Funeral Services For Mrs. Reeves Held Here Sunday

Funeral services for Mrs. S. W. Reeves, 73, who died at the family home just east of town Saturday morning, were held at the Baptist Church Sunday afternoon at two o'clock, with the pastor, Rev. W. H. Albertson, officiating, assisted by Rev. Whitley, pastor of the Baptist Church at Haskell, and following the services at the church the remains were laid to rest in the Johnson Cemetery. Mrs. Reeves' death came after an illness extending over a period of several weeks, and for several days prior to her passing she had been critically ill.

Mrs. Reeves, whose maiden name was Nancy Caroline Nolan, was born in Pickett County, Tennessee, November 25, 1861, and was united in marriage to Samuel Willard Reeves on April 17, 1881. To this union ten children were born, all of whom were at her bedside when the final summons came except two who preceded her in death in early childhood, a son and a daughter. In 1906 the family came from Tennessee to Texas and settled here at Munday, where they have resided continuously since, and she can truly be regarded as one of the pioneer citizens of this community, for there was indeed only a small community here when the family located in this community.

Early in life Mrs. Reeves was converted and affiliated with the Baptist Church, of which she was ever a faithful member.

In addition to her husband she is survived by the following children: Guy Reeves of Lubbock; Victor Reeves of Goree; Jim Reeves of Haskell, Marvin and Raymond and Miss Elizabeth Reeves of this city; Mrs. S. E. Stevenson and Mrs. Leland Hannah of this city. In addition to these she is survived by twenty grandchildren.

The funeral arrangements were in charge of R. C. Campbell, active pallbearers were Mart Harlin, Lee Haymes, Elbert Hughes, G. R. Eiland, J. E. Reneau, J. E. Bowden, Chester Bowden and Clyde Warren.

The list of honorary crossbearers included B. H. Howard, Crosbyton; Joe Haymes, Lubbock; Dr. E. F. Hearl, J. E. Crouch and W. S. Heard of Goree; L. W. Chamberlain, Haskell; Fred Warren, Plainview; M. T. Chamberlain, Benjamin; K. M. Stevenson, J. A. Warren, J. F. Clayburn, J. E. Matheny, Dr. A. A. Smith, O. W. Lee, D. M. Wadlington, B. L. Bowden, W. T. Cowser, J. O. Bowden, J. A. Hendrix, J. J. Keel, R. G. M. Eiland, A. U. Hathaway, Dr. E. M. Ammons, J. D. Henderson, R. S. Barton, Barton, Geo. Isbell, W. T. Burton, W. S. Bailey, Fred Broach, W. H. Bray, S. J. Warren, J. A. Caughran, L. W. Hobert, W. A. Baker, J. C. Campbell, H. P. Hill, D. E. Holder, John Ed Jones and C. A. Eiland, Munday.

A large concourse of friends gathered from all sections of Knox and adjoining counties to pay their tributes of respect and esteem to this good pioneer woman, and the floral offering was most beautiful and profuse.

"FINGERPRINTS" PLAY AT BRUSHY FRIDAY NIGHT

The public is invited to attend the play "FINGERPRINTS," a three-act comedy at Brushy School House Friday night, May 25.

You will enjoy this play very much. The comedy is furnished by Hoosey Hawks who is doing a correspondence course to become a sleuth.

Joseph W. Bailey Will Speak Here On Wednesday, May 30

The Times is in receipt of a letter from the state headquarters of Joseph Weldon Bailey, Jr., candidate for United States Senator, stating that Mr. Bailey will deliver an address here on Wednesday at 5 p. m., May 30. The address will be brief, probably not more than twenty minutes, as Mr. Bailey's itinerary carries him over the entire state and he is therefore forced to make his visits brief in order to cover the state within the limited time.

This is the first campaign speech to be delivered here by a candidate for State-wide office and we are sure that a goodly number of citizens will be on hand to hear him. He is seeking the post now held by Senator Tom Connally.

Eighteen Receive Diplomas Monday Evening, May 19

The annual commencement exercises of the Munday High School closed with the awarding of the diplomas to the graduates on Monday evening, May 21st. Large audiences attended the grammar school exercises on last Friday evening, the high school baccalaureate service on Sunday at eleven o'clock, and the graduation ceremony on Monday evening. All exercises were held in the community auditorium.

