Thinking Out Loud

By J. A. K.

Saturday is election day in Texas. The total vote cast will likely approach the million mark.

The candidates with whom we have talked concede that Texas is the largest state. Senator Ben F. Berkeley, who is a candidate for Lieutenant-Governor, was here Tuesday and told us that he estimated that he had shook hands with approximately 30,000 voters during the campaign, and stated that he had visited only a small portion of the state and shook hands with a negligible number of the citizens in the communities visited, and he, too, is willing to admit that Texas is a great big state.

Just as Federal agents "rubbed out" John Dillinger in Chicago Sunday, the headline bounds on the daily newspapers got a break in Texas, when Hamilton and Palmer escaped from the death cell at Huntsville. These boys will likely provide some more sensational headlines until they too are wiped out.

The WGF column of the Haskell Free Press takes a dig at the Oklahoma schedule all "balled up" recently and had teams playing in places that they really didn't play. These errors are all charged to the mechanical department. Linotype machines, like typewriters, sometimes make errors, but that doesn't indicate that the operator of either is not letter perfect.

Indications for rain are said to be more favorable now than for some time. Indians in Oklahoma say that they have observed an unfailing sign of floods in the movement of snakes from the lowlands to the highlands. The Government Weather Man over at Dallas stated Tuesday that Texas would receive relief, in parts, this week, and anyway, we have the satisfaction of knowing that each week and each day draws us just that much nearer to the time the drought shall be broken.

Station KGKO Joins National Network Beginning July 29

Wichita Falls, Texas, July 23.—Kate Smith, Guy Lombardo, Bing Crosby and a host of other nationally known entertainers will be brought closer to radio listeners of this area when radio station KGKO at Wichita Falls becomes a member of the Columbia Broadcasting System on July 29.

The Federal Radio Commission recently granted this station a permit to double its power, making it possible to get the Columbia contract. According to D. A. Kahn, manager, the station will operate sixteen hours daily. Twelve hours each day will be devoted to the national programs with the remaining four hours given over to programs and events of special interest to audiences in West Texas and Southern Oklahoma. The Columbia network offers thru KGKO programs of varied nature including the world's greatest musicians, dramatists and comedians, Mr. Kahn declared.

Farm Home Consumed By Flames on Thursday When Stove Explodes

The farm home of A. R. Booe was destroyed by fire Thursday morning about eleven o'clock when an oil stove exploded and the flames spread rapidly to the four-room frame structure, enabling members of the family to save none of the household goods. The home was located on the M. H. Reeves farm two and one-half miles south of Munday.

Guests Talk Before Chamber Commerce Luncheon Tuesday

The Munday Chamber of Commerce had as guests at its luncheon on Tuesday at the Munday hotel, Representative George Moffett of Chillicothe, the Rev. J. R. Balch of Seymour, who is assisting Rev. W. H. Albertson in a revival meeting, and Woodrow Harris of Fort Worth, who is leading in the song services.

Rev. Balch gave a very interesting and inspiring talk along the lines of the business man and religion, pointing out that the sound business man wanted a sound religion, and not the sensational and unusual.

McFarlane Tells of Record; Makes Reply to Charges

Congressman W. D. McFarlane spoke in Munday Wednesday evening in the interest of his candidacy for re-election to Congress from the 13th District for a second term. He was introduced by Judge M. F. Billingsley, who expressed the opinion that it would be unwise to elect a new congressman at this time, since Mr. McFarlane had established an enviable record during his one term, and was therefore better prepared to render even a greater service upon his return.

Mr. McFarlane devoted a major portion of his address to his accomplishments during the year and one-half that he has served in that body, and referred only casually to his opponents in the race. He denied emphatically that he had failed to support the administration, and called attention to a circular which quoted numerous letters from outstanding members of Congress commending him for the wonderful support he had given in the passage of legislation beneficial to the masses.

