Munday and Rule In Deadlock For Lead First Half

By defeating the Aspermont aggregation here Sunday afternoon while Rule was handling Stamford a 7-2 defeat at Rule, the two teams emerged from the first half of the season in the Wichita Valley League exactly the same standing, each team having won 12 games and lost 2 and a series of play-off games will be necessary to determine who will be the champion.

The Champs had a comparatively easy task in subduing the Aspermont side here Sunday afternoon, notwithstanding the fact that Lefty Hambright got off to a bad start and allowed five clean bingles in the opening frame and allowed two of the Aspermonters to cross home plate, but that concluded the performance insofar as the visitors were concerned, as the lean, lank, one-handed Roby lad got his bearings and was not in danger at any time during the remaining five innings in which he performed, and Willis Knight, who relieved him, held them scoreless throughout the remainder of the performance while the Champs were hitting the ball high, wide and handsome to all parts of the park.

Munday Champs Are Victors In First Game Play-off of Series

The Champs stepped in and pulled the first game of the play-off series with Rule out of the fire here Thursday afternoon when they came from behind in the closing chapter. With Rule one run in the lead in a game featured by the slugging on the part of both teams, Rayburn came to bat and popped out. A. Myers singled and Bob Couch tripled to deep center and was followed by Rinker, who also hit to center scoring both Myers and Couch and the game was over.

It was one of those thrill games, Rule got away to a good start and puzzled Lefty Hambright out of the game in the seventh. Knight relieved Hambright and held the visitors scoreless, but was in grave danger several times, and it seemed as if the visitors were going to take the game until the hitting spree started in the last of the ninth and the Champs showed over the winning score. The final score was Munday 5, Rule 8.

The Champs go to Rule Friday for the second game of the play-off of the series, and should a third game be necessary to decide the first half it will be arranged after Friday's game at Rule, but would not likely be played before next week.

Champs Open Second Half Here on Sunday Against Knox City

The second half of the season in the Wichita Valley League opens Sunday with Knox City coming here, Rule at Haskell, Stamford at Hamilton and Peacock at Aspermont.

Prohibition Forces Hold Organization Rally Here Monday

Forces in the county opposed to the liberalization of the prohibition laws held a meeting here Monday afternoon, and while the attendance was not large practically all parts of the county were represented, and plans were made to oppose the legalization of beer in Knox county. The meeting was called by Dr. Coffey of Benjamin, who is chairman of the prohibition forces of Knox county, and W. A. Baker was chosen chairman of the committee to oppose the sale of beer in the coming election.

Candidates Speak Here on Saturday On Issues of Day

Two candidates for Congress from the 13th district spoke here Saturday afternoon, and despite the fact that a loud speaker located at one of the local houses made it difficult to be heard, they were both greeted by fair audiences who listened attentively to their claims.

Geo. Backus of Vernon spoke on the east side of the First National Bank and devoted a major portion of his attack upon the official record of the present incumbent, Congressman W. D. McFarlane of Graham, charging that he had failed to cooperate with the administration to the fullest extent.

Sam B. Spence followed Mr. Backus immediately on the city hall lawn, and he too charged that the present incumbent had not kept faith with the administration. Mr. Spence further charged that the present incumbent had lacked courage in making appointments where vacancies had arisen in postmasterhips, and charged that these appointments were being held up for political purposes.

Poll Newspapers Show Allred Far In Lead in Race

The Houston Post has just completed a survey on the political races in Texas which would indicate that Attorney General James V. Allred will be far out in the lead in the July primaries, and, according to the survey, he will likely go into the run-off with C. C. McDonald, also of Wichita Falls. Tom Hunter is rated for third place and Clint Small is given fourth place in the survey. The publishers, 319 of whom responded to the questionnaire sent out, were asked to give the comparative strength of the various candidates in their respective counties, and the figures compiled in response indicate that Allred will lead in 109 counties, while the remaining 110 counties covered in the survey are divided among the other candidates.

The survey gives Senator Tom Connally a substantial lead over Joseph W. Bailey, Jr., and favors Walter Wood of Houston for Lieutenant-Governor. The survey indicates that Senator Walter Woodward of Coleman is far out in the lead over William McCraw of Dallas. In fact, so dominating is Woodward's lead that it is predicted that he will have a clear majority over his two opponents, the third of whom is Clyde Smith of Woodville, who is rated as trailing a bad third.

The survey places Allred first in 109 counties, second in 63 counties and third in 21 counties. McDonald is given first in 44 counties, second in 59 counties and third in 41 counties, the survey shows. Hunter is given first in 38 counties, second in 47 counties and third in 58 counties. Small is rated as first in 27 counties, second in 19 counties and third in 27 counties. Hughes is rated first in only two counties while Witt is given first place in four counties.