The grammar school exercises consisted of a play and musical numbers by thirty seventh grade pupils, after which Principal L. M. Palmer presented the promotion certificates. The Rev. Orion W. Carter delivered the baccalaureate sermon on Sunday. Rev. Mr. Carter is pastor of the First Methodist Church of Haskell, and his inspiring message was greatly enjoyed by all. The feature of the graduation was an address by Dr. D. M. Wiggins, dean of the Hardin-Simmons University. Jerold Dudley Kethley gave the class salutatory address, Virginia Bess Atkinson gave an interesting history of the class of 1934 and Myrtle McNeill was valedictorian of the class. Following the exercises Monday evening, Mr. and Mrs. J. D. Kethley were hosts to the class and the high school faculty in their home.

The personnel of the class of 1934 is as follows:

B. B. Bowden, Duane Johnson, Jerry Kethley, Earl Nichols, Weldon Warren, Jack Williams, Otto Wentworth.

Lily Albertson, Virginia Atkinson, Inez Campbell, Hazel Clough, Billie True Hill, Rosalyn Houser, Myrtle McNeill, Bessie Sue Munday, Docia Phillips, Ruth Moore, Jessie Mae Webb.

Poor health and despondency is believed to have been the cause of the act. Just one month before Miss Stockton's death she was present when Onis Snoddy died of heart trouble. Miss Stockton and Mr. Snoddy were to have been married in a few days, had he not died.

ALL-ELECTRIC KITCHEN TO BE HERE SATURDAY AUSPICES LOCAL FIRM

Mayes Hardware and Implement Co. extends an open invitation to everyone to visit the General Electric Kitchen Coach which will be brought here by C. F. Hardy, traveling representative of Electrical Household Appliances, Inc., General Electric Refrigerator Distributor at Dallas.

This all-electric traveling kitchen is expected to do much toward revolutionizing the kitchen of the American home, as well as to bring about a new idea in merchandising.

The kitchen in reality is a traveling display room built for the purpose of traveling from town to town to interest housewives and home owners in modernization of the kitchen.

In addition to the refrigerator and range, the coach is equipped with electric dishwasher, food mixer, ventilating fan, clock, radio, sweeper, and numerous other household aids. The rolling kitchen has metal metal sinks, built-in cupboards, storage space and other unique ideas in kitchen planning.

The all-electric kitchen as typified by this kitchen coach, will complete the emancipation of the American housewife. Now for the first time she can equip her kitchen by a predetermined plan. She can have an all-electric kitchen right now, thru ensemble buying, or she can obtain one appliance and add the others to her kitchen as she sees fit.

The Kitchen Coach is an outgrowth of the General Electric Kitchen Institute which is now busy day and night drafting plans for new kitchens and suggestions for remodeling old kitchens.

Thousands of people have passed thru the coach, and it is expected that quite a number of local people will greet the coach upon its arrival here.

Vera Girl Takes Own Life Friday, Buried Sunday

About six o'clock Friday morning, Miss Velma Stockton, age 25, died at the home of her sister, Mrs. W. V. Feemster, from the effect of a bullet wound in the head made by a .38 caliber pistol.

Sheriff Elliott, W. W. Coffman and Dr. Taylor were called to the scene of the shooting and after an inquest rendered a verdict of death from a gun shot self-inflicted.

Mrs. Feemster stated that her sister came into the kitchen where she was cooking breakfast and asked if she could help with the breakfast and when told that her help would not be needed as breakfast would soon be ready she stated that she would go back and straighten up her room. Soon after this a shot was heard and when they rushed to the room Miss Stockton was found lying on the floor in a dying condition.

Mr. Bullington was member of the Church of Christ and was also a member of the Masonic Lodge.

Surviving him are seven children, who are: H. A. Bullington of New York City; F. L. Bullington of Goree, Mrs. L. M. Freeman of Troup, Mrs. Claude Sutton of Wellington. L. G. Bullington of Munday, Carl Bullington and John Bullington of Wellington. He is also survived by three brothers who are: Dr. S. D. Bullington of Wichita Falls, J. H. Bullington of Dallas and J. W. Bullington of Tucuman, New Mexico.

Funeral services were held from the Church of Christ in Wellington at three o'clock last Tuesday afternoon. Services were conducted by Minister H. V. Hendry and burial was made in the Wellington cemetery by the Ellis Funeral Home.

Pallbearers were E. M. Hix, M. D. McInnis, G. R. Tulin, A. C. Whittington, Austin Christoph, and Virgil Mars. Flower bearers were grand daughters of the deceased. They were Evelyn Sutton, Laverne, Billy Jo and Fay Eileen Bullington. The Standard extends sympathy to the relatives in their hour of sorrow.

To The Voters of Knox County

After due consideration of the relative advantages of the two positions I find that the work as high school teacher is more in keeping with my ambitions and desires than the position of County Superintendent. I hereby withdraw from the race for County Superintendent of Knox County. I sincerely appreciate the many profers of support and thank all those who intended to vote for me.