Among the fellow-members in Congress who have expressed their appreciation of the services rendered by Mr. McFarlane were James A. Farley, chairman of the Democratic National Committee; Sam B. Hill, Vice Chairman of the Ways and Means Committee; Joseph W. Byrnes, of Tennessee; J. E. Rankin, Chairman of Committee of World War Veterans' Legislation. Other commendations quoted were from Joe Steadman, Texas representative of the Brotherhood of Railroad Trainmen, and William Mitchell, nationally known aircraft authority.

In reply to some of the charges that have been made by his opponents Mr. McFarlane pointed out that he has started investigation in Congress which has led to an investigation of the purchase of airplanes by the Government and in which the Government had been defrauded of many thousands of dollars, and pointed out that he had been placed upon a committee to investigate the earnings of these aircraft manufacturers from whom the Government makes its purchases with a view of bringing a halt to graft.

Mr. McFarlane stated that during his tenure of office he had answered every roll-call, and had voted upon 170 bills before Congress, and from these 170 votes his opponents had found only two votes upon which they could base criticism, and stated that he felt that he had made a very good record since his opponents even had, by their silence on the other votes cast, admitted that he had voted right on 168 out of the 170 votes cast. Mr. McFarlane expressed regret that the late adjournment of Congress had prevented him from making a thorough canvass of the entire district and give an accounting of his services, and asked that the voters investigate thoroughly any charges that might be sprung at the last minute, and closed by asking his friends to give him any assistance possible in the few days that are left before the election.

Knox County Will Remain Dry; Vote Is Very Decisive

Knox county voters marched to the polls Saturday and emphatically and unequivocally voted "no" on the question as to whether 3.2 beer should be legalized in Knox county. Indeed, so decisive was their verdict that it is not likely that the advocates of the amber fluid will again attempt to test public sentiment on the question for some time to come. Only two voting boxes in the county cast a majority for the legalizing of beer. Gilliland and Rhineland, and the majority in these two boxes were negligible. To Knox City belongs the distinction of being the driest spot in the county, that voting precinct having cast 336 votes against and only 83 for.

The vote by precincts was as follows:

	For	Against
Munday	197	277
Goree	44	145
Sunset	23	97
Benjamin	84	149
Knox City	83	336
Truscott	56	104
Gilliland	61	39

Marion McClure Is Chosen Conductor The Cowboy Band

Abilene, July 26.—Position of conductor of the Cowboy Band and director of the school of band music at Hardin-Simmons University, vacant since June 1, has been filled by the appointment of Marion McClure, former player, composer, and assistant conductor of the band.

Selection of McClure, who was chosen over a field of more than 100 applicants, became certain late last week when he wired his acceptance from Chicago, where he is now studying with Howard Hansen and Carl Bush. McClure holds the B. A. and B. Mus. degrees. While with the Cowboy Band he was one of its leading performers, being chosen to make practically all important tours. When only a freshman he was chosen as one of the 25 from a membership of 100 to make a concert tour of Europe. He has played in London, Amsterdam, New York, Chicago, Boston, and other large cities of the world. Although a young man McClure has been studying band and orchestra music for nearly 20 years. He began playing when 11 years old and toured the country with his own band when in his teens. He has taken an unusual interest in composition and arrangement, many of the arrangements and sketches used by the band in the past having been his.

Revival To Begin Church of Christ Here on August 1

A protracted meeting will begin Wednesday evening, August 1, at the Church of Christ in Munday, and will be under the leadership of Carl A. Collins, minister of the Church of Christ at Breckenridge, Texas, and who has conducted meetings for the local church the past two years. Mr. Collins is now in a meeting at Jean, Texas, and will come from that meeting to Munday. The church is making preparations for the accommodation of large crowds, and expect a large attendance at each service, as Mr. Collins is an able leader and his messages bring inspiration and help to all who hear him. A cordial invitation is extended to the public to attend the services during this revival.

J. M. Craft Is In Critical Condition Result of Accident

J. M. Craft, manager of the Bush-Burnett ranch, is in a critical condition in the Knox County Hospital at Knox City as a result of injuries received last week when he was struck in the face by a crank on a gasoline engine. His condition is such that friends and relatives fear that he will not recover.