Beer Election Is Ordered in County For Sat., July 21

A petition bearing approximately 400 names was presented to the Commissioner's Court of Knox county on Monday asking that an election be held to determine whether or not the sale of 3.2 beer should be legalized in Knox county, and the court ordered that the election be held Saturday, July 21, which is one week in advance of the July primaries.

Increasing Crowds Attend Co-Operative Revival In Progress

The co-operative evangelistic meeting led by Dr. Frank Fincher of St. Louis held its opening service last Sunday night in the community auditorium with a good attendance and fine interest. A thorough organization has been set up with a large senior choir and orchestra to lead the singing, assisted by the junior brigade of one hundred people. A steady increase in attendance and interest is manifest and record crowds are expected.

Dr. Fincher will speak Thursday evening on "Why I Believe the Gospel of Christ," and Friday evening on "Heavenly Learning." The school forenoon will be a music night, Saturday night is to be a music night, with popular song contests and sermon on "The Heart That Sings." Sunday night a record crowd is expected. The meeting will continue through next week.

Vera Man Kills Wife, 2 Children And Self Friday

Despondency over illness is believed to have caused Hollis McGuire, operator of a moving picture show at Vera, to kill his wife and two children at Vera on Friday morning of last week, and after putting a bullet into the brain of the three members of the family he raced in a car to Seymour where he drove up in front of the home of his brother, Roy McGuire, and sent a bullet into his own brain, killing himself instantly.

Neighbors at Vera discovered the grim tragedy when they went to the McGuire home to inform them of the act of Mr. McGuire at Seymour. Mrs. McGuire was lying on the bed, dead. The two children, Princess Irene 9, and Billy Wade, 3, were on a pallet on the floor. Princess Irene died just as neighbors entered the home, while Billy Wade died before he could be rushed to a hospital. It is believed that all were shot while asleep, both children being shot in the temple, while Mrs. McGuire was shot in the back of the head.

McGuire is said to have suffered permanent injuries in a fall from a pecan tree some years ago, and is said to have left a note in which he stated that his condition was hopeless and that he was taking the only way out. Funeral services for all the victims were held at Vera Saturday.

Former Mundayite Hi-Jacked; Loses Copy Jim's Forum

The following article is clipped from the current issue of the Ferguson Forum, which in turn had lifted it from the columns of the Putnam News, and we reproduce it for the reason that the victim is a former Mundayite and has many friends here who will be glad to know that he suffered no greater personal injuries than stated, and that his loss of personal property was no greater than a copy of the Ferguson Forum. Anyway, here's the article:

Robbed of the Ferguson Forum
About 9 o'clock Monday night the town of Putnam was shocked when it was reported that John Cook had been hijacked as he went home after closing his business at the usual hour.

Mr. Cook stated that there had been a man hanging around the garage all afternoon and he noticed him when he closed at 8:30 p. m. This fellow was watching him lock up but Mr. Cook didn't think anything about it as he never carried any money home after closing. He went around the square as usual with this fellow following after him, but still did not pay him any mind. Mr. Cook went into Clements and Norreds Dry Goods thinking he would get away. He started home later and had gotten about to the Methodist church when the man slipped up behind him and knocked him down and started to drag him off, but a car came along from the south and the lights caused the man to run, making a get-away.

Mr. Cook was picked up unconscious but was soon revived and after going through his pockets he found that he had about \$2.00 in cash in his pocket, the amount he had when he left the garage and the only thing missed was the Ferguson Forum which he had been carrying with him all the afternoon and it is evident Mr. Cook had been hijacked for this copy of the Forum.

Munday Selected As Host to Tri-County Golfers Next Year

At the annual meeting of the Tri-County Golf Association held at the Tonkawa hotel at Haskell Monday evening Munday was chosen as host to the association for 1935. W. H. Atkinson was chosen as president and H. A. Pendleton as secretary of the association. Lem Bellows of Seymour was chosen as a director as was Roy Killingsworth of Haskell.

An application of Stamford to come into the association was discussed at length and members of the Seymour club stated that they had an application from Olney to come into the association if additional clubs were to be taken in, and after much discussion, for and against it was voted to confine the membership to the three counties as originally organized.