Respectfully yours,
J. D. Palmer.

C. E. Webb and family of Guyton, Okla., Mrs. C. C. Wright and son, Bobby Ross, of Mentone, Texas, and Mrs. W. W. Bouldin and sons, Delmer and Duayne, of Santa Barbara, Calif., are here visiting their mother and grandmother, Mrs. Etta Webb and other relatives.

Father Bullington Brothers Succumb At Wellington Home

We have received the following clipping from the Collingsworth Standard, published at Wellington, relative to the death of L. G. Bullington, father of Prof. F. L. Bullington of Goree and Roy Bullington of this city:

"L. G. Bullington, well known retired farmer, passed away last Tuesday morning shortly after two o'clock. Mr. Bullington had been in poor health for some time, and died at the home of his son, Carl Bullington."

Leroy Granville Bullington was born in Tennessee on December 8, 1862, and died at the age of 71 years, 5 months and 8 days. He came to Texas when he was twenty-one years of age, settling in Parker County.

He moved to Collingsworth County in 1917, locating on what is known as the Hazard Ranch, and farmed there until his health failed. Since that time he has been living with his son near Wellington.

Mr. Bullington was member of the Church of Christ and was also a member of the Masonic Lodge.

Surviving him are seven children, who are: H. A. Bullington of New York City; F. L. Bullington of Goree, Mrs. L. M. Freeman of Troup, Mrs. Claude Sutton of Wellington. L. G. Bullington of Munday, Carl Bullington and John Bullington of Wellington. He is also survived by three brothers who are: Dr. S. D. Bullington of Wichita Falls, J. H. Bullington of Dallas and J. W. Bullington of Tucuman, New Mexico.

Knight Turns In Another Victory For Munday Lads

It wasn't a pitcher's battle, for had it been Munday might have been second best, but it was just a base-game here Sunday afternoon when the Champs took the big end of a 3-2 score from the Haskell Indians, and while this bird Knight pitched a much better game than the box score might indicate, since it credits him with no strikeouts whatsoever, victory might be credited to the entire team, all of whom gave Mr. Knight perfect support, time and again chopping down the lead man on bases and keeping the Indians out of scoring position.

Archie Pittman, Haskell hurler, was credited with 10 strikeouts, but poor base-running and ragged support contributed to his failure to turn in a better report, and as we've stated before, it was just another baseball game—and a good one too.

W. L. Moore No. 1, Goree Test, Now Drilling at 900 Ft.

As we go to press Thursday afternoon, the W. L. Moore No. 1 oil test one-half mile northwest of Goree is drilling at a depth of more than 900 feet. Active drilling was not started until last Friday, so it can be seen that the work is being rushed.

Those in charge of the well report that the drilling after reaching a depth of 1200 feet will be much slower, as they will test out every sign of oil.—The Goree Advocate.

Munday Faculty Members Leave For Home and School

An unusually large number of the teachers of the local school faculties will do special study in various institutions during the summer.

Misses Myrl Lowe, Mildred Kennedy, Maude Bennett and Mr. and Mrs. Palmer will study in the North Texas State Teachers' College at Denton. Mr. Harlegree, an alumnus of the same institution is undecided whether he will return for study there during the summer or attend the summer session of the Texas Technological College. Miss Irene Clifford will do special study in Home Economics in the Texas Technological College. Mr. and Mrs. Bass will be in Denton during the summer where Mrs. Bass will study and where Mr. Bass will serve on the summer faculty in the history department.

Other teachers have no definite plans as they returned to their homes. Mrs. Steen plans to spend the summer in Austin, Mrs. Wulfjen in Colorado, Miss Williams in Corpus Christi, and Miss Couch in Haskell. Mrs. Hubert Isbell will remain in Munday during most of the vacation period.

TODAY and TOMORROW

By Frank Parker Stockbridge

POPULARITY . . . like waves

Popularity is a curious thing. Few people can predict in advance whether a man is going to be popular with the great mass of the public or not. But once let his popularity be established, and he can do no wrong—for a while.

I am thinking of President Roosevelt especially. He is riding the top wave of popularity right now. Whatever comes out of Washington that the public likes is credited to him; whatever is done by the Administration that is not popular is blamed on some subordinate. Postmaster General Farley takes all the blame for the air-mail blunder. Attorney-General Cummings is the goat in the effort to indict Mr. Mellon.

I have seen the crowds turn on their popular idols and destroy them so often that I would begin to get a little bit nervous, if I were Mr. Roosevelt.