Election Party To Be Held in Munday On Saturday Night

Arrangements have been made by the Munday Chamber of Commerce to provide bulletin boards on which election returns—both county and state—will be posted Saturday night. The boards will be lighted and returns will be posted as they are received. County returns will be received by telephone as the counts are completed or as the standings are given out in the various voting precincts of the county, and state returns will be posted as they are received over the radio.

No telegraphic returns will be received from the Texas Election Bureau this year, as their contract now forbids that returns furnished by that organization be posted or given out in any other form than by means of special editions of newspapers served.

Rotan Takes Place of Knox City Team in the W. V. League

Beginning with Wednesday's games of last week the Knox City baseball club dropped out of the Wichita Valley league and were succeeded by the Rotan baseball club, which team will complete the season in the circuit. Knox City has had difficulty in maintaining a team from the start and the promoters of the team there decided that they would be unable to make a creditable showing during the last half, and therefore transferred their place in the circuit to Rotan.

Senator Oneal To Speak Over KGKO On Friday Night

Senator Ben G. Oneal will deliver his final address before the election over KGKO, Wichita Falls station, on Friday evening at 8 o'clock at which time Senator Oneal will make a final appeal to the voters for their support in his campaign for re-election to a second term. The public is cordially invited to listen in to Senator Oneal in this final address before the election.

E. E. (Jake) Morris Undergoes Operation For Appendicitis

E. E. (Jake) Morris was stricken critically ill on Tuesday evening and on Wednesday morning was carried to an Abilene hospital where he underwent an operation for appendicitis on Wednesday night, and late reports from there are to the effect that he is getting along nicely, and, having complications, should have a speedy recovery.

Friends of Spence Predict Victory In Saturday's Primary

Sam B. Spence of Wichita Falls, candidate for Congress from the 13th District, has gained strength daily during the last three weeks, according to reports coming to The Times. The candidate spent most of the last two weeks in the eastern section of the district, speaking in Cooke, Denton, Wise and Montague counties. It is confidently predicted by Spence supporters that he will lead the ticket in each of the above counties, with a possibility of getting a majority over both of his opponents. Spence is traveling over the western part of the 13th district this week. He is scheduled to deliver speeches in the home towns of his two opponents. It is generally conceded that the Wichita Falls man will lead the ticket in Saturday's primary, and his friends predict he will carry 13 of the 15 counties in the district.

BEN F. BERKELEY

Ben F. Berkeley Is Only West Texan In Race For Lieut.-Gov.

Senator Ben F. Berkeley of Alpine was here Tuesday afternoon for a short time in the interest of his candidacy for Lieutenant Governor of Texas, and those who met Senator Berkeley were very favorably impressed. Senator Berkeley is a native of Kentucky, but went to the Big Bend country in 1897—thirty-six years ago—and since that time has been prominently identified with the development of that vast section. From 1899 until 1911 he engaged in the practice of medicine, and at one time was president of the Dry Farming Congress of Texas. Berkeley delivered one of the first addresses made in Texas for the Purification of the Ballot.

As a member of the State Senate eight years and while a member of that body he introduced and was instrumental in the passage of the Cigarette Tax law which is now yielding to the school system of Texas approximately four million dollars annually, and which bill has materially aided in keeping the per capita apportionment up to \$16. Senator Berkeley feels that since he is the only West Texas candidate in the race that he should receive a liberal vote in West Texas, and while he does not pose as a sectional candidate, he feels that he understands the needs of West Texas thoroughly. He stands for fewer laws, better enforcement. Less technicalities and more justice.

No Stock Allowed On School Grounds

By order of the school board, notice is hereby given that hereafter no cows or other livestock will be permitted to pasture on the school grounds. Much expense has been incurred in improving the grounds and grazing of livestock on the campus is proving injurious to the grass, and hence this notice is made necessary.—H. F. Barnes, President.