TODAY and TOMORROW

By Frank Parker Stockbridge

PIONEER . . . and a few others

My friend and neighbor, Louis Raspuzzi, died the other day at 48. He had been in America only 19 years. When he arrived from his native Italy, at the age of 29, he had nothing but a few dollars in his pocket, a strong pair of hands, a cheerful willingness to work and a powerful strain of rugged honesty. When he died almost a whole town turned out for his funeral. In those nineteen years in America Louis had carved out an independence for himself from a few mountain acres of land, reared a family of two sons and two daughters and sent them all through high school, and won himself a reputation that was county-wide for independence, integrity, straightforwardness, cheerfulness and helpfulness to his neighbors.

Louis Raspuzzi by his life gave the lie to the false and wicked doctrine of defeatism, the doctrine that tells us that America is no longer the land of opportunity and that Americans cannot make their way in the world unless they are subsidized and supported by the state. It was not circumstances but character that enabled the pioneers of three centuries ago to succeed in the face of obstacles far greater than those that confront any American today. Louis Raspuzzi brought to his new world the same character that those early pioneers brought. And that sort of character can still succeed as greatly as it ever did.

CHARACTER . . . and education

I have been reading the addresses to their graduating classes of a dozen or so university presidents. Without exception, as I recall it, those teachers put the main emphasis on character. Brains are less important than honesty, integrity, charity and unselfishness, President Conant of Harvard told his graduates, and that was about the way the rest of them spoke.

Intellect has been overplayed in the public mind. Dr. Conant said. It is important, but not all important. Too much emphasis on intellect leads too many young men to try to shine in professions for which they are not fitted.

The purpose of college education, as I have always understood it, is not to train men to make more money than the other fellow but to live a better and happier life, in whatever line of work he follows.

UNDERSTANDING . . . masses

Most of the outcry against the President's "Brain Trust" is not against trained intelligence but against the belief that many of the bright young men with whom Mr. Roosevelt has surrounded himself are not yet sufficiently experienced in the ways of the world to be safe guides for the nation in a time of trouble like this. In the homely country phrase, they are "not yet dry behind the ears."

Understanding is more important than knowledge, especially in politics. The man who does not understand the vagaries and limitations of human nature may be as brilliant as Einstein, but people never have confidence in him as a leader of men.

PRESIDENTS . . . and college

To offset the attacks upon the "brain trust" the Federal Office of Education has compiled a list to show that nineteen Presidents have been college graduates, six college presidents and four college professors. I don't know what that is supposed to prove, unless that is the whole the Presidents of the United States have been pretty smart men.

What these facts do not make clear is that all of these men became President, not because they were educated in the formal sense but because they had proved, by years of practical politics, that they understood the popular mind and were men to be trusted. Out of all the Presidents, not one so far as I can recall, but had held public office of a lesser degree before going to the White House, most of them having climbed up from the lower rungs of the political ladder. Only Taft and Hoover had never been elected to office before they were elected to the Presidency, but each had a record of many years of public administrative service in appointive offices.

About the only thing the careers of the 32 Presidents prove seems to be that if a man has a superior mind, well educated it is no particular handicap to him on the road to the White House if he understands the game of politics and plays it according to the rules.

The governor's race was discussed at length in The Munday Times last week by Editor J. A. Kennedy. The Banner editor was taken to task for remarks made in reference to Mr. Allied, one of the candidates. The Banner's remarks may have been in unnecessary frankness, especially when it is admitted that Mr. Allied is likely to be elected. If he should be then the editor of this paper would likely not be appointed to any position of lucy in his administration. So, just let it go, what we said about Jimmy. When he and Tom Blanton and Huey Long, Tom Heflin and Aimee McPherson went into politics and religion the show business lost a bunch of good talent, but maybe politics would be stale without a few showmen in it. And considering how the American people are glutted for a lot of hokey, we can't blame the politicians for handling it out. If a good strong man, with a platform of plain common sense and equal justice to all, should announce, he would not be elected. So, go to it, Jimmy. If your style gets the grapes, then who's got a right to kick?—Baylor County Banner, Seymour.

Certainly, O. C., among the numerous candidates this year there should be at least one "good strong man, with a platform of plain common sense and equal justice." Having read all the platforms, however, we're free to admit that we don't know who's who. Practically all of them are making promises of old age pensions and are at the same time offering the tax-payer a reduction in taxes. Practically all of them are going about telling the people that everybody should own a home or a farm and be as independent as a hog on ice, but fail to be specific as to how such a utopia might be attained.

However, having had some personal experience in attempting to bring down rates on some of the utilities, we happen to know that Jimmy Allied speaks the truth when he says that the laws are full of "jokers," and we're constrained to believe that many of these "jokers" have been written into our laws by public officials who are on the payroll of both the state and utilities, or who have been too closely allied with some of the lobbyists, and when we hear a speaker get up and explain to the audience that a group of farmers who come to Austin in the interest of any desired legislation are classified just as these professional lobbyists. I, too, am constrained to believe that it's just a bunch of hokey.