MELLON . . . his wealth

I hold no brief for Mr. Mellon. I never thought he was "the greatest Secretary of the Treasury since Alexander Hamilton." On the contrary, I think that is a post for a statesman and not for a banker, and Mr. Mellon is essentially a banker, who brought a banker's point of view to his job. Nor am I in a position to know whether Mr. Mellon earned all of his millions by methods which I would approve.

But whether Mr. Mellon is a great man or not, whether he is a man of honor or not, it is poor reasoning to imagine that he is not a careful man. Therefore, it was poor judgment for the Treasury Department to believe that he had left any proof lying around loose that he had defrauded the Government out of some millions of income taxes.

The Federal Grand Jury threw the charges out as not being supported by any evidence. The only motive for the accusation, that I can see, was to try to punish a man for being wealthy, which is always popular with those who regard wealth as a crime.

POLITICS . . . today's situation

There is only one national political party in the United States today. There is not likely to be another one unless the young voters organize it. They cannot organize it unless they first agree upon a groundwork of principles. More opposition never got any party anywhere.

All that the old leaders of the Republican party have to offer so far is opposition to everything the Democrats do, and a desire to retain their personal hold upon the party machinery. I am not at all sure that any good end can be gained by trying to reorganize the party.

It looks to me as if the situation were parallel to that in 1866 when a group of young men with principles met under a tree and organized the Republican party. They didn't get anywhere that year, but they elected Lincoln four years later.

I wish I were thirty again!

ART . . . and utility

To me there is something encouraging as well as something rather disheartening in the revival of interest in home-made furniture, fabrics and kitchen pots. All over the country little shops and groups are turning out hand-made articles which are being sold in the city shops, mostly at fancy prices, and offered under the plea of patriotism, as well as because they are hand-made.

There is no merit whatever attaching to the fact that anything was made by hand. Unless it is more beautiful, more durable, or less expensive than a similar object made by machinery, it is not worth any more. Some of the hand-made furniture I have seen is distinctly ugly; most of it is decidedly beautiful; and my observation of housewives is that they would rather clean a smooth, machine-made kettle than one of hand-hammered copper, all full of dents for the dirt to stick in.

Mrs. Frank Castleberry and Mrs. Mary Castleberry of Eastland, visited in the home of Mr. and Mrs. F. M. Payne Sunday.

The teacherges here was completely destroyed by fire Sunday evening.

There will be a cake walk at the school house Friday evening. Everyone is invited to come.

CIGARETTE TAX DIVISION CREATED ONE YEAR AGO ON MAY THE EIGHTEENTH

By Julia A. Kennedy
AUSTIN, Texas.—May 18, the cigarette tax division of the State Comptroller's department will have rounded out its first year under the supervision of Geo. H. Sheppard, State Comptroller.

Through the efforts of Mr. Sheppard, and others, the 43rd Legislature passed a bill providing for all revenue derived from the cigarette stamp tax, less two per cent for enforcement, go to the state school fund. The cigarette license fee, which is \$5.00 each, is divided, less 2 per cent for enforcement, equally between the school and the general revenue funds. Under the original bill the tax and license fees were divided equally.

On May 18, 1933, the cigarette tax and license division was created in the comptroller's department, and is known as Division 20. To say the division was born with a silver spoon in its mouth is to misrepresent things entirely, for there were not even swaddling clothes to care for this new addition to the state comptroller's family. But, even as a new babe is welcomed, so this great responsibility was welcomed by the efficient corps of workers Mr. Sheppard has gathered from nearly 100 Texas counties to assist in the many duties placed upon the

comptroller's department.

Judge Carlos D. Speck, of Abilene, former member of the state legislature and a lawyer of no mean ability, was chosen as director general of this division. He was given an assistant and a stenographer. It wasn't long, however, until this youngster was growing by leaps and bounds, and more workers were added, with the result that the revenue to the school fund steadily increased. The greatest source of annoyance

has been the evasion of the three-cent tax which each package of cigarettes retailed within the state should carry. This evasion has been accomplished by inter-state shipments and counterfeit stamps. Through court ruling the sale of cigarettes from out of the state has been placed in the inter-state class, therefore state enforcement officers are powerless to interfere with the great number of cigarettes coming in from other states and delivered direct to the consumer. But, since the three cent tax goes directly to the maintaining of the public schools, it is hoped, through the Parent-Teacher associations, public school teachers,

and the public in general, to create a loyalty to those complying with the law, and a resentment against the "bootlegger" to such an extent that this evil will be stamped out. Since the adoption of the decalomania stamp the evil of the counterfeit stamp has been greatly reduced and the efficiency of the inspectors has materially increased the revenue collections. Today, there are twenty-six men placed over the state, which is divided into seventeen districts, and upon these men rests the grave responsibility of enforcing the cigarette tax law as passed by the legislature. However, this responsibility should be shared by every citizen of the state, for it is for the youth that the tax is collected. Associated with Judge Speck are seven co-workers at the state capitol, and, surely, they have a justifiable excuse if they become a bit boastful concerning the way this three and one half million dollar youngster has been reared, and the results accomplished during the first year under the able and diligent supervision of Mr. Sheppard.