Spider Miers Holds Stamford to 3 Hits and Champs Win 3-0

Spider Miers, Munday's new mound ace recently acquired when he was released by the Hamlin Pipers, held the Stamford aggregation to three lonely hits Wednesday afternoon at Stamford and won the argument by a 3-0 decision. Only one Stamfordite was allowed to go as far as second base during the game. Mrs. Milton Simmons of Dallas is a guest in the home of her aunt, Mrs. C. A. Eiland, and Mr. Eiland.

Big Jake's Homer In Tenth Cinches Game For Munday

Big Jake Myer's homer in the tenth inning in Sunday's game here with the Peacock outfit cinched the victory for the Champs and ended the game to the joy of the Munday fans. Munday had maintained a safe lead over the visitors until the eighth inning when the famous Munday infield went hay-wire and allowed the visitors four runs to even the score, and in the ninth both teams failed to score. Peacock failed in their tenth to cross the plate, and Jake Myers was the first man up in the last half of the tenth, and with the count of three balls and one strike he lifted it over the fence in the vicinity of mid-field—and the game was over. It was Big Jake's big day, he being credited with three hits out of five times up, while Bob Couch gave a demonstration in base-running, having crossed home plate three times—exactly half the score credited to the home guard. Appendicitis Attack Proves Fatal to Son Mr. and Mrs. Lowrance

Hollis Marvin Lowrance, 14 year old son of Mr. and Mrs. Frank Lowrance, died in the Knox County Hospital at Knox City Wednesday evening from an attack of appendicitis. The boy was stricken ill Tuesday and operation performed, but it was too late to save his life. Hollis Marvin was born at the Lowrance family home one mile north of Munday April 8, 1920, and had lived there all his life. He was an extraordinary strong and healthy boy and his untimely death came as a severe shock to members of the family and friends, and they have the sincere sympathy of the entire community in their bereavement. Funeral services were conducted at the Baptist church Thursday afternoon with the Rev. W. H. Albertson officiating, and interment was made in Johnson cemetery. Funeral arrangements were in charge of R. G. Campbell. Mrs. W. R. Moore, Mildred W. R. Jr., and Mary, Mrs. H. A. Pendleton and Mrs. W. H. Chapman were Wichita Falls visitors Wednesday.

SENATOR BEN G. ONEAL

In Saturday's election we shall cast our ballot for Senator Ben G. Oneal of Wichita Falls, who is seeking re-election to a second term. We make this statement, not that anyone is concerned about how we shall vote, but because we believe that the public should familiarize themselves more fully with the accomplishments of their officials.

During that one term that Senator Oneal has served in the Senate he has come to be regarded as one of the most able and constructive members of that body. He has cast his ballot in every instance for the regulation of utilities. He introduced the bill which made it possible to pay part of your taxes in January and a part in June without a penalty. He was chosen by a unanimous vote of fellow-senators to go to Washington to make a survey of tax problems with a view of eliminating conflicting taxes—state and national. He sponsored the bill in the senate which reduced the appropriations for the operation of the various state departments. He has advocated court reforms that would have saved the tax-payers of Texas millions had they been enacted into laws. And he has so established himself with his colleagues at Austin that it would be no less than a tragedy for this district to fail to return him as State Senator from the 23rd Senatorial District.

SUPPORT A WINNING TEAM

Citizens of Munday and vicinity should give more liberal support to its baseball team. Despite the fact that Munday has had a strong contending team for top place, the attendance at recent games has been disappointing to those who have sponsored the team, and who backed it with their money, largely through civic pride.

It has been due to this civic pride and interest in clean baseball that the town and community has the excellent park that now graces the school grounds, and which will be an asset to school athletics and to the community in general, as it will enable Munday to entertain county and district athletic events that we have heretofore been unable to invite to our city, and it is discouraging to those who have contributed liberally to the fund which has made this park possible that the games here have not been more liberally patronized.

With the patronage that should be given the local baseball team it would be possible to make further improvements in the park in the way of grandstand facilities, and every time you pay admittance to the park to witness a baseball game you are aiding in the improvement of the park as well as backing your home team, and those who are giving their time and efforts toward the maintenance of a creditable ball team to represent our town are entitled to better support than they have received at the past few games.