Furthermore, O. C., what do you want to be talking about political patronage for? You couldn't possibly hold down one of those lucrative positions and keep up your golf, and furthermore, the Baylor County Banner wouldn't be the Baylor County Banner without those frank expressions, and if there were more newspaper editors who spoke their honest convictions as freely and frankly as you do the public might have a better understanding of what it's all about.

Absentee Voting In First Democratic Primary Now Open

Voters who plan to be out of the county on July 28 may now procure ballots from the County Clerk and cast them at their pleasure, provided they are cast before July 25, at which time absentee voting ceases. The earliest date for casting an absentee ballot was July 8. Persons who will be out of the county on the date of the first primary can go to the county clerk's office and cast their ballot before they leave, or request that a ballot be sent them. Ballots are to be returned to the election judge in the precinct in which the absentee voter resides. The calendar for the remainder of July, politically, is as follows:
 July 25—Absentee voting in person ends; July 26—absentee voting by mail ends; county clerk mails ballots to presiding judges of election precincts; July 28—first primary; precinct conventions; July 31—precinct election officials certify returns to county executive committee.

When Minutes Count . . . Electric Appliances Are the Answer!

When it is a matter of doing things in a hurry and doing them well you can trust an electric appliance with the job.

The automatic feature with which most of them are equipped, turning the heat on and off as required, makes them especially trustworthy.

These handy household appliances are fast becoming household necessities. Every day new ones are being developed to lend their assistance in lightening the homemaker's tasks.

Inspection of the complete line of Electric Appliances at our store will reveal that many of them are much less expensive than you thought. Also you will welcome the easy terms at which they can be purchased. No obligation.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule . . . and adds only a small amount to your total bill?

SOCIETY

Tuesday Club Notes

Mrs. R. H. Neff was hostess to the Tuesday club at her home Tuesday afternoon, placing three tables for bridge. High score was held by Mrs. W. P. Farrington.

Refreshments of peach ice cream with tinted squares of angel food cake were served to Mesdames Tom Haney, W. R. Moore, T. E. Dickerson, W. H. Atkinson, Avis Maples, T. G. Benge, Fred Broach, J. C. Borden, Pitzer Baker, H. F. Barnes and W. P. Farrington.

Temple-Akers Wedding

F. O. Temple of Seymour and Mrs. Adrian Akers of Munday and Burk Burnett were married in Wichita Falls Sunday evening. Mrs. Temple has been teaching music at Burk Burnett the past year. Mr. Temple is a prosperous business man of Seymour, where they will make their home.

Mrs. Ray Hill of Burk Burnett compliments Mrs. Temple with a shower on Wednesday evening, entertaining with a beautiful lawn party at the home of Mrs. Peevey.

The bride is a daughter of Mayor and Mrs. E. E. Akers of this city, and has spent the major portion of her life here, where she has a large host of friends who will join in wishing for them a full measure of happiness.

Hyde-Perdue Wedding

Mr. and Mrs. J. M. Perdue are announcing the marriage of their daughter, Eunice, to John Hyde April 11 at Haskell, with the Rev. A. F. Thurman, pastor of the Christian church officiating. The announcement of the wedding came as a surprise to the many friends of the couple, as they had kept the announcement a secret for three months.

Miss Perdue graduated from the Munday high school with the class of '33 and with her accomplished voice is popular in church and social affairs.

Mr. Hyde is a son of Mr. and Mrs. Walter Hyde of Knox City and is engaged in the oil business in that city. He is a graduate of the Knox City school, having spent the past

two years at Tech college at Lubbock.

Mr. and Mrs. Hyde are at home at Knox City.

Cook Book Published by Home Demonstration Club Women of Knox County Now on Sale

The Home Demonstration Cook Book that was published by the club women of the county will be on sale this week for 35c and can be bought from any of the club women or at the Home Demonstration Agent's office in Munday.

These books could not have been printed had it not been for the cooperation of the business men of the county. We wish to take this time to express our appreciation to those who took ads in this book or made donations, making it possible for this book to be published.

The proceeds from the sale of

this cook book will go into the county Home Demonstration Council Treasury and will be used to defray the expenses incurred in advancing Home Demonstration and 4-H Club work through the county.

Home Demonstration Council Meeting
The Knox County Home Demonstration Council met Saturday, July 7, in Benjamin with 20 members present.

The principle discussion at this meeting was the survey that is being made by the Extension Committee in the county in which effort is being made to visit every farm home in the county.