OBITUARY

Mrs. Edith Reed, daughter of Mr. and Mrs. C. H. Harrell, was born Oct. 9, 1916. She was married Nov. 7, 1932 to Mr. Stanley Reed. On April 28, 1934 her young spirit floated away into the Great Silence to dwell with God. In her passing she left behind a devoted young husband, her baby, and her grief-stricken

father and mother. There are also two sisters and a brother who shall always miss her, and her friends were numbered by her acquaintances.

Edith Harrell Reed was one of those lovable characters that human heart cannot forget. She became a Christian at an early age and was happiest when doing some kind deed. Frail of health, she did not falter but picked up the ragged thread of life and wove it into a thing of beauty. Always brave and uncomplaining, she went about her daily routine of life doing those things most becoming to womanhood!

The condolence of the whole community, in fact all who knew them, sorrowed with the father and mother, the young husband and babe, and the relatives left behind as she was laid to rest in the Johnson Cemetery.

Death is an ugly word. It has struck terror to the hearts of all the millions since the Creation! But of her we may say that she is not dead, but asleep. May those who love her most find consolation in the hope that death is merely a transition. In the words of Lori Lytton:

"There is no death! The stars go down
To rise upon some other shore.
And there in beauty, twinkling bright
They'll shine for ever more."

Eiland Drug or Rexall Store

ping production up from a few units a day to more than 5,500, Chevrolet passed all competitors, with the year but a few weeks old, completing March with its old rank as world's greatest builder of cars, a position it has occupied six of the last seven years.

Registration figures are not available so early as production totals, but those for March, now complete, show Chevrolet with a healthy lead over all other cars. In the truck field, Chevrolet's leadership was even more decisive, due to the fact that the new trucks were in production somewhat earlier. Registrations for Chevrolet trucks, for the year to date, have exceeded those of its three principal competitors combined.

Rural users have played a major role in bringing about Chevrolet's dominance, both in the passenger

car field and in trucks. Replacement of worn-out cars and trucks on farms is going forward more rapidly this spring than for a long time past. Chevrolet dealers report, and it is a significant fact, that those who have owned Chevrolets are buying Chevrolets again."

Drive it only 5 miles and you'll never be satisfied with any other low priced car.

Engineering facts prove it. Experience in building nearly ten million cars confirms it. And the record of over 3,000,000 Chevrolet Six owners removes any shadow of doubt about it: The only way to get real economy in a low-priced car is to insist on SIX cylinders and OVERHEAD valves.

SIX cylinders—no more!—because extra cylinders mean extra cost for gas, oil, upkeep and parts. OVERHEAD valves—nothing else!—for the same good reason that airplanes use them. And speedboats. And racing cars. They get the MOST power out of the LEAST gas. That's why overhead valves are the choice of leaders—and champions.

Look for Better Flavor With Electric Cooking

You wouldn't believe that Electric Cooking could make so much difference in flavor! Meats and vegetables cook to melting tenderness in their own juices—with the addition of practically no water. And in the electric oven the heat rapidly sears, roasts, and prevents excessive shrinkage. Baked foods are deliciously and uniformly browned. Grilled steak has the flavor of charcoal broiling!

Electric Cooking retains so much more of the nourishing elements of the food that you can actually buy less meat or vegetables and still have just as much to put upon the table!

Electric ranges cook food with a speed and economy which compare favorably with any other kind of fuel! Let us demonstrate our new ranges. Of course, there is no obligation—and attractive terms can be arranged.

This is the "Electrical Age." A Hotpoint range will be another step to your All-Electric Kitchen.

SENIORS

We, the Seniors of '34 and '35, wish to take this privilege of bidding our friends and schoolmates farewell. We thank every teacher, who has helped us in any way, and more especially, our Sponsor Miss Blanton. We can and will willingly recommend her as Sponsor for the Seniors of next year.

The Baccalaureate sermon for the Seniors will be held Sunday morning, May 27, at eleven o'clock, in the Sunset school auditorium. Everyone is cordially invited to attend the services. Reverend Hand, pastor of the Methodist Church at Munday, will deliver the message. On the following Friday night, June 1, at eight-thirty o'clock, in the school auditorium, Representative George Moffett will deliver the commencement address.