Senator Ben G. Oneal FOR SECOND TERM IN STATE SENATE

He has worked for:

1. Economy in Government.
2. Lower Taxes.
3. Regulation of Utilities.
4. Reform of Criminal Procedure.
5. Adequate Support of Public Free Schools.
6. Care of the Destitute and Unemployed.

He favors Old Age Pension, preferring President Roosevelt's plan. He is not connected with any utility or other corporation, either as legal advisor or stockholder.

He favors requiring Legislators to show under oath their employment or connection with corporations interested in pending legislation.

He is nationally known for his work in tax matters, both as State Senator, and as member of Interstate Commission on Conflicting Taxation.

There are some things we refuse to do
things we refuse to do
to sell a car

There are some things we refuse to do to sell a car. We like sales, but fair-dealing and the confidence of our customers are desirable too.

For one thing, we refuse to poison any one's mind against another make of car. We know what our car is and what it will do, and we are ready to tell you about that. But to imply defects in another car is not our business.

We have done our utmost to encourage intelligent buying of motor cars by showing purchasers how to protect their own interests. All that a good producer asks is a customer who knows quality when he sees it.

An intelligent purchaser will speedily conclude that only a bad product requires bad sales methods.

We refuse to keep dining in your ears that the Ford V-8 is the best, most economical, lowest

priced car. That is claimed for several cars. Obviously it cannot be true of all. There comes a point where claims and objectives and all advertising hysteria disappears in its own log. Personally, I prefer facts.

We say the Ford V-8 is the best car we have ever made.

We say that our 8-cylinder car is an economical car to operate as any lower number of cylinders.

We say that we have always been known as the makers of good cars and that the money good, well-balanced qualities of our present car place it at the head of our line to date.

Any one wishing to do business with us on these principles will find our word and the quality of our product to be A-1. What we say about economy, operation and durability will stand good anywhere.

The New Deal club met in the home of Mrs. J. D. McStay Wednesday for a bridge luncheon. High score was held by Mrs. T. E. Dickerson. The menu served was tomato juice cocktail, chicken salad, pickled peaches, stuffed peppers, potato chips and whole wheat sandwiches, orange ice and macaroons.

Shower For Mrs. John Hyde

Miss Mary Eva Rigby and Miss Katie Beth Bowden were hostesses for a prettily planned party Friday evening in the W. E. Reynolds home honoring Mrs. John Hyde, who until her marriage recently was Miss Eunice Perdue of this city, with a miscellaneous shower. The program for the evening consisted of piano solo, Billie True Hill and Jewell Perdue, and readings by Katie Beth

Bowden, Mildred Burnett and Norene Bowden. The gifts were artistically displayed and punch and wafers were served the guests.

The following registered in the bride's book: Mesdames N. C. Edwards, Tom Rigby, R. B. Harrell, Jake Morris, J. B. Bowden, M. T. Joyce, Matt Billingham, Lynn Waldrip, J. O. Bowden and W. E. Reynolds, J. M. Perdue, A. U. Hathaway, W. W. and Walter Hyde, Frank Her-ring, George Mantadon and J. Reeder of Knox City; Misses Mildred Burnett, Katherine Milam, Frances Thompson, Mattie May Collins, Bettylou Greer, Lorene Jones, Emogene and Dorothy Sullivan, Bessie Wombel, Norene Bowden, Dorothy Campbell, Virginia Atkinson, Hazel Clough, Jewell Perdue, Billie True Hill, Eleanor Jungman, Gail Reynolds, Barbara McDaniel of Leuders, Fay Hyde and Marilyn Herring of Knox City.

Missionary Society in Hathaway Home

Mrs. A. U. Hathaway was hostess to the Baptist Missionary Society in a social at her home Monday afternoon.

The devotional was conducted by Mrs. E. M. Ammons, with prayer by Mrs. Hathaway. A discussion of the duties of members to the revival was given by Mrs. J. O. Bowden.

