat Shop's first offering of a style show, and a large crowd gathered at the Roxy for this spring event.

FRESH SUGAR-CURED PORK FOR SALE

See Dr. Smith for nice fresh country-cured hams, shoulders and sides as reasonable as anybody. He just doesn't believe in letting cut-throat packers get it for two cents and send it right back to us a fourteen to sixteen cents.

To whom do you think the extra profit should go: the one who grows it and feeds the world, or cut-throat price manipulators? Call 62. Orders delivered.

A. A. SMITH, M.D.