We are glad indeed to say that the future looks bright for most of the Sunset Seniors. Most of us are thinking of starting to college at the beginning of the fall term, and some few will attend college this summer. We are looking forward to the success ahead, and let us hope there will be no failures.

Mr. Harber has arranged the Examination Schedule so as to give the Seniors the last week of school free for rest and preparation. We can't begin to thank him for his thoughtfulness.

We are sincere in expressing our wishes, that the class of '34-35 will enjoy their Senior year as much as we have this year at Sunset.

HOW THE FACULTY WILL SPEND THEIR VACATIONS

J. Lyndal Hughes—live at Sunset while running for County Superintendent.
 Mr. Harber—stay at Sunset.
 Miss Leath—go to Alpine and read, sleep and eat.
 Mrs. Burton—go to school at Denton.
 Mrs. Davenport—go to school at S.M.U.
 Mr. Hill—stay at Munday and take correspondence course.
 Miss Blanton—stay in Munday.
 Miss Williams—go to school at Denton.
 Mrs. Morgan—To go to Canyon to school.
 Mrs. Shannon—go to school at Denton.
 Mr. Kimbrough—go to Buffalo Springs and do nothing.
 Mrs. Hill—stay at Munday.
 Miss Crouch—go to school at Denton.

Of course, these plans for a summer vacation are all right, but the Seniors have an entirely different plan for a happy vacation. In brief, it is this:

After Graduation
 When the Senior's last lesson is recited,
 And the grades are down in ink,
 When the judges have given our sentences,
 And we're so tired that we can't think—
 We shall rest, and faith, we shall need it.
 Lie down for a century or two
 Till all the forces of Uncle Sam
 Couldn't put us to work again.

We'll retire at half-past midnight
 And arise (if begged) at seven past ten.

We'll forget our hatred of Solid Geometry
 And never think of Bookkeeping again.

We shall read True Stories and funny-papers,
 Unaware of Kipling's poetic style;

We'll forget what red ink is (maybe),
 And be happy a little while.

No Senior has worked for pleasure
 And not one has gained any fame,
 But we've only ourselves to praise us

And only our friends to blame.
 But after the lessons are over,
 Each in his separate hall
 Shall catch up with all his shut-eye

—And we'll never be tired at all!
 —Jimmie Lois Frasure.

JUNIORS

The school term of 1934 is nearing the end, and we Juniors are both happy and sad. The school year has been long, and at times school has seemed unbearable; but it has also been filled with many pleasures.

The Junior Class has profited much by this year's work. We have not learned everything, but this little bit will help us on through life. English, math, history, and Spanish have all done their part in developing our minds for the future.

Beside these studies come our teachers, ever faithful and true. We could not have done without them, it seems, and we wish to thank them for their help and cooperation this year. We only hope that next year, as Seniors, that we may be guided by some who are as efficient as our present teachers. Our sponsor, Miss Leath, is one of these, and we will not forget her aid.

We are now nearing the end, our goal will have been achieved when we become Seniors. All through High School we have envied that group; now we are to be envied. Let us

hope that we may do our tasks well in the future, but let us, as Juniors, never forget this eventful year.

SOPHOMORES

We are rather long faced now because we have only two more weeks of school this term. We are very glad to have a vacation and we are studying very hard, but not our lessons.

The Sophomores are still leading in indoor baseball and some other events. We Sophomores are about to show our other classmates what we can do. We are also good in the other events too. If we had as many boys as the Freshmen we could have won first in the tug of war. But just the same, we are as good as they.

There are some Sophomores absent today. We wonder what is holding them back.

Lillian Rae seems to be having a time about something. I guess it is because we had to write a theme today about when we were young. She is proud to know she can think back that far.

Ruby likes to go to Munday and she also likes blonde-headed boys. We wonder who he is??

We Sophomores are proud to hear that Loree has a new beau, Elvin Gates. He has been rushing her around for the past few weeks!!

FRESHMEN

This week is review week, which is

the most important week in this semester. Term themes and book reports will be due. The Freshmen goal is an A average and not merely a passing grade. Many of our grades this semester determine our athletic participation for next year. For instance, J. T. Smith, Garland Forehand, J. B. King and Leland Crouch, four good athletes who are on the border line, must make pretty good grades. So come on boys, we are all behind you.

Most of us were present last Friday night at Mrs. Davenport's play. These little folks put up plenty of competition for us Freshmen. If they keep developing in the future as they have under the direction of Mrs. Davenport, by the time they are Freshmen in high school, they should be in the pictures.