A refreshment plate of punch, sandwiches and wafers was served to Mesdames M. H. Reeves, John Whit, Clarence Jones, Chas. Parker, J. O. Bowden, E. M. Ammons, R. B. Harrell, Jake Morris, Frank Trammel and J. M. Perdue.

Mrs. Jack Mayes Hostess To New Deal Club

Mrs. Jack Mayes was hostess to the New Deal club Wednesday morning, entertaining with a breakfast of pretty appointments. Orange juice, ham, eggs, strawberry preserves and tea biscuits constituted the menu. High score in bridge games played following the breakfast was held by Mrs. Doris Rogers. Other guests included Mrs. J. C. Harpham, Mrs. T. E. Dickerson, Mrs. Ike Huskinson, Mrs. J. D. McStay, Mrs. E. M. Roberts, Jr., and Miss Madolyn Jones of Fort Worth.

Missionary Society Meets in Hand Home

One of the most interesting meetings of the Methodist Missionary Society held this year was the business social held in the home of Mrs. H. C. Hand, with Mrs. O. F. Greer and Mrs. D. E. Holder assistant hostesses. Mrs. H. T. Maples conducted the devotional. Those presenting papers on the lesson subject—Brazil—were Mrs. R. D. Atkinson, Mrs. C. P. Baker, Mrs. S. E. McStay, Mrs. Aaron Blanton, Mrs. D. T. Mauldin. Following the business session refreshments of cake and punch were served to Mesdames R. D. Atkinson, J. C. Borden, D. T. Mauldin, H. T. Maples, Lee Haynes, Wm. P. Farrington, Roy Aycock, P. V. Williams, S. A. Bowden, C. P. Baker, Aaron Blanton, John Lane, Worth

Mr. and Mrs. D. T. Mauldin Entertain Diversity Club

Entertaining on the spacious lawn of their home Tuesday morning, Mr. and Mrs. D. T. Mauldin were hosts to the Diversity club, serving a seven o'clock breakfast to members and their husbands. Chicken was fried over a camp fire in the yard and tables placed under the trees made a pretty setting for this early morning affair. Fruit cocktail, fried chicken, cream gravy, peach preserves, hot rolls, tea biscuits and coffee were served. After breakfast was served the men left for their places of business and the ladies remained to play games of bridge.

Those enjoying the hospitality were Mesdames, and Mesdames R. D. Atkinson, H. F. Barnes, J. D. Kethley, Chester Borden, Tom Haney, W. H. Chapman, John Spann, J. A. Kennedy, Aaron Blanton, Dr. and Mrs. W. P. Farrington, Mesdames P. V. Williams and H. T. Maples.

TO THE VOTERS

In making my campaign for County Superintendent, I have endeavored to see every voter, and wish to express to you my sincere appreciation for your considerations shown me. If I have failed to see you, will you accept this as a personal request to vote for me for County Superintendent? I have had 15 years of teaching experience, with the past 12 years in one school and hold a B. A. degree in Rural Education. With my work in Knox county schools I feel that I am thoroughly familiar with the needs and desires of them through practical experience rather than theoretical conclusions. I shall appreciate your vote, and ever strive to be worthy of your vote of confidence you place in me.

Respectfully,
MRS. E. F. BRANTON.

CARD OF THANKS

We wish to express our thanks and appreciation for the many kindnesses and for the lovely floral offerings of our friends and relatives at the death of our beloved husband and father. May the grace of God be with each of you.—Mrs. B. L. Bowden, Mr. and Mrs. J. E. Courtney and daughter, Mr. and Mrs. Buell Bowden, Mr. and Mrs. Claud Bowden and family, Naomi Bowden, Burnice Bowden.

Vote For E. L. COVEY FOR COUNTY JUDGE

In asking that the citizenship of Knox county elect me to the responsible office of County Judge I believe it is but proper that I should make known my position on certain policies which I shall follow should I be honored with this position of trust.

Believing as I do in a full democracy, I shall not, as your County Judge, sanction the issuance of warrants in excess of \$500.00, the limit fixed by the laws of this state, upon the taxpayers of the county without first submitting the issue to a vote of the people. It is my belief that such matters should be decided by those who will have to pay the obligation incurred and not by the members of the Commissioners Court.