Plans for attending the Farmers' Silver Anniversary Short Course, College Station, July 30 to August 3, were made. It was decided that the delegation would go in cars rather than trying to secure a bus. There will be approximately 20 girls, women, men and boys attend from this county and those who have not signed up to go were asked to see the Farm or Home Demonstration agent within the next week. A number of interesting courses are being offered and this promises to be the most interesting short course ever held.

At this meeting final plans were made for the Woman's Encampment which is being held Thursday and Friday, July 12 and 13, in the Cartwright pastures, with Haskell county women as guests. It is expected that some 200 women will attend this meeting.

The council adjourned to meet in the next regular meeting the first Saturday in September.

Check to Be Made On Persons Now On County Relief Roll

The following notice has been received from C. R. E. Weaver, county relief administrator, for publication:

"Upon instructions embraced in a resolution passed by the Texas Relief Commission June 27, 1934, notice is hereby given to the effect that persons physically able to work who are offered employment at the prevailing wage scale in the locality wherein the work is to be performed, and who refuses to accept without good cause, shall not be furnished relief.

"The following instructions are issued to all citizens of Knox county, to-wit:

"Any person or persons offering employment to others, whether on Relief Rolls or not, will inform the local County Relief Board chairman in writing immediately when em-

ployment offered by such citizen is refused. Such advice to the County Board chairman will include, when possible, the work-seeker's full name, address, employment offered and wages offered.

"When any person has been offered employment and has refused it under the conditions above stated, the County Relief Board of Knox county is prohibited from giving either direct or work relief to such person.

Sunset Consolidated Schools to Start On Monday, August 16

Sunset school will start the 1934-35 school term Monday, August 6. The present plan is to run for six weeks and dismiss for cotton picking. The faculty will be composed of the following: Mrs. R. R. Davenport, primary; Gladys Williams, primary assistant; Virginia Curry, second grade; Mrs. Alta Burton, third grade; Mrs. Annie Morgan, Mrs. J. S. Shannon, Exa Faye Hutton, and W. C. Hill will teach the departmental work. The high school faculty will consist of Claire Turman, Onetta Blanton, W. C. Kimbrough, principal, and T. W. Harber, superintendent. Sunset now has 14 1-2 credits of affiliation and two new subjects will be offered this year.

Thinking Out Loud

By J. A. K.

If this section of Texas doesn't have a soaking rain within the next thirty minutes this portion of the country will not need to worry much more about a reduction in cotton acreage, for Old Man Drought is relieving Uncle Sam of a grave responsibility.

Again the Munday Champs are in there scrapping for supremacy in the Wichita Valley league. Last year Hamlin was the strong contender, and this year it's Rule.

Shipper Lee Hancy came in for a few wise-cracks from the Haskell contemporary last week, who referred to him as a "brain-truster," following his protest of the Haskell-Munday game on July 4. Anyway, the Champs were credited with the game, and that fact went a long way toward appeasing any discomfort that might have arisen from the "razing" of our Skipper.

And another thing, the Haskell lads might get a kick out of having one of their games in the daily newspapers, anyway. An event like that should justify crashing the sport pages.

Rhineland People Grateful For Help In Big Celebration

The people of Rhineland are very grateful to all who in any way helped to make their picnic on the 11th a success. A list of the donations and their donors from Munday appears below. We bear and read a great deal about the value of advertising and trading at home. The generous donations of the business people in whose trade territory Rhineland is located are not only good advertisement but they also create a better understanding between buyer and seller. If merchants show by concrete example that they are interested in the continued welfare of the people and their institutions in their trade territory, it is only reasonable to conclude that the results will be mutually profitable.

As can be determined from the list, a very few business people in Munday failed to realize this. Rhineland wishes to extend to each and every donor their sincerest thanks.

Look What You Get—No Extra Cost: 43% More Miles of real non-skid safety . . . Flatter Wider Tread . . . More Center Traction (16% more non-skid blocks) . . . Heavier Tougher Tread (average of 2 lbs. more rubber) . . . Supertwist-Cord Body (supports heavier tread safely)

We've never seen the equal of it—the way car owners have flocked in, looked, listened, bought new G-3's these last ten weeks—and it's the same everywhere we hear. What's more, people who got G-3's months before the public announcement, report it's better than claimed! They cite mileage records to prove they're getting better than the 43% more non-skid mileage averaged by Goodyear's test fleet. Buy no tires until you let us show you this wonderful new Goodyear All-Weather which gives so much more safety and service without costing you a cent extra!

Sure, we have Goodyears at ALL Prices! Because Goodyears are the largest selling tires, you get more for your money no matter what you pay.