As we have received word that this is the last report this school year, the Freshman Class wishes to extend our thanks to all who have made this year more pleasant for us. For instance, Mr. Harber was our General Science teacher at the first of the year, and he made the subject very interesting. He has also supervised us in a manner worth thanking him for.

Miss Blanton is a very good and interesting English teacher. She knows her business and strives to make her subjects more interesting.

Miss Leath has indeed benefitted us much, for she knows everything. Miss Leath, like Miss Blanton, can teach anything in school, from Math to physical training. With her co-

operation we have learned to love and respect her. We have tried to help her in order to make her work more pleasant.

Mr. Kimbrough is also an all-around good teacher. Under Mr. Kimbrough the boys as well as the girls, have been benefitted by his work. He has taught us much in connection with algebra and history. He has also striven hard for what we all work for, and that is to make our school bigger and better in every way.

Last, but not least, Mr. Hughes, our Sponsor, has put out much effort to cultivate habits pleasing to his pupils and has really lived up to his efforts. We, especially, like Mr. Hughes as he has been with the Freshmen more than the other teachers. He can always see the sunny side of life and it seems that life is more worthwhile when you are around him. We hope that he is not with us next year, for if not, he will be County Superintendent. We will really miss him if he is elected.

Until next year, as Sophomores, we bid you good-bye.

Nerves

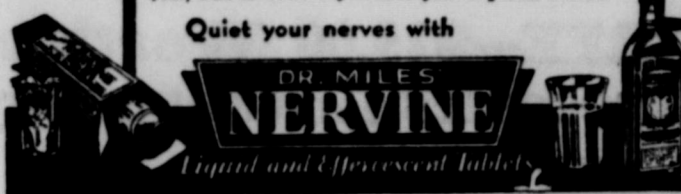

Do they torture you by day? Keep you awake at night? What is it that keeps hospitals open and doctors busy? NERVES.
What is it that makes your face wrinkled and makes you feel old? NERVES.
 Nine times out of ten it's NERVES that make you restless, worried, haggard.

Nerves

Do they make you Cranky, Blue--give you Nervous Indigestion, Nervous Headache?
 When nerves are over-taxed, you worry over trifles, find it hard to concentrate, can't sit still. Nerve Strain brings on Headache. Nervous people often suffer from Indigestion. There may be absolutely nothing wrong with the organs of digestion, but the Nerves are not on the job to make the organs do their work properly.

Nerves

Do they interfere with your work; ruin your pleasure; drive away your friends?
 You're cheating yourself and the man who pays you if you work when your NERVES are not normal. You can't have a good time when you are nervous. You can't make or keep friends when you are keyed up and irritable. You may excuse yourself, but to others you are just a plain crank.

SOCIETY

Mrs. S. E. McStay Entertains

Entertaining with games of "42" Friday afternoon, Mrs. S. E. McStay was hostess for one of the visiting teas that are so popular the past few days, being sponsored by the M.E. Missionary Society. A cool refreshing plate of punch and cake was served to Mesdames H. A. Peniston, Roy Aycock, W. H. Atkinson, W. H. Chapman, T. G. Benze, G. R. Elam, W. A. Baker, H. C. Hand, H. T. Maples, Lee Haynes, M. F. B'lingley, D. E. Holder and George Sateau.

Seniors Entertained in the Kethley Home

Mr. and Mrs. J. D. Kethley invited the Seniors of the Munday High

School to their home Monday evening following the graduation exercises for a social hour. Delicious refreshments or strawberry ice cream and cake were served to Mr. and Mrs. Hubert Isbell, Leland Hardegree, J. Horace Bass and Miss Mary Couch, and the following Seniors: Hazel Clough, Rosalyn Houser, Bessie Sue Munday, Ruth Moore, Myrtle McNeill, Virginia Bess Atkinson, Inez Campbell, Jerry Kethley, Jack Williams, Sam Warren, Duane Johnson, B. B. Bowden and Otto Wentworth.

Mrs. J. C. Borden Entertains

A social hour spent in pleasant conversation was enjoyed by a group of ladies invited for the vanishing

tea in the home of Mrs. J. C. Borden. Pineapple sherbet and cake was served to Mrs. J. T. Lee, Mrs. G. A. Craft, Mrs. A. F. Huskinson, Mrs. J. N. Campbell, Mrs. W. H. Atkinson, Mrs. W. A. Baker and Mrs. J. C. Campbell.