I believe that it is the sworn duty and obligation of the County Judge to see that every section of the county is equally and equitably treated in every respect, and it shall be my aim to strive to see that no section of the county is discriminated against in any manner whatsoever, if I am elected your County Judge.

I believe that tax valuations should be adjusted as nearly equitably as it is humanly possible to do, and as your County Judge I pledge that I shall stand for equal justice to all and special privileges to none in regard to valuations on taxable property. I believe it is wrong to lower valuations of corporations within the county and not make a like reduction on the farm homes of the county.

I believe that your County Judge should have some knowledge and understanding of the laws with which he must deal in this position, and while I am not a licensed lawyer, I have given much study to the laws of the state, and having served in the Legislature for four years, I believe that I have a fair understanding of the laws, and believe that I am capable of discharging the duties of the office with credit to the county and to myself.

I served for five years as superintendent of the Gore school before embarking in the newspaper business, both of which duties have brought me in close contact with the problems of the county and the people as a whole, and I believe that I thoroughly understand the needs of most sections of the county, and it shall be my aim to render the best service that it shall be possible for me to render, and upon my qualifications I respectfully submit your support at the polls on July 28.

Respectfully Submitted,

E. L. COVEY.

GARDEN SCHOOL HELD FOR HOME DEMONSTRATION AGENTS AT GRAHAM

"Planning is one of the most important and essential things to be considered in gardening," said Mr. J. F. Roseborough, Extension Horticulturist, College Station, to a group of home demonstration agents and club women in Graham Friday, July 20.

"A family of five needs approximately 3000 pounds of vegetables to have plenty to use fresh and can for the non-productive seasons. This will require about one-half acre of land," Mr. Roseborough said.

According to Mr. Roseborough the following statements are made: Before starting to plant a fall garden the weeds should be gotten off the garden and even over the garden fence. The garden should then be plowed shallow—3 or 4 inches—and the soil thoroughly pulverized.

If necessary, there are some vegetables that can be planted in the dust in August. Some of these vegetables are: Mustard, okra, cream peas, swisschard, New Zealand spinach, onion sets, white bush squash and pinto beans. These seeds will lay in the ground and come up when they get moisture. It is also possible to have fall cabbage, tomatoes, pepper and egg plant if the seed are planted in well fertilized ground with shade over them early and when it becomes cooler transplant into the garden. An improvised shade may be made by putting straw or weeds over a trellis 3 or 4 feet high.

If there is moisture in late August or early September, the following vegetables can be planted: Turnips, best variety is Shogoin, Detroit dark red beets, Danver's half long carrots, planted as shallow as possible, Laxton's Progress English peas. These peas can be planted in September if it is a good growing season. It will take about 45 days for them to make. Bush beans, Giant

Stringless green pods, can be planted in early September.

In this meeting a number of bugs and pests that are causing trouble or will cause trouble later in the gardens and methods of getting rid of them were discussed.

Cabbage Worm—Soapy water: 1 pound soap to 2 gallons water. Flakes are best.

Blister Bugs—Bad in fall gardens. Use dutox, dust on, using it with equal parts of lime or make it into a solution using 1 1-2 lbs. to 25 gallons water.

Potato Beetle—Calcium arsenate or arsenate o flead.

Leaf Footed Plant Hopper—Gets on anything that has sap in it. Spray with soapy water.

Cucumber Beetle—Gets on small vines and causes them to wilt and die. Nicotine dust or lice brand insect powder or 1 pt. black leaf, 40 to 20 lbs. lime.

Southern Green Stink Bug—Comes in late summer. Soapy water.

Ants—Sodium cyanide, 1 oz. to 2 gallons water; pour around the nest. Don't use around growing plants.

White Lice—Nicrotel, Plant Swiss chard, will not get on that.

A very interesting demonstration was given on making tile for sub-irrigation at the afternoon meeting.