Mrs. Fred Broach Entertains

The Monday Nite Club met Tuesday evening with Mr. and Mrs. Fred Broach hosts. High score was held by W. H. Chapman and Mrs. J. D. Kethley. Sweet peas were used effectively for decorations and were especially attractive as center pieces on the refreshment trays, where plates with stuffed tomatoes, crackers, olives, potato chips, cookies and mint punch was served to Messrs. and Mesdames Russell Matson, W. H. Chapman, W. R. Moore, J. D. Kethley, Mrs. Chas. Mayes, Mrs. Louise Louise Ingram and F. D. O'Leary of Sweetwater.

Mrs. Pitzer Baker Entertains

A vanishing tea of pretty appointments was that held in the Pitzer Baker home Thursday when Mrs. Baker was hostess to three tables of bridge guests. Strawberry ice cream and cake was served to Mesdames Ike Huskinson, J. C. Harpham, W. H. Chapman, H. A. Peniston, Russell Matson, Joe Davis, T. G. Benze, Oates Golden, J. C. Borden, T. E. Dickerson, Roy Baker and Mrs. Arnold of Knox City.

Diversity Luncheon in Williams Home

The Diversity Club met in the home of Mrs. P. V. Williams for a covered dish luncheon Wednesday. Summer flowers gave an added note of charm to the entertaining suite where tables were placed for the luncheon and later games of bridge were played, high score going to Mrs. H. A. Peniston. Other guests were Mesdames Jack Mayes, Avis Maples, W. H. Chapman, Wm. P. Farrington, Geo. Salem, Oates Golden, Riley B. Harrell, J. D. Kethley, H. F. Barnes, Chester Borden and W. R. Moore.

NOTICE TO TAXPAYERS

On July 1, 1934 a penalty of 10 per cent and 6 per cent interest per annum will take effect on all delinquent State and County taxes. At the present time there is no interest on taxes, but a penalty of 6 per cent. The City of Munday and the Munday Independent School District have followed the State and County in the matter of penalty and interest on delinquent taxes. Neither the City nor School have as yet stated what the penalty and interest will be after June 30, but the chances are that both will have the same rates

If It's From Eiland's It's Right

we're represented at the eighth annual Short Course and Field Day at CIA, Denton, Friday May 18. The address at the General Assembly was given by Dr. Bradford Knapp, President of the Texas Technological College, Lubbock on "The Farm Home-Make and Her Helpers."
At noon a picnic lunch was served on the CIA campus. The afternoon program consisted of discussions given by various instructors in CIA on "Up-to-the-Minute Cotton Fabrics for Clothing and Household Use," "Points in Judging Rugs and Mats," and "Quality Cheese and How to Make It."
The prize winners in the rug and cheese contests were announced and the Prizes were awarded by the students in CIA who are preparing to do extension work.
Those attending from Knox County were Mesdames E. B. Frasure, New Hope; A. L. Roden, Hood; L. M. Melton, Gillespie; G. L. Pruitt, Munday; L. W. Hobert, Munday and Miss Jewell Faulkner, Home Demonstration Agent.

SUNSET 4-H CLUB

With Miss Faulkner right on the dot, as usual, we went into our club meeting. As Love Driggers resigned as Secretary-Treasurer, we elected Mary Helen Partridge to fill the vacancy. Upon the resignation of Juanita Forehand as song leader, Margaret Shannon was elected for that office.
In Miss Faulkner's lecture she discussed the 4-H club encampment which will be June 28, in the Cartwright pasture. We are inviting the Haskell County 4-H club girls as guests.
We hope to send delegates to the Dallas Fair and to the A. & M. Short Course. Hard as well as enjoyable work must be exerted in order to win these trips.
It seems as if our garden and bedroom demonstrators, Sena Mae Davis and Mary Helen Partridge, respectively, are making much headway in their work. The bedrooms will be judged soon, but the gardens will be judged later in the season.
Unless we have at least ten members to meet in the last until school starts again in the fall. We thank Miss Faulkner for her useful demonstrations, but we hope to keep meeting this summer. Since the Sunset Consolidated school is so scattered it will be hard to meet in vacation time.
If in any way possible, the next meeting will be Tuesday, June 5, 1934.

• DON'T TAKE TIRE WORRIES ALONG ON YOUR TRIP
Drop them off here before you start out this week-end or next Wednesday

It's a lot safer, more pleasant and cheaper in the end to start out on new tires—particularly since prices are still so low . . . And because Goodyear makes the most tires—by millions—and so offers the biggest money's worth at every price—it's a lot wiser to choose new Goodyears . . . Come and see why more people buy Goodyears than any other tire—just name your price and look at the Goodyear it buys!