Hotbeds, which are most essential in having a year-round garden, were also discussed. By mixing one pint of formaldehyde with one bushel of dirt then mixing this thoroughly with three inches of growing soil in the hotbed, you can greatly decrease the diseases usually found in hotbeds.

After putting this mixture in the growing soil of the hotbed, wait two

or three days before you start planting.

Delegation Leaves Sunday for Farmers Short Course at College Station

Knox County will have a nice representation at the Silver Anniversary Farmers' Short Course, July 30 to August 3. A number of interesting courses are being offered for the men, women, boys and girls and it is expected that this meeting will greatly benefit the people of the county.

Those attending from Knox county are: W. W. Rice, county agent, Jewell Faulkner, home demonstration agent; Mr. and Mrs. J. J. Cure, Gilliland; Mrs. J. R. Spivy, Iola Feys Cure and Frances McGuire, all of Gilliland; Mrs. George Weber, Mrs. E. J. Jones, Mr. and Mrs. J. E. Cure, all of Hefner; Mrs. G. L. Pruitt and Mrs. C. R. Parker, Munday; Mrs. R. C. Partridge, Mrs. Layne Womble and Mary Helen Partridge, Sunset.

Mary Helen Partridge won her trip as a prize for having won first place in the Improved bedroom contest. Mrs. George Weber and Mrs. J. E. Cure won their trips by winning first places in Class 2 and Class 1 wardrobe demonstrations, respectively. These prizes were given by the Home Demonstration Council, which is made up of representatives from each of the organized communities in the county.

Let's Re-Elect GEO. H. SHEPPARD State Comptroller

A vote for Geo. H. Sheppard for State Comptroller is a vote for more efficiency in State Governmental business.

THE CIGARETTE TAX—Mr. Sheppard as State Comptroller has sponsored adequate enforcement provisions which have materially increased the revenue of the State, without the addition of other levies. In the Cigarette Tax decision alone the revenues have been increased more than a Million Dollars the past year due to adequate enforcement measures sponsored by Mr. Sheppard, and included in this increase is \$14,870.30 collected in civil penalties by supervisors from the Comptroller's office. All funds collected in this division go into the School Fund for the maintenance of the Free Schools of Texas.

MOTOR TAX FUEL—During the same period of time the Motor Fuel Tax division of the State Comptroller's office has collected an increase of over Three Million Dollars over previous years, and this increase too has been due to the adequate enforcement measures that have been sponsored by Comptroller Sheppard. Aside from the outstanding accomplishments in administration of Cigarette and Motor Fuel Tax Divisions, reflected above, notable are the following:

INHERITANCE TAX—Mr. Sheppard has effected through reorganization of the Inheritance Tax Division and methods of procedure, assigning two field auditors to personally inspecting and appraising assets of large estates and working with attorneys and executors in securing fair valuation for tax appraisals. The probate records in practically all counties have now been checked, and many taxable estates, ranging from three to ten years old, have been discovered unreported and taxes unpaid. Efficient performance in this field has added \$120,000.00 to taxes which otherwise would have been lost.

COUNTY TAX AUDITS—When George H. Sheppard assumed the duties of Comptroller the ad valorem tax accounts of many counties had received no audit for a period of from three to ten years, and several counties had never been audited. The Department Auditing Division has been thoroughly organized so that now every county has been audited without delay where necessity demands.

GROSS TAX RECEIPTS—Mr. Sheppard sponsored enactment of a new gross production tax law on crude oil to make this revenue more collectible. Effect of the new law, operative September 1st, 1933, has been to increase revenues at rate of about two and one-half million dollars annually with tax paid on millions of barrels of oil previously escaping the levy. Other gross receipts taxes include that collected from telephone companies, natural gas and oil operators, gas, water, light and power companies, etc. Total receipts from these sources approximate seven millions of dollars.

In harmony with Geo. H. Sheppard's continued efforts to increase receipts and improve the State's financial condition without additional tax burdens upon the people, many other improvements have been effected.

(Respectfully submitted and contributed by friends and supporters of Geo. H. Sheppard)
